

The bladder was transformed into a container to produce liquid for monsters to recharge and erection again.

Since the eroslave have no other food besides monsters semen any more,

Let's introduce the equipment of eroslave first. The tentacle uterus is developed for long-term use of human woman, because monsters' terrible sex can destroy natural uterus quickly.

The tentacle uterus is resistant to frequent sex and deliver, and it also has a consuming vagina and ovary. Every part of it can be replaced after being damaged, thus prevent the eroslave from real body damage.

The tentacles on the breast can make it produce concentrated magic milk, or transform it into another childbirth organ.

For the body surface, tentacle suit that can change its shape freely according to the preferences of eroslave's owner is used,

which can fetter the eroslave without causing skin lesions.

which greatly increased the life of eroslave and prevented the aging.

About the esophagus:

It is equipped with nutrient tentacles for transforming semen from mouth to anus,

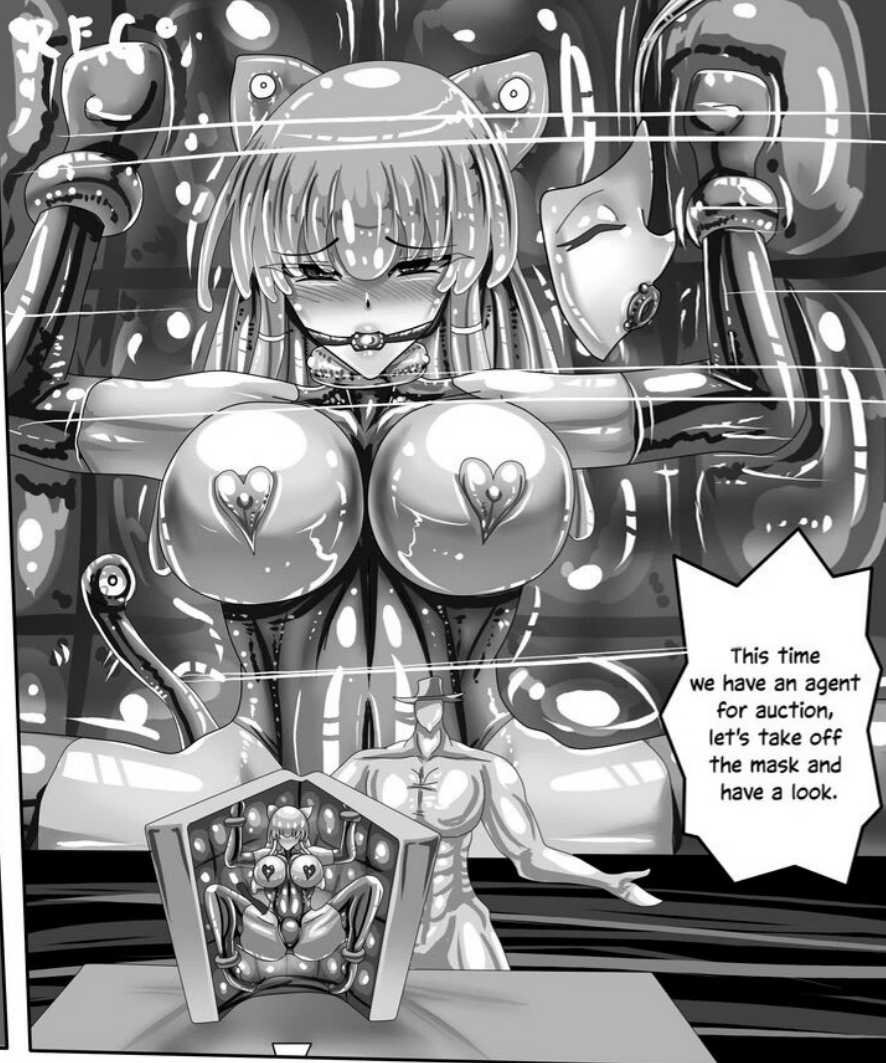

Such a high-quality transformed human female seedbed will surely make Tentacle Clan crazy! The lot is one-month usufruct of Wuya, whose starting price is 50,000 dollars! Each price increase no less than 10,000!

80,000!

150,000!

This time we have an agent for auction, let's take off the mask and have a look.

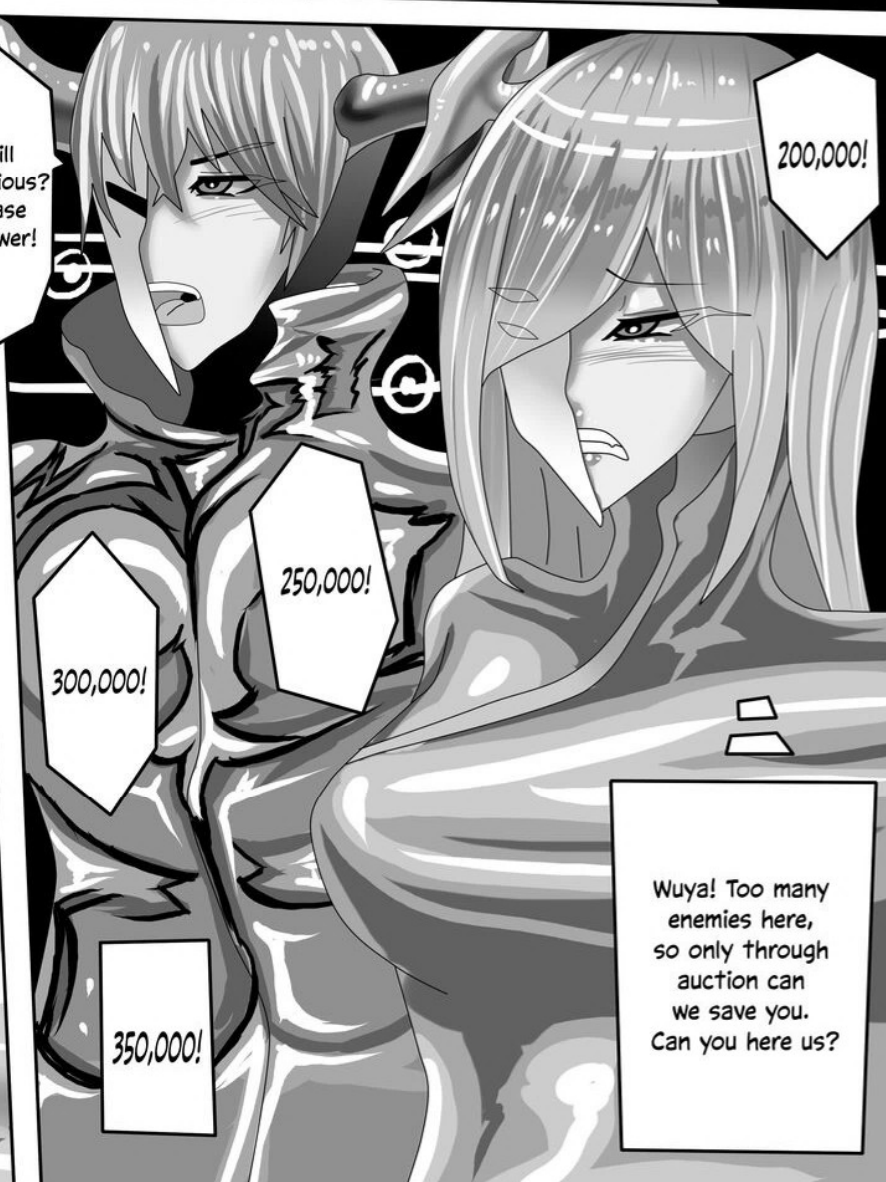

400,000!

Still conscious? Please answer!

You finally come...? My body can no longer stand the transformation, just trying hard to keep awake...

200,000!

250,000!

350,000!

Wuya! Too many enemies here, so only through auction can we save you. Can you here us?

We Orcs are huge power in black market, which will not let it go, and by chance I'm also the manager here. So let me settle the personal first.

I owe you all a favor, but she killed too many of our bros.

550,000!

Auction STOP! I decide to take back this eroslave with my authority as a manager, and delay it until next month.

500,000!

Oh my Jesus... Wuya, we must come up with some other ways, otherwise you may have to wait until next moon!

What?!

Change her tentacle suit under my name.

No...!! Not into that cumming hell again! Anyone stop them.....!!

PIG

BITCH

FUCK ME

BITCH

Bring her to the delivery room of the black market eroprison, and put off the auction of her for a month.

She will ofc be returned physically completely, but taming and laying many eggs for monsters will definitely be arranged.

Sure, my Lord Manager. Please be careful not to break her down, since she is common property here.

Keep in touch Wuya! We will try to save you in nobody's attention!

I gonna adjust you
to egg laying state,
so that you can
give birth to get
all our orcs bros back
to life this month.

To increase
the speed
of births,

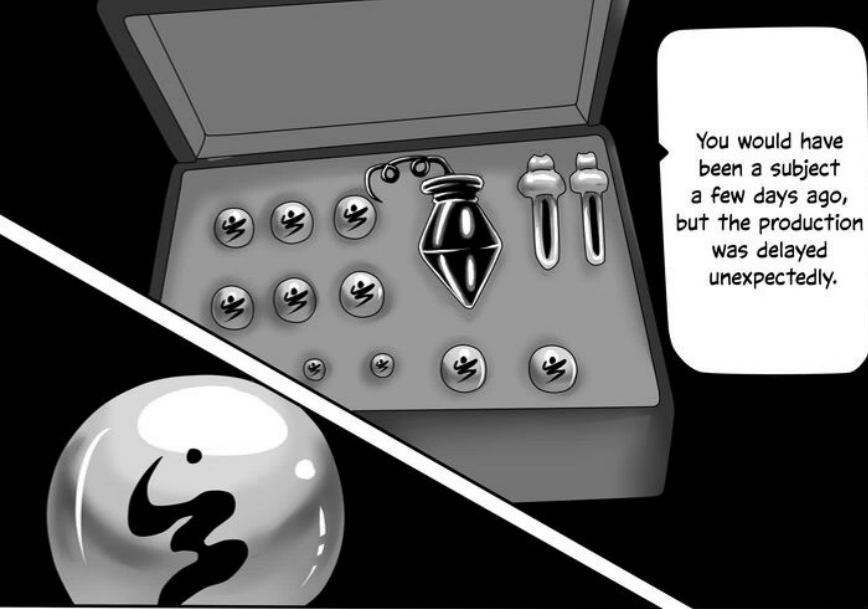

Laska, save me!
I can't stand it!
I'm breaking down,
who can come
and help me!!

Come on bros,
we have only
one month.
Let's not stop
any seconds!

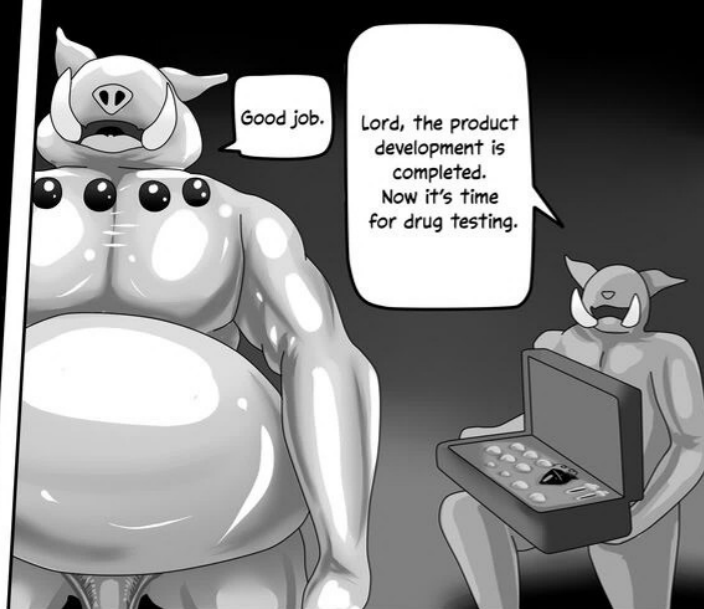

I'm almost
the limit!!
My mind is being
totally spoiled!
Don't leave,
save me!!!

Fertilization confirmed,
user data updating,
production mode
changed successfully.

There are at least
thirty orcs outside
and we can't beat
them, we will
save you back
on the auction
next month.
Sorry, but
please hold on...

You would have been a subject a few days ago, but the production was delayed unexpectedly.

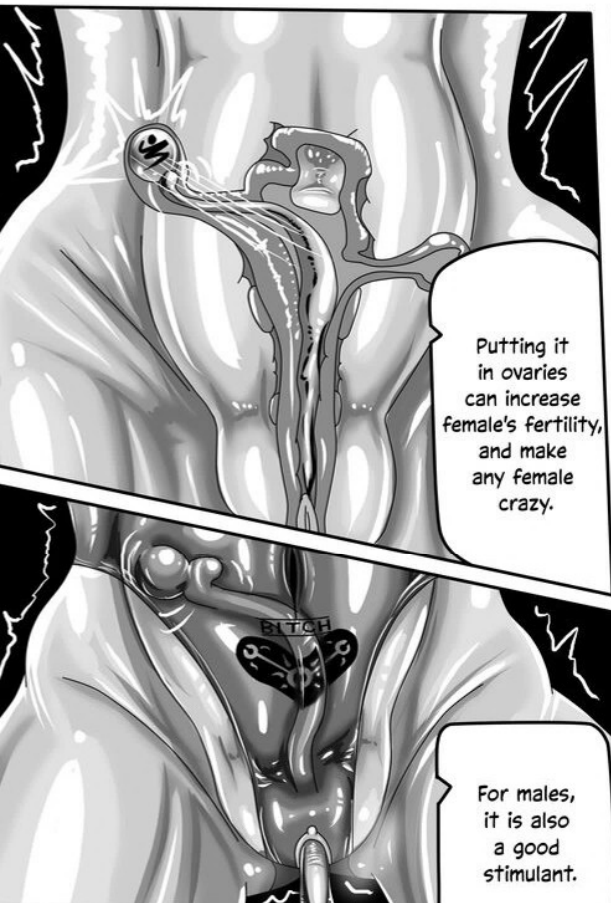

Good job.

Lord, the product development is completed. Now it's time for drug testing.

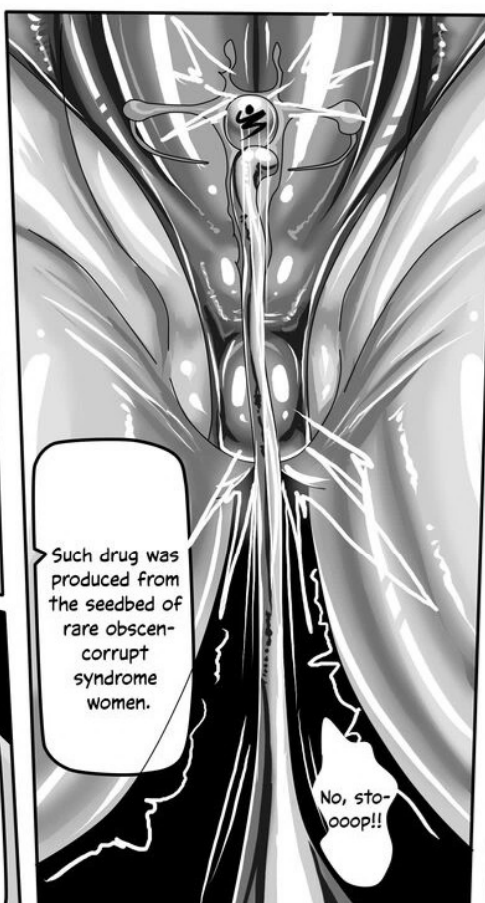

You bastard!
I'llkill
you all.....

Just simply raping you is not interesting enough. With such drugs, which has strong recovery and aphrodisiac effects, your productivity must greatly improve.

Putting it in ovaries can increase female's fertility, and make any female crazy.

For males, it is also a good stimulant.

Such drug was produced from the seedbed of rare obscene-corrupt syndrome women.

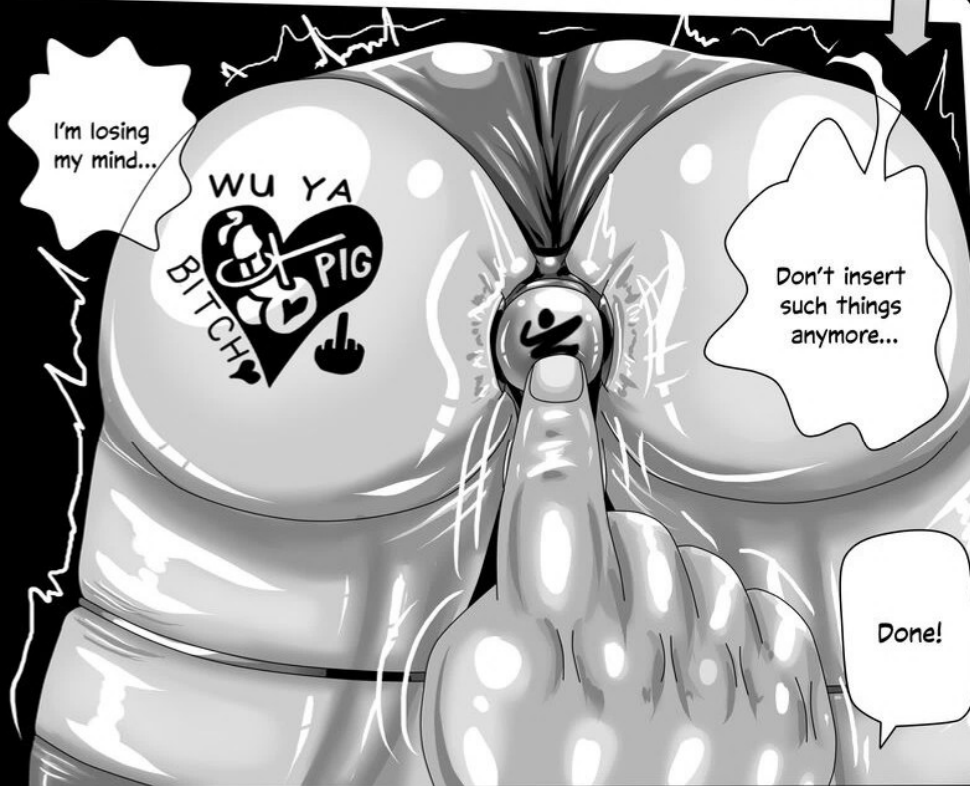

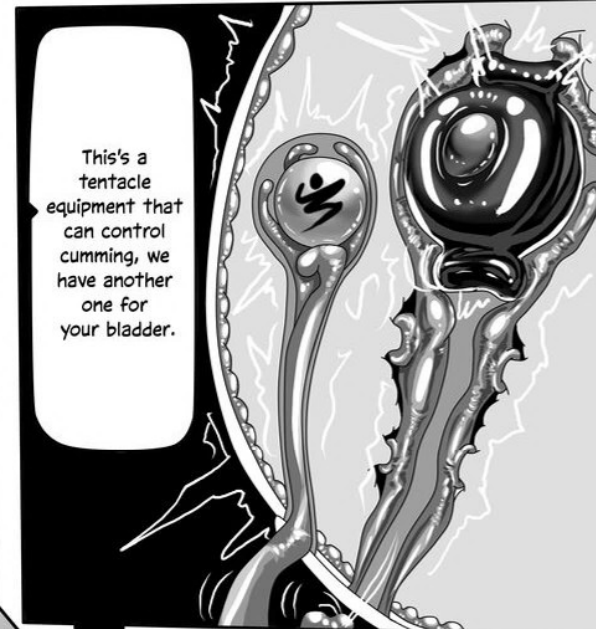

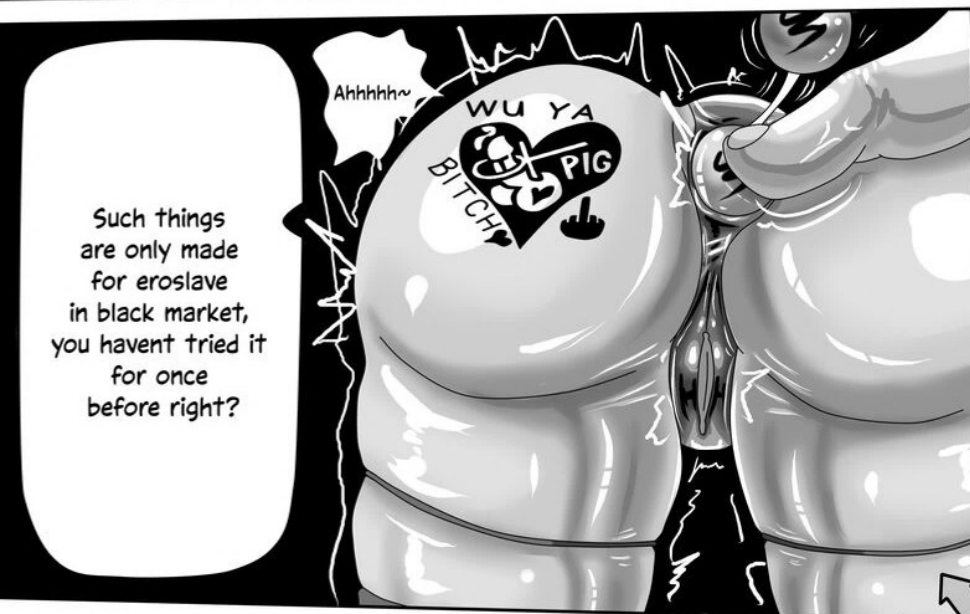

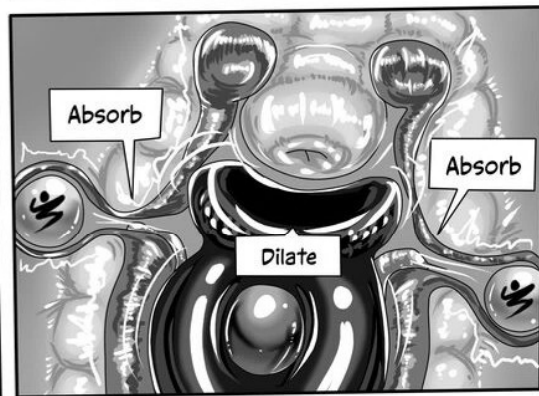

No, sto-
oop!!

Two acupoints spraying semen, wuya is still saying such tough words. You're really cute, then have some drugs!

Inserting the tentacles into your vagina so that it can be effective quickly.

Eh ah-
hhhh!

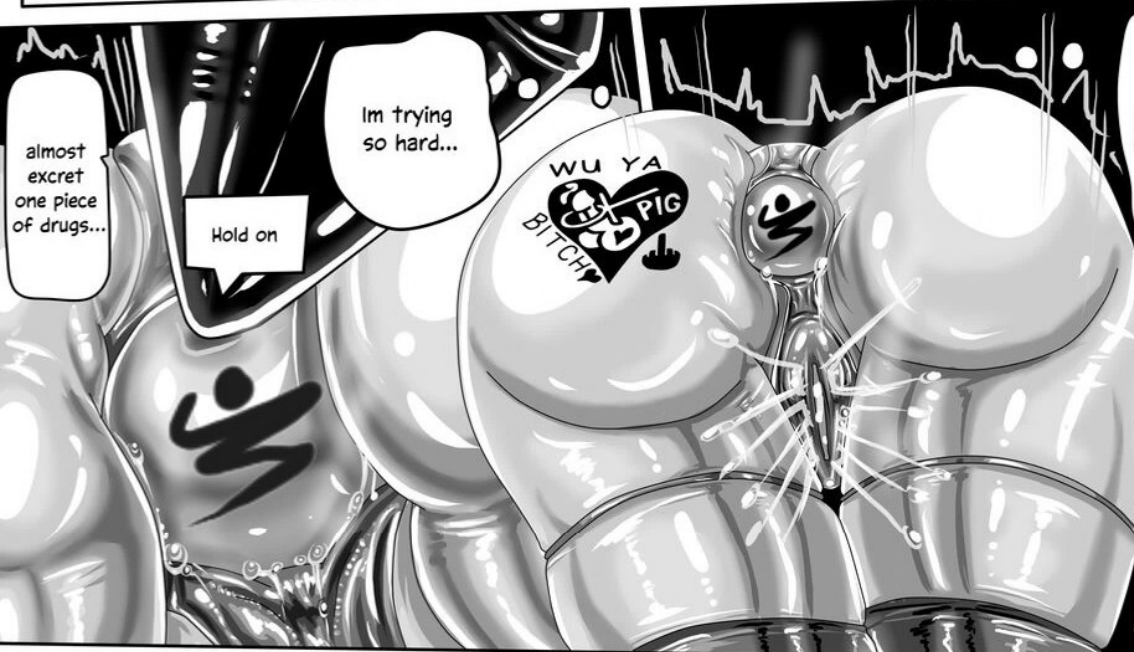

The drugs in the uterus is stuck and cant be excreted, at least I should discharge that in my anus... No, the drugs start to work!

I want dick...
Noo, I cant be influenced by the drugs...

I have to excrete that stuff, any one piece is fine... I won't stand all the drugs working together ...

Usually eroslave will be banned from orgasm 1 week before the qualifying. But for our enemies like you, it will be 28days, enjoy it!

almost excret one piece of drugs...

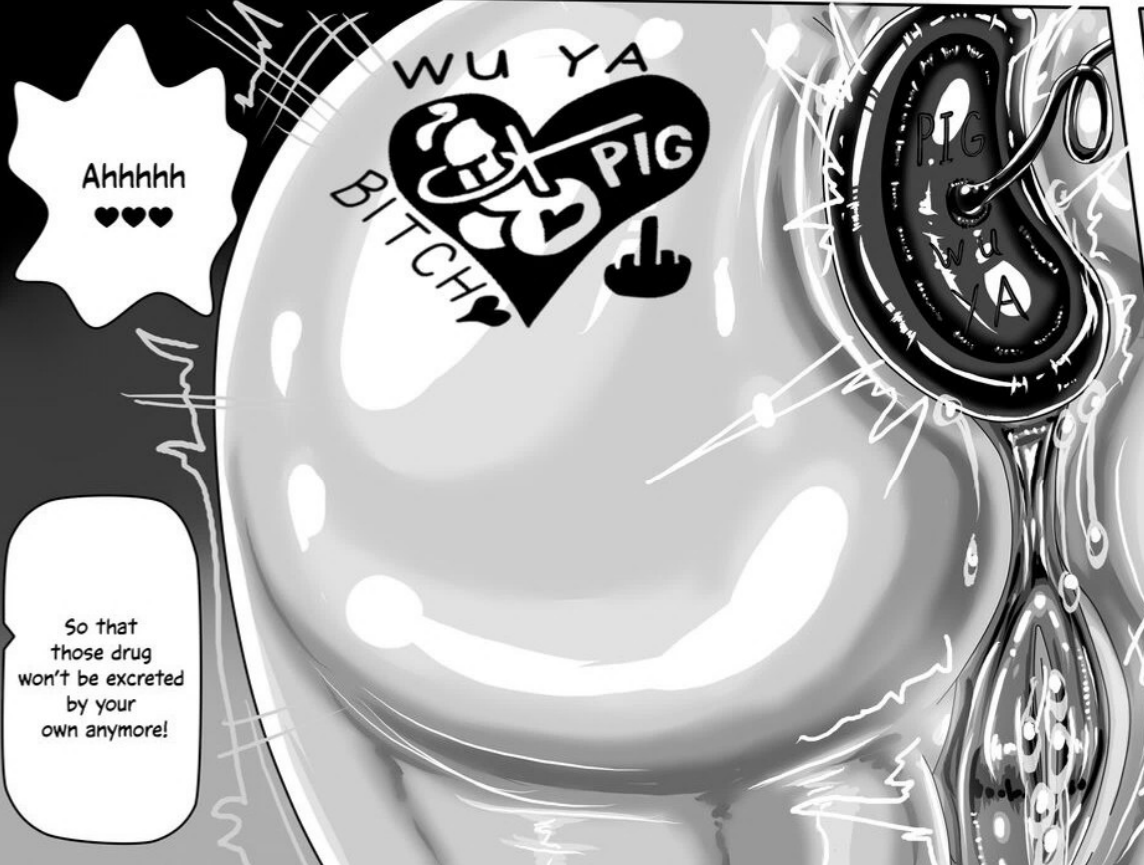

Hold on

Im trying so hard...

Auction of you as a seedbed is not enough to quell our hatred for you.

Ummm!

By this qualifying, we will stimulate your potential as a seedbed.

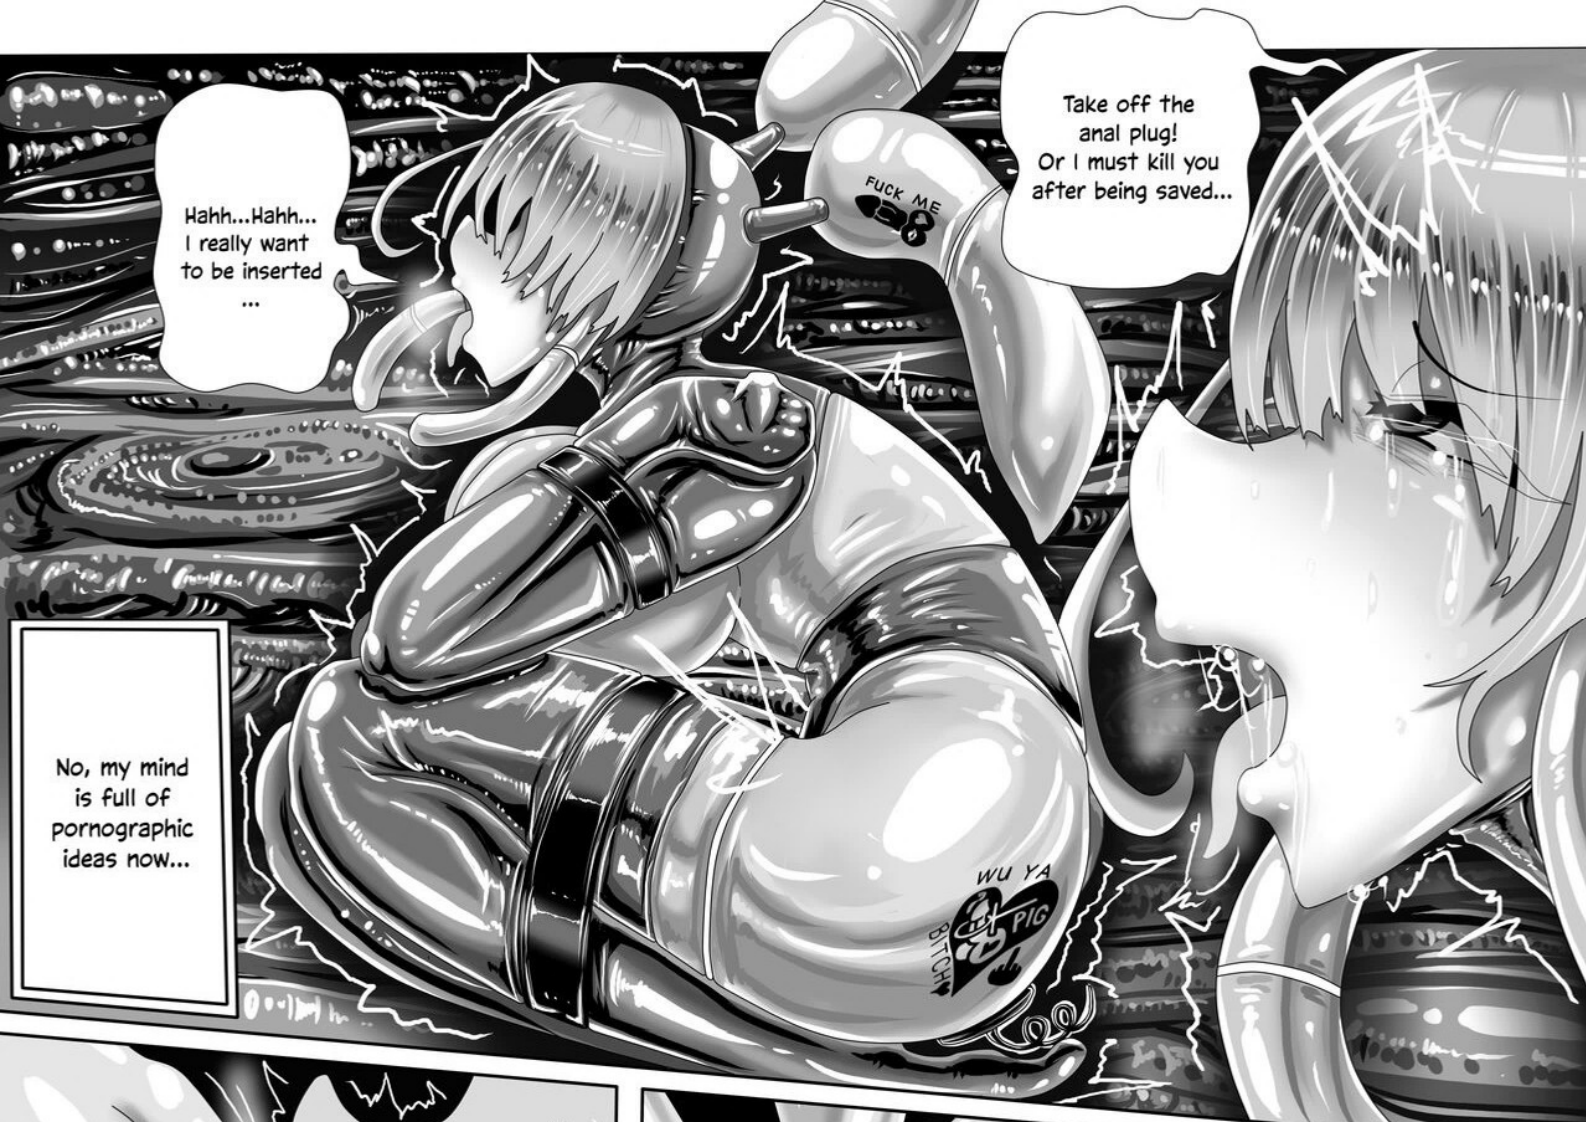

Ahhhhh
♥♥♥

So that those drug won't be excreted by your own anymore!

Fuck it, those are expensive drugs! Looks like I'm gonna block your anus. How dare you excret it out?

Damn.. Im being pushed around and can't do a thing...

Hahh...Hahh...
I really want
to be inserted
...

Take off the
anal plug!
Or I must kill you
after being saved...

No, my mind
is full of
pornographic
ideas now...

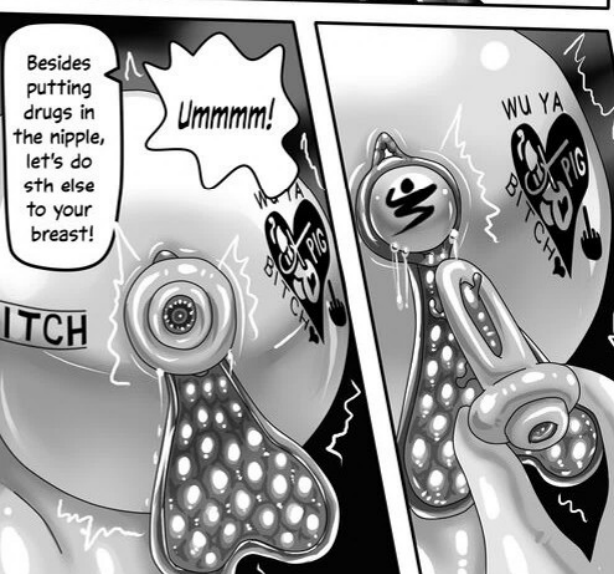

stuck out

Fixed
Success-
fully

Let's see
how long
you can resist?
I don't care
about the cost
to turn you
into a bitch...

Besides
putting
drugs in
the nipple,
let's do
sth else
to your
breast!

Ummmm!

WU YA
BITCH

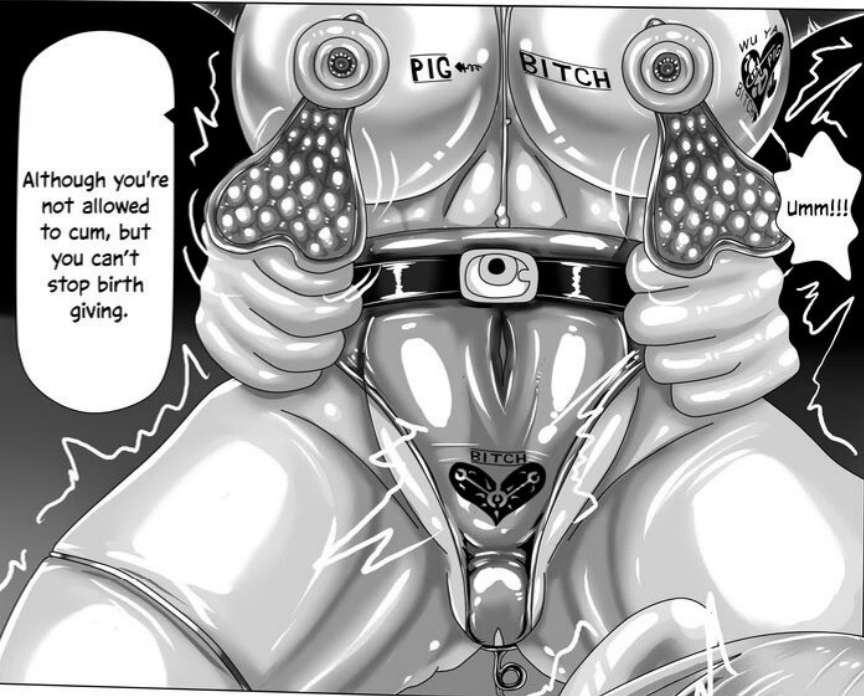

My mouth
and papilla
will also be
transformed?
How come
I'm feeling
a bit
excited...

Ummm!

Still talking
back?
Hold her
down and
insert her
will more
drugs!

Although you're not allowed to cum, but you can't stop birth giving.

Hahaa, you're also arching your back! Are you so hungry for penis?

Eeeeeekk!

It has become more sensitive now, which means you won't back to normal life even if the drugs don't work anymore.

If you don't want
your mind burnt,
earn more money
in the qualifying
for us! Then I
will allow you
to cum.

Otherwise,
we will banish
you to a more
terrible hell, comparing
with which makes
here more like a
heaven! Hahaha!

We won't stop
until you get
crazy this month,
enjoy this
no-orgasm
hell!

The pleasure of fertilization and spawning torments me, but the orgasm denial effect makes me even unable to faint.

When the semen is enough, the pregnancy magic forced me to lay many eggs.

I can't feel how long it has past after that, but my vagina is repeatedly inserted.

The special mask isolates other senses to magnifies my pleasure. When I was constantly infused with the nutrient semen with aphrodisiac effect, the drugs that drive me crazy never stop working. My mammary gland is constantly stimulated and becomes like a cow constantly secreting milk.

I just live such dark life like a livestock.

Until I was released on the verge of collapse...

Qualifying will start soon!
Let's take a look at the
three seeded players first.
Ehh... Fox sexslaves of
Tentacle King? Even the Agent
is here! There seems
to be magician with
powerful invoking contracts
as well! Is it against
the rules?
OK.. It seems not.

I can think of
nothing but cumming,
which is driving me
to fight for the
high ranking.

Such a hellish month has finally passed.
Then I will have to fight qualifying with
girls of same fate and
join the monster's orgy...
We will get different orgasm permission
according to the ranking. And the auction
will be after the 7-day-orgy...
In other words, there're still 7d
before Laska save me out.
But I just cant wait,
cuz my whole body has been
completely immersed in pleasure.

The ugly war among eroslaves
to fight for orgasm permission has begun.
All of us participant used to be female
with superior combat effectiveness.....
but we are just seedbed now.
If I lost this fight,
the orgasm limit will be extended
until next month, I must struggle
to win with every effort.

NO killing,
NO fecundity harm,
that's the only rule!
The goal is to
disable the opponent's
resistance, the
game is on!

Echo my
invoke.....!

I can't
lose
neither...

GO TO
HELL!!

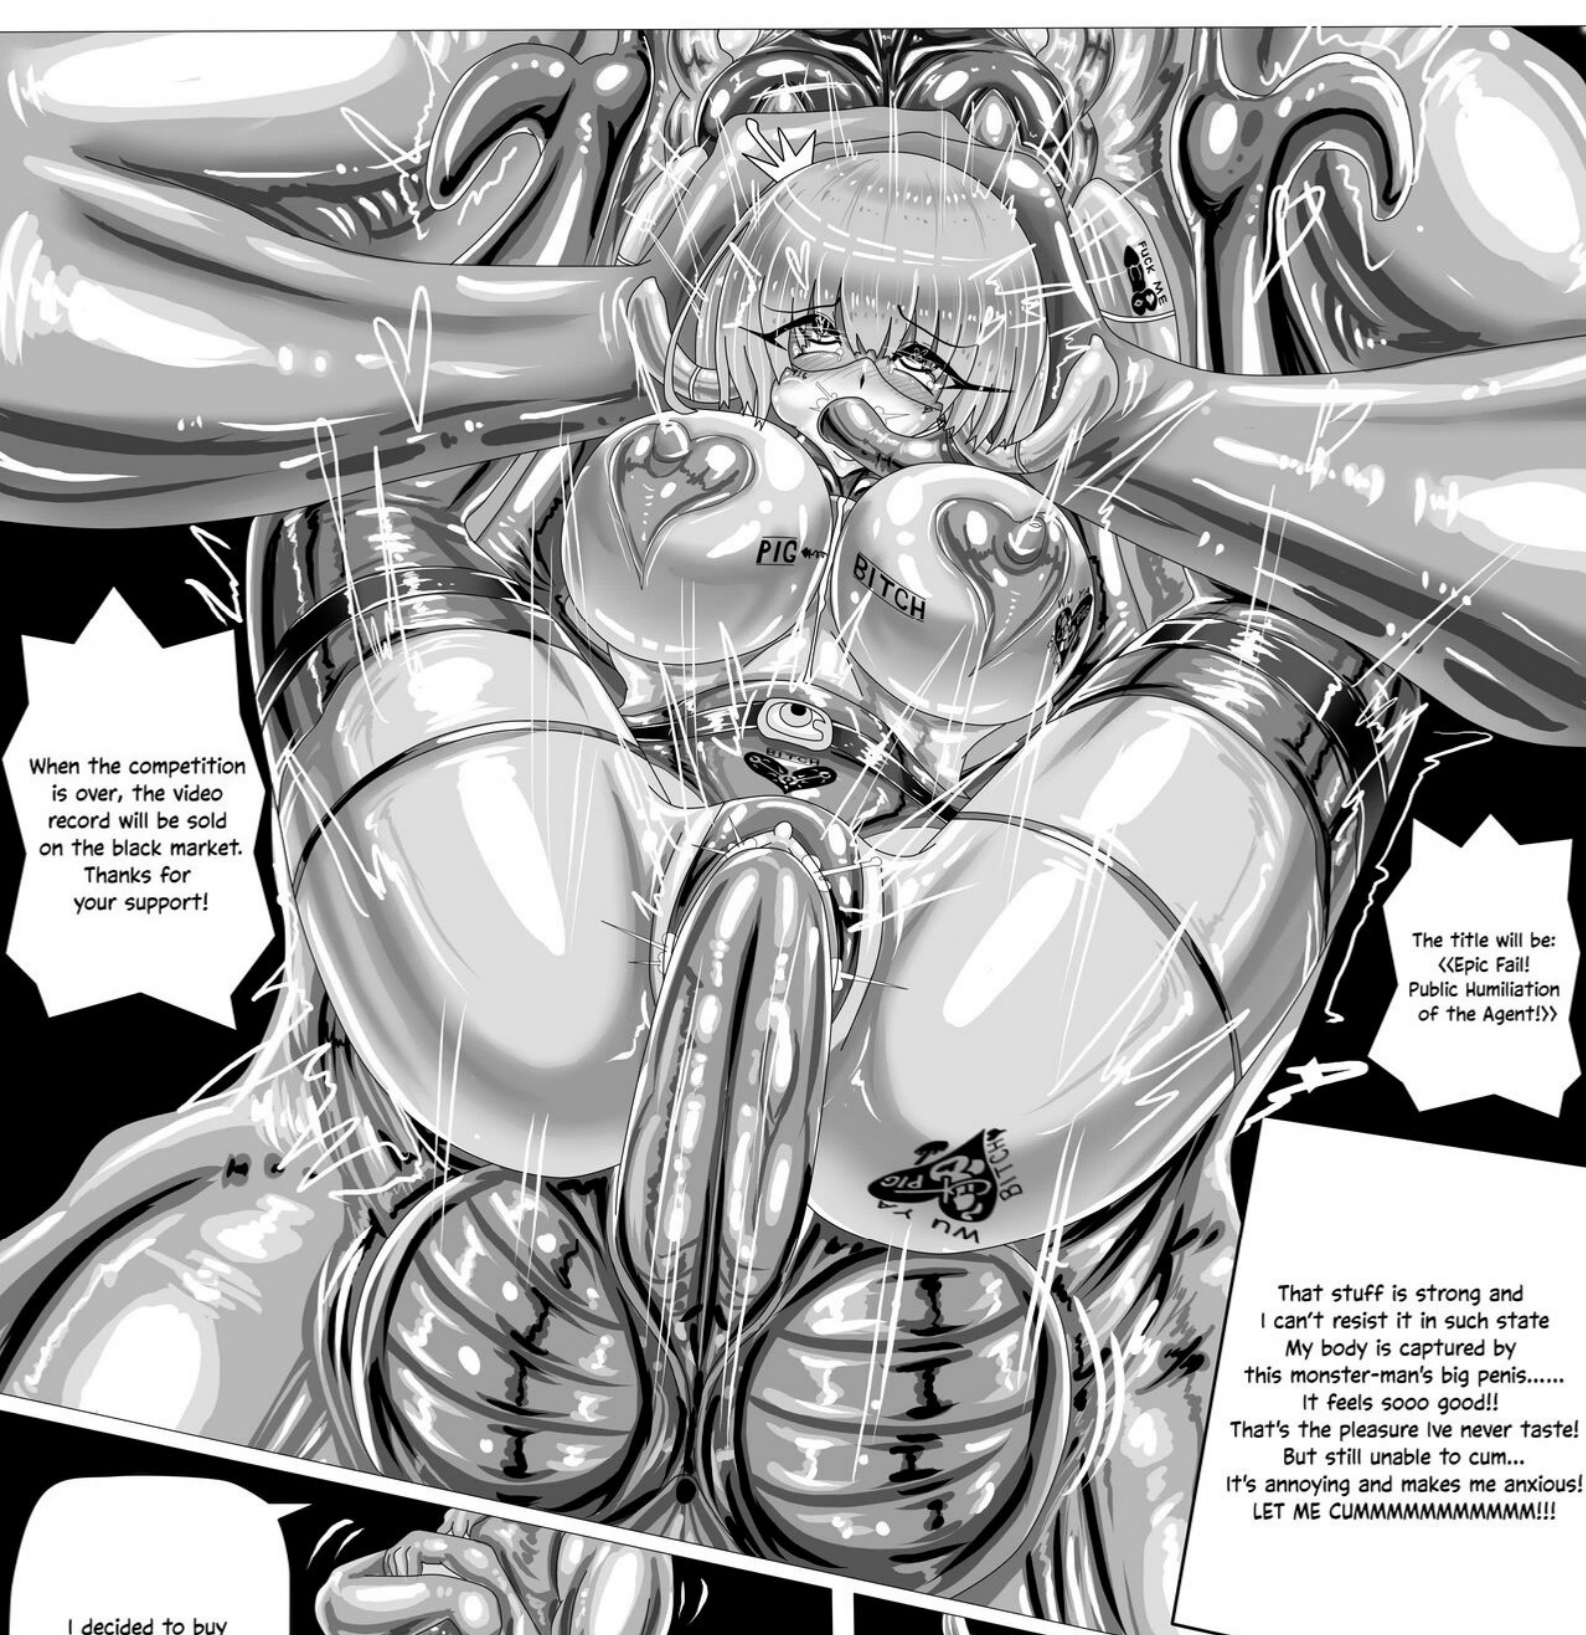

My dear magician,
I allow you to cum
in your monster
armor invoked.
It is nice to tease
the Agent before
the auction.

Good job!

Come on,
surrender
now!

Im sorry but, me,
Wuya, have been
kept away from
orgasm for 28days,
so I cant lose.
You can only
blame your
bad luck!

She can
even invoke
a monster-
man! My
assistance,
record it
with the
memory
ball now!

When the competition is over, the video record will be sold on the black market. Thanks for your support!

The title will be: <<Epic Fail! Public Humiliation of the Agent!>>

That stuff is strong and I can't resist it in such state
My body is captured by this monster-man's big penis.....
It feels sooo good!!
That's the pleasure I've never taste!
But still unable to cum...
It's annoying and makes me anxious!
LET ME CUMMMMMMMMMMMMM!!!

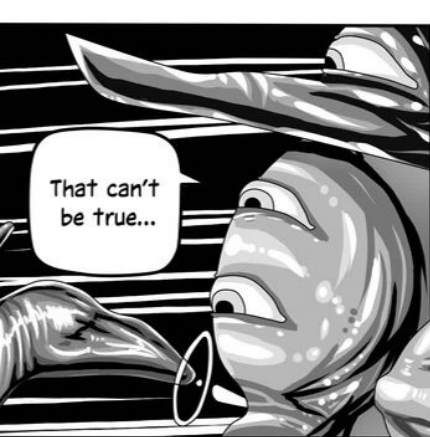

I decided to buy her back in the auction, that little magician sign a contract with me before.
There is no charge for birthgiving during the competition, so let me make you two be pregnant now, hahaha...

Ummm, just put you hard on the ground so that you cant escape when I fuck you.

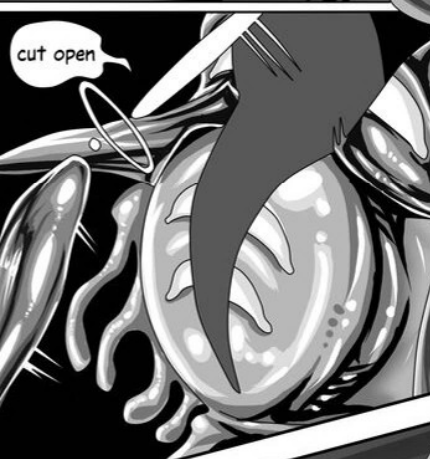

Let's do it again in a more humiliating posture!

Your vagina has been made so narrow that force me to ejaculate immediately...

That can't be true...

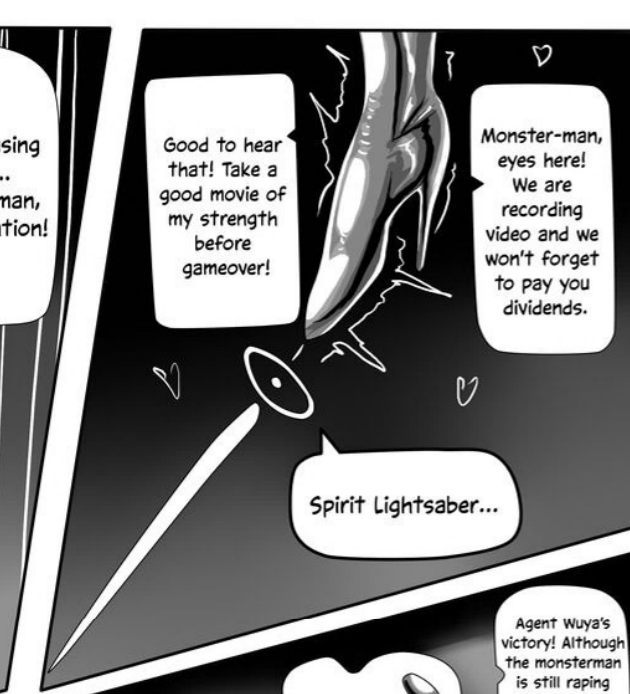

cut open

What?!

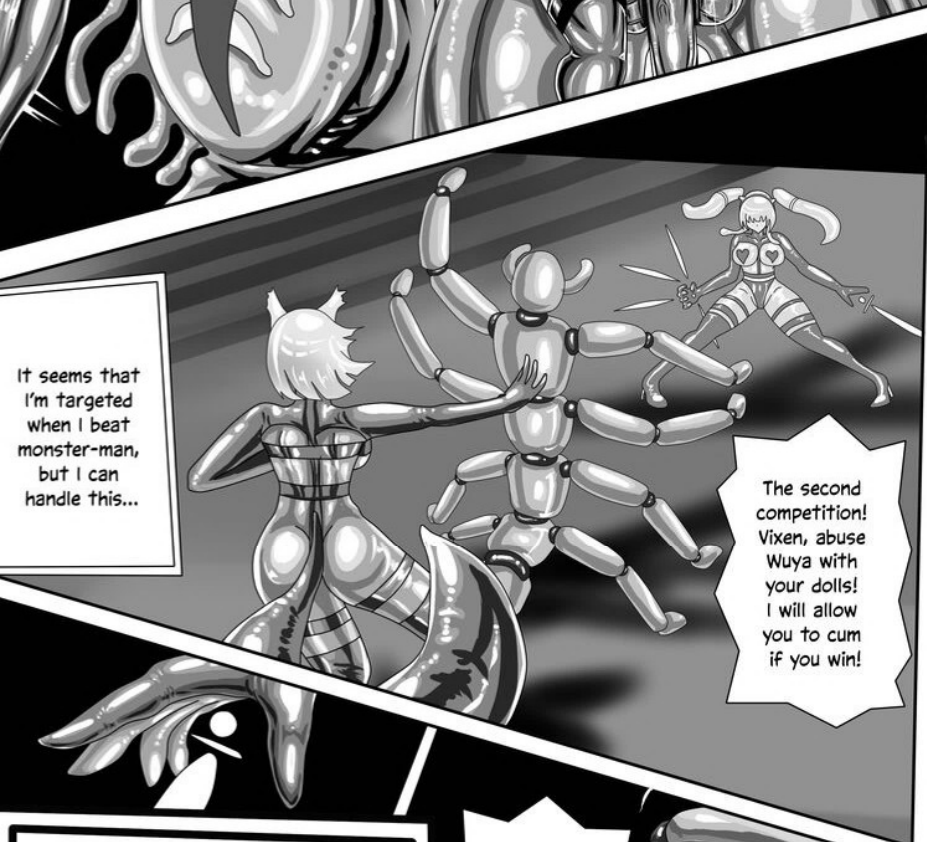

Fine, focusing start...
Monster-man,
pay attention!

Good to hear that! Take a good movie of my strength before gameover!

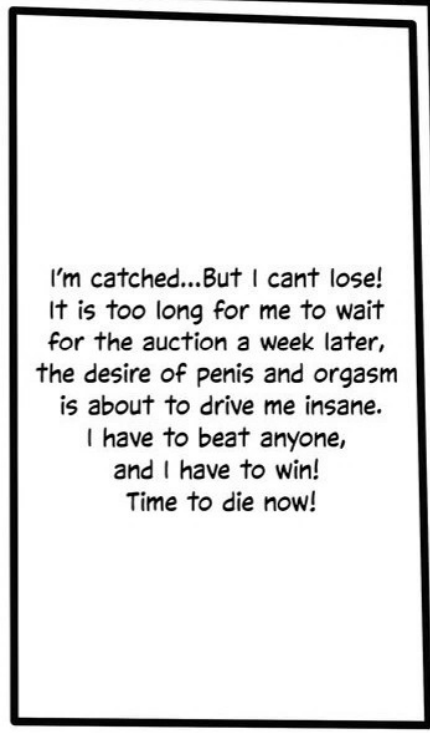

Monster-man, eyes here! We are recording video and we won't forget to pay you dividends.

Spirit Lightsaber...

It seems that I'm targeted when I beat monster-man, but I can handle this...

The second competition!
Vixen, abuse Wuya with your dolls!
I will allow you to cum if you win!

I'm caught...But I cant lose!
It is too long for me to wait for the auction a week later, the desire of penis and orgasm is about to drive me insane.
I have to beat anyone, and I have to win!
Time to die now!

Good job Vixen, I will give you a hot sweet fuck in the orgy!

Stop now. If you kill them, you will be thrown into the abyss.

Agent Wuya's victory! Although the monsterman is still raping the magician, she hasn't regained consciousness.

The sexual desire I repressed by magic was activated again...

I will win, I must win, I have to win.....

It's terrible, I will got crazy if I can't cum today, I cant lose!

How can she reverse the tide to win! Damn it, my video is gone!!

The one giving highest price got her! You, Wuya the winner, tell us some sentiment of victory!

What strong combat effectiveness, what a priceless seedbed! To prevent accidents, this time we use secret auction. Everyone give your price during the orgy, and the results will be published one day before orgy ends.

The sexual desire accumulated in these days makes me insane.

Hahh..... Well...

It really feels like a endless long time, even if it is actually not.

The day of Unrestrict finally come!

The NO-DOUBT champion is, Wuya!

I don't remember how many opponent I have knocked down, anyway I finally got to the end by hook or by crook.

I'll try hard to get pregnant since I'm not a human anymore, but a masturbate-cup of all my masters! Fuckin me with effort will make me happy the most!

I recognize your spirit, and hope that you can stand it in these days. Now unable the orgasm limit!

Dear masters♥, I'm human-masturbation-cup Wuya♥!

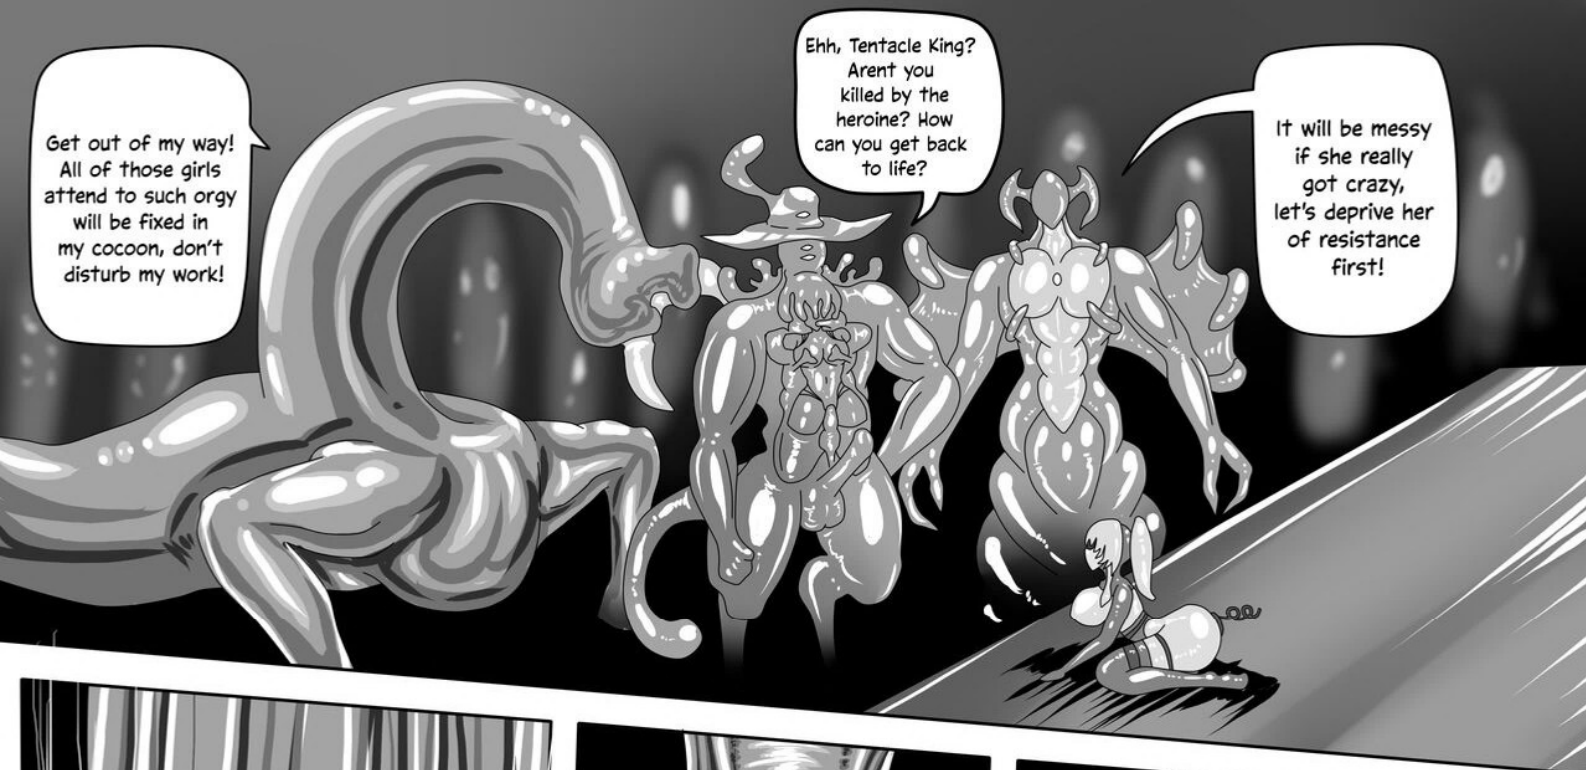

My body can't help kneeling down.

I chose to be the Agent bc my hate for monsters, but now Im looking forward to being fucked by their dicks bigger than human..... I feel so ashamed and maybe I can never get back.

Get out of my way!
All of those girls
attend to such orgy
will be fixed in
my cocoon, don't
disturb my work!

Ehh, Tentacle King?
Arent you
killed by the
heroine? How
can you get back
to life?

It will be messy
if she really
got crazy,
let's deprive her
of resistance
first!

As long as I can cum,
I don't care how you mess me around.
My teammates will save me back
in the auction anyway...

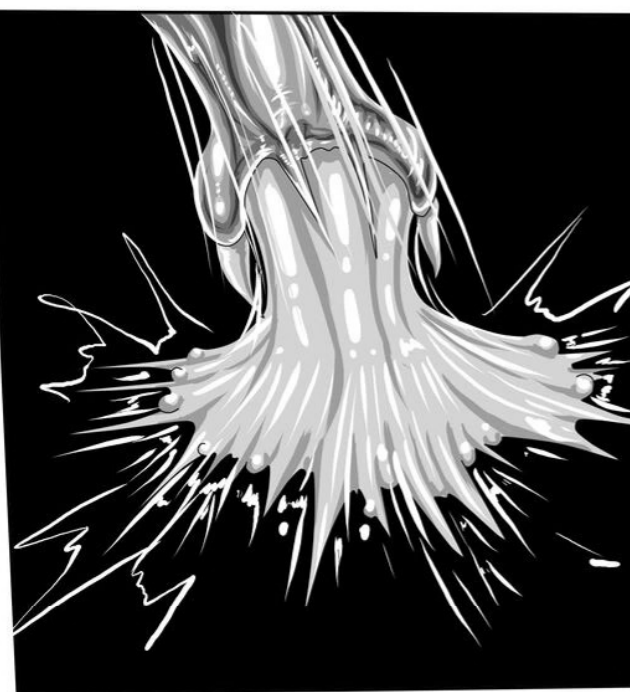

My head is wrapped,
and tentacles is deeply penetrating
into my throat, which keep me
from breathing... This must be
the preparation stage.

I can finally cum!
No matter what will happen next,
all I want is to enjoy this happy week...

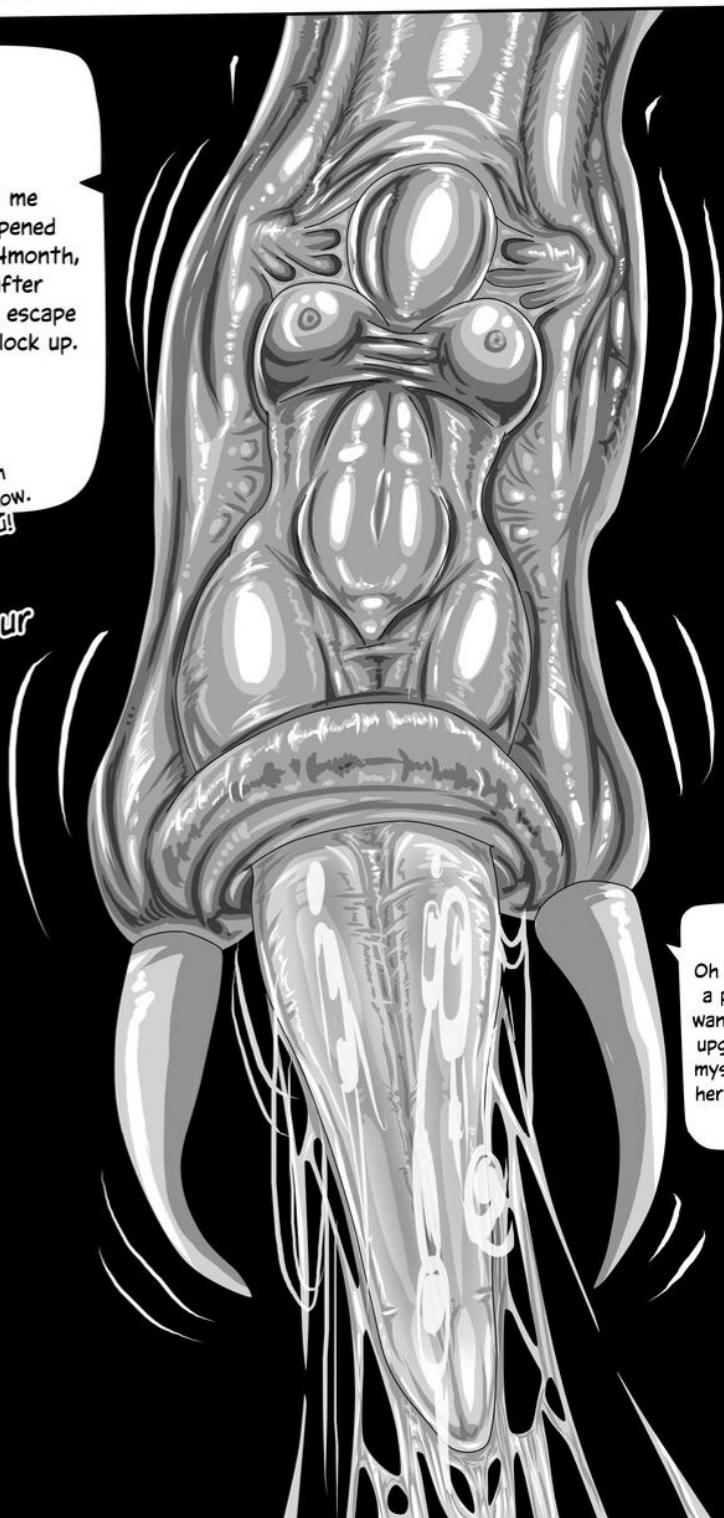

I caught
a good
vixen to
supply mana,
so that I
can come
back to life.
I'm gonna get
some slaves
in the qualifying
to make some
money btw.

Hey, tell me
what happened
in the last 4month,
I mean after
the Heroine escape
from your lock up.

I would say
you wont want
to see her,
cuz she can even
defeat the Devil now.
She will kill you!

devour

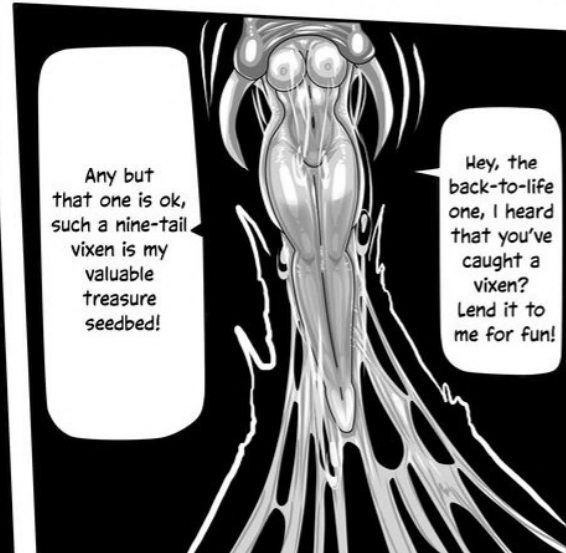

Oh that's
a pity, I
wanted to
upgraded
myself by
her magic.

You finally
recovered,
the Armor
Monster-man?
Release the
girl in your
body, she
is also
attending to
the qualifying.

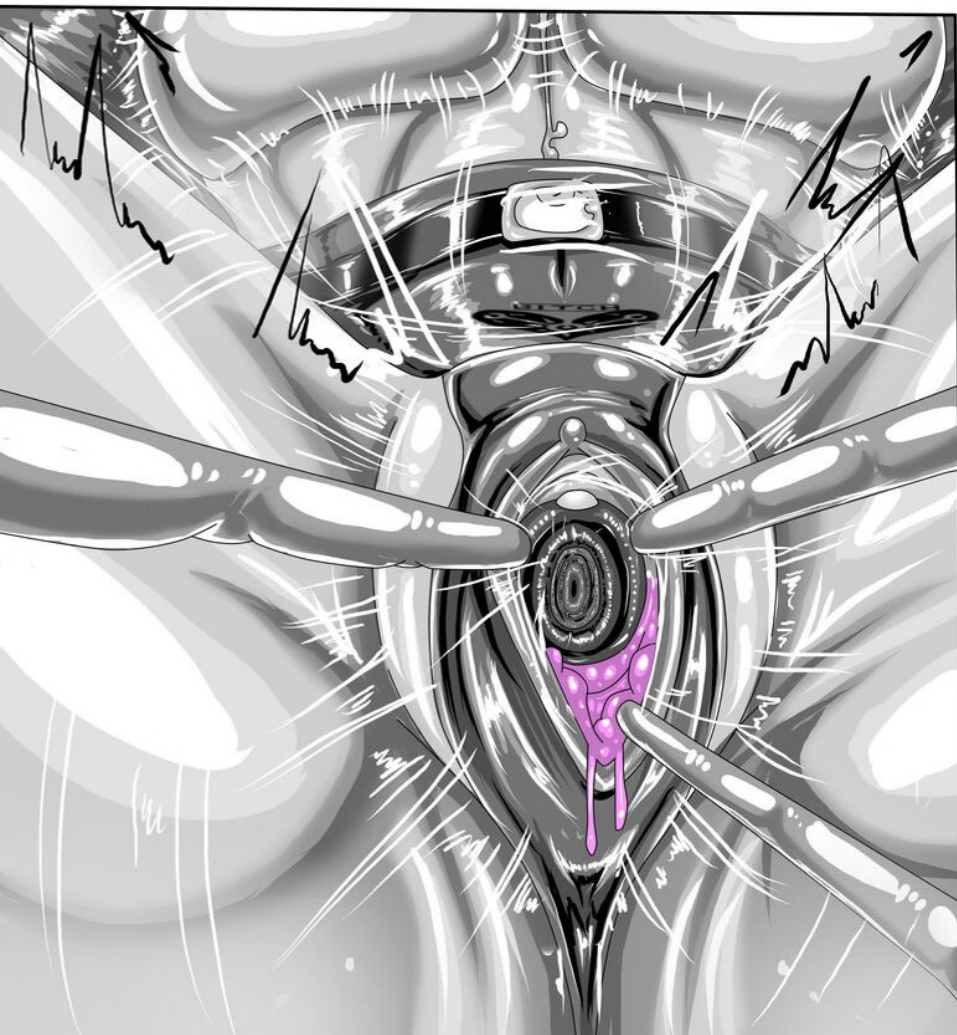

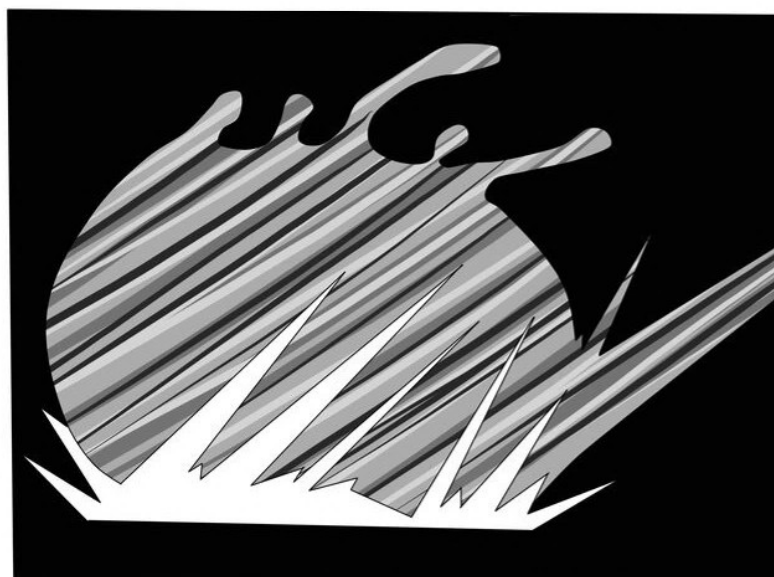

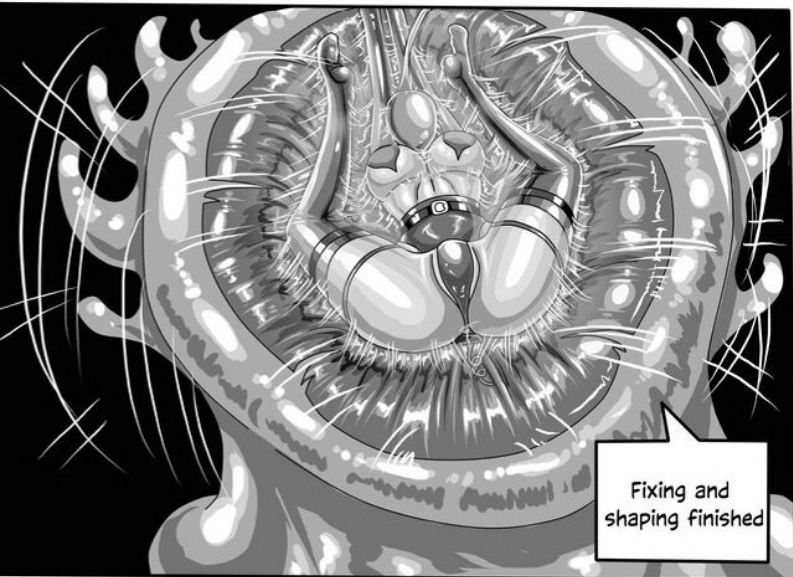

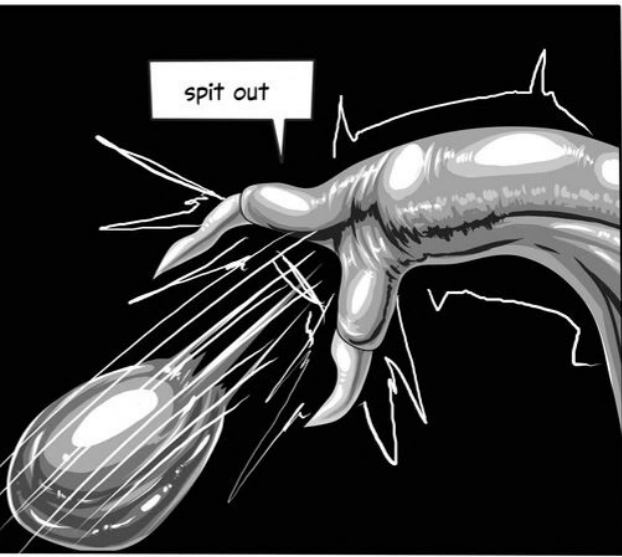

Well, I
bond her
too tight.
It will
take some
effort.

Uhhhaa-
aaaaa!

Any but
that one is ok,
such a nine-tail
vixen is my
valuable
treasure
seedbed!

Hey, the
back-to-life
one, I heard
that you've
caught a
vixen?
Lend it to
me for fun!

Thanks all
my masters for
waiting so long,
please release
all your desire
in my vagina!
♥♥♥

I will surely revenge
you all after I escape...
Ahh, my anal plug
is pulled out and
my vagina is opened,
