Hey
Leon.

Our guy keeps his eyes on the watch... and almost falls out of his chair when Margrid enters the office just as the clock is about to strike 5 o'clock...

Surely this was just a coincidence!
She would not really... do what he has written... now will she?!

We join our guy after a long day at university at his father's company, where he waits for his father to drive him home.

My father's pretty high up
the ranks in his company...

Hey,
Lin.

Mhm...

But that does
not mean
everybody at
the office
likes me...

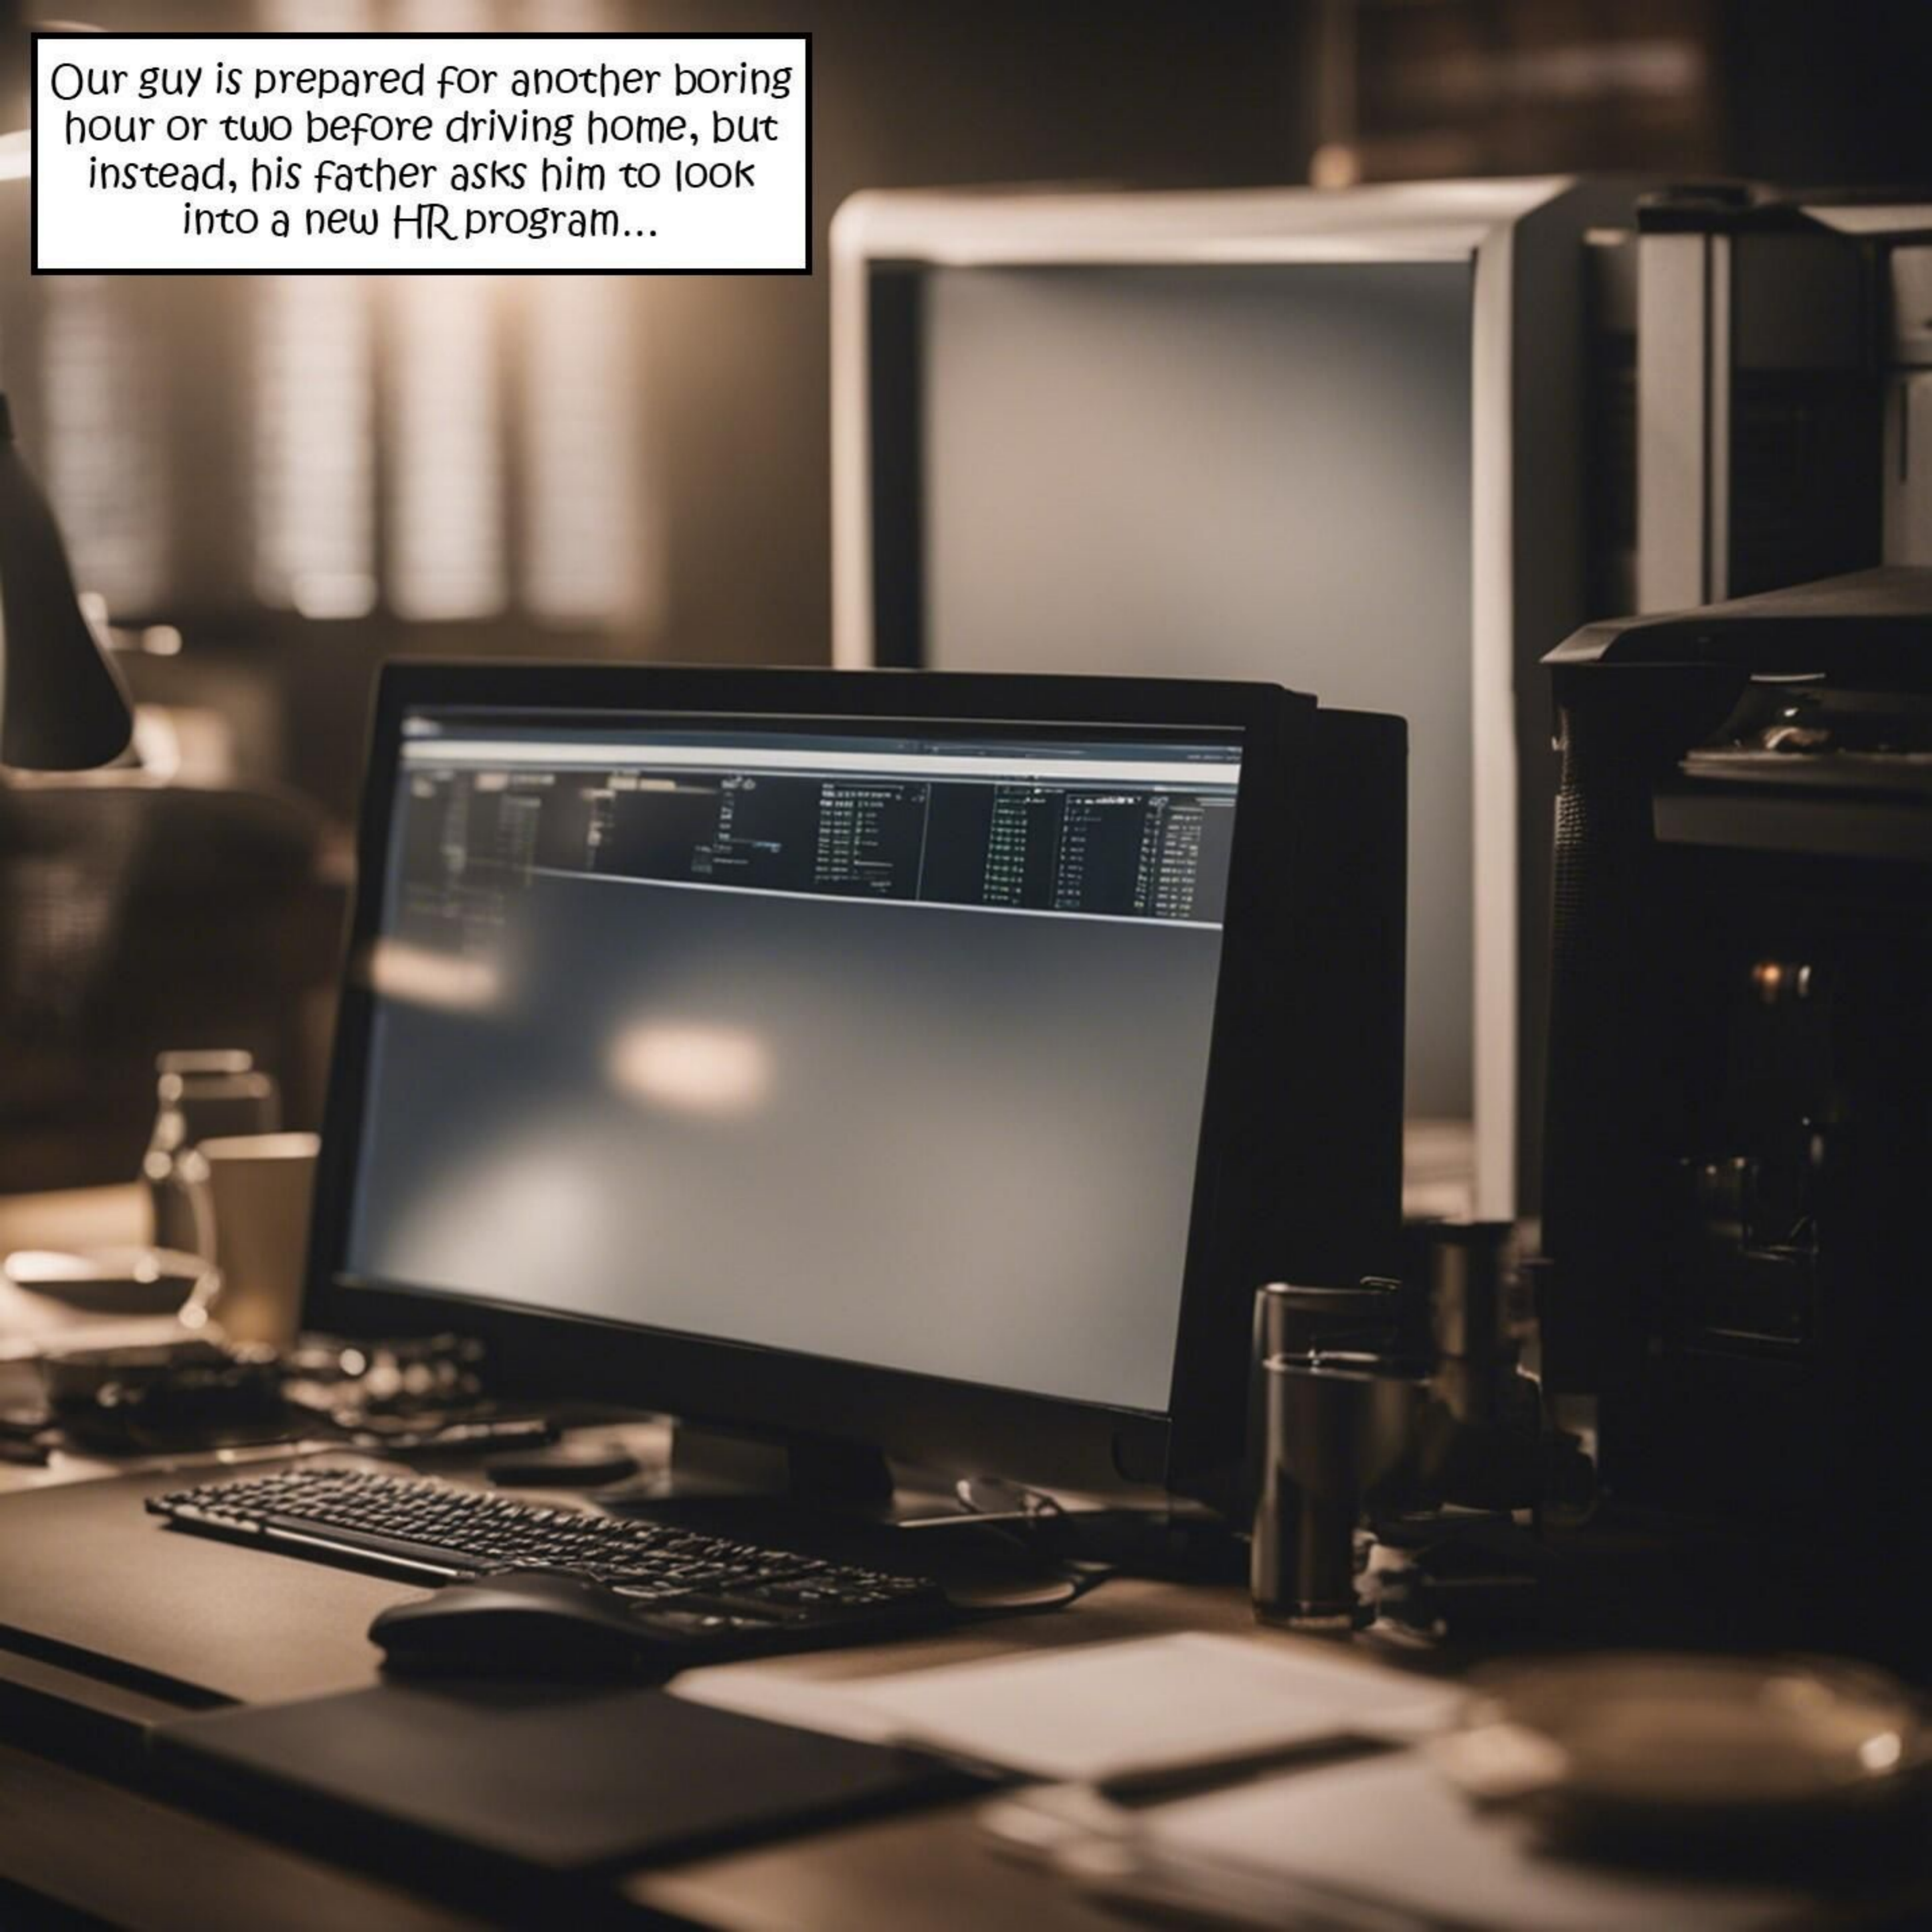

Seeing as he's the son of an area boss there, most employees treat him rather nice there. Especially Margrid, his father's secretary.

Hello, Leon.
Your father is currently on an important call.

Please wait outside until he is finished.

Sure, Margrid.

Our guy is prepared for another boring hour or two before driving home, but instead, his father asks him to look into a new HR program...

The Program is pretty weird... with options...
that simply can't be okay for a corporate HR
program? Right?
