«Hey son, I was wondering if we could make another kid... I hope it will be a girl, so I can wear her when she grows up, hihi~» Sophie said to her son Nathan, who was chilling in the living room.

«Mummy is so horny these days, you don't take care of me the same way you used to before. Is that because I got pregnant? You are jealous because another man got into that pussy?~»

«What the fuck? You are really crazy! Gosh, what have I done to deserve all of this? Why are you still sticking to my mom's body? You aren't satisfied enough already? You have practically ruined my life, even making me have a child with... my own mother!» Nathan replied furiously, tears coming out of his eyes.

«What can I do to get you out? Tell me, I will do it!»

«Well... the problem is that I have no intention of giving up all of this. Your father is rich, I have this hot slut's body all for myself... and my own sex slave to fill my needs. If you can find me a better body than your mother, I may consider changing it~» Sophie purred, teasing Nathan, coming close to him, playing with her assets.

«But until then... I need your dick inside of me~»

«I know I can't say no... Let me get a condom» Nathan sighed, still angry, but preferring to be the

one in his mother, instead of the neighbour or a stranger.

«No need, come here~» Sophie purred, pulling her son closer.

«I don't want to impregnate you again!» Nathan replied, pushing Sophie away.

«Ouch! Son, hurting your mother, I see? How dare you? Well, plan B then~»

She shot her with the costume gun, and wore her son, reshaping as him seconds later, fully naked.

«I am a very, very bad son, I didn't want to obey mommy... so mommy is wearing me, and she will make me wank in a cup so that she can inseminate herself with it later. Hihihi, mommy always win» Nathan said in a devilish tone, wanking himself gently into the teacup that Sophie was drinking earlier.

«It has been such a long time last time I used a dick. I have lived those sluts' life for so long, I forgot how pleasant it was to use one, hahaha!»

He kept massaging his member, until he finished cumming inside the cup, filling it with the white sticky liquid.

«What a bad son, I cummed in mommy's teacup... Maybe... I should make sure it is good for her, I only want the best» Nathan smirked, before starting to drink a bit from the cup.

«This is perfect, I can't wait for her to pour it inside of her perfect pussy»

This said, he put the cup back on the table, and began to gargle with his cum in his mouth.

«Weird, as a guy now, I should be disgusted to play with my own cum in my mouth, but I am not, I actually want it... I am turning into such of a slut, wearing those girl bodies sure affects me, hahaha» Jehu said with his own voice coming out of Nathan's mouth, before gulping down the whole cum leftover he had.

«Wearing a guy once in a while isn't that bad either... I have heard he has a sister... maybe I should make her come to this house, and have some fun with it. But in the meantime, let's make this family grow by another member... I hope this will be a girl this time, I can't wait to raise her like a slut, to wear her once she is fully ready to play with»

Nathan put his hands behind his back, and tore his face away, revealing Sophie's head under. She finished sliding the son's skinsuit off, until she was fully reshaped back.

«Thank you, son for the gift. You came so much, whoa! You probably had the mind of a huge pervert at that time, hahaha~» Sophie laughed, taking a lub injector that was on the table, and put it inside the cup. Then, she made sure to fill it with the cum, before sliding it all deep inside of her vagina, moaning gently in the process, which she repeated until the cup was empty, making sure to have it all. «I hope it works, let's wait, hihi~»

She lay down on a couch, the cup and injector next to her on a table, as she watched Nathan get his shape back.

«Where am I? Wha... Why am I naked?» Nathan asked, confused, before turning to Sophie, who was smirking at him.

«What did you do to me, you pervert?»

«I did nothing... You just masturbated in that cup, and I used your semen to fill up my vagina. You naughty little boy~» Sophie smirked, caressing her pussy through her clothes.

«Sorry, mommy's legs are closed for now. I make sure none of your precious gifts is wasted.

«You dirty perv-» Nathan was about to say angrily, before both heard the front door open.

«Looks like daddy is back home! Quick, son, get dressed up, it would be messy to explain all you did to me if he finds you naked, hihi~» Sophie smirked, watching Nathan rush to his clothes angrily.

«Oh, and don't forget mommy's toys, it smells like your dick. And don't forget to take care of your little brother... or son...whatever you want to call it. I left him upstairs, sleeping, but I don't want to have it~»

Nathan packed the mug and injector in disgust, rushing to his room, right in time before the father entered the place, smiling at the sight of his beautiful wife, who, for an unknown reason, was pleasing him way more since a year, and in ways she had never agreed to do a year ago, making him a happier man.

He went toward her, but before he could reach her seat, she stood up and went to passionately kiss her husband, pressing her breasts on him, her hand going directly between his legs.

«Whoa, Sophie! Haha, I just came home!» The husband happily said, getting hard from his wife's little hand play.

«And you have no idea how much I crave your dick. I even thought of renting a hooker to please me while I wait. Hihihi, I am kidding, don't worry! Now that you are here, I can't wait~» Jehu purred sensually

as Sophie, loving the double irony that Sophie's husband had no idea his wife had been replaced by a pervert, while the son was fully aware of the situation.

«Since I gave birth, my sexual desire has gone up by a lot! So..... are you up so early for a little fun with your lovely busty wife~»

«I...yes...whoa... you really changed... a year ago you wouldn't have even thought about this, giving me all the frustration as I thought I had scored the jackpot... and it turned out you were quite cold after all, we barely had sex after Nathan's birth» The husband smiled, in bliss.

«Does it mean... You prefer the new me? Even if I take all of your money for myself? Do you want me, do you allow me, to stay like this?~» Jehu purred as Sophie, bending forward, displaying Sophie's huge cleavage to her husband. Jehu enjoyed so much the power and control he had over everyone in this family, turning on his lust even more.

«I barely care about the money, as for once I have a perfect wife! Oh gosh, I love those boobs so much! Yes, I want you to stay like this, you are way better!» The husband added, fondling his wife's breasts.  
«I am a lucky man, having all of you for myself»

«Hehe, not really, a stranger is having way more than you» Jehu thought, trying not to smirk.

«And this guy just gave me the consent to keep using his wife's body and life, and abuse it. Let's thank him nicely»

Sophie took her husband by the hand, and led him to the bedroom.

After making him undress, he pushed the husband on the bed, this one smiling like an idiot, looking at his wife sensually strip away her clothes, throwing them at him.

Jehu then bent down between the husband's legs, putting Sophie's large breasts all around the husband's dick.

«Are you comfortable, my dear husband?~» Sophie purred, licking sensually the tip of the penis, keeping it straight with her boobs around it.

«Your busty slutty wife is wanking you nice and slow with her breasts. This must feel so good~»

«Oh yeah, fuck this, you are the best» The husband groaned.

«You like me this way, don't you? You like your busty wife to act as your personal slut? Right, big boy?~» Jehu purred as Sophie, loving the dirty play that was ongoing, the husband's dick disappearing between

Sophie's boobs.

«You listen to whatever I say, and agree with me, right?~»

«Yes! yes I...huuum!» The husband moaned, cumming between Sophie's tits, his cum leaking from the top of her cleavage, his dick still buried between them.

«Fuck fuck fuck, how can you be so good at this?»

«This is part of the package that comes with the new me... the dirtiest me... look at that, your whore wife has your cum all over her breasts... licking it lustfully ... while your dick still gives me more~» Jehu moaned as Sophie, playing with the husband cum.

«Can I tell you something?~»

«Oh shi... yes of course» the husband groaned, looking at his wife perversely licking off all of his cum from her breasts, his dick still between them.

«I... I don't know what our kid is on those days, but huuum... he is weird... don't trust anything he says... sometimes it sounds like nonsense~» Jehu sensually added, alternating between licking the husband's dick, and the cum on Sophie's breasts, keeping the husband high on pleasure while he was telling him whatever he wanted.

«Oh ,honey, I just love the taste of your cum on my breasts... having your dick under my mouth while we talk seriously~»

«And so do I, oh my! Yes, I know, for our son, he seems weird lately, I think he might be using drugs» The husband replied, in bliss, watching his wife clean up the leftover cum on her boobs.

«I am so sooooo happy to hear that. I am your sweet wife, it is normal that you care and protect me, and trust me over our fucked up son~» Jehu replied as Sophie, faking an innocent face, Sophie's breasts still around the husband's dick.

«The world is full of danger and perverts, I am glad to have you behind me, ready to do what I want~»

Jehu was in pure bliss, impersonating Sophie this way, getting whatever he wanted from the husband. Truth is, it turned him on so much, he felt Sophie's pussy wetting her legs.

Sophie got up and sat on her husband, her pussy pressing his dick, rubbing it gently until it was hard again.

She lifted herself a bit, and slid his rod inside of her, moaning out of pleasure.

«What do you think about celebrating the new me? I am not on pills any more... shoot your load inside of me, and let's have a fourth child. Let's wish for

it to be a girl, so I can raise her properly to behave like mommy... as a pure slut when she grows up~» Sophie purred, moving gently, making the two of them feel awesomely great.

«Are...are you sure? You gave birth some months ago already and...Ooooh, where did you learn that? It feels...so...Good» The husband groaned, after trying to complain, as he felt Sophie's vagina tightening around his dick, giving him a lot more pleasure.

«This? Ooooh, you know... the more I know this body, the better I can control it... Do you like it, honey, when I tighten it this way?~» Jehu purred, loving more and more the whole scene. «It should make you feel better...Ooooh... HUUUUUM... You enjoyed it, I feel it~»

«Of course I did! For months we had no sex, and all of a sudden, you come up with all of that. I love the new you far more» the husband groaned, as his wife finished pumping every last one drop of his cum, until he was fully drained.

«I got all of your precious seeds... I can't wait to see the result~» Sophie smirked, lifting away.

From this point, days passed as usual, Jehu living his best life as Sophie, nailing Nathan again and again to blackmail him later, keeping the husband under his control by giving him every one of his wildest sexual fantasies.

One day, as he came back from school, Nathan saw Sophie making out with a woman on the living room table.

«Hey, isn't that my son? Go to your room and wank on something, mommy is having fun with a hooker today~» Sophie purred, caressing lustfully the hooker, watching Nathan in disbelief.

«Is that your son? Whoa, I understand why you did him... I would love to mount him too, he is so hot~» the hooker added, staring at Nathan, who began to feel surprised and disgusted.

«Oh, don't worry, your mother told me everything about you. I don't really mind; everyone has their kink. I did my father when I was younger, and he was drunk. My mom never forgot this, and I got kicked out~»

«Oooh, you are such a kind of dirty slut. You don't mind helping a poor housewife to get some pleasure?~» Sophie purred, getting back to fondling the hooker.

«Not at all, especially with such a huge... good-looking dick. I still can't believe it is a toy, it looks like a real dick... It is hot and hard like one... Amazing!~» The hooker purred, wanking gently Jehu's dick, which was coming out of Sophie's vagina.

«Oh fuck yeah slut, wank me harder!~» Sophie moaned, arching her back, as the hooker went to her knees and began to give a blowjob.

«Aaaaaah, that's the spot!~»

She then turned toward Nathan, still watching the scene, a smirk on her face, the hooker still working her mouth between Sophie's legs.

«What is it, my dear son? Are you jealous? Do you want to be the one sucking mommy's realistic dildo?~» Sophie purred, fondling her breasts as the pleasure built.

«Go to your room, the adults are having fun. DON't worry, I will come back later... mommy still needs to be filled today~»

With this, Nathan went to his room, trying not to take attention about the huge moans of both his mother and the hooker, coming from the living room, letting him know that the two were now fucking.

**Nathan endured everything.**

**The moans, the cries of pleasure, all while taking care of his son/brother, disgusted by the very existence of him.**

**Then peace and silence.**

**Nathan watched from his window, the hooker going away, Sophie kissing her one last time, before the two separated.**

**But Jehu was still not done with his perversion, and Nathan knew it.**

**Half an hour later, Sophie knocked on Nathan's door.**

**«Son, are you in there?~» Sophie said through the door, opening it before even getting an answer.**

**«Ah, I see you took care of our little son... he is sleeping so peacefully ~»**

**«Just shut up already. The fact that this baby exists just makes me want to puke. The fact that you are still wearing my mother's body and using it like a toy for your perverted pleasure is ruining my life» Nathan complained, full of rage, seeing his mother sensually coming toward him.**

**«But son... this baby is the result of a shared pleasure. I took a lot of it, conceiving it with you~» Sophie smirked, lying on Nathan's bed.**

**«Talking about it makes me feel tingly down there... I would need a strong man to relieve me... to pound me hard. HUUUUUM, who can I pick? The neighbour? The mailman? I wonder~»**

**Nathan was fuming, knowing he had no leverage of any sort as long as the pervert was in control. He took off his pants, and came toward Sophie, lifting her skirt, revealing she wasn't wearing any panties.**

**«See? You don't have enough, you pervert~» Sophie smirked.**

**As Nathan was about to say something, she put her finger on her mouth, telling him to shut up.**

**«Shhhhh, don't make so much noise, you are going to wake up our son~»**

**Nathan slid his member inside of Sophie, making her moan gently once more, disgusted.**

**«This is still always amazing... a woman's pleasure...~» Sophie purred, enlacing Nathan with her legs.**

**«By the way, I have some good news. Your sister called yesterday to say she would be back home for a few days. I am sure that, like me, you want to know how it feels to be inside of her~»**

**At this moment, Nathan knew he had to do something, or at least try, disgusted again by the idea, getting ready, however, to commit yet another atrocity.**
