

There are many old legends about this house Jeb.

I don't know Gio...

What? Are you frightened? Really? Come on. Let's take a peek inside?

Of course...not! Can you tell me the old rumors again please?

This was the house of Bethany Elisabetha Zieglar. She was one of the last victims of the witch burn here in Salem. The rumor says that the wishes of a lonley hearth will come true if it say this wish out loud in front of the house. Allight, can we go inside now?

Hmm...maybe we should try it out? hehe, that would be funny.

I wish that Gio become my dumb, always horny and slutty BimboGirlfriend!
