

# JESSICA'S TALE (Part 3)

(An Amy's Conquest - Side Story)

([amysconquest.com](http://amysconquest.com))

David's head ached poundingly and his body tingled with numbness, as his eyes gradually regained their focus, all of which common side-effects from one regaining consciousness after being forced from it. After several minutes of laying on the floor, he slowly made his way to his hands and knees, and then a bit further on to his feet; still a bit wobbly by what had just happened, trying now to remember exactly what that was. He remembered coming over to see John, losing his wallet he thought he might have dropped it there from his earlier visit, he remembered running water, a bedroom, a shower and then – “Oh No!”

“Oh yes Lover, Oh yes!” came out the sweet sounds of Jessica's ultra feminine voice, as she made her way closer to the instantly nervous looking young man. Her bountifully buff body clad only in a tiny pair of red lace bra and panties (his favorite outfit from his earlier panty-raiding session), her physique pumped up and rock hard, so much more than David could have ever imagined. The previously viewed pictures and video clip of this stunning young woman, as Incredible as they were, simply paled in comparison to how this gorgeous Glamazon looked before him here and now.

“Jess?! Look, this.....this has got to be some kind of mistake. I.....I didn't mean to look through your room, I swear!! Please.....please just.....”

“Shhhhhh, relax Baby, don't get yourself so excited.....or better yet, maybe you should” Jessica purred out like a sex kitten, as she cupped his already hardening erection through his silky boxer shorts (the only item of clothing he was now wearing), as she closely walked around his fit, though much weaker, form. Using a single hand to trace and feel and touch various areas of his exposed body (looking at him with such Sexual Hunger, David was unsure if she was going to Pounce on him at any time), as she made her way around and around him, doing so in an extremely erotic, not to mention quite possessive, way. Letting him know that not only was she coming on to him in a way he Never thought possible (as David had no idea Jessica even knew he existed, so to speak), but also telling him that he was her's, claiming him now to use as she saw fit!

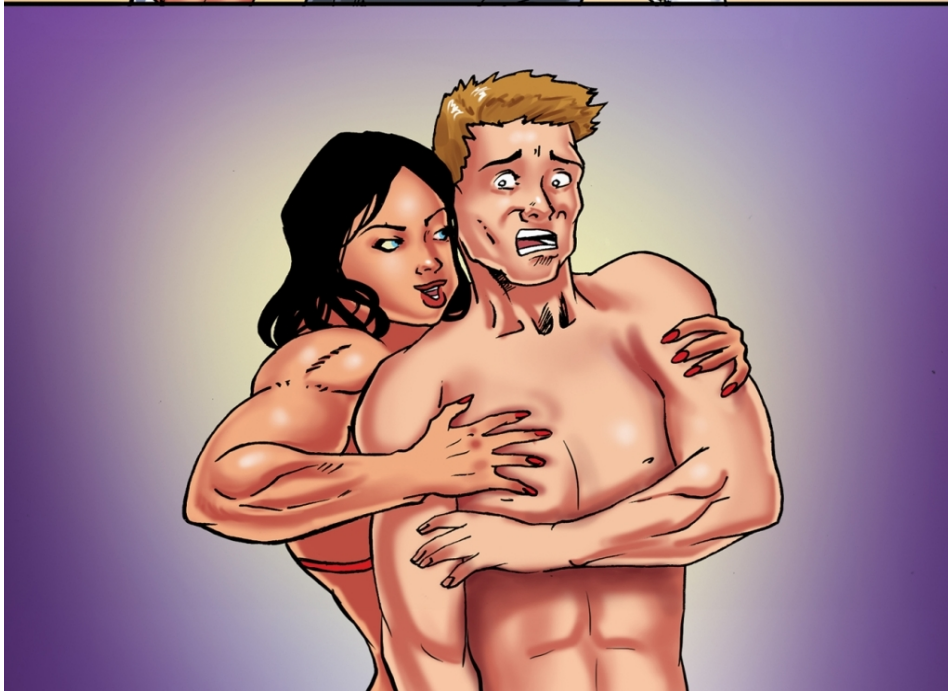

“Oh, my adorable Little Man, of course you meant to look through my room, invading my privacy, sneaking peaks where you shouldn't have.....then again, that was all part of our delicious plan” she cooed out, now standing just inches before David, looking like the Ultimate Amazonian Goddess that she was. “Did you like my photo album, did you like watching me turn from fit little schoolgirl to buff, muscular Amazon right before your eyes?” Jessica continued on, bouncing her mammoth pecs up and down with muscle control alone, as she did so. “Did you enjoy looking through my clothes, my outfits, my underwear? Imagining just what I would look like in each and every one of them?” she breathed out, taking a Ta-Da pose now as she stood before him in her frilly bra and panties outfit, which instantly was stretched to its limits as she went into a full on front double biceps pose.

“Did you get Hard watching that video, watching me break apart that big, strong man, with my little girlie muscles?” Jessica continued her seductively spoken teases, now encompassing David's body inside a steel-tight bearhug, as her arms wrapped snugly around his athletic, though overall smaller, form. “I was only 16 there, just returning home from cheerleader practice, when I found him sneaking around my house. He was 21, just like you are now Baby.....but as you can see, I'm So Much bigger.....and harder.....and stronger.....than I was back then” Jessica concluded as she began to give tender kisses to David's neck and face, all the while tightening her muscle-packed embrace almost to the breaking point.

“Uhhhhh, please.....can't breathe.....don't break me.....please.....”

“Awwwww, am I hurting the big, strong college man? Poor Baby” Jessica breathed into one of his ears, before giving it an erotically charged nibbling. “Sorry Lover, but I'm afraid I do have to punish you for taking peeks where you shouldnt have, can't have it get out that I let one go, I do have a rep to protect, you know” she continued on with her sultry tones, and crushing cuddles, while sporting a wicked smile.

“Please! Please.....I'm sorry, I'll never.....again.....Uuughhhhh.....I'll do anything you want.....just please, don't hurt me.....”

“Anything, you say? Well, I think I might just have a way you can work off your punishment, my adorable Little Man” she followed up with a powerfully passionate kiss directly on his lips, easily taking control of this situation, of him, in every conceivable way, just as she always did with her men; and at this point, that’s exactly what David was.

Jessica then scooped the nearly naked 190 pound form of David in her arms, easily cradling him into her buff, hard physique, as she made her way to another area of her basement; one David himself had never been to, though hearing the sounds from within as he did throughout the years, he knew full well what lay behind those usually closed and locked doors – Jessica’s Gym.

A place she called her own, with only invited guests, or helplessly carried in men for her taking, allowed access to. A very large area, filled with near every machine and exercise station one could imagine, allowing her to continue building her body to the Ultimate in sexy female muscle! - she and her fellow training partner, that was.

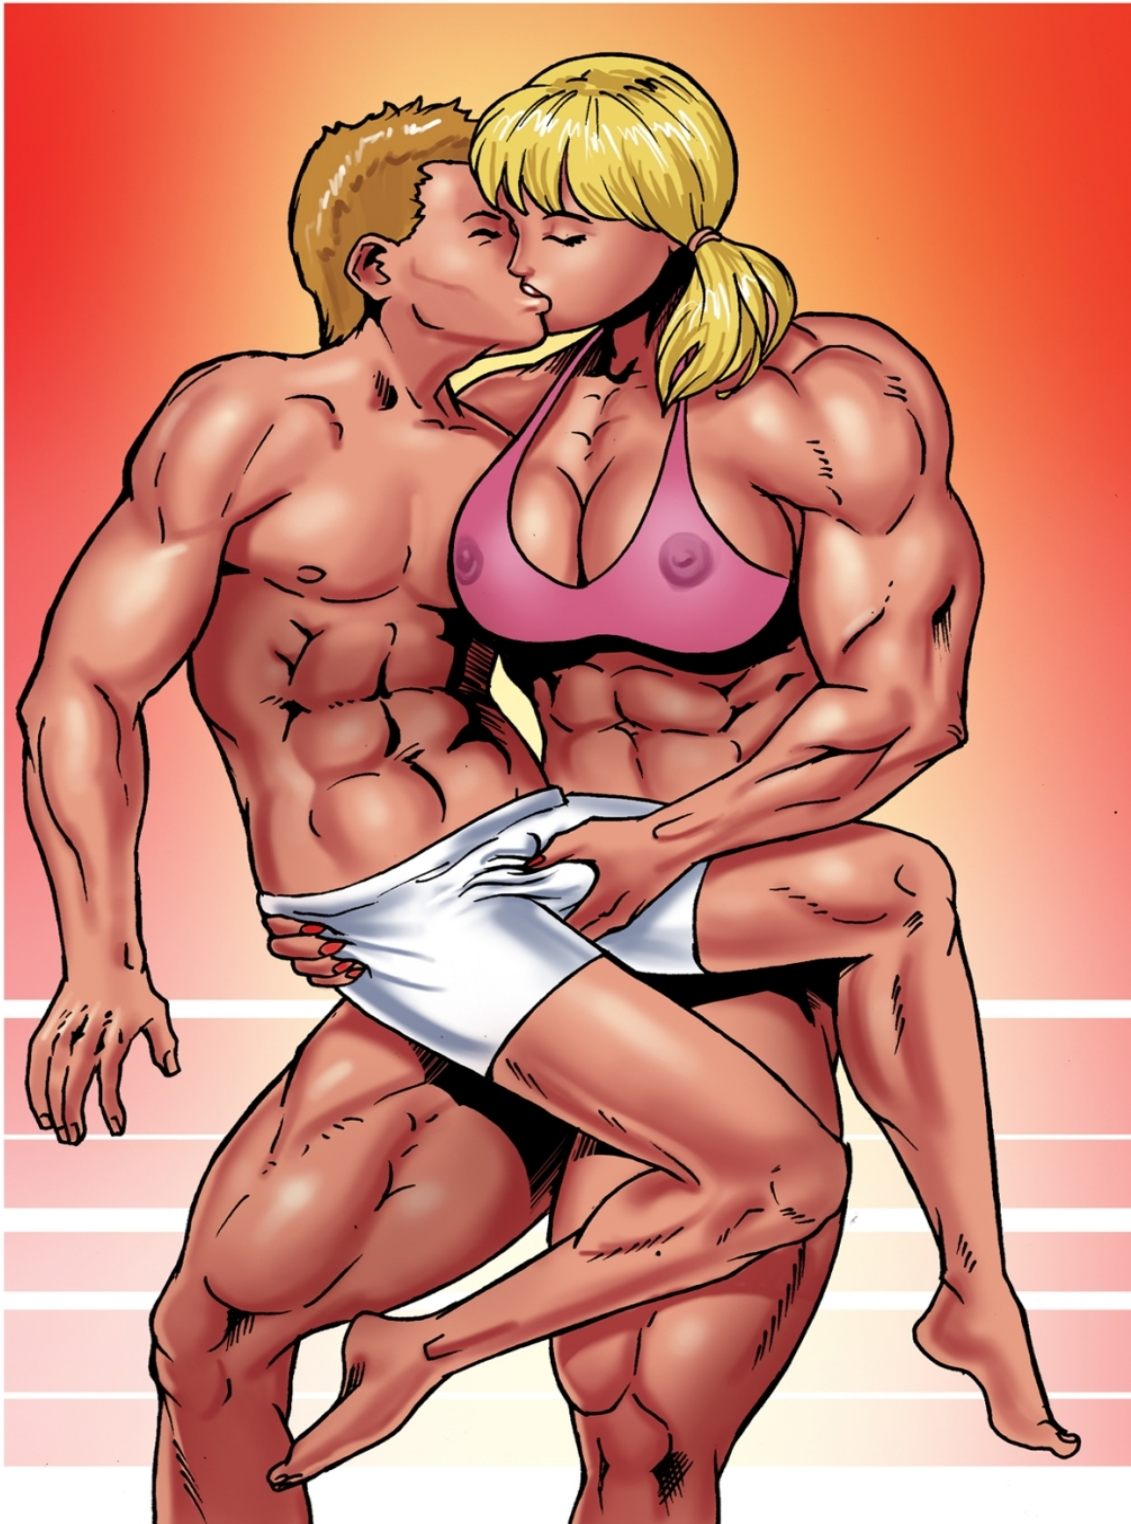

“Awwwww, he's Sooooo cute! Come on, let me hold him, I wanna cuddle too!!” spoke out the girlishly excited voice of Amy Hardstone, who like her Sister In Muscle here was dressed in sexy underwear, a frilly pink bra and panties combination, that clung to her thickly muscle packed form like a second skin.

“Oh no you don't, I've seen your cuddles, and I don't want to break my little boy-toy here.....well, so early in the night, anyway” Jessica made out in tone both protective and threatening to the helplessly held 21 year old male.

“Oh pleeeeeease, I can be good, just cause I squooshed your brother til he cried all over me and went Nighty Nights, doesnt mean I can't be nice when I want to” Amy spoke out in an overly childish tone, displaying a perfectly doe-eyed look about her gorgeous young face. “I'll be gentle, I promise” she cooed out, holding her hands out wide to Jessica, ready to claim the quite hunky form of David, all of this happening as if he himself hadn't a say at all.

“Well, OK, but be gentle with him, he is after all, only a man” Jessica teased, causing both teenage musclegirls to giggle aloud, before handing David over to Amy; the transferring of his nearly 200 pound body done as easily as if he were a tiny kitten.

Amy then looked down at him tenderly, rocking him back and forth in her arms, cuddling him gently into her DD-cup chest; which while being the softest part of her body, could still be used to batter a hole through solid oak door, if she wished. "There you go Baby, Amy's gonna take good care of you tonight" she breathed out in equal parts erotic and child-like, followed by the removal one of her arms from underneath him, now holding him up off the floor and into her with just a single arm's strength. This switch (which looked like it took no effort at all), allowed the buff blond beauty to now use her free hand to caress his groin, tickle and tease his rapidly growing erection, as she had done to many men before, in just this same muscle carrying fashion. "Oh, he likes me, he likes me" Amy spoke out with youthful excitement, as she continued to stroke and rub David's cock over his smooth, silky boxers. "I like you too" she whispered on, before moving her lips to his own, taking them in for a series of passionate kisses; something both of them clearly enjoyed to no end, though something Jessica seemed none too happy about.

"OK you, hand him back, he's mine!" Jessica growled out, grabbing a hold of one of David's legs by the ankle, her steel tight grasp feeling like he had just been chained, especially when the brunette bombshell began pulling him to her in an effort to re-claim him for herself.

"No, I'm not done playing with him yet!" Amy cried out, as she now grabbed hold of his other ankle, releasing the rest of his body, which would have caused him to fall harshly to the ground below, if he wasn't being held aloft by his legs as he was. A feat that wouldn't have been all too unpleasant, if the pair of powerfully built teenage girls weren't pulling him in opposite directions.

"AARRRGHHH!!!" David uncontrollably yelled out.

"Give him back, you promised you would be gentle with him" said Jessica, as she pulled him a bit more in her direction.

"I was being gentle, until you jumped in, you big ox" Amy replied in kind, pulling their Man Of The Hour back to her a bit more.

"Please! Please Stop!! You're killing me!!"

"He's Mine!!"

"No, he's mine!!"

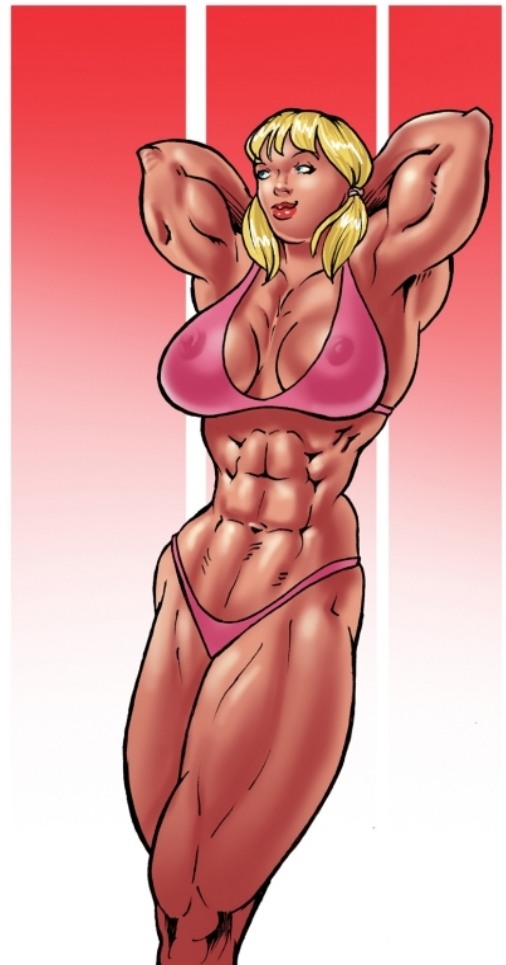

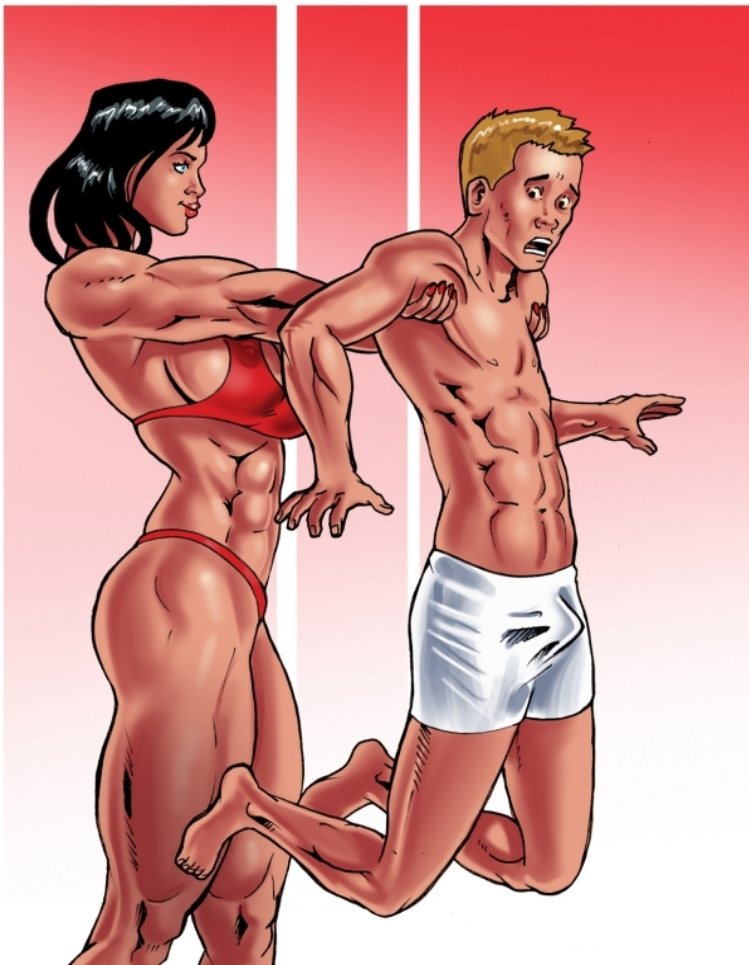

The sensations flowing all about David's body now were a complete 180 turn from what they were just seconds ago, going from erotic heights to agonizing lows, as he felt like a towel being pulled back and forth between two spoiled children; only these children were Ultra Horny Amazon Girls, who had more strength than 5 of him together, and had eyes only for him!

"OK, I guess we have no choice but to see which of us is the strongest! Get ready to pull your hardest, Sister!"

"Strongest gets the prize? You're on!"

"OK, pull with all you've got in 3.....2.....1....."

"NOOOOOO!!" David yelled out with all of his breath, trying his best to end what surely would have been his body literally being ripped in two. Though as he craned his downward facing head up towards these super strong girls above him, he saw them both smiling back at him, wickedly teasing smiles, as they spoke in unison the word, "Gotcha", before dropping him down onto the floor below.

"You didn't really think we were gonna tear you apart, did you Davie?" Amy spoke down to him with her continually gleeful grin.

"Oh, now what fun would that be for you, or for us, so early in the night. I told you before you were going to work off your punishment for spying in my room, and I meant it"

"And how.....how do you want me to do that?"

"Well, it seems Amy was so caught up playing with my brother before, that she missed her evening workout.....so we thought you could help us out with that" Jessica made out, as she reached down and collected David in her muscle packed arms once more, holding him under his armpits out and away from her, and towards the lovely luscious blond supergirl a few feet away.

"Oh please do, my widdle girlie muscles are getting so soft and weak, I so need to give them a good Pump" Amy breathed sexily as she started hitting a few sensuously struck muscle poses, flexing her arms, lats, chest and back to unreal levels, before curling her body a bit to show off her rippling hard stomach, and then further down to Shake and Flex the mountains of muscles in her massively thick thighs. "You will help me get my muscles back, won't you Sweetie" she spoke out so soft and innocently, her voice contrasting completely from a physique that could shatter a brick wall to pieces or mangle any man alive.

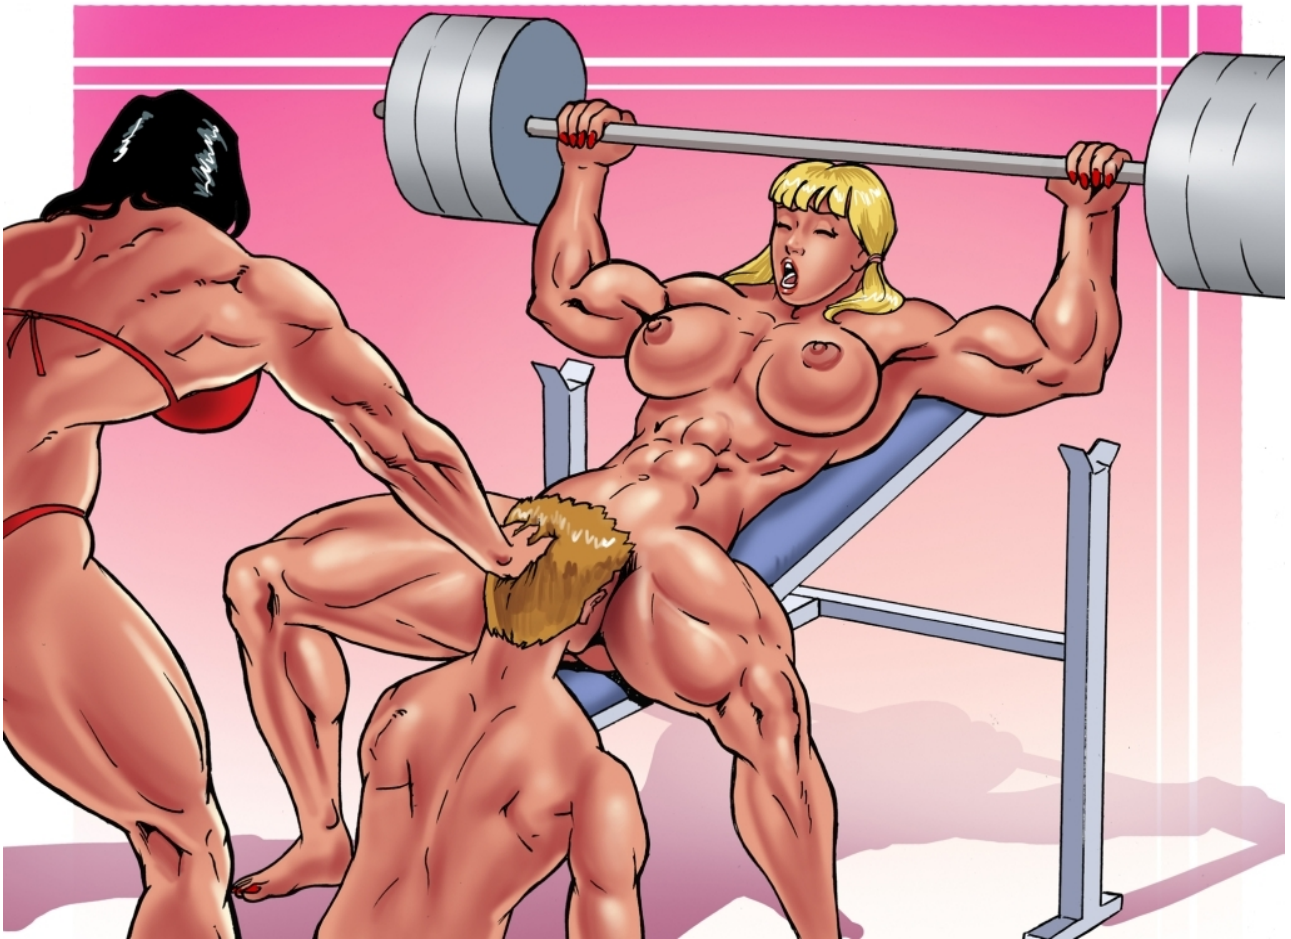

"How.....how.....how can I possibly help you work out?" David nervously spoke, which was swiftly followed by Amy and Jessica lookly slyly at one another, as their luscious lips curled into truly devilish smiles.

"Well, maybe this is something you didnt know about girls like us....." Jessica cooed out, shifting David's frame into a cradle carry hold, as she and Amy made their way to a fully stacked, incline bench press machine. ".....but for girls like us, the hotter, the hornier we get, the Stronger we become!!" she concluded, as Amy savagely tore off her frilly pink panties, revealing her completely shaven pussy for all to see.

Amy then took her place on the machine, her fingers tightly grasping the thick bar above her, which held a truly massive amount of weight on either end. She then softly blew a kiss to their new boy-toy, and instantly lifted the bar off its rack, the second doing so her upper body swelled and hardened like marble, especially her already thick, round, full pecs, which seemed to fill up with more and more muscle with each and every rep (easily bursting apart her barely clung together bra within the first 5 reps).

"Mmmmmm, don't you just Love a strong muscular girl, Baby" Jessica breathed into David's ears from behind, holding him still as they watched Amy continue on with her utterly amazing exercise. "Wouldn't you just love the look, the feel, of a sexy young girl, who could just Cruuuuush you to pieces in her strong, hard body" she continued on, giving his entrapped form a series of little, though effectively powerful, squeezes with her super strong arms. "Oh, I know you do Sexy Boy, I saw you playing around my room earlier, bet you didn't know you were being recorded, did you Stud" she continued on, squeezing his body further into her rock hard physique, rubbing his expanding cock as she continued her Teasing and Squeezing routine. "Of course girls like us can get so much stronger with a little.....incentive!"

Jessica then shoved David's head right into Amy's open and awaiting pussy, pressing him deep inside her vagina, so much so that he could feel Amy's inner-most muscles massaging and constricting all about his face. "Eat up, Baby, turn Amy on, get her muscles Bigger and Stronger for me!" Jessica barked out her orders, which David followed at this point without question, as he probed his tongue as far into her pussy as he could; his flicking tongue apparently doing its job as Amy instantly started moaning erotically, lifting her huge weight with an increased sense of strength and power.

“Mmmmmmm, yea Baby. That feels so Fucking Good. Don't stop, Give me More!!” Amy cried out with an O-shaped mouth and sexily closed eyes, as erotic sensations flowed about her entire body. So much so she then instinctively wrapped her mammoth thighs around David's head, pulling him further into her, as she squeezed the sides of his skull with intense pressure. He screamed instantly into her dripping wet vagina, which sent more pleasuring sensations all about Amy's still bench pressing physique; hardening her body and increasing her strength, so much so it was somewhat in doubt whether David would be able to finish his oral pleasures on her before she popped his skull like a grape.

Luckily for him, a few seconds later Amy screamed out with all she was worth, as she Erupted her never-ending supply of juices from her still pulsating pussy, while at the same time holding the herculean weight high above her, thickening her upper body (especially her unreal sized pecs) to new heights! David on the other hand went from being crushed to now being drowned as rivers of cum came flowing from Amy's vagina, covering his enveloped face trapped deep inside it; his only recourse to swallow as much of this sticky, white liquid as he could, to stop it from hindering his breathing and ending his life.

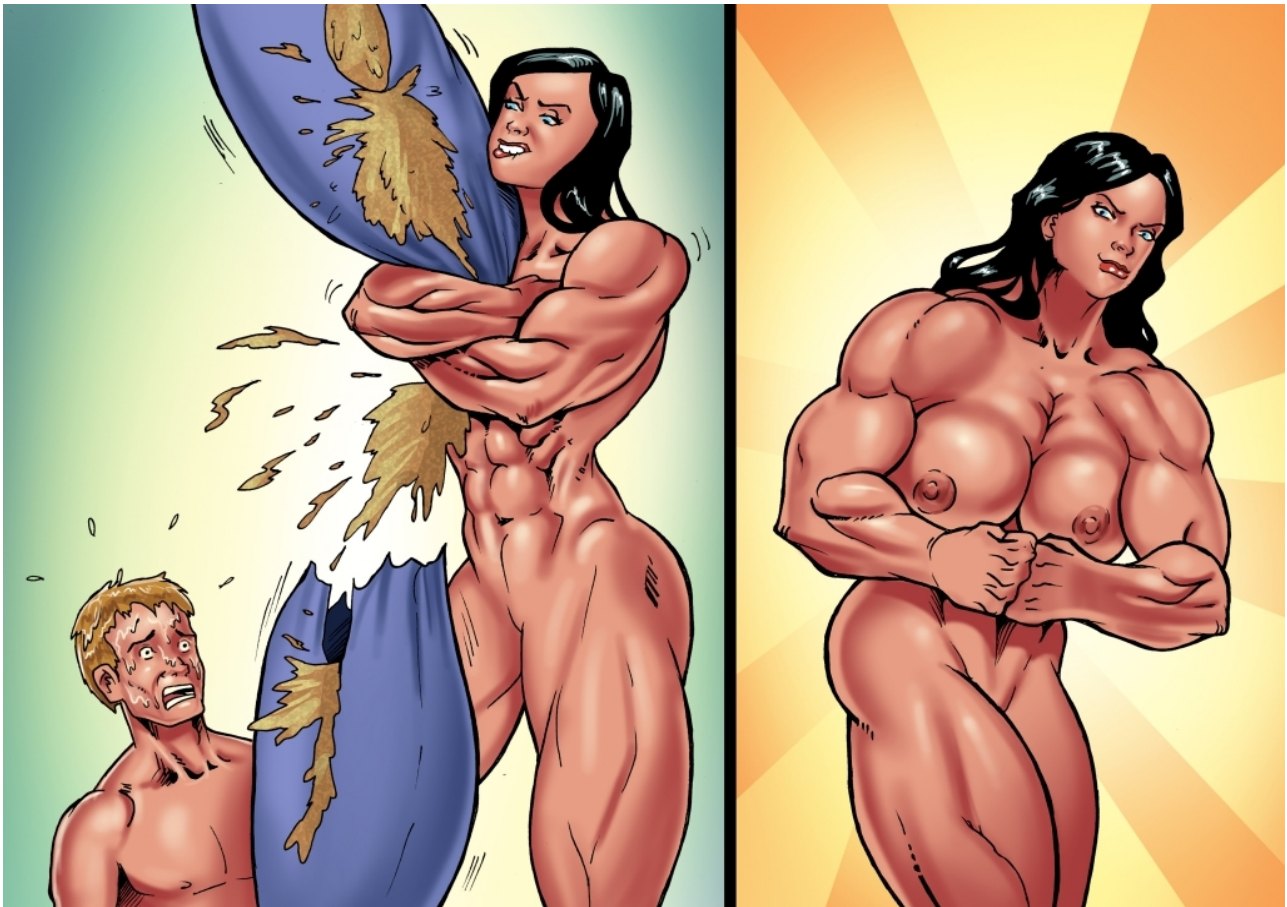

After several minutes, with Amy's hips grinding up and down onto her man's engulfed head, and her holding the massive weight high above her, the Amazonian Icon then put it back on its rack with an echoing CLANG!, and released her steel hard thighs from around David's furiously ringing head.

“Wow.....that.....that was So Good! You So have to try him out!” Amy breathed in a sensual, sultry tone, removing bits of her newly sweaty hair from her face, her hands dancing slowly and sexily about her now completely exposed, glisteningly golden, form.

“Oh I will Baby, I will” Jessica replied with total confidence and control, as she ripped her bra and panties clean off her rippling muscle packed form, looking down at the defeated form of David with a passionate, hungry gaze. “In fact, unless our toy here is too tired, I think I could go for some loving right now”

“Now?! I can't.....I'm too tired.....I need to rest.....please”

“Awwww, poor Baby. Maybe I should just skip you working back your punishment.....” Jessica replied in a soft, gentle, comforting tone, kneeling down next to him as she tenderly traced her fingers over his face, before standing back up and approaching a large hanging heavy bag, normally used for punching, she slowly and seductively wrapped her arms around its thick, heavy frame. “.....and just go right back to the Punishment Itself!” she growled out like a wild animal, before squeezing her arms around the hanging bag, in mere seconds ripping it in two from the power of her savagely strong bearhug. “Now, unless you want more of that, you get up off your ass, and Do What I Say!” Jessica roared out, hitting now an ultra intimidating Most Muscular pose, which nearly made David wet himself in fear. “Now STRIP, and get over here!” she primally demanded, walking to yet another workout station, with a newly naked David only half a step behind her.

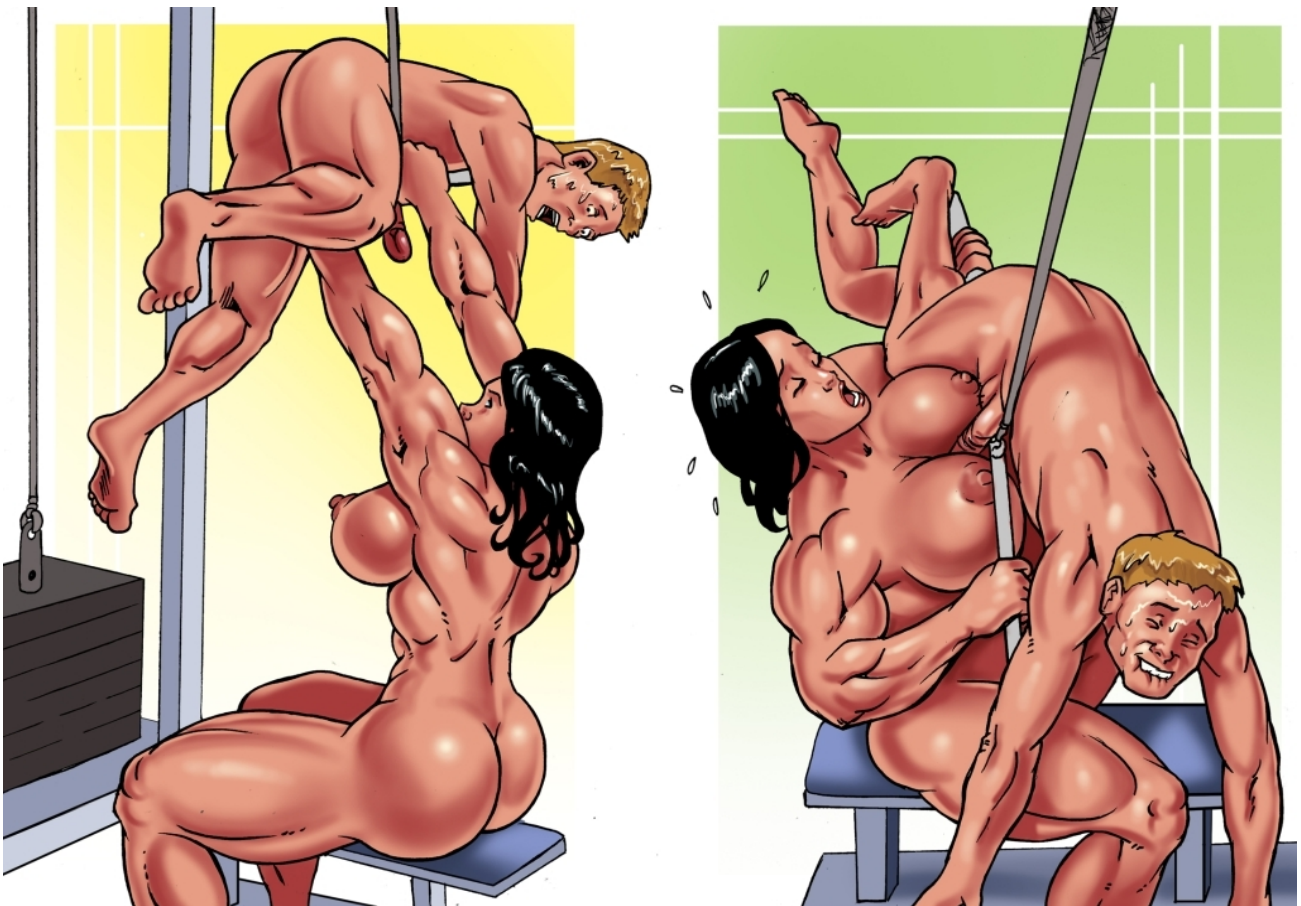

This next station was the Lat Pulldown machine, where the girls lift hard and heavy to develop their wide, thick, broad back and lat muscles, giving their bodies a sexy V-shape, as well as enabling them to drape unruly men across their backs for the always pleasurable (for the girls anyway) back and lat breakers. Though this particular machine was slightly modified, namely its curved bar hanging above the now seated Jessica, as the bar's normally steely frame now looked like it had a few extra pieces added on to it – pieces that looked oddly enough like a harness to the astute David.

“Oh No!”

“Oh yes, Lover Boy, now uppy-uppys” Amy breathed out from behind, as she grabbed hold of the 190 pound college boy before her, effortlessly lifting him up above Jessica and strapping his now curved form into the weight bar itself. David's attempts to resist were completely nullified by Amy's unreal strength, and before long he was being held aloft, staring downward at Jessica below him, his now exposed cock hanging downward even further towards this sex-crazed supergirl. “Mmmmmm, see all that blood rush down to it, see how red it's getting. Red, and big and thick.....” Amy cooed sexily before grabbing a hold of the back of David's head by his hair, and kissing his lips animalistically, doing as she wished with him, as he was completely helpless to stop her.

Lower and raise, lower and raise went the David-attached bar now, as Jessica pulled down on it, pulling it down to her chest with perfect form and control, this machine here fully stocked with its plates, as well as his own bodyweight being added to this exercise, yet strain or exertion were not evident on her face at all, in fact only arousal and lust could be seen, as David's body was lowered and raised before and above her. Thinking back to what Jessica had said earlier, about girls like her getting stronger as they got hornier, made him fearful of what was to come next, as clearly she looked as turned on as any woman he had ever seen. So without breaking stride, Jessica lowered his body down even further, her lats vast and huge as she did so, now dipping the tip of his expandingly hard dick into her tight, full cleavage. Each new rep lowering him further and further into her breasts smothering hold, which using muscle control alone she opened for his cock's entry, only to close and contract them around it for when he was raised back up.

This was literally the most insane tit-fucking David had ever experienced, or had even imagined possible, as his raging erection continued to be lowered into Jessica's rippling hard pecs, only to be slowly raised back up; her hard, firm breasts rubbing his shaft during this time, providing an amazing sexual sensation which traveled all about his completely entrapped body. Jessica's groans of delight and completely lustfilled face were only adding to this incredible erotic scenario, all of which combined were bringing David to his own explosive peaks very rapidly.

Of course, like Amy, Jessica was one to relish the Pleasure and Pain rule for sex (a rule made to both display their dominance and superiority over such men, as well as to prolong their lover's always aching loins), so just when she felt David's cock was ready to cum, his shaft lowered Deep inside her full, smothering pecs, She Flexed, her breasts turning from amazingly firm to rock hard in an instant, Crushing her lover's dick harshly between them. Jessica continued this tit-tightening treatment, holding him (and the fully stacked weights behind her) in this position with unreal ease, on and off for several minutes; causing her lats and back to Explode with rippling hardness, as groans of pain and tears of torture began running down David's adorably cute face.

"Awwwwww, be gentle Baby, we don't wait to ruin that delicious looking cock of his, just yet" Amy sensuously spoke out to Jessica, while in the midst of playing with her moist vagina and tingling nipples before her.

Jessica replied with a smile to her Amazonian lover, before relaxing her striatedly cut pecs, David's whimpering form being raised up higher now, though not to its fullest, just enough so that his dick was level now to her lips, which spoke out in the most erotic tone possible, "I've always wanted you David, I've always longed to be with you, and now that I have you, I'm never letting you go!", followed by a sultry lick from her long tongue, and a lowering down of his cock into her welcoming mouth.

If David thought what he was experiencing before was the most unreal tit-fuck he could imagine, then this was easily the most amazing blow-job possible. Jessica continued to raise and lower his throbbing cock into her mouth, only doing so a few inches up and down, which not only showed off truly amazing levels of strength (as she was holding this machine's entire stack of weights in mid-lift while doing so as well), it also caused both of these young lovers to moan with sexual desire unlike any of them had ever felt.

Jessica's long-standing feelings towards David were finally coming out now, and clearly matched in return by him; that along with his hidden desire for strong, muscular female physiques, made holding back his load of streaming sexual juices near-impossible; and while Jessica was capable of stopping him from unleashing his cum a dozen different ways, she felt it was time for them both to give their Release; which they did in perfect unison, and with a series of loud, sexually erotic groans! Groans which after nearly a full minute subsided, as the beautifully buff brunette raised up her arms, freeing David from his restraints, before lowering him back down to her awaiting form, where she held him into her with a surprising amount of tenderness.

"Wow! You guys were.....wow!" Amy made out with a somewhat surprised tone, noticing the evident emotional connection between Jessica and David before her; more than experienced in seeing Jessica do such things to men before, though never ending with such obvious emotion. Feelings that were even more clear as they began kissing one another, passionately, almost lovingly, as David sat on Jessica's lap, their hands probing all over one another's fit, sweaty bodies.

Amy knew this scene was not her's to interrupt, as she was somewhat aware of Jessica's lusting feelings towards David, and her waiting for just the right time to let them all out, so she slowly backed away, as pleasurable thoughts of re-visiting John's room (where she had left his unconscious form earlier) whirled about her mind; such thoughts causing a smile to form on her beautiful young face – as did the sounds of Jessica barking out orders to David from behind her, once again proving her dominance and control over him, something his reply of "Yes Mistress" proved that he didn't mind in the least.

## THE END
