# Chapter 1

To be one of them.

Why this rush is only three o'clock, stores are open until eight o'clock.

Faster Fuutarou we will be late!

Yes, but there are still many stores that we need to visit.

What?

You can't buy everything in one store

Of course not. it is impossible to make purchases in only one store.

Not at all.

I often buy everything in one store.

But you are the guy.

On the other hand, a girl will never buy everything in one store.

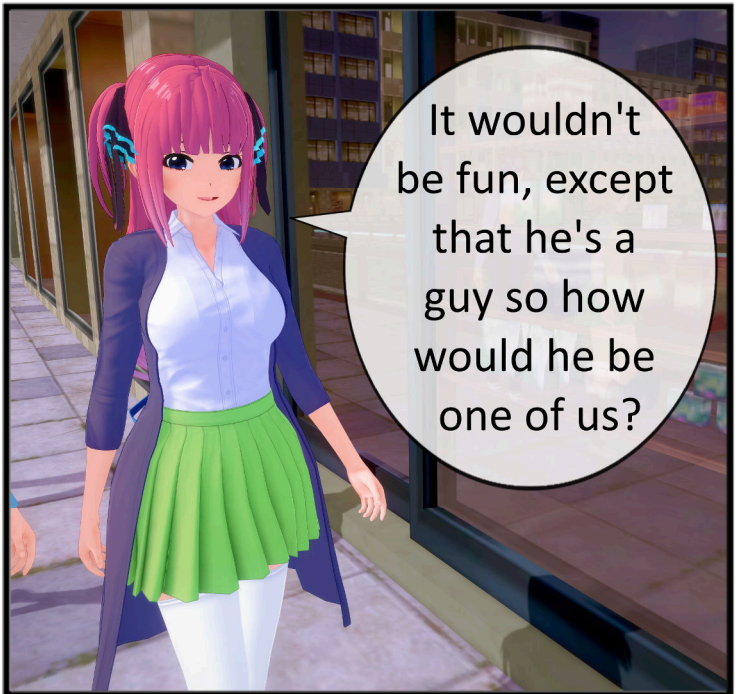

What are you talking about, Yotsuba?

Fuutarou cannot be one of us.

What?! Why, would it be fun if he was one of us?

It wouldn't be fun, except that he's a guy so how would he be one of us?

He can always have sex reassignment surgery.

We just had to ask Dad to adopt him later and he would be one of us.

Excuse me, would any of the ladies wish to make her dream come true?

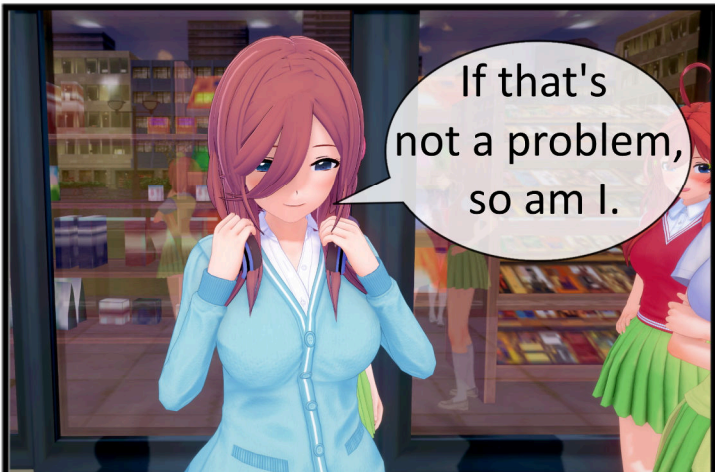

I would like to.

Well, why not, me too.

I don't believe such things ... But I'll try too.

If that's not a problem, so am I.

Really?

Ichika, lend me some money, I'll pay you back later.

You mean next month, he he.

But it's okay, I'll lend you.

Girls please.

You can't see she's a cheat.

She'll probably sell you some trinkets that she bought herself with pennies.

I'm not a cheat.

And I'm not selling anything.

And I fulfill wishes for free.

However, if you do not believe it, try it yourself and you will see if it is true.

With pleasure.

Don't worry, it's an ordinary scammer, I'll prove it in a moment.

Something tells me you shouldn't underestimate her, Fuutarou.

Don't be surprised

Okay and now what?

Tell me your wish and I will fulfill it.

Of course, for more complicated wishes, I need a few hours to several days.

Of course, you finally need a moment to get the chips from the market.

You think I don't know how it works, hehe.

\*Angry\*

Fuutarou, even if you don't believe it, you shouldn't offend her.

It's a girl after all.

And girls never like to be offended by a guy.

Okay, okay.

But she should stop walking around town and pretend to be a wish-granting magic girl.

Now what should I wish for, hmm ...

I know, I want to be one of the girls.

That was your mistake.

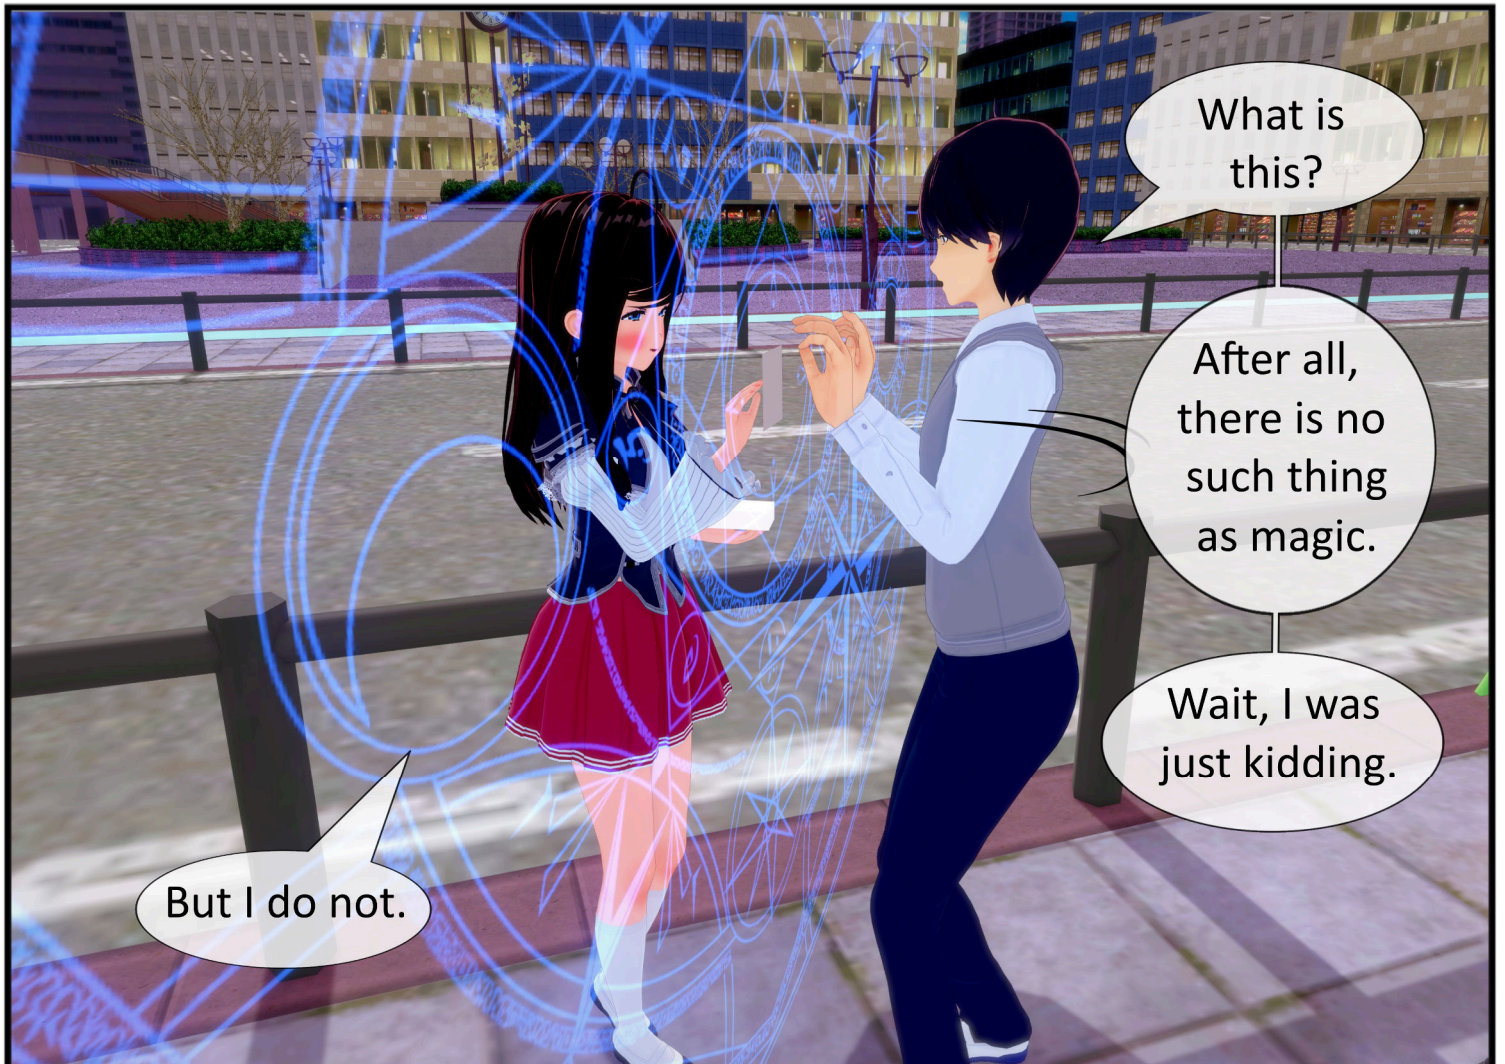

But I will not give you that pleasure and I will not turn you into a girl.

You see I said she was a cheat.

Fuutarou, she is not a cheat.

And ready.

That's all?

Yes, here's a receipt, the wish will come true in two to three business days.

Honestly, I was expecting something more.

That's enough.

I'm sorry for him.

I doubt we'll see each other again.

Never mind, see you soon.

And I don't, he he.

Next time.

Hey what about my wish!

What! Wait a minute, it won't take long!

I'm sorry, could you ...

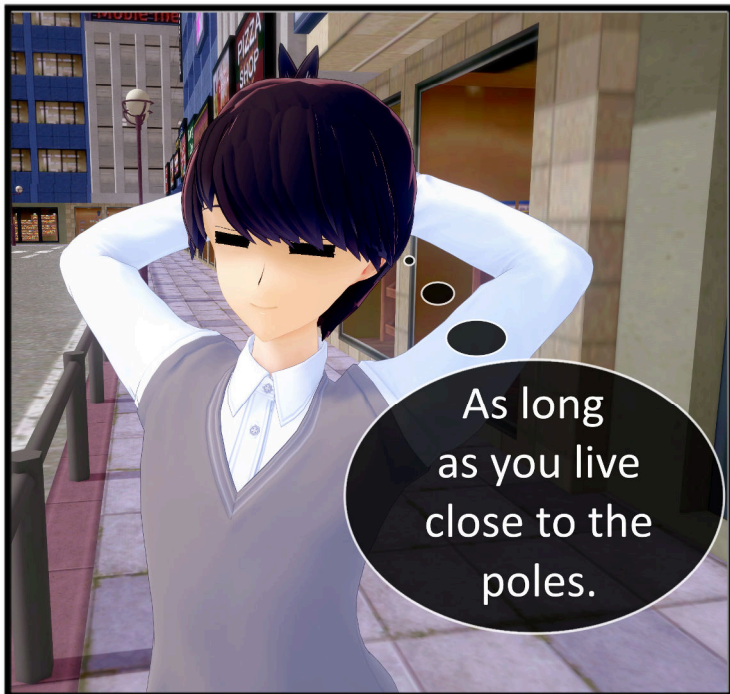

Er ... Girls, she's gone.

Maybe she was in a hurry somewhere?

I only turned for a moment, she must have been in a very hurry.

Er ... We're already going to this store because we're going to be late.

Why must he always pretend to be the smartest?

Nothing. let's finally go to this store.

Let him not shame us there.

A moment later...

Fuutarou said it would be faster.

Why are we taking the bus, we couldn't call the car?

Was he so scared of her?

It looks.

Oops. I'm sorry miss.

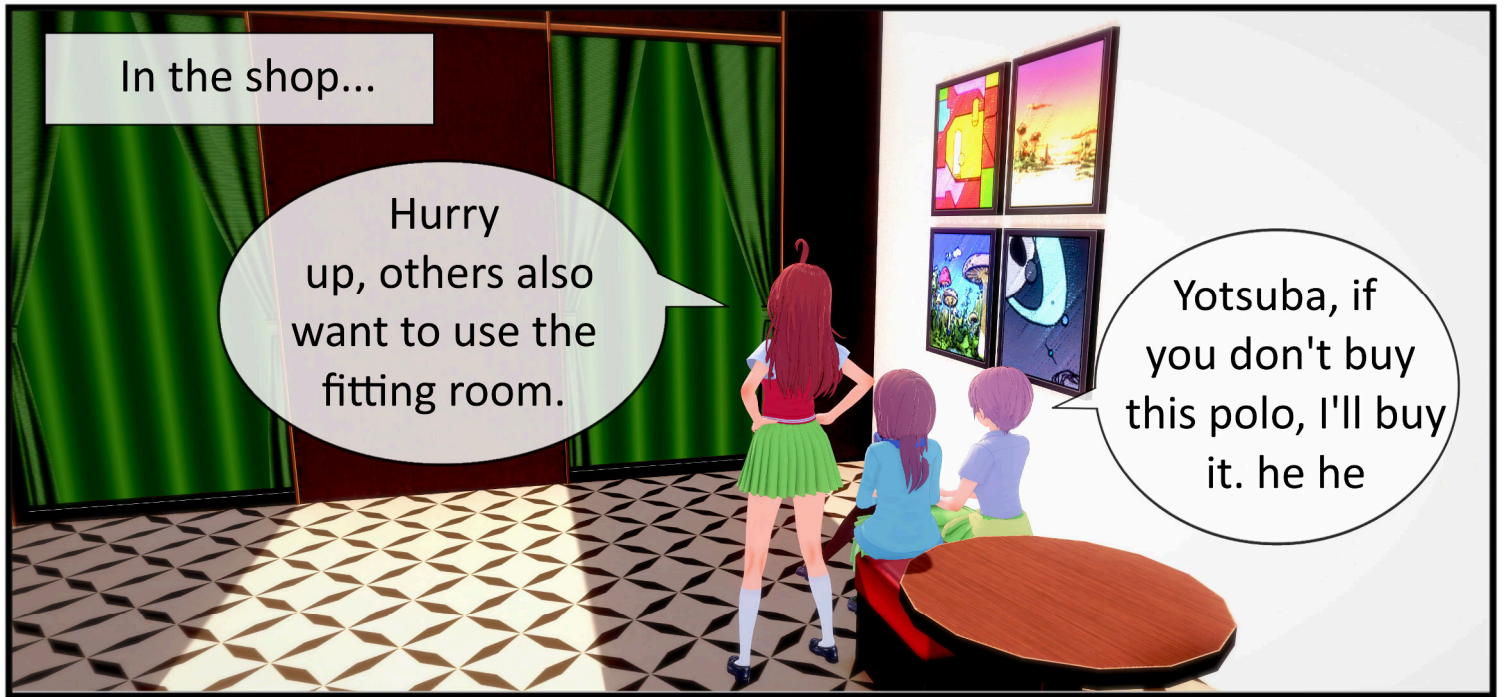

Nothing happened.

In the shop...

Hurry up, others also want to use the fitting room.

Yotsuba, if you don't buy this polo, I'll buy it. he he

What!!

Of course I take it!

Okay, we're leaving.

It always works. he he.

Eee...

Let's say in a moment.

Can't you see she's always teasing you?

She just likes the same things I like.

\*Sigh\*

A moment later...

And what, you didn't take it in the end?

And we just wasted our time.

Ichika liked him so much, so I decided to leave him to her., Hehe.

Admit it, you got fat and couldn't put it on.

Sorry to ask, but I couldn't take it anymore.

Why are you wearing men's clothes?

Did I miss something?

What's her point?

What is she talking about? After all, Fuutarou always wears men's clothes, it's not unusual.

Maybe Fuutarou have some secrets for us?

Of course I have secrets from you.

Why should I tell you everything?

Strangely, there is only one logical explanation for this.

Hmm ..  
I always thought  
that the sisters had  
no secrets from  
each other.

But  
apparently  
you are having  
this rebellious  
period right  
now.

That would  
also explain the  
men's clothes.

Sisters!?

Unfortunately,  
it is exactly  
as I suspected.

Is this some  
kind of hidden  
camera?

I'm on TV?

Nothing  
happened.

Sorry, I've  
allowed myself  
too much.

We told  
her she  
shouldn't  
wear men's  
clothes.

It's even  
good that you  
asked her  
about it.

I'm sorry  
anyway.

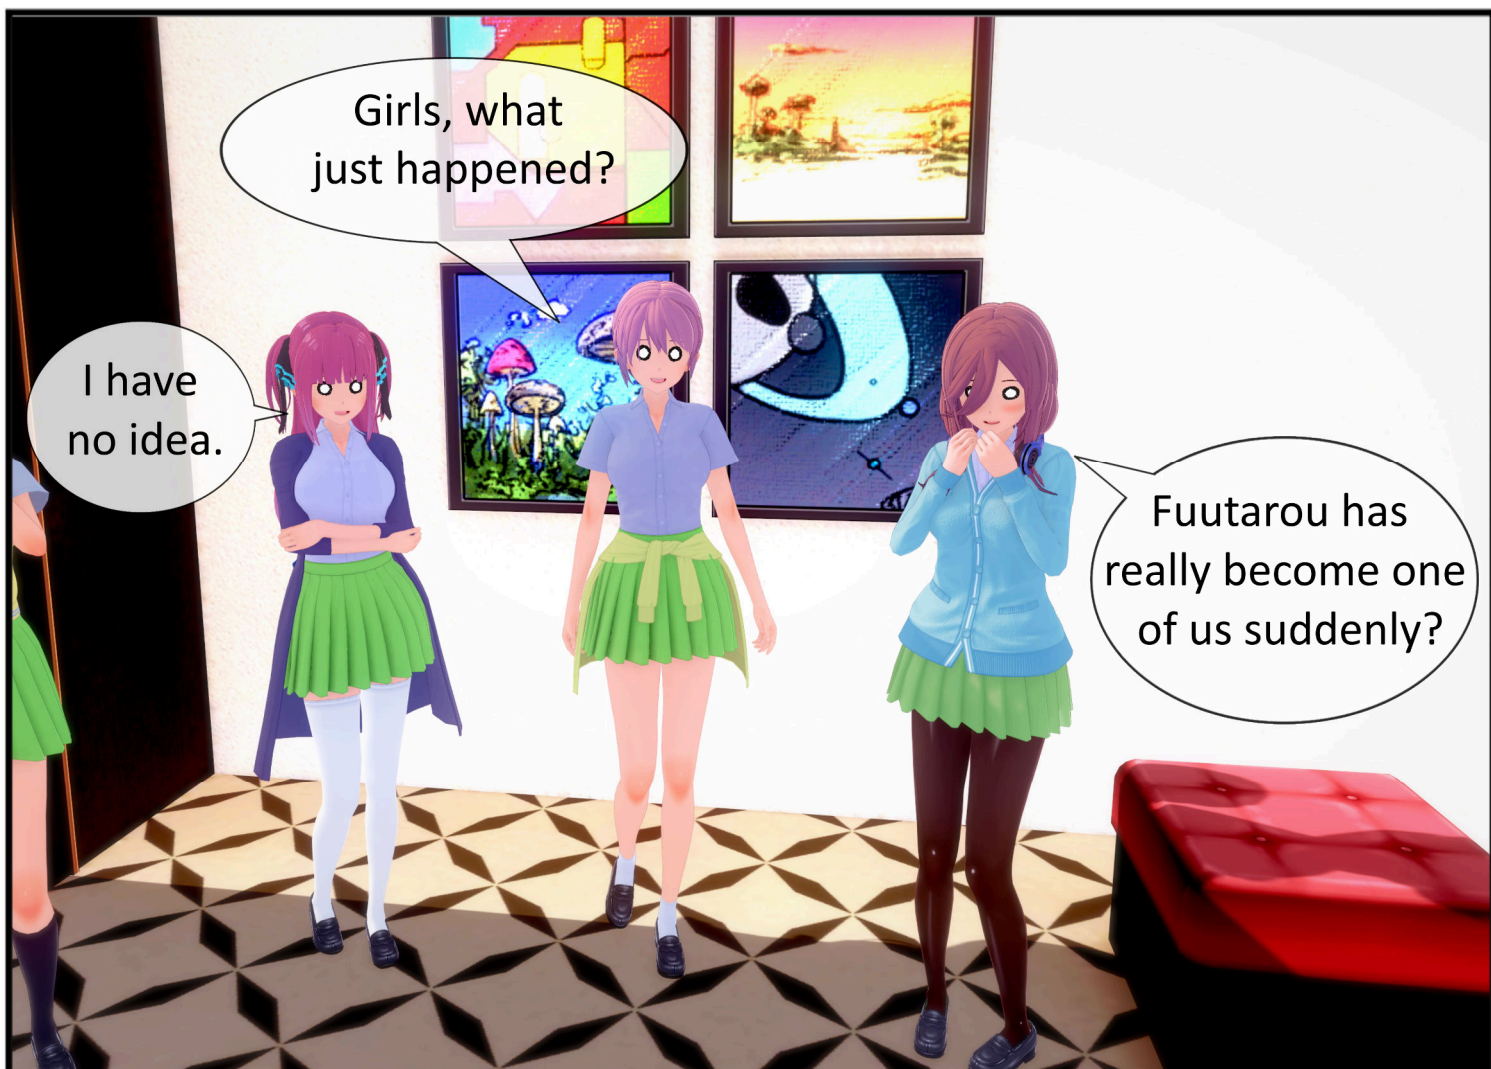

Unfortunately,  
it's time for us.

Why did Itsuki  
suddenly start  
treating me like  
her sister?

And as I said,  
don't worry about  
it, someone must  
have told her  
about it.

It's a  
joke and the  
saleswoman  
takes part in it.

Girls, what  
just happened?

I have  
no idea.

Fuutarou has  
really become one  
of us suddenly?

Moments later in the quintuplets' apartment ...

It looks like Fuutaro is one of us from now on.

Yes.

Or at least everyone thinks so.

You're joking right?

It sounds like a nightmare.

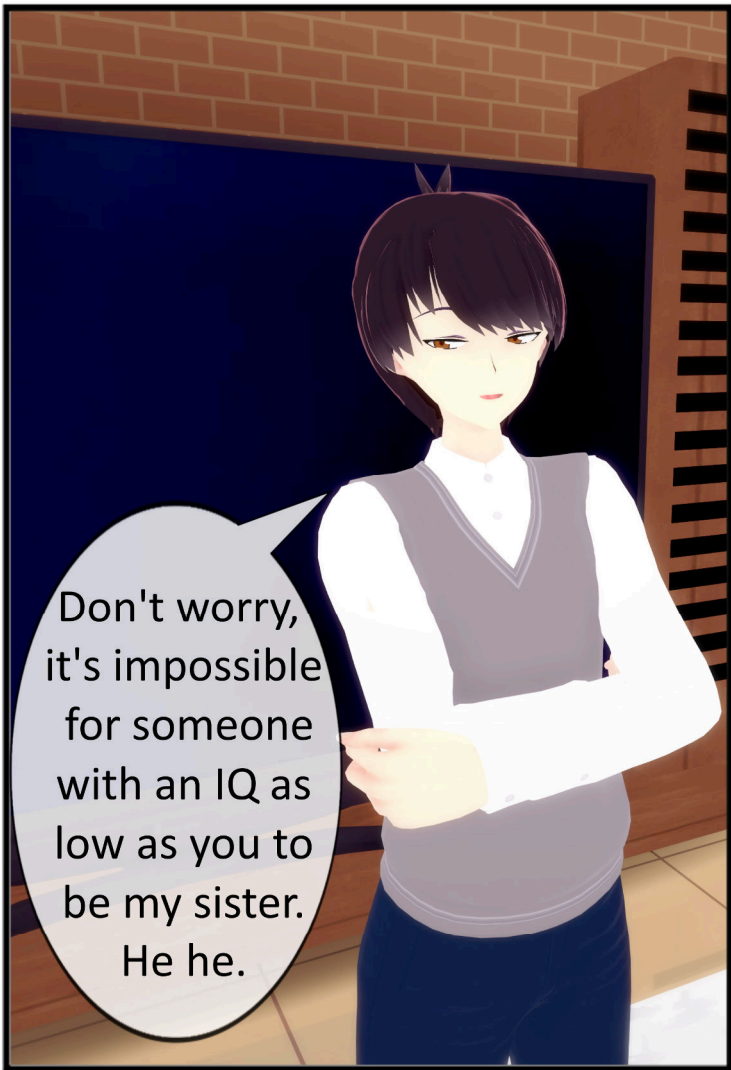

I agree with Nino, it's a nightmare to have a sister like her.

What did you say?

What you heard.

I'd rather shave myself bald than have a brother like you.

Don't worry, it's impossible for someone with an IQ as low as you to be my sister. He he.

Calm down!

I think everyone thinks he's our sister.

Nobody considers Futaro our brother.

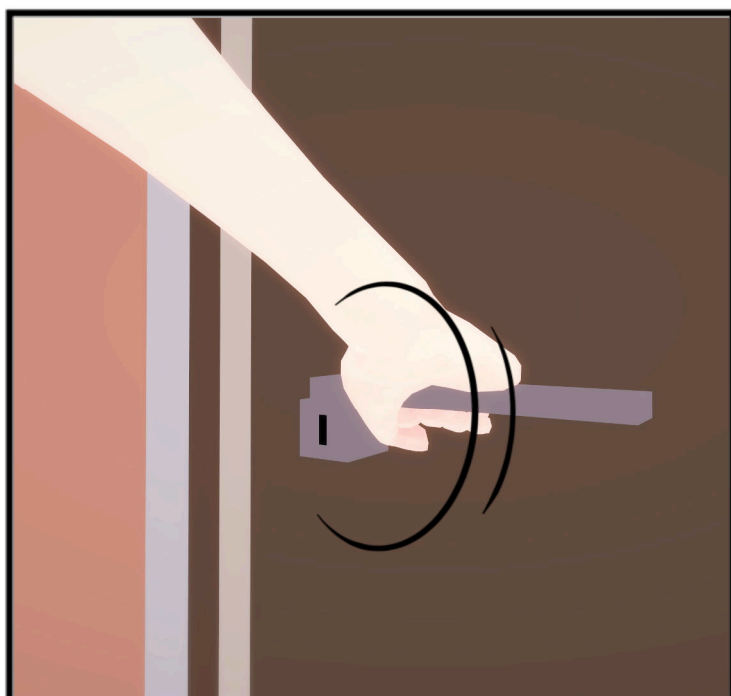

What?

I know it sounds weird, but even the shop assistant said Futaro was our sister.

You won't believe what happened!

A magic door appeared in the house.

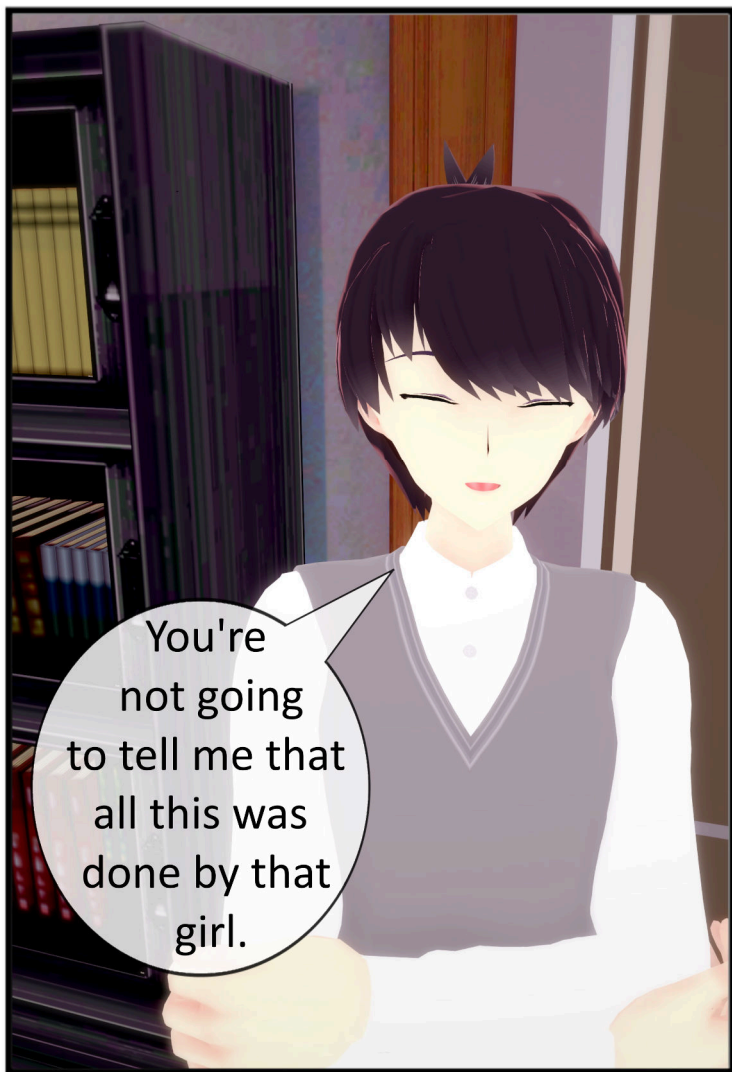

What is this room?

I do not know. I've never seen this room before.

Girls, stop kidding me.

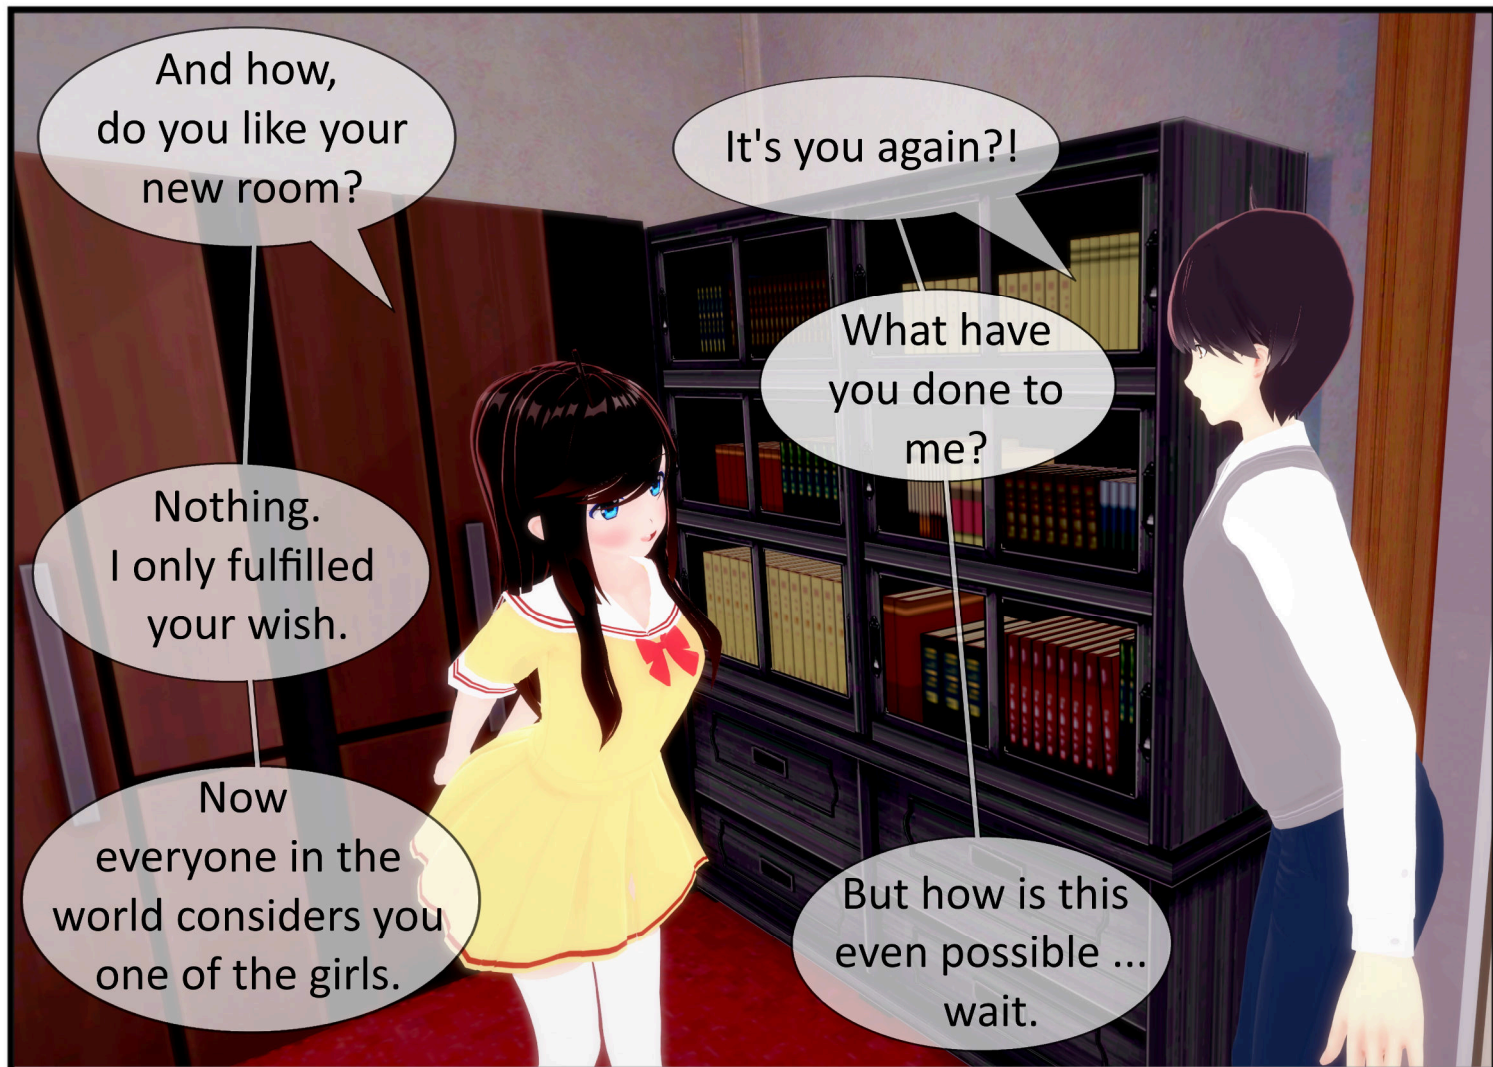

But we don't know what's going on either.

You're not going to tell me that all this was done by that girl.

But that would be the only logical explanation for all of this.

\* Sigh \*  
Yes you can.

There are several rules for granting a wish, but none forbid to undo another wish.

Of course, you use your own wish for this.

I don't think I have a choice.

I wish...

Isn't it obvious? I'm going to fix this mess.

Wait what are you gonna do?

Tell me, don't you think that Futaro deserves a little punishment?

A moment later...

You're joking right?

No, after consulting, we decided not to withdraw your wish for now.

Is that not great?

You are always trying to teach us, let us now give you a lesson.

We want to teach you what it's like to be one of us.

This will help you treat girls better in the future.

Of course, until then you have to do what we tell you otherwise ...

We will use one of our wishes to punish you.

So you better watch out.

Why are you suddenly asking me for help?

There is a rule that forbids using wishes to hurt someone, right?

So there is such a rule?

Now only one question remains.

How are we supposed to contact you.

No problem.

I will show you how to summon me.

Learning again ~

I have a better idea.

Great because I sincerely hate when someone summons me.

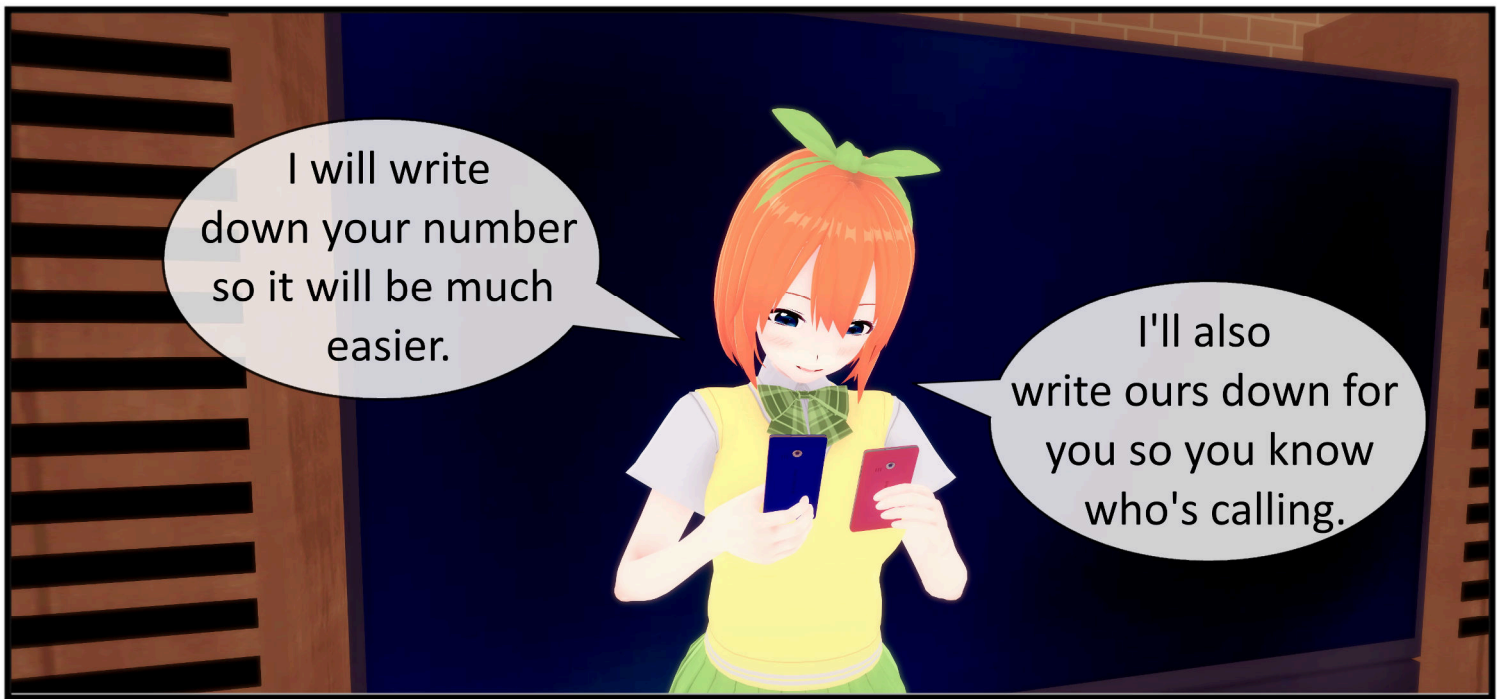

Hey!

What are you doing!

Where does she have it?

What where do i have?

I will write down your number so it will be much easier.

I'll also write ours down for you so you know who's calling.

You were just looking for her phone?

Yes.

What did you think I was doing to her?

We? Nothing ~

Yes, absolutely nothing. hehe.

Wait!

I do not  
agree to giving  
me a female  
name

Or to  
make a girl out  
of me!

You have  
to take it  
back!

How  
aggressive.  
hehe.

Okay, I'll  
take it all back, but  
only if you tell me  
your name ~

Girls,  
enough jokes.

Take it back.

We're not  
going to.

We want you to  
learn something  
first. Then we'll  
take it back.

But  
be careful if  
you don't  
listen to us,  
you will make  
your situation  
worse.
