Prologue

I would recommend reading 'Hot Sex with our Neighbour: A First Time Hotwife Erotica' & 'Hot Sex with our Neighbour: Hotwife Hotel - Room Service' before this installment as they are the first and second books in this series.

However you can also enjoy this as a standalone story.

Enjoy ;)

The SPA

As I headed down the hallway of the hotel, hand in hand with my neighbour William I took a few moments to reflect on what had happened in just this last 48 hours. I had gone from devoted girlfriend to fucking my neighbour whilst my boyfriend was passed out upstairs, to spending the night with him in a hotel only to end up getting railed by the concierge, upping my body count to 3 already. What had I become!?!

"I am sure there is a sauna somewhere in here" William says as we head towards the reception area.

We reach the end of the hall and turn left towards the bar. As we round the corner I notice a sign indicating the entrance to the spa.

"Ah!" I say. "There it is."

"Let's go take a look" William says.

We walk through the doors and are greeted by a large gym type room. There are several exercise machines scattered around the room. In the far corner is a jacuzzi.

"Looks pretty popular" William comments as he looks around.

We walk over to the jacuzzi and see it full of people. A few of the women look over as we enter, but most just carry on with their conversation.

I pull off my robe revealing my bikini clad body. William does the same and we walk over to the jacuzzi. I stand in between two couples who are already in the hot bubbling water. One couple consists of a very sexy looking older blonde and a handsome older man. The other consists of a young black girl and a middle aged white male. Both the ladies and gentlemen have their eyes fixed on my body. The older man is smiling at me as he stares at my breasts and ass in my bikini. The younger black girl seems a little shy, but is also taking in my body.

"Hi" I say to everyone as I step into the water.

"I'm Emma" I say introducing myself.

"Hi Emma" the blonde woman says. "I'm Julie and this is my husband Tom" she continues.

"Nice to meet you both" I reply.

Julie offers me her hand which I shake. Her hand is soft and smooth.

"My name is Charlotte" the young black girl says as she reaches out to shake my hand.

"I'm Jules" the middle aged white guy says.

"It's nice to meet you all" I reply.

"Are you staying here?" Julie asks.

"Yes, we are" I reply.

"That's nice" she says.

We chat for a minute before someone calls out my name.

"Emma! Over here!"

It was David, the concierge from last night, calling out to me. He comes running over to the jacuzzi with a bottle of champagne in his hand.

"Here, have a glass of champagne" he says handing it to me.

"Thank you" I say taking it from him.

"You're welcome" he says.

He then turns to William and says "Would you like a drink?"

William shakes his head no and says "No thanks"

"Have you decided on a treatment yet?" David asks.

"The spa offers treatments?" I reply.

"Yes. We have a range of massages available. If you would like to book one, I can arrange it for you".

I then turn to William and say "Is that something you'd like to do?"

"I think I will pass" he replies.

"Oh ok, that's fine. I'll book one for you Emma" David says.

"Thank you" I reply.

David leaves and goes and starts to talk to the receptionist. He comes back a few minutes later and tells me that the spa doesn't start until 11am but can book me a treatment for 12 if I want.

"I guess I could do that" I reply.

"Great! It's all booked for you" he says. "You'll be able to use the facilities until then. Enjoy!" He adds as he walks away.

I turn around to look at Julie and her husband Tom and say "Do you guys come here often?"

"Tom hasn't but I'm a bit of a regular" Julie replies.

"Really, so you know all the best bits" I reply.

"Yes" she says. "I love coming here. It's so relaxing" she adds.

"I might join you for a massage at 12!" Julie says. "The masseuse is really good" she continues.

"Sounds good" I say.

We continue to chat about this and that, but soon the bubbles make conversation difficult and people start to drift off. I lay back and close my eyes as I listen to the sound of the water. I feel a gentle tap on my shoulder and open my eyes. It's Charlotte. She is standing next to me and staring at me. She is looking into my eyes and smiling.

"You're really beautiful" she says in a low voice.

Her eyes are glazed over as she stares at me.

"Thank you" I respond.

She smiles and says "Do you want to check out the Infrared room with me?"

"Sure" I say.

Charlotte helps me out of the jacuzzi and leads me back through the gym area and to the changing rooms. We walk into the dressing room together and Charlotte begins to change. I watch as she removes her bikini top and bottoms and reveals her sexy body. I immediately notice that she has small perky breasts and a tight flat stomach. She has a tiny strip of brown pubic hair above her

pussy.

I am mesmerised as I stare at her naked form. She then steps up to the wall mirror and checks herself out. When she turns around I gasp as she shows me her beautiful ass. Her cheeks are well defined and firm. Her hips flare out slightly and are topped by her round, puffy, juicy looking ass.

"Fuck!" I say quietly as I look at her.

Charlotte turns and looks at me. She smiles and says "you like my ass?"

"Of course" I reply.

We both laugh as we walk towards the Infrared room. Inside is a large circular room with a domed ceiling. There are several loungers arranged around the perimeter of the room. The walls are made up of large insulated panels which glow warmly when switched on. There are two steam showers located near the entrance.

I follow her inside and walk over to one of the loungers. I lay down on my front and begin to relax. The infrared lights seem to be working their magic as my body feels warmer than normal. After a few moments I start to feel relaxed and my mind clears.

As I lie there enjoying the warmth, I feel Charlotte approach me. She sits down on one of the loungers next to me and takes my hand.

"How long have you been with William?" she asks.

"That's an awkward question" I said.

"Why?" Charlotte asks.

"Because I'm not sure whether I should tell you or not" I replied.

"Come on, enlighten me?" she asks.

"Well, because we aren't together" I replied.

"I'm confused" she said.

"Can you keep a secret?" I asked.

"Always" she replies.

"Well, I live with my boyfriend of 6 years, Simon. But me and William are neighbours, just having some fun."

"Wow!" she says.

I then explained what happened a few nights ago. How we got drunk and then fucked whilst Simon was asleep upstairs.

"God that's hot!" she says. "So you're screwing your neighbour?"

"Yep" I reply. "We were just drinking and talking and ended up fucking. It turned out he had a massive cock."

"How big?" she asks.

"About 9 inches" I reply.

"Wow!" she says again.

"And it's thick too, very thick" I add.

"So he's left little Simon behind?" she giggled.

"Well, not really" I say.

"What do you mean?" she asks.

"Well, Simon is packing about 11 inches" I reply.

"Holy shit!" she exclaims.

"Not only that, he's thick" I add. "But not as thick as William."

"So you're having the best of both worlds" she says.

"Yeah, exactly" I reply thinking about how much of a whore I sound like right now.

"This is so naughty! I can't believe you're doing this" Charlotte says.

I smile at her and say "I can't believe I'm telling you either. This is our little secret. Promise?"

"I promise" she replies.

We sit quietly for a minute and then I hear a knock on the door.

THE MASSAGE

David enters the room and says "There's a massage treatment ready for you"

“Right, I’d better go and meet Julie” I said getting up from the lounge.

As I walk towards the door I see Charlotte walk over to the steam showers.

“I will see you later” she says to me as she enters the shower cubicle.

I leave the Infrared room and walk over to the treatment room with David. Inside Julie is already waiting for me.

"Hey Emma, did you enjoy the infrared room?" she says.

"It was amazing" I reply.

We were then interrupted by 2 Asian men as they entered the room. They must be the masseurs I thought.

"Hello ladies" they both said as they walked over to us.

"Hi" I say.

"Hi" Julie says.

"We are ready" the man says. "Please follow me" he adds.

The two men lead us to the massage tables which were positioned one in front of the other, not side by side which I thought was odd. We both laid down on our stomachs on the tables.

"The massage will be better without your bikini's ladies" one of the masseurs

says. "We can remove our clothing too if it makes you feel more comfortable?" he adds.

Julie and I look at each other and both nod yes.

"Okay, let's get started" the first one says.

Both men begin to undress. First removing their T-shirts, then their trousers and finally their boxers. The first thing I notice is that they both have the smallest cocks I've ever seen.

Flaccid they must only be around 2 inches long and thin. I guess the stereotype about Asian men is correct, I thought to myself.

"Now that we have removed our clothes, please relax and enjoy the massage" the first man says.

"Let's begin" the second one says.

I begin to feel tense as I lay there on the table, nude. My heart races as I think about what is going to happen. I try to calm myself down by focusing on my

breathing.

He begins to rub my shoulders. His touch is gentle and soothing. He moves onto my back and then my legs. I feel my skin tingle as he touches me and I slowly lose my composure. I become aroused as he runs his fingers up my leg and starts to work on my inner thigh. I feel my pussy becoming wet as he massages my inner thighs.

He then moves onto my feet and starts to massage them. He starts to knead my toes and move his thumbs across my soles. I feel a shiver run through my body as I become more aroused. I feel my hands begin to tremble as he starts to stroke my calves and thighs.

My breathing becomes faster and deeper as I become further entranced by him. I look up at the table in front of me where Julie is laying and notice that she's laying on her chest, her legs spread open and I have the perfect view of her shaved pussy.

The masseur is rubbing her inner thighs and I can see the moisture that is forming between her legs. I'm not really into women but I have the perfect voyeurs view of Julie's pussy and I can't help but stare. I'm mesmerised by her pink pussy lips and her cute little clit peeking out from her hood.

My masseur noticed I had my head raised and stood in front of me, blocking my view with his penis just a few centimetres from my face. I knew I shouldn't look but I couldn't resist.

He must be enjoying himself too I thought as he was now semi-flaccid but still less than 4 inches. I felt my pussy getting more wet and begin to throb as I stared at his small, thin dick. I could feel my juices dripping down my leg as I realised my arousal had grown even further.

I heard Julie moan.

"Is everything okay?" I ask.

"Mmmhmmm" she replies.

"Time to turn over ladies" one of them said.

Julie looked at me and smiled as she lifted herself off the table and turned over.

I followed her example and began to flip over. As I lay on my back the masseur moved in front of me again. I realised at this point that Julie could now spy on me instead. I became nervous knowing that she could see me.

I felt the pressure on my breasts as he began to knead my nipples. I closed my eyes and tried to concentrate on relaxing. I opened my mouth and moaned as my masseur continued to massage my breasts. I felt my pussy getting wet as I imagined him moving his fingers lower and touching me between the legs.

I could feel my body starting to shake as I became even more aroused. I heard Julie moan again.

"That's it, relax" the masseuse said to her.

My masseur then began to massage my stomach. He worked his way down and pressed on my pubic bone.

"Relax Emma" he said to me.

He then moved down further and began to massage my inner thighs again. I could feel his fingers sliding up and down my thighs. I let out a slight sigh as I lay there under his touch. He then ran his finger tips along my inner thighs and stopped at the top of my vagina.

That's when I noticed I could hear another noise coming from behind me where Julie was laid. It sounded like a slurping kind of noise.

"Was she giving her masseur a blowjob?" I thought to myself as the sound intensified.

I then felt my masseur's fingers slide across my pussy. He began to rub my clitoris. I began to moan softly and writhe slightly as I felt him push against my pussy with his index finger.

I could feel my arousal increasing as he pushed harder and began to press his finger against my lips. My heart was racing as he rubbed my clit and moved his fingers in circles around it.

I heard Julie moan again.

"Does that feel good?" I heard Julie whisper to her masseur.

"Yes Julie, thank you" he replied.

I could feel my pulse quickening as I lay there, I was feeling incredibly horny and wanted his fingers inside me. But I wasn't sure if he would go that far.

The masseur then stopped rubbing my clit and instead, slid one finger inside my pussy. I let out a gasp as he gently penetrated me and began to move his finger in and out.

I heard Julie chuckle and then I realised I'd begun to giggle in return, knowing she was watching me.

"You must be enjoying yourself Emma" she said.

I quickly stopped laughing and decided to concentrate on the pleasure I was receiving.

The masseur then put one of his fingers inside my mouth and instructed me to suck on it. I gladly obliged and began sucking on it as he continued to finger fuck me.

I felt my arousal growing as I sucked on his finger. I was close to cumming and I didn't want to waste any time. I knew that Julie was behind me watching me but I wanted her to see me cum.

"Do you want to cum Emma?" the masseur asked.

I nodded yes.

I then heard a loud slurping noise coming from behind me. The sound of Julie blowing her masseur.

I felt the pressure on my clit increase as the masseur stroked my clitoris with his thumb. I began to thrust my hips up towards him as I orgasmed. I threw my head back and cried out loudly as I climaxed. My juices squirted out from my pussy as I came.

I felt my orgasm subside and my breathing return to normal as I turned my body around to face Julie just as she finished blowing her masseur, as his now blood filled 5 inch warrior fell from her lips.

She looked at me and blushed. I gave her a smile and nodded my head as if to say 'good job'. I could tell she was embarrassed but I wasn't bothered.

"Thank you, a pleasure as always" the masseur said to Julie.

"It's been a while since you last came to see me" the masseur added. "Is Tom still slacking?" he added.

I could see Julie blush and smile at him.

"Yes, as always" she replied.

"Well, come back soon" he said.

"Ohhh I shall" she replied.

The masseurs left the room and Julie and I got dressed.

"Did you enjoy that?" I asked Julie.

"Oh yeah, it was great" she replied.

"Me too" I added.

"What did you think about your masseur?" she asked.

"He was so small, bless him" I laughed.

"No, I mean his cock" she laughed.

"That's what I meant" I said. "That was the smallest dick I've ever seen!" I added.

"What? No way! You're joking right?" Julie said.

"Not at all, it was tiny" I confirmed.

"Really? I started coming here because Majid is much bigger than my Husband Tom" she said.

"Are you serious?" I said.

"Yes, every time I see him I can't wait to play with his big cock" she said.

"How big is Tom's cock?" I asked "If you don't mind me asking" I added.

"Around 2 or 3 inches" she replied.

"Wow" I said in shock.

"He can't satisfy me sexually. Every time I visit Majid I can't wait to play with his massive dick" she said.

"So how often do you come to see him?" I asked.

"Every week" she replied "I feel bad sometimes but Tom was my only other lover" she added.

"I know the feeling" I said.

"I think I might have to get a divorce" Julie said.

"Why?" I asked.

"Because I'm having an affair with my masseur and I can't go on like this" she said.

"I'll take my punishment and then find someone who can satisfy me" she added.

"I think you should stay married. Why ruin a marriage over something stupid like size?" I replied.

"It's not stupid, I want to be satisfied" she replied.

"Maybe you should try a different approach, maybe talk to Tom about it first" I suggested.

"What do you mean?" she asked.

"Talk to him, explain how you feel and why you want to cheat on him. Maybe he will understand and fix it for you" I added.

We both laughed and walked out of the changing room hand in hand.

"You know, I think you are right" she said. "I'm going to talk to Tom tonight and see what he says."

"What will you say?" I asked.

"I'll tell him that I'm unhappy and unsatisfied and that I need a big cock to make me happy" she replied.

She looked at me and smiled.

"And I'll tell him that I want you to help us" she added.

"I'll help you with what?" I asked.

"I want to watch you and William have sex. That way I can show him how a real man does it" she giggled. "I'm assuming he satisfies you?" she added.

"There's something I need to tell you about me and William" I replied.

"Go ahead, spill the beans" she said.

"We aren't a couple" I explained.

"What? What do you mean?" Julie asked.

I saw her eyes widen in shock and I realised I should have kept it to myself.

"He's my neighbour" I added.

"Neighbour with benefits?" she asked.

I could see her eyes sparkling and she looked at me with lust in her eyes. I

realised she was probably thinking about having sex with William.

"Something like that" I replied "I have a boyfriend Simon who I live with" I added.

"I don't care" she replied. "I would still love to see you two together. I bet William would give you the best fuck of your life with an audience!" she giggled.

I could feel my cheeks turning red as I thought about Julie seeing me and William having sex. I didn't really know how she would react if we actually ended up doing it.

"I'll tell you what, no promises, but let's stay in touch?" I said.

"Deal!" Julie said.

THE SCANDAL

I smiled and then Julie and I left the treatment room and headed to the spa to find William and Tom. We met them by the jacuzzi and sat down next to each other. We were chatting amongst ourselves when I saw Julie's phone vibrating. She took it out and read the message. She then looked at me and winked before leaving the group and heading towards the changing rooms.

I could tell from the look on her face that she had received a message from Majid. I was curious so I followed her into the changing room.

As I entered the room I saw the door ahead swing closed, it had a sign saying 'STAFF ONLY'. I walked to the door and slowly opened it to see where it led. I was surprised to find that it led to the corridor I was in earlier on the way to the infrared room, as I scanned the corridor I noticed another door coming to a close labelled 'SENIOR SPA' and another door labelled 'LADIES RESTROOM'.

I walked over to the door marked 'SENIOR SPA'.

As I approached the door I could hear voices inside. I opened the door and peeked inside to find myself looking at a room full of older men in their 50's and 60's. They were sitting around talking amongst themselves and most of them were naked. Some of them were wearing towels around their waists whilst others were completely nude.

There were around 15 men in the room and they all looked at me as I entered. I saw one of the men turn and look at me with a grin on his face. I nervously looked around the room trying to figure out what I should do. I spotted the door I'd come through. I knew I had to leave, before these old perverts got the wrong idea about me, so I quickly walked back to the door I'd entered from and headed back down the corridor towards the exit.

As I passed the door labelled 'LADIES RESTROOM', I could hear voices. I peered inside and saw Julie speaking to Majid. I could tell she wasn't happy, she sounded angry.

"Majid, I'm not interested in fucking anyone but you" she said.

"But I need to impress the senior spa manager" he plead "This could lead to the promotion I need" he added.

"I told you, I'm not interested" she replied.

"Then it leaves me with no choice but to tell your husband Tom what's been going on" he said.

"Don't do that" she replied. "That's blackmail" she added.

"I'm sorry" he replied "but you know how important this is to me" he added.

"Fine, fine" she said. "They can look, but they can't touch!" she added.

I could tell from the tone of her voice that she was angry with him. As they wrapped up their conversation I hid around the corner as Julie opened the door marked 'SENIOR SPA' and entered the room.

I waited a moment before rushing to the door and peeking through it to see what was going on. I opened the door just in time to see Julie drop her robe and reveal her naked body to the room full of seniors.

She looked around the room and then lowered herself onto the massage table. She lay there with her legs spread wide apart as the men stared at her naked body. I couldn't believe what I was seeing. Julie was lying naked on a massage bed being examined by a room full of naked old men.

I watched as several of the men walked over to her and started touching themselves. She looked uncomfortable but didn't move. I felt my heart pounding in my chest as I watched the men masturbate in front of her.

I looked at the clock on the wall and realised that Julie was due to meet Tom for lunch soon.

I was rumbled by the sound of footsteps approaching as I closed the door and looked across the corridor to see another door opening.

It was Tom walking towards me, he was carrying a towel around his waist and he looked at me with a smile on his face.

"Have you seen Julie?" he asked.

I smiled back at him and shook my head "No, I went to look for her myself" I replied.

"I'm assuming you've checked in there?" Tom smiled, looking at the door to the Senior Spa.

"No, I'm a bit too young for that room yet" I laughed.

"What are you doing here then?" Tom asked as he started to walk past me.

"The ladies toilets" I lied as I nodded towards the other door.

"Let's go check the steam room for her" I said, leading him away from the door.

"Good idea" Tom said.

As we walked to the steam room I kept an eye on the door to the Seniors Spa.

We opened the door to the steam room and obviously Julie wasn't there.

Tom and I looked at each other and shrugged our shoulders before heading back towards the changing room. "I'm gonna go check the Senior Spa" he said as he turned away from me.

I stood there watching him heading towards the door which led to the Seniors Spa. He stopped and looked back at me and smiled.

"See you in a few minutes!" he said before disappearing behind the door.

I knew what was coming next and I could already feel my heart beating faster. I looked at the door to the Senior Spa and saw it was slightly open, I could hear noises coming from inside. My heart began to race as I ran towards the door.

I heard Tom's voice as he spoke to Julie and I saw him put his hands under her arms and lift her off the table as he carried her towards the door. I quickly ducked down and covered my head as I ran down the corridor and hid around the corner. I could see Tom carrying Julie into the room and then I could hear him shutting the door behind them.

"What the hell was that Julie?" he shouted.

Julie could only stare at Tom with fear in her eyes.

"What did you think you were doing?" Tom asked.

"I-I just wanted to see what it was like" she stuttered.

"And you took your clothes off and let them all see you like this!?" Tom roared.

"I had no choice" she replied.

"Well you shouldn't have done it!" he shouted.

"Look, I'm sorry" she replied. "But you need to know that I'm not satisfied with your little dick anymore" she added.

"Little?" Tom asked.

"Yes! You're too small and I want something bigger" she exclaimed.

"So you were just going to fuck another guy?" Tom asked.

"I-I didn't plan that far ahead" she replied.

"Then what exactly did you expect to happen?" he asked.

"I-I was hoping that one of the guys would join us and that we could have a threesome" she replied.

"A THREESOME!?" Tom yelled.

"I-I know it sounds strange" she added "but I need more than what you can give me" she added.

I was shocked to hear her say that, I was surprised that she would admit it.

"You're mad!" Tom screamed.

"I'm sorry, I've made a mistake" she replied.

"It's too late for apologies" Tom said.

He quickly moved to the door and pulled it open. I waited until he disappeared into the steam room and then quietly tiptoed out of hiding and headed back to the changing rooms.

I took a deep breath and exited into the spa to find William.

THE SAUNA

As I emerged from the changing room I saw William standing alone. He was wearing his swimming trunks and he was staring at me with a smile on his face.

"What are you doing?" I asked.

"Wondering what happened to you" he replied.

"I went to help Tom find Julie but ended up losing both of them" I said.

"Yeah, you did seem to be gone for quite a while" William said.

"Enough about those two, what do you want to do next?" I smiled.

"Maybe we should check out the sauna?" he replied.

"Sounds good to me." I smiled.

We left the spa and headed to the sauna but the first one was full, we tried the next one labelled 'Continental Sauna'.

William popped his head back out and looked at me and said "This one has space, if you're comfortable?" he asked.

"If I'm comfortable?" I replied.

"Well yeah it's continental" he paused "So you have to go fully nude" he explained.

I looked at him and saw that he was serious.

"That's ok with me" I replied.

William looked at me with a grin on his face and we walked into the sauna together. The door closed behind us and we found ourselves in a small enclosed room with a bench seat along one side.

There were seven other people in the sauna and they all looked up at us as we entered. I saw three women and four men in the sauna with us. William quickly removed his trunks revealing his huge cock.

I removed my bikini top and bottoms and stood there feeling very exposed as I looked around the room. I could see a couple of the men looking at my naked body. I could also see William's big cock swinging between his legs as he sat down on a bench.

I looked at William and he winked at me. We smiled at each other before turning away from each other.

The sauna was warm and I felt relaxed as I lay on the bench seat. I could feel my nipples hardening and I looked down at them in fascination. I didn't realise how sensitive they were.

I could hear the other people in the sauna talking amongst themselves. I could hear one of the women saying "I wish I could have a piece of that!" as she gazed at William's big cock.

I wondered who she meant by 'that' as I continued to lie there feeling aroused.

Time passed as we talked amongst ourselves. I listened to the conversations taking place around me. I could hear the men talking about sports and cars whilst the women discussed their weight loss programs and diets.

I realised that the woman who'd spoken about wanting a piece of William was the one who walked past us in the corridor when we were first heading to the spa. She was a stunning redhead with long hair, she wore a white bikini and she had a great figure. She glanced over at me and smiled and then returned to her conversation with the other women.

My heart began to pound in my chest as I thought about the redhead's comment.

I looked at William but he seemed oblivious to the situation and was talking to the other men.

I decided to speak up "What do you mean by 'piece of that?'" I asked the redhead

"Oh, well you know..." she started. "I'm just referring to his big cock" she said pointing at William's enormous penis which was hanging between his legs.

"Why don't you come over here and take a closer look?" I suggested.

She looked at me and smiled and then she quickly stood up and walked towards William.

"Do you mind if I sit here?" she asked.

"Go right ahead" William smiled.

I could see the redhead sitting down on the bench next to William. Her breasts jiggled as she shifted her position.

"Wow! That is a nice cock!" the redhead exclaimed.

"Thank you" William smiled back at her.

"You must get a lot of attention with that thing?" she asked him.

"Well now that you mention it" William replied.

"It's not often you see a man with a big one like that" she continued.

"I guess you could say that" he replied.

"You should show it off more often" she said.

"What do you have in mind?" William asked her.

"Well they have a naturist part of the hotel too" she giggled.

"They do?" William replied.

"Yes, they encourage people to go naked throughout the weekend, so why don't you go over there and let everyone see your big cock?" she said.

William looked at me and I nodded my head in agreement.

"Ok, let's do it" he smiled.

The redhead looked at me and smiled "Great" she said.

"Come on" she said as she stood up and started walking towards the door.

As I watched her leave the sauna I felt a rush of excitement course through my body. I could see William stand up and start walking towards the door. I stood up and followed him.

HOTEL NATURALE

When we got outside we found ourselves facing a large building which was connected to the main hotel by a covered walkway. As we approached the entrance we could see a sign with the words 'Clothing Optional' written on it. My heart began to beat faster as we walked through the doors and into the main reception area.

I was feeling very excited as I looked around the lobby. I could see naked couples holding hands and I could see a group of men playing table tennis nude. In front of the reception desk was a large bar with a number of naked women serving drinks to the male customers.

There were also tables lined around the edges of the room where people were sitting chatting to each other. I could see a dance floor where there were a number of people dancing naked. I looked at William and saw that he was smiling broadly as he looked around the room.

We walked over to the bar area and sat down on the chairs near the bar. The redhead joined us a few seconds later.

I looked at William and saw that his cock was still erect and bobbing between his legs. I looked at his big cock again and the thought of the redhead seeing it caused an even stronger surge of arousal.

"So how long are you guys here for?" the redhead asked.

"Until tomorrow, we've been here since last night" William replied.

"Really? Wow! Have you seen everything yet?" she asked.

"We've been trying to see as much as possible" William laughed.

"I'll bet you have!" she giggled.

"How about you?" I asked.

"I've only just arrived this morning, I came with some of my girlfriends to spend the night" she replied.

"Do you come here a lot?" I asked.

"Yes, this is our regular meeting spot" she replied. "but they only ever go as far as the sauna, they never come to this part of the hotel" she added

"Why not?" I asked.

"Mostly because they're afraid that someone will see them naked" she giggled.

"There's nothing to be ashamed of" William said.

"Maybe not for you anyways" she laughed.

I looked at William and saw that he was blushing slightly.

"So what does your girlfriend think about you being naked in public?" She asked as she looked at me.

"She doesn't mind" I replied.

"Really? I would have this guy under lock and key" she laughed as she rested her hand on William's arm.

I looked at William and saw that his eyes were locked onto her hand on his arm.

"So how long have you known each other?" she asked.

"We met a few years ago" I replied.

"And you've been together ever since?" she asked.

"Not exactly" I replied.

"What do you mean?" she asked.

"Well I'm not really sure" I said "It's kind of complicated" I said.

"Now you're making me curious" she giggled.

"I guess I can fill you in over some drinks" I replied.

"Sounds like fun" she replied.

I could see the redhead glance down at William's cock and then she leaned over and whispered something to him. William's eyes widened and his cheeks flushed bright red.

"Come on" she said "Let's go to the bar"

William and I stood up and followed her to the bar. The redhead ordered a round of drinks for the three of us as we sat back down at the table with our drinks.

I could see William staring at the redhead's breasts as he drank his beer. His cock was still erect and bobbing between his legs. I could see the redhead looking down at it every few minutes.

After we finished our first round of drinks, I stood up to go to the ladies room.

"Where are you going?" the redhead asked.

"Just to the bathroom" I said.

"Ooooh! Wait for me" she said as she stood up to follow me to the ladies room.

Once inside I took a look around the ladies room and it was very busy. I could see that most of the stalls were occupied but I found one that wasn't.

As I opened the door I looked down at my pussy and saw that my lips were already glistening with moisture. As I went to close the door behind me the redhead quickly jumped into the cubicle with me.

"What?" she said "It's not like we aren't already naked" she added.

I looked at her and saw that she was grinning from ear to ear as she watched me .

"So, what's kinda complicated about you and William?" she asked.

I sighed as I looked at her and sat down on the toilet seat.

"We aren't together, we are neighbours" I said as I let out a sigh.

"Is that all?" she asked.

"That's the short version" I replied.

"What happened?" she asked.

"He moved in next door to me and we became friends" I explained. "Then last week I had a party and needed a shoulder to cry on" I added.

"Well you know what they say, a shoulder to cry on becomes a dick to ride on" She replied.

I looked at her and smiled. "I guess you're not wrong" I said.

"So what happened after that?" she asked.

"I invited him round to my place to cheer me up" I said.

"And?" she prompted.

"Well he came over and we ended up having sex" I said.

"So why did it end up being complicated?" she asked again.

"Because..." I paused "I have a boyfriend that I live with" I added.

"A boyfriend? Really?" the redhead blurted out loud.

"That's so fucking hot!" she exclaimed as she swapped places with me on the toilet seat.

I looked down at the redhead and saw that she was staring at my pussy as she rubbed her hand across her own.

"Tell me everything" she said as she sat down.

I told her the story about how me and William slept with each other at the party after Simon had passed out drunk. She seemed in awe of me, what had I become I thought to myself.

"Wow! You two have amazing chemistry" she gushed. "I can't believe you had sex with your neighbour behind your boyfriend's back" she added.

"I know, But I feel terrible about it" I said "I'm thinking about telling my boyfriend" I added.

"That's crazy!" she exclaimed "You should tell him and give him the biggest surprise of his life" she giggled.

"Who knows, maybe he'd want to join in" she added.

"Are you serious?" I asked her.

"Oh yes" she said "But first you will have to warn him about the size of William's big hard cock" she giggled.

I looked at her and then I gave her a sly smile. "I'm not sure it would be necessary" I replied.

"What do you mean?" she asked.

I looked down at her and could see that she was getting turned on by the conversation.

"Well Simon is bigger" I giggled.

"How big?" she asked.

"11 inches and very thick" I answered.

"Holy shit!" she exclaimed "So why William?" she asked.

"Well he helped me out that night in a tight spot and he's definitely girthier" I replied "I think I might be a girth queen" I laughed.

"Oh, my!" she exclaimed "So what do you have planned for tonight?"

"I don't know" I replied "I guess we'll see what happens."

"Good answer, now come on, let's get back to the bar" she said "My name is Rachel by the way" she added.

By the time we returned to the bar William was already on his 2nd drink.

"Sorry that me and Rachel were so long" I said to William.

"No problem" he smiled.

Rachel sat next to William and I sat opposite her. We all started chatting as we drank our drinks. I could see William staring at Rachel's tits while she was talking to us, she was definitely his type.

After a couple of drinks the conversation turned to sex and I told Rachel about the times that William and I had fucked each other. She seemed fascinated by the stories of our sexual escapades.

As we chatted I could see William's cock was starting to get hard again, and as soon as I saw it I knew that I was going to make good use of it later that night.

I could see that the redhead was getting hornier by the minute, she was stroking herself quite regularly. I could see that she was becoming more and more aroused as we talked about sex.

Her nipples were rock hard and sticking out a little from her small chest. I could hear her breathing become deeper and heavier as she continued to touch herself.

The conversation eventually turned to lesbian sex. Rachel began to tell us about the group of girls she had travelled with to Spain. One of the girls had always wanted to try eating pussy for the first time and I was willing to oblige.

"What did you guys do?" I asked.

"We got a hotel room" she said "and we were all pretty horny by the time we reached it" she giggled. "So we stripped each other naked and then we all started licking each others pussies" she added.

I looked at William and saw that his cock was starting to stand straight up from between his legs. My pussy was also soaking wet as I imagined what it must have felt like to eat another woman's pussy while she licked mine.

Rachel continued with her story,

"When she came she screamed so loud I thought everyone in the hotel was going to hear her" she added.

"I wanna do that too" I exclaimed. "I've never done anything like that before" I added.

"Well if you're really interested" Rachel said "we could arrange a private session at the end of the evening" she added as she winked at me.

I looked at her and realised that she was inviting me to fuck her in front of William.

"Really?" I asked "I've never done anything like that before" I added.

"Don't worry, I won't bite" she giggled "William could watch or join in if he wished" she added.

I looked at William and saw that he was nodding his head enthusiastically.

"Let's just see where the night takes us" I said "But my man is off limits" I added as I put my hands on William's arm.

"Ok" she giggled. "But if you change your mind, I'm okay with that" she laughed.

At this point William placed his hand on my leg under the table and I could feel his fingers caressing my thigh. My pussy was dripping wet as I thought about what was going to happen.

"Ooooh! I love this song! Wanna dance?" Rachel asked us.

We all stood up and made our way to the dance floor. Rachel grabbed my hand and pulled me into her.

"You're a fantastic dancer" she said as she held onto me.

We started dancing together and I could feel Rachel's body pressed against mine as we twirled around the dance floor. I could feel her breasts pressing into my back and her hips grinding into mine. My pussy was throbbing with excitement and I was excited to see how far she was going to take things tonight.

After a few songs we decided to call it a night and headed back over to the table. Once there I noticed that William had disappeared. I looked around the club and didn't see him anywhere.

"Where's William?" I asked Rachel.

"He took a phone call" she giggled. "He probably won't be too long" she added.

I sat down with Rachel and we both nursed our drinks while we waited for William. It was almost half an hour later and he still hadn't come back.

"Maybe he was tired and went back to the room" I said.

"I doubt it" she replied "but if you want, we can go and find out" she added.

"Umm...ok" I replied.

We left the bar and made our way to the lift in the lobby. There were some guys standing around at the elevator doors and I could see that they were looking at us. When the elevator arrived Rachel pushed me inside and pressed the button for the top floor. As the doors closed behind us I could hear the guys making comments as they watched us.

"She's got a great ass" one of them exclaimed.

"Yeah, and so does she" said another.

As I watched the numbers count up to the 15th floor I couldn't help but feel nervous about what was going to happen next.

I was starting to get excited at the prospect of fucking Rachel in front of William. If he watched, I thought to myself, maybe he'd want to join in.

THE SURPRISE

The elevator stopped at the 15th floor and when the doors opened Rachel followed me to the door of our suite. As we approached the room we heard a loud moaning coming from inside.

"Should we knock?" I asked.

"Nah, let's just go in" she giggled.

We opened the door and saw that the dimmer lights were on low in the living area. To the left of the room was the bedroom and straight ahead of us was the couch.

I could see that a woman was sitting on the edge of the couch with her legs spread and William was kneeling between her legs. She had her hands on his head as he ate her pussy.

"Oh yeah!" she exclaimed as she pulled him closer.

Then I realised that I've seen this woman before, it was the woman who I caught in William's house the day before. We hid behind the couch watching them as we planned our next move.

"Oh...oh god!" the woman exclaimed "that feels so good" she said as she started to buck her hips towards his face.

I looked over at Rachel and saw that she was biting her lip and her eyes were wide open as she stared at the scene in front of her.

"I can't believe Emma has ruined our surprise for the second night in a row" William said as he looked up at the woman he was so keenly eating out.

"It's okay..." she replied "her loss..." she added.

"I bet she's still downstairs with that skank" William exclaimed.

"I don't know" she replied "but I'm having a great time without her" she giggled.

"I'm glad you're enjoying yourself because I'm not stopping until I get some release" William said.

I looked over at Rachel and whispered "Shall we get out of here?"

"Yes!" she giggled "That's the best idea I've heard all night!"

We crept past the couch and made our way back to the door. William's lover was now lying on her back with her legs spread wide as we quietly closed the door behind us.

"Now what?" I asked as we walked down the corridor towards the lift.

Rachel looked at me and said "Well, I suppose there are only two options open to us now" she giggled.

"Either we go to my room and pretend we never saw any of this" she said "Or we go back in there and see how much more fun we can have before we go home tomorrow."

I looked at her and said "Which way is your room?"

"This way" she replied, leading us down the corridor towards the elevators.

As we neared the elevators we could hear the moans getting louder. As we stepped into the elevator Rachel grasped my hand tightly and I could see that she was excited by the turn of events.

We got off on the 14th floor and made our way to Rachel's room. As we entered the room she turned to me and said "Let's hope my roommates are asleep" she giggled.

I looked around the room and saw that there were 3 beds in it. Two of the beds were occupied by women. I assumed that they must be her friends.

As we crept across the room I could see that the women were sound asleep. I looked over at Rachel and she said "Let's hope they don't wake up"

I lay down on the bed next to Rachel and we snuggled close to each other. She kissed me gently on the lips and ran her hand through my hair as we cuddled.

"God, I'm so horny" she whispered "I've been thinking about you ever since we left the bar" she giggled.

I could feel the heat from her pussy as I pressed my naked body against hers. I felt her hand slipping down my torso and she was rubbing my bare stomach. She moved her hand lower and started to rub my pussy.

"Do you think William would be jealous?" she asked me.

"Maybe, but he's made his decision" I replied. "Besides, he's probably still upstairs enjoying another pussy" I added.

She kissed me again and we started kissing passionately. Our tongues were swirling around each other and I could feel my nipples hardening and getting erect. I reached down and started to play with her pussy.

"Are you sure you've not done this before" she gasped. "Cos, you're doing a damn good job" she giggled.

She grabbed hold of me and rolled on top of me. I could see that she was already very aroused and her pussy was dripping wet.

She ran her finger along my slit and then pushed it into my pussy. I cried out with pleasure as she fingered my pussy.

"Can I taste you?" she asked.

I reached up and took her head in my hands and gently guided her mouth down towards my pussy. I could feel her tongue running along my wet lips as she licked up my juices.

Then she pushed a couple of fingers deep into my cunt and started sucking on my clit. I squirmed on the bed as I felt my orgasm building within me. I knew that I wouldn't last long so I looked up at Rachel and said "I wanna taste you too" as we slid into the 69 position.

I sucked her pussy for a few minutes and then I felt her hand sliding down to my pussy. She cupped my pussy and began to finger me as I ate her. Her fingers were working their way deeper into my pussy as I sucked her clit.

"Oooh! Fuck meee!" she exclaimed as she rubbed her clit against my tongue.
"Fuck meeeeee!" she repeated as she pumped her fingers in and out of my pussy.

I could feel her pussy contracting around my fingers and I could tell that she was ready to cum. I could taste her sweet nectar as I continued to suck her pussy.

"Ohhhhhh! Mmmmmmm" she sighed as she exploded into my mouth.

I could feel her juices running down my throat as she came down from her climax. I smiled up at her and said "Damn, girl you taste good!"

"Mmmmppphhhh" she purred "you taste even better than you look" she added.

I looked up at her and told her "I'll take that as a compliment" I giggled.

We lay on the bed for a few minutes while we recovered from our orgasms. Suddenly Rachel jumped up and said "Come on, we've got to catch up with William" she exclaimed.

We quickly dressed ourselves and made our way to the lifts. We got off on the 15th floor and hurried down the corridor towards my room. I looked over at Rachel and wondered whether William might still be up.

As we neared the door I could hear the moans and groans of sex coming from inside. As we reached the doorway Rachel nudged me and pushed the door open.

The lights were on and we could see that William was on his knees between the legs of the very pretty blonde. I couldn't believe that he was still going strong after all this time.

"Ohhhhhhh!" she exclaimed as we peeked in. "That feels sooooo good!" she cooed.

I looked over at Rachel and she nodded her head in agreement.

I could see that the blonde had one of her legs raised high in the air and William had his cock buried deep in her cunt.

I could also see that he had his hands on her hips and was pumping away like crazy.

"Oh yeah!" he exclaimed "Fucking fuck me! Fuck me hard!" she whimpered.

I looked at Rachel and saw that she was biting her lip and her eyes were wide open. I looked around the room and could see that they weren't alone.

There were quite a few people in the room and they were all sitting on the couches watching William and the blonde. Some of the men had their hands down the pants of the girls in the room and I could see that the ladies were stroking their partners' cocks.

I looked back at Rachel and saw that she was staring at William's huge cock as it thrust in and out of the blonde's pussy.

The blonde was now screaming out with each stroke as William pounded his dick deep into her pussy. She was moaning and groaning as if she was in pure ecstasy.

"You like that?" William gasped between thrusts.

"Yeah, I love it" she replied. "I love it when you fuck me" she gasped.

I looked over at Rachel and she said "Wow, that's so sexy! I'd kill to have a guy fuck me like that" she giggled.

William suddenly pulled out of the blonde and stood up. He looked down at the dark haired woman sitting on the sofa and said "What do you say, darlin'? Wanna join in?"
