"You are a cute little one, aint' ya', shug'? Tiffany held Dave in the air, eyeballing him like a choice piece of meat. "It's been a long time since I've had fun. Too long."

"...Well, you're, uhh, not so bad yourself, you know," Dave eventually replied, with an awkward but genuine smile. "It's been awhile for me too, and I've never been with a girl like... like you..."

"Most people haven't," Tiffany said earnestly. "Not me like I am now. Come to think of it, no one ever has, not more than once anyhow...

I have a bit of a weakness for the cute ones. Always have. Back in school, I slept with every cute senior boy I could find! Until my Momma found out, that is. She had me diagnosed as a one of 'em 'nymph-o-maniacs,' and she sent me off to live with my old Auntie out in the country...She thought it would 'cure' me, but little did she know the country boys were even cuter!

So I slept with every senior in that country school, then I slept with 'em all again... All the while, though, I was getting bigger. Pretty soon, I was taller than any boy in the school, stronger too. I always liked to be on top, and since I was stronger than 'em, I did whatever I wanted... Then one day, I was ridin' cowgirl on toppa' some wanna-be cowboy, and when I was finished, I noticed he ain't breathin'...

I wasn't as big then as I am now, either. Let's just say sometimes I can get a bit... rough."

"You could try to be gentle, just this once," said Dave.

"Yeah," replied Tiffany, "I can try."

"Jesus," Dave said, turning back to gaze at Tiffany. You're so hot... I want to fuck you.

Brandy leaned over the warehouse railing, bending the steel railing with the sheer mass of her breasts. She peeked out through the warehouse door, and rolled her eyes. “I bring her along for a job, and five minutes later she’s fucking the first guy she sees... Typical Tiff’,” she muttered to herself.
“And we hadn’t even started interrogating anyone yet... She’s always been a flake. Oh well, more for me, I guess. I’ll let her have her ‘fun.’ Her and her little ‘boyfriends’... Knowing her, the little bastard will be a goner by the time I finish my first interrogation.”
www.erofus.com

www.erofus.com

“Speaking of interrogation… Looks like I’ll be starting with you, you little worm.” Brandy spotted one of the gangsters, a swarthy, tattooed man who was trying to hide behind an oil barrel. He started to squirm away.

“Don’t even think about running,” said Brandy, “Or I won’t be as nice to you as I usually am. With these legs, I can catch any man without breaking a sweat. And if you try to squeeze through a door, I can just break the wall down! So tell me,” Brandy asked, “where is that little bitch Tony hiding out?”

“Tony?” he started, “I--I have not idea…”

“Well then I have no idea how I’m going to justify letting you live. Tell me whatever the hell you know, and do it quick.”

“Me? I was hired for a job the other week, s-some guys that operate out of this warehouse, import-export stuff. Pretty basic. I think they worked with some kind of chop shop. Beyond that, I dunno… I… I guess I overheard a few things from the other guys…”

“Like what?”

“Just… things. Some of the guys going on some kind of a trip, to…I--I don’t know where!”

“Well you’d better get to knowing fast.”

"I swear, I don't know anything about that!"
"Well, that's just too bad, isn't it? Big Tina doesn't like to be disappointed. Guess I'll just have to kill you now..." Brandy bent down to pick the man up.
"Wait, you crazy bitch! You don't have to kill me!"
OFFICE
KNOCK BEFORE ENTERING
www.erofus.com

Brandy scoffed. “Have to?” Leaning down as far as she could, she grabbed the man by the waist. Her arms could just barely wrap around her absurdly large breasts. “Oh, you pathetic little idiot, there’s no ‘have to’ in this. I love my work.”
Brandy picked up the man as if he weight nothing, and raised him above her enormous breasts.
www.erofus.com

"Do you know what these things can do?" She paused, waiting for a response.
"N-no..."
"They make little men like you disappear. Here, I'll show you how." Brandy lowered the man between her breasts. Even naked, her breasts were so big that they naturally pressed together, and so she had to wedge the man in between her cleavage.
"I don't come off as... intimidating, do I? Let me clear the air. I'll tell you a little about myself.
They're amazing, aren't they? My tits, I mean. I matured early, and they got big, fast. I loved them, I got so turned on by them that I would just masturbate while thinking about my own tits, picturing a little man between them... But even though I was the only girl with a J-cup at my high school, more than anything I wanted them to get even bigger.
www.erofus.com

Then I started to get tall. Really tall. Started happening to a bunch of girls in Detroit, all around the same time, no one's really sure why. I'm sure you saw it on the news. And that's when they really started to get huge. I got approached by a bunch of pervs who wanted to take pics of me for some magazine, asking me to be in adult films. And by then I was like 7'5'', and they were fucking gigantic. But I wanted them even bigger. I took every herbal supplement you could fine. Not sure if it was that that did it, or something else, but they grew even bigger. And I still wanted them to be even bigger, and firmer. So I finally went under the knife, and got one of those pervs to pay for it. Big mistake. For him."

"You ready to get started, sug'?"
Back outside, Tiffany had gotten tired of waiting.
She tossed Dave onto the hood of a black truck.
www.erofus.com

www.erofus.com

Tiffany saw a worried look in Dave's eye. "D'aww, you're not scared of little old me, are ya? Well? What, cat got your tongue? You're such a sweet little thing, sug'. I'll tell you what, I'll start off slow. Now let me slip those clothes right off of ya...
www.erofus.com

Tiffany slid Dave's jeans off, slowly, forcing herself to slow down so she could savor the moment. "Looks like you're happy to see me," she said as she pulled them off, and his erection popped up from the slit in his boxers. "My my, you've got a big one... Looks like I'll be having fun after all."
www.erofus.com

www.erofus.com

After pulling Dave's shirt and boxers off, Tiffany began to fondle his dick. "Now tell me, sug', how would you like to feel my thick lips wrapped around your cock?"

"Oh, wow," Dave said, his face red. "That sounds... amazing."

"Let's start off with a lick, shall we?" Bending down, Tiffany slid her
tongue gently along the tip of Dave's penis. Dave shivered in ecstasy.
www.erofus.com

Tiffany slid her lips along the shaft of Dave's engorged cock, as he leaned back and enjoyed the sensation. Tiffany's thick lips massaged the shaft as she went, in and out.

www.erofus.com

She toyed around with his penis, playfully bobbing it around inside of her mouth while she stared longingly into Dave's eyes. Then she slid her lips deeper around it, until his cock disappeared fully into her mouth. Most girls had a hard time fitting a man's entire penis into their mouth, especially one as large as Dave's. But as big as Tiffany was, she could easily fit the entire shaft inside of her mouth. She slid her tongue up and down along his penis, tonguing along the base of his balls.
www.erofus.com

www.erofus.com

"That's it," Tiffany said, "I so God-darned horny right now, I can't wait another second!" Without waiting any longer, Tiffany jumped onto the truck, mounting Dave on the hood of the car. "Ohh, yeah," Tiffany said. Slipping Dave's cock into her pussy, she grinded her clit against his pelvic bone as she thrusted forward and back.

Never had he ever felt anything like this before. As huge as she was, her pussy somehow felt as tight as any of his ex's. There was just so much of her. The curves, the ass, the hips, everything. With each thrust, her massive tits came close to slapping him in the face. He wanted to put his mouth on them, but as huge and heavy as they were, he didn't want to risk getting knocked out by them.

As Tiffany went on, she became more and engulfed by the pleasure. Utterly single-minded, she forgot about her promise to be gentle. She grinded hard against Dave, slamming up and down on his rock-hard cock and rubbing her clit against him.
www.erofus.com

After finally coming, Tiffany let out a long, satisfied sigh. “Ah fuck that was good,” she said, letting her arms relax. “But I’m still horny! What do you think, Dave? Are you up for another round?”
www.erofus.com

“Dave? Hey, Dave? Umm…” Without moving, Tiffany surveyed the scene. She had gotten so caught up in the moment, she had forgotten all about her promise to be careful. The car was wrecked worse than she thought. The whole cab had been compressed flat. The passenger door had fallen off its hinges, and the driver’s door was close to doing the same. The suspension had collapsed, and the tires had turned sideways. The center of the hood had caved in, so hard it knocked the engine loose. And Dave…
www.erofus.com

www.erofus.com

Tiffany moved back carefully, doing her best not to wreck things even worse. As she slowly crept back, though, she realized the damage had already been done. His legs and arms had been broken, snapped backwards. His neck, likewise, had been snapped. And his torso was bloody to the point of being unrecognizable.

"Not again! Oh, well shit on a stick, every Gal-darned time... I done gone and squished another one! And just when I thought I'd found a decent man. Ugh... Such a darn shame... Lord, if Sis' finds out about this, I ain't never gonna hear the end of it.."

www.erofus.com

"Poor little thing, " TIffany said as she stood over the body. "I hate to just leave him like that... Seems a real shame. Maybe I ought' to send him out proper... the only way I know how. Okay, here goes..." Tiffany stood in front of the car, and got ready to do what she had to do. "One... two..."

www.erofus.com

www.erofus.com

CRASH!!

Debris flew everywhere. The driveshaft was splintered, and the front wheels popped off like corks before rolling away. The frame gave way like it were tinfoil.

In an instant, the car was utterly demolished. Tiffany smashed it into nothing with her sheer mass, four and a half tons of absurd curves.
www.erofus.com

With her duty done, Tiffany moped, as she lay sprawled out across the bed of the truck. “I finally find myself a decent man, and... Is this how it’s always gonna be?” she asked herself. “I’ll never be able to hold onto a boyfriend. One go, and they’re smashed like the rest...”

“Well, I guess I should prolly go help Sis’... She told me this would happen... Told me I was dumb for thinkin’ anything else could come of it... She’s really gonna give me a mouthful...”

Tiffany mulled things over as she reluctantly started to get up. “Wait, no! Why should I go back to her, if she’s just going to judge me? I don’t want to see that Judgy Jesse right now.”

www.erofus.com

www.erofus.com

Inside the warehouse, Brandy continued interrogating her prisoner.

“Please… Just let me go… I don’t know where Tony is… I don’t know anything…”

Brandy laughed to herself. “Fine by me, that just means I get to smash you into goo between my titties…” Brandy pressed her breasts ever-harder together, savoring the man’s pain as she slowly ratcheted up the pressure.

www.erofus.com

Brandy gazed intently into the tattooed man's eyes, as she slowly crushed him between her enormous, round tits...
"Why are you staring at me?"
"I like to get to know my prey. I like to watch your pain..."
"Okay, you can... let up now, this is starting to hurt, this is really... starting to hurt!"
www.erofus.com

He threw his arms out in the air, reaching desperately for something, anything to grab hold of. He was all but enveloped now, sinking down between two pillowy walls of flesh that were slowly closing in on him.
“Oh yeah, tell me how bad it hurts!”
“I can barely breathe... I... my chest, oh god--ugh!”
“Go on...”
“I think I just felt one of... my ribs... breaking... ”
“Yes...” Brandy replied with almost orgasmic pleasure.“Already, and I’m just getting started...”
“Please, stop. I can’t... breathe. I’m going to... suffocate...”
“Suffocate? Oh, you’re not going to live long enough for that.”
Brandy’s pleasure made the man even more afraid. Clearly she was enjoying this. Was there any way she would stop before she killed him? In desperation, he cried out. “I--I’ll tell you... everything I know!”
Brandy seemed disappointed with his words. “I’m listening, but that info had better be amazing if you think I’m going to stop THIS.” She increased the pressure even more, before reluctantly letting off ever so slightly.
www.erofus.com

"I... my name is Santiago. Santiago Lucia."

"I don't give a shit what your name is!" Brandy squeezed harder. "Where's Tony?"

"Ugh! I don't know where Tony is." Brandy squeezed harder in response. Santiago let out a pained wheeze.

"Well," Brandy said indignantly, "what the hell do you know, then?"

"I... I know what Tony took from Gina. S-some kind of juice, some kind of drug that makes you grow. Like whatever made you and all those other Detroit girls get big. It's like that, but stronger. That's how she got so huge..."

"Hmm, growth serum," Brandy muttered to herself, "Interesting..." It was news to her. Big news in fact. But of course Gina already knew what had been taken from her. "So that's how Gina had gotten so damn big... No wonder she wanted to keep it a secret..."

www.erofus.com

Brandy laughed to herself. “Oh, I couldn’t stop now if I tried. I need it bad…”
“No, no, nooooo--mmph!” Santiago’s screams were muffled, as Brandy’s enormous, fat tits fully engulfed him. The pressure came from all sides, slowly crushing him, compressing his chest cavity. And she wasn’t even pushing all that hard. For Brandy, this was showing restraint. Taking it slow. Savoring it. But she couldn’t savor it any longer.
www.erofus.com

www.erofus.com

"Yes!!!" Brandy was overcome with pleasure and lust. She strained her arms, using every ounce of strength to crush the little man between her enormous bosoms. With brutal, explosive force, her breasts came together, smashing Santiago's body flat. Blood sprayed from between Brandy's breasts.

"Oooh, yeah!" Brandy moaned, squeezing even tighter, as blood squirted from her enormous cleavage.
www.erofus.com

www.erofus.com

Overcome with ecstasy, Brandy bit her lip as she squeezed her chest viciously, completely overcome with pleasure. Santiago reached out one last time, before his arms finally went limp.

www.erofus.com

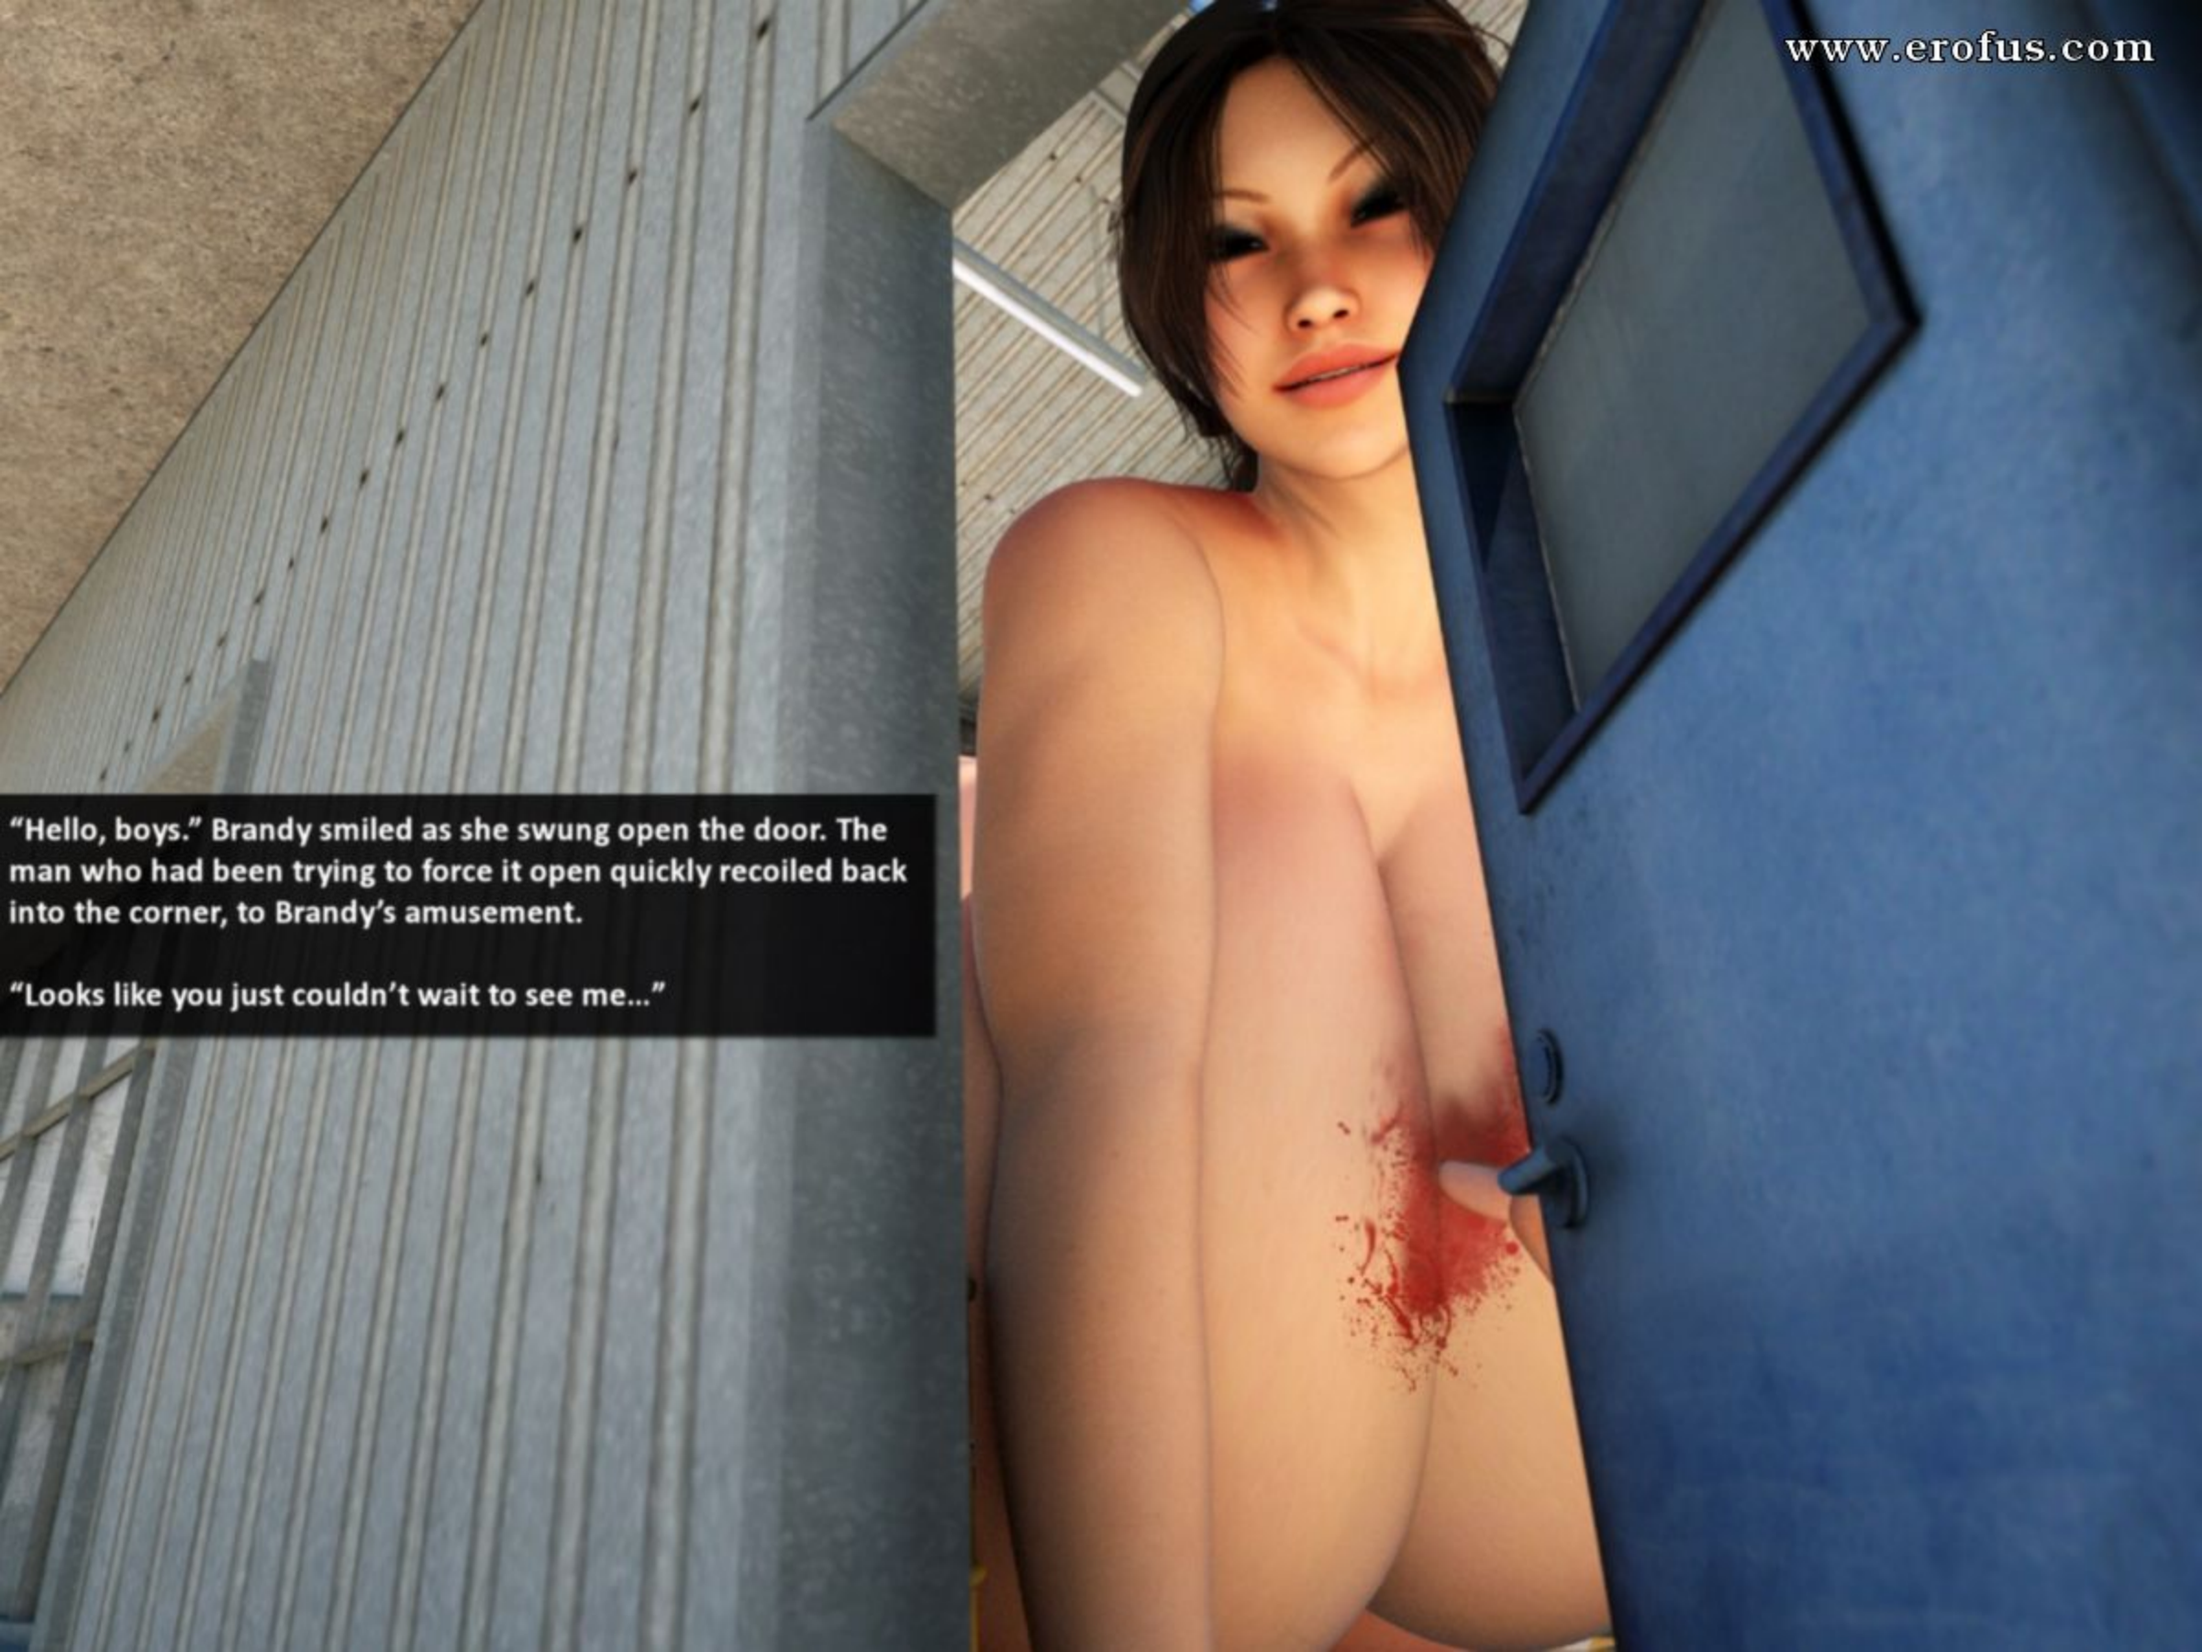

"Oooh, yeah..." WIth Santiago crushed into gristle, Brandy's hands were finally free. Brandy was incredibly turned on, and she couldn't wait any longer for release. With her right hand, Brandy slid her hands between her legs, sliding it into her dripping wet pussy. She slid her fingers in and out, vigorously masturbating. Each thrust of her fingers sent her breasts bouncing, as ripples echoed out through her tit fat like ocean waves. A179

As Brandy finally came, she let out a long sigh of relief. She leaned forward, letting what was left of Santiago's body fall to the ground with a dull thud. But not more than a moment later, she found herself feeling horny again.

Brandy sprawled out across the factory floor, overcome again with desire. Raising her immense tits up to her mouth, she licked the blood from between her cleavage, savoring the bitter taste. Once again, her hand found its way between her legs, sliding into the narrow wedge between her thick thighs. But before she could start pleasuring herself, she heard someone banging on the door. One of them was trying to get out.
"Hmm," she said to herself, "I guess I shouldn't blow my load too early..."
www.erofus.com

www.erofus.com
“Hello, boys.” Brandy smiled as she swung open the door. The man who had been trying to force it open quickly recoiled back into the corner, to Brandy’s amusement.
“Looks like you just couldn’t wait to see me...”

“Stupid, no-good Brandy... Always makin’ me feel so little... Makin’ me feel stupid... Well I don’t gotta listen to her no more!”
Tiffany stomped her way down the sidewalk, too preoccupied to think about that fact that a 17-foot woman walking naked down a street in broad daylight might draw unwanted attention. Luckily for her, the streets were deserted. It was a back street in an industrial part of Oakland, and none of the nearby factories seemed to have anyone working this weekend. So she continued walking away from her sister, the streets silent except for the sound of distant sirens.
www.erofus.com

www.erofus.com

Tiffany found herself standing at a crossroads, in both senses of the word. She knew well enough that she ought to go back to her sister, to help her interrogate the gangsters. But she wasn't ready to do that again, not so soon after she had done the same to Dave. And she didn't want to hear her sister's inevitable mockery either.

www.erofus.com

But where else could she go? People weren't used to her kind being this far from Detroit. And here, if she got into trouble, she wouldn't have her sister or Big Gina to bail her out. She could try and make her way back to the trainyard, but she wasn't sure if she remembered the way, and besides, that would delay the inevitable. Maybe she was being foolish trying to run from her life... Maybe she should just swallow her pride and go back to her sister...

Tiffany snapped back to reality as she heard a car coming her way. It was a big, red pick-up truck, and it was headed rivght for her. It was too late to try and run or hide now. Tiffany stood still, pretended like she didn't notice the truck, and tried to look inconspicuous... as inconspicuous as an amazingly well-endowed, 17-foot nude woman could, anyway.

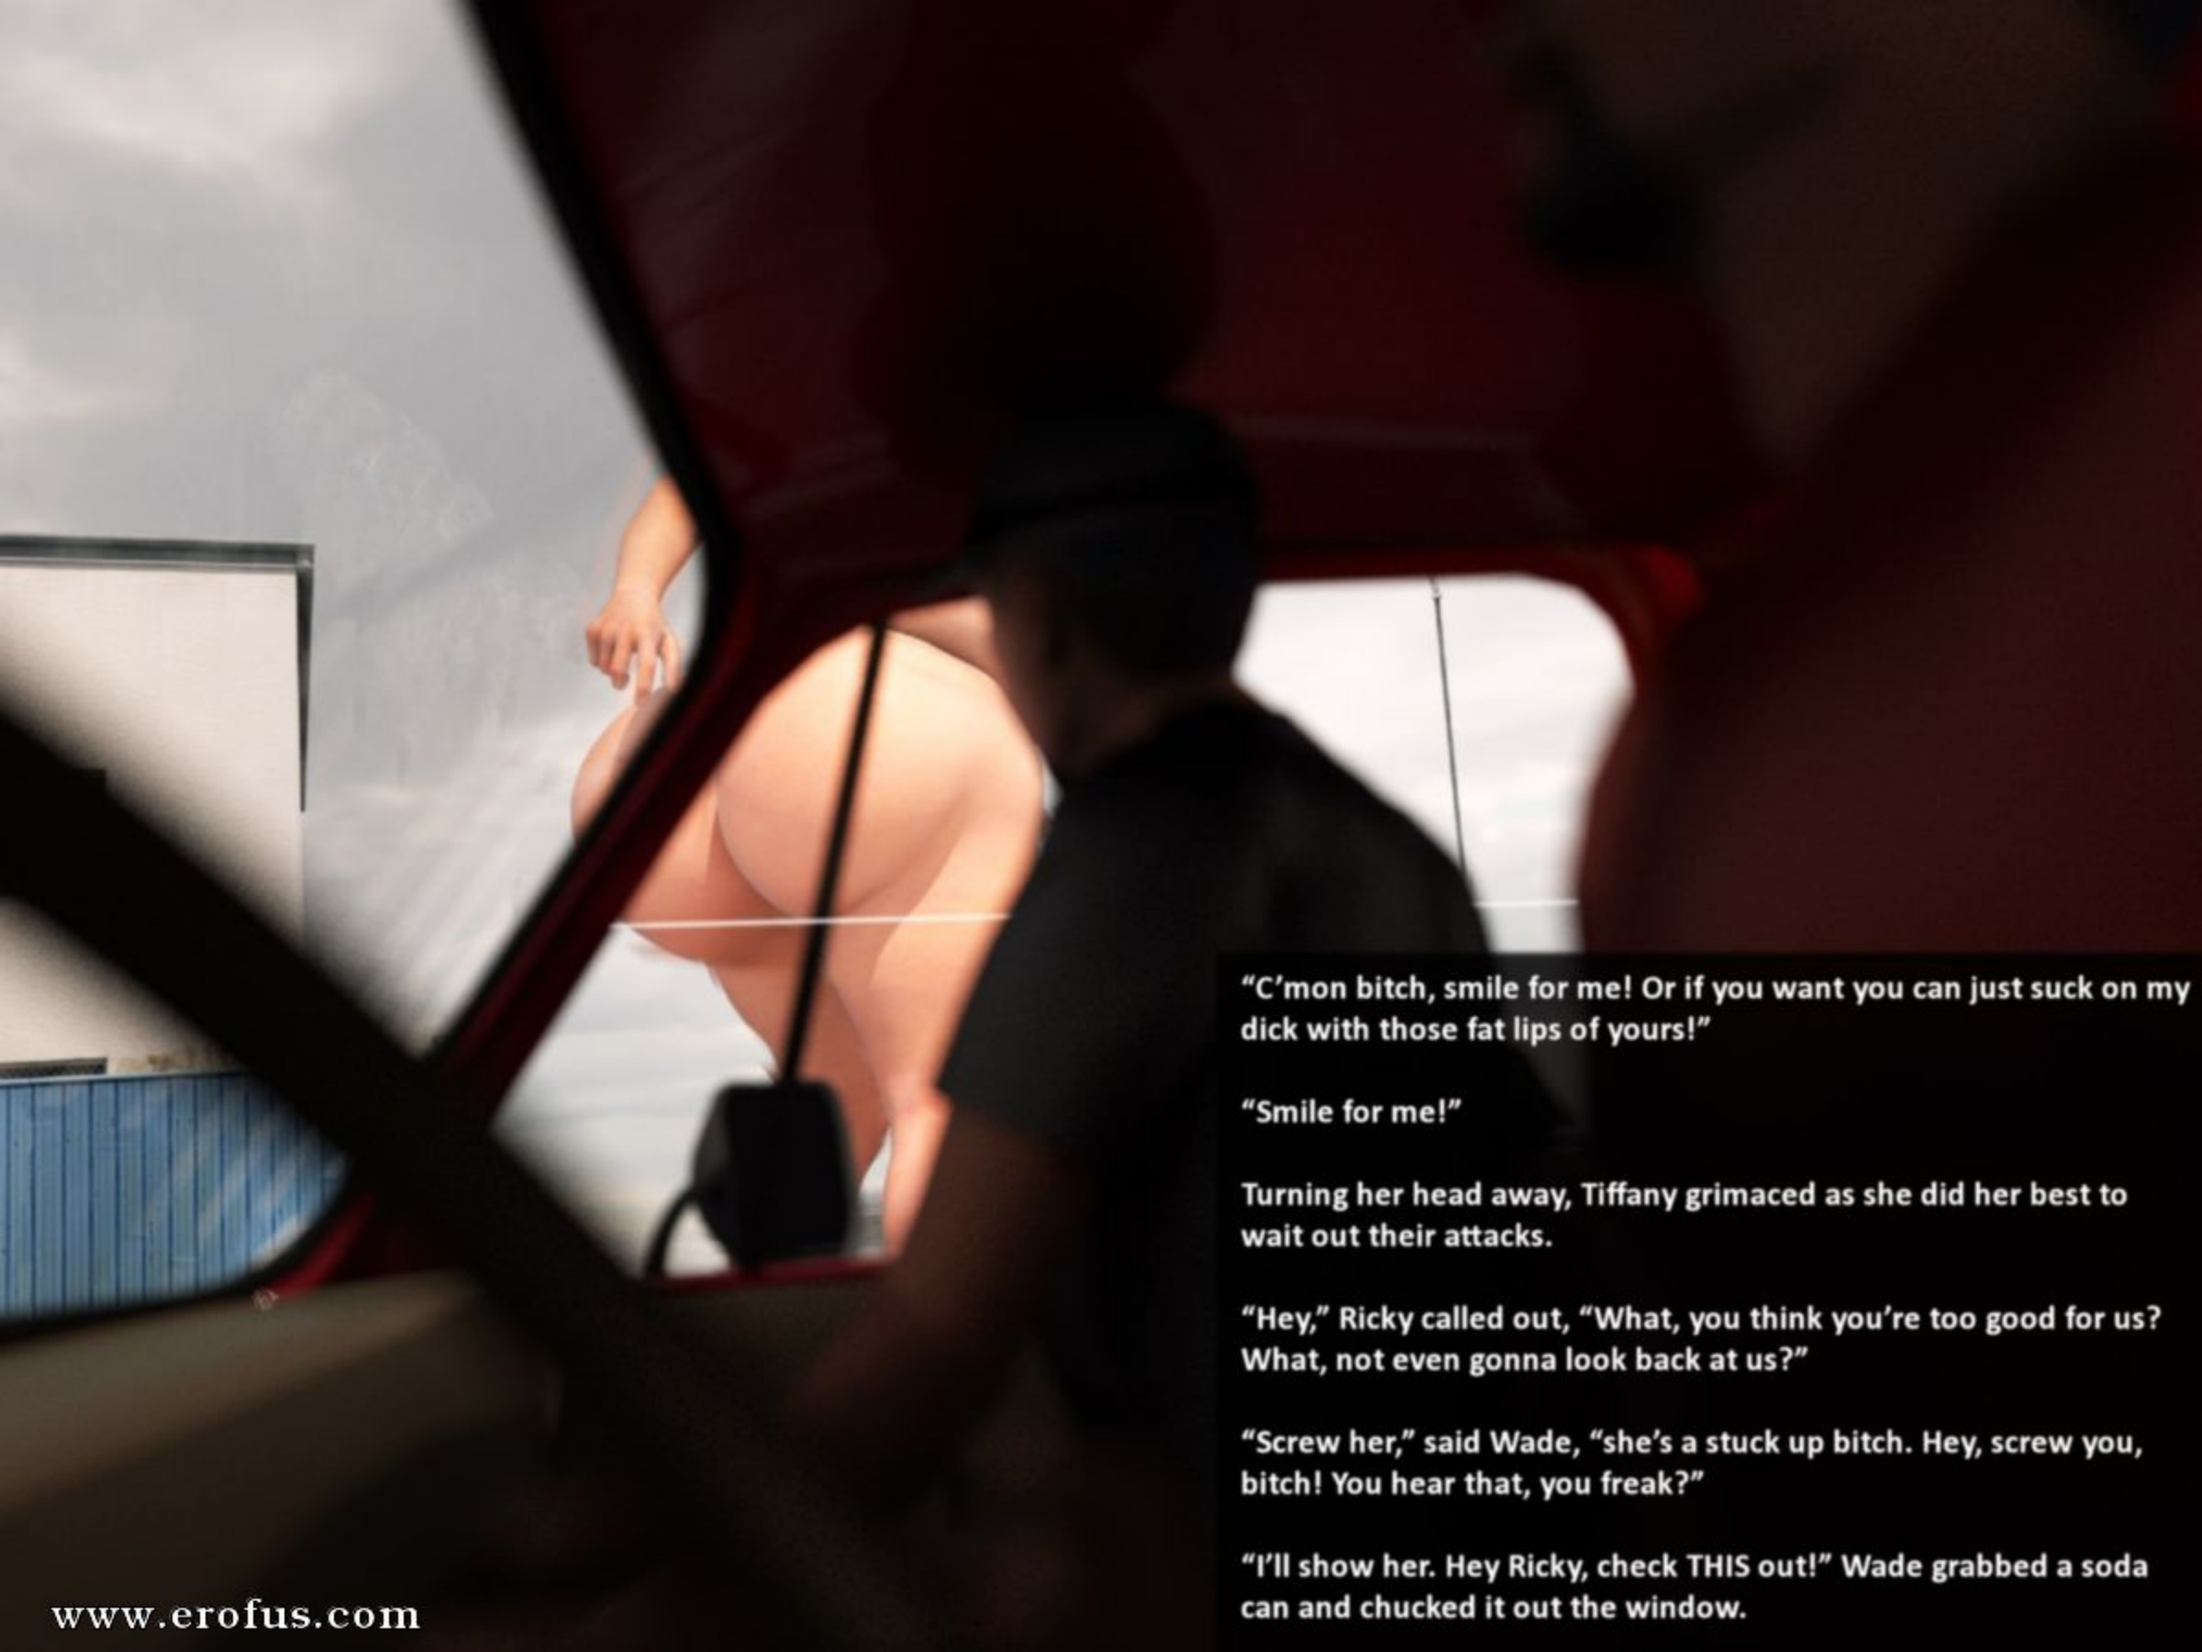

As the truck pulled up to her, Tiffany stood perfectly still, wishing to herself that whoever it was they wouldn't call the cops.

"Holy shit, it's one of 'dem giant bitches from Detroit!" Called out a man from the car. "Never seen one of them before!"

"Hey, nice tits, you freak!" Called another man from the truck. "I could motorboat those things all day! Hey, sweet thing, smile for me! you'd look prettier if you smiled!"

Tiffany was frozen. She stood perfectly still, trying not to make eye contact, unsure of what to do.

www.erofus.com

"C'mon bitch, smile for me! Or if you want you can just suck on my dick with those fat lips of yours!"

"Smile for me!"

Turning her head away, Tiffany grimaced as she did her best to wait out their attacks.

"Hey," Ricky called out, "What, you think you're too good for us? What, not even gonna look back at us?"

"Screw her," said Wade, "she's a stuck up bitch. Hey, screw you, bitch! You hear that, you freak?"

"I'll show her. Hey Ricky, check THIS out!" Wade grabbed a soda can and chucked it out the window.

www.erofus.com

Tiffany flinches as a half full soda can hit her square on the side of the head. Soda splattered all over the side of Tiffany's face.
www.erofus.com

www.erofus.com

"Oh man, right on the side of that freak's head! Good throw, Wade!" Wade and Ricky high-fived.

Tiffany, meanwhile, found herself overtaken with rage. "You. Little. Shits."

"Uh-oh," laughed Wade, "sounds like she's not happy! Let's get out of here before that giant freak Hulks out on us!"

www.erofus.com

The two hicks sped away in the truck. Tiffany thought she could hear them laughing as they drove away.

"Oh, that. Is. It." Tiffany said to herself. "Those two no-good redneck sons o' bitches... I'll show them what happens when you mess with Tiffany Tillman!"

www.erofus.com

www.erofus.com

Wade noticed the car shaking. His laughter suddenly stopped as he glanced in the rearview mirror. “Oh shit, she’s chasing us!”

“Hah,” laughed Ricky, “let her chase. This thing’s got a V-8. No way some bitch can catch us, even if she is huge!”

www.erofus.com

But Tiffany wasn't just a giant bitch. No, she was a giant bitch who also happened to be extremely pissed.

Tiffany wasn't usually a runner. Women that weighed as much as her couldn't do too much jogging. Even aside from potential joint problems, running came with the unavoidable problem of her tits hitting her in the face. Nobody made sports bras for breasts as big as Tiffany's, and even if she managed to squeeze into one she's snap it after a few minutes. But right now, Tiffany didn't care how much her tits would fly around. She wanted nothing more right now than to chase down those two rednecks. And so she charged after them as fast as she could, even as her tits heaved all around, slapping her in the face with every few strides.

www.erofus.com

"Almost!" Tiffany called out as she ran towards the truck. She was only a few feet away from grabbing onto the back of the truck's bed. "Just a little... closer..." Tiffany sprinted as fast as she could, her outstretched hand reaching desperately towards the car. "There!" With her last ounce of strength, she grabbed the back of the truck's bed and quickly slowed her pace. In a few strides, her and the truck both came to a halt.

www.erofus.com

The truck suddenly jolted to a halt, sending Ricky and Wade flying forward. Their faces slammed hard against the dashboard, as Wade's hat and Ricky's sunglasses flew through the air. They were stunned by the impact, and only slowly came to their senses.

www.erofus.com

As Ricky and Wade came to, they awoke to an amazing sight. TIffany was standing in front of the car, her gargantuan body towering over them.

"Hey boys," she teased. Her words may have been playful, but her demeanor was deadly serious. "Is that how you treat a woman you don't even know? Callin' her a freak?"

She paused for a minute, looking off to the side as if she were thinking something over.

"Well, you might be right. Maybe I am a giant freak. I guess that's why it stung to hear that. But you picked the wrong time to mess with this freak. Now I'm gonna show ya' what this freaky body can do!"

www.erofus.com

www.erofus.com

Tiffany climbed back onto the hood of the car, seating herself just in front of the windshield. The frame started to buckle under her weight. “How you like my booty, boys? Is it big enough for ya?” Tiffany leaned back onto the cab, not yet putting her full weight on it. She rubbed her ass up and down on the windshield, careful not to put too much weight on any one part of the car. She didn’t want to crush it, not before she was ready.

www.erofus.com

Inside, Ricky and Wade enjoyed a view they'd never seen before. A woman's ass that was wider than the car windshield, streaking back and forth on the glass, threatening to cave in the windshield at any moment.

"Jesus," Ricky said, I didn't think we'd get THIS lucky!"

"That is one fine ass... but what if she breaks the glass?"

"Wade, you pussy. Enjoy the show, will ya'?"

Tiffany felt the cab starting to compress under her weight. It would be easy to smash them with her butt... Too easy. No, she wanted to do something else. Something she'd never had a chance to do before. She sat down on the hood and spun around on her butt, leaning on her stomach.

"Tell me you don't like these monster titties? They're huge, aren't they? Not even sure what size they are, they stopped makin' bras my size before I dropped outta high school!"

Tiffany leaned onto the car, pressing her gigantic breasts against the windshield. The frame lowered from Tiffany's weight. "Guys usually pay extra for this kind of car wash!"

www.erofus.com

Tiffany pressed her breasts against the windshield, rubbing them up and down against the glass, and leaving streak marks in their wake. The glass didn't crack,not yet, but the sheer pressure was palpable.

"Oh yeah," Ricky said, "now this is what I call a show!"

"I dunno," said Wade, "I think she fucked up the car pulling on the back like that. This girl seems pissed, and she's gotta weigh a ton. Who knows what a girl her size could do if she was mad? Huge bitch like her could probably squish us like bugs..."

"Dammit, Wade, don't be such a faggot. Betcha never seen titties this big in your life!"

www.erofus.com

“Squish.” Tiffany had overheard Wade, and she said the word to herself quietly. “Squish...” Tiffany mounted the hood of the car. She squeezed her thick thighs together, pressing in on the frame.
www.erofus.com

www.erofus.com

www.erofus.com

Tiffany leaned forward, letting the weight of her breasts fall on top of the truck's cab. The frame buckled under the weight, to the screech of grinding metal. Cracks ran through the side windows like spiderwebs. Even the reinforced glass of the windshield seemed ready to crack.
www.erofus.com

"Look at your lil' toy car! It's gonna get smushed by my big ol' titties!" The mass of Tiffany's gigantic breasts slowly crushed the cab.

Inside, the roof was getting lower. Ricky was starting to get nervous, and Wade was in full panic mode.

"Wade," said Ricky, "you don't think she's gonna wreck the car, do ya? I ain't got insurance on the thing..."

"Seriously?" said Wade, "don't worry about the damn car, let's just try to get out of here alive! Shit," Wade said as he tried to force the door open, "the damn thing is jammed! Try your side..."

Neither side budged. The ceiling slowly got lower, as Tiffany leaned forward, putting more of her body's weight onto the roof of the cab.

www.erofus.com

"Ohh," Tiffany said, closing her eyes as she moaned with pleasure. "I'm gonna bury you jerks under these baby-feeders...
'I've always wanted to do this. With my titties, that is... Ever since I peeped on my sis' doing the same thing way back in the day..."
In the car, Wade fought desperately to open the door. "Aww, Jesus!" He said to himself as he threw his body weight against the door. "Come.. on!" With one last heave, the door flung open, wide enough for Wade to squeeze through.

"Oof!" Wade exclaimed as he stumbled to the ground. He tried to be quiet, but the door creaked loudly as it swung open. Jessica, her eyes still closed, didn't seem to notice. Wade didn't go back for his friend. Instead, his knee hurt, Wade crawled along towards freedom.

The roof closed in lower, ever-closer to Ricky. He was leaning back as far as he could, and the ceiling was only a few inches away. His left leg was stuck under the dashboard, making it impossible to escape.

“Hey, please!” Ricky called out from inside the car. “This ain’t funny anymore! Please, let me go!”

“Sorry, sug’!” He heard a voice say from outside. “But I’m not stoppin’ until I smash you into goo…”

Eyes closed, Tiffany took in the sensations. The feeling of twisting metal, the sound of steel collapsing beneath her... And a man, about to collapse beneath that... It was a familiar sensation in many ways. But before, it had always been under her ass... Now, it was her breasts doing the damage. It wasn't as easy this way, but that meant she could take it slower, and enjoy the finer sensations.

Tiffany heard the sound of tennis shoes running on pavement. Her eyes shot up, and she saw Wade, now on his feet, running away. “Shit!” Wade said to himself.

“ I’ll have to come back for you, Sug’! Go on and run, I’ll give you a head start! Ain’t no way I’m missing this for the world. But as soon as I’m done, don’t worry, I’ll come for you!”

"Now back to you. These titties aren't getting too heavy for you, are they?"

The man below replied with incomprehensible screaming.

"What's that? You want me to press harder? Well if you insist…" Tiffany leaned forward, pressing more of her upper body's weight onto the roof of the cab. The hood collapsed further, giving way like tinfoil, to Tiffany's delight. It was impossible for Ricky to get away now. Tiffany's tits were pressing down on him. The only thing protecting him was a thin layer of steel that stood between him and a full ton of tit flesh, and it was quickly giving way.

As Tiffany leaned further in, the roof finally came down on him. In a few seconds, Ricky's chest and abdomen were smashed, sending spurts of blood through the air. Unable to pace herself any longer, Tiffany put her full weight on her breasts, quickly crushing the entire cab into flat, and Ricky even flatter.

Tiffany took a moment to bask in the moment, savoring the sensation of power and satisfaction that flowed through her. "Jesus, I smashed 'em to bits with my frikkin' titties! I wish Brandy coulda' been there to see that. Now I guess I'll go find the other girls..."

"Come out come out, wherever you are..." Tiffany said, peering over the fences. "Tell me where ya'll are hidin,' and maybe I won't smash ya' quite so badly... Ready or not, here I come!"

Wade gasped as he say the enormous woman leaning down over him. Panicked, he started to run, but before he could make it two steps, he found himself in Tiffany's arms.
