tug...

Oh!!
OOH!!

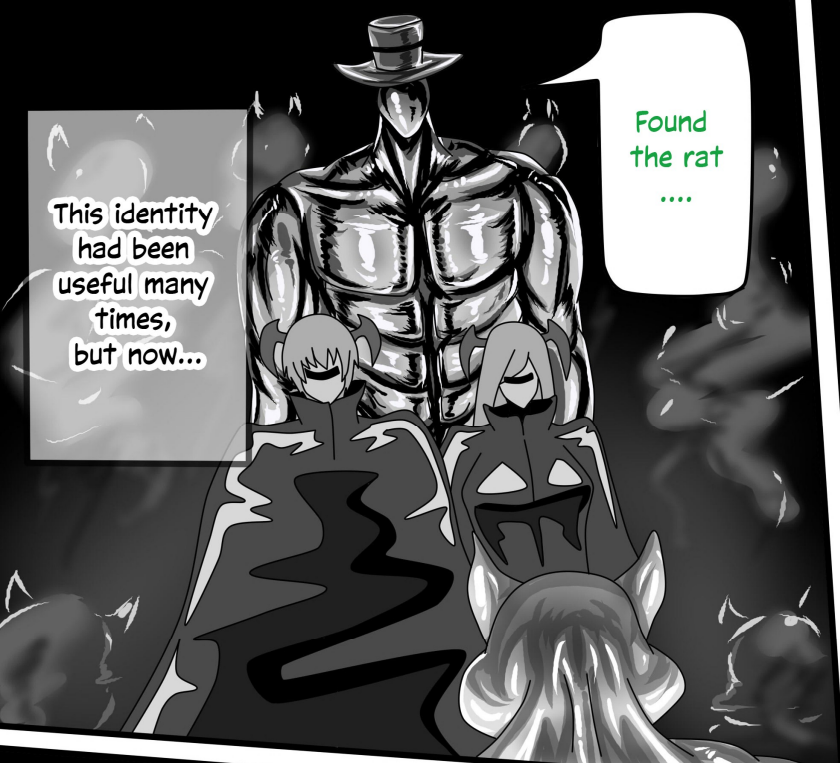

Ah!!
Ahh!!

I'm agent Laska.
On the last
mission to
clear out the
carnal demon's
lair, my compa-
nion Wuya was
captured...

Wuya has been
my partner and
beloved since
childhood. In order
to get her out,
I have to... even
giving myself...
why did it become
like this...?

Slam!
Slam!

Slam!
Slam!

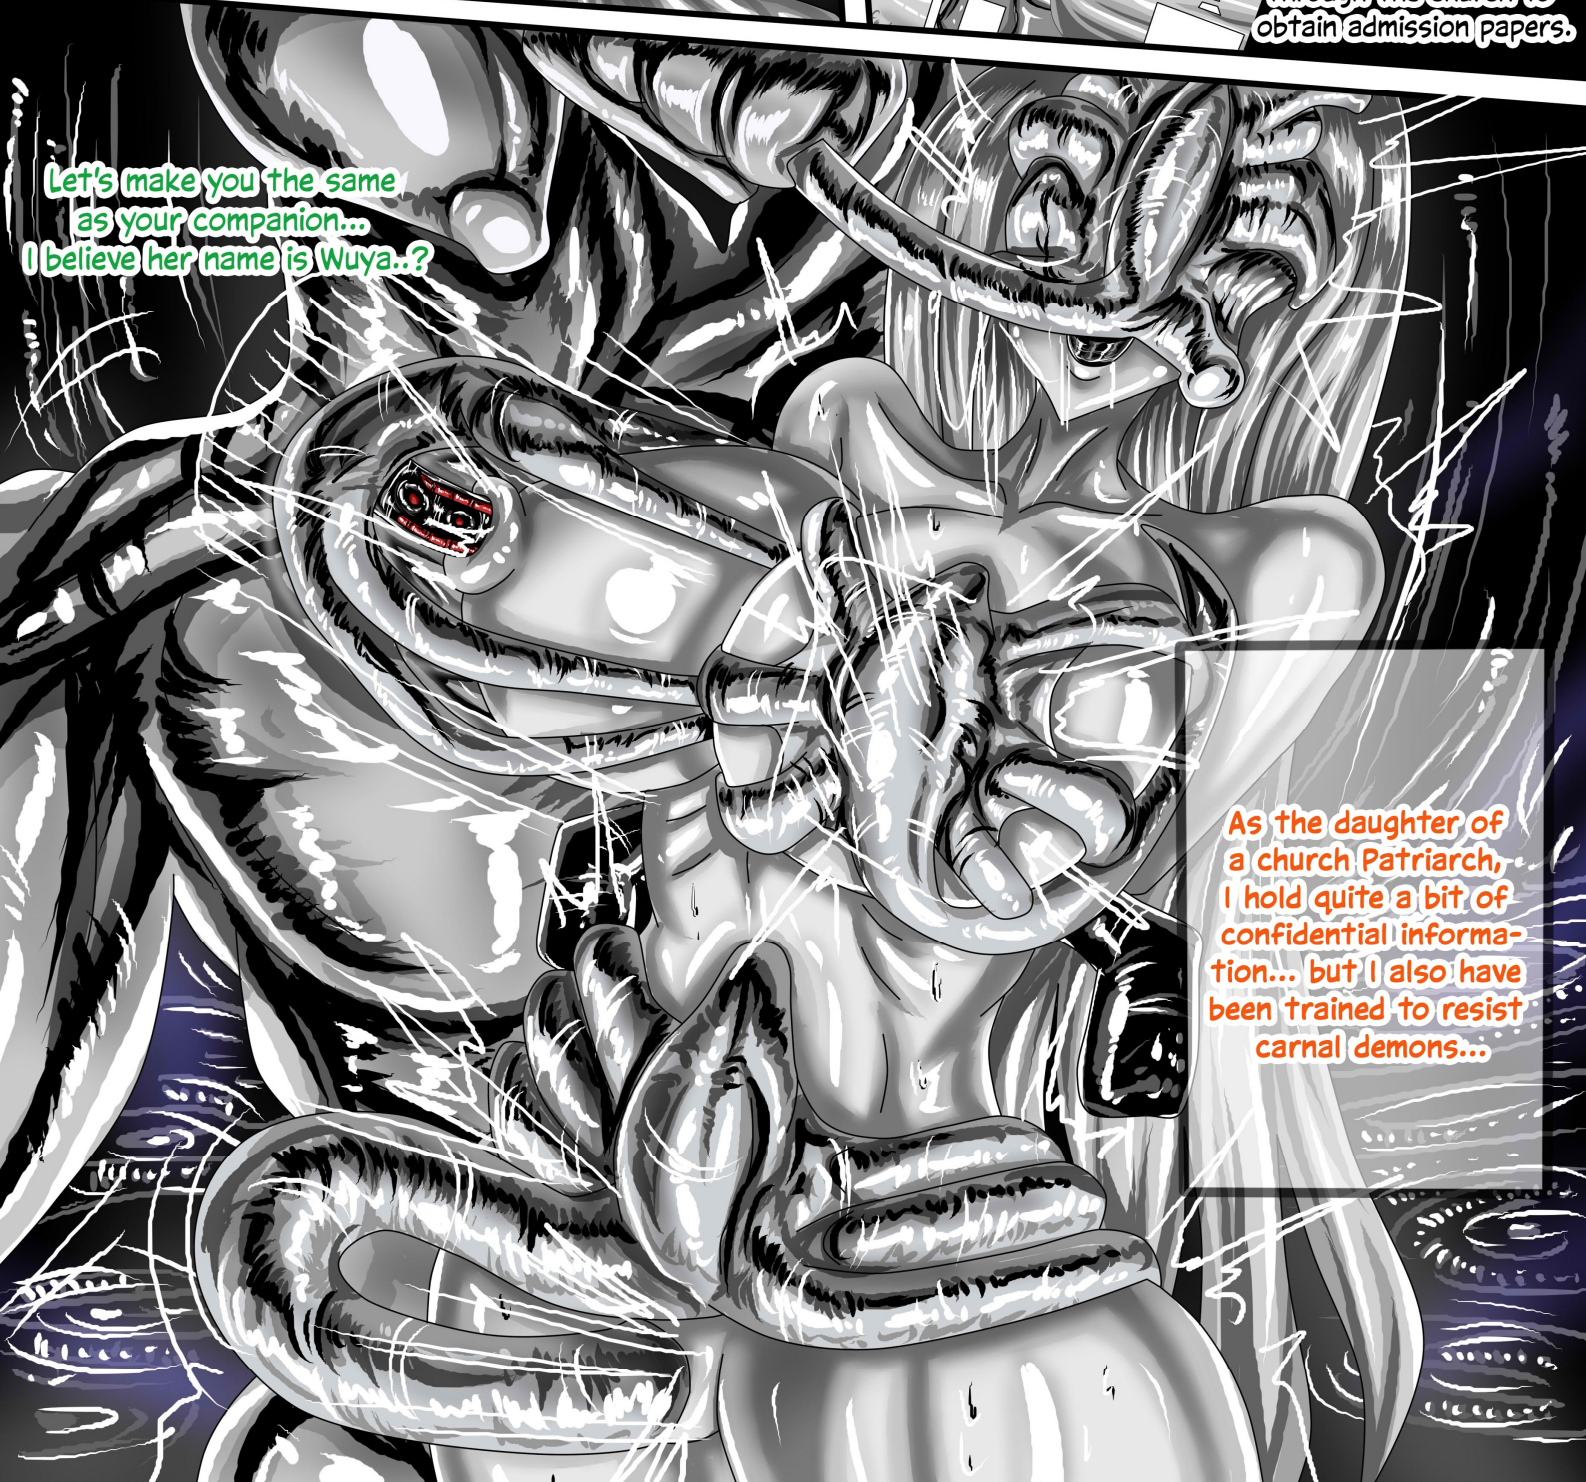

This identity
had been
useful many
times,
but now...

Found
the rat
....

When we finally found Wuya again,
she was on the black market
slave auction list.

Luckily, the black market
is open to humans with
the right credentials.
We used connections
through the church to
obtain admission papers.

Let's make you the same
as your companion...
I believe her name is Wuya..?

As the daughter of
a church Patriarch,
I hold quite a bit of
confidential informa-
tion... but I also have
been trained to resist
carnal demons...

It doesn't
matter what
this pervert
does to me...
my training
will ensure
that I never
climax!

Haa...
haa...

Oh....

Miss, I know
your true
identity...
how could
I return
such precious
goods...?

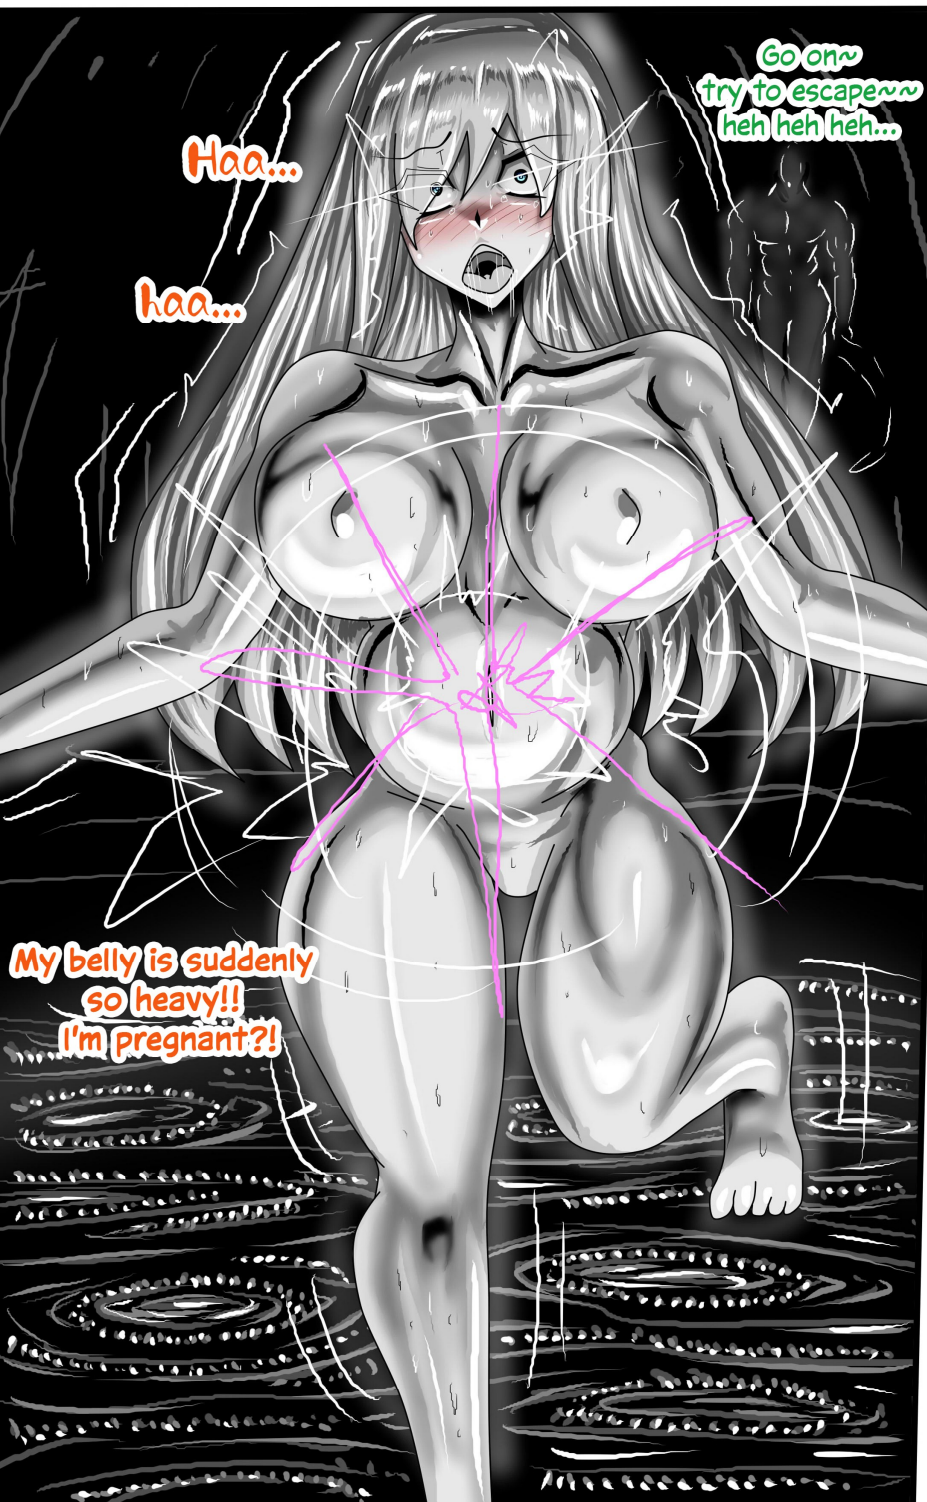

Perhaps
we can
negotiate
for you
with the
church...
to exch-
ange
hostages...

Ah,
aHh...

Slide out...

I can't rely on the rescue team any time soon... I must be sure not to leak the secrets of the church, or I will be sentenced to death even if I get the chance to return... I have to fight with everything I've got!!

Ha! You still have the strength to escape! How careless of me.

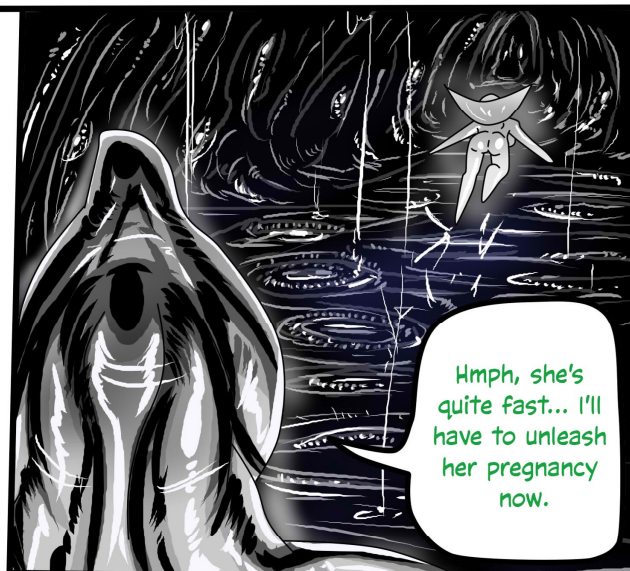

Haa...

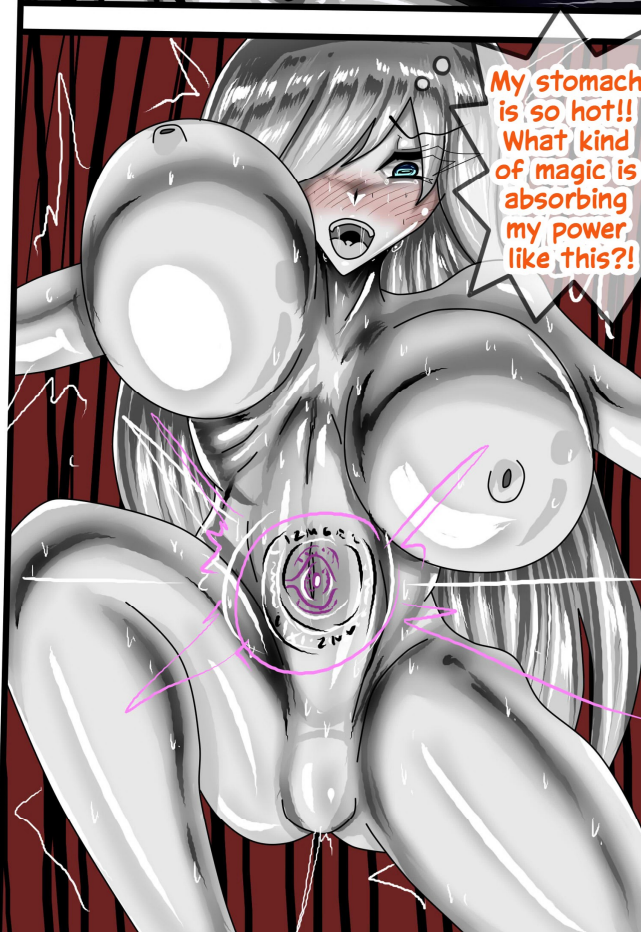

haa...

Go on~ try to escape~~ heh heh heh...

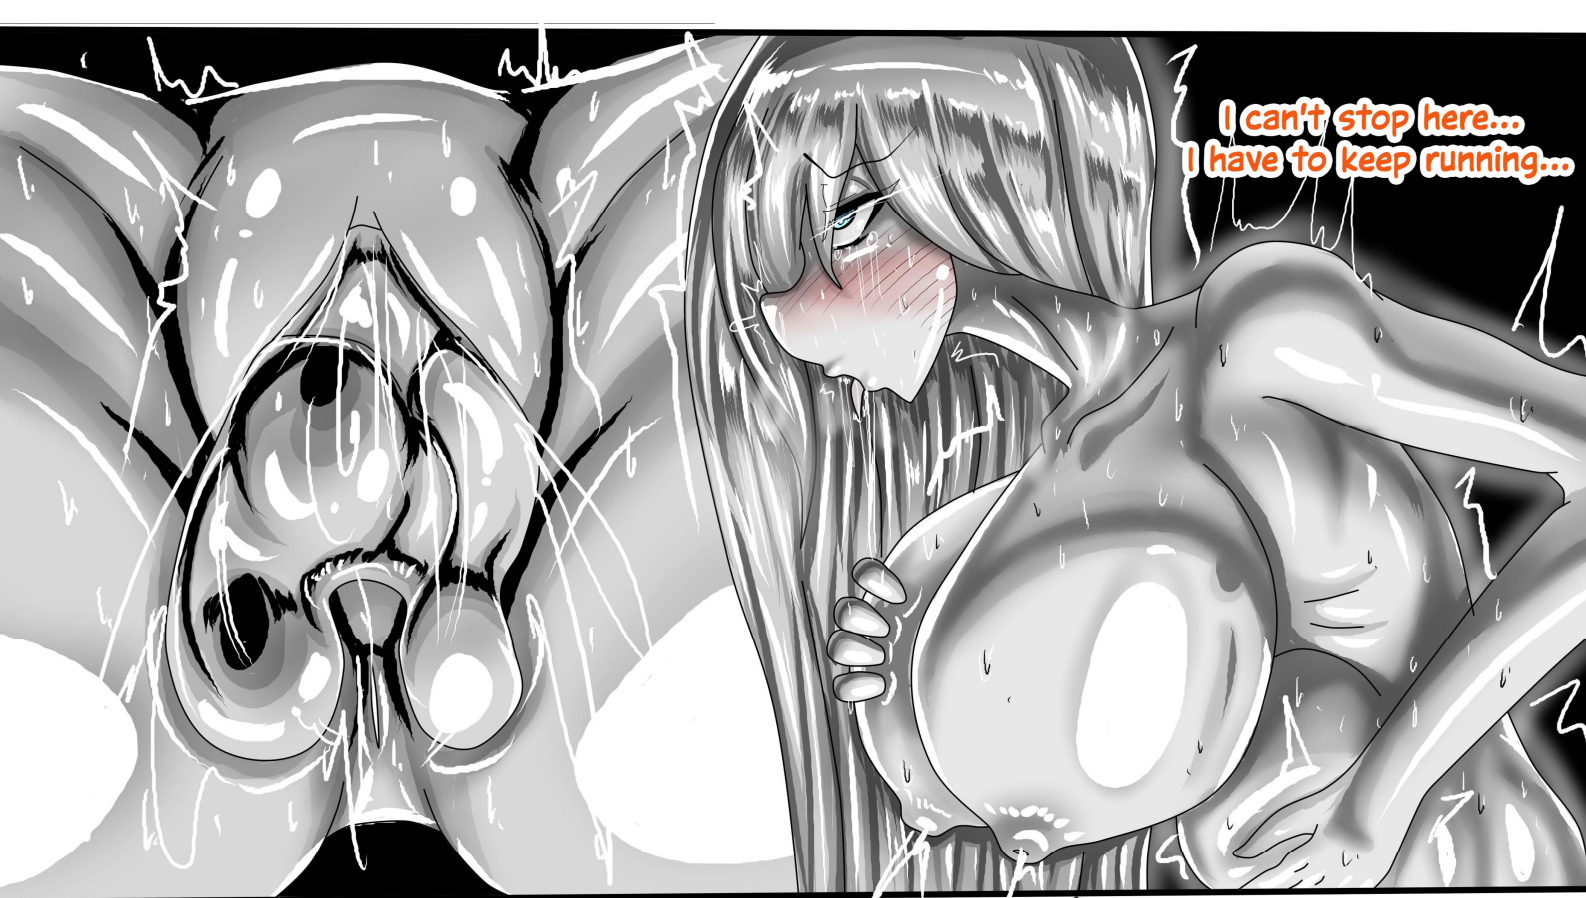

My belly is suddenly so heavy!! I'm pregnant?!

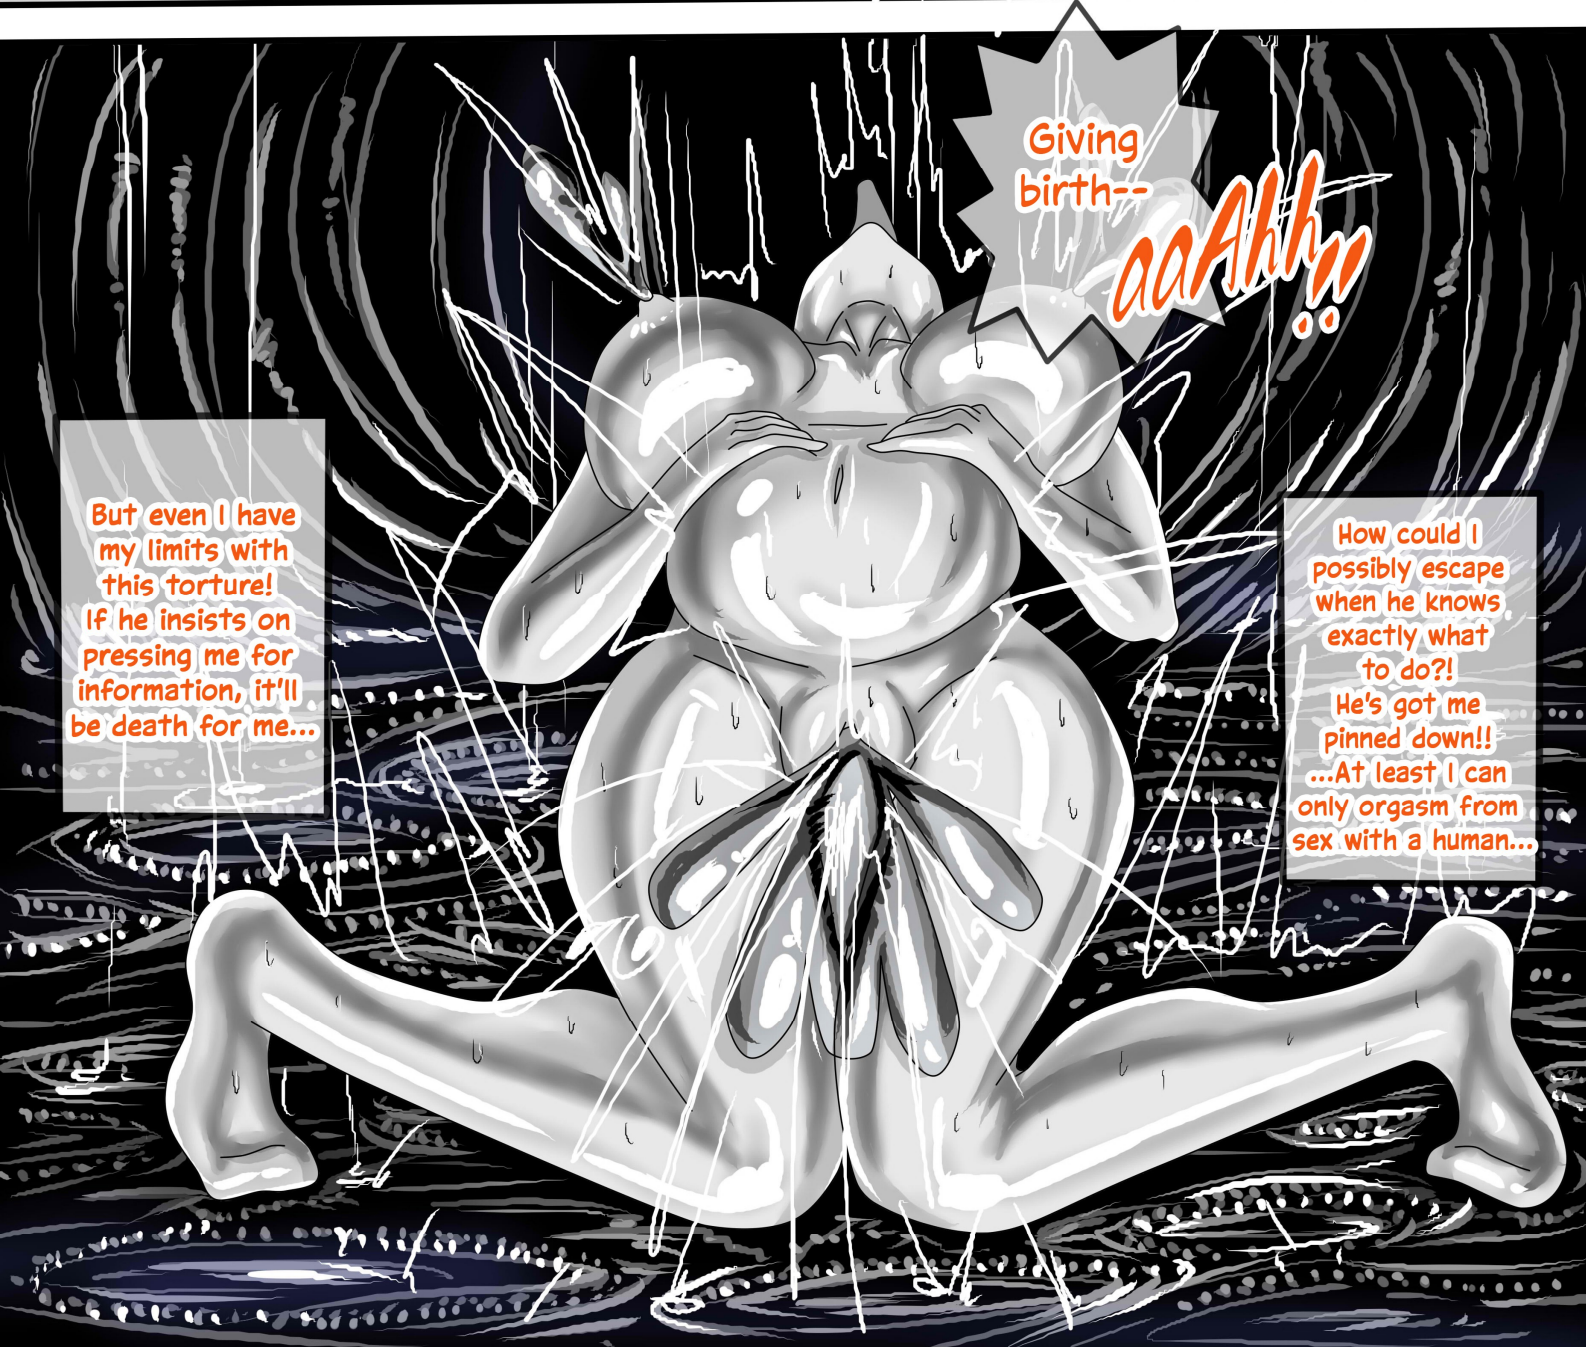

Hmph, she's quite fast... I'll have to unleash her pregnancy now.

My stomach is so hot!! What kind of magic is absorbing my power like this?!

I can't stop here...
I have to keep running...

Giving
birth--

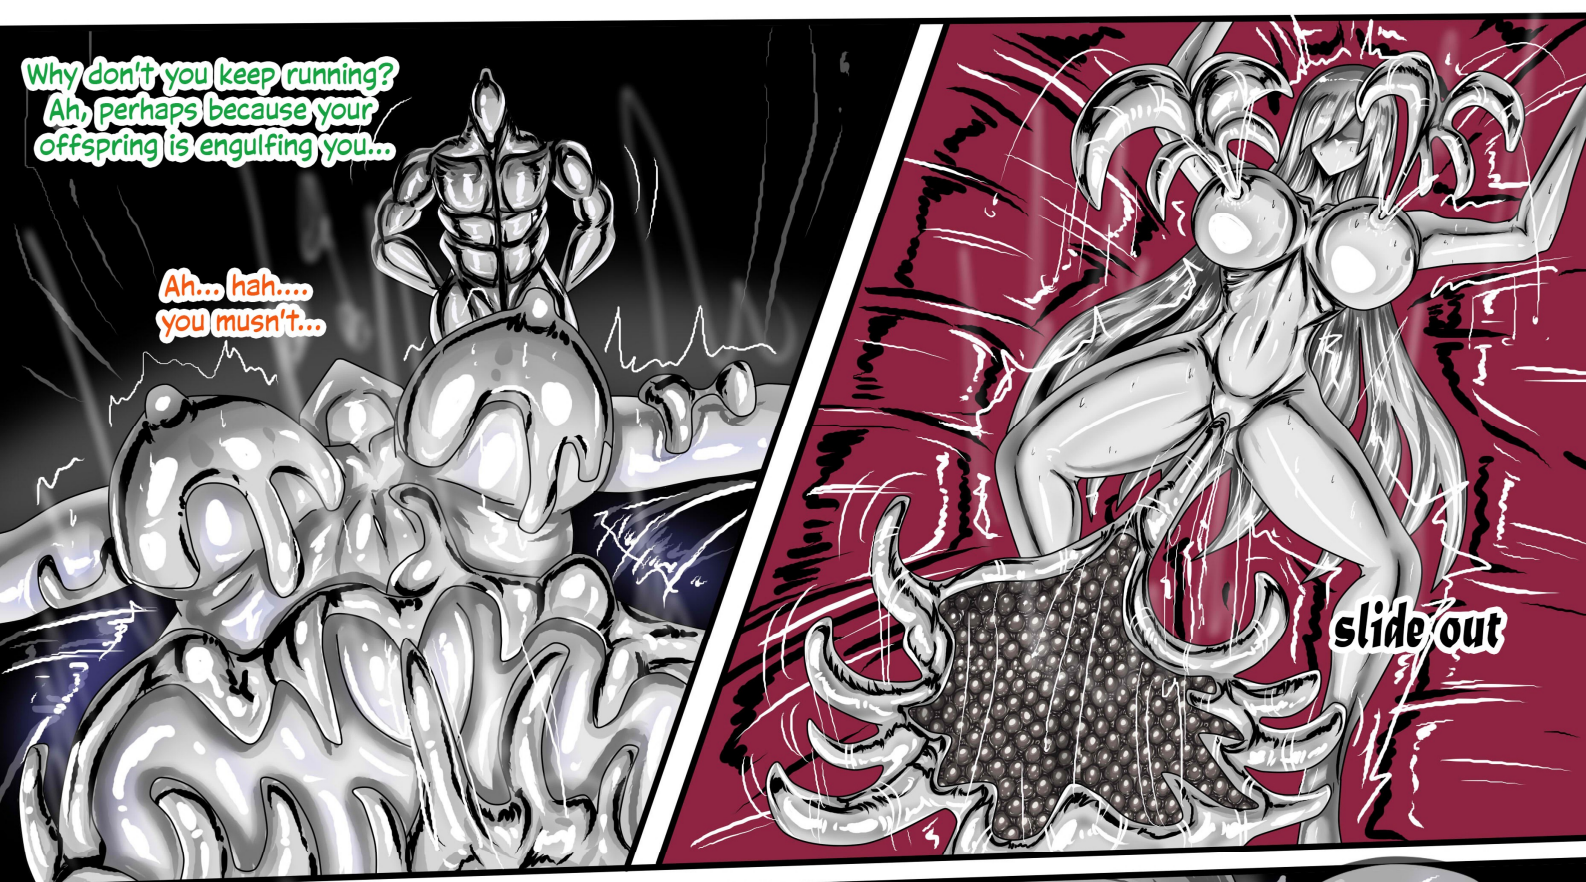

aaAhh!!

But even I have
my limits with
this torture!
If he insists on
pressing me for
information, it'll
be death for me...

How could I
possibly escape
when he knows
exactly what
to do?!
He's got me
pinned down!!
...At least I can
only orgasm from
sex with a human...

Why don't you keep running?
Ah, perhaps because your
offspring is engulfing you...

Ah... hah....
you musn't...

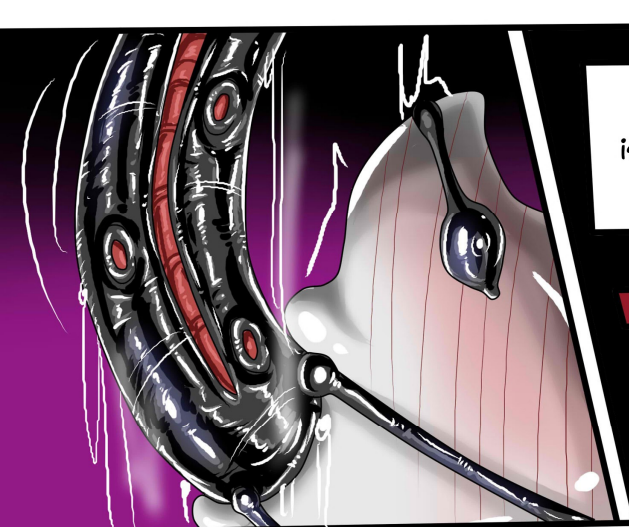

slide out

Caught you again,
young lady,
hahaha~...

In my uterus?!
I can actually
feel it -- why?!
Is my training
no use?!

I don't even
have the energy
to move...
let alone resist...
so painful...

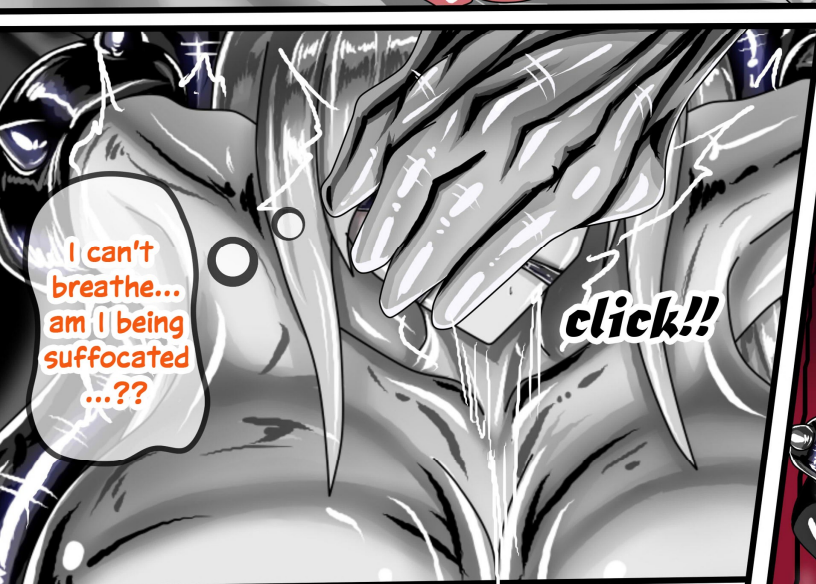

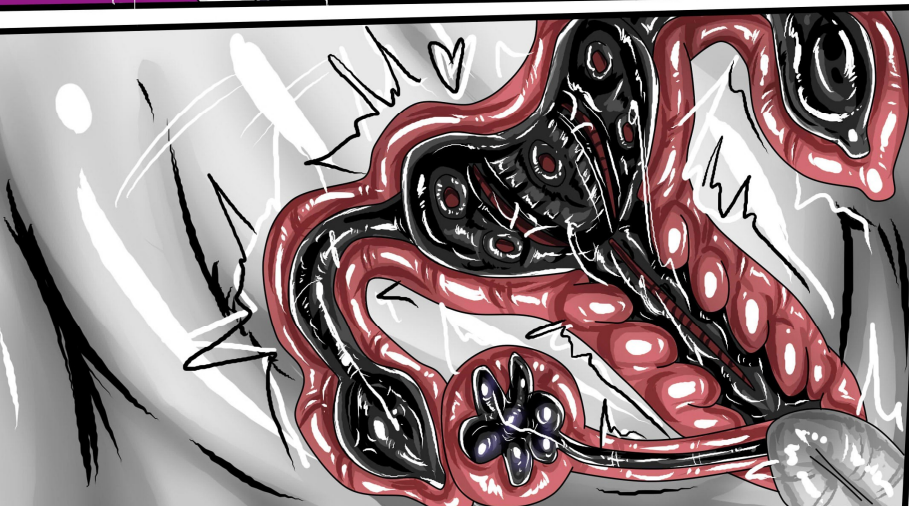

What awaits Laska
is a ruthless physical
transformation...

This is your home, now.
Accept your fate and
be transformed...

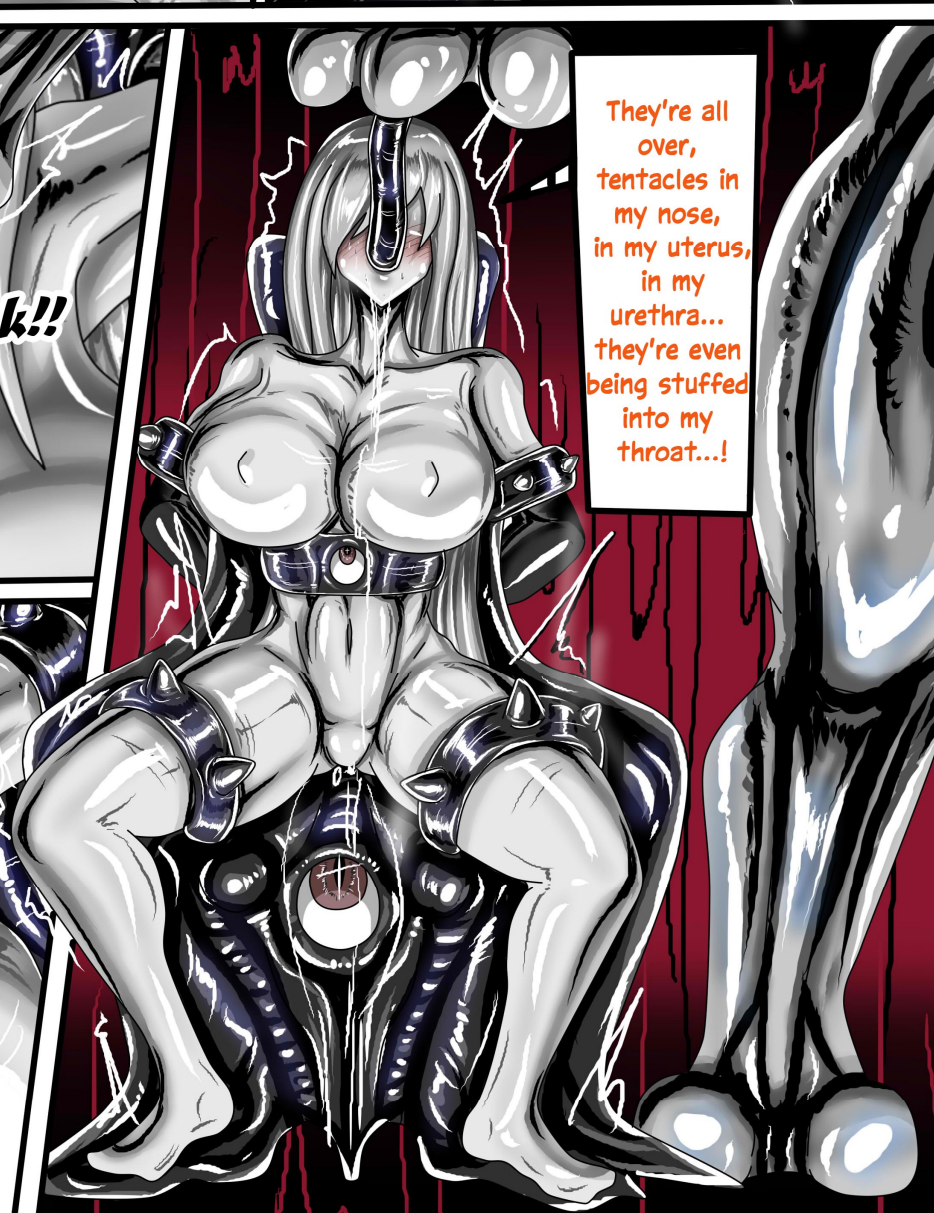

I can't
breathe...
am I being
suffocated
...??

Mn mn
mnphh...

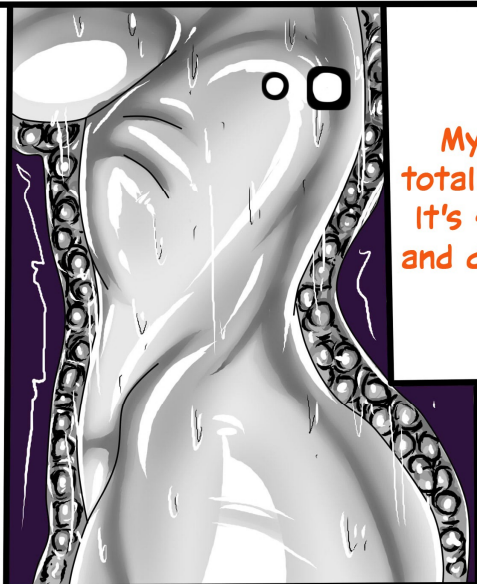

They're all
over,
tentacles in
my nose,
in my uterus,
in my
urethra...
they're even
being stuffed
into my
throat...!

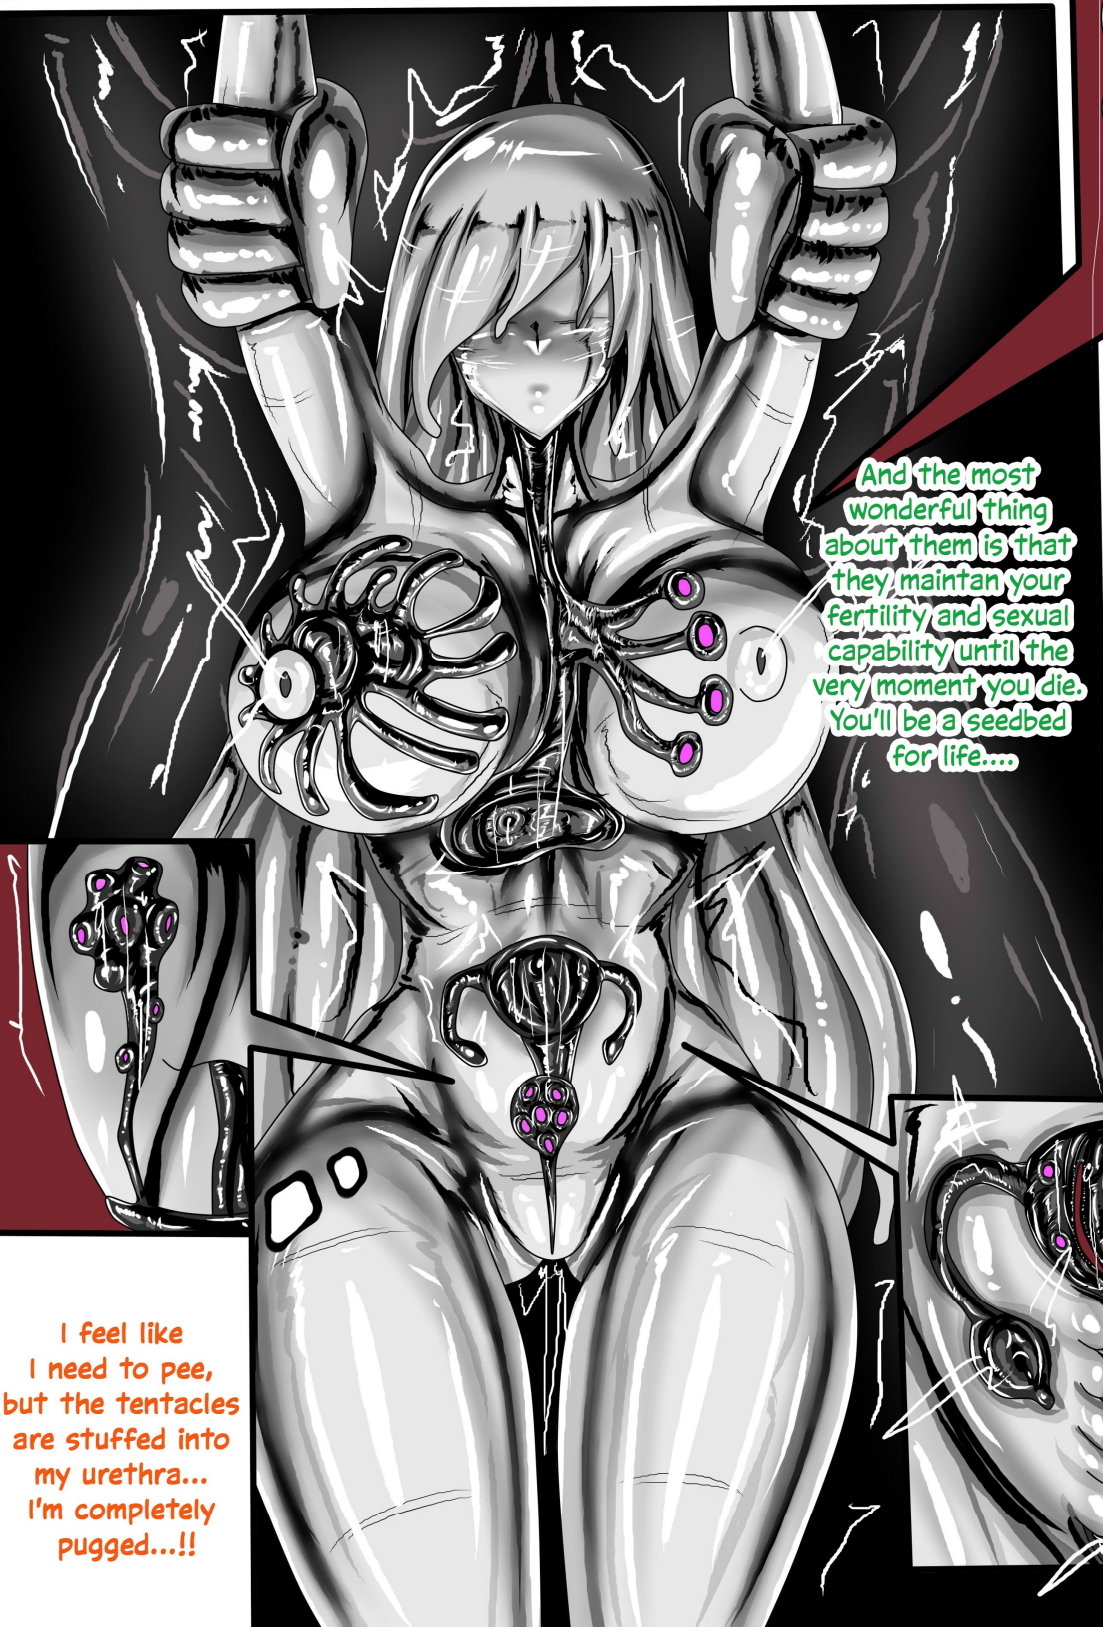

You see, these tentacles in your breasts will allow them to produce milk and give birth to more young...

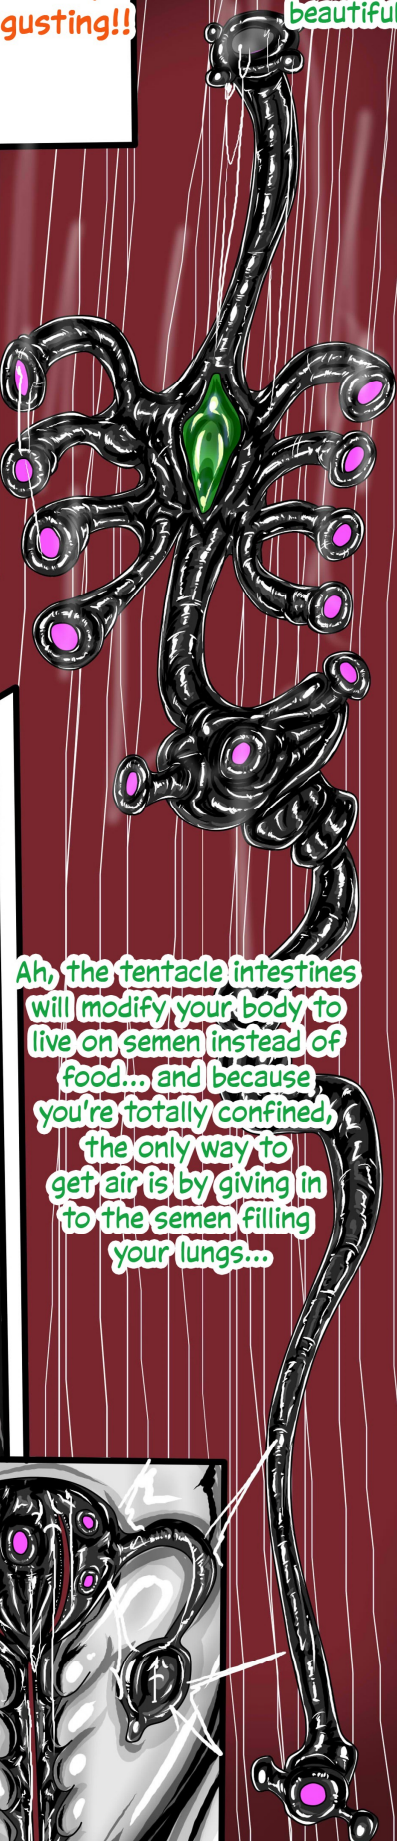

My body's totally sealed!! It's so sticky and disgusting!!

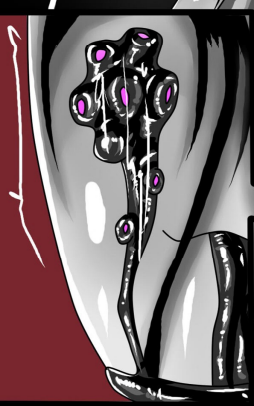

Lady of the church, let me introduce something that will make you more beautiful...

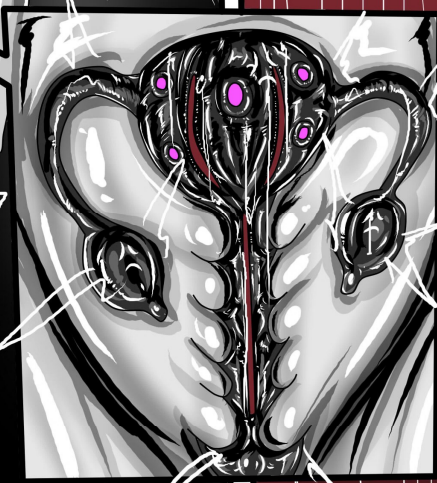

And the most wonderful thing about them is that they maintain your fertility and sexual capability until the very moment you die. You'll be a seedbed for life....

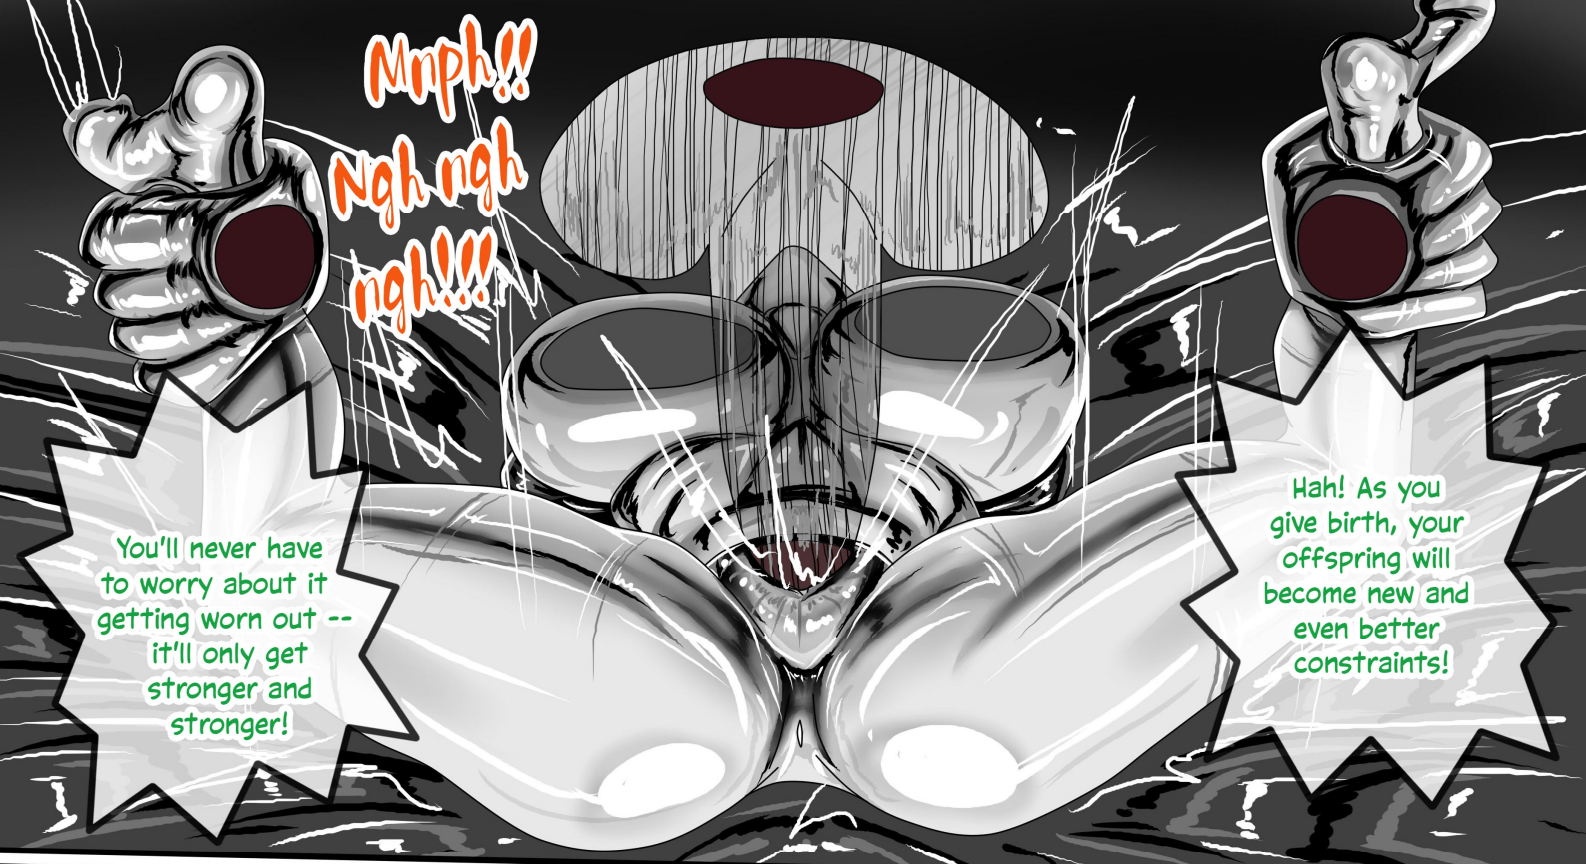

Ah, the tentacle intestines will modify your body to live on semen instead of food... and because you're totally confined, the only way to get air is by giving in to the semen-filling your lungs...

I feel like I need to pee, but the tentacles are stuffed into my urethra... I'm completely pugged....!!

Mmph!!
Ngh ngh
ngh!!!

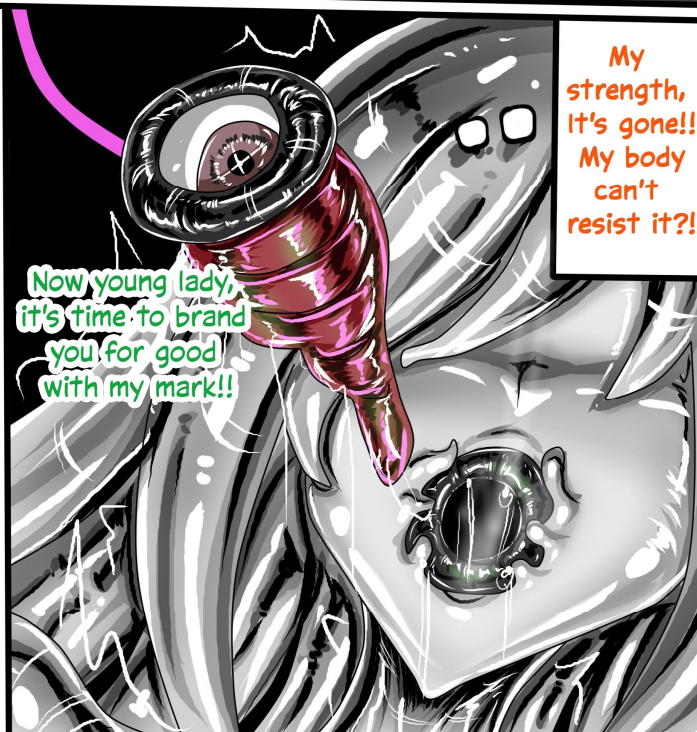

You'll never have
to worry about it
getting worn out --
it'll only get
stronger and
stronger!

Hah! As you
give birth, your
offspring will
become new and
even better
constraints!

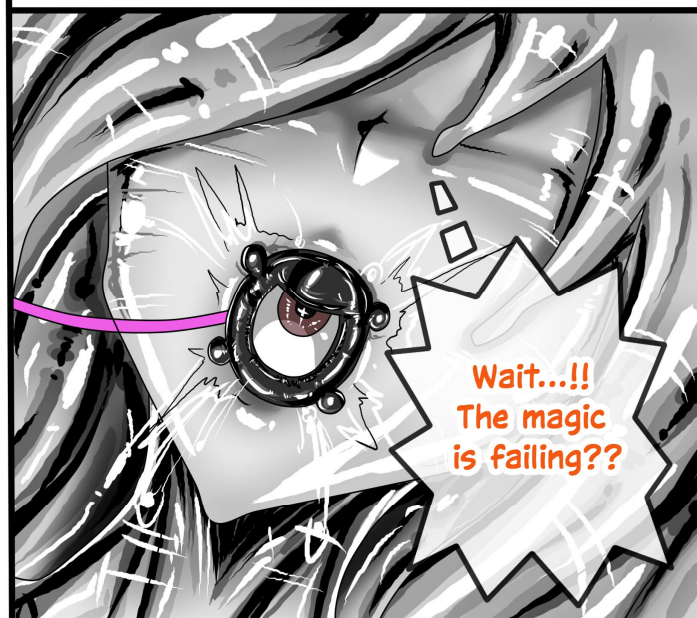

I need to get to
the bottom of this--
The library should
have the key.
So bizarre...!

Eh? How strange...
the mark is not taking effect.
Is there some magic
conflicting with it...??

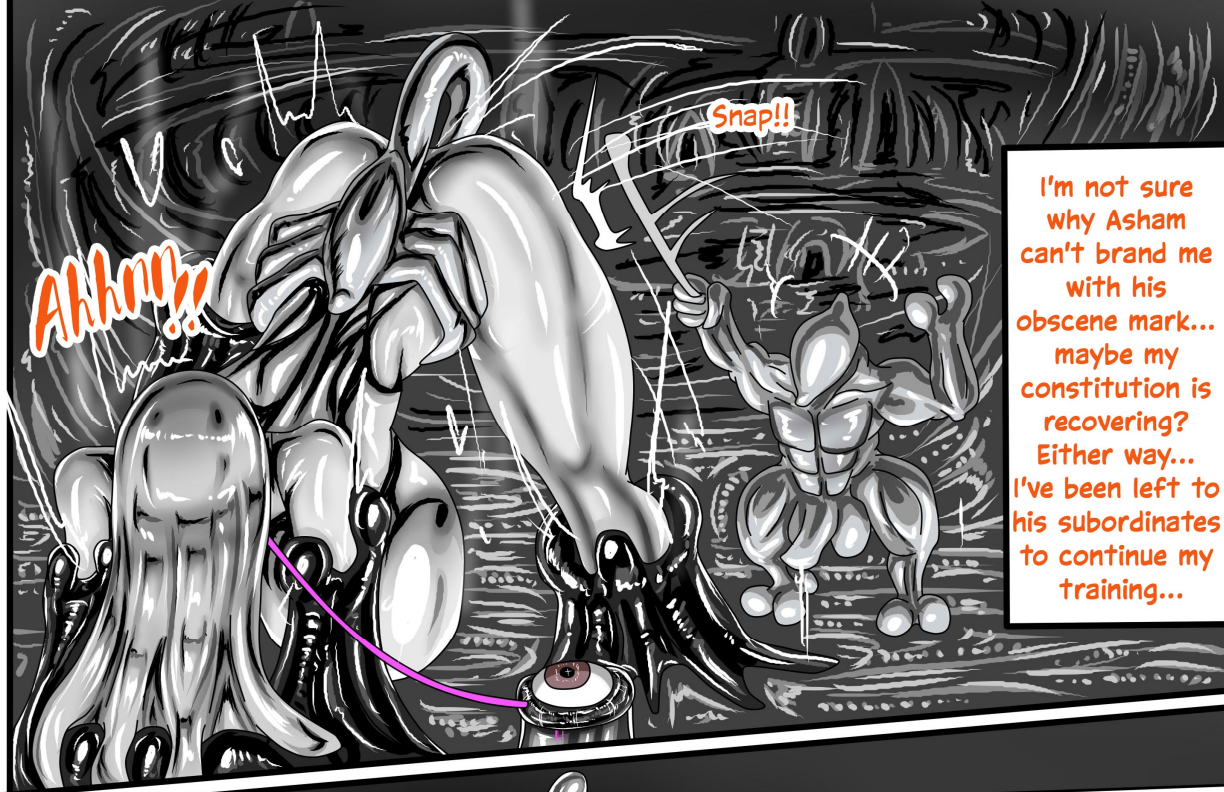

Now young lady,
it's time to brand
you for good
with my mark!!

My
strength,
it's gone!!
My body
can't
resist it?!

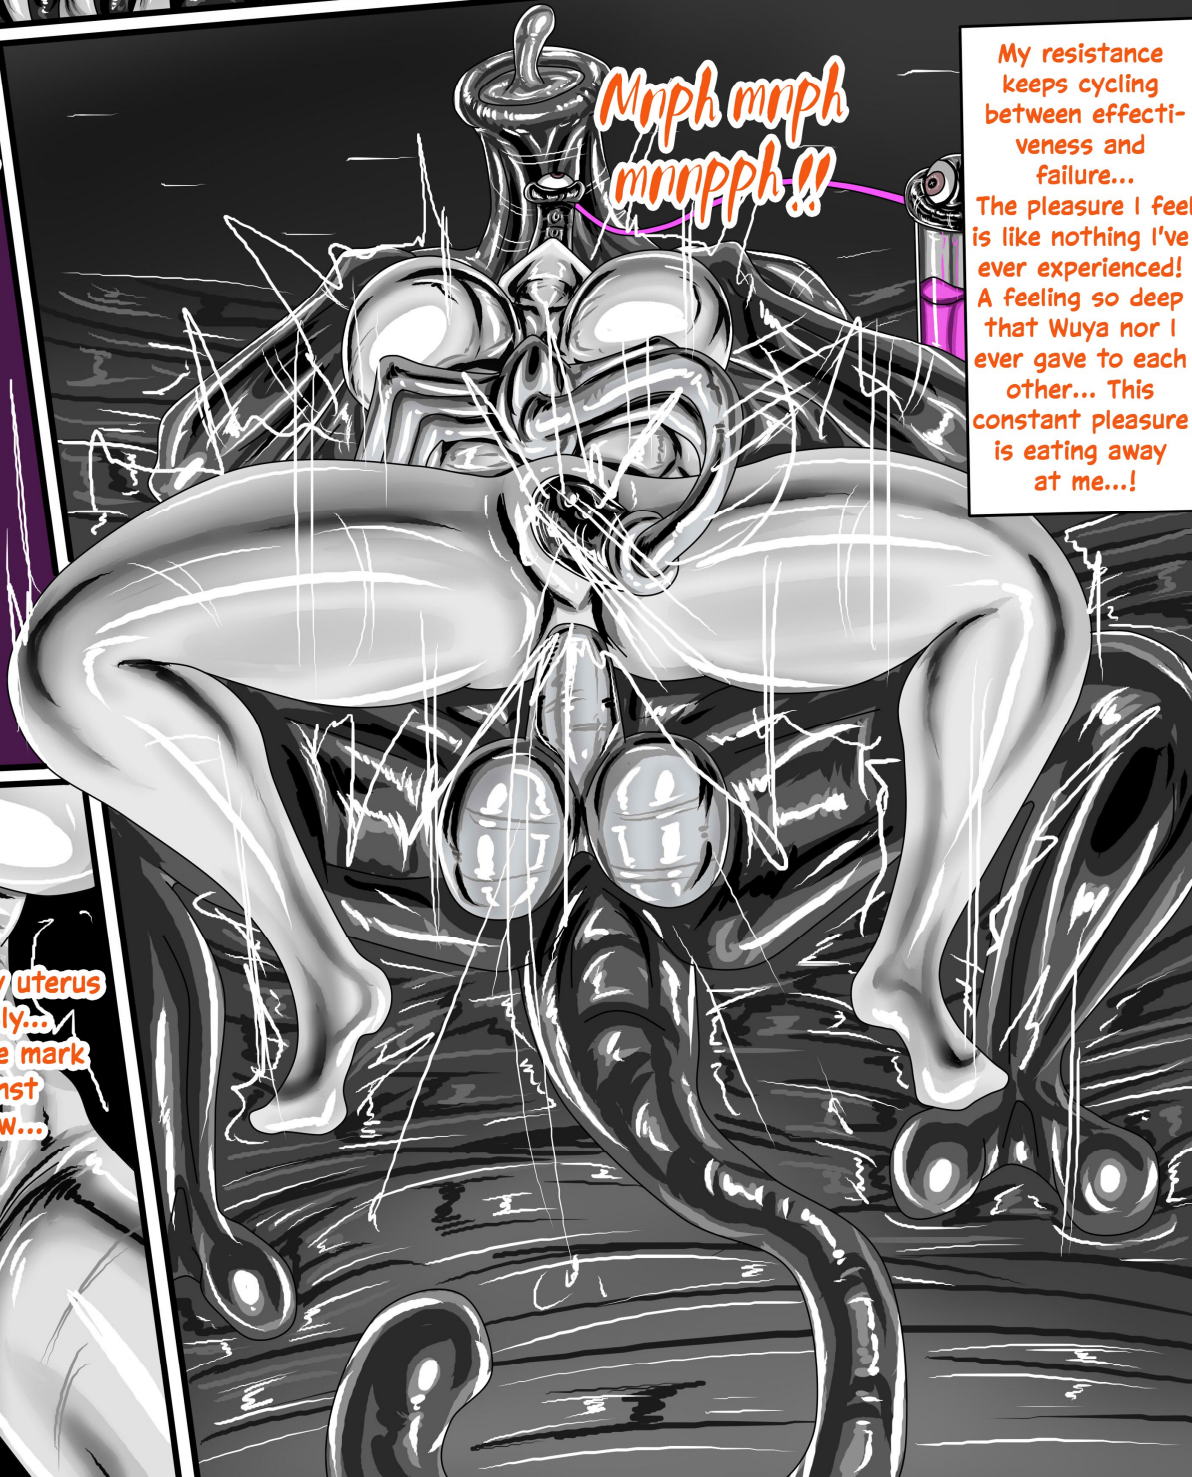

Wait...!!
The magic
is failing??

During all of this,
I continued to birth
these strange tentacles...

I'm not sure
why Asham
can't brand me
with his
obscene mark...
maybe my
constitution is
recovering?
Either way...
I've been left to
his subordinates
to continue my
training...

I soon learned the things
I birthed were improved
pieces for my tentacle suit...

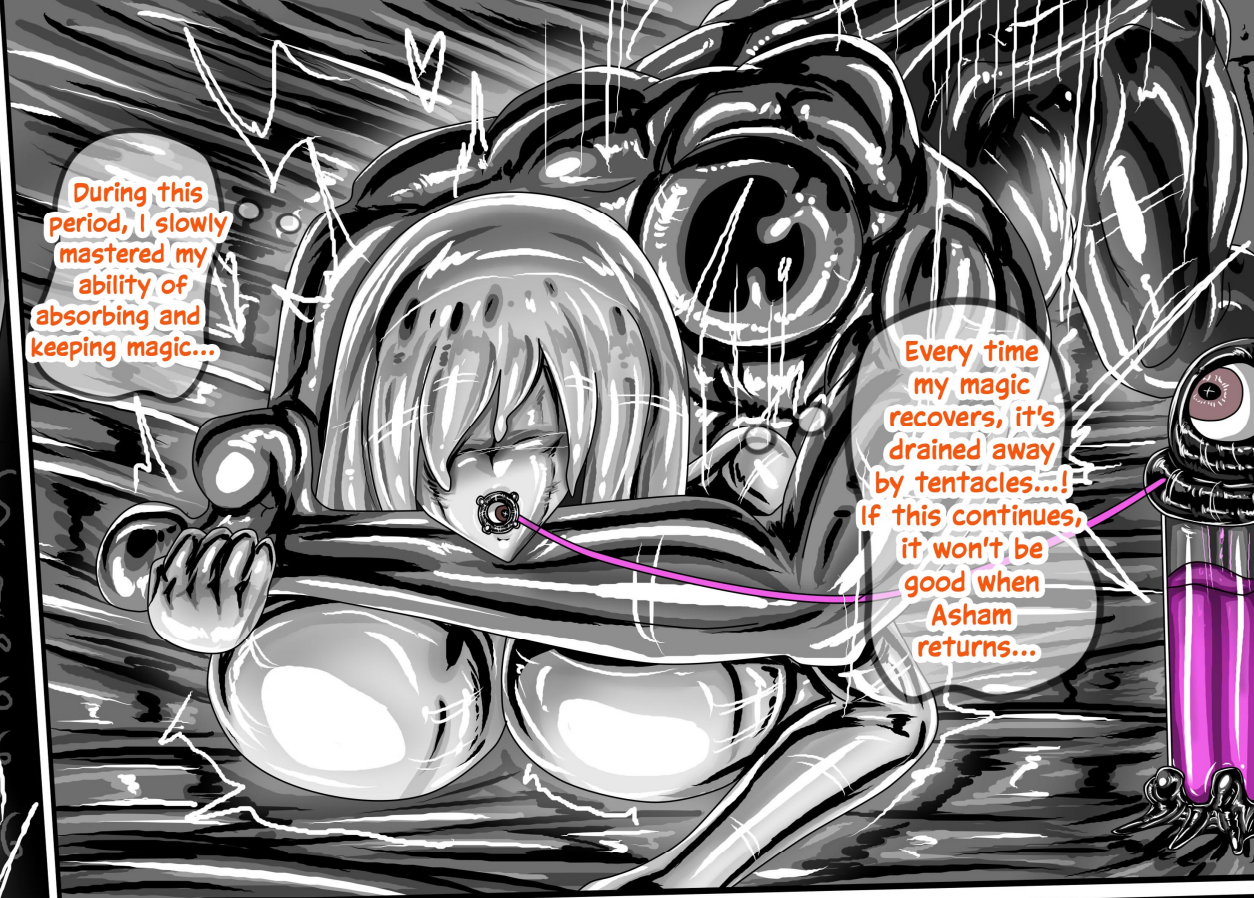

My resistance
keeps cycling
between effective-
ness and
failure...
The pleasure I feel
is like nothing I've
ever experienced!
A feeling so deep
that Wuya nor I
ever gave to each
other... This
constant pleasure
is eating away
at me...!

The pleasure within my uterus
just grows endlessly...
whatever the obscene mark
was fighting against
has no effect now...

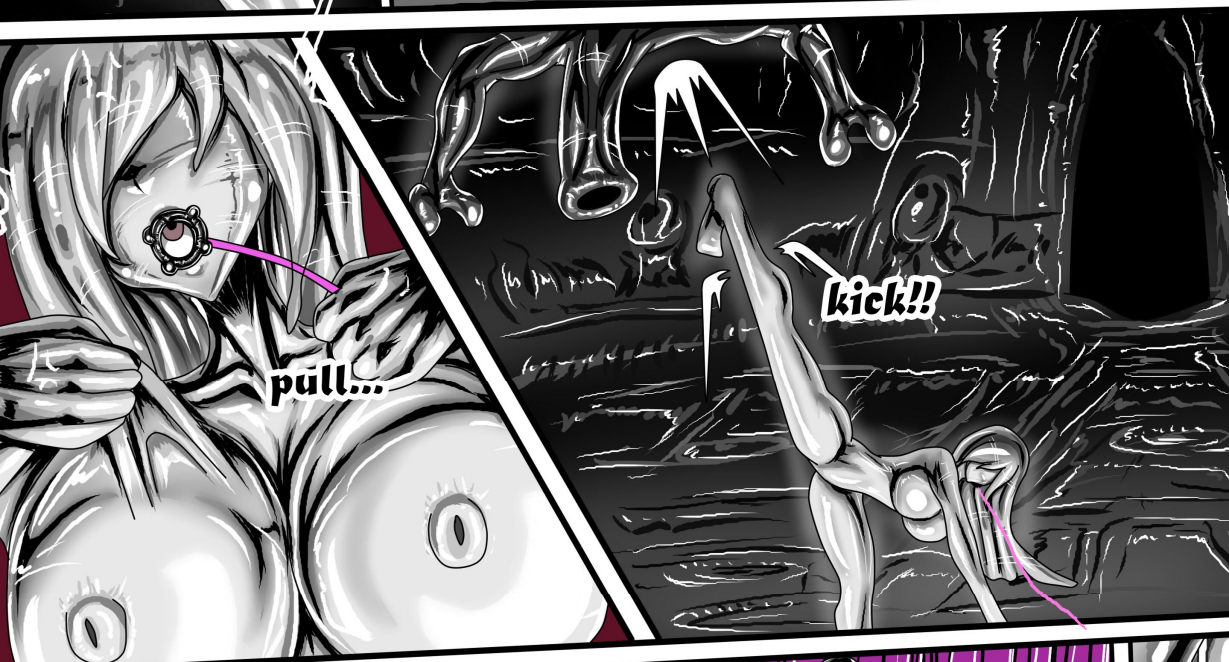

If I seize it carefully and bide my time, there's still a chance to resist...

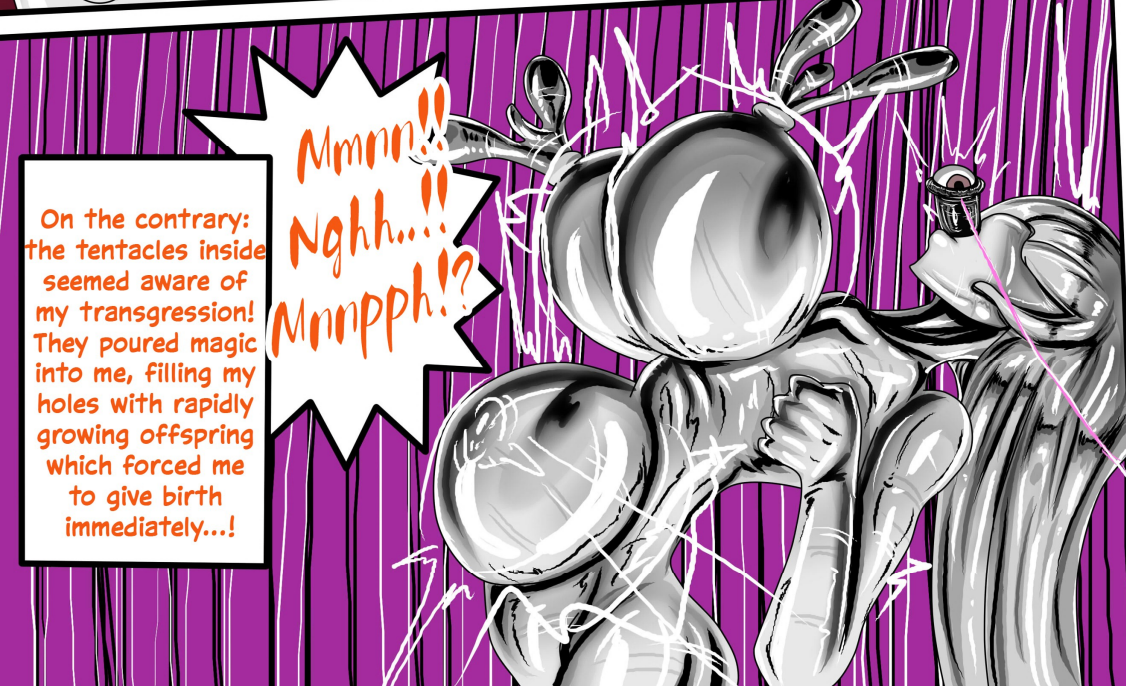

During this period, I slowly mastered my ability of absorbing and keeping magic...

Every time my magic recovers, it's drained away by tentacles...! If this continues, it won't be good when Asham returns...

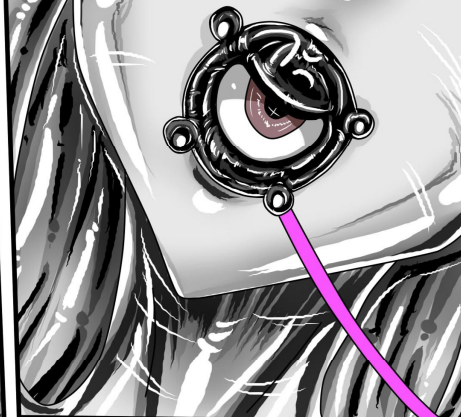

Before the tentacles consume my recovering magic, I need to focus it into my body and pull out these parasites... then get some of this suit off of me - at least off of my face - and make a run for it.

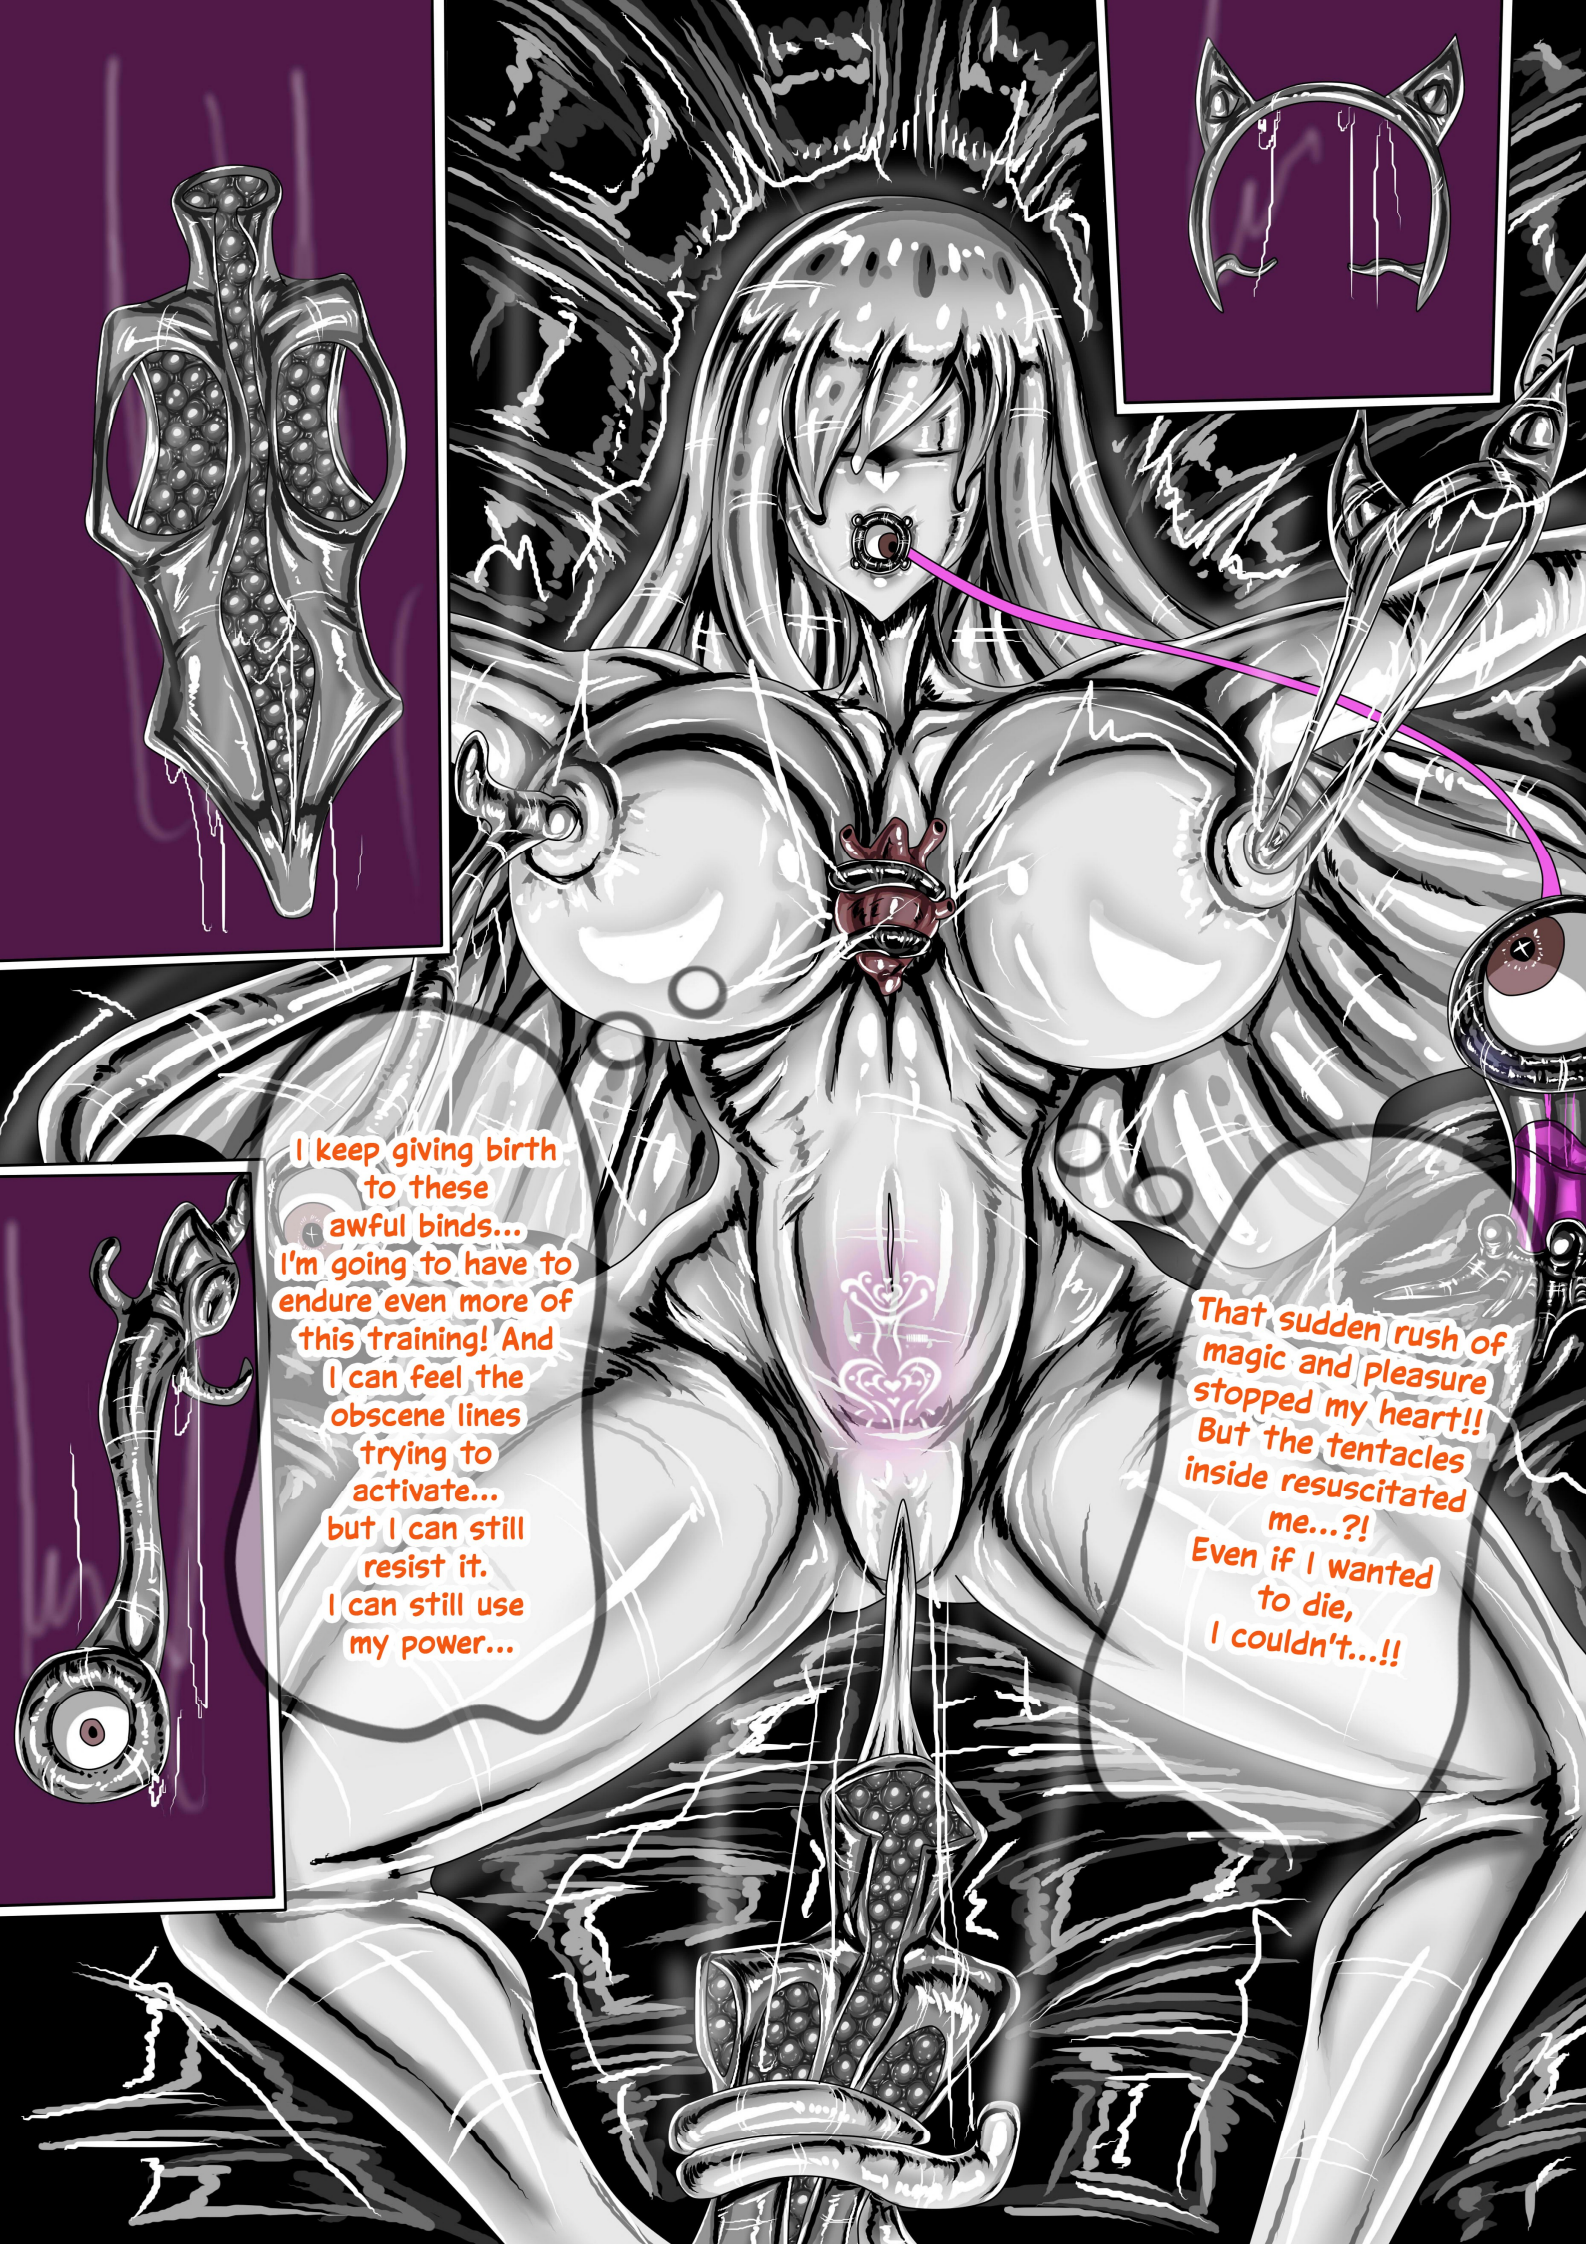

Mmmn!!
Nghh...!!
Mnnpph!?

On the contrary: the tentacles inside seemed aware of my transgression! They poured magic into me, filling my holes with rapidly growing offspring which forced me to give birth immediately...!

Just as I thought, the tentacles siphoning my magic couldn't stop me--!

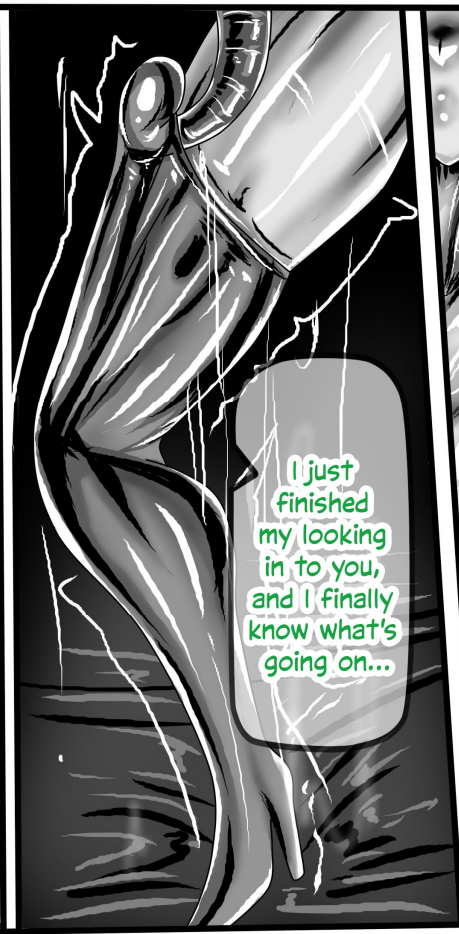

I keep giving birth
to these
awful binds...
I'm going to have to
endure even more of
this training! And
I can feel the
obscene lines
trying to
activate...
but I can still
resist it.
I can still use
my power...

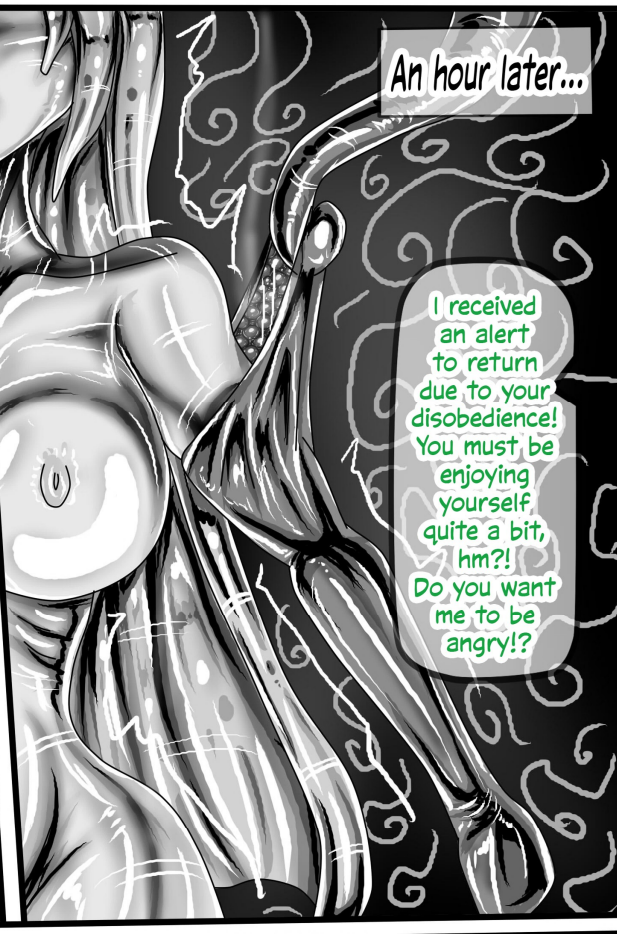

That sudden rush of
magic and pleasure
stopped my heart!!
But the tentacles
inside resuscitated
me...?!
Even if I wanted
to die,
I couldn't...!!

Stop!!
Don't
put it
on me
...!!

I just
finished
my looking
in to you,
and I finally
know what's
going on...

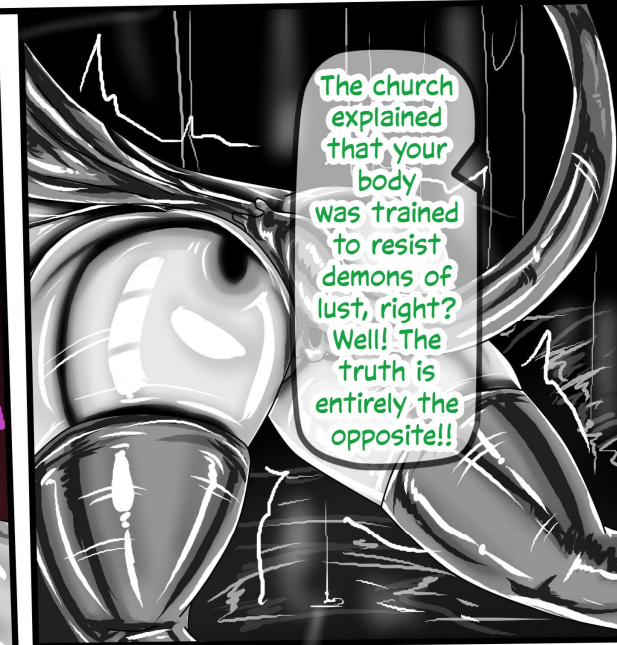

An hour later...

I received
an alert
to return
due to your
disobedience!
You must be
enjoying
yourself
quite a bit,
hm?!
Do you want
me to be
angry!?

It's getting
into my
head?!!

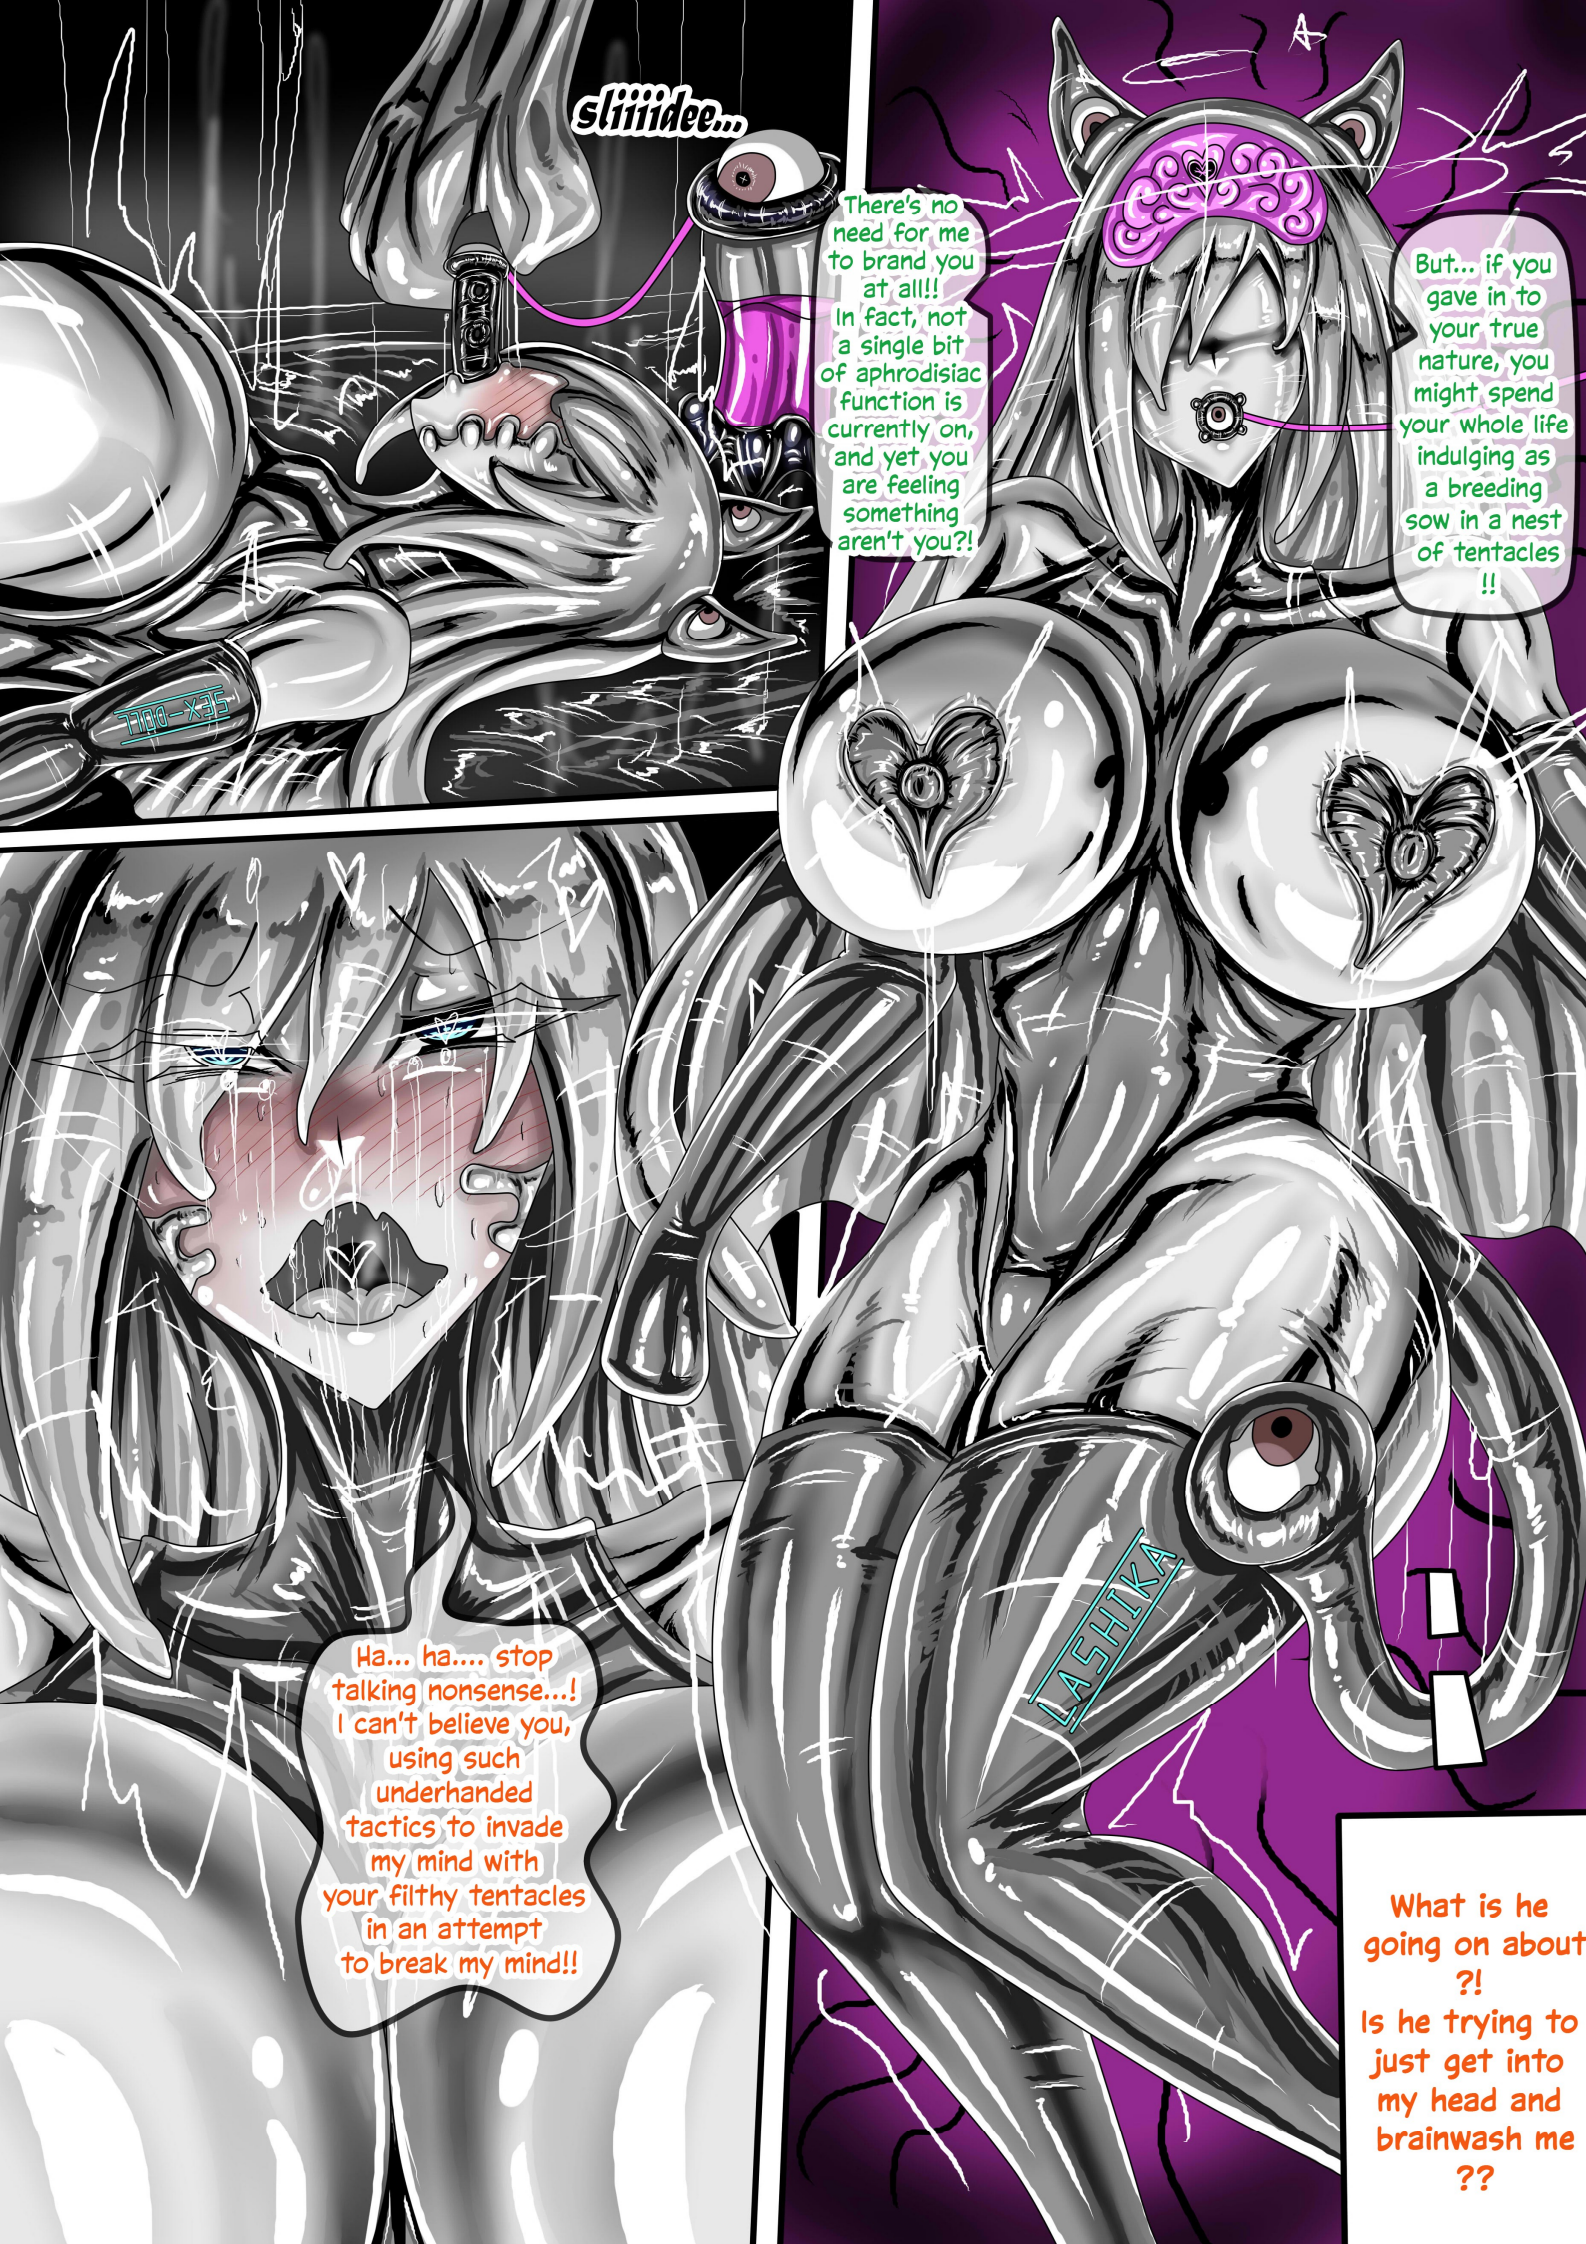

Due to your
status as the
daughter of a
high-ranking church
Patriarch, and your
overflowing magical
aptitude, the
church wished
for you to give
birth to as many
human children as
possible to produce
strong soldiers!!

The church
explained
that your
body
was trained
to resist
demons of
lust, right?
Well! The
truth is
entirely the
opposite!!

Looking at the records kept on you, I discovered
that your body is quite unique! You see, you are
the first human woman that is perfectly suited to
mate with tentacles!! On top of that, you
produce endless amounts of magical energy!!
This is why you are able to withstand everything...

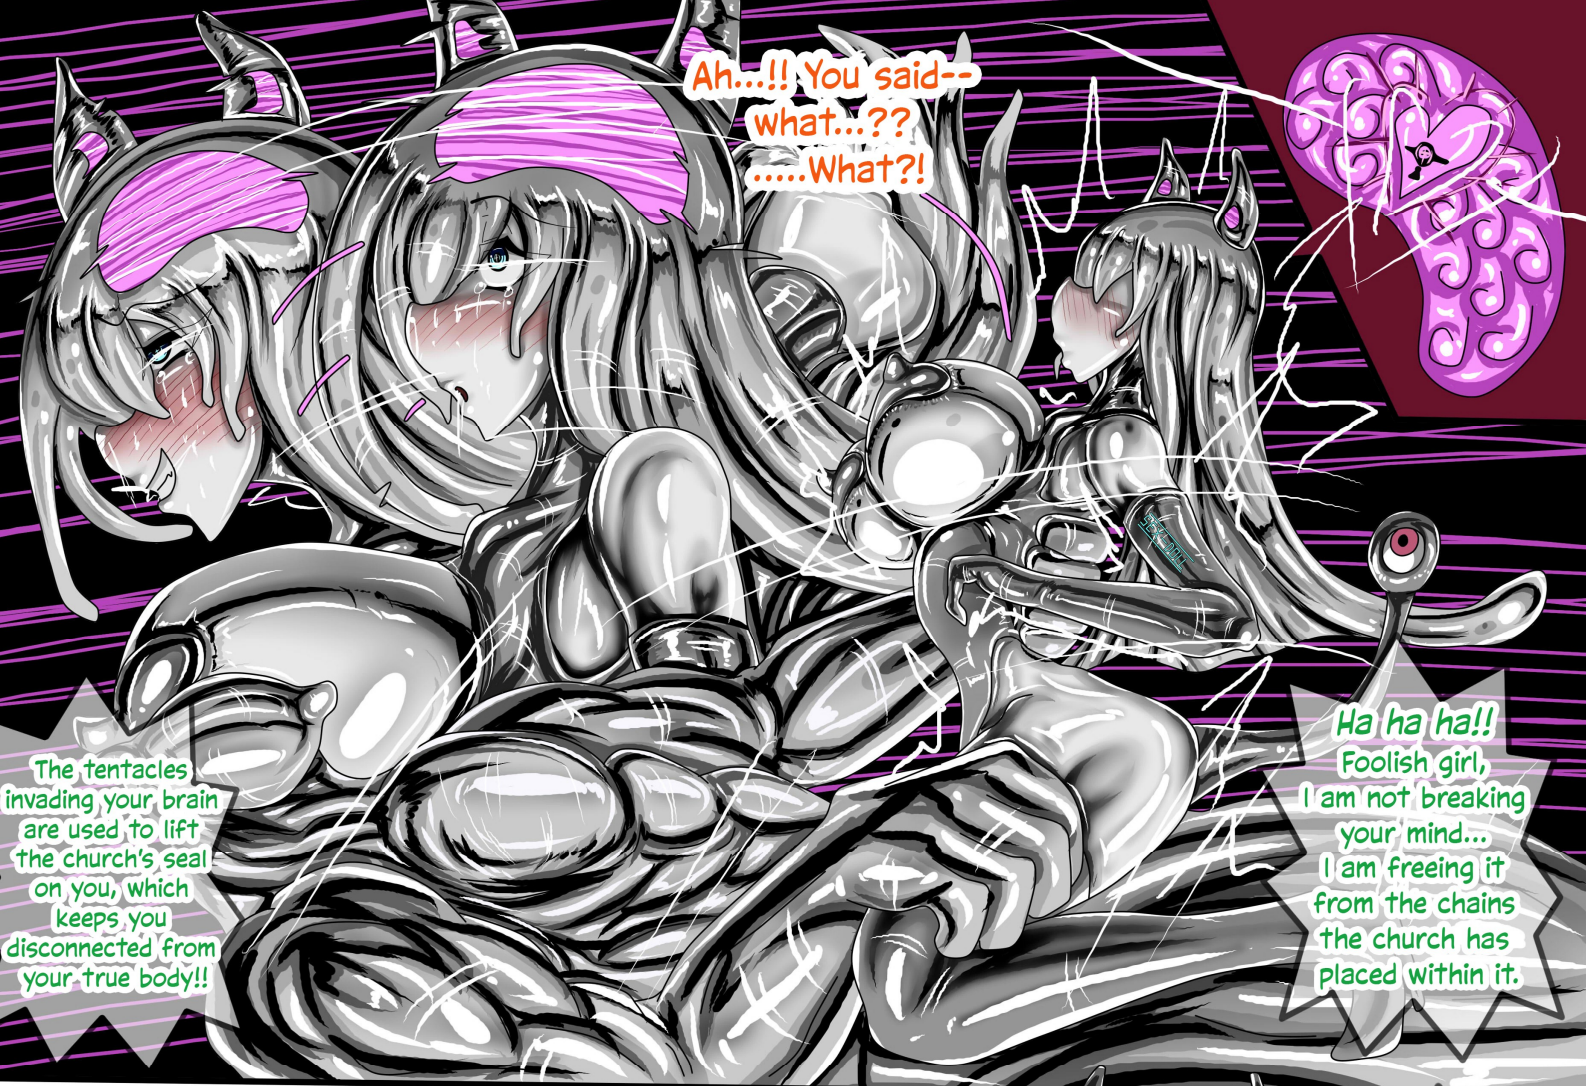

sliiiiidee...

There's no need for me to brand you at all!! In fact, not a single bit of aphrodisiac function is currently on, and yet you are feeling something aren't you?!

But... if you gave in to your true nature, you might spend your whole life indulging as a breeding sow in a nest of tentacles !!

Ha... ha.... stop talking nonsense....! I can't believe you, using such underhanded tactics to invade my mind with your filthy tentacles in an attempt to break my mind!!

What is he going on about ?! Is he trying to just get into my head and brainwash me ??

Ah...!! You said--
what...??
.....What?!

The tentacles
invading your brain
are used to lift
the church's seal
on you, which
keeps you
disconnected from
your true body!!

Ha ha ha!!
Foolish girl,
I am not breaking
your mind...
I am freeing it
from the chains
the church has
placed within it.

Hahaha!!
Because this
is your
true nature,
girl!!

Your sexual
desire, which
couldn't be
sated, made
you believe
you only have
love for women!!
hah!!

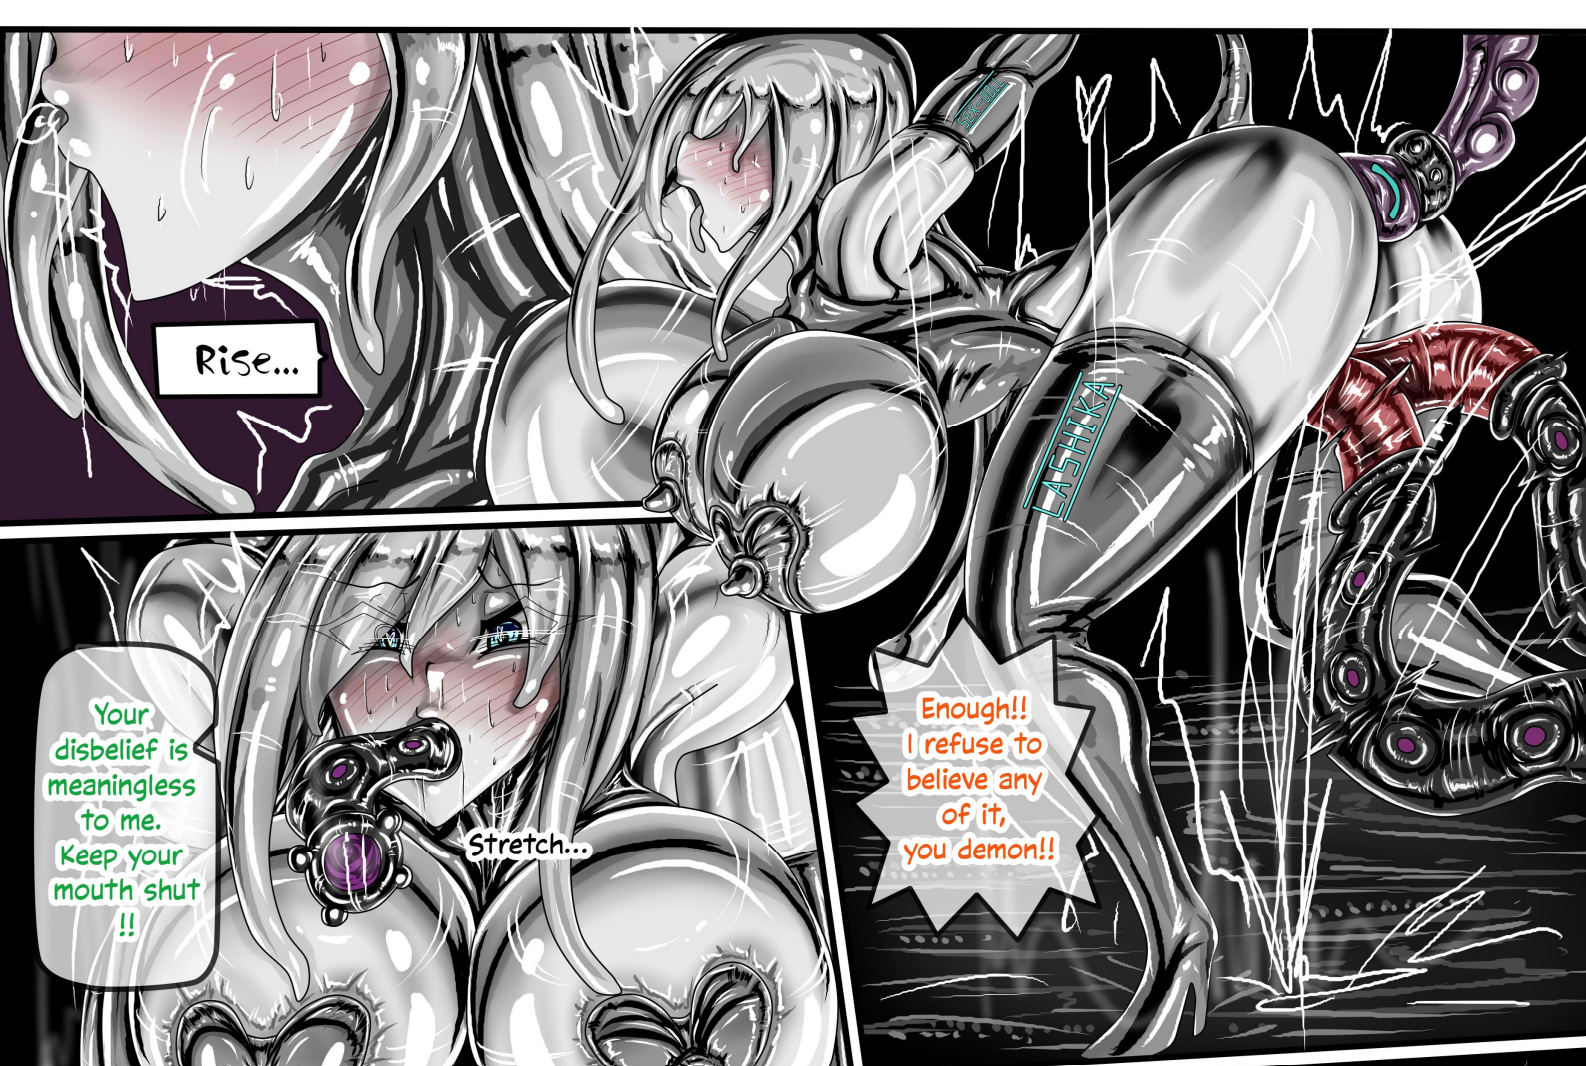

No way
!!!
That's a lie
!!

Ah!!

The suit
stopped....
but... I still
feel this
desire!!
Why?!

You see, due to
those holy seals
in your mind, you
are not
only resistant
to the pleasure of
the tentacles...
they even make
you hate men to
keep you pure.

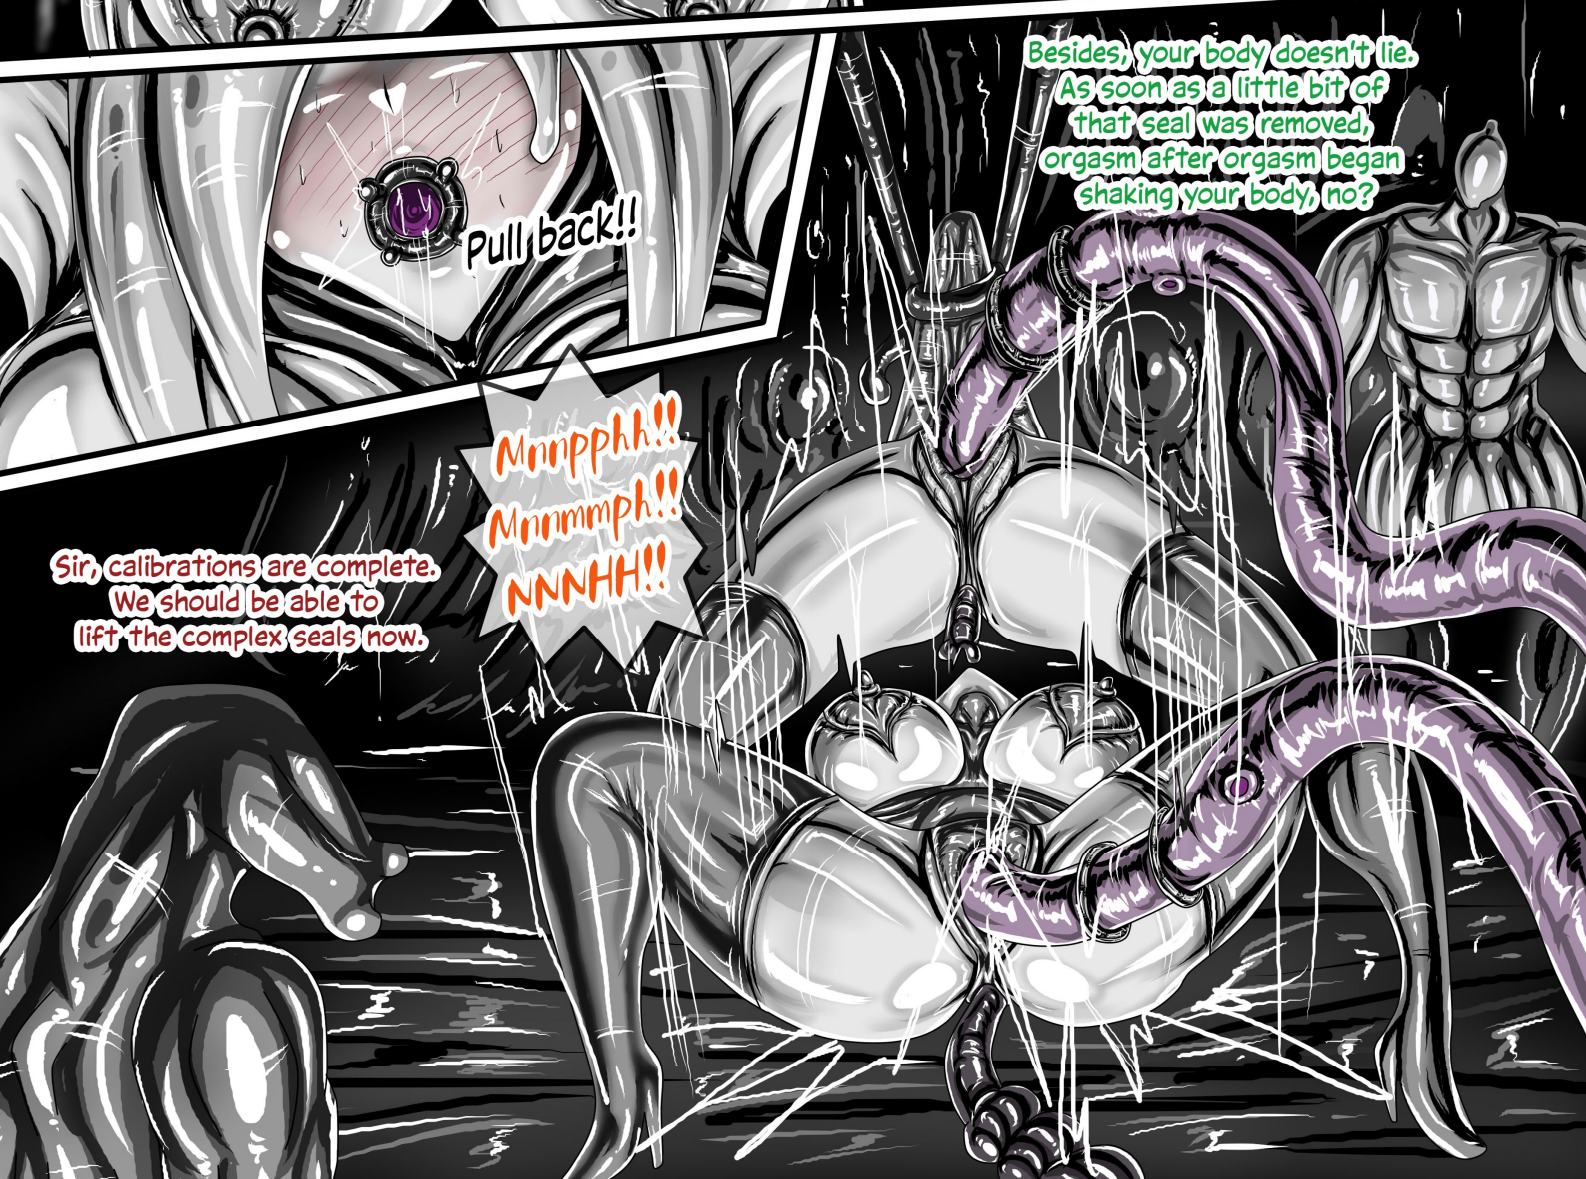

Rise...

Your disbelief is meaningless to me. Keep your mouth shut !!

Stretch...

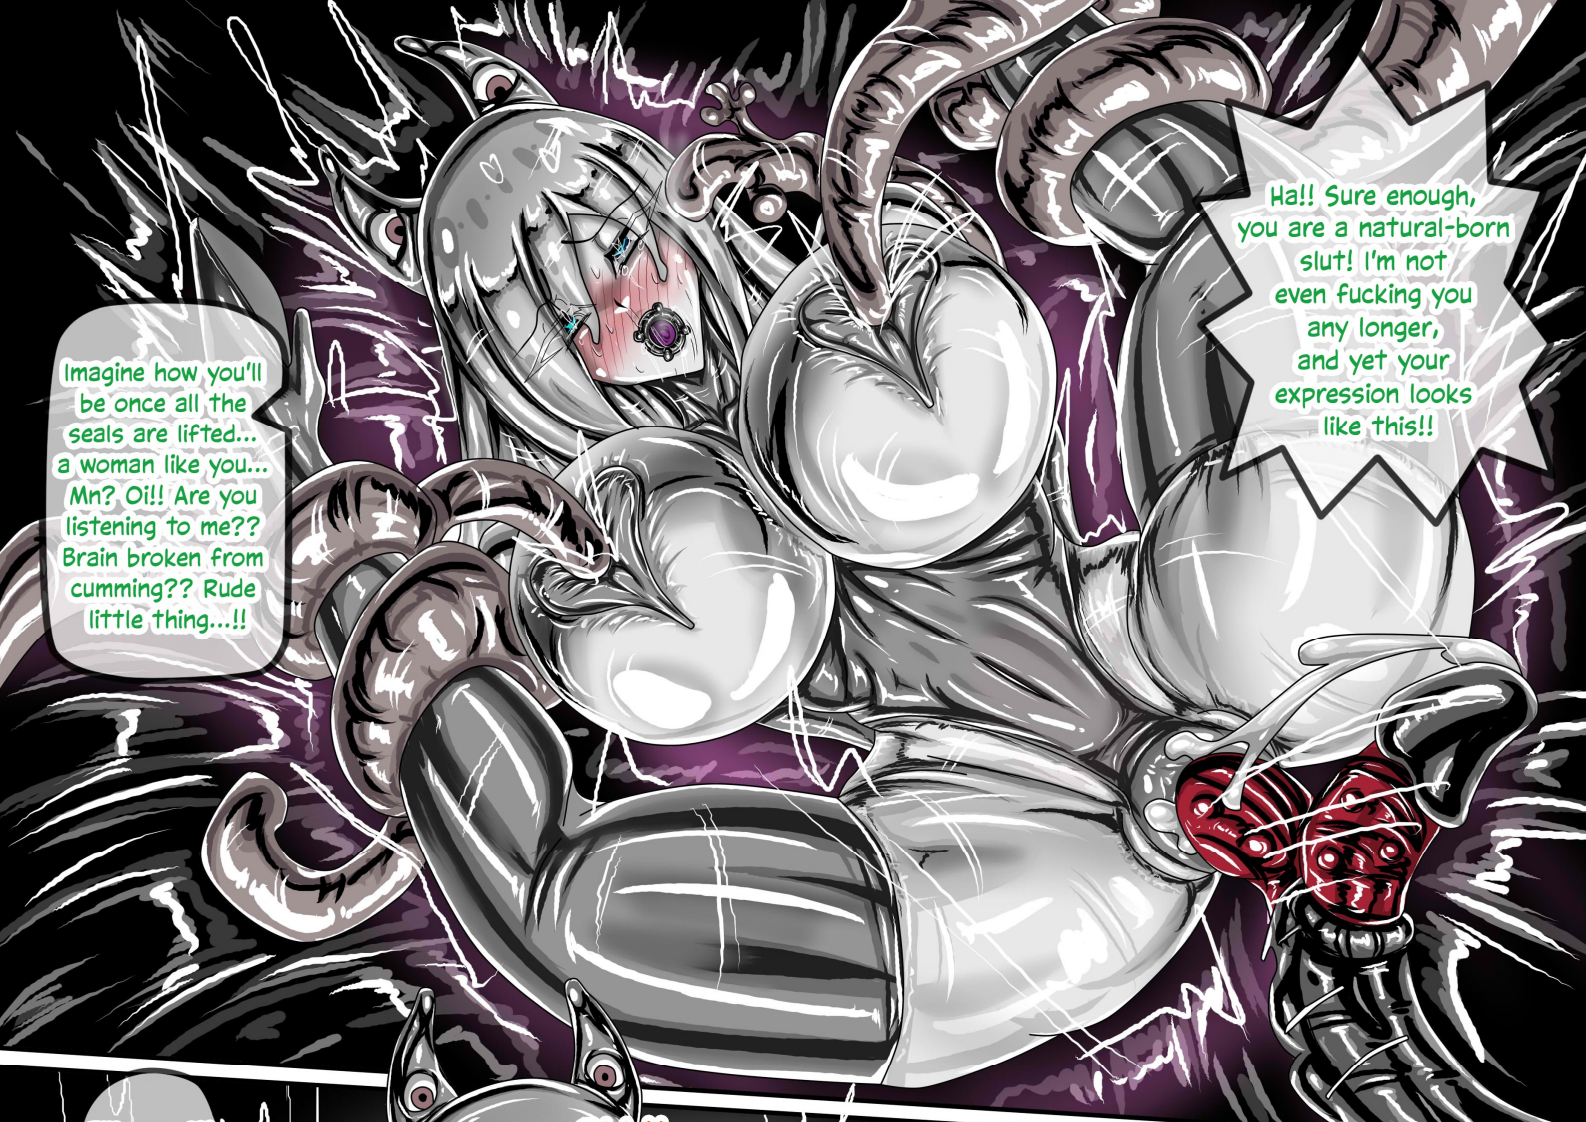

Enough!! I refuse to believe any of it, you demon!!

Besides, your body doesn't lie. As soon as a little bit of that seal was removed, orgasm after orgasm began shaking your body, no?

Mnnpphh!!
Mnnmmph!!
NNNHH!!

Sir, calibrations are complete. We should be able to lift the complex seals now.

Imagine how you'll
be once all the
seals are lifted...
a woman like you...
Mn? Oi!! Are you
listening to me??
Brain broken from
cumming?? Rude
little thing...!!

Ha!! Sure enough,
you are a natural-born
slut! I'm not
even fucking you
any longer,
and yet your
expression looks
like this!!

Fill me with
your cock!!
Stick it in!!
Fill me,
fill me,
fill me!!!

Ohh!!
Oh, oh oh!!!

Hmmm~
Awake
finally?

slap!

Wake
up!!

Precious,
pious Lady
of faith...
I think I'll
show you
some personal
hospitality,
next...

Wait a
moment,
what is
this?!
Where is
my mind
going?!

Haaa..

haaa...

...and this is the spell forcing you to become a loyal dog to those holy men.

Feel yourself cumming right away?? A spell to suppress your sexual desire was here...

Nnnhhh
Oohhhh!!

Take your seat, won't you?
Now look -
This is where they stored the your will to withhold confidential information.
Now? It is broken.

Hah! Indeed, this is the wretched church I am familiar with!! I will tear it out of you and destroy it all!!!!

Nmph
nnmph
nnmpph!!

Raise up high...

Do you feel the sacred aura of these techniques hidden deep inside you? Do they have the same feeling as blessings from your precious church?! Ahahaha!!

These are the parasitic tentacles of the church constraining you inside... I've melted them so that you may expel the poison that they are.

nnnnn
pph!!

Impossible...!
The church would never
treat us this way, never....

But... more than
20 binding spells were
hidden within my body...

Never!! They wouldn't
treat me as a breeding tool!!
They always knew I liked women!!

What about all those times my family
arranged dates for me...
including handsome men in the line-up?
... Were they planning something...?

But my physique is resistant
to tentacles and...
all of this...! Right...?!

Ever since Asham broke these seals,
my body has felt as light as a feather!!
It was as if some binds were broken,
and pleasure has been pouring into my endlessly!!

Asham is lying!!
He must be!!

What is my current state
right now?
Deplorable, right??
I must be suffering!!

But the spell on my mind
has obviously been lifted.
On top of that... the stuff
extracted from my body
was filled of the church's aura.
It's exactly as Asham explained,
and it wasn't as if I was
implanted with anything by
my captors at any point...

The tentacle suit is
no longer moving...
and my magical power
is flooding back into me suddenly.
Could it be that my
own magic was maintaining
the seals and spells?

MMNNPHH!!

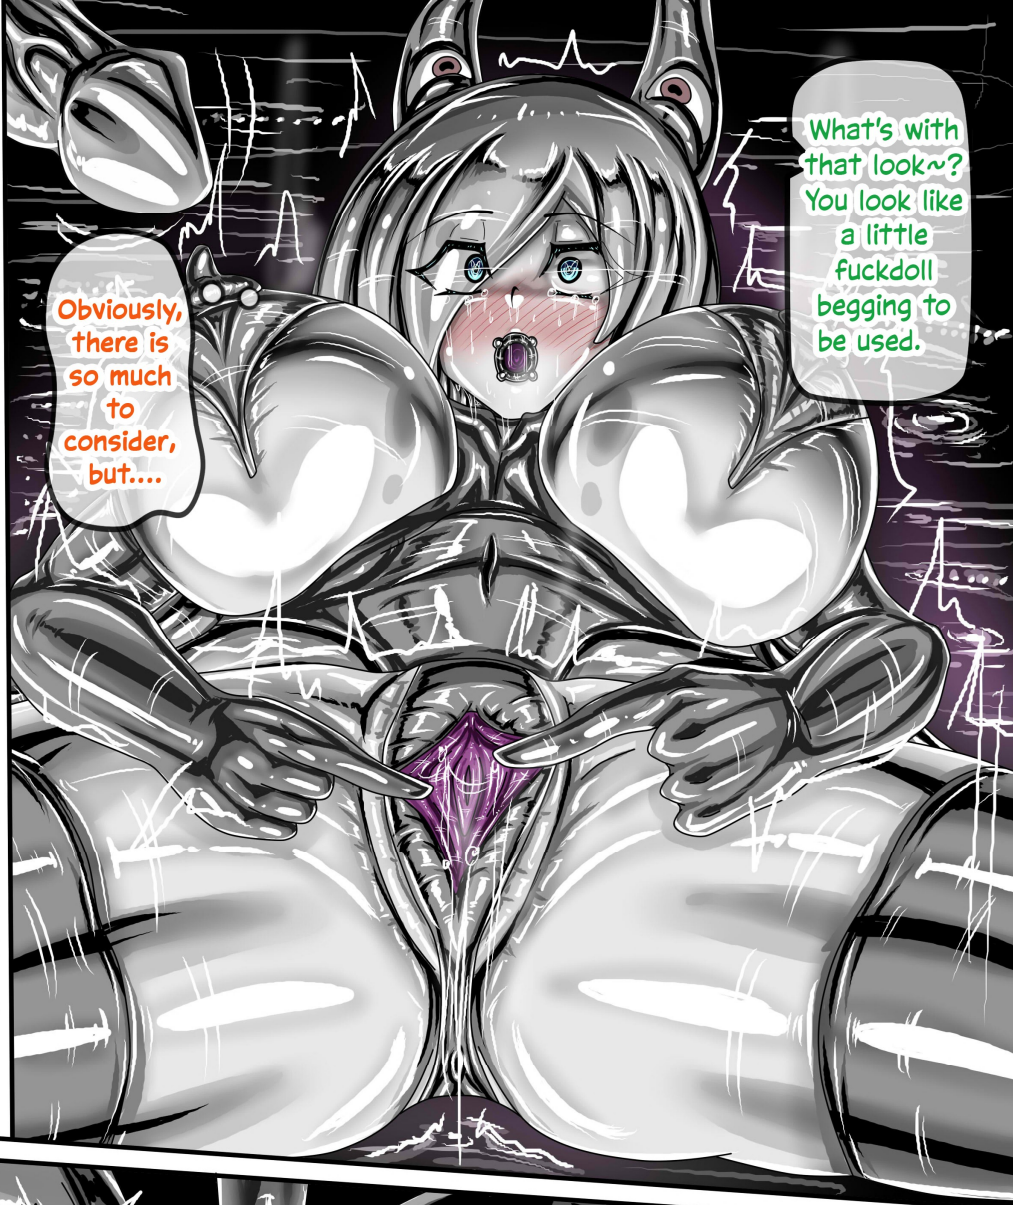

AHHHH!!

Ah ah AH!!!
I feel so happy!!
But why?!
Is this the pleasure
you can get
from indulging
in sex?!

Your hips are
swinging!!
Hahaha!!
This is rather
uncouth for
a lady of
the church,
my dear!!!

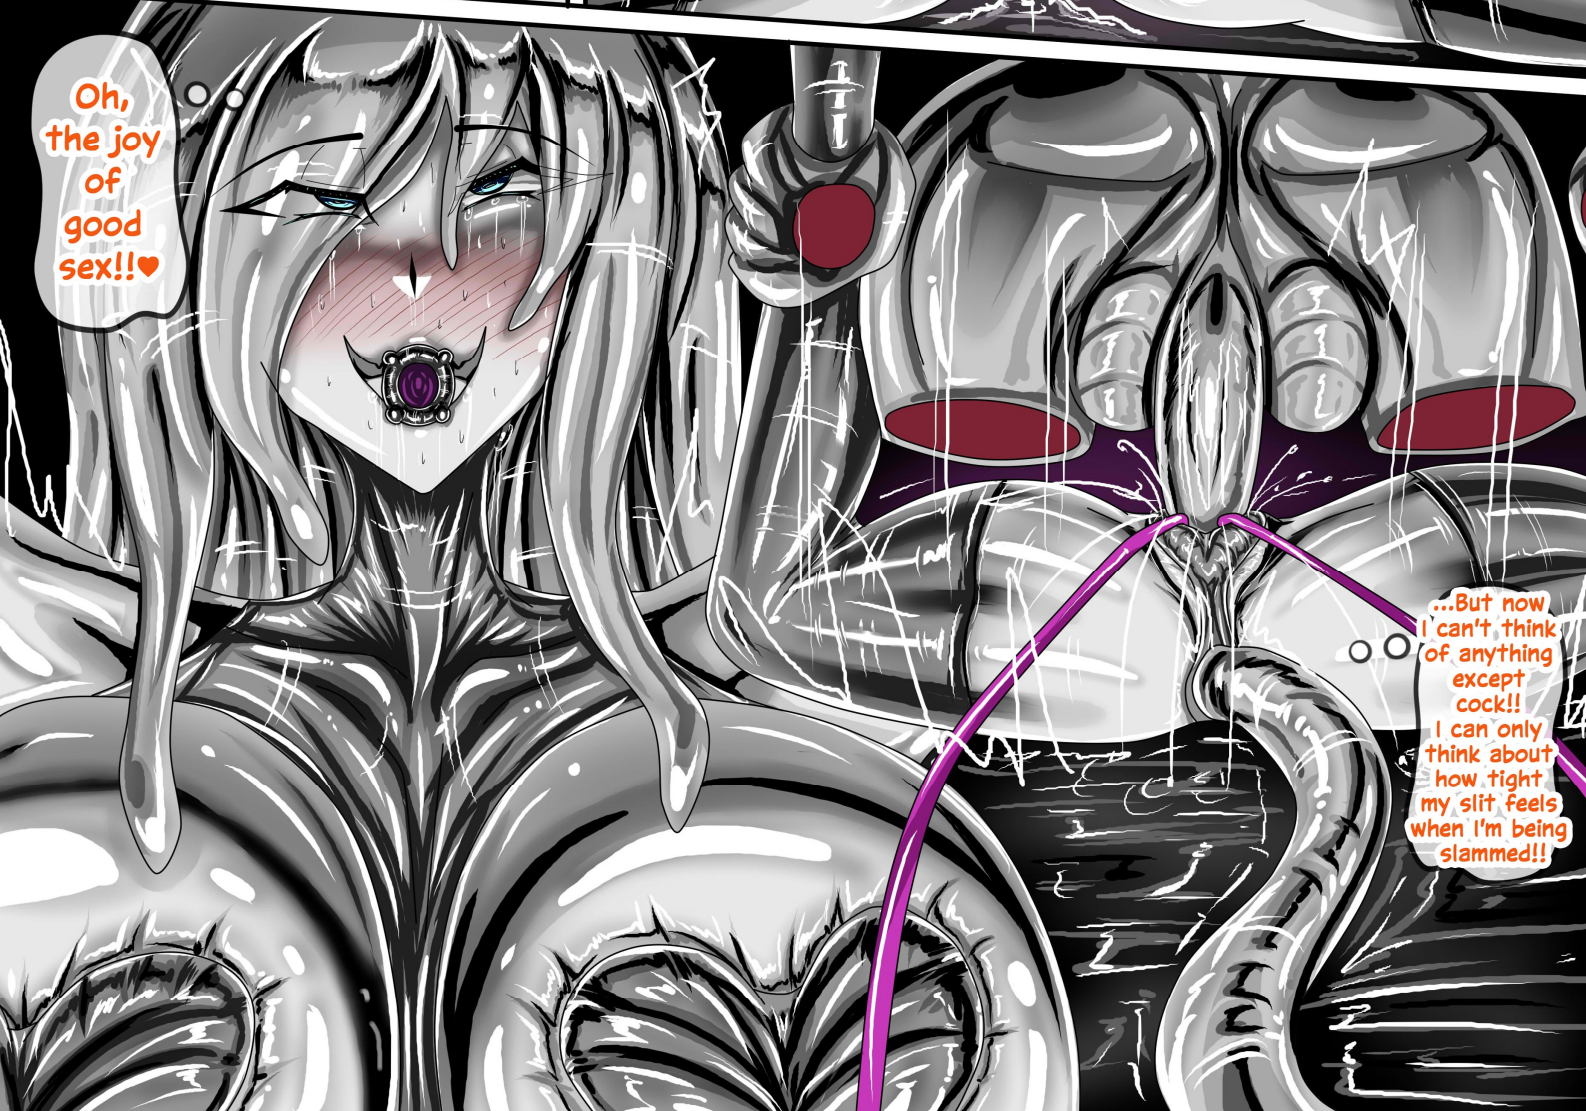

Ergh!!
Without
a doubt,
you were
born to be
a cocksleeve,
girl!!

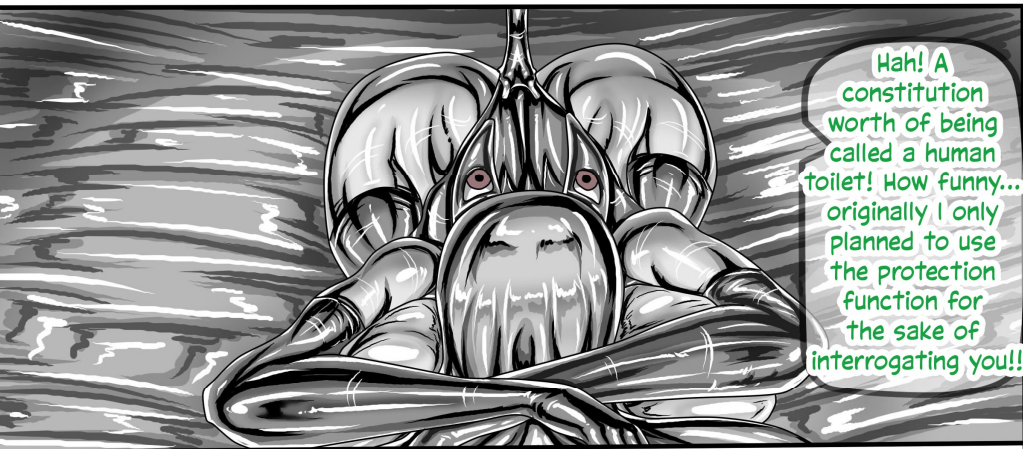

Obviously,
there is
so much
to
consider,
but....

What's with
that look~?
You look like
a little
fuckdoll
begging to
be used.

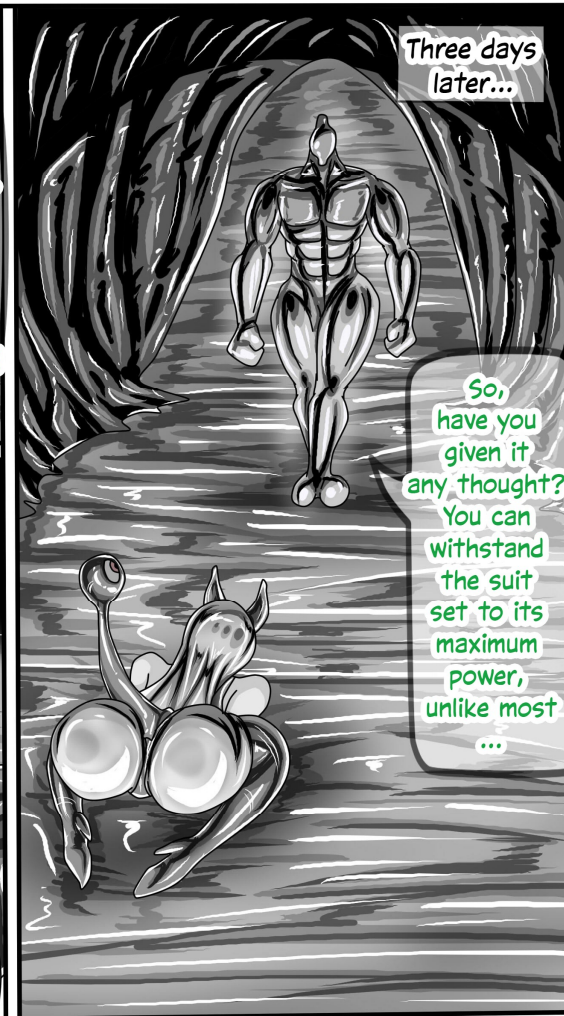

Oh,
the joy
of
good
sex!!♥

...But now
I can't think
of anything
except
cock!!
I can only
think about
how tight
my slit feels
when I'm being
slammed!!

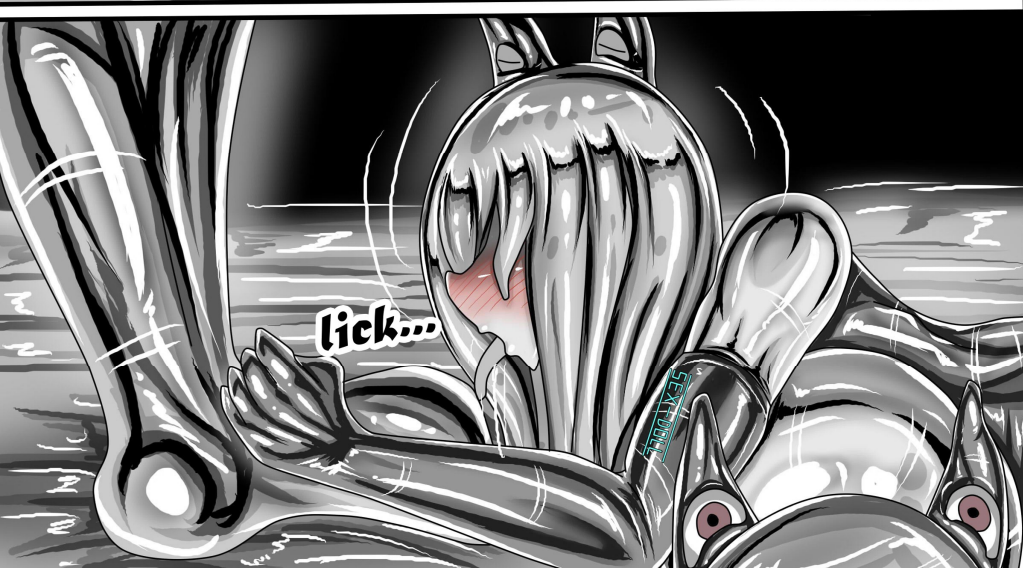

Hah! A constitution worth of being called a human toilet! How funny... originally I only planned to use the protection function for the sake of interrogating you!!

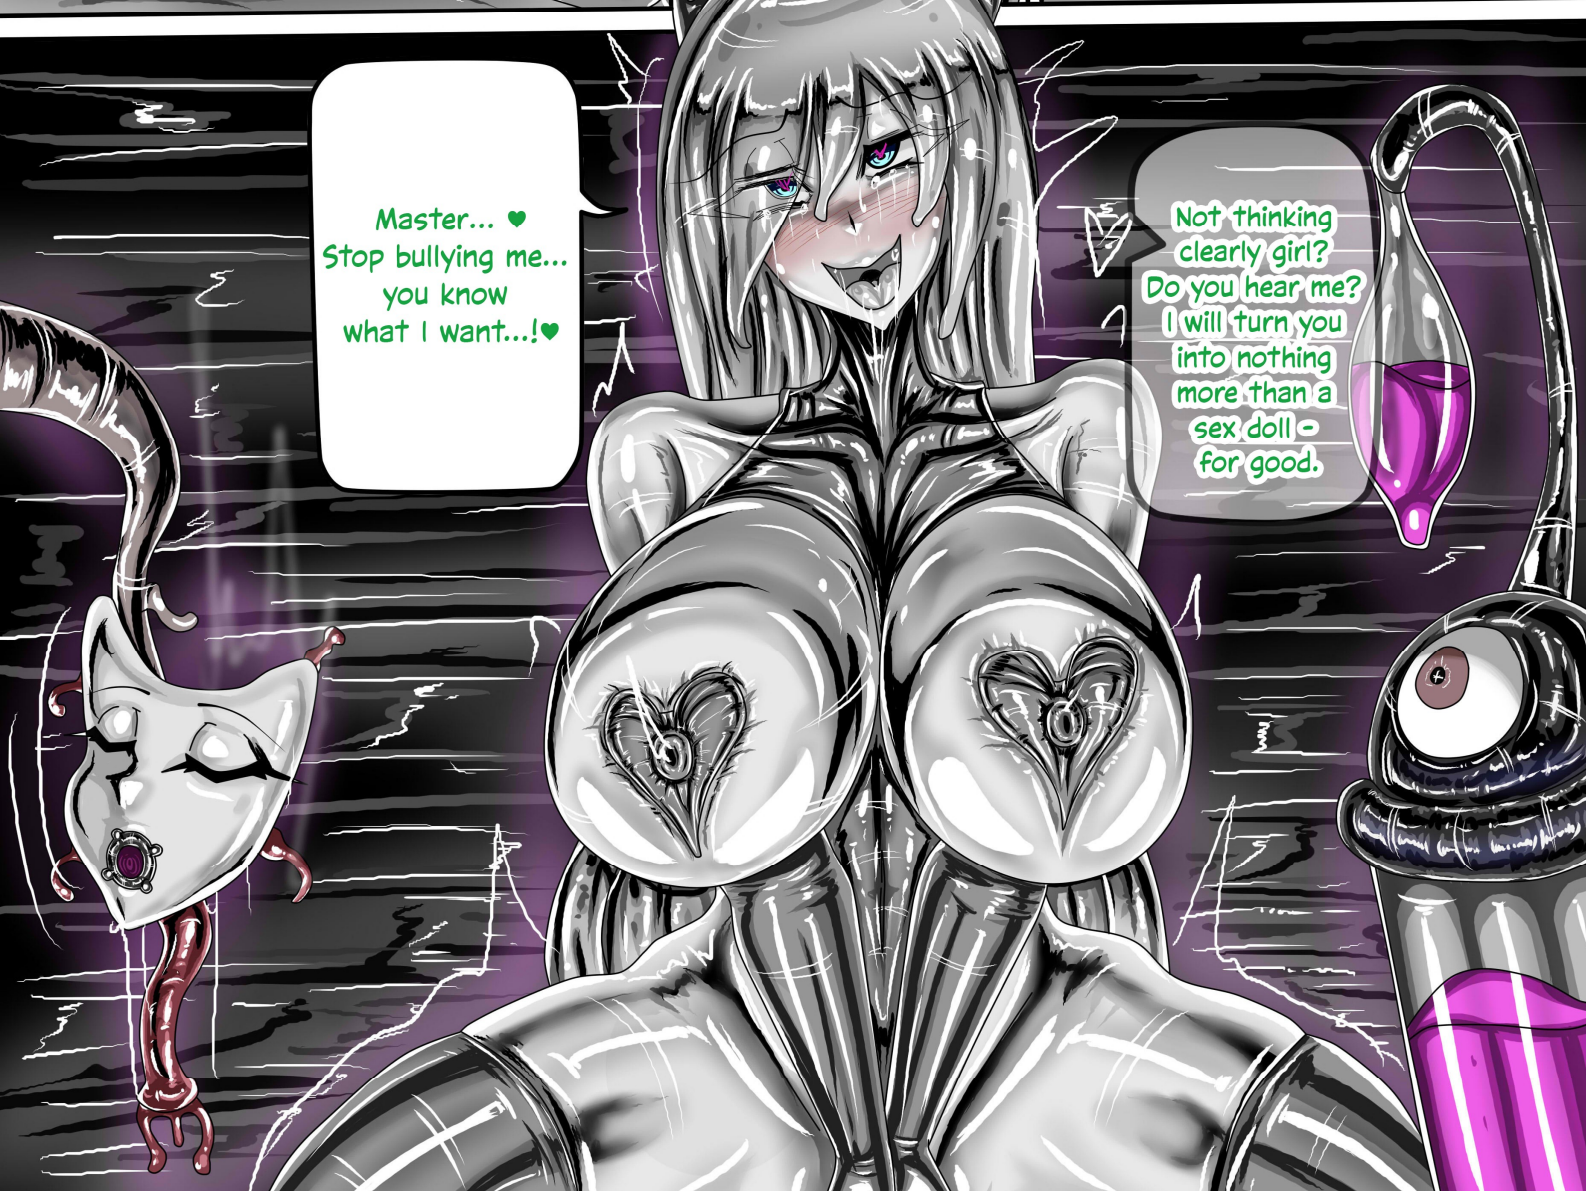

Three days later...

So, have you given it any thought? You can withstand the suit set to its maximum power, unlike most ...

Lick...

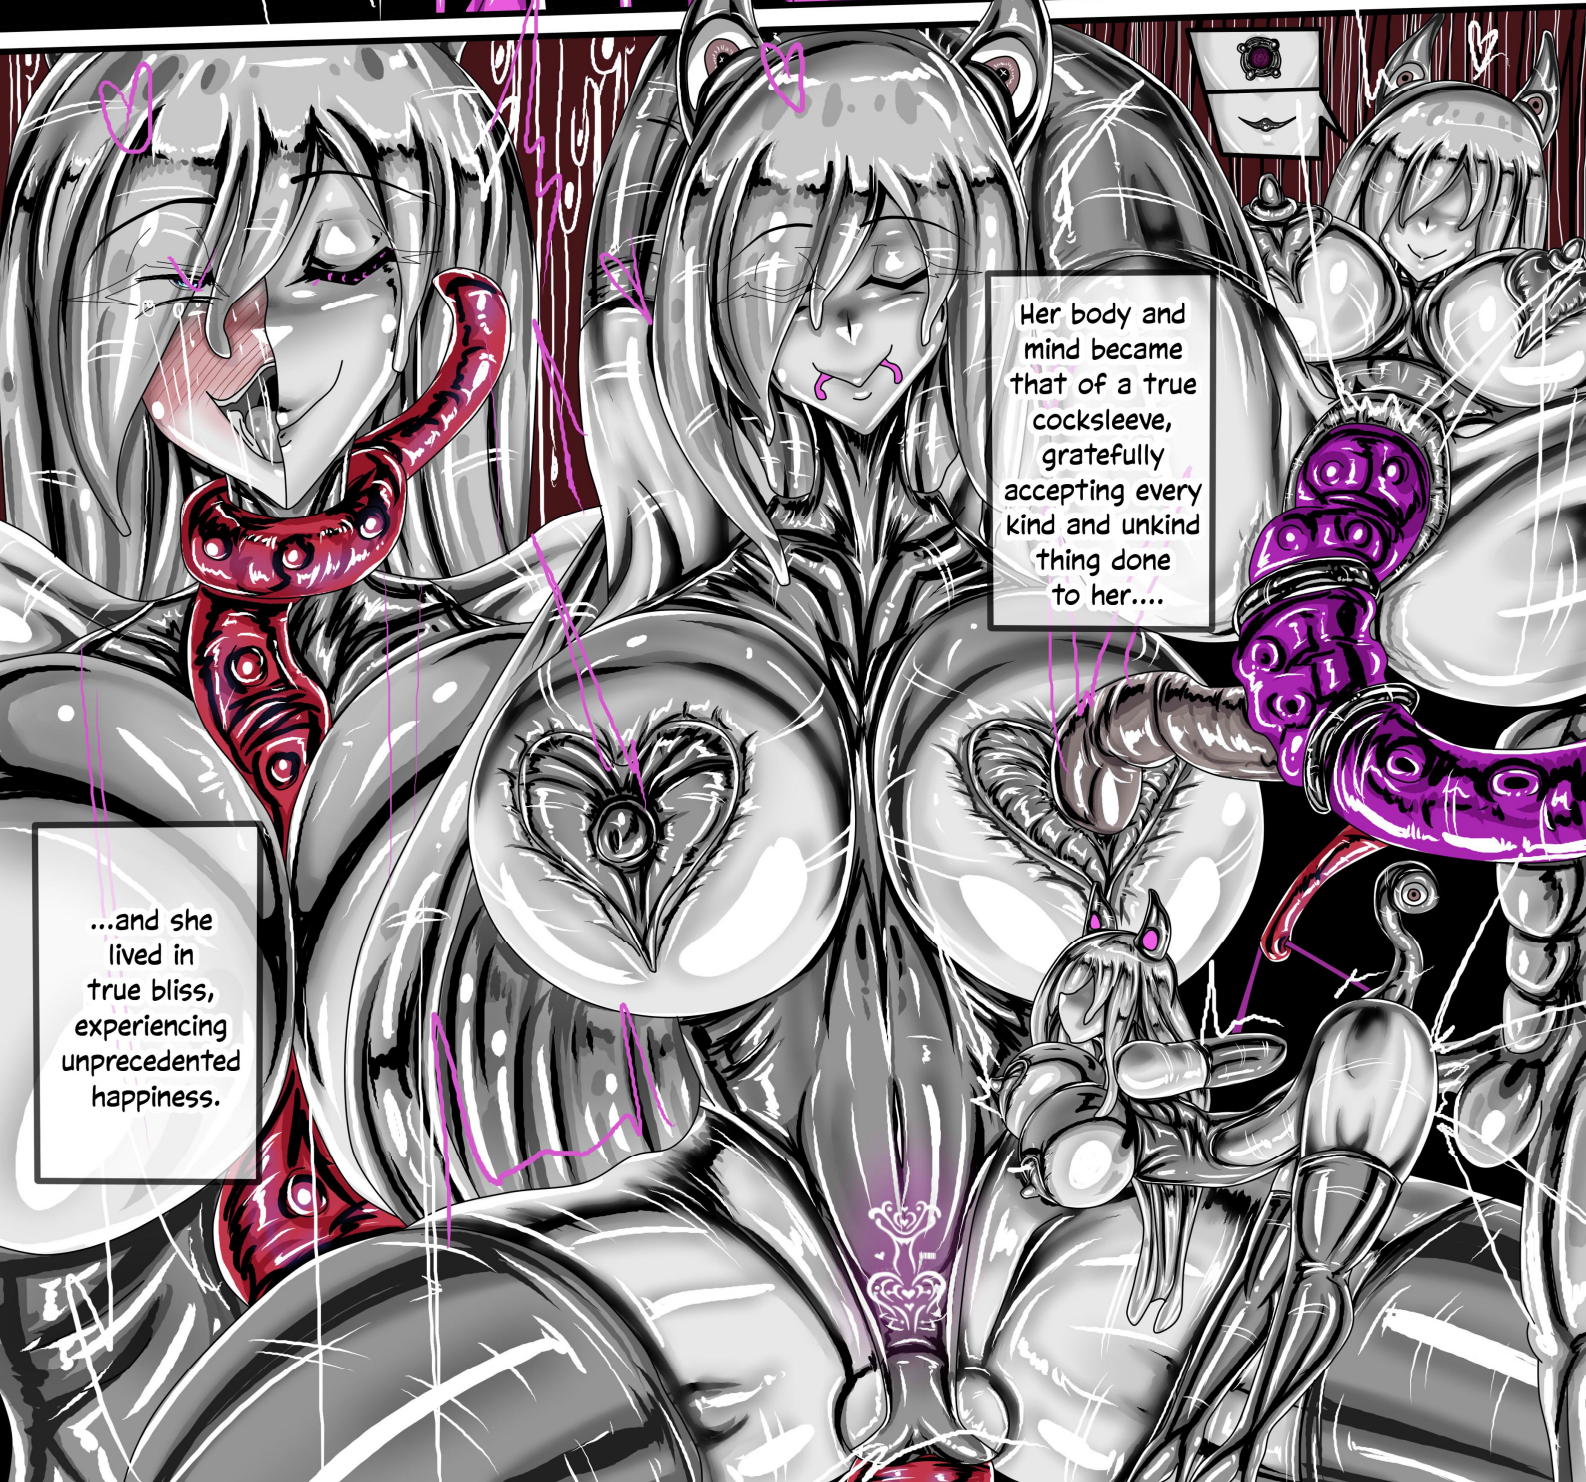

Master... ♥
Stop bullying me...
you know
what I want...!♥

Not thinking clearly girl?
Do you hear me?
I will turn you
into nothing
more than a
sex doll -
for good.

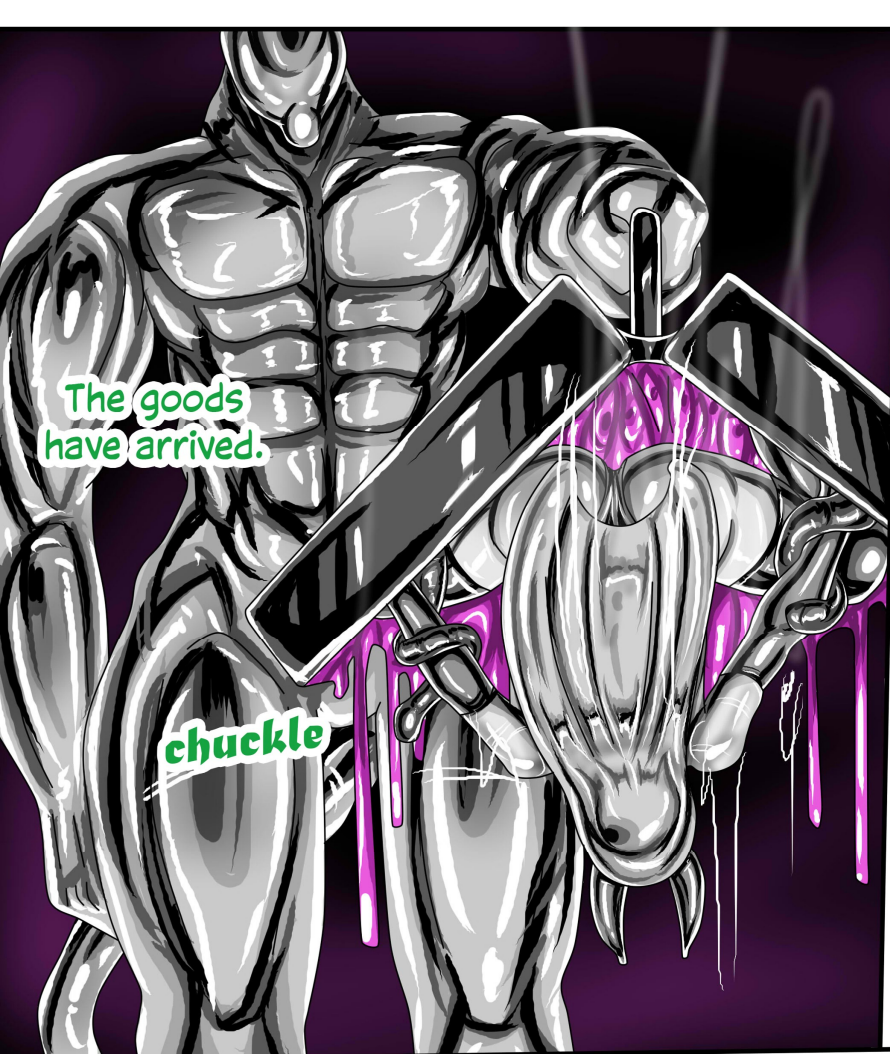

After the seals were lifted, and her faith decimated, Laska completely gave in to the instinctive desires of her body.

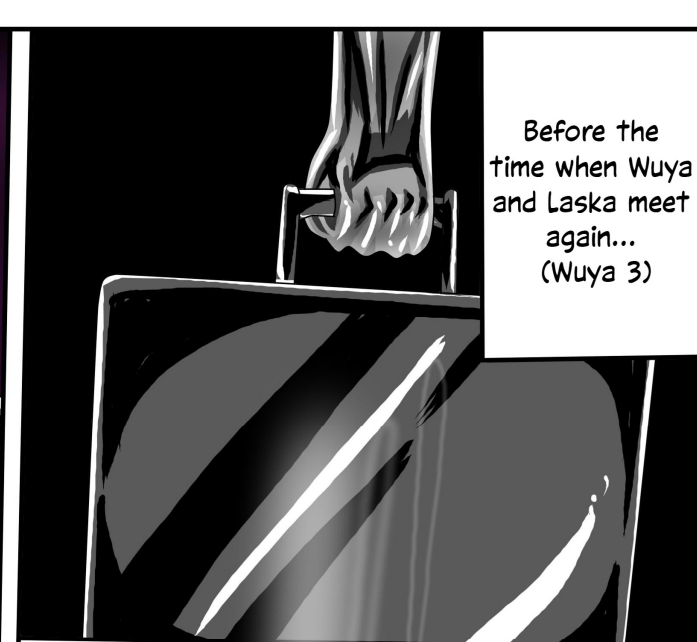

Her body and mind became that of a true cocksleeve, gratefully accepting every kind and unkind thing done to her....

...and she lived in true bliss, experiencing unprecedented happiness.

The goods
have arrived.
