It's 10:30 in the morning... I know...  
that's not too early... but I've been up  
late last night... and I'm tired...

My alarm rings without mercy...  
And gloomily I swing my legs out  
of bed and stand up.

NEXT

As I exit my room, I encounter my flatmate, Steven. We are both students at the local university, and we have been sharing this flat for a year and a half now. He's a chill guy and we get along well... aside from him bringing home chicks on a regular basis... and making way too much noise in his room with them...

Morning!!

Off to class?

NEXT

I nod towards Steven, still tired as fuck, and leave the apartment.

I take the subway to university...

NEXT

Thanks to skipping breakfast, I manage to get to class on time, where my classmate Sophia greets me.

Heya.

Sophia and I are good friends – having almost the same curriculum, we are study partners on a regular basis.

**NEXT**

I greet her back, but before we can slip into some small talk, Professor Martínez struts into the room. She has an incredible butt!

NEXT

Prof. Martínez is a very attractive woman... with an ample bosom, wide hips, and a sexy Latin American accent.

Buenos días, group.

NEXT

She starts her lecture... and Sophia participates quite a lot... but I find no enthusiasm to chime in...

[NEXT](#)

Prof. Martínez isn't a bad teacher...  
but her subject is not my favourite...  
and my mind soon starts to drift... not  
listening to what's going on in class...

**NEXT**

Drifting to more... amenable things... like daydreams...

Hola, Mr. Harrison.

**NEXT**

Do you like ogling my bum?

NEXT

Or do you prefer my big bouncy táticas?

**NEXT**

Meester.  
Harrison?

I asked you a  
question...

**NEXT**

Meester  
Harrison! I ask  
you a question,  
Caramba!

Ass!

NEXT

**Meester.**  
**Harrison!** If you gonna sleep in my class, why you come, pues?

**NEXT**

Well... fuck that was embarrassing. Thankfully, I seem to have slept through almost all the lecture, and the bell saves me from more of Mrs. Martínez angry glares as she leaves the classroom.

She indeed does have a very nice ass though...

NEXT

LOL! She  
totally got  
you!

NEXT

Did you play video games all night through again?  
\*chuckle\*

Guilty as charged...

NEXT

Well... \*chuckle\* you should probably show some remorse for the next few courses. Mrs. Martínez can hold a grudge.

Anyway, we still up for tomorrow? Study session at the library?

**NEXT**

Of course!  
10:00 AM sharp.  
I'll be there.

Great! See you  
then. I gotta  
run now.

NEXT

With those words, Sophia gets up and leaves the class in a hurry. She probably has another course, but I've some more time until my next class.

So, I grab something to eat from the cafeteria...

Before sitting through some more classes...

NEXT

Once my courses are over for the day, it's already getting late, but there is one more stop in my daily routine.

I enter the local gym and change into my sports clothes in the men's locker.

I've only started recently with hitting the gym... and I still feel kinda out of place here... but well... what you do to look good for the ladies...

NEXT

As I settle for my stepper, I watch this scene unfold before my eyes.

Yo, skinny little missy, watch where ya going!

... Sorry...

It was clearly the blonde chick's fault for them walking into each other... but the slender brunette apologizes... though clearly fuming on the inside...

NEXT

Even I know the blonde woman's name. She's Clarissa and she's kind of a monster.

NEXT

Just look at those muscles!

NEXT

She could break me in two!

NEXT

One time, she actually did  
beat up a guy I heard – and he  
was no whimp either.

**NEXT**

I'd be happy to have half...  
make that a third of her  
muscles mass...

Anyway... she might  
be dangerous... but  
she's also great to  
look at while doing  
your routine, I think  
to myself as I finish  
up my daily grind.

**NEXT**

I wash off the sweat in the locker room shower and take the subway back home.

I walk the last few minutes from the subway station to my apartment...

NEXT

When suddenly a courier guy drives right by me on his bike with back breaking speed. **On the sidewalk!** I take a quick step to the side, but kinda trip over my own legs and fall to the ground. **Damn bastard!**

But what is that? As I stop cursing that cyclist in my mind, my eyes spot something lying on the pavement in front of me...

Is that... a remote control?

**NEXT**

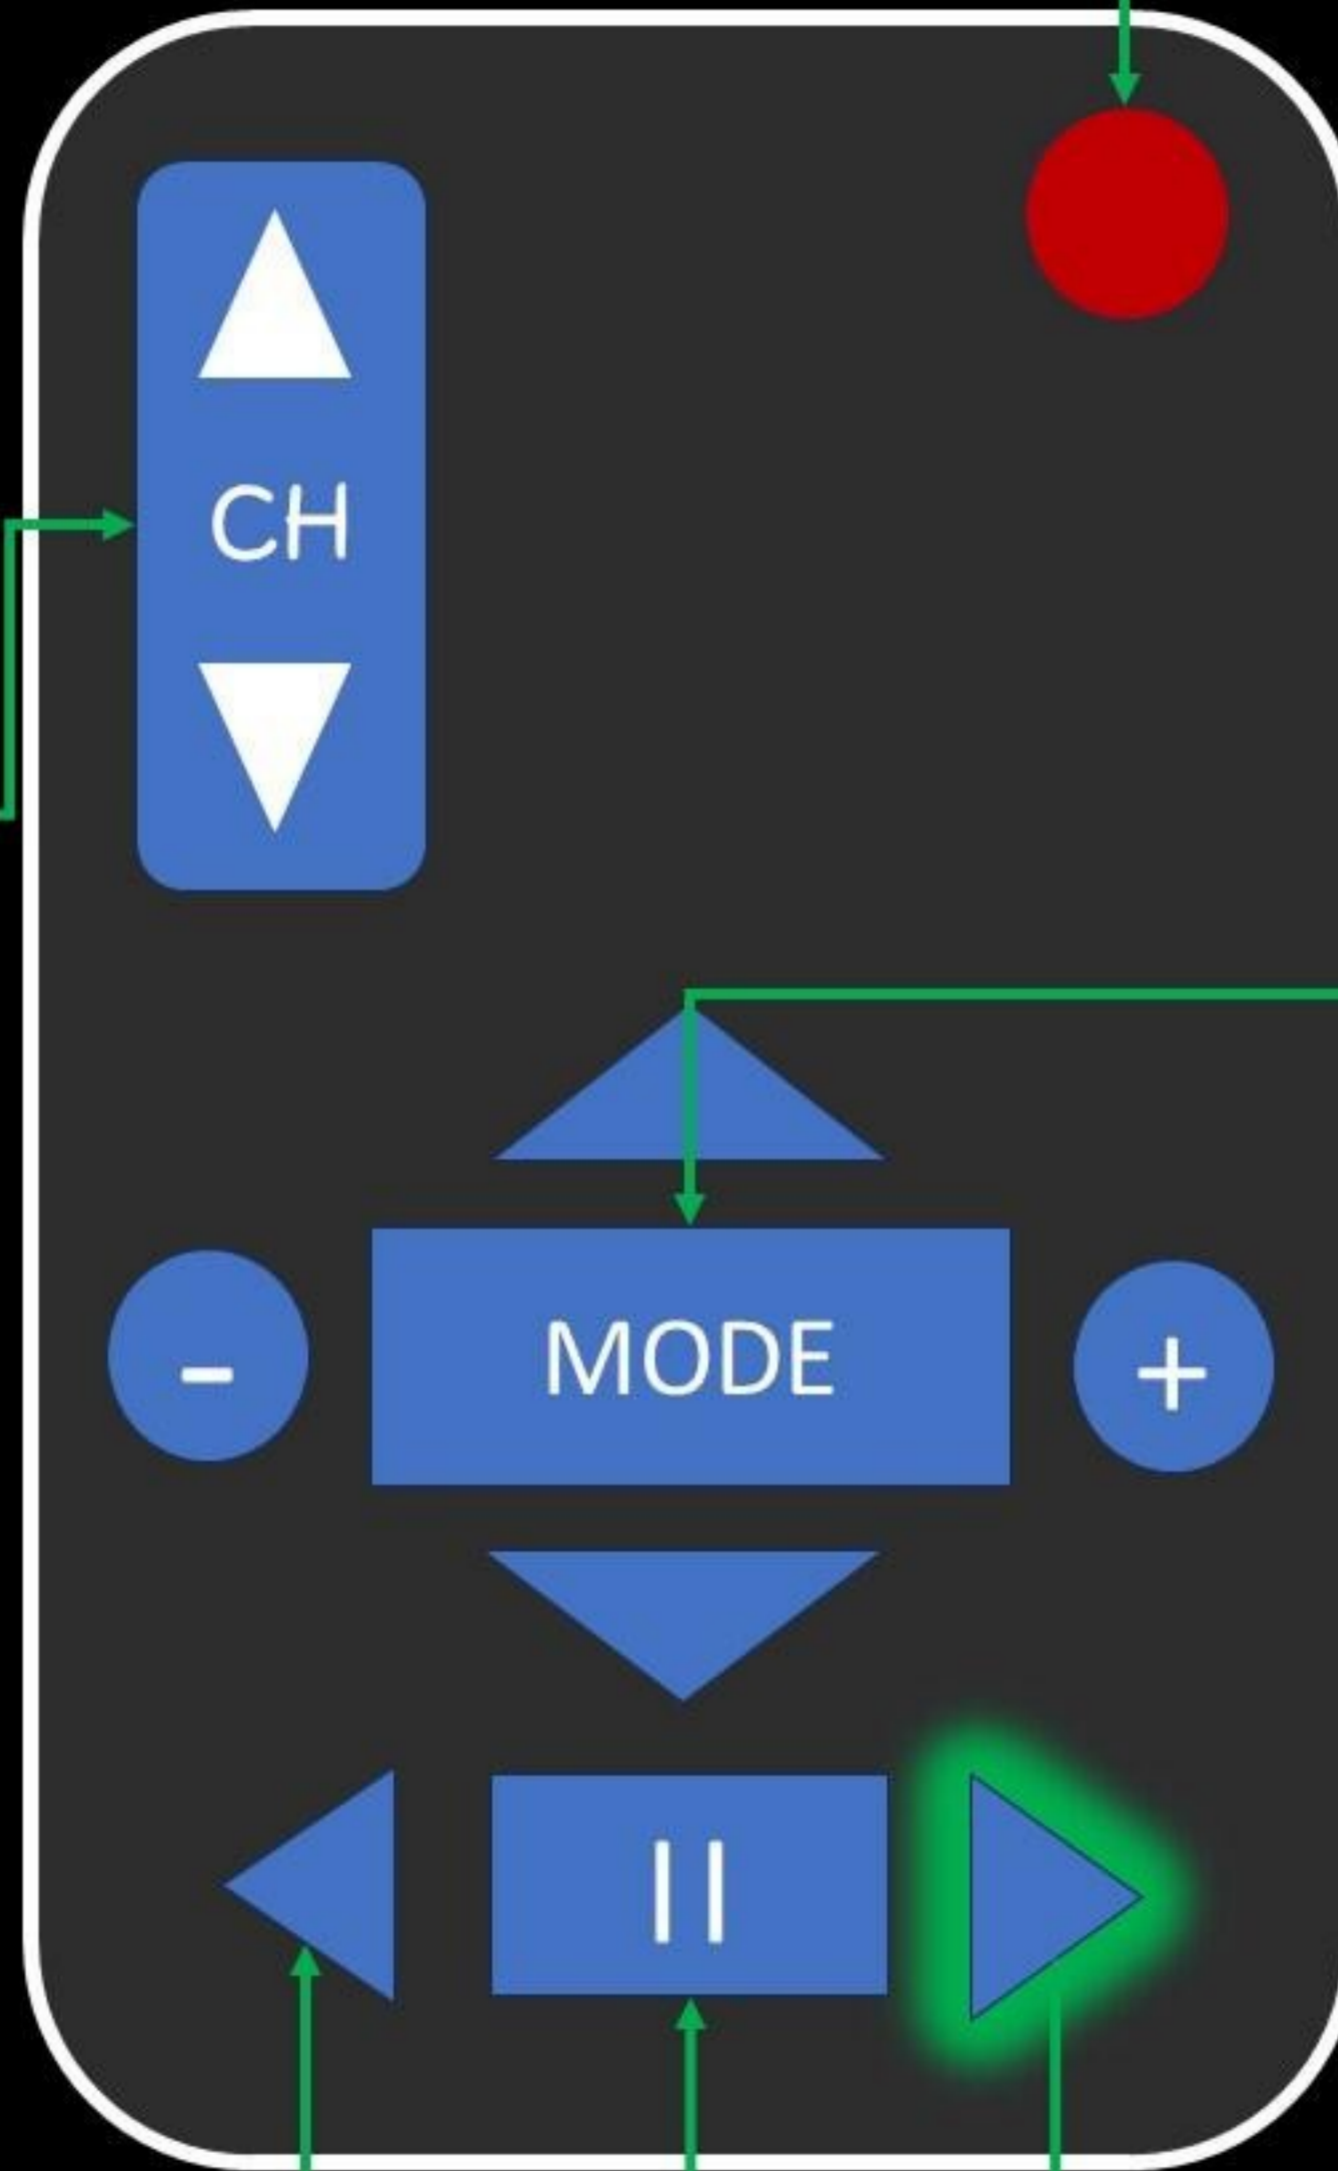

You have found the remote control!  
It will enable you to take control of your life  
in ways you'd never have dreamt about!

Connect to a target

The **Change Channel Buttons** switch your current situation to a new channel. Bored with your life? Why not turn it into a Spanish soap opera? Uncontent with how your date is going? Why not tune in to porn?

Use **Arrows** to **select an Attribute** of a selected target then use the +/- buttons to in/decrease said attribute.

Keep your eyes out for **green glowing buttons**. This indicates you can press them in your current situation!

**Pause time** around you.  
Rewind and Play/Forward.

The remote takes over huge parts of your life. From now on, use the **Play/Forward Button** to continue this story. If you understand and want to continue, press that button now.

I pick it up and pocket it before I keep on with my walk home. My knee hurts slightly from the fall, and I'm still pissed about people being so inconsiderate in public spaces...

I turn the key and enter the apartment. Phew! What a day... I feel exhausted!

As I head into the bathroom to get myself bed-ready - not wanting to repeat my mistake from last night - I notice the weight in my pocket and I take out the remote.

"Why did I even pick that crap up?" I think to myself as I head for the sink to brush my teeth.

*pssshhhhh*

Hm... what's that sound? Is Steven taking a shower?

Nope... that's not Steven...

pssshhhhh

Must be his most recent conquest... taking a shower after a steamy session...

Hmm?

Oh, crap! She's turning around!

Oh, Great! She's a screamer.

llllllkkkkk

My hand  
unintentionally  
fidgets with the  
remote as I try to  
think of something  
witty to say...

Hello. I'm  
Steven's  
flatmate.

I'm sorry. I  
did not know  
somebody was  
in here...

Okay... this is getting awkward... I try to talk myself out of this, but the girl just stands there... not reacting to my excuses at all.

**Heck!** She doesn't even try to cover herself...

In fact... she does not move at all...

Hello?

I wave my hand in front of her face - no reaction...

What was going on?

My gaze wanders  
down to the remote  
control in my hand...  
**No way!**

Unintentionally, I hold down that rewind button, and in awe, I watch as he purple-haired girl in front of me starts moving in reverse! Her mouth closes, she turns back around...

And here we are again...

pssshhhhh

Oo, she's turning  
around again...

Hmm?

And there comes  
the scream...

llllllkkkkk

Well... let's try  
a different  
button this  
time...

Suddenly her expression changes completely and she... smiles at me?

Hi there!

Err... hi?

Ehh.. Err.. I... I mean...

Oh, come on.  
What's a girl

Porn? No way... I  
pressed the change

Tuned in to the porn

I'll make it worth your time. Promise!

As stupid as that explanation may sound... I can't come up with anything else as the purple-haired girl comes closer and shoves her tits in my face.

I give in to the absurdity of the situation and whisper "okay" – the girl drops to her knees in front of me!

Nice!

She really knows  
what she's doing

I didn't know squat  
about her... maybe  
she always was good  
at sucking cock... Or  
maybe the remote  
turned her into a  
pornstar?

But when she takes me deep, I stop thinking about such irrelevant stuff – and just enjoy the feeling of her sloppy mouth!

GAK

“Sucking like a vacuum cleaner” I never really got that saying... until now... \*chuckle\*

I was really enjoying myself there... but suddenly she stops...

No cumming yet! I want you to fuck me first!

Let her fuck you

Give it to her good!

Again, I'm a bit taken by surprise by her directness, and I whisper "Okay" once again, though I don't think she really waited for that, as she was already pushing me down and slowly lowers herself onto my rock-hard cock.

Let her fuck you

Moan

It slid right in her slippery wet hole!

Oh, wow!

A green play button is also visible at the bottom right of the panel.

The orgasm felt amazing, and now I was looking at her as she circled her tongue around her fingers, licking up the cum that she scooped up.  
**Damn hot!**

Oh, my!  
What a load!  
*\*giggle\**

Ready for  
round two?

I was not. No matter how hot she looked. I felt spent and happy. No need to go any further, so I pressed the pause button and she froze – mid playing with my cum...

I take the toothpaste from the shelf and start to brush my teeth while watching the paused girl, my cum slowly dripping down her skin.

Once I'm done, I rewind her and watch my cum Vanish from her face and tits as she runs through the sex we just had, but in reverse... and alone... until she is back to showering.

After that I leave the bathroom, resume her and walk into my room where I sink into my bed. My thoughts are still trying to process what just happened as I drift to sleep with a smile on my face.

A warm, dimly lit bedroom at night. A bed with white linens is on the right. A desk with a lamp, a framed picture, and a mug is on the left. Shelves with books and plants are on the wall. A window with blue curtains shows a city skyline at night. A large green plant is in the center. A red recording dot is in the top right corner.

The next morning, I wake before my alarm. And when I do, my hand darts to the nightstand and against all odds, the remote I've dreamt all night about is really there. Of course, it could still have been a dream... But it did feel very real...

I clutch the remote in my hand and swear to find out more about it as I leave my room and the apartment.

Thoughts still on the remote in my pocket, my feet slowly but surely walk me over to the local library.

It's a good place to study in peace, and therefore I'm a regular here.

As I enter the familiar building - Mrs. Roberts, the librarian, greets me. She's a polite and friendly woman... unless you disrupt the order at the library. Then she can get strict and loud... But I'm on good terms with her.

Good morning.

Good morning, Mrs. Roberts.

My eyes scan the large study room, but it seems I'm first. Sophia is not here yet. Figures, I woke up quite early today...

I choose a spot in a corner that is hidden from most prying eyes. Obviously, a strategic choice... After all, if **THAT** was not a dream... more testing of the remote was in order!

I don't have to wait too long. Soon, I can see Sophia approach my desk of choice.

Heya!

Almost missed you all the way back here!

Yeah... sorry. I thought it was quieter back here.

Well, I guess it is. Good thinking!

CH

Sophia sits down, puts some books on the table, and opens one.

Alright!  
Let's get started.

CH

MODE

We start our study session... but my thoughts drift to the remote... again and again...

Sophia's beautiful... but she's also a good friend... Heck, she's geeky enough that I could probably share the secret of the remote with her...

Ask Sophia out

I decide to sit still for now  
and not use the remote...

I try to focus on the book  
in front of me and study...

Ask her out

As I watch Sophia sit at the table, her eyes focused on the book in front of her, I realize once again how beautiful she is, and a question comes up in my head. "Why haven't I asked this gorgeous girl out?" We click together! We share many interests."

Emboldened by the remote in my pocket, I dare to ask what I have not so far out of fear of destroying our friendship.

Sophia... I...  
err... I've got a  
question for  
you...

Yeah?  
Shoot.

So... I... think we  
click really well  
together... and I  
was wondering if...  
there might be  
more... Can I ask  
you out?

... I see...

I'm sorry, but I'm not interested in you that way.

CH

MODE

▶

▶

Ouch, that hurt!!  
Sophia's words sting more than I had thought they would. She keeps on talking, but I'm not really listening as a mix of shame, rejection and unrequited love steams inside my body.

I hope you did not group up with me all this time just because of that.

I do value our friendship, but date-wise, I'm not interested in men at all, if you get my drift.

Are you listening?

I was not...  
Under normal  
circumstances, I'd  
just like to run  
away right now and  
cry in a corner...  
but I had the  
remote!

I aim the remote at Sophia and press rewind. If things are as they are... it's better if she does not know what feelings I harbour for her...

I watch her talk in reverse, and it stings once again as I see the disdain vanish from her face when I asked her out, and she returns to her normal reading self...

Are you alright?

You look kinda sad.

What? Oh... Yeah, I just remembered something sad. But it's nothing.

Okay, then let's keep on studying.

And we did just that. Despite a small stinging pain in my heart, I manage to concentrate on the books before me. (Thanks to her not remembering a thing. Otherwise, this study session would have been over for me!)

We help one another with the topics we are good at, as we always do, and we get quite some progress done in the two hours we spend at the library.

Oh, my. How the time flies by when studying.

We gotta leave now if we don't wanna be late to Mrs. Marténezz' class.

You coming?

I nod to Sophia,  
pack my stuff, and  
we leave for  
university.

We managed to study  
quite well... And there  
probably will be an  
opportunity in class to  
play more with the  
remote...

But of course...  
deep in my mind I  
question myself...  
Couldn't I have  
spent this time in a  
better way?

I press a button on the remote, and suddenly, Sophia's dismissive attitude is blown away! Instead, she gazes at me... with lust?

Yup! She's flirting with me!

Hey there cutie!

She stands up...

I usually don't do boys...

And starts to undress!

But for you I'll make an exception.

Holy shit! I tuned in to the porn channel!

I don't know why, but somehow, I have this irresistible urge to play with a big, hard cock right now.

Sophia's standing in front of me in her underwear and fidgets with her bra.

Soon it joins the rest of her clothes on the floor and I see her gorgeous breasts for the very first time.

*\*giggle\**  
You are totally staring at my breasts.

You like them?

I just nod at her question,  
and she gets closer...

Good. Look  
as much as  
you want.

Though I do have something else that needs looking at...

Sophia sits down on the library table and spreads her legs invitingly.

What do you say? Help a girl out?

She did not need to ask twice. I put the remote on the table next to me, and I get down to my knees in front of her and start to eat her out.

A woman with long, wavy brown hair and black-rimmed glasses is shown from the chest up. She is wearing a white, lace-trimmed, button-up top and a dark brown corset-style waist. Her expression is one of frustration, with her mouth open as if speaking or shouting. Her hands are clenched into fists. The background is a library with tall bookshelves filled with books.

Shit!  
Where did I put  
the remote?

You two!  
This is a  
library!

There on the table!

Hm... I.. Oh. There on the table...

There on the table!

I jump towards the table to my left, where I have left the remote. My hand grasps around it.

What the!?  
No jumping in the Library!

With a smug smile, I  
face Mrs. Roberts.

Ewww!

clothes ASAP!

It only adds to her rage

Though maybe we can settle this another way?

How about you let me join in?

I give Mrs. Roberts an approving nod, and she starts to strip.
