

Chapter 32
Amnesia

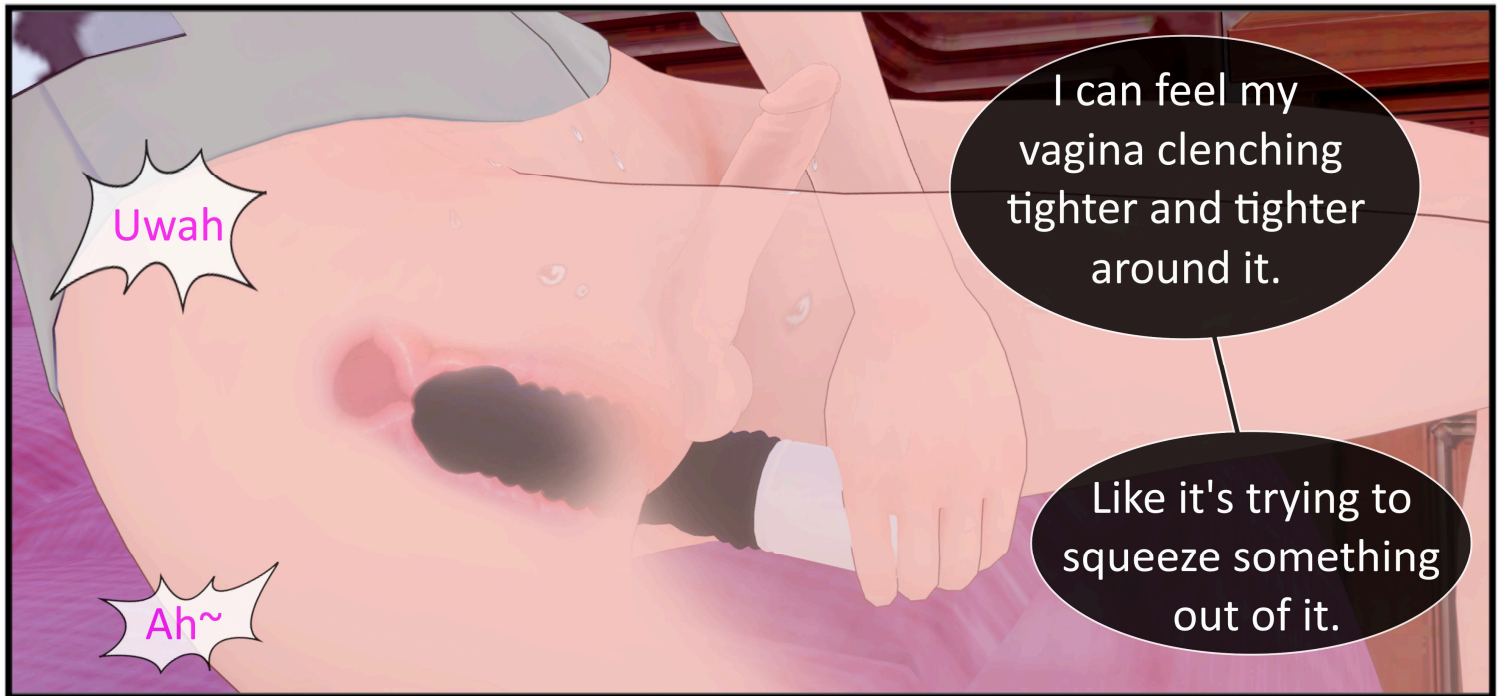

Hmmmm~

I've heard it feels amazing, but I didn't think it was that much.

I can literally feel every inch of it.

Hngh!

Uwah

Ah~

I can feel my vagina clenching tighter and tighter around it.

Like it's trying to squeeze something out of it.

And some people say anal is almost the same as this.

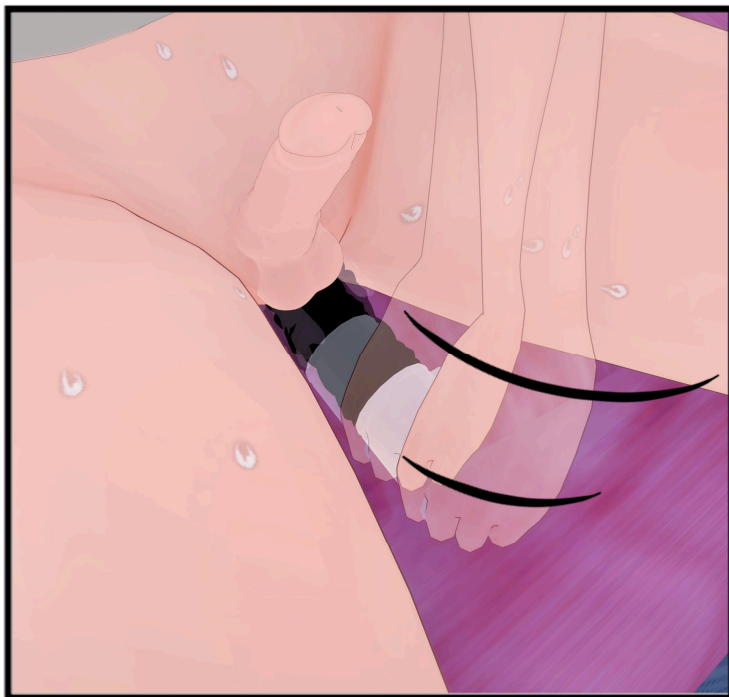

She should shove that statement up her ass.

Uwah...

It's much better than I imagined.

Ah~

Moan~

I wish I had done it sooner.

Hngh~

Who knows how long I will still be a girl.

Ah~

Hngh!

I guess.

Hmm~

I finally found a way to return to normalcy.

But enough for now, I don't want the girls to catch me.

Besides, I don't want to undo too much change in one day.

I can't pull it out.

scared

Meanwhile...

Wow, your new room is great.

But don't you mind that you now share a room?

We spent all our time together in one room anyway.

So it's just simpler that way.

Onee-san is afraid of being alone in the dark.

That's why she insisted on one room.

I'm not afraid of the dark at all.

I really heard something then.

embarrassed

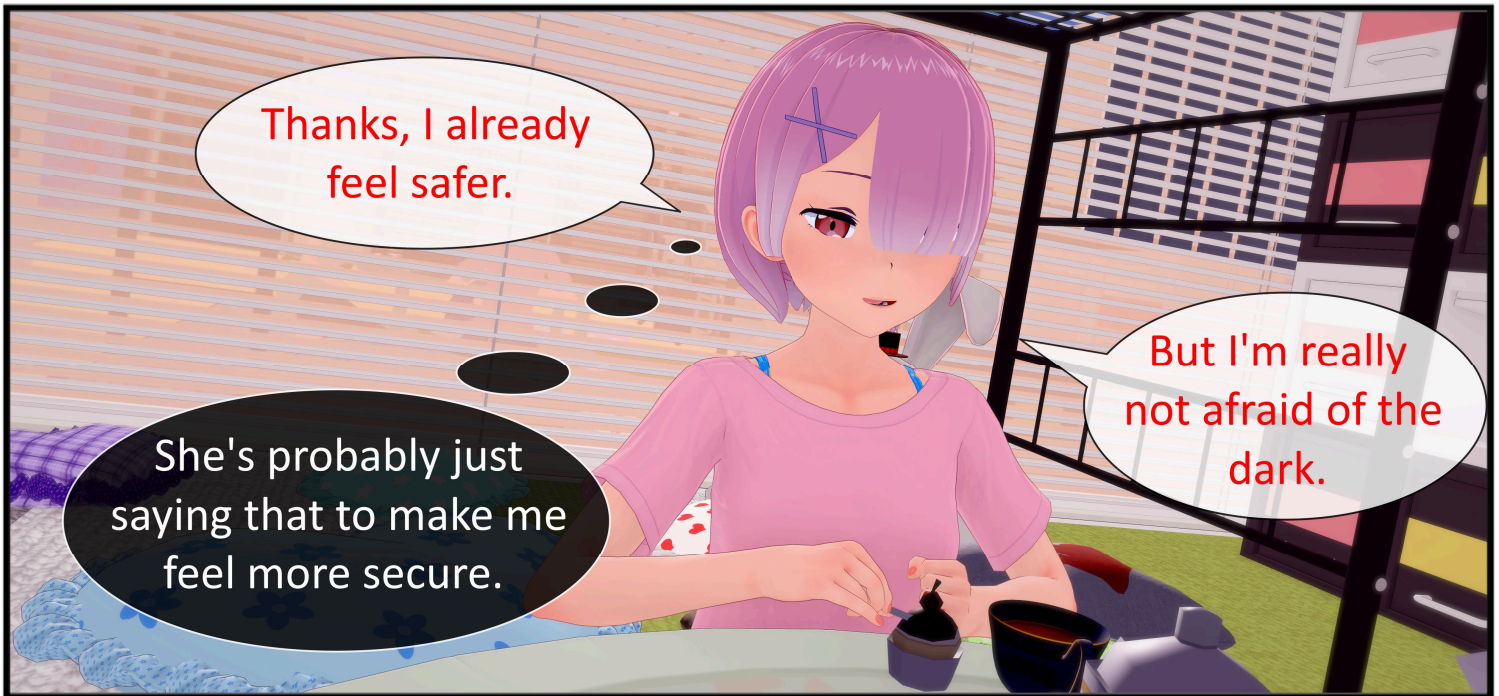

Don't worry,
no monster
will harm you.

So will
Rem.

Unless
they want
to deal with
me.

Thanks, I already
feel safer.

She's probably just
saying that to make me
feel more secure.

But I'm really
not afraid of the
dark.

phone rings

Hi Mutsumi,
what's wrong?

Help!

I'll be right over.

Mad

Sorry girls, but I have to do something.

It would be better for the rebel if it wasn't him.

Naomi, wait!

I think she was serious after all.

Shocked

He was lucky it was an accident.

The last time I saw her so pissed off was when some guy grabbed Rem's breasts.

In Futaro's room...

I'm stuck~.

Shocked

What the hell!

OK, this time you crossed the line.

Mad

happy

Rem, stay behind me.

I wouldn't even have guessed that you had a vibrator stuck. hehe

She was really worried that I was in danger.

Surprised

Can you do something about it?

I don't want the girls to catch me like that.

Sure.

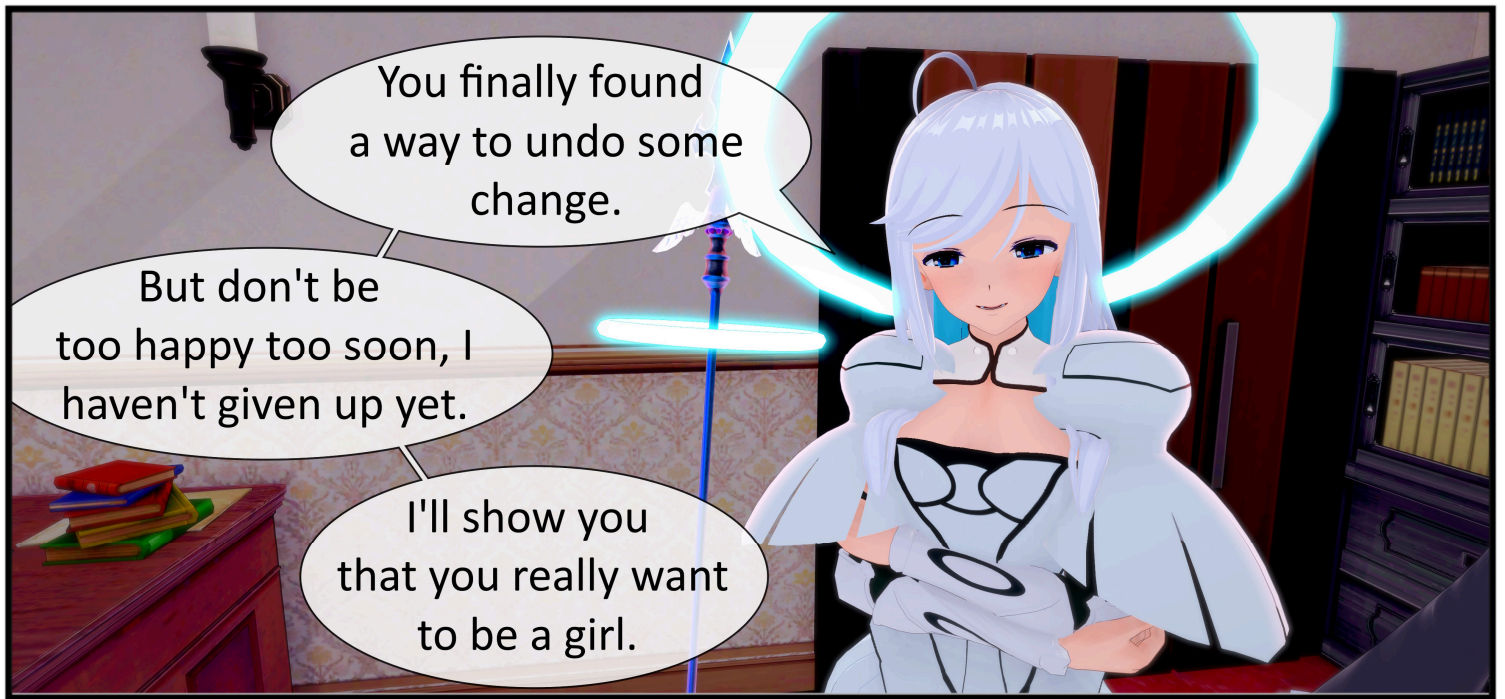

And no worries it doesn't normally happen very often.

Thanks.

Immediately better.

No problem, And congratulations by the way.

Er...
Thanks.

You can do it.
i believe in you.

Shocked

You can
say so.

You guys
are more
than just
friends,
right?

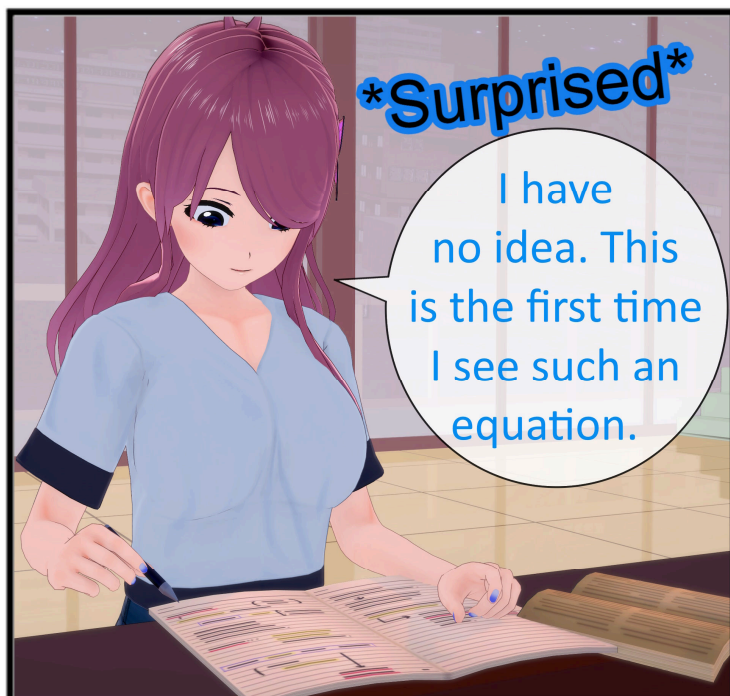

No worries,
I already have a
plan.

happy

I knew it.

Being a girl is
much better.

What? It is easy.

Just use this formula first and then this one.

Yotsuba~

Surprised

Indeed, how could I have missed this?

What are you talking about?

confused

Which formula?

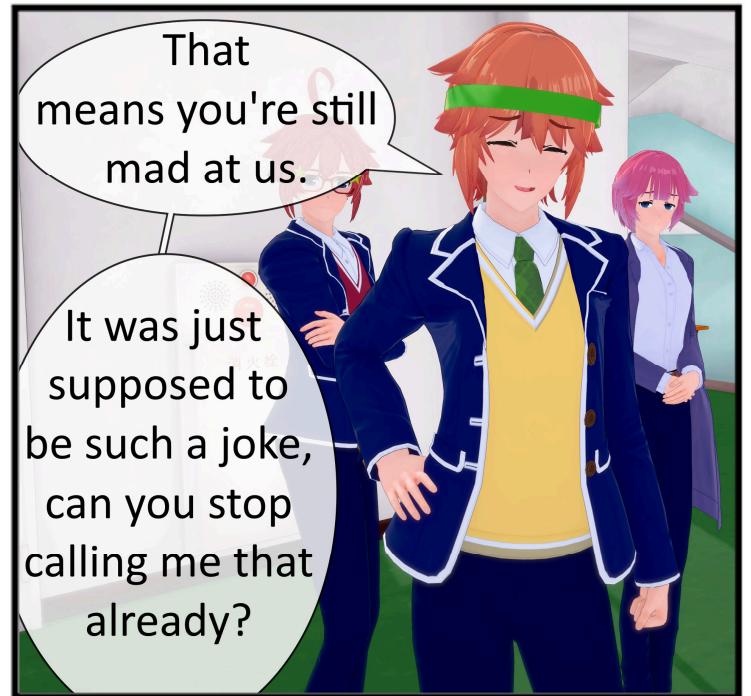

embarrassed

Strange feeling when it's Yotsuba teaching me instead of me teaching her.

It's as if we swapped roles.

I have to call Naomi, what has she done this time?

But first have to do something about this fringe.

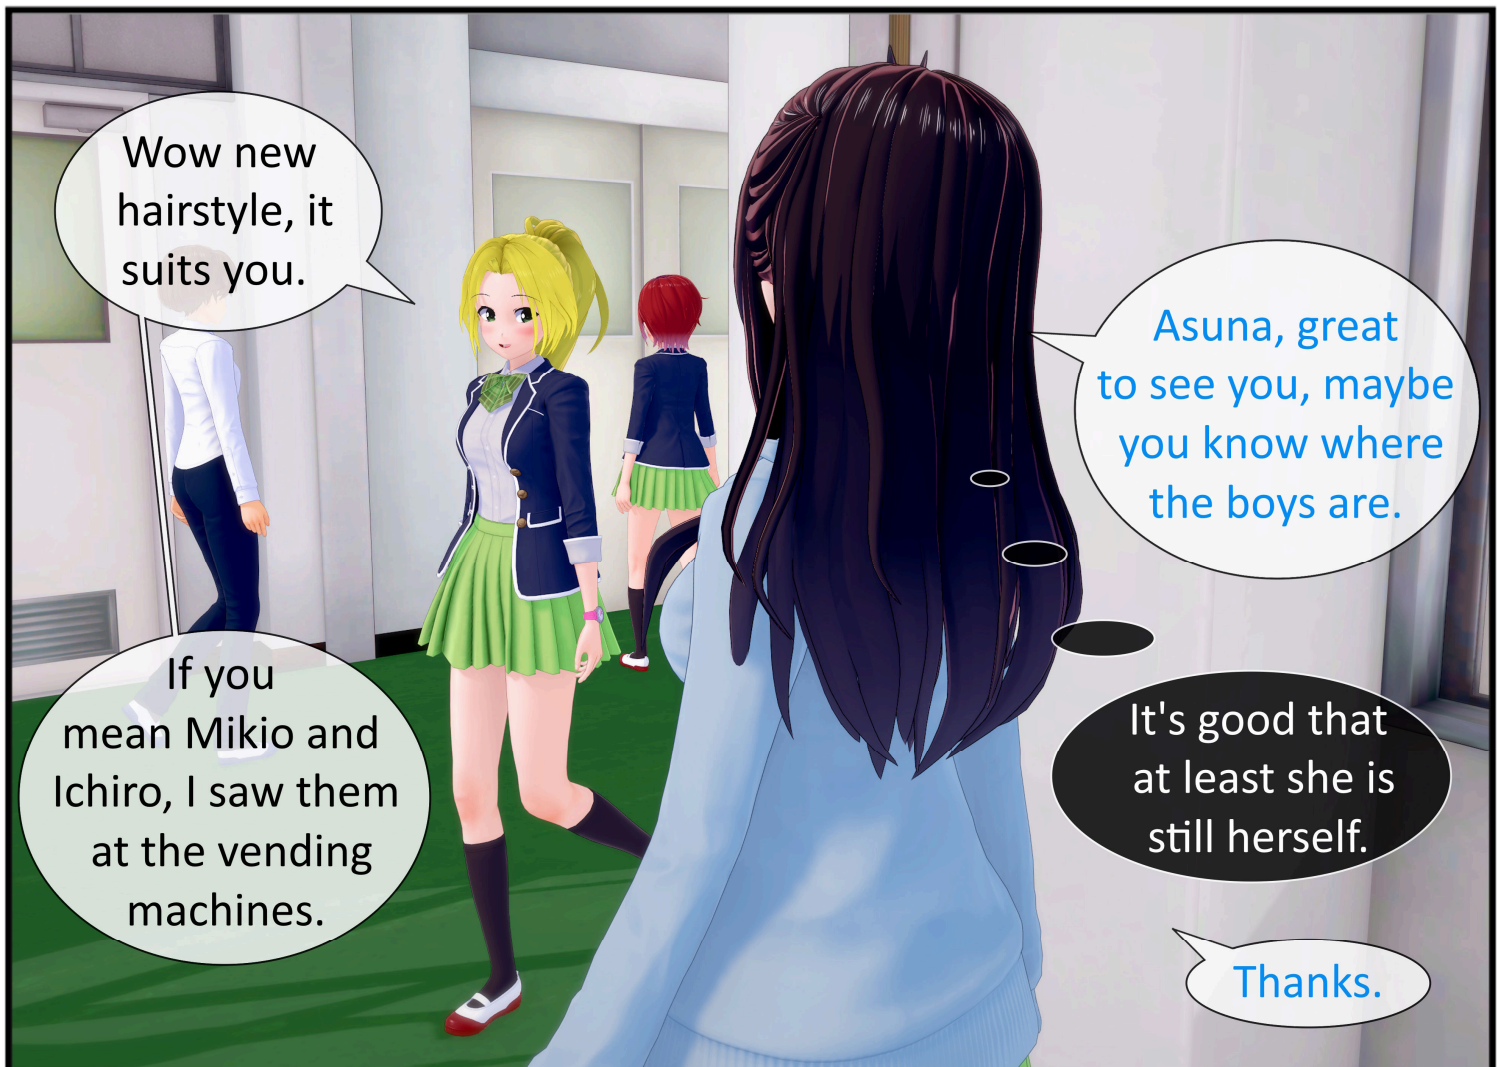

In the corridor...

Just today I must have forgotten my phone.

I will have to borrow from one of the girls.

I mean boys.

Wow new hairstyle, it suits you.

If you mean Mikio and Ichiro, I saw them at the vending machines.

Asuna, great to see you, maybe you know where the boys are.

It's good that at least she is still herself.

Thanks.

Miku probably went to buy her favorite green tea.

Wait but shouldn't you now....

And she ran away.

I have to hurry up.

At the vending machines...

Who is Naomi?

I really don't know who you're talking about.

Don't make fun of me, you know very well who I'm talking about.

But you are our tutor

Is this supposed to be some other sick lesson for me?

Angry

Small, with black hair, looks a bit Russian and has a German accent. She claims to be from Poland.

confused

Sorry but now I totally don't know who you are talking about.

Wow. Her family must have an interesting history.

And back to the lesson...

What?

I won't be able to come today unfortunately.

embarrassed

Sorry, I have a very important recording session today.

What is this Feeling. I feel completely dominated.

And at the same time so safe.

And anyway, you weren't supposed to meet Zian.

You said something earlier.

What?

Maybe he will remember something.

I don't know but I saw him going to the warehouse.

So I can not come to the lesson today?

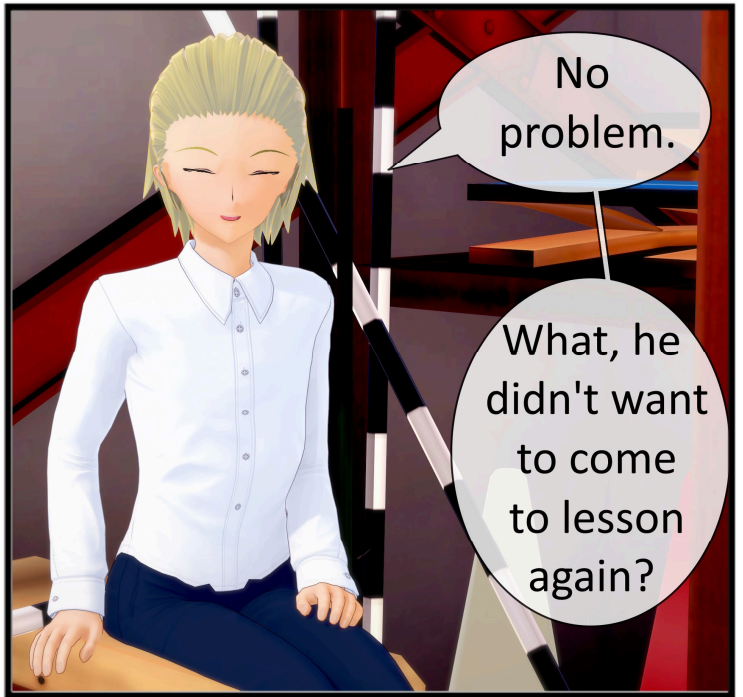

Where was I supposed to meet him?

Yes, do what you want.

School warehouse...

Sorry for the delay, I still had to yell at Ichiro

Zian met another angel, maybe in that case he will still remember something.

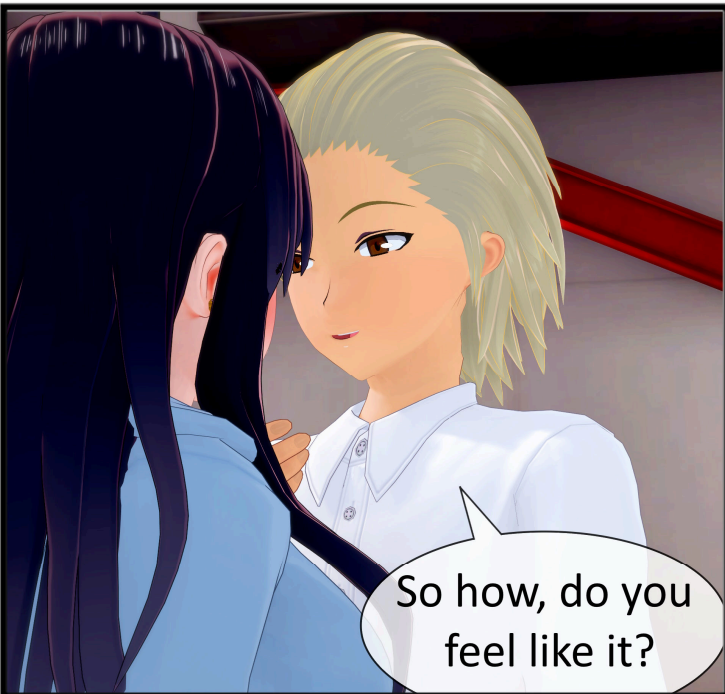

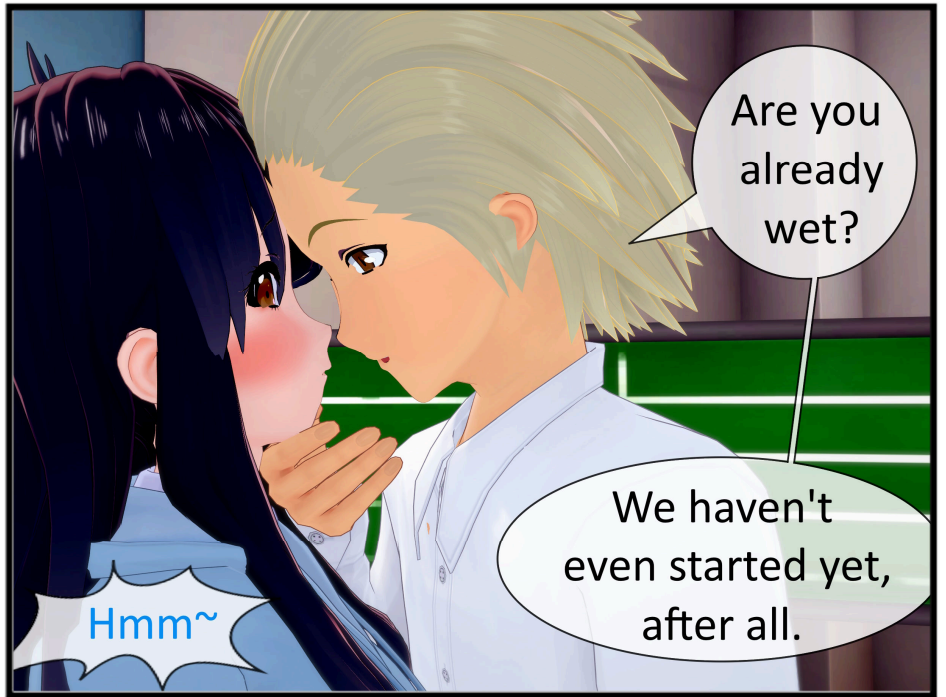

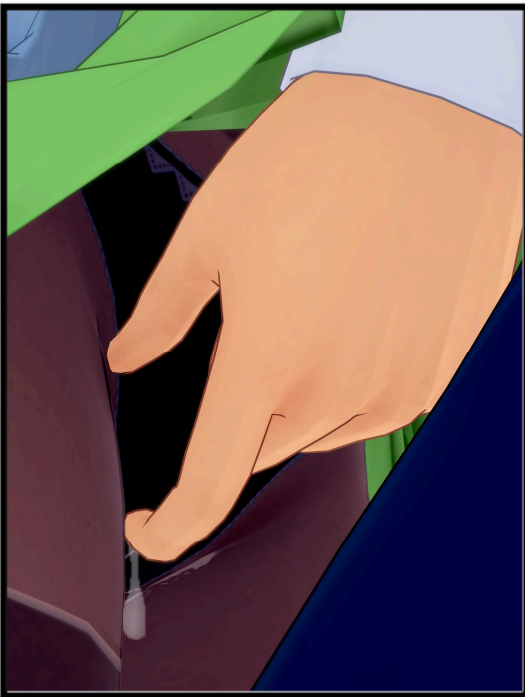

Surprised

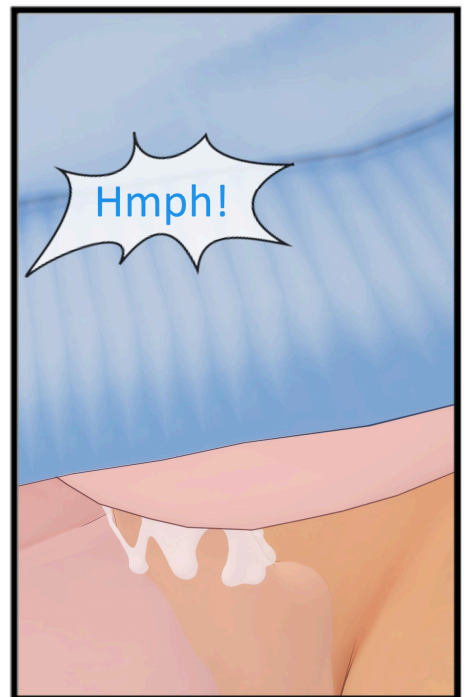

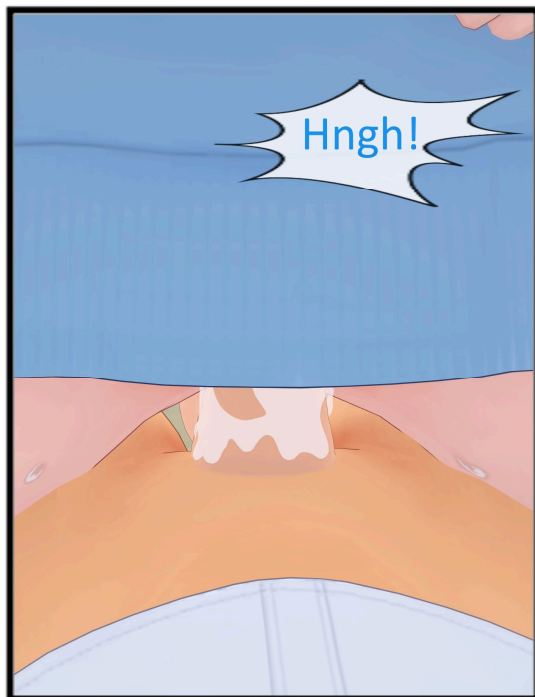

What is he doing!

We are not at work now

Well... I hope at least this will make you feel better.

KISS

In the morning...

What?
Was it just a dream?

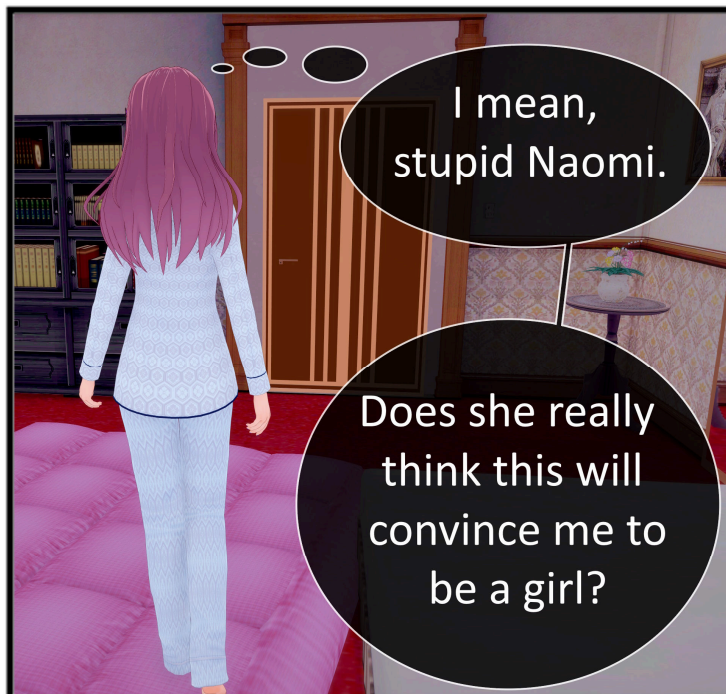

Why
do dreams
always end
at the best of
moments?

Disappointed

I mean,
stupid Naomi.

Does she really
think this will
convince me to
be a girl?

Although
I have to admit that
girls in male forms were
super handsome.

I wonder if they would
really look like that if they
were born guys?

Especially
Miku.
