

There are many old legends about this house, Jeb.

I don't know about this, Gio...

Are you scared? Seriously? Come on! Let's take a peek inside.

Of course... not! Could you tell me what exactly were those old rumors again?

This was the house of Bethany Elisabetha Zeiglar, she was one of the last victims of the Salem witch trials. It's been said that any lonely heart that happens upon this place will have their wishes granted. Alright, can we go in now?

Hmm... well maybe we should put that legend to the test? It'd be pretty funny, right?

I wish that Gio would become my dumb, horny, slutty bimbo girlfriend!
