

Xiao Ming, I'll watch TV here as soon as I come back  
, Go and take a shower, go do your homework after taking a shower!

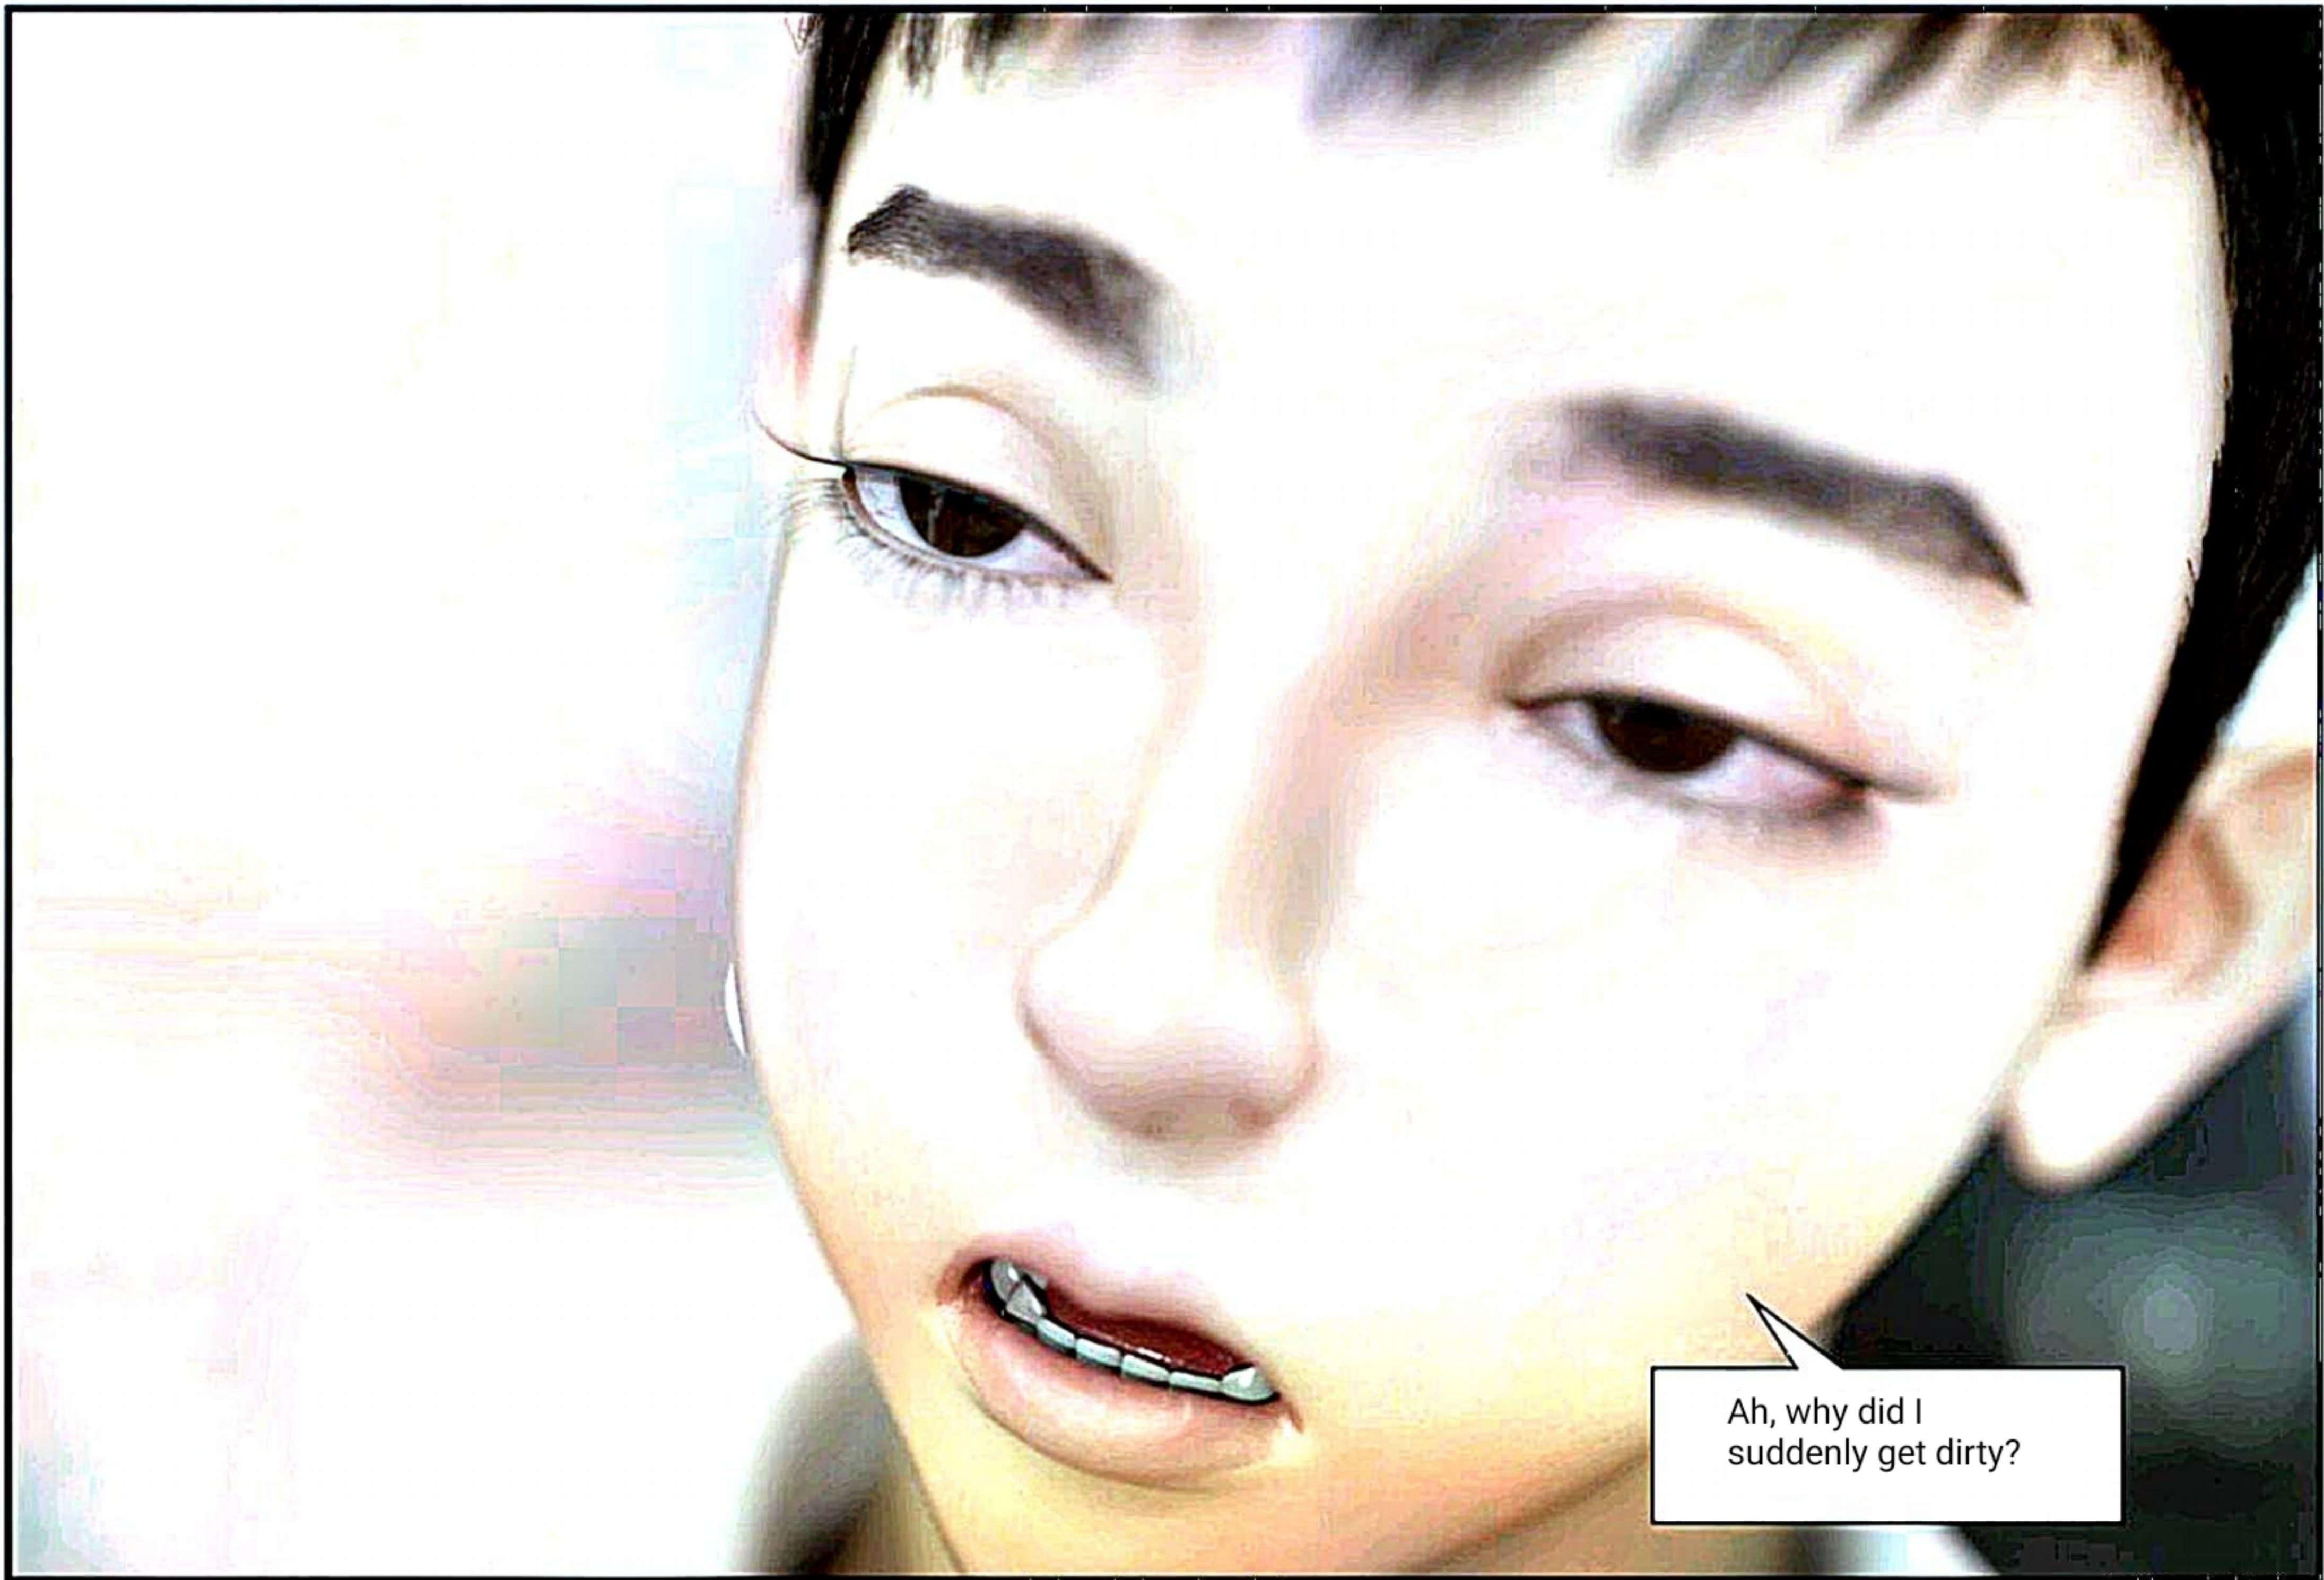

AB

But today is Friday, Mom.

If you insist on letting  
me go, mom, please help  
me~

Ah, why did I suddenly get dirty?

Xiao Ming! What did you do?!

Me? What's going on?  
I don't know! I just  
talked casually...

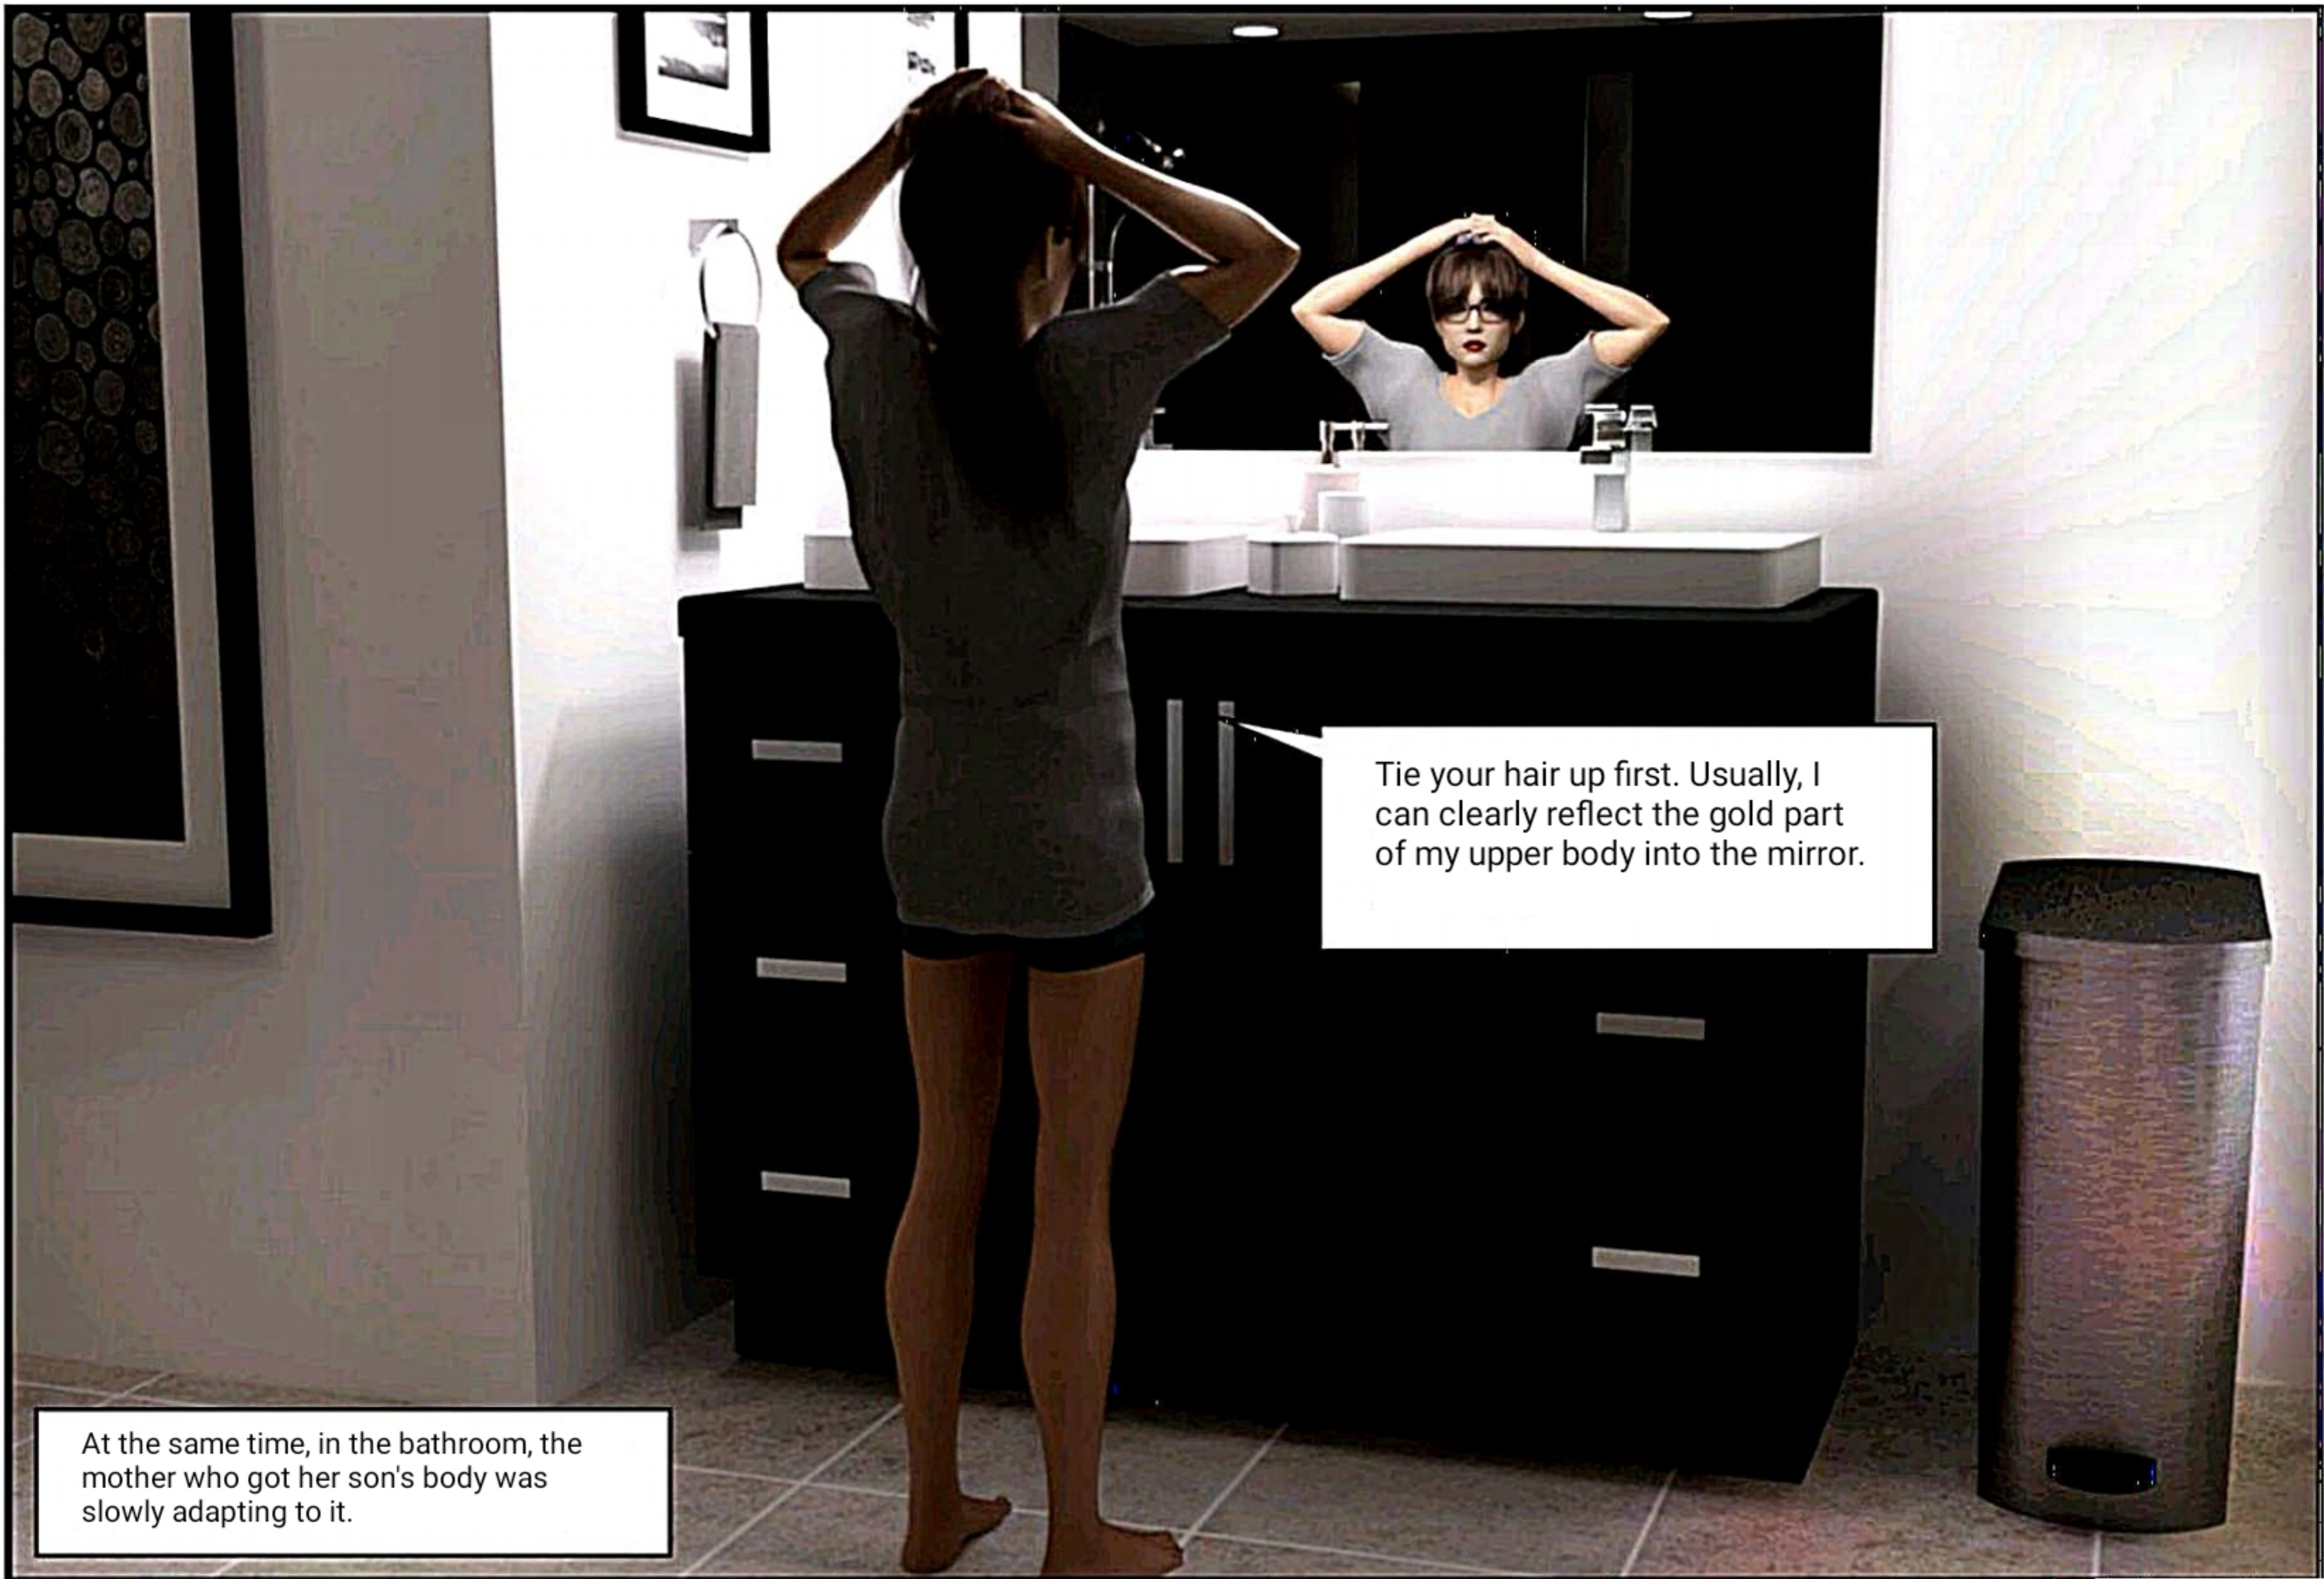

ARC

Hehe, mom really helped  
me take a shower. I went ~  
Then I'll find my mother's  
Body.

Wow, is this the body of a mature woman?  
I'm now a lady, and I'm giving it to you.

Tie your hair up first. Usually, I can clearly reflect the gold part of my upper body into the mirror.

At the same time, in the bathroom, the mother who got her son's body was slowly adapting to it.

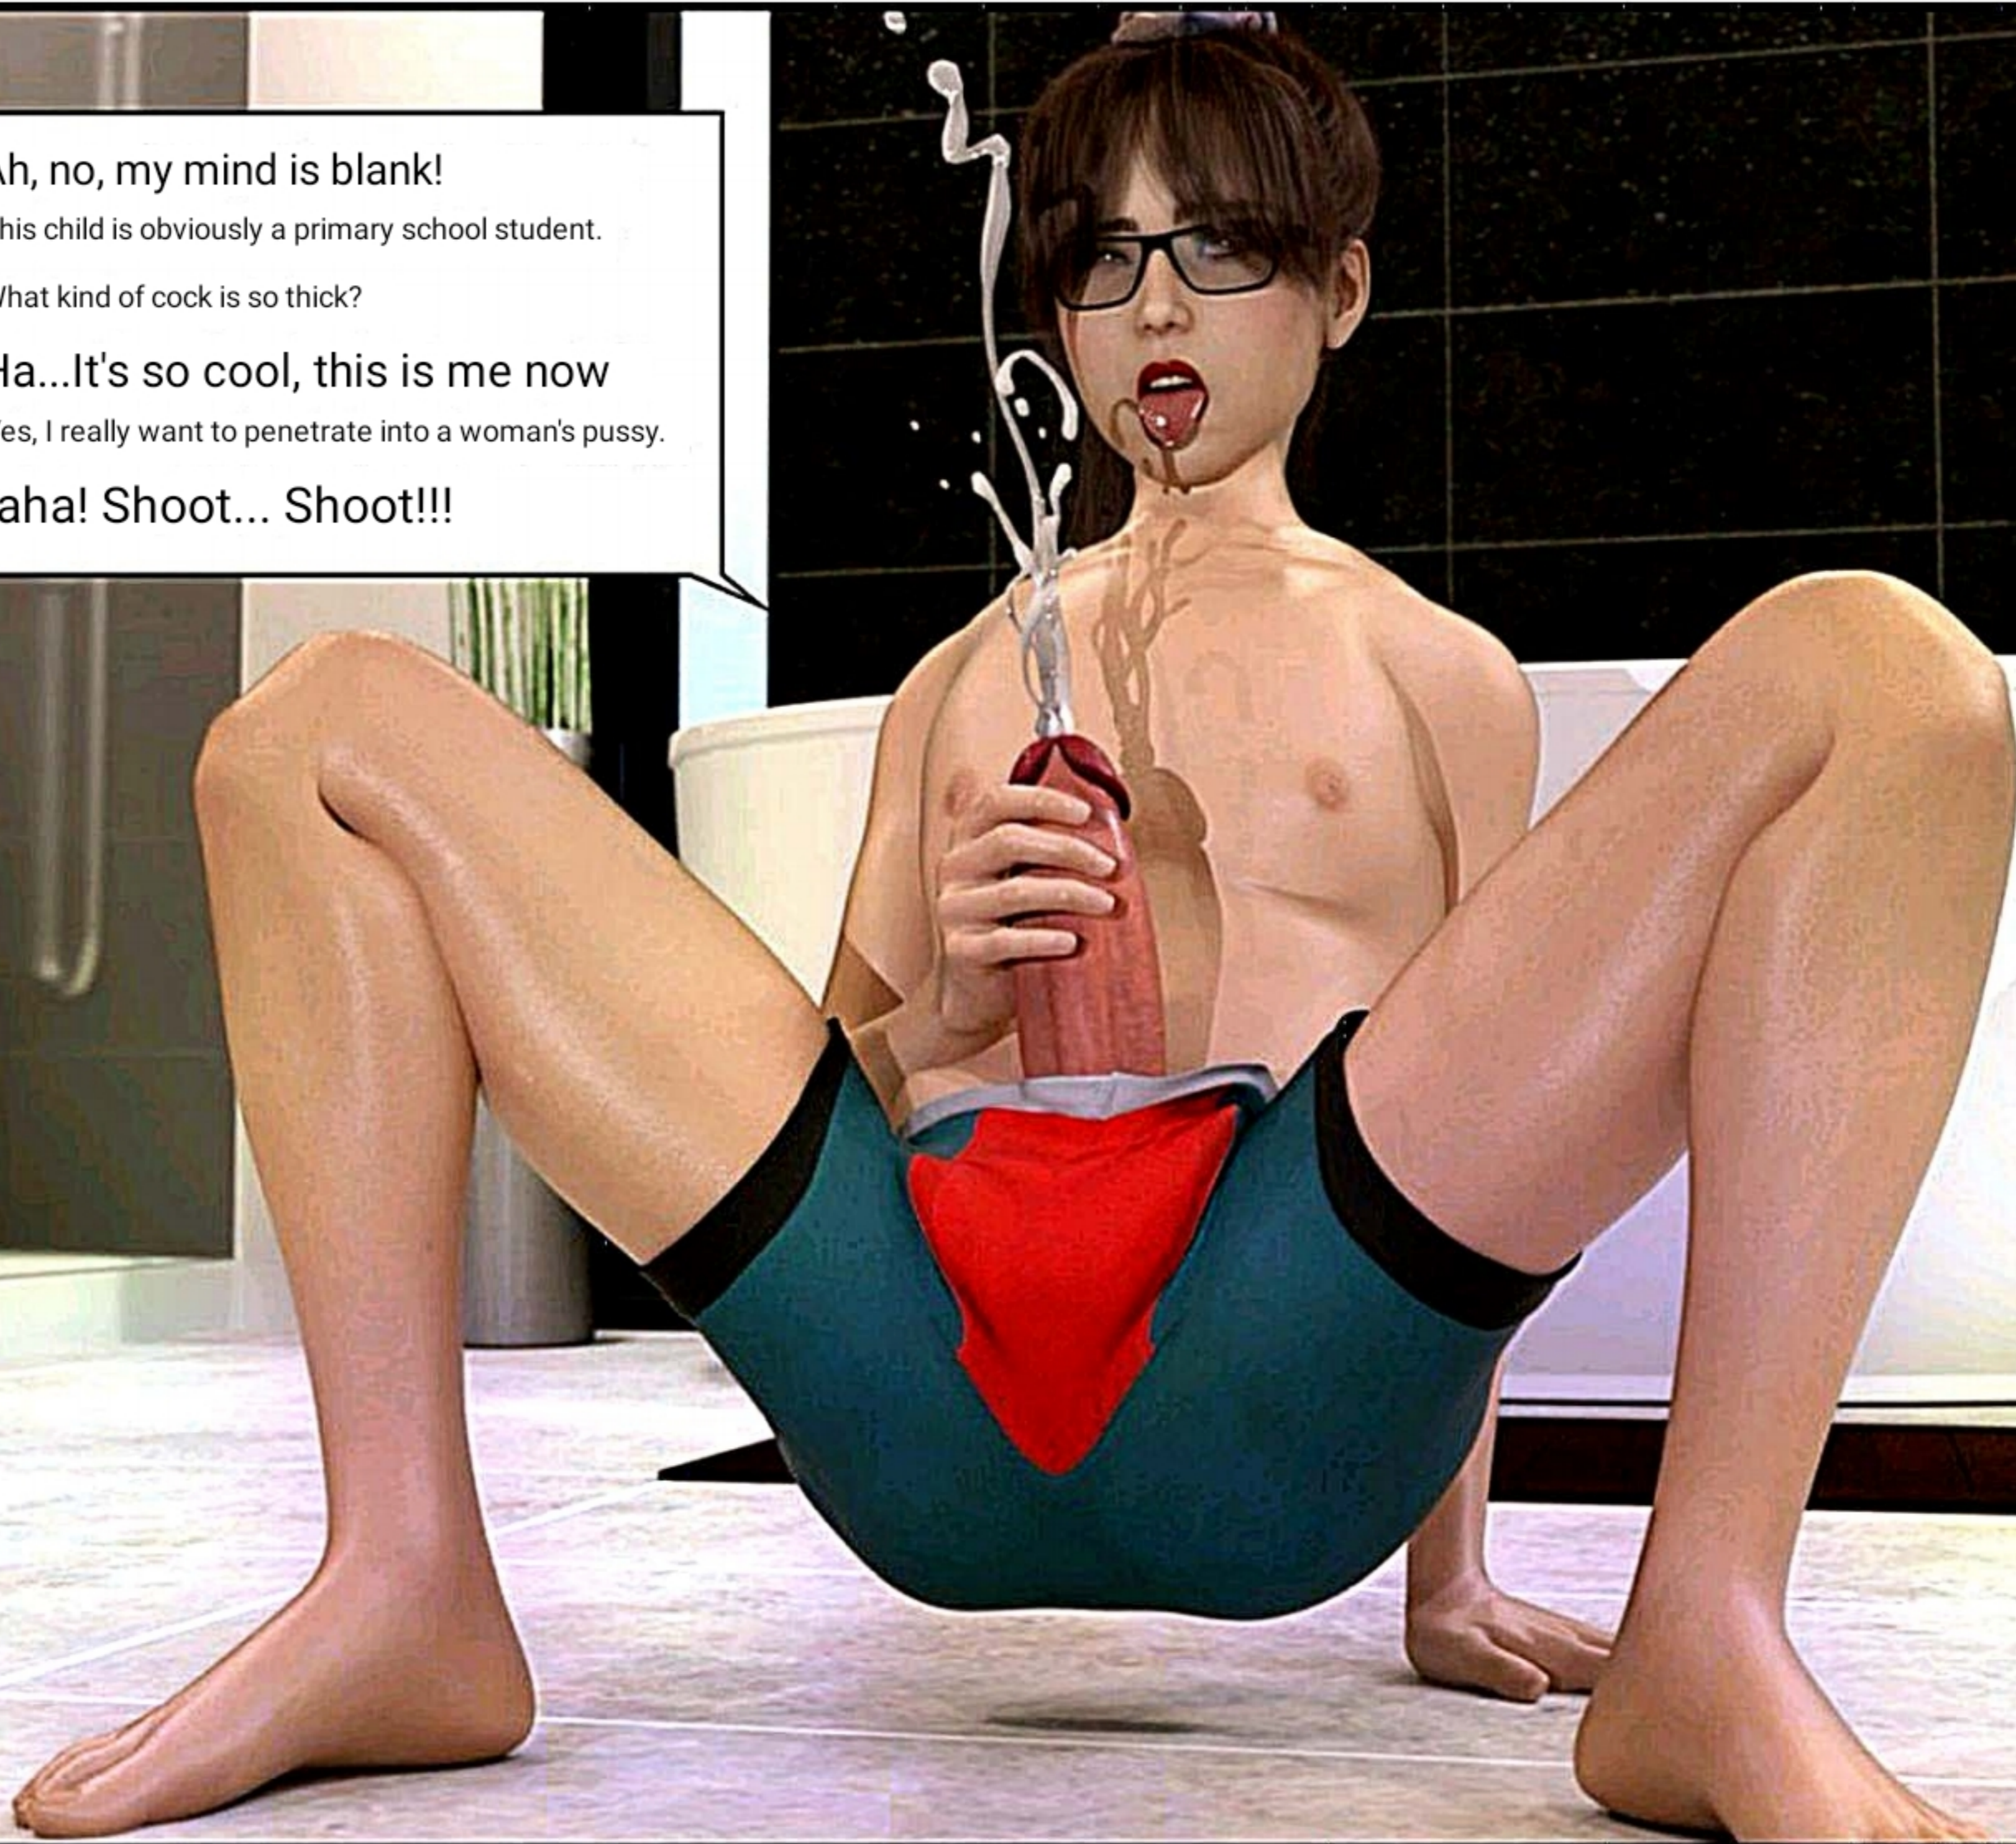

The body has really become Xiao Ming... I have become a child, everything around me is It looks so tall. My breasts are flat...

Why can't it come out even though it's obviously bloated? Could it be that it's because... I have to rush it first?

Ah, no, my mind is blank!  
This child is obviously a primary school student.  
What kind of cock is so thick?  
Ha...It's so cool, this is me now  
Yes, I really want to penetrate into a woman's pussy.  
Haha! Shoot... Shoot!!!

Turning out my mother's stockings so quickly  
Wear it? How about the pole, women's stockings  
Is it a slump?  
Here is a little taller when my butt is slapping, mom is now  
Use your cock to make you feel good.

Mom, is this pole OK?

Very good, Xiao Ming, he has the talent to be a woman.

Ah! What a bad house, mom! My body has become so strange!

How about it? Mom is feeling well.  
Xiao Ming's cock also makes his mother very happy.  
No, mom is going to cum!  
|Ah, it feels so good, my mother's body is given to Xiao Ming,  
Is Xiao Ming's health also good for his mother?

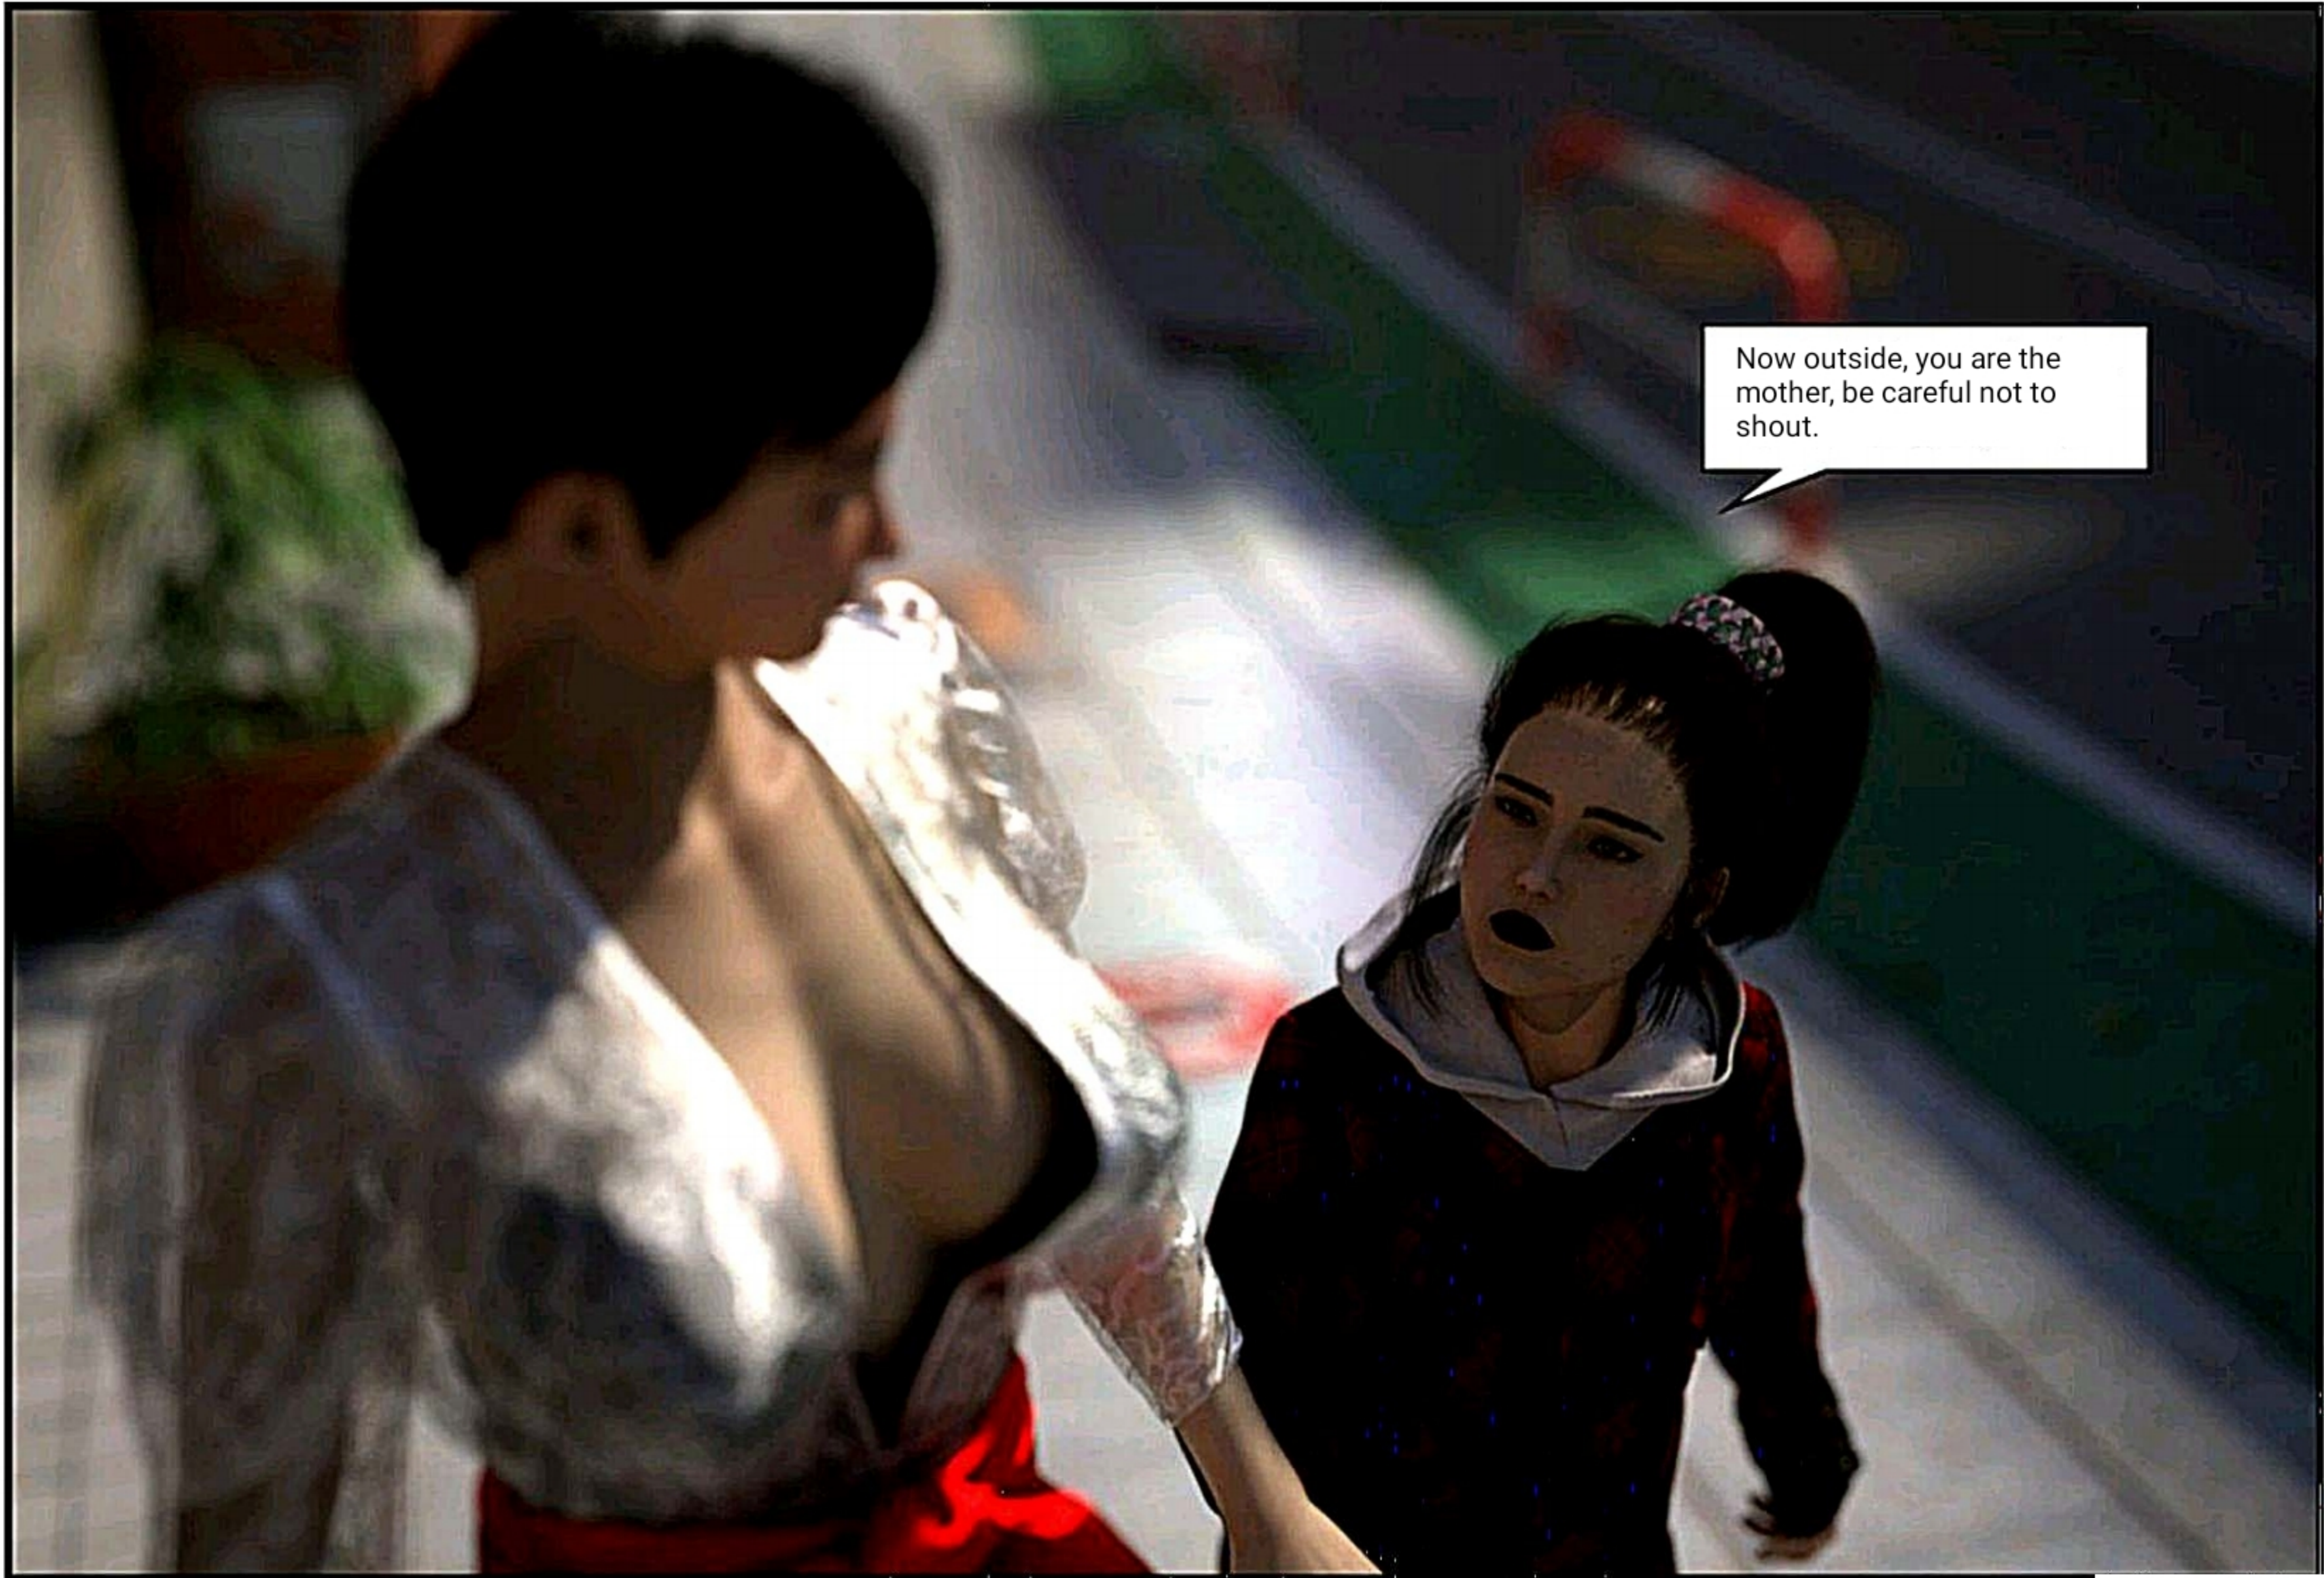

|Ahhh~ OK.  
I also want to always have my mother's body.

Mom, I... scared...

OK...I'll give it a try

Be more natural, don't look around, assuming someone will notice you. We went to the barber shop to do it later, and there would be even more problems with our hair. You are more confident.

Now outside, you are the mother, be careful not to shout.

Well, Xiao Ming, mom knows.

That's right, mom

Sun

|Look at your Xiao Ming, your mother always asks you to pay attention. |Now, I don't know if it's me after the child is born

My son is still my younger brother.

ARC

|Give me peace of mind! It's enough for my child anyway. If you don't let you experience the difficulty of giving birth once, how can you feel like a mother? You can raise your baby well and give me the baby!

I know, it's true ~
