

Girls Just Want to Have Fun: Erotica CFNM Short Story

Christine and Sheila were best friends and had been for years. They were always together, and people who didn't know them thought they were sisters.

Both girls were 18 years old and liked doing all kinds of sports which kept their bodies a nice shape, especially the swimming and athletics in which they both excelled. They weren't really interested in boys. They had boys trying to chat them up but the girls refused to have anything to do with them. That was until one day they were walking through the local woods when they heard angry voices coming from behind some trees.

The girls crept up to see if they could find out what was going on. They saw four boys who they knew went to the same school, but were one year older than them.

Sat on a tree trunk behind the boys were six girls, four who like the boys were also one year older and two girls, Rihanna and Scarlet who were in the same class as Christine and Sheila.

The boys were standing over two younger boys Roger and Grant, who were also in the same class as Christine and Sheila.

As they were watching, one of the older boys shouted "You're going to be naked one way or the other. If I have to strip you, I'll be hitting you every time I take something off."

Grant and Roger were shaking and nearly in tears.

"We know you are only one report for bullying away before you are charged by the police, we're going to report you if you make us do this" Grant said.

"It's your word against ours and the girls will definitely back us up. They want to see you naked now get on with it" Terry ordered.

Grant and Roger started to strip. The girls smiled excitedly, especially Rihanna and Scarlet because they were going to seem two male classmates naked.

Grant and Roger stopped at their boxers, they both hoped they were going to be let off for going so far. But no such luck.

"One more item to go" Terry growled.

They pulled their boxers off hearing screams and laughter from the girls as their bums were facing them.

"Come on boys, turn around. We want to see the best bits" one girl shouted making the others laugh. The boys turned around with their hands covering their cocks, they both had their eyes closed, not wanting to face anybody.

"Stop making us wait. We're going to see your willies, so just move your hands away."

Roger and Grant moved their hands, their cocks were now exposed to the girls. They heard gasps amongst the giggling.

Grant and Roger were both well-developed, having about 7-inch cocks.

"They seem pretty big to me" one of the older girls said.

The older boys were looking shocked, Grant and Roger had bigger cocks than them. This wasn't so funny for them anymore and they

wanted to leave. They tried to get their girlfriends to leave with them, but the girls didn't want to go anywhere yet. "Hang on, the fun has only just started, we're going to have a feel of these boys now" one answered.

Christine and Sheila stood staring at their two naked classmates. It was the first cocks they had seen in real life and it was boys they knew. They watched as the six girls all had a feel of the naked boys. Both Christine and Sheila looked at each other. "I would love to touch them as well" Christine whispered.

"Me too" Sheila answered.

They continued to watch as both boys were now erect, making their cocks a lot bigger.

"Everyone knows the bigger boys will be in trouble if they are caught bullying again. Have you still got Scarlets phone number" Christine asked.

Sheila nodded and gave her the number.

"You keep filming, I'm going to try something" Christine said.

Sheila continued filming what was going on.

Scarlet looked at her phone and didn't recognize the number calling but answered her phone.

"Hello, who's this?" she asked.

"Hi Scarlet, it's Christine from school. Don't look around, but me and Sheila are watching you at the moment. Poor Grant and Roger must

be really embarrassed. I want you to give the phone to one of the bigger boys" Christine said.

Christine did look around but couldn't see the girls.

"It's for one of you boys, I think you had better take it" Scarlet said to the boys.

"Who is this?" Darren, the boy who took the phone, asked.

"Hi, my name is Christine and I and my friend have been filming you bullying those two boys. Unless you do as you are told we are going

show this film we have to the school principal, and she will call in the police". Christine said.

"You won't get too far before we catch you, so you'd better make yourselves known" Darren threatened.

"You won't catch Christine and Sheila, they are county runners" Scarlet said.

"Listen to her, we will be at the school before you can get to us" Christine said.

"What do you want us to do to stop you reporting us?" Darren asked.

Christine smiled "We want you naked like the other two boys" she said.

"No way! We can't do that in front of the girls" Darren shouted down the phone.

"Why not. You've just forced those two boys to get naked in front of them" she said.

Darren called his three friends, Don, Glen and Harry over, he explained the problem.

"Are you sure we couldn't catch them?" Don asked Scarlet.

Christine shook her head, "They run for the county and are super fit. What do they want you to do?" she asked.

"They want us to get naked like those two" Don answered.

That got the attention of the other girls who had been feeling Grant and Rogers cocks.

"You four are going to get naked as well?" one of the girls asked.

"No, we're definitely not getting naked" Harry said.

Darren looked at him) "These girls are threatening to report us, you know what that means. I don't think we have any choice" he said.

"But Debbie, Carole, Sandra and Tracy will see our cocks, as well as Scarlet and Rihanna" Harry said.

His three friends looked at him "Harry, we've got no choice, we can't be reported for bullying again and you know that" Don said to him.

The six girls were giggling at the boys dilemma. Where they really going to see four more naked boys?

Yes they were, they realized as they

watched the boys stripping off their shirts.

Sheila couldn't believe what she was filming.

"Oh my god it worked, they are getting undressed!" she said.

Christine smiled as the boys were down to their boxers.

"Is that good enough, wherever you are?" Darren shouted.

"Everything off, we want you naked" Christine shouted back.

Down came the boxers and the six girls close to them made a beeline for their cocks.

"Your cocks are smaller than the younger boys, no wonder you lot wanted to go" Carole tormented them.

"Hey, get off. You're not allowed to touch" Glen shouted.

"Oh come on, you can't expect us to just look at you" Debbie said taking hold of Darren's cock. "A bit short, but meaty and juicy, it seems."

Christine and Sheila were just sending the film they had taken so far back to their email accounts so they had proof at home in case the boys grabbed their phones. They then walked into the area where the naked boys were.

The six girls applauded them as they walked in.

The boys looked to threaten Christine and Sheila, but stopped when Sheila told them they had sent their videos to their email accounts.

The boys knew they couldn't do anything now.

Carole led the girls in making all the boys cocks erect. Christine and Sheila were now having their first touch of a boys cock. They especially liked touching Grant and Roger's cocks because they knew both boys well.

"Can we see them jerking off?" Debbie asked.

The other girls agreed. "Why don't we jerk them off?" Sandra suggested. "That would be more fun."

Christine and Sheila let the other girls have a boy each. They weren't sure if they wanted to actually jerk a boy off. The girls took a boy each and started stroking their cocks. The boys were embarrassed, especially the four older boys who were more used to being in control of everything. Now they had been caught by two girls and were being controlled and jerked off by their female classmates. The boys were soon shooting. It was the first time for all of them having a girl jerking them off, and shooting their hot sperm right there, in front of everyone, so publicly naked and exposed. The girls were pleased with themselves as they had also just jerked their first boy off.

"That was fun" Scarlet said as she looked at the six naked boys who were all looking at the ground, not able to face the girls. She looked at her hand, covered with semen, and she cleaned it on the muscular chest of one of the boys hard to remember his name. She smiled, and even if he was still hard and red in face, he smiled back, his cockhead still dripping the white, creamy nectar.

The boys looked around for their clothes wanting to get dressed and get as far away as possible. How were they going to face these girls again after this?

But their clothes were gone. They looked at the two girls who had not had a cock to jerk off. Christine and Sheila had big smiles on their faces.

"We've hidden your clothes, because we've had a wicked idea. We want to see you make your way home completely naked" Christine said.

"That will teach you well."

All six boys looked stunned.

"What, you're crazy! We can't do that" Darren screamed.

The girls were laughing.

"This is going to be fun" Tracy said. "And stop covering"

"You can either try and creep home. We've got your phones, so you can ask one of the girls to call someone for you to come and pick you up. That person has to be a female. Or you can go 50 yards or so through the trees and see if anyone you know arrives and will help you. Again that has to be a female. It's just a game, stop being so silly." Sheila said smiling at the boys' horrified expressions.

"Whatever we choose, it means more women or girls will see us naked" Don said angrily.

"That's right, naked Einstein, it's going to be fun seeing how you do this" Sheila said. "Also, we want full feedback on what happened on your way home" she added.

The four older boys got into a huddle to try and find the best way out.

"Carole, can you call my neighbour Steph, she's got a people carrier. It's going to be embarrassing, but she will take the four of us home I'm sure" Glen said.

"Uh uh, you each have to find your own way. No shared lifts" Christine said.

"What about me and Roger?" Grant began asking "You can't mean us as well. We were being bullied, can't you just let us go" he pleaded.. Christine smiled at him. She looked at the two boys she knew very well, being in the same class as them throughout their school years so far. She never thought she would ever see them naked, now here they were begging to be let go and she had the choice. "

Sorry Grant, but this is so much fun. Me and Sheila have only just seen and touched our first willies and we have so much power over all you boys. Now we want to share you with some more girls or women. So no, fair is fair. You have to find a way of getting home" Christine said.

"Carole, still call Steph. You'd better tell her I've got no clothes on so she will leave her daughters at home" Glen said to her.

Carole called Steph. Everyone heard Carole giggle and say "Yes, he's really naked" as she continued the call. "And he has had a very abundant orgasm, so he's still wet somehow." She laughed a little, and closed the call. "She's on her way. She said she'd meet you in the store car park" Carole said to him.

Glen cringed, this was going to be difficult, letting Steph see him naked, but hopefully it would only be her that sees him and not lots of other women.

"Oh, she said she has to bring the girls" Carole added.

Glen groaned. Cindy was 18 and Diane was 19, they were cute girls. Now they and their mum were going to see him naked.

Everyone moved through the trees to the outskirts of the woods which looked over the shops car park. After a few minutes they saw Steph. pulling into the car park, she had brought her smaller car, the mini instead of the people carrier.

The girls heard Glen groan again..

Steph looked towards the woods and saw Glen creeping towards the car, she tried not to laugh. Steph had known Glen for a long time now, his parents were her next door neighbours, they were a nice family who helped her through a nasty divorce from her husband.

Glen was a lovely boy who recently had got into a lot of trouble with some friends but she still liked him. He often did favours for her,

looking after the girls, helping with the garden and any heavy lifting around the house that was needed. Now here he was in trouble again, she was wondering how she was going to deal with Glen being naked, especially in front of her

daughters who she heard giggling in the car. She looked at Glen who was getting quite near the car now using his hands to cover his cock which was why the girls were giggling.

He did look funny, it even made her smile..

Glen finally got to the car.

"Thanks Steph, you're a saviour" he was panting from running as he opened the passenger door.

"No, no, no. You can't sit in the front with me, that will be too distracting" Steph said. "I may mistake that rod of yours for the transmission."

Glen looked at her, "Oh, come on Steph, it will be too cramped in the back and the girls shouldn't really see me like this" he cried.

"Look Glen, this is difficult enough for me and I don't know how my girls are going to deal with seeing you with nothing on, but I can't concentrate on driving if you are sat naked next to me. Now please hurry up and get in the car, I've got to do some shopping so you can wait in the car and I'll take the girls with me" Steph said "Oh, and please move your hands away from your thing, it looks like you're playing it and I can't allow it in my car" she finished saying.

"But..."

Steph looked at him with an angry stare. "Glen, I've not got much time, the girls have to see a penis some time in their lives it's better being someone they know. Now please get in the car and take your hands away from your penis" she ordered.

"But we are 18, we've already seen a lot of them!"

"Will you two please shut up?"

Glen got into the car, the girls were giggling but laughed openly when he moved his hands away.

"Girls, don't be frightened by it, it won't hurt you. Both of you out of the car and come shopping with me" Steph said.

Diane got out of the car but Cindy didn't move, she was still staring at Glen's cock.

"Can I stay here, Glen can look after me" she asked.

Steph sighed, she didn't want to leave her daughter alone with Glen while he was naked but knew that he wouldn't do anything inappropriate in front of her.

"Ok, but behave yourself, and don't play with it, Glen" she said sternly.

Steph led Diane to the shops.

Cindy was still staring at Glen's penis. "Can I touch it?" she asked.

"No way, stop looking at it as well" he told her.

She ignored him and bent her head closer to his winky. He could feel her breath on it and felt his cock reacting and he couldn't stop it.

"What are you doing, why is it moving and getting bigger?" Cindy asked, acting innocent.

"It's because you're too close to it, now move away like a good girl" he said.

Glen jumped when he felt Cindy's hand holding his cock.

"Hey, I said no touching. Let go!" he cried.

She still held onto it, "I'll tell mum you started playing with it and she will kick you out of the car if you don't let me play with it" Cindy said.

Glen groaned. How had he got into this mess? Now his neighbour was playing with his cock, her mum and sister would be back soon and

would see his cock fully erect.

"Mhh, let's see how it taste."

"Oh... what?"

But Cindy had already taken his mouth to his cock, and was pumping it up and down, very greedily and expertly, making pauses only to lick very sensually all along the shaft, making it shine with saliva.

"Cindy... oh... oh, Cindy"

Glen felt in heaven, when she tickled his pee-slit with the tip of her tongue.

"Please don't Cindy, you don't know what will happen if you carry on stroking it like that" Glen whispered.

QAa

They didn't realize Steph was back and was putting her shopping in the boot, she heard her daughter saying "Why? What will happen if I keep on stroking it?"

Steph was shocked, she looked through the window and saw Cindy was moving her hand up and down the shaft of Glen's cock.

She heard him say "Stop Cindy?"

"My mum will believe me more than you when I tell her you played with it in front of me" she heard her daughter answer.

"No, she won't believe you. I told you to behave yourself, didn't I?" Steph bellowed making Cindy jump as she let go of Glen's cock. "I was only looking at it mum, and it started to grow, I couldn't help touching it because it looked so funny standing up like that. I'm sorry for upsetting you" Cindy said.

"You have sucked it!"

"No, I didn't!"

"Come on, it's all wet," Diane was looking at Glen's cock.

"Mum, can I hold it? Cindy did" she asked.

Steph looked at Glen, then at his cock still erect and standing.

"See what you've started. Look what predicament you've put me in now," she said.

Then looking at Diane she said "Well, seeing Cindy has touched it it's only fair you have a turn as well" Steph said.

Diane reached across and took hold of Glen's cock. "My friends won't believe me!" she said.

"Ok, that's enough. Let's get home" Steph said.

She drove out of the car park and Glen saw all the girls he was with earlier laughing and waving to him, they had obviously witnessed his embarrassment.

On the journey home Steph kept checking the rear view mirror. She smiled to herself as she watched her daughters taking turns in reaching over and having a sneaky hold of Glen's cock. It was amusing watching them embarrass this boy, but he seemed to like it,

especially when one of them—sure that Steph couldn't see them—briefly put the cock into her mouth. They arrived home after a lot of moaning and panting.

"You had better sneak into my house and I'll see what clothes I have that might fit you, unless you want to go to your house straight away"

Steph said to her.

Glen really wanted to cover up in case his mum and sisters were in so accepted the invitation.

"But maybe this could be a nice occasion for some... education. I feel like I have delayed it for too long." Steph sat down and looked at Glen,

whose cock was still erect. She called him over to where she was sitting, her daughters staring at the winky again which fascinated them.

They were surprised when Steph took hold of Glen's cock.

"Now. While you were doing this" she said as she started stroking his cock. "The boy gets excited and he builds up to what is called an

orgasm. When that hits, the boy he shoots his sperm out the end of his penis" she said. "You know that, don't you?"

The girls were amazed. They nodded.

"So if I carried on that's what would have happened" Cindy asked.

"Yes dear" Steph answered.

"Very interesting, can we see it happening?" Cindy asked hopefully.

Steph looked at Glen who had a worried expression on his face. She thought for a minute. Steph had never actually seen a boy jerked off before so it would be a first for her as well as her daughters.

"Why not, it's Glen's fault we're in this situation, so yes. Let's see what happens when we stroke his cock" she answered making her daughters jump in excitement.

Glen was shocked at what Steph had agreed to.

"Can I do it?" Cindy asked.

"Ok, we take turns, but don't stand in front of him otherwise it might hit you" Steph answered.

Cindy stood beside Glen and held his cock, she began to stroke it. Glen couldn't help but enjoy the feeling of someone else jerking him off.

He started making funny noises as he moved his hips.

"Move your hand faster now" Steph whispered to Cindy. "You can see how he likes it."

Cindy moved her hand faster and heard Glen say. "Oh yes, that's it here it comes".

He was shooting, the girls were amazed at what they were seeing.

"Wow, his sperm is coming out like a geyser! Wow that is so cool" Cindy was saying.

Glen was sighing and moaning as he felt blast after blast shooting out of his cock.

Steph enjoyed watching that.

"Well done my baby, you did that really well. I'll go and see if I've got any clothes that Glen can wear home now" Steph said.

It took Steph a while to find something suitable and not too feminine, black shorts and a white T-shirt, she jokingly brought along a pair of her knickers. When she returned she was shocked to see Diane was stroking Glen's cock, which was still hard.

She squealed as Glen started shooting again in her hand.

Steph stared, shocked that Glen was able to get hard again so quickly.

"Oh my god. Well done my darlings" she said feeling a bit jealous. "Here we go Glen, shorts and T-shirt. Unless you want to spend some more time with us." Steph said passing him the clothes.

Glen saw the pair of frilly knickers, he didn't want to complain and didn't think she would joke about such a thing in the circumstances.

Steph gasped as he started to put them on, Glen then realized she had brought them as a joke but it was too late for him to stop and he

carried on pulling them up. He looked funny standing in frilly pink see through knickers making Steph and her daughters laugh.

Glen quickly put the shorts on which were tight, and the T-shirt. Steph laughed again because she hadn't thought clearly, it was one of those T-shirts that exposed the midriff.

"Oh well, at least your main bits are covered" Steph said as she let Glen leave by the back door, climb the fence that separates their houses so he could enter his house through the backdoor.

As he left Steph's house, she said "Can you come join the girls for a couple of hours this evening? You can return my clothes when you come over".

Glen reluctantly nodded. Then he heard a snigger as he came face to face with his twin sister Georgia.

"Why on earth are you wearing Steph's clothes?" she asked. "And why you look so relaxed?"

They heard Steph giggling.

"Oh, you poor boy, Glen" she said closing her door.

Glen didn't know what to say, he had had the worst day of his life and now his sister was going to make it even worse if that was possible.

Meanwhile the other boys were trying to find their best way home, Don decided he lived close enough to try and creep home. There was a field to cross which he had to hope was empty and his house backed onto the field so he didn't have to call anyone. The house would be empty for at least a couple of hours.

"I'm going to risk the field to my house" he said as he said goodbye to his friends.

QAa

The girls knew he could be lucky and avoid anyone seeing him, Debbie who lived just along the road from Don quickly called her 18 year

old sister Kelly and told her what was happening.

"You've got naked boys with you and your just telling me now" Kelly screamed.

Debbie smiled "Well, if you hurry I'm giving you one now" she answered.

"Thanks sis, I've got Karen and Lisa with me, we're on our way to the field now" Kelly said.

Don got to the field, it was empty making him smile.

It would only take a minute or two to get to the back of his house. He sprinted across the field holding his cock in his hands but then saw

three females standing by his back garden fence.

"Damn, who are they?" he whispered to himself before recognizing Kelly, Karen and Lisa. As he got closer he could see they were smiling. "Out of the way, girls, I've got to get indoors" he screamed as he tried to climb the fence with one hand still using the other hand to cover his cock.

"You're not getting away from us. You're naked and we want to see what you've got under that hand. So move it now" Kelly ordered.

"I can't, some girls including you sister have already seen and groped me. I'm not letting anyone else see my cock" Don said.

"You don't have a choice. Get him girls!" Kelly shouted..

The girls grabbed him and got him on the grass. Karen grabbed his hand and moved it away, exposing his cock to them. The girls cheered. "Its little friend came out to play with us" Karen said, taking hold of Don's cock. He stopped struggling. He was at the mercy of three older girls. And after all, it didn't feel so bad.

"What shall we do with him? We've definitely got to jerk him off" Lisa asked.

"Let's get him to my house, I've read something that I thought was impossible, but we can try it out on Don now" Kelly said.

They dragged Don along to Kelly's house. They passed a couple of young girls who were laughing at the naked boy. "Come and touch his cock if you want to" Lisa said to them.

The girls didn't waste any time and were both rubbing his cock as he tried to struggle away from them. The two younger girls thanked them and were on their way, Don was dragged into Kelly's house.

Karen and Lisa asked what Kelly wanted to try.

Kelly showed them the magazine. There was a boy being forced over, doubled up with his own cock in his mouth. The girls stared at the picture.

"That's got to be an edited picture, surely that's not possible" Lisa said.

Don still didn't know what they were talking about, but he was worried.

The girls made him lay on the sofa, they propped some cushions under his head.

Lisa started jerking his cock making it fully erect, Don then felt his legs being lifted and pushed towards his head before he realized his cock was right in front of his face.

"Open your mouth" Kelly ordered.

Don shook his head refusing to open his mouth, no way was he having his cock in there.

Kelly got hold of his testicles, "Open your mouth or I'll squeeze these" she said.

That left Don with no choice, he opened his mouth and felt his cock enter. He heard the girls cheer.

While Kelly and Karen were holding his legs to keep him doubled over and pumping his cock in and out of his mouth Lisa, started rubbing his cock again.

He then felt a finger entering his bum. That did it for him, he was shooting into his mouth and the girls were making sure he swallowed everything he was shooting by holding his legs over his face.

"Oh my god we really did it, I didn't think it was possible but we've made a boy give himself a blow job" Kelly screamed.

Don was distraught, these girls has just made him have his cock in his mouth and swallow his own sperm. How had today got so bad?

Or so good... he saw the girls laughing at him as he lay on the sofa recovering from his experience, totally naked and exposed under their hands and stares.

Don sat up "Can I go now?" he asked.

"No, I want you to kiss my feet. Now get on your knees and kiss them" Kelly ordered.

Don got on his knees and started kissing her feet, Kelly sat down and made Don lick the soles of her feet.

"That's it, now lick between the toes, boy" she said,

Karen and Lisa made him do the same, what they didn't know was that Don really liked girls feet, and was in heaven right now. What had began like a possibly unpleasant experience was turning out pretty good. He even started fantasizing about sticking a finger up his own butt every time he masturbated.

The girls were whispering amongst themselves and giggling.

"I don't think I could let him do that, I don't want him seeing anything" Lisa said.

"Don't worry, I'll blindfold him" Kelly said.

Don was blindfolded and told to stay kneeling in front of the sofa, naked and exposed. He heard rustling before his head was pushed forward. His face touched something and he was told to start kissing and licking. Whatever it was tasted horrible but he had to carry on.

"That's it, keep kissing and licking my friends bum, what does it taste like?" someone was whispering in his ear.

He quickly pulled away.

"Don't make me do that to your bums, that's disgusting" he shouted.

"Get back and keep kissing and licking until I tell you to stop" it sounded like Kelly saying.

"My god, girls, it feels really good, you definitely have to try this" that was definitely Karen he was licking at the moment.

Don heard her cry out "Yes, yes, yes" she screamed. Before he felt her fall away.

He was made to do the other two girls getting the same reaction.

"Oh god, that was wonderful! Thanks Don" Kelly said as she took his blindfold off.

He looked around the room, he saw three pairs of knickers on the floor where the girls had left them and not put them back on yet.

"I think he needs some release" Kelly said, collecting his hair in a pony tail.

"Mh, no," Lisa said. "Not like that. I think he really loved our feet."

And with that, the girls sat on the floor and took turns masturbating him with their feet. Don was in heaven, and even though he couldn't admit it, it was clearly showing in his face. Soon the girls' feet were massaging his cock and his body contemporarily, without taking turns.

He felt like exploding with pleasure. He did, and his sperm nearly reached the ceiling, having the girls laugh and try to avoid it not to get stained, with little success. Don's semen ended on their arms, and faces, and surely on their bare feet...

"You can go home now" Kelly said to him, handing towels to clean all that semen.

Don moved towards the back door.

"No, use the front door" Kelly ordered.

"But there will be lots of people out the front, please let me go the back way home" he begged.

Kelly took hold of his cock and stroked it until he was fully erect. "Come on, you had fun. It's only fair we have our fun too."

She then pulled him to the front door and pushed him out closing the door behind him.

She heard screams and laughter. The three girls looked out of the window and saw that a group of girls had grabbed Don and moved his hands away from his cock so that they could see and play with it.

Kelly, Karen and Lisa laughed, "He's definitely had a bad day" Kelly said. "And the best of his life, too."

Darren was next. He was lucky to see one of his neighbours in the shop. He asked Debbie to call her over as she left the shop. "Mrs Green, I need your help, I've been tricked out of my clothes and I'm naked. Can you please give me a lift home?" he asked.

"Oh you poor boy, yes of course I will give you a lift. I have to call on my sister on the way home but you can wait in the car while I visited her" Sally Green said.

Darren was happy, he was covering his cock with his hand as he got into the car. He went to put his seat belt on and without thinking uncovered his cock.

"Oh my, I haven't seen one of those since my Sydney passed away" she said chuckling to herself.

"Sorry Mrs Green, it won't happen again" Darren said.

She looked at his cock again as he quickly covered it up.

"Please don't hide it, you look very silly with your hands covering it. Just relax and let it hang there" she said.

Darren moved his hands away. He saw Mrs Green looking at his cock as she was driving. He saw her smile as she drove to her sister's house.

When they arrived Mrs Green said "I would invite you in but I don't think you would want to in the state of undress you are in" she said.

"No, it's ok, I'll wait here" he said.

With another long look at his cock, Mrs Green made her way to her sisters front door and knocked on it.

Her sister Rose opened the door and she went in.

Darren was sat in the car relieved he was away from those girls who had got him naked. He didn't see Rose's daughters Celia and Dawn looking out of their bedroom window. They could see a boy who didn't have a top on but couldn't see below his waist.

"Is he naked? he looks naked" Celia asked.

"No, why would aunt Sally have a naked boy in her car" Dawn answered.

"Well he's definitely got nothing on top, let's go and see him" Celia said..

The girls made their way out to their aunt's car. Celia opened the passenger door before Darren even saw her there.

"Look, he is naked, I told you he was, I can see his cock" Celia said.

"Hey, go away. I'm waiting for your auntie to drive me home" Darren said as he covered his cock.

Celia was 18 while Dawn was 19, they tried pulling Darren's hands away so they could have a look at his cock but Darren was too strong for both of them.

A crowd of girls were walking by the house.

"If you don't move your hands away I'm going to call them over and they will definitely get your hands away from your cock. Now move them" Celia ordered.

Darren looked at the group of girls. They would be too many to fight off. He moved his hands uncovering his cock for Celia and Dawn to look at.

Celia took hold of it and said to her sister "You watch this" as she started stroking Darren's cock.

Dawn looked on amazed as it grew bigger and harder.

"Wow, that's so cool" she whispered.

"You do it, stroke it up and down like I'm doing" Celia said.

Dawn took hold of his cock, the first one she had ever seen. She moved her hand up and down like her sister had shown her.

She heard Darren moan.

"Go faster" Celia said.

Dawn moved her hand faster, she giggled when she saw Darren moving his hips up and down with her movements.

Suddenly he was shooting over his chest and stomach.

Celia was doubled up in laughter.

"My little sister has just jerked you off. I can't wait to tell the girls in our class Celia cried.

Darren felt humiliated, another girl had jerked him off. What a bad day this was turning out to be.

And what a wonderful one, he thought too, as he felt less shy about his public exposure.

Mrs Green appeared with her sister, they saw the girls standing there, Celia laughing while Dawn was holding something and looked shocked.

Her mum looked in the car and saw Darren, he looked naked from the waist up until she moved around to the side of the car and could see he was completely naked and her youngest daughter was holding and stroking his cock.

"Oh my word, whatever is going on" her inuin Mary asked.

Sally looked at the scene in front of her. She could see poor Darren had been jerked off by her niece.

"I was giving this poor boy a lift home, he was tricked out of his clothes. I obviously didn't invite him in but it seems Celia and Dawn have found him" Sally said.

"Celia, I bet you had something to do with him being masturbated" Sally asked.

Celia was still laughing, "He's been jerked off by a girl, it's so funny" she was saying.

Mary looked at her sister. "Sally, you're telling me you've had a naked boy in the car and you were keeping him to yourself. We've always

shared, why are you not sharing now?" she asked.

"I thought he had suffered enough embarrassment, but I have to bring him in now to clean him up, I don't want that stuff on his body

dripping onto my car seats. Out you get Darren" Sally ordered.

Darren climbed out of the car, his bare feet on the gravel. He covered his cock with his hands again..

"We've all seen it now Darren, and the girls have even touched it so it's silly trying to hide your penis" Sally said to the embarrassed boy.

Celia giggled.

Darren dropped his hands away and followed the women and girls into the house, while Mary led him pulling him by his penis. "Follow me, I'll show you where the bathroom is" Mary said as Sally and her nieces went into the living room to wait for him.

Mary seemed to be taking a long time just to show Darren where the bathroom was.

"I'll go and see what's keeping her" Celia said.

QAa

Walking quietly up the stairs Celia heard her mum talking. "Well, you certainly have a nice sized penis" Mary was saying.

"Please don't do this to me, it was embarrassing Dawn doing it but having you do it to me as well would be too much" Darren was begging.

Celia looked through the door which was open just enough for her to see her mum jerking Darren's cock. And sucking it too.

"Come on sweetie, it's not that I've never jerked a boy off before and I was jealous watching my girl do it before I've had a chance. Let's see this baby shoot for me" Mary whispered.

Celia was shocked seeing her mum jerking her classmate off. It was funny seeing her younger sister doing it, but she wasn't sure how she felt about her mum doing it.

"Oh Miss, I'm about to shoot, oh yes that feels so good" Darren cried as he was shooting into the bathroom sink.

"That's a good boy, well done. Did you enjoy having your classmate's mum doing it to you as well as her sister?" Mary was saying as she continued stroking his cock.

Celia started to creep away, her mum caught her moving.

"Oh no, Celia saw me doing that" she said to herself.

Celia got back to the living room, Sally could see she wasn't happy. "She didn't as well, did she?" she asked her niece. Celia nodded in reply.

"I was hoping to get a turn but I don't think he can do it again so quickly, can he auntie?" Celia asked. Sally felt sorry for her and angry with her sister, she was the one that brought him along so it should be her playing with Darren. "He might surprise you, some boys can recover and do it quite quickly after they've done it before" Sally said trying to console her niece..

Mary returned, she looked at her sister and her daughter's.

"He's nearly finished, he'll be down in a minute" she said trying to act normal.

"I hear you've been naughty, how could you do that to him?" Sally asked.

Mary coloured up, "We both haven't jerked a beautiful, naked young man in a while, that might be the only chance I get. I'm sorry if it

upset you but I had to do it" she answered with a tear in her eye.

Sally hugged her, then Celia gave her a hug as well.

The naked Darren walked into the room, everyone smiled at him just standing there with his cock hanging in front of him.

"Can you please take me home now Mrs Green?" he asked.

"There is one other person who wants a turn jerking you off. Come on Celia, your turn" Sally said.

Darren groaned, "Oh no, I don't know if I can manage another one. That means the mum and her two daughters would have jerked me off" he said.

Celia didn't listen to him, she took hold of his cock and started stroking it. She smiled when she felt it getting harder. Auntie Sally was

right, some boys can manage to do it again quickly.

"Go at it with your mouth, come on. It's time you learn."

Celia welcomed that with a big smile, and sensual, slurping sounds followed. Darren closed his eyes, lost in pleasure. It was the first time he was having a public sex performance, and he wondered why it was never done like that, with people watching. He felt sensual. He felt made of sex. It felt so natural, so sexy, so...

Sally, Mary and Dawn watched her jerking Darren off, it was funny watching his facial expressions as he shot blast after blast over the floor.

Mary gave him some tissues to clean up and Sally smiled at him as he lay on the floor, exhausted.

They all started massaging his body, his torso, and abdomen, and face, and arms and legs and feet. It was so good.

"Ok Darren, let's get you home" she said. "You had enough fun, and we too."

The girls and their mum gave Darren a hug and squeezed his firm butt, thanking him for being a good sport. He went out, covering his

penis with his hands. Then he turned around, and said "Can we do it again sometime?"

The girls laughed.

"Only if you stop covering, silly" Dawn answered.

Darren realized how stupid it was, and smiled back, uncovering his beautiful genitals.

He got to the car and was so relaxed on his way home.

Mrs Green pulled into her driveway, Darren lived across the road from her.

"You've been through a lot today, I know you've got yourself in a lot of trouble recently but I think after today you will realize how people can get you back. Now come into my house and I will call your mum to bring some of your clothes over, you don't want that bunch of girls over there seeing you naked, do you?" Sally said pointing at a group of six or seven girls outside his house.

"Thanks" he said as he followed Sally into her house.

"Before I call your mum I want my turn. I think it's only fair I have a go" she said.

Darren didn't have a choice. He lay on the floor but Sally said, "No, these things should be done in the bedroom" and led him upstairs.

Darren laid down on her bed and Sally knelt next to him. She touched his cock for the first time and he let out a pleasurable moan.

She started stroking his cock and smiled when he started moving.

This was the best hand job he had received and he let Sally know.

"You are the best, that feels great" he said.

But then, if it was possible the feeling got better, he looked down towards his cock and saw Sally looking back at him with his cock in her mouth.

He started shooting.

"Oh my god I'm sorry!" Darren said.

Sally was swallowing everything he shot into her mouth. She managed to catch her breath.

"Don't apologise, I wanted that. My husband was the only man I had sex with but he wouldn't give me oral and wouldn't let me do it to him. I've always wanted to see what it was like and now I know. I hope you didn't mind" she said.

"Gosh no, it was the best feeling ever." Darren answered. "Mh... Sally? Would you mind sticking a finger up my butt while I..."

She smiled. "Can I watch?"

"Of course."

So, after a little bit of rest, Sally masturbated a very excited Darren, with legs bent on his chest as he lay on his back, stimulating his

QAA

prostate with her expert finger. Soon sperm was shooting once again on the smiling boy's chest. Now he was really dry, and couldn't come anymore.

Sally picked up her phone and started to call Darren's mum.

His mum who was shocked.

"You mean you've got my Darren in your house and he's completely naked?" she asked.

"Yes Margaret, the poor boy has had an embarrassing day, can you bring some clothes over for him?" Sally asked.

"I'll be over in a minute."

After a couple of minutes there was a knock on the door, Sally opened it and Margaret rushed in..

"Oh my god, you weren't joking were you?" She gave Darren the clothes she had brought over and he got dressed.

As they were leaving Darren said "Thanks Mrs Green, I don't know how I would have managed to get home without your help".

Harry didn't know how he was going to get home naked. He was the shyest of the older boys and it was bad enough these girls here had seen and touched him. He then had a thought: his brother's ex girlfriend always thought he was cute and would give him lots of hugs and attention.

"You know Lacey Smith, don't you Tracy? Can you call her for me, please?" he asked.

Tracy scrawled through her contact numbers finally finding Lacey's number.

Everyone saw her giggling.

"Yes, he's right in front of me, his cock dangling between his legs, waiting for someone to help him get home before too many girls seeing

him" she said. Followed by, "Great, I'll see you soon" before she hung up.

They heard a screeching of brakes. It was Lacey.

"My god, she must have broken a few speed limits" Debbie said.

Lacey was standing by her car. Once she saw Harry she burst out laughing.
"Oh my god, what trouble have you got yourself in? Stop where you are, move your hands away and then start walking towards my car"
Lacey ordered.
Harry moved his hands from covering his cock. Lacey laughed again.
"Come on, you're in the back" she said. Harry opened the door but before he could get in a girl was getting out of the car.
"We want you in the middle" she said.
Harry got in and saw another girl sitting on the backseat. He was followed in by the first girl he saw.
"These are my friends Sarah-Jane and Millie" she said to Harry. "Yes. They are always horny, like all girls our age. All we can think about is cocks, just like all you boys can think about is tits and pussies. Come on, stop being shy."
"Hello Harry, pleased to meet you" Sarah-Jane said.
Harry reached out for her hand but it went past his and took hold of his cock.
The girls giggled at his reaction.
Lacey got in the front seat of the car and started driving.
"Ok Harry, we've got to call in to see someone on the way, hop you don't mind" Lacey said. "Relax a bit, we have great plans with you. Let's see how many times we can make you come."
Sarah-Jane was jerking his cock.
"Oh no, oh don't do that! Ooh my that feels good" Harry was mumbling.
"How does it feel being naked?" the girl asked as he masturbated, trying to stimulate his thoughts and body contemporarily. "Yes, totally naked with us girls." She caressed all over his body, while increasing the rhythm. "So exposed, so helpless, from your forehead to the tip of your toes. Naked." She soon had him shooting over his stomach.
Sarah-Jane and Millie laughed.
Lacey's first stop was at Millie's house. The girls dragged Harry in and Millie called out "Joanne, you in? I've got something for you".
Two girls, about 19 years old, came down the stairs.
Harry was pulled into the girls' view. They both gasped and then smiled. There in front of them was a naked boy.
"He's yours for 30 minutes, enjoy him" Millie said.
"No, please don't leave me with them" Harry pleaded as the three older girls left the house laughing. Joanne and Aimee wasted no time in touching his cock.
"Wow, it's getting bigger while I'm holding it" Joanne said. Harry was desperate to use the toilet, he needed a wee.
"Please girls, I do need a piss" he asked.
Joanne led him to the bathroom, he expected the girls to leave but they went in with him.
"We don't trust you, you raight lock the door and stay in here till my sister gets back." Joanne said.
Harry couldn't wait any longer, he stood over the toilet bowl, held his cock and a stream of piss came out much to his relief. He looked down and saw Joanne was standing one side of him and Aimee the other both staring open mouthed at his cock.
Joanne took hold of it making him move his own hand away, Aimee held it as well.
"This is so much fun."
Harry's cock was fully erect now from all the holding the girls were doing. He was led into Joanne's bedroom. Harry was told to lie on the bed. Joanne sat one of her old dolls on his cock making both girls laugh.
Aimee got a bigger doll from the old toys they still had, and sat her on Harry's cock, Harry jumped though when this doll moved. The girls laughed at his expression when he jumped. They laid the doll down on his cock and her hands were moving as the doll started singing. The dolls movement was worrying Harry, the little hand movements on his cock and the vibrations of her singing was having an effect on his cock.
He went to move the doll but Aimee stopped him.
"Becky has never had a boy doll to play with, so you're going to be her boyfriend for a little bit" she said.
"But you can't leave her on iny willy. Something might go wrong" he said.

Both girls frowned as if they were wondering what he was on about.
"She seems to like it on your willy, let her stay a bit longer" Aimee said.
The dolls hands were still moving and the vibration from the singing was getting more intense.
Harry couldn't hold back any longer, he was shooting over himself and the doll.
Joanne and Aimee just laughed. "You came on my old doll! You perv!"
They heard a voice behind them "Oh my god, I can't believe we've just seen a boy jerked off by a doll.
That has got to be the weirdest thing ever" Millie said as the three older girls had returned.
Harry was humiliated, the doll was still on his cock moving and singing.
"I can see you've made that doll very happy, Harry" Lacey said giggling.
"He can have her, I don't want her now she's had that horrible stuff on her" Joanne said.
Millie looked at her sister "Oh darling, we can clean that horrible stuff off easily" she said.
"Yes, but I will also remember it and see it on her face in my mind every time I look at her" Joanne said.
"Ok, if you're sure, Harry you've just been made the permanent boyfriend of Becky the doll" Millie said giggling along with her friends.
Harry didn't want the doll but knew he would have to take it for now. He cleaned the spunk from himself and the doll. The younger girls said goodbye to Becky and Harry. Both had a touch of his willy as well, but carefully because they didn't want more stuff coming out onto them.
Lacey got Harry back in the car with her friends and they drove off again, Harry had put the doll on the floor of the car.
"That's no way to treat your new girlfriend, sit her on your lap" Sarah-Jane ordered.
Harry sat the doll on his lamees but Sarah-Jane put the doll on his cock.
"I think she prefers sitting there" she said and turned the doll on again so she was singing and moving again, soon making Harry's cock hard again.
The car soon stopped at another house, the girls got out pulling Harry with them.
"You are going to love this stop, don't forget to bring Becky with you" Sarah-Jane said.
Harry picked up the doll. I must look ridiculous, he thought to himself.
They entered the house and heard female giggling.
The two girls turned around, Harry's face dropped. There in front of him was Chloe and Meg, two of his classmates from school. Chloe was Sarah-Jane's sister.
"Oh my god, it's Harry and he's got no clothes on" Chloe screamed.
"Look at his willy: Why are you holding a dolly, Harry?" Meg asked.
"Look, we've got a job for him soon but he's yours for 30 minutes so enjoy him. The dolly is his girlfriend and we've just watched her jerk hiin off. It was so funny" Sarah-Jane said to the girls who were laughing.
"So we can do anything we want to him" Chloe asked.
"He's yours to do what you want, try not to upset his girlfriend though" Sarah-Jane said bringing more laughter from all the girls.
The older girls left.
"What shall we do with him?" Chloe asked.
Meg took hold of Harry's cock. "Let's do what we've always wanted to do. They do feel furnny, you have a hold of it now" she said.
Chloe held his cock, "All soft at the moment but I can feel it getting hard. Here, see if you can feel the same thing" she said.
Meg held it again. "It's definitely getting harder, oh and bigger. Look at it growing" she said.
The girls now had him fully erect.
Harry had to show them how he jerked himself off, the girls laughed.
"I want to see your girlfriend jerk you off" Chloe said making Meg laugh with her.
Harry looked at the girls.
"I haven't got a girlfriend" he said frowning.
"You're holding her. Get her to jerk you off so we can watch" Chloe said.
Harry shook his head. "Come on girls, this is humiliating enough, let me jerk off for you, or one of you do it. But not the doll, it's so embarrassing" he begged.

Chloe shook her head. "I don't care if it's embarrassing, my sister said it was funny so we want to see her do it as well" she said.

Harry lay down on the floor, he turned the doll on and laid it on his cock.

The girls laughed when they saw the arms moving up and down the shaft of Harry's cock and she started singing.

Chloe and Meg watched amazed as Harry started responding to the dolls movements. How was poor Harry going to face them after this knowing they had not only seen and touched his cock but had watched a doll jerk him off while he was enjoying it?

Harry was soon shooting again.

"Oh my god, the doll did jerk him off" Meg said watching blasts of sperm shooting out of Harry's cock.

Chloe and Meg took Harry and the doll to the bathroom to clean up.

"I want you to have a shower" Chloe said turning the water on.

Harry got in and faced away from the girls.

"Here, she needs a wash as well" Meg said handing Harry the doll which now had no clothes on.

Harry washed the sperm from the doll and handed it back to Meg.

"She can help you wash now" Meg said smiling at him.

The girls made Harry rub the doll over his body, especially his cock. He was then told to dry himself off, then the doll before he had to

dress the doll as well.

Lacey and her friends returned.

"Thanks for letting us have him. He's really entertained us, hasn't he, Meg?" Chloe said.

"Oh yes, him and his girlfriend" Meg answered making all the girls laugh.

They arrived at another house Harry didn't recognize.

"Wait in the car Harry" Lacey said.

Harry didn't mind waiting in the car, he didn't want anyone else seeing him naked. The girls had left him some tissues to clean himself up with.

A few minutes later Millie came back for him.

"We need you now" she said.

Harry covered his cock with his hands and followed her into the house. Harry noticed the lock had been forced so the girls had broke into

whoever's house it was in and the house was in darkness.

Harry was led upstairs and was outside a bedroom door.

"In here is that bitch Natasha who stole your brother from me. You're going to get into the bed behind her and push this lovely willy into

her bum crack and put your arm around her and play with her tits" Lacey ordered.

"I can't do that. Bradley will kill me if Natasha doesn't" he whispered in reply.

"You haven't got a choice. Don't worry about waking her because she's just finished a night shift and has taken some sleeping tablets."

Harry couldn't believe he was being made to do this, he crept into the room and got into the bed behind the sleeping Natasha. He guided

his cock so it rested against Natasha's bum, put his arra around her and was holding the first tit he had ever felt.

Natasha moaned "Oh my god Brad, you made it" she cried. Natasha turned around still in a daze, went under the covers and took Harry's

cock into her mouth.

Harry had never felt anything as good as this and found himself pumping his cock in and out of her mouth.

"Oh Natasha, that's so good" he was yelling.

It wasn't long before he was shooting into her mouth feeling her swallow everything.

"Mmmm, you taste different today. I need my sleep though baby" she said as she turned around again.

Harry couldn't believe he had just received his first blow job and it was from his brother's girlfriend.

He looked at the door and saw Lacey

smiling and filming everything. She gave him the thumbs up sign.

He didn't know what to do next so put his cock between her legs, he could feel something wet

touching his cock as he stopped still. "Oh god, you're hard again already, you Randy bugger" Natasha said while she lined Harry's cock up with her pussy.

"Ok, but hurry, I'm knackered and need some sleep" she said finishing with "You can push it in".

He pushed and entered, an inch of his cock was inside her.

He pushed more and had half his cock in her.

Harry looked over to Lacey who indicated he should push again. He did, Natasha sighed and Harry heard Lacey and her friends laughing.

The feeling around Harry's cock was amazing, he instinctively withdrew and pushed back in making Natasha squeal this time. He kept pumping in and out.

At first Natasha was screaming "Why does it feel bigger today?" but after a couple of strokes her cries were "Oh I didn't know it could be

this good, keep going Brad baby" making Lacey happy.

Harry felt so good, how was this happening to him after the bad embarrassing start to the day.

"Oh Brad I love you, this is so good" Natasha cried out.

"It's not Brad, it's me, Harry. But yes it's good" Harry said panting.

"Oh you are kinky, pretending to be your cute brother. Ok, I'll play along. Harry, oh Harry you have a wonderful cock, so much bigger than your brother's. Please keep pumping me with it. I won't ever let your brother use my pussy again it's only for you Harry" Natasha cried out.

That's what Lacey wanted to hear, she switched the light on and there were Harry and Natasha stark naked with his cock in her pussy,

Natasha screamed. She saw Lacey was taking pictures or filming.

"Brad, what's your slutty ex doing in our room" Natasha screamed as she turned to look at her boyfriend.

She screamed even louder when she faced Harry who was looking straight into her eyes smiling, as he was shooting into Natasha's pussy. He wasn't a virgin anymore.

"What the hell is going on, Harry, what are you doing here with this slag!" Natasha shouted but then felt Harry shooting into her.

"Oh my god, what have you done" Natasha cried out.

"Ok you bitch, I've got on film you telling Harry your pussy belongs to him)" Lacey said.

Natasha looked angrily at Lacey "Why are you doing this, what have I done to you?" she asked.

"You slept with Brad to steal him from me, I wouldn't let him go all the way but you did, making him dump me. Now I'm getting my

revenge on you both" Lacey replied.

Harry pulled his cock out from Natasha's pussy.

He saw her look at his cock and her eyes were shocked at the size of his cock.

The girls stared at his willy, they were closer now.

"Can we touch it?" Chantel asked.

QAa

<

"You are bigger than Brad, but you're two years younger" she said loudly not meaning too say anything.

There was silence in the room until a small voice sang "Girls just wanna have fun". It was the doll.

Lacey, Sarah-Jane and Millie burst into laughter. The timing of the doll was perfect.

"Ok, you're mine to control now, if you don't want Brad seeing my film of you and his brother" Lacey said.

Natasha was shocked but nodded "Please don't tell him" Natasha begged.

"Ok. First order is to clean Harry's cock off, using your mouth" Lacey ordered.

Natasha looked at Harry, then at his cock. She leant forward and started licking it making Harry smile and moan in pleasure.

When she took his cock in her mouth he was shooting again, it surprised Natasha he came so quickly after already coming twice already.

But she was swallowing.

"I'm letting you get some rest now, but I will be back, whore" Lacey said as she led her friends and Harry away leaving Natasha in a right state.

The girls laughed when they saw Harry going back for the doll.

"Ok Harry, we will drop you off home now. You've had quite a day, haven't you?" Lacey said.

Harry sat there in a daze.

Yes, he had had quite a day.

Lacey scailed when she turned into Harry's road, a group of three girls were walking close to where he lived and she slowed down.

"Do you know those girls" Lacey asked.

"Yes, they are sisters and live next door to me. I think they are nearly 20 years old" he answered.

"Well, seeing they live next door and we are only a few doors away from your house I'll drop you off here and you can walk home with them" Lacey said.

"No please, can't you drop me off at the back of my house" he begged.

Lacey had already stopped and Millie was getting out pulling Harry with her.

"Can you make sure Harry gets home, please, girls?" Millie said.

There stood three girls wide eyed and open mouthed staring at their naked neighbour. He hadn't even thought about covering his cock, which they were all looking at.

Lacey was laughing with her friends at poor Harry's predicament, before they drove away. Millie passed him the doll saying "Don't forget your girlfriend".

Harry grabbed the doll and held it in front of his cock. Chantel, Roberta and Sienna quickly pulled the doll away to see his cock again.

A shocked woman passing by saw the naked boy struggling with the girls.

"Boy, what are you doing stark naked in the street fighting with these girls?" she shouted.

"They've got my doll" he shouted before realizing how silly that looked and sounded.

"He was holding the doll in front of his cock teasing us and we wanted to see his willy" Chantel said to the still shocked woman.

She grabbed hold of Harry's ear and twisted it making him cry out in pain. "If you didn't want anyone seeing your penis you shouldn't be naked on the street teasing them. Now stand there and let the girls see it, I'm sure you won't be teasing them after this."

Harry stood and let his hands fall away still holding the doll.

The woman wasn't sure if she should let them go that far but Harry wasn't protesting, she didn't know what he had been through already.

"Go on then, quickly before someone else comes along" she said.

They three girls all had a feel of Harry's cock, which of course started to grow.

The woman looked around and saw nobody, she dragged Harry into an alley that divided two houses.

"You mustn't tell anyone we did this, I'll show you the best way to masturbate a boy. It will be helpful when you will get married", she said taking hold of Harry's cock.

She started stroking it and the girls laughed as they watched Harry moving his hips and making funny noises as the woman moved her hand. He smiled, despite everything. Publicly masturbated in the open... he never thought it could be so fun.

"Are you enjoying it?" the woman asked.

"Y-yes."

"You see, girls? Boys are all bitches. They call girls whores just because they can't admit boys are the real whores."

All of a sudden he was shooting, the girls screamed as Harry cried out in pleasure.

The woman smiled at her achievement.

"Where do you girls live?" she asked.

"Just over there" Chantel pointed to a house.

"What about you" she asked Harry.

"I live next door to them" he answered, his cock softening under their eyes.

The woman smiled "Oh dear, it is going to be embarrassing for you when you see these young girls every day" she said to him.

She walked the girls to their house, and their mum answered the door. She was surprised to see Harry there naked alongside her three smiling daughters.

The woman explained what she found and that she got Harry to stand naked in front of the girls because he had pinched their doll to hide

himself with.

"It's not our doll, the lady who gave it to Harry said it was his girlfriend or something" Roberta said. The women laughed.

"Anyway Harry, your noun and dad have gone out and since you didn't bring the keys with you, I said you could wait in here until they get home. I don't know what you're going to do about clothes but seeing we've already seen everything you've got I don't suppose it matters too much. You can stay naked as long as you want, if this is your hobby. Well, who would have thought." the girls mum said. Harry couldn't believe it. When was this day going to end?

Once inside, the girls were gathered around Harry.

"Now, now, girls, give him some space. All go up and wash your hands before dinner" their mum told them.

The girls went up to the bathroom, "So why are you naked Harry?" Mrs Folks asked. "Is this some of the silly challenges that youths do to

get clicks? This is wrong, you know? Even though it may feel good."

Harry told her some of the story making her laugh.

"Oh girls are so clever these days" she said. "So how many women and girls have seen you naked today? Is it many or have you lost count?"

she asked.

"I have lost count, so many have seen and touched my coc...penis today. It's been so embarrassing" Harry answered.

"But it's been good, too. Isn't it?"

Harry didn't answer. Then shrugged. "I guess. Some of it, probably."

Mrs Folks looked over her shoulder to see if the girls were back. They weren't.

"So you won't mind one more woman touching it" she said as she took hold of his cock, looking him straight in the eyes.

"Um, Mrs Folks, I don't think you should be doing that. You've known me for a long time and it will be embarrassing for both of us after today" Harry said trying to get her to understand his feelings. Then he thought that the touch of an expert woman felt so different, and he couldn't help getting a boner.

"Oh my darling, don't worry about it, all women love to see a penis. I've seen yours lots of times when I used to look after you and give you baths. I'll admit, he has grown a bit since then" she added laughing as she stroked Harry's cock. "Look at it, very good! And very beautiful cockhead, I have to say."

She was surprised to see how big and hard it grew so quickly. She was unable to stop herself from moving her hand faster.

"So, you want me to go on until the end?"

Harry closed his eyes, panting. "Oh... oh yes, Mrs Folks. Please do."

"Very well." She used her other hand to tickle his balls, making him shoot again. She watched him collapse to the floor.

Then Mrs Folks was embarrassed: her daughters had just seen her jerk off the neighbour boy.

Harry was embarrassed too, despite the evident pleasure. Now his next door neighbour had joined the club in jerking him off.

He was relieved when there was a knock on the door, it was his mum.

"He's had a bad day I'm afraid, he's lost his clothes" Mrs Folks said. "Some stupid prank, I guess."

"Oh my god, I hope he hasn't upset you and the girls" Harry's mum said.

Mrs Folks smiled "Oh no, he's been very cool about it" she answered. "Even though it's been hard."

Grant and Roger were the last two boys who had to find their own way home naked. They saw Grant's mum pull up in the car park.

"Oh yes, I'm saved. Can Roger come with me please" he asked.

Christine could see a couple of girls in the car so knew the boys would be seen so agreed to let them leave together.

QAa

The boys were pleased and made their way to the car, Grant's mum was shocked to see her son and his friend naked. She had her daughter Jordan in the car with her friend Kayla. She was taking them to a party and stopped at the shop for a birthday card. Seeing both boys naked shocked her. She was angry when she heard about the bullies getting them naked.

"Right, get in the car, you will have to wait in the car at the party, I'm not making a special journey just to get you home" she said.

The boys got in the car which had several rows of double seats.

Covering their cocks they walked passed the two giggling girls in the back of the car.

While they were waiting for Grant's mum to finish in the shop, they saw the girls stand up and walk towards them.

"Why haven't you got any clothes on?" Jordan asked.

"Go away, we've had a bad day so leave us alone" Grant said.

"What are you hiding from us?" Kayla asked.

"You don't like girls seeing you naked, do you Grant?" Jordan said.

"Why are you so shy, is it special or something?" Kayla asked, teasing him.

"Yes, they are special, that's why boys are best. Because they have cocks, you bitches" Grant said.

Just then Grant's mum came back. "What are you girls doing back there? Take your seats, we're just off to the party" she said.

The girls took their seats.

They arrived at their destination, Grant's mum told him to behave, "the party will last a couple of hours, so just sit tight" she said.

What else could the boys do? The girls still wanted to see their cocks and Mrs Green smiled at them.

"Boys, put them out of their misery, let them have a quick peek at your cocks or they will be boiled by curiosity all night long" she asked.

The girls smiled but Grant looked shocked "No way. We can't do that" he cried.

"It won't hurt you both, think of how many girls would have seen you naked if we didn't turn up at the shops. Now come on, let them see what you're hiding. Otherwise I'll make you walk home from here"

Mrs Green told the boys.

Now they were in the same situation as they were at the shops.

"So be it."

The boys looked at each other and then stepped out of the car. They joined hands, with one hand still covering their genitals. Look at each other one last time, and then, barefoot and with their butts in full display, began to walk home.

It was quite a sight to see.
