

Land of Magical Ladies - Chapter 6

by aaabbbzzz

Tom found himself washed ashore away from the giantess that held him captive. He was far too small for her to even notice his tiny body fly off into the wind. When he started to wake up things felt strange, like he was far from where he just was. Soon he would find out that the wind took him to a new unknown world.

Where am I? I don't see Lulu or Sofia anywhere. I imagine a girl that size would be easy to spot, but who knows how long I was out. She could be anywhere by now. Am I on the same island as before? The last thing I remember was being blown through the air, I don't even know how I got to this shore. Maybe there is someone here that could help me. I need to find Adriana and let her know what happened.

The little guy looked around and spotted in the distance something surprising. It wasn't what he was expecting to find right away, but it was another woman that looked like she was just enjoying some time at the beach. From this point, it was hard to tell just how big she was, but Tom knew there was no way she was the same size as him. Quickly, he decided that he would approach her, despite his lack of clothes.

Desiree was a 31 year old woman who came out to this private spot in search of some peace. She worked a very fast paced office job and wanted to take this time to relax with the sound of the ocean hitting the shore. As she closed her eyes she breathed easy while basking in the sun. It was truly a great day to be out here, unaware of little Tom who was in need of help.

It seemed like a trek, but the shrunken man had no other choice. There was no one else around so getting this woman's attention was his only option at the moment. He hoped that she wouldn't suddenly get up and walk away, but luckily for him, Desiree planned on staying where she was for the time being. As he got closer, Tom started to realize just how small he really was. It was strange because he thought he was made a lot tinier by Lulu before he lost track of her.

I'm almost there, I can't believe I finally made it! I hope this woman can help me, she is gorgeous. How are all these women so beautiful on these islands? I'll need to be careful though, who knows what her reaction will be when she spots me. So far I've had some good luck with these ladies, but this might be my only chance for awhile, I don't see where anyone else would be right now.

When Tom got to Desiree he took a moment to examine her, checking out her body, but also comparing their sizes. It seemed to be that he was maybe 5 or 6 inches tall if she was a normal woman. Things weren't adding up, but that's not what mattered right now. He needed to get her attention so he started off by trying to bang on her foot. He hoped touching a sensitive area would wake her and get her to look down at him.

Hello?
Excuse me
miss can you look
down here! I need
your help! Please look
down by your feet,
you're the only one
around and I need
someone to
help me!

Desiree was not completely asleep, so she was able to notice the little man trying to get her attention. When she opened her eyes she immediately took off her sunglasses to make sure what she was seeing was real. To her surprise, Tom was what he seemed to be. She didn't know what to think at first, only that this was not normal and that this tiny man was begging for her help.

A woman with a large bust, wearing a brown one-piece swimsuit and white sandals, is sitting on a wooden lounge chair with green fabric on a sandy beach. A tiny man is standing near her right foot. In the background, there are palm trees, large rocks, and a drink on a table.

What the hell, am I seeing things? You're a tiny man! How on earth did you get so small? And what are you doing out here all alone. You must be so scared, the birds would eat you up if they had the chance. Oh my god, I still can't believe this is real, am I dreaming or something? There's no way you're really that tiny, like you were shrunk or something.

The giantess stood up and towered above Tom. As she looked down with a fierce look the little guy became scared. Her expression gave him the impression that she didn't want to be bothered and that maybe trying to get her attention might of been the wrong move. He had to think fast in order to survive her now.

Hey! What are you doing? If you're trying to run that's the wrong way little guy. I was just trying to have a relaxing day here at the beach and you just had to bother me didn't you? I'm still amazed by what you are. How did you become so tiny and where did you come from? I have so many questions, I don't even know where to start.

The only thing the shrunken man could think to do was to run up to the giant feet and begin to worship them. Just like his owner Adriana and all of her family, he was used to greeting them with a little kiss on the toe. Tom hoped that his cute gesture would help convince Desiree that he was sorry and grateful that she at least acknowledged him.

Tom didn't stop with just a kiss though, he took things a step further and began to lick Desiree's big toe. His life as a tiny slave had wired him into liking this sort of thing so he gladly went at it. As he ran his tongue up and down her feet, the giantess was taken by surprise. She reactively kicked Tom away, confused by what the little guy was doing.

Eww, what the fuck, was that your little tongue licking my toe? Gross! That just made this entire situation way more confusing. Did you shrink yourself or something to perv on me? That is so wrong you little bug. What convinced you to think that this was a good idea? This is so much weirder than I thought, what kind of tiny freak are you!

A large woman with a very large, rounded backside is sitting on a wooden chair with a green woven seat. She is wearing a brown, textured dress and white high-heeled sandals. In the background, there are large grey rocks and a dense green forest. On the sandy ground in the foreground, a tiny, nude person is lying face down.

Oh no are you hurt? I swear I didn't mean to kick you so hard. I was just caught by surprise when I felt your tongue on my foot. Maybe you shouldn't go around licking women's feet without their consent. That was just too weird for me to process in the moment. I hope that I didn't injure you or something, I don't know how I could help you if I somehow damaged your tiny body.

Trying to be careful not to hurt him, Desiree plucked Tom from the ground, holding him by his leg. She was really curious as to what this little thing was, and why he was here. It was hard to even think about why he came up and started to lick her foot, but that was just another part of this mystery that she would soon unravel as she stood up to get a better look at him.

Alright little guy, I'm going to give you a chance to explain yourself. I want you to tell me your entire story. Don't leave out any details, now is your one and only opportunity to say everything that might help your case. And don't you dare lie to me, if I find out you did I don't need to treat you like a person. I could dispose of you without anyone ever knowing.

Okay okay! I'll tell you everything. Thank you for letting me explain. This is all a big misunderstanding I swear!

A few minutes went by as Tom told Desiree about everything, starting from the day Adriana shrunk him down. She listened as he explained how he was kept as a tiny pet to worship and please these women as they would take care him like he was their favorite toy. It was hard to believe, but instead of wondering how this was all possible, Desiree saw this as an opportunity to make Tom her own. She loved the idea of a tiny pet to do whatever she wished. So, to start off she tested his story by seeing if he really did like to be handled by a giant woman.

What a nice little story Tom, but I want to see if all of it is true. You said you have been toyed at in this way, and that your body is extra durable. I also really love the idea of you being an obedient and willing slave. We're going to test a few of these things and if any of it is untrue then we'll find out soon enough the hard way.

Desiree's way of trying to debunk Tom's story was exciting to him. As she used her finger to rub his cock, he quickly became hard. It was almost like he was being used like Adriana or one of her family members again. Why she resorted to doing this first was a mystery, but he wasn't complaining. Instead he embraced it as the giantess played around with him in ways that he loved.

Oh my god, this is a lot to think about. You really do like being handled like me like that don't you Tom? Well so far you seem to have told the truth when it comes to that, but at the same time I don't think many men would be able to resist a sensation like that no matter their size. Now I want to see how truthful you were when you said your body was more durable. Don't worry, if you didn't lie to me nothing bad should happen to you right?

23 After dropping Tom onto the ground, Desiree lifted her foot above the little man and let it hover for a moment while he recovered from the fall. The next second he felt her bring her sandal down on him.

When Desiree playfully pressed the shrunken man she started to get some wild ideas. It seemed that Tom was telling her the truth about everything. But this feeling of power was getting to her. Instead of thinking of finding a way to return the little guy to his previous owner she thought maybe she could keep him to herself. It was an exciting idea to have a well trained slave like Tom to do whatever she wanted.

It looks like you're still okay! I'm really impressed, but I wonder if you could also handle my ass? I know I can put a lot of pressure into my step, but my big butt might be another thing to handle. Stay still for me Tom, here comes my giant booty! Enjoy this view while it lasts, because you're about to be smothered underneath this thing.

Tom had no chance to prepare as Desiree's gigantic ass came crashing down on him. The giantess giggled to herself as the shrunken man was perfectly wedged between her butt cheeks as she grinded his body into the sand. Desiree was now overly excited. Knowing how durable Tom was opened so many options, and best of all she knew of his previous life and what he was capable of.

No way, you didn't break at all! And you're moving around like it didn't even effect you. This is truly something little guy, I don't even know where to start. I'm getting some naughty ideas from what you said previous women have done with you. What do you say Tom, you've had fun with many girls in the past. How about you show me that they really did enjoy playing around with you? I'd love to see for myself.

Desiree didn't waste any time, ripping off her swimsuit and taking off her sandals. Tom looked up with his jaw dropped at the beautiful naked goddess that towered before him. It was obvious where this was going next, and being out all alone in this secluded spot on the beach just made him feel like she wasn't going to hold back at all. As Desiree sat down she invited Tom over to have some fun with her.

So Tom, what do you think of my body? Are you as excited as I am to have some fun? I can see that shrunken boner of yours peaking right up at me. You're going to be my tiny plaything, just like you said you were to so many other women. I don't know how this is going to go with you being so small, but I'm optimistic. Hopefully you can surprise me with your cute little size, because I have no idea how you could be any real use.

Spreading her legs, the giantess waited patiently as Tom ran towards her vagina. Like so many other times before, he already knew the drill as he prepared himself to please his new goddess. Making Desiree upset right now didn't seem like the best idea, so the little guy thought that he just could do what he was good at, hoping to receive help in the end.

What the hell are you doing down there? I'm so wet already! Those tiny hands of yours are turning me on so much, I don't understand it at all. It's like you have some sort of magical touch. Oh my god Tom, please keep doing that, it feels amazing. So far you're off to a good start, I really did not expect this.

What came next really surprised the giantess as Tom crawled into her pussy. He dove through her wet lips, using his arms to pull himself in, stimulating Desiree in the process. She let out a shocking moan, not expecting this to feel so great. Tom was really showing this woman that his story was real and that he was capable of everything he said. This started to drive the giantess crazy, she was feeling something truly amazing.

How are you even doing this to me Tom? I feel like I'm in heaven. The way your tiny body is squirming around down there is unreal. Fuck, I can't handle myself at all. This feels just too fucking good. Please keep doing what you're doing, I'm begging you for more. I don't want this to ever stop.

While Tom did his thing, Desiree only wanted more and more. Feeling like she could be more useful, she pushed the little guy deeper inside her as she began to finger herself vigorously. Now she could not help but scream as Tom swam up as far as he could inside her pussy. It felt like she was being attacked from the inside, but in a way that felt more pleasurable than anything she could ever imagine. It wasn't long until Desiree started to experience an orgasm.

A woman with long dark hair is lying on a lounge chair on a beach. She is unclothed and has a speech bubble above her head. The background shows palm trees and a clear blue sky. A martini glass is visible on a table to the left.

Oh my god, oh my god,
I'm cumming! Holy shit Tom, please
don't stop now. This is the most amazing
feeling of my life. It's so perfect I don't know how
to describe it. Fuck! That's the spot little guy, you
really know what you're doing do you? Nobody
has ever made me feel like this before,
it's amazing...

It was very difficult for Desiree to contain herself as Tom continued to wiggle around inside her after her first climax. The shrunken slave wasn't done yet with her, he was going to keep on pleasing her with everything he had. As she twirled around on the ground, she tried to control herself, but it seemed impossible. Tom was able to bring his goddess to another orgasm, quickly making him something she never wanted to lose.

I could do this for the rest of my life little one. How you make yourself feel so good is beyond me, there's no way to comprehend it. You really are something special, whoever you were with before must be very upset to lose someone like you. Too bad for her, you're going to be mine now. There's no way I'm going to return you now, I want to keep you forever!

Finding a moment to get a hold of herself, Desiree stood up and started to daydream. She thought about how lonely she was feeling at home and how sexually deprived she had been for some time now. Running into Tom gave her a sense of hope. She wanted to take him home with her to have as her shrunken slave to use as she pleased. He was like the prince of her dreams, except never imagined someone his size doing so much for her, or someone his size at all.

A woman with long brown hair, wearing a brown one-piece swimsuit and white sandals, is standing on a sandy beach. She is leaning over a small wooden table, which has a martini glass and sunglasses on it. In the background, there are large rocks and a dense forest. A speech bubble is positioned to the right of the woman, containing text.

We should probably get going Tom. I want to get back to my place before anyone tries to come out here. It's getting to that time of day where more people come to the beach so I don't think that we would be alone out here much longer. When we get home we can continue where we left off. All I can think about is feeling you even more.

With Tom still inside her vagina, the giantess was ready to leave. But before she could she felt another wave of pleasure come to her as the little guy seemed to go back to wiggling around intensely again. She began to worry that her bathing suit would become soaked around her genital region. Desiree knew she would have to get home fast, or people would notice.

A woman with long brown hair, seen from behind, is wearing a brown one-piece swimsuit. She is standing on a sandy tropical beach with palm trees and large rocks. In the distance, another woman in a white bikini is walking towards her. A thought bubble is positioned above the woman in the foreground.

Wow what a good time to leave, right when another girl was showing up. Wait I think I know her, that's one of my neighbors. She must of had the same idea as me. At least I was out here to find Tom before she did. I have no problem giving away my seat to her if I get to go home with this little man.

Hey Cindy! Nice to see you on this beautiful day. I was just actually leaving so you should take that seat before someone else does. How have things been? I haven't seen you in a few weeks now.

It's great to see you too Desiree. Things have been good, I've been working a lot more now so I don't have as much time to relax. But today I'm excited to be out here while I can. You're looking good, how have you been?

While the two girls had their casually conversation, Tom didn't seem to stop. To Desiree's surprise, she could feel him squirming around relentlessly again. It was a difficult sensation to ignore as she struggled to contain herself while talking to Cindy. To make things worse, the little guy started to hit all the spots she loved the most again, brining Desiree almost to her knees.

What's going on
Desiree, is everything okay with you?
Are you feeling alright? It looks like
you're in pain.

Ya, I'm fine!
Sorry, but I need to excuse
myself. It was great catching up
with you but maybe we can grab a
drink or something some other time.
There's something I need to
take care of right now.

Quickly bringing their conversation to an end Desiree started to book it away from her neighbor. Cindy stood there confused, waving goodbye hoping that Desiree was okay. It was weird to witness what just happened with her, but she tried not to think too much about it. After all, this was her only time to relax. She went and took the solo seat, forgetting about how Desiree had to run off like she did.

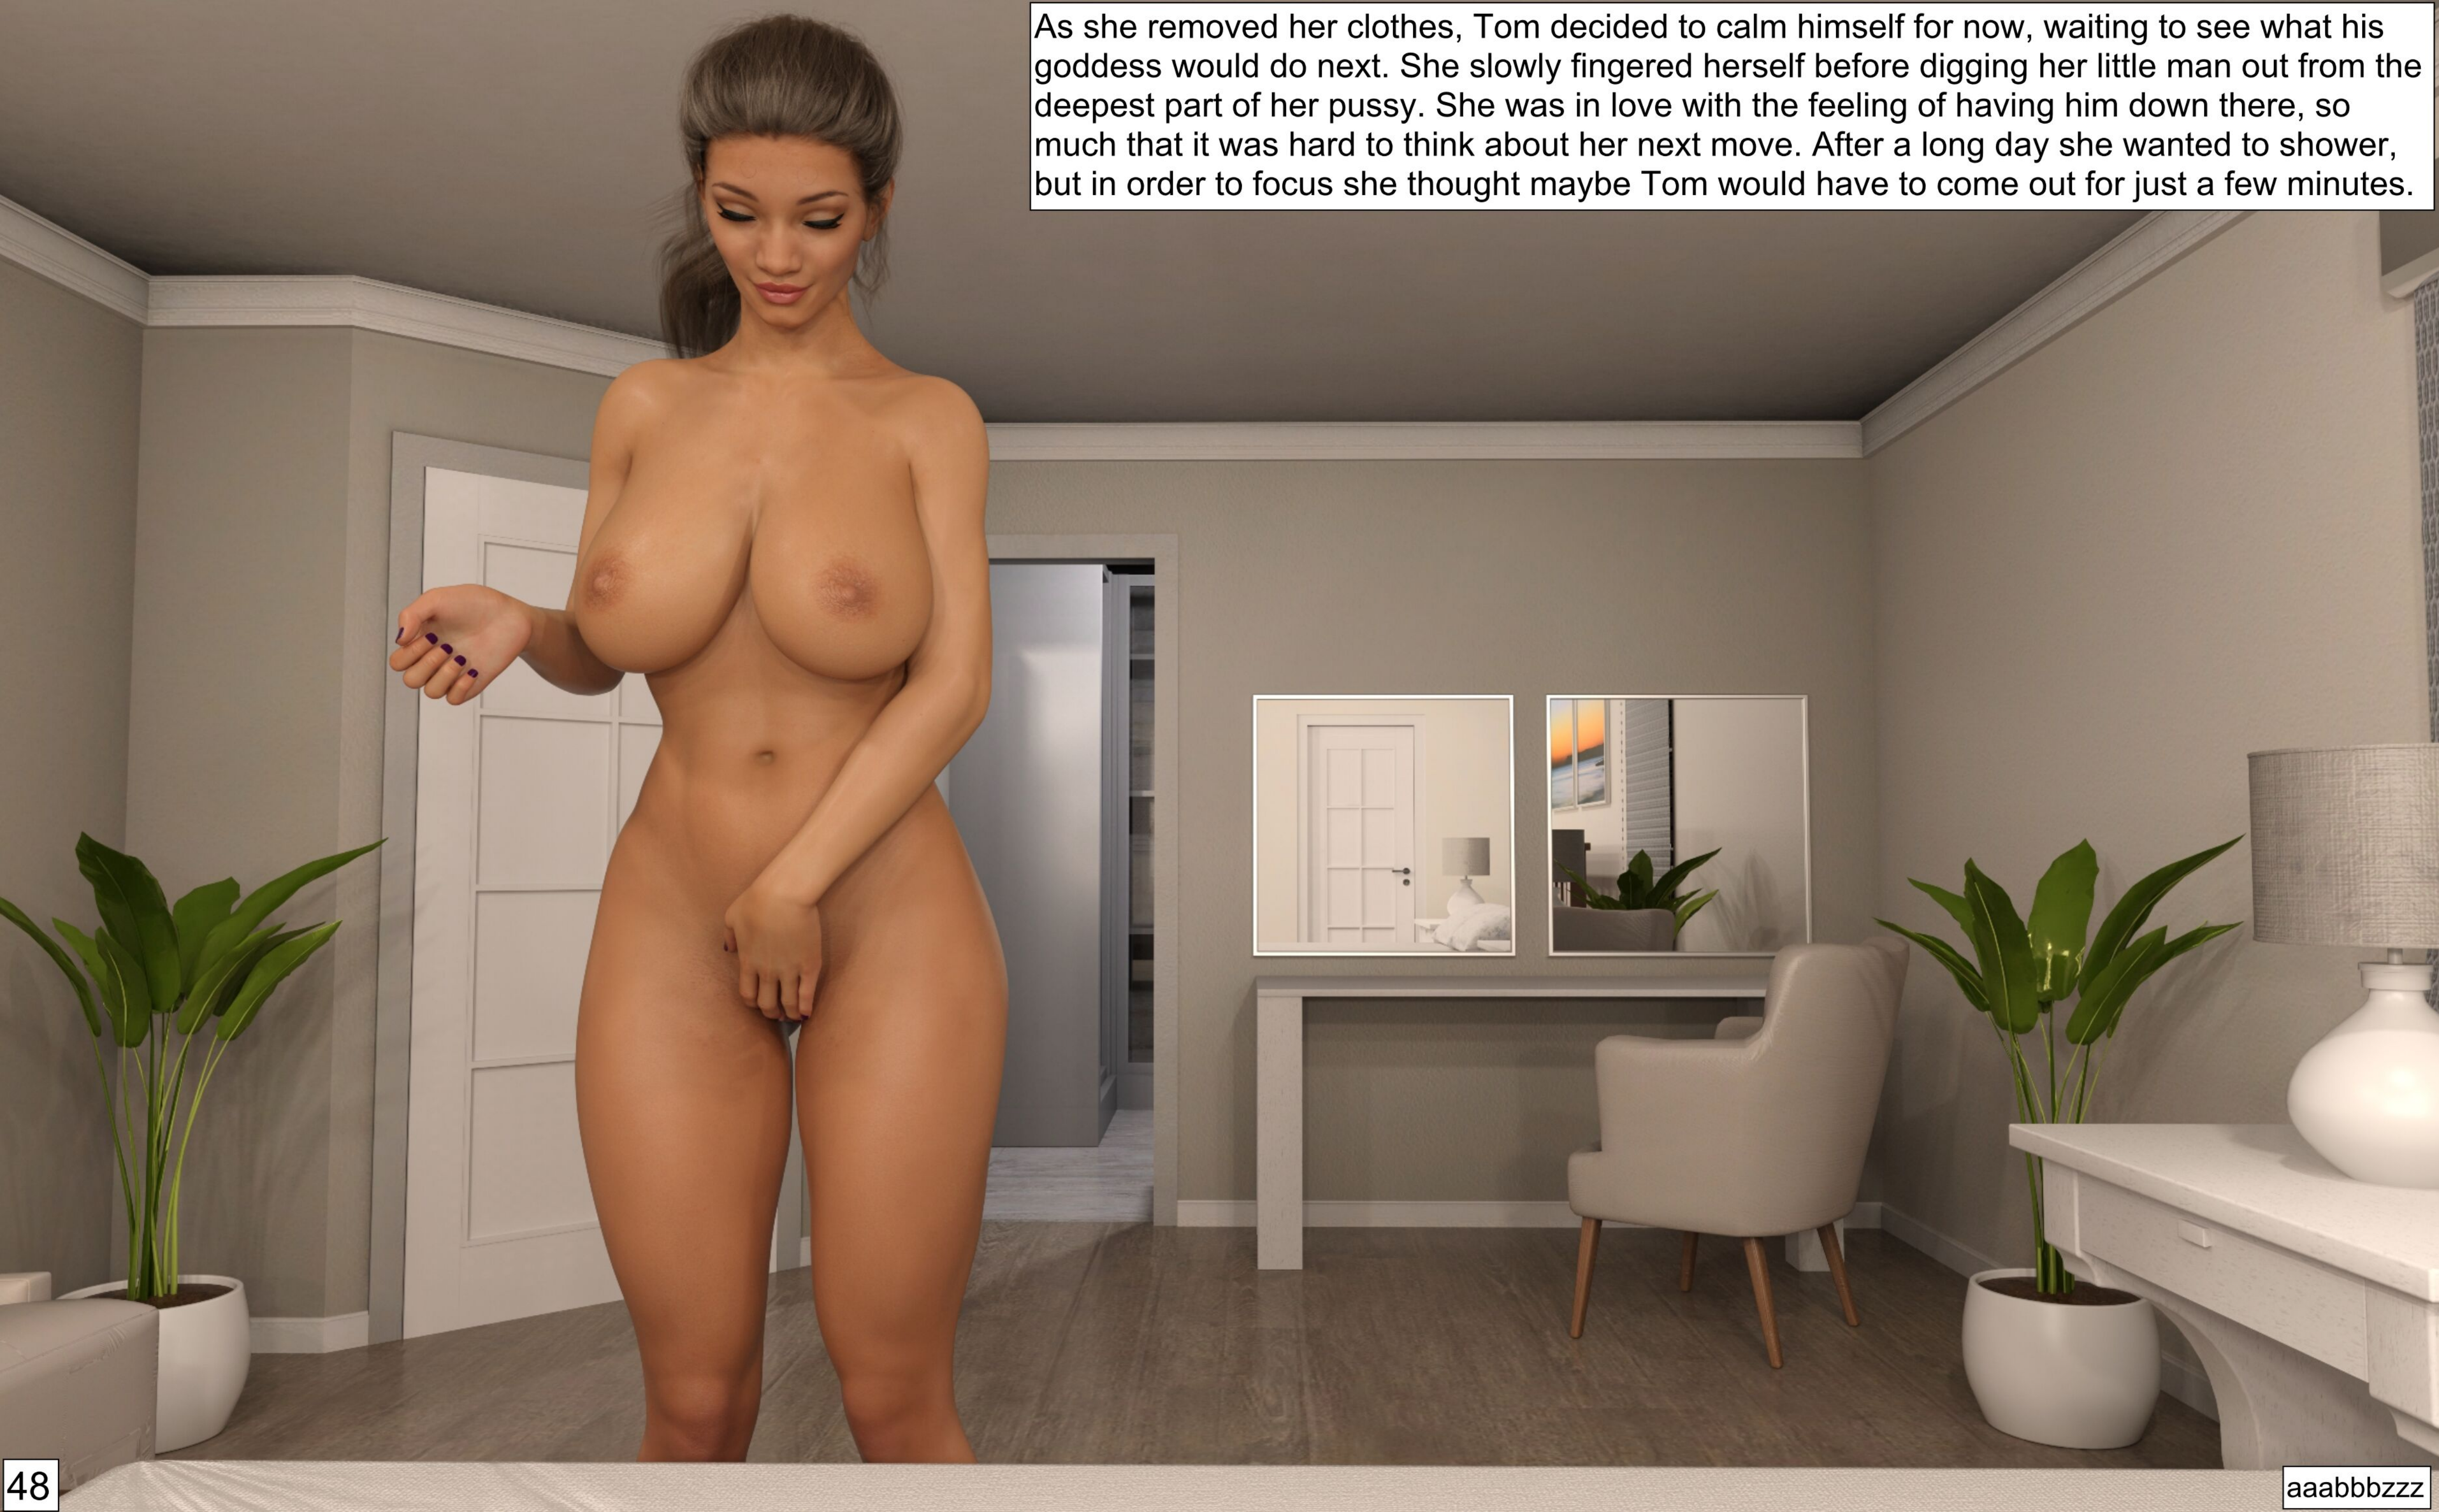

When Desiree got home she could not contain herself. She ran by the living room, hoping her roommate would not hear her and straight back her room. Once she shut the door a loud moan escaped from her mouth. Inside her the little man was still squirming around. She just couldn't believe he still had the energy. Immediately Desiree started to undress herself, ready to continue their fun.

What the fuck are you doing Tom? You couldn't wait until we got home could you. I had such a hard time acting normal, people probably thought there was something wrong with me. You really weren't kidding when you said you were known to be the best sex toy any of those women had ever had around. I couldn't resist the onslaught of pleasure you were bringing me. As much as I love it, I don't think I can be out in public with you inside me again.

As she removed her clothes, Tom decided to calm himself for now, waiting to see what his goddess would do next. She slowly fingered herself before digging her little man out from the deepest part of her pussy. She was in love with the feeling of having him down there, so much that it was hard to think about her next move. After a long day she wanted to shower, but in order to focus she thought maybe Tom would have to come out for just a few minutes.

A close-up photograph of a woman's hand with purple nail polish resting on a man's bare back. The woman is leaning over him, and her face is partially visible in the upper left, looking down with a slight smile. The background is a plain, light-colored wall.

You are amazing little guy, but I think you need to come out for now. I'm so lost in this feeling that I need to get my head straight. How about you rest up for a minute while I go take a quick shower? Then we can keep on playing if you are up to it. Does that sound like fun? Oh I wish I could keep you in there forever, but I need to learn to control myself too.

Desiree was in shock to see Tom smiling at her after removing him from her vagina. She was surprised by his attitude, but welcomed it as she loved how much he was enjoying his time with her. Examining his body she could see that he was completely drenched in her juices. But even though he had been trapped in that warm and dark place, it seemed like he was willing to continue on with her.

Give me five minutes or so little one. I'll be right back, don't go anywhere. It's so hard to contain my excitement, I feel like I'm living in a dream or something. My own shrunken sex toy, oh my god it's so strange that you exist. Anyways, I'll hurry up, I know you can't wait as well to keep having fun.

Free from the giant pussy, Tom looked around the room as Desiree took her shower. This was not the first time he found himself in a new strange room shrunken and helpless. Like other times he examined his surroundings, accepting the fact that this might be his new home. It was hard for him to stop himself from being such a fun little guy, so he knew there was a chance that Desiree would never help him return to his previous owner.

Ah that is so much better. It feels so amazing to take a shower after a long day. You look so cute from here Tom! My tiny sex toy just waiting patiently for me to return. Well I'm ready for you again, I hope you were able to get some rest because I'm wanting more of your love. It's impossible for me not to be wet thinking about it, you are such an amazing little guy. I'm so happy you came to me at the beach.

Tom could see that it was going to be time for round two really soon. As Desiree came back to the bed she put one leg up and gently rubbed her clit. Her fresh showered scent with a pleasant odor to him, making him also excited to keep on playing. Desiree wasted no time, joining Tom on her bed, laying next to him to get a closer look at his tiny body.

Oh! I see you are as ready as I am. Does this excite you that much Tom? You love to be in this position don't you? Well don't worry, if this is what you want then I have no arguments. Knowing that you are willing to do the things that you do, and also enjoy them is such a turn on. I feel like a goddess to you, and I welcome your services.

Even though he was tiny, Desiree could not ignore Tom's hard cock. Using just one finger, she playfully teased him, rubbing him slowly while smiling down at him. Having the mutual feeling was important to the giantess, as this was not what came to mind right away when she spotted him at the beach. But because Tom was able to tell his story, the two were able to enjoy this moment together.

Well what are we waiting for Tom? I'm ready and you're ready so I don't want to wait another second. Come to me and give me some of that magic like earlier. Now that we're here alone in my bedroom there's no reason to hold back. Nobody will hear my screams or sneak up on us. It's just you and me little one, so do your best.

Accepting the invite, the shrunken man climbed Desiree's booty with his eyes on the prize. He could see that she was already dripping wet in anticipation for him. This only excited Tom even more, as he wanted to satisfy his goddess. Before she knew it, he found himself inside her once again, playing around and giving her a feeling she would never forget.

Desiree was confused that she could not think of anything else. What Tom was doing down there, flailing around like a maniac, made her forget about everything else. She grunted and screamed, taking in every bit of the moment that she could. This experience with her little man was blowing her mind, and he intended to keep it up until she was done.

Fuck fuck fuck,
I can't take it anymore! Why does
this feel so fucking good? I've lost count of
the number of orgasms you've given me Tom. It's
almost exhausting! Never in my life have I been so
satisfied, holy shit. Oh no, you're in that spot again!
Fuck me that feels so unreal, please keep it
going until you have not an ounce of
energy left in you.

After what seemed like the most intense workout of his life, Tom finally was too drained to carry on. Desiree could feel this and laid on her back to try catching her breath. She was not upset that her little guy was done, but more relieved that she could finally take a moment. Tom had made her wildest pleasure dreams come true and all it took was him being the right size.

Tom eventually pulled himself out of Desiree's giant vagina to kneel next to her naked body. He could see that she was out of energy, so much so that she closed her eyes, happy with the peaceful state that she was in. The little guy had done to her what no other man had ever come close to in her life. It was almost as if they were meant to meet like this. Wherever Tom was now, it looked like hope to find Adriana was low. At least he was with another giantess who loved him the same type of way.

As Desiree rested, Tom saw this as an opportunity to have his own fun. In the past, he was allowed to take care of his needs with a giantess when they would forget about him. This time was different though, it was only his first time with Desiree, but he figured it was worth the risk. Unaware of what her shrunken man was doing, Desiree kept her eyes shut as Tom approached her waiting feet.

I'm not sure if I should ask first or not, but it's hard to resist her perfect body. Every bit of her is beautiful and I love how much she enjoyed using me to please her. If I could never return to my goddess then she will be my new owner. I don't think there's anything wrong with treating her like the queen she is.

What started off as a simple kiss on her foot quickly escalated into Tom diving in face first. He shoved his head into the area underneath Desiree's toes and began inhaling the fresh odor of her feet. Since she showered so quickly, the giantess wasn't able to completely clean her feet, leaving behind a scent that drove the little guy mad. Not only was he worshiping the foot of the sleeping giant, he was thrusting his hard dick against her soft skin.

Oh my god, I can't believe I'm doing this. Her toes taste amazing and it feels so good to slide my dick between them. Hopefully she stays asleep before I finish so she'll never have to know I was here. I'm not sure how she would react to a little guy humping her foot. She was already weirded out when I licked them at the beach.

Tom felt himself getting close, but suddenly he was interrupted when Desiree lifted her feet into the air. She looked back in shock to realize what she was feeling was her tiny man pleasuring himself with her toes. At first she felt violated, but then again she remembered how much he just satisfied her. For a moment she thought to herself and decided not to be upset with him. Instead, her idea was to give him what he wanted.

Sorry if you thought I was forgetting about you Tom. After all you did for me, the least I could do is let you have some fun too. So you like my feet do you? This wasn't what I originally thought, but it makes sense with the way you came up to my toes at the beach. If you want to get off to them please go ahead. What a fitting place to be for a tiny thing like you. Your goddess will allow you to worship them as much as heart desires to. Now don't be shy, I've given you permission.

At first Tom was worried when the giantess spotted what he was doing with her feet, but after hearing her thoughts on the matter he fully embraced it. What could be better than Desiree being happy to accept what he wanted to do with her. She saw it as a perfect reward for her plaything after what he did to her. Without any hesitation he pulled himself in and began worshiping her foot, poking his erect penis against her wrinkles in the meantime.

This is so wild, you're really getting a lot of enjoyment out of this aren't you? Well don't hold back, keep using that tiny tongue of yours, it kind of tickles. If you like my feet so much maybe you can give me massages when I get done with work. Normally I'm running around all day, so having a little guy like you to pamper them for me would be a dream come true. As long as it doesn't take too much away from your energy for my sexy time.

This opportunity was one that Tom was glad to take advantage of. He was living out his dreams as he was before with his previous goddess. Yes he would love to return to Adriana, but life didn't seem so bad with Desiree. As he stroked himself while she pressed her toes into his face, he started to become attached to this woman. He knew he would dedicate everything he had to make her happy, and it was such a bonus that she embraced his love for the position he was in.

Desiree was having a blast, watching the tiny man lose himself underneath her feet. Using her toes, she started to take control of the situation, rubbing his hard cock against them. Tom couldn't help but continue to worship with a smile on his face. The giantess could feel his dick throbbing and knew that soon it would become difficult for him to keep it under control.

How's it going down there Tom? You're getting close to cumming aren't you? Well hurry it up then, I don't have all night. I want to see that tiny load of yours all over my toes. I'm not going to stop until every bit is milked from you by my toes. Oh what's that? Am I feeling what I think? No way, you're cumming already! What a weak little guy.

With everything Desiree was doing with him, Tom could not hold back any longer. He grunted loudly as an explosion came flying out from his dick. Cum shot into the sky, pumping a shrunken load all over her giant toes. The giantess smiled as she looked down watching her toy come back to reality after what seemed to be an experience he enjoyed more than she could know.

Well I'm glad I was able to help you out Tom. If you can give me what you did tonight any other night then I will gladly return the favor. I'm exhausted now though! It's so hard to keep my eyes open, I think it's time for bed for me. If you want to worship my body as I fall asleep be my guest. You're welcome to lay on or next to me in whatever way you'd like, hopefully I don't smother you to death in our sleep though. With everything you've been through I'm going to assume you know how to prevent that from happening.

Tom was happy to be given the chance to sleep with his goddess. As she shut her eyes he stayed down by her feet and pampered them until she was completely out. When the little man felt as if there was nothing left he could do for her, he followed and did the same. Drained and exhausted from all the fun they just had together, Tom collapsed next to Desiree and fell asleep all through the night.

The next morning when Tom started to wake up he found himself trapped in a glass tank. He did not notice Desiree wake up before him and get it out of her storage. She used to have a fish but was happy to have this container available for her little guy. Somehow he slept right through everything, probably due to the exhaustion from the previous night. It was the second day with his new goddess and he wondered how she would put him to use now.

Suddenly he heard the door open to see Desiree coming over to greet him. With her was her roommate Maria, one of her friends from college who was a few years younger at 28 years old. Maria was shocked to find the shrunken man standing and looking at them from the glass tank. Desiree had to tell her about Tom as she knew how useful and fun he was.

No way, I can't believe he's real. What a good find Desiree! Do you mind if I pick him up? Why hello there little guy, my name is Maria. I hope you're as excited as I am to be living with us. Desiree told me about your story and everything that has happened.

Ya go ahead, he'll be spending a lot of time with you too but I still claim him as mine. So you said you might know something about where he came from? It's weird that you're not in shock, isn't this strange that he's so small?

I know it might seem strange, but this isn't so weird to me. This is supposed to be a secret in my family, but my mom taught me and my sisters magic growing up. We swore to never use it to our advantage, and since our dad left us it was a good training to have in case we were ever in danger. I don't know where Tom came from, but perhaps if his story is true, he could of fell through a portal of some sort when he was super tiny. It's the only thing that makes sense because we would know if there was a giantess walking around in our world.

Hearing Maria's story was strange enough for Tom. The idea of being separated into a different world really made him lose more hope when it came to returning. To make things even crazier, the little guy witnessed something he had seen before. Coming from Maria's finger was a flash of light, a magic he had been around in the past. When he was hit by the ray he found himself changed and tinier than before.

And just like that, he's this small now! How are you doing Tom, was that shrinking like you experienced it before? You seem to have a surprised look on your face. Don't worry I know what I'm doing, you're safe with us and we can play around with different sizes if we so wish to. I just wanted to make sure I still remembered my training and I'm glad to see that your body reacted the way I thought it would.

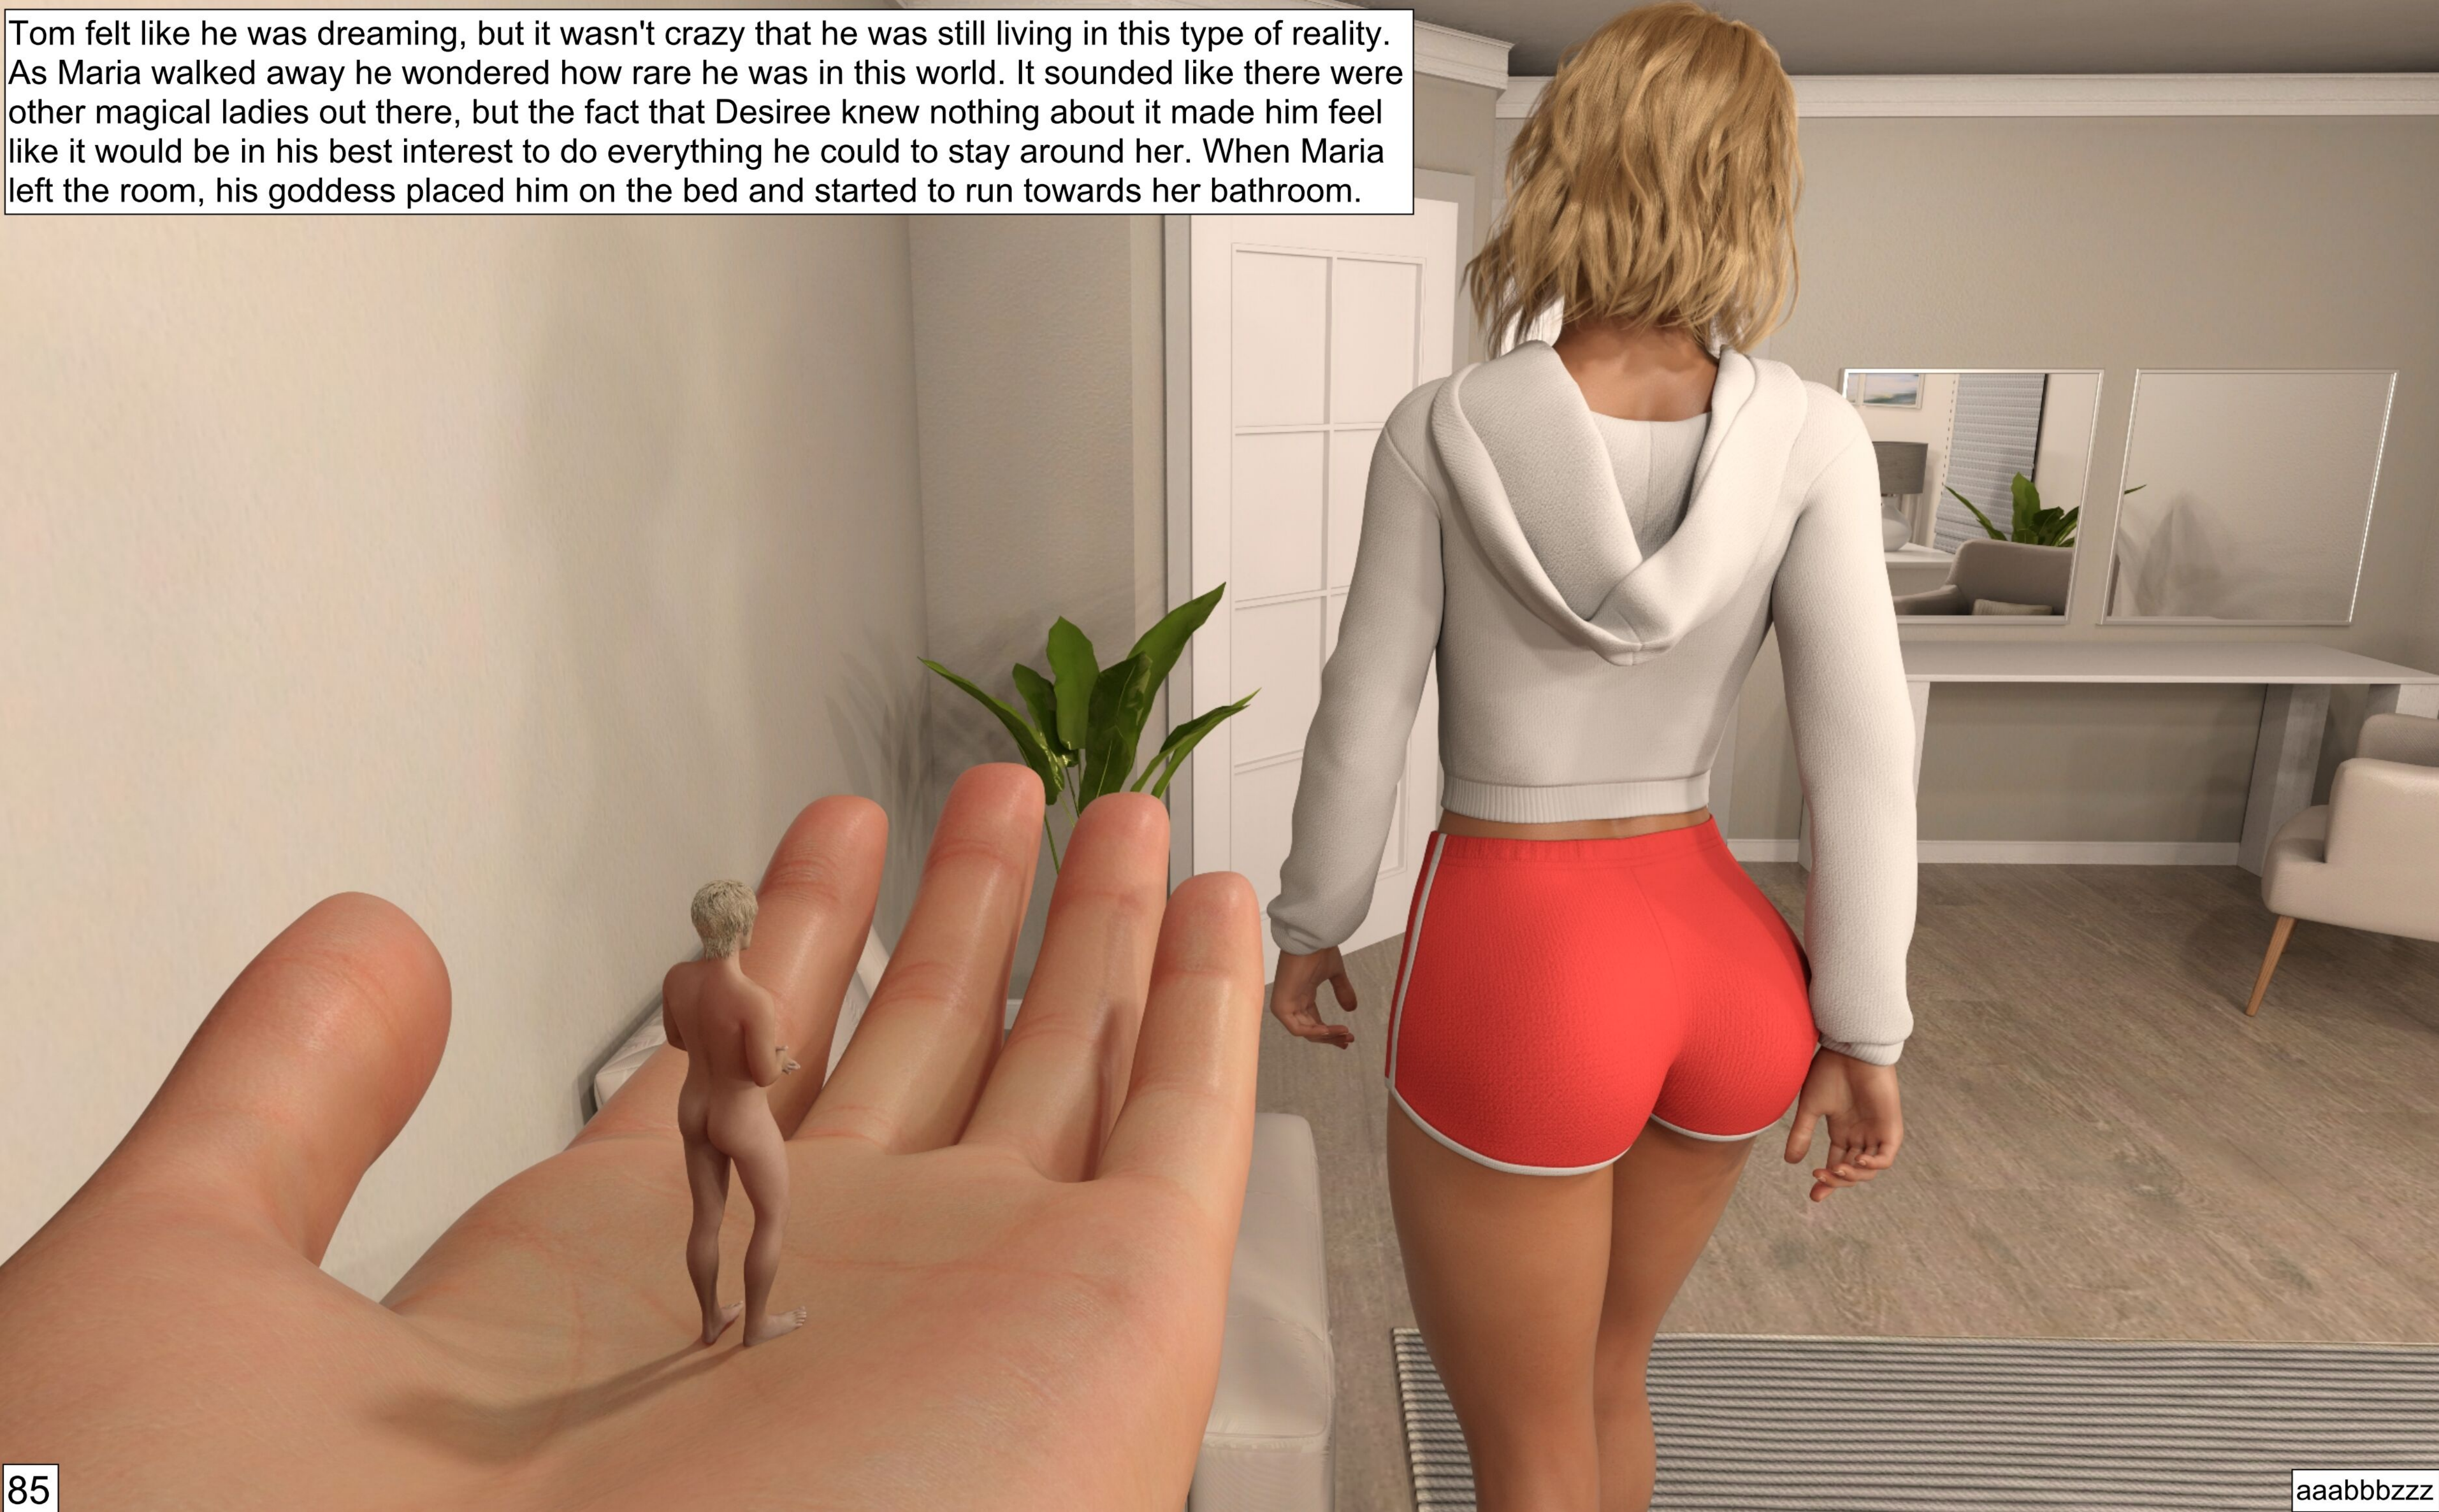

Desiree could not believe her eyes. She wasn't sure if this situation was weirder now that Maria was able to use magic, or that it was normal since she seemed to do it so casually. As she held out her hand, her friend dropped the tiny man into her palm. This was something Tom was used to, but what he was most thankful for was that somehow he would always end up shrunk around such beautiful women.

This is so strange, you have me at a lose for words Maria. You just shrunk him right before my eyes! Now he's so small, but so much cuter. I don't know if he could do what he did last night at this size, but didn't you say you could grow him as well?

That's right! I know spells that could return him to his original size, but from what you've said it sounds like he loves the life of a shrunken man. You can just let me know what size you want him until you're trained yourself. I'll have to tell my mom about this. She would be happy to teach you, especially if you only use your powers responsibly. Since Tom likes being a tiny pet I'm sure she would love to meet him too. I'll get going and ask her about it.

Tom felt like he was dreaming, but it wasn't crazy that he was still living in this type of reality. As Maria walked away he wondered how rare he was in this world. It sounded like there were other magical ladies out there, but the fact that Desiree knew nothing about it made him feel like it would be in his best interest to do everything he could to stay around her. When Maria left the room, his goddess placed him on the bed and started to run towards her bathroom.

Hold on just one minute Tom, I'll be right back! Oh my god this is so exciting, I can't believe Maria had this power all along. That's kind of strange that you would run into me when she is my roommate, there could be some sort of connection there. But that's a lot to process right now, how about we try and have some fun before I go to work? We have some time to play around before I need to get ready.

Less than a minute went by before Desiree walked back out of the bathroom naked. She was not wasting any time right now before her job and wanted to enjoy as much time as she could with her shrunken man. Tom was happy to patiently wait for her as she came over and joined him on the bed.

A large, nude woman with long dark hair is sitting on a bed with a patterned blue and white coverlet. She is leaning forward, resting her head on her hand. Her legs are spread wide, and her feet are prominently displayed. A speech bubble originates from her mouth, containing text. In the bottom right corner, a tiny, nude figure of a man is visible on the floor.

Wow this is so different with you being so much smaller. I can feel the power I have over you a lot more now. Don't worry though Tom, I only just want to play, you know I would never hurt an innocent little guy like you. Why don't you start off by doing something you like very much, my feet would love it if you would worship them. I bet they look even more divine now at this new size.

As she stretched her leg out, Tom ran right up and did all he could do with the bottom part of Desiree's foot. Having him so much tinier was quite a disappointment when it came to the physical touch he could do, but the feeling of power was starting to turn her on. This little game she was playing was warming her up, getting he ready to have some real fun with her shrunken pet.

I'm starting to get so hot little man, I can feel my heart start to race. Why don't you come to me? Please, climb up my foot and make your way towards my pussy. Your goddess is waiting patiently for your tiny body to service her. But don't take too long, I still need to get ready for work. We'll need to see some effort from you especially being that much smaller now.

This would normally be a difficult task being less than 2 inches tall, but Tom had a lot of practice from before. So many times in the past had he climbed a woman's foot or explored their giant bodies. Like all times before though, it was a thrill and turn on to him. Being allowed to traverse such magnificent landscapes was something that made him feel incredibly lucky to be so small.

Oh good, it looks like you made it to the top of my foot! I really didn't expect you to be so quick. But now you need to get by my long legs. At least you were able to get through the hardest part of your journey. Now isn't a time to start slacking so keep it up Tom. You have no idea how much this is turning me on, I can't wait to have you inside me again.

This was not the smallest Tom had ever been, so making it past Desiree's legs were not much of a problem. Quickly, he got closer and closer to her vagina. From the distance he could see how wet it was already after the giantess rubbed it for only a few seconds. His final destination was waiting and he blew her expectations in the time it took for him to get there.

To speed things up the little man didn't walk to the top of her crotch to climb down from. Instead he took a leap of faith and dove from her thigh. It seemed to be that he aimed everything perfectly. As soon as he made contact with the giant pussy he slid right in. This came as a surprise to Desiree as she did not think she would feel this sensation so soon, but also so powerfully.

What the fuck!
Is that you already Tom? Oh
my god it's that feeling coming back to
me from last night. I don't know how your
little body does that, but it drives me crazy.
Oh fuck yes! Give it to me again my tiny
slave. Your goddess loves every
movement you make, it feels
like nothing else.

Fuck, it's not the same when you're this much smaller, but it still feels so amazing. I'll need to ask Maria to grow you a bit later tonight so you can give it to me just like last night. I do think though, that you are the perfect size to come with me to work. I don't know if I'll be able to handle you all day without losing control, but we'll just have to try and see. Thankfully she shrunk you because I would of had to leave you here all day if she didn't.

Because the feeling was a lot more manageable now with Tom's new size, Desiree made the decision to take him with her to work. She started to get dressed, feeling the little movements inside her. Her biggest hopes were that things would not get out of hand. If they somehow did she already thought of keeping him in her purse as a worse case scenario.

Shit, I'm starting to already wonder if this was a good idea or not. You're turning me on so much Tom, we're going to need some sort of word to let you know when it isn't a good time for you to wiggle like that. If my boss had to talk to me while you were squirming so rapidly I would lose it! Perhaps I can catch Maria still and she can make you even smaller so I can handle you.

No matter what his size would be, Tom was not the type to do a bad job as a shrunken sex toy. He had a long time to train himself into what he had become now. Desiree had no idea what he was capable of even if Maria would shrink him further. If she were to bring him to work she would soon find out how hard that would be with him swimming around in her giant pussy.

Now fully dressed for work, Desiree left her room with the hope that she could contain herself. The thought of having Tom hidden away from the world to satisfy her while she was at her desk was already a hot idea that was making her so wet. It seemed to be that the little guy had no say in the matter either. Getting back to his old world to be with his previous owner seemed less and less likely. For now, he was happy to be with this new giantess, and he planned on giving her everything he had.
