"So, how much longer are we going to wait here? 'Cuz I've got another show to do tonight. And these stupid bunny ear things are already starting to dig into my head."

Crystal and Candy stood impatiently by the bar. Candy checked her watch.

"We've been here since two, and it's almost three now, and we still haven't seen a single person here. Who the hell leaves the front door of a bar unlocked when there's nobody there to keep an eye on the alcohol?"

"Yeah!" Crystal replied, "Not to mention that they hired us to go to a strip club, like, why would they hire us at a place where they already have their own strippers? Don't they know that we're not even supposed to be fully nude? This gig is seriously weird. If someone doesn't show up in like five minutes, I think I'm leaving."

"Leavin'? No way are you leavin'!" A booming voice said from outside. Crystal and Candy stared as a gigantic woman walked through the door. She was so tall, she had to bend down just to squeeze through the doorway.

Candy and Crystal looked up in amazement as the huge, dark-skinned woman made her way over to them. This woman, who stood in front of them, completely naked aside from a pair of black heels, had to be about ten feet tall. She positively towered above the two of them, but that wasn't the only thing that seemed unbelievable about her. She also had the most absurdly proportioned body the girls had ever seen, with an absolutely gigantic ass and a massive pair of tits to match. And for whatever reason, she was wearing cat ears and a tail.. Not that Candy or Crystal were in a position to criticize.

"My name's Miss Kitty," she said. "My friends used to call me Big Kitty, but I'm not really a kitty anymore, am I?" Her tail twisted around as she moved. Candy wondered if it could be real. If not, it was impressively realistic. "I'm all grown up," she said, running her hand along her curvaceous hips. "...And this big pussy cat has got one big, hungry pussy.."
"Okay, Miss Big Kitty," Crystal said, her voice shaking. What can we do for you?"
"Well I'm glad you asked. You see, I saw your ad the other day. Bad Bunnies, it was called? And I was so excited, 'cuz I ain't seen any little bunny girls since I moved here."
"Heh," Crystal said nervously, "well, it's just a costume..."

"Ha! that's what I like about you little bunnies. So funny! And you'll say anything to get out of a bad situation. Nah, you two are bunny girls if I've ever seen 'em. Tasty-looking little things, too."
"Speaking of which, let me get a taste of you!" Kitty said, leaning her ass back into Crystal's face. She grinded her ass against Crystal's face, wedging the little blonde girl between her huge, fat ass cheeks.

The other girl, suddenly agitated, begged her to stop. “Hey, no touching! Let her go!”

"Huh?" Kitty said, feigning ignorance and she bent down. She lowered her behind near the floor, knocking Crystal flat onto the ground with her.
"Aww, my big black ass didn't knock you down, did it? I've really got to be more careful. You bunny girls are such breakable little things!"

"Okay," Candy yelled, "this has really gone too far!"
"Almost forgot about you," Kitty said, turning her attention towards the other girl.
"What's your name?" She reached out towards Candy, caressing the tiny blonde woman's side.
"C-Candy," she said.
"Well, C-Candy, ain't that just the sweetest name? Funny, cuz' I'm a dessert first kind of gal. And I'm positively famished."

"So, Candy, let's see just how sweet you are!" Kitty slowly slid her hand down Candy's thighs, before suddenly grabbing onto the woman's calves and pulling her forward. The tiny woman fell onto her back. Kitty slowly leaned back herself, gradually easing her weight onto the tiny woman beneath her.

Crystal was pressed against the floor, as the crushing weight of the giantess pressed down upon her. She was smothered, her face buried under the huge catgirl's enormous ass.

Candy was likewise despondent, fearing both for herself and for the friend who was trapped beneath the black catgirl.

"Is she okay?" Candy burst out.

Kitty laughed, as she slid the heels off the tiny woman's feet. "Don't worry about me squishing your little friend. I barely even weigh a ton! As long as I get off her before she suffocates she'll probably survive with a few broken bones. Nah, I'd be more worried about yourself. After all..."

"Miss Kitty's got one hungry pussy!"
Kitty spread her thick legs, revealing her warm, dripping snatch. She grabbed Candy's legs and pulled the tiny woman's feet inside of her dripping pussy. "Ooh, that's good. Nothing like having a nice, warm bunny girl inside a' ya'.

With her hand Kitty pulled the tiny woman deeper inside of her. The woman's legs rubbed against the walls of her pussy, sending a shiver up her spine.
"Stop, let me go!" Candy screamed.

"Beg all you want, 'hon, it's only going to make my
hungrier!" Kitty screamed, as she slid the woman's
between the thick walls of her labia.
"Ooh, that's it," Kitty moaned, "feed my pussy! That
thing you little bunnies are good for!"

Kitty slid Candy's torso between her pussy lips, her thick black fingers grabbing onto the little woman's shoulders. Her index finger teasingly reached along the inside of Candy's mouth, and to her surprise, the bunny girl bit down. The woman's tiny jaws were too weak to truly hurt Kitty, but sent a brief shot of pain through Kitty.
"Ooh, you've got a little fight in you.," Kitty moaned, "I like that in my food, but you're still gonna feed my pussy! That's the only thing you little bunnies are good for!"

“That’s it, stuff my big black cunt! Get in there, you little white bitch! You ain’t nothin’ but pussy food now!”

Miss Kitty moaned, as she shoved Candy's little head inside of her. "Ooh yeah, deep inside of me, just like that! You're a tasty little thing, you know that? Keep fightin', just makes it feel even better!"

Kitty finally let go with her hand. Candy's arms were pulled deeper in, by the impressive strength of Kitty's vaginal muscles. Candy fondled around for something to grab onto before Kitty's ravenous pussy swallowed her whole. Her fingers grabbed ahold of Kitty's wet labia for a moment, before her fingers slipped and she was pulled in.

“Fuck yes!” Kitty screamed, as the last of Candy was dragged, screaming, inside of her. “My pussy needed that somethin’ bad…”

Kitty let out a long, satisfied moan, though her hunger had not yet relinquished. Candy was in her stomach now, and for now, she had some fight left in her. Kitty relished the strange, pleasurable tickling of the woman moving around inside of her, trying desperately to escape. After a few brief moments of flailing about, the little morsel had all but stopped, seemingly drained of her energy.
"Better n' sex," Kitty moaned with relief.

Kitty's attention turned to the other girl, Crystal, who fought for air beneath her. mShe sat up, lifting her weight off of Crystal, who gasped for air. "Speakin' of which," Kitty continued, "I'd fuck ya' first, but I'm just too damn hungry. You still alive under there?"
"...ugh... yes..." Crystal sputtered, amid deep, pained breaths. "What... what are you... going to do..."

"To you? Aww, honeycakes, you're going the same place your little friend did. You see her, wigglin' around in my belly? You probably can't really hear her screamin', but I can feel the vibration.
"See, that's where all you girls go. Up my pussy, then to my stomach... Don't know how it works, just know it does, and it feels damn good. Then you bitches usually end up going to my ass, but that's another story. Kitty slapped her butt for good measure.

"Let's give your little friend some company. All I gotta do is..." Kitty grabbed Crystal's bare feet and pulled them up to her gaping pussy. "...Put your little feet inside me..." Her lips closed around Crystal's pale white feet.
"...And my pussy does the rest of the work!" Massaging the area above her pussy, Kitty clenched tight, and her pussy muscles pulled the girl's legs deeper in.

"What?" Crystal said, regaining awareness. "No, no, no, no!"
"Oh, yes, yes, yes," Kitty replied cheekily. "You're going all the way in, you sweet little thang."

Kitty reared up, pulling the girl's legs in deeper and lifting her clean off the ground. Crystal's upper body swung like a pendulum below her.

"This can't be real, can it?"

"You bet it can," moaned Kitty, as her pussy sucked Crystal in deeper. "Real as my fat black ass, which just so happens to be where you're going to end up."

"No, no, please, there has to be some other way!" Crystal screamed, as she was pulled waist-deep into Kitty's pussy.
"Ooh, the only place you're going is inside of me! You're going right up my pussy, white girl! You're gonna feed this kitty's fat black ass!"

Crystal screamed and flailed, as her torso was pulled into Kitty. She was overwhelmed with the sheer, messy scent of it, the overwhelming feminine musk that permeated the air now. Pussy juice ran down her cheeks, like saliva from some hungering beast. She felt the wet labia making their way around her waist, like warm, wet lips, as the walls of the black catgirl's pussy pulled her deeper in.

"Mmm yeah, get inside me!" Kitty squeezed her pussy tight as she pulled the little thing deeper inside of her. "Get up inside me! You're food for my cunt!" The girl was pulled deeper in, her hands flailing as they were swept into the enormous catgirl. Finally Kitty's pussy lips closed once more, as Crystal's fingers slid into the wet, pink abyss.

"Damn," Kitty said to herself. "Now that's what I call a belly." She was alone now, aside from the two girls squirming inside of her. Crystal's face was pressed against the front of Kitty's stomach. Her tiny arms outstretched, as she tried, desperately, to escape from her fleshy prison.

Kitty, for her part, seemed amused by their struggle. “Heh,” Kitty joked, “talk about an upset stomach.” But it didn’t take long before they were overcome by Kitty’s inhospitable body, and soon enough, her belly quieted down. Her stomach gurgled, and digestion started.
Kitty felt a slight warmth in her behind. “Ooh, you two are going straight to my ass, aren’t you?”

But Kitty's body had other plans. It took some time for the two to digest. Kitty relaxed, stretching out as she listened to music on the radio. Instead of her ass growing, she was surprised to find her massive tits growing even bigger.

"Holy shit, they're freakin' huge now!" Miss Kitty marveled as she squeezed her massive, still-growing tits. They were so big now that they covered her entire abdomen. She could scarcely see her feet before, but now as she looked down her chest blocked much of her view. She did, however, notice something in front of her, two little bunny ears sitting on the floor.

"Well I'll be," Kitty said to herself, picking up the pair of fallen bunny ears that had fallen the floor. "So they have detachable ears now?" She marveled at the pair of white, plastic-and-cloth ears.
"And to think they'd told me they weren't really bunny girls... And that I almost fell for it! The lengths these bunny girls will go to try to fool 'ya!"
