

Sure, it is better than before, when this number was still 1/5, but living together with the tentacles, all the traffic, energy, medicine and food, all rely on the tentacles.

On this previously experimental planet of tentacles and superpowers. Due to the significant gap in the proportion of male to female population, the male to female ratio is nearly 1/3.

Emm
Ahh!!

Ahh!!

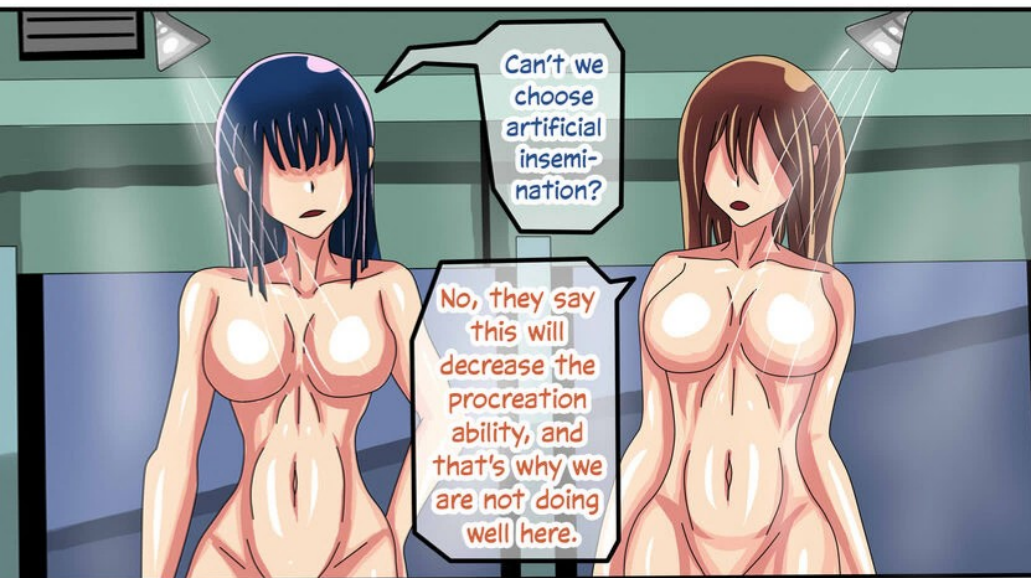

Can't you just work hard? You didn't give birth to even one baby, you will be moved to the tentacle institution then!

For the society to run well, all female need to fulfill an obligation for 2 years at the age of 18. They must give birth to either a boy or two girls. If they fail, two years of service in the tentacle institution will be their fate. Such new-gen humans have 3 months of pregnancy, which is much shorter than old human, this plan is not difficult to finish. Ofc, go to the tentacle institution directly can be a choice, though few female want to.

Oh Noo!

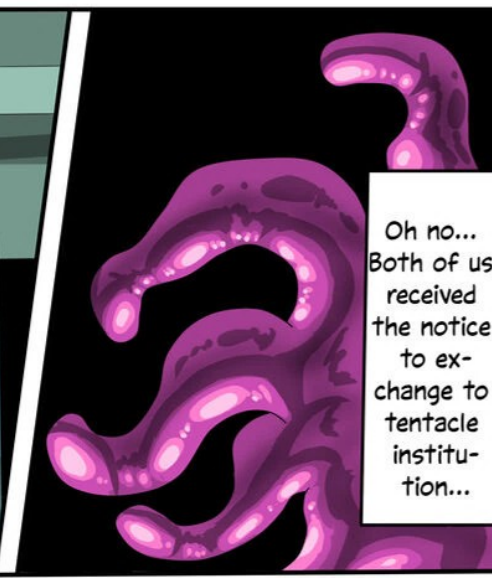

Wait,
please
wait!

Damn
it...

Can't we
choose
artificial
insemi-
nation?

No, they say
this will
decrease the
procreation
ability, and
that's why we
are not doing
well here.

Oh no...
Both of us
received
the notice
to ex-
change to
tentacle
institu-
tion...

Seems that only
you two left in your
team, so I called some
bros to have some
night shift with you~

It really
drives me
crazy!
Why
should I be
fucked by
men
everyday?!

Hey listen,
if we go

institution,
maybe we can
get retire
quicker by
half a year.

Shit...!!
everyday
is like this,
they treat
us as
playthings!

Ahhh!!

I will
KILL you
ALL...

I have been
in such a hell
for 18
months...

But I can't think
clearly. All I want
to do is to kill
those rogues...!

My con-
sciousness
is very
vague, as
if I have
awakened
certain
abilities...

What?
Want some
overtime
working?

Go to hell,
you and
your fuckin
work!

BREAKING!

There has been a riot of superpowers in fertility institution. A large number of men were attacked and killed. The special riot prevention unit found that the bullet cannot hit on superpowers' body. Police considering skill for enhancing defense and attack power.

The anti riot forces finally used hypnotic gas ammunition to deal with the targets. They are sent to the tentacle department confinement room for those superpowers.

Many districts have launched demonstrations against the institutions, and many women believe that this superpower is a hero. The above does not represent our news' location.

Feminist organizations launched criticism of fertility institutions. They say, although the superpower need to bear the responsibility for murder, the great responsibility for the tragedy lies with the institutions.

Under demonstration of
a large number of people

is the good place to
deal with those criminal
superpowers by unabling
their power .The
demonstrators will be
sentenced to ten years
in prison for
producing tentacles.

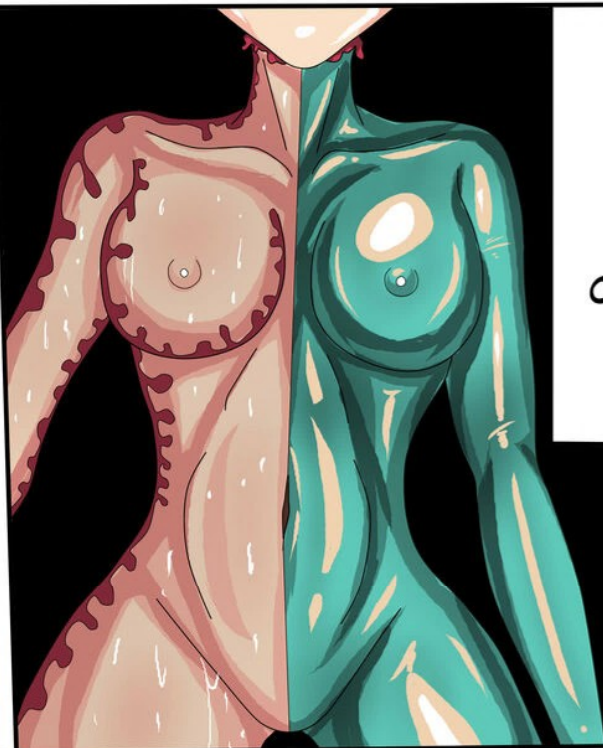

Now is the
transformation
process. A tentacle
clothes will be put
on to hold the

ing?!

Hmm...
Seems
that I
fell asleep
again...

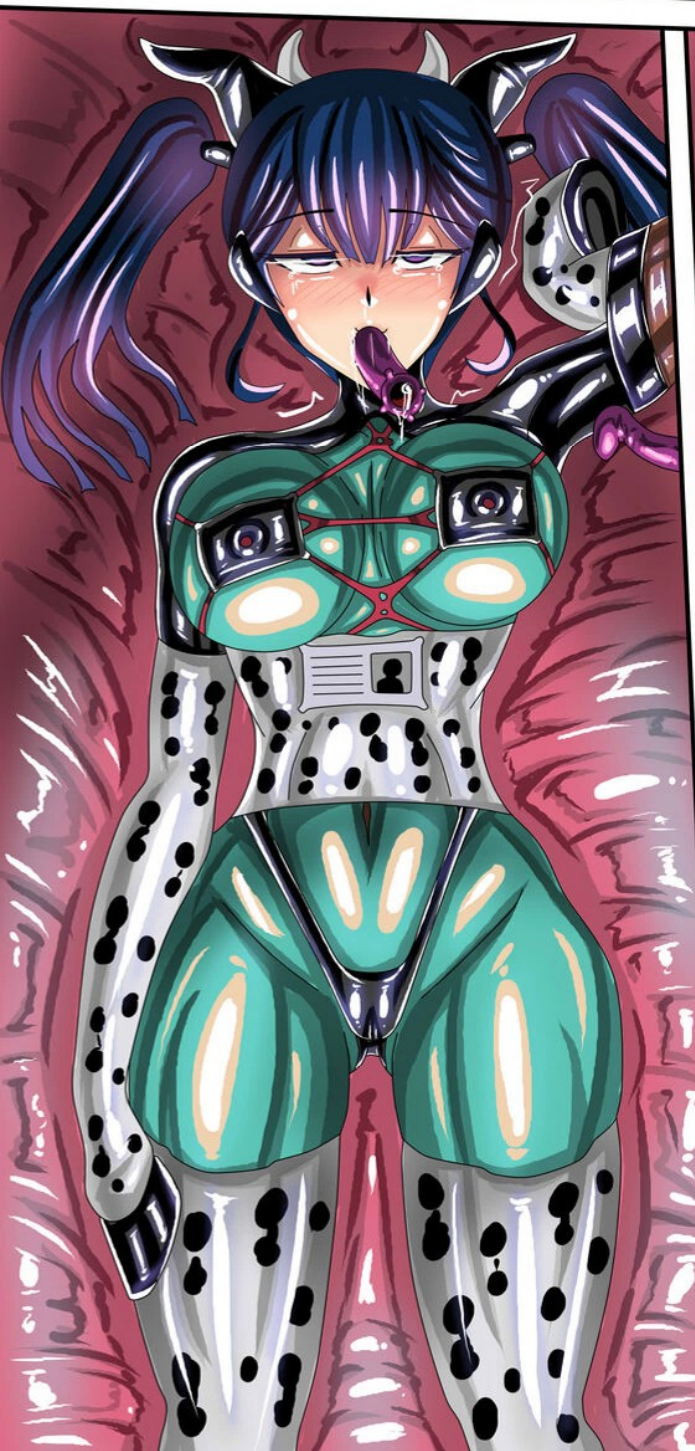

My whole body
is filled with
something...

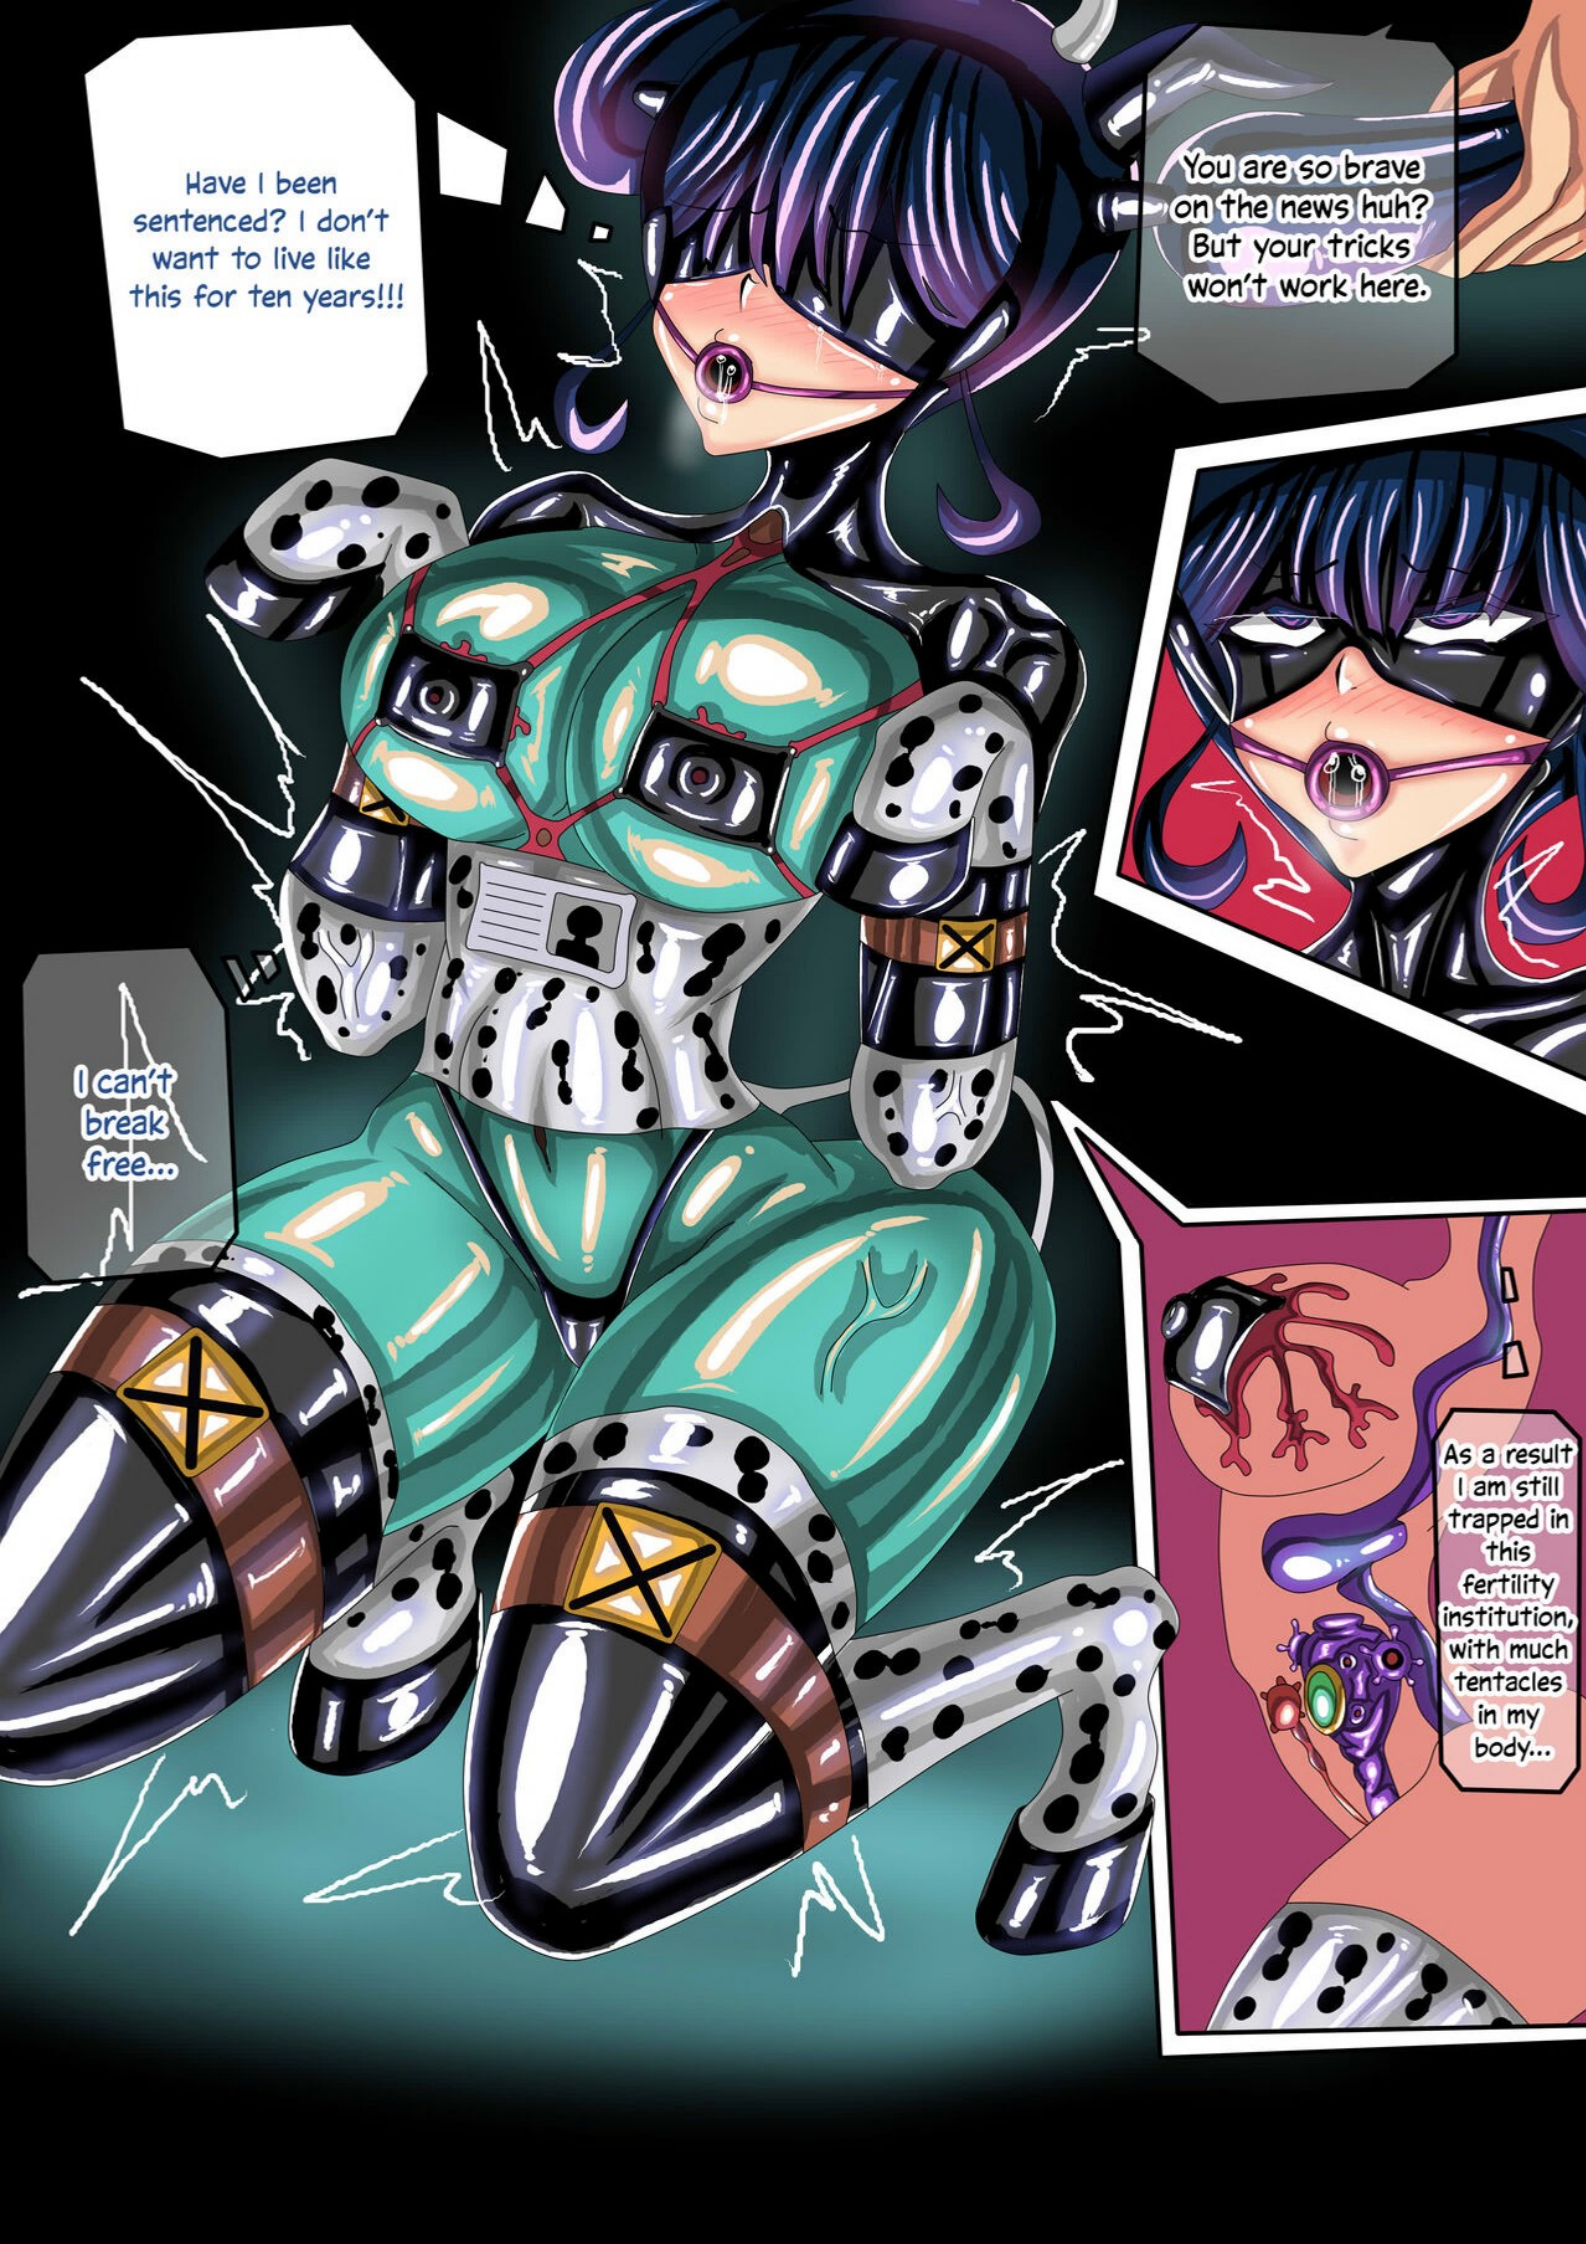

The prisoner developed some resistance to hypnotics somehow, increased the dosage of hypnotics now.

The tentacles are getting into my ears, and my hands are...

Target falls asleep again, put our restraining device on her arms and legs.

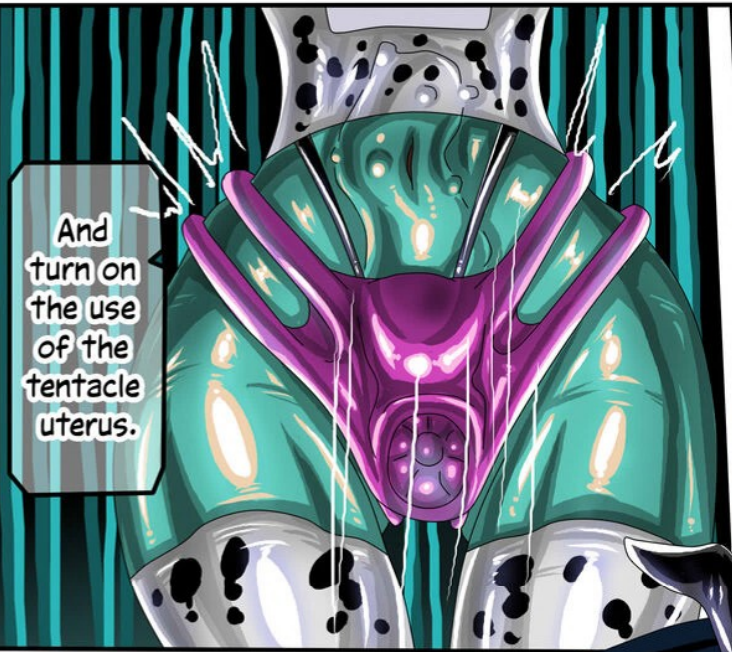

Have I been
sentenced? I don't
want to live like
this for ten years!!!

You are so brave
on the news huh?
But your tricks
won't work here.

I can't
break

As a result
I am still
trapped in
this

body...

And

You will soon
experience the
pleasure outside of
humans, and your body
will not age after
wearing this
tentacle clothes.

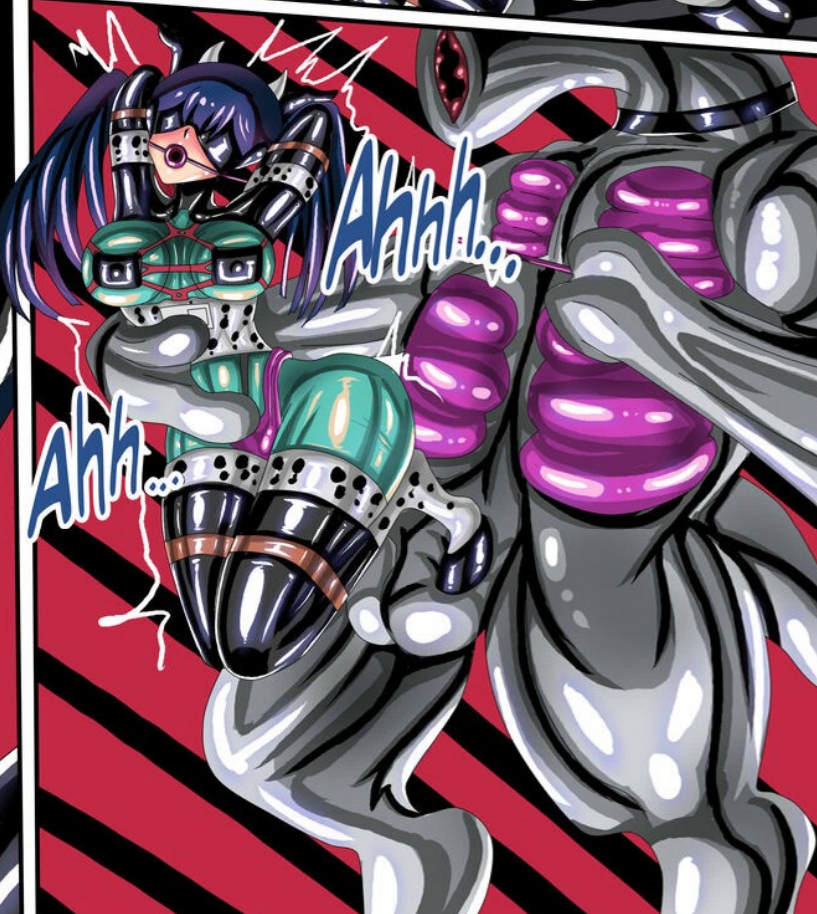

injecting

Go ahead.

The medicine that makes the body weak will be injected into your body.

Now as long as
you resist,
the tentacles
inside your body
will pull on your
internal organs.

I prefer
to add
such a
device
inside
your
body.

No...

Come on,
have
some
toys for
your
urethra.

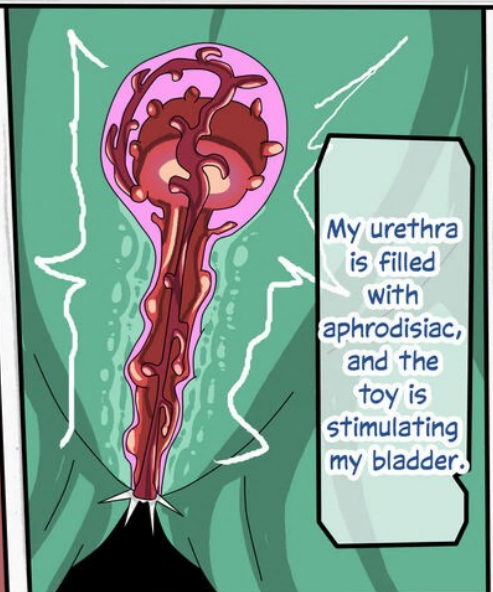

You
can't
sort it
out.

Stuffed

Be obedient, and we will give you a chance to urinate.

My urethra is filled with aphrodisiac, and the toy is stimulating my bladder.

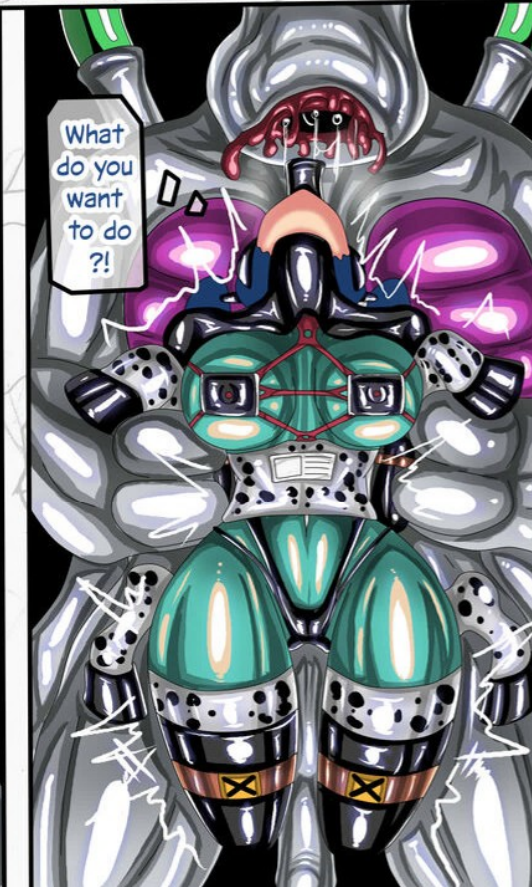

I will die...!!!

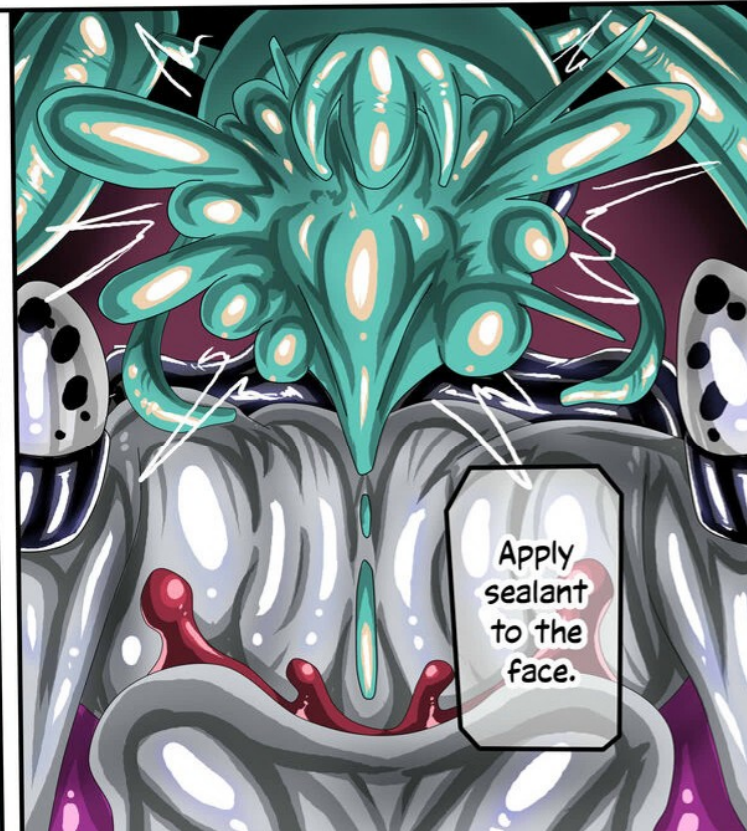

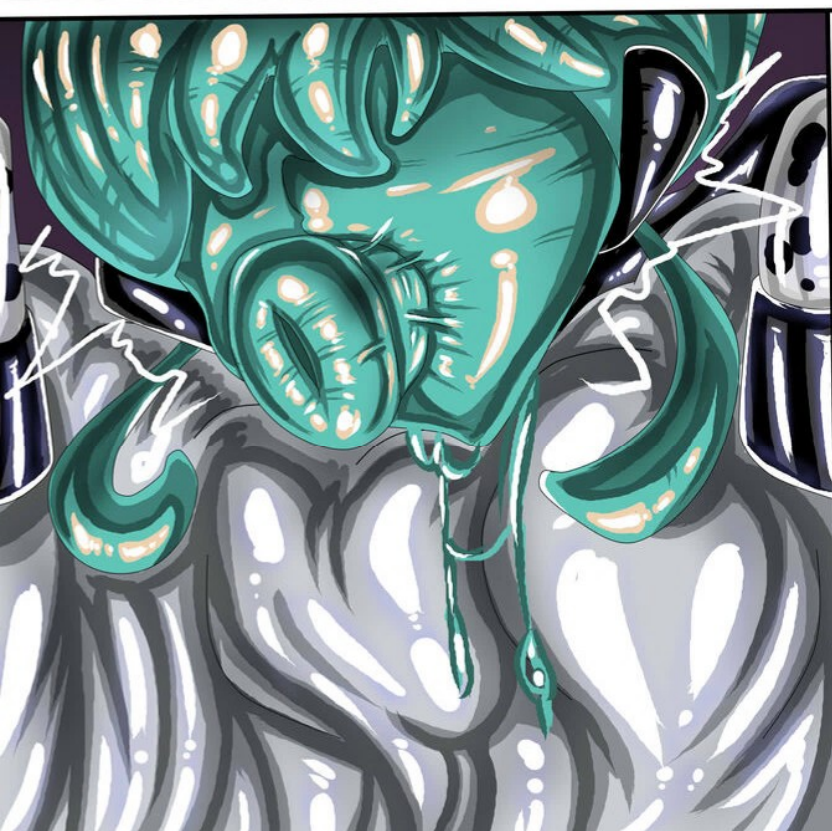

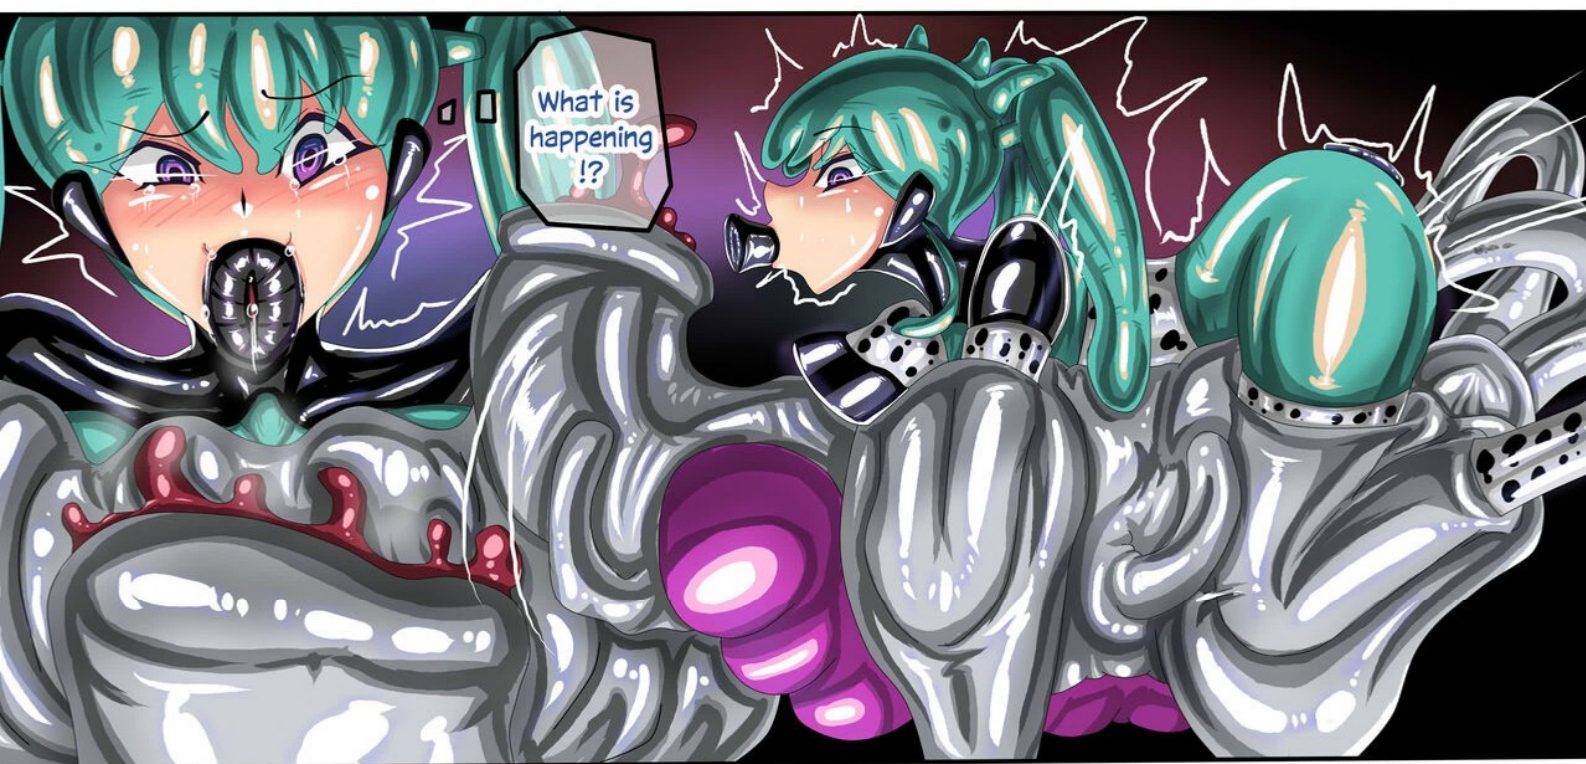

Otherwise you must be waiting your tentacles to help you absorb.

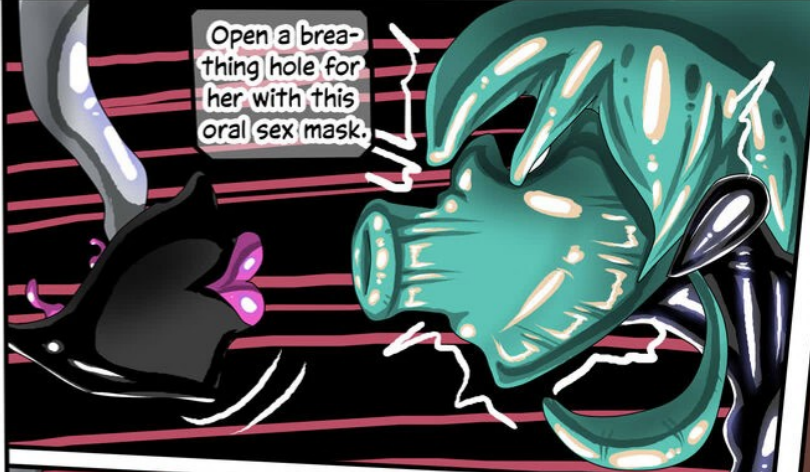

Hmm!!
Hmm!!

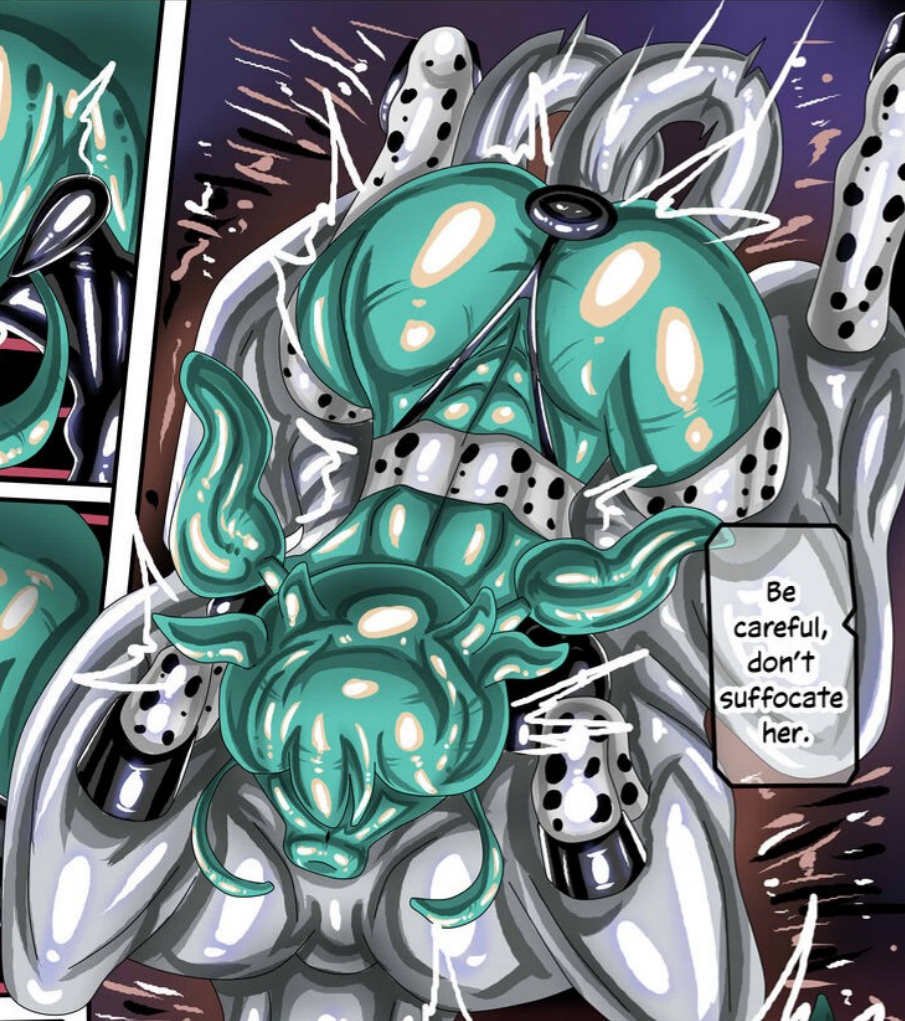

What do you want to do ?!

Open a breathing hole for her with this oral sex mask.

Be careful, don't suffocate her.

Something sticking on my face, I can't move it away ...!

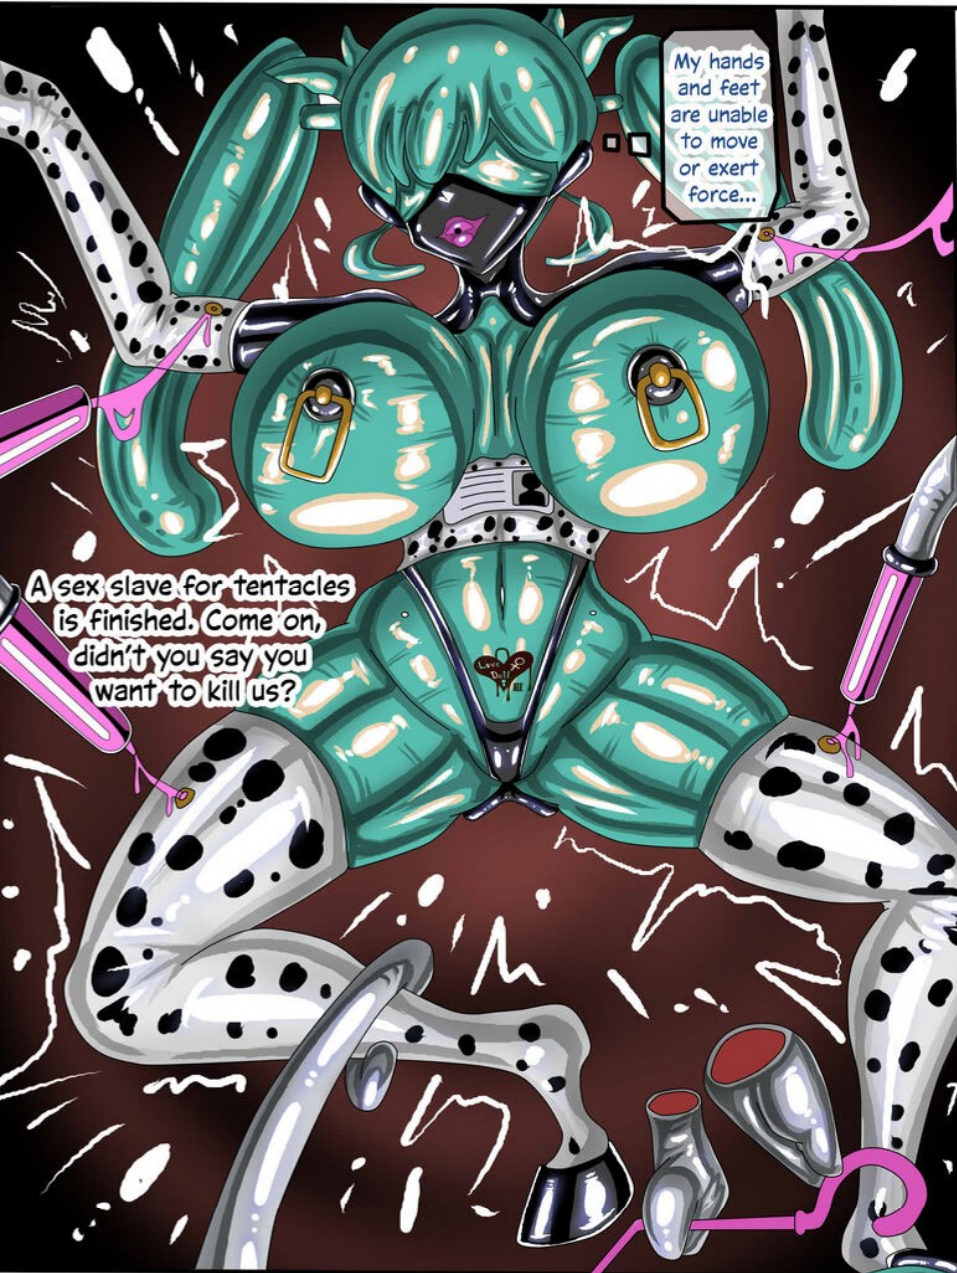

You bastard,
I will kill
you all!

Aren't you
very brave on
the news?
Why are you
so cowardly
now?

Transforming superpower

Inject modified
tentacle chunk
to the chest.

lift up

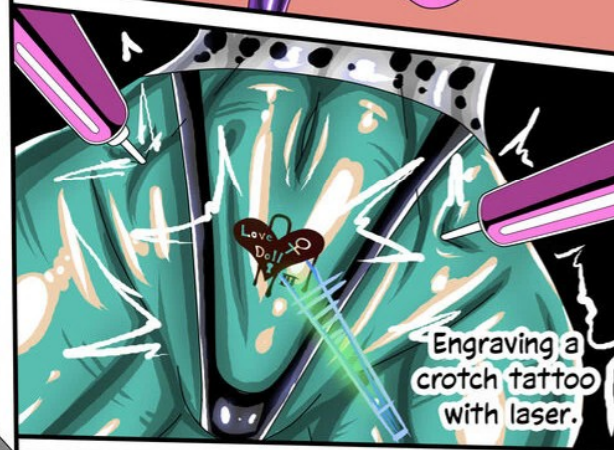

My hands and feet are unable to move or exert force...

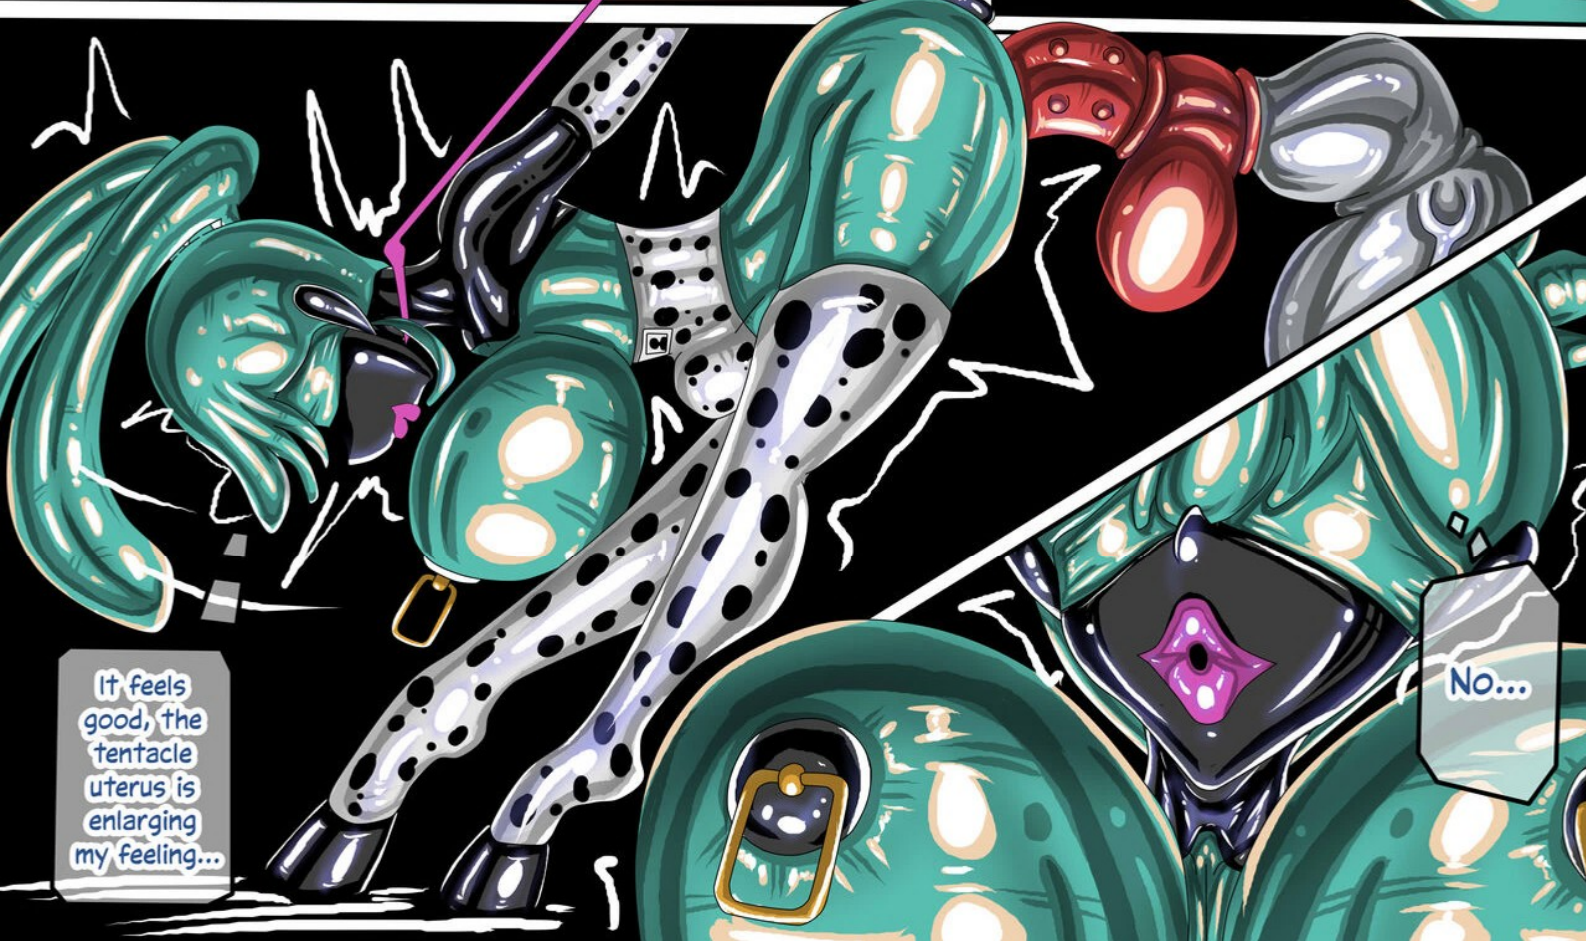

A sex slave for tentacles is finished. Come on, didn't you say you want to kill us?

Injecting tentacle chunks for fertility into the ovaries.

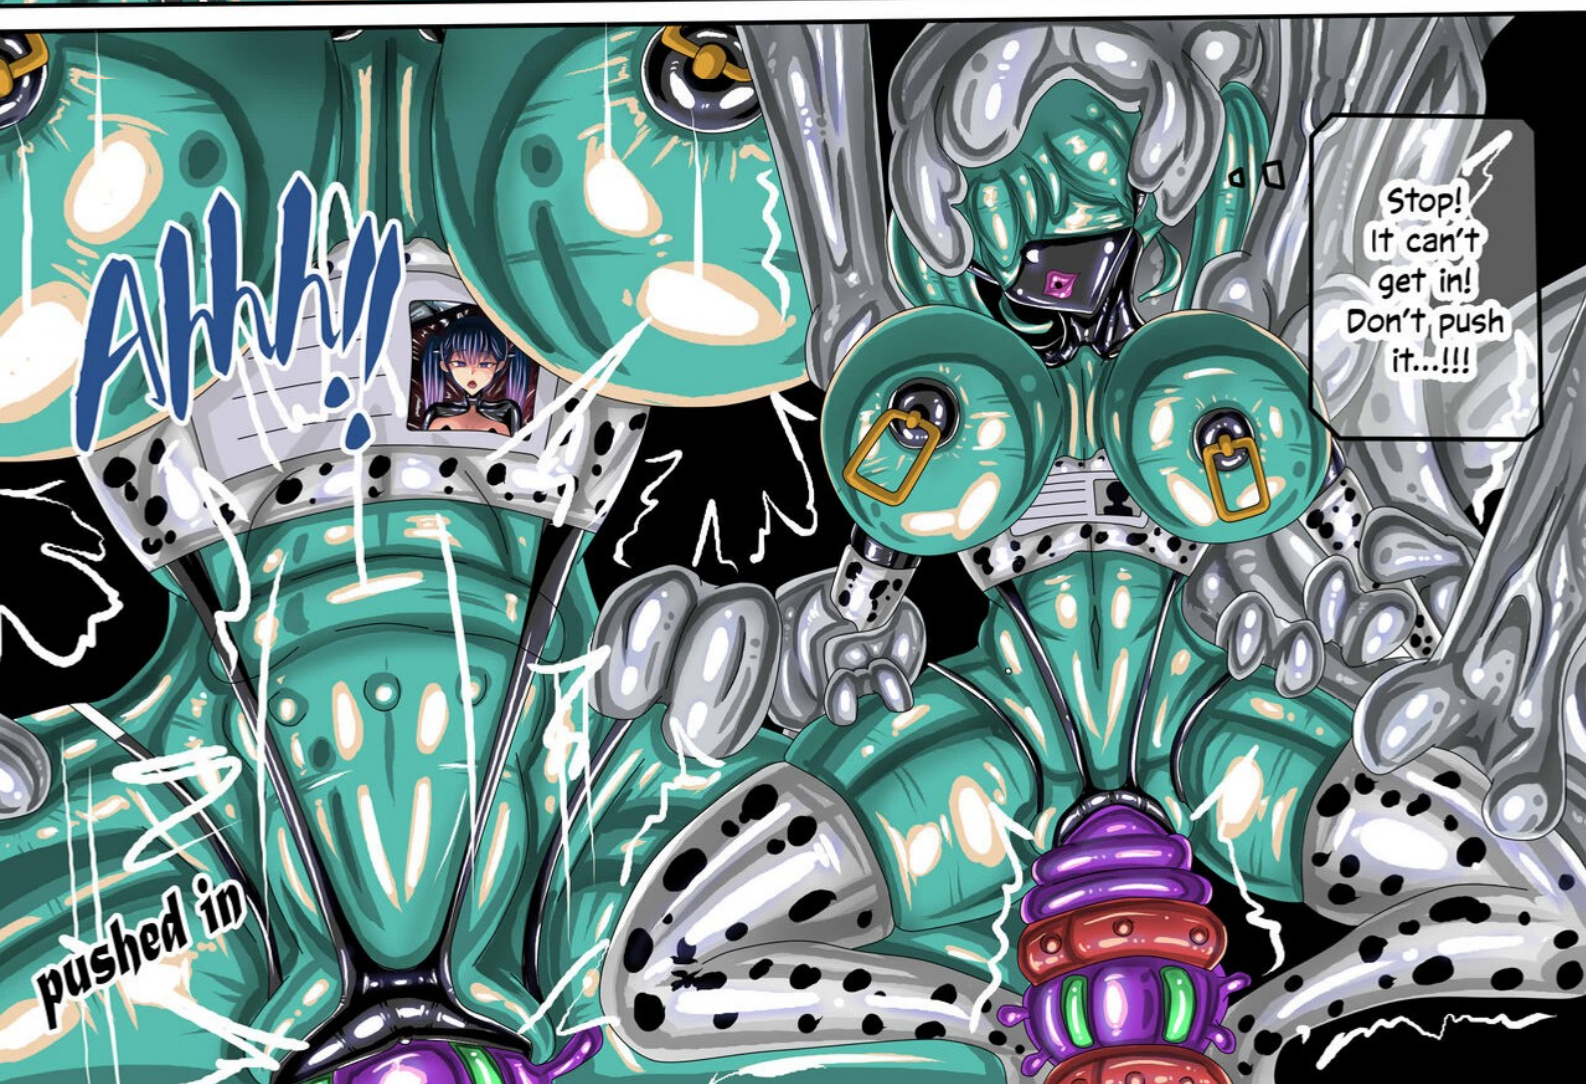

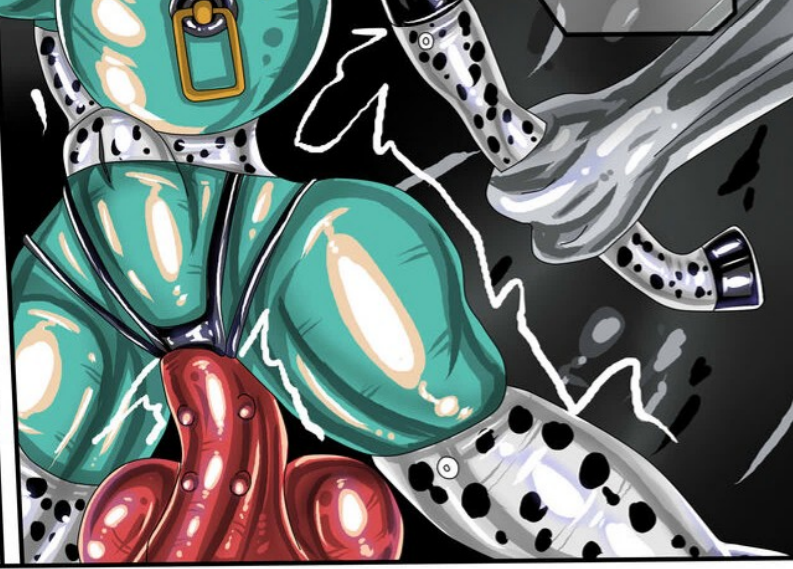

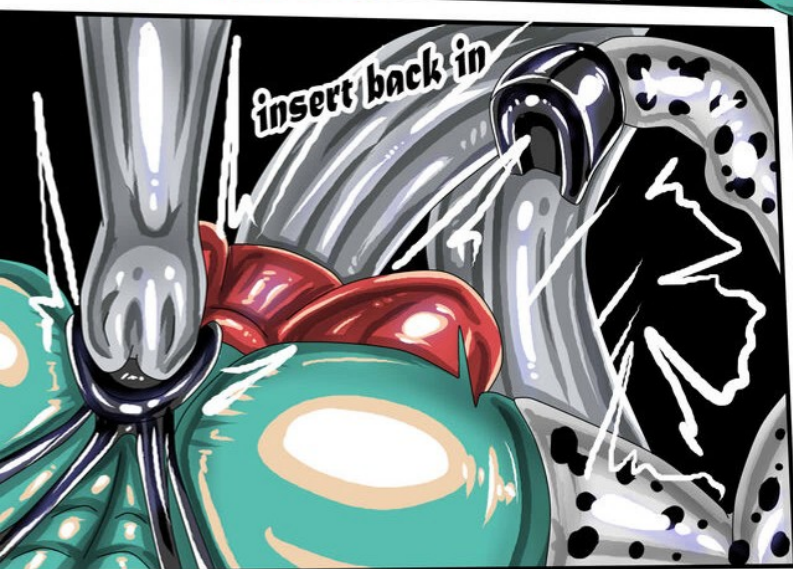

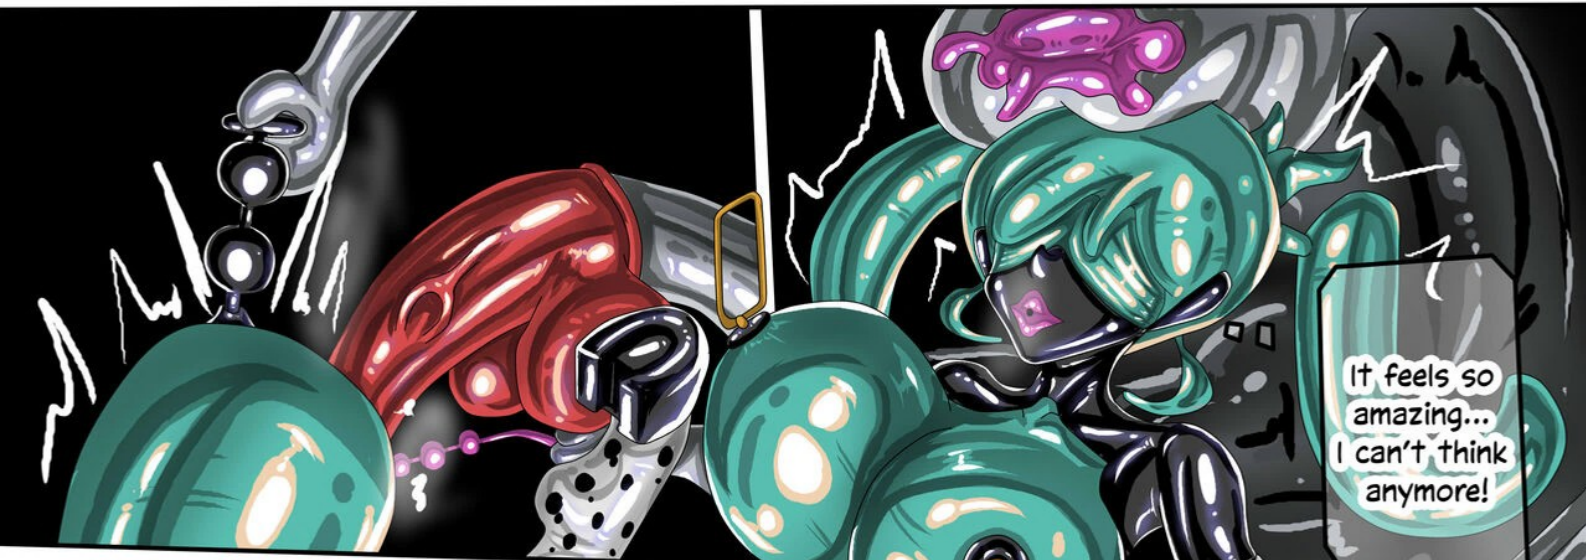

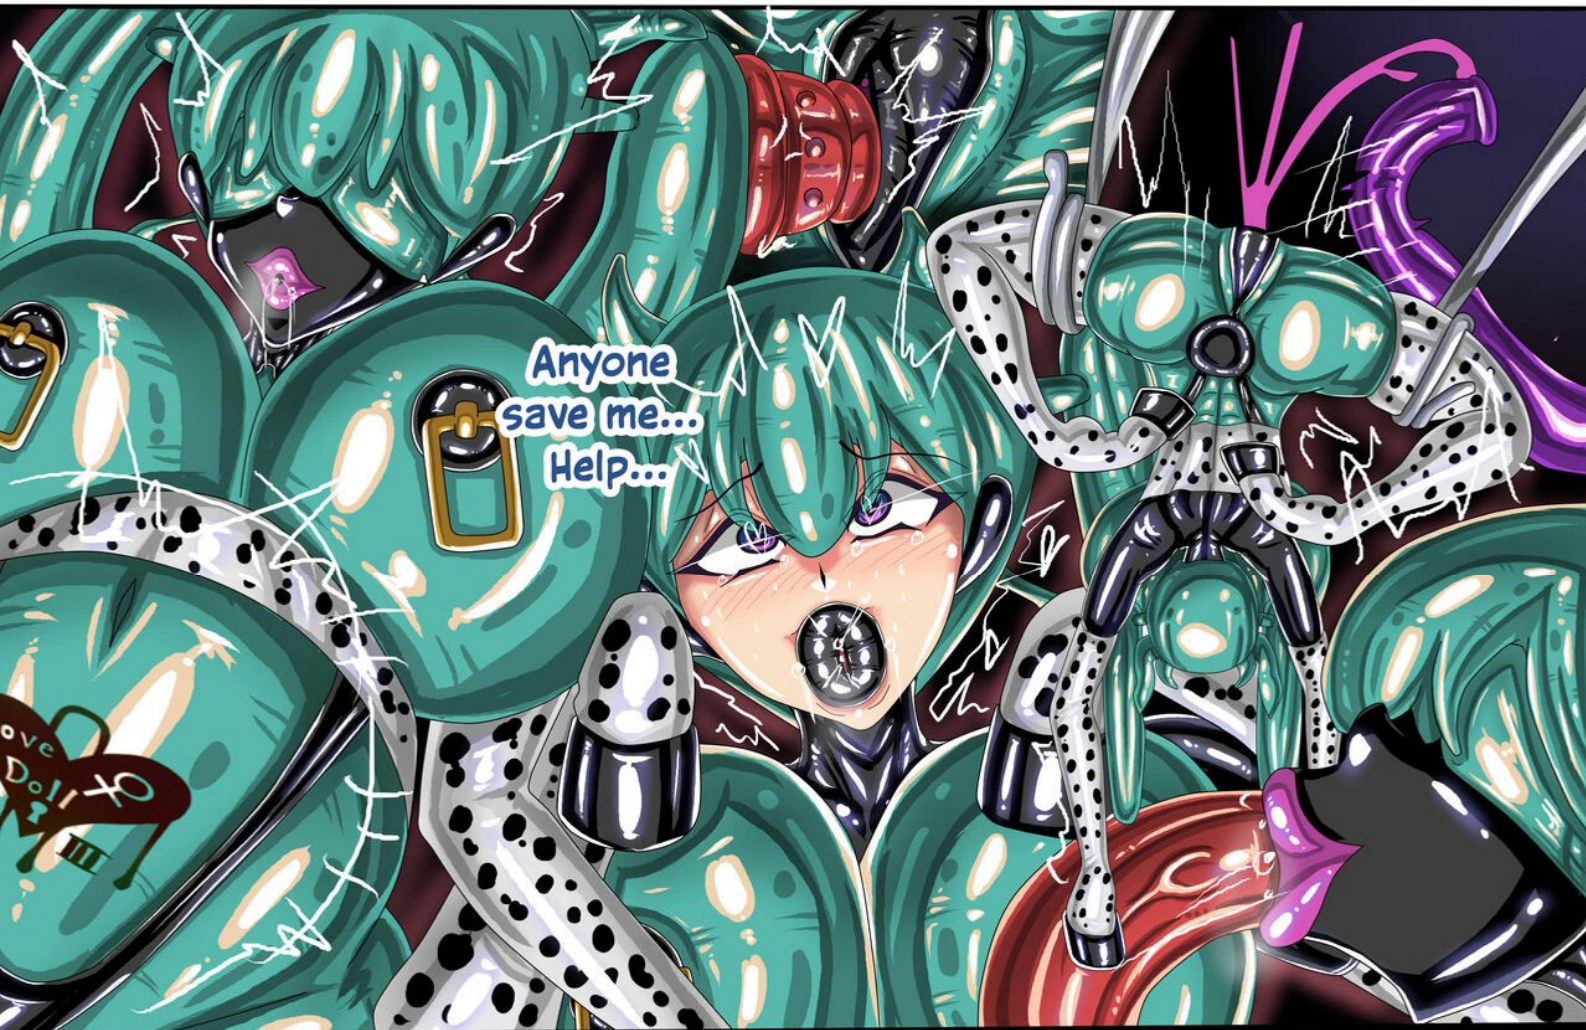

Engraving a crotch tattoo with laser.

It feels good, the tentacle uterus is enlarging my feeling...

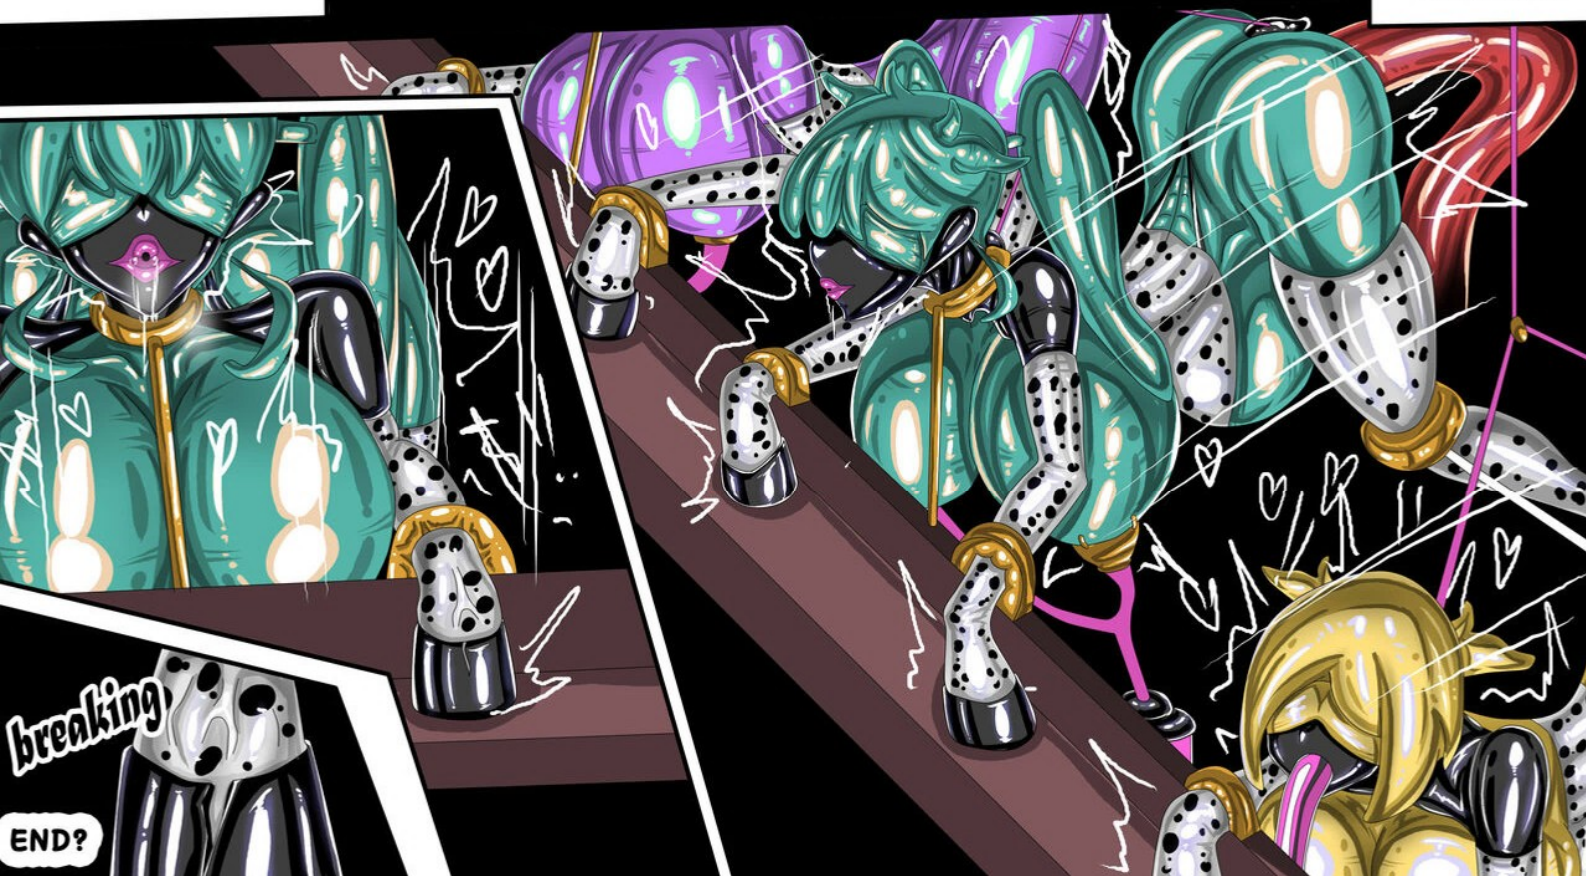

No...

In the near future,
a bigger superpower
accident will happen.

Despite several
protests by
feminist, there
have been no
changes in
the fertility
