GIRL'S NIGHT

PART 2

JACKOFBULLETS
REDFIREDOG

www.erofus.com

Cynthia was flush with anger, and the redhead's face was almost as red as her auburn hair. To the people of the city, Cynthia was a towering giantess. At more than two hundred feet tall, she was a force to be reckoned with for the tiny locals. But out of the trio, she was very much the small fry. She did her best to seem tough, but she still had to look up to make eye contact with Adele.

"Move out the way!" Cynthia shouted. "Let me put on my clothes!"

www.erofus.com

"Maybe I will!" Cynthia shouted. She clenched her fist and shifted her weight to her back foot, shaking the ground beneath her. "I know you're too dumb to understand physics, but I have a low center of gravity, and that means I can knock big tall bullies like you to the ground!"
www.erofus.com

Cynthia lunged forward, swiping at Adele's face, but Adele leaned back and deftly dodged the strike. "Back off, you geeky little psycho!" Adele yelled. "You know that you can't fight for shit, right? That stuff only worked before because you caught me off guard. Let me show you what happens when I fight back!"

Suddenly, Adele screamed. "Aaaugh! You just scratched my boob, you little freak!" Adele yelled, as she pressed her hand harder against Cynthia's face.
"What? I didn't do that on purpose!" Cynthia said. "I'm just trying to get you to move out of the way, so I can--augh!"

Cynthia heard the sound of metal crashing against metal. She was relieved to see that a tiny white truck had cushioned their fall. Her glasses slammed into the roof of the truck, caving in the metal roof and shattering the glass of the windshield.

"Hey, they're still in one piece, right?" Adele said.

www.erofus.com

Cynthia carefully knelt down in the intersection, which was just wide enough to fit her. "Well, they're in one piece, and the frames didn't break... I guess they are!" Cynthia said. But as she bent down and picked her glasses up, they snapped apart at the bridge, and the other half of them plummeted back onto the ground.

The screams were no louder than before, so Cynthia took another step. She was unaware of the half-dozen people in the shadow of her Converse sneakers. They screamed and shouted as they ran away from her.

They thought they were dead when Cynthia's sneaker descended upon them. But just as her heel touched the pavement, Cynthia noticed their screams, and hesitated for a moment. The people cowering below her sneaker had a brief moment of hope, which was just as quickly snatched away.

Cynthia slowly stepped forward, completely unaware of the tiny people she had just crushed beneath her sneakers. She took another step, flattening another group of terrified little people. This time, however, it resulted in a sickening crunch that was loud enough for her to hear, even above all the screaming. She winced, gritting her teeth at the sound.

Cynthia stopped in her tracks. "Uh-oh... I didn't step on anyone, did I?" Cynthia asked herself. She looked back at the streets behind her, but everything was a blur.

Cynthia gasped. "Oh no, oh no, oh no..." Cynthia murmured, as she began to realize the gravity of her mistake.
The tears were flowing freely now, as Cynthia sobbed over the carnage she had caused. She wanted to help, she wanted to do something, but she knew that it was too late. The damage had been done, and there was no going back.

Cynthia was in disbelief. She winced as she stared down at the tiny bodies that were scattered on the ground below.
"They're all dead now, because of me!" Cynthia cried. "I tried to be careful, I try to not to hurt anyone... but at the end of the day I'm a two-hundred foot tall monster, just like Becky and Adele!"

Cynthia stomped her foot in anger, cracking the pavement. She closed her eyes tight, stifling tears.
"This is all their fault!" Cynthia lamented. "Becky and Adele pretend to be my friends, but they treat me like shit... and the worst part is, I keep crawling back to them, because I don't have anyone else! They don't really care about me. No one does!"

"You... All of you... You're terrified of me, aren't you?" Cynthia asked the tiny crowd in front of her. "All my life, I tried to be nice to you little people. I spent more time worrying about you than I spent worrying about myself. But what did that do? You still think I'm a big, giant monster, don't you? Well I'll show you what a monster can do!"

SERIOUS DESIGNER MENS SHOES
The back of Cynthia's shoe crashed down on top of a white SUV. The back tires burst, and the roof of the SUV quickly collapsed beneath the sole of Cynthia's shoe. The rest of the car only offered a little more meager resistance, but slowly gave way under Cynthia's gargantuan weight.

www.erofus.com

"Stupid tinies!" Cynthia yelled. "Why did I always worry so much about hurting you, like I'm some delicate little fairy princess? I'm just a big freaking monster, right? Rampaging around and smashing people is what I do!" Cynthia charged ahead and pulled her leg back, then launched it forward in a swinging kick.

Cynthia's kick sent the cars flying through the air. The terrified people below ducked for cover as the metal behemoths flew through the air. People screamed and ran in all directions, as they tried to escape the destruction that Cynthia was causing.

Cynthia was practically shaking as she caught her breath. "I'm a monster, just like all the other giants," she said. "That's all I'll ever be, I might as well try to enjoy it..."
Cynthia laughed maniacally as she watched the people below scurry away like ants. She felt a sense of power that she had never felt before.

Cynthia was interrupted by the sound of heavy footstep in the distance, which she realized must belong to one of her friends. "Leave me alone!" Cynthia shouted, without even bothering to look back. "I don't want to see either of you ever again!"
Becky slowly rounded the corner. "Hey, I know you're mad, but I just wanted to say that I'm sorry about everything," Becky said. "We were just trying to have fun and roughhouse a little, but things got out of hand."

"I don't want to hear any more of your excuses," Cynthia said. "Your friend pushes me down, she takes my only clothes, and she steals my glasses. Why should I want to spend a minute with you if you're still friends with that bully?"
Becky slowly slinked her way over to Cynthia, making sure to keep a hand behind her back. "Well, we got you a little something," Becky said. "You might call it a peace offering..."

Cynthia jabbed her finger at Becky. "Let me guess, you got me another tiny guy to eat? Are you going to pressure me into stuffing them

"No, it's nothing like that!" Becky said. "Try to guess what it is!"
"Oh, so it's a tiny girl, then?" Cynthia said. "Go ahead, give her to me, I'll gobble her up! I don't care anymore! I'm just a monster, like the rest of you!"

Cynthia stared at the glasses, and tears once again welled up in her eyes. "You fixed them... You actually fixed them... And here, I thought that you didn't care about me..."

"Of course we care," Becky said. "Don't we, Adele?"
Adele peered out from behind an old skyscraper. For the first time she had a look of genuine remorse on her face. "I got really carried away earlier, Cynthia. I know the glasses aren't exactly as good as new, but I hope they'll at least hold together until you can get another pair!"
Becky held out her hand. "Here," Becky said, "try them on!"

Cynthia snapped her glasses apart. "That's nice of you to suggest, but you know what? Forget it!" Cynthia said. She tossed her broken glasses aside, and they crashed down on the pavement below. "I think I do!" Adele said.
"LET'S GIVE HER A MAKEOVER!" the two shouted in unison.

Becky walked around behind Cynthia, and ran her fingers through the redhead's long pigtails. "Can we do it? Please?" Becky asked eagerly.

Cynthia laughed. "Why not? You only live once!" Cynthia said. "Just one thing, though: I ask what exactly you're going to be making over?"

"Everything!" Becky said. "Hey Adele, do you know where we could get something to cut her hair?"

"I'll look around," Adele said, and she walked away in search of something sharp.

www.erofus.com
Just a few blocks over, a woman was mowing the lawn. The redheaded woman was the groundskeeper for the apartment complex, and she wasn't going to let a few giant girls stop her from working.
It wasn't uncommon for giants to come into the city, and many people just went about their normal day-to-day life even in the middle of an attack. The city was huge and sprawling, and even in the middle of the worst giant "attacks," most of the city remained unscathed. She'd lived through more than a dozen giant attacks, and never once saw a giant in person. What would make this time any different?

www.erofus.com

"Giant! It's a giant"! The groundskeeper screamed in terror. Paralyzed by her fear, she stood in place and stared back up at the giant woman.

"They're called hedge trimmers!" the groundskeeper said. "They're made for cutting hedges, not hair!"

"Yeah, yeah, whatever, tiny," Adele said with a shrug. "I hope that you can figure out a way to make it work, for your sake. Enough complaining, cut her hair already!"

While the groundskeeper was working the details with her hedge clipper, Becky was playing around with the other side of Cynthia's hair. "What do you think of a little bit of an updo?" Becky asked.
"I like it!" Cynthia said. "I mean, I think I do, anyway. I'd need a mirror to really say for sure, but I doubt there's a mirror big enough for me in this little city!"
www.erofus.com

"You're wrong," Adele said, and she gave Cynthia a sly smile. "I passed by a big glass building a little while ago. One of the ones the tinies call a 'skyscraper.' That can wait, though. There's one thing we need to do first!"

www.erofus.com

"Oh, you're not going to be using the hedge clippers for that," Adele said. "You're going to be using the grass cutting machine!"

"The lawnmower?" the tiny woman asked. "You want me to use a lawnmower on her pubes?"

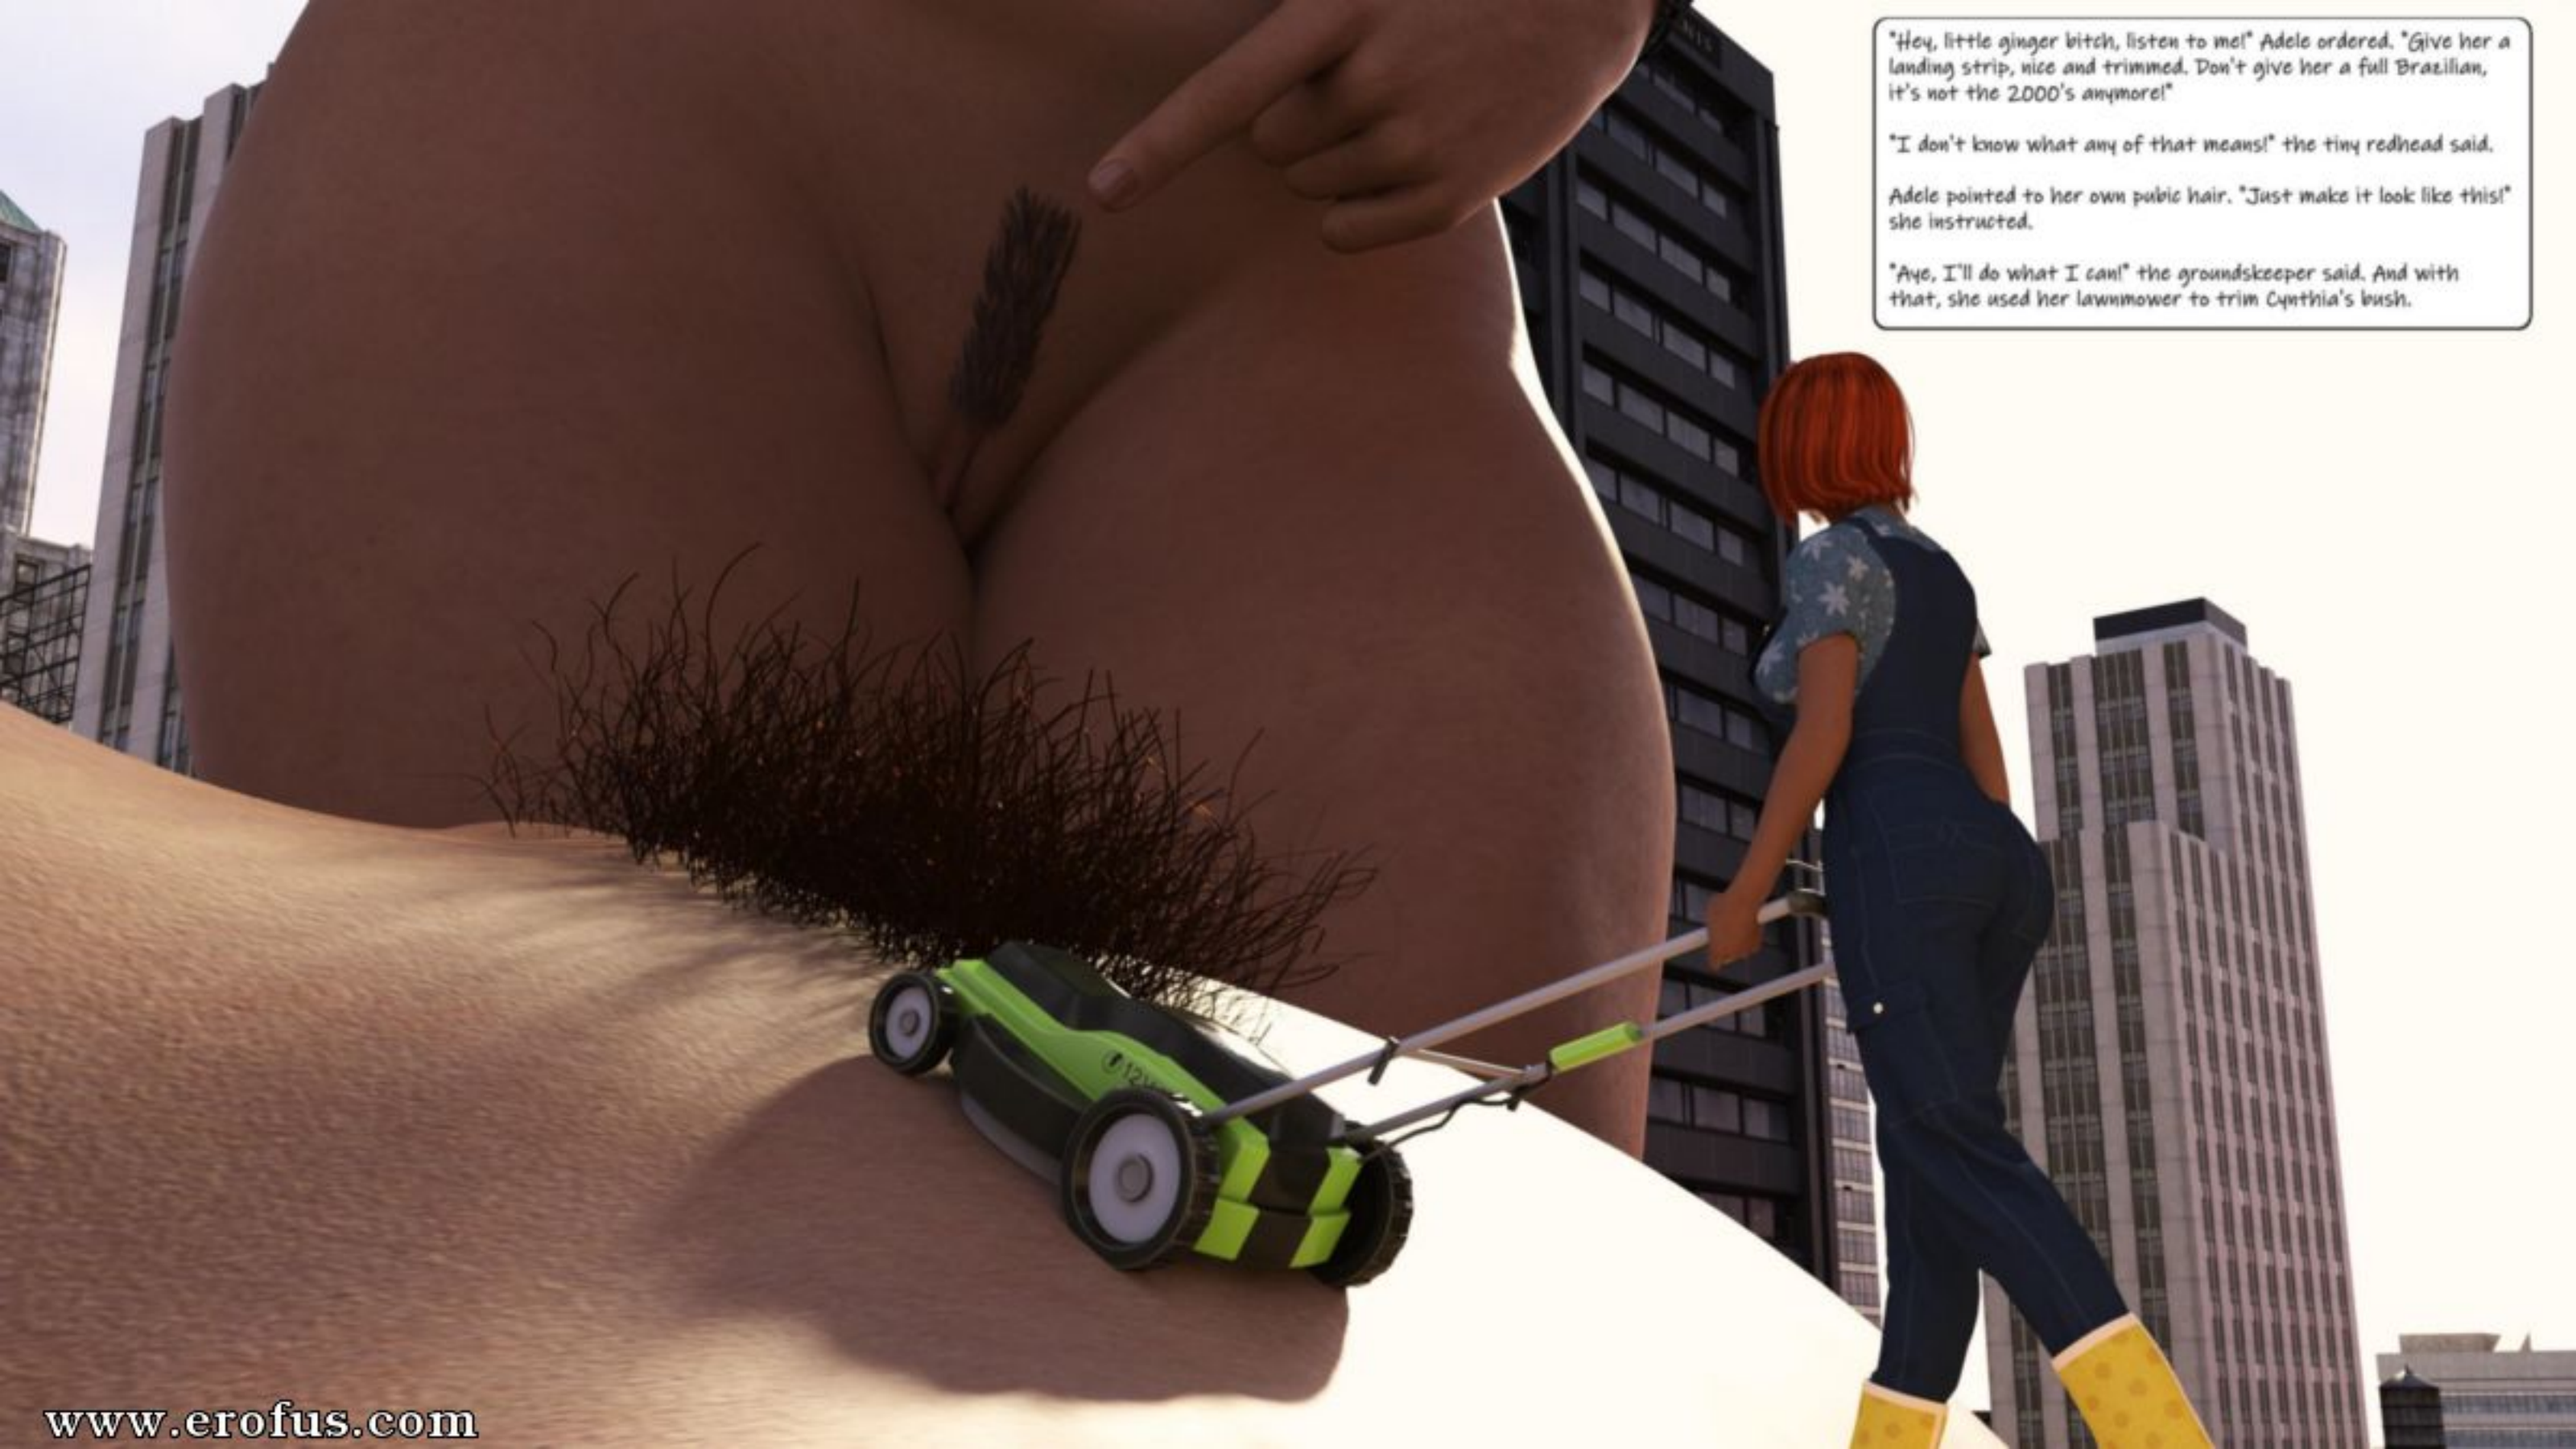

"Did I stutter?" Adele asked. "I don't like it when tinies talk back to me. You'd better do what I say, and fast... because I'm starting to get hungry. Real hungry."

"Okay, fine! Just don't eat me!" the groundskeeper pleaded. "Put me down on her stomach with the lawnmower, I'll trim that bush real fast!"

Adele carefully placed the groundskeeper on Cynthia's stomach, along with her little lawnmower. The tiny redhead revved it up and walked down Cynthia's stomach, mowing down her little happy trail.
"Are you sure this is a good idea?" Cynthia asked. "What if the lawnmower blades cut my stomach?"
"You worry too much!" Becky replied. "Even if that did happen, it would be like nicking yourself with a razor... I think!"
"You 'think?' You 'think?!" Cynthia exclaimed. "You haven't done this before, and I doubt the tiny has either!"

A few minutes later, the makeover was finished, and Cynthia stood in front of the skyscraper that doubled as her mirror. "Can I look now?" Cynthia asked.
"Hold on!" Becky said. "You've just got to walk a little bit closer, and... now! Go ahead!"
www.erofus.com

Cynthia looked up, and she smiled when she glanced at her own reflection. "I love it!" Cynthia said. "I feel like a whole different person. I look great... A bit blurry, but still great!"
Becky was busy putting the finishing touches on Cynthia's hair. "You can fix that with some contacts when you get back to the enclave!" Becky said. "And another time, maybe we can trim your eyebrows a bit too. That is, if you're up for it, Cynth! Sorry, I meant to say Cynthia..."
www.erofus.com

Cynthia shrugged. "You know what? That nickname is growing on me," the redhead said. "Cynthia is the old me. The glasses, the pigtails, worrying about tinies all the time... that's Cynthia. From her on out, I'm not Cynthia. I'm the newer, cooler Cynth!"
Becky laughed. "You've still got a little bit to work on in the coolness department, but I think I'm going to like the new you!" Becky said. "Now what's Adele getting up to over there?"
www.erofus.com

www.erofus.com

Adele carelessly dropped the redhead into her mouth. The tiny redhead plummeted through the air into the giant woman's wide-open mouth. he girl dropped head-first into Adele's mouth, and Adele caught her with her tongue. The woman's tiny arm slammed against Adele's teeth. The impact sent her body spinning around as she sank deep into the cavernous recesses of Adele's mouth.
Adele felt the girl's struggles against the tightness of her throat and savored the sight of her knobby knees knocking against her lips as she slid down toward utter darkness. She fell for a few seconds before she landed with a dusty thump at the back of Adele's throat.
www.erofus.com

Adele flashed a wide smile as she felt the tiny redhead squirm around on her tongue. Her eyes twinkled with glee as she slid the petite woman back and forth across her taste buds. She never tired of the salty, peachy taste of a woman's body. She let the petite woman settle into the back of her throat before sucking in a steady rhythm. This was Adele's favorite part: feeling the tiny woman squirm helplessly in her mouth, unable to escape.

Her mouth was flooded with juices, and her tongue was pressed against the little woman's body. She lay there and savored the flavor. It was a bit like a strawberry, but with a metallic undertone that she hadn't been able to place over the last few weeks, even after swallowing dozens of them. She decided it must just be their natural flavor.

The woman tried to climb up Adele's tongue, but her hand slipped, and she slid back down. "Help!" the redhead yelled. "Somebody, help me, please--"

Becky looked askew at Cynth. "Then why are you smiling?" Becky asked coyly. "I think part of you likes that idea."
"Oh my god, seriously?" Cynth asked. "I never even ate a tiny until like an hour ago. I was the one who was always telling you guys how wrong it was!"
"Exactly," Becky said. "It's forbidden fruit that always tastes the sweetest, right? You've been a good girl for a long time, and now you finally get to break bad!"
Though she tried to suppress it, Cynthia couldn't help but grin. "Maybe you have a point, but you're getting ahead of yourself. As wonderful as your plans for a night of bacchanal debauchery sounds, can I grab my robe really quick?" Cynth asked. "I'm 'down' to have a wild night, but I'd like it to be a warm one! And besides, it feels kind of weird being naked when nobody else is!"
www.erofus.com

Adele raised her arms into the air and spread them wide. "I have a solution for your problem," Adele said, in a grandiose tone. "If we're going to have a really wild girl's night, why have anything between us and the stars? Let's go au natural! No shoes, either, I want to feel the tinies squish under my toes. Come on, are you two with me?"

"You don't have to tell me twice!" Becky shouted. Without missing a beat, she slipped her jeans off, revealing that she wasn't wearing any underwear. A crowd of tiny onlookers pointed and stared as she undressed.

A few moments later, Becky was stark naked in the streets. She set her clothes and shoes on a nearby building, then turned towards Adele. "Hey, what's taking you so long?" Becky asked.

Adele laughed. "I mean, technically, I guess. A lot of things are technically illegal," Adele said. She lifted up the tinies in her hand and looked at them. "Technically, we're not supposed to eat anyone in the tiny city. Technically, we're not even supposed to be in the tiny city to begin with. But honestly, who cares? The other giants don't care. At last, Becky and Cynth had finished off their edibles. Only Adele's was left. Terrified as she was, her tiny obediently walked right up to the edge of Adele's mouth. Then, slowly, Adele leaned forward. The woman's screams echoed around the cavern of Adele's mouth as it descended upon her.

Paralyzed by fear, the woman stood still as Adele's lips engulfed more of her body. By the time she tried to escape, she was trapped inside of Adele's mouth. And then with a single gulp, Adele swallowed her down. She tumbled blind down the wet tunnel of Adele's throat, and [illegible] even worse horrors awaited her.

"Baseball is boring anyway!" Adele said, "That's not what we're talking about. The game you're going to play will be way more fun!"
Adele made her way over to the fire truck. She effortlessly picked it up, and tilted the truck on it's side. A few hearty shakes sent three firemen crashing through the front windshield, right onto the palm of Adele's hand.

Cynth was sitting on top of a building, with Becky right behind her. "I do like a man in uniform," Cynth said. "So what do I do now?"
"You don't have to do anything at all," Adele said. "Just lean back and we'll take it all from here, okay?"

"Only after you're ready," Adele said, dropping the men on top of Cynth's crotch. "I want to make sure not to cross any of your boundaries. These tinies, on the other hand..."

Adele pointed her finger at the tiny firemen. "All of you, take your shirts and helmets off, now!" Adele ordered. "My friend here wants to see your faces and abs before I stuff you in her pussy!"
"O-okay, but only if you promise you'll let us go afterwards!" one of the firemen pleaded.

Adele scowled at them. "Are you fucking serious?" she asked. "You little worms [illegible] beautiful redhead, and you're trying to fucking negotiate terms? My terms are that you do whatever I fucking tell you to, and if I hear one more word of disagreement, then you'll be in a world of pain. You got that? Well?"
"Yes! We've got it!" one of the firemen pleaded, and the others quickly nodded in agreement.

Another firefighter was trying to climb his way up Cynth's crotch. It was a long way down to the streets below, and he struggled to get a firm grip on the slippery contours of her labia. He glanced back at Adele. "C-can you help me?" the firefighter asked the giant woman.

Adele grabbed the tiny firefighter by his leg, and lifted him up into the air. As he dangled in the air, close to the other firefighter, he begged for help. "Help me out!" he pleaded. "Take my hand!" But the other firefighter didn't dare to take his hands off of Cynth's clit, even for a moment. He didn't say a word as Adele took the other firefighter away. He kept quiet, and massaged Cynth's clit with all his strength, sending shivers of pleasure down her spine.

Adele lowered the last fireman down between Cynth's ass cheeks. Becky laughed as she watched. She knew exactly what Adele had in mind. "You really do like to bully the tinies, don't you?" Becky asked.
"Yeah," Adele said, "and you love it."

Drenched in sweat and panting heavily, Cynth was getting closer to orgasm, but she was starting to get concerned. "Adele isn't going to put him where I think she is, is she?" Cynth asked.
"She is," Becky said, "and it's going to feel amazing. Just relax... Unless you don't want her to do it?"
"I didn't say no," Cynth said. "Fill me..."

"Ooh, fuck!" Cynth moaned. "Holy shit, I needed that!"
Becky raised an eyebrow. "So that's what it takes to get you to curse," Becky said. "We should have shoved some firemen in your holes a long time ago!"
"You're telling me!" Cynth said.

"With pleasure," Adele said. Adele picked up the fireman who was rubbing Cynth's clit, and shoved him deep into her pussy. As she used her finger to pleasure Cynth, the redhead came closer to orgasm. Finally, Cynth let out one last scream of pleasure, and then a long sigh of relief.

"Is anyone else starting to feel... sleepy?" Becky asked, as she took a deep breath of weed smoke. "I know it's still pretty early and all, but I kind of want to take a nap!"

"Yeah, that sounds nice," Adele said, breathing deep. She laid down on the street, and the others cuddled up beside her. "That was an amazing night," Adele said. "You know, Cynth, you're pretty cool after all."

"Thanks, Adele," Cynth said, "you are too."

Then, one by one, they drifted off to sleep.

Cynth quickly awoke herself, and she felt that Adele's heavy arm was draped over her. "Wait a second," Cynth said, "did we seriously... We didn't really have sex, did we?"
"Don't act too excited," Adele said, rolling her eyes. "What happens in tiny city stays in tiny city, okay?"
"Okay, but... Did I really eat some tiny people last night?" Cynth asked. "Or was that part just a dream?"
"Of course you ate tiny people!" Adele said. "Don't tell me that you're going to get all judgmental on us again, now that you've sobered up! Especially now that Becky is here with breakfast!"

"I do! I do!" Adele exclaimed. She stuck her hand up in the air eagerly. "What about you, Cynth? You want one, right? Right?"
"I, umm... I don't know," Cynth said.
"What do you mean, you 'don't know?'" Adele asked. "Well, are you hungry, or not?"
"I... just don't have much of an appetite just yet," Cynth said.

"I'll take the one in your right hand!" Adele said, licking her chops.
"Are you sure you don't want to get a closer look?" Becky asked. "You can only see his backside from there!"
"I know," Adele said, "and I like what I see!"

Adele plucked the tiny man out of Becky's hand, and after a moment of hesitation, Cynth did the same with the other one. Then, one by one, the girls stood up and stretched out.
"We should start heading back soon," Becky said. "You two slept in pretty late, I think it's getting close to noon already. We can eat while we walk!"
"Hold on a sec," Adele said. "I want to eat before we hit the road!" She lifted her tiny snack up in the air, and opened her mouth wide.

"Come on," Becky said, "let's go!" She started to walk off, and Adele quickly followed after.

Adele turned back and smiled at Cynth. "Well? Are you coming with us, or not?" Adele asked.

Cynthia sighed. "I... I'll catch up with you guys in a bit," Cynth said. "I just want to eat a snack really quick, okay?"

"That's fine!" Becky said. "We won't go too fast. If you get lost, just follow the trail of destruction!" And with that, they walked out of town.

Cynth waited a moment for the girls to walk off into the distance. She looked at the tiny man, who she dangled precariously between her fingers. He was young, and he could still have the rest of his life ahead of him.

It occurred to Cynth that she could easily let the man go. She could set him down on the road, and let him run off safely. The others wouldn't need to know about it.

But Cynth was hungry. It would have been right to let out the tiny firemen who were still stuffed inside of her, and yet she didn't feel like freeing them either. They felt good, squirming around inside of her... And she knew this one would feel good in her belly.
