With this skinsuit modeled after Chika... I can find out if Miyuki has feelings for her

Once
I get the whole
thing on
it should allow
me to look
feel and sound
like the real
Chika

So far
so good!
Just a few more
tugs around the
face should
do the
trick

Now
I need to
put the colored
contacts
on

Perfect!
Now both
of them
are on

Now
I should
look exactly
like Chika

Wow!
I didn't
really take it in
at first when
I put the
skinsuit
on...

...But I have really become chika...
Her voice...
Her look and her curves

WOAH!
These things are hard to keep still...
I'm certain I wore the correct size bra

Was Chika really always this curvaceous?
