

## Chapter IX "Restart" (Part 23)

...It's even hard to imagine that just a few months ago, the same girl was shivering with fear and cold in the similar office of Dr. Listerman... But today we could see completely different person ... There were no any doubts, restraints and confusions... The stubborn carrot exactly meant what she wants ... 800 cc!!!only 800cc ... and she was ready to take full responsibility for the possible negative health consequences... The baby was just sure that there would be no consequences at all...

...The touch of Dr. Malkovich's warm fingers was quite pleasant ... Not that Mr. Listerman's freezer... (although the two surgeons looked quite similar to each other)... Anna was completely relaxed and really enjoyed what was happening to her... She looked at the office interior with unconcealed curiosity... The poster near the doc's desktop was advertising the results of rhinoplasty... amazing results...

- Doc. ... please tell me, is it true?

- I don't understand... what are you talking about, Annie?

- This woman on the "before and after" poster? it's really your job? or just a commercial trick?

- Oh yeah, honey, this is not just my work, this is my pride...

- Mr. Malkovich... I'm shocked... as if two different people there...

- Hmm... You can say so! ... this is my wife's sister ... I'll tell you a secret. She has always been such a terrible witch !!! ... And it's not just about her eminent nose))) ... But after the surgery, she became completely different person... Calm and happy...

- It's so interesting)... Bitchy Linda was right ... plastic surgeons can do magic...

## Chapter IX "Restart" (Part 24)

...It was not really difficult task for Anna to find Danny's number... It was on his Facebook profile... What a luck!!! This boy was the only person in this city whom she could ask for help... She knew that Danny was a really good friend and wouldn't leave her in trouble...

- Hi, Danny!!!

- Hhhhi... confused boy didn't immediately recognize her voice ... or rather, he didn't recognize her voice at all...

- Danny! It's Anna Swanson!

- Oh! Anna!!! Hello ... - despite the cheer her classmate was stunned even more ... and couldn't find the right words to continue their dialogue... as he immediately remembered their last meeting at the university...

- Danny, I really need your help...

- My help? ... Anna, what happened?

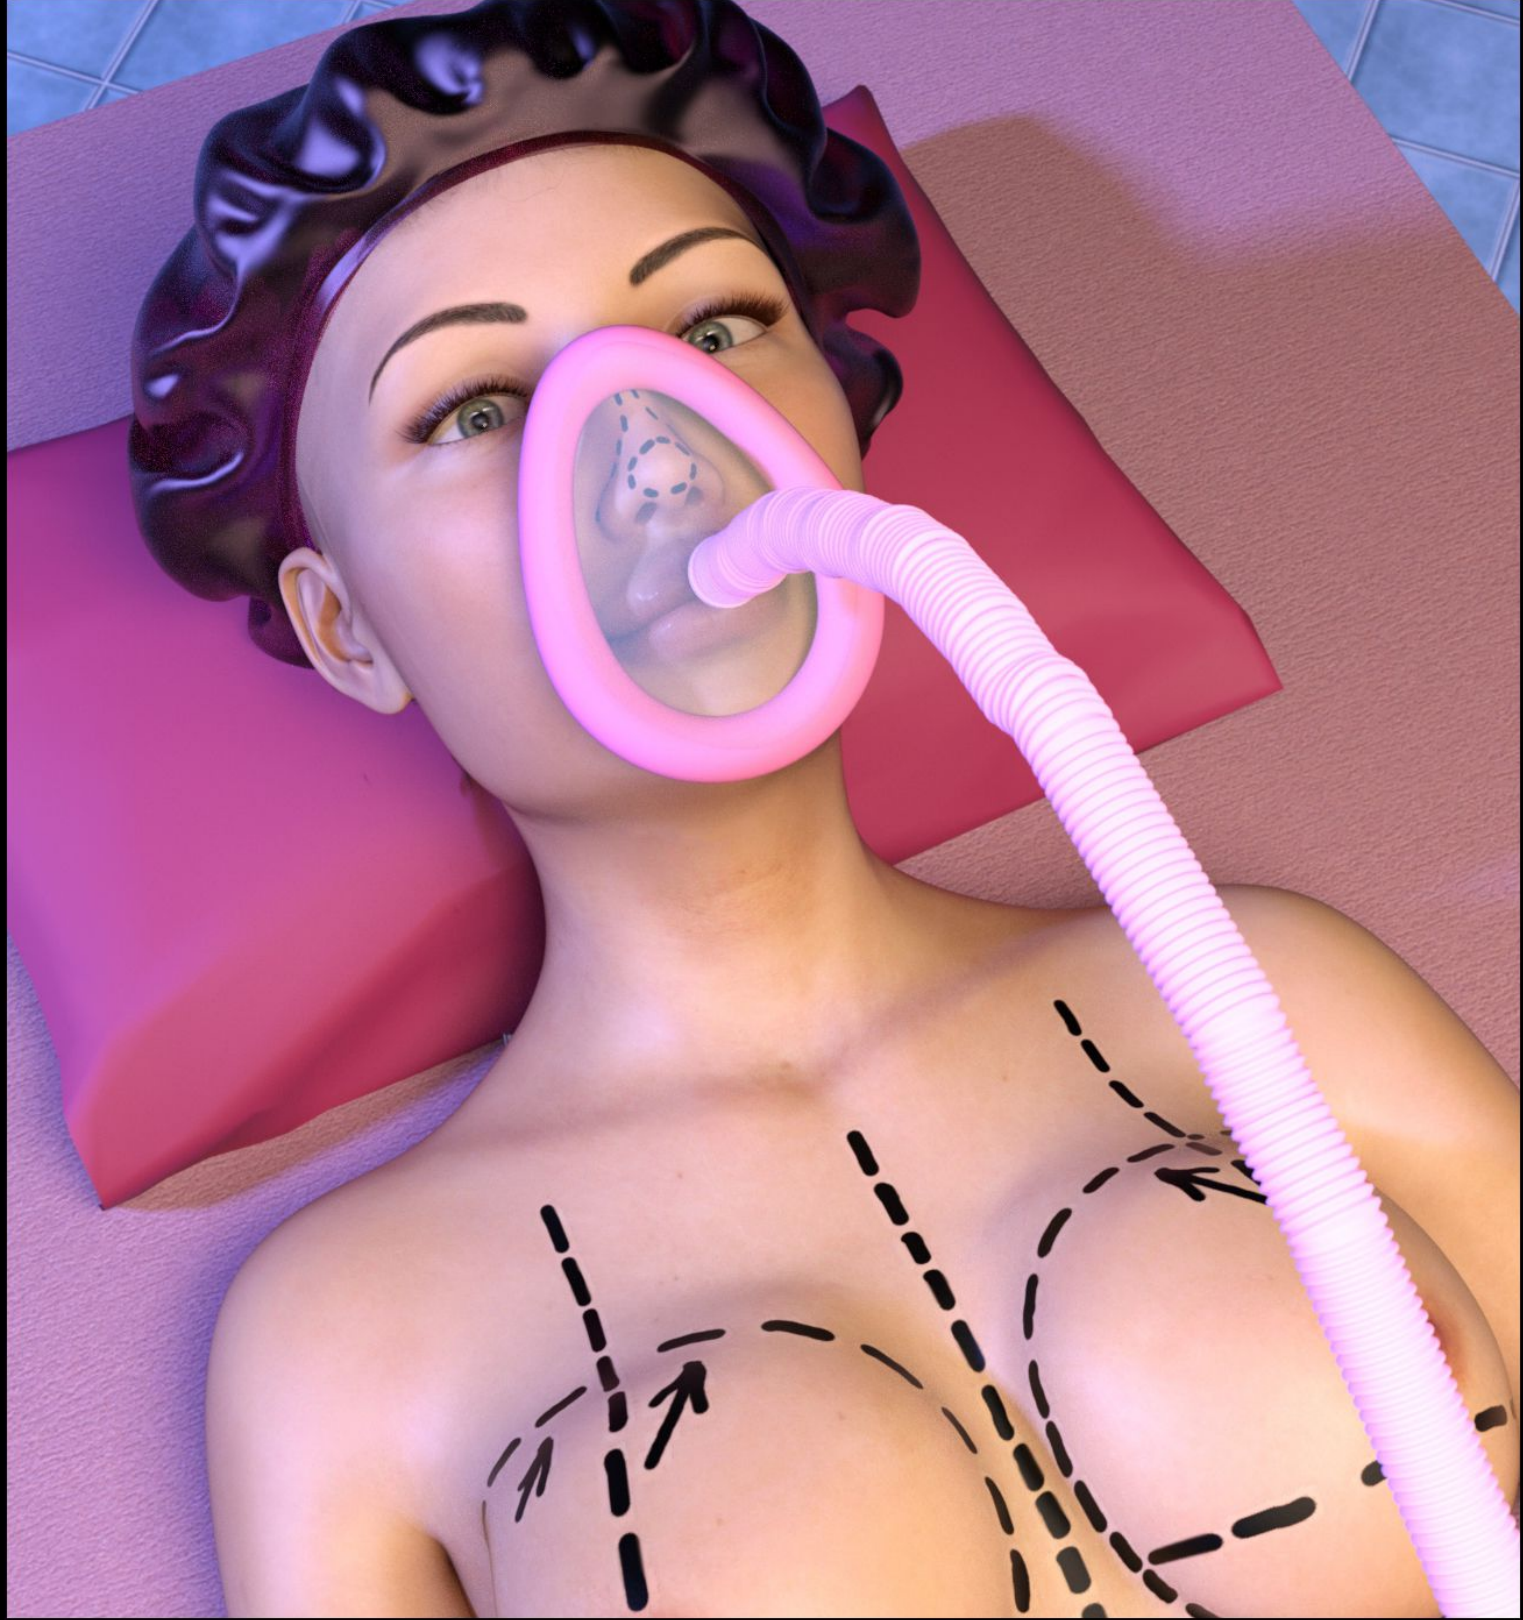

- Nothing fatal ... - I just want to ask you to pick me up from the clinic ... in about three days...

- From the clinic? Oh my god! I am ready to come right now !!!!

- Thanks! But right now you had better calm down ... everything is ok with me ... I will send you an SMS with the address... what an ugly nose..., - for some reason the little blonde rubbed the tip of her nose ... The damned poster in the surgeon's office again and again appeared in her damaged mind ... "These Magic Hands ... Magic Hands ... Damn it!" Yesterday she didn't think about her nose at all... But that was yesterday...

- I can't hear you ... what nose?

- Danny, I say ... I say ... I'll send you the address...

#### **(Part 25)**

**...Soft light with a slight purple hue created a special comfort in the operating room... This instilled peace and confidence... And even the fears of narcotic-anesthesia poisoning completely left her little head... It seemed to the baby that she was lying in her own bed... in her parental house... No worries, no stress... Just pleasant expectations... Go!!! Go!!! Anna!!!**

## Chapter IX "Restart" (Part 26)

..Deadly cold ... Where is she? Why is it so cold? ... Some words are close .. Very close ...

"What for? What for? What for?" - a weak male voice, sounded pretty quiet... However pity Anna felt like someone was jumping on her eardrums ...

"Why Annie? what for?" - the voice didn't stop asking the same questions, creating a feeling of repeating tide of the sea wave... Anna began to feel sick ... She barely opened the multi-kilogram eyelids, and saw nothing but a light bulb on the ceiling ... But for the new born plastic doll it seemed that this light bulb was somewhere in far space .. Fog ... Shroud ... Smoke ...

### "Restart"

#### (Part 27)

...Several days have passed after the surgery, but our poor baby still felt herself like a vegetable... She ate pain pills as if they were just funny Skittles or m&m's... For some reason, this time everything hurt much more and healed much more slowly... But it's great that she had Danny!... She hadn't seen such care in her life before... even from her own mother... A devoted boy all the time was next to her bed...

He cooked her food, went to the pharmacy, helped change clothes...

...The only thing that really annoyed Anna was his endless "What for" ... But today, standing in front of the room mirror, she also asked herself this question... "What for all this madness? What for is this suffering? Oh God!!!" - because of her spontaneous desires, idiotic internal conversations and other nonsense in her turbulence head she was insensibly turning into a plastic doll... "What for?!!!"

## Chapter IX "Restart" (Part 28)

...This boring Danny forced her to do everything as it was written in the doctor's recommendations... And the doctor forbade removing the nose bandage earlier than in a week... It was so unbearable!!! She wanted to see the result of her suffering! As soon as possible! Today, Baby woke up earlier than usual and realized that her "mommy-boy" wasn't in the apartment... Excellent!!! She galloped to the mirror to see what was under the hated bandage...

...Of course, there were still small bruises under her eyes, her nose was slightly swollen and she lost all her eyelashes during the bed time (it's great that at least her manicure survived...) but she definitely liked what she saw in the mirror... again this excitement when she hardly recognized herself... it was like a narcotic... and even better... dopamine poisoning!!!

- My little Annette, you asked "What for"... I will answer you: for these exciting feelings! for these emotions! You just like to change yourself, Annetta! Here is the answer!

- Thank you, Mr. Impy!!! Only you truly understand me!

## Chapter IX "Restart" (Part 29)

... "This is just the beginning! Mr. Impy, we will prove them all! Fuckin Linda!" ... Hands no longer obeyed her mind ... now only animal instincts ruled ... Anna gently touched her renewed breasts ... It was a little painful, but this pain in combination with reflection of her new fake face and thoughts about Linda caused such a juicy charge of sexual drive that it was impossible for the little slut to restrain herself. The horny baby felt how it became wet there... in her favorite place... And she didn't even notice how Danny had already appeared in the apartment...

...The scene of the masturbating girl was shocking to the psyche of the poor boy in love...

- Oh Gods!!! Anna what are you doing? Why did you take off your bandages ?! Anna! What happens to you at all????!!! Anna didn't hear this exclamations ... After all her sufferings, now she she felt good ... even very good...

### **"Restart"**

### **(Part 30)**

**...All this was not like reality... Maybe some kind of dream?... The changes that occurred with Anna's face frightened the poor boy... No, he was frightened not only by drastically changed proportions... But!But! Her eyes! As if some kind of devil settled in them...**

**...Softened Danny fell on the sofa even from her weak push (despite the threatening look the baby was still weak after the surgery)**

**- Listen to me, Danny! I am very grateful to you for what you are doing for me, but stop moralizing!... You are not my mom! Everything that I do with myself I do with MYSELF! Do u understand me???!! I don't need anyone's advice or opinion!**

**...She gently pressed her knee on his genitals ... Poor Danny didn't expect such turn and was completely taken aback... Looked like he forgot how to talk at all...**

**...For some reason, looking at his defenseless unremarkable face, Annette felt some sort of contempt... And the little slut in one moment realized that now this boy was completely in her power...**

## **Chapter IX**

### **"Restart"**

#### **(Part 31)**

**...Obsessive thoughts about new clothing, new heels, new lips and other bimbo nonsense attacked botox-injured brains of the slutty bookworm during her next visit to "Zoom" ... But inside the plastic shell, the old kind girl suffered because of her rudeness to Danny ...**

**...Poor, poor boy. And if earlier she only suspected that he was in love with her, now she was 1000 percent sure of that ... It was awful!!! Of course, he had no chance ... And that's why she pitied him even more ... She could not answer his feelings... But at the same time, Anna did not want to feel herself like an ungrateful bitch... The baby decided to make him a surprise ... She had already missed the first week of studies ... But now she wanted to return... She really wanted to make an "explosive" effect ... Oh Yeah, she should go to the University as prepared as possible ... And should play the role of his girlfriend!!! Slutty girlfriend... Let everyone envy him!!!!...**

## **Chapter IX**

### **"Restart"**

#### **(Part 32)**

**..And why did she not use the services of a makeup artist before? The foundation hid all the flaws and gave even more confidence .. Now Anna was exactly ready to meet with the university bitches.. Hehe .. The main thing is that Danny could recognize her .. Hell! It's cool to be beautiful!**

**- Kitty, u're really doing magic!!!! I don't even know which words to choose!**

**- That's not all, honey... we have to think about which lipstick is best to choose...**

## Chapter IX "Restart" (Part 32)

- Danny !!! You're hurting me... Stop it, Danny!... But Danny didn't hear anything... The agitated boy was completely deaf and blind... The whole class turned for him into a huge grey blur... Due to his excitement, he squeezed her fragile clawed hand even more...

- Danny, please calm down, otherwise I'll hit you right now !!! - the baby whispered viciously in his ear, but her face had a contented botox smile...

... The effect of her appearance at the University exceeded all expectations... Already in the corridor, all the students folded their necks looking at the mysterious plastic blonde... Anna confidently stomped on her new 6-inch heels, like a Hollywood actress on the red carpet... These new heels, bought on the way back from Zoom, rubbed her feet a little... But she was ready to put up with it... today the little girl grew by 15 cm... and she even became a little taller than her nervous "boyfriend"...

...There is no doubt that the stupid bitches did not recognize her at first, they probably thought that this loser Danny came to the university with an escort model... And that's why she defiantly greeted them... Even called them by their names... Haha... You should have seen the faces of these stupid bitches !!! They almost fainted ...

... With her experienced eye, Anetta noticed that blondes had also prepared for a new school year and it seemed they even visited a beautician... Stupid idiots! They just do not know how many times Anna has visited a cosmetologist in the last 3 months - He-he ... Let them envy! Ugly bitches !!! Yes today it was her total triumph ...

## Chapter IX "Restart" (Part 34)

- Annette seems we have achieved what we wanted...  
- Only thanks to you, Mr. Impy...  
- Do not thank me in advance... We shouldn't stop... The show must go on...  
...Listening to the advices of Mr. Impy and seeing the surprised faces of her classmates, Annette's internal slutty engine continued to gain momentum... It was necessary to destroy the self-esteem of these bitches. Taking advantage of the fact that the teacher was not in the class, the baby went up to the chalkboard and rote her new name... Written in chalk letters turned out to be almost as perfect as Annetta herself...  
- Good morning, Kids, I'm your new professor of foreign literature...  
...The class was totally quiet... Poor Danny paled in one second... He looked like a walking dead man... Anna put her new smartphone into his trembling hands... "Danny, honey... take a picture of me..."

## Chapter IX "Restart" (Part 35)

**...The silence of surprise that reigned in the class provoked the playful baby to continue her performance... Anna enjoyed seeing these views on herself - a mixture of curiosity, admiration and envy...**

**- Danny, come closer ... Well ... My heels should get in the frame ... Great, honey... - her cheerful voice sounded loud and confident, about as confidently as when she went into heated discussions with her teachers during the last academic year...**

**- Well, kids! ... Please, listen to the first rule from Miss Heels, - heels should not be shorter than 5 inches!!! You must remember this! The second thing you need to learn is that the color of lipstick should be as the color of nail polish, but!!! a French manicure for any lipstick, - Anna pretended that she understands the intricacies of female fashion... But in fact, the baby just got all her knowledge from the Internet... it seems she forgot that six months ago she herself dressed like a bumpkin bluestocking...**

**- Third! Sometimes you have to forget to put on your panties ... As I do today ... Hee-hee ... - in half a second these words turned undead pale Danny into a ripe tomato ...Annie really got a buzz, mocking him ...**

**- Hey lady, why did you put your feet on my desk? ...**

## Chapter IX

### "Restart"

#### (Part 36)

...Annette quickly turned with the chair to the side where the question came from...  
- Your desk? Do you really think so? Hmmm... Yes, the baby saw this woman for the first time in her life, but she immediately guessed that this was their new teacher of literature...  
"What a nice woman... I wonder if she has silicone too?", - flashed in her heated mind...  
- Lady...  
- Freeze!!! Anna playfully folded her fingers, imitating a gun...  
...The woman stopped... - Lady, who are you and what do you allow yourself??? ...Get up immediately! ...But the end of the phrase vanished in her throat ... No, not because "the gun" scared her... Just her gaze involuntarily fell on a stunning view of neatly trimmed juicy genitals...

## **Chapter IX**

### **"Restart"**

#### **(Part 36 2/2)**

**..Annette continued her crazy attack, taking advantage of the teacher's confusion ...She gracefully (like a doe) approached the frozen stranger on her 6 inch heels and suddenly began touching her breasts ...**

**"Natural" ...**

**- What the f...!!! Miss!!! Who you are? What are you doing???! I'll call the police now!!!!!!!!!!!!**

**- Who am I? Annetta Heels! Have not you heard about this name before? Just their new professor of literature... - Folks!!! listen to my fourth rule !!! A real literature professor should have fake boobies!!...**
