

## **Chapter IX**

### **"Restart"**

#### **(Part 37 1/3)**

- Miss Swanson, I can not understand what happened to you?!!! And honestly it really scares me! You have always been the best student in your group! not only your exemplary studies, but also your exemplary manners! Only positive reviews! We had high hopes for you! And what I see now! What is this outfit? Is there a brothel here?!!! Mrs Fowler came running to me in tears! Why did you disgrace her in front of students!... Mr Hinton's annoyed voice didn't stop for a second...

...The agitated Dean of the Faculty walked around the room and waved his arms so intensely that he really looked like a crazy Fuhrer ...Questions, exclamations, remarks and reproaches followed one after another in an endless stream of machine-gun shots...

...But Anna did not listen to this man at all... She just had fun from all this ... The carrot was much more interested watching Danny's emotions ... poor, poor, devoted boy... It seemed that his heart attack or stroke was somewhere near.

- Mr. Impy, maybe we should calm our poor boy a little?!"

- Of course, Annie, you see for yourself, he didn't leave you alone with this Fuhrer!

... Her playful clawed paw imperceptibly slipped in the direction of his pants... But at that moment Mr. Hinton suddenly stopped his monologue...

- Daniel, may I ask you to leave the room... I need to talk to Miss Swanson one by one...

## Chapter IX "Restart" (Part 37 2/3)

**...The dean was finally tired of walking around the office and fell into his chair...**

**- Miss Swanson, I don't even guess what to do with you...**

**- Heels...**

**- What heels?**

**- I'm Miss Heels, not Swanson...**

**- Oh Lord, this is some kind of crap...**

**- Mr. Hinton, if you don't know what to do with me, it seems to me that I know... - now her voice sounded really slutty like never before ... Yes, the baby tried to play her role as professionally as possible... She jumped onto the table and, as a predatory puma, slowly began to approach her victim...**

**- mmm... I feel smth special... Mr. Hinton trust me... we can easily solve all misunderstood...**

## Chapter IX "Restart" (Part 37 3/3)

...The botoxed little slut wanted to unzip the dean's pants, when she suddenly heard that the door was opening ... Damn, she completely forgot that the door was not locked!

- Mr. Hinton I just want ask... Oh my Gosh!!!

...Awkward moment... Seems this was already the second shock of the day for Mrs. Fowler...

- Miss Swanson you are expelled !!!

...Mr. Hinton needed to save his reputation ...

## Chapter X "In da club" (Part 1)

"Expelled... Expelled... what's the f\*\*\*!!!!", - Anna continued cursing and grumbling inside herself, despite the fact that she was no longer in the University, but already in her favorite boutique... "Fuckin' bitch..." - and it was not addressed to Mr. Hinton ... the baby didn't hold it against the dean at all, she was sure that she could find a common language with him, and most likely he was not going to kick her at all... and not only because she wanted "to pleasure" this man... "But this f\*\*\* Mrs. Fowler!!! ... Yes! it was her fault... No sense of humor ... Curious rat! Why did she open this damn door????!!! ... Oh-ho-ho!!!!... I definitely need these boots! There is nothing like this in my slutty collection..."

...The boots were really amazing ... 6 inches platform ... Natural nice leather ... But the price !!! ... 1100 dollars !!!!... Good old-fashioned Anna Swanson would be crazy if she saw such a price tag ... about two monthly salaries that Linda paid her!!!!... But for Miss Heels, this did not seem to be an obstacle ... She was absolutely sure that any investment in her appearance will bring dividends... sooner or later...

## Chapter X "In da club" (Part 2)

"Hell! And where is my brave little boy?!!!"... The baby was really bored being in the apartment alone... without Danny...

...Anna was so accustomed to him in recent weeks, that she really began to worry ...

"Where did he go?"... He always came home at 6 pm ... But now it was already about 9pm...

...After all, he is really her only friend ... It's a pity that he is so ugly...

...Nevertheless, she really wanted to thank him for his support, wanted to dance for him the hottest striptease, wanted to drink champagne with him ... wanted to celebrate the beginning of her next new life...

"I wonder what he will say about my new jacket" ... Yeah, her new leather jacket (bought along with the magic boots) deliciously wrapped her new 800 cc, making them more visible, rounder... sexier ...

## Chapter X "In da club" (Part 3 1/2)

...42 ... 43 ... 44 ... Anna wanted to do only 50 reps of crunches, but even this light exercise was rather hard for her... 47 ... 48 ... The baby was very weak after her last surgeries... And her new tits! As if two heavy dumbbells were placed on her tiny chest... abs burned with fire ...Nevertheless, Anna could not afford herself relaxing... She lost too much time with all this chaos of moving ... hiding ... and rehabilitations... She wanted to get back in shape as soon as possible ... "I wonder who needs a dancer who can't take her legs off the floor ... And this damn fat on the belly..." ... And what if she'll fall from the pole stage again? No, no and NO!!! Her self-esteem will not be able to endure another shame...

## Chapter X "In da club" (Part 3 2/2)

...49... 50... Yes!!! Anna strained her abs as much as possible to keep her body in the upper range of motion... The burning intensified ... With shaking hands, she took her smartphone... It was not easy to press the button using her fake 1.5 inches claws... but she still managed it...

"Great selfie! Danny should like this! Damn asshole ... why doesn't he call me?"

## Chapter X "In da club" (Part 4)

..Surrealism .. An empty gym ..  
Bright unnatural light of  
fluorescent lamps .. Fake silicone  
doll on the crossbar... Total  
surrealism ..

..If someone entered the gym at  
that moment, he would be sure  
that he was just sleeping...

..The young silicone doll that hung  
on the crossbar was helplessly  
jerking her legs dressed in shiny  
sexy leggings & shod in crazy  
supersexy heels...

..Her tiny nipples saucily shone  
through the top, which could not  
hide her obviously fake balls ..  
such slutty top could not hide  
anything at all .. Any normal  
woman will never wear such  
harlotry in a public place... But it  
was Anna .. Anna has always been  
different from normal people...  
just now it was especially  
noticeable...

"But why am I so weak ???!! Even  
at school I could pull myself up  
twice!" .. She tried to make  
another effort .. But no... Her  
battery was low... The baby was  
mad at herself .. She remembered  
how strong was Linda... And  
Annette became jealous... She was  
jealous about that despite her total  
transformation, she still could not  
become equal to her beloved  
bitchy mentor...

## Chapter X "In da club" (Part 5)

...Where else could Anna go after her training sessions? Of course to the Andrew's parlor!!! It was already her favorite route...  
...One part of her body still remained clean... The new idea to get a leg tattoo came to the slutty doll when she was choosing her next heels on the Web... She even made some test pencil drawings... But of course, Andrew's golden hands could do it much better... The baby came here for a new tattoo ... although ... not only for this ... she wanted something more from her bony friend...

-Andrew, it seems that I was expelled from the University ...

- Really?

- I don't know for sure yet ... But I don't want to go back there ...

- But why?

- Thanks to your pills ...

- Wait, did you decide to use them in the University?!! You're crazy! You said you need them for dancing!

- I just wanted to feel a little more confident ... But as if I lost my mind ... Ha-ha ... I harassed one female teacher and tried to suck the dean ... Ha-ha ...

- Damn it, Annie!

- I know, I know ... I'm crazy! But I asked you to get me some nose candy, and you said me that these pills are much better ... They don't fit me at all ... Haha ... Andrew... But I know that you have what I need! ... snow, Andrew, snow...

## Chapter X "In da club" (Part 6)

- I know you have it! I know u have!!!... Hey, Andrew are u listening me? Andrew, my boy...

Of course, Andrew heard her, but he couldn't understand any words... his mind completely turned off ... he could only think about these huge boobs ... boobs ... in real life he had not yet seen such boobs, and the fact that he can use them right now, really drove him crazy...

- Andrew...stop staring at my tiny balls, little pervert... Otherwise, I'm leaving now...

... Poor Andrew hardly swallowed a huge saliva: - Annie, I'll find, I will definitely find, everything you want ...

- This is what I wanted to hear from you right away ... Now you can stare as much as you like ... lol... My good boy ... Your Annie is pleased with you...

...With her bare knee she felt that a hurricane was beginning in Andrew's pants ... And it was a cool feeling that it was SHE who caused and controlled this hurricane...

- By the way, how is your little friend doing? - she smiled so predatory and her question sounded so mockingly...

## Chapter X "In da club" (Part 7)

....With unexpected cat agility, she threw off her new dress, remaining herself only in the slutty heels... (and be sure that she was not wearing any panties)...

...Her sexual pressure was so strong that Andrew could no longer belong to himself... The hurricane in his pants reached the maximum category when the baby pressed her naked freshly updated balls to his thighs. In one moment, his "little friend" was captured by this crazy cougar. Andrew's happy dick felt how the implants were moving under her soft skin... The boy was on the edge of the orgasmic abyss...

...Anette had never used her tits like this before ... Probably because her previous size did not allow to do such things... But now!!! Now she could definitely include this trick in her slutty repertoire. Yes, it was cool ... It was incredibly cool to realize her total feminine power...

"I know that Andrew will be able to give her little Annette what she wants so much ... Am I right?"

## Chapter X "In da club" (Part 8)

...The cougar stopped her predatory attack as suddenly as she began it... She silently put on her new slutty dress and headed for the exit...

...Andrew's heated consciousness didn't realize what was going on at all... it was some kind of mockery on her part...

- Annie WTF?!!!

- Nothing personal Andrew, just business... Joke! ha-ha... Honey, I just want to motivate you... I want you to understand, I'm not an easily accessible sex toy... As soon as I get what I need, you will get what you need and even more ... Call me ...

...Poor Andrew couldn't find the answer... He was shocked and only his huge erect member still did not lose hope ... but, but, but... These legs in crazy heels were already near the door ...

- Beautiful win, Miss Heels...

- Thank you, Mr. Impy...

- Just look at him... I even feel a little sorry...

- Me too, Mr. Impy... Andrew is a good guy... But! But! But! Let him suffer a little... He-he ...

## Chapter X

### "In da club"

#### (Part 9)

...It was that beautiful September day when the summer hadn't yet surrendered under the pressure of the northern winds, but the trees were already beginning to light up with autumn colors... Oh! this unique charm ... This transparent, but at the same time still warm air ...The perfect time for romantic encounters... Perhaps even better than crazy May nights...

...But Miss Hills had her own ideas about the beauty ... This perfect day the Baby stayed home after yesterday's portion of beauty injections (added some volume to the cheeks and lips) and was trying hard to regain her dancing skills ... there was no beloved coach next to her, but Anna had a YouTube ... Countless tutorials opened for her a whole universe of pole dance, lap dance, Go Go dance... the main thing is to have motivation!!!

After two hours of training, the little girl finally decided to take some time off and to surf on Facebook... She opened her profile and saw 2 new messages ... It was Danny ... In the first message she found a link to Mrs. Fowler's profile ... And in the second there was only one word - "Vendetta"...

"Hoho! Wow! Danny!!" ... Anna clicked the link and immediately noticed a happy wedding photo ... "This fuckin gray mouse has rather handsome husband! Oh, Danny ... my good boy! Vendetta means Vendetta!"

## Chapter X "In da club" (Part 10)

...The door was closed ... But the sounds of the "raging" nightclub "Wasp" freely penetrated into the dressing room... A slight chill tickled the delicate skin between the shoulder blades...

What is it? excitement? uncertainty? ... No... It was like an anticipation of something new ... an anticipation of some adult independence

... Anna was completely alone here and she tried not to think about her past failures ...

She was completely sure that today everything will be different ...

Of course, the baby "scooped" her confidence in a long-lasting "snow charge"... but not only nose candy helped our little girl... Her unhealthy thirst for revenge also gave her a lot of power... This wedding photo... Miss Fowler's happy face...

## "In da club"

### (Part 11 1/3)

...The debut of the crazy schoolgirl in the "WASP" couldn't remain unnoticed... This "little thing" with her firm boobs stood out on the stage and definitely attracted the views of many visitors... It is impossible to say that her movements were perfect and that her choreography was filled with some complicated elements (Anna just was afraid to fail)... But this magic combination of silicone breasts and the youth mad energy successfully masked all the flaws of her performance... Anna tried to be as erotic as possible... and she really was rather sexy today! Even despite the portion of dope, the baby could completely control herself ... Unexpectedly her head was so fresh and clean ... There were no disturbing thoughts... Only the desire to do everything as best as possible... all these unfamiliar faces around merged into one pale spot and couldn't confuse her at all... Here she was completely in her element...
