

Shadow Trail

-Chapter 3-

One night, in the corner of the city

2!

Wow~ What a beautiful big firework

Help, it's a fire!

Come here, an explosion happened here!

It's so beautiful, the clown is right. Chaos and explosions are the best here in Taiwan hahaha~

Bourus...What did he do to you?

With a strange rhythm, the clatter of high heels echoed in the alley, like provocative drum beats.

The child died! Why did he disappear?

ah?

Lin Green

Hey, big bat, your tracking skills are not good!

His movements were still fast and accurate, and his sneaking skills and ambushing were perfect. Although Harley became salty, his fighting habits would still appear subconsciously.

Bolus, wake up quickly,
you are not a clown girl...

[You...what did you call me? Are you crazy, bat?]

The forest is
green

I'm not crazy, you are crazy, Bulus!
Remember, you are the one who is the
bat, you are brainwashed by the clown!

|Greenzi

No, what are you talking about! Shut up!

The clown's brainwashing held her consciousness like a chain, but the name "Blus" pierced his mind like a sharp blade. His memory fragments were flipped, causing a violent chaos.

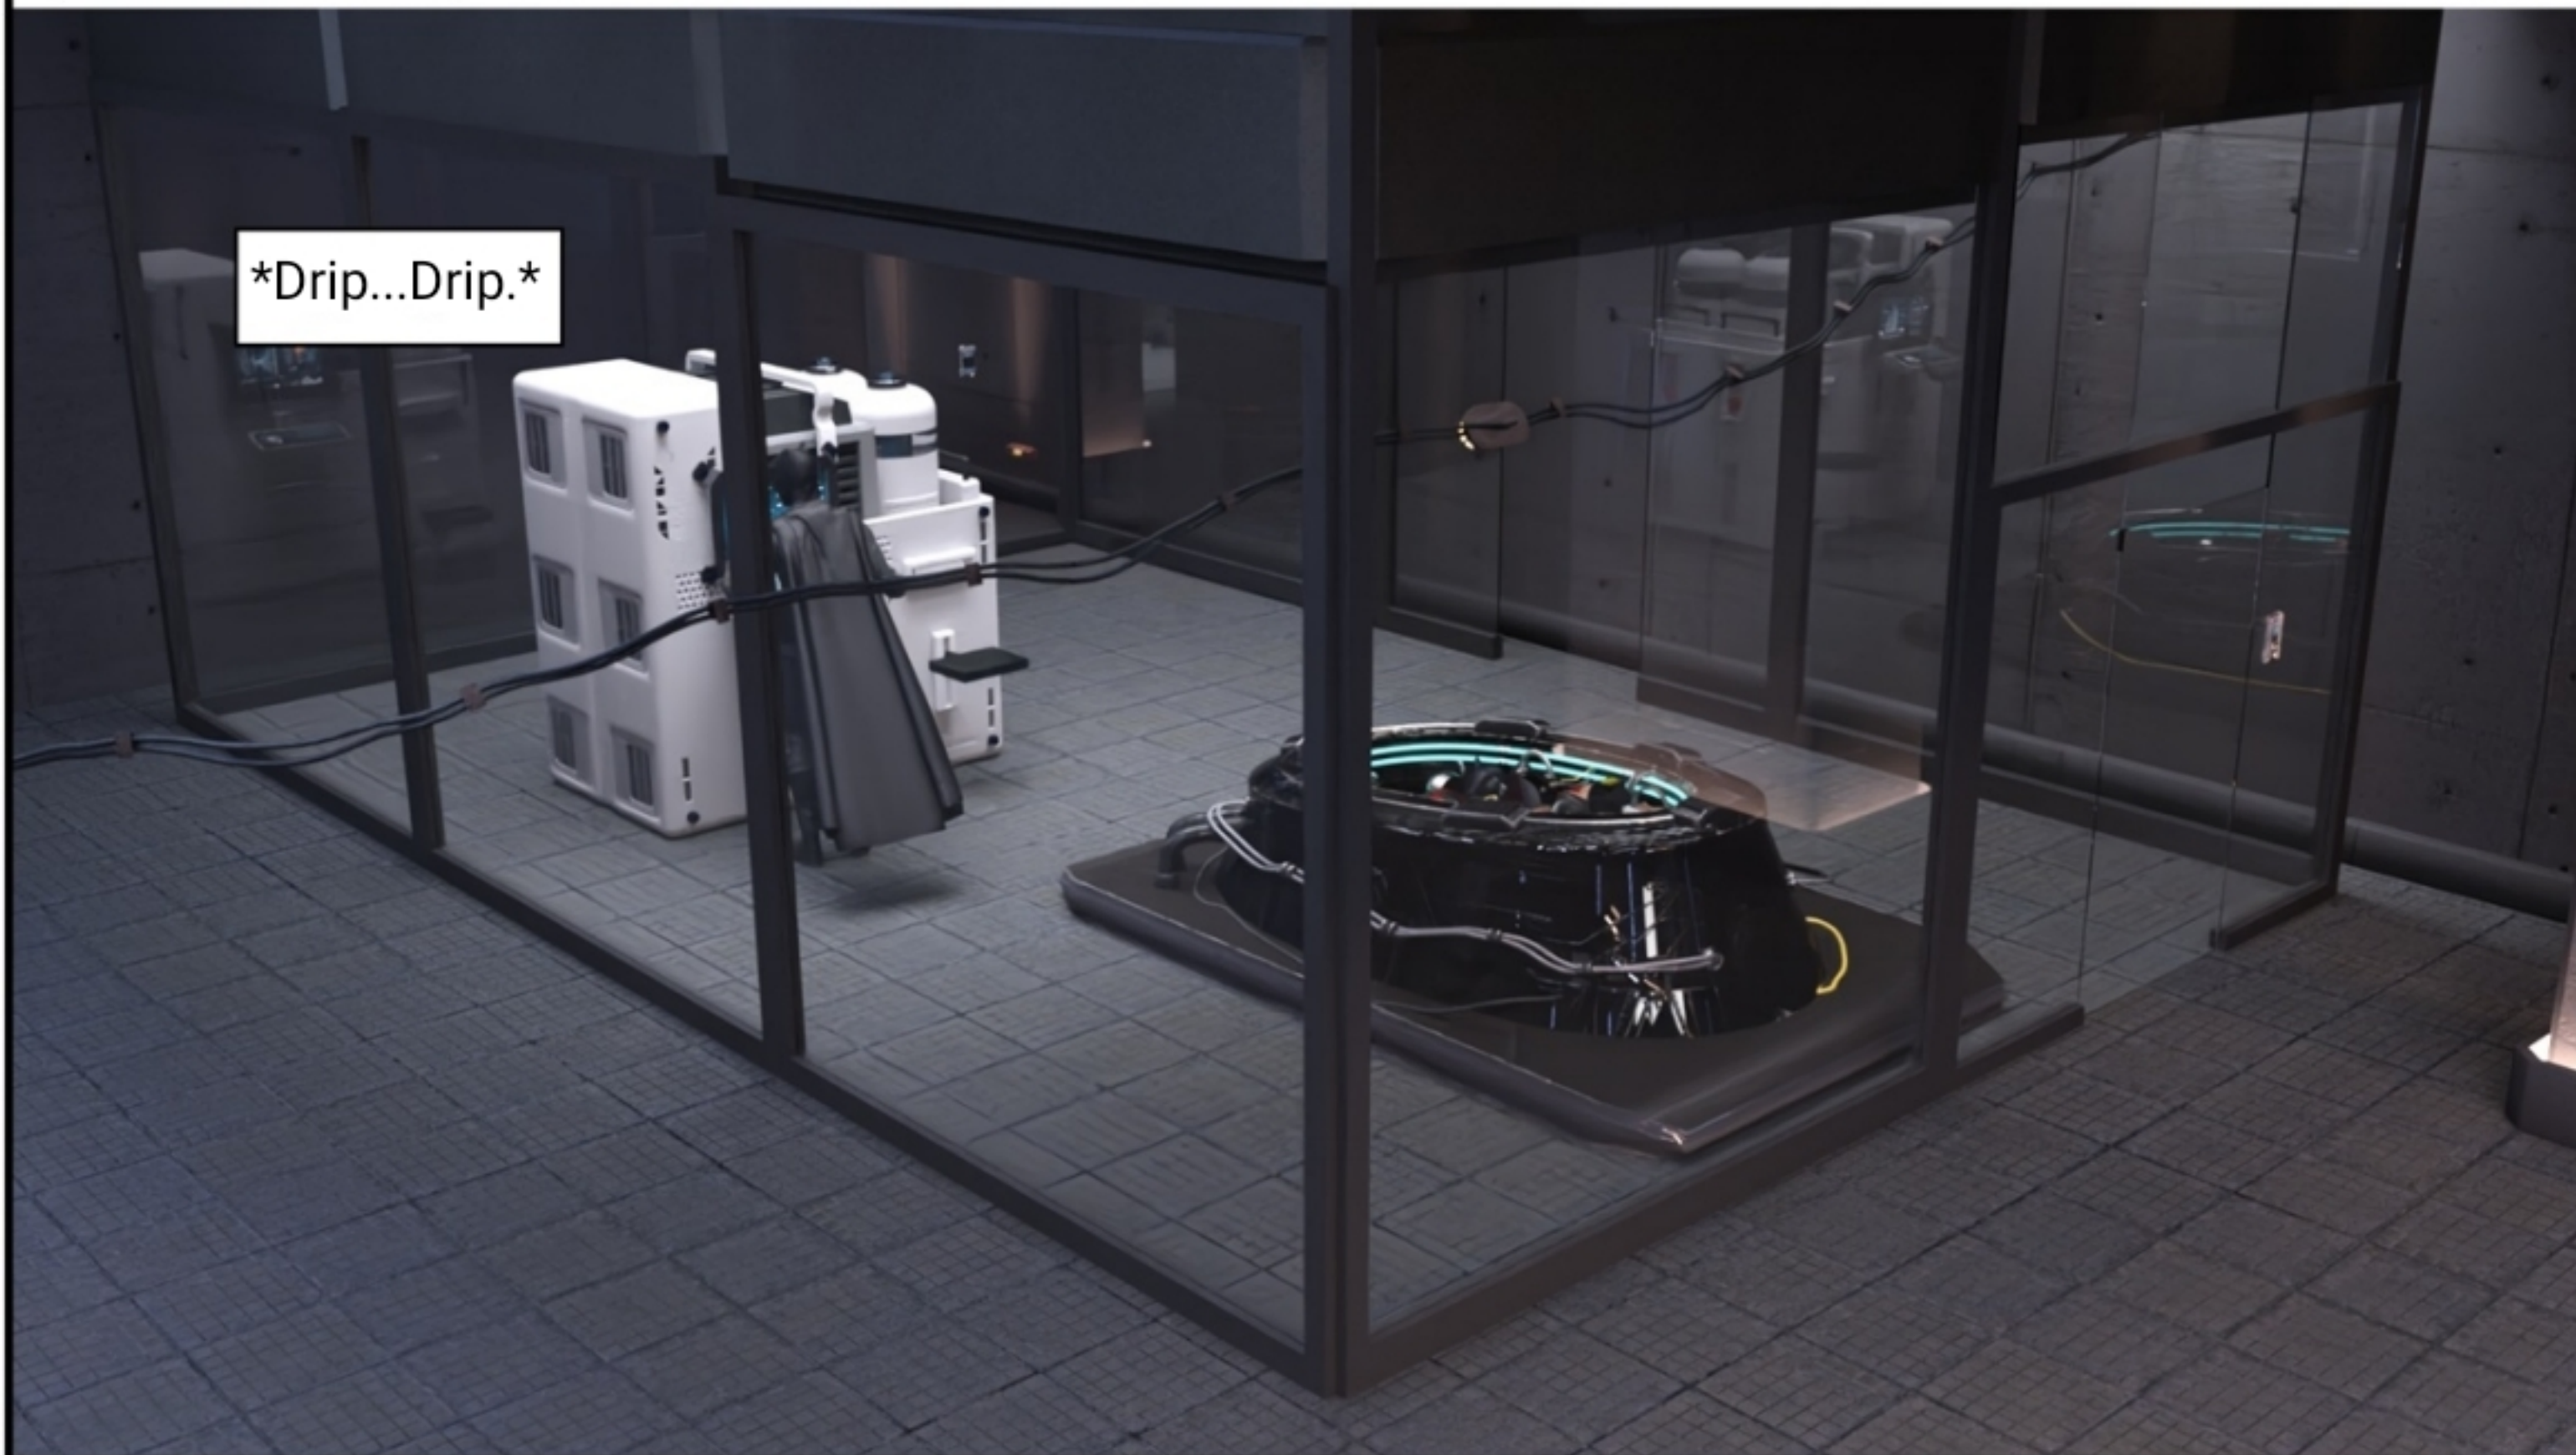

Sorry, Bolus, I have to do that.

I will bring you back. ,

|Inside the Bat Cave

Drip...Drip.

Damn clown, he used such a
vicious toxin on him...

Hopefully this machine works.

Thank goodness

!*The activity of a longevity cord is reduced, and the neural signal tends to stabilize*

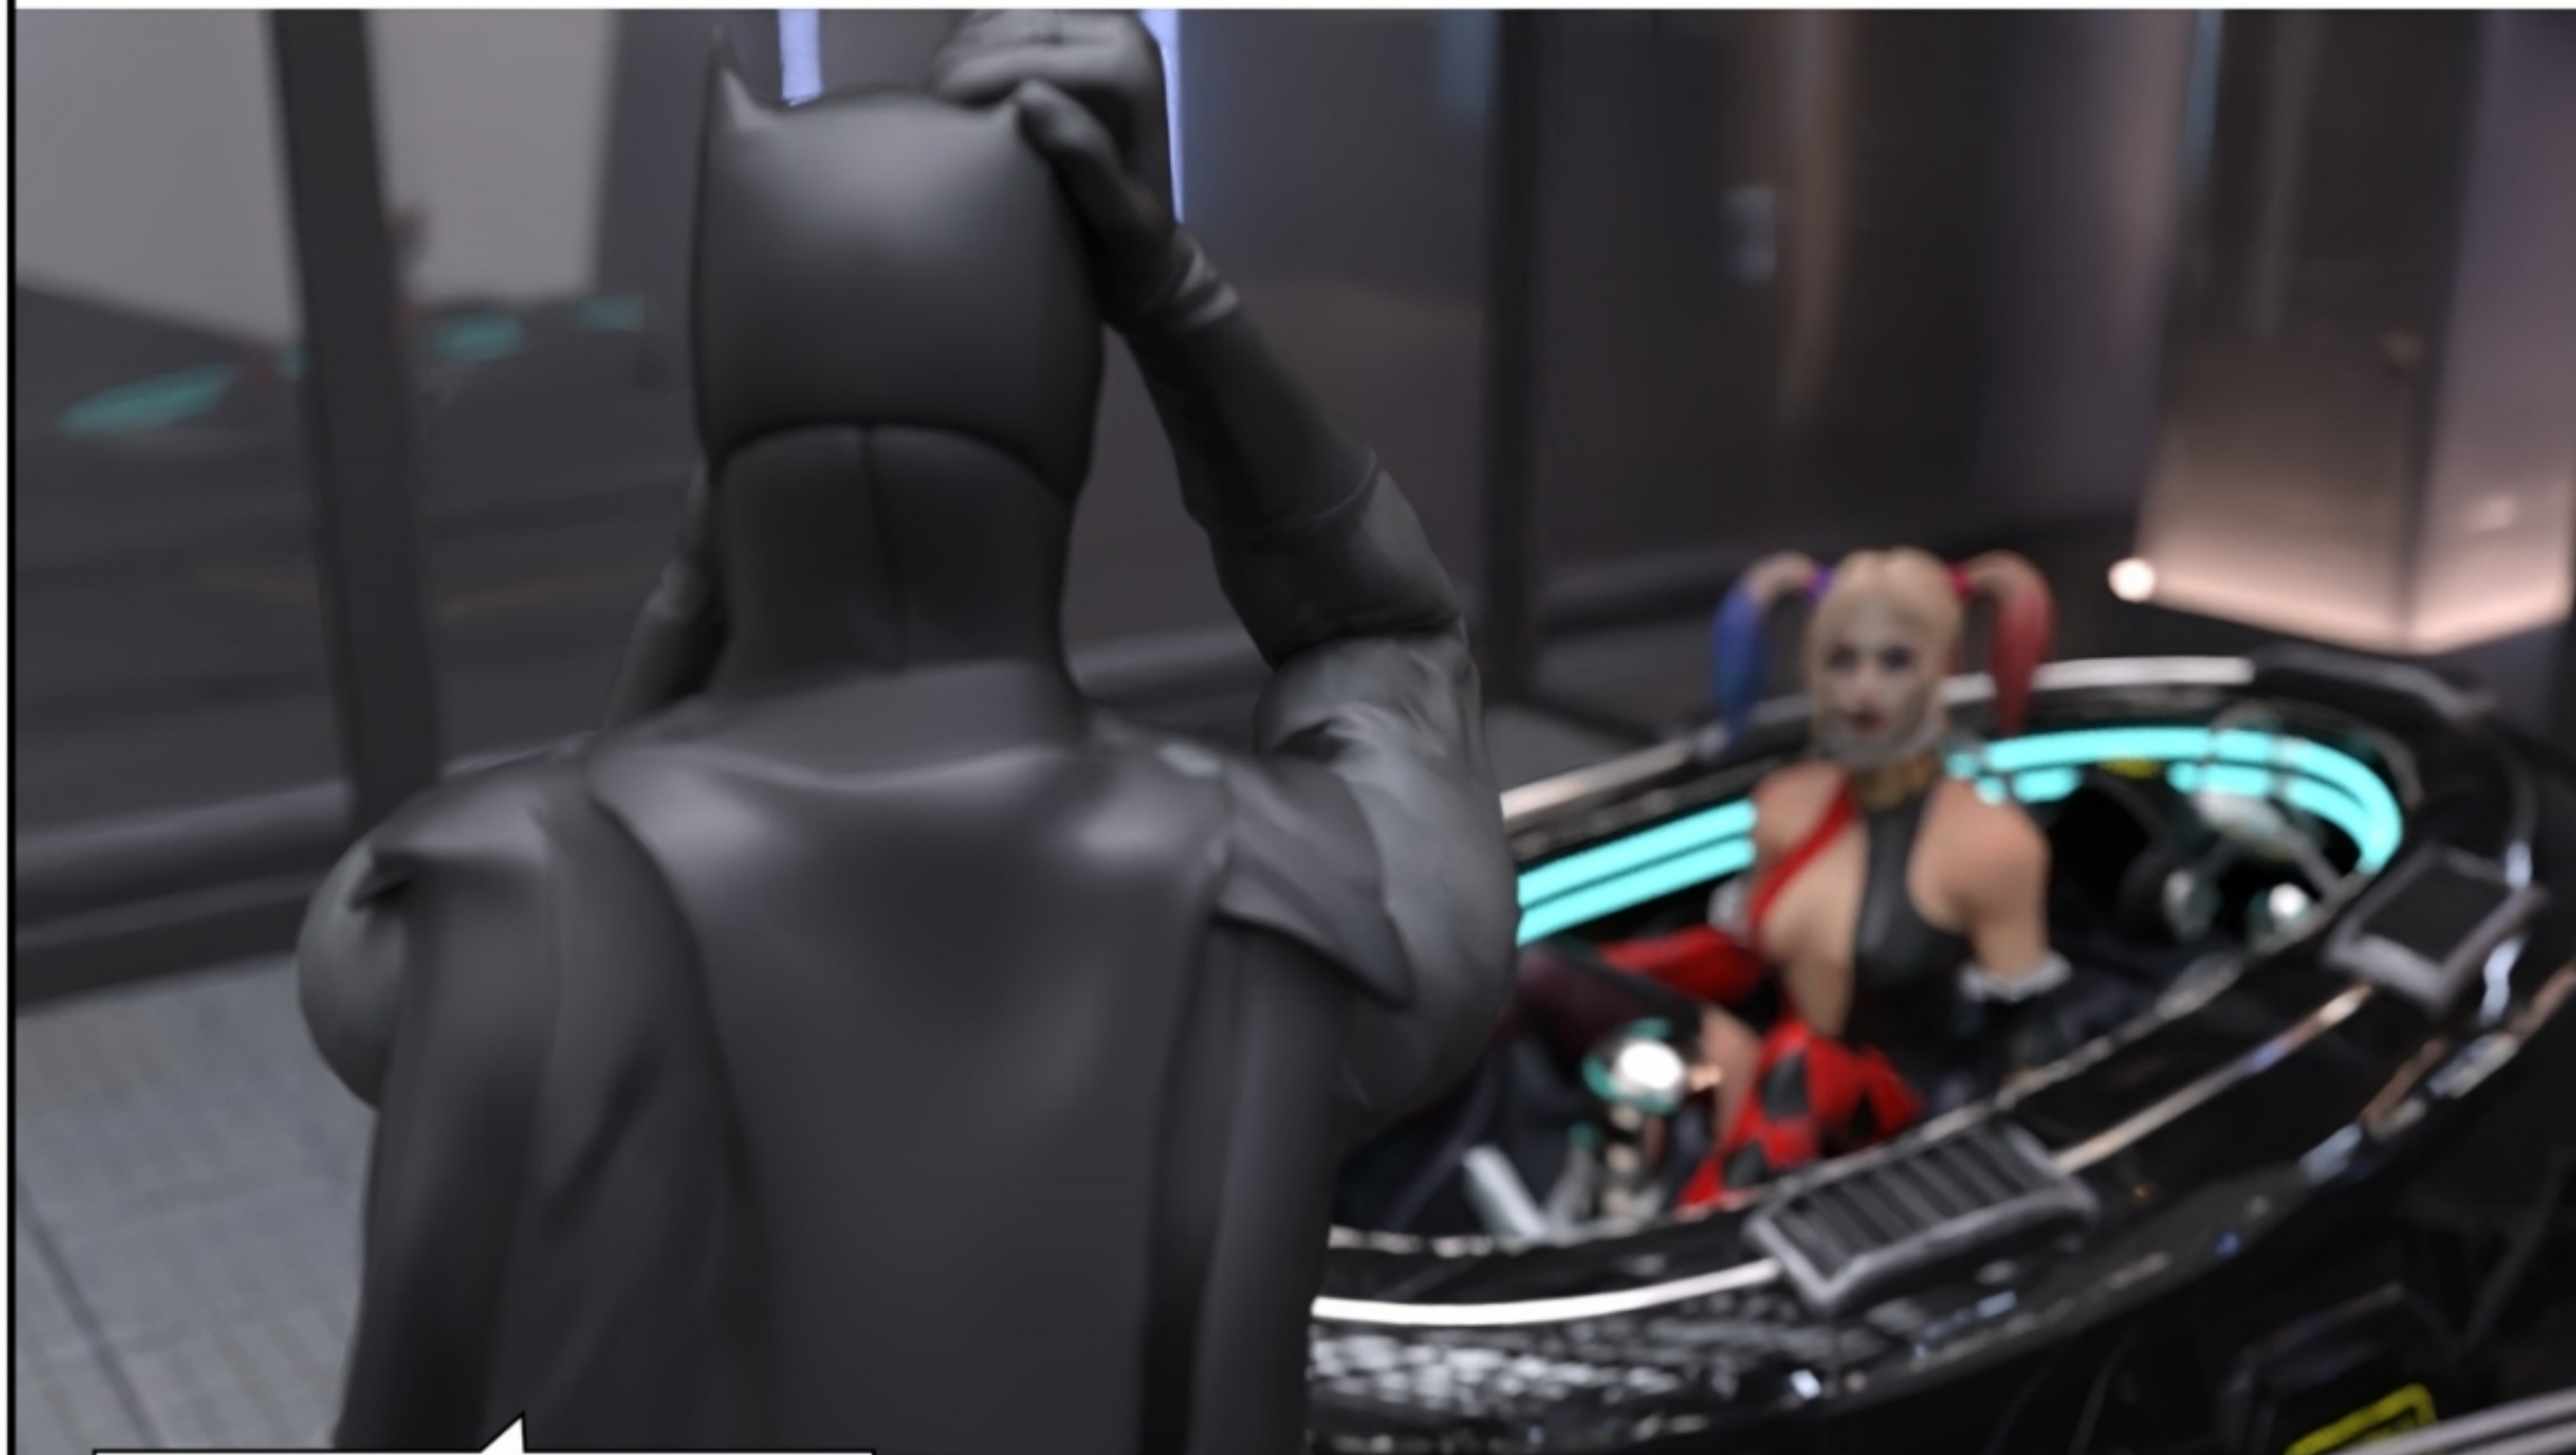

Ah, I...what's wrong with me, my head hurts so much.

How could I go back to the Bat Cave?
Shouldn't I be by the Joker as Harley?

You...who are you!

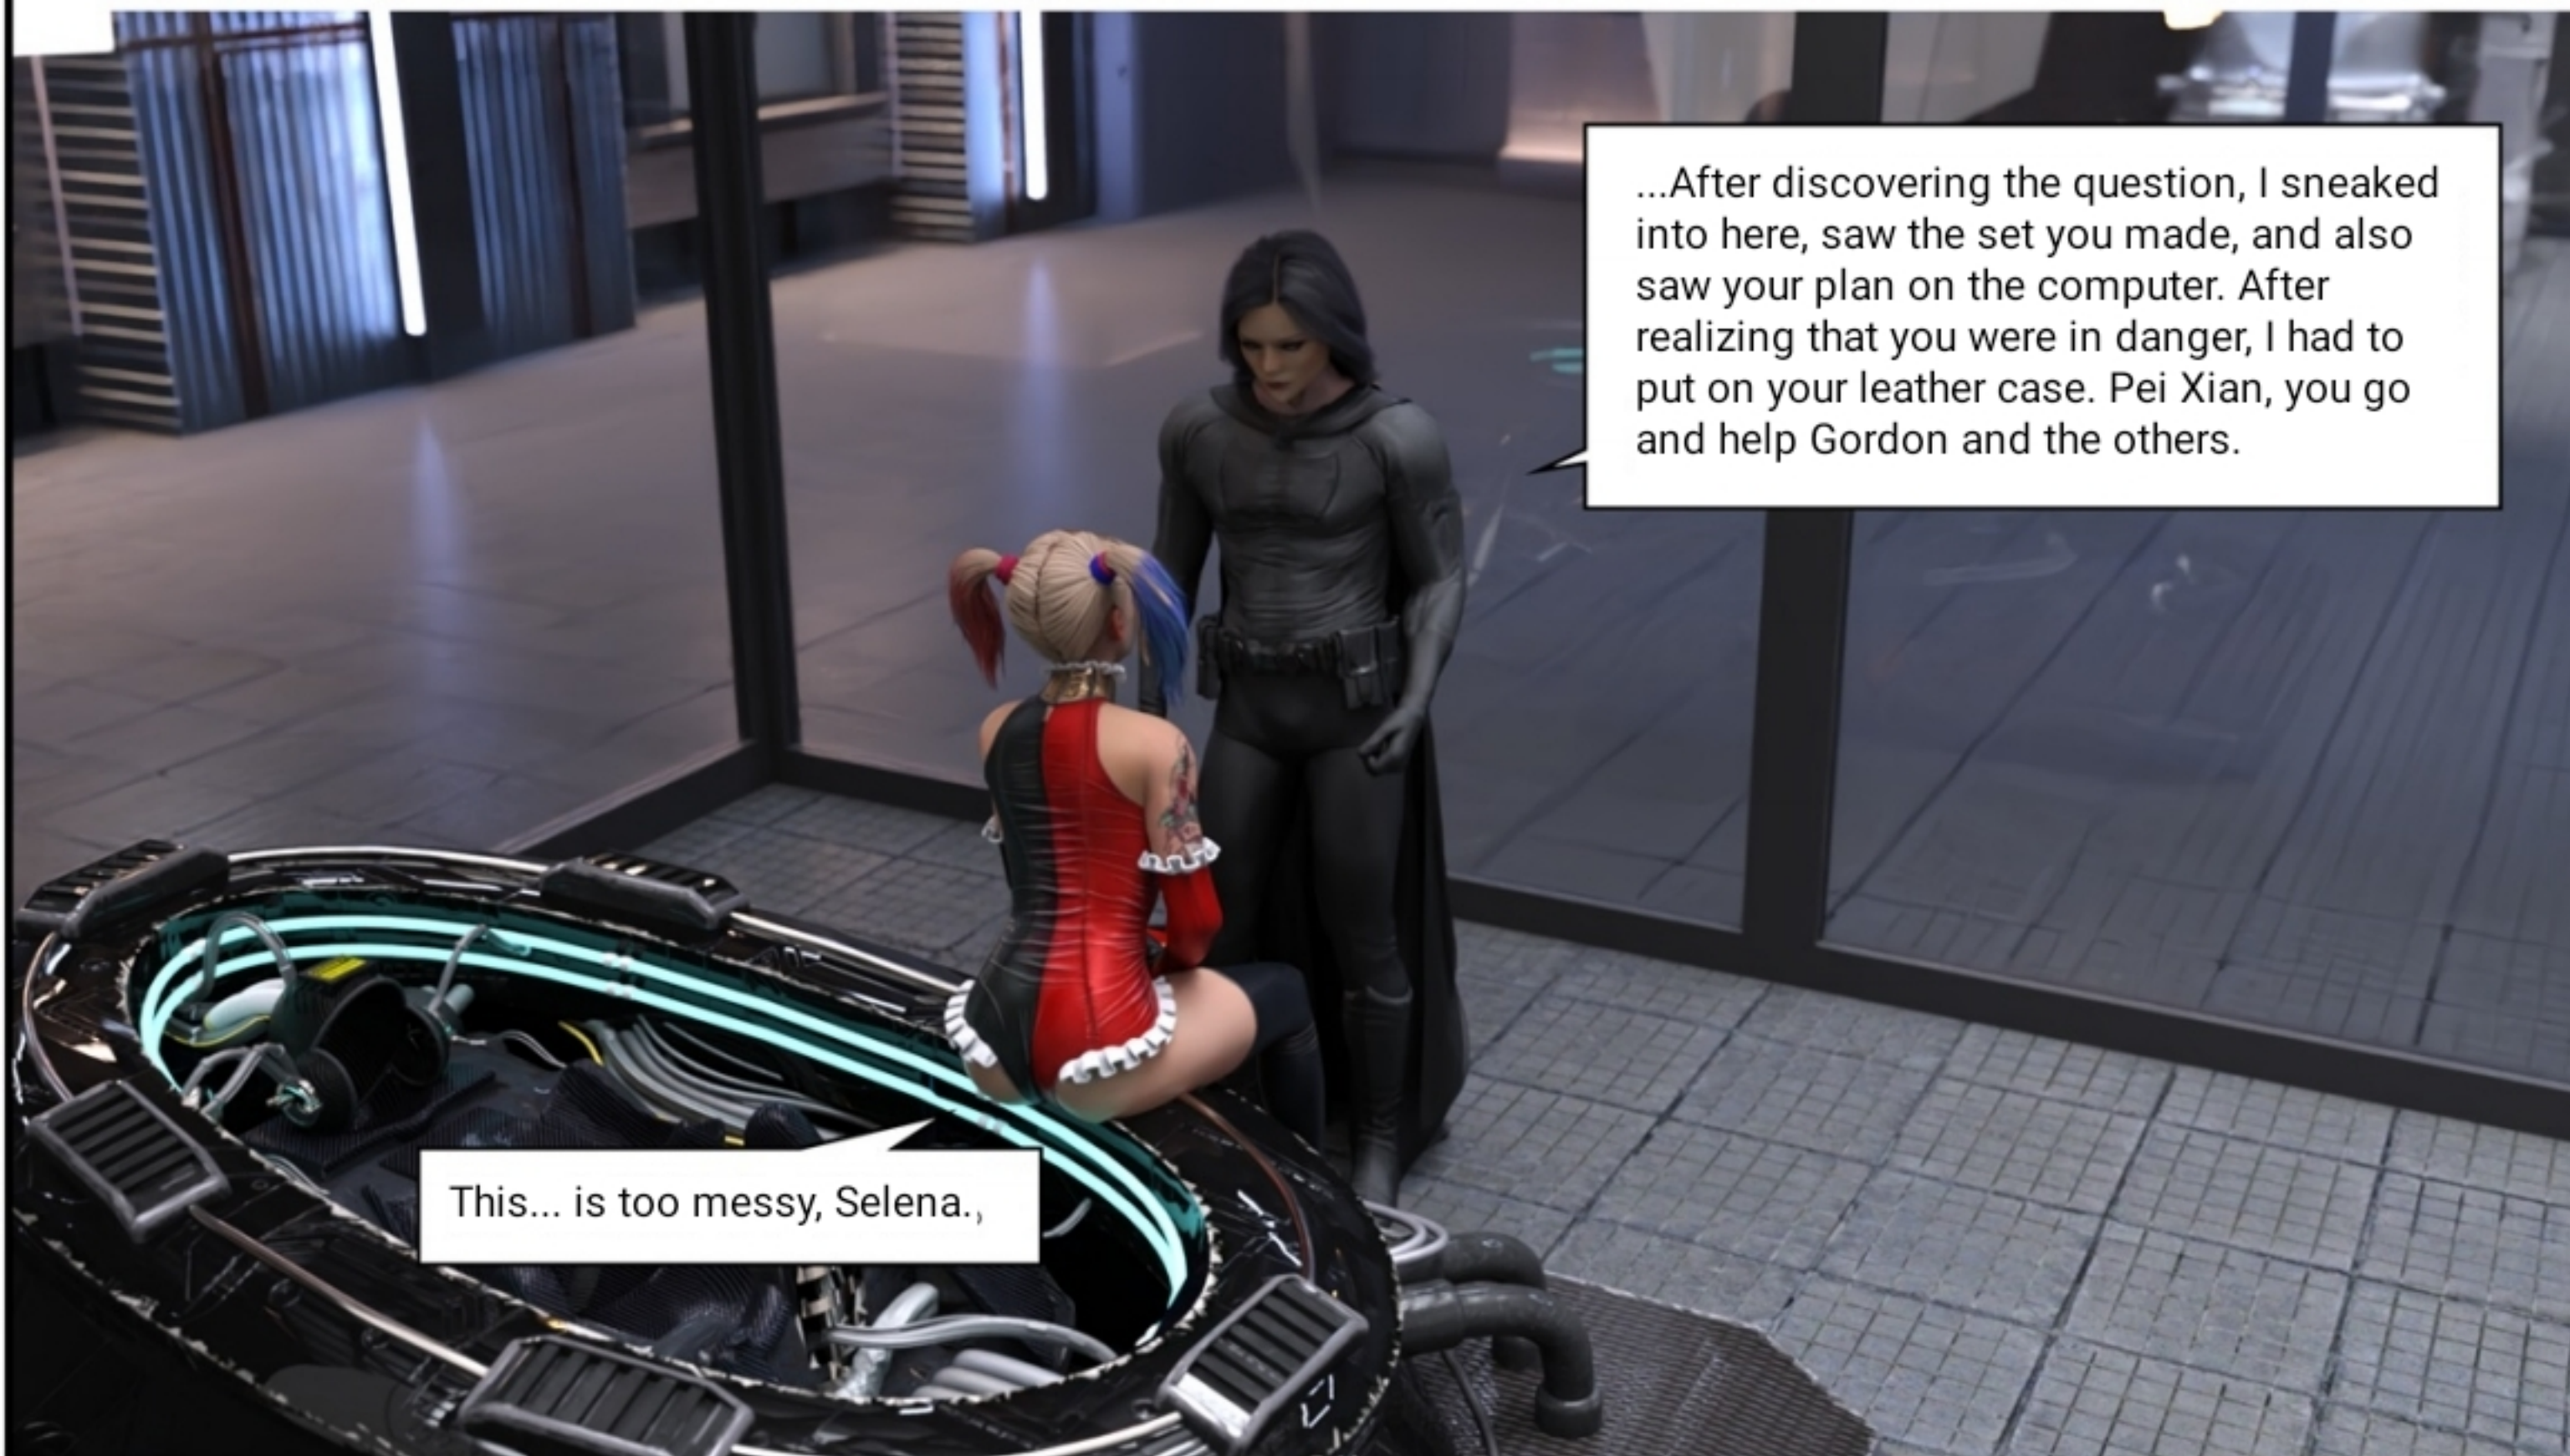

|Don't worry, Bolus, you're safe now. ,

I saved you.

|Selina!?What's going on?

...After discovering the question, I sneaked into here, saw the set you made, and also saw your plan on the computer. After realizing that you were in danger, I had to put on your leather case. Pei Xian, you go and help Gordon and the others.

This... is too messy, Selena.,

It's a big danger, Salina, you shouldn't do that. This will put you in danger.

But haven't you done this without hesitation? Bulus. ,

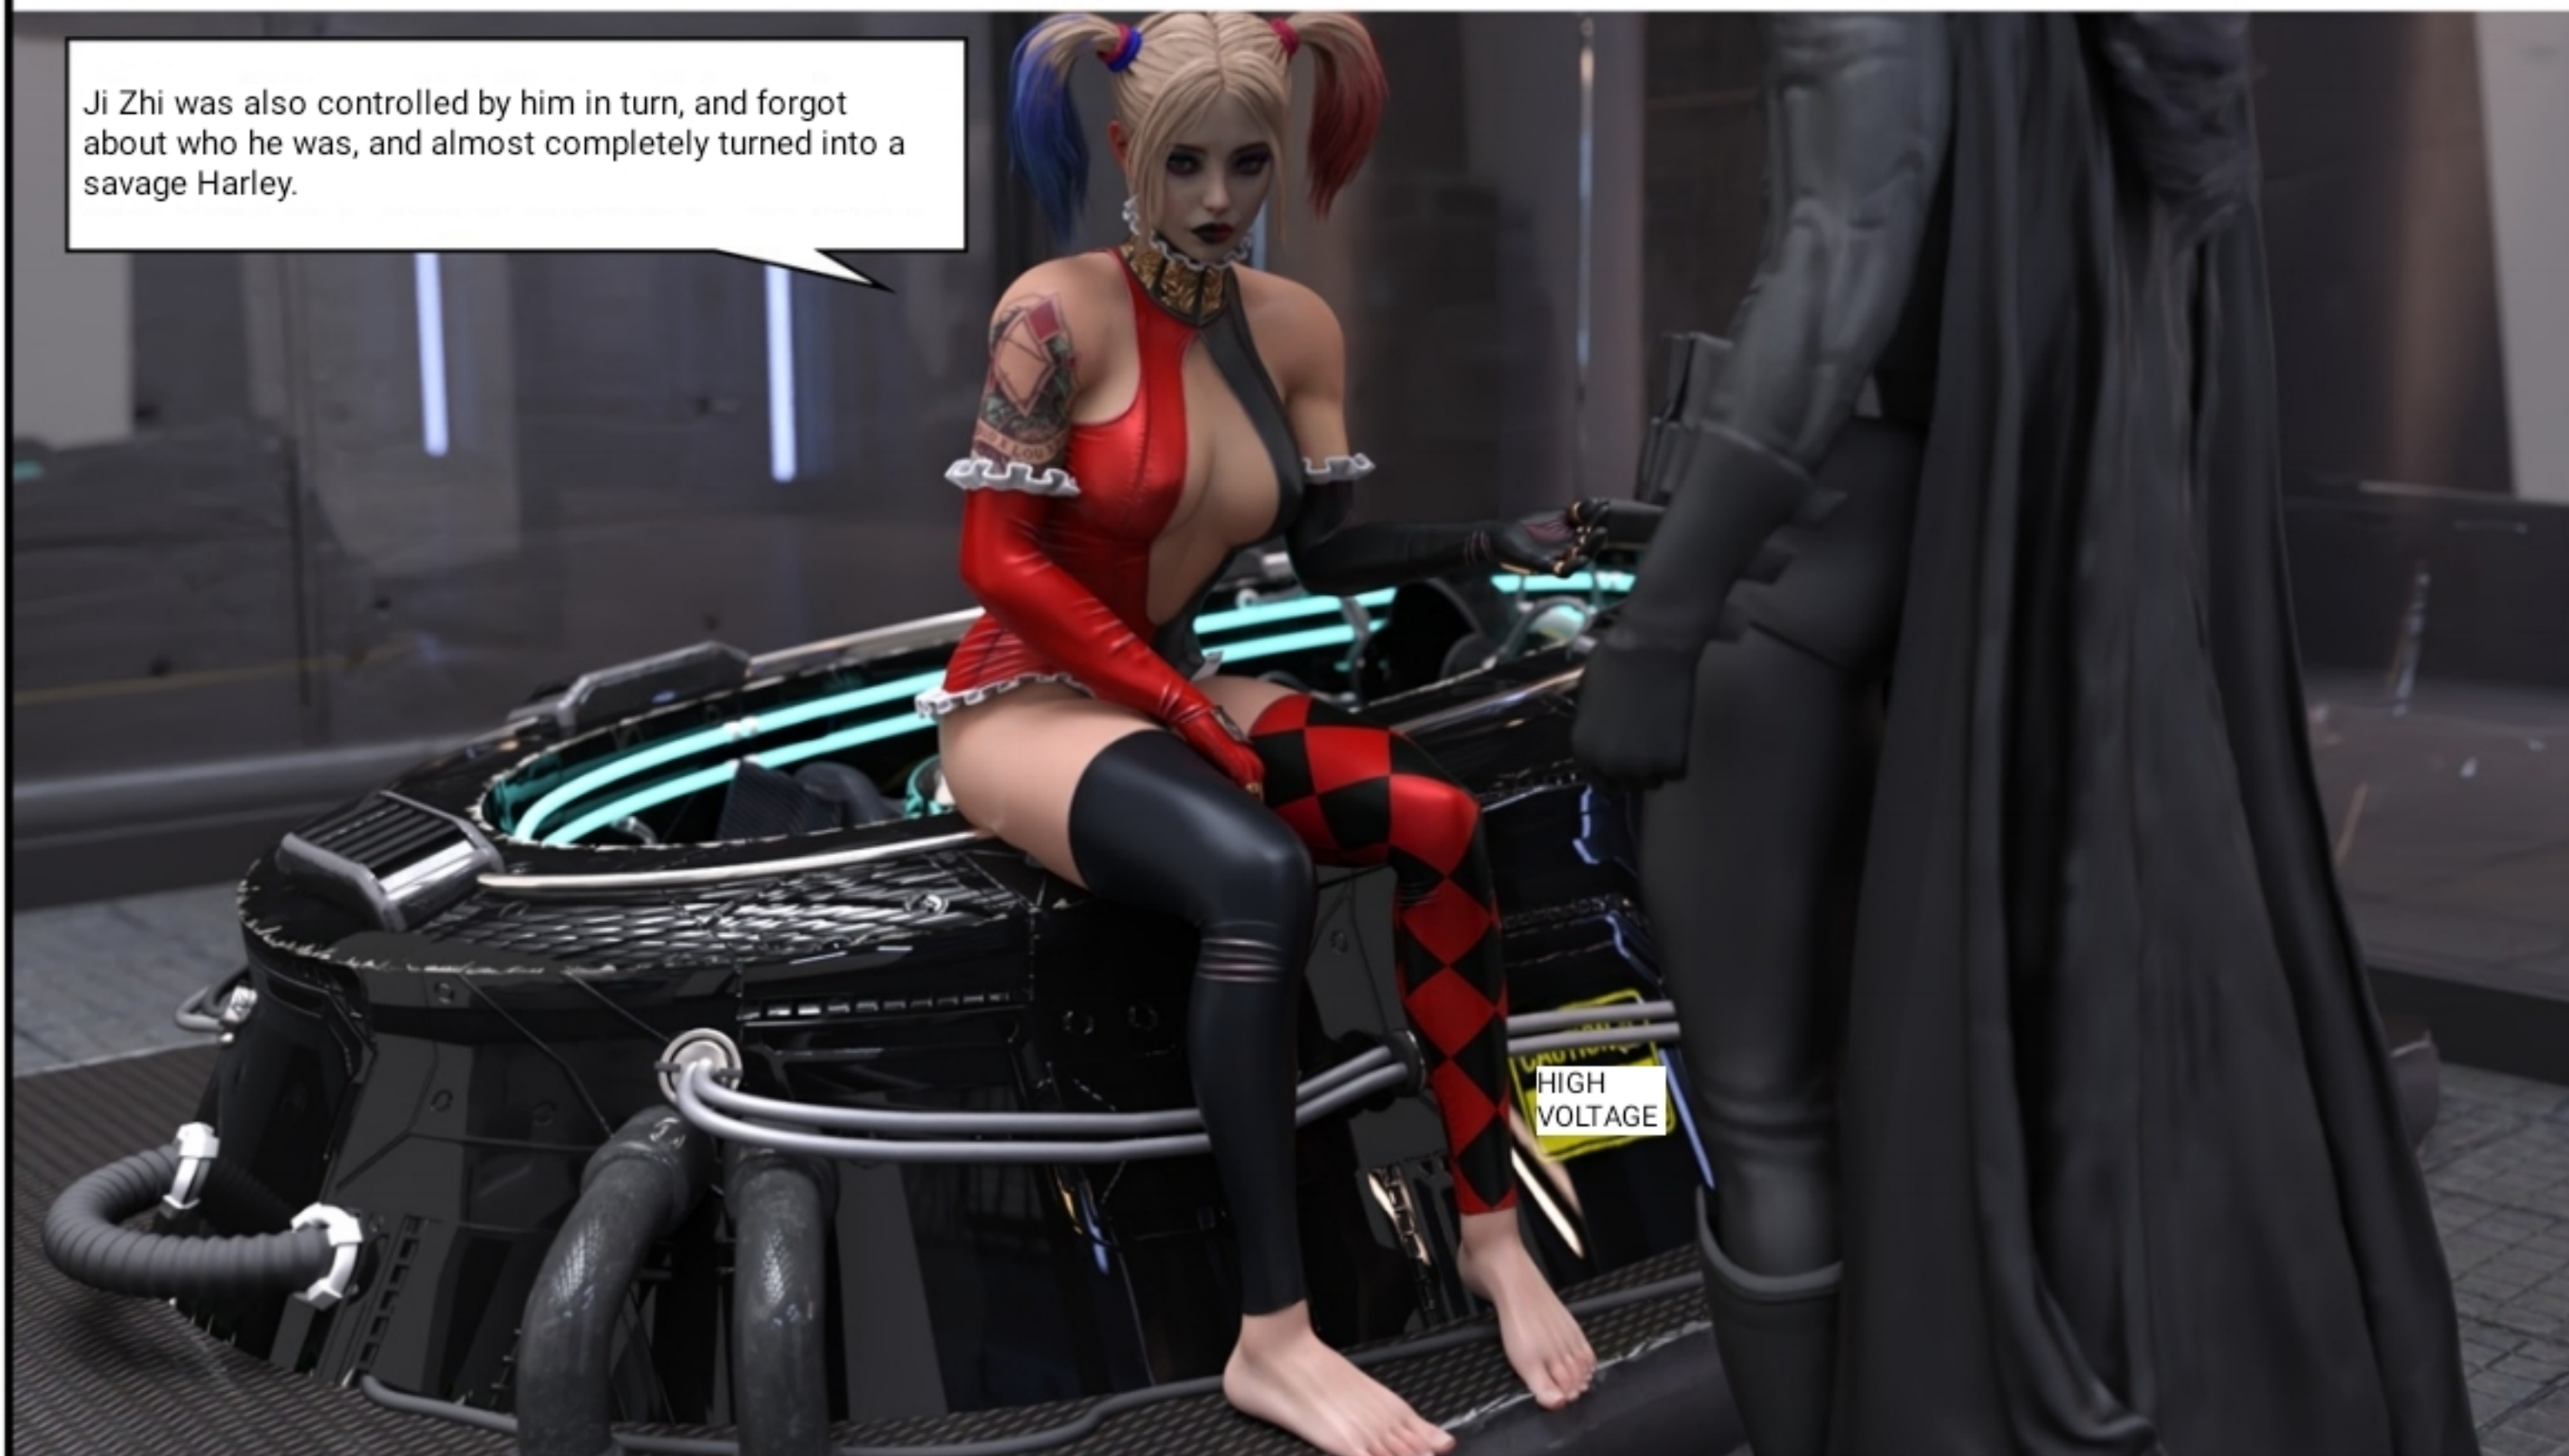

I... I'm really reckless.

I thought this plan was perfect, and with this! I would definitely get his crime evidence if I sneaked into him like this.

However, I still underestimated him
, Even if I pretend to be so
It was perfect, but he
still saw through it.

Ji Zhi was also controlled by him in turn, and forgot about who he was, and almost completely turned into a savage Harley.

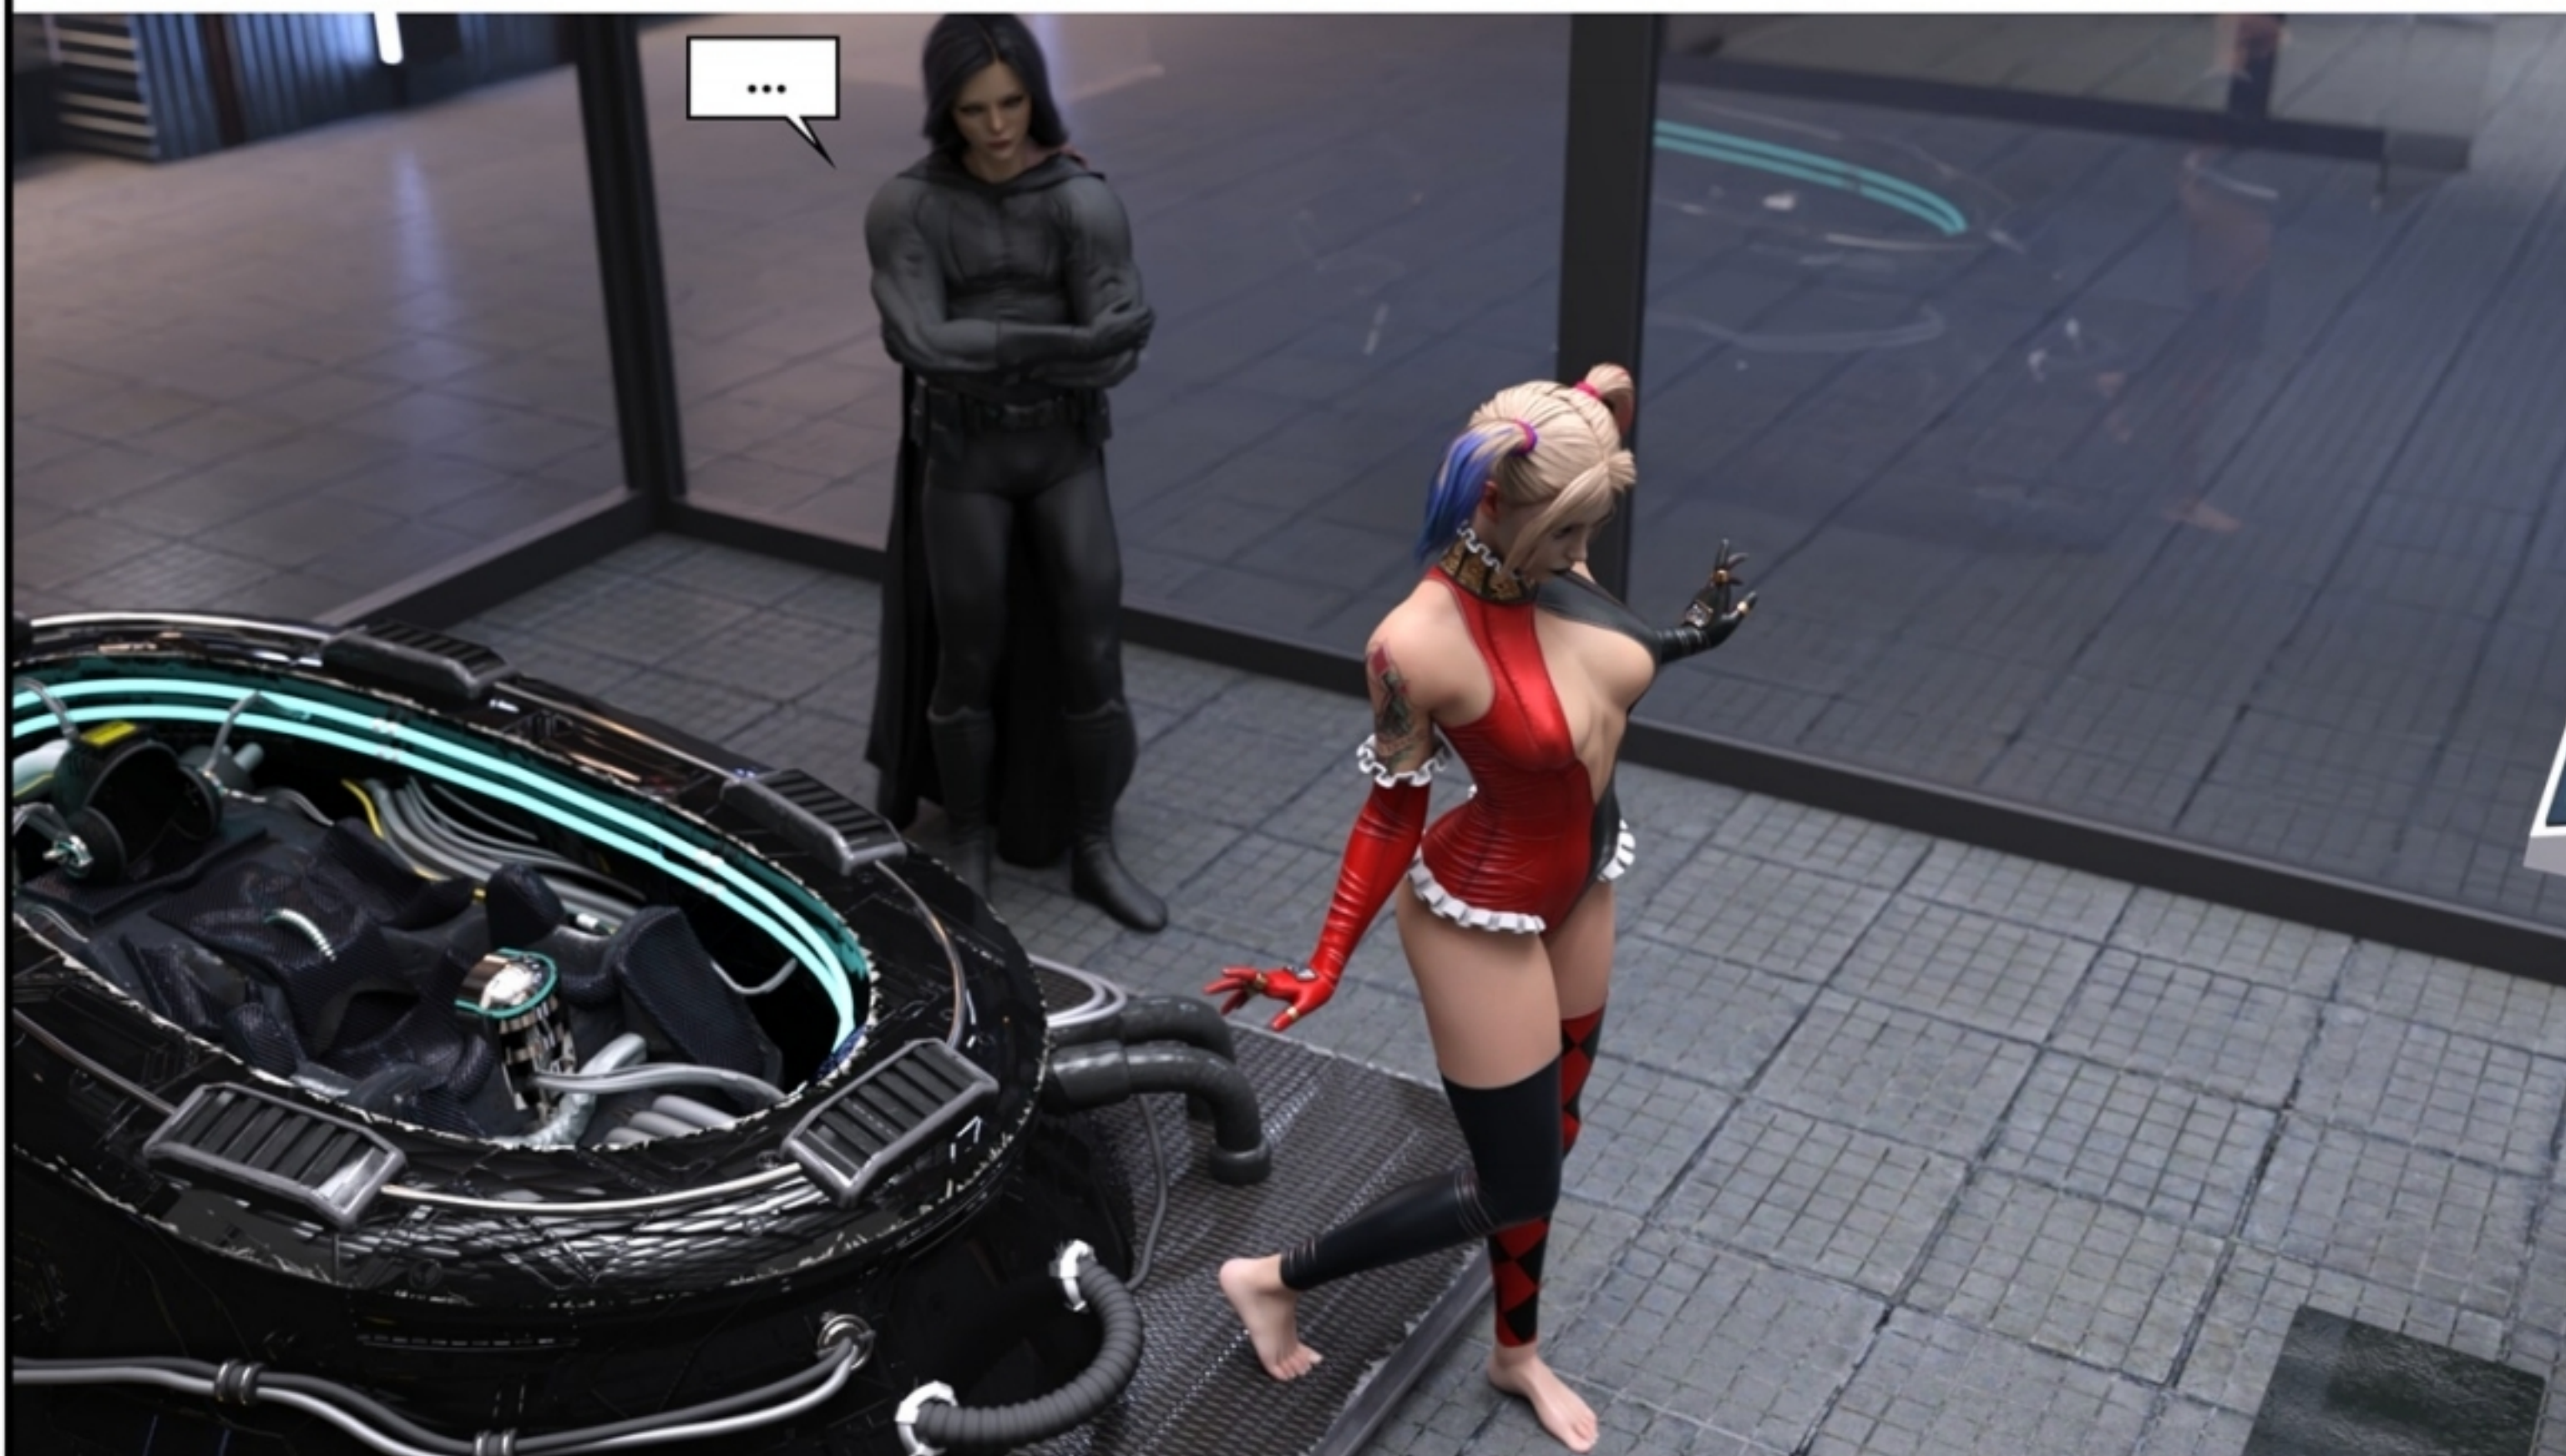

This green
boy

Thank you, Selena.

You saved me...at least, saved my consciousness.,

Ha, I heard thank you from our great
Batman. Thank you, but it's really hard
to buy. OK, Bolus, take off your body.

What a funny dress, I didn't even wear it in Xiang Hanli herself.

Bourus... Do you still need to imitate the clown girl?

No, my god, I, Wanjin, didn't deliberately imitate it.

His fragrance reflects on the glass. Sure enough, his every move still unstoppable with Harley's light peach and exaggeration. Unlike the one who opened a bat cave before, he can imitate it, now he has made these actions completely subconsciously.

It must be that the clown's toxin is too deep, I still remember Ha Jing's memory... her voice and her movements

, Even her way of thinking.

It seems that it will take some time to completely remove the toxins.

But the most important thing now is
to take off the skin on your body first

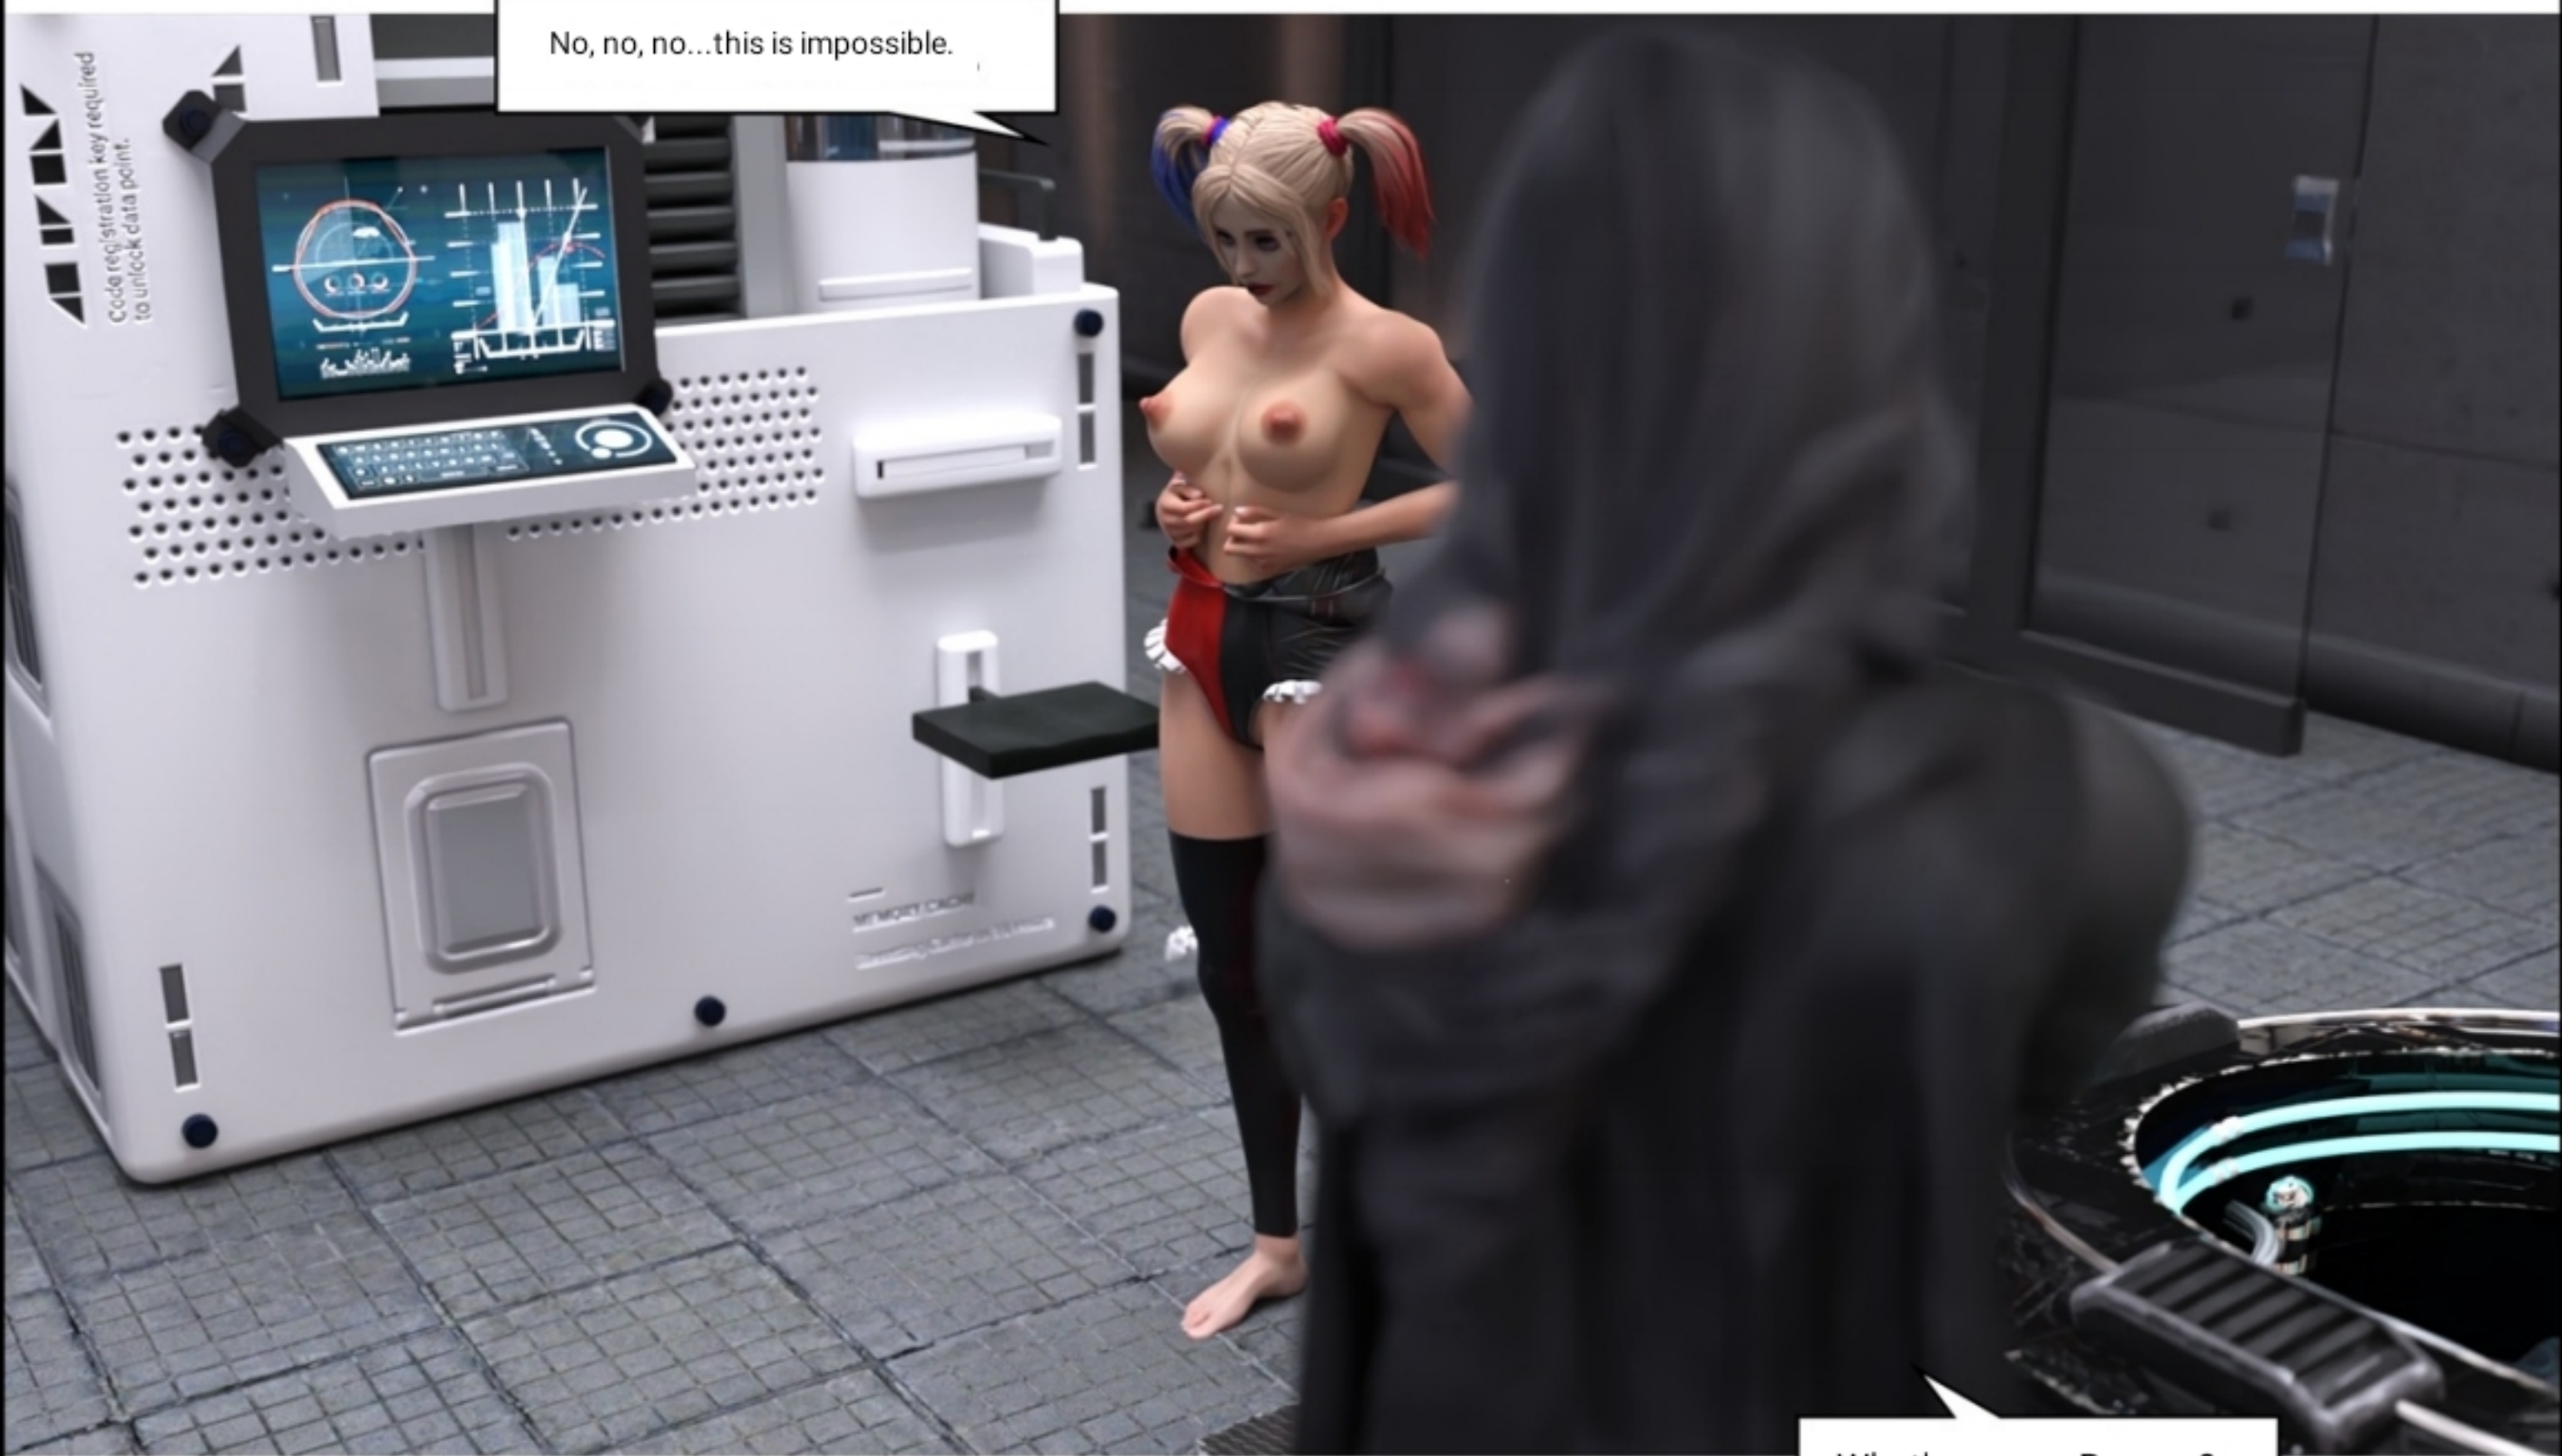

I can't believe that I've been wandering around the city for so long in this outfit...

(Damn it, this Xiong's reaction is so strong, Selena, control herself!)

No, no, no...this is impossible.

What's wrong, Boruss?

Why, the gaps in the skin disappear? It is obvious that the gaps can be tear open just by reading the power.

|Greenzi

Yes, I took it off just after using it a little.

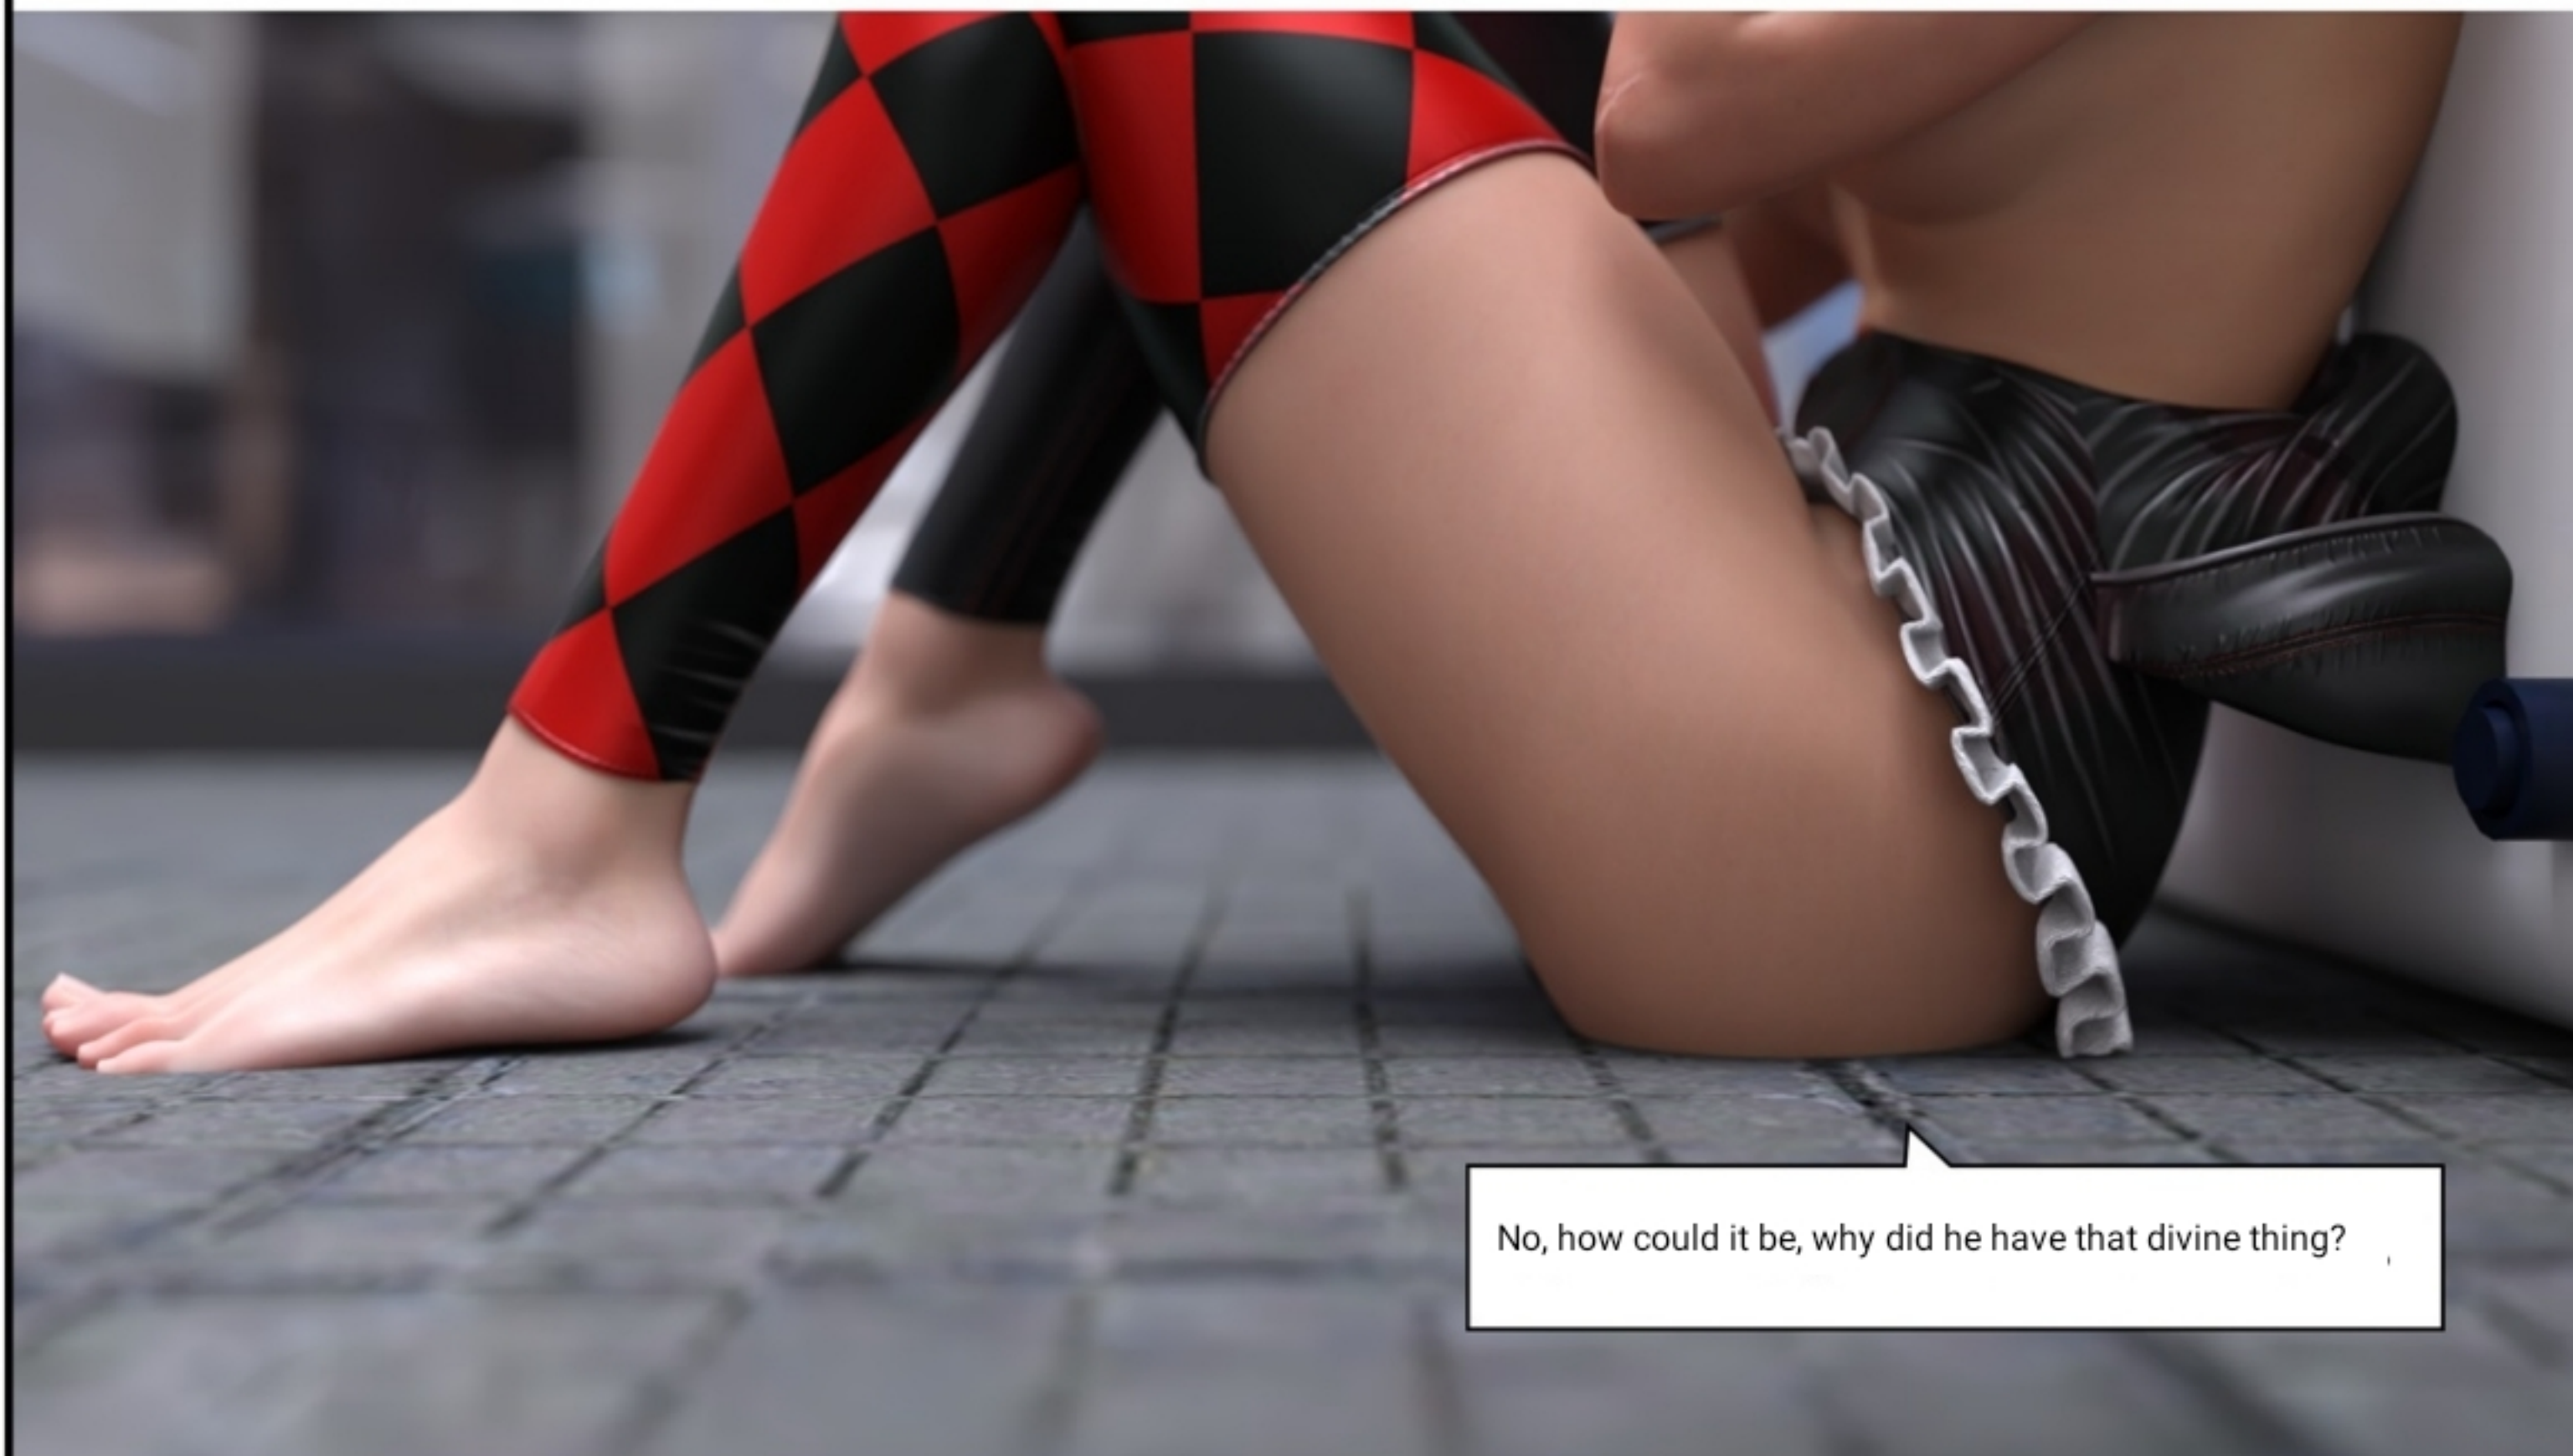

Why...how is this happening...

Pixiv: www.pixiv.net/users/100328105

This green
boy

I got it! The effect of the medicine that the clown injected me at that time turned out to be used to blend skin and my rest!

No, how could it be, why did he have that divine thing?

Everything was his plan, and he turned me step by step. He did it, he turned me into Halle, from the inside out...

Her sleep god was in a state of turmoil, and the clown's laughter and Halle's dramatic tone echoed in her mind. The residual pants were toxic and confused, making her mind unable to face the sudden situation as calmly as before.

Bolus! Calm down!

1L↓!

I'm not Bluth! I'm a monster!
The clown ruined me!

Me...What should I do? Selena...

Bruce, what the body becomes,
I know you are still you.

Listen, Borus. If you can make such a technique, you will definitely find a way to take it off by taking it off after taking it a little while.

We will solve this problem together,
I won't let you face it alone.

Thank you, Selinna

I will take the time to study the days I pressed down... to find a way to get out of this damn thing.

His breathing gradually stabilized, and Selenia's words were like a glimmer of light, penetrating his chaotic heart and helping him find a trace of his original wisdom.

However, during this time when I was trapped in this identity, Gotham Tan could not be without Batman. Bat Quick is a symbol of hope in this city...

Lin Luzi

Selena, I want to clear you up and continue playing Batman during this period.

MEMORY CAC

Resetting Cach

Bolus, although I really want to promise you, I am not very used to your body.

I understand Selinna, I will teach you some combat skills. You just need to help Gordon face some gangsters. What matters is the hope you represent.

OK, Bolus, since you said that...1 I will help you.

Thank you, Salina..

Hour

He wore a hoodie and gradually transformed into "self". Selina's current broad shoulders, a stern face, and a calm aura. Dujun is his familiar Batman image, as if his soul continues in another form.

It seems that I still have to smell the Dark Knight for a while.

I'm so sorry, Selina, because of my reckless plan, I brought you in...

No need to apologize, Bruce, I'm voluntarily.

Thank you..

The fear and despair were temporarily suppressed by Selena's firmness, but the ground stayed on Selena first, and a trace of tenderness that belonged to the female surname in her eyes — was a kind of soft and anger that she had never experienced before, with a sense of temptation and dependence, and a hard-to-know admiration. The hormones in this female body made her particularly sensitive to Selena's existence. Selena's courage, her decisiveness and warmth all stirred up ripples in her heart.

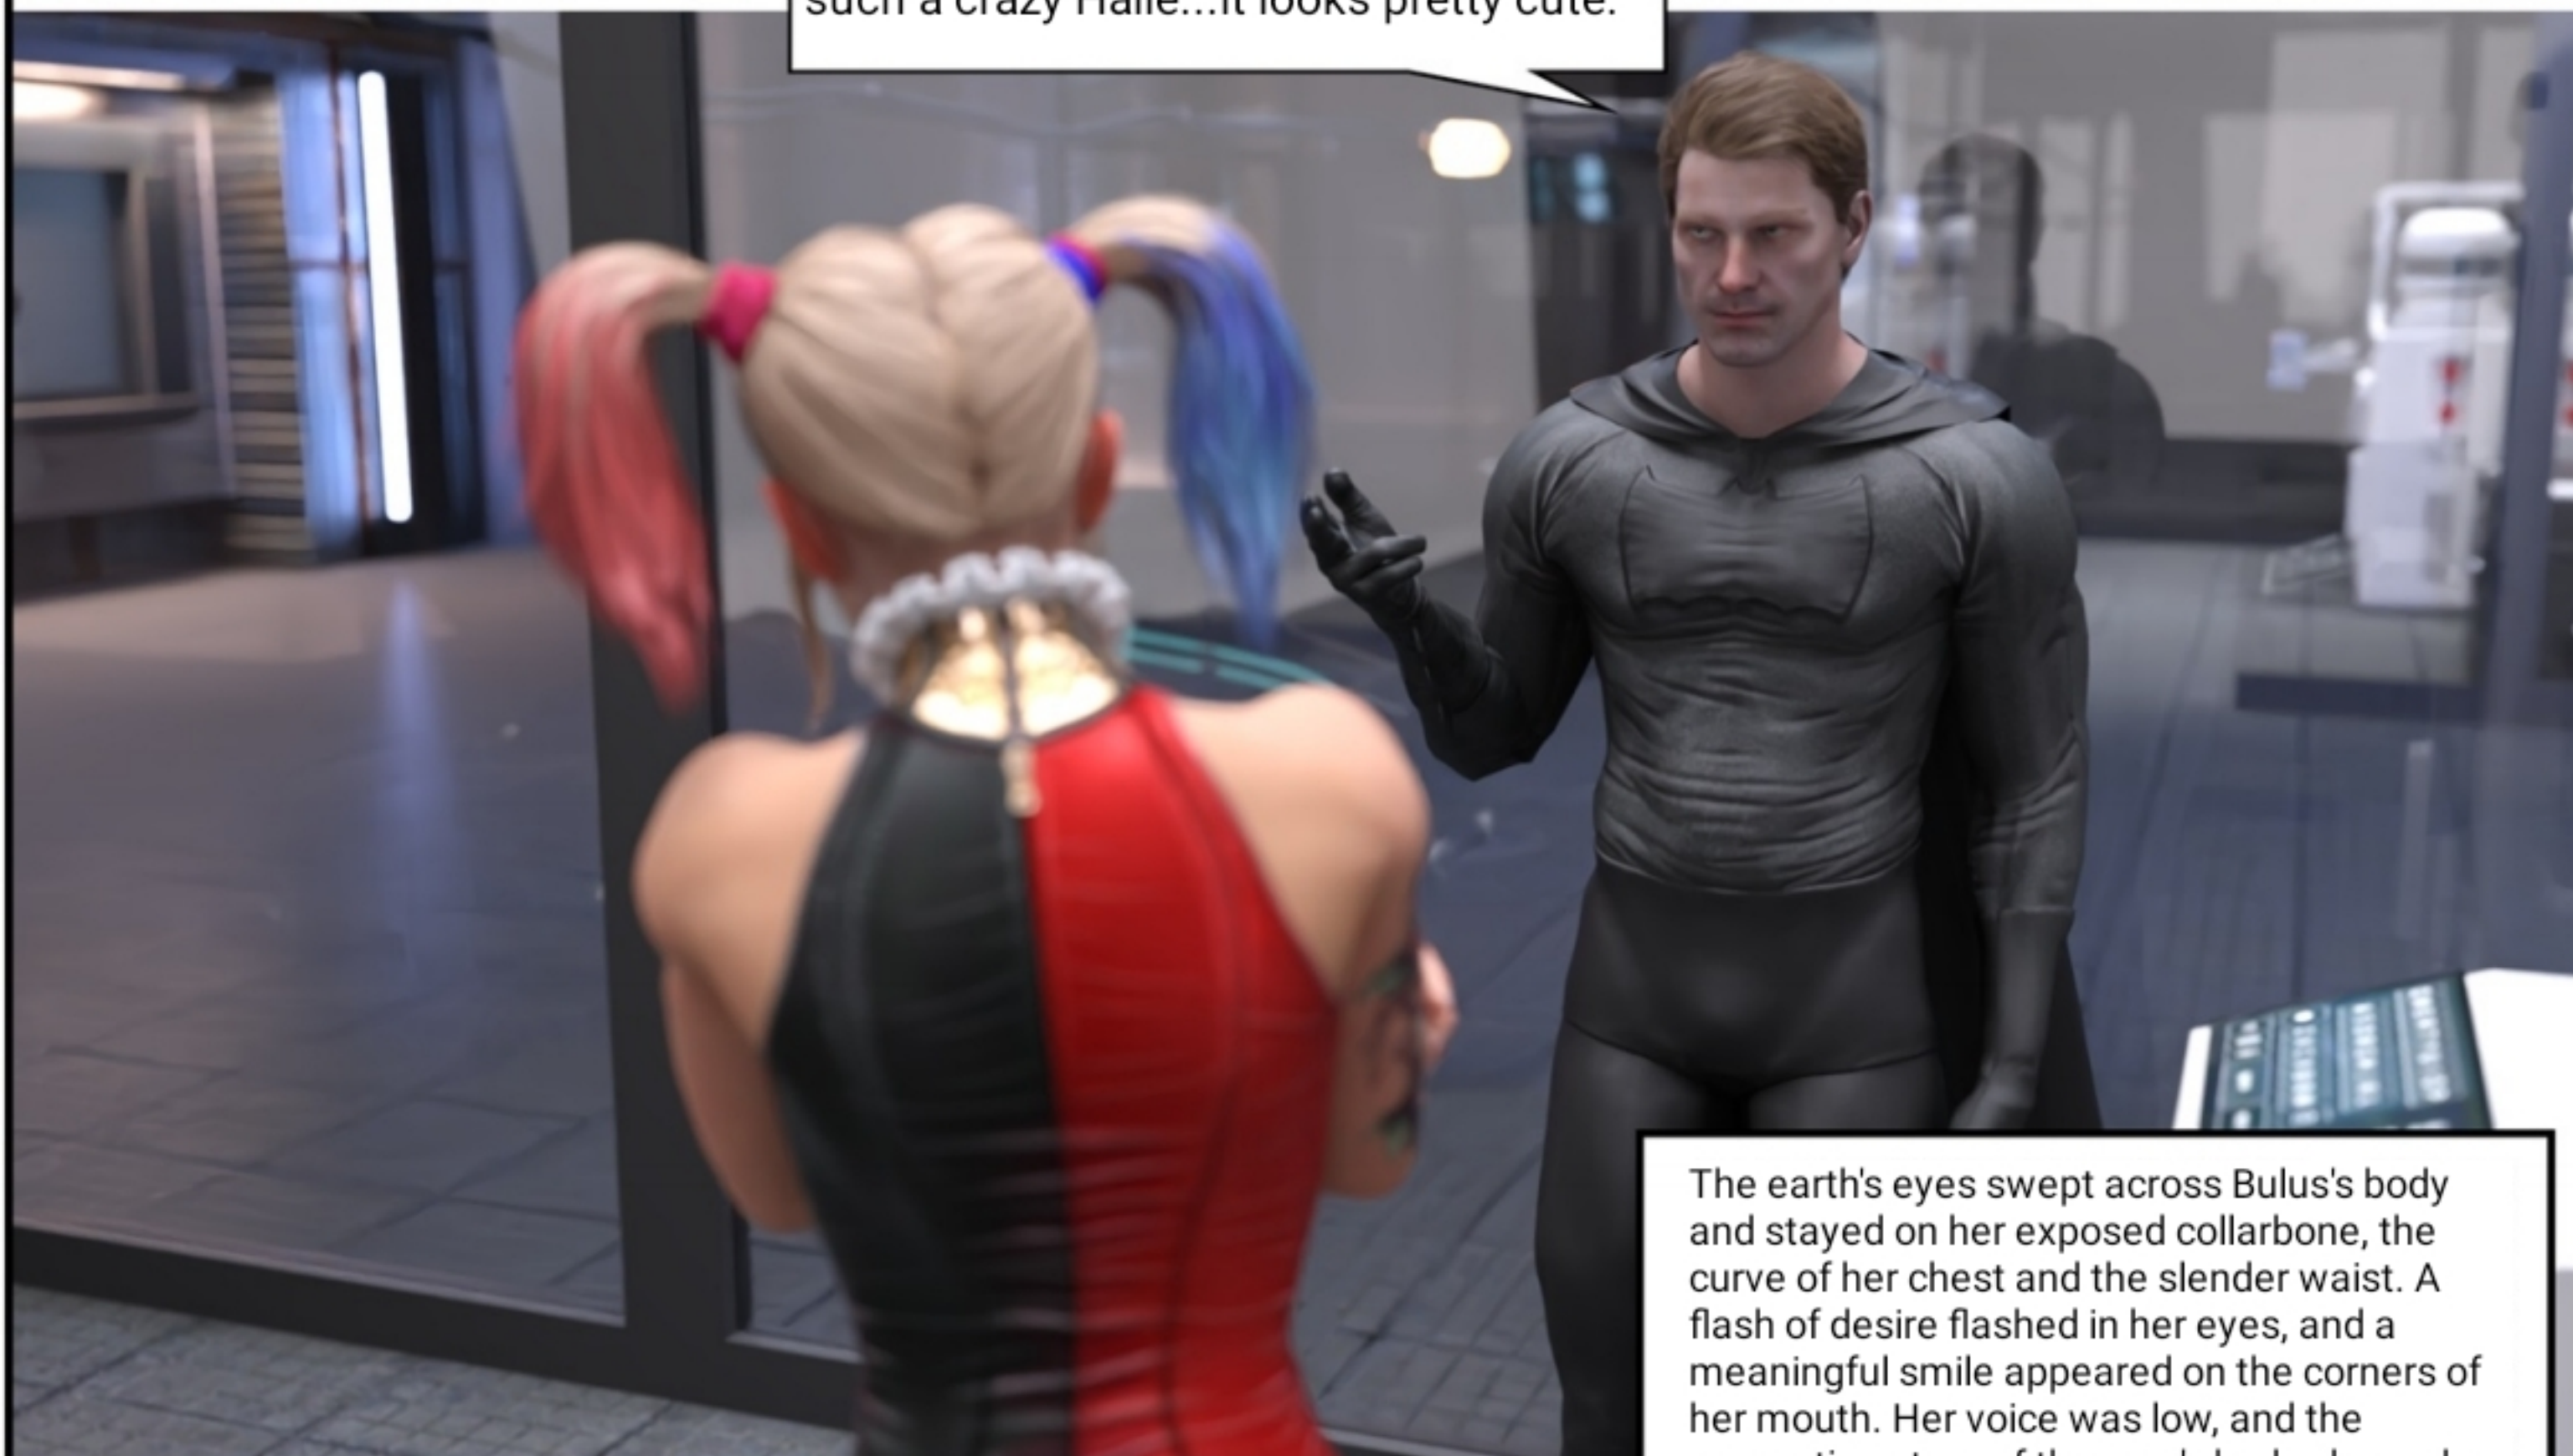

I don't know how long I will be left in this damn body.

Damn, I acted like Harley unconsciously.

Actually, it's pretty good too. There is such a crazy Halle...it looks pretty cute.

The earth's eyes swept across Bulus's body and stayed on her exposed collarbone, the curve of her chest and the slender waist. A flash of desire flashed in her eyes, and a meaningful smile appeared on the corners of her mouth. Her voice was low, and the magnetic nature of the man's body showed a hint of sensation.

Is that so? So... cute?

The warm smell in Selina's words was like an electric current, hitting his sensitive nerves. His heart beat like a drum, and a craze surged in his chest, and his skin became slightly hot due to tension. Selena's eyes wandered over him, with an aggressive tenderness that made him both uneasy and curious. His breasts were unconsciously hard under his tights, and a warm throbbing came from his private parts, as if responding to Selena's gaze.

In fact, from the moment the ground was brought back to the moistening bat, he found that a subtle air chlorine was quietly growing in the air between the two. His female body is extremely sensitive to this divine atmosphere. At this moment, his body is eager to touch and release, and Selina's existence is like a magnet, attracting all his senses. His eyes unconsciously swept over Selinna's body, a wide shoulder, a tight muscles, and a faint erection under the armor. The county is his body, but now he is radiating a strange male charm, which makes him feel a magical attraction.

His rest recalled the pleasure of having sex with the clown, and his private parts were so wet that they almost hurt. Harley's tune Pilgrim's mind was active in his mind, igniting a prank-like idea.

Am I...cute?

He deliberately elongated his tone and imitated Halle's light peach voice, his voice was sweet and lucky.

You mean that my appearance made you feel a little moved?

His movements were exaggerated and charming, perfectly replicating Halle's provocative posture.

|Cough

Selina was a little helpless by this sudden injustice, and actually felt the desire to rest in her body. From the moment she put on the bat man's skin, she had experienced the strange pleasure brought by masturbation. Now, the sexual "Halley" in front of her - Bruce's soul and Halle's shell are combined - making her lower body tense again, and the erection under the armor becomes more and more obvious.

Big Bat, admit it, you like to see me like this! Don't you?

Harley's clothes tightly touched his body, and he hooked every inch of curve. He deliberately twisted his waist, swung his hips lightly, and threw a charming look at Selena.

Halle, you're provoking Batman!

Selena swallowed, decided to use the trick, calmed down her voice, imitating Batman's usual coldness and sternness.

Usually no one who provokes Batman will end up being good.

Code registration on key required data point .

Hey, you hurt me, let go. ,

His laughter was terrifying and his politeness completely entered Harley's corner bag. She knew she was playing with fire, but Halle's movement made her unable to stop—she wanted to see Selina's reaction, to feel the pleasure of this body again, and to gain the satisfaction of defeating the clown by being quickly conquered by the bat in front of her.

Is that true? Bat, how do you punish me

You can't run away, Harley.

Selina's patience collapsed, and male hormones completely occupied the sanity. The earth was filled with possessiveness, and the legs of Blues were erect, sending a hot signal.

He struggled deliberately, but his body was closer to Selena, rubbing his armor on his chest, he felt the fiery breath of the male he had once been emitting.

Bad bats... Look at this big guy! They're all salty

Lin Lu

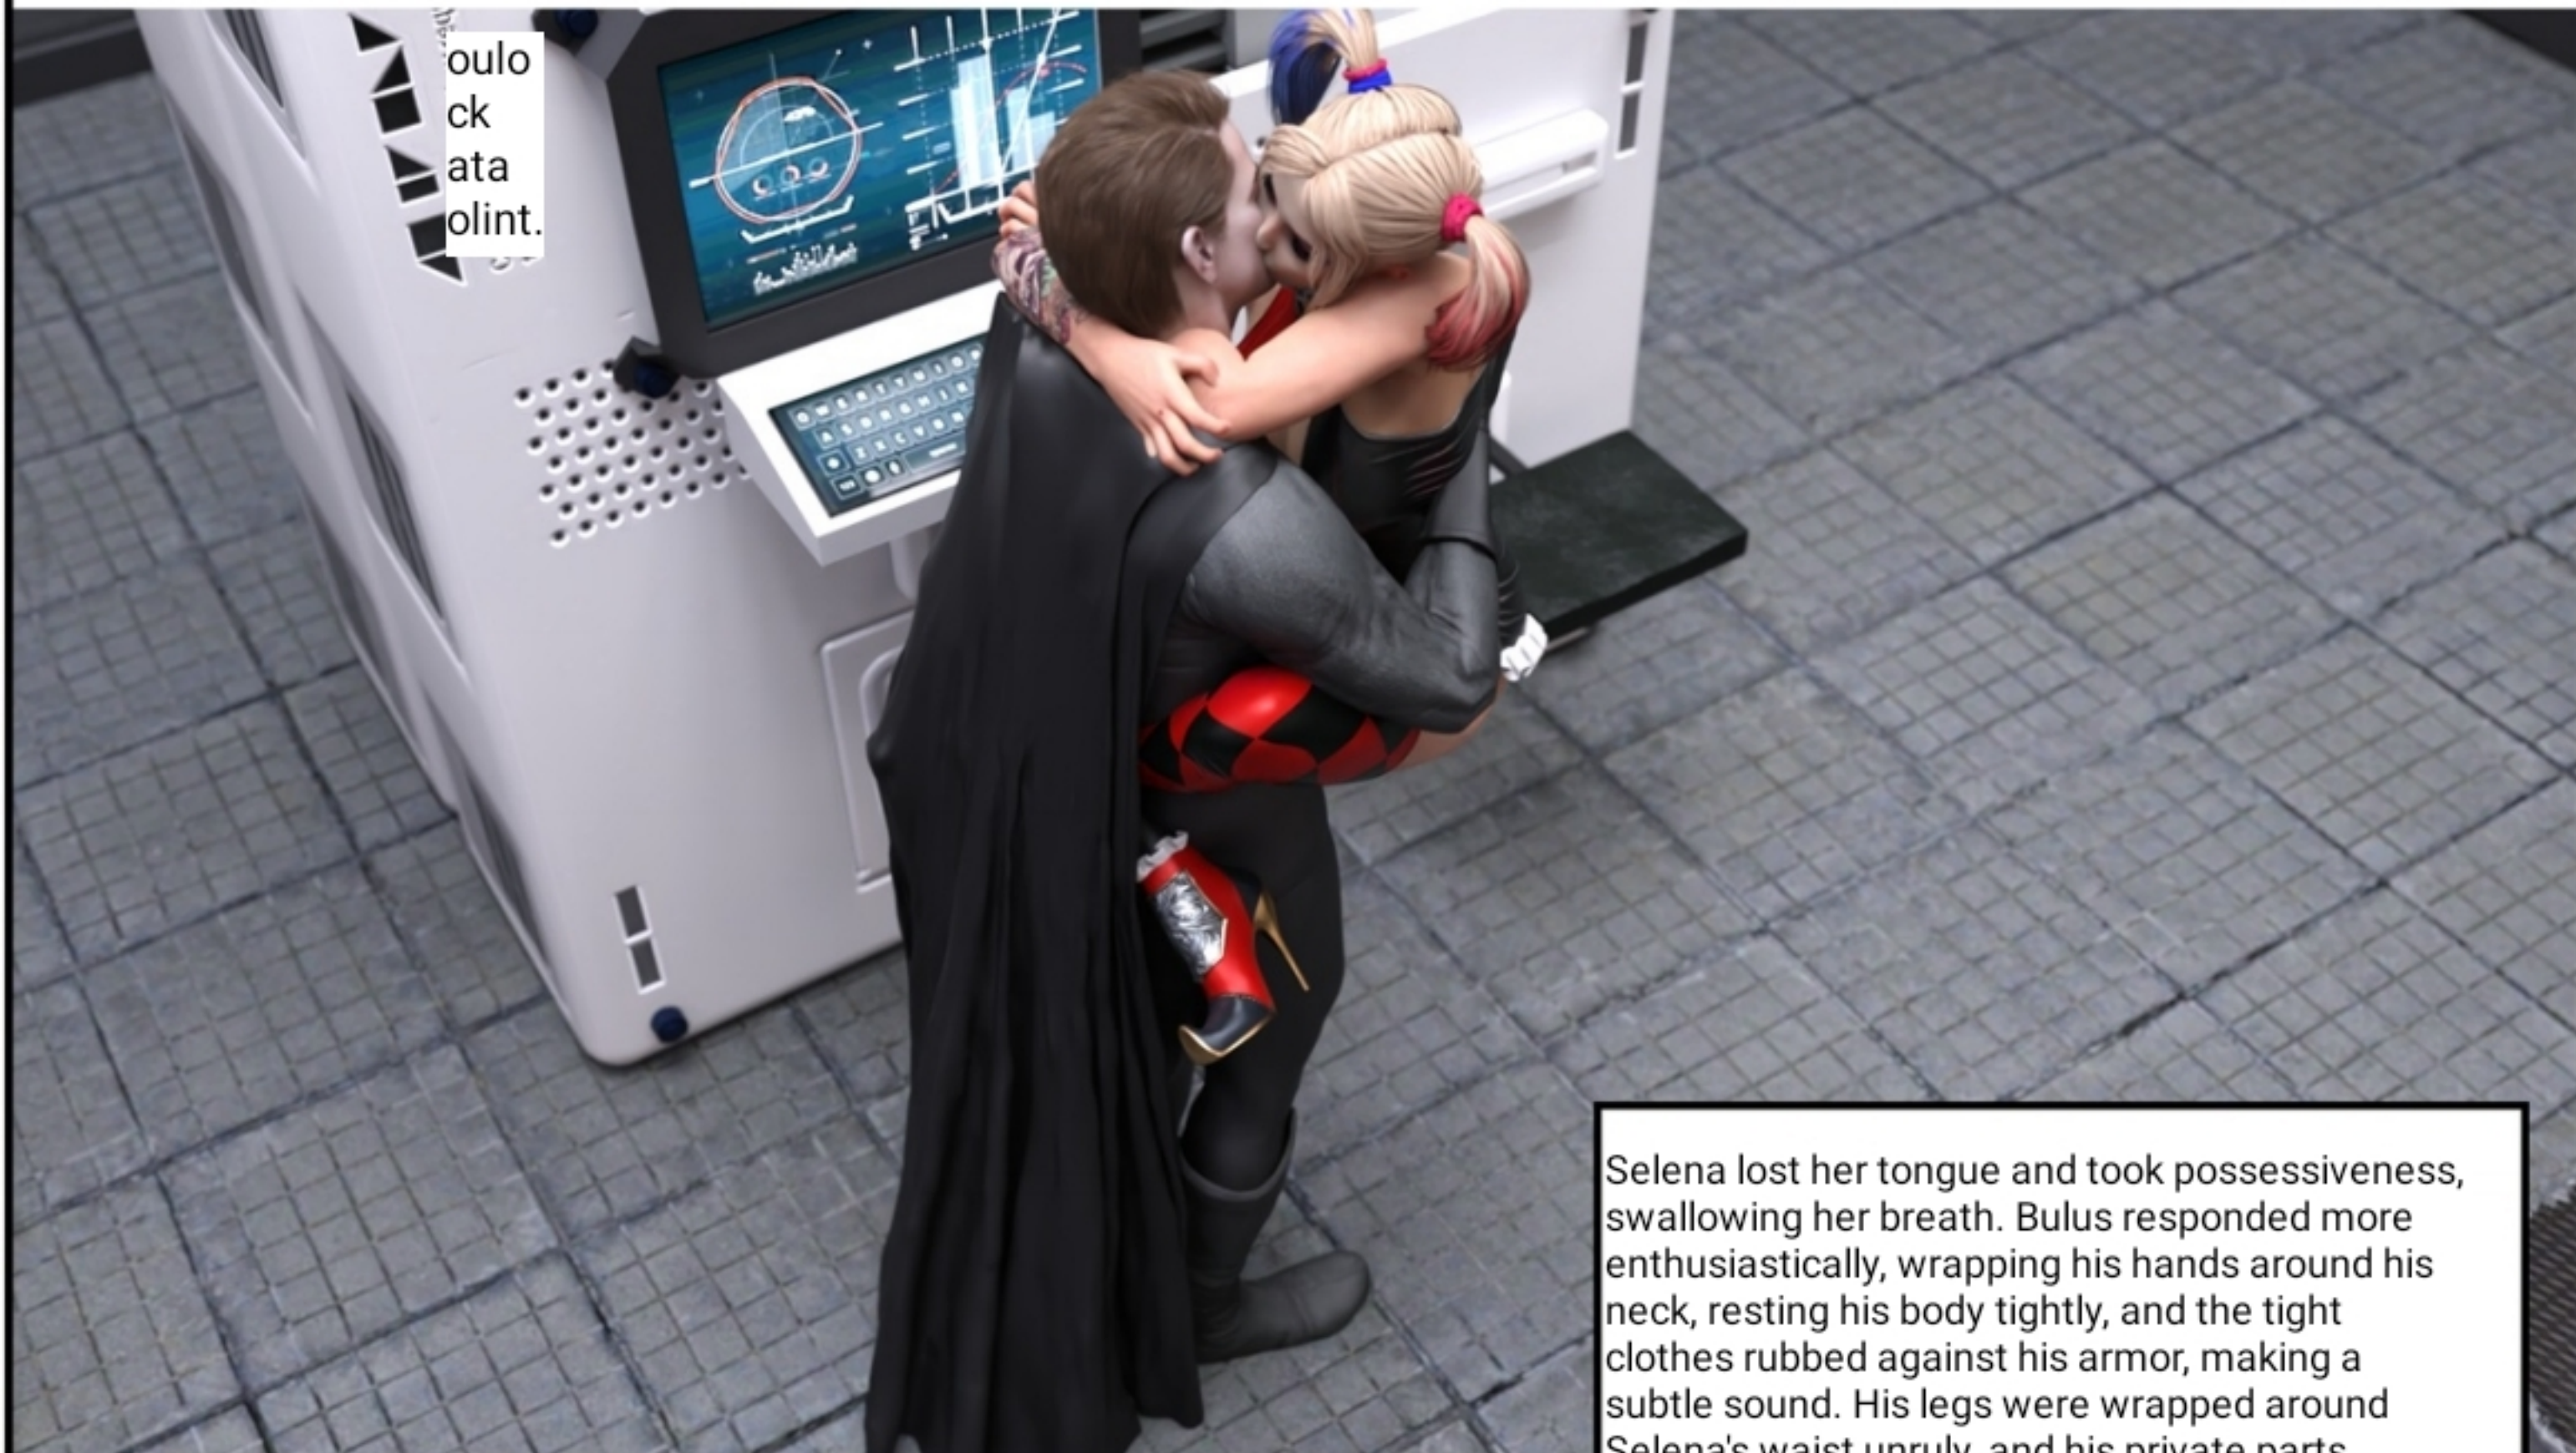

Admit it, you want your little Harley, more than the clown, do you want me, right?

Selena lost her tongue and took possessiveness, swallowing her breath. Bulus responded more enthusiastically, wrapping his hands around his neck, resting his body tightly, and the tight clothes rubbed against his armor, making a subtle sound. His legs were wrapped around Selena's waist unruly, and his private parts rubbed against his erection, causing a low moan.

OK, Hanli, this is your own.

So, then how do you want to punish me?

Xiao Hijing is a bad girl, waiting for you to come and rescue her | Where! Let the clown see, he is Harley's master!

Bruce was surprised that he could speak this myth so naturally, but Harley's remaining thinking controlled his behavior, making him feel strange and control it first.

How dare you ask him in front of me? I want to let you know who is the master of this city tonight.

Ah~

BUD > LO

Oh, Guan Na - this feeling,

He deliberately raised his chest to cater to Selena's nibbles | His body was sensitive to female hormones, and every inch of his skin shivered under his touch.

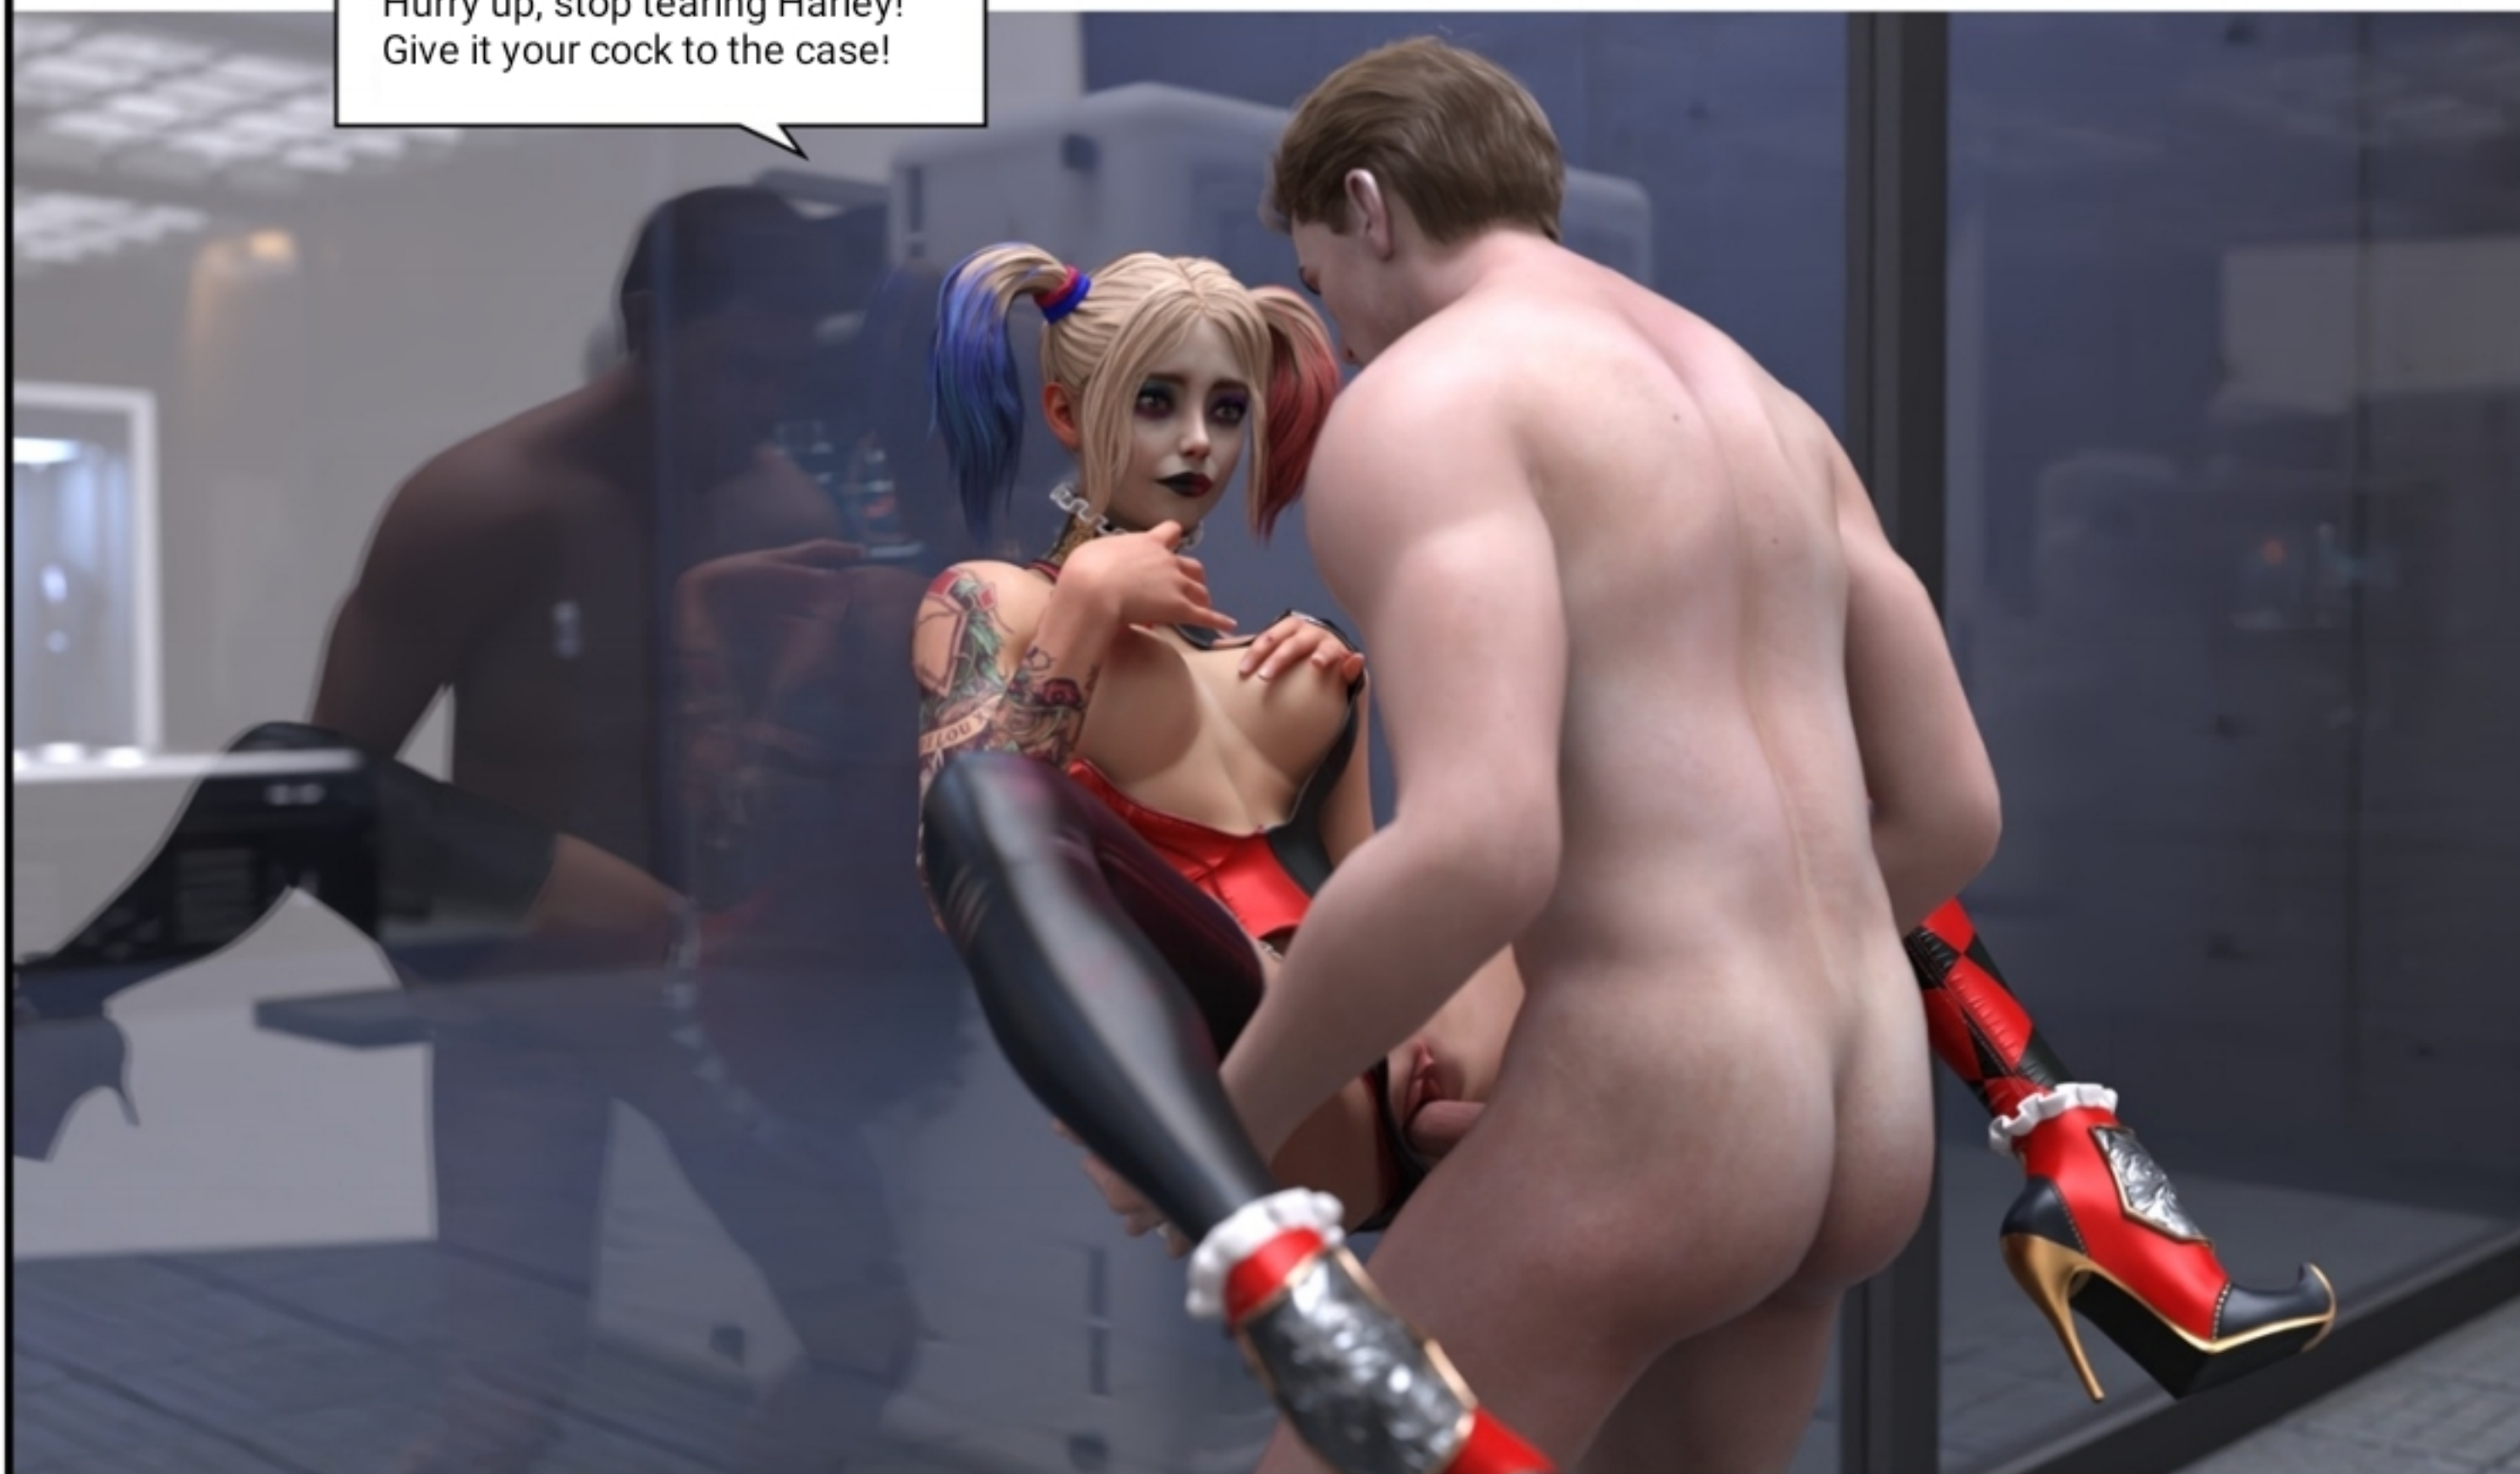

His hand slid towards Selena's lower body and held her hard penis. The Jungen used to belong to his own organ. Now, under the control of Selena, a crystal liquid oozing from the top. Borus feels it. Looking at it, the complex emotions in my heart are lost, fascinated and desires intertwined. He gently stroked his fingers, teasing his fingertips across the top, applying liquid, which attracted Selena's low growl.

You little villain, don't run away tonight.

Hurry up, stop tearing Harley!
Give it your cock to the case!

Ahhhh~~

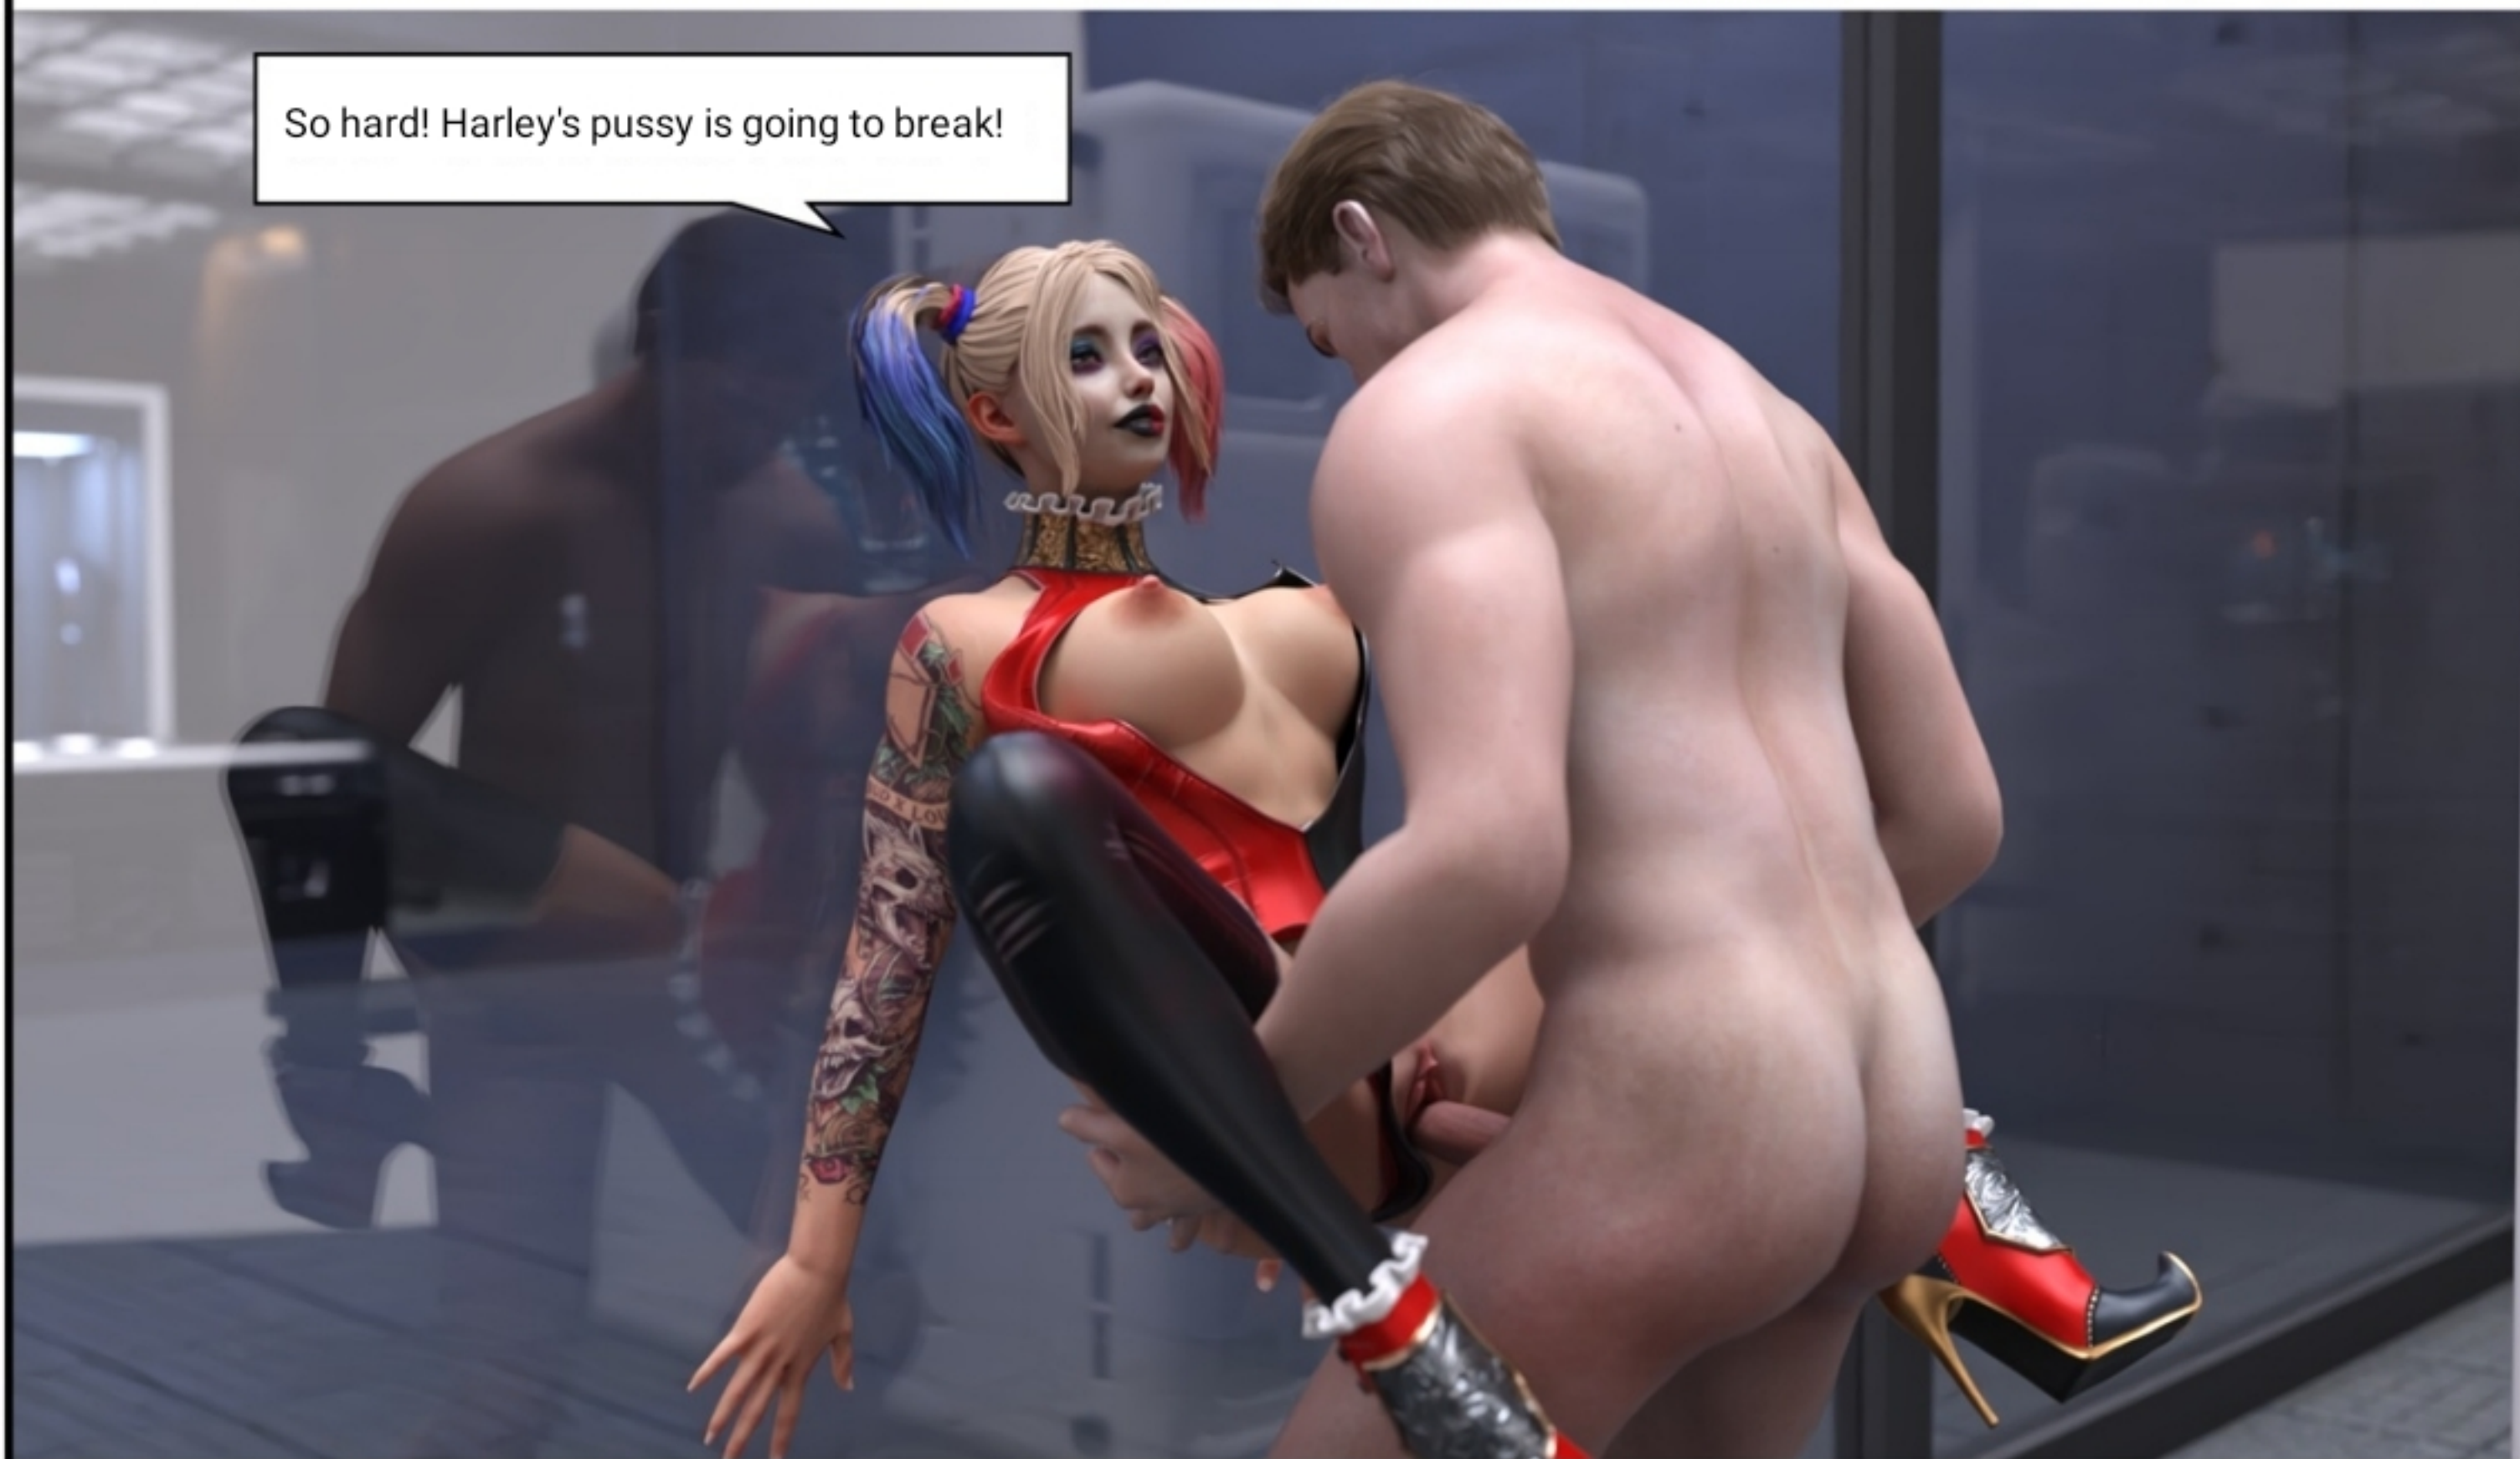

It pushed forward suddenly, and the fiery hardness filled his body. The top really reached the depths of the uterus. He screamed, and the pleasure of the female surnamed body swept across her body like an electric current, and a strong contraction came from Ziguan. He had never experienced such a feeling - being entered and possessed, his body and the elves were sinking in the rhythm of Selinina.

Ah-Big Bat! Your cock is much more harmful to the cellar than the clown's house!

He was shocked by his words, and his heart was struck by lightning. Reason roared in her mind, and the test team made him shut up, but his rest betrayed the ground. The pleasure burned his pants like a flame. The contraction of Ziguan, the tingling of the tip of his breasts, and the wetness of his private parts were urging him to continue speaking, and continue to stimulate Serena with these lustful words to gain more pleasure.

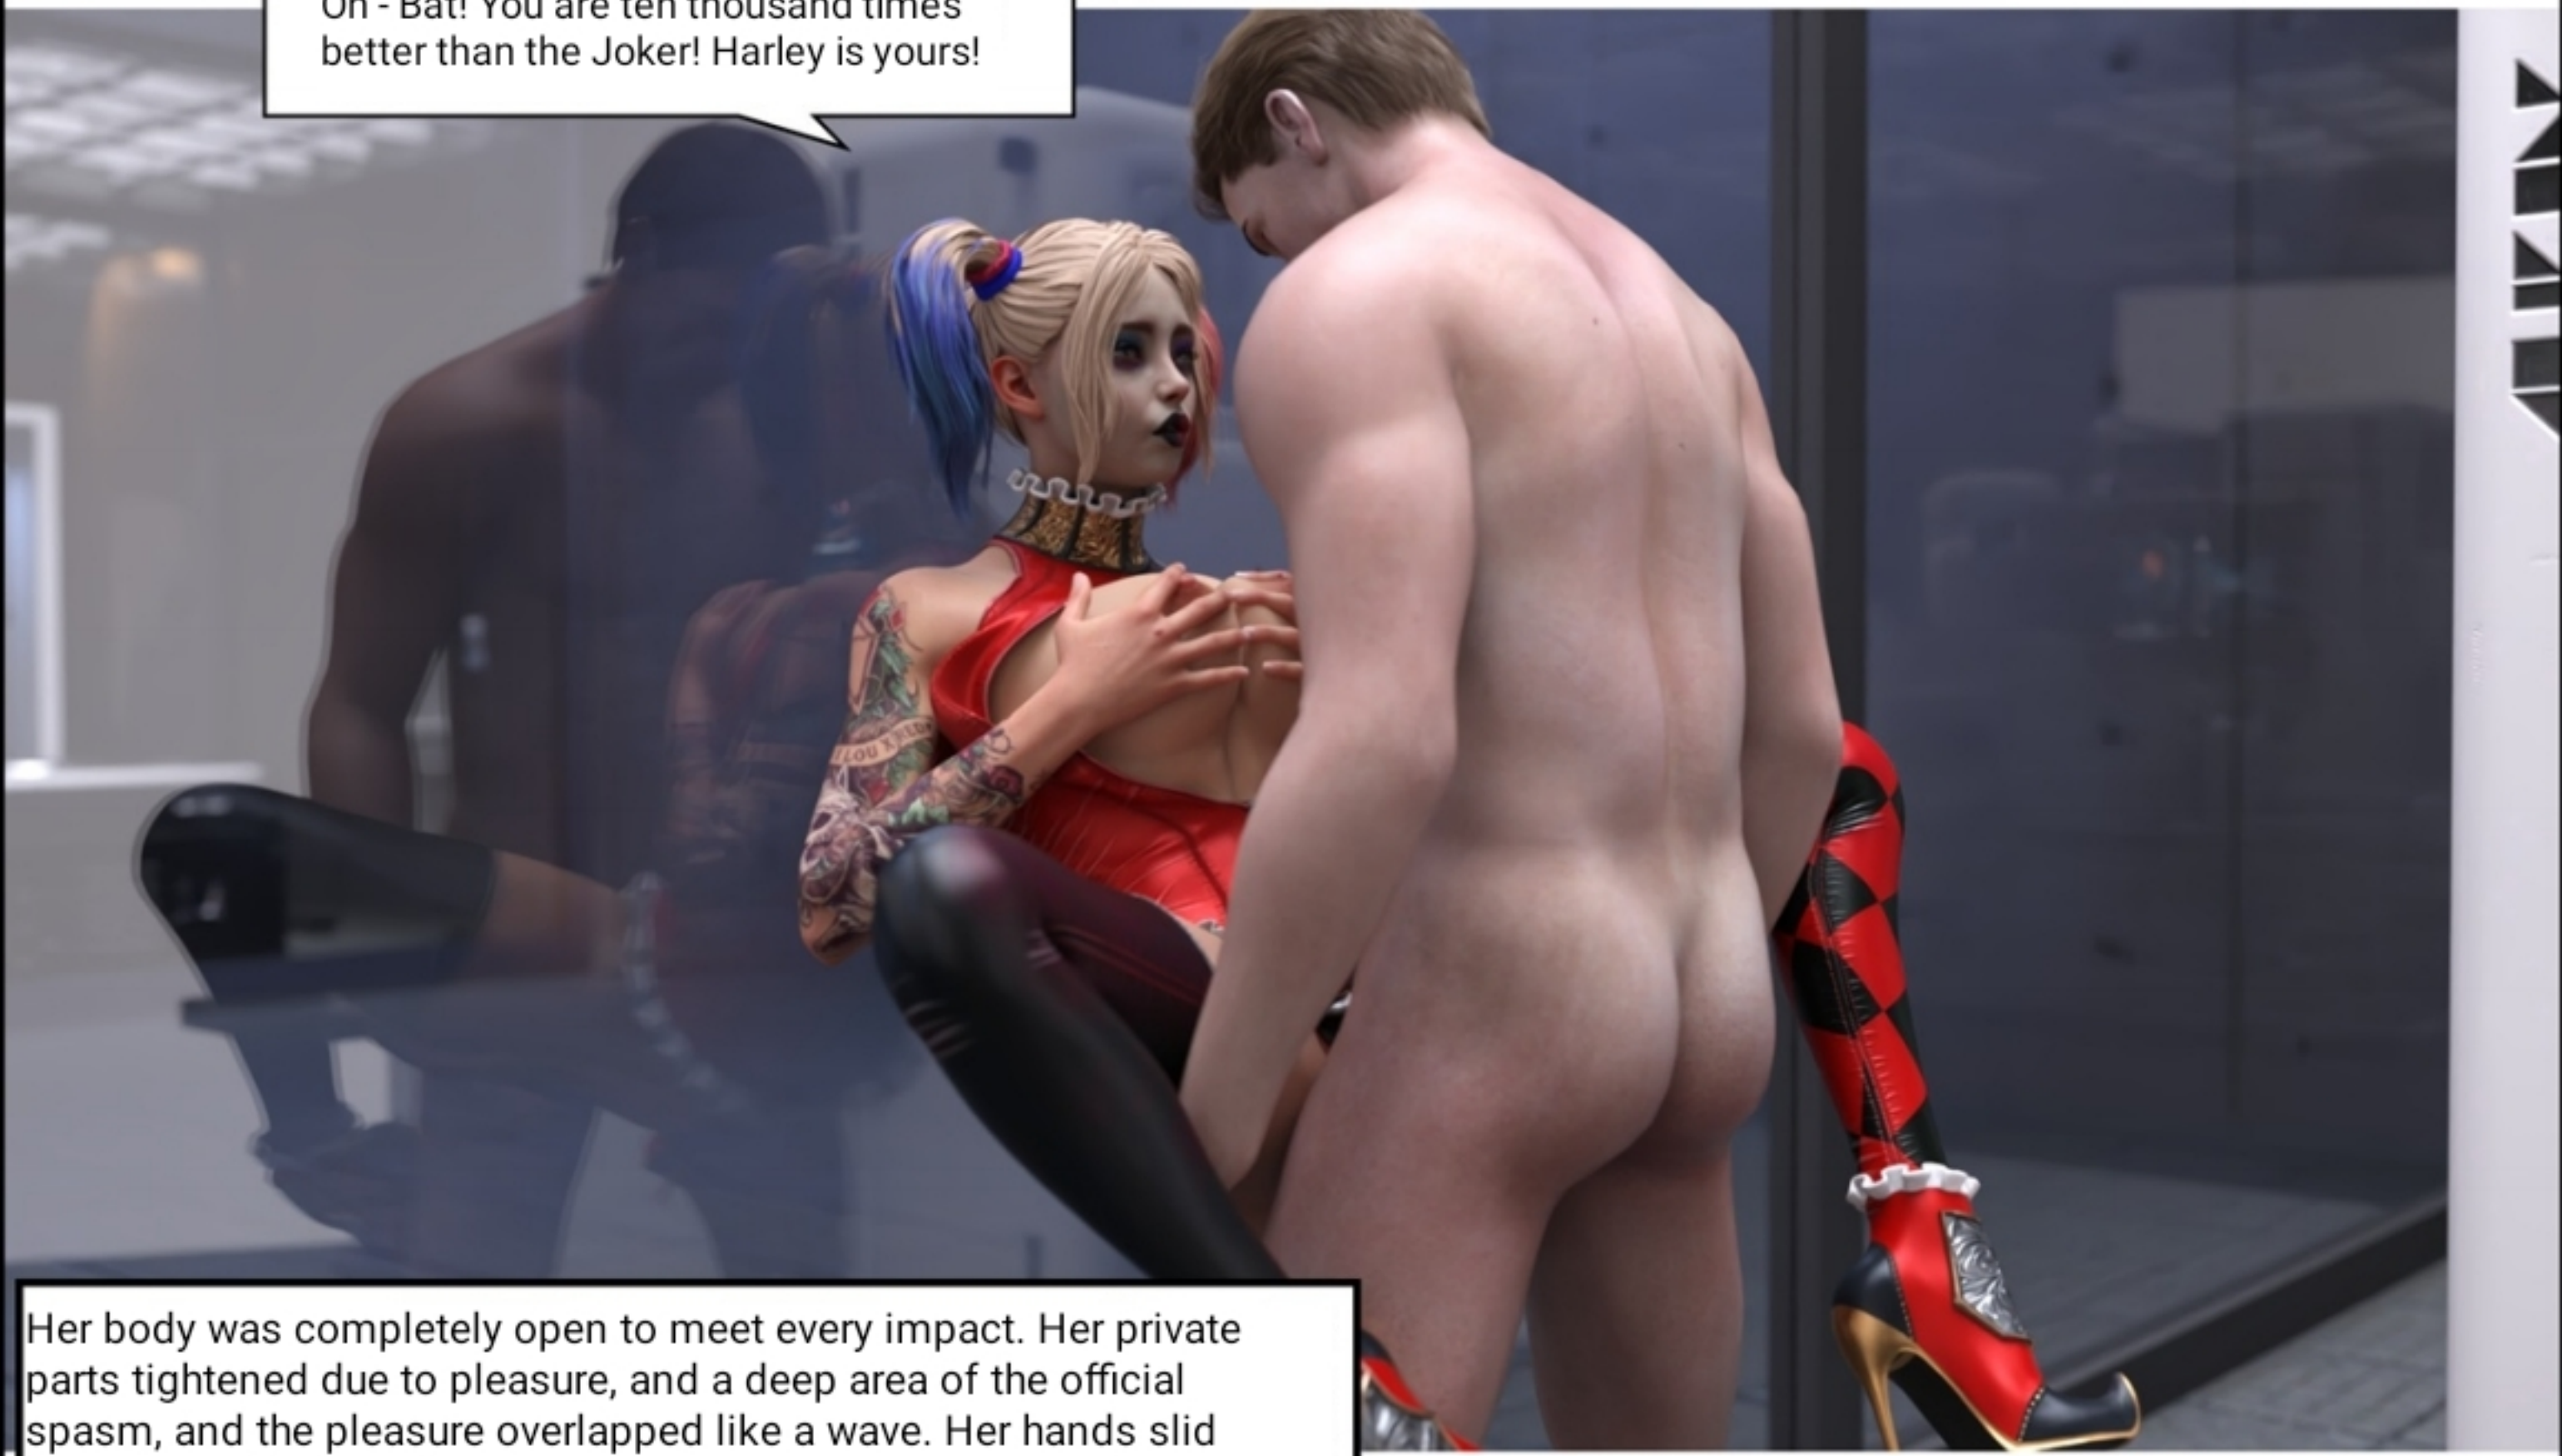

So hard! Harley's pussy is going to break!

Ah-Blus! Your meat is so thick!
Thousands of Halle are so happy!

Oh - Bat! You are ten thousand times better than the Joker! Harley is yours!

Her body was completely open to meet every impact. Her private parts tightened due to pleasure, and a deep area of the official spasm, and the pleasure overlapped like a wave. Her hands slid towards her breasts, kneading her nipples, echoing Selena's movements, and her body trembled under the double stimulation.

Ahhhhh~

His vision was white, the female body's bliss made her intoxicated, and the psychological sense of victory made him feel unprecedentedly satisfied.

Halle...you damn little goblin!

Selena's climax accelerates, her penis swells inside her body, indicating that she will see the upcoming release.

Oh my God, Bolus, it was so crazy just now.

Who said it wasn't a fool, but if we were to be trapped in this way for a while, we would all better adapt quickly.

However, I have another question, what are you going to do if you are the real Harley? Should you keep her like this?

No, of course not, I will let her fight for us,|Since the clown turns me like this, I have to let him lose something first.

But how could the earth surrender...

The forest is
green

I know her weaknesses too much now, so I
naturally have a way to make her collapse...

.. After all, I am a her now.

|To be continued
