Two days in the back of a truck could drag on like nothing else. Fortunately for Tiffany and Brandy, they had ways of entertaining themselves.

There had been a tension between the sisters for ages, one that neither of them had dared speak of for years. Tiffany had gotten wet at the sight of Brenda's enormous, heaving breasts, and the way her huge sister used her physicality to dominate men and women alike. Brandy had long admired Tiffany's sister's enormous booty, but she had also thought her sister to be weak. Now she'd seen just how strong Tiffany could be.

The two had already admitted their attraction for each other, during the botched mission in Tony's Oakland warehouse. They didn't have time to act on it then, but now, with a two-day ride in the back of Gabi's truck, they had nothing but time. It was too loud to talk, which left two things to keep them occupied: sleep and sex. Neither of them were too keen on sleeping.

From their first moments in the truck, Brandy and Tiffany couldn't keep their hands off each other. The back of the truck was a tight fit for the giantesses. Brandy spooned Tiffany, and soon began to caress Tiff's huge, soft breasts. Her hands found their way down to the lower regions of Tiffany's body. Within minutes, Brandy was fingering her sister's dripping-wet pussy. Tiffany had pleasured herself before while thinking about Brandy. Today, though, was the first time Brandy's nimble hands pleased her sister. Brandy's long fingers and filled Tiffany, satisfying her more than any cock ever had. Overcome with ecstasy, she came only moments later, with an earth-shattering orgasm.

Tiffany didn't wait to return the favor. Tiffany promptly turned around and lowered her head between Brandy's thighs. She had never been with a woman before, but as she licked Brandy's pussy for the first time, she found that she liked the flavor. Tiffany's tongue was clumsy at first, but her thick lips were meant for pleasure, and Brandy's firm hand guided her little sister where she needed to go. Brandy, desperate for release after a day of teasing, came quickly. Her screams were loud enough to be heard by other cars on the highway.

The pair lost track of time, as the hours seemed to merge together and their flesh became as one. They brought each other to orgasm one time after another, until at last they fell asleep in each other's warm caress.

www.erofus.com

But the glamour of the night gave way to the harsh light of morning. Tiffany woke up with the sun in her eyes. Her back ached from the hard, steel floor she slept on, and her skin was covered in cold sweat. She was exhausted from a long night of sex. More than anything, though, she needed some water.

Brandy was still asleep, and Tiffany let her get her rest. She sat in silence for hours, watching the highway through the slit between the doors as they passed by one town after another. It was three hours before the truck finally came to a stop.

www.erofus.com

www.erofus.com

Tiffany peeked through the doors. From what she could see, they were at a small gas station in the middle of nowhere. As far as she could tell, there were no other cars there. She watched as Gini went into the convenience store up front.

"No drinking fountains, but there must be a bathroom here," Tiffany said to herself. "Gini said not to go out, but she won't notice if I just run around back really quick..."

Brandy tried to push the truck's doors open. A strong metal chain stopped her, but she felt around, and realized the key was already in place. She turned the key, and as the chains came loose, she slipped out of the truck. With Brandy still sound asleep, Tiffany slipped out on a simple quest: to get some water from the bathroom sink.

Tiffany was far too big to fit through sized doors, but that didn't deter her. Her ass tore through the brick, collapsing the masonry around her. Bricks showered down on Tiffany's back. "Ugh, shit," she muttered to herself. Still, she was thirsty. The tiny faucet handles were difficult to get a grip on, and in her haste Tiffany pushed it too hard, and accidentally knocked the sink off its foundation. Water now spurted into the air from a bare pipe.
"Well, that's one way to turn on a sink..."
Tiffany wasted no time washing the dust off her hands. Then she cupped her hands and slurped down water as fast as she could. Her thirst was satisfied quickly enough. After a few handfuls, she remembered Gina, and decided to head back to the truck. Maybe, if she snuck back to the truck and pretended to be asleep, Gina would think that somebody else knocked down the bathroom...

"Que demonios?"

Pablo had been sitting in the back, staring at the huge, half-naked woman who was checking out, when heard a crashing noise from the back of the store. "Voy a ver lo que era," Pablo said to his manager. While his co-worker helped the amazonian woman check out, Pablo ran around back to see what was going on. He was shocked to see that an entire brick wall had caved in. He was even more surprised to see a 17-foot giantess facing him down.

"I made a little bit of a mess," Tiffany said as she ducked down through the newly enlarged entrance. Little Pablo didn't say anything in reply. "So" Tiffany continued, you won't tell anybody you saw me, will you? I'm not supposed to have anybody calling the cops or anything."

"No voy a hablar, err, no talk, no talk..."

"Sorry guy, I don't speak Mexican.You know, now that I think about it, I really shouldn't just leave a witness behind..."

www.erofus.com

Tiffany managed to sneak back inside the truck without waking her sister up. She hoped that Gabi wouldn't find out about her little escapade; Gabi didn't seem like the type that would take insubordination with good humor. Then Tiffany heard the sound of chains rattling, and she knew that Gabi was about to come in. Tiffany leaned back, trying to act relaxed.

"Morning girls," Gabi said as she opened the steel doors. Brandy quickly awoke and sat up. "We've still got two days left in our ride. Here's some water and some snacks." Gabi tossed a handful of water bottles and fruit snacks into the back of the truck. "Before I get back on the road, there was one other thing. The chain wasn't tied around right. You didn't happen to do anything with it, did you?"

www.erofus.com

Tiffany did her best to sound innocent. “No, I haven’t moved an inch!”

“Of course,” Gabi said sardonically, “I’m sure that rest stop just knocked itself over. The next time you feel like ‘not moving an inch’ again, see to it that you don’t, okay?” Gabi barked, before slamming the door shut.

www.erofus.com

Brandy was steaming. “You left the truck without permission? Out in the open? Do you have any idea what this could mean?”

“Relax sis. Little Gabi isn’t going to hurt you.”

“Did you cause any damage?”

“Umm, maybe a little…”

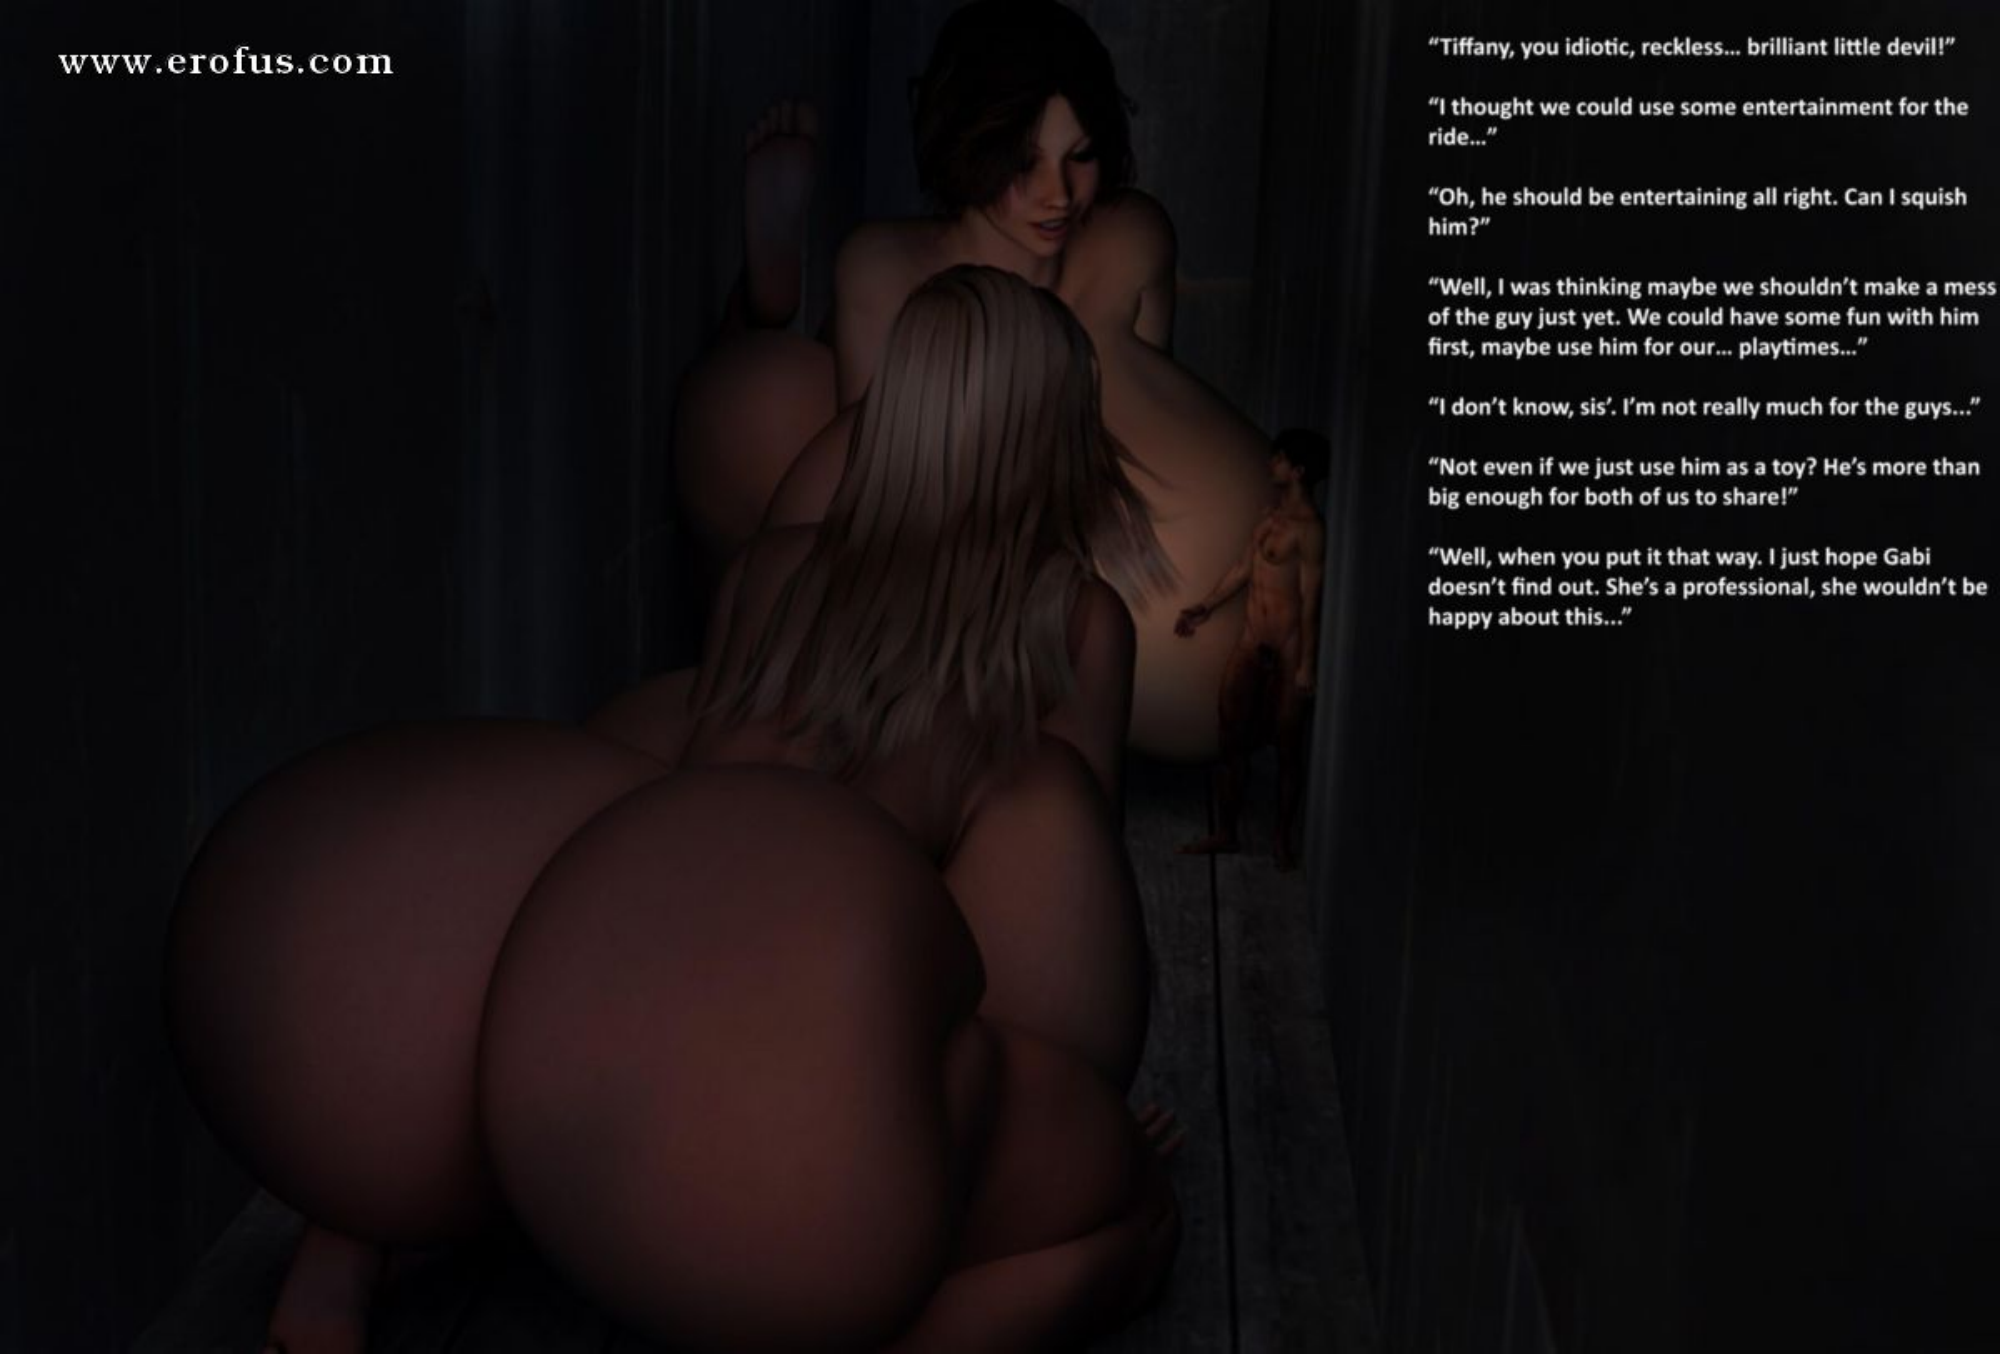

“Did anybody see you?”

“Maybe just one guy…”

“Are you serious? You let a witness see you?”

“I was just about to show you.” Tiffany scooted aside, revealing the nude little hispanic man who cowered behind her.
“I thought that, since he already saw me, I may as well take him back with us… And I figured if we’re already taking him with us, I amy as well see what he looks like naked… And since he’s kind of cute, I figured, we may as well…”

www.erofus.com

"Tiffany, you idiotic, reckless… brilliant little devil!"

"I thought we could use some entertainment for the ride…"

"Oh, he should be entertaining all right. Can I squish him?"

"Well, I was thinking maybe we shouldn't make a mess of the guy just yet. We could have some fun with him first, maybe use him for our… playtimes…"

"I don't know, sis'. I'm not really much for the guys…"

"Not even if we just use him as a toy? He's more than big enough for both of us to share!"

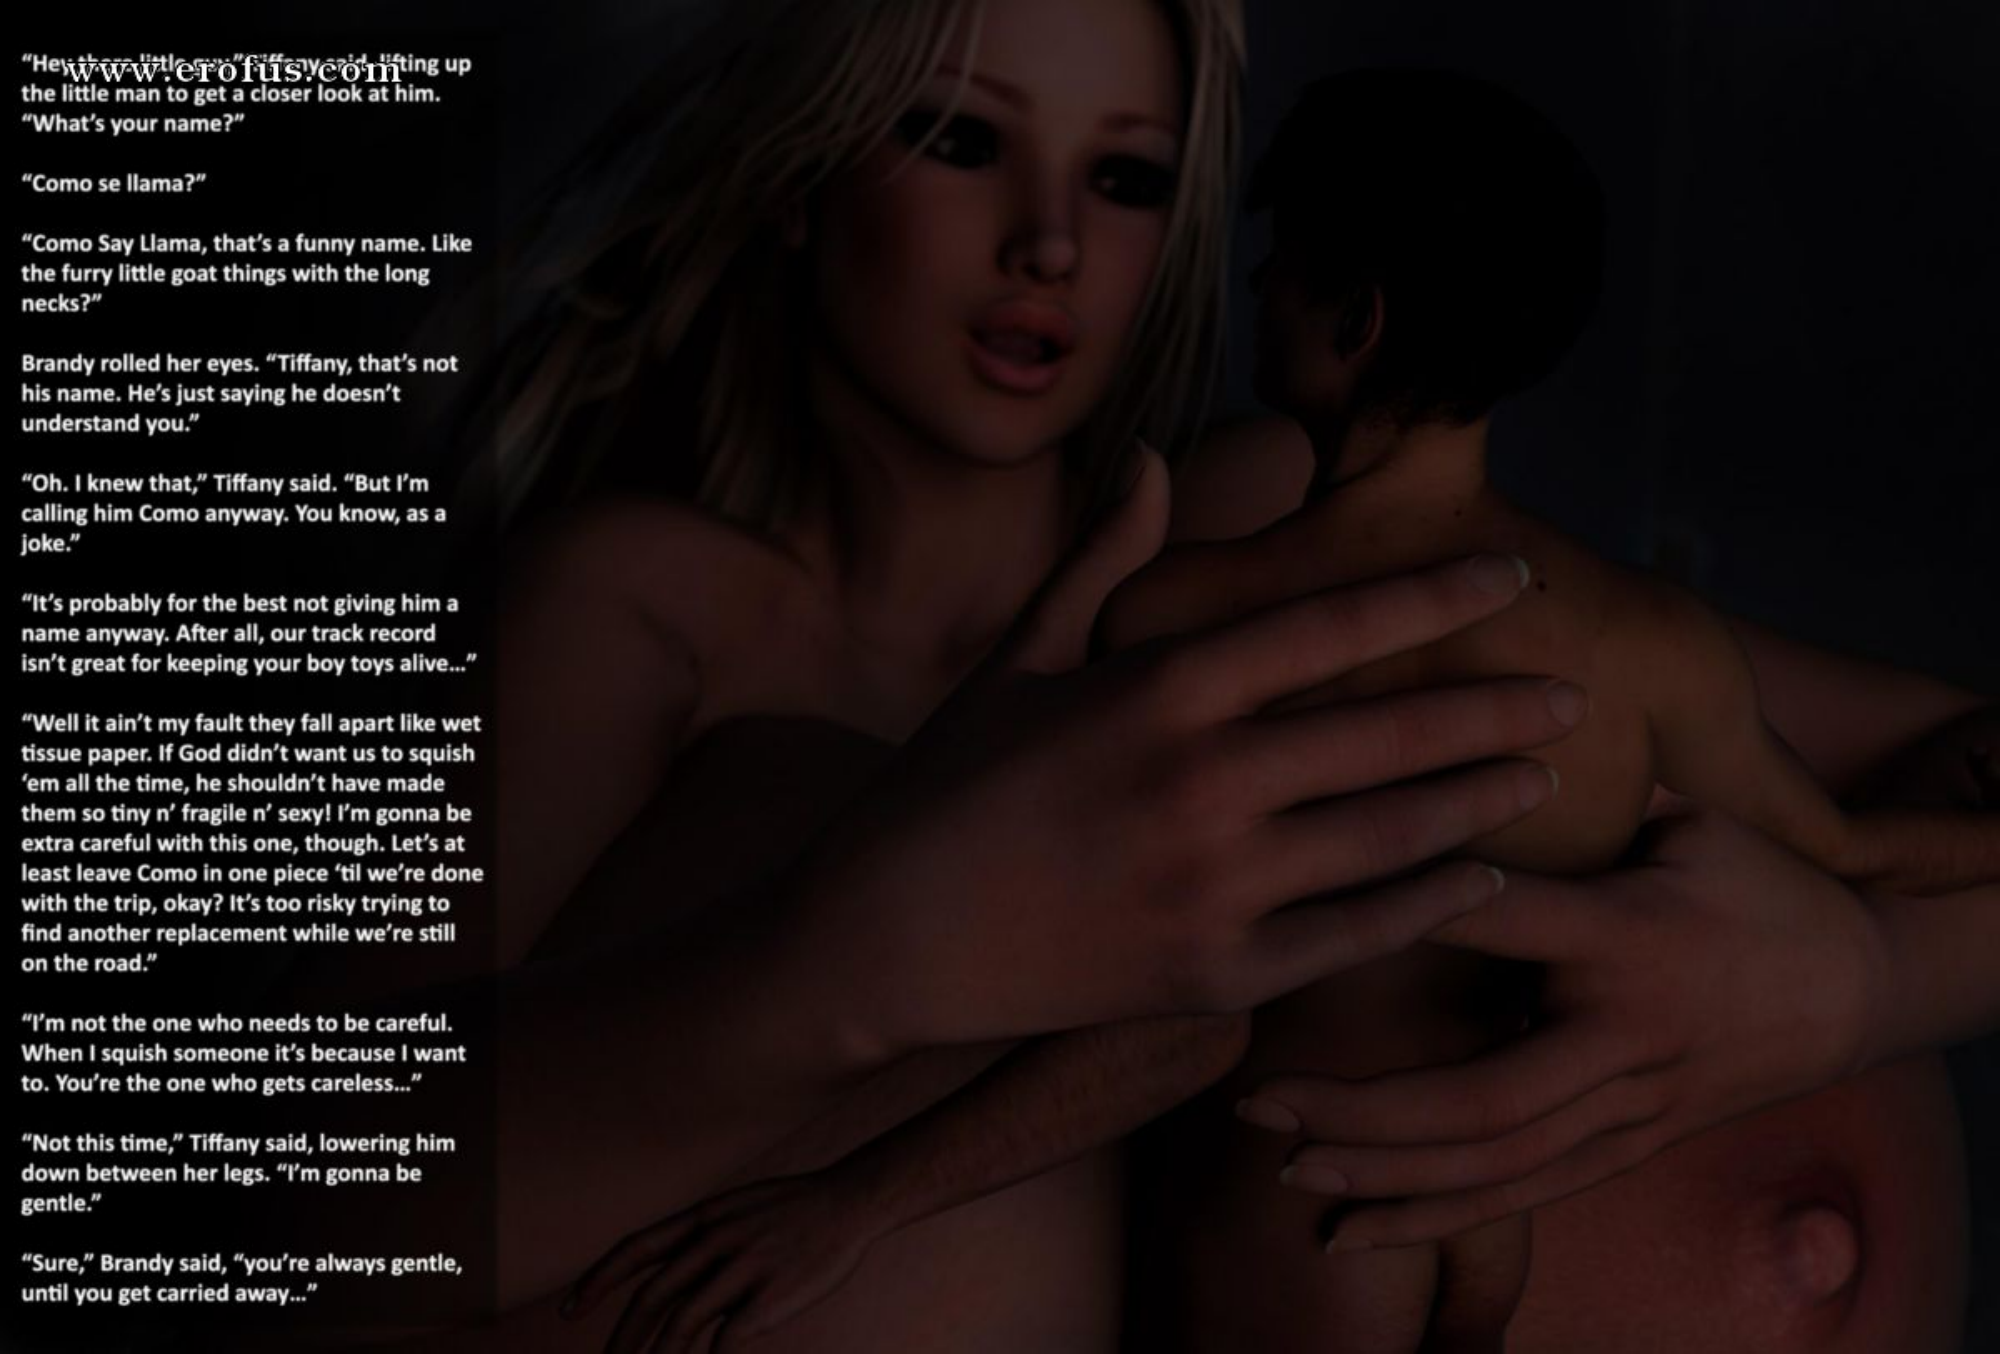

"Well, when you put it that way. I just hope Gabi doesn't find out. She's a professional, she wouldn't be happy about this…"

www.erofus.com

In the front of the cab, Gabi had a boy toy of her own, kneeling down in front of her seat. She pressed his face closer to her dripping crotch. “Okay, get on down there. I hope you’re hydrated, because we’ve got a long road ahead of us, and you’re not stopping until I tell you to!”

www.erofus.com

"Hey there little one," Tiffany said, lifting up the little man to get a closer look at him. "What's your name?"

"Como se llama?"

"Como Say Llama, that's a funny name. Like the furry little goat things with the long necks?"

Brandy rolled her eyes. "Tiffany, that's not his name. He's just saying he doesn't understand you."

"Oh. I knew that," Tiffany said. "But I'm calling him Como anyway. You know, as a joke."

"It's probably for the best not giving him a name anyway. After all, our track record isn't great for keeping your boy toys alive…"

"Well it ain't my fault they fall apart like wet tissue paper. If God didn't want us to squish 'em all the time, he shouldn't have made them so tiny n' fragile n' sexy! I'm gonna be extra careful with this one, though. Let's at least leave Como in one piece 'til we're done with the trip, okay? It's too risky trying to find another replacement while we're still on the road."

"I'm not the one who needs to be careful. When I squish someone it's because I want to. You're the one who gets careless…"

"Not this time," Tiffany said, lowering him down between her legs. "I'm gonna be gentle."

"Sure," Brandy said, "you're always gentle, until you get carried away…"

"Enough talk," Tiffany said with a sensual intonation. "These guys can never fuck me hard enough with their little dicks, so I end up fucking 'em harder than I should. But your nice long fingers gave me an idea. Their dicks are too small for me, but their legs might be just the right size..."

Brandy lowered Como onto the ground. He may not have been privy to their conspirations, but even with the language barrier he clearly understood what TIffany had in mind. She pulled him closer, slipping his feet into her wet pussy. His shins slipped in just as easily. Brandy's pussy was stuffed fuller than it ever had been, and still she wanted more. She pulled him in deeper, until his lower legs filled her, pushing against the walls of her pussy. "Ooh," Brandy said, sliding his feet in and out of her, "this must be what it's like when normal-sized girls get fucked! Shame none of the boys got big like we did, it would be fun to have some toys our own size..."

www.erofus.com

"Then they wouldn't be toys, would they? I like them just how they are." Brandy scooted closer to Tiffany. She wrapped her legs around Tiffany's, scissoring her sister. She reached her hand down to her pussy, spreading her pussy lips around Como's head.

"I can't believe that I'm doing this, letting a man inside me..." But as his head went inside of her, Brandy forgot about her reservations. The little man's head tickled her in a strange way, one that was utterly unlike anything she'd felt before. He tried to fight her off with his little arms, so Brandy took them and stuffed them up forcefully inside her pussy. As he slid deeper inside of her, she shivered in pleasure...

www.erofus.com

www.erofus.com

The man that Tiffany had dubbed Como now struggled for breath inside of Brandy's pussy. As he gasped for air, her warm fluids dripped into his mouth. He was their plaything now. His body rocked about with each thrust, shoved against the wet, ribbed walls of their pussies. He realized that he was like a raft in a storm, at the utter mercy of forces far stronger than himself. As he gave up trying to fight, Como found some pleasure in his predicament. As terrified as he had been, his cock was still rock hard, and each thrust rubbed him against the walls of the blonde giant's pussy. Half-asleep from breathing in the stale, humid air of Brandy's pussy, he fell into a state of helpless, delirious pleasure.

www.erofus.com

Tiffany and Brandy paid no heed to their little toy. He was nothing more than a dildo to them right now, one that pleasured both of the sisters simultaneously. Their pussies slapped together, as the scissoring sisters mercilessly fucked the helpless little man, rocking the back of the truck with each thrust. Their pace quickened, until they were together in a single rhythm. Then, both at once, the sisters reached orgasm, two screams of pleasure that became one.

Hours passed, and the low roar of the highway gave way to the sounds of the city. Then, the truck stopped, and Tiffany awoke to the sound of screeching metal. The doors swung open, and light flooded into the truck. “Get out. Now.” The voice said. Tiffany could barely make the woman at first, but one thing was clear. She was big, really big.

www.erofus.com

"Hey," Tiffany asked, "Who are you?"

"Your boss, and I ain't waitin'."

"Wait, I know you! You must be the one Brandy was telling me about before. You must be Big Gina--"

Before Tiffany could get out another word the huge woman grabbed her by her shoulder, dragging her out of the truck. Tiffany fell onto the hard pavement.
"Ugh..."
www.erofus.com

www.erofus.com

The area looked like it was utterly abandoned. The whole place was eerily silent. There were no cars to be heard nearby, or music, or sirens, or even birds. There was no sound at all, save the low howling of the wind.

The huge woman stared down at her, peering over a pair of globe-like breasts. She was absolutely gigantic, far bigger than anyone Tiffany had seen--even Brandy--and she didn't look happy to see Tiffany.

The woman wasted no time grilling Tiffany. "You better talk fast. That Oakland incident was fucked. You're all over the news. They've got you on video smashing cop cars. It's getting all kinds of attention, and I don't like attention. What the hell happened?"

"I, I dunno. We just went in to talk to some of Tony's guys, and pretty soon the cops showed up, and we had to deal with them. Brandy knows better what went down, she's right in the truck--"

"I'll ask Brandy when I want to ask Brandy. Right now I wanna hear you. Are you the one who fucked this all up?"

www.erofus.com

"Let me do the talking!" Brandy said, stepping out from the truck. She knelt down and helped Tiffany back to her feet.

"Don't presume to order me around, you goddamn midget!" The huge woman yelled.

"I'm sorry for everything that happened," Brandy continued. "But Tiffany was just doing a ride-along. I'm the one who in charge of everything. It was my idea to do the mission during the day, because I thought it would surprise them. I don't know how the cops found out about us. No alarms went off, and none of Tony's guys got a chance to call the cops. Maybe they saw some security cam footage or something--"

"You trying to tell me the cops coming had nothing to do with your 15-foot tall sister walking naked down the street in broad daylight? In fucking California?"
"No, it's not like that--"
www.erofus.com

www.erofus.com

The huge woman leaned in closer, her huge breasts looming over the sisters.

“So neither of you fucked it up? Well too bad. I was told to make an example out of one of you. So which one is it going to be?”

“Give me a minute, you don’t have to--”

www.erofus.com

The huge woman interrupted Brandy.

"You're at least useful, Brandy. You fucked up once, but you're one of my bigger girls, and you're a good enforcer. Your basic bitch of a sister, though, she's just a funsized little fucktoy. If you can't give me one good reason why she's not a liability, I'll squish her between these babies..."

www.erofus.com
"I was the one who decided to bring her on the mission! If you're going to tit-crush one of us, tit-crush me!!"
"Ooh, you need to watch your words better..."

"Hey," Brandy said, "we can talk this out! I know some things, I know--"

Thrusting forward, the huge black woman pressed her gigantic breasts against Brandy's upper body. Brandy's mouth was stuffed full with her fat black tits.

www.erofus.com

The titanic orbs squeezed Brandy against the roof of the trailer, which now pressed painfully into the back of her neck.Brandy struggled for air, with the woman's absurdly oversized tits cutting off her air supply. "Ugh... Let... Me... Go..."

"Heh, keep struggling. Just makes it more fun for me."

"You let her go!" Tiffany yelled, grabbing onto the giant woman's thick legs. "Let my sister down, you giant bitch!"

www.erofus.com

Before Tiffany could run, the ebony giantess grabbed her by the arms. “Come here, you scrawny little midget! I’ll show you what this bitch can do!”
www.erofus.com

Holding Tiffany by the arms, she lifted her up into the air. The 15-foot tall Tiffany was no bigger than a child to her.
"How you like that? You're mine now, you little white bitch!"
www.erofus.com

She yanked Tiffany's arms back, smashing the blonde woman's face face against her monstrous breasts. Tiffany was helpless in the giant woman's powerful arms, which pulled Tiffany's face deeper into her soft, sweaty breasts. Tiffany tried to scream, but it was muffled against the woman's enormous chest.
The black giantess laughed. "You probably thought you were big shit, didn't ya? We'll see what a real woman can do with some real curves! Now choke on my tits you cracker bitch!"
www.erofus.com

www.erofus.com

"Brandy struggled for breath, but the black woman's huge, fat tits pressed against her face. The black giantess held her firmly, and her attempts at struggling were useless.

"Let her go!" Brandy yelled. Still hurt from the fall, she was sprawled out on the pavement. The black giantess dwarfed even Brandy. "I got information in the warehouse. Information you need!"

"You think you can fool me so easy? I'll show you what happens to little bitches who try to trick me!"

"Wait, I can tell you--" But Brandy quickly realized it was no use. The huge black woman was deliberately squatting right over her. She knew what was coming next. It was a move that Brandy had done a dozen times, one that few survived.
www.erofus.com

www.erofus.com

Brandy saw the woman's immense behind fall back towards her. At the last second, just before the black giantess landed on her, she rolled out of the way. The huge woman's heavy ass pounded against the road, sending cracks through the sidewalk. She had missed, but Brandy knew she was still no match against the woman's sheer size. There was only one way she and her sister could make it out of there.

"I know where Tony and his juice are!" Brandy yelled as fast as she could. "I can find them for you!"

"What the hell did you just say?" The huge woman snapped. She angrily tossed Tiffany aside and turned towards Brandy. Tiffany fell clumsily on top of her sister.
www.erofus.com

www.erofus.com

"One of the guys in Oakland," Brandy said, catching her breath. "He told me everything. Give me two days. I can find Tony. And the juice. Easy. He's here, in town, hiding away."

"What do you mean he's here? Where? Where the hell is he hiding?"

"You expect me to tell you, why? So you can kill me on the spot and take the credit for yourself? We're going to track them down ourselves. And when we find him, we're going to bring him in personally."

"You're lucky I'm in a good mood today." The black giantess swallowed her anger. "Fine. I'll give you two days. But if you don't find them, or if I hear so much as a whisper that you're trying to skip town... You bitches are mine, you hear that?"

"Lound and clear," Brandy said, "Loud and clear."

"Good," the huge woman said. "But just in case there's any uncertainty... Let me demonstrate exactly what will happen if you don't get him to me."

Kneeling over, the giantess reached deep into the back of the truck. A man screamed in a foreign tongue.
www.erofus.com

The giant black woman emerged with a tiny man in her arms. It was Como, Brandy realized. She raised him up above her chest, dangling him by the foot. He was more than 30 feet off the ground, but Brandy knew it wasn't the fall he had to worry about.
www.erofus.com

www.erofus.com

He landed between her breasts, but they were pressed together firmly enough that he didn't fall down. She remedied the situation, lightly jiggling her enormous breasts until he settled in deeper. Then, once he was wedged firmly between her gigantic tits, she pressed them closer together, squeezing the little man between them. He let out a yelp, as the first of his ribs cracked.

"How does it feel, being crushed to death by titties? You'll be victim number... Oh, who am I kidding. I stopped counting a long time ago."

She squeezed her breasts tightly together, ratcheting the pressure that slowly crushed the man's ribs.
"No last words? You boys are so boring."
She was done toying with him. WIth all her might, she pushed her arms inward, squeezing her breasts together. With a succession of pops, the little man was squeezed flat between her massive tits. A quart of blood spurted up into the air, as Como's hand went limp. Then, she pressed her breasts together a few more times for good measure, until every trace of Como had been crushed into goo.
www.erofus.com

She turned back and looked down at Tiffany and Brandy. Warm blood trickled slowly down between her cleavage. She pulled down her glasses, letting the sisters see her eyes for the first time.

"I think you get the idea. Find the juice and find Tony, or you'll end up like your little friend. I'll be watching you. And by the way, you little white midget, Big Gina is my boss. My name is Kiara. Don't forget it."

The black giantess turned away and walked into the distance without another word. The sisters, too exhausted to move, simply watched as the giant woman walked off into the distance.

www.erofus.com

www.erofus.com

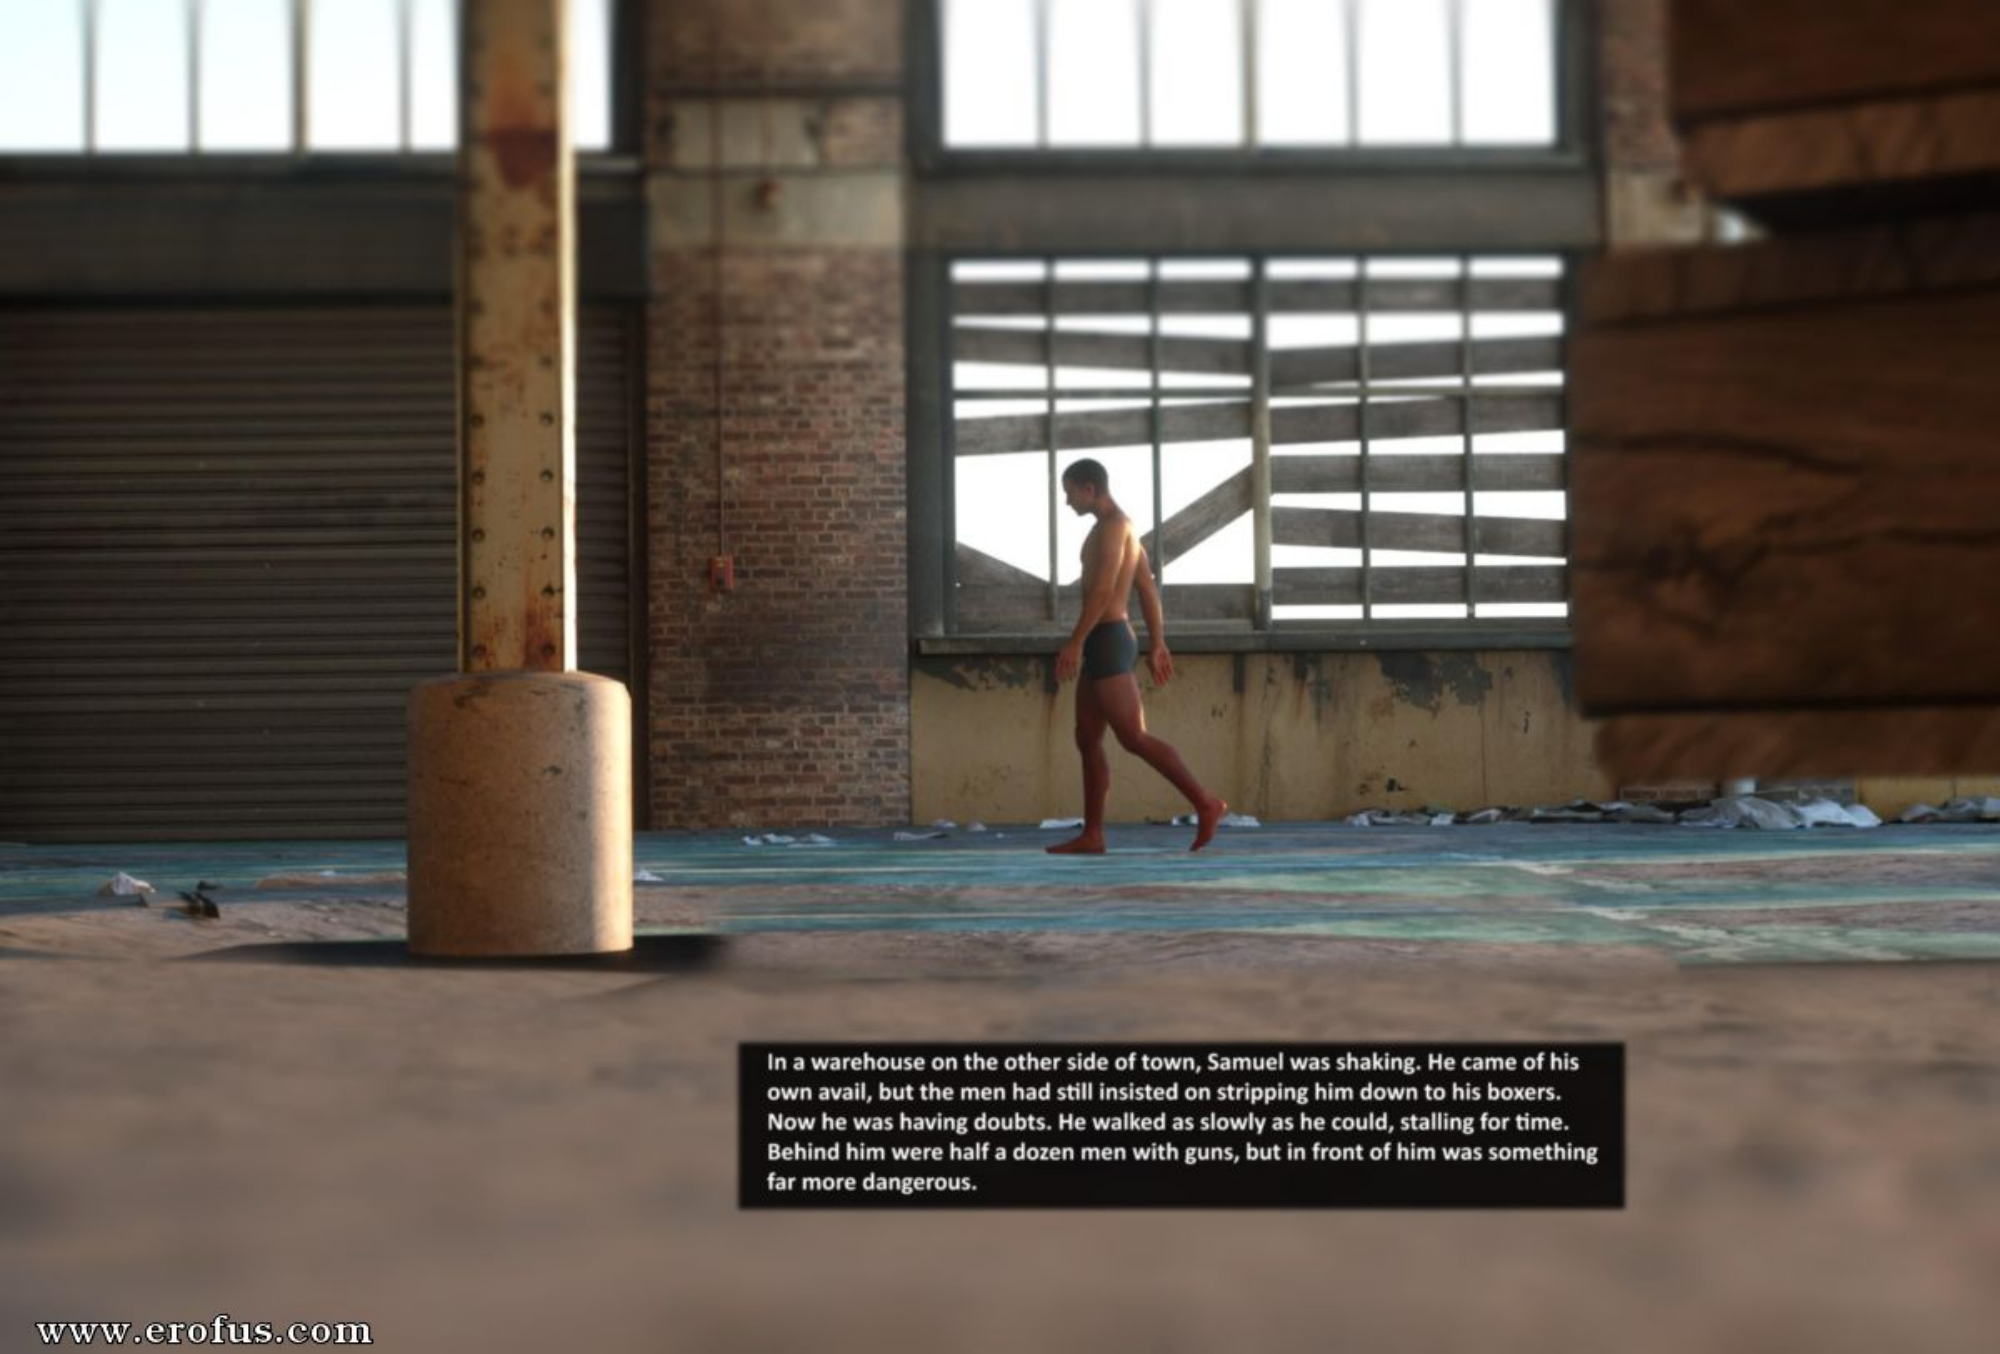

"That wasn't Gina?" Tiffany said once the coast was clear.

"No," Brandy said, catching her breath. "Just her enforcer, and thank God for that."

"Why? Gina can't possibly be meaner than that girl, can she?"

"Meaner? No. Kiara can be one sadistic bitch, but Gina's something worse: she's unpredictable. Kiera won't hurt you as long as she thinks you're an asset, but Gina... I've seen her kill her own enforcers just because she felt like it."
"Okay, that sounds bad. But we're still going to stay in Detroit, right?"
"Yep. We're already in the hole... The only way out is to go deeper in. Let's find Tony, shall we?"

Samuel couldn't muster the courage to gaze upon her. Finally, he looked up. It was her: Big Gina. She was huge, stunning, and stark naked, and she was staring back at him.
"So, what is it? What did you come here to tell me?"
www.erofus.com

www.erofus.com

"I, I came here, I--just, I--" He was at a loss for words. He'd never seen anyone like Gina before. She was bigger, and more beautiful, than any woman he'd even imagined before.

"You'd better get talkin'. I'm a busy woman, and I don't like having my time wasted by little rats like you. Do you know what I do to you little rats who waste my time?"

"N-no?"

"Sometimes I smash 'em. Sometimes I fuck 'em, but that mostly ends the same way as the first. And sometimes I eat 'em. You little things are small enough I can swallow you whole. So you wanted to tell me something?"

"Off- of course!" Samuel found his courage. "I heard something crazy last night. I know a guy who works for Dollie's crew. Get this: I heard she's got Big Tony and a bunch of his guys prisoner, in a warehouse by some biker bar."

"Go on..." She smoke with a slow lilt, like she on the verge of falling asleep.

"It's a place in town. That's all I know! Just that, and something about some kind of... 'juice?' Whatever that means?"

"You expect me to believe you? You think I believe everything little rats tell me?"

"I told you everything I know, please... So, the reward?" Samuel said, "I thought there would be some kind of reward..."

"You're going to fuck me?" Samuel said in disbelief, as she slid his feet into her dripping-wet pussy.

www.erofus.com

"If you're not going to fuck me," Samuel yelled from inside her pussy, "then what the hell are you going to do with me?"
"Sam, Sam, little guy. You're too small to please me," Gina said. She pulled out a massive, 10-foot long metal dildo. "See this? This is what I'm going to fuck. You're just the lube."

"No, no, please!" Samuel yelled out, his eyes wide.
Gina toyed around with her dildo, gently massaging her clit before wetting it with her juices.
"I named this one the Battering Ram. 800 pounds of steel, with a chrome finish, vibration and heating..."

Now truly relaxed, Gina looked at her handiwork, and observed what was left of Samuel. The dildo was caked with a mix of her fluids and his liquified body. The dripping goo was all that was left of her fucktoy.
"These gang boys are never man enough to fuck me. Real shame," she said. "Did you enjoy the fuck?" She asked what was left of Samuel. "Well? Hmph. Not much of a talker, are you?"
www.erofus.com

"At least they're good for something. Time for a popsicle..." Gina said, licking the fluid off of her dildo. Her long, hungry tongue licked it clean.
"Mmm, not bad. He was a sweet one..."
www.erofus.com

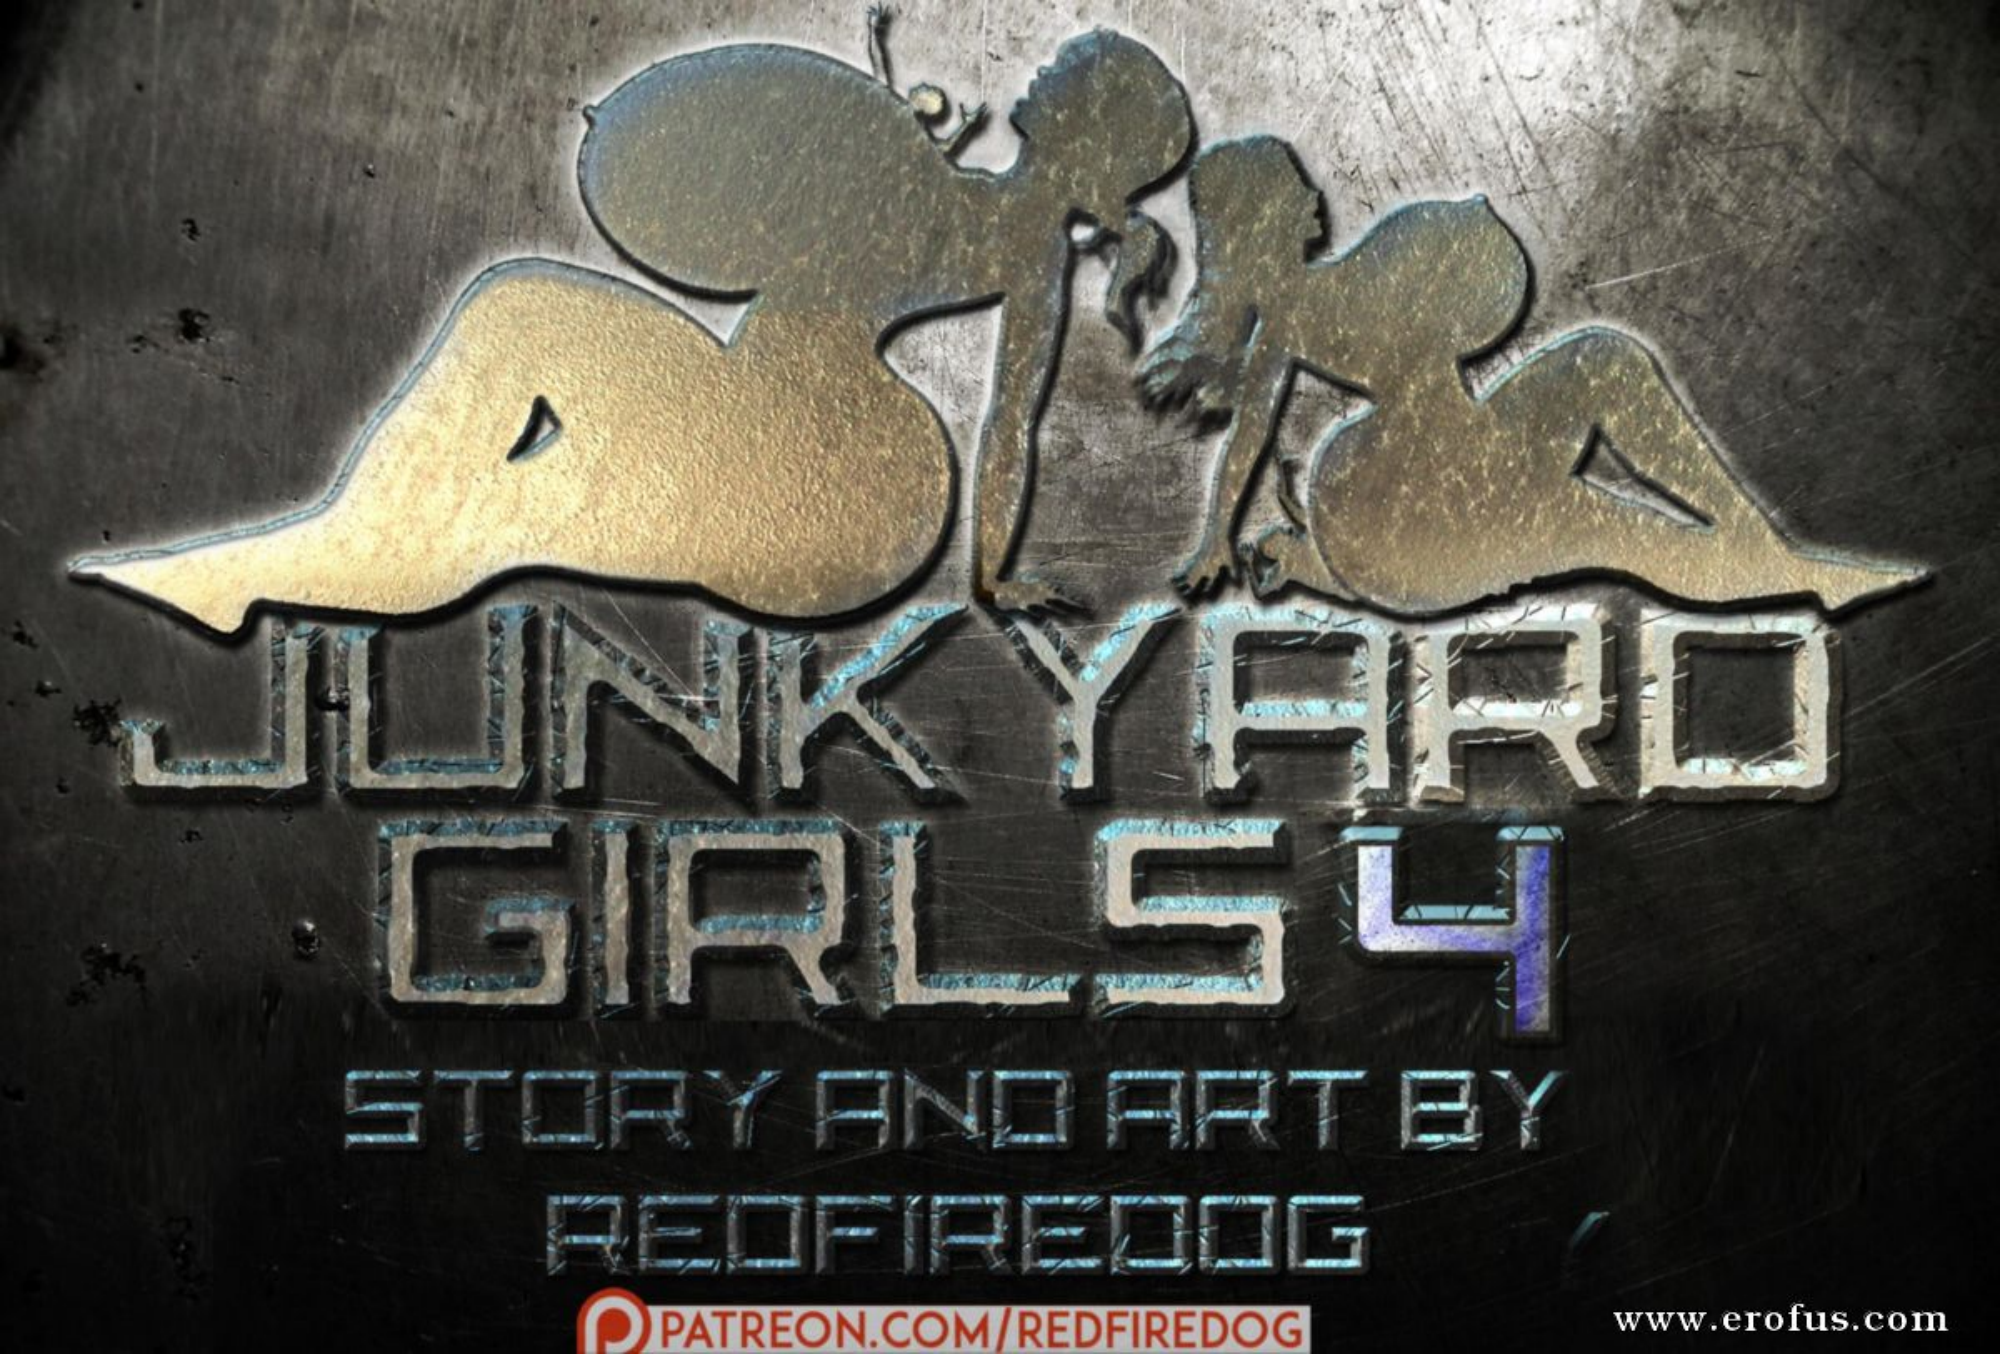

A bell rang, interrupting Gina's rest.
"Come in," Gina said, and the warehouse doors slid open. Kiara walked in, and nodded submissively to Gina.
"Gina, I have some information. I met Gabi in the slums. She gave me Brandy and Tiffany."
"So," Gina said, "did you take care of the sisters?"

12 Oakland police officers, 7 others killed in massacre by "Detroit Girls"

Giant women believed to work for elusive Detroit gangster "Big Gina"

Twelve officers and seven others were crushed to death by two giant women in a Sunday afternoon rampage. The officers were responding to a call about a giant nude woman near the K.H. Warehouse, and found a vehicle that had apparently been crushed by the women. It's believed that the women may have been working for "Big Gina," a powerful Detroit-area gang leader. Officials also stated thta they believed some of the men killed may have been involved with Oakland gangster Tony (continued: "Massacre" on page A3)

Is this "Big Gina?"

Little is known about the powerful Detroit area mobster, who some think is shown in the above photograph. It's believed that she's one of the "Detroit Girls," one of several thousand Detroit-area women who grew to be giant following an occurance in 2008. FBI sources claim that she controls much of the area surrounding Detroit, which has become a haven for drug traffickers following her rise. Some accuse the Detroit police of corruption and bribery by Gina.

Her size is also the subject of speculation. While most believe that, like man of the detroit girls, she's somewhere between eight and fifteen feet tall, others estimate that her size is much larger. One source said she could be as big as fifty feet tall, and others speculated she could be even bigger. (continued: "Big Gina" on page A4)

Who are the "Detroit Girls?"

While little about them is known for sure about the giant women, explanations have emerged for the "Detroit Girl" phenomenon. It's generally believed that the growth began around 2008, possibly as a result of an experimental growth hormone leaking into the Detroit water supply.

The effect was mostly limited to women in certain areas of Oakland, and within a fairly narrow age range: They're now 18-24 years old. These women exhibited patterns of unusual growth, which took place over the course of four to five years.

The "Detroit Girls" have an atypical form of gigantism, causing them to grow as large as 25 feet in height with body weights as high as 9 tons. In addition, many have disproportionate features. Many have macromastia, a condition that results in excessively large breasts. They also tend to have wider than average hips, thick thighs, and unusually large buttocks.

Additionally, there is some evidence of anti-social tendencies by the women. Studies have shown the women tend to be impulsive, prone to anger and may have fits of uncontrollable violent and sexual urges. This, combined with their physical power and difficulty fitting in with normal society, may explain why so many of them have been blamed for violent and criminal acts. The murder rate for "Detroit Girls" is as much as 200 times higher than the rate for normal women, and as much as fifty percent of the women may be involved in gangs or other criminal enterprises. This violence, combined with the overall (continued: "Detroit Girls" on page A12)
