

Las Vegas Bukkake

Made by Rubberduckfucker

This is 20-year-old Cynthia. She had a lot of bad luck today and lost all her boyfriend's money at the roulette table. If only he hadn't left her alone that evening.

The croupier at the roulette table comes around the corner with an unusual statement

I see you suffering because of all the money you've lost. My husband is the manager of the casino's bank. He told me to tell you that if you give him and his employees a blow job, the company will be willing to pay you back.

Puh!

You know...uhm i did similar things in high school so bring them all here!

The room fills with all the male employees and Cynthia shows herself naked to make sure they all get an erection.

**And it
works!**

**Cynthia
starts to
suck**

**Awesome! We
need more
pretty girls
losing money
here.**

**Damn!
Good Girl!**

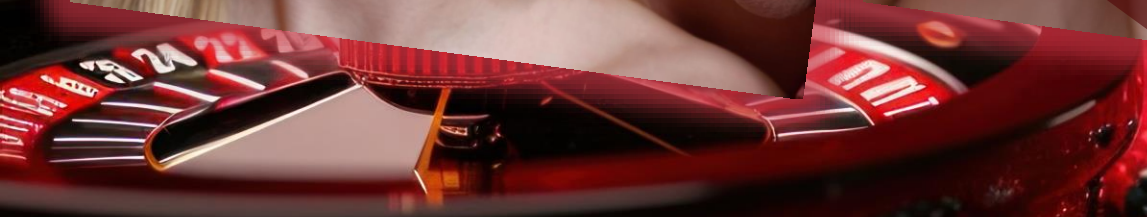

**Wow she's a lot better
than the girls who
usually get paid back at
this manipulated table!**

Munch

Ahhhh

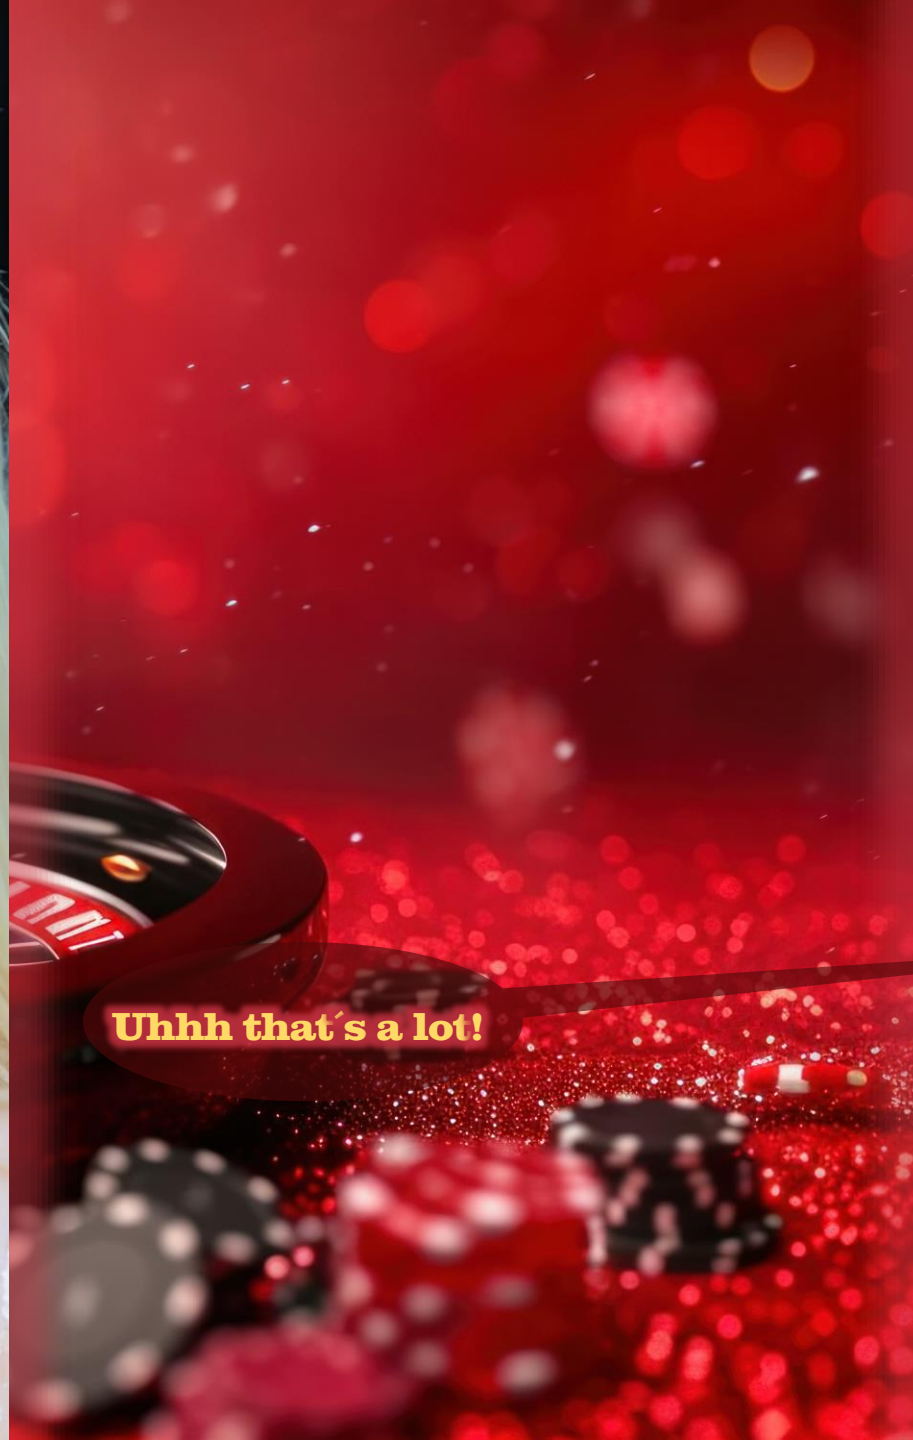

**We're
CUMMING!**

**It's more than
i expected!**

The manager's wife was happy to support the session in the background with her great blowjobs. This way, she also received a few juicy loads of cum.

I'm looking forward to the next girl who loses at the table!
