

Chapter II "The collapse of illusions" (Part 9)

..."Wow! Linda! You are so flexible and strong! You are so cool!" - Anna looked fascinated as the hostess performs gymnastic stunts on the "fire" pole ... "Thank you, dear! And why do not you try it yourself?» «You laugh at me! I can't do that, I've never done sports, except for a little ballroom dancing in the school section, but it's been so long ago... and my mother did not approve of this my hobby..." Linda smiled: "But there's no mom here! Is not it? ... Remember, dear, if you want to find a good man, go in for sports, no one will love you for your inner world, no matter how beautiful it is..." Anna blushed embarrassedly ... "Stop embarrassing, honey. Consider that you are very lucky, now you have a personal tutor..." - Linda laughed...

Chapter V
"The collapse of illusions"
(Part 10)

...“Linda, I’m tired, maybe we’ll work out tomorrow?” “Endure, my girl!!! no one said it would be easy. Although probably reading books is much harder?”, - Linda said with sarcasm...

Chapter III "Sudden turn" (Part 1)

...Weeks passed... Somehow imperceptibly for herself, Linda realized that she was very attached to this provincial girl. The apartment is always clean ... Oh! and how many interesting stories and things Anna told the hostess over a cup of tea ... As for training, and here Anna was a very diligent student. Linda liked that her new friend easily learns all the instructions and even already trains on her own...

Chapter III "Sudden turn" (Part 2)

...Caught in a strange house, despite minor troubles with cleaning and hiking to the store, Anna felt herself really free. In the morning she happily ran to the university, after dinner managed home affairs, and still she had plenty of free time to read and train. Oh, yes, the training went into her life and sometimes she remembered with horror what a shame she was before! The only thing that caused discomfort at first was her hostess's diet. Linda was bothering with a healthy food. Anna was not immediately accustomed to all these salads, nuts, protein cocktails and other fitness nonsense. But she wanted to save more money to send to her mother, so she had to eat the same foods as Linda ... But there were also pluses, her skin became much clearer, the acne that had tormented Anna since she was 15, disappeared, and she was sleeping well...

Chapter III "Sudden turn" (Part 3)

- Michael, why did you come?
- Do not make a fool of yourself, you know perfectly!
- You promised that last time was the last ...
- Not your mind, slut ... There will be as many times as I need...

...Michael roughly handed her a cosmetic boutique bag. Linda knew that in the package is not perfume or foundation cream. In general, Michael has not made her gifts for a long time. Recently he rarely appeared in her apartments, but every time she shuddered when she received SMS from him. She did not doubt that the package contained cocaine. And of course he wants her to hide it in her house... once again... Once again, he makes her walk on the razor's edge... Bastard, how she hated him... In the package, not less than 500 grams... bastard...

Chapter III

"Sudden turn"

(Part 4)

- **Who is this girl in your room?**
- **It does not concern you...**
- **Listen, bitch, everything that happens in this house concerns me. I repeat once again who is this hooker?**
- He grabbed her chin painfully...**
- **This, this is my housekeeper... studying at the university, living with me...**
- **I see she is dancing...**
- **A little bit, I train her...**
- **Excellent! Does she have any relatives?**
- **Yes, a mother, but she lives somewhere in the province, I do not know for sure... Aunt here in the city, but she does not communicate with her...**
- **Very good... That's what we need! That's how it was necessary to answer, my dear. In short, this girl is moving well, I want to see her in our club...**
- **But she, she will never agree, she blushes even from the word "striptease"... I will not give her to you, do not even think!!!...**
- **I do not care if she agrees or not, make her agree! Remind you who you are?? Remind you, slut? So shut up and listen again: the boss has long wanted to add peppercorns to the night show, we'll give him a present for a jubilee. Fresh meat... In short, your task is to clean her up... all these your feminine tricks: hairstyles, manicures-pads and so on... Damn, as I see she is totally titless, it's very bad... Okay, we'll decide... I give you 3 days... Call me, honey... Do not forget how much you owe me!**

Chapter III

"Sudden turn"

(Part 5)

...The velvety aroma of Arabica gently tickled the nostrils of the girls... Anna carefully added freshly brewed coffee to her mistress... This morning Linda looked strange... for about 10 minutes she was thoughtlessly tinkering with a spoon in her cream dessert, without putting any crumb in her mouth...

...Michael's yesterday's visit did not go away from Linda's head: "Maybe he will leave her alone, if everything will turn out... Yes! Anna can really help, but how can she tell her about it?! What a stupid story!!!!... Would she agree?... "Linda, I do not like you today. You asked me to buy sweets, but you do not eat anything, now you're silent all morning... What's wrong? Tell me, maybe I can, help something..."

Chapter III "Sudden turn" (Part 6)

...Linda sighed heavily, she did not sleep half the night, pondering the upcoming conversation, which side to approach? where to begin? in the head climbed different thoughts, maybe blackmail? No,no,no!!! she could not lie to Anna... Okay, whatever happens...

- Anna you can't just help me, you can really save me!!!

- To save? Really... Hmm... I'm ready... Wait... But what can I do for you?...

...And Linda told her everything:

How 8 years ago in search of money she began to dance in the nightclub, and met there with Michael... How he gave her gifts, found shelter, helped with the work to her younger brother... She knew that Michael was the right hand of local authority, that he was engaged in some kind of crime, the resale of stolen cars, or something like that, but she was not particularly worried, she quickly got used to a good life and closed her eyes to his dirty deeds, his rudeness, the permanent smell of fumes... But everything turned upside down in one day. Her brother was caught by the police with a large party of ecstasy... She asked Michael to save her brother, he refused, said that her little bastard framed the boss and should die in the prison... she begged, knelt...said that she would be his slave... that she will return all debts, that will take up any dirty work... if only her brother remained alive... Linda did not know how much Michael paid the investigator, but a kilogram of drugs in the indictment turned into 20 grams... only 4 years in prison... He promised that as long as she does, what he will say, no one will touch his brother in prison... Now she really became Michael's slave...

- Do not cry Linda, the main thing is that your brother is alive, everything will be fine... But I still can not understand how I can help you?"

...Linda tried to give the voice a slightly jocular tone: "Well, nothing serious, I just want to ask you to dance in our nightclub, believe there you can earn much more than washing the floors ..."

...There was a silence..."

- To be become a stripper or something like that your mean?! But why? Do I really know how to dance?...and look at me... which one of me is a stripper?

- Anna, please do not ask anything. Just answer "YES" or "NO"...

- I'm not sure... but if it really can help... only for you I'm ready to try...

Chapter III

"Sudden turn"

(Part 7)

- Anna, what is your foot size?
- 7 or 7.5.
- Here, please try these ones. It's 7.5.
- Wow so cute... but it seems that the heel is too high for me... I've never had shoes with heels, my mom would never have allowed me...
- Well, you must start somewhere, dear. Now this is your main working tool...
- Yes, like my size, they do not press anywhere ...

Chapter III

"Sudden turn"

(Part 8)

- Oh Linda, I'm like a cow on the ice, I do not know how you dance in them...
- A bit of training and everything will be ok, my sweet. I hope such little things will not make you change your mind?
- Do not worry, I really want to help you, of course, I still do not understand why I should become a dancer, but I totally believe you...

Chapter III "Sudden turn" (Part 9)

...“No, Linda is still amazing. We’ve known each other for only 3 months, but it seems that all my life... Now, even remembering about aunt is disgusting... I can not believe that I’ve endured her antics for so long... I wonder how’s Mom doing there? Oh... what would she say if she saw, what I’m doing here... But I have no right to leave Linda!!! I think daddy would understand me...”

- Hey, kitten! What are you thinking about? Are you in love with someone in your university? Tell me, who is he? Maybe he is a professor of literature?He-He...

- Oh Linda, stop it .

- Okay, okay, I’m joking... Let’s watch it better... Individual masterclass from Aunt Linda!

- Linda, we will not spoil the laminate with heels?

- Relax my little maid, everything is fine. Such trifles should not worry you anymore...

Chapter III "Sudden turn" (Part 10)

- Anna, you're so funny... It's easier with a mop, huh?
- You bet! Linda! ... these heels ... I'm even afraid of standing on them, and you're still kidding...
- Ha-ha, I know you will not be offended, my sweet! no pain no gain, everything will be ok, imagine that you are barefoot... I saw you are doing very well barefoot ...

Chapter III

"Sudden turn"

(Part 11)

...These heels ... For a week Anna was wearing these stupid shoes, but she could not get used to them... By the evening, her lower back began to hurt. She lay for a long time in bed, afraid to move... But she did not give a sign... Linda didn't even know how difficult it was for Anna, little baby still looked so cheerful... But progress definitely was. Linda even could not demand more. She knew well, maybe even very well (she herself went through this school) that pole dancing is more than just dancing... it takes months to learn really complicated elements... Now Linda just wanted to give Anna a basic minimum...And it seems like a little started to work out...

- Yes, very good, sunshine, maybe you'll rest a bit?

- It's alright Linda, I'm not tired yet.

...Linda heard the sounds of a familiar ringtone... "This is Michael," flashed through her mind...

- It seems that someone calls me... Anna while I'm talking, please make a tea, I think today it's enough with training...

Chapter III "Sudden turn" (Part 12)

...She did not call Michael after 3 days as he asked... she still hesitated whether or not Anna should be involved in the whole story...

...But a week later he called himself...

- Hey chicken! How's my "pound white friend" doing? Soon dad will return for him. I hope your nose did not offend him...

- Calm down, Michael, it's okay with your "little friend", you know I'm indifferent to him...

- Oh yeah yeah, you're my sportswoman. I forgot that you prefer protein powder... By the way, how is your frumpy?

...Linda thought for a minute...

- Well why are you quiet? If I have problems with whiskey, this does not mean that I have memory problems!!!!...

- It seems everything is ok with her!... Linda watched as Anna awkwardly trampled about a pole and added: - But there's still a lot of work...

- Good girl... Let's train her. She should like the boss. I know his taste well... Bloody pervert...

YES! It will be a good gift for him... I will not be in the city for a couple of weeks. A little trip to Latin America for bananas (ha-ha)... In short, you still have time... Work... And do not regret spending money on her...

Chapter IV

"Point of no return"

(Part 1)

..Anna's eyes rippled, not only from the amount of beautiful clothes she had never seen before, but also from the prices.

- Linda, how can a jacket cost \$ 300? Horrible!

- Anna, calm down, this is a good Italian clothes, of course, on sale in Milan it can be bought 2-3 times cheaper.. But we are unfortunately not in Milan ... Do not take it into your head, let's better look here this red one, I think this is what you need!!!!...
