

The Eastern finals was the next day and Jacob was getting nervous. He was beginning to go up against the best of the best, guys who had kicked his ass before and could easily do it again.

This time the match was four hours away and the plan was that his parents would meet him there. After the match, it would be another hour drive to Jacob's Grandparent's lakeside cabin, where they would spend the weekend for their annual family reunion.

Because it was such a big day for Jacob and family were in the area for the reunion, he saw lots of familiar faces at the match. His mom was as stunning as ever of course, wearing a sexy pair of low cut jeans, a cami top and matching high-heeled mules.

Aunt Gail was there with her clan. She wore a strapless dress with matching stiletto thong-slide sandals. Jacob's Uncle Ed was a big dude. Little did he know that his big dicked nephew was pounding his wife's ass the day before.

Jacob's Grandma Jean was there too. For a sixty-five year old woman she looked pretty fucking yummy. She wore a sleeveless turtleneck sweater-dress and a sexy pair of cork-slide sandals. She had a little more meat on her than Michelle or Gail, but more meat meant bigger curves and some of the biggest tit-melons Jacob had ever seen.

Jacob's Grandfather was at home. He was suffering the later stages of Alzheimer's and didn't get out much.

Finally, there was Aunt Trudy, who Jacob hadn't seen for a couple of years. At forty she was the oldest of the three sisters and was nine months pregnant. With a huge round baby-orb, she was a little meatier, like Jean and looked to be just behind her in the tit-size department. Trudy had flowing blonde hair and a deep copper-tone tan.

Trudy had a daughter name Laura who was Jacob's age. She had beautiful dark hair and milky-white skin. Her tits weren't nearly as big as the older women in the family, but still larger than any girl at Jacob's school.

Taking a break from his stretches, Jacob went over and said hello to everyone. He hugged Aunt Trudy and the feel of her mammoth belly and milk-filled jugs felt amazing pressed against him. "Kick some ass today, kid!" she said encouragingly.

It was the hug from his Grandma that sent the blood rushing to the boy's cock. Never before had he felt boobs so huge and soft. He literally felt like his skinny chest was being swallowed up between them. "Make me proud, honey!" his Grandma said.

Jacob thought about something besides his Gran's tits, trying to keep from getting an erection.

Despite trying, he couldn't help but follow Jean's wobbling tits as she sat next to Michelle in the stands. He imagined how big her areola and nipples must be. What it would be like to be smothered in breasts so large. Jacob had gotten good at working some jumbo jugs recently and

wondered if his Grandma would give him a shot at working hers over.

"Hi, Jacob," A sweet girl-voice said.

Jacob turned to face his cousin Laura. "Hey, Laura."

"It's been a long time," she said, moving in for a hug.

She had a different feel than the other woman in the family. She was young and fragile. Jacob felt so big and strong with her in his arms. She pressed plump tits against him, mashing them against his chest. Jacob thought about how much he'd like to nail her against the wall.

Jacob's fight was a nail-biter, but in the end he got the decision and became the Eastern Regional champion. As the ref held his hand up in victory, the boy looked over at his cheering female family members and their heavy boobies flopping up and down as they celebrated his victory.

After having a shower, Jacob came out of the locker room and found his mom, Gail, Aunt Trudy and Grandma waiting for him. "There's our winning boy!" Jean said.

"Where's everyone else?" Jacob asked.

"They already left for Grandma's, honey," his mom answered. "During the ride there, we kinda figured if you had enough steam left, you might wanna wrestle with three grown women in the back of Aunt Gail's van."

Jacob looked around as the women stared with anxious smiles. "You mean like..."

"A sexual wrestling match!" his Aunt Trudy exclaimed, her hands rested on the big round shelf of her pregnant tummy.

"Ohh!" the boy muttered, his eyes lighting up. The women burst out laughing, amused by his innocent reaction.

"He's so damn cute." Jacob's Grandma said, taking his arm.

"He's even cuter with his clothes off," Michelle said, taking her son's other arm and they led him out into the parking lot. The group all piled into Gail's fancy travel van. Gail took the driver's seat, Michelle, Jacob, Grandma Jean and Trudy in the back.

The air mattress was already blown up, spread out and ready for their boy. Jacob sat in the center of the mattress and found himself surrounded by big breasted relatives. He watched as they began slipping their sexy feet from their heels.

"Good gracious, I feel like a randy little teenager girl again," Jean said, as she began undoing her sweater-dress.

"He's gonna have you screaming like a teenage girl here in a minute, mom." Michelle said, unbuttoning her own blouse.

"Wait until you see how enormous his cock is, mamma," Gail said from the driver's seat..

By the time they got out of the parking lot the women had stripped down to their bras and panties. Jacob just sat there with his mouth agape. Never in his wildest dreams did he imagine he'd see this much cleavage in one place.

"Take it slow now, Gail." Trudy reminded her sister. "You don't wanna get pulled over and have to explain why three grown women are raping a teenager in the back of your van."

The women crowded in closer around him. "I told you're Grandma how much you like big boobies, so she thought it only appropriate that we let you take off our bras." Michelle said to her son. "Here, you can start with mine."

Jacob sat up on his knees as Michelle moved around to the front of him. His Aunt Trudy kneeled behind him lifting his shirt up and over his head. Michelle was wearing a strapless bra so as soon as Jacob unclasped it her big oversized titties sprung out heavily.

He brazenly reached around and cupped her big soft udders, lifting them from her tummy.

"Feel familiar?" she asked, smiling back at him.

"Oh yeah," He sighed, letting his fingers sink in to the meaty flesh of his mom's boobs.

"My turn," Trudy said from behind him.

Jacob turned around and Trudy's back was already to him. Michelle sat back and peeled off her thong panties, getting completely naked.

Jacob unclasped Trudy's big pink maternity bra and slipped the strapped over her shoulders. As the cups fell, he reached around for a feel. His hands were swallowed by huge melons of spongy tit-flesh.

"Oh my God," he sighed, peeking over her shoulders at her enormous rack.

"Big huh?" Trudy asked with a naughty grin..

"And heavy," Jacob added.

"They're full of milk for the baby. Pull on my nipples. Feel how big a puffy they are."

The boy latched on to her engorged teats and stretched the skin of her tits out by pulling on them. Big trickles of breast-milk squirted between his fingers. "Wow!" he muttered.

As marvelous as they felt, he couldn't wait to get his Grandma's bra off. He turned to her and she had a big smile. A roll of bulging tit-meat was literally oozing over the top of the huge white

cups of her bra. "My Grandson's about to find out where the women in this family get their big boobies from," She said, crawling around so her back was to him.

Trudy sat back and pulled her panties over his hips.. The orb of baby-meat was so big on her tummy that she just sort of rocked back and forth as she slid her panties off. Her shaved pubis was already wet with arousal.

Jacob crawled up behind his grandma and unfastened the five hooks that kept her titty-cage closed. It was more hooks than what the other women had on their bras, but he knew that more clasps meant bigger, heavier tits. When Jacob reached around he about creamed his shorts as he hefted the biggest, softest tits he could have ever imagined existed.

"Holy shit!" he sighed excited, getting a giggle from the women.

"I used to get that same reaction from your Grandpa," Jean said.

"They're so...so soft," Jacob muttered.

"Oh, it's been so long since they've been squeezed like that."

"Momma, sit back," Michelle suggested.

Jean sat down and Michelle whispered something into Jacob's ear. He got a big smile and followed his Grandma down to the mattress.

The excited teen watched his Grandma's enormous jugs roll slightly off the sides of her chest. Her areola were massive, as big around as a softball and had a rough engorged texture.. As Jean leaned back on her elbows Jacob lifted one of her drooping udders. His face sunk into the melonous flesh, and his tongue went to work. His Grandma's nipples were like elongated cherries, thick and rubbery. He sucked one into his mouth, whimpering like an excited child.

Trudy moved behind the teen and cupped his big hairless balls. "Oh, my, my, my," she sighed, "just look at those big yummy balls."

Jacob was really going to town now on his Grandma's breast. He had slipped over into animal mode, sucking, chewing and pulling on her pink papilla, his tongue flailing away at her spongy softness. He could have spent all day on her boobs, but found himself licking his way down between her legs. Jean brought her knees back, spreading her thick thighs wide open.

The boy was surprised to find very little hair on her crotch. The fat fleshy hood of her clitoris protruded out from between her puffy outer labium. Jean reached down and peeled back her clitoral sheath with two fingers, exposing a juicy pink marble-sized clitoris. Jacob wasted no time leaning down and beating his tongue against it.

"Oh good heavens!" Jean gasped, her body jerking from the contact of her Grandson's tongue.

Remembering the skills he'd been taught, Jacob first dug his face down between her fleshy

outer layers, then plowed his tongue back and forth across her juicy vaginal opening and her urethral meatus. The pungent aroma of her sweet nectar made his head spin in delight.

"Ohh Lord!" the Grandmother bucked as her Grandson tongue-fucked her pussy.

Jacob sucked her fleshy labia into his mouth and let his tongue roll about all over them. He wondered how long it had been since his Grandma had her pussy eaten like this.

He worked his licker on her big wrinkly butthole, knowing it wouldn't be long before it was stretched around the root of his cock.

When he went back to her clit, Jacob inserted two fingers into her cunt-hole and found her sensitive G-spot. He dug at it as his tongue fluttered away at her fat love-nub.

"Oh Sweet Jesus!" she moaned, tossing her head around in ecstasy.

Jacob was relentless in his assault. He soon had his Grandma bucking and squirming as she entered a realm of orgasm she had seen in many many years. Her body bounced, her extremely fat milkers wobbling around like big fleshy waves across her chest. She cried out in orgasm, and Jacob stayed with her, his tongue and fingers working together like an amazing pussy-pleasing machine.

His Aunt Trudy was spreading some clear lubricant all over his erection.. Jacob knew it was time to be on his back.

"Oh my God, what a beautiful cock," Trudy said, licking her lips. .

"A beautiful, well trained cock," Michelle said with pride..

Jacob fell over onto his back watching his mom and Aunt Trudy reach back and smear their assholes with lube.

"Your Aunt Trudy likes it hard and rough, sweetie. Are you up for the task?" Michelle asked.

"I can do hard and rough, but I don't wanna hurt the baby" Jacob said anxiously, flexing his boner.

Trudy gazed down at the meaty cock-spike. It was throbbing, glistening and ready to fuck. "The baby's nice n safe in the womb. You're not gonna hurt her one bit. .

Jacob watched as his Aunt mount him. Her tits were insanely big.. She didn't have to lean down very far for them to be hanging just above Jacob's face. He squeezed them roughly from the sides, making the fatty and glandular meat inside them expand them out even more. Breast-milk began to lightly trickle out of several different milk-ducts surrounding her nipples.

He felt her gasp his boner and fit his nob against the oily ring of her anus..

"Oh God!" Jacob muttered as he felt her anal ring slip over his tip and her sphincter muscles greet him with a snug squeeze.

Jacob's horny Aunt lowered her ass, cramming his thick cock-meat into her ass. She began to bounce on his hard pecker, plunging him deep into her hot slippery rectum. Now straddling the teen, her huge pregnant belly and milk-engorged tits wobbled and bounce right above his ogling eyes.

"Oh Jesus that's a big dick," Trudy panted, not used to having one that large in her ass.

"I told you," Michelle giggled.

For a good five minutes the back of the van was filled with a steady repetitious SLAP as Trudy's thick ass beat down on her nephew's thick meaty cock, screwing it up and down her anal-cavity.

Jacob was growing accustomed to having big spongy tits smothered against his face while he fucked, but Trudy's pregnant tits had a different feel to them. Her melons were much firmer from being swollen with milk and her nipples and areola were obscenely engorged.

"Mmmnnfff!" the boy grumbled, his lips sealed around the fringe of her pinkish-purple rings, elongating her rubbery teat inside his mouth and making milk spray out like crazy.

At the center of Trudy's bobbing ass, her asshole contracted around Jacob's thick cock-muscle and her body began to convulse.

"OH GOD I'M CUMMING!" she screamed.

Jacob pumped his hips from the air mattress, slicing his cock up through the grip of her ass as she came. With his head smothered in a big ball of tit-meat, Jacob let out a milk-slobbering sigh, feeling the glans along his coronal ridge tingle delightfully as his tender pink boner was stroked by the slippery ribbed sheath of Trudy's ass-tube.

He felt his nuts tighten up, fighting off the urge to cum. Jacob was proud of how he could fuck a woman hard through an orgasm. With the help of his mom he had learned by now how to pace himself.

"My turn, greedy butt," Michelle said, pushing at her sister's side.

Jacob's cock slipped out of his Aunt Trudy's ass, but within seconds it was slipping through his mom's anal ring.

"Hi handsome," she smiled, gazing down into his eyes as she pushed his cock deeper and deeper into her ass.

"Hi mom," he said breathlessly.

"Another big win," she said proudly, squeezing her boy's cock-nob with her rectal muscles.

"Getting close to the state tournament," he said.

"Then, with one big win, you'll be fucking my pussy," she said. Michelle's ass slapped against her son's balls as her beautiful stretched butt-ring glided up and down his shaft.

Jacob's Grandma leaned over, staring down at the teen with her daughter. With their faces together, Jacob could see the resemblance. One's face was just a little wrinkled than the other, but they both had those beautiful sparkling eyes and big pouty lips.

"Oh the sexual vigor of a teenage boy. Makes me wish I was young again," Jean said.

"Oh don't worry, mom, he'll make you feel young again," Michelle said breathlessly.

Trudy joined them, peering down at the lucky teen on her hands and knees, with her ginormous hanging breasts bumping softly up against him.. "You can say that again. I haven't cum that fucking hard since college," Trudy said.

Jacob was now surrounded by six of the biggest breasts he ever imagined existed. Michelle's tits dug against his chest as they rocked up and back from her butt-thrusting. Trudy's and Jean's boobs just sort of hovered there near his face, bumping him softly as they all doted over him.

"Yep, my Grandson's gonna have three cock-hungry ass's to take care of all weekend," Jean said.

"Four," Gail shouted from the driver's seat.

"Four hungry ass's. Sorry, baby," Jean said to her daughter.

Trudy watched in amazement as Jacob and Michelle's bodies seemed to move as one. After every dozen butt-churning pumps Michelle would grind her ass for about ten second, stirring her bowels with her son's dreamy cock. Then she would go back to bouncing. She knew just how to keep her baby going.

"God, look at you two. You're amazing together," Trudy said.

"We've had a little practice at this, haven't we, honey?" Michelle said, smiling down at her son.

"Yep."

"If he can last that long in your ass, imagine what he can do to your pussy, Michelle," Trudy reminded her.

"Well after next week I won't have to imagine anymore," she said, her voice quivering.

"That's right," Jean said. "You'll have a studly state champion to fuck."

"Are you excited, Jacob?" his Aunt Trudy ask, gazing down with her beautiful eyes. "Are you excited to fuck your mom up the pussy?"

"Yes!" the boy hissed, incredibly aroused.

"Better be careful, she'll end up big n pregnant like me," Trudy said.

"I wouldn't mind that at all," the boy confessed.

His Grandma's eyes lit up. "Oh really. So would the baby be my Grandson, or my great Grandson?" she teased.

"Grandson," Michelle answered. "Because as far as everyone else is concerned the baby's dad would be my husband."

Trudy and Jean smiled at each other. "Hm, clearly she's thought this pregnancy idea through," Jean said.

"Well if Jacob and I are gonna be having unprotected sex together, it is a possibility that I could end up pregnant."

"Aww, you guys should totally do it. Your baby would be adorable," Trudy said.

"I think my eager honey here wants to do it for other reasons," Michelle said.

Trudy rose up onto her knees, making the huge ball of her pregnancy and her milk-engorged tits jut out over the boy's eyes. "I think I know what those 'other reasons' might be," she teased.

"Uh-huh," Jacob agreed, gazing up at her extraordinary curves.

"He wants a pregnant mommy so she can smother him," Trudy said, dropping her enormous tits onto his face.

Jacob rubbed his face delightfully all over his Aunt meaty mammaries.

While Trudy smothered him, Jean's spoke to Michelle, who continued to pump her son's cock through her ass. "Such a strong boner!" the Grandmother said, watching the veins and tendons at the base of Jacob's prick pop out, sustaining the force of his deep anal penetration.

"Unbelievably strong," Michelle gasped, humping tirelessly.

"And his balls or so full," Jean said, combing her long nails across her Grandson's swollen nuts. "If he doesn't give you a baby next week it'll be a miracle," she said, peeking up at her daughter. "Does he ejaculate a large volume of sperm?"

"I would say ten to twenty ropes of semen, depending on the intensity of his orgasm," Michelle said.

"Well better be careful with those Kegel grips when you fuck him. You make him cum too hard and your egg won't stand a chance."

Michelle shrugged her shoulders. "Oh well, then I guess I get pregnant. Winning State is a huge accomplishment, which means this mom's pulling out all the tricks with her reward, Kegel grips and all."

"Oh damn, Mom. I'm feeling really good!" Jacob moaned, feeling his balls tingle with the sensation of a hard orgasm.

"So am I, baby, so I want you to cum with me. When we're done the three of us will suck you to another hard-on, then you can hump you're Grandma the rest of the trip, okay?" Michelle said.

"Mm, sounds good to me." Jean said with a big smile.

Michelle laid down flat on her son's chest, squashing her bobbling knockers between them. Jacob watched as her gorgeous mommy-ass rose and fell rapidly, plunging his cock through her ass. He then gazed up at the two other sets of huge hanging udders floating over him.

"Michelle, I think my nephew's got a titty-fetish," Trudy giggled.

She let one of her massive milkers hang down just above Jacob's face. Jacob looked straight up at the leaking nipple as it wobbled teasingly. He was like a little boy being tempted with an ice-cream cone.

"You wanna suck that milky nipple while you cum, baby boy?" his Aunt said, then dropped her boob-melon onto his face, smothering it completely.

"OH JACOB!" Michelle squealed, her ass hammering him relentlessly. A hard cum shot through her heavy titted body like an electric current.

The boy sucked hard on Trudy's nipple and the tit-nector flowed into his mouth. He felt his mom's body begin to quiver delightfully against his. That's when his cock exploded!

"Hhhmmfff!!" he moaned, his tongue rolling wildly across Trudy's milky engorged teat.

The first cum-robe to blast from Jacob's cock had to be his biggest ever. The long fat steam of spunk hosed into Michelle's bowels. Even the humping, orgasming mother could feel the first few squirts of jism and her son's cock-head balloon against the walls of her cuntal-cavity.

Their bodies wrestled through their respective orgasms, not seeming to want it to end.

Jacob didn't know if he black out from the intense pleasure for a few minutes or what happened, but when he opened his eyes he was looking straight up into his Grandma's smiling face as she peered down over her giant stiff-nippled knockers. Jean had his head in her lap, stoking it lovingly as her two daughters worked on Jacob's cock and balls in the form of a hot juicy blowjob. "There's my handsome Grandson. Back with us?" Jean asked lovingly.

Michelle and her pregnant sister Trudy lashed their long tongues all over the boy's hard dick, while taking turns sucking his big cock back to a full hard-on.

As Jacob lay back, enjoying the amazing sensations of having his rod sucked on by two grown women, he gazed up at the underside of Jean's incredibly large tits. He knew that as soon as his cock was back at full mast he'd be smothered in their love. Between the wonderful eye-candy and the way his mom and Aunt sucked cock, it wasn't long.

Michelle popped the dick from her mouth, giving it a little wiggle. "There...hard as a flagpole," she said.

Trudy took one last lick down across his balls. "Mm, I could suck this cock for hours," she said in a sexy tone..

"Thank you, girls." Jean said, crawling down to take her turn at mounting him..

"Be gentle with her, honey," Michelle said, giving his stick a few final strokes.

"Oh nonsense. I may be older, but I can still handle a hammering." Jean smiled.

Jacob's tongue hung out as he watched his Grandma's huge fat udders loom over him, like fleshy watermelons. The way they teetered back and forth from their immense weight was spellbinding.

Michelle crawled up and got in the passenger seat of the van, while Trudy moved up between the two front seats. Jacob could hear the girls giggling as they whispered between each other.

"Sure you wanna hump this old body?" Jean asked, grasping her Grandson's cock.

"I wanna make you feel good Grandma. I wanna make you feel like a young lady again," Jacob said.

"Oh, you are quite the charmer." Jean said, fitting his tapered nob between the cheeks of her big naked buttocks.

Jacob thought it would take some work to get into his Grandma's ass, but his oily boner slipped right in and sunk all the way to the hilt.

"Oh shit!" he moaned, feeling his erection encased in the hot tube of her ass. Jean leaned down and buried the teen's face between her monstrous breasts, then began to pump her matronly derriere up and down on his cock.

"Oh my that is a big one!" She said as she felt her Grandson's long thick cock-muscle squeeze into her rectum.

There was so much wonderful tittie-meat that all Jacob could do was sigh delightfully as he rubbed his face all around the deep pocket of squishy cleavage. Jean's boobs were so ridiculously

massive and so spongy soft that the boy just wanted to roll his tongue across every inch while she fucked his cock with her asshole..

The girls peeked back and saw their mom's big bubbly buttock rising and falling at a nice steady rhythm. Jacob's boner looked so thick and strong with her wrinkly little butt-hole stretched around it's girth. "It's probably been awhile since mom had something like that up her ass," Trudy whispered.

"I bet she loves the attention her boobs are getting too," Michelle said.

Gail peered back through her rear view mirror. "And she'll keep enjoying it as long as she doesn't smother him to death with those huge things," she said, making her sisters giggle.

Jacob found her engorged teat and clamped his lips around it. The other women had big thick areolas, but he could still pull them into his mouth, along with their stiff nipples. This wasn't the case with his Gram. The rubbery-textures rings surrounding her nipples were just too big around to suck into his mouth. Still, he made a valiant effort, gorging himself greedily with distended hunk of fatty flesh.

He heard his little whimpering sounds. Even though she was 62 years old Jacob felt like he was fucking a young woman. He wanted nothing more than to fuck her silly and make her cum.

The strong teen grabbed his Grandma's ass and began to jerk his hips upward, meeting her down stroke. He began fucking so hard that she couldn't keep up. All she could do was hang on. Ohh my God!" Jean cried out.

Lewd slapping filled the vehicle as Jacob's scrotum thumped against Jean's bouncing ass.

Michelle and her sisters couldn't help but watch, mouths agape, as the teen assaulted their mother's ass.

"Holy shit, Michelle, he's like a fucking porn star!" Trudy exclaimed.

"I told you he's a fucking stud." Michelle said with a proud smile.

Jacob snarled in lust, with his tongue rolling all around against the puffy nipple inside his mouth and the meaty mound of her smothering tit swashing all over his face. He felt his Gram's rectal muscles squeeze at his tender prick as it thundered through her ass-tract.

Jean suddenly cried out and shook as her body exploded with orgasm. Jacob didn't let up. He continued to pump his cock up his Grandma's ass for about two more minutes, until he felt her come down from her orgasmic cloud. Then, like he was reversing one of his opponents, he rolled her over on her back.

His cock stayed lodged in her rectum and Jean's thick strong legs instinctively coiled up around his waist as he began to fuck hard again. The boy made animal-like grunts, fucking like a mad-

man as he settled his full weight down on top of Jean, singing down between her tits.

The horny teen was going at it so hard that Michelle began to feel concern for her mother. "Jacob, maybe you should slow down, honey," she suggested..

"Don't you dare slow down, love!" Jean shouted breathlessly. "You just mind your own business over there, young lady." .

Trudy smiled at her sister. "Don't let age fool you, little sister.

Jacob lifted himself off her chest with extended arms, while he continued fucking. He wanted to see how his Grandma's giant knockers moved while being fucked in this position. He wasn't disappointed. Jean's milkers were spread out across her chest like big round pillows of flesh, "Ahhh, shit!" the boy's voice quivered, flexing his cock at the site of her rolling, rippling boobs.

For ten solid minutes, Jacob's body thrashed against his Grandma as he lay against her massive breasts. Every few minutes he would hear a little whimper and feel her body quiver and her butt-tube clench up even tighter around his plunging meat. Finally, it was Jacob's body that shook as fat ropes of hot semen surged from the tip of his penis.

"Ohh damn!" he groaned. It seemed like they'd never stop as for two minutes he continued grinding and pumping more and more cum into Jean's ass.

Catching their breath, their bodies now a sweaty heap, Jean held her Grandson to her soft bosom, gently running her fingers through his hair. "Oh...my Grandson. My sweet, sweet baby," she sighed.

Gail pulled the van over to the side of the road.

"What are you doing, sis?" Michelle asked.

"Giving you the keys. It's my turn," Gail said said with an anxious smile..

"Good God, you must be crazy, Gail. He just had two orgasms, the poor boy must be spent." Trudy said.

Michelle peered at Jacob as he rolled off his Grandma and onto his back.

"Is that true, Jacob? Are you too tired to fuck one more ass?" she asked naughtily..

Jacob's cock twitched, still fully erect. The women up front noticed it and smiled. "Teenage cock, tired? HA!" Gail said, handing her sister the keys.

Jacob's Grandparents had a beautiful lakeside log cabin tucked in a private little cove. The family met there every year for their annual reunion.

It was pretty spacious inside the two-story cabin, with more than enough room for everyone. Jacob slept on an air mattress in his Grandma's sewing room on the second floor. Exhausted from both his fight and his butt-humping in the van the night before, the boy slept in until almost eleven in the morning.

After laying there for a little bit, listening to the birds outside chirp, he sensed someone standing in the doorway. Michelle smiled at her son as she struck a cute little pose in the doorway, with her hands on her hips. She was completely naked, her hair pulled back in a pony. "Good morning, handsome," she said sweetie. .

It still seemed surreal that he was looking at his own mom nude. He figured everyone must be out of the house for her to be so brazen. Hi, mom," he muttered.

Michelle's sexy bare feet tapped lightly on the wood floor as she stepped over and crawled under the blankets with him. Jacob slept in only his boxes and he had the usual morning tent-pole. After snuggling up against him and mashing her tits against a portion of his chest, Michelle fished out his prick and began to gently stroke at it.

"Mm, nice n hard, just the way mommy likes it," she cooed.

"Where is everyone?" Jacob asked.

"All the boys and kids took the pontoon out fishing for the day. Your Aunt Trudy and Aunt Gail are out sunbathing on the dock, and Grandma's downstairs cleaning, as usual." Michelle said.

"Aunt Trudy's daughter Laura's kind of a tomboy, isn't she?" Jacob asked.

"She always has been, and speaking of Laura, your Aunt Trudy tells me she's not on the pill, so don't get any bright ideas, Romeo," Michelle teased.

"Do you think she'd let me stick it in her ass?" Jacob asked.

"Well if she's anything like her mother there won't be an issue. Trudy doesn't want her knowing about any of this though, so if decide to get into her panties, you're on your own," Michelle said.

Michelle crawled onto her son, planting her knees astride his hips and letting her pendulous tits drag softly against his chest. Still clutching his hard-on, she lowered her ass and ran the fat bell tip through the moist folds of her vagina. "One more match," she said, gazing adoringly. "One more win and my baby will be a full-fledged motherfucker."

"It's hard waiting," he sighed..

"I know it is, and it's been such a long wait hasn't it, honey?"

"Long and hard," Jacob giggled.

"Like your cock." Michelle said, rubbing his cock-tip around in the slick mouth of her vagina. She

climbed to one side of him, she squashed her big mommy-melons against him as she brought her lips down to his. "Why don't you reach down and beat your dick while I love on you," she suggested.

Jacob reached down and stroked his erection while he lay there while his mom loved on him, fluttering her tongue against the sensitive spots on his neck. He wondered how many other boys in the world were getting this same treatment. How many other guys were laying in bed with their big breasted moms showering them with affection..

"Now just look at you two," his Grandma Jean said from the doorway.

Michelle peered back and smiled. "Hi, momma," she said.

Jean came over and sat beside them. Jacob noticed that his Grandma was wearing a big flowery robe. It was obvious she wasn't wearing a bra by the way her huge boobs wobbled when she sat. "You're just like a couple of horny little bunnies," she smiled as they all giggled.

"Can you blame me for being horny? Have you ever seen anything so beautiful?" Michelle said, gazing down at her son with goo-goo eyes.

Jean stared down at Jacob, softly running her long nails across his cheek. "He reminds me of your father when he was younger. So strong and tender, always eager to crawl between my legs," Jean confessed.

"You miss that, don't you momma?" Michelle asked.

"I'd be a fool if I said I didn't. I may be old, but I am still a woman."

"You're a beautiful woman, Grandma," Jacob told her..

"Oh I'm glad you think so, sweetie-bear." Jean said.

"Do you wanna love on him with me, while he strokes his boner?" Michelle asked her mother.

"I'd love to. I may be a little overdressed though. Let me get rid of this robe."

Jacob watched her Grandma's robe slip off her shoulders. She knelt on the opposite side of him as her daughter and they began planting kisses all up and down his upper half of his young body.

"Mm, do you like, honey?" Michelle asked, licking at one of his nipples while her mother kissed his neck. "Do you like the way we're kissing and licking on you while you stroke your big cock?"

"Yes!" the boy sighed, extremely aroused as he felt their jumbo-sized titties drag all over his chest.

"What do you think about when you stroke like that, sugar?" Jean asked, while sensually smacking her lips against his neck. "Do you think about wet pussy?"

"Yes ma'am," he sighed, loving the feel of both his mom and his Gram's big mammaries laying on his chest.

"Wet, hot experienced pussy squeezing around your big hardon?" Michelle asked in a lusty voice, tenderly kissing her way down his abs.

"Ahhh!" the boy sighed, feeling their wonderful lips and tongues probe his upper body.

"While a woman's big bouncy breasts swing and beat against your handsome face," Jean said, then kissed his lips sensually.

Michelle drug her thick tongue up his torso, as Jean and her son began kissing passionately. "Ohh, he loves big boobies, don't you, baby?" she sang, then planted kisses on his chest. "He loves to squeeze 'em," kiss, kiss, "and kiss 'em," kiss, kiss, "and suck and nibble on the juicy nipples," kiss, kiss, kiss.

Jean lifted her lips from Jacob's and gazed dreamily into his eyes. "Ohh, Grandma's little boobie-bear," she cooed, then sprawled across her Grandson's face tits-first, smothering him between her huge fat udders.

Jacob thrust his hips from the bed from the thrill of having his entire head wedged in his Grandma's monster cleavage. To make things even better, he felt his mom's hand wrap around his cock, along with his own, and her tongue whip wetly all over the nob of his boner..

"Mmmnff!" the boy whimpered, mashing his face into one of Jean's colossal tits.

"Mm, mommy will suck his hardon and make it feel like a wet pussy," he heard his mother say, then she began sucking his cock vigorously.

Jacob moaned in delight, muffled by all the squishy tit-flesh around his face.

"Yes, honey! Suck that young beautiful dick," she cried out. "Show him what mothers do best!"

The lucky teen kissed all over his Grandma's buxom boob until he finally found her huge pink cap. He slurped her thick rubbery nipple into his mouth and sucked like a starving infant.

Michelle's pretty head bobbed up and down tirelessly, providing her son a hot sloppy blowjob, while beating the base of his cock with her hand.

Jean pushed part of her fat tit down so she could watch her cute Grandson suck her nipple. The boy looked his Grandma in the eyes, his lips forming a tight seal around the center of Jean's massive areola. She grinned at him in a naughty manner. "That's my tit-hungry boy. Sucking on Grandma's big nipples like a pacifier," she said.

Jacob watched her eyes get big as he drug his teeth down the fat tender nubbin.

"It's ok, sweet boy, be as rough as you want," she sighed, "those nipples were made for boys to

suck and chew on."

Now that he was given the green light, Jacob did just that, sinking his teeth into the engorged papilla, making his Grandmother's eyes roll back. "Mmmfff!" he whimpered, chewing on her flesh while feeling his mom suck his cock exquisitely.

While Michelle's husband captained the pontoon boat at the far side of the lake, he had no idea that at that moment, his wife was sucking on their son's big teenage cock. Michelle felt completely justified in doing so, although she would never dare divulge to her hubby what her and her son had been up to. Her only problem was that she was becoming mindlessly addicted to her son's penis. All she could think about was stroking it, sucking it, wrapping her tits around it and shoving it up her ass. She knew that once she had it in her cunt, she'd be determined to fuck him again and again.

She felt her son's hips jerk and his boner give off a mighty throb inside her cock-stuffed mouth. She was convinced now that part of being a mother was to use her mouth like a pussy-hole for her boy to blow his wad into.

"Ggnnggfff!" she gagged, feeling a fat rope of jizz shoot straight down her throat. She knew this is when her big-dicked boy needed her the most. He needed her lips to tighten around his muscular meat. He needed her to suck her cheeks in, tightening her oral sheath to imitate the snug ribbed walls of a smothering vagina. He needed tongue to do something special, looping around and around his plunging erection, swirling his hot semen inside the warm confines of her mouth like mixer whipping batter inside a bowl.

She heard her teen grumble beneath the weight of her mother's tit. Her hand squeezed and jerked at his thick girthy cock-base, pumping out more and more hot ball-juice. Sucking her own son's ejaculate out of his penis seemed so primal and wonderful. He was hers after all. She had carried him, and squeezed him out of her cunt. In a way, his cock belonged to her, and so did whatever was in his balls.

After completely milking him off, the two mothers laid there snuggled against him, Scratching their nails teasing on his body.

Finally, Jacob's Grandma stood up and started for the door. "Well, I'm gonna leave you two love-birds alone and go back to my cleaning," she said.

After she left the room Michelle gave her son a serious look. "I'm gonna go back out and lay in the sun. Will you do me a favor, honey?" she asked.

"Sure. What?" Jacob inquired.

"Will you please go down there and fuck the shit out of my mother?" Michelle said with a grin.

"With pleasure." Jacob said, not questioning her.

"Jacob," Michelle said. softly.

"Yeah?"

"I know I said no pussy until you win state, but I think a big dick cleaning the cobwebs out of her cunt is what your Grandma really needs right now," Michelle explain.

"As long as you're sure it's ok," the boy said with his heart beating wildly.

"If it were anyone but my mother I'd say no. Look at it as though it were a practice fight, to get you ready for your match next week with your fiercest opponent...mom," she said with a smile..

"What about Grandpa? Isn't he downstairs?" Jacob asked.

"Oh, honey, you're Grandpa's lost his mind. He'll hear what's going on, but won't remember it for more than a few minutes," Michelle explained.

"Ok then," Jacob said with an eager smile.

"Oh, and if you think that's gonna be a 'lifeless fuck' waiting for you downstairs, you're probably gonna be shocked."

"Cool," Jacob said with a grin, eager to see what a fuck-hound his Grandma was in the sack.

Jean was dusting the bookshelf. Her old feeble husband sat in his wheelchair watching a baseball game.

"Whatcha doing, Grandma?" Jacob's voice asked.

Jean's Colossal melons rocked back and forth beneath her flimsy gown as she turned. She saw her Grandson walk into the room. He was still in his boxers and his big boner made the material tent way out, making her eyes go wide.

"Well, hello. I suppose you've come down here to find a warm place to put that thing?" she asked, looking back up into his eyes.

"Yeah," Jacob answered.

"Well I think I know just the place. Come down to my bedroom."

Jean stepped over and grasped her Grandson's boner through his boxers, then lead him towards her bedroom. Jean fed her husband a wicked little smile as she passed. Jacob felt a little guilty as he saw his Grandpa sitting there, but knew the old man wouldn't remember anything he saw more than a couple minutes anyway. The boy's heart swelled with excitement, knowing that he was going to pop his Grandma's cherry all over again.

Michelle sashayed into the room, still completely naked. She leaned down in front of her father and patted his cheek as he eyeballed her big dangling tits.

"Looks like they're about to get naughty," she said, glancing in the direction of the bedroom. "You'll get to hear her moan and scream just like she used to, daddy. Look," Michelle said, turning his wheelchair, so he could see into the downstairs bedroom.

His wife crawled back onto the mattress of their bed and lifted her knees back, spreading her thick thighs. Jacob followed her, taking position between her legs. "Here they go," Michelle giggled, then moved towards the back slider. Her father's eyes followed his daughter's thick swaying buttocks as she went outside.

"Ohhh!" his wife squealed, announcing her and Jacob's union.

Jean's pussy awoke from its slumber as it stretched around the girth of Jacob's hardon. With three mighty thrusts, Jacob's monster was balls deep. With one more little nudge he felt his purple nob squash against the head of her cervix. "Oh God, yess!" he groaned. His Grandma Jean's cunt-tube had an exquisite tightness from being without sex for years.

"Oh Lord, it's been so long," Jean sighed.

"I can tell. You're really tight, Grandma."

For a good five minutes Jacob lay flat against his Grandma's body, with her tit-melons sandwiched between them, while he slowly dug his cock in and out, stretching her inner lining at different angles, savoring the place he had never been.

He gradually picked up the pace and the old rusted bedsprings whined with each thrust.

For the first time in his life, Jacob was ready to pound some pussy. Holding her sexy legs back in a wide spread, he started to bob his ass between her cradling thighs. His big hairless scrotum rapped against her ass as his cock plunged in and out of her gaping fuck-tunnel.

"OH! OH, YOU LOVELY BOY!" she cried out in delight.

Jacob kept a steady pace for about two minutes, feeling his cock getting soaked with fuck-oil. He felt Jean's heavy-breasted body begin to tremble in orgasm. "Uungghh!" his pretty voice cried out. Her quivering cunt-tube clamped down around his cock, but still he kept pushing it through her tight grip, sending her through the moon..

The spongy head of her cervix felt like a tongue dragging against Jacob's nob as he plowed the back of her vagina. The bedsprings were now a steady repetitious squeak that filled the downstairs.

"Squeak, squeak, squeak, squeak, squeak, squeak!!

Jacob's Grandfather listened to the fuck-song as he observed. His wife of forty-two years had

her lovely legs scissored back high in the air as his Grandson's lean naked ass bobbed up and down between her thighs..

"OH YOU BEAUTIFUL WELL-HUNG BOY!" Jean's voice quivered as she cried out..

Moments later, she was squealing once again, her little toes curling as her pussy began to cream around her Grandson's cock for a second time.

Even though Jacob was in hog-heaven, he really wanted more than anything to make his Grandma cum again and again. Little did he realize that before they were through Jean would have twelve of the most powerful orgasms of her life.

She had a few hard cums while on her back, but once she was riding her young stallion, her orgasmic juices would begin to flow like she'd never experience before. The teen's eyes were wide with wonder, hypnotized by the heavy bouncing of his Grandma's enormous knockers as she rode him.

"Ohh damn," he sighed, feeling her pussy muscles massage his stiff prick with skilled squeezes. Yes it had been a while for her, but now it was all coming back, just like riding a bicycle and Jean was moving her body like a sexually-talented thirty year old.

Jacob felt like King of the universe! Here he was on his back, his cock being royally ridden by the matriarch of the entire family. She had leaned forward, and now his face was smothered in the world's biggest, softest tits, and he sucked and chewed on their big rubbery crowns. His big cock, that never tired, was about to make this mature Goddess scream again.

Jean peeked back and smiled at her husband through the doorway. She knew he used to love smothering his face between her massive mammaries, just like Jacob was now. Seeing them this way was probably giving him bursts of wonderful memories.

After Jean creamed on the boy's cock she climbed off him and pointed her thick naked rear back at him. "Take me from behind," she said pleadingly, wagging her ass at him.

"Gladly!" Jacob said, climbing to his knees and mounting her haunches.

The older beauty's fat peach-shaped buttock smacked rhythmically against Jacob's midsection as he fucked her from behind. He grasped her by her soft wide hips, really jamming it into her, making her gigantic hanging melons swing heavily like big fat pendulums.

"There you go, sugar!" Jean's shaky voice cried out. "Show your Grandpa what a man you've become!"

Jacob and his Grandma were facing Jean's husband as he sat in the living room watching through the open doorway. "Watch this, Grandpa!" the humping teen shouted, then started fucking away as fast as he could. Lewd SMACKING sounds amplified from the bedroom as Jean was hammered extremely hard and fast from behind.

The Grandmother cried out in ecstasy, her huge cannons moving about wildly as they hung from her chest.

"Oh fuck yess!" Jacob gasped, feeling his knob tingle while fuck her doggy-style, watching her fleshy round bun ripple delightfully with every strike of his crotch.

Jacob pounded his Grandma for nearly an hour before he blew his nuts, then he lay there against her soft sweaty flesh, resting his head on one of her pillowy breasts as they both caught there breath.

"Oh...I have a feeling you're gonna make me lots of great grandbaby's with that beautiful thing," she confessed.

"Do you think mom will let me get her pregnant?" Jacob asked.

"Well, if it's something you really want, she can probably be persuaded," Jean answered. "In case you haven't noticed, you're mother's priority right now seems to be giving you things you want, as long as you work hard for them."

"True," Jacob said.

A little while later, Jacob stepped from the house down to the water. He was still naked, his cock and balls flopping between his legs. He figured what the hell, they were all sunbathing out here, why couldn't he. Besides, the women in the family had all seen him naked anyway. The cabin was on thirty secluded acres, so privacy certainly wasn't an issue either.

He got in the water and swam out to the floating dock where his mom, Aunt Gail and Aunt Trudy were all laying on their tummies, soaking up the sun. He could hear them talking and giggling.

The sight of three voluptuous MILF sisters, completely naked, laying on their stomach's side by side, had Jacob's cock hard before he even reached the dock.

"Is it just me or do I hear a horny teenager trying to sneak up on us," Gail said.

They all looked back as Jacob arrived at the dock, resting his arms on it, while staring up the backs of their sexy shimmering legs and the half-moons of their meaty mommy-asses.

"Did you fuck your Grandma hard, honey?" Michelle asked.

"Oh yeah!" Jacob said with a satisfied grin.

"And...how was your first pussy?" Gail asked her nephew.

"Awesome! Grandma said I can fuck her again later."

"Wow, you must have made quite an impression." Trudy said.

"With that dick I guarantee he made an impression." Gail said, making them all giggle.

Jacob noticed their legs were all slightly spread, giving him a good look at the clamshells of their shaved vulva's. The plump cunnies were puffy and glistening with perspiration..

"So are you gonna come up here and let these three horny moms oil you down, so you don't burn?" Michelle asked.

"Sure." Jacob said, lifting himself up on the platform.

There was a lounge float laying on the dock and Jacob crawled onto it and lay on his back. His big dick stuck up like a flagpole as he found himself surrounded by the three heavy titted sisters.

Gail squirted baby-oil all over his cock and balls and she and Trudy latched onto his shaft. Even with both their sexy fists around his greasy dong they couldn't cover all of it. They began to stroke the vein-covered sperm-cannon, coating it with slippery oil.

"Oh I love this big fucking dick!" Gail said with adoration.

"And his balls are so fucking smooth and soft," Trudy said, kneading his scrotum. Michelle squirted more baby oil onto her son's chest and began to gently massage it in, gazing down lustfully at his young muscular frame.

"Mmm, so fucking sexy," she cooed.

Jacob's eye's were drawn to the six huge drooping breasts as they wobbled and quivered around him. They each glistened with a combination of baby-oil and sweat and their areolas and nipples were all plump and swollen from the heat of the noonday sun.

"I think our baby wants us to fuck him with our big oily titties, don't you, honey?" Michelle asked teasingly.

It amazed the boy how his mom was able to read his thoughts like a book sometimes. "Yeah, I definitely wouldn't mind that," he confessed..

Jacob's cock was trapped between Gail's dangling udders and she squeezed them together, sandwiching his slippery hard-on in her cleavage. "It spent all morning in Grandma's pussy and now it wants to get between some warm titties," she said, in a cute sexy voice.

Gail and Trudy tag-teamed Jacob's cock with their melonous boobs. His fat bell tip bubbled with pre-cum as it split the top of Trudy's cleavage, emerging from her creamy tit-cleavage.

"Oh, my big tits usually swallow a dick whole, but not this big beautiful thing," Trudy confessed.

"That's okay," Gail said, leaning over. "Aunt Gail can wrap her lips around the big juicy head so it doesn't feel left out."

Jacob shuddered in delight as her felt mouth drop over his peter-tip and her hyperactive tongue flutter across his nob. She made a lewd sucking sounds, causing her mouth to vibrate around the tip of his tender dong.

Michelle straddled her son's chest, squashing her naked twat against his chiseled abs. She brought her lush body down onto his, so her squishy boobies rested on his shoulders.

"I wanna suck on my baby's tongue," she whispered, bringing her lips to his for a sensual kiss.

Mother and son began to make out, their tongues rolling and twisting together in a wild frenzy inside Jacob's mouth. The boy wrapped his arms around his curvy mom. She felt so fucking good against him, as did the oily boobs that were humping his cock.

Gail bounced her tits on Jacob's dick, fucking it's muscled hardness between her oily boobies As she did this Trudy massaged his balls, digging her long nails into the tender flesh of his nuts.

"Does that feel good, baby?" Gail sighed. "Does it feel good to have your big dick smothered between Aunt Gail's titties, huh?"

"Uh-huh." Jacob hummed as his mom's pink snake flailed away inside his mouth.

His Aunt Trudy's hand traveled down further between his legs, rubbing his taint and his asshole. "Mmm, getting worked over by the hands of three naughty moms," she said.

Things continued this way for a good fifteen minutes before Michelle rose from his chest.

"How's my dick girls? You taking good care of it?" she asked her sisters.

Gail's tongue was sliding up the shaft as Trudy nursed hungrily on the spongy tip of his cock..

"It's yummy!" Trudy moaned as she looped her strong tongue around and around the juicy cock-head.

Michelle moved down to assist, and now the boy had two experienced mommy-lickers whipping all over the glans of his penis. "Mmm, lick the piss-slit, Michelle. There's so much fucking pre-cum seeping out," Trudy told her sister as they tongued him.

Gail joined them, letting her luscious lips flute up the boy's hard shaft. "So fucking hard and muscular," she cooed, squeezing her mouth around the thick cylinder of meat.

Michelle stuffed her mouth full and her pretty head bobbed up and down on her boy's boner. Then Trudy took a tuned, pumping the ring of her stretched lips around the cum-drooling prick, whipping her wet tongue all around it.

"Oh, shit," Jacob muttered, feeling his crotch get worked over by the three beautiful women.

Gail grasped the hardon around the base and pulled the loose skin up and down his shaft a few times to meet her sister's lips. "That's it sis, suck that big pussy-fucker," she said.

Trudy and Michelle's tongues worked in unison fluttering away at the crown of Jacob's lucky cock. "Big strong boner felt so fucking good riding my rump last night," Gail said lustfully.

"Mm, I loved the feel of it sliding through my asshole," Trudy added.

"Shooting out all that hot ball-juice deep in our rectums," Michelle sighed..

"How bout it, stud? Wanna stretch some horny mommy buttoles again today?" Gail asked in a sexy tone..

"Oh fuck yeah!" Jacob sighed, enjoying the amazing sensations on his dick.

A few minutes later the three sister's were on their hands and knees, side by side, their big tits dangling beneath them. In the middle was Michelle, and Jacob was already kneeling behind her, hammering away in a deep anal fuck.

"Oh God that's so good!" his mother cried out.

His sweaty balls slapped against her puffy vulva as he plunged his thick penis in and out of her ass. All three woman were reaching between their legs and rubbing their fat horny clits.

Gail wagged her luscious derriere, her big pink pucker of her ass-ring pulsing anxiously. "Fuck me!" she pleaded.

Slipping from his mom's ass, Jacob quickly moved to Gail's and popped his shiny cock-head into her steamy ass-socket. With one long thrust he sunk all the way to his nut-sack.

"Oh my God!" he groaned, feeling her hot slippery ass-tract sheath his tender erection..

He set his hips in motion and watched his Aunt Gail's ass-meat ripple as he thrust into her with long ball-bumping strokes.

"Oh fuck, I love that cock!" Gail cried out, feeling his strong boner pump through her throbbing rectum.

"That cock's gonna fuck mom's pussy next week, isn't it, honey?" Michelle asked proudly, winking back at her humping boy.

"Uh-huh," Jacob answered breathlessly.

"Have you got back on the pill yet, sis?" Trudy asked.

"No, I have an appointment with my doctor on Tuesday." Michelle said, glancing back at the disappointment in her son's eyes. She knew how bad he wanted to knock her up.

"Don't let her try to talk you into using fucking condoms. Some doctor's can do that you know," Trudy said.

"Oh fuck that! I'll let Jacob get me pregnant before I make him wear a condom. That's just cruel," Michelle said.

Jacob loved the sound of that. He continued to rhythmically hammer his Aunt's ass, which created a lewd slapping sound across the water, as the sister's spoke.

Gail chimed in, her voice shaky from being hammered from behind. "They have the pill contraceptive now that you take just before sex. It adjusts your PH levels, so Jacob can pump gallons of sperm inside you without you getting preggers," she said.

Jacob's face lit up. "Yeah, that way you can still easily change your mind if you decide to get knocked up."

Michelle giggled and spit her tongue back at him. "Nice try!" she said.

"OH FUCK this cock feels good!" Gail cried out, thrusting her rippling ass back, meeting Jacob pump for pump.

"That's it, baby. Fuck Aunt Gail's sexy ass," Michelle said encouragingly.

"HUH! HUH!" OH FUCK YEAH, I'M CUMMING!" Gail screamed out, which echoed across the lake..

Jacob felt her asshole tighten around his phallus as her body began to convulse. He rode her hard straight through her orgasm, making her butt smack loudly against his crotch over and over.

"My turn!" Trudy's said excitedly, her persperation-sheened buttocks ready and waiting. Her hungry ass-ring slipped easily over Jacob's crown and his cock sunk straight to the root.

Jean stepped outside onto the porch in a halter gown. Her tits were obviously braless beneath the top as they ballooned way out with stiff nipples protruding from beneath the thin fabric..

She looked out towards the floating dock to see Jacob pounding her oldest daughters ass. She could see Trudy's big round belly, and her tits rocking wildly beneath her as the vigorous teen fucked with all he had. It was quite the sight...three grown women, each with their butts cocked back eager to be pounded by a handsome teenage boy.

She was tempted to swim out there with them, and bend over in front of her Grandson and be one of the girls, but she knew she'd have his cock in her ass, all to herself, soon enough.

For a good half-hour Jacob moved from one woman to the next, riding their mommy-rumps and making each of them scream as they rubbed their juicy pussy while getting a serious anal pounding.

"Oh God, I'm feeling good!" Jacob groaned, slamming his prick deep inside Michelle's ass. His bell tip tingled as it pumped into the slippery grip of her rectal ampulla, the deepest part of her ass.

"Cum on our tits, honey!" Michelle said, pulling her asshole off his cock. His boner bobbed stiffly, sticking out from his loins at an upward angle.

The three women turned around and quickly formed a little circle on their knees, cupping their big mammaries and holding them up.. Jacob jacked his cock right above the oily cluster of melonous flesh.

"Ahh fuck!!" He grunted, as big fat ropes of jism erupted from his piss-slit.

"Oh yeah, cum all over our big tits, stud!" Gail shouted.

"Yess! Hose us with your fucking cum!" Trudy added.

The women's tongues rolled lustfully out of their mouths as they watched the creamy ball-juice being pumped out of Jacob's dick and splashing onto their swollen tits..

After cumming hard, Jacob did a canon-ball off the side of the dock. The three women screamed and giggled playfully as they were splashed with water.. Gail dove in after him and soon after Jacob surfaced so did she, and threw her arms and legs around him.

"Get back here you sexy stud!" she said playfully.

Like a horny young couple Jacob and Gail started making out. Jacob kept them afloat as Gail hung on, her tits squashed against his chest. Jacob could feel the underside of his still hard shaft resting against the warm folds of her labium.

"Mmm," Gail hummed as her tongue wrestled with her nephew's.

Trudy and Michelle dove in and swam over to them. Trudy had a couple of those long floating water noodles.

"Here, sexy," she said, giving them to Jacob. "Put these floats between your legs. It'll help you hold the three of us horny old gals up."

Jacob put the water noodles down between his legs so him and Gail could straddle them like a horse. This allowed them to float effortlessly. Gail adjusted herself so that she was now pretty much sitting on Jacob's lap, with her legs wrapped around him.

Trudy straddled the noodle also, coming right up behind the teen so her huge wet boobs and enormous pregnant belly were pancaked against his back. She rested her legs on top of Gail's so that she too could coil them around her nephew. She reached around and drug her nails on

the tender flesh of his chest. Jacob was now pressed between two curvy women, with Gail's tongue still squirming against his, while Trudy began fluttering her pink snake against his neck.

Michelle swam up beside them and climbed on board, twisting her legs in through her sister's, so she could straddle her son from the side. This caused the four of them to sink to their necks, but they still managed to float without kicking.

"This is what you call a mom sandwich." Michelle said with a giggle.

"A meaty teenage boy smothered in mommies," Gail said between kisses.

Jacob moved from Gail's lips to his mom's and Gail moved from Jacob's lips to his neck. The lucky eighteen year old now had two women working each side of his tender neck and his gorgeous mother exploring the inside of his mouth with her tongue.

Jacob's cock was trapped between the float and Gail's pussy. He could feel her soft fleshy labium squashed against it and as they bobbed in the water Gail's genitals gently slid back and forth across his shaft.

The boy felt like his body was encased in tit-meat. Their oversized tits rubbed buoyantly all over his chest and back. "Holy shit, this is so cool," Jacob muttered, making the three sisters giggle.

"Oh, Michelle, our baby likes it." Gail cooed, fluttering her tongue against Jacob's ear.

"Do you like getting loved on by us, honey?" Michelle asked.

"Oh yeah," Jacob sighed.

"You mean you wouldn't rather be out fishing with the boys, baby?" Trudy asked.

"No fucking way."

"Naughty boys would rather stay back with the moms, so their dicks can get special attention," Gail said, as she paused from licking his neck a moment.

"Is that true, honey. Would you rather be here feeling our naked bodies around you?" Michelle asked.

"Squishing our big fat titties all over you?" Trudy added.

Gail ground her fleshy pussy on his boner. "Grinding our horny cunts against your big manly cock, smearing our slippery juices all over it," she moaned.

"Oh my God, you guys turn me on so much!" Jacob gasped, making the mother's giggle.

"Oh my God I felt that!" Gail announced, her eyes slightly rolling back. "His cock just flexed against my pussy. It's so fucking hard!"

"I wanna feel it!" Trudy shouted, like an anxious girl at a carnival ride. "I wanna feel it throb!"

The women moved around so that Trudy was now in front and Gail was behind him. "Jesus!" Jacob gasped excitedly, watching his pregnant Aunt straddle his loins. Trudy's giant orb of ripe baby-meat pressed against Jacob's lower torso, bulging out from between them. Her big milkers rested softly on his shoulders, so his head peered up while wedge into her doughy-soft cleavage.

He felt her pussy sink onto his his cock and her juicy vestibule hug his hard tubular shaft.

Trudy made out with him passionately, while the other women stroked his young aroused body.

For a half-hour they floated like a big bobbing squirming mass of naked flesh. Three gorgeous big breasted moms against a handsome teen with a huge rock hard penis.

Jacob's sucked his Aunt's milk-squirting nipple, while he felt his mom and Gail's hand jerking him off beneath the water.

"Mmmnff!" he whimpered, Trudy's tit-nectar slobbering from his tit-stuffed mouth.

"Ohh yess, Jacob! Shoot out all that hot baby-making cream!" his Aunt encouraged. "Shoot it against my pregnant pussy!"

He felt his mom clawing at him from behind, pancaking her huge melons against his back, while reaching around and beating his boner with Gail. She knew the words that would make him cum the hardest. "I wanna feel that hot seed blast against my cervix!" she cried out in his ear lustfully. "Make my belly swell with your baby!"

Jacob's body shuddered, and he grunted loudly, as Michelle and Gail's experienced hands worked together on his cock, bringing him to a toe-curling orgasm. For several minutes the horny mother's worked him off, feeling his young body jerk and tremble between their smothering bodies.

That night as they sat around the fire-pit it struck Jacob just how wickedly naughty he was. Here were these wife's, cuddling with their loving husbands after they had spent the day fucking and sucking him.

It was only early evening and Jacob knew he'd be getting his cock worked at least a couple times that night. He just didn't realize it would be so soon.

Michelle snuck away from the group as one of Jacob's uncles was telling a boring hunting story. Jacob watched her sashay on bare feet towards the door, her braless tits bobbling beneath her thigh high gown. Before she stepped inside she gave him a naughty little look.

"Come on," she mouthed, nudging her head for him to follow her.

Jacob got up and trailed her inside. Gail and Trudy looked at each other and smiled. They knew their sister was hungry for cock. So were they, but they knew they couldn't all bail out on their husbands.

Not a word was said as Jacob followed his mom upstairs and into the bathroom. She closed and locked the door behind them, then, like an animal in heat, began tearing her son's clothes off of him. "We have to be quick," she whispered as she reached under her gown and slid her dainty black thong-panties down her luscious legs.

By now Jacob's confidence level was high so he felt right at home being the aggressor. As they began to kiss he reached around and squeezed her thick bubbly mommy-ass with both hand, letting his fingers sink into the delightful flesh..

He slid his hands down the back of her thighs and Michelle knew exactly what he wanted. Throwing her arms around his neck she sprung from the floor and wrapped her strong shimmery-soft legs around his waist.

"We need lube," she gasped as her lips smacked against her son's, feeling his big tapered nob squeezed up against her butthole.

Jacob walked his mom over to her bag which sat near the bathroom sink. As she reached down and thumbed through it he took a good look at the both of them in the bathroom mirror.

"Wow!" he muttered out loud, looking at the way his mom was clinging onto him, with her tan silky-smooth legs wrapped around his midsection.

"Quite a sight, huh?" the mother smiled as they looked at each other in the mirror.

"Unbelievable!"

He could see his mom's sexy feet with her red painted toenails tucked behind him, her heels resting on his ass. Her shapely mommy-rump hovered over his iron-hard cock as she reached around and applied lubricant to his cock-head and shaft.

His heart fluttered excitedly as he realized that this was his own mom he was holding, the one who gave birth to him and read him stories at night when he was a little boy. Now he was a big boy, with a large penis and Jacob was seeing a side of his mom that sons don't usually get to see.

"What's wrong," she asked, her eyes glowing with lust.

"I was just thinking back when I was a boy," he muttered.

"Yeah, what about when you were a boy?"

"Just how beautiful I always thought you were, you know, before I even knew about sex and all that," he confessed.

Michelle smiled as her mind drifted back several years. "Then you learned that there were other parts to mommy, didn't you? Parts that made you dickie get all stiff," she whispered.

"Yes," he agreed.

She gazed into his eyes. "Parts that jiggle and sway. Parts that mommy can wrap around you make your boner spurt off in pleasure," she said seductively, making the boy's huge erection flex against the crease of her ass.

"Ohh damn, mom," he sighed, so fucking turned on he could hardly stand it.

Michelle moved her hips, making her boy's cock slide along the groove between her lovely butt-cheeks. "Mom's ass was one of those jiggly spots that fascinated you, wasn't it?" she asked. "You used to watch those big mommy-buns sway and jiggle around the house, didn't you, honey? I bet you were over the moon when you found out there was a hole between those bun-cheeks that boys could squeeze their peckers into."

Jacob just gasped and nodded.

"Well," she said, giving him a lusty gaze, "here you are. Shove it in, so your mommy can show you how fucking good it feels."

Michelle guided her son's cap to its pink puckered target and slipped it inside. She lowered her ass and with one long thrust Jacob sunk to his balls. "Ohhh!" he sighed.

"Oh yeah, there's my boy!" Michelle moaned, squeezing her anal muscles around his muscled cock.

Michelle kissed his lips. "Pin me against the wall and pound my fucking ass!" she hissed.

Jacob pinned her against the wall and began to hammer away. With each of his upward strokes Michelle pushed her ass down, sending his oily meat into the deepest, darkest regions of her bowels.

"Oh God!" his voice quivered, as his mom used her strong legs to pump her aas up and down on his cock. Her unfettered breasts bounced against his chest through the thin top of her gown.

"You're taking such good care of momma's rump, aren't you baby?" Michelle whimpered.

"I love your ass, mom!" Jacob confessed.

"My ass loves you, honey!. It loves to bounce up and down on that big monster, smothering it with warm love!" she panted.

Jacob fucked with everything he had, shaking Michelle's fragile body with each powerful thrust.

She held on tight for the ride with her strong gorgeous mommy-legs wrapped tightly around him.

"Oh my God, you're getting good at this!" She moaned, her body on the brink of orgasmic bliss. She pushed her inner muscles outward, as if trying to shit out her son's cock, making the cock-milking friction around his plunging hardon incredibly intense.

"Oh Mom, that's too good," he squealed, trying not to be too loud.

"I know it is," she whimpered back, feeling a hot cum swell inside her busty body.

"Uh fuck, I'm gonna cum!" Jacob muttered.

"Oh baby, me too!" Michelle cried.

As Jacob felt the lava rise from his balls he planted his cock as deep up his mom's shit-hole as it would go and held it there, then grunted, firing a hot blast of teenage spunk into her guts.

Michelle was right behind him. She let out a muffled little scream into the soft of his neck as her body began to tremble.

"Huh-ah-ah-ah-ah!!!" the boy's voice quivered, as he felt the root of his prick bulge out, stretching the ring of his mom's snug butthole even more as he pumped more semen into her.

For two full minutes they rode the wave together, grunting and quivering as Michelle's anal ring slowly slipped up and down her son's thick muscled butt-fucker.

"Oh baby, you rock my fucking world," Michelle said breathlessly, collapsing against him..

"I love rocking your world, mom," Jacob said.

"We better get back downstairs before your father figures out you're rocking my world." Michelle joked.

Having been gone no longer than twenty minutes Michelle and Jacob rejoined the family on the porch. The mother felt wicked sitting back down next to her husband, feeling some of her boy's spunk seep out of her ass.. The sisters all exchanged a knowing smile.

Having had a long day, the whole house was in bed by ten. About midnight Michelle slipped out of bed and snuck down to the room her son was staying in.

When she cracked the door open and peeked inside Michelle found her mother and Jacob making love on his mattress bed. Jean was riding him at a nice slow steady pace. Michelle could see her son's cock slipping in and out of the soft fleshy folds of her mother's vagina.

Jacob peeked over along the side of Jean's huge swinging tits and saw his mom watching from the crack in the doorway. He smiled and gave her a thumbs-up.

"I love you," Michelle mouthed, then gently closed the door.

Trudy stepped up the hallway on bare feet in a flimsy pink nighty. Her big pregnant belly poked out a slit in the gown and her dark pink areolas were barely visible through the silky fabric. "Is he alone?" she asked her sister quietly.

"No, he's fucking mom again," Michelle whispered.

"Well, that's good I suppose, but I was hoping to get some more anal," Trudy confessed.

"Why do you think I came down here," Michelle asked, making them both giggle.

"We're such deprived sluts," Trudy joked.

"For him, yes," Michelle said.

"How long do you think mom will go at him?"

"Not sure, she may just spend the night in there," Michelle said.

"I'm checking back in an hour," Trudy said.

"Not if I do first," Michelle said to her sister competitively.

Jacob and his Grandmother's bodies writhed together as he fucked her in the missionary position on the mattress. Her sexy curvy legs were wrapped high around his back as he pumped into her ass deeply as he could. "Fuuuck, Grandma!" the boy snarled, feeling her ribbed walls milk his cock as he lay sunken against her pillowy tits.

"Ohh, Jacob!" she squealed, squirting out hot girl cum around his burrowing prick.

"Ohh, cumming!" the boy grunted, hosing out hot ropes inside her.

A little while later, Trudy came back, finding the boy alone and nearly asleep. She came in and closed the door. "Hey sexy," she whispered, reaching under her big belly and slipping her dainty panties off. The boy's heart pounded excitedly as he watched his hot pregnant Aunt crawl into bed with him.

Michelle was about ten minutes too late. She peered into the room and saw her sister in the same position her mom had been in on top of Jacob. This time, however, Jacob's cock was crammed up a meaty ass, and Trudy humped on it tirelessly.

Milk trickled out the corner of the boy's tit-stuffed mouth as he spotted his mom in the doorway again. Michelle's short robe was untied and hung wide-open, with her big tits hanging out and her beautiful dark hair flowing down over her shoulders. Jacob's eyes traveled down to the V of her shaved pubis. She gave him a cute little wave, then reached down between her legs and split her cunt with two fingers, exposing fully the thick hood of her engorged clitoris.

This made the boy's eyes go wide and his cock flex inside Trudy's humping ass.

Michelle smiled, pleased at her son's ogling reaction. She wanted to excite him so much that he came quickly, so her sister would leave and she'd have him all to herself.

While sucking his Aunt's milky tit, Jacob watched his mom turn around and bend over, pointing her meaty mommy-buttocks at him. Her puffy outer labium came together to form a dark cuntal cleavage. She used the same two fingers to peel them open for her boy's watching eyes, revealing a juicy pink slit.

With her free hand, Michelle reached up and squeezed one of her huge hanging melons, while peering back into her boy's eyes. She rolled her tongue across her top lip in a sexy manner, then mouthed the words "fuck me" to him.

"Ohhh shit!" the boy gasped, slobbering breast-milk all over the place as a strong cum hit him out of no where.

Feeling his hot semen scorch her bowels, Trudy started cumming also and for several minutes they bucked and whimpered in passion..

Michelle felt wicked getting pumped up the ass with her husband snoring just up the hallway, but it was worth the risk. She sighed in ecstasy, as her and her boy's heads poked from the covers. Jacob was laying flat on her back, pumping his hardon through her cushioned butt-globes. It was a new position that she had suggested, and he was anxious to explore every single one with her.

Having came so much that day, he was really able to pound his mother's ass off with savage thrusts. Michelle came so many times over the next hour that she'd lost count. She was shocked that her boy was still able to hose out a monster load of cum in her ass.

"Oh my God! Where's it all coming from?" she asked herself. "He must have an amazing sperm factory in those young balls!"

Jacob woke the next morning around ten. He was surprised to see his cousin Laura sitting in a chair across from him. What was even more surprising was that she was in a skimpy pair of panties and a wife-beater t-shirt. She was listening to music on Jacob's phone, with her cute little bare feet propped up on the chair. Her long toned legs were slightly spread and Jacob could clearly see the bulge of her vulva through the fabric.

"I like your music," she said, looking down at him.

"Thanks. Where is everyone?" he asked.

"They all went into town for breakfast. Won't be back for a while," she said.

Jacob laid back and tucked his hands behind his head. His muscular bare chest was exposed and his morning wood made an impressive tent in the sheet.

"So...do you have a boyfriend?" he asked.

"Yeah, he's a wrestler like you. Not as good though. So, do you always wake up like that?" Laura asked, glancing at the bulge in the sheet.

"Yeah, pretty much."

"You must be pretty big for it to stick way up like that," Laura pointed out.

"Yeah, it's pretty big, at least that's what all the girls I've been with say." Jacob said with pride.

"Like my mom, you mean?" she asked with a smile.

"Well, no, I..."

"I know you've fucked her. She left her panties in here," Laura said, lifting up her mom's dainty thong with her fingers. "Plus the bed wrecks of raunchy sex AND her perfume."

Laura got up and pranced over to the window. Jacob watched her braless tits jiggle beneath her top and as she looked out at the lake he got a great view of her plump teenage ass. Her panties were bunched up in her ass crack, exposing a lot off cheek.

"It's so beautiful here," she said staring out the window.

"It sure is." Jacob said, staring at the backs of her smooth shapely legs.

Laura turned and looked down at him. "I know we're cousins and all but...do you wanna fuck?" she said, matter of factly.

"Sure," Jacob muttered, his heart racing.

Laura peeled off her panties, revealing her cute little bald pussy.

"I sort of have this problem though." Jacob said.

"What kinda problem?" she asked.

"Well, I promised my um...my girlfriend that I wouldn't have sex with anyone else," Jacob said, speaking about the promise he'd made to his mother.

"That's not a problem. I promise my boyfriend the same thing, but I have sex with lots of other guys. Your secret's safe with me," Laura smiled.

"Well, she is okay with me doing other kinds of things with girls," Jacob said.

"What kinds of other things?" Laura asked curiously.

"Well, she's okay with me going down on them and having anal sex."

"Wow! So she'll let you eat other girls pussies and butt-fuck them? This girl must be so cool. Does she go to your school?" Laura asked, lifting her shirt off.

Jacob could barely answer as he caught sight of her big plump titties.

"No, uh...she's a little older than I am," he said..

"How much older?" Laura asked.

"Oh, about twenty years."

"Holy fuck! Does your mom know?" Laura exclaimed.

"Well, yeah actually she does," he answered.

"My boyfriend and I do anal, but he's not very good at it.... I bet you are though." Laura said, gazing at the tent in the blankets.

Jacob slowly slipped the sheet off his body revealing his long thick big butt-fucker in all its glory. Laura's eyes got big and she gasped as her mouth curled into a naughty little smile. "Oh my God, I sooo want that up my ass!" she exclaimed.

At the restaurant the three sisters and their mother Jean sat in a booth talking while the men were outside shooting the shit with a couple other local guys.

"I was so jealous when you two went inside last night, I could have killed you." Gail said, gazing at Michelle.

"You could have taken him inside. I just beat you to the punch." Michelle said.

"Like I did to you last night?" Trudy said, smiling at Michelle.

"I got fucked again too, so na-na-na!" she said, spitting her tongue out playfully at her sister.

"Yeah, well we'll see who's punching first tonight." Gail said.

"Now wait a minute I think if anyone gets laid again tonight it's me. You two are gonna be the one's tag-teaming him all summer," Trudy said. "Besides, I'm giving birth any day and won't be able to have sex for at least a couple weeks."

Jean chimed in on the conversation. "Now girls, why don't the three of you take him down to the boat house tonight and take turns on him like you did yesterday. In fact I may just join you this time," she suggested..

"Jesus, mother, you two fucked for an hour last night. Let us have some time with him." Trudy said.

"Oh dear, an hour's not nearly enough. Your mother may be old but she still has a healthy sexual appetite. Where do you think you girls got it from?" She asked, making her daughters giggle.

"I wonder if Laura's starting to crave sex like I do?" Trudy asked.

"OH FUCK!" Laura cried as she was nailed to the mattress.

Her strong legs were wrapped around Jacob's waist, her heels resting against his bouncing ass as his cock plunged in and out of her gaping butthole.

Jacob fucked her hard as he lay flat against her, savoring the feel of her young, firm tits against his chest. She let out a high-pitched squeal and her body began to convulse as yet another orgasm wracked her fragile teenage body.

Back at the restaurant, the women still chatted. "Well I for one refuse to sit there and watch my mother get her pussy pounded unless I can too," Trudy said.

"I agree, Michelle. State-Champ or not this "ass only" thing's getting a little old, don't you think?" Gail said.

"Hold on sec. Who was preaching to me when I first started this about giving him little rewards at a time...and saving vaginal intercourse for when he won state?" Michelle asked.

"That's great, so save YOUR vagina, but don't deprive the rest of us," Gail said.

The four of them got quiet as Michelle looked down in thought.

"I guess... well, call me selfish, but I guess I just wanted his cherry, that's all," she said in a sweet little tone.

"Newsflash, sis. Your mother gobbled that cherry up yesterday," Trudy reminded her.

Michelle and Jean exchanged a look. "Hey, you told him it was okay," Jean said.

"I know I did, but I did that more for you than him. I wanted you to remember what it felt like to

have a big dick inside of you. To be fucked hard like you used to be." Michelle said.

Jean reached over and took Michelle's hand, giving it a gentle squeeze. She searched her daughters eyes. "First of all, daughter of mine, there is no "remembering." That WAS the biggest dick and that was the hardest fuck I've ever had," she said, making her daughters giggle.

"Secondly, that gorgeous boy of yours could fuck every single pussy on this planet and it still wouldn't be his momma's pussy. I've seen the two of you move together and...no offence to my other girls, but it's like nothing I've ever seen," Jean explained.

Michelle knew what her mother was talking about. She had been with many sexual partners in her lifetime, but when her and Jacob were together, it was like an intricate dance in which they both knew instinctively just how to move. He was her perfect sexual partner.

Jean continued speaking. "Next week he'll be your state champion, and the two of you will be floating on your own little sexual cloud. I promise you, when he makes love to his mother it'll be like nothing he or you have ever experienced."

Michelle felt a surge of overwhelming excitement shoot through her body. She pressed her cute little toes hard against her sandals, flexing her long matronly legs. She felt her labial meat peel apart and vaginal juice trickle down into the crack of her ass. She felt her big breasts give out an excited quiver and her nipples harden into huge rubbery knots.

"Yes...I know it will," she whispered, her lips curling into a devilish little grin.

"So...is that a YES?" Gail asked, anxiously wanting to get back to the subject of Jacob fucking her.

Michelle peered over at her and Trudy with a smile. "That's a yes," she said.

Gail and Trudy let out an excited cheer, like two little horny teenage girls, bouncing in their seats and making their huge mommy-boobs jump.

The men outside heard them and smiled in through the window, shaking their heads. Little did they know that the source of their wives excitement was a big teenage dick that would be hammering their pussies and making them cream.

Speaking of big teenage dick, Laura's plump ass rested against Jacob, his tool buried so far up her shitter that only his big hairless scrotum was left tucked snugly in her crack. She shifted her hips, up and back, up and back, digging his cock-head into the depths of her bowels. A froth of butt-butter escaped from her hole and ran down across Jacob's testicles.

"OH GOD!" Laura cried as her little legs began to shake.

She was leaning against Jacob, who was in his favorite position, on his back with his mouth stuffed full of breast-meat. He let his teeth scrape against her areola as he felt her young body convulsing.

"Fuuuck!" she screamed out. It was a good thing there wasn't anyone else in the cabin or they would have surely heard her..

Laura's sexy teenage buns bounced on Jacob's dick for a little over twenty minutes before he before he blew his nuts in her tight snug ass.. His meaty cock had made his cousin cream at least a dozen times and her young body shook yet again as he as the ropes of jism blasted from his cock-head.

"Holy shit, I envy the hell out of your girlfriend," she panted, laying flat against her big-dicked cousin.

This brought a huge smile to Jacob's face. "Yeah, she gets it pretty fucking good," he said.

Most of the family hung around the cabin that day, swimming and socializing. In the early afternoon Jacob decided to take the boat out to do some fishing. With five horny pussies floating around him like vultures, there was no fucking chance of him going alone.

Any of the women would have jumped at the chance, however, they all knew Michelle was the "alpha-female" so to speak. Jacob was hers, which always gave her first dibs.

"Hey, handsome, Going fishing?" She asked as Jacob prepared the little boat.

"Yeah, I thought I'd try my luck for a few hours," he said.

It didn't take Jacob's mind long to wander far from the fishing. Michelle was standing near the bank in a pair of cut-off Daisy Duke shorts and skimpy bikini top. She had her hands on her hips and with all the tit-flesh oozing out of her bikini-sling, Jacob felt his cock begin to rise to salute.

"Need some company?" She asked.

"Sure," he muttered.

"Be right back. I'm gonna let your father know we're going out."

Jacob watched her sashay away, her luscious ass-cheeks spilling from her shorts and swaying naughtily. He let his eyes travel down those long silky-smooth legs, the muscles flexing as she walked. Then there were those sexy bare feet. God-damn how he loved his mother's cute little feet with her painted toenails. He could already feel them resting on his ass.

When Michelle came back she was carrying a inflatable mattress that hadn't been pumped up yet. She stepped into the boat and set it down.

"You're bringing that?" he asked.

"Of course I am. It's MY bait. That's how I'm gonna catch the big one," she said, reaching back and rubbing his cock through his shorts.

"The big one huh?" Jacob smiled.

Michelle turned and looked into his eyes with this cute little smile. "Yep. The big juicy one. It won't be able to resist jumping on my hook. You'll see," she said.

Michelle and her son set off in their little boat. They traveled for about twenty minutes before they found a nice private little cove.

Jacob threw over the anchor and set up his fishing gear, while Michelle used the automatic pump to blow-up the mattress. It wasn't long before it was fully inflated. It was a large water-mattress, about the size of a full-sized bed mattress, with built-in pillows.

"Mmmm, doesn't that look comfy enough to fuck on," she said teasingly.

The mattress had a tie-on which Michelle securely fastened the end of a rope to. She tied the other end of the rope to the boat and threw the mattress out into the water.

Leashed to the boat, the water mattress floated off about thirty feet away. Knowing she had her son's attention, Michelle undid her shorts. With her back to him she slowly slid them down her big bubbly bare ass and kept going until they fell to her pretty little feet.

Jacob squeezed the knot in his shorts as he stared at the butthole peeking out from between her meaty cheeks.

Michelle reached around, untied her bikini top and let it slip from her breasts. Jacob could see the sloping breast-bulge jutting way out.

Now naked, Michelle dove into the water and swam over to the mattress. Jacob watched as his mom gracefully slipped up onto the float and resting on her knees, squeezed the water out of her hair, making her wet boobs jut out obscenely.

The boy picked up his fishing pole and cast it out, deciding to play hard to get. After a few minutes, the water mattress floated back behind the boat.

"Jaaaaccccoobbbb." Michelle sang teasingly.

He smiled, trying to ignore her.

"Jaaaacccccooooobbb." Her sexy voice called out..

Despite how he tried, Jacob couldn't ignore her. He peeked around and saw his mom laying down on her tummy, resting on her elbows. Her body was still wet and glistened beautifully in the noon day sun. Her big mommy-boobs were all spilled out onto the mattress beneath her and she had a warm smile as she stared back at her little boy.

"Put the pole down and come out here,." she said in a soft, loving tone, patting the cushion beside her.

"I can't catch fish from back there, mom," Jacob said, playing hard to get.

"So you're gonna to just ignore that big boner in your shorts?" she asked candidly.

"I guess so," he said, trying to keep a straight face.

"Jacob Little, get your ass back here, right now!" she said, in an authoritative tone.

"But mom I wanna fish," he lied.

"Yeah, right. I think I know you better than that, young man."

"Obviously you don't," he joked.

"Well that's too bad then. I guess you'd rather fish than spend the day fucking your mother's pussy," she said.

Jacob quickly stood up and turned around with a look of surprise. "Wait! You'd let me fuck your pussy today...seriously?" he asked.

Michelle got a cute little look, cocking her head to the side. "Well, you could come out here and we could talk about it," she said.

In a split second, Jacob was naked and diving into the water. Moments later he was pulling himself onto the mattress with Michelle. She giggled at how eager he was.

With Jacob on his back Michelle crawled up next to him. Letting her big pendulous tits drag onto his chest, she reached down and curled her fist around his dong, giving it a few gentle strokes.

"See, I told you my big juicy one would take the bait," she teased.

"So are you serious about letting me fuck you or were you just kidding?" he asked.

There was a short pause as Michelle gazed down into his eyes and reflected on her feelings.

"You know, when I first started loving on you a month ago I really didn't expect things to turn out the way they did," she explained.

"With us messing around so much you mean?" he asked.

"Yeah, that and well, I guess I just didn't expect that I'd feel the way I do...about you...and about us."

"How do you feel?" Jacob curiously asked.

"Well, judging by the fact that I can't keep my hands off of you, it's pretty obvious how I feel, isn't it?" she said.

"Yes."

"In case you haven't noticed your mother is a VERY sexual women, and she's been with a lot of guys in her life...but you're the only one, YOU, who's ever been able to keep up with me. I guess what I'm trying to say is at some point along the way this not only became about you...but about me too," she confessed.

"I can't ever imagine being with someone who makes me feel the way you do," Jacob admitted.

"Oh, honey, I haven't even scratched the surface of how I could make you feel." Michelle said, her eyes lost in his. Jacob's heart skipped a beat. Here was this matronly Goddess, her tits hanging down and resting lightly on his upper chest, her hand still stroking his cock. Her hair was all slicked back and wet while she stared down at him with those big beautiful brown eyes. It was like a wonderful wet dream.

"I can make you feel pretty good too," he confessed.

"I know you can," she said softly. "So are you ready to fuck your mother?"

"What about winning state?" Jacob asked.

"I'm so proud of how far you've come, but honestly, at this point, love, it doesn't really matter. Win or lose next week, you'll still be between mom's legs and inside her pussy."

"Wow!" he muttered with excited eyes.

"So...ready for some pussy, cowboy?" she asked.

"Fuck yeah," Jacob answered.

Michelle slipped down onto her back and motioned for Jacob to follow her. "Come on, crawl on top of me and let's fuck our asses off," she whispered.

Jacob watched his mom's knees draw back, and her thick thighs splay open widely like only a mother's can. He moved down between his mom's cradling limbs, his mighty spear creeping towards the bald flower. As he came down on her chest, Michelle reached between them and

positioned his cock for vaginal penetration.

"Jacob," she said, loving looking up at him. "You're my champion."

She fit his throbbing nob in her cunt-socket. "Push," Michelle whispered.

Jacob thrust forward and held his breath as he felt his cock encased in Michelle's warm buttery fuck-sheath. Her soft vaginal walls molded around every vein as they expanded to accommodate his meaty girth.

"Ohh God yes!" the boy gasped Jacob muttered, as he slid inside the warm smothering place of his conception.

Michelle's eyes got big, a cute little gasp leaving her mouth as her smoldering cuntal walls expanded around the longest meatiest dick she had ever taken.

Finally as Jacob's balls hugged the crack of his mom's ass, he felt his fat cum-drooling tip bottom out inside her.

"Oh God!" she gasped. "I can feel you against my cervix."

"Is that okay?" Jacob muttered.

"Oh honey, it's dreamy!" she moaned. "I've only had one guy hit my cervix and that was in college."

"Dad doesn't hit it?" Jacob asked.

"Not even close."

Jacob put his face right against his moms and they both stared deeply into each other's eyes as they felt their genitals flex and contract together. Michelle squeezed her cunt muscles around Jacob's cock, smothering it with warm tight love. "Oh, wow!" he sighed. "I thought Grandma's were strong, but your pussy seems even stronger."

"You like that, love?" Michelle asked.

Jacob didn't have to answer. It was obvious by the way his cock was flexing that the teenager was in pussy heaven. For a good five minutes he just lay there moaning as Michelle did a little squeeze and release around his manhood.

"Oh, that's my baby. He just needed his momma's pussy, didn't he?" she said in a sexy tone.

Slowly and gradually, they set in motion as Jacob began to saw his cock up and down her birth canal.

"Oh, honey, you're doing it! You're fucking my pussy!" Michelle gasped.

"God, it feels so good!" Jacob muttered.

Jacob reached between them and squeezed Michelle's big tits, his fingers sinking down into the pillow-like flesh.

At a nice slow steady pace Jacob's cock wormed in and out out Michelle's warm clutched vagina, his bulbous purple mushroom sank against the soft spongy head of her cervix with each downward thrust.

"Oh yeah, that's it, baby... just like that. We're in no rush!" Michelle moaned.

He brought his chest back down onto her and slowly gyrated his pumping hips, between her cradling thighs, spearing his cock nice and deep inside her. He felt his mom's lovely legs folding around the back of his own as they rocked their genitals together on the water float.

Normally Jacob could fuck for a long while before blowing his load, but not this time, even while grinding. The feeling of his mom's hot secreting pussy around his raging boner was too much.

Michelle's orgasm was building towards a peak also. It didn't take a pussy-stretcher as big as Jacob's very long to make a mother squeal.

Michelle cried out in ecstasy, her sweet voice echoing across the water as a sweet cum shot through her wet naked body. Their bodies were so in sync that the second Jacob's cock-head started to ballon, Michelle's back began to arch from the mattress with a second powerful orgasm.

"OH FUCK, JACOB, CUUMMINNG!!" Michelle announced, her face contorting with pleasure.

Jacob kept his slow steady pace even as his prick was spitting rope after rope inside his mom. He grunted passionately, clinging tightly to her heavy titted body as they fought against each other frantically. It was as though they were engaged in their own little sexual wrestling match, each one using the others body to intensify their orgasm.

"Fuck! Shit! Ahhh!" the boy's voice trembled as he felt his mom's long nails grasp his ass and pull his cock in as deeply as it would go. Michelle's knees were pointed in opposite directions she was splayed open so wide, accommodating he boy's wild humping.

Their bodies were a glistening ball of sex, thrusting and quaking on the water-mattress in the heat of the noon-day sun. Michelle's long silky-smooth legs slid up around her son's back, like the fleshy strap holding them together.

It was two full minutes before mother and son came back down to earth. Jacob sighed as he lay against his mom's sweaty tits. "Oh, God. That was incredible," he said breathlessly.

"Incredible, my dear, is an understatement, " Michelle admitted..

"Mom?" Jacob said, laying there on her warm naked body.

"What is it, lover?".

"Did I do something I shouldn't have?" he asked.

"What do you mean, honey?".

"Well, I mentioned getting you pregnant, and I heard you tell Aunt Trudy yesterday that you haven't gone on the pill yet and I just...you know," Jacob said.

"Yes, you did, didn't you. Well, can't cry over spilt milk, now can we? Cock-milk that is," she said, making them both giggle.

"Beside's if you win state, you might enjoy spending your summer at home with a pregnant mother riding your dick," she said, gazing up at him.

"So if I win state, you'll let me get you pregnant?" he asked excitedly.

"Well, the initial plan was to let you fuck me, but since we just did it, I have to offer SOMETHING that will motivate you," she said with a giggle.

"Oh man, I wouldn't mind that as a reward at all."

Michelle gazed into his eyes. "A big baby-ball sandwiched between us. Huge milk-filled tits swinging and beating against your face while we bounce on my bed all day. No, I don't think you'll mind," she teased.

Jacob's cock flexed at the very thought of it. Michelle smiled as she felt it still packed inside her cream-filled cunny. "I think someone liked the sound of that alot," she smiled.

"I think so too." he grinned anxiously.

Michelle gently rolled Jacob over onto his back. He watched as his mom got onto her knees and swung her leg over his waist, taking the top position. Her silky hair and her big boobies dangled above Jacob's wide eyes as she reached down and fed his cock back inside her..

"Oh God!" Michelle moaned, as she lifted her arms and gyrated her hips as if she were doing some sort of fuck dance.

Jacob gasped as he gazed up at his beautiful mother. Her eyes were closed, mouth slightly open in an obvious state of arousal. Her hair was still half-wet and strung down her face. This was the sex crazy animal behind all that motherly sugar coating. Behind all those lacy bras and panties. Behind all those high-heeled sandals and cute little hairdo's. This was Michelle in the raw and he fucking loved it!

Michelle was so deep that Jacob couldn't even see their genitals. All there was was her bald pubic bone grinding against his as if they were fused together..He moaned as he felt his cock-head battering back and forth across her spongy cervical door. It felt almost like a tongue licking delightfully at his bell-tip..

"Fuck yes!" Michelle whimpered, squeezing her tits together and making her nipples puff out.

Gradually, she increased the speed of her gyrations until finally she settled on a consistent up and back motion, rolling her hips with desperate intensity.

"Holy shit, look at mom go!" Jacob thought as he watched use her his cock to scratch her itch.

In the sack, everyone had a primitive side. Jacob was seeing his mom's and he loved it. Her tits were going wild, flopping all around. Her breath was heavy, almost gasping. Her cunt muscles were massaging his cock, her tight pink walls soaking him in the secretions of her arousal.

Michelle's body stiffened and her neck arched. She screamed, her voice howling across the lake.

As his mom's hips continued on overdrive he felt the head of her cervix push against his cock so hard he swore he was going to pop inside her womb as she ground him against it.

Jacob was feeling pretty confident at this point. Despite all the excitement his balls weren't even stirring. "I'm gonna be able to fuck the shit out of you this time, mom," he gasped.

Michelle collapsed onto her son's chest. Instead of grinding, now her bubbly behind began to frantically bounce on his groin. "Do it then! Show me how a state champion fucks his mother!" she cried out.

Jacob pumped up into her, his big balls swinging up and down as their wet genitals slapped lewdly together. His lips clamped around her nipple and he sucked while he eagerly fucked her.

For ten cock plunging minutes Michelle's ass slapped against her baby as she worked his teenage dong with her slippery tight sheath of her mommy-pussy.

"OH GOD, JACOB!" She cried as her body shook with yet another mind-blowing orgasm.

Jacob was in pussy-fucking heaven! He peeked out from under his mom's quivering breast as it laid on his face, her entire areola stuffed in his mouth. He could see the beautiful muscles in her hips working tirelessly as she bounced on his dick.

"Holy shit, you can fuck, mom!" he moaned.

"So can you! Like mother like son!" she gasped..

By this time their genitals were making a lewd creamy slap. Jacob's cock glistened with a

buttery fuck-froth that seeped down and dripped from his balls.

Stretched around his girth Michelle's vaginal lips puckered as they slid up and down every juicy inch of her boy's rock-hard shaft.

SLAP! SLAP! SLAP! SLAP! SLAP! SLAP! SLAP! SLAP! SLAP!

At a steady pace they fucked like porn stars, their sweaty naked flesh glistening in the sun. It was another five minutes before Michelle popped again, letting out a desperate squeal and squirting hot girl-cum from her throbbing urethra.

To Jacob, there was nothing quite like having a matronly woman's body trembling against his, especially knowing it was his own mom. Making her cum harder than his father could made his head swell with pride..

As one orgasm subsided, Michelle's body was already pulling her towards the next one. When it came to sex, she was relentless, and her butt just kept bouncing against her teen's crotch.

SLAP! SLAP! SLAP! SLAP! SLAP! SLAP! SLAP! SLAP! SLAP!

At this point Jacob's nob was getting used to be smothered in the depths of some sort of juicy orifice. It seemed as if lately it was spending more time plummeting up and down a warm hole than in his own pants. He certainly wasn't complaining. Fucking was the greatest thing ever, especially with his hot stacked mother.

"Oh my God, your cock's a dream!" Michelle's voice trembled, as she continued her plunging cunt assault on his unyielding hardon.

Jacob smiled confidently. He knew that he not only had the size, but the staying power to please even the most sexual of women, and his mom was as sexual as they come.

Five more minutes of ball-bumping intercourse and Jacob was making his mom scream again. He felt like King of the Universe, watching her huge fat melons dance before his eyes.

Michelle had been on top for nearly forty-five minutes and her body was getting tired, but still her desire for more cock pushed her on. She slid down a little and began to make out with her son. They feasted on each others faces like hungry animals, their genitals still rapping together, refusing to be broken.

No sooner did she recover from one, than another toe-curling orgasm stuck her. Jacob watched his mom throw her head back, her eye-lids fluttering as she let out the most primitive grunt he had ever heard. He was floored when he saw a little tear run down her cheek.

"Yeah, mom, that's it! Cum on my dick," he encouraged her..

Even though he had already made her cum more times than he could count, he had this overwhelming desire to make pop again.

Using the mattress beneath him Jacob bounced his ass from the air mattress, thrusting his cock up into his mother's cunt, meeting its downward fall. Soon it was he that was doing the work and Michelle ass was just along for the ride.

SLAP! SLAP! SLAP! SLAP! SLAP! SLAP! SLAP! SLAP! SLAP!

His big hairless scrotum jumped wildly, thumping against Michelle's butt-hole as Jacob hammered away tirelessly. Their bodies were dripping with sweat and she was slick to hold onto. Her wet boobies were jostling all over the place, slipping and sliding all around on her son's sweaty chest.

"OH, BABY!! OH, HONEY!!OH, LOVER!!!" Michelle cried as she felt him shake her inner core. Her body suddenly shuddered violently, and Jacob heard his mom start to sob on his shoulder her orgasm was so incredibly intense. As her pussy-spasms went crazy, and her juices squirted everywhere, Michelle literally wept like a little girl. They weren't tears of sadness, but of sheer ecstasy. Michelle was having the most intense orgasm a woman could experience. A super-orgasm, brought on by the skills she had taught her son.

Hearing his mom sob only made Jacob fuck harder. He giggled to himself proudly. Oh how wonderful to have such a big pussy-pleaser and to know how to use it. He owed it all to his mom and now he was rewarding her for her efforts.

SLAP! SLAP! SLAP! SLAP! SLAP! SLAP! SLAP! SLAP! SLAP!

Finally he felt his nob tingle exquisitely and his balls clench up. "OHH YESS, MOM!" the boy grunted out. It felt like the tip of his cock had blasted off into orbit he came so hard. He held her hot curvy body to his, as he pumped what felt like a gallon of hot spunk into her unprotected pussy.

Nearly ten months passed, and Jacob sat outside by the pool in his back yard. He heard the gentle tapping of bare feet move up behind him.

"The baby's really kicking today," Michelle said, feeling her big round pregnant tummy.

Jacob turned to see her standing there in a sexy white micro-bikini. The nine month pregnant mother might as well have been completely naked. The only things not showing were the rings of her areola and the puffy lips of her vulva, and they themselves were barely covered by tiny patches of fabric. Everything else was on open display. Her boobs had grown ridiculously enormous, wobbling heavily with her slightest movement.

Jacob sat up and felt his mom's smooth baby-orb as she stopped in front of him. "Do they really

have to induce you tomorrow?" he asked disappointedly The last ten month had been a whirlwind of wild ball-busting sex between him and his mom, and he knew he'd miss her belly being so swollen.

Michelle giggled. "Baby, I have to give birth sometime. I'm already overdue," she said, patting her smooth beach-ball-sized tummy.

"I know," he muttered.

"Hey," Michelle said, gazing down at her teen over the huge jutting melons of mostly naked flesh. "At least my boobs aren't going away," she said, shaking he huge milkers back and forth, "and that's your favorite part right?"

Jacob got a big smile. "Definitely!" he said.

"Wanna go upstairs for some pussy?" she asked teasingly.

Jacob quickly got up and scooped his mom off her feet. Michelle squealed playfully as her strong boy held her in his arms. "My bed or yours?" he asked excitedly.

"Yours this time! If we end up breaking my bed we'll be in real trouble," she said.

Jacob carried her upstairs to his room. His mattress was on the floor. A few days before, he and his mom had been going at it so hard that they broke his bed-frame. Now, with his mattress on the floor, they could be as rough as they wanted.

He set his mom down and peeled off his trunks. His boner wagged up and the air, stiff and ready to pound through some wet pregnant pussy.

Michelle slipped off her bikini top easily and tossed it at her boy, her giant milk-filled boobies reeling back and forth. As her tits had gone through a serious transformation so had her nipples. They were now a dark crimson, thick, engorged and dotted with Montgomery glands for her soon-to-be nursing infant. "Got milk?" she said teasingly, shaking her udders back and forth.

"No, but I want milk," her son said with a smile.

She untied her bottoms and pulled them away from her crotch. Her belly was much too big for him to see her mons, but he knew there was a hot shaved pussy under there that loved to be stretched around his boner.

He watched his sexy pregnant mom slip onto his mattress and rest back on propped elbows, so that her boobs rolled slightly off the sides of her chest, crowning the enormous round swell of her pregnancy. Still as limber as ever, Michelle scissored her lovely legs open and threw them back into a huge spread eagle, with her dainty bare feet pointed at the wall behind her.

She glanced down towards her steamy crotch and raised an eyebrow. "Come get in!" she said in a naughty tone.

Jacob wasted no time crawling down into her waiting saddle, and squeezed his muscled cock into her cunt. Despite having hammered into her pussy at least five times a day, she still felt as snug as ever.

"There's that big cock I adore so much!" the mother cried out, feeling her son's weight press down against her. His mom was right, their baby was kicking a lot today. He could feel their daughter moving around inside the womb, sandwiched between their naked bodies.

"You gonna fuck me hard baby?" Michelle said in a sexy tone. "You gonna fuck your girl hard n fast?"

The boy began pumping his cock into the pussy of his dreams, making his cum-filled nuts beat against her upturned ass. The mother's dainty feet bobbed from the force of her son's cock-thrusts, as he began to pound her savagely.

"Yess! That's how mommy likes it!" Michelle screamed out, her mammoth boobs rolling like big milk-engorged watermelons of flesh, warm tit-nectar leaking out her rubbery nipples, onto her boy's chest.

On the shelf above his bed was a huge shiny trophy. On the front were etched the words: Jacob Little - State Champion!"
