NO MORE THAN HE DESERVES.

Lucy was walking down a dark alley, it was nighttime, and you could barely hear anyone around. She always crossed through there to get home faster and never had any issues, but that night was different.

Mitch was looking for his next victim, and that alley was the perfect location. He was wearing nothing but a trench coat and shoes, and he was getting hard just thinking about catching the next girl.

Lucy was very attractive, the kind of beauty you could notice even under the moonlight as she hurriedly walked home from work, so when she crossed the alley, Mitch came out of his hiding spot behind the trash containers.

He jumped out when Lucy was almost next to him so she would have no chance to escape.

“Stop! What are you doing?”

Mitch grabbed Lucy and pushed her against the wall.

“Shut up, bitch!”

He covered her mouth, and with his other hand, Mitch opened his trench coat to reveal he was naked underneath and already hard. He pressed his

dick against Lucy's stomach as he kissed and licked her neck.

Her screams were drowned by his hand as Lucy desperately tried to set herself free, but Mitch was much bigger and heavier than her, and he could hold her there just by pushing his weight against her.

“Please! Stop! Someone help!”

“Are you stupid or something? Nobody is going to help you. But don't worry, I'm not going to do anything bad; I'm just going to play around with you for a bit.”

“If you don't stop you'll be sorry!” She yelled defiantly.

Mitch had been stroking his dick, but now he started to touch Lucy over her clothes. First her tits, then her ass, then her pussy underneath her skirt. Mitch ripped her tights to finally touch her pussy directly while his dick stained Lucy's shirt with semen as he did.

But before he could do any of that...

BOOM!

Mitch fell to the ground, feeling numb and pain all over his body at the same time.

“W-What's going on?”

Mitch hadn't realised Lucy had tased him with a little handheld taser she had in her purse. She leaned over and tased him again on the ground as she screamed for help. Less than a minute had passed, and someone had already arrived. They called the police while Mitch was still on the ground, unable to stand up as Lucy tased him every time he tried to do so.

The last thing Mitch remembers is seeing a cop getting to the scene and then getting handcuffed. He thinks he passed out after that since the next thing he remembers is being in a cell with a homeless person, two drunk people, and a prostitute.

He was placed in a line up in front of a mirror three different times, along with other men that looked somewhat similar to him or at least were about the same age, height, or had some characteristics that resembled him.

After that, a couple of days passed, and he got called to testify. In the courtroom, there were three women he recognised. They were all victims of him; he had sexually harassed them in the past. Lucy being the most recent.

The other girls were Laura and Linda. He had a thing for girls with names that started with an 'L,' and he stalked them until he eventually cornered them to touch them while he masturbated and came on them. He didn't rape them because he knew if he got caught, it was over for him. Besides, what he did to them was more than enough for his kink.

The State had provided him with an attorney since he couldn't afford one. He thought he was doomed to rot in prison for at least several years, but his attorney had other plans in mind.

In the trial, the three women identified him as their harasser and told their story in detail. None of them had any proof, but Lucy had a witness, the man who came to help her and called the police along with the police report of that night. Not only that, but the other two women had given a description that perfectly matched Mitch when they made their accusations to the police, as well as identified him in the police lineup.

Marcus, his attorney, had a talk with him regarding his situation.

"I'll be honest with you, Mitch. It doesn't look good. If it was only the harassment allegations, I could have given you an easy out, but you got caught in the act."

"I know that already! Just tell me what I can do. I'll do ten years of community work before having to step into jail. The sexual harassment and rape felons get the short end of the stick. I'm going to get fucked, literally."

"I have a couple of options. Just to be sure, you would be willing to do anything to not step in jail, right?"

"Right. Why? What are my options?"

“Right now, none. But I’ll negotiate with the victims and the judge, and I’m sure we can work something out. Trust me, I have gotten people out of worst situations.”

“All right, I’ll trust you, just get it done.”

The next day, Marcus had a hearing with the judge, along with Lucy, Laura, Linda, and the lawyers of all of them.

“Good morning, everyone. I would like to reach an agreement today regarding the fate of my client. He would be willing to plead guilty under a couple of conditions. He will be placed on the sexual offender list, and he is willing to do an indefinite amount of community work hours. Any other compensations he would need to provide to the State or the victims like bail or monetary compensation for emotional trauma are also on the table.”

“Basically, you are saying your client would do anything except being in prison.”

The judge looked at Marcus over her glasses while writing something down in her notepad.

“That is correct, your honour.”

“Very well, what do the prosecutors think?”

Lucy stood from her chair, slamming her hands against the table.

“Like hell! He needs to rot in a cell.”

Her lawyer calmed her down while the judge ignored her.

“I have a proposal here that may be of everyone’s interest.”

The judge pulled out a folder and opened it as she adjusted her glasses.

“I know Marcus from years back, he is an excellent attorney, and he will manage to get his client three years at most if he pleads guilty. Since it seems some of you will see that punishment as lacking, I will present a new type of punishment that has just been presented recently.”

Everyone, including Marcus, looked at the judge, wondering what it could be.

“It still hasn’t been made public, so I advise discretion. If all the parties agree to it, the accused will be placed in a confined space resembling a tank underground where his face will be directly facing the opening of a toilet. Once there, and for thirty days without fail, the people affected by his actions will be able to release their excrement and urine as he is forced to consume and drink them.”

Everyone was *astonished* by what the judge had just said. Marcus’ face was the only one that didn’t have his mouth open.

“I, for starters, agree to it in the name of my client, as I already have clearance from him to agree to anything that will allow him to stay out of prison.”

The women looked at each other in disbelief until they finally nodded in agreement. They all agreed to the bizarre punishment, and the process got started. The next morning Mitch got called into court again.

Mitch still had no idea of what to expect, but for some reason, he trusted Marcus.

“Since the defendant has pled guilty of all charges, and thanks to his attorneys’ negotiations, he was given the option of three years in prison or a new type of punishment for only a month. Since his attorney chose the latter in his name, that will be his sentence.”

Mitch smiled with his mouth wide open upon hearing Marcus had managed to keep him off prison. He didn’t even care what the punishment was.

“Mitch Jones, I hereby sentence you to thirty days as a toilet slave for the women you have made suffer. May you suffer as they did.”

Mitch's smile quickly disappeared and was replaced by a face of confusion as fear of the unknown crept in. He didn't know what the judge meant, but it sounded like something he didn't want, ever.

The women he tormented, standing all the way to the opposite side of the room, were the ones to smile now.

After that, Marcus explained everything to Mitch, who was astonished by his explanation.

"Wait, are you seriously telling me they will be shitting and pissing in my mouth? and I won't be able to do anything?"

"That's correct, not only that, you are to consume everything, or the punishment will not be counted as completed."

"This is a fucking joke. You are all insane!"

"I certainly am not. You said to do anything to keep you off of prison, and I did. You just have to endure it for a month, and then you are a free man. And since it's an experimental punishment, nobody will find out. Not even the women are allowed to divulge the information of what they will do to you."

"And how will that even work? Am I going to go to each of their houses and eat their shit?"

"No, you will be placed in the toilet of a private house that has been arranged for the three of them to live for the full month while they also receive therapy to overcome the mental trauma of their experience with you."

"Fuck that. So I'm going to have to be trapped there twenty-four seven?"

"No, you will be able to come out at night time, while they sleep to eat, go to the bathroom, take a shower, or anything that you may need. Regarding your sleep, you will have to sleep during the day. Every time they open the door to the bathroom, you will receive a slight electric shock designed to wake you up, so you are ready to consume their excrement and drink their urine."

“This is bullshit. It’s torture!”

“It is not. It’s something you agreed to, or more specifically, I decided to take it in your name. It may be somewhat extreme, but no other punishment will end in just thirty days. Compare it to at least three years in prison, and you will realise you are a fortunate man.”

“Whatever, man, fuck you, let’s just get this over with.”

The punishment began about a month after the sentence. They used a particular house that was usually used for the witness protection program since it had an emergency basement. They made some modifications to the house, and now the basement was completely cut off from the house. They created a separate entrance for it from the outside, and the only connection from the basement to the inside of the house was the toilet.

The first one to arrive was Mitch. The guards guided him inside the basement; they showed him the inflatable mattress where he could sleep, the pantry full of canned food and bottled water, which would be the only thing he could eat, and a tiny toilet. The entire place was about the size of a jail cell.

They left the best part for the end. He would have to go up some stairs to reach the tank where he would lay with his face facing the end of the toilet the women he harassed would use. After the tour was over, the guards left, and they locked the door behind them, trapping him there for the next thirty days.

The next day the women entered the main house. They were given a tour; each one had their own bedroom; the kitchen was gigantic, and they had a personal chef so they could eat and drink whatever they want and as much as they wanted. The more, the better, since more food means more shit, which in turn becomes a sterner punishment for Mitch.

The first day they dedicated themselves to enjoy the house and their little month-long vacation, but when it was time to go to the bathroom, Linda and

Laura started having second thoughts. They both wanted Mitch to suffer, but they were also embarrassed and disgusted by the fact he would be eating their shit and drinking their piss.

Lucy, on the other hand, was eager to start. She went to the bathroom as soon as she felt a slight need to go. She went in and locked the door behind her; she was going to take her time and enjoy this.

She unbuttoned her jeans and unzipped them while Mitch, hearing the door, started to mentally prepare for the beginning of his punishment. She sat down, and Mitch could see her pussy and her asshole.

“Hey, this might not be so bad after all.”

As he thought about that, Lucy began to urinate, and all of her stinky yellow piss went straight to Mitch’s face. By the time he reacted and opened his mouth, he was already completely wet all over. His face shined with the yellowish color.

He drank the rest of her urine without trouble, gulping down a couple of times and licking his lips at the end out of instinct. Lucy stood up, pulled up her pants, and got out.

Lucy was ecstatic about having just peed the man that harassed her on the face. On the other hand, Mitch wasn’t as excited; however, he wasn’t that mad either.

“That wasn’t terrible. And I also got to see her pussy. Maybe thirty days won’t be so bad, especially since after that, I get to be a free man.”

But what Mitch didn’t know is that it only got worse from here on out.

Lucy went to the living room to tell Linda and Laura about it.

“Girls, you have to try it out!”

“I don’t know; I’m still not super comfortable with it.”

“Yeah, like, I don’t want him to see my private parts.”

“Oh, but trust me, you won’t care that he is watching anything of you when you are peeing right on his face. I can only imagine how good it will feel to shit on him, knowing he has to eat it all.”

“Well, you do have a point. I do want him to suffer for what he did.”

“Then let’s do it! Let’s ask the cook to make us a feast, so we have a lot to shit on him!”

And like that, the women asked the cook for a bunch of different dishes, and after a couple of hours, everything was ready. They ate like there was no tomorrow. Beans, lasagna, spaghetti, pizza, everything they could come up with in the spot. A couple of milkshakes to top everything off, and they were ready to just wait.

After about three hours, Linda was the first to feel the pressure in her bowels.

“Girls, I’m ready.”

“Good luck, Linda.”

“Fill his fucking mouth!”

Linda went to the bathroom, and just like Lucy, she took her time. She locked the door and pulled down her skirt. Mitch smiled, thinking he liked Linda’s pussy more than Lucy’s. His smile vanished quickly when Linda released her first fart. The smell was horrendous and unlike anything Mitch had ever experienced.

Linda giggled when she farted, which made her fart again, and this time it was a longer, warmer, and even more pungent fart. Mitch was disgusted, but a sudden thought crossed his mind, horrifying him. The idea of her shitting something even worse than those farts.

Linda knew she was ready, and she relaxed as her asshole opened up to give way to the turd she had been carrying. As it passed through her, the smell

tortured Mitch while he reluctantly opened his mouth. The log of shit finally left Linda's asshole, and it landed right on Mitch's mouth, which made him gag more than he ever did. It took him a while to gulp everything down. Linda had already cleaned herself, pulled up her skirt, and left before he could even finish chewing on her shit.

Mitch was left sweating, disgusted, and breathing heavily. Not to mention he had a taste in his mouth that he was desperate to erase and never remember, but it was a taste that would be present the entire month.

Not much time passed until Laura came by to drop a package on Mitch as well. she had been drinking a lot of wine as well, so it was a two for one. As soon as the door opened, Mitch was already dreading what was to come. With every slight sound of the lock on the door, the footsteps, and Laura pulling her dress to sit down, Mitch knew what he was dreading was getting closer and closer.

First, Laura relaxed her bladder, showering Mitch with her golden nectar, and before he could even switch his mindset for what was to come, she began to shit on him. Unlike Linda, Laura usually had a perfect diet and exercised regularly, so her shit didn't taste or smell nearly as horrible as Linda's. She also shat various small turds, which were easy for Mitch to chew on like little chocolates and swallow the remains.

When she got finished, she laughed as she cleaned herself and got out of the bathroom.

Mitch noticed it didn't take as much effort to eat Laura's shit as it took to eat Linda's. He thought that maybe this would be easier than he thought. He would simply have to endure Linda with all his might.

Sadly for him, he was mistaken; the worse, again, was yet to come.

Lucy got constipated and didn't shit for the entire day. When nighttime approached on the second day, the other women got worried and told her she might need a laxative.

She listened to them and asked the cook for a laxative. After taking the medicine, she waited for it to take effect. Not one hour had passed when she felt her shit pushing through and rushed to the bathroom.

Mitch felt relieved since Linda had just passed by, so this had to be an easy task. When Lucy let out her first fart, he knew he was mistaken. It was far worse than anything he had smelled from Linda.

Lucy grunted as she let out a blast of diarrhoea right on Mitch's face. Even though he had aligned his mouth to where they would drop their shit, Lucy's diarrhoea came out with such force and so watery that his entire face got covered by it.

Lucy screamed as the laxative made her shit out even more. This time, it was a sludge between green and brown that tasted worse than it looked and smelled, which was already amazing to begin with.

The other women came into the bathroom when they heard her scream, but she explained it was just the laxative.

“Oh, god, it reeks in here!”

“Sorry, I guess that’s what happens when you don’t take a shit in two days, right?”

“Was it a lot?”

“Oh, it is a lot and is still going. It’s also all watery and is disgusting.”

“Well, I’m sorry that it seems so uncomfortable for you, but I’m glad one of us got diarrhoea before the month finished. It’s the least that bastard deserves.”

Lucy grunted again, letting out one final charge of shit, and it was finally too much for Mitch. They couldn’t hear him, but he threw up in his mouth from the sheer disgust he was experiencing.

“Yeah! Make him eat all that fucking shit. Keep it going!”

“I think that was the last of it.”

“Then get cleaned and step aside. I’ll finish his banquet of shit.”

Laura waited for Lucy to finish, and she sat down. Linda and Lucy stayed to watch as Laura ripped a fat fart to start off. She then grunted as she pushed, wanting to shit as much as possible, so Mitch had no rest.

Mitch was on the verge of madness. His face, lips, mouth, and throat were filled and covered by diarrhoea, and he could see Laura’s turd incoming. Mitch managed to push through one last time and eat that shit. This one was firm and solid, so he had little trouble with it, but he couldn’t handle it anymore. As soon as he ate the last bit of shit, he passed out.

Only a couple of days had passed, and Mitch was already going crazy. He didn’t know if he would be able to push through for an entire month. The only thing he knew, it’s that when everything ended, he would have wished to spend years in prison instead of this torture.

For my fellow sexual deviants.. Keep having fun ;)
