#### **(Part 10)**

**..Anna's face was red again today, but this time not because she was ashamed of smth...The baby courageously endured all these medieval acupuncture tortures... But to see her ugliness in the mirror was far worse torture...**

**...Natalie (cosmetologist) tried to convince Anna that she it's too early for such young girl to use Botox... That it's enough to use Guvederm or its analogs... But the stubborn carrot had her own opinion...**

**...The customer is always right !!! Especially the customer with money !!! The baby was really ready to pay... because the investment in appearance seemed to her the best investment at the moment... It was the only "cure" for poverty, in which she no longer wanted to return ...**

**- Honey, I finished with your pretty face, let's work on lips now ...**

## **Chapter IX**

### **"Restart"**

#### **(Part 11)**

**...It was necessary to make really great efforts to read any emotions on the paralyzed face of a 21-year-old student... No, it's not because of pity Anna felt nothing ... On the contrary, everything inside her was boiling... It just seemed to the baby that her head had been in the freezer... All the mimic muscles turned into a single solid piece of ice... Only eyes could move... The baby wanted to say something, but the words seemed to be stuck in her unnaturally swollen lips...**

**...There was some unknown creature in the Natalie's hand mirror and this creature didn't look a lot like a lovely provincial...**

## Chapter IX "Restart" (Part 12)

...After parting with her amazing nails Annetta felt like she was naked... And it was a disgusting feeling... It was probably easier for the little bookworm slut to walk without panties than without nails... That's why a visit to the manicure cabinet was just as important as a visit to a beautician...

...Despite the fact that her future without patron looked rather vague, Miss Heels was ready to spend her cash on herself without any doubt...

...It was so funny to remember her first visit to "Aphrodite"... As she was dissatisfied with her first artificial nails... As she called them claws... As she cursed Linda... A lot of water under the bridge... Today, her new nails really looked like claws... curved & long... about 1.5 inches... Ho-ho!...

...But also another problem continued to haunt Anna - the fear of being recognized... The baby felt like she urgently needed new hairstyle to become unrecognizable. At some point, she even wanted to get a haircut like a boy... But after reading on the WEB about the hair extensions, she instantly caught on to this idea...

...And it was really smart decision... With every new nail, with every new hair, Anna felt how her overstressed soul was filling with calmness & confidence...

### **"Restart"**

#### **(Part 13)**

**...Immediately after "Zoom procedures", Anna's face looked like a plucked ostrich ass... But sweet Natalie said that the injections marks will heal in about 3-4 days...**

**...Four days... For four whole days, the superstitious Anna didn't go to the mirror, fearing that if she looked at herself ahead of time, she would forever remain ugly (yes, yes, Anna was a little bit crazy)... For four whole days she suffered, didn't leave the apartment, entertained herself only by talking to Mr. Impy and ordering food from Japanese restaurants... And thanks to the Internet, that finally did not let her go crazy...**

**...But today she decided... Also it was a fitting day to try on the second of her new dresses ... and the second pair of new heels... It was a kind of presentation of the new Anna ... to be exact - Annetta...**

## Chapter IX "Restart" (Part 14)

- Mr. Impy, who is this stranger in the mirror?
- I'm puzzled myself, honey, the only thing I can say is that she looks amazing...
- Really?
- Did I ever tell a lie?

...Anna hardly recognized her reflection... This face could not belong to a provincial student... Yesterday ugly carrot seemed to be turned into a lifeless porcelain doll ... But damn it! This doll was pleased with herself(although it was not for long)... And already was eager to conquer all strip clubs around...  
... This strange feeling ... the inability to control the facial expressions ... "Oh my God ... Now, no one of my kith will ever recognize me ... no one ... and even my mother ... poor mommy ... she finally lost me..."

## Chapter IX "Restart" (Part 15 1/3)

"...What a pity that there is no pole in this apartment ... But does this fact prevent us from having a party with Mr. Impey? The main thing is that my heels are with me! WoohOOO !!!!"

...The laptop speaker squeezed out its maximum:

...These boots are made for walking, and that's just what they'll do...

One of these days these boots are gonna walk all over you...

...Anna easily jumped on the table in her crazy heels and started mentally singing along with Jessica: "... I'm gonna walk all over you..... Linda !!! Fuckin bitch...You keep lyin' when you oughta be truthin....You keep losing when you oughta not bet..."

...Oh, Jess, Jess, lack of talent... still far from granny Nancy... u're just just a slutty blonde as me... \*Giggle\*

### **"Restart"**

#### **(Part 15 2/3)**

**...The solo party was in full swing... Definitely today was an excellent occasion to celebrate her next rebirth (and it's great that she was able to drag a couple whiskey bottles and even a pack of cigars out of Arthur's apartment) ...**

**...The baby's stomach was absolutely empty and the whiskey immediately began its demonic action... Already after a couple of sips, she felt how warm it became inside... And the tart fragrant smoke of a Cuban cigar doubled the effect of elite alcohol...**

**"Anetta gonna walk all over you ... !!! Linda ..." - this hateful name made our little carrot totally horny... After the crazy sex in the tattoo parlor, the baby no longer touched her pussy and the accumulated sexual desire was trying to get out...**

## Chapter IX "Restart" (Part 15 3/3)

..Lesbian porn on the laptop screen finally made horny Annetta forget about everything... Oh yeah, she dreamed about Linda, about her gentle well-g roomed hands, about her sweet lips... But at the same time the little slut wanted to feel Andrew's huge member inside herself (we already talked about the fact that Anna was a little crazy?)...

...Her little pussy was quickly filled with sweet juices...Of course, the lifeless bottle of whiskey could not be compared with the hot pulsing dick... But right here and now, the baby had no choice... Annette screamed as cold glass touched her wet gate, but it was already impossible to resist the hellish flames...

## Chapter IX "Restart" (Part 16)

...Excited by dance Anna suddenly noticed that two girls behind were eyeballing her... The baby was even a little embarrassed (but cause of neurotoxine it was difficult to read her real emotions)... Maybe she was doing something wrong again? And what was in their eyes? Delight? Surprise? Envy? And maybe even hate? Oh yeah! The stunning carrot in her push up bra definitely made an effect on the visitors of the dance studio...

...Her body, which was bored with idleness, required training, but her new, modest apartment was completely unsuitable for pole dancing ... The multisport studio on the next street seemed to be a great solution in this situation... Annette was sure that she should be perfect in everything before being hired in a new strip club... Despite all her crazy story, the carrot had too little experience of real performances on the club stage... And somewhere deep in her heart, she was still afraid that she might fail, as it happened during her first evening in "GO GO"...

## Chapter IX "Restart" (Part 17)

...The push up effect of her sport bra, the distortion of the mirror glass, the play of the studio lights... All this made Anna's boobs seem unusually huge... And the little carrot was really amused by this... "Wow! Can it really be? so funny... He-He" ... She even completely forgot about she was trying to stretch her woody body...

...Of course it was just an optical illusion... But damn, her silicone balls looked really cool in that mirror... And she was even a little sorry that this was just an illusion...

...Always cheerful Mr. Impy whispered that they have enough money to turn the illusion into reality... But on the other hand, Anetta didn't want to suffer from a stupid anesthesia again... Moreover, there will be no one around who could bring her a glass of water...

## Chapter IX "Restart" (Part 18)

...Poor fellow Andrew could hardly keep the tattoo gun in his experienced hands... He tried not to look up at his client. Her slutty look caused nervous dizziness and increased salivation...

...After that memorable sex with this crazy student, Andrew himself went crazy. His girlfriend was so dull compared to Anna, that he stopped calling her at all and even blocked her in social networks... Moreover, he generally stopped noticing other girls around him... He just wanted this mischievous slut... But how could he find her in the jungle of the metropolis?... Her mobile was constantly out of coverage... Unfortunately he didn't know any other contacts... But today! she came herself!!! ...And Mom Mia! she looked a hundred times hotter than last time...

...And what about the little baby? Why did Anna come to the tattoo parlor? ...Hmm... Maybe she just wanted some live communication ... and probably some live member... Of course, she could not immediately tell Andrew about this and therefore pretended that she just wanted another tattoo ... She had a long time idea about her zodiac... Born under the hot June sun Anna was Gemini woman... ..Perhaps this was the reason for the duality of her nature (these eternal internal disputes and dialogues)... As angels and demons lived inside her... And they were not always friendly with each other...

## Chapter IX "Restart" (Part 19)

- Annie, please stay calm, I have just a little more left to finish... Or do you want me to hurt you?  
To Stay Calm? Oh no! Today it was really difficult task for Anetta... The accumulated energy and infinite curiosity of this crazy girl tried hard to come out... And it is terrible to imagine what would happen if Miss Heels added a little nose candy... But right now, Anna didn't think about the magic snow... She was tormented by a completely different question ... She needed an advice ... She needed someone else's opinion ...  
- Andrew, what do you think ... I have enough boobs?  
...Her question sounded quite jokingly, but shocked Andrew almost swallowed his pierced tongue...

## Chapter IX "Restart" (Part 20)

- Andrew... HEYYY !!! Andrew, answer! please!!! ... (the baby became topless in a couple of seconds) ... do not be afraid! touch them!!!!...

...But confused Andrew still couldn't come to his senses... his tattooed hands trembled like the hands of a complete drunkard when he saw a full bottle of scotch...

- Damn it, Andrew, the last time you were more desicive ...

...He didn't really believe his luck, and that's why he strongly squeezed her little balls and almost instantly cummed in his own pants...

- Oh!!! oh!!! oh!!! - Anna playfully screamed, - Boy ... you have such cold hands !!!!'

...The carrot immediately remembered how, once (once in her past life), she was also hesitantly standing next to nude Linda ...How much water under the bridge... And what a naive idiot she was then!!!!...

- Andrew, I didn't ask you to crush them ... I just asked to assess...

- Annie, I think... I assessed...

- Well, and what can you say?

- Hmmm... They are great... but...

- So you want to say that is enough?!!! (despite the compliment our cutie for some reason upset)

- Stop, Annie... I didn't say that... If you want my opinion - despite I really appreciate them... It's never enough boobs...

## **Chapter IX**

### **"Restart"**

#### **(Part 21)**

**...To answer exactly what she wanted to hear was really the right step... Andrew immediately figured out how to pick up the keys to Annie's heart... Rather, the keys to her inflated pillows ... And let's not hide - the horny carrot herself wanted to repeat the madness of their last sex...**

**...But something went wrong today... Only after a couple of minutes, her tattooed friend released the contents of his elephant testicles on the injected face... Upset Annette felt that vital energy was leaving Andrew... He even moaned a little ... The poor little immediately realized that her hot pussy would not get any coal this evening ... And it was really sad...**

**PS: If you want your portion of endorphins, you can't look so sexy Annette !!!**

## Chapter IX "Restart" (Part 22)

..Towards the end of August, the Cool Atlantic cyclone brought bad weather to the metropolis... The baby woke up quite early and even slightly shivered from the wet coolness... Oh how nice that she has kept her favorite red sweater, presented by Linda!!! ... Anna thought that she looked very stylish in it... "So curious how I'll look in it after my surgery?(He-he))!"

..This was the first consultation with Dr. Malkovich... Why not the usual Mr.Listerman? Anna didn't want something or somebody to connect her with her past life... And fed agents seemed to her everywhere...

..Today, the baby could choose the implants on her own ... and it was fun... it was fun to feel completely independent ... no mother, no aunt, no Linda, no Arthur... the baby is now the mistress of her life...

..The only problem... she couldn't decide on the size... Doc recommended not to exceed 550 CC, as he explained her skin is not yet ready for more serious "experiments" ... too little time has passed since the last surgery (even the scars have not yet turned pale)...

..But for the crazy baby, 550 CC seemed too little ... 800 CC silicone implants looked much more appetizing...
