

# Chapter 4

In small steps.

Hi Ichika.  
Nothing happened,  
I also just came.

So these  
are your  
sisters?

Yes, they  
are. hehe

Nice to  
meet you girls,  
I'm Erika.

Introduce  
yourself.

You have  
to forgive  
her, she's a  
little shy.

Nice to  
meet you too, I'm  
Mutsumi-chan.

But what?

What was  
that before?

Your  
voice sounded  
completely  
different.

That, that was my vocal voice.

I use it for singing.

Hmm ... Her voice sounded very different before than it does now.

I have got some idea.

Could you teach me this trick?

I would like to make a joke to someone.

Actually, it's not a trick.

And it's pretty hard to learn.

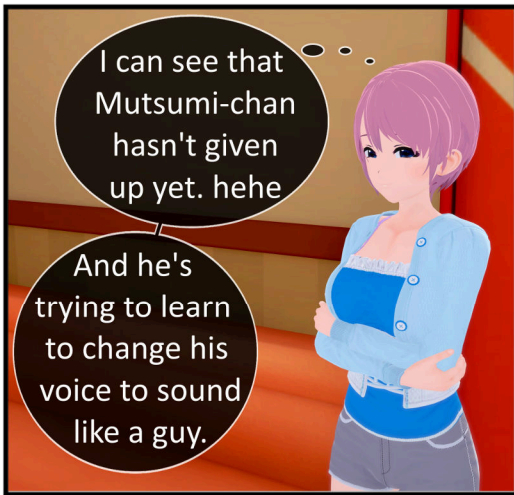

But I think I can give you some tips on how to do it.

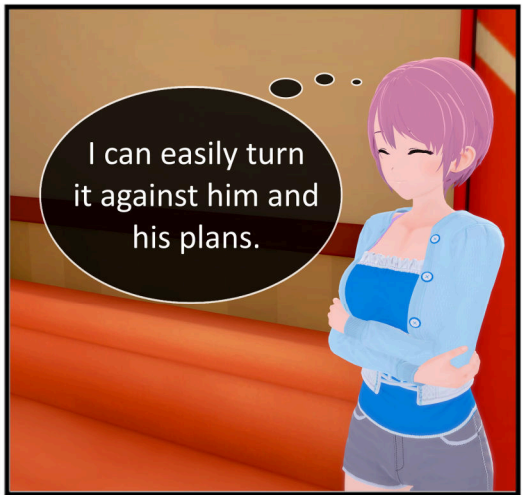

Yes.

Maybe I can finally get my voice back.

I can see that Mutsumi-chan hasn't given up yet. hehe

And he's trying to learn to change his voice to sound like a guy.

I can easily turn it against him and his plans.

Erika, can you also give us some advice on how to become a singer?

Maybe ~

What, are you planning a change of profession? hehe

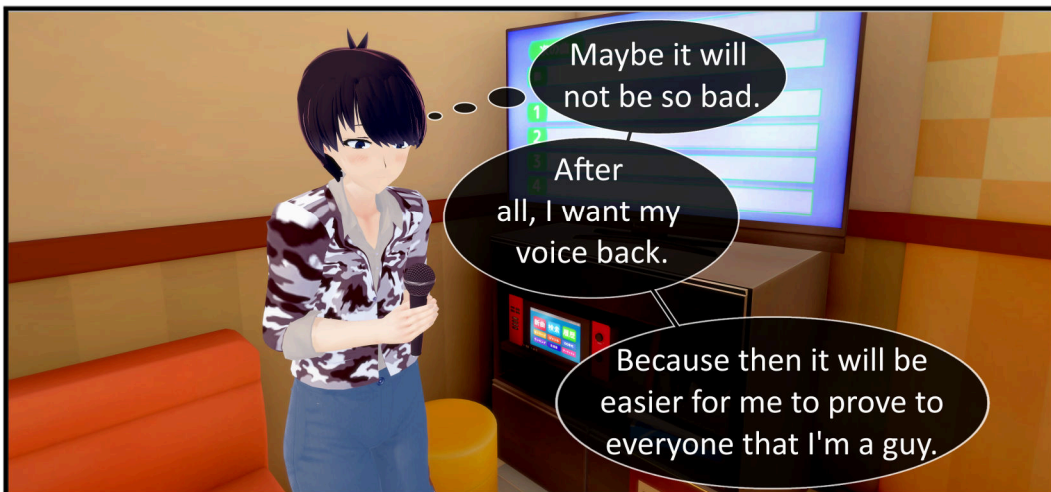

Then I would be glad to give you some advice.

Excellently!

Now I just have to wait for the results of my work.

At least one thing I can recover.

After a while...

It's a bit humiliating.

But if my plan is to work and I want my voice back, I must do it.

How do I change my voice?

OK, you will see the text on the screen in a moment.

Try to sing at the same speed that the text is highlighted.

We'll get to that in a moment, first the basics.

While "singing"?

Karaoke was a bad idea, however.

Please, let it stop.

What is this?

Is he doing it on purpose?

I never thought karaoke was so much fun.

I have to do this more often.

Especially since I think I have a talent for it.

We are the brides!  
We are the brides!  
We are the brides!  
We are the Peace!

Stop!!!

Stop singing!

Okay.

Now sing the same song again.

Because it was. That's why you will sing this song again.

But this time, sing this song like it's a song about you

What, but you said it was awful.

I will try.

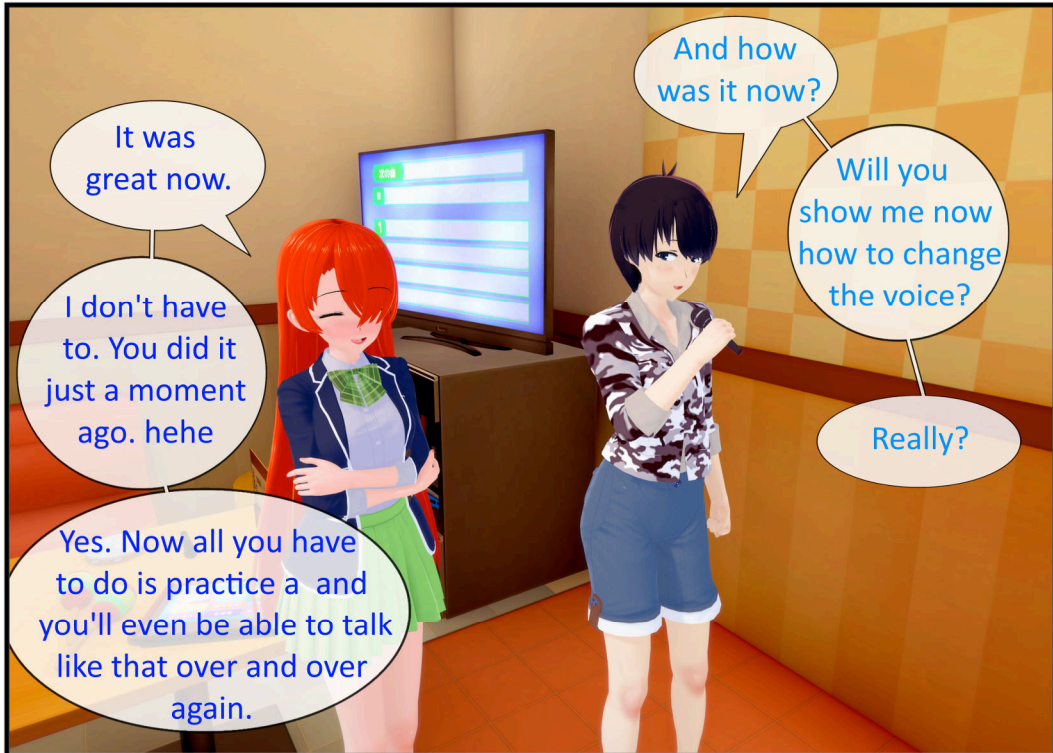

No, again?

Erika. Maybe enough rehearsals for today?

It was great now.

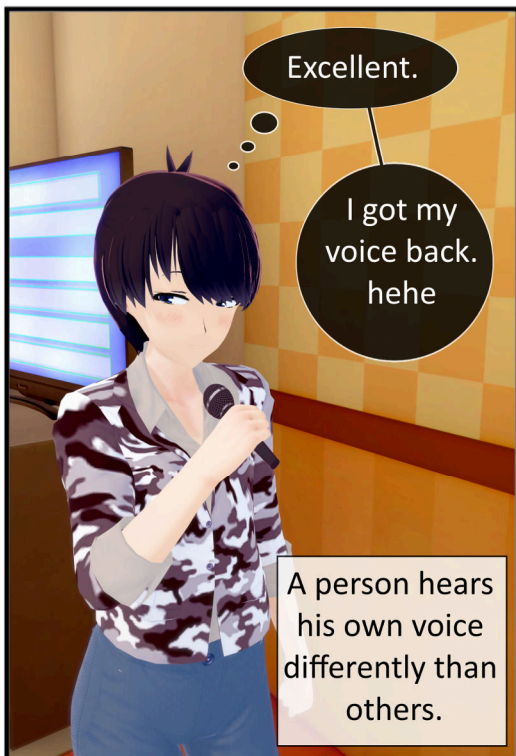

And how was it now?

Will you show me now how to change the voice?

I don't have to. You did it just a moment ago. hehe

Really?

Yes. Now all you have to do is practice a and you'll even be able to talk like that over and over again.

Excellent.

I got my voice back. hehe

A person hears his own voice differently than others.

Great, it turned out even better than I thought.

A little more and you will be my Mutsumi-chan.

In the evening in  
Fuutaro's room ...

Test, test

1.2.3.

1.2.3

Futaro practiced  
changing his  
voice all evening.

I'll practice  
a little more,  
and it should be  
perfect.

Apart from  
the voice and  
height, nothing  
has changed.

Besides,  
it's not that bad  
at all.

Who am I trying to cheat?

Not only does everyone think I'm a girl,

My situation is hopeless.

Plus, I'm at the mercy of the girls.

Even worse, I have to wear women's clothes.

Because I don't have others.

\*Sigh\*

Wait, what's in that closet?

After all, this is my room

Then maybe my stuff is here too.

A moment later...

Just as I thought.

Everything for girls.

I was borrowing this money from Ichika unnecessarily.

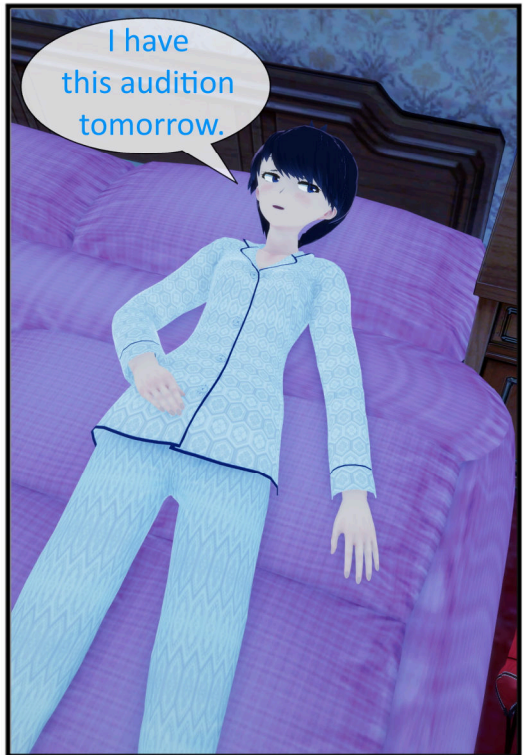

At least I don't have a problem with clothes anymore.

It's a pity that I still don't have any men's clothes.  
\*Sigh\*

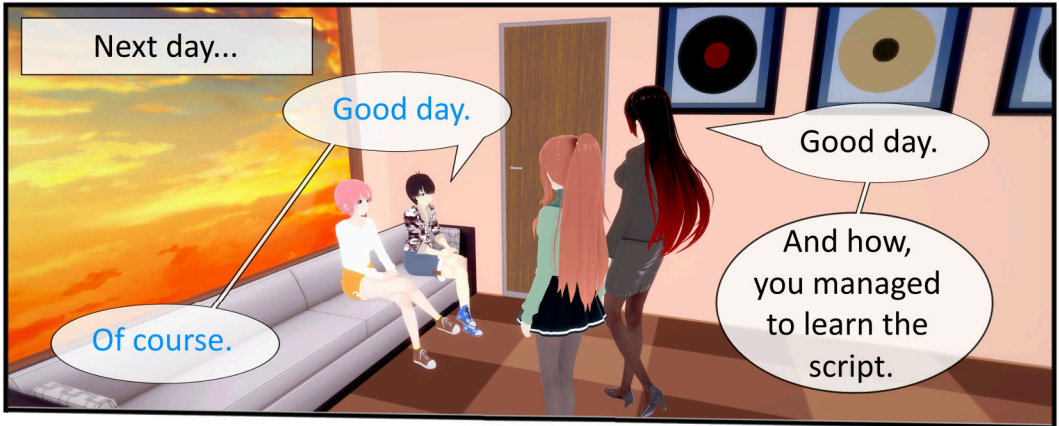

Whatever, I don't want to think about it right now.

Tomorrow is an important day.

I have this audition tomorrow.

A moment later...

Are you ready, Mutsumi-chan?

Yes

Just one more thing.

Today we will record everything so that you can see your mistakes.

Okay?

Yes

Haruna, please turn on the recording.

Recording enabled.

Let's see if you surprise us today.

Mutsumi-chan

During the interrogation ...

He?

Ichika, is this Mutsumi-chan for sure?

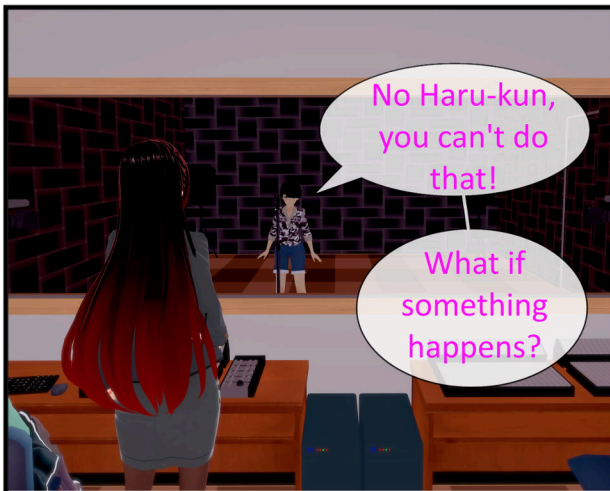

Yes, that's her. hehe

She sounds as if she were someone else.

Not a single mistake.

No Haru-kun, you can't do that!

What if something happens?

Excellent.

I wonder how that sounds.

Haruna, play the rest of the soundtracks, I want to see what that sounds like.

There is only a problem.

We haven't recorded all the sounds of this scene yet.

The clap of the heels is still missing.

Although it's not much.

One of us could wear high heels for a while and the problem would be over.

I even know who.

Ichika, what shoe size does Mutsumi-chan wear?

37 just like me.

Haruna, go to the wardrobe and find a pair of high heels, size 37.

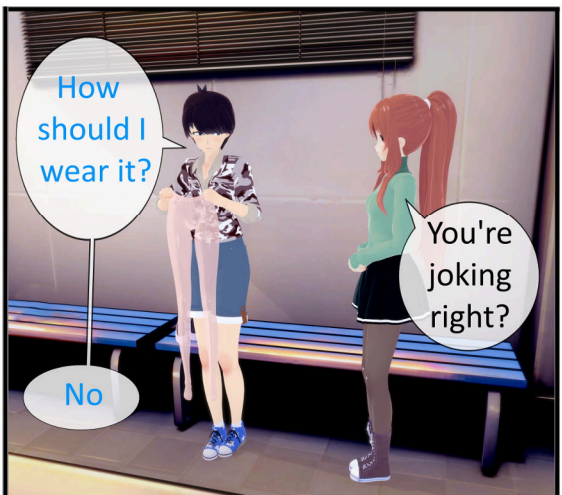

Something's wrong?

Strange, I was sure I was doing well.

Hope she didn't find out I'm a guy.

Have you never worn pantyhose?

No

After all, what kind of guy wears pantyhose?

Strange girl.

Well...

It's best to sit on something and then gently slide it over your feet.

Then you slowly pull them up on your legs and you're done.

This doesn't sound too complicated, I just have to be careful, apparently.

After a while...

And it's ready.

It went easier than I thought.

I must admit that they are even comfortable.

hehe. I don't believe I really do this.

Now I understand why girls wear tights instead of socks so often.

They are just much more comfortable than socks.

I could even get used to this feeling.

\*Rub\*

A moment later..

Ready.

It doesn't look that bad at all.

Who am I trying to lie to? It just looks awful.

\* Sigh \* Well, let's get it over with.

Not bad.

I thought walking in high heels would be more difficult.

Yes, they are a bit uncomfortable, but this one time somehow I can do it.

Now, slowly ...

It looks.

Okay. I will help you get up, and we go to the others, they have been waiting for us for quite a long time.

A moment later ...

Sorry,  
I can't walk  
in these shoes.

I know. While you were gone, Ichika told me it was your first time.

So it would be even weird if you could walk in them. hehe

But don't worry, I'll show you how to walk in high heels.

Is it really necessary?

After all, it has nothing to do with this job.

Of course. So put on your high heels and let's get started.

hihihi...

I'm going to die laughing, Risa really wants to teach Mutsumi-chan to walk in high heels.

After Fuutarou put on his heels ...

Ready.

So let's get started.

Imagine you are walking in two parallel lines and have each foot stick to its track.

First put your heel on the ground, then smoothly shift the weight onto your toes.

Okay, I think that's enough.

Now go to the interrogation room, we'll do one more try at the end.

And we'll sign a contract next week.

I'm looking forward to it.

Great, finally I have a job, now I can pay off my debts.

But there is something that bothers me.

The feeling of the pantyhose rubbing against my shaved legs is slowly starting to drive me crazy.

But I have to hold on a while longer.

I'm a little surprised that Risa hasn't noticed it yet.

In the interrogation room ...

Maybe it's because of my wish?

It would make sense, I finally wished myself to be one of the girls.

That's why I look like a girl to everyone.

But now I need to focus.

After all, I need this job to pay off this debt.

Oh no!  
He's gone,  
what should I do now?

Maybe I should follow him, after all this is my only chance?

Perfectly.

\*klik\*

Some time later..

Thank you.

I am impressed with your improvement, Mutsumi-chan.

Next time we will sign a contract and start the real recording.

Nothing, I just forgot to take off those tights.

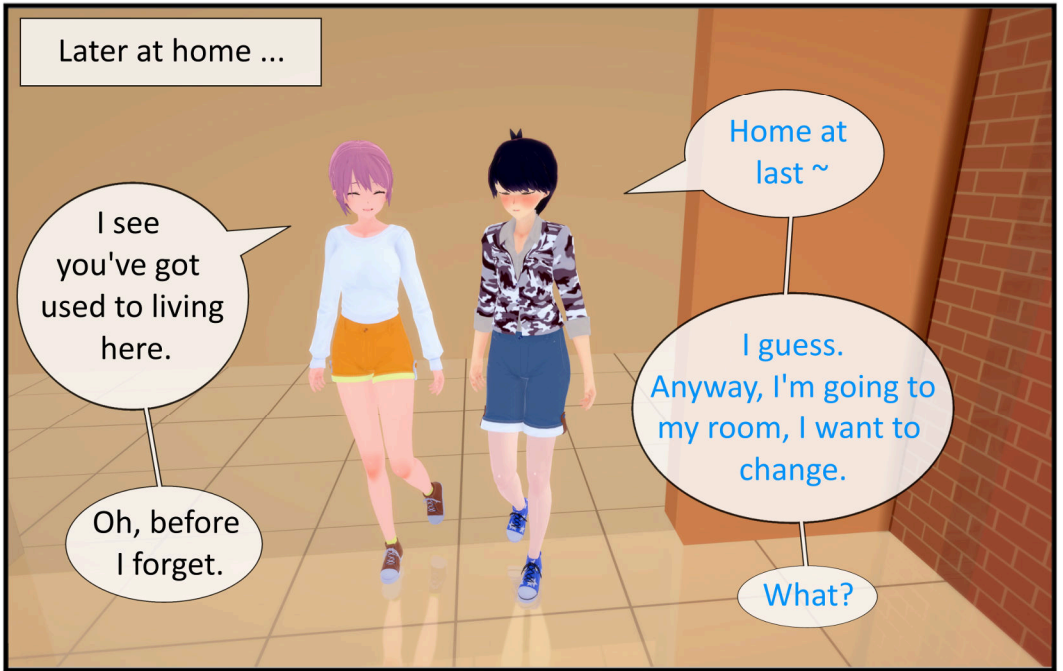

Is something wrong, Mutsumi-chan?

Hehe. Keep them.

I have to take these tights off as soon as possible, otherwise I will go crazy.

I guess Mutsumi-chan is not used to tights. hehe

Later at home ...

I see you've got used to living here.

Oh, before I forget.

Home at last ~

I guess. Anyway, I'm going to my room, I want to change.

What?

You did great today.

Er ... Thanks.

In Fuutaro's room ...

What's wrong with me.

Why does wearing women's clothes make me so excited?

That feeling.

When they rub against my skin.

It's just unbearable.

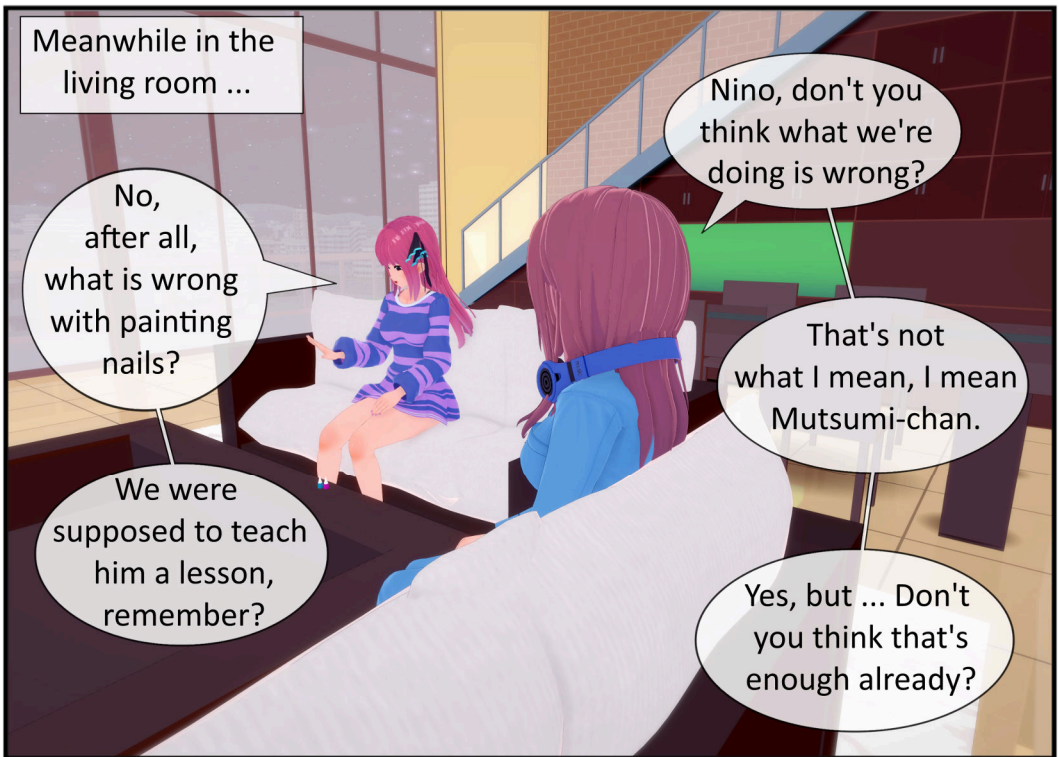

I know I shouldn't be doing that here.

But I can barely stand it.

Besides, who knows how long I'll be staying here.

Maybe a week, maybe a month. I can't take that much.

Meanwhile in the living room ...

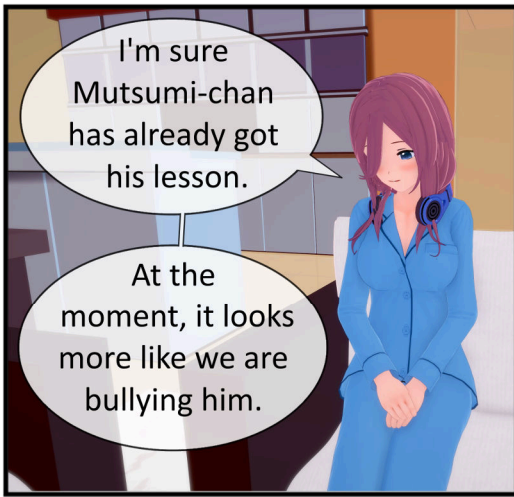

No, after all, what is wrong with painting nails?

Nino, don't you think what we're doing is wrong?

That's not what I mean, I mean Mutsumi-chan.

We were supposed to teach him a lesson, remember?

Yes, but ... Don't you think that's enough already?

I'm sure Mutsumi-chan has already got his lesson.

At the moment, it looks more like we are bullying him.

I guess Miku is right.

This is starting to be just plain bullying.

After all, this has been going on for over a week.

And we were only supposed to give him a lesson.

Miku, damn you, now I feel guilty.

I don't think I have a choice.

You're right Miku. Mutsumi-chan has been living with us too long.

Yes, but only because his presence here is starting to irritate me.

So we will help him?

A moment later...

I was expecting one of you to want to help Mutsumi-chan.

But I didn't think it would be you Nino.

And to achieve this, you are ready to sacrifice your own wish.

It's not that I want to help him, I just want to get him out of our house, that's all.

Something strange about that?

No, absolutely. hehe

Weird ~

The doors are closed.

What is why you don't come in.

Maybe Mutsumi-chan is busy with something and doesn't want to be disturbed.

Don't worry, I am sure that when he hears what we want to do, he will forgive us for our intrusion.

\* Sigh \*  
Looks like I have no choice.

What are you doing?

How did you do that

\*Klik\*

I'm an angel, did you forget?

Rather a burglar,

In Fuutaro's room ...

Ah, don't complain, I finally opened the door for us.

Right~

What is this ?!

Yes! Yes! Just like that!

I've waited so long for this.

Ah ~ Finally.

Does he always do this when he is alone?

I promise it won't happen again.

I guess I just lost my chance.

Do not worry about that.

Naomi, my wish, I want Mutsumi-chan to be a real girl.

Are you sure you want this?

Yes, I never want to see it again.

Don't wait, Miku!

I'll do what you want, just don't do it.

I'm not Miku, I'm Nino.

What are you waiting for, turn him into a girl at last.

You hit her so hard she passed out.

Yes.

What happened to her?

Really? I did this?

Ymmm ... I hope she won't be mad at me for that later.

Mutsumi-chan, get dressed. we have to bring her to my room.

Unfortunately, your punishment will have to wait.

I guess I'm lucky. hehe

Maybe even forget my punishment.

A moment later...

Hehe. It happened exactly what I had hoped for.

Nino was so taken up by what she did that she completely forgot about my punishment.

Fortunately, because I wouldn't like to be turned girl.

I have to be more careful in the future.

Strange because I was sure I closed the door.

Never mind, just a pity that I lost my chance to return to normal.

I hope there will be more soon. For now, I should be glad that Nino has forgotten everything.

A few days later...

However,  
she has not  
forgotten ~

Of course,  
in the end it  
would be too good  
to be true.

15 minutes early  
on the toilet ....

I can't believe  
I'm doing it  
again.

And as  
we talked, you  
correct the math test  
for me and I will  
pretend that I didn't  
see anything  
then.

It can't be  
successful.

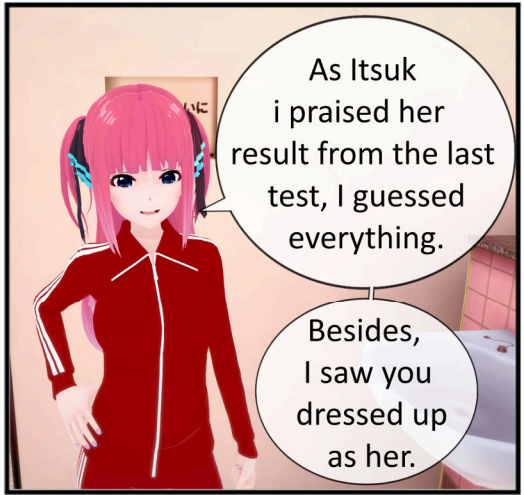

They won't  
believe that  
I am you.

No  
worryes.  
If you managed  
to pretend to be  
Itsuki, you will  
succeed this  
time too.

How do you know I was pretending to be Itsuki?

After all, Itsuki and Ichika promised not to tell anyone about it.

As Itsuki i praised her result from the last test, I guessed everything.

Besides, I saw you dressed up as her.

When?

I thought you went to town.

Last week at our house. Do you remember?

No, I was in my room and when I wanted to go get something to drink I was surprised.

Retrospection...

What?

I don't know what they are planning but I'm not sure I want to know.

I'm still not sure if it's a good idea. After all, the fact that it succeeded then does not mean that it will also work this time.

Don't worry, I'm sure you will succeed this time as well.

Plus, you're even starting to look a bit like us.

What? You must be kidding. I am not like you at all.

It must be because of that makeup.

So you wear makeup, interesting.

But it is good. hehe.

Really?

Present...

Incredibly,  
Nino made  
me get my nails  
painted.

Hope it washes  
off easily.

Even though  
it looks cute.

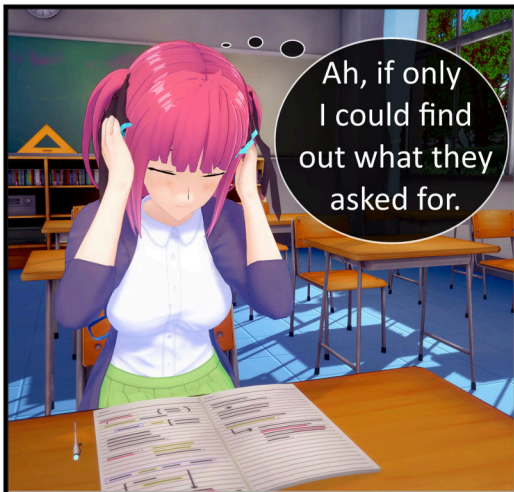

Wait  
what? Did  
I just think  
this looked  
cute?

Now  
when  
I think about  
it, why am I  
even wearing  
makeup?

Something's  
wrong here.

Did any  
of the girls  
wish for  
something?

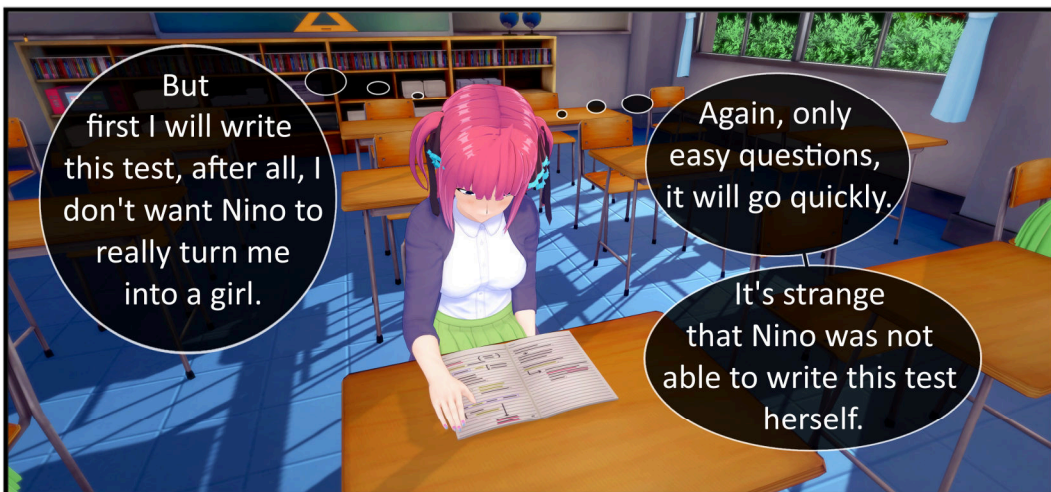

But what?

Ah, if only I could find out what they asked for.

One SEC. but I can

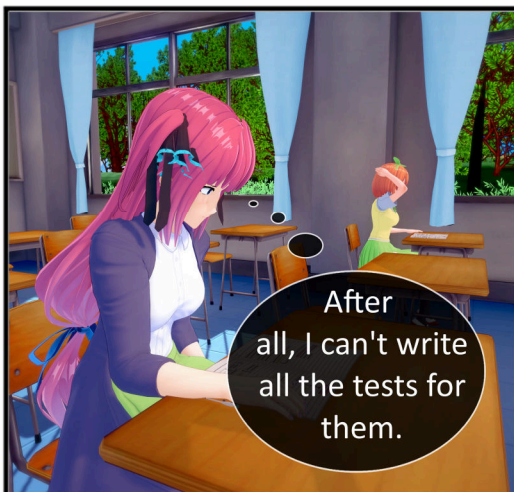

But first I will write this test, after all, I don't want Nino to really turn me into a girl.

Again, only easy questions, it will go quickly.

It's strange that Nino was not able to write this test herself.

I guess I have to start teaching them again.

After all, I can't write all the tests for them.

Moments later, at the back of the school ...

Oh, Nino, this time you called me.

And how, have you already thought about your wish?

Just this time don't knock me out please. No worries, I know it was an accident. hehe.

She probably thinks I'm Nino.

So how, because I don't have all day.

I guess my problems will be over soon. hehe

To be continued...
