Haunted Mirror

Maybe I can find some ancient relics or cursed objects in this old antique shop

This store has so many different mirrors... I wonder if one of them is cursed

There are myths about mirrors trapping souls when people die... They also say mirrors are portals for the souls of the deceased

You couldn't be more correct sweetheart

I know...
Some people think it's all ma....

WAIT...
My reflection
is talking to me...
Is this
real life?

It sure is beautiful... Speaking of real life... I'll be taking that sweet life of yours now

Another slow day for my grandmother's antique shop... People these days probably don't care much for antiques

AHHHHH....
HEEEELP!

...Hello! Is... Anyone there?
That was a female scream... I need to check on her

Erhmm...
Are you alright?
I heard a loud
scream from
over here

Ohh...
Sorry about
that...
I just saw
a spider

Ohh
I see...
I'm glad
nothing serious
happened

Would
someone
like her really
be scared
by a spider?

Sorry
I worried you...
I'll take my
leave now

Ohh...
Before I leave
you should
be careful
around the
mirrors

Ohh...
Ehmm...
Sure...
I'll be
careful

Finally! I'm free from that prison... I can finally move around... Breath and feel again

This world sure has changed since I was last alive

All of this girl's memories are so full of things I've never even heard of or seen before

Finding a vessel that has an aptitude for mana and magic was harden than I thought...
But to think I would end up inside a female body after so long

According to this bodies memories... The name of this body is Raven... Not bad... I'll keep that name going forward

Back in the Antique shop

HELLO! Can anyone hear me? Please get me out of this cursed mirror

This living space is certainly a reflection of Raven's personality...
At least according to her precious memories

In my old male life I spend all of my time studying dark magic

I never got to truely experience the wonders and pleasures of females

But thanks to my new body... I can explore the female body all I want

Well hello there... What an amazing body...

That old witch that always pestered me... would be super jealous of this body

Hehe...
Lets take
a closer look at
these goods
shall we

Uhhh...
So this is what female breasts feels like... they are so soft

Ahhh...
I feel an odd
tingling sensation
when I touch
my nipples

How interesting and very stimulating... The female body is very interesting

Raven's body sure has some desirable curves in just the right places

I really hit the jackpot when I got my hands on this body

Wow
What a sight
to behold...
To think this
is my body
now

Ahhh! What an odd... Yet pleasant feeling

Ahhhh...
I can't stop...
This pleasure
is so
intoxicating

Ahhhh...
All of... These new... Feelings... Sensations... Rushing through my body

Ahh...
Ahhh... I can't hold out much longer... I'm getting close

Ahhh...
My lord...
That was intense...
I could get
used to this
pleasure

If masturbating felt that good... I wonder what actual sex would feel like as a woman

The next day at Raven's Highschool

So this
is what
a school looks
like after
400 years...
Interesting

Time for me to put my new body and my magic to "good" use
