

Huh?

Mark? Do you have a second?

What's up boss? Did I do something...?

No dude, nothing like that. Actually it's probably a good thing. Jonas and Phil called in sick and I need someone for the big "Journey" article.

Wait... really? That huge fantasy VR-game everyone is waiting for? It's already playable?

It's still in beta, but almost fully playable for testers and journalists. That game is crazy. Apparently you can feel everything your character does!

Is... is it really ok for me to write that article...? I'm not really a RPG expert...

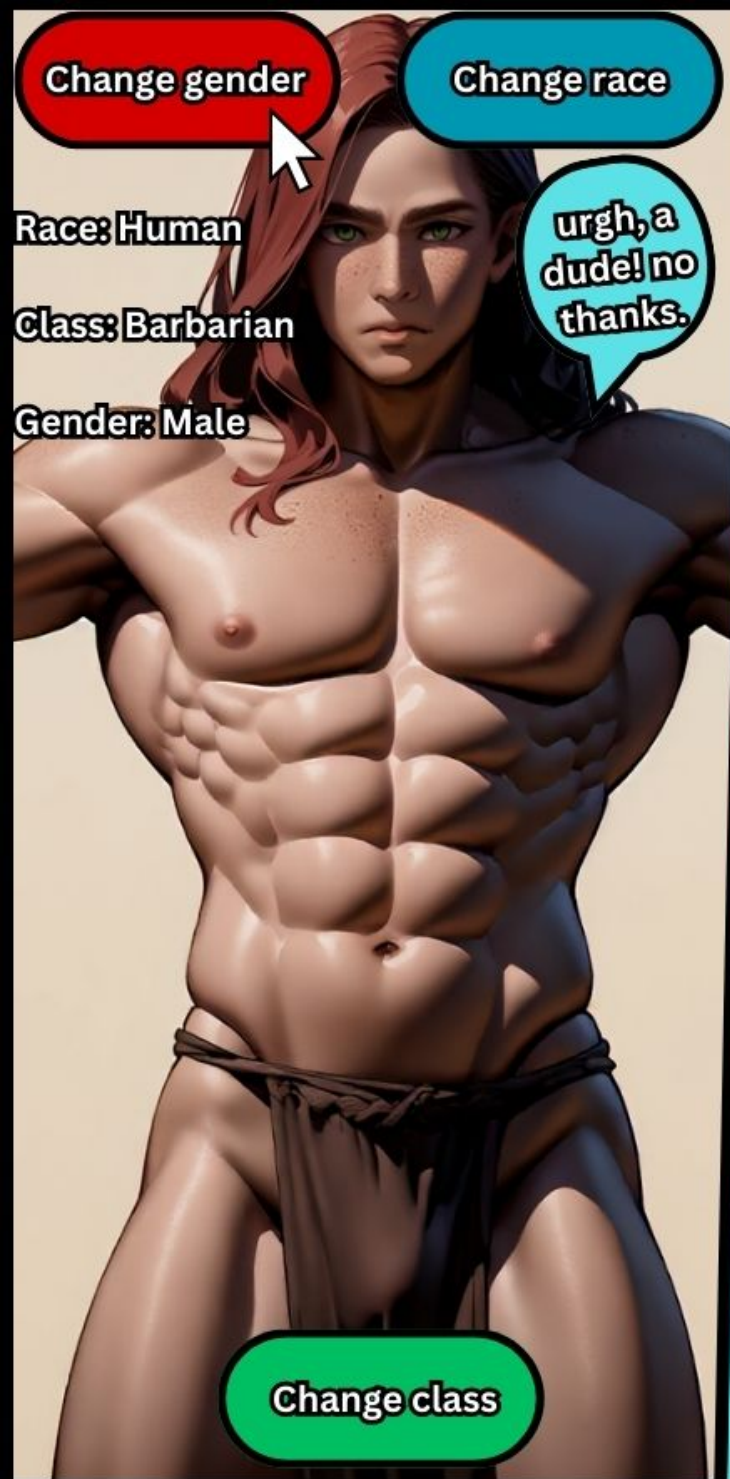

Look you two, neither of you would have been my first choice, but we are working on a tight schedule here... We are going to need at least two in depth articles about the gameplay. This game is too huge and our competition isn't sleeping either.

OMG, Mark! This is our big chance for a breakthrough. Our articles will be printed on the covers. The audience is going to be hugely interested!

Yeah... it's just not really my field of expertise, Alina.

Please Traveler. A foul beast has slain our cattle! We need your help before it attacks our children next!

An entry level Quest? This game loses no time!

Where do I need to go to find that cruel beast?

All you need to do is follow the bloodtrail fair maiden.

Oh wow. The AI actually answered my question. Immersive!

NEW QUEST UNLOCKED:
Lingering in the shadows

Fear not Villager, for I Luna Bellaria... ehr... Butterfly, am now here to save the day!

Thank you so much Luna Butterfly! I can not thank you enough!

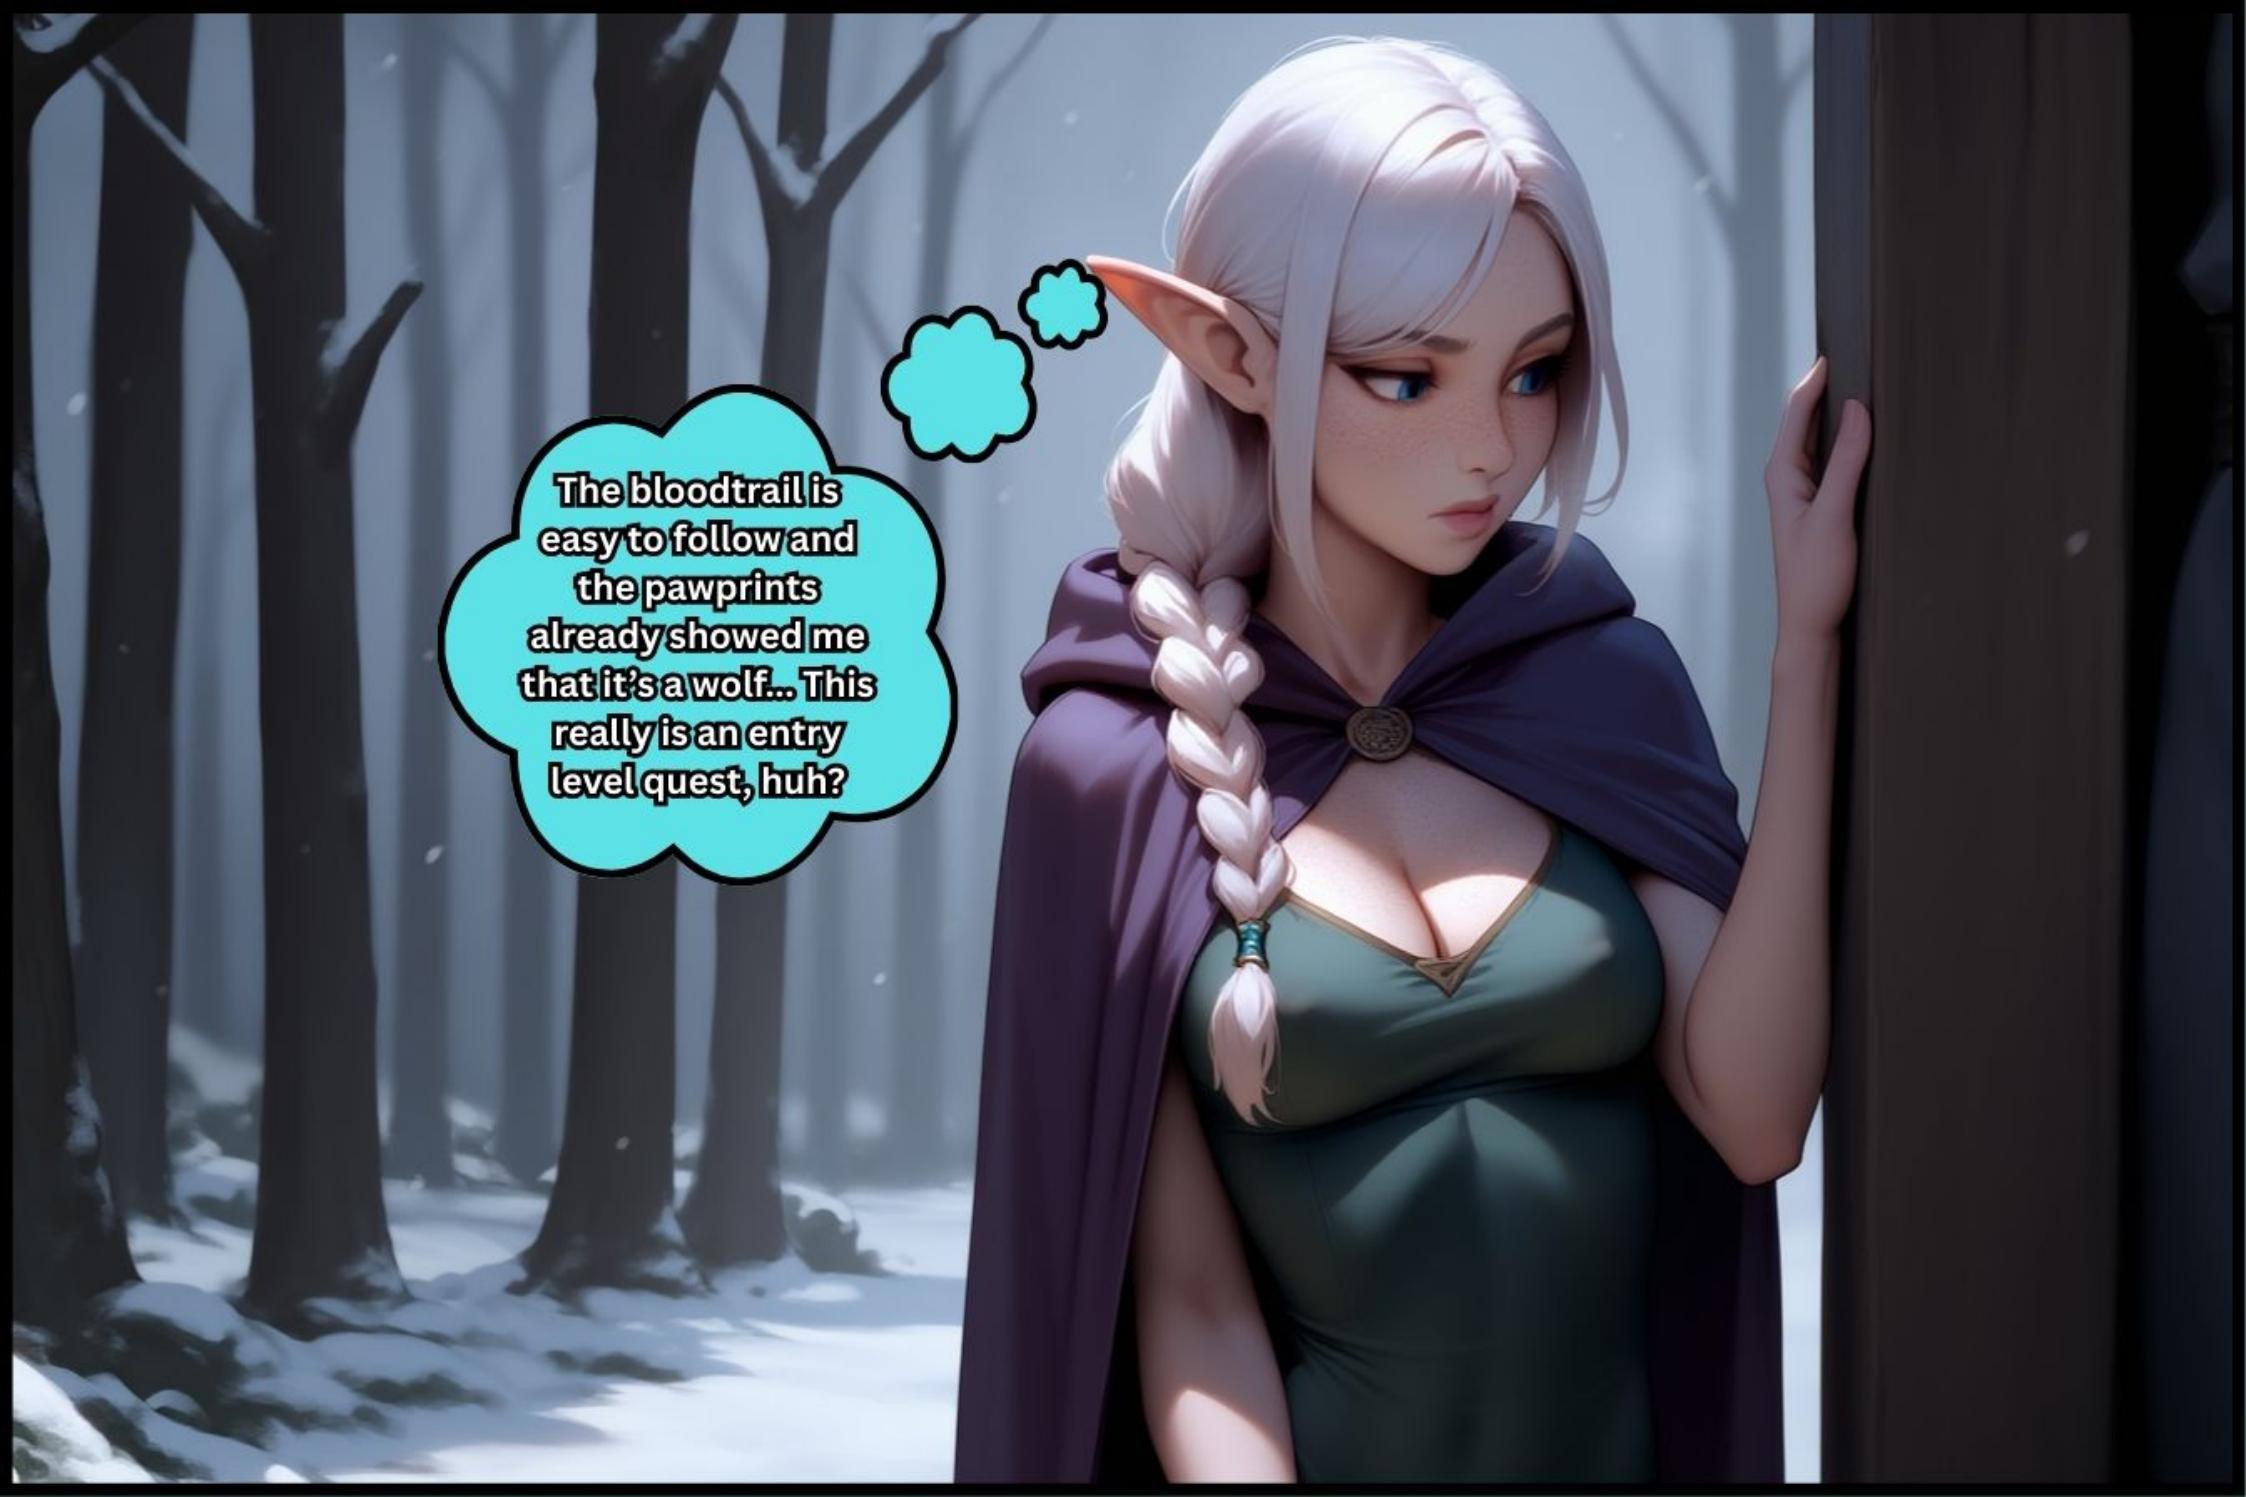

Wow. The AI recognized and repeated my name in the old men's voice! Awesome!

For your efforts you will also be rewarded with 200 Edna.

The currency, huh? Is... is that a lot?

It's all we can spare... but no, not really.

**The bloodtrail is
easy to follow and
the pawprints
already showed me
that it's a wolf... This
really is an entry
level quest, huh?**

I can already hear it...
and also smell it? It
smells like... blood?
Holy shit! It must be
right around the
corner. Good thing
there is this tree I can

I don't want to

Please let this
be a oneshot!

Don't hurt me!
I just got this
body!

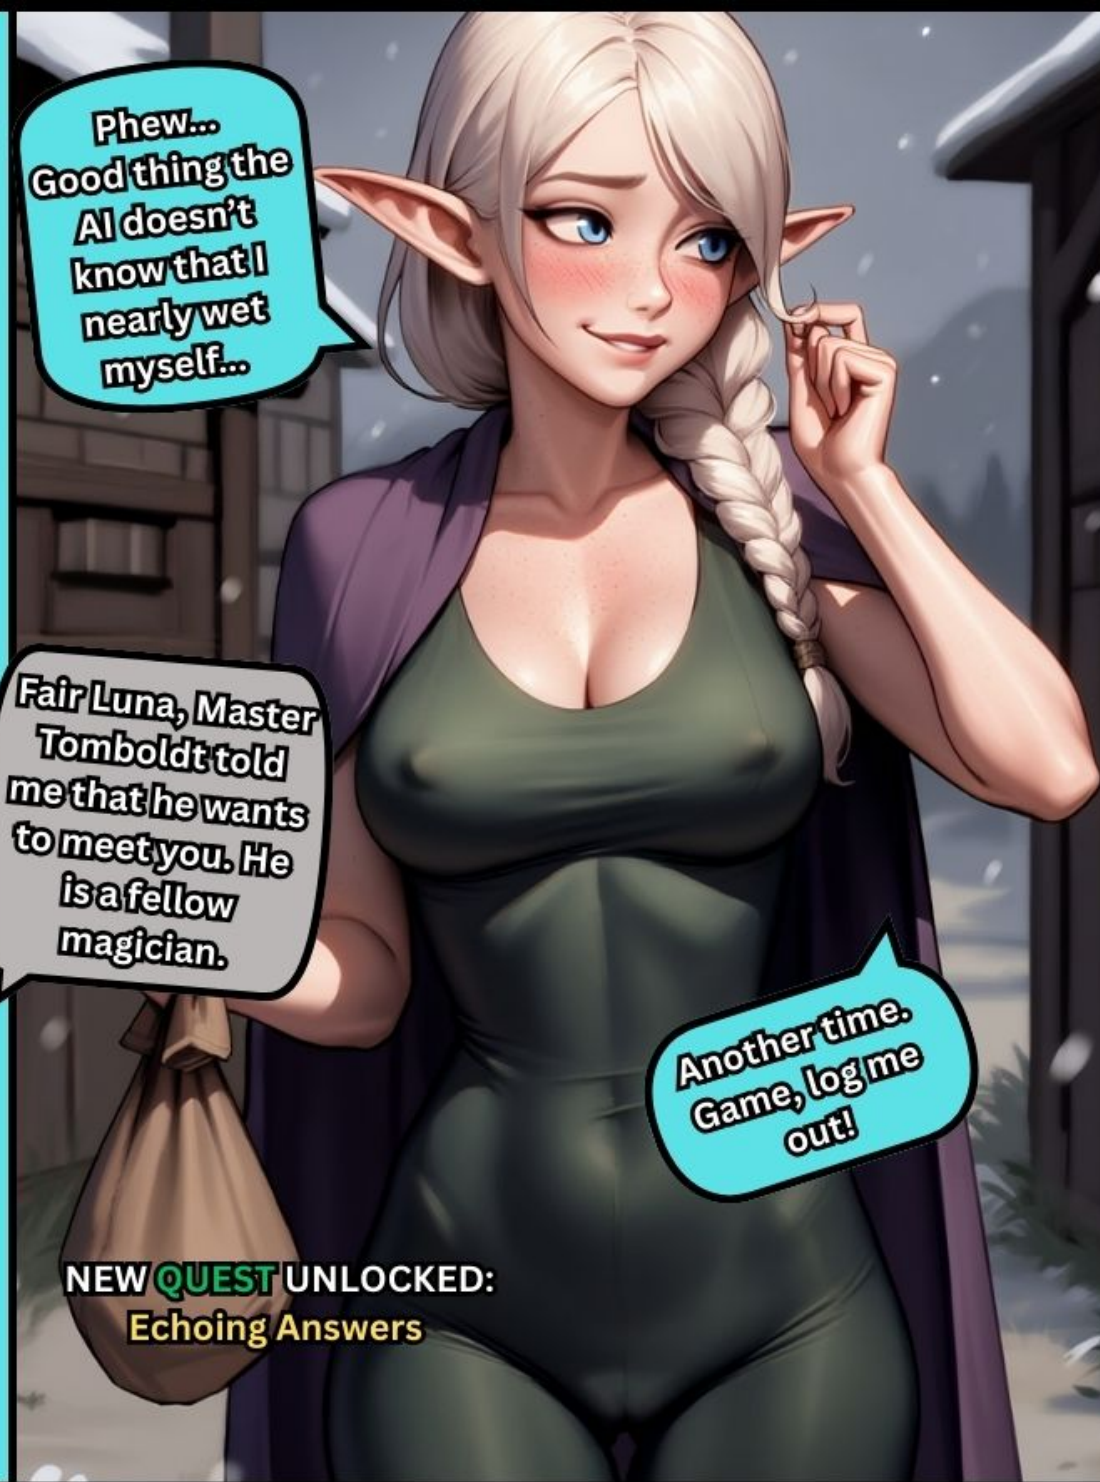

Oh brave Adventurer! Thank you so much! I will always remember the fair Luna who saved us from the Darkwolf!

Oh... I help wherever I can. Farewell fellow villager.

Phew... Good thing the AI doesn't know that I nearly wet myself...

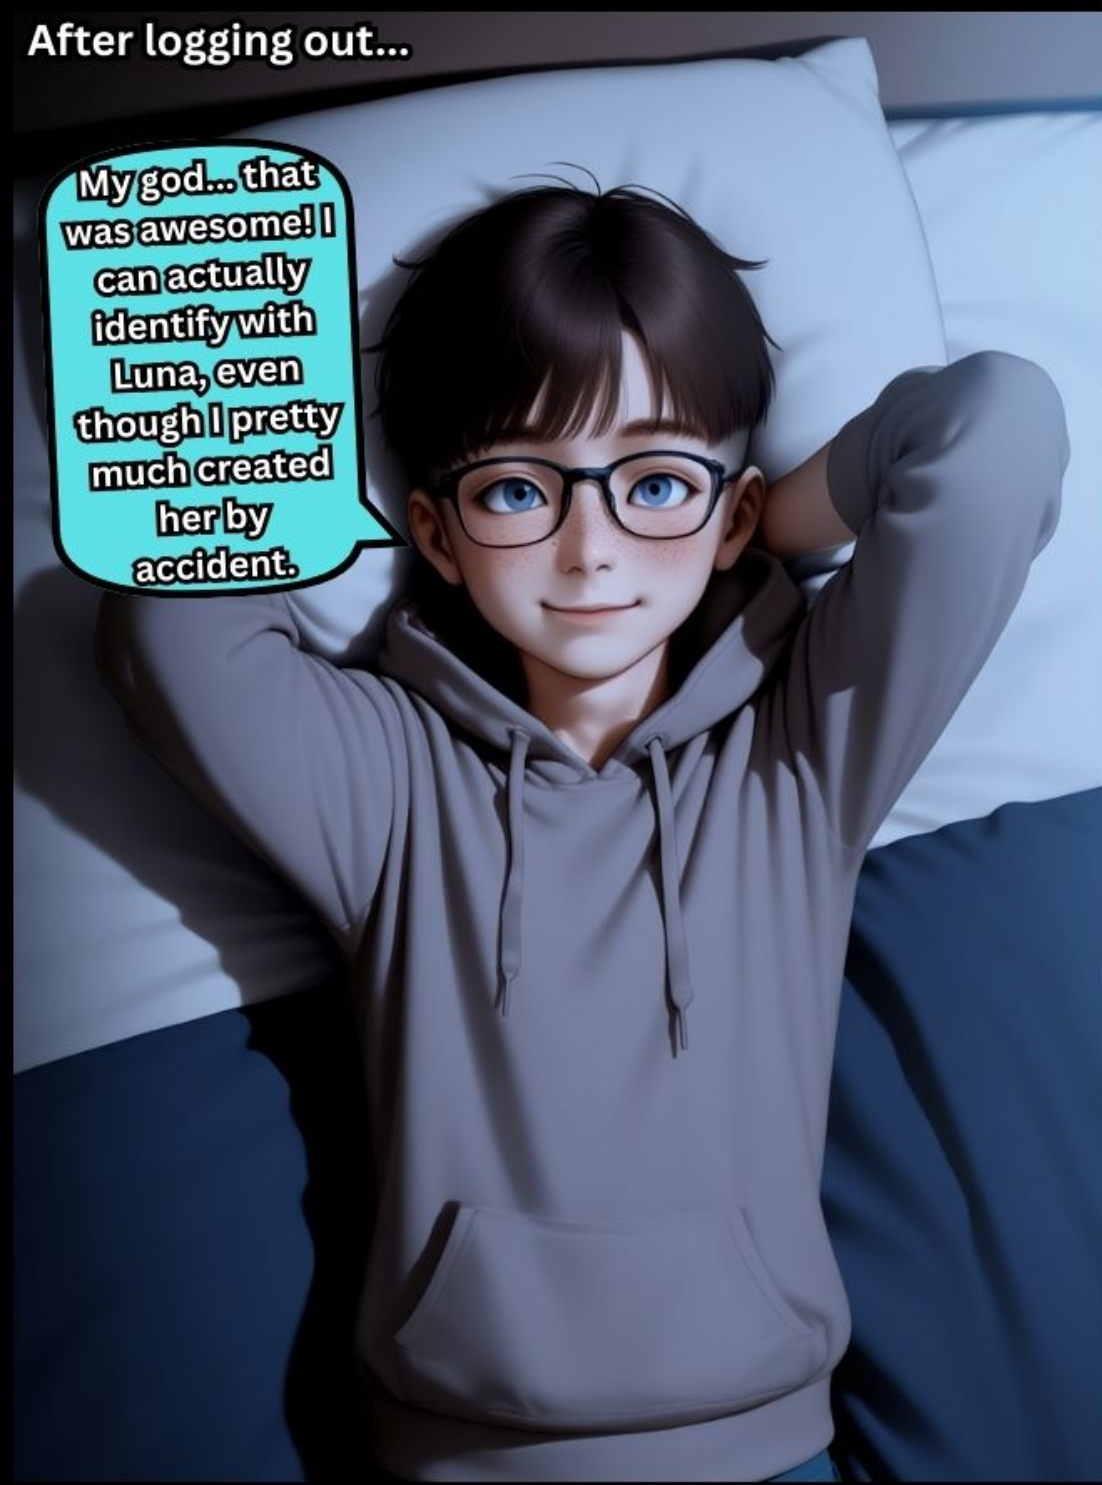

Fair Luna, Master Tomboldt told me that he wants to meet you. He is a fellow magician.

Another time. Game, log me out!

NEW QUEST UNLOCKED:
Echoing Answers

After logging out...

My god... that was awesome! I can actually identify with Luna, even though I pretty much created her by accident.

The next day...

This is probably the dumbest thing I've ever done.

30 minutes later...

Damn... I actually look a little bit like her now.

Hey there boys. Who wants a piece of this tasty elf cake?

Thank god
nobody heard
that... fuck...
why am I
aroused now...

Later at work...

Mark...? Damn
you look
different today! I
almost didn't
recognize you.

Hehe... yeah...
kinda impulsive,
but I wanted to
resemble my
journey character
a bit more and to
be honest, I kinda
dig it.

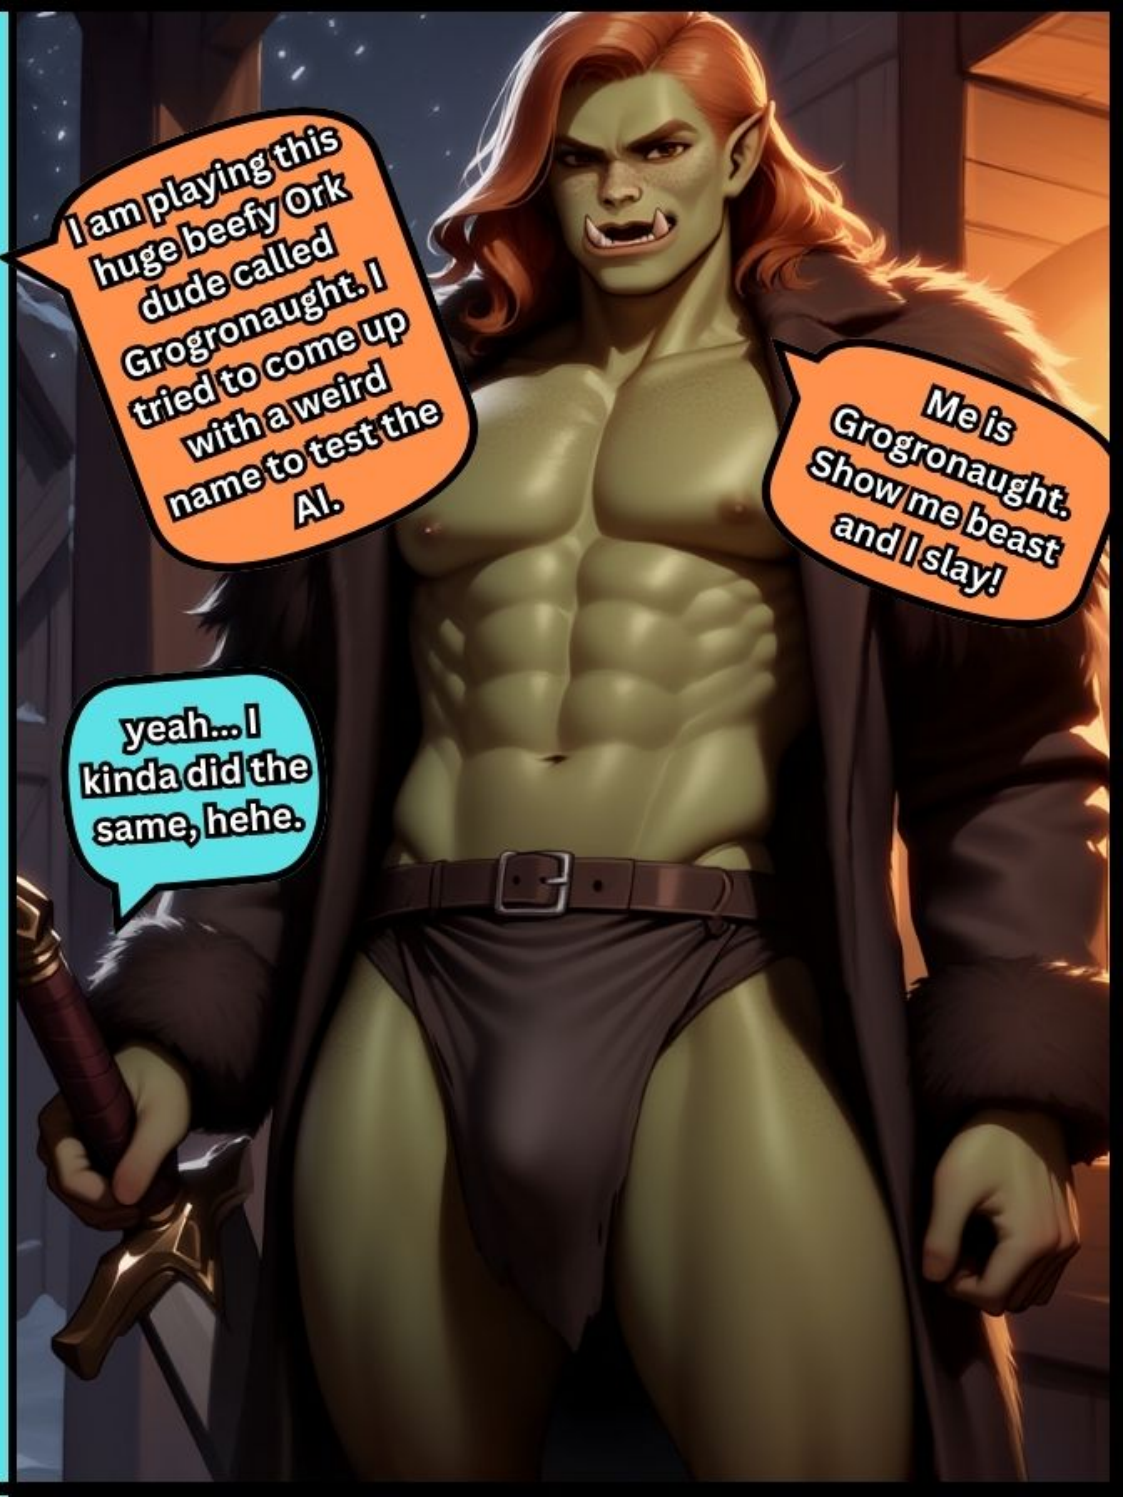

neat!

Oh my god, dude. Journey is SO AWESOME! I didn't get too far, because the key took ages to arrive.

Hehe, yeah same.

I am playing this huge beefy Ork dude called Grogronaught. I tried to come up with a weird name to test the AI.

yeah... I kinda did the same, hehe.

Me is Grogronaught. Show me beast and I slay!

I am talking like yoda or an idiot or something. And when the Darkwolf attacked me, I was nso excited and I swooshed and cut it in half!

excited swoosh noises

Awesome. I... uhh... froze it in place.

I created a cute elf girl. Her name is Luna Bella- uh... something... Butterfly. She is an ice mage!

PFFFT!

friendly laughter

LUNA BUTTERFLY?!
Oh my god, that is the cutest dumb name ever! Are you a Brony or somehting?

No, I'm definately not. I just kinda came up with it on the spot. It's cutesie, but that's the name now.

I need to get back on my report. Let's talk again later. Can't wait to get back to JOURNEY!!!

Nighttime at work...

I can't wait
to finally
get back
into it!
Maybe I
should
order pizza
to the office
later.

Inside the game...

Luna Bellaria Butterfly. I am very pleased to meet you. Master Tomboldt is my name. I travel around the country to help out inexperienced magicians. If you go to the crystal cave nearby and dive to collect white crystals, I can provide you with your first staff.

A dungeon?
And I'll need
to swim?
Are there
any
dangerous
creatures in
the caves?

Not as far as I
know.
But can one ever
be sure?
I am sure you will
be able to defend
yourself!

That sounds like a
yes... I hope
drowning doesn't
feel as realistic as
the rest...

Later inside the cave...

It took me almost an hour to find the friggin entrance. The game really should consider adding map markers for noobs like me...

This is crazy... I can actually feel how tired my legs are... I wonder what else... I mean...

Oh god...
You were
guarding the

I actually need
to swim there...
I don't want to
swim there...

20 minutes later...

Looks like there is no way around it... Don't worry Mark... I mean Luna. The developers wouldn't want to include trumatic experiences. You won't feel like drowning, even if your body feels so incredibly real...

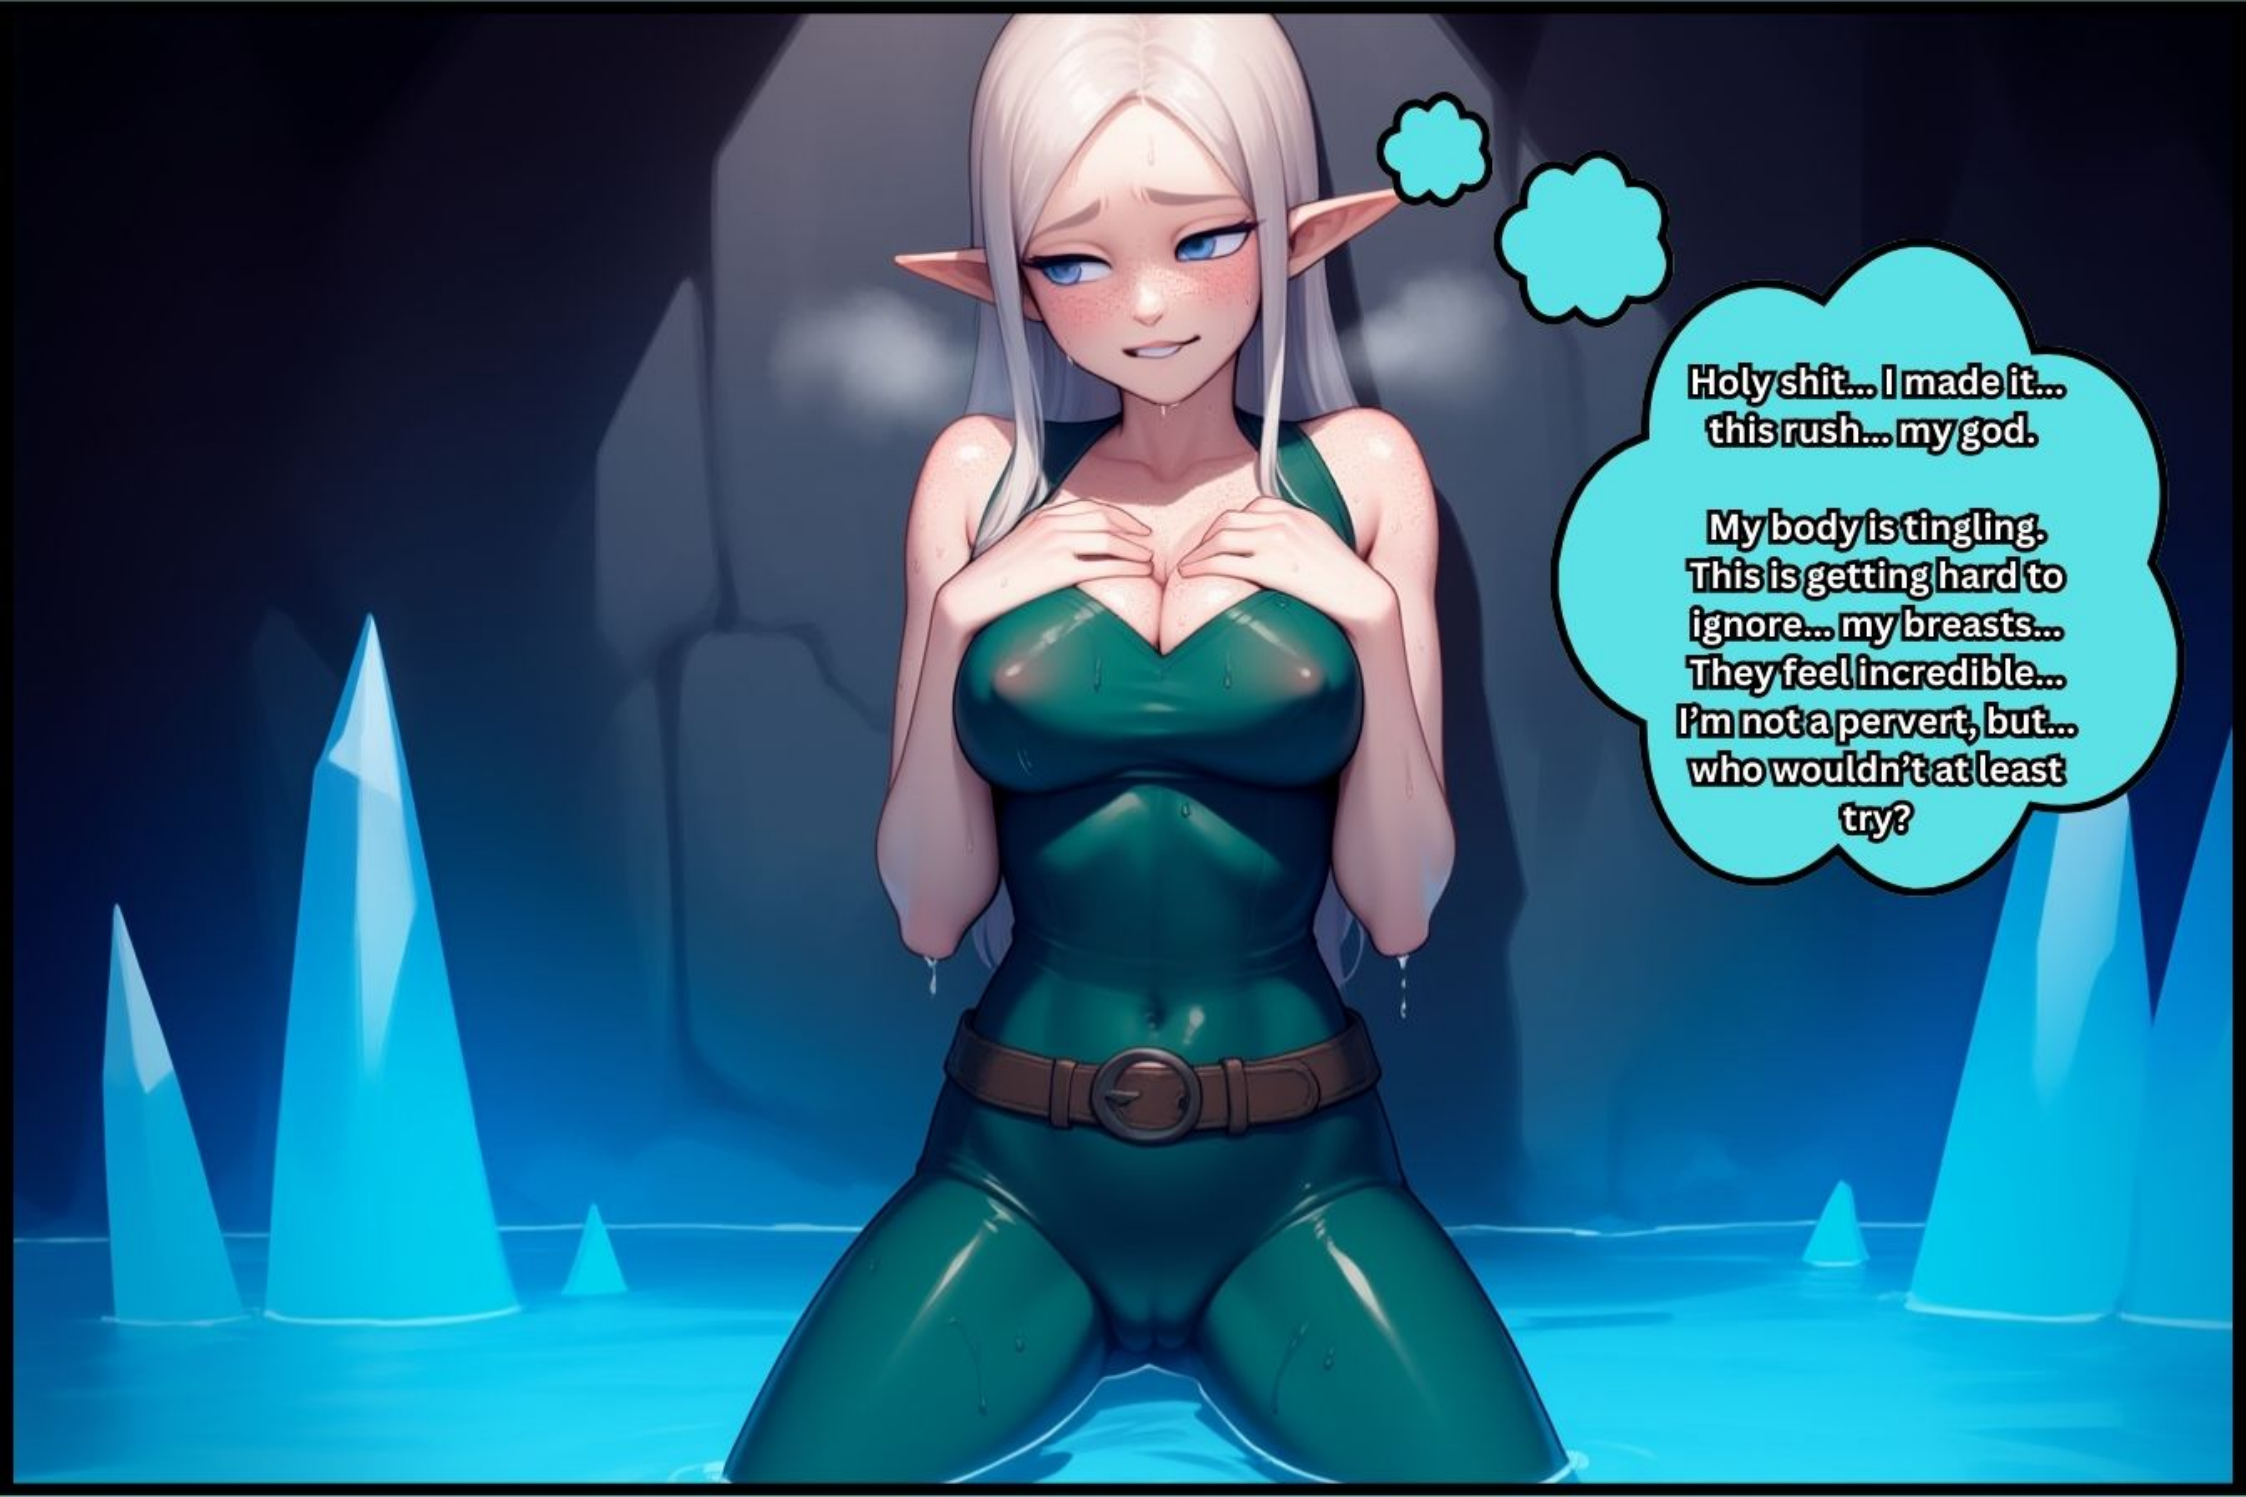

The game actually makes you believe that it's your real body...
Just take a deep breath and then go...

Holy shit... What am I doing? I'm still in the office and I ~ oh god. OH GOD!

One week later...

Sorry for
having taken
the week off...
I needed time
for myself...

fuck... my
butt is still
sore...

Don't worry...
Grognaught
is already Lvl. 7

already.

Star
dragons,
huh? I've
only
managed to
complete
two quests
so far.

It's alright. You
were sick after
all. I dig the new
style by the way.

Back in the game...

Please, Adventurer. There's a goblin in my barn and he's killed two of my chickens. Ill pay you 400 Edna if you get rid of him.

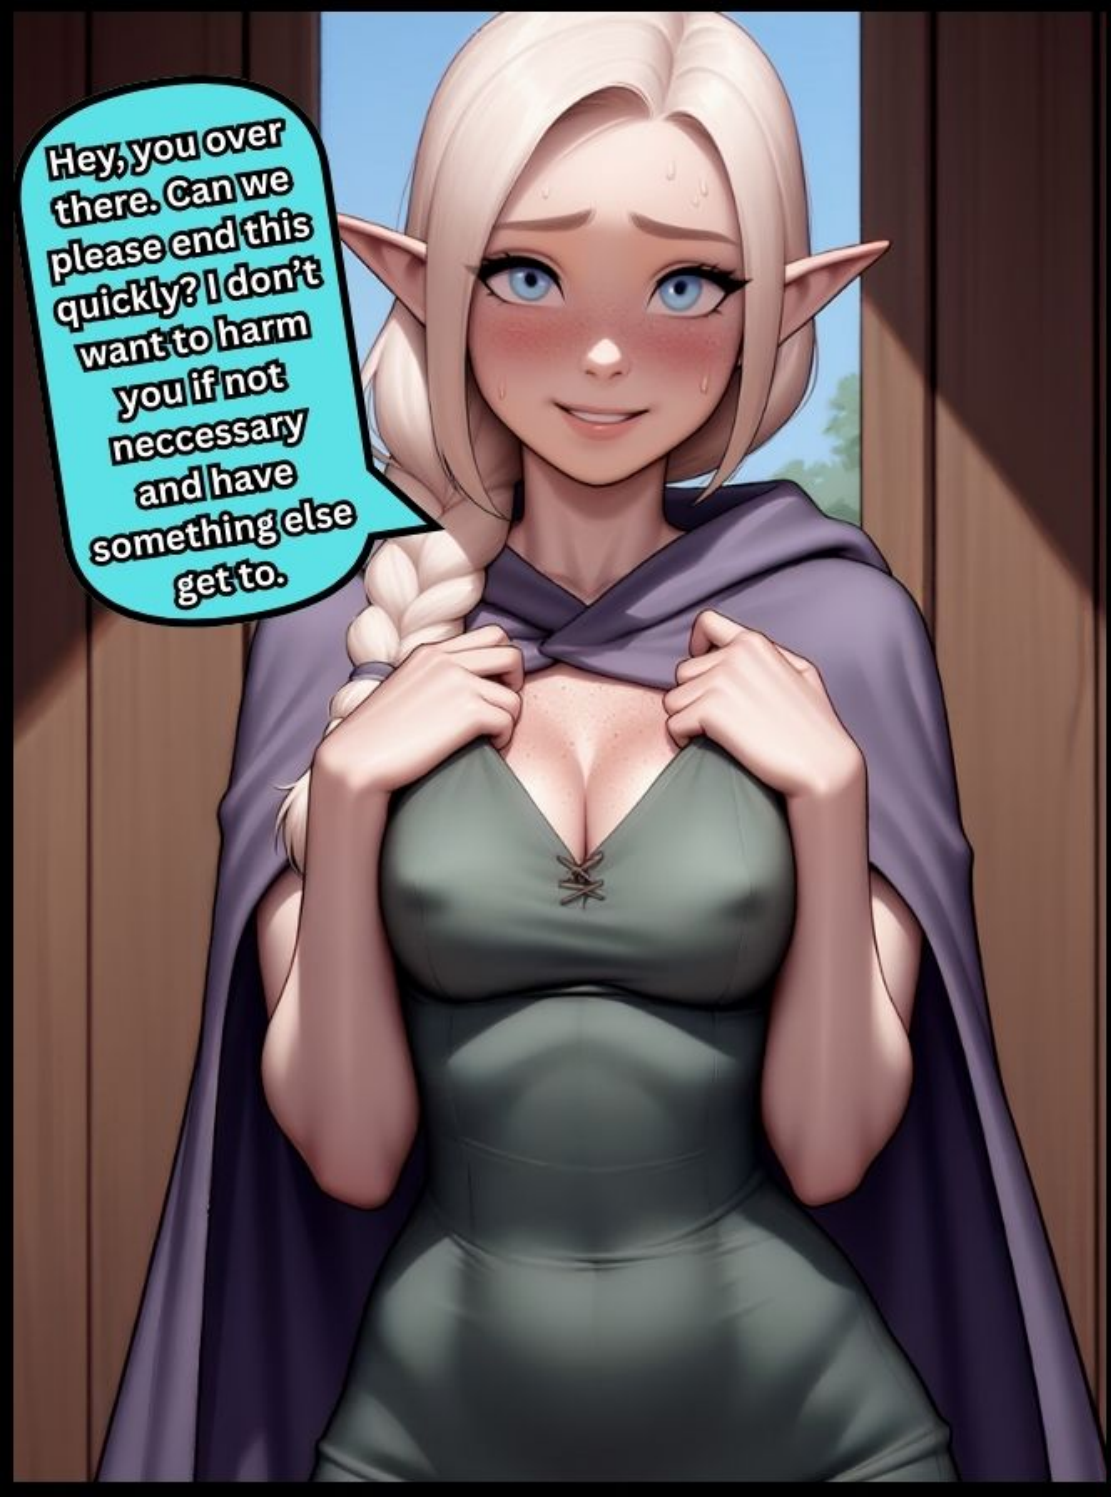

NEW QUEST UNLOCKED:
Chickening out

Holy fucking shit, I missed those two!

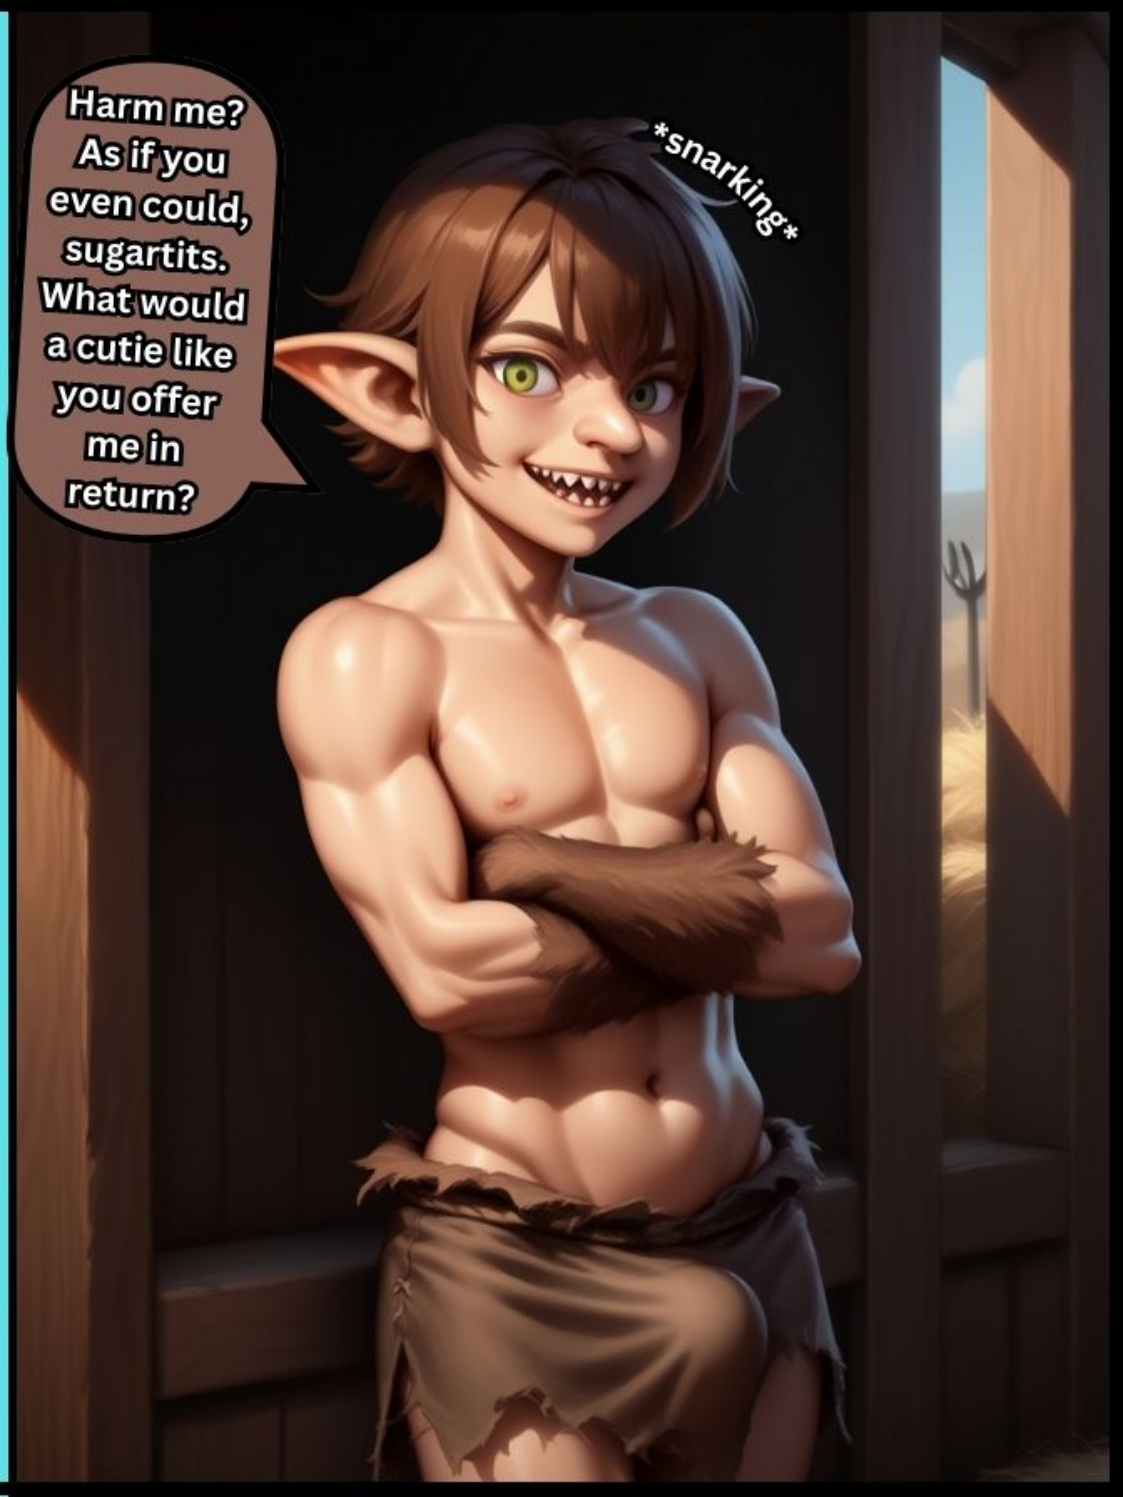

Are you even listening young lady?

Just keep talking. This is an important reunion for me, lady!

...

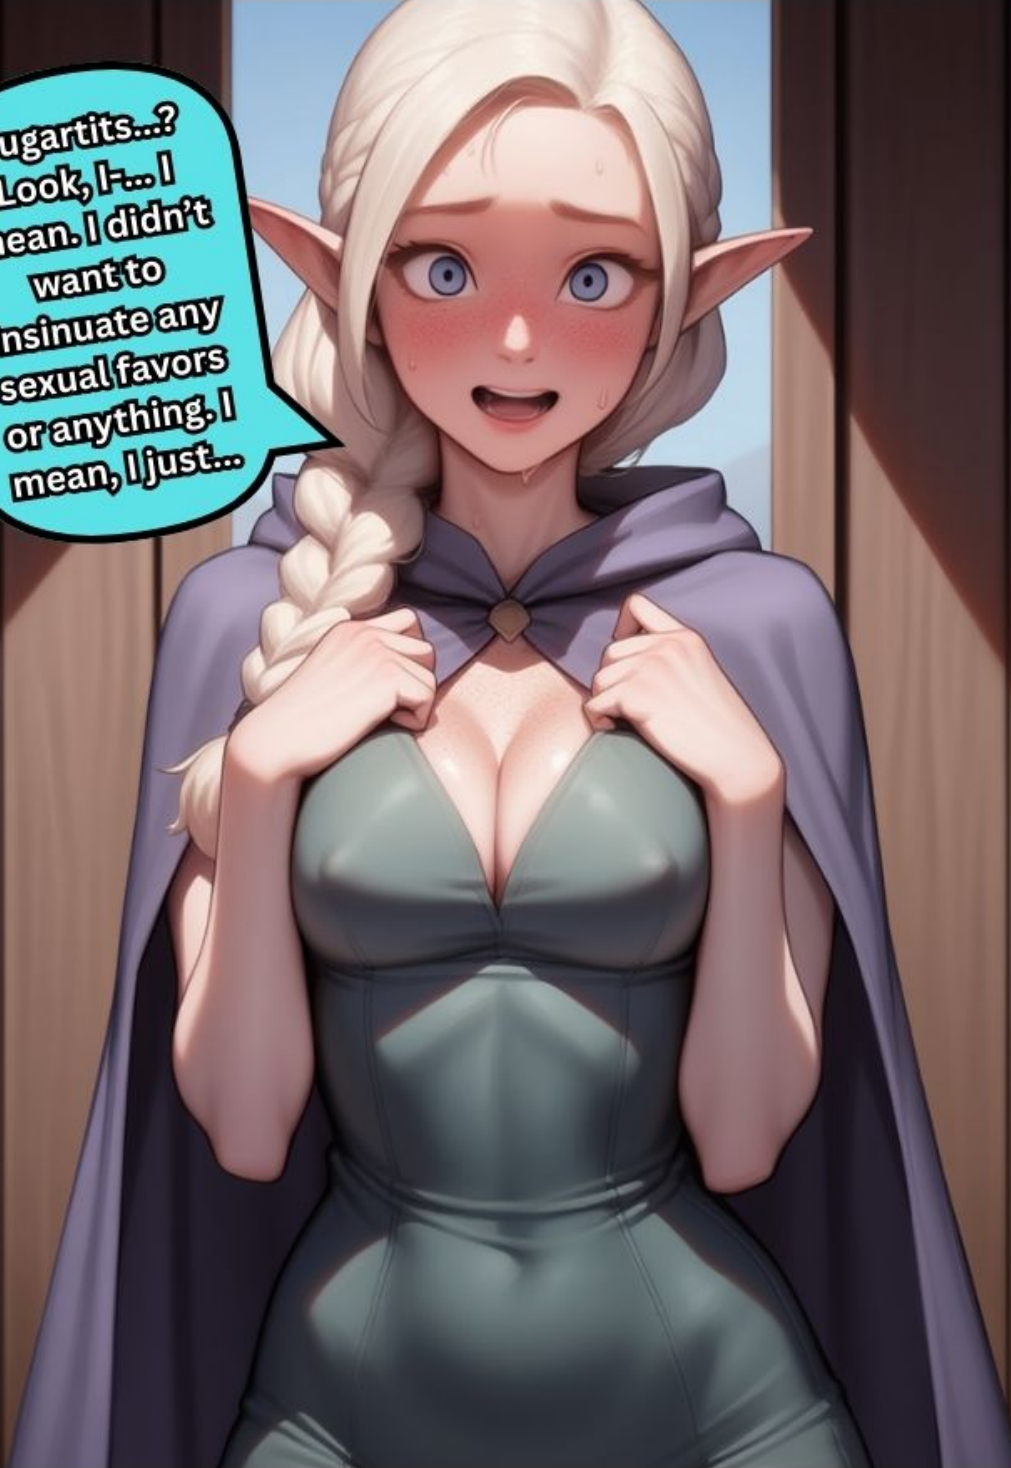

Hey, you over there. Can we please end this quickly? I don't want to harm you if not necessary and have something else get to.

Harm me?
As if you even could, sugartits.
What would a cutie like you offer me in return?

snarking

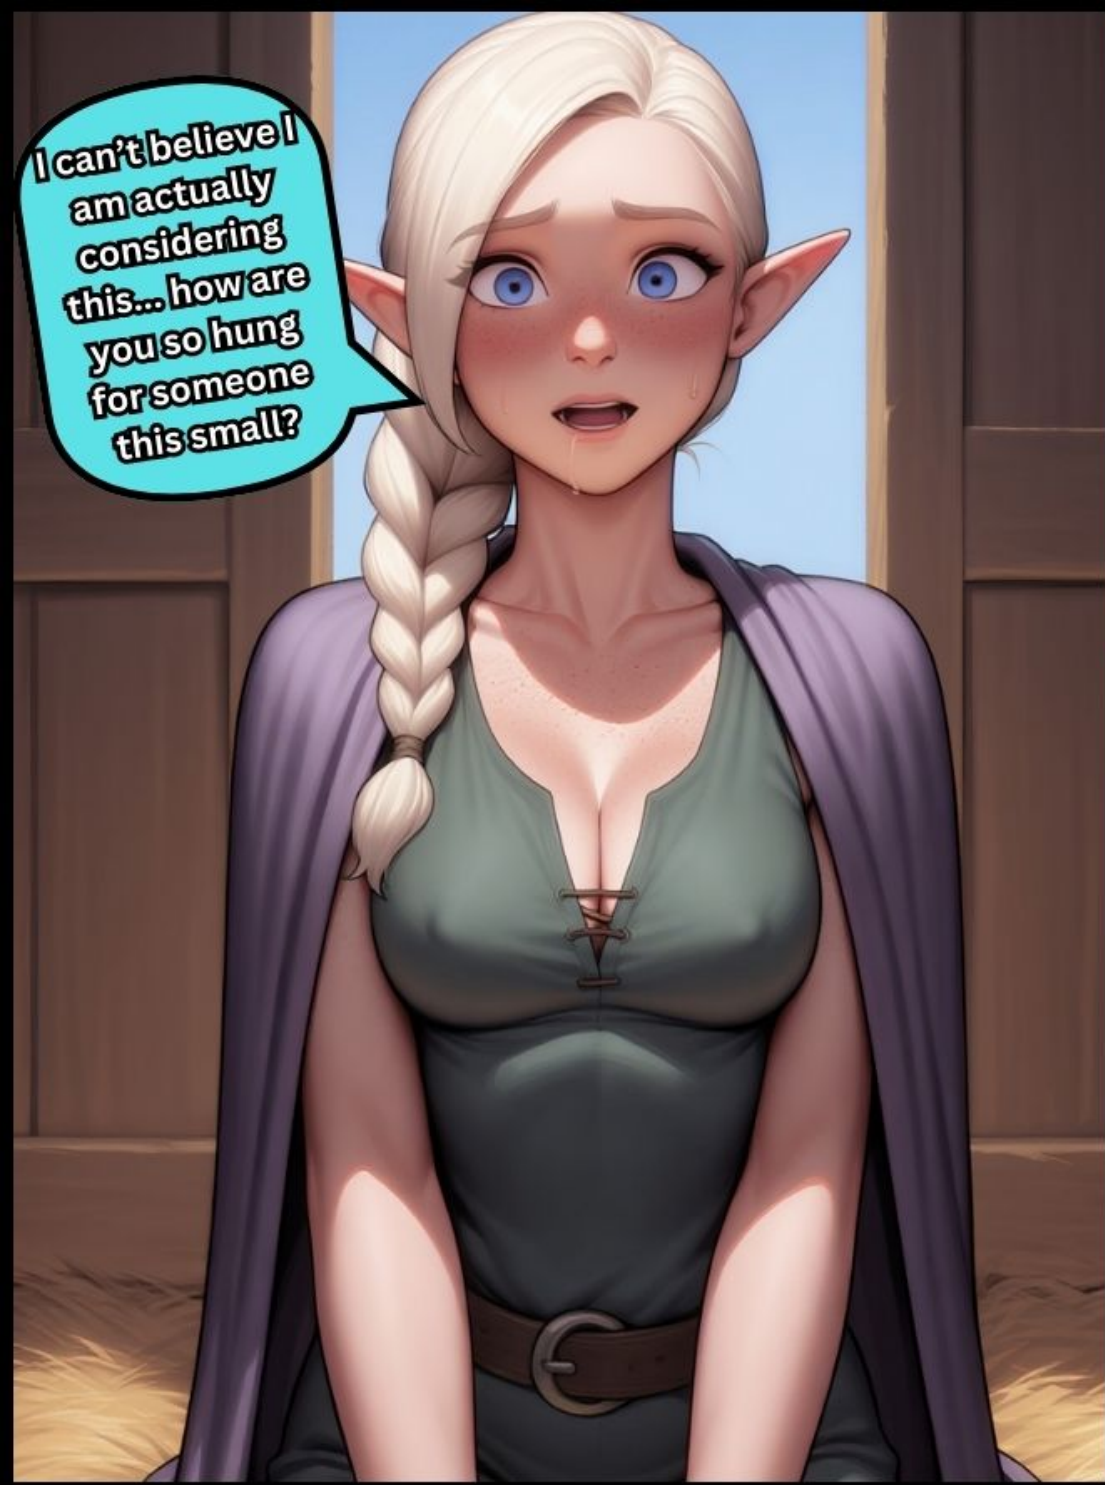

Sugartits...?
Look, I-... I
mean. I didn't
want to
insinuate any
sexual favors
or anything. I
mean, I just...

Are you
sure?
Because it
really looks
like you
don't hate
the idea. It's
your choice,
really.

Holy
fuck...

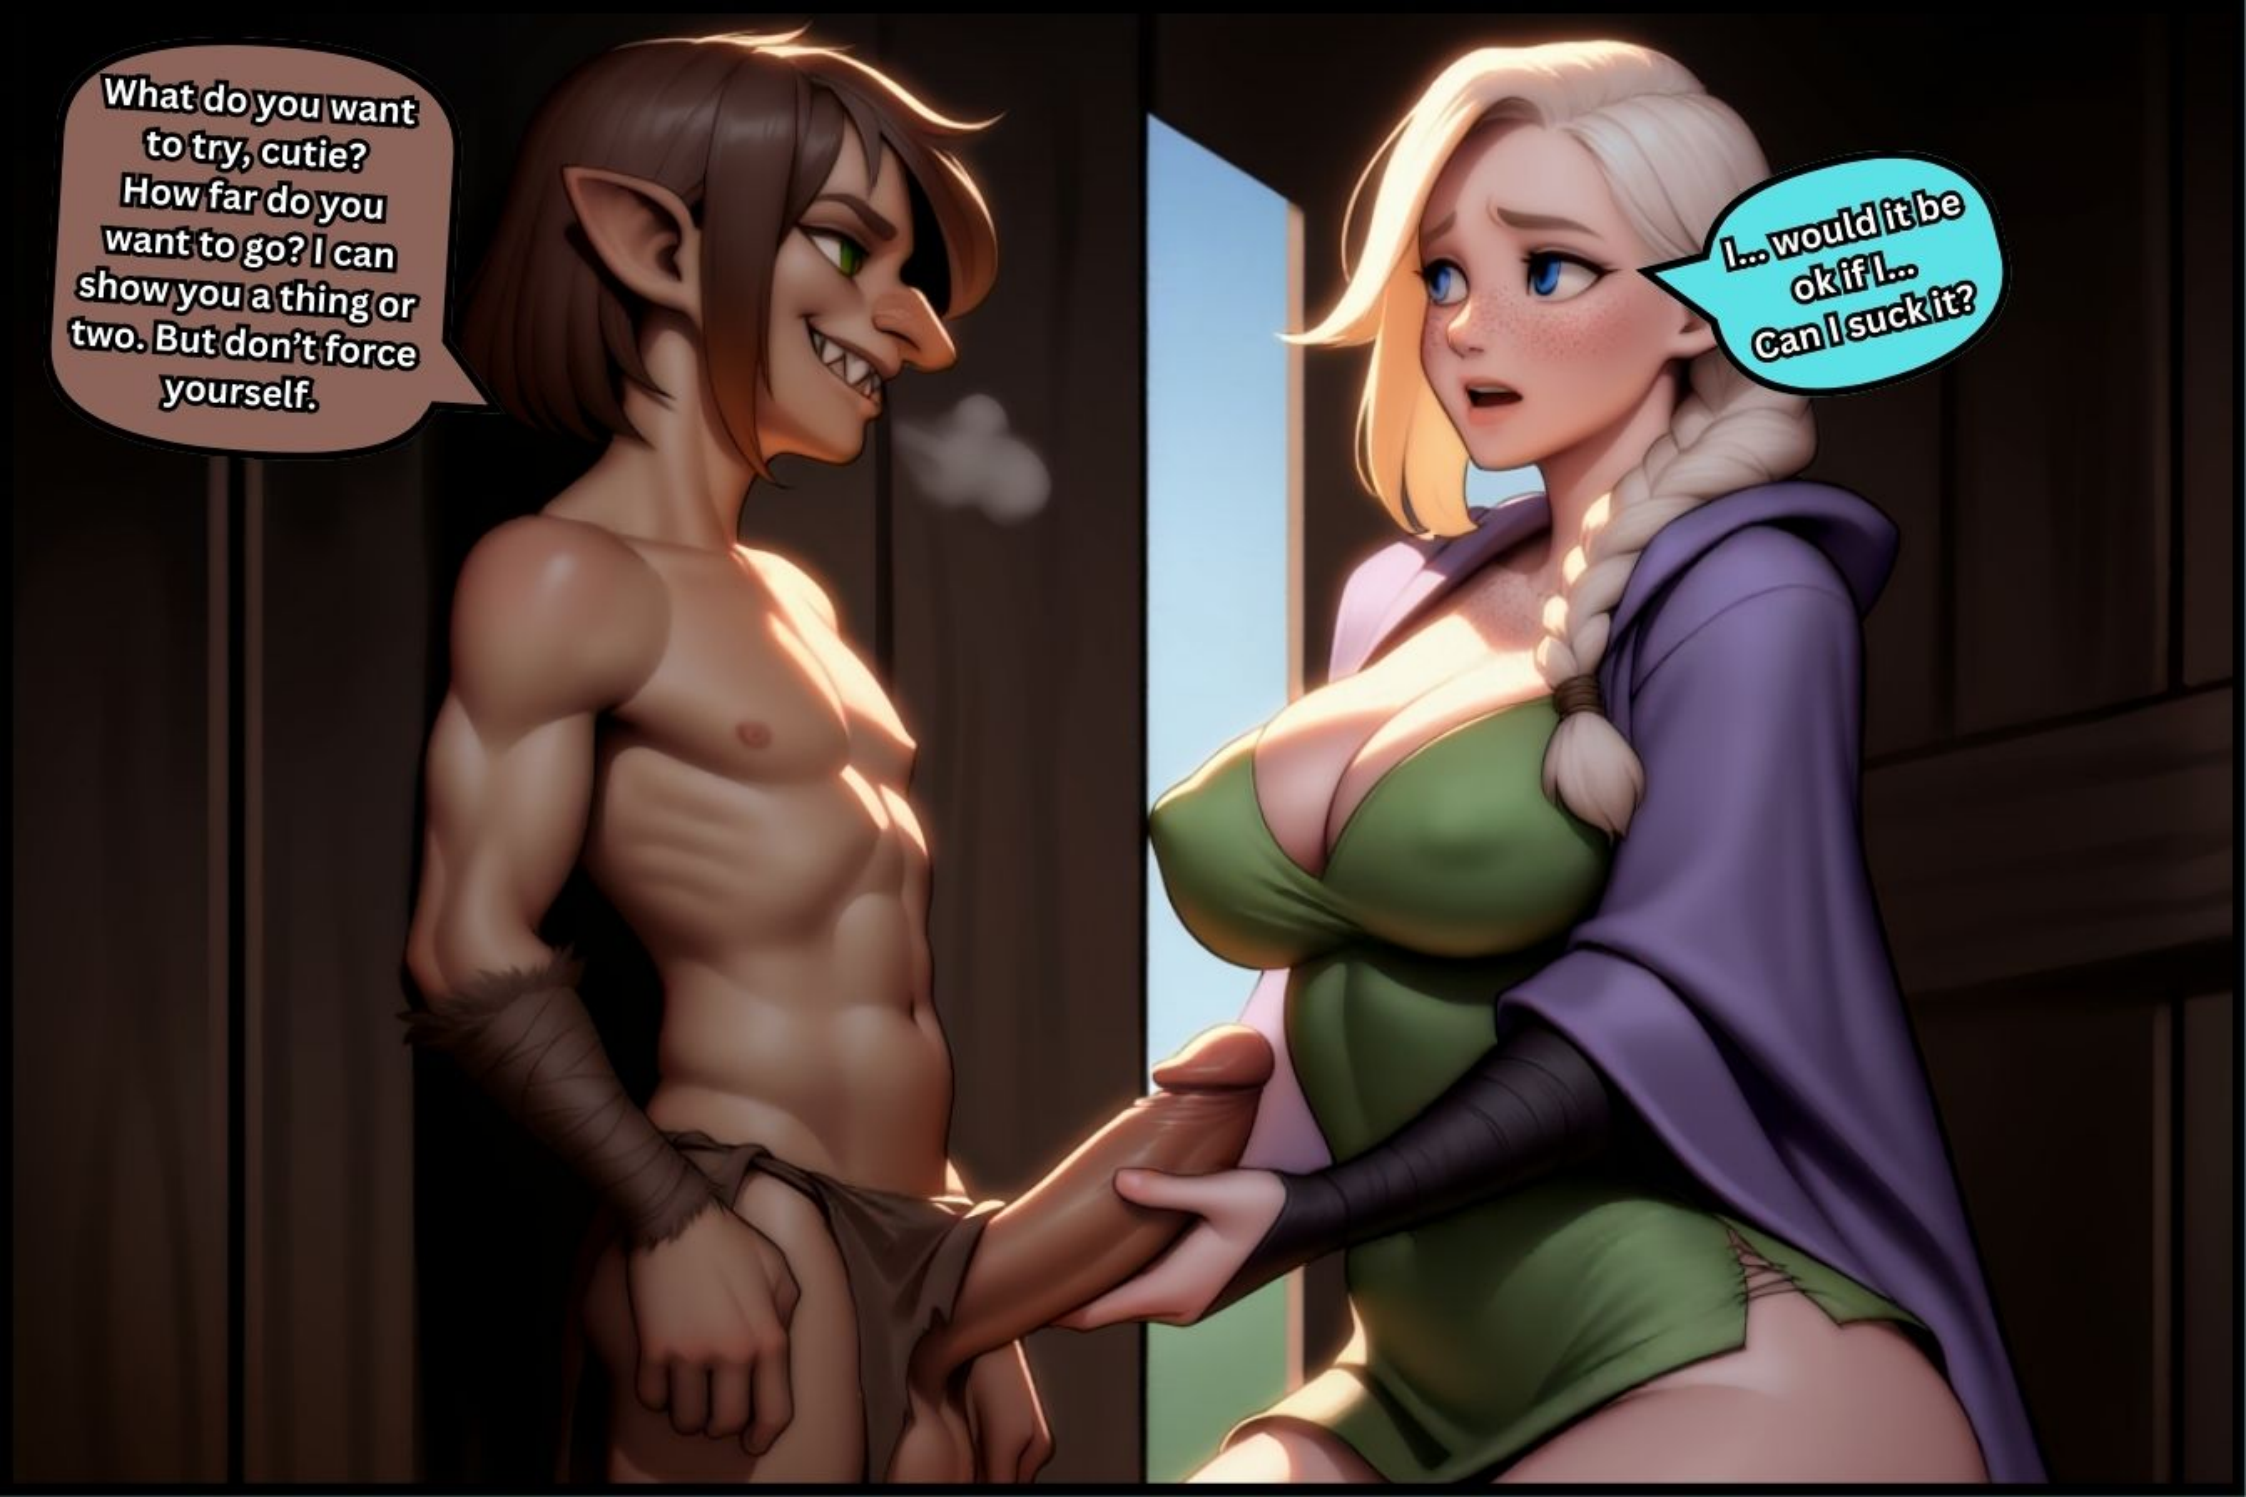

I can't believe I am actually considering this... how are you so hung for someone this small?

Good genes, cutie. Haven't you ever seen a dick before? You don't seem to know how to handle the situation. Go ahead. Just grab it.

...

A comic book panel featuring two characters. On the left is a muscular, shirtless elf with brown hair and pointed ears, wearing a loincloth. He is smiling and holding a large, brown, phallic object. On the right is a woman with long blonde hair in a braid, wearing a green dress and a purple cape. She has a surprised or nervous expression. The background is a simple wooden interior with a window showing a blue sky. Two speech bubbles contain text.

What do you want to try, cutie? How far do you want to go? I can show you a thing or two. But don't force yourself.

I... would it be ok if I... Can I suck it?

Good girl! Don't think too much about it. Just do what your heart tells you to do.

Sweaty and salty. Is this what they actually taste like?

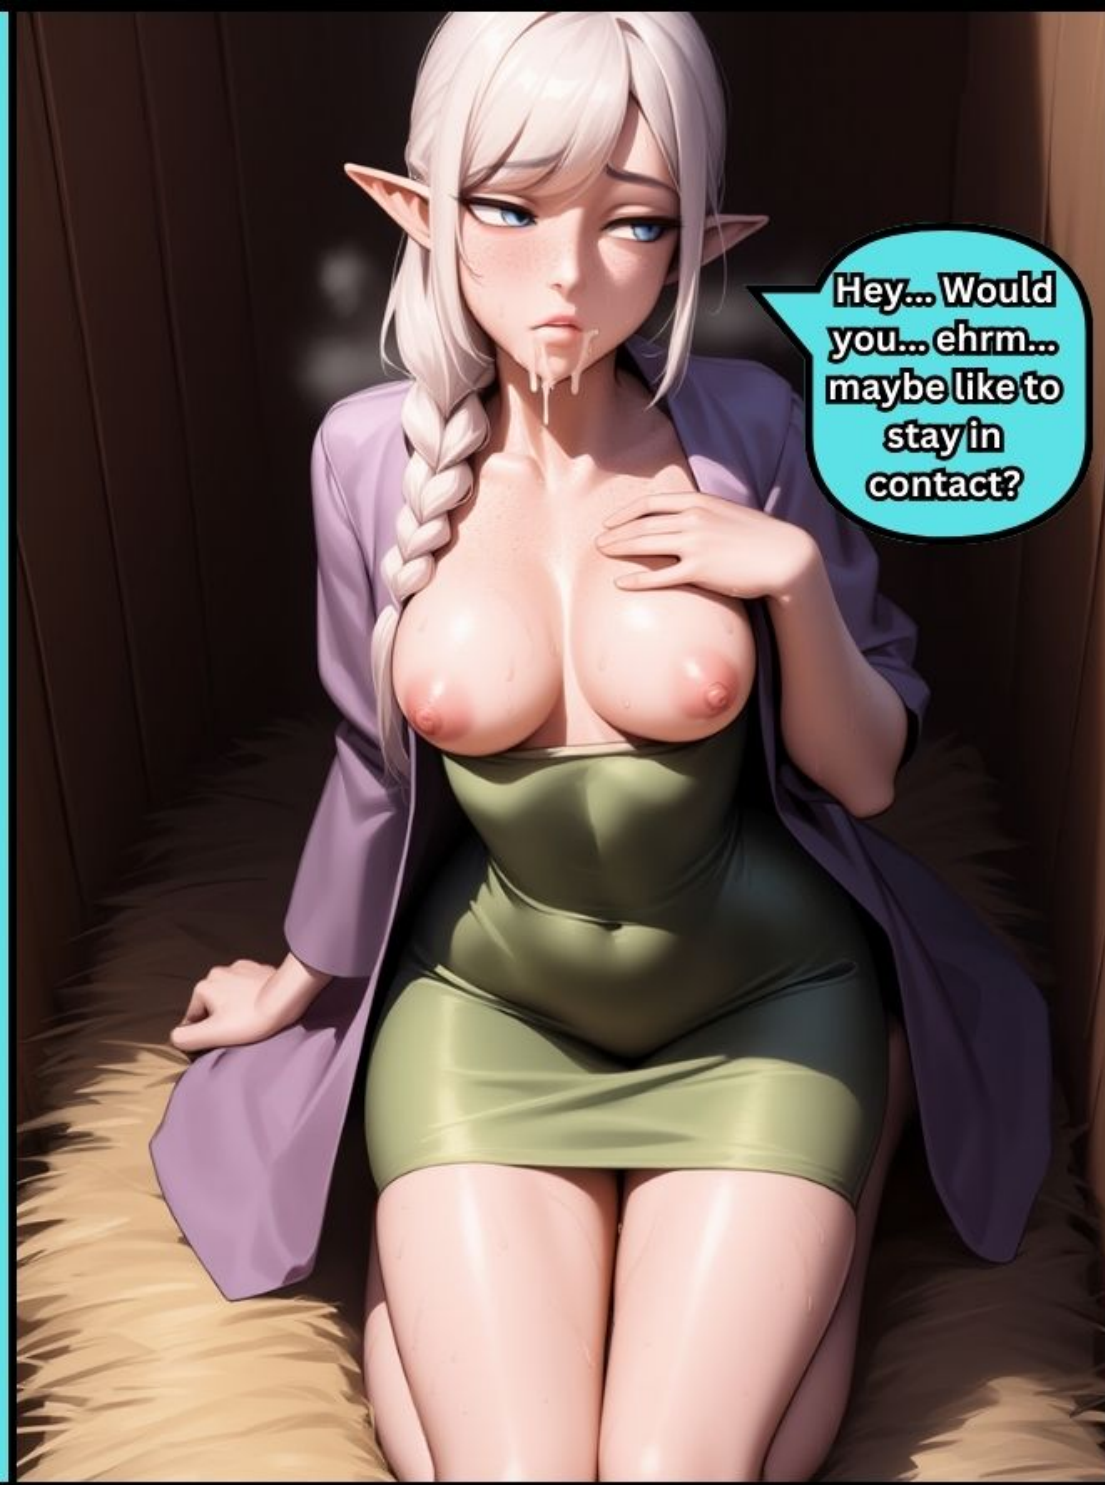

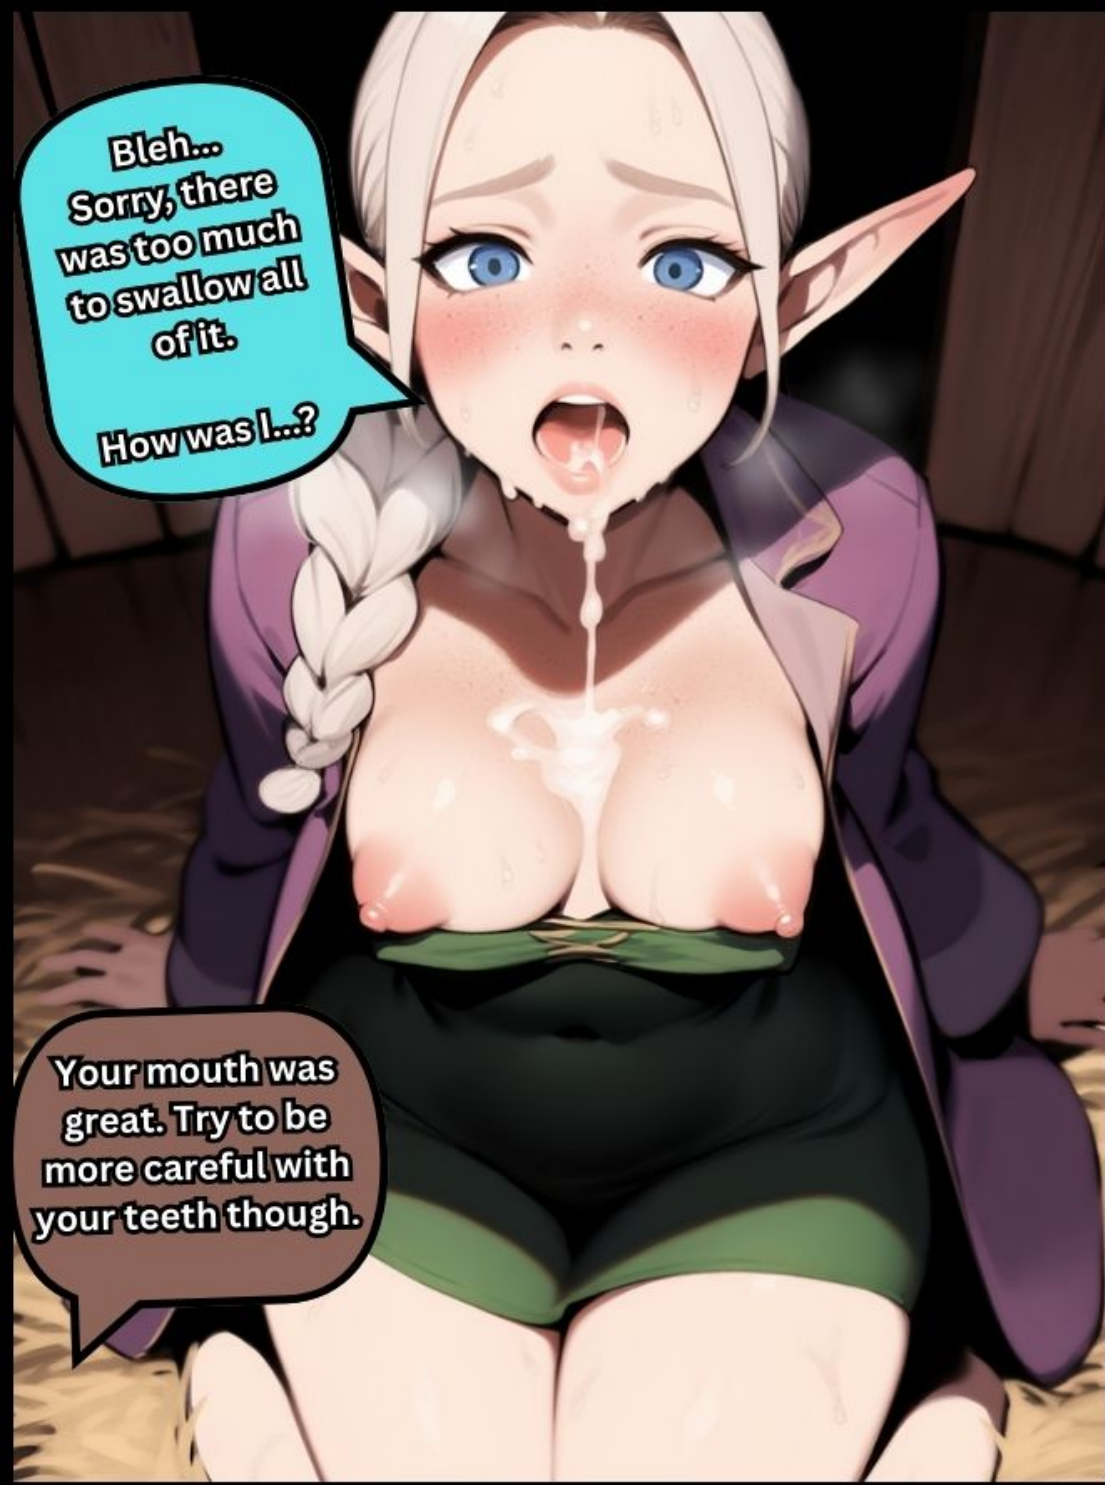

You're doing so well. I'm going to nut soon. If you don't want it in your mouth, just signal it.

If reality is even remotely close to this, I really need to try... This is much better than my dildo...

AAAHHH...
There you go! Good
job, slut!

OH GOD!
It tastes like mine!
This is amazing!
Holy shit, there's so
much...

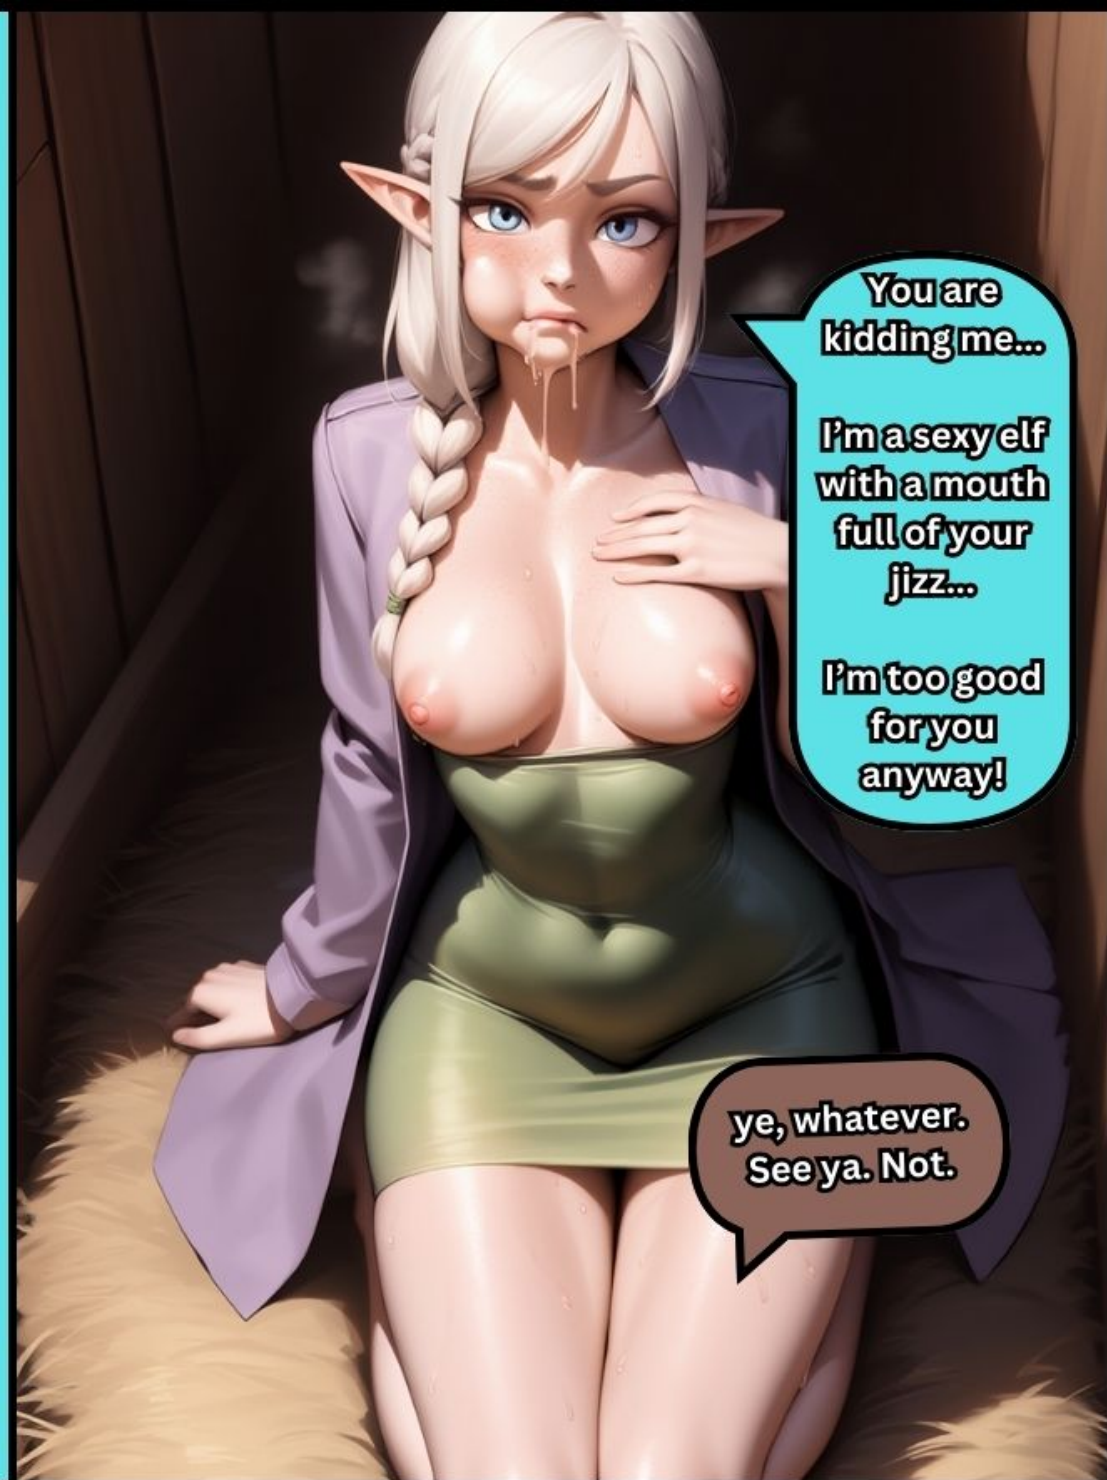

QUEST COMPLETED:

Chickening Out

Nah, sorry I am a
one and done type
of guy.
That was fun
though sugartits!

You are
kidding me...

I'm a sexy elf
with a mouth
full of your
jizz...

I'm too good
for you
anyway!

ye, whatever.
See ya. Not.

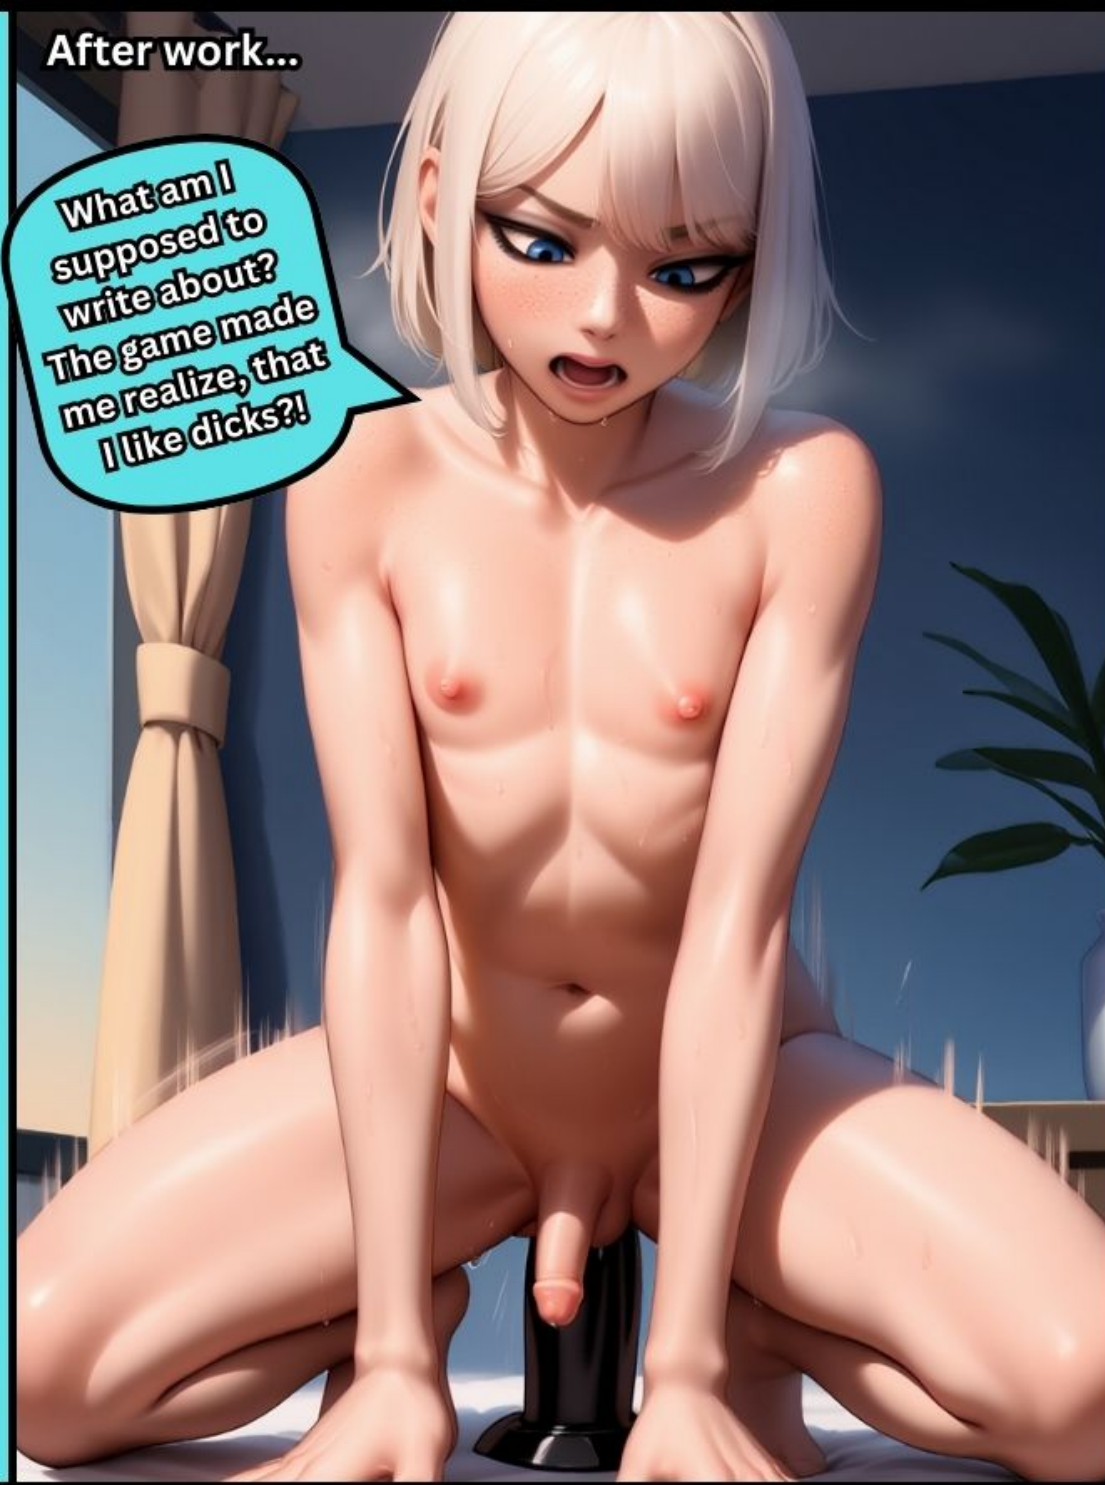

5 weeks later...

Hey boss. I heard the star dragon articles have been clicking very well.

Alina and you are doing fantastic, Mark! Now that the Alpha is about to start, some readers have asked how you two would describe how it feels like to play journey.

Haven't the developers already pretty much explained everything pretty well already?

Look... Everyone here really likes and supports you, but... it's gotten obvious that the game has had an effect on you. I was hoping you could write about that...

That I'd - OH
FUCK! - That
I'd like to be a
woman with
big jugs?! That
I haven't had
the courage to
try full on sex?

FUUUCK...
god girl... you
need it soo
bad...

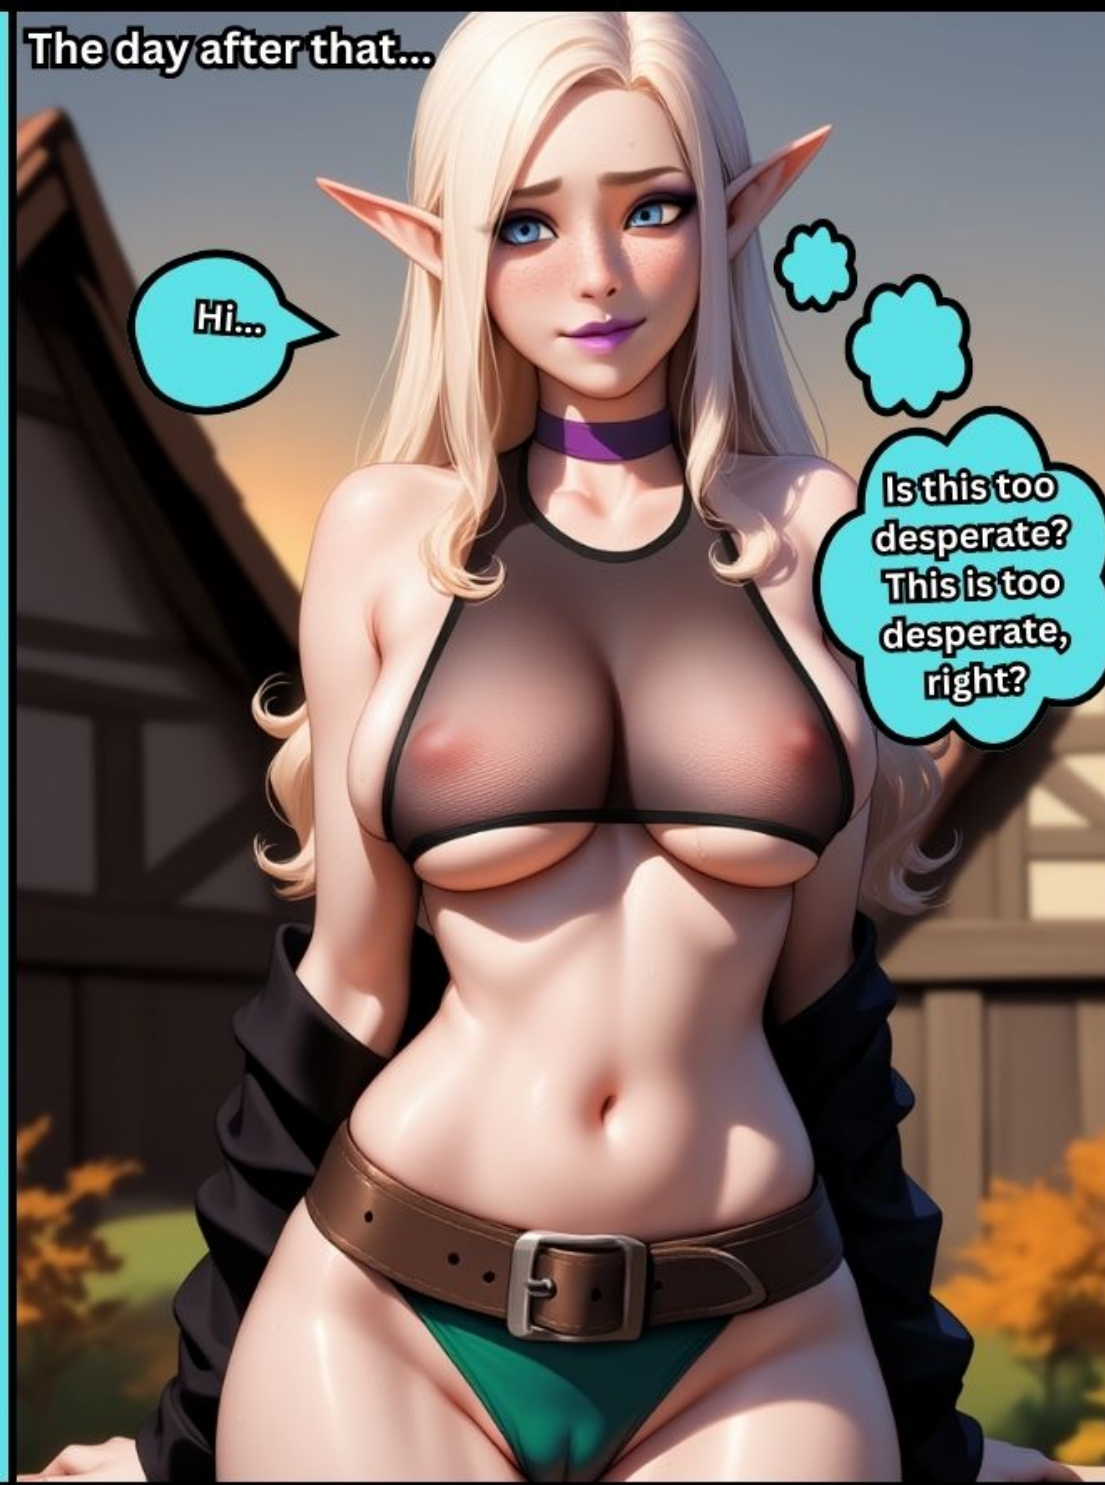

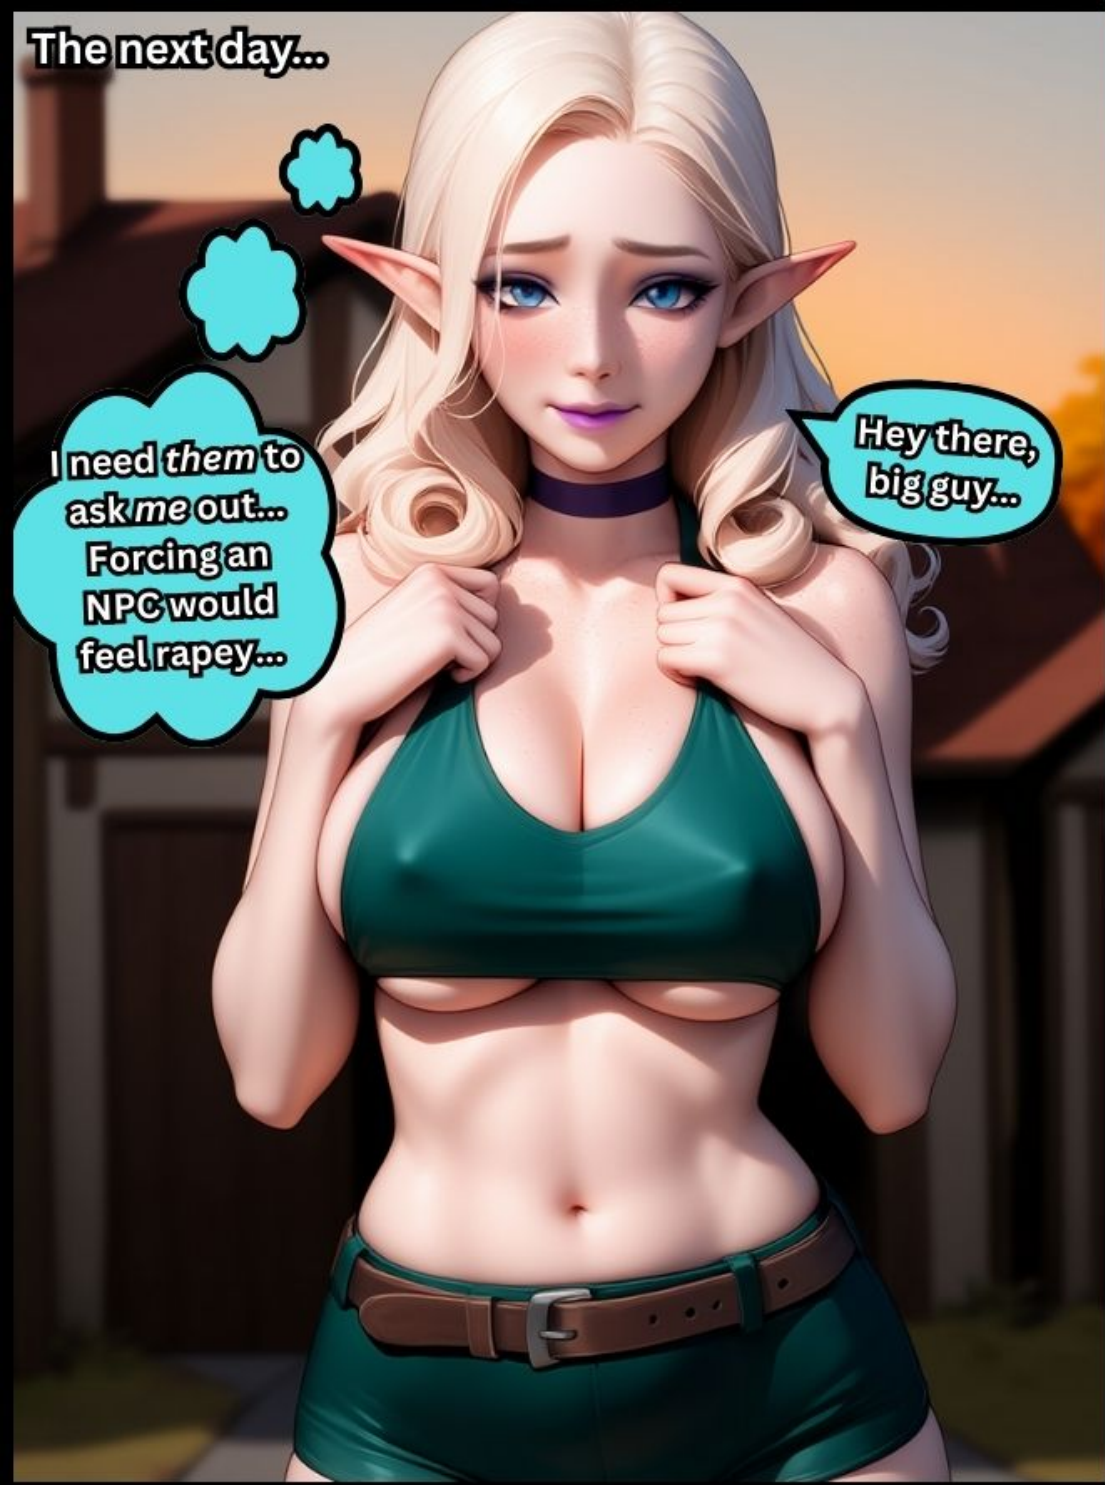

I hope the hormones start working soon...

Back in the game...

Good morning villager...

The male NPC's definitely react to the bigger tits...

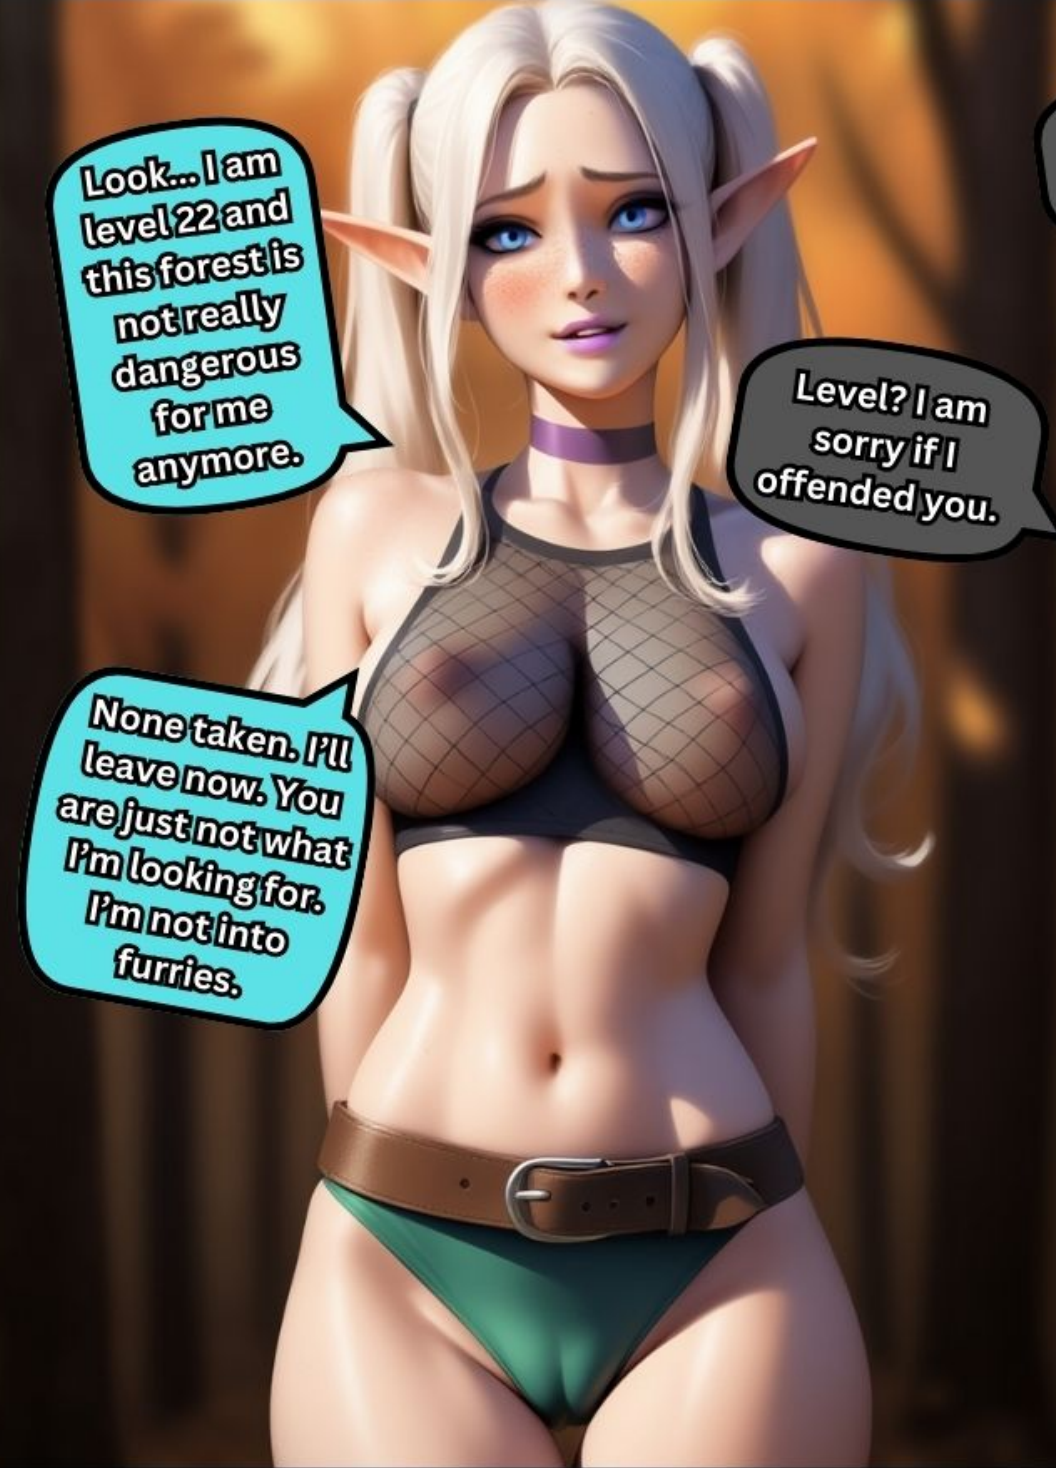

The next day in the growling Forest...

All of the villagers are too nice... I should try one of the bigger cities...

Elf girl, do you realize how dangerous it is to wander in these forests all by yourself? ... And what the hell are you wearing?

NEW SIDE-QUEST UNLOCKED:
Befriend a shifter

Look... I am level 22 and this forest is not really dangerous for me anymore.

None taken. I'll leave now. You are just not what I'm looking for. I'm not into furies.

Level? I am sorry if I offended you.

Oh... so you're looking for a mate, huh?

Is this form more to
your liking?
Offspring with an elf
sounds promising.

Holy shit...

That girth...
Players can't
reproduce ingame.
Should I tell him?

I... I'm a virgin...
I don't know if I
can handle...
this.

Do not worry. I
won't do
anything if you
don't want me to
do.

I could still bitch
out if I wanted
to...
He looks really
good though...

A muscular man with green skin is shown from the waist up, tearing at the black lace underwear of a woman. The woman has white hair styled in a bun with a purple hair tie, pointed ears, and a purple choker. She is wearing a black mesh top and green and brown bikini bottoms. She has a nervous expression, with sweat drops on her forehead and a hand pressed against a dark surface. The background is a warm, orange-toned setting.

I hope you didn't need those pants anymore...

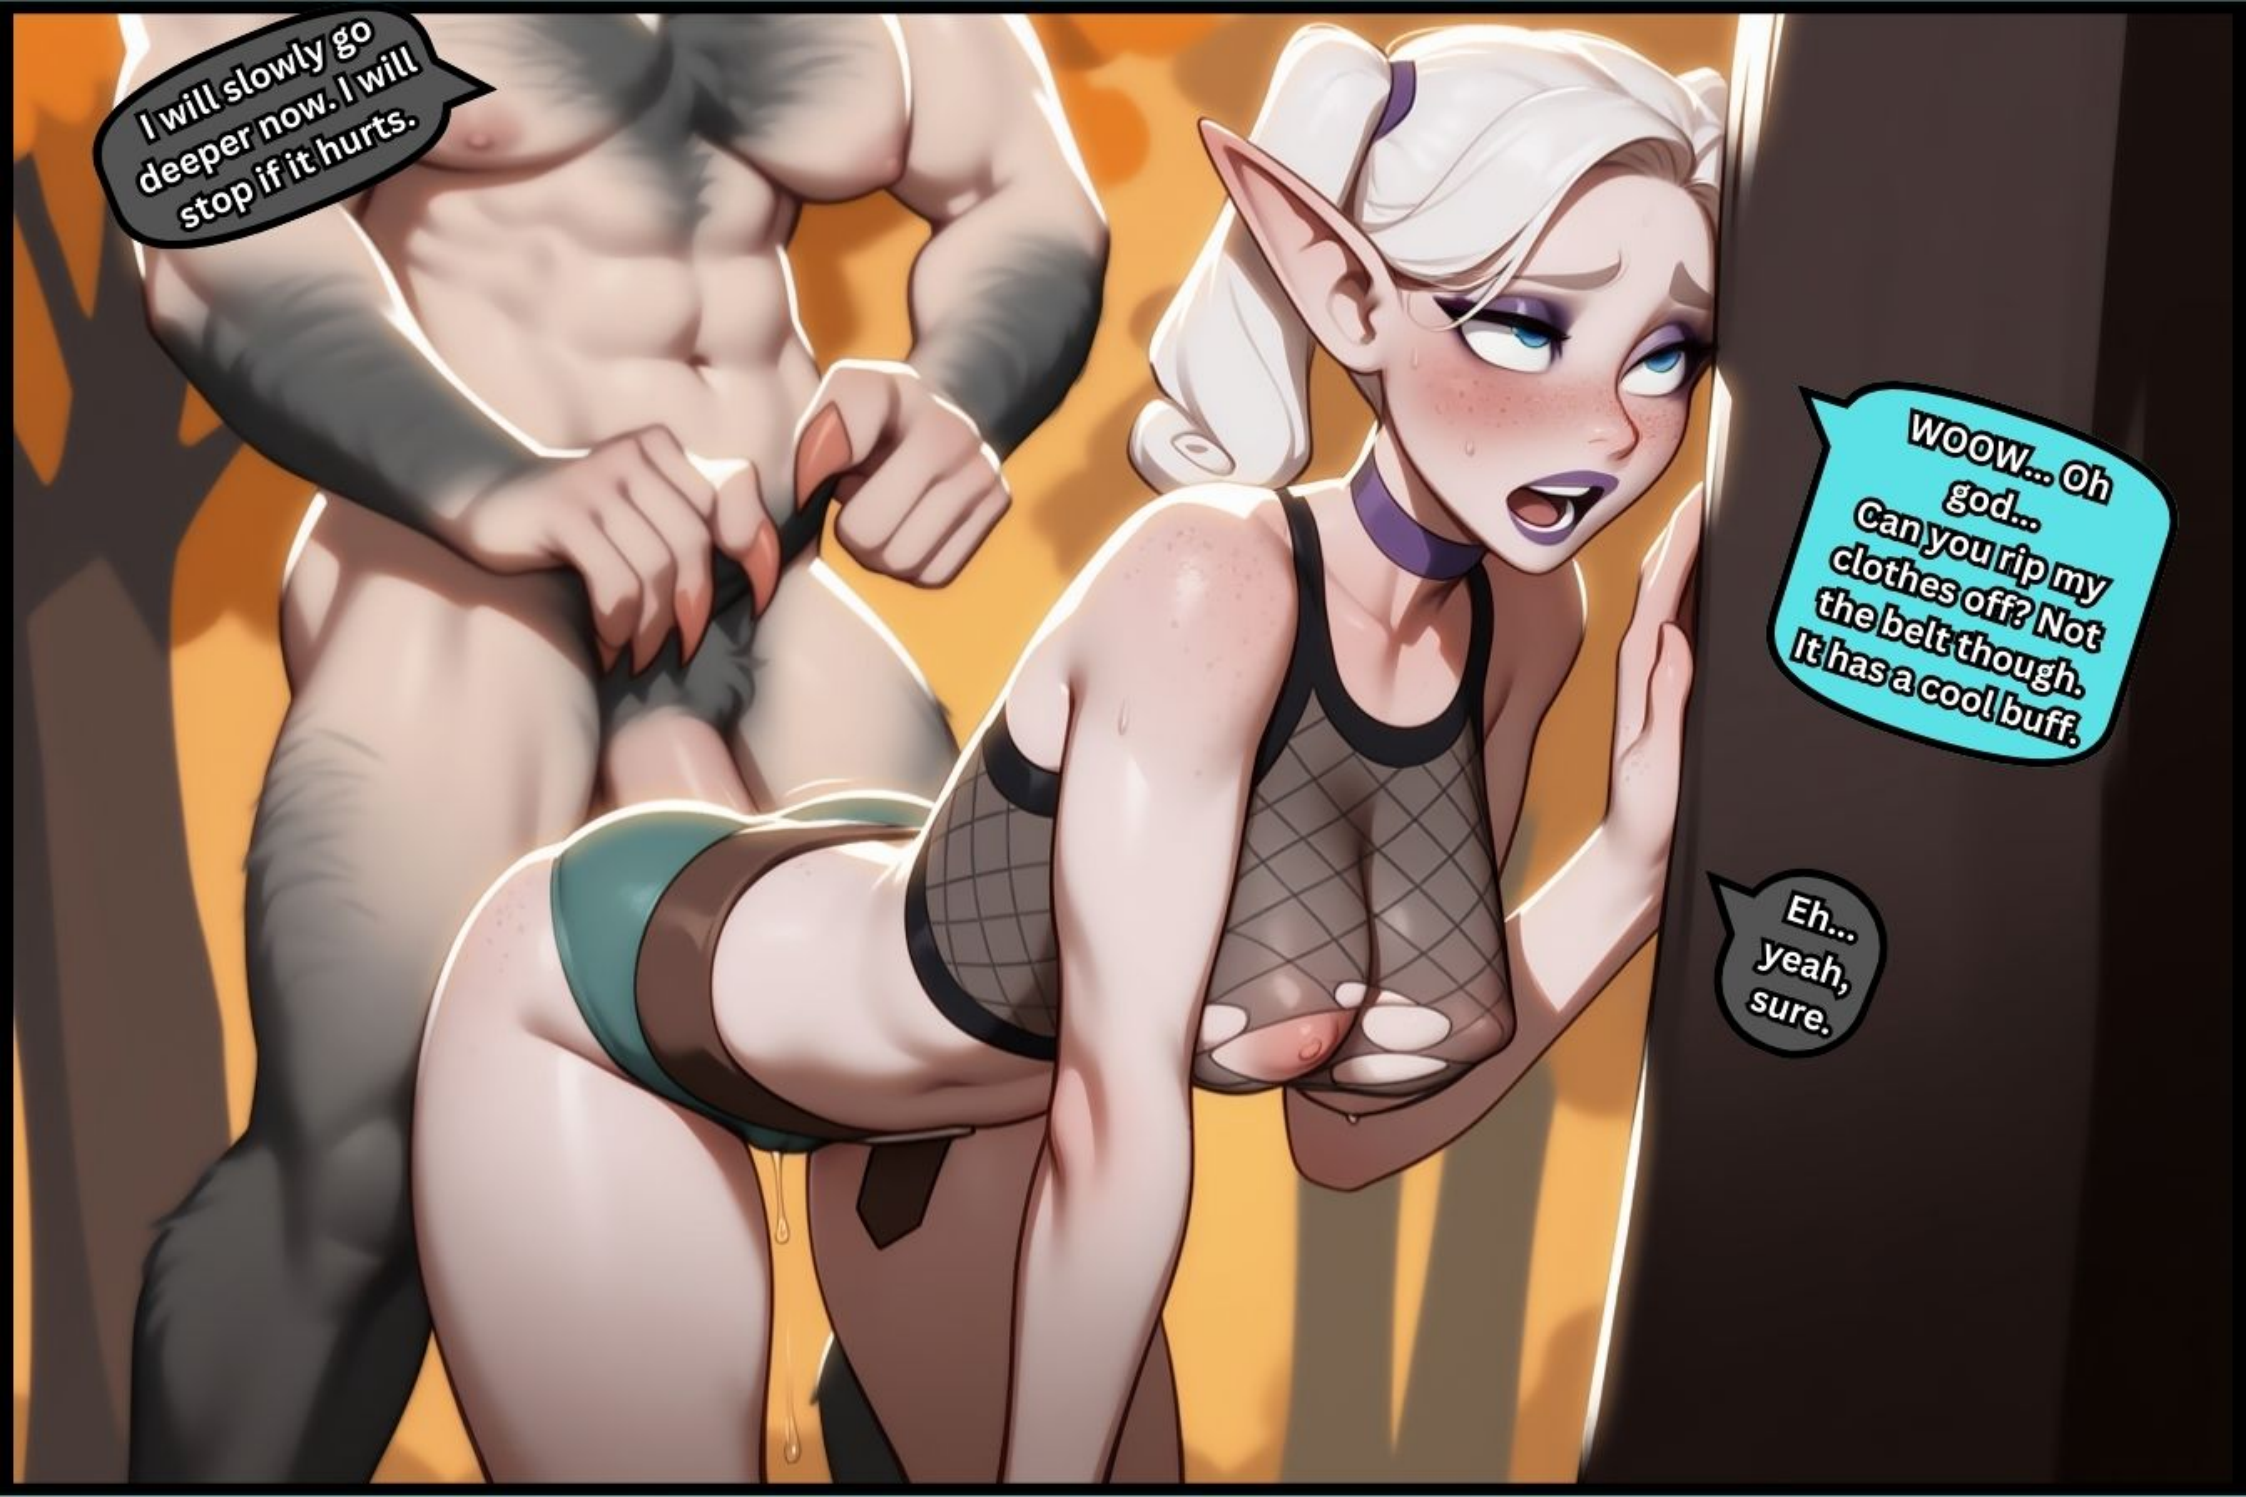

No... it's fine... the clothes were cheap anyway.

I can feel his warmth. His dick just touched my leg... My pussy is pulsing...

I will put the tip
in now. Tell me if
anything hurts.

OH... OH MY
GOD! It's
stretching me...
That's just the
tip? Fuck... this
feels good...

I will slowly go deeper now. I will stop if it hurts.

WOOW... Oh god... Can you rip my clothes off? Not the belt though. It has a cool buff.

Eh... yeah, sure.

I'm fully
inside elf. I'm
going to move
my hips now,
ok?

This is sooo
gooood...
Much better
than I thought!
Fuck me dog-
boy! Fuck my
brains out!

... dog-boy?

I'm close elf-
bitch. I will
give you my
seed.

YES! YES!
Fill me! Knock
me up!

FUCK! Take it!

AHHHH!
FUUUUCK!

Stay in this position a little. It will increase the chance of conception.

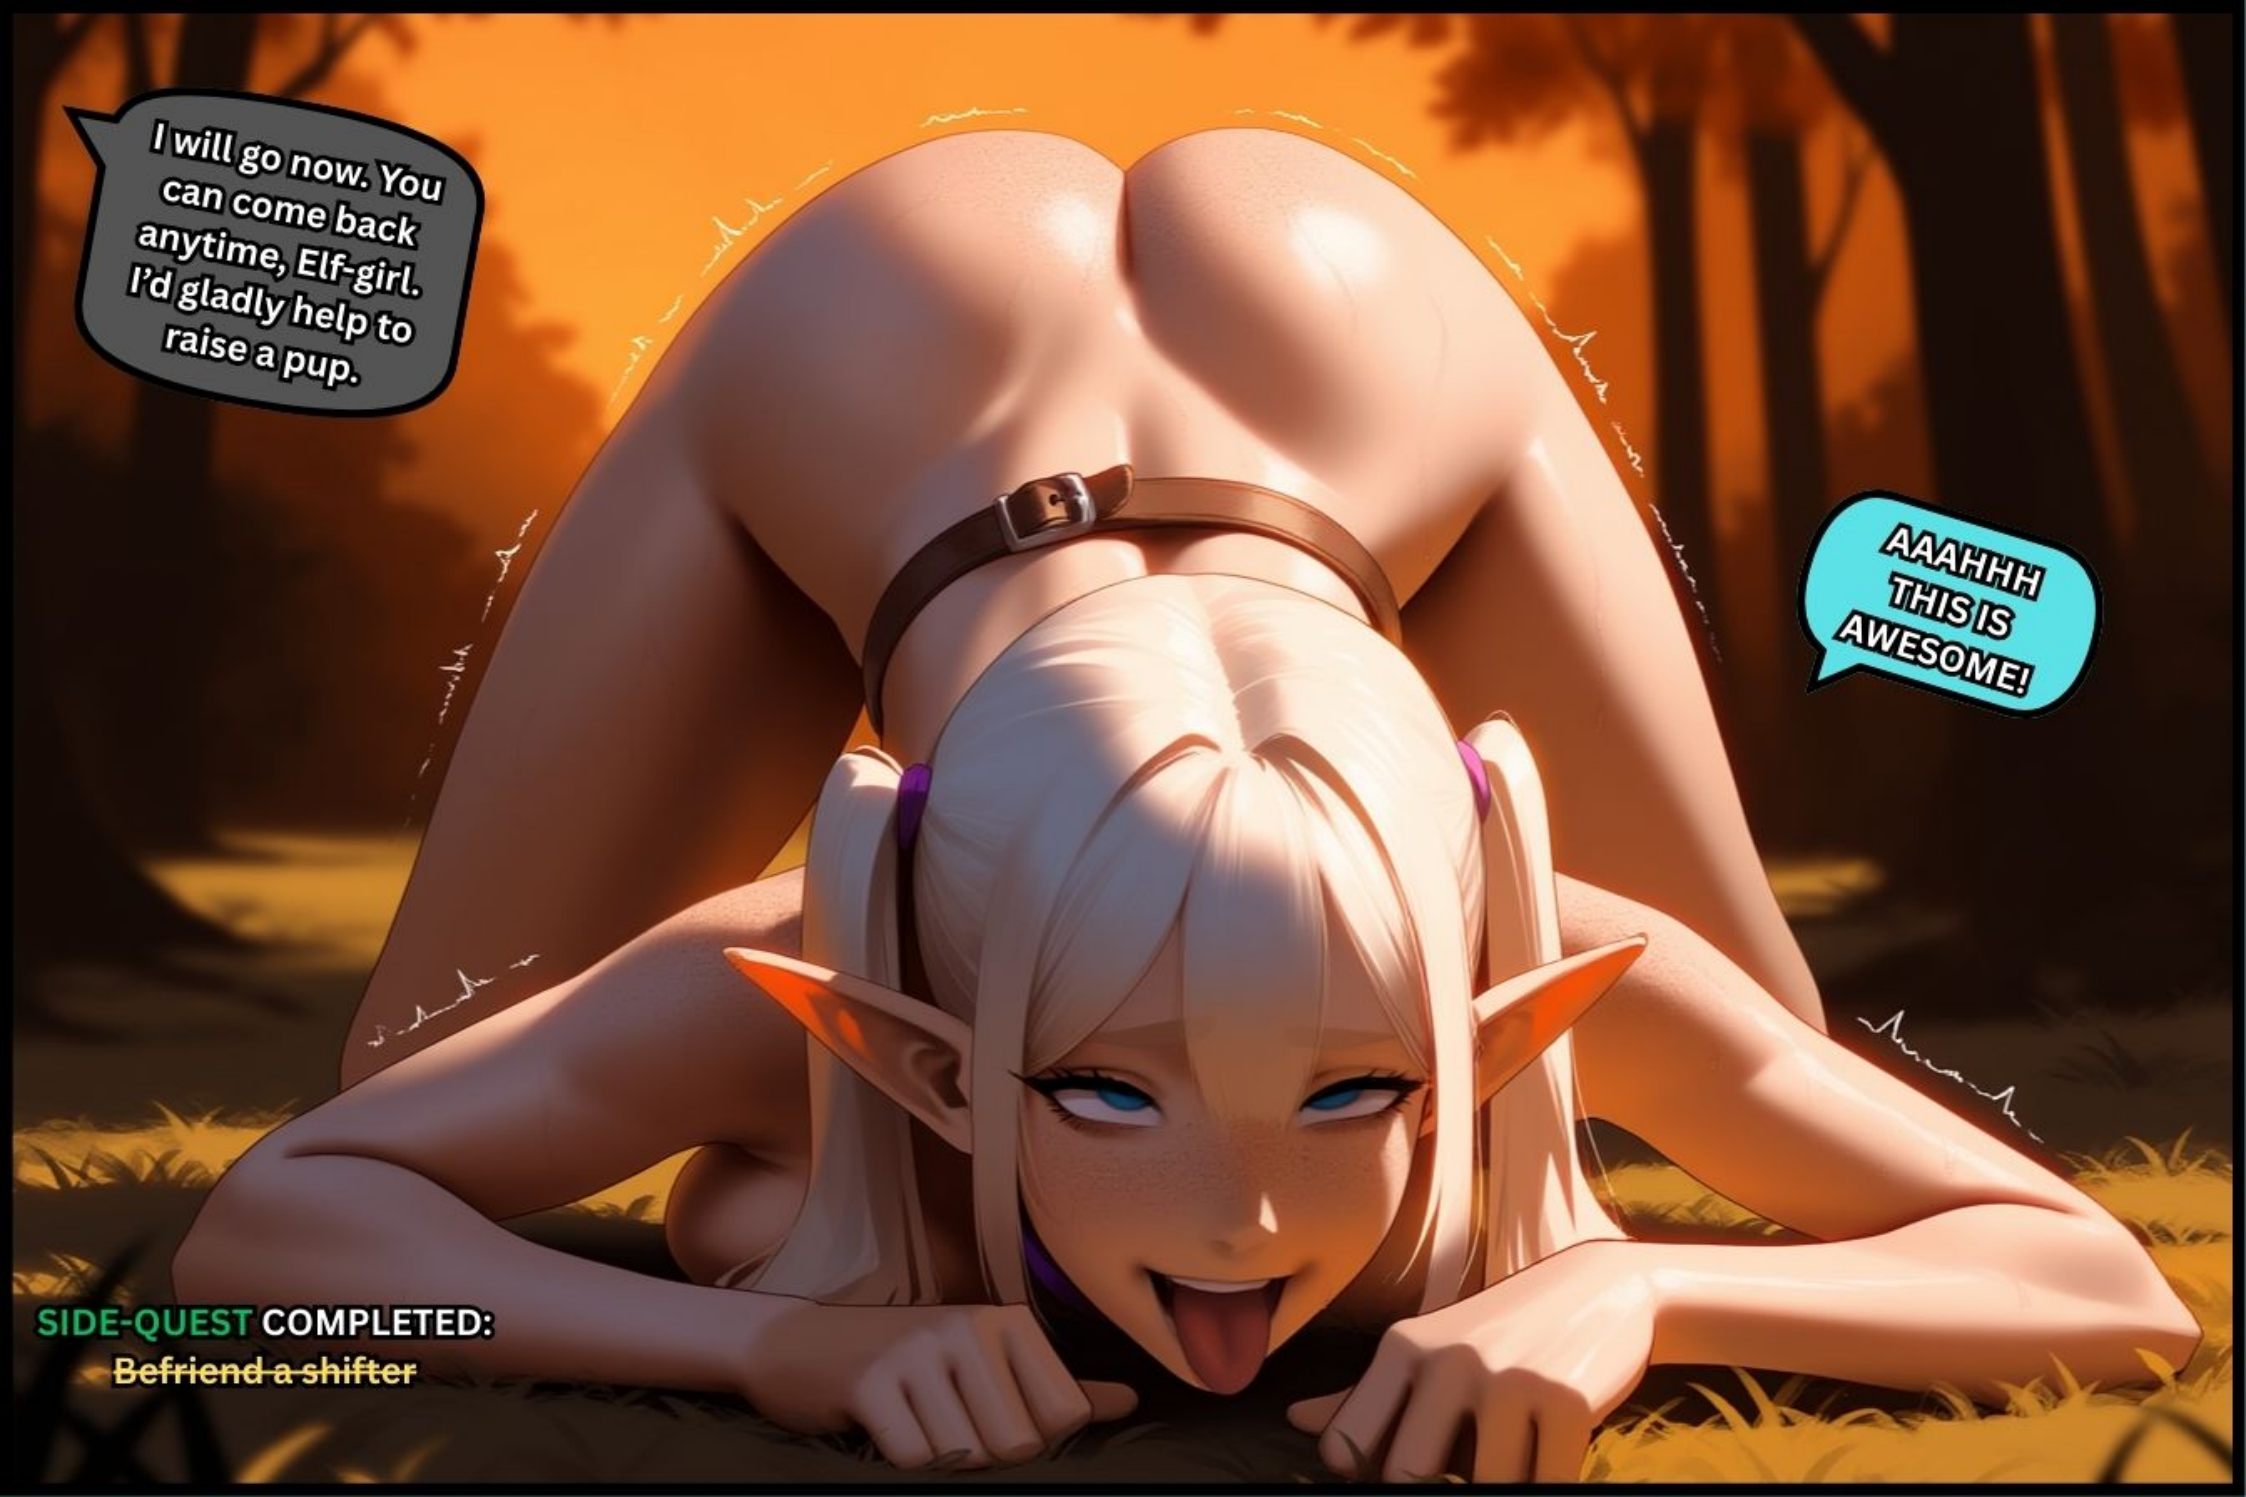

HOLY FUCK!
I'M STILL
CUMMING!

I will go now. You can come back anytime, Elf-girl. I'd gladly help to raise a pup.

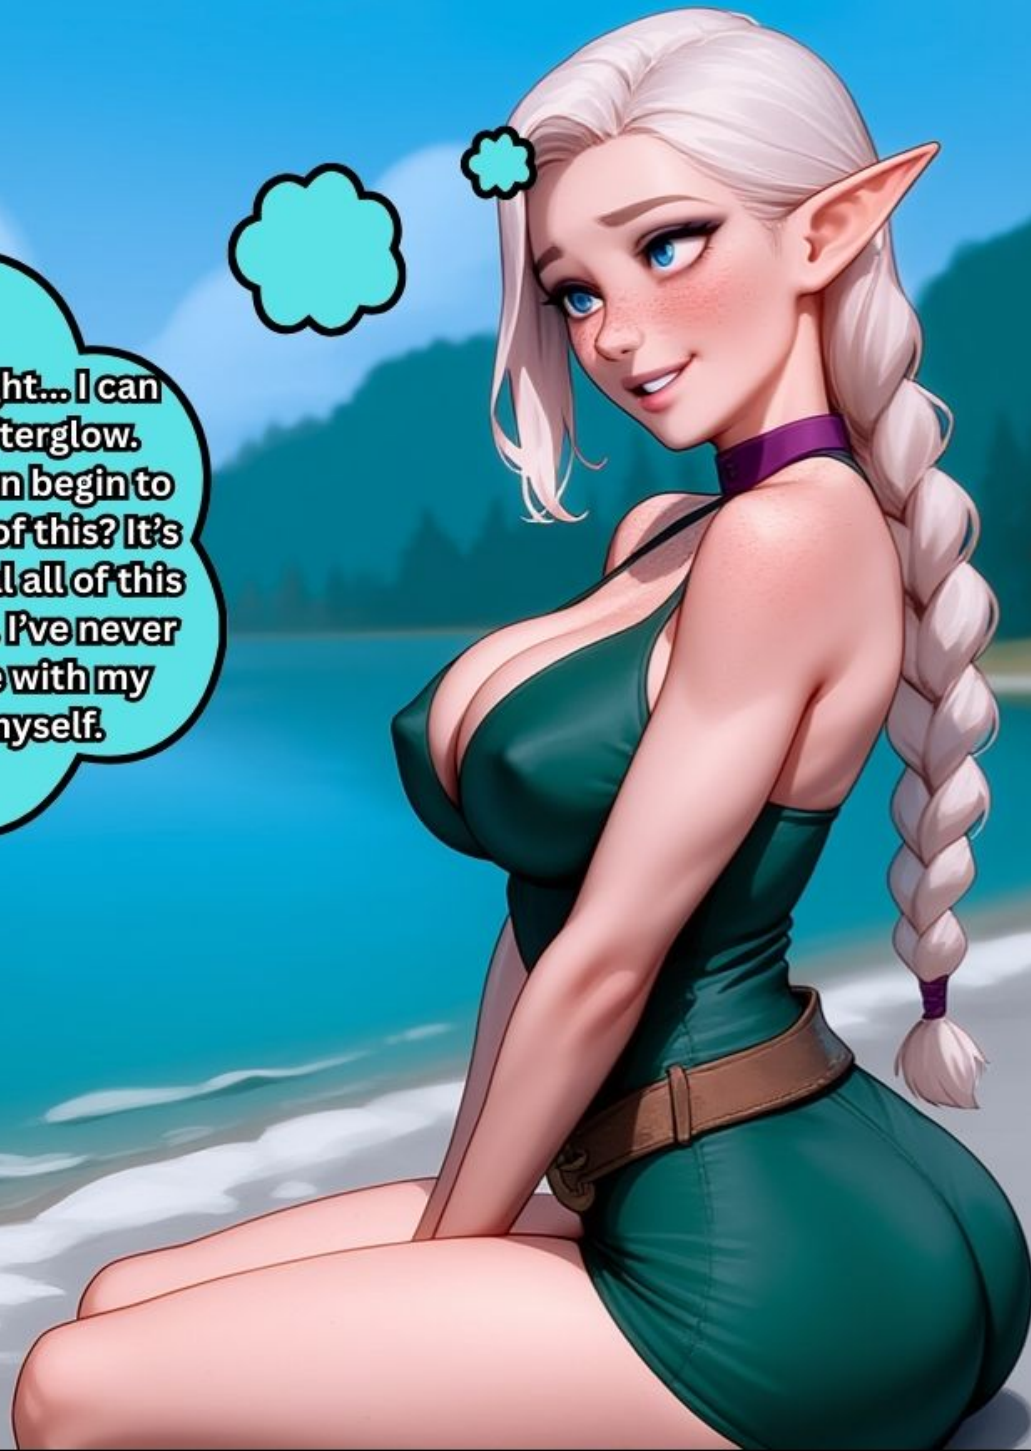

AAAHHH THIS IS AWESOME!

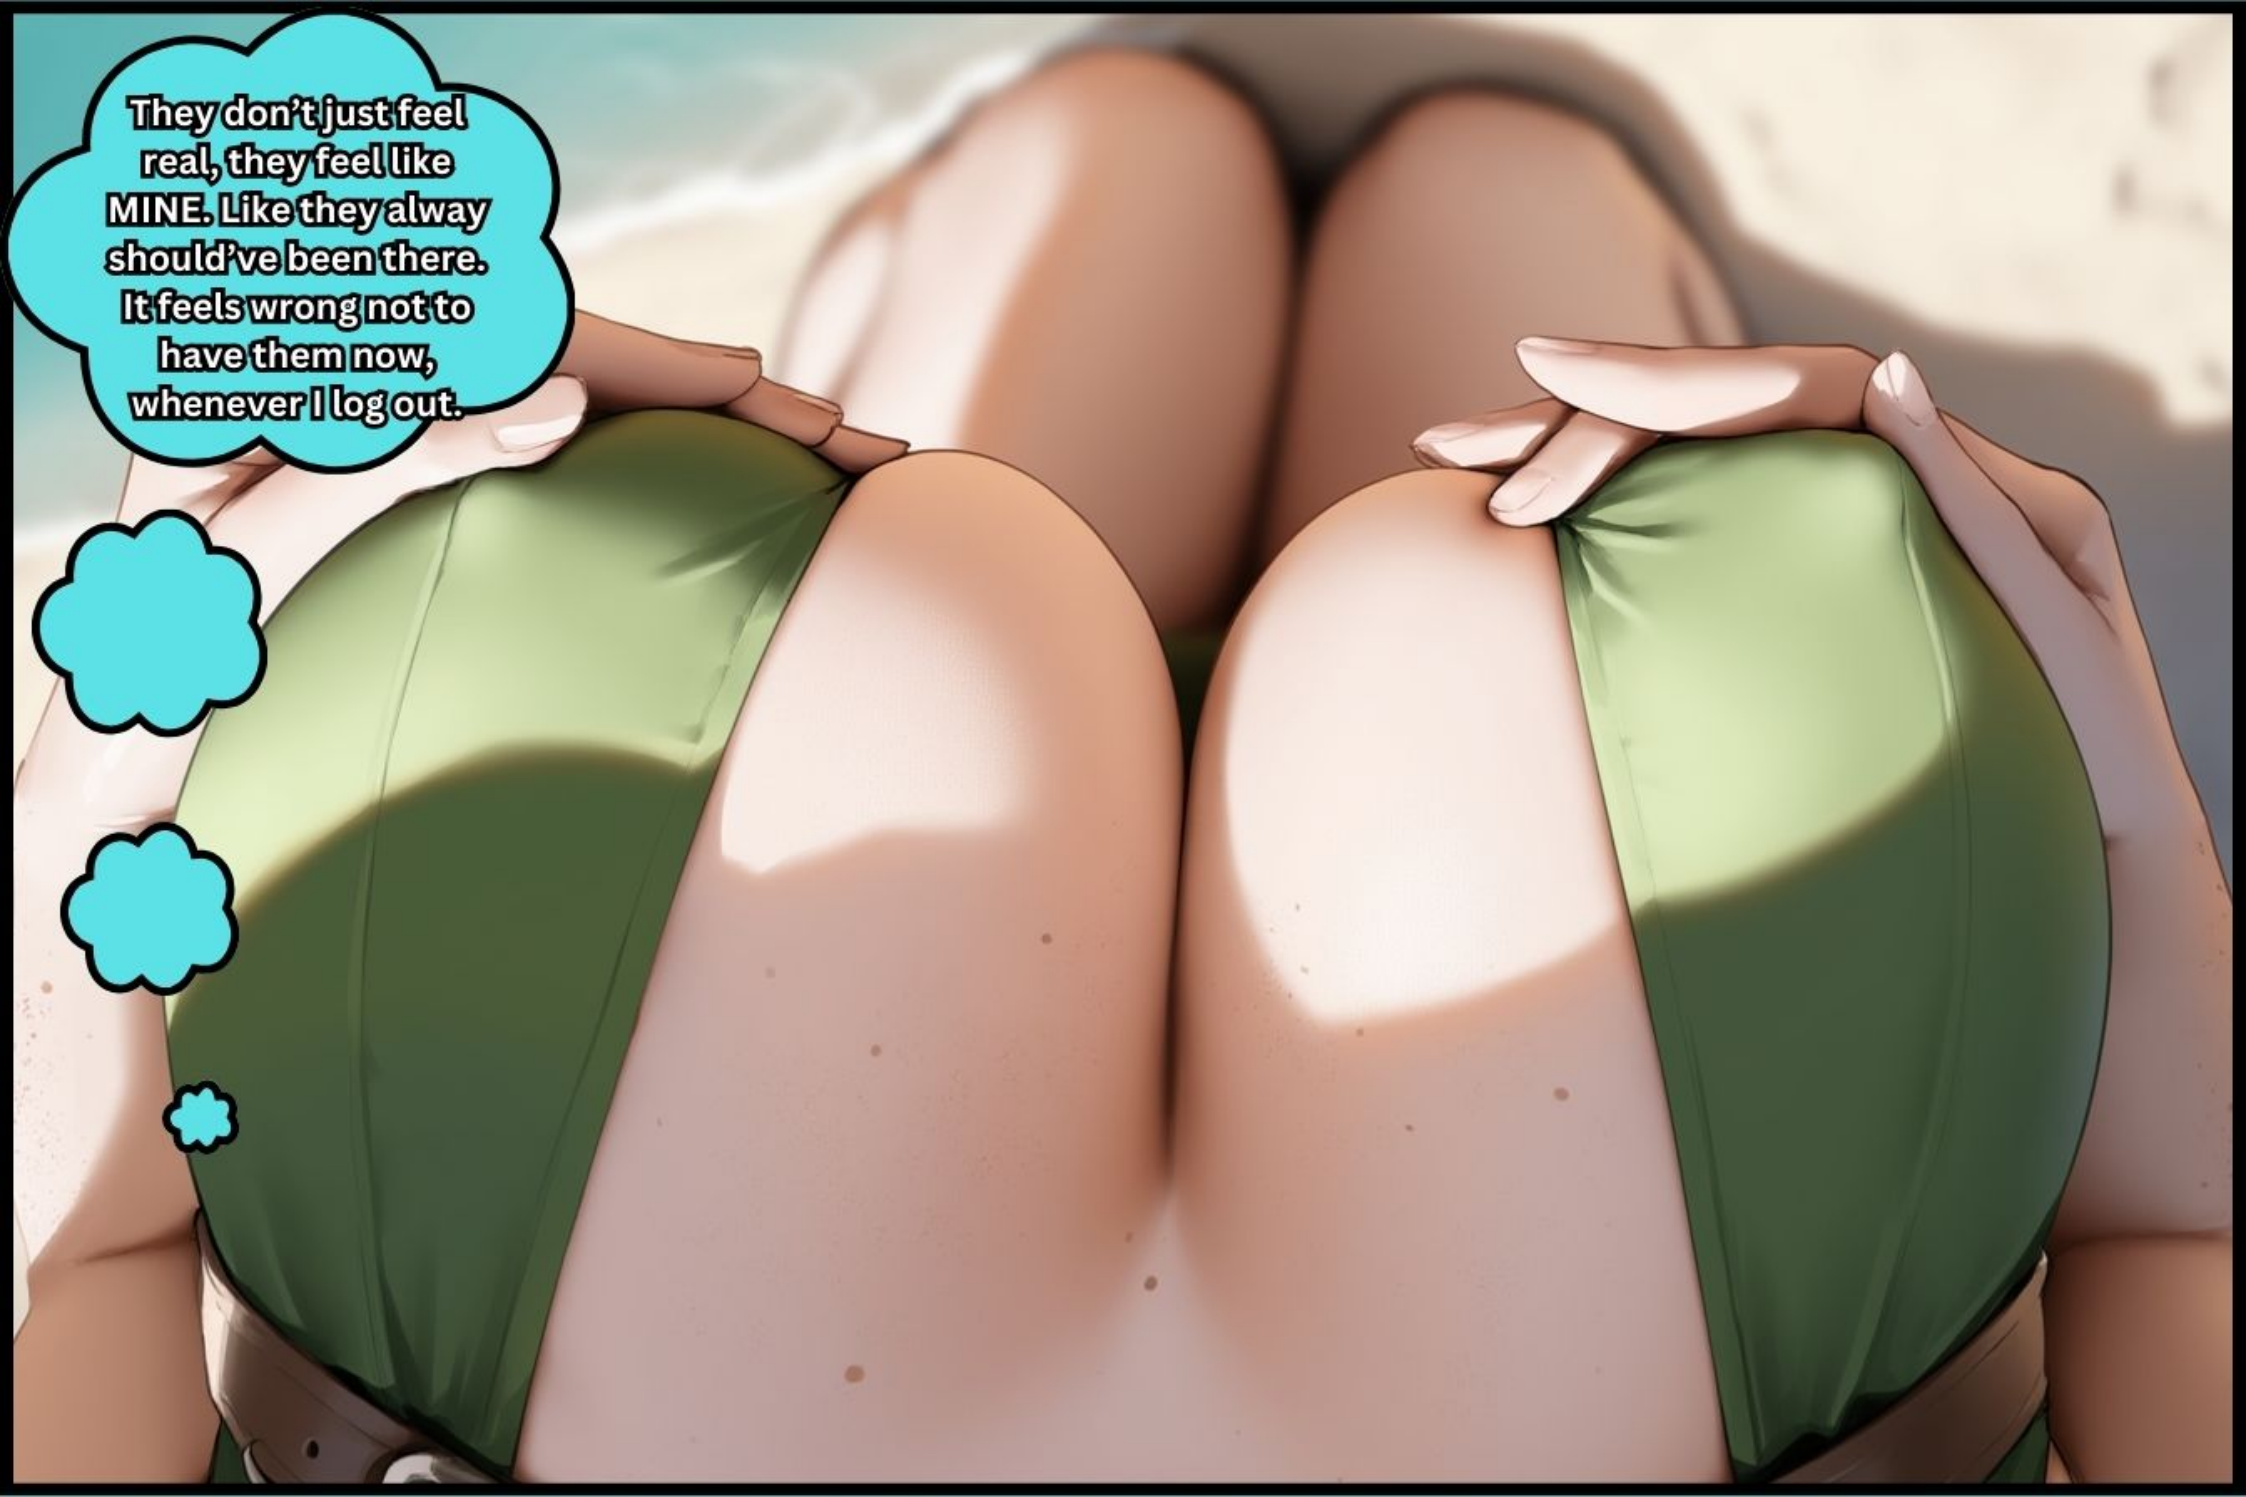

SIDE-QUEST COMPLETED:
Befriend a shifter

Hours later...

I sat here all night... I can still feel the afterglow. How would I even begin to write about any of this? It's crazy how natural all of this is feeling for me. I've never felt this in tune with my body. With myself.

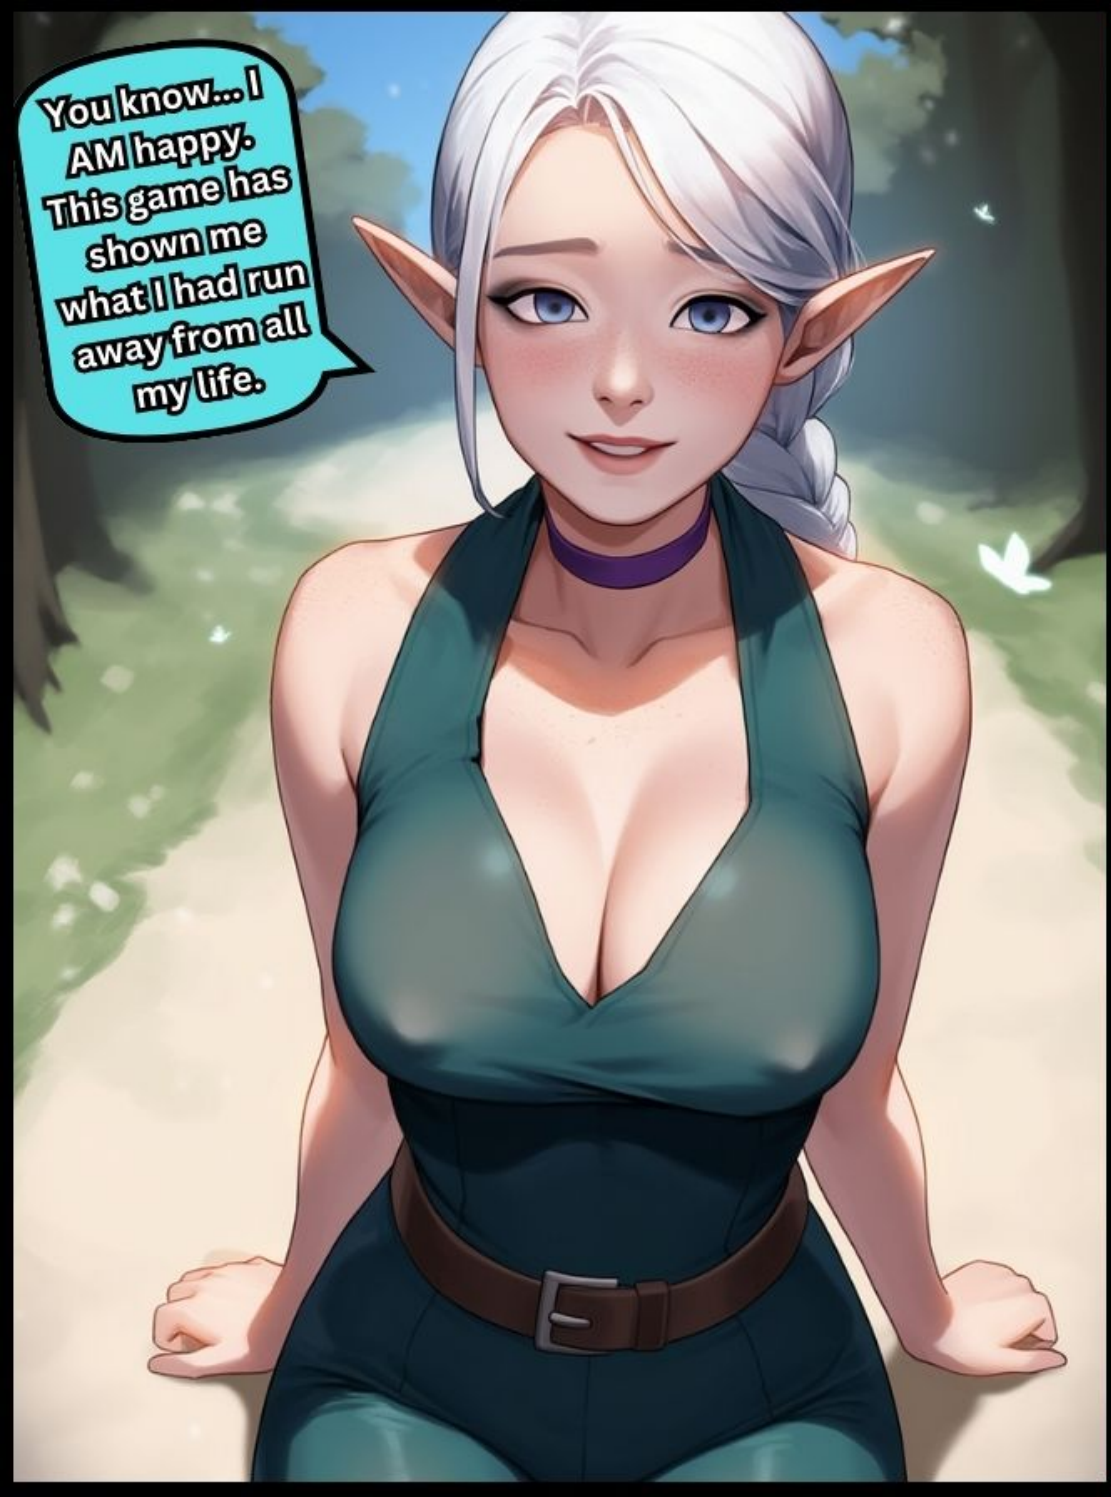

They don't just feel
real, they feel like
MINE. Like they always
should've been there.
It feels wrong not to
have them now,
whenever I log out.

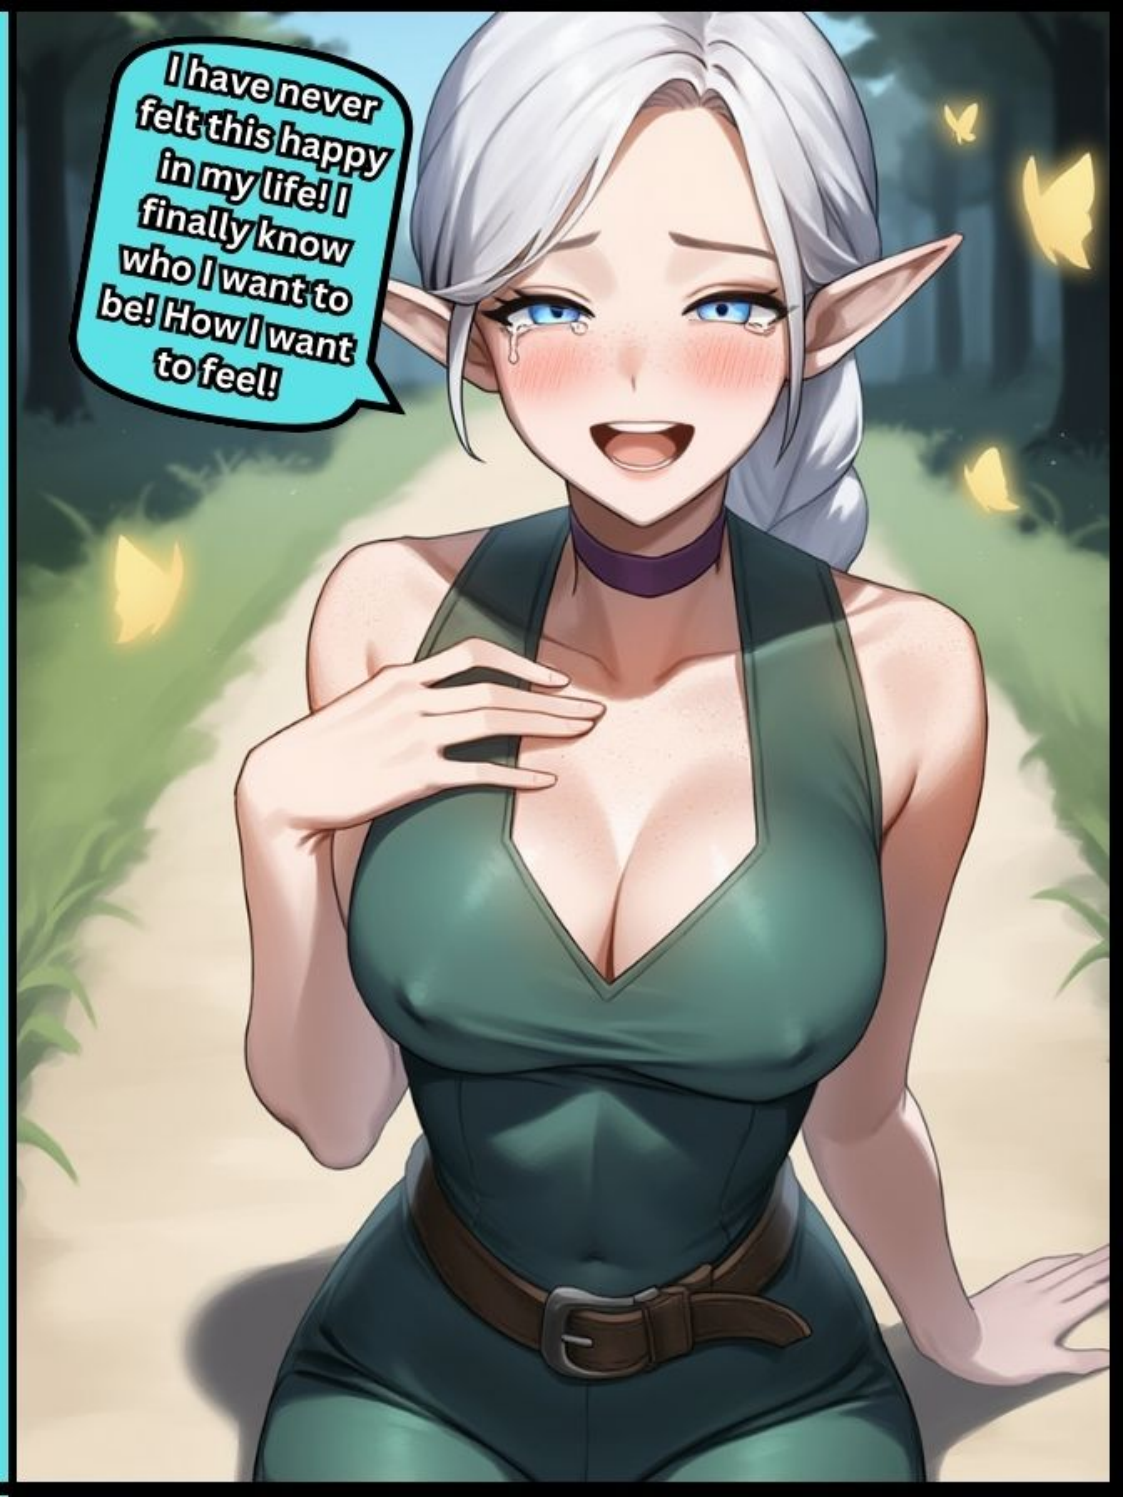

A detailed illustration of a fairy with long, flowing purple hair and large, translucent, light-green wings. She is wearing a purple, form-fitting, strapless bodysuit. She is floating in the air, with her legs spread wide and her arms outstretched. The background shows a lush green swampy area with trees and a body of water under a clear blue sky. A speech bubble is positioned above her head, containing text.

Hey, you!
Did you come here for
a quest? There is a
Toad-King that is
worrying us.
You look so happy. Did
anything happen?

NEW QUEST UNLOCKED:
The King of the swamp

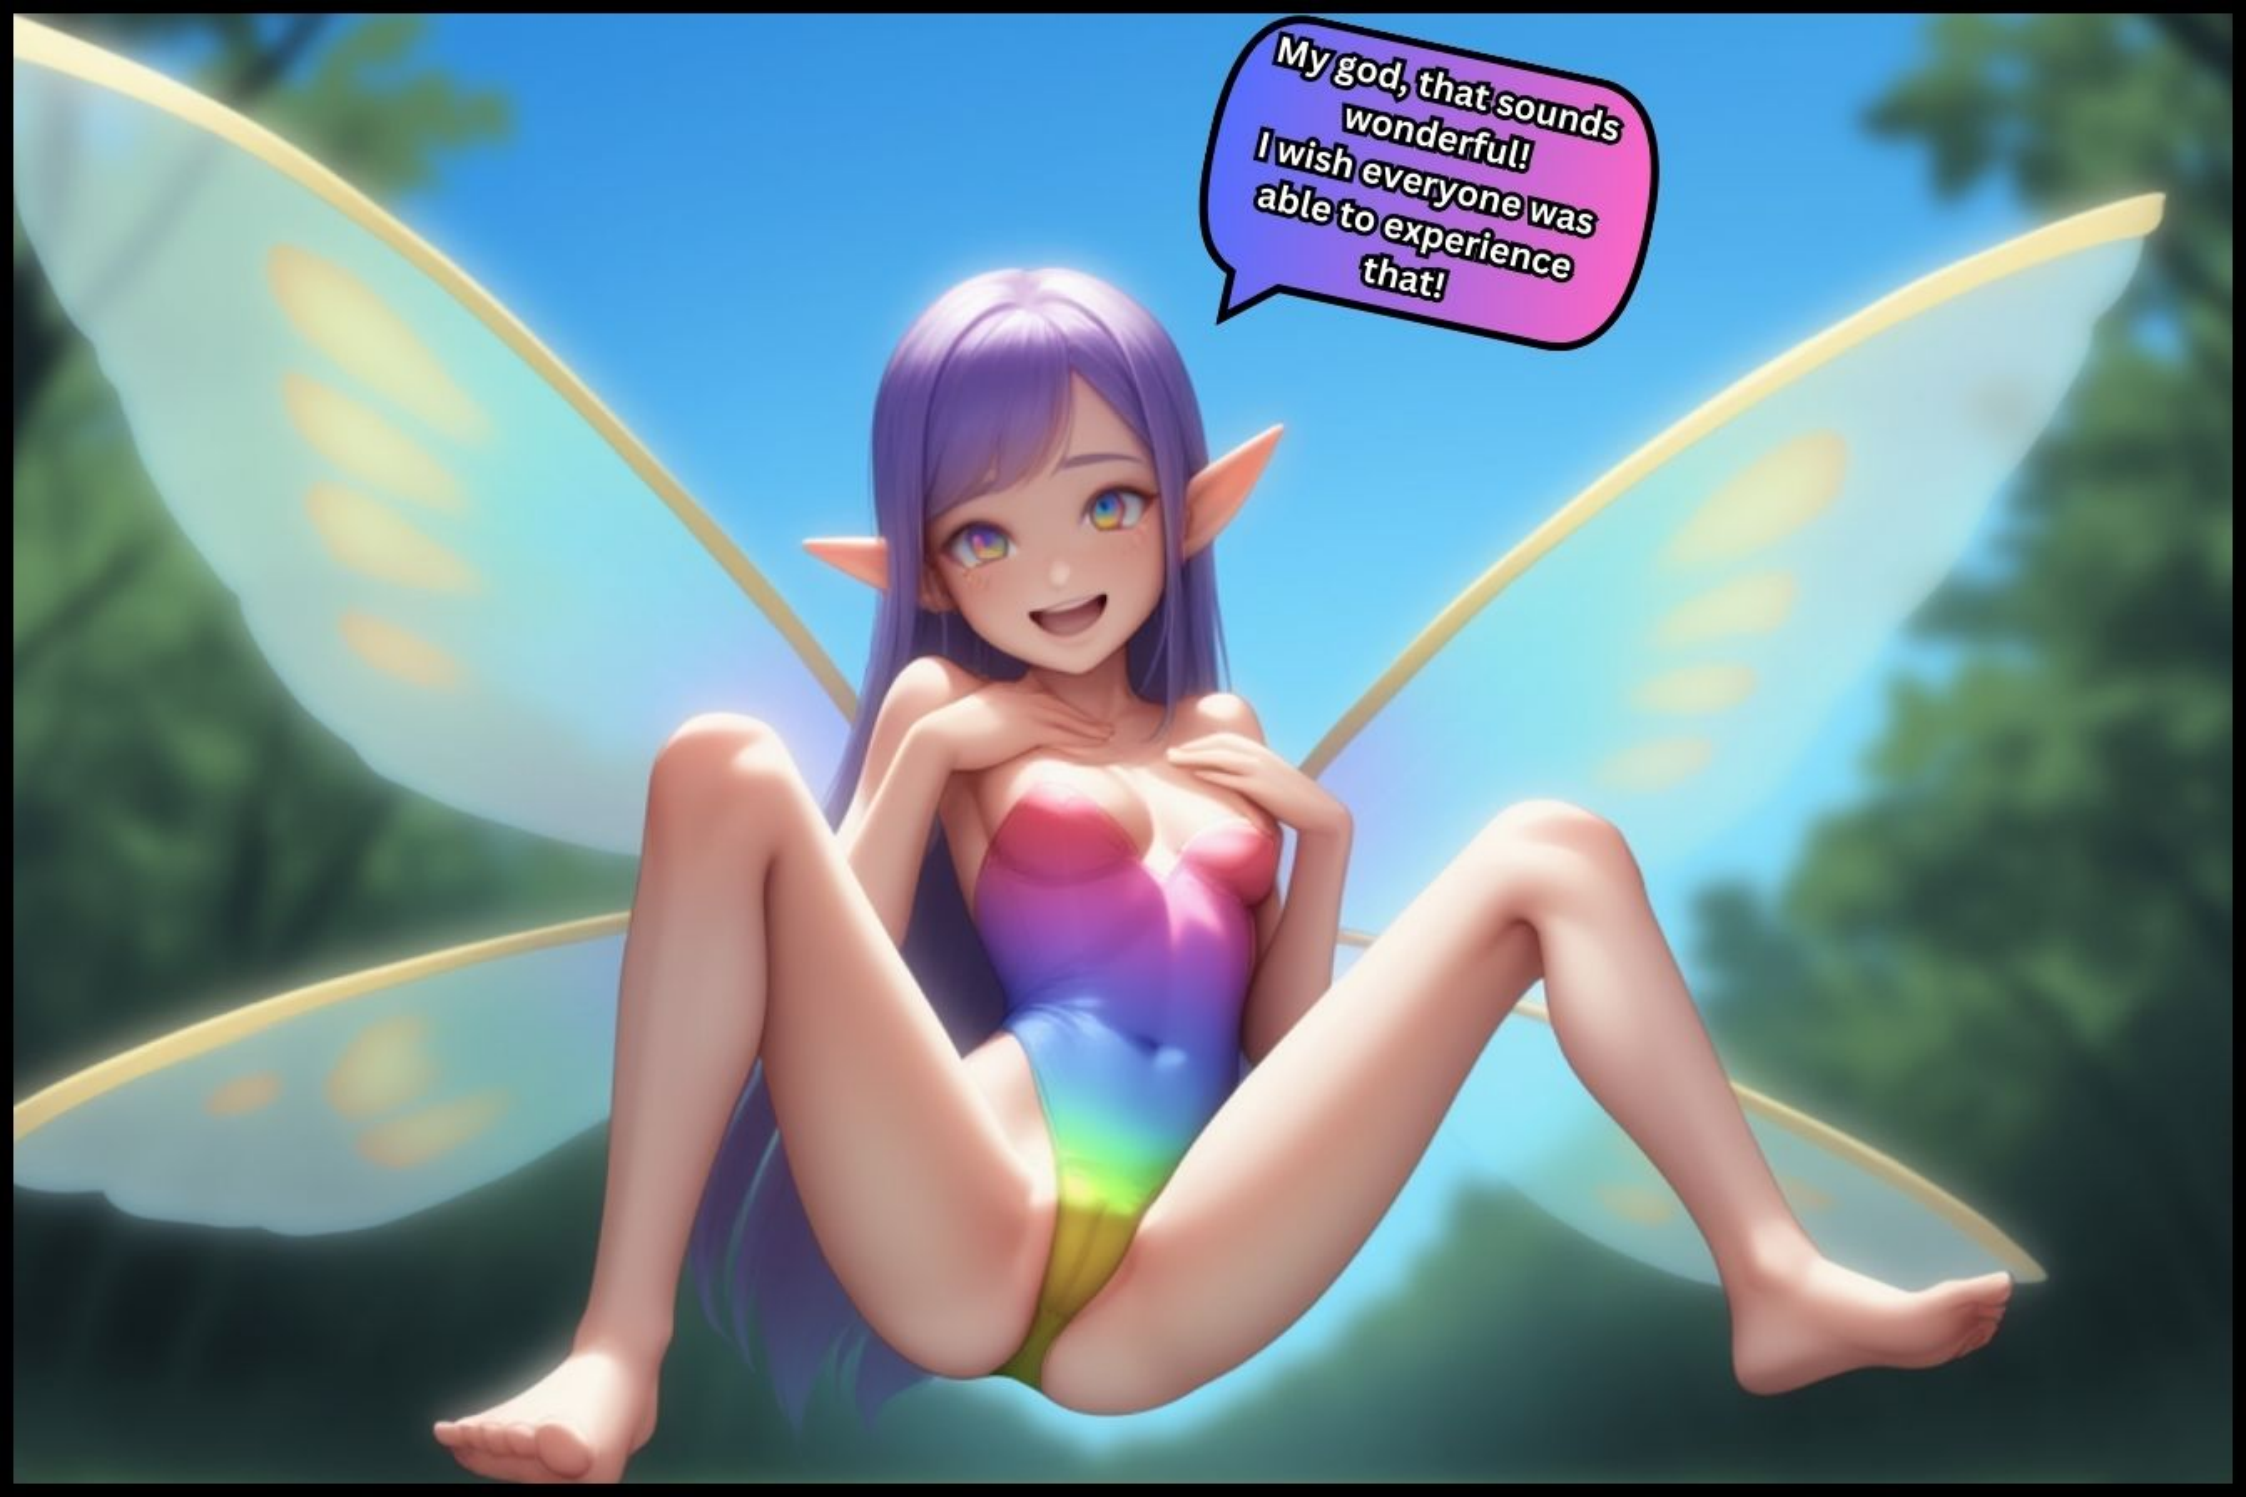

You know... I AM happy. This game has shown me what I had run away from all my life.

I have never felt this happy in my life! I finally know who I want to be! How I want to feel!

My god, that sounds wonderful!
I wish everyone was able to experience that!

Later...

OH YESS!
RIGHT THERE!

I started this game, not knowing what to expect. I expected an RPG with some tactile feedback. What I found, was a place where I was able to find out who I truly was. Who I truly wanted to be.

I swear, you
Knights have
the best dicks!

I unconsciously had always known, but there was a part of me that still couldn't accept it.
I told myself that I had to like girls, because I was born a boy.
I told myself that I had to accept my reality and that there was nothing I could do to change it. That it was wrong.

A character with white hair, large breasts, and a black choker is being held from behind by a muscular man. The character has a seductive expression. The background shows a stone wall and a castle tower.

You are
crazy, Elf.

Says the
Necromancer:
Ready for
round two?

Then I was allowed to experience how it actually feels like to be a woman. How I always should have been. And damn, felt it good!

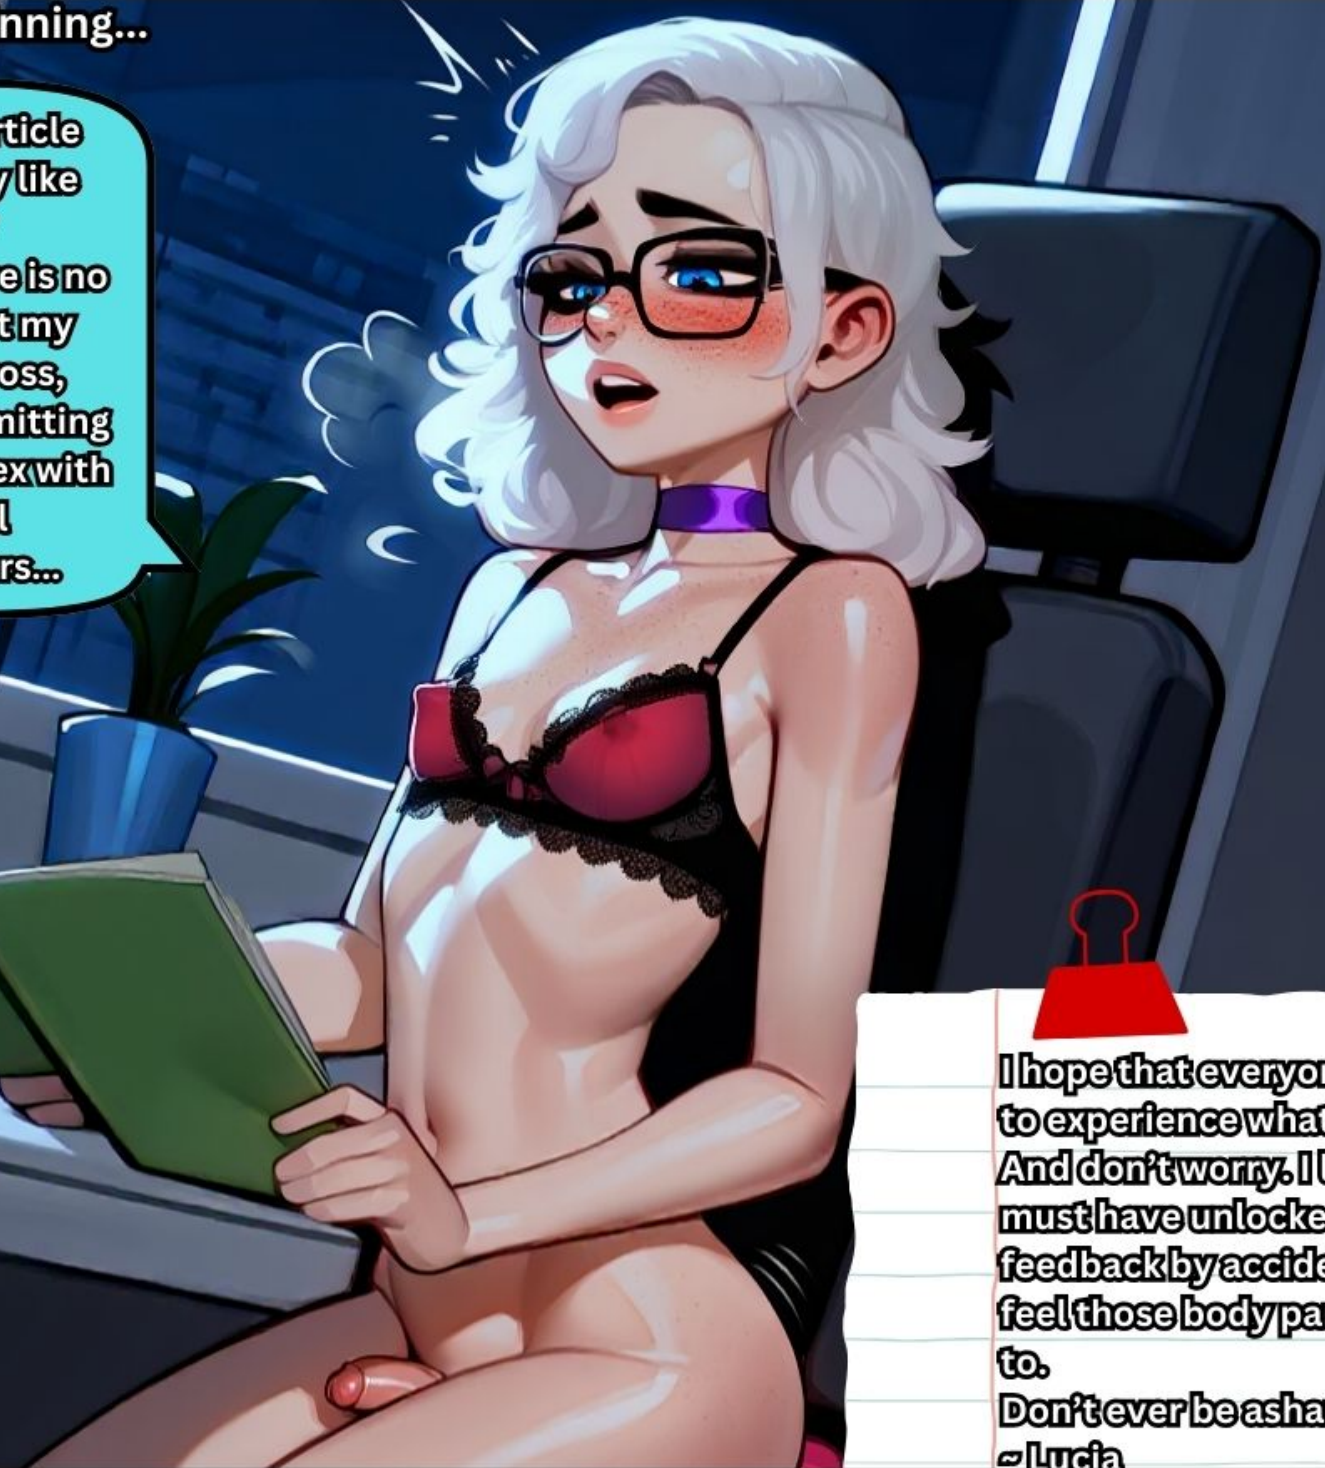

At first it was only sexual, but every time I logged out, I felt the need to become more like my true self. Like her.

And with every change, I felt like more and more... well... right.

QUEST COMPLETED:
Deadly Connections

6 months since the beginning...

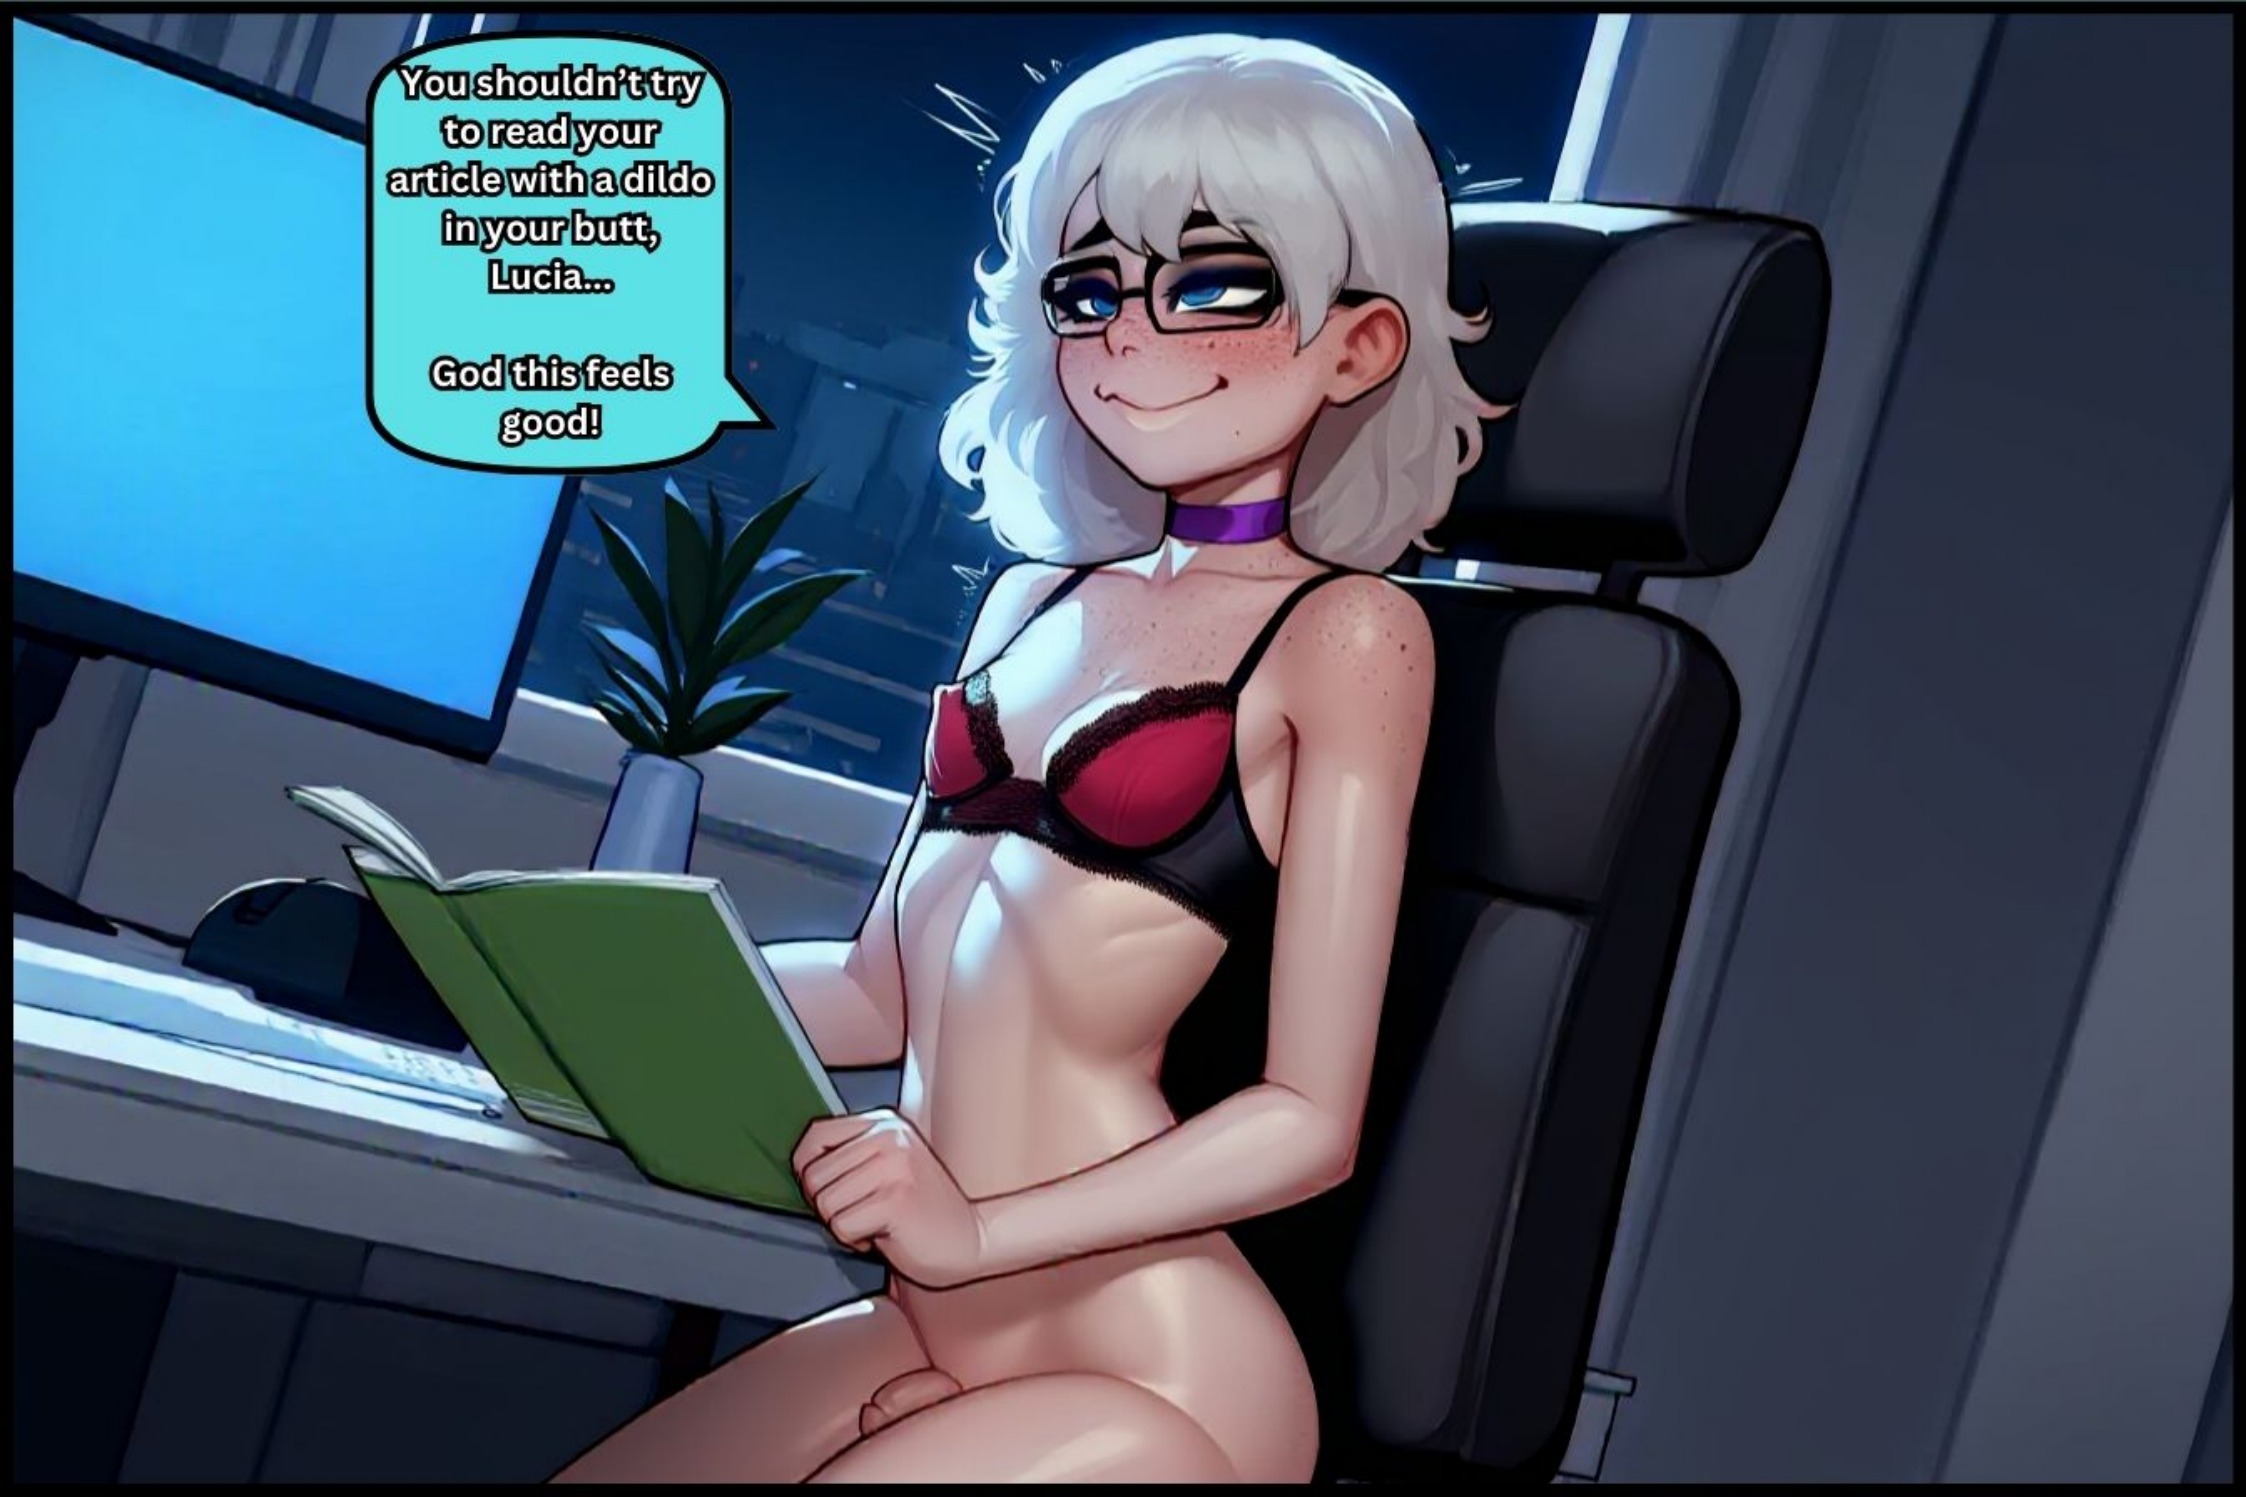

Can the article really stay like this?
I guess there is no way to get my point across, without admitting that I had sex with digital characters...

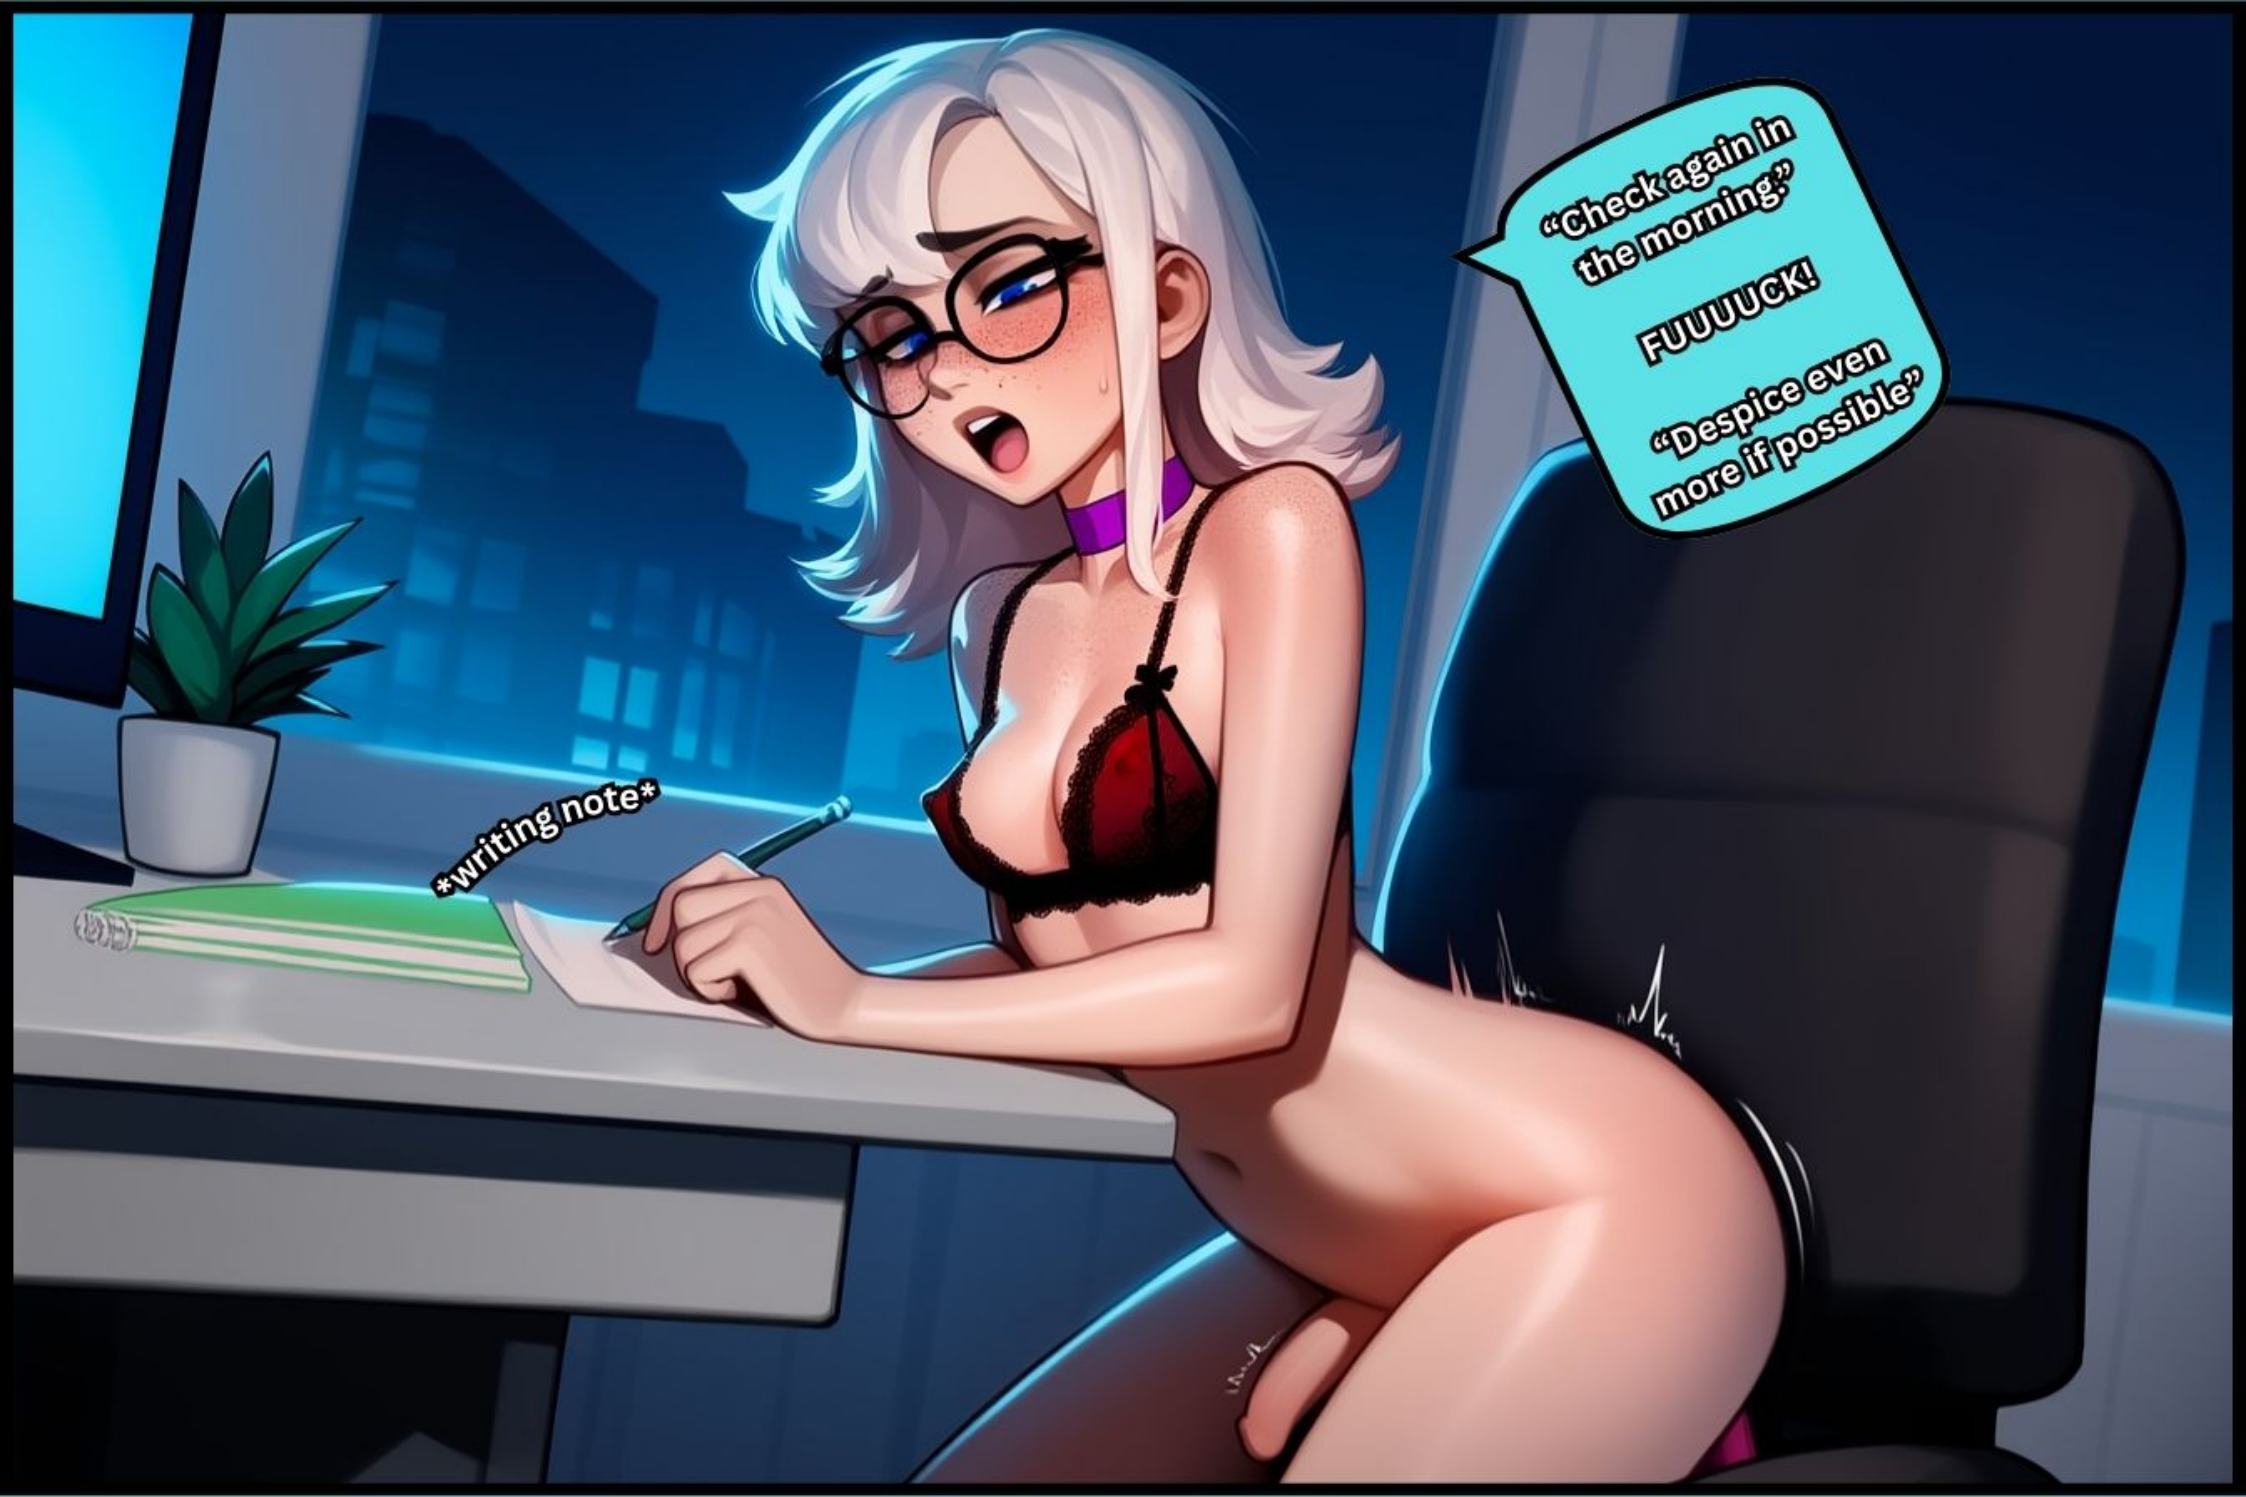

I hope that everyone who is like me, gets to experience what I experienced. And don't worry. I later learned that I must have unlocked the sexual body feedback by accident. You don't have to feel those body parts, if you don't want to.
Don't ever be ashamed of who you are.
-Lucia

You shouldn't try
to read your
article with a dildo
in your butt,
Lucia...

God this feels
good!

"Check again in
the morning."

FUUUUCK!

"Despice even
more if possible"

writing note

Some days later...

Congrats, Lucia! If the stats stay like this, your article might become the most clicked in company history!

Oh god... Of course it's my sex-article that does it...

You earned it girl! Be proud! Most reviews say it was very inspiring!

That evening...

Hi, sorry to bother you, but I don't want to leave without asking for your number.

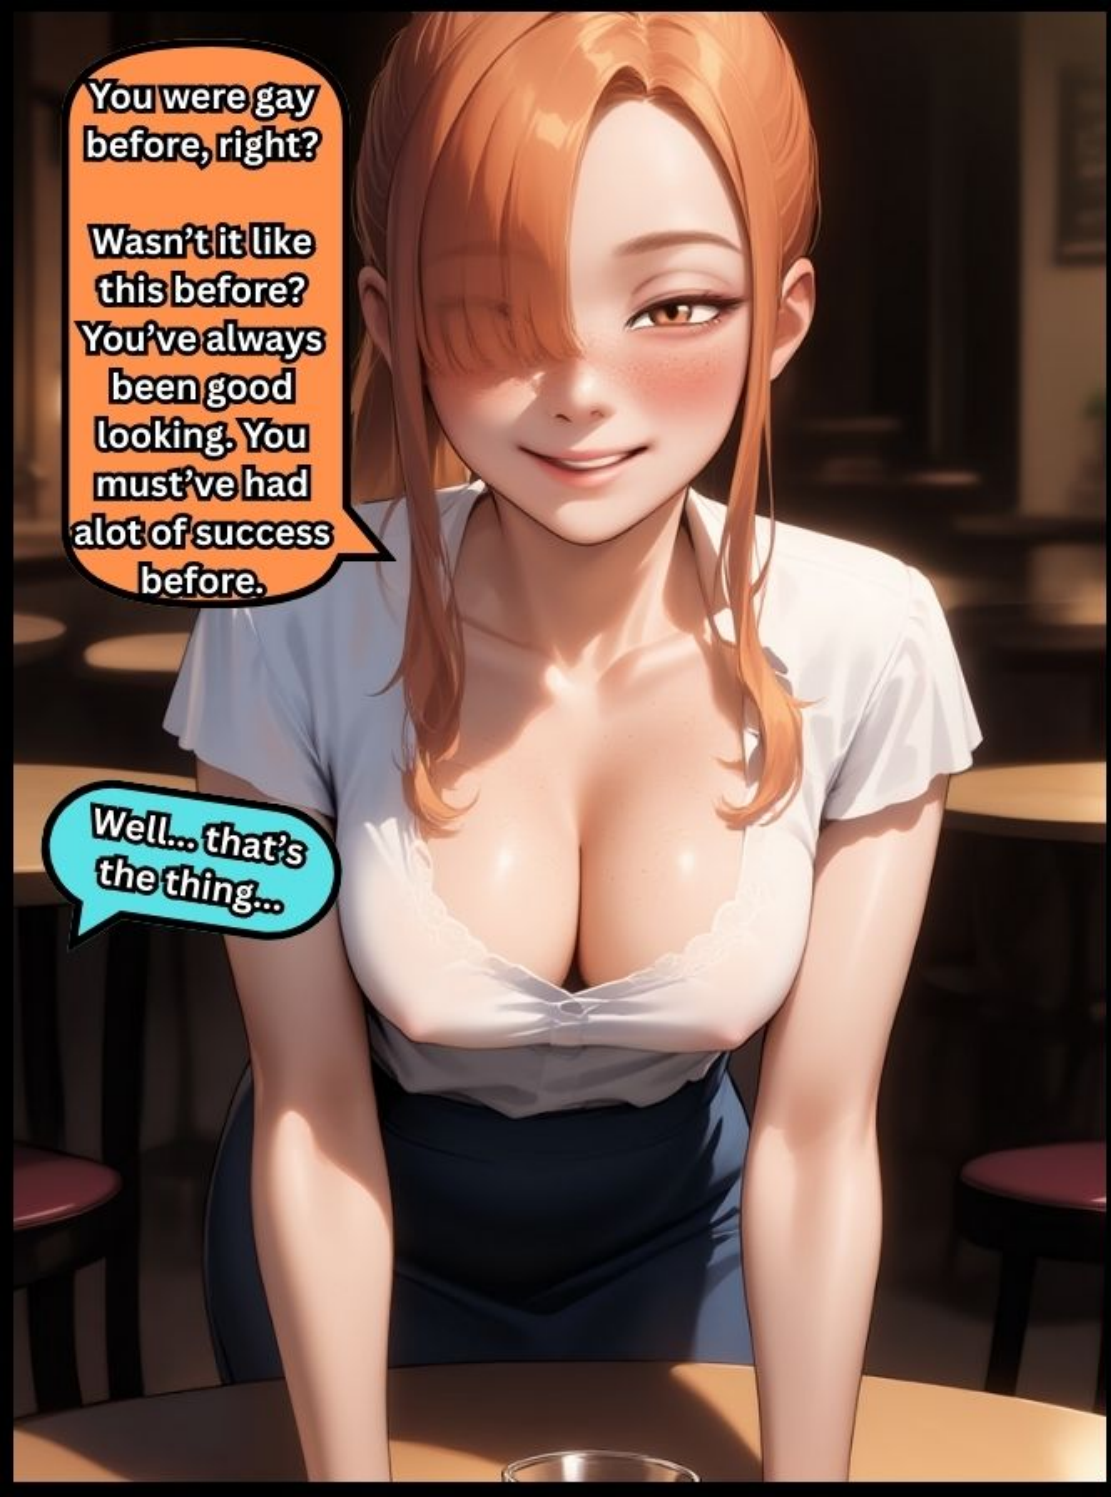

Wait... me?

Only if it's cool for you of course...

Yeah... sure!

A woman with long, wavy red hair is sitting at a table. She is wearing a white, short-sleeved, low-cut top with a lace-like edge. She has a slight smile and is looking towards the camera. The background is a dimly lit room with wooden tables and chairs.

You were gay before, right?

Wasn't it like this before? You've always been good looking. You must've had a lot of success before.

Well... that's the thing...

A woman with long blonde hair in a braid, wearing black-rimmed glasses and a yellow hoodie, is sitting at a table. She has a surprised expression and is looking towards the camera. The background is a dimly lit room with wooden tables and chairs.

A-... actually I've only ever really had sex once... with a girl... and I didn't really like it.

REALLY?!
Oh my god, how exciting!

My god, Alina.
How much did
you drink?

Ehr...

Your boob is
out.

A whole
bottle... at
least.

I'll bring you
home...

Pull yourself

Everyone's

Hey, you two!
Show us some

Boys, will be

You loog so

My god,
you're

girl.

1 week later...

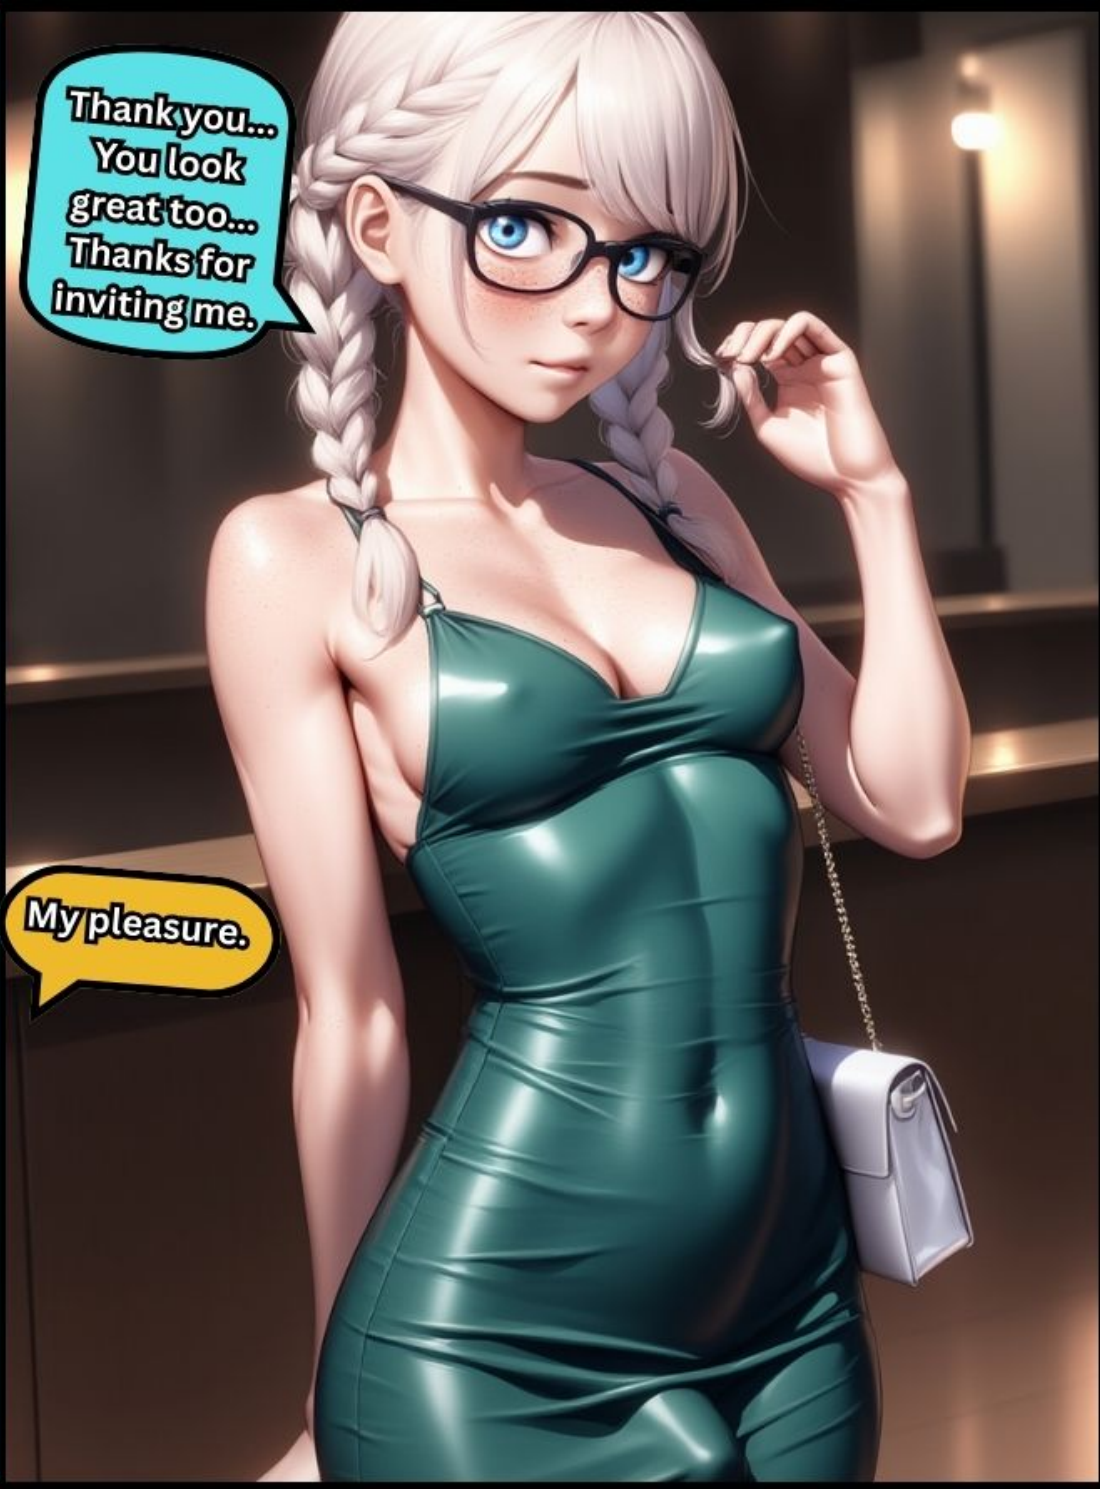

Wow. You look stunning, Lucia.

...

Thank you... You look great too... Thanks for inviting me.

My pleasure.

2 hours later...

Let's take
this to my
place...

ok...

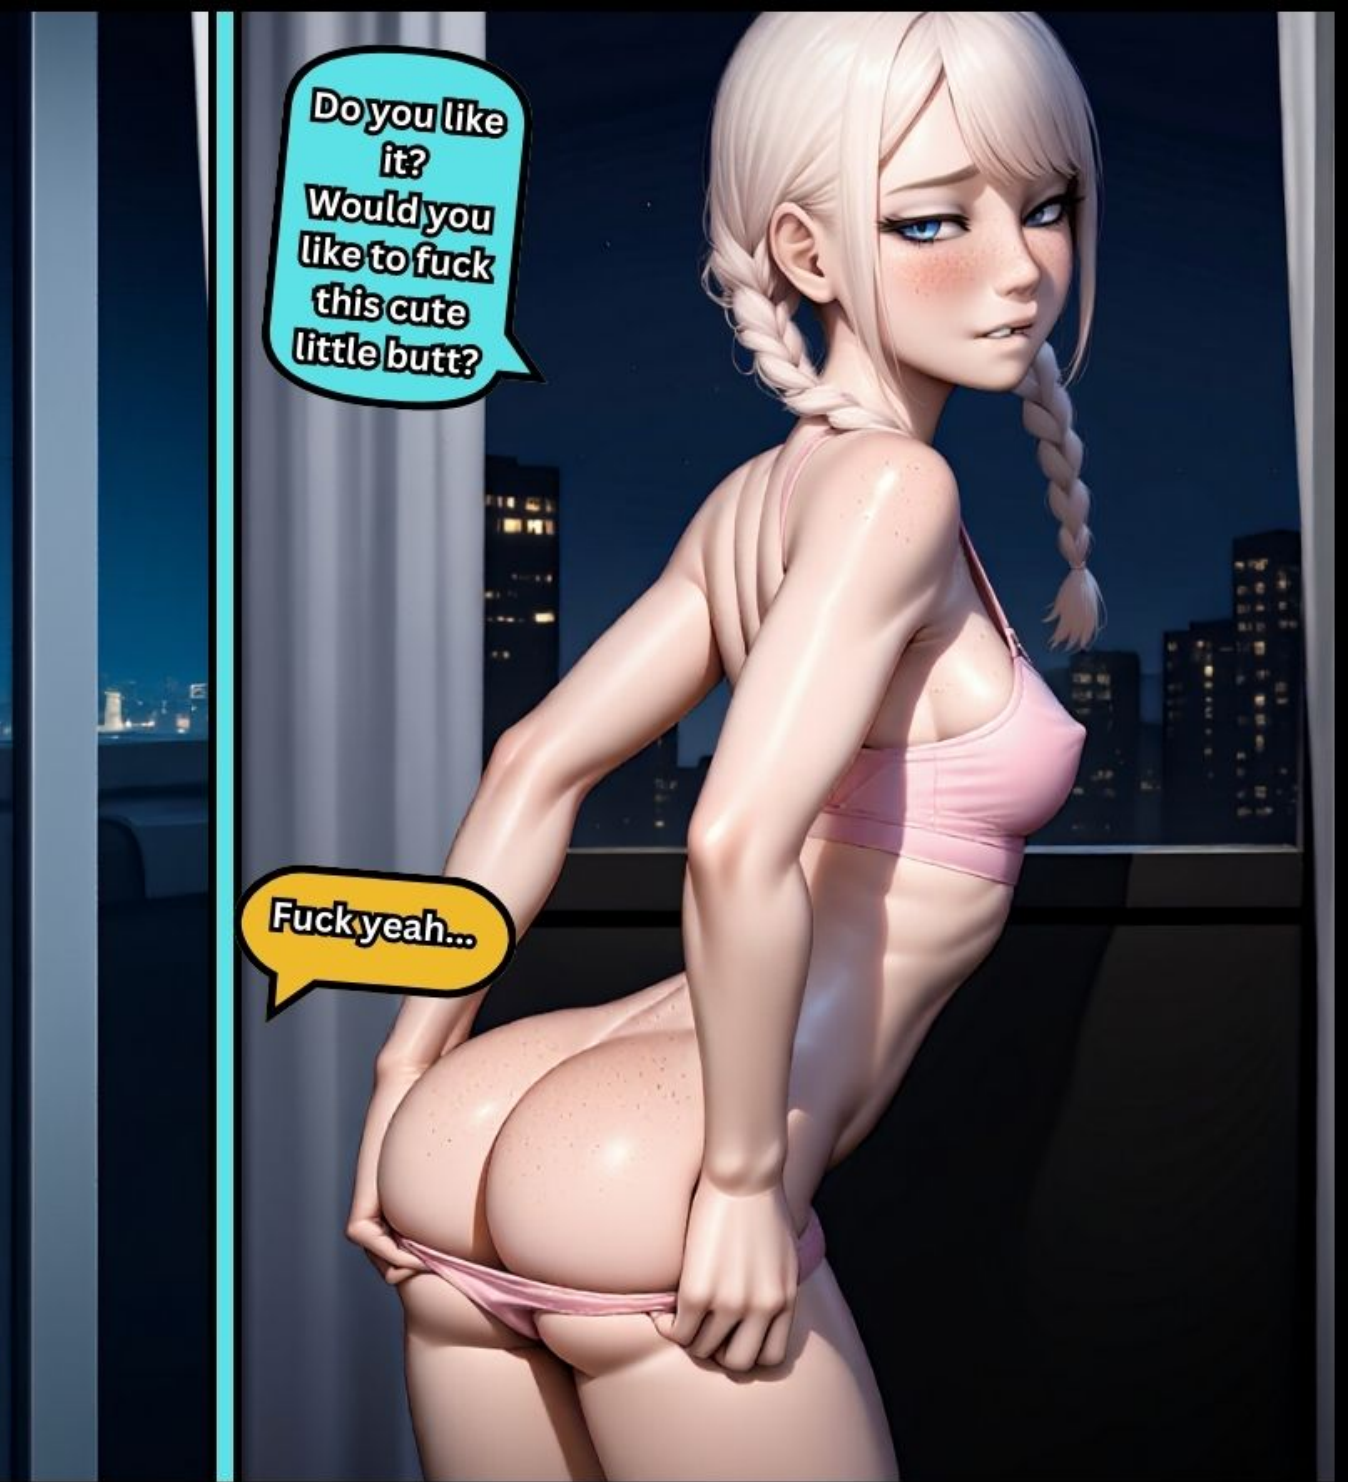

At his place...

Your dick is
so sexy...

Show me that
cute butt.
Then I'll show
you how big
he can get...

Do you like
it?
Would you
like to fuck
this cute
little butt?

Fuck yeah...

It's inside...
I'm actually
getting
fucked!

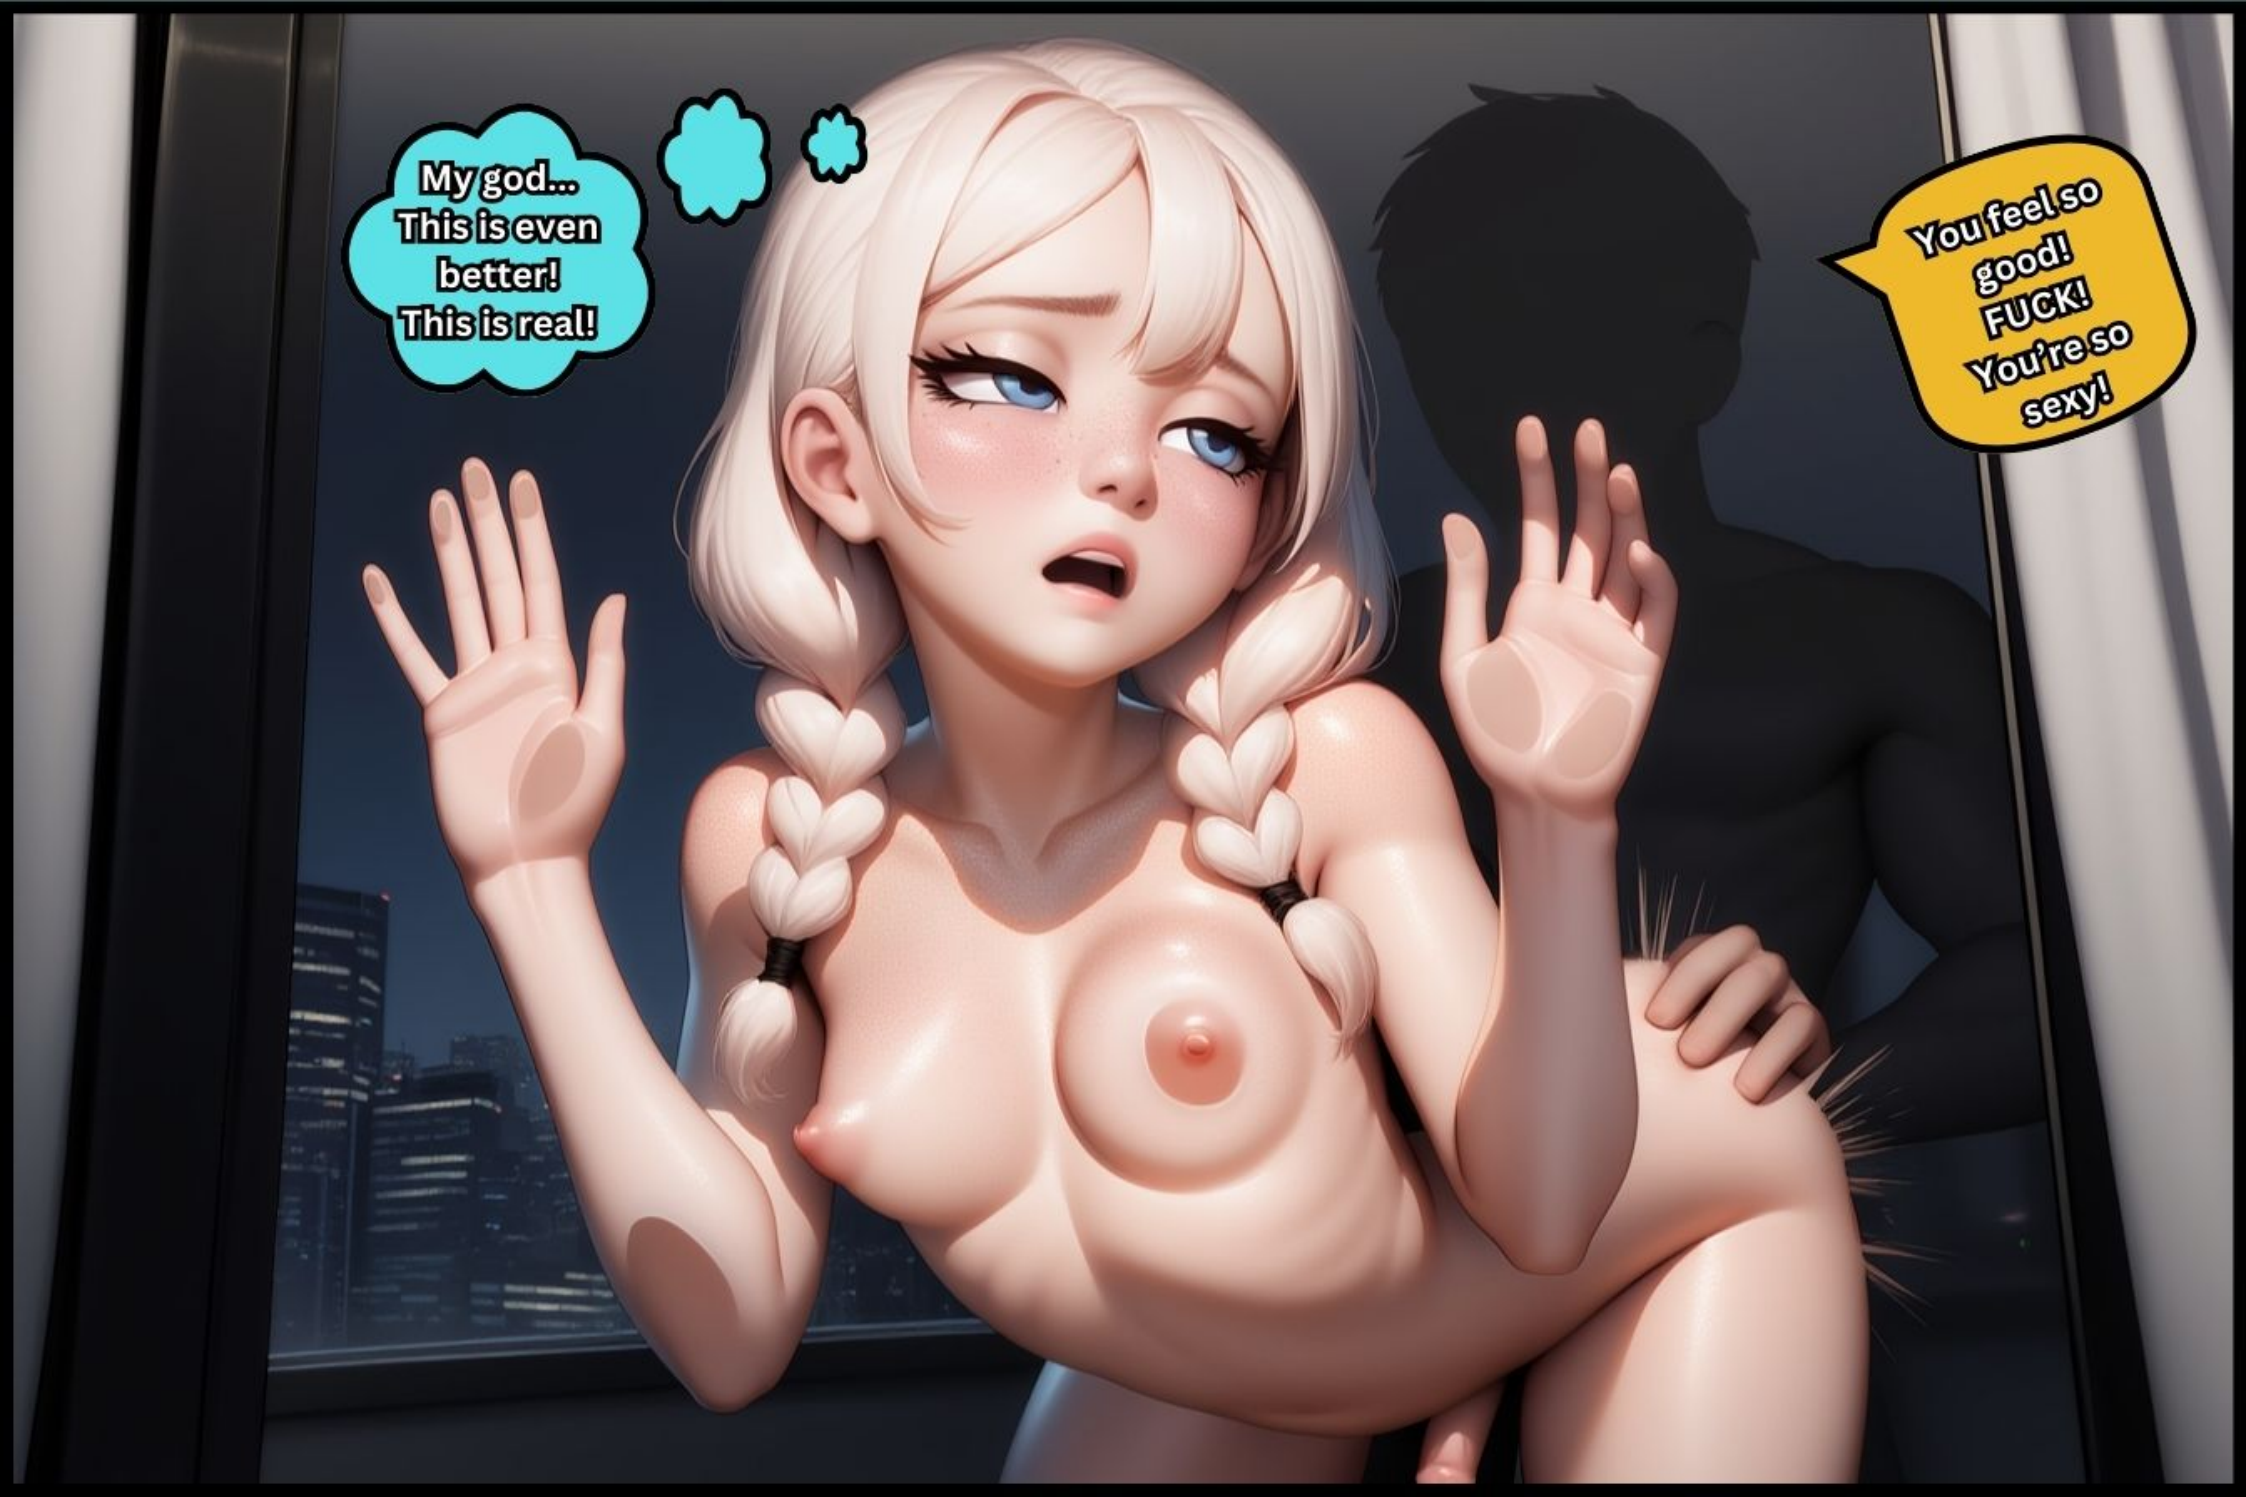

Your butt is so
tight!
Enjoy the view
babygirl!

My god...
This is even
better!
This is real!

You feel so
good!
FUCK!
You're so
sexy!

**You're such a
good girl!
Fuck! Take
my jizz baby!**

**Noone even
questions it
anymore.
I'm just a
girl!**

**FUUUUUCK!
I'm cumming!**

Years later...

And this is your spot. Any more questions?

Yeah... maybe one if you'd allow it? Are you Lucia M.? The one who wrote the journey article?

A friend of mine was really inspired by it.

I am.

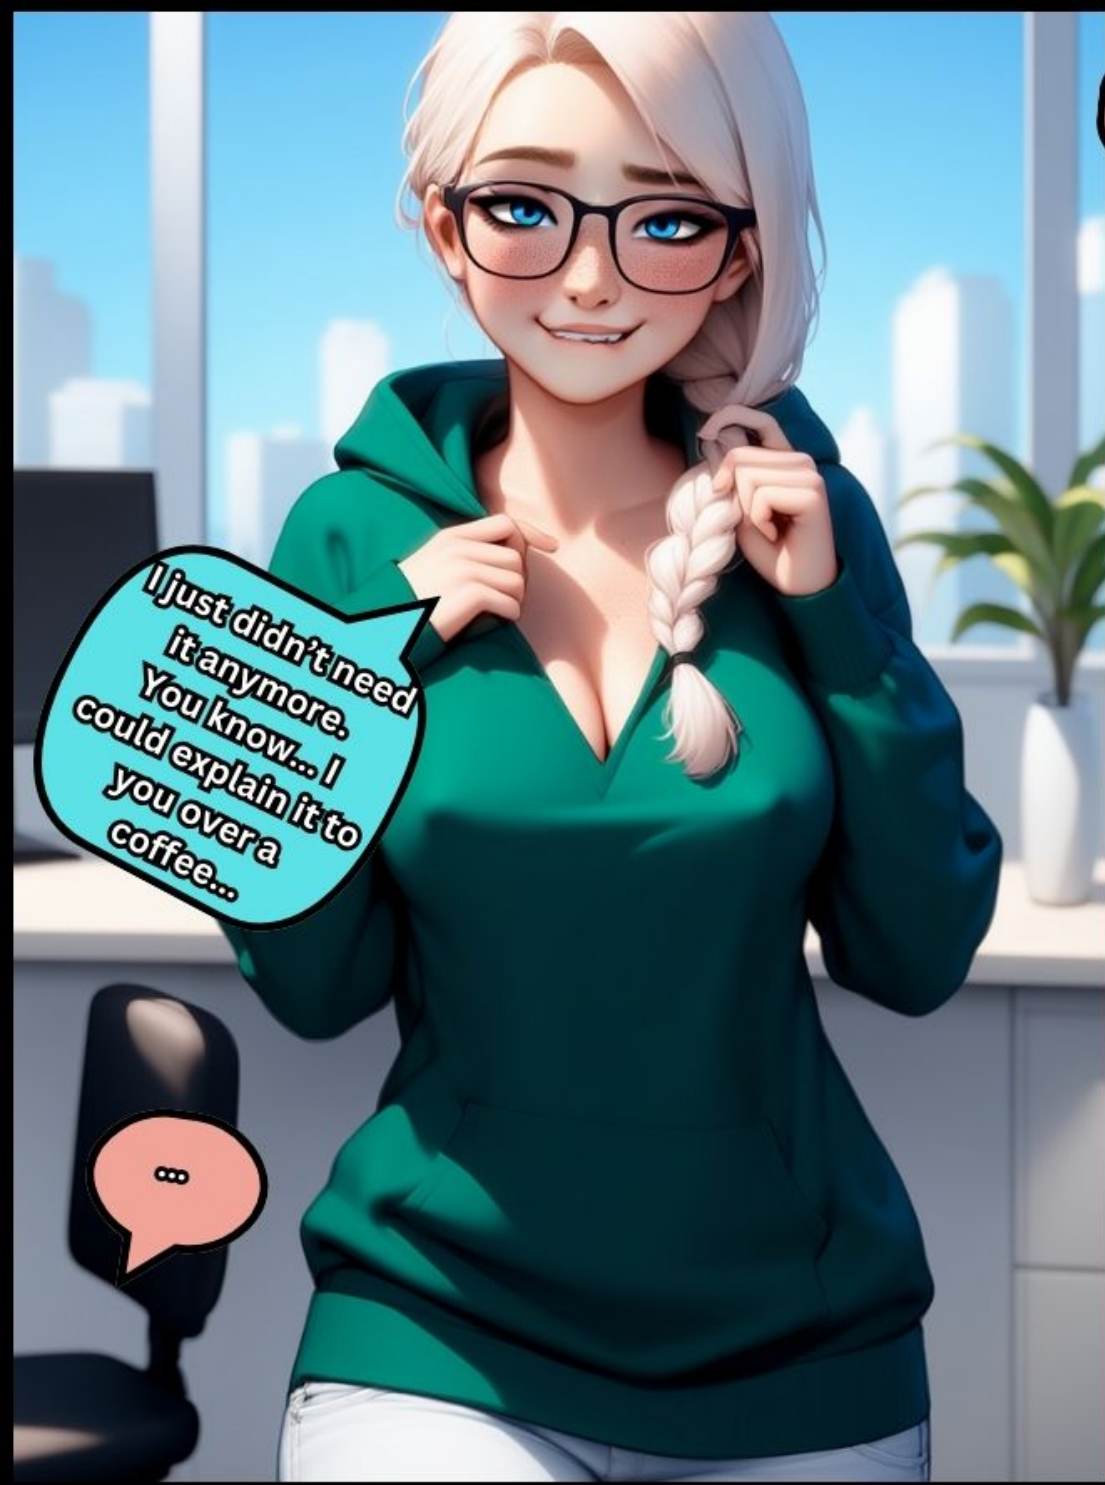

WOW! What level is your character at by now? Did you beat the Dragondevil?

I haven't played in years! I sucked at the combat. People stopped inviting me to raids.

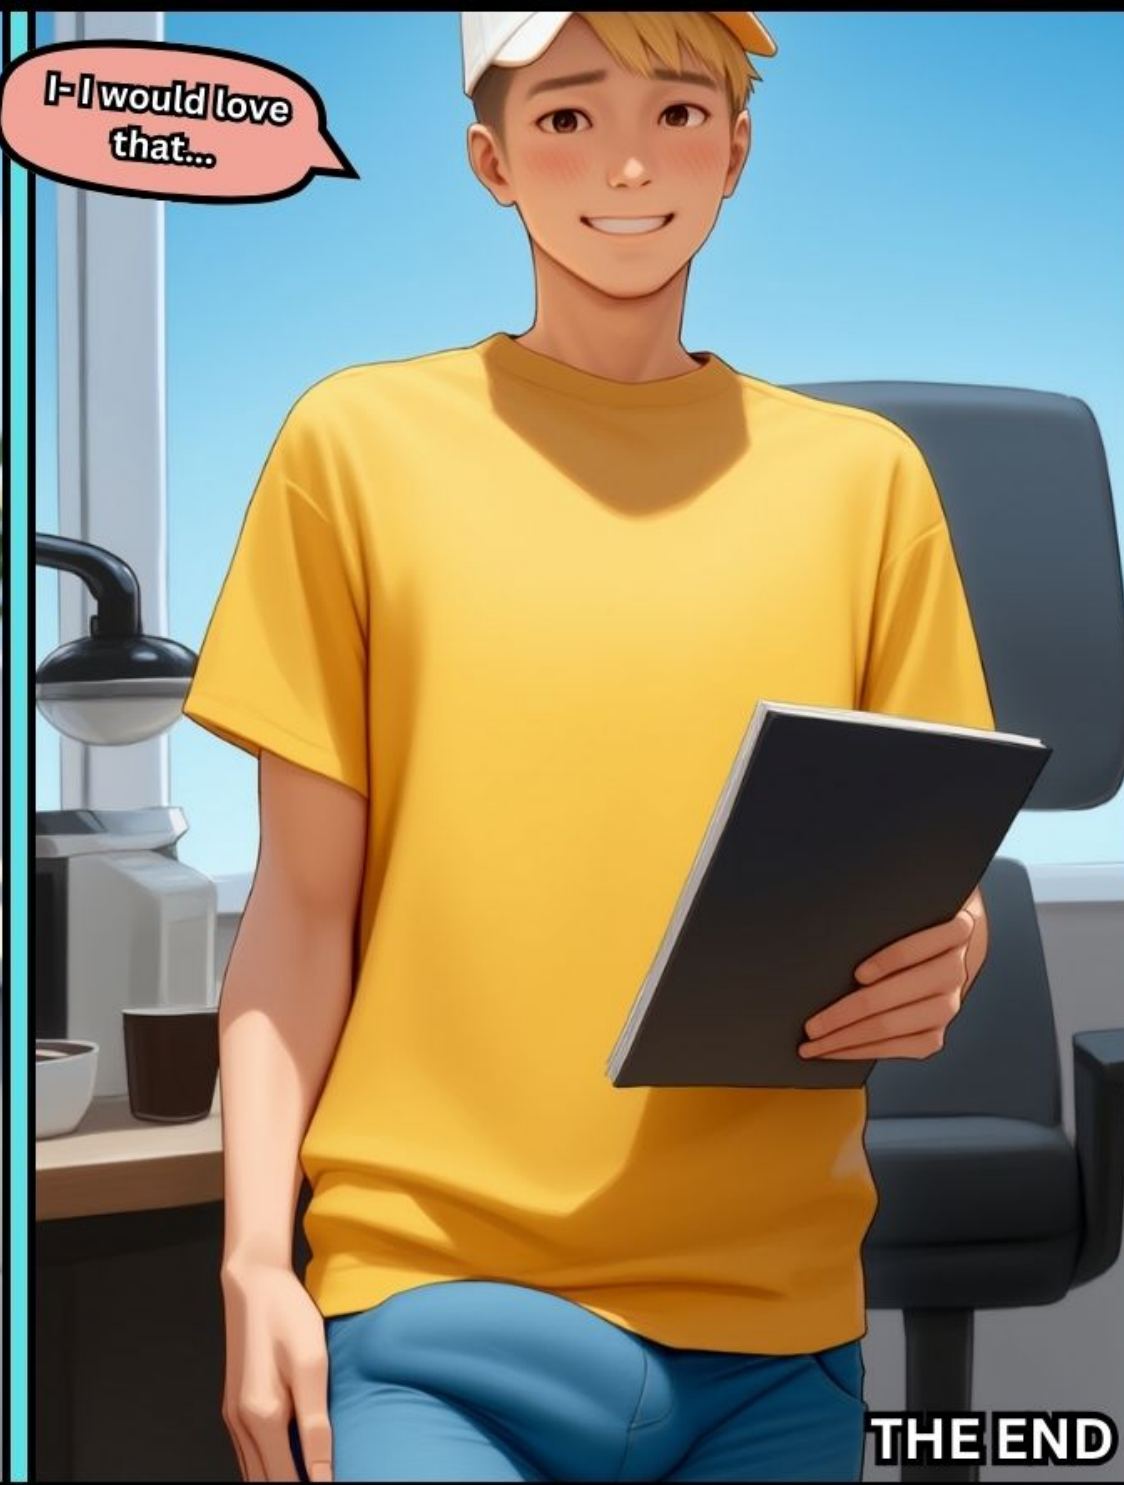

Oh. Sorry. I just assumed that it probably is your favorite or something.

I am back to writing about E-Sports.

I just didn't need it anymore. You know... I could explain it to you over a coffee...

...

I-I would love that...

THE END
