Finally, they were home. Eve was relieved. It had been a long day. They had pumped iron to exhaustion and in the end, Eve only wanted to be done with it. She loved the bite of steel, she loved the focus she needed to forge her ever stronger body, but once in a while, she just wanted to rest and enjoy spending time with her girl.

Outside, the snow was piling up. She said:

“Okay, let’s shower and get into bed. It’s just a little too cold for me right now.”

Lilith laughed. At 6’1”, she was a huge, statuesque beauty. Before she got bitten by the iron bug, she had been a model. Now, she had her hair dyed white and styled into a pixie cut. She had rather small B-cup breasts, but she compensated this with a pair of big and heavy pecs. She had kept her tiny waist and her good looks, the supplements not affecting her for now. Now in her mid-twenties, she had used the last ten years to build a strong, muscular body. She usually kept at a low bodyfat percentage, which made her look ripped and rather veiny.

Eve, on the other hand, was shorter. At 5’8” she was still tall enough for a woman, but next to her lover, she looked a bit tiny. The effect was reinforced by her double-D boobs. While Lilith’s were small and perky, hers were big and heavy. All that dieting was for nothing: The only thing that happened was that her breasts deflated. In the end, she embraced her physique and kept away from the rippedness. Instead, she went with a bigger, more off-seasony look. With her long blond hair and blue eyes, she turned heads wherever she went. Her bronzed body and her skimpy dresses helped.

However, right now, she wasn’t into skimpy at all. Instead, she jumped out of several layers of clothes and disappeared into the bath to take a hot shower. Lilith followed suit a moment later, joining her girl under the hot water. Her green eyes flashed as she saw the beauty sighing happily. The two bodybuilders squeezed into the tiny booth. For them, this was the ultimate proof of their quest for strength and mass.

Eventually, they ended up in the warmth of the bed. They huddled together under the duvet, their strong bodies brushing against each other. Even the short trip

through the rather cold kitchen was enough to make Eve's nipples hard and pointy. Lilith grinned and played with them, something which usually infuriated her partner, who thought it tickled. This time, she seemed to enjoy it.

They kissed. Cuddling was nice too. Usually, they would fuck each other's brains out with a rather big double-headed dildo or lick each other until they came, but right now, a little softness was just what they needed. Over the last ten years, Lilith had gone from stick-thin to Amazonian while Eve had turned her formerly pudgy, overweight body into a powerhouse. Through their training, they had discovered their love and now, they were enjoying it.

Under the covers, it was warm and a little stuffy. Lilith grinned:

"I have something for you ..."

Eve was used to Lilith taking the initiative and she was usually on board with all her weird ideas.

"What is it?"

"Just a little something I got from a friend."

"Is it from Lishka? That girl is crazy!"

"Of course. All the crazy stuff comes from her."

“Do you remember that aphrodisiac? That was amazing!”

Lilith grinned. Oh yes. They hadn't managed to get out of their apartment for a week. They had basically fucked for seven days straight. Eve was in:

“So, what is it?”

“She wouldn't say. She did say that it would be right up our alley, though.”

“Okay. She's a little bit untrustworthy, but ...”

“Oh God. I was so sore after that.”

“Worth it, though.”

Lilith nodded confidently, reached out from under the blanket and shivered.

“We need to get this heater fixed.”

“And we both keep forgetting about it.”

“True. Anyway. Here it is.”

She held up two vials with a green, vaguely viscous liquid. Lilith handed one of them to Eve and said:

“I don’t know what it’s going to do, but I stocked the fridge, so we have nothing to worry about.”

The busty girl grinned:

“Bottoms up!”

They swallowed the serum and waited. Eve giggled. Lilith tried to figure out what was going to happen. For now, things were pretty normal. Then, slowly, she felt an incredible arousal build up inside her.

“Ooh ... This is even better than that other stuff ...”

Eve took a deep breath. She could hardly control herself. She was on fire!

Lilith clearly felt the same, because she abruptly pushed her girl down and climbed on top of her. Eve’s big boobs flopped to the sides. She looked at her huge lover, Lilith’s broad rounded shoulders pushing against the fabric of the

sheet.

They felt the horniness build up in themselves. Eve grinned wickedly and lifted a single finger. Then, cheekily, she ran it over her friend's pussy lips. Lilith gasped and bit her lip.

“Oh yeah ... This feel so good ...”

The thicker girl continued and brushed ever so slightly against Lilith's clit. The taller woman moaned loudly.

“Nice ...”

She pushed her hips down, getting Eve to sink her finger down her cunt, but the cheeky, big-titted woman shook her head mockingly and pulled back. Lilith looked at her in mock disappointment.

“Hey!”

“Wait a little. I want you to beg me!”

“Eve, darling, no. I'm the boss around here. You beg, I may grant ...”

“Then make me!”

“Ooh! I will!”

The taller woman grabbed her girlfriend and pushed her boobs together.

“Oh no, you won’t! Not again!”

“Hah!”

She motorboated her, producing a surprisingly stupid sound. Eve rolled her eyes and sank her fingers into her snatch. That stopped her. Instead, Lilith hiccupped and produced a long, drawn-out purr.

Suddenly, Eve stopped. The white-headed Amazon was surprised:

“What’s up? Why did you stop?”

“Lil, your arm.”

“What’s the problem? What’s with my arm?”

“It’s bigger.”

Lilith looked and her eyes opened wide.

“Okay ...”

Indeed, out of nowhere, the muscles of her arm had swelled, gaining at least an inch in size. Also, her veins were way more visible now.

“Oh my God. That Lishka ... She’s quite the fox, don’t you think?”

“She knows us way too well. I want to get big too!”

Since it seemed to have something to do with their arousal, they decided to kickstart it. Eve pushed Lilith on her back, admiring her girlfriend’s growing muscles. Her abs were already expanding, tightening her already small waist even further.

Fumbling about for a moment, she positioned herself on top of her, getting a good look at Lilith’s shaved cunt. And then, she gave it a good lick. A gentle one, then a more intense one, a swirl and ... That’s when Lilith answered in turn.

Eve made a little jump when Lilith’s tongue hit her clit.

“Whoa! That’s ...”

And a good, deep lick. A gentle curve. A bob, a kiss, a push and ... Eve gargled. It wasn’t too dignified, but she was having a tremendous time.

The two women increased their pace and intensity. Soon, they were cascading through their orgasms, their muscles swelling.

Only when they had to take a break and catch their breaths did they realize what had happened.

“Lil, I don’t know how, but ... damn!”

Lilith looked at her girlfriend and couldn’t help grinning hornily. Her muscles had expanded, changing her broad build into a titanic hulking mass. She was now at least four inches broader, with heavy, rounded shoulders and a thick bull-neck. Cable-like veins ran all over her body, and her breasts had strangely grown even bigger. They had been large before, now they were gigantic. Each tit was bigger than her head and very taut. Her big nipples were swollen and dark now. Eve gave her huge arms a flex and laughed:

“Holy shit! Look at those guns! I’m fucking enormous!”

Her massive biceps swelled and swelled, turning into cantaloupes. Veiny cantaloupes.

“And look at my tits! These got to be the biggest I have ever seen!”

She lifted them with both hands and squeezed them together to make them form an absurd cleavage.

Suddenly, she realized that she wasn't the only one that had transformed. Next to her, her statuesque partner had grown too. Lilith's muscles had equally expanded. While Eve's still maintained their rounded, strangely soft shape, Lilith's were hard and angular. They were ripped and veiny, with hard striations covering them completely. Lilith looked ready for a competition and as far as she could tell, not one for women. With a body like that, she could easily place against most men. And then, there was this “little” detail:

“Lil, I don't want to alarm you, but your boobs are pretty big now too ...”

The tall Amazon lifted her hands to her breasts. She was impressed. It was hard for her to cover them with her fingers. She dug into them, surprised by their softness. With a grin, she flexed her outrageously expanded pecs and made her newly acquired tits shake.

“Bam! This is amazing. Girl, look at my body! This is sick!”

Eve got up and stood above her girlfriend on the mattress. She felt incredibly light now that her muscles seemed all-powerful. She was a weird kind of sexual hulk now, her enormous tits supported by a pair of supercharged pecs. She ran her fingers over her abs. From up there, she could hardly see them, the sight blocked by her huge tits. It did feel awesome, though.

And then, she came.

Lilith had sunk her fingers into her cunt, causing the shorter woman to grunt in an unladylike fashion. Her big nipples tightened and she almost fell over.

Suddenly, Lilith said:

“Say, girl, are you taller now?”

“That can’t be!”

“Look at us! None of that can be!”

Lilith got up, her body bristling with muscles. She kept her hand inside her partner and made her cum again and again. Then, she pulled it out, lifted her up and sat her on her own mighty thighs. The bed groaned with relief as they got off. She grabbed the big double-headed dildo from the nightstand and shoved it inside Eve’s cunt. The other woman’s eyes opened wide. Then she fumbled about, still holding up the massively muscular girl with her thighs only.

She rolled her eyes as she pushed it inside herself. This felt so good ...

The taller muscled woman began gyrating her hips, squeezing Eve against the

wall. The other girl's breasts mashed into her face, almost choking her. It was heaven!

The two muscular young women felt as if they were going to explode. Their bodies were expanding, growing, their muscles getting bigger, harder and more ripped. With every breath, they could feel the masses of their huge physiques swell and move. It was strange that they felt both incredibly light and insanely heavy. Their absurd strength made them able to do things they never imagined, but at the same time, they were very aware just how gigantic they were.

Eve looked down on her lover, her face a blissful expression of complete relaxation. Slowly, Lilith let her back down to the ground. It was a surprisingly long way now.

“Say, Lilith, did you get taller too?”

The hulking white-haired woman looked at the furniture and noticed it was true.

“What the fuck was in that vial? Where did that crazy woman Lishka get this stuff from?”

That's when Eve said:

“Look, I'm lactating!”

How was that even possible? She lifted her monstrous boob and gave her nipple a soft squeeze. A little spot of white appeared on it. Lilith was a bit shocked, but suddenly, there was this sweet, seductive smell in the air. She knelt down next to her gargantuan lover and latched to her teat.

“Oooh, that feels super weird ...”

Lilith could taste her friend’s sweet milk now. It was amazing! Eve sighed. This felt funny ... No, intoxicating! That was the word. It was incredible. She felt another orgasm building up inside her. She squeezed her breasts to push more milk into Lilith’s waiting, suckling mouth. And then, she felt an incredible rush inside her. The milk was flowing out of her now, filling Lilith’s mouth up. The super-sexy Amazon drank as fast as she could, swallowing the sweet, thick milk from Eve’s plump, thumb-sized nipple.

She could feel her belly fill up, but she couldn’t stop. It was just too good.

Eve came with a long, drawn-out howl.

She noticed that her other nipple was now leaking milk on the floor too. Not wanting to let it go to waste, she hefted the big teat with both hands, turned it to her mouth and started sucking on it.

The two women couldn’t stop themselves. The more they drank, the more they craved this. Finally, they couldn’t take it anymore and had to stop. They rolled on their backs, completely exhausted.

Eve took deep breaths, staring at her big, taut tits standing proudly from her muscular chest, her nipples still oozing milk. She asked:

“Lilith, are you still there?”

There was only a gasp in answer. Lilith rolled over and got on all fours. Her muscles were as broad as a doorway now, thick veins covering them like a web. She sighed.

“Oh God, look at my belly ...”

She crawled into view and Eve stared. Where there had been her mighty abs, tight and hard, there was now a spherical belly, making her look nine months pregnant. The strangest part were the abs that were still covering her blimpish stomach. They hadn't split as they would have in a normal woman, instead forming a kind of bumpy track that ran down her front.

Lilith looked at her friend and said:

“You've got it even worse.”

Eve touched her own midsection.

“Wow ... That feels weird, but ... good.”

She smiled.

Immediately, the two women were all over each other again, rubbing their huge, muscular uber-pregnant bellies.

“Holy crap! I can’t believe this.”

“Lil, no one’s going to believe us either. This is just completely out of this world!”

The colossal muscle women ran their hands over their bodies, every touch making them shiver.

“Eve, I don’t know about you, but this feels amazing.”

The other woman grinned and just rubbed her face and tits against Lilith’s mighty belly. At last she said:

“You know what, we should really test-drive those muscles, don’t you think?”

“With those bumps? Won’t people stare?”

“I didn’t mean at the gym ...”

Eve lay down on the ground and called for her friend:

“Okay, get your butt over here!”

She held up her hands and had Lilith sit on them. Her huge thighs rested on Eve’s palms. The white-haired woman said:

“Wow. That belly really screws up my center of gravity.”

“No wonder all those pregnant women walk around all weird. Anyway, let’s get this started. You count out my reps and don’t you dare mess up!”

With these words, she lowered down the gargantuan woman, her enormous arms swelling. Her huge, overblown muscles expanded as Lilith went down and back up again.

“One.”

Eve grinned. She was so incredibly strong, it made her all hot. Every time she lowered Lilith back down, her friend’s mighty butt brushed against her own massive tits.

“Two!”

In a sudden inspiration, Eve let her down again, but craned her head up and gave Lilith’s clit a quick lick. The huge woman almost toppled over as waves of lust crashed into her. She only managed a very slurred “Three ...” before her cheeky girlfriend brought her down again and did it again.

“Gah! Stop it, I can’t count ... No! Don’t stop. Don’t stop, please go on!”

Eve enjoyed what she was doing. Normally, she was the passive partner in their relationship. Lilith would have an idea and she would agree, just focusing on the how, not on the what. And now, suddenly, she had a bit of control. She liked that.

At seven, her muscles were starting to feel the strain. Lilith was huge and heavy and her arms were working hard despite their power. Still, this was amazing. She could feel the blood pump through her thick, cable-like veins. This was pure energy!

“Eight ... Oh God, Eve, this is ... way ... too ... much!”

She was lowered down again, and Eve gave her clit a little swirl. To her surprise, it was her own huge tits’ time to start dripping with milk.

“What the hell?”

“Wow, Lil. This is great! I gotta get a taste of those big boobs of yours! Let’s finish the set and then let me take a lick!”

“Hey!”

“Don’t stop counting!”

Once Eve hit fifteen, she was a bit exhausted, but mostly, she craved her friend’s milk. She lowered her down and Lil rested against her huge swollen belly, Eve’s big tits on both sides of Lilith’s wide back.

Eve asked:

“Did I just get bigger again?”

“Why don’t you get up and we check?”

She sat up and got to her feet.

“Holy crap! I’m taller than the room!”

As far as Lilith was concerned, Eve was at least nine feet tall, probably bigger. And she was ridiculously large. There was no way they could get out of this

room like this. Also, with breasts the size of beach balls and biceps as big as watermelons, she looked like a bizarre uber-pregnant ogress. Her tiny head looked lost between two enormous shoulders.

Next to her, Lilith looked downright tiny. With surprising speed, Eve dashed forward and slammed into her friend. Their bellies collided, distended abs against distended abs. The wall gave up. They crashed through the cheap wood and landed in the back yard. Eve laughed and grabbed Lilith's swollen breast. Hungrily, she sucked on her girlfriend's nipple and felt the gush of sweet milk fill her mouth.

“This tastes even better than my own!”

“You're so crazy!”

The two women embraced awkwardly, their huge bodies in the way. As Eve sucked harder and harder, Lilith started to gasp. This was incredible ...

As her mind started to fade under the incredible arousal, she felt her body grow and expand. She'd have to talk to Lishka. That stuff was way too potent to be used without warning ...

After what seemed like forever, the two women awoke from the daze, lying in the grass. Somehow, their bellies had receded from the effort, but their muscles and breasts had grown even more outrageous. At one point, Lilith had lifted Eve upside down and started to squat. Just watching her humungous thighs come into view had pushed Eve over the edge. Lilith's tongue had only helped.

Eve was cradled against Lilith's huge muscles, her girl's mighty arms holding her close. Something had changed in their relationship, but she couldn't say what yet. She did enjoy being close to her though.

Their mammoth bodies resting, they slowly realized that they were now the biggest and most incredible bodybuilders on the planet. They were huge, tall, ripped and so incredibly busty that they out-boobed most porn stars on the planet. They were also so enormous that there was literally no way they could fit into their house, not even on all fours, since they didn't fit through the doors.

They couldn't care less.

Right now, they felt at peace.

Lilith sighed and said:

“I love you, Eve!”

“I love you too. My big-ass Amazon!”

“My big-assed muscle goddess ...”

They kissed. It was good.
