

Hey Girls, look this!

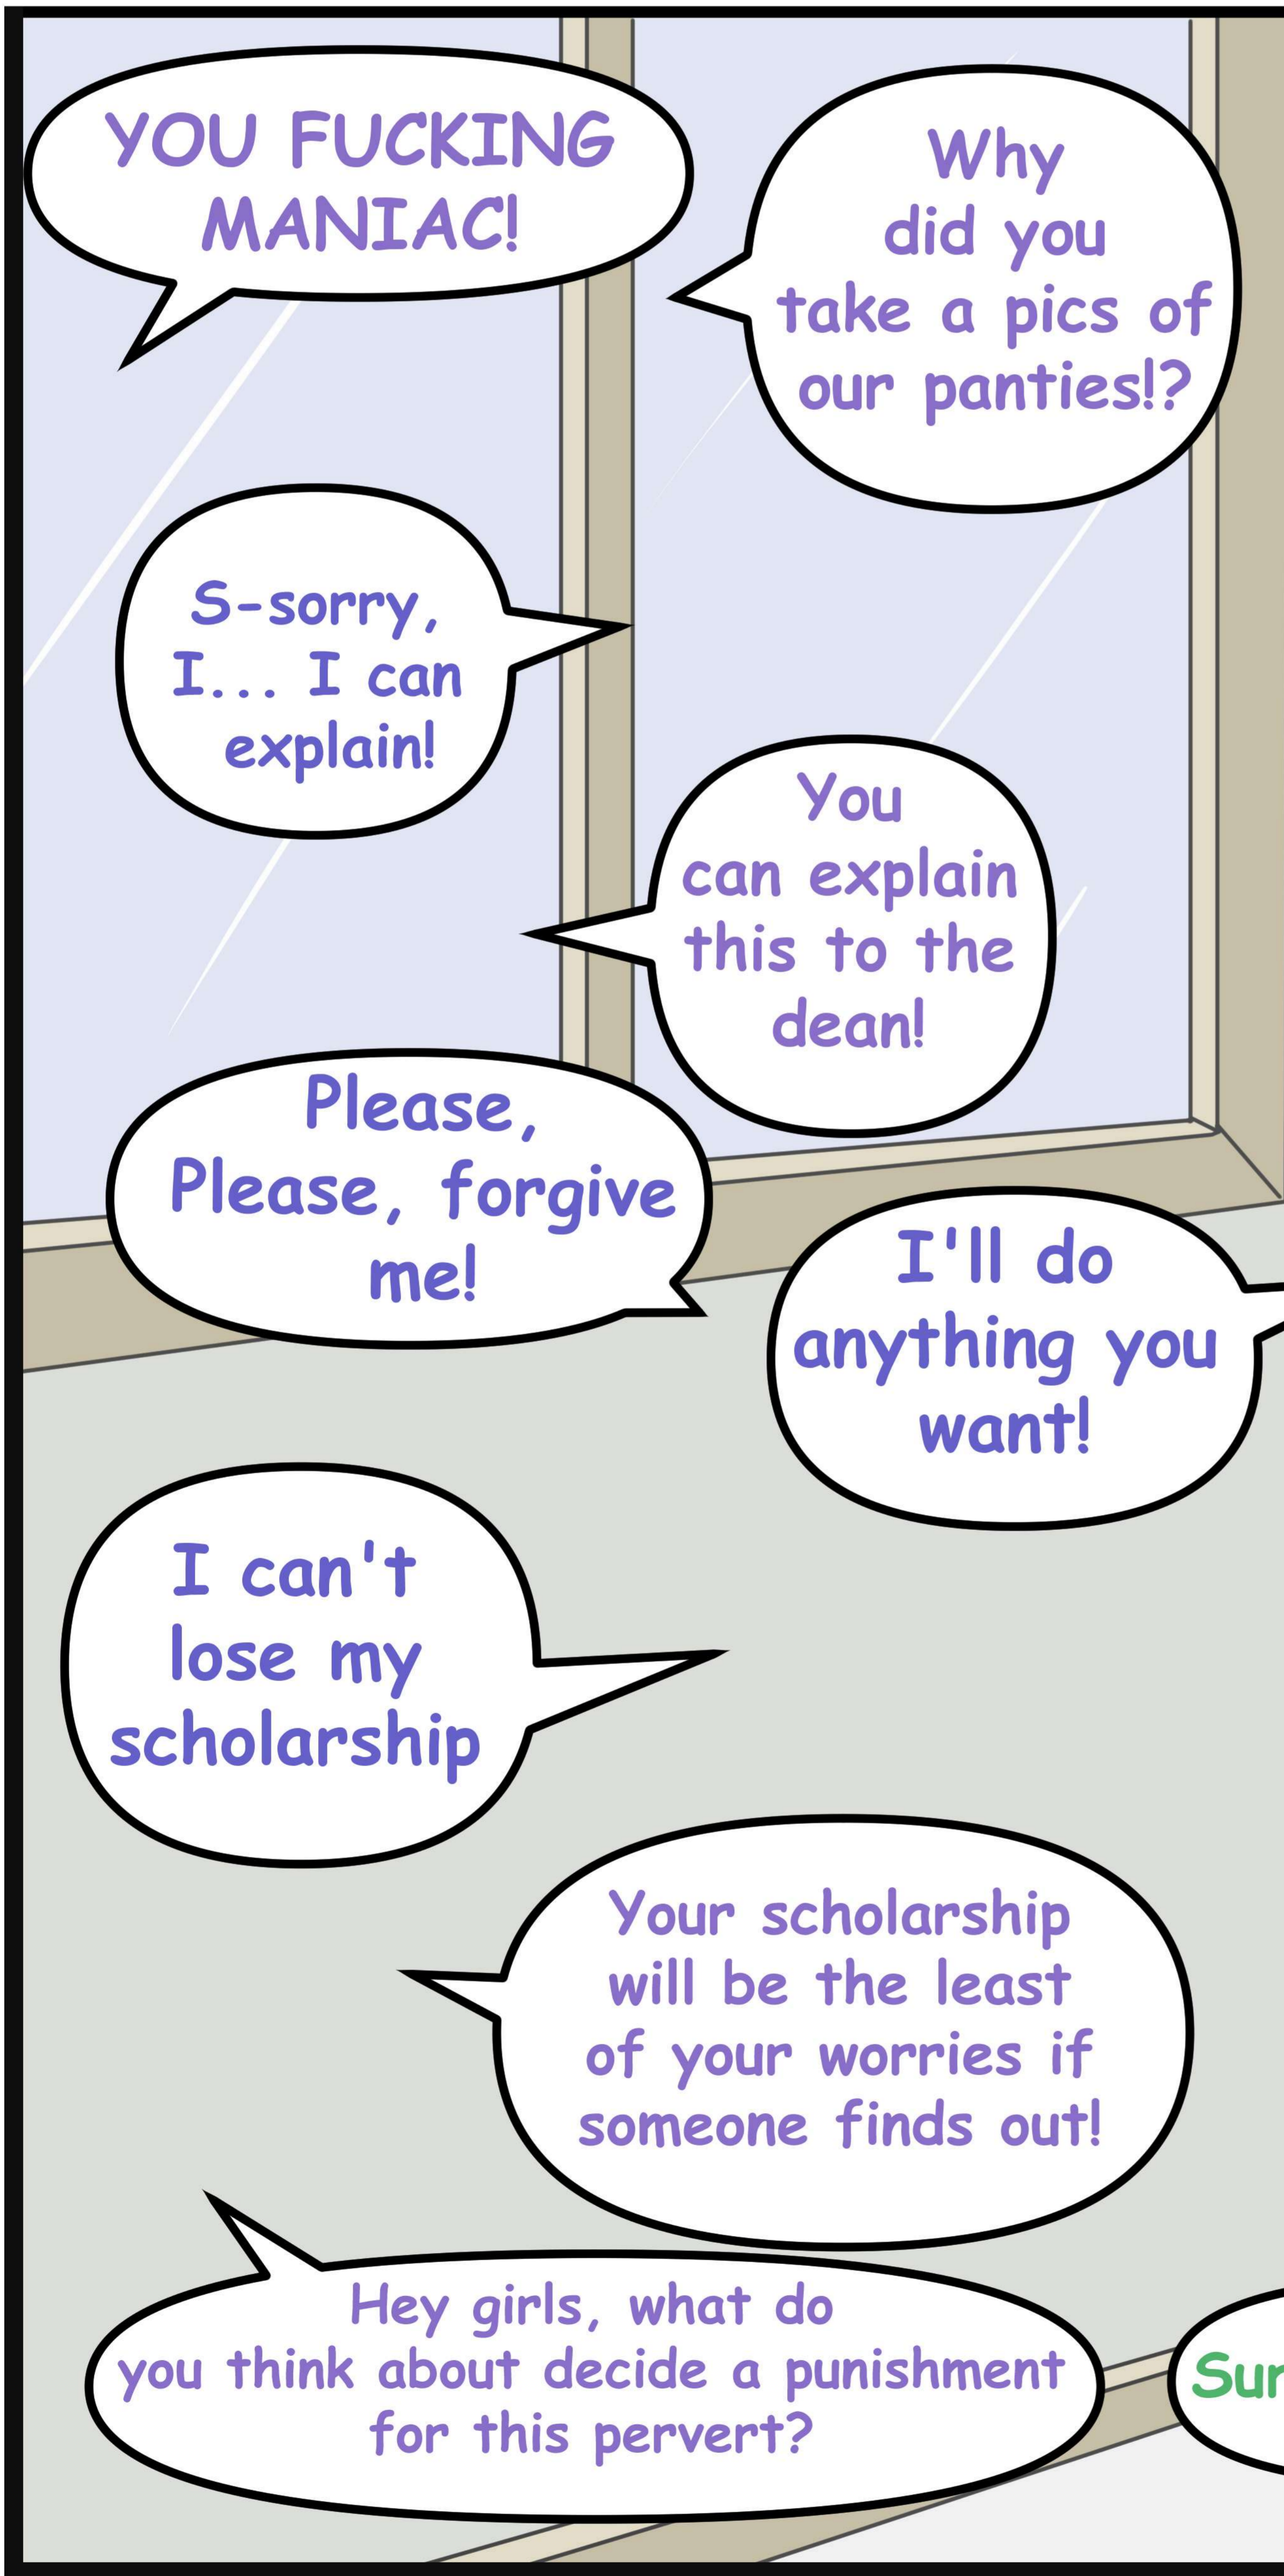

Adam, that bastard took pictures of our panties!

Hi Girls, I'm back

wha... what's happening?

Why are you all messing with my phone?

YOU FUCKING MANIAC!

Why did you take a pics of our panties!?

S-sorry, I... I can explain!

You can explain this to the dean!

Please, Please, forgive me!

I'll do anything you want!

I can't lose my scholarship

Your scholarship will be the least of your worries if someone finds out!

Hey girls, what do you think about decide a punishment for this pervert?

Sure! will be fun

Let's fucking go! It's funnier than just report him

P-please don't take pictures!

Now, show your panties!

Nooo, It's too embarrassing!

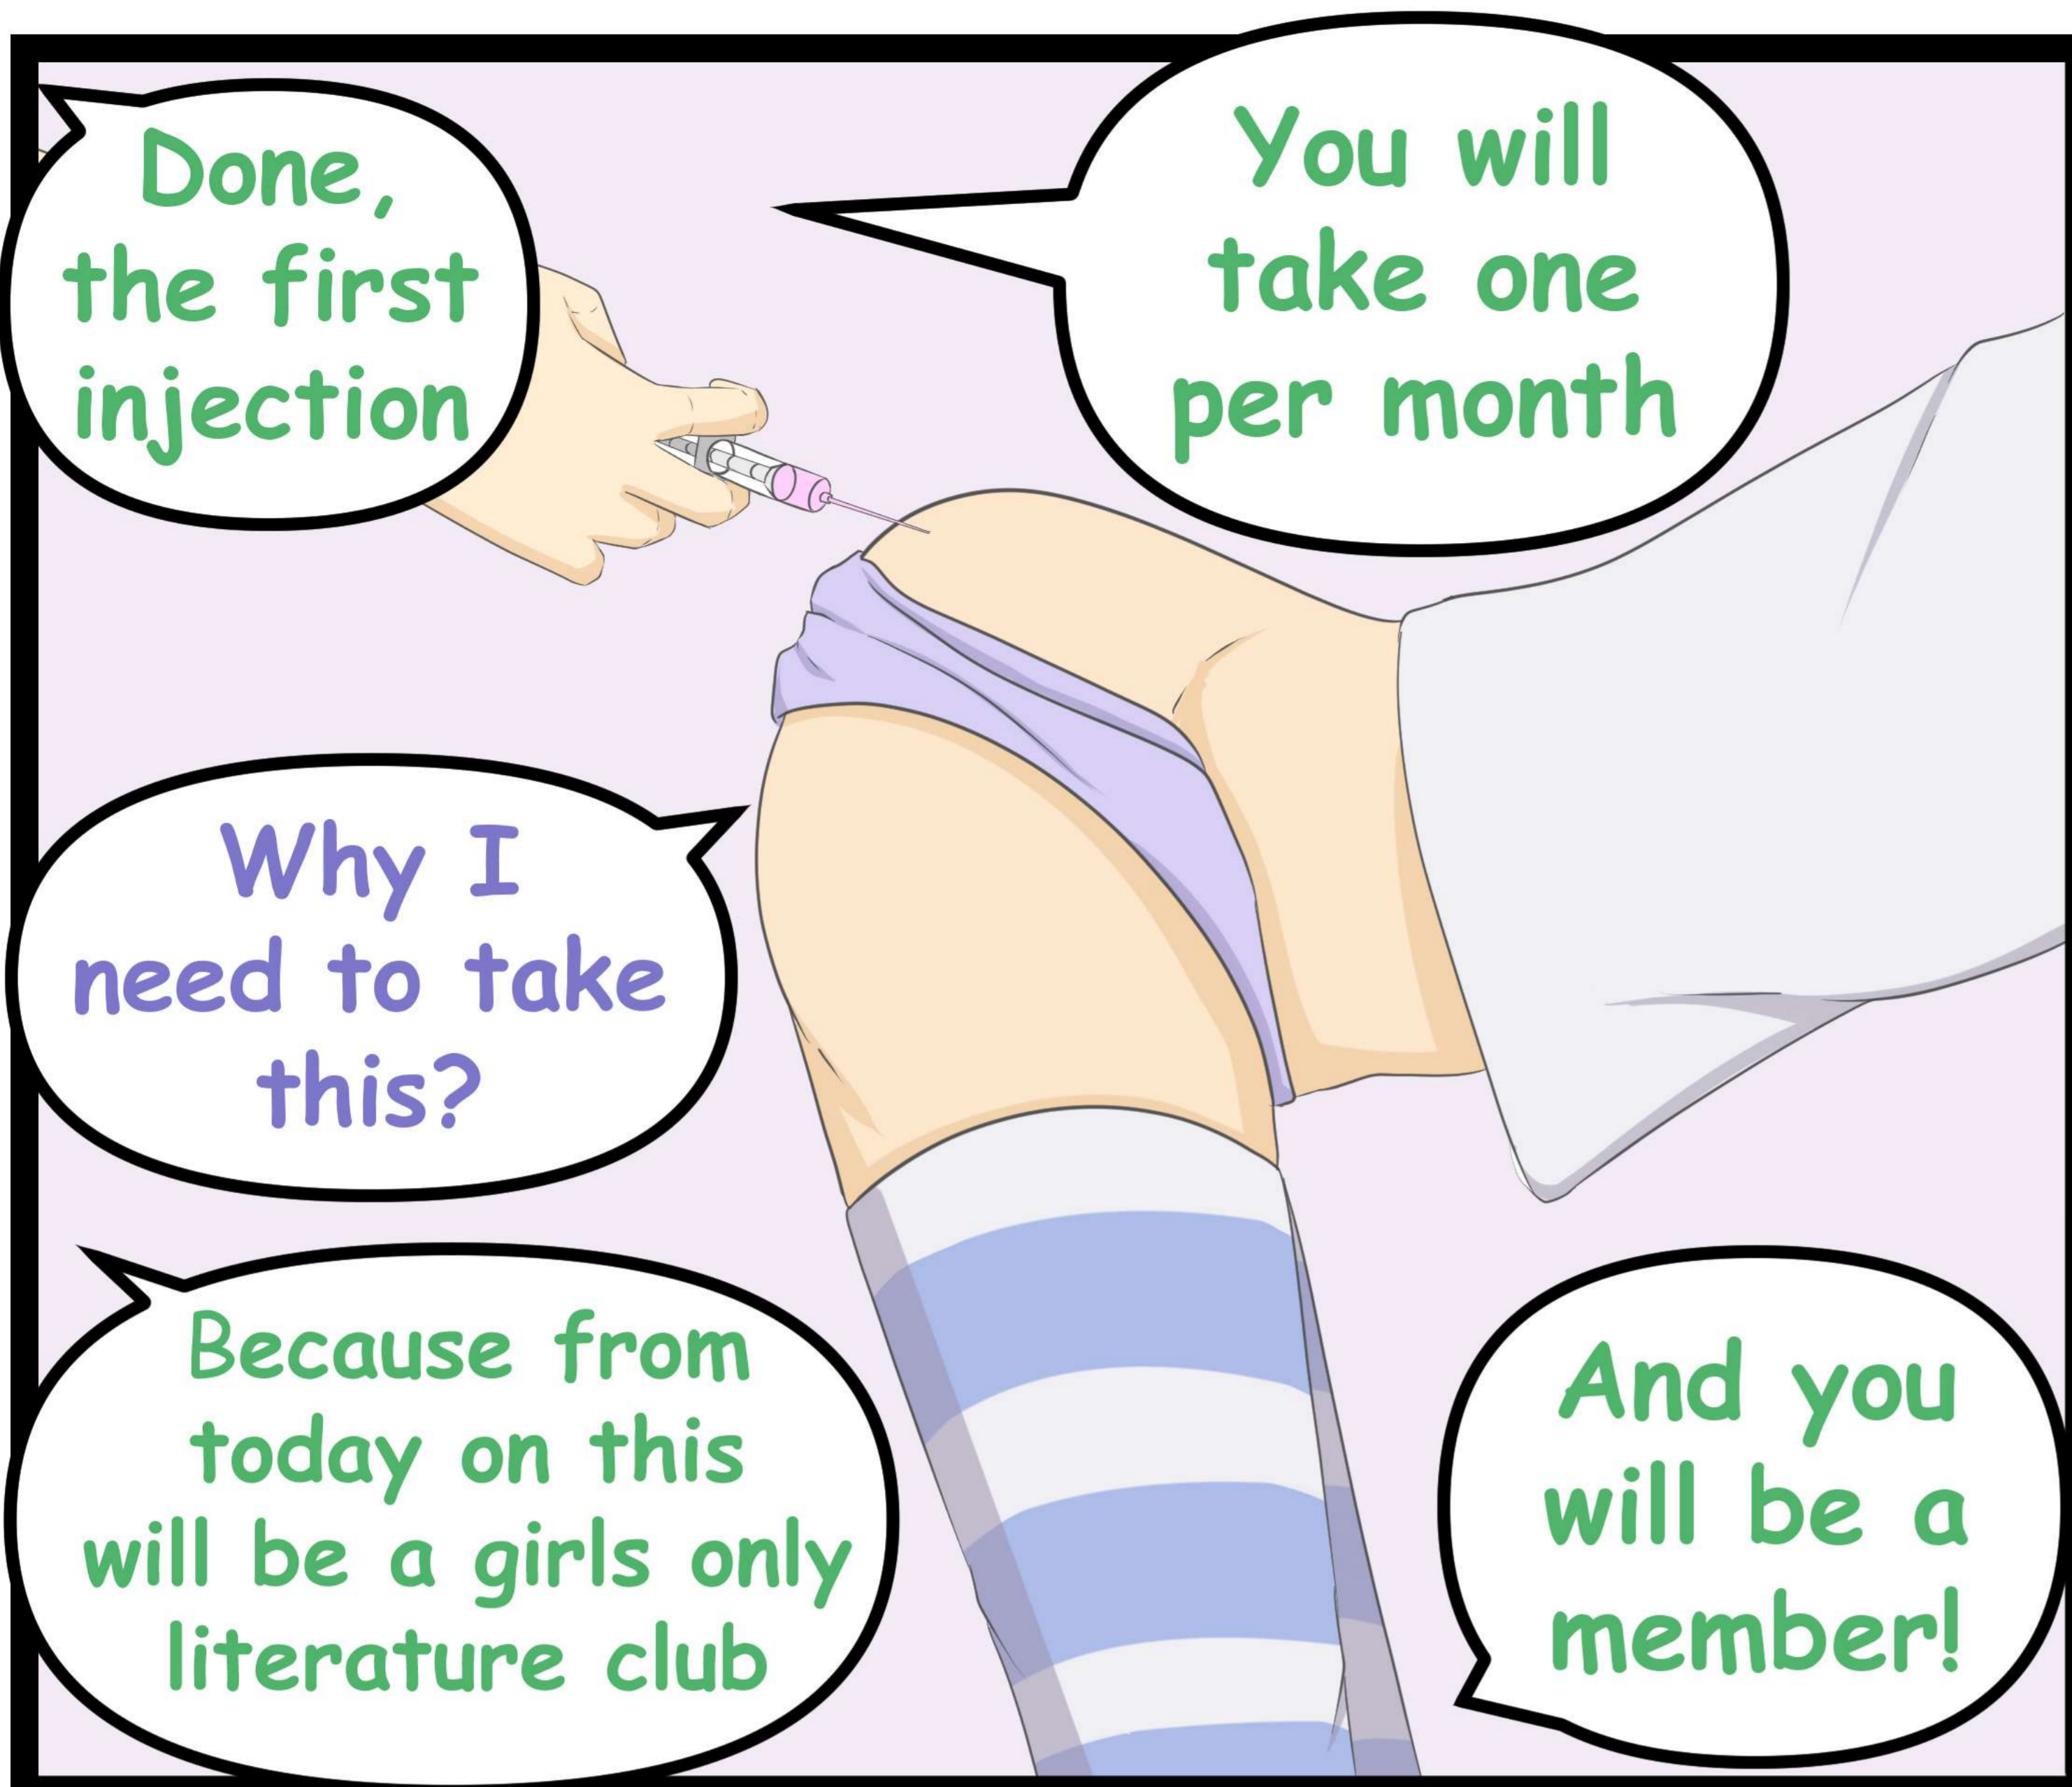

Does this mean you girls haven't forgiven me yet?

Why not? You did the same to us!

Just do it, we won't show it to anyone

Well, at least as long as you obey us

hahahaha, our fun it's just starting!

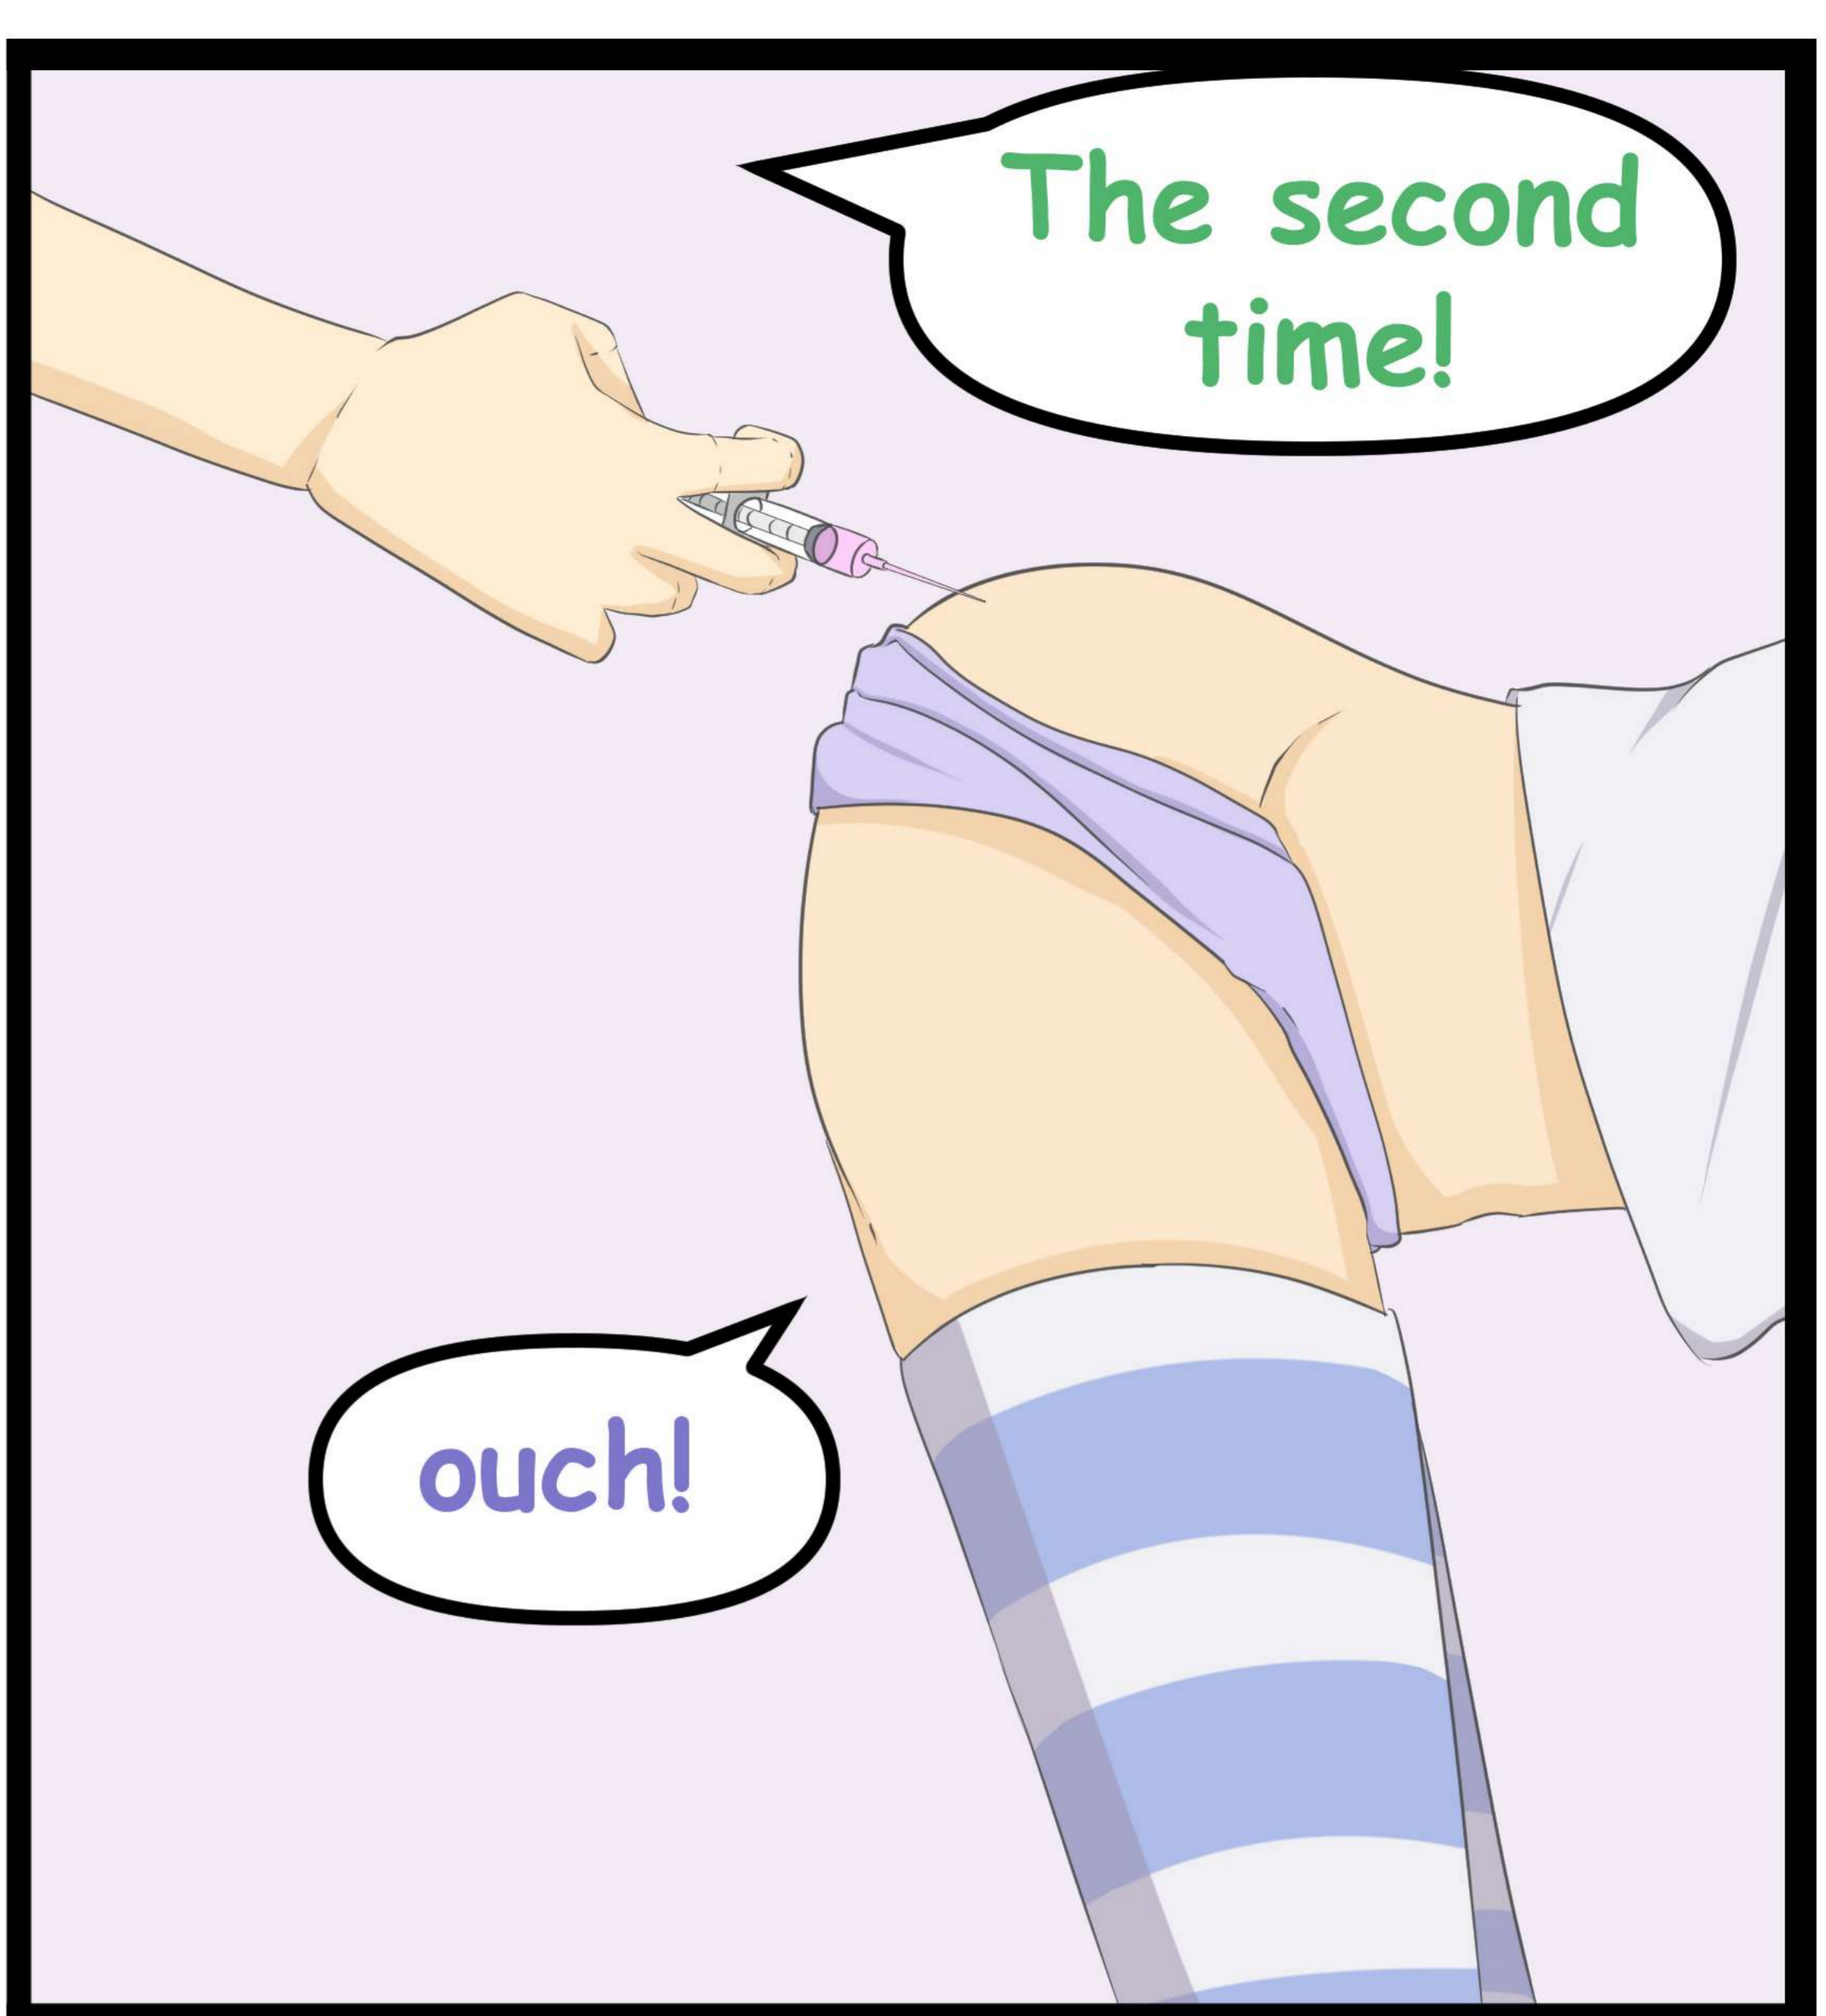

Done, the first injection

You will take one per month

Why I need to take this?

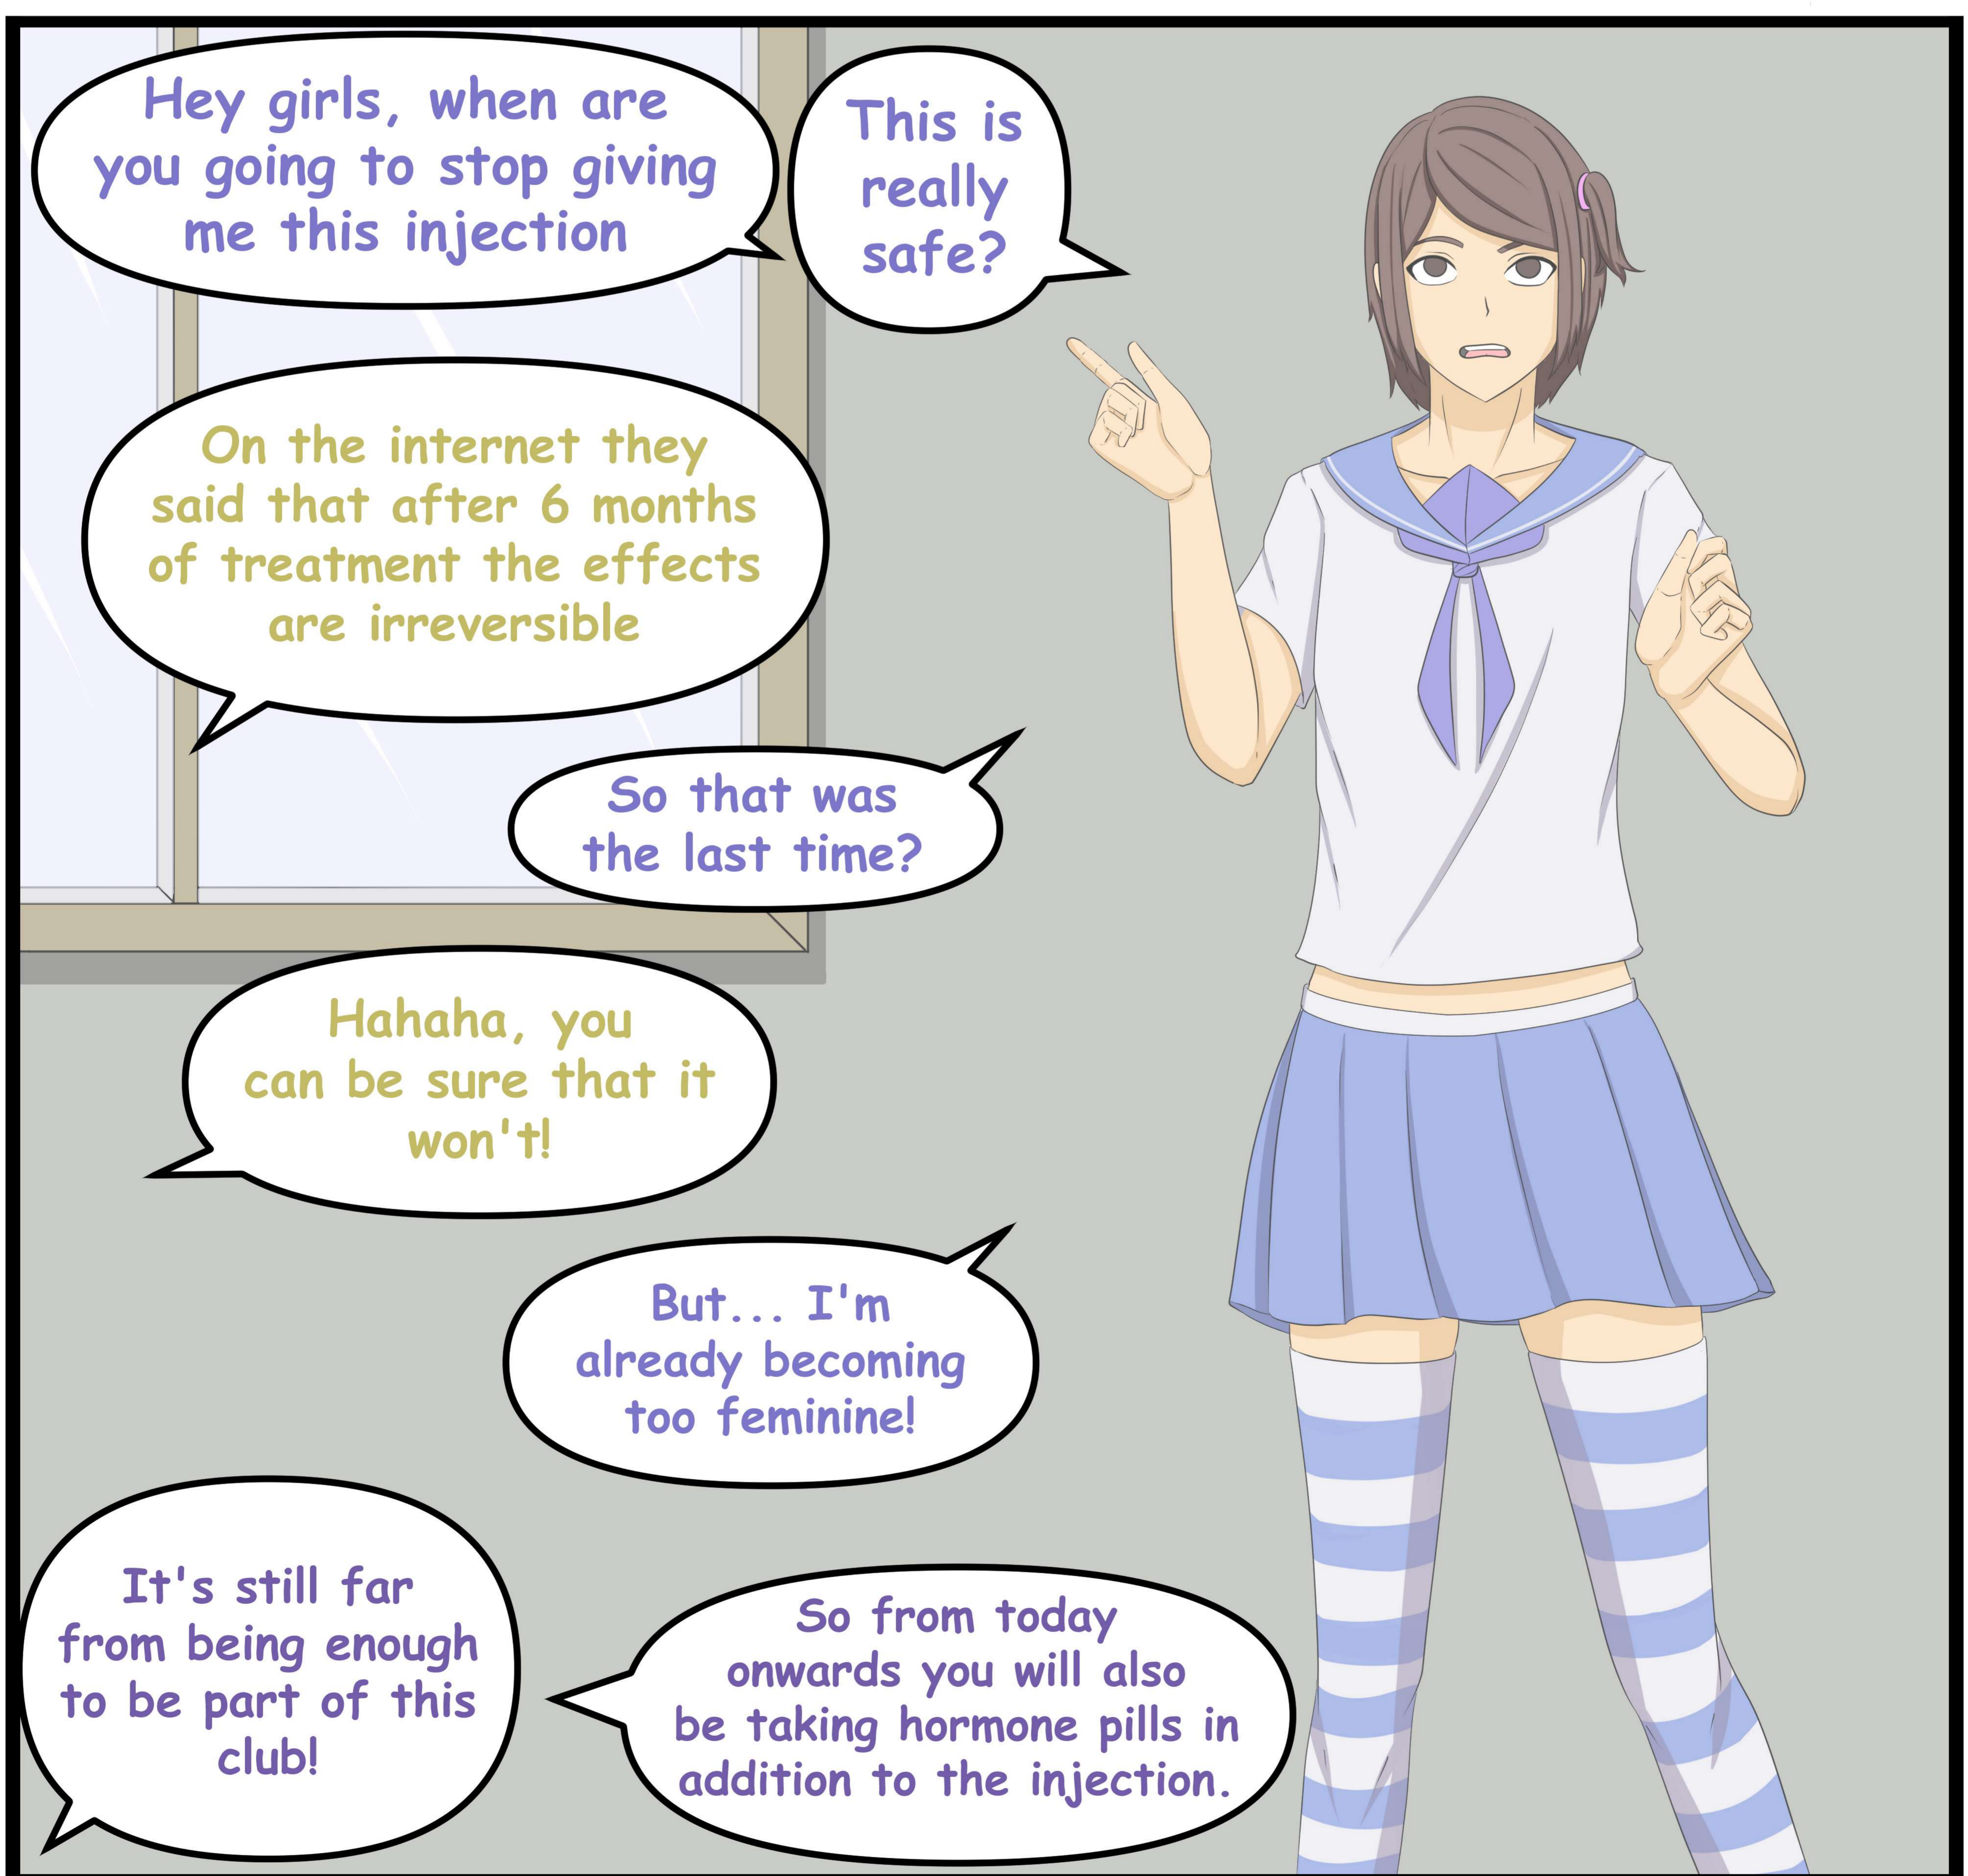

Because from today on this will be a girls only literature club

And you will be a member!

The second time!

ouch!

Hey girls, when are you going to stop giving me this injection

This is really safe?

On the internet they said that after 6 months of treatment the effects are irreversible

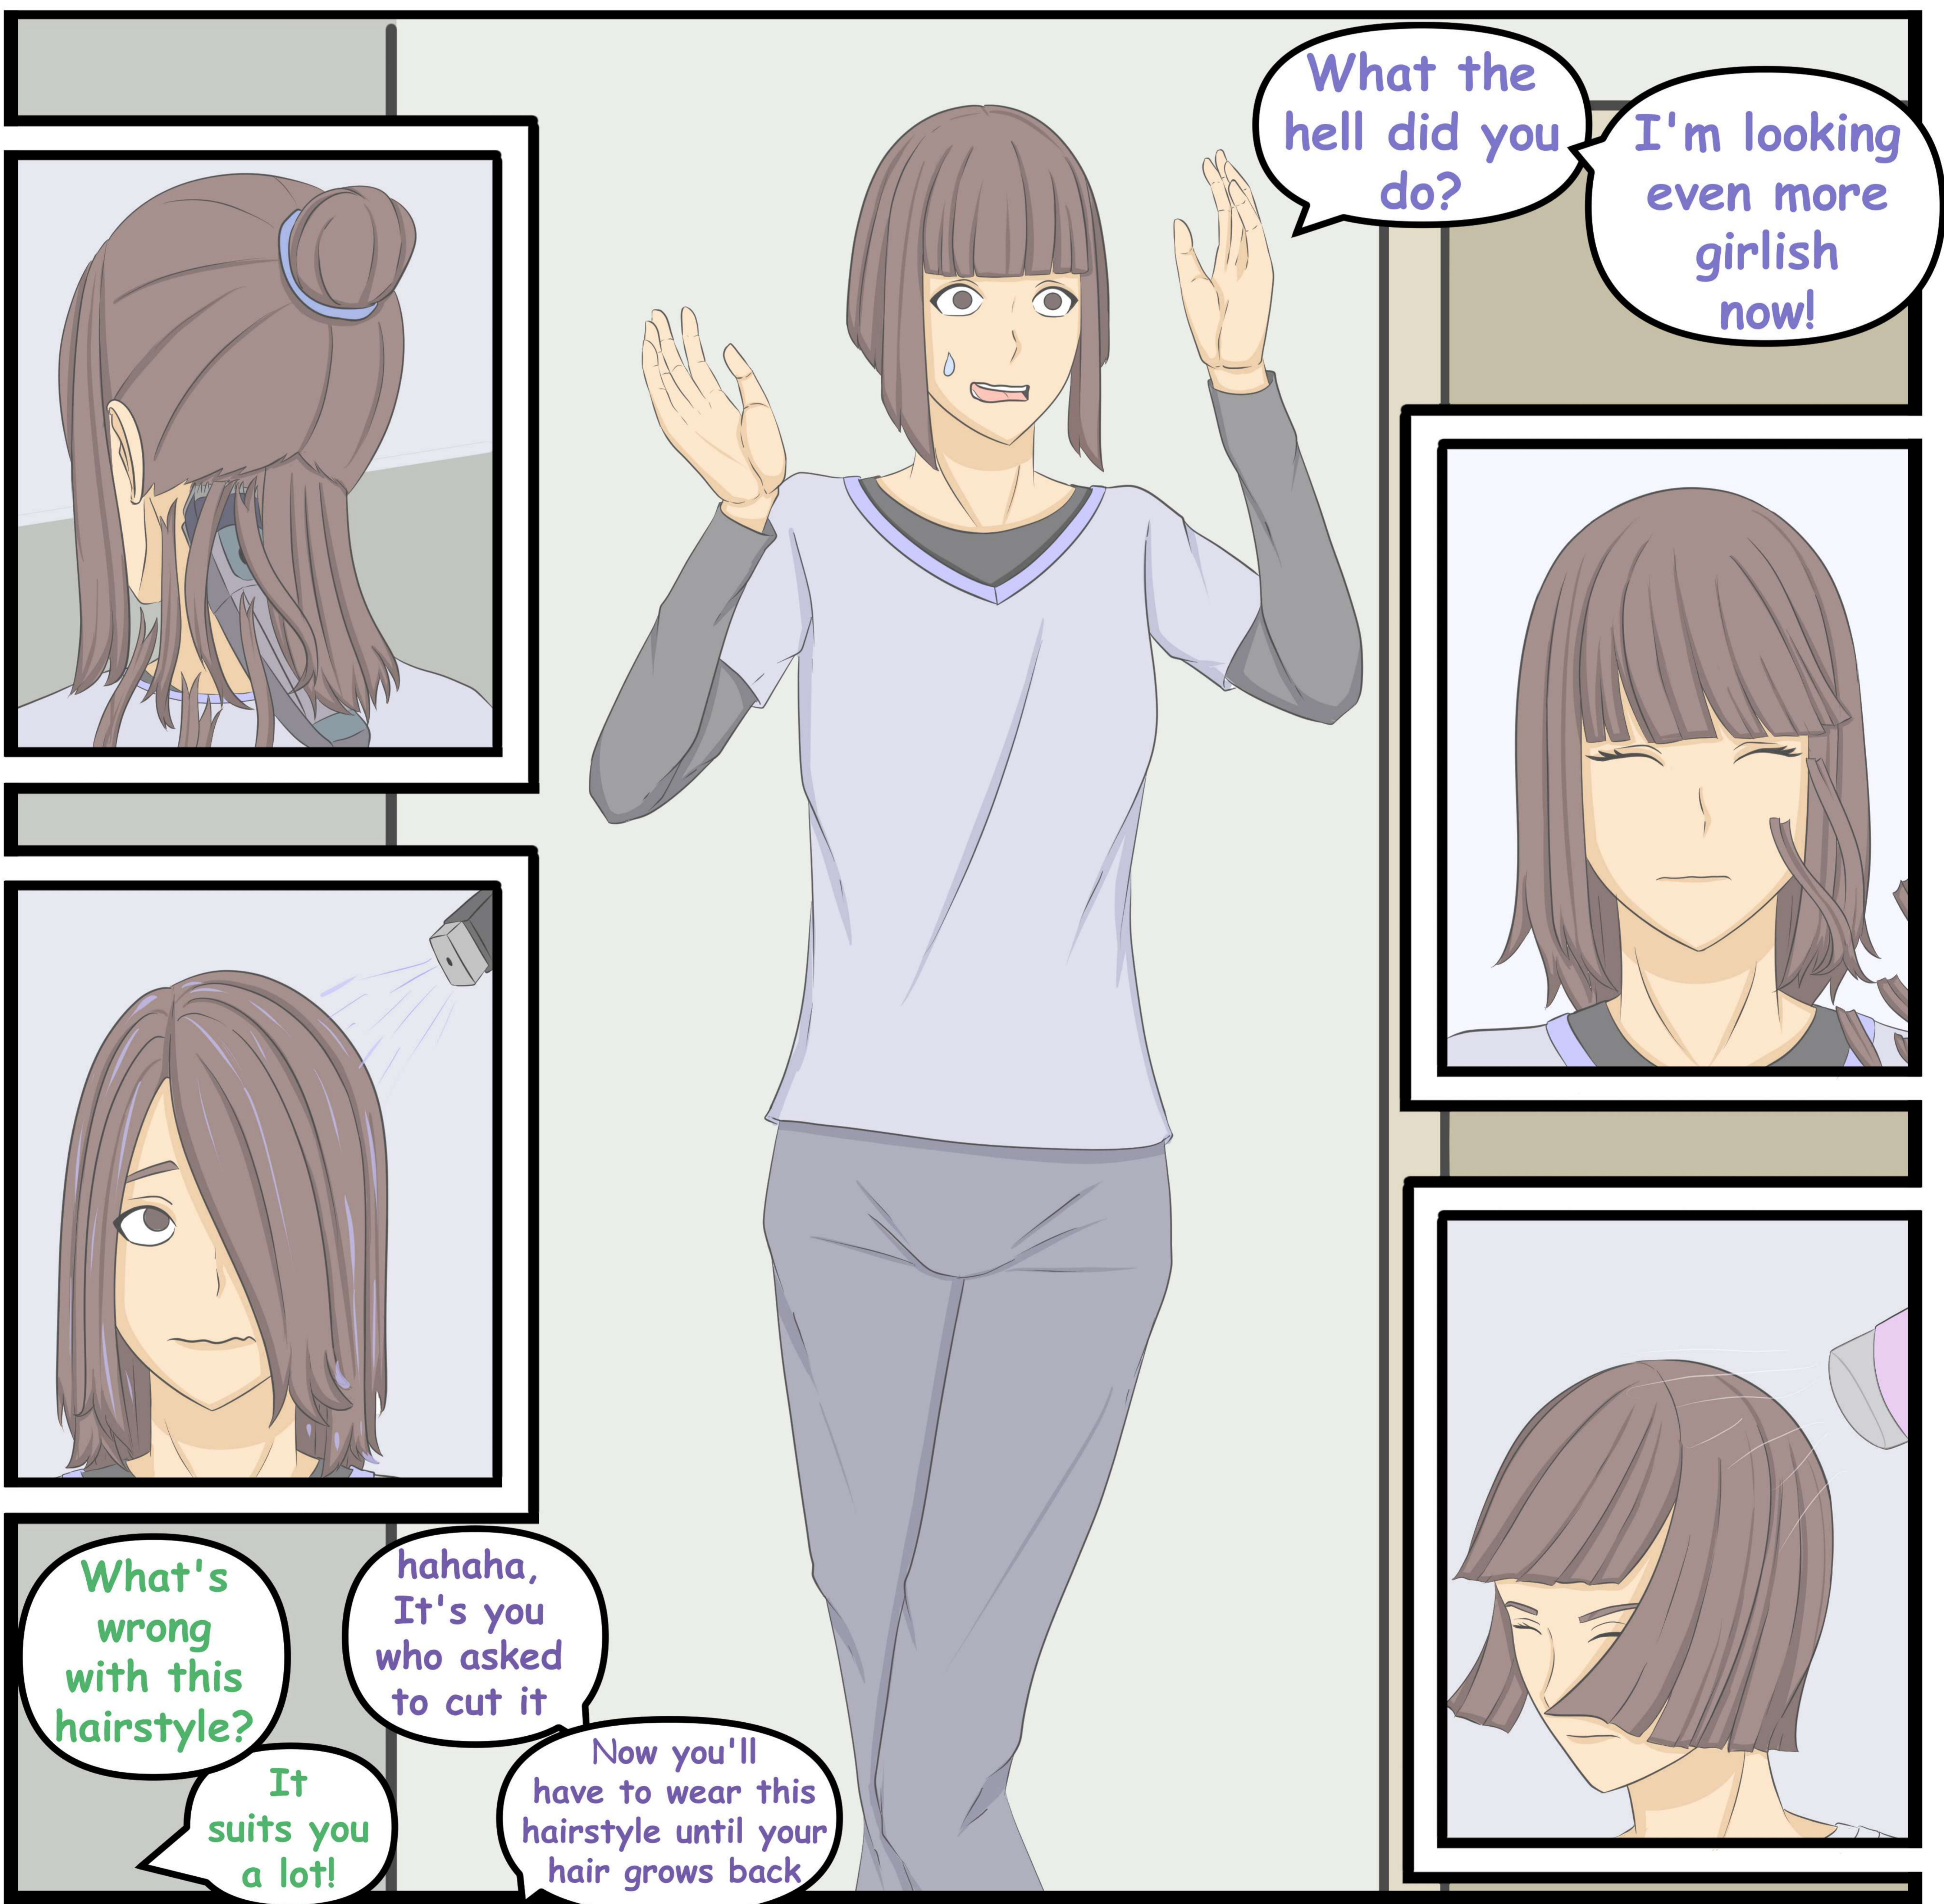

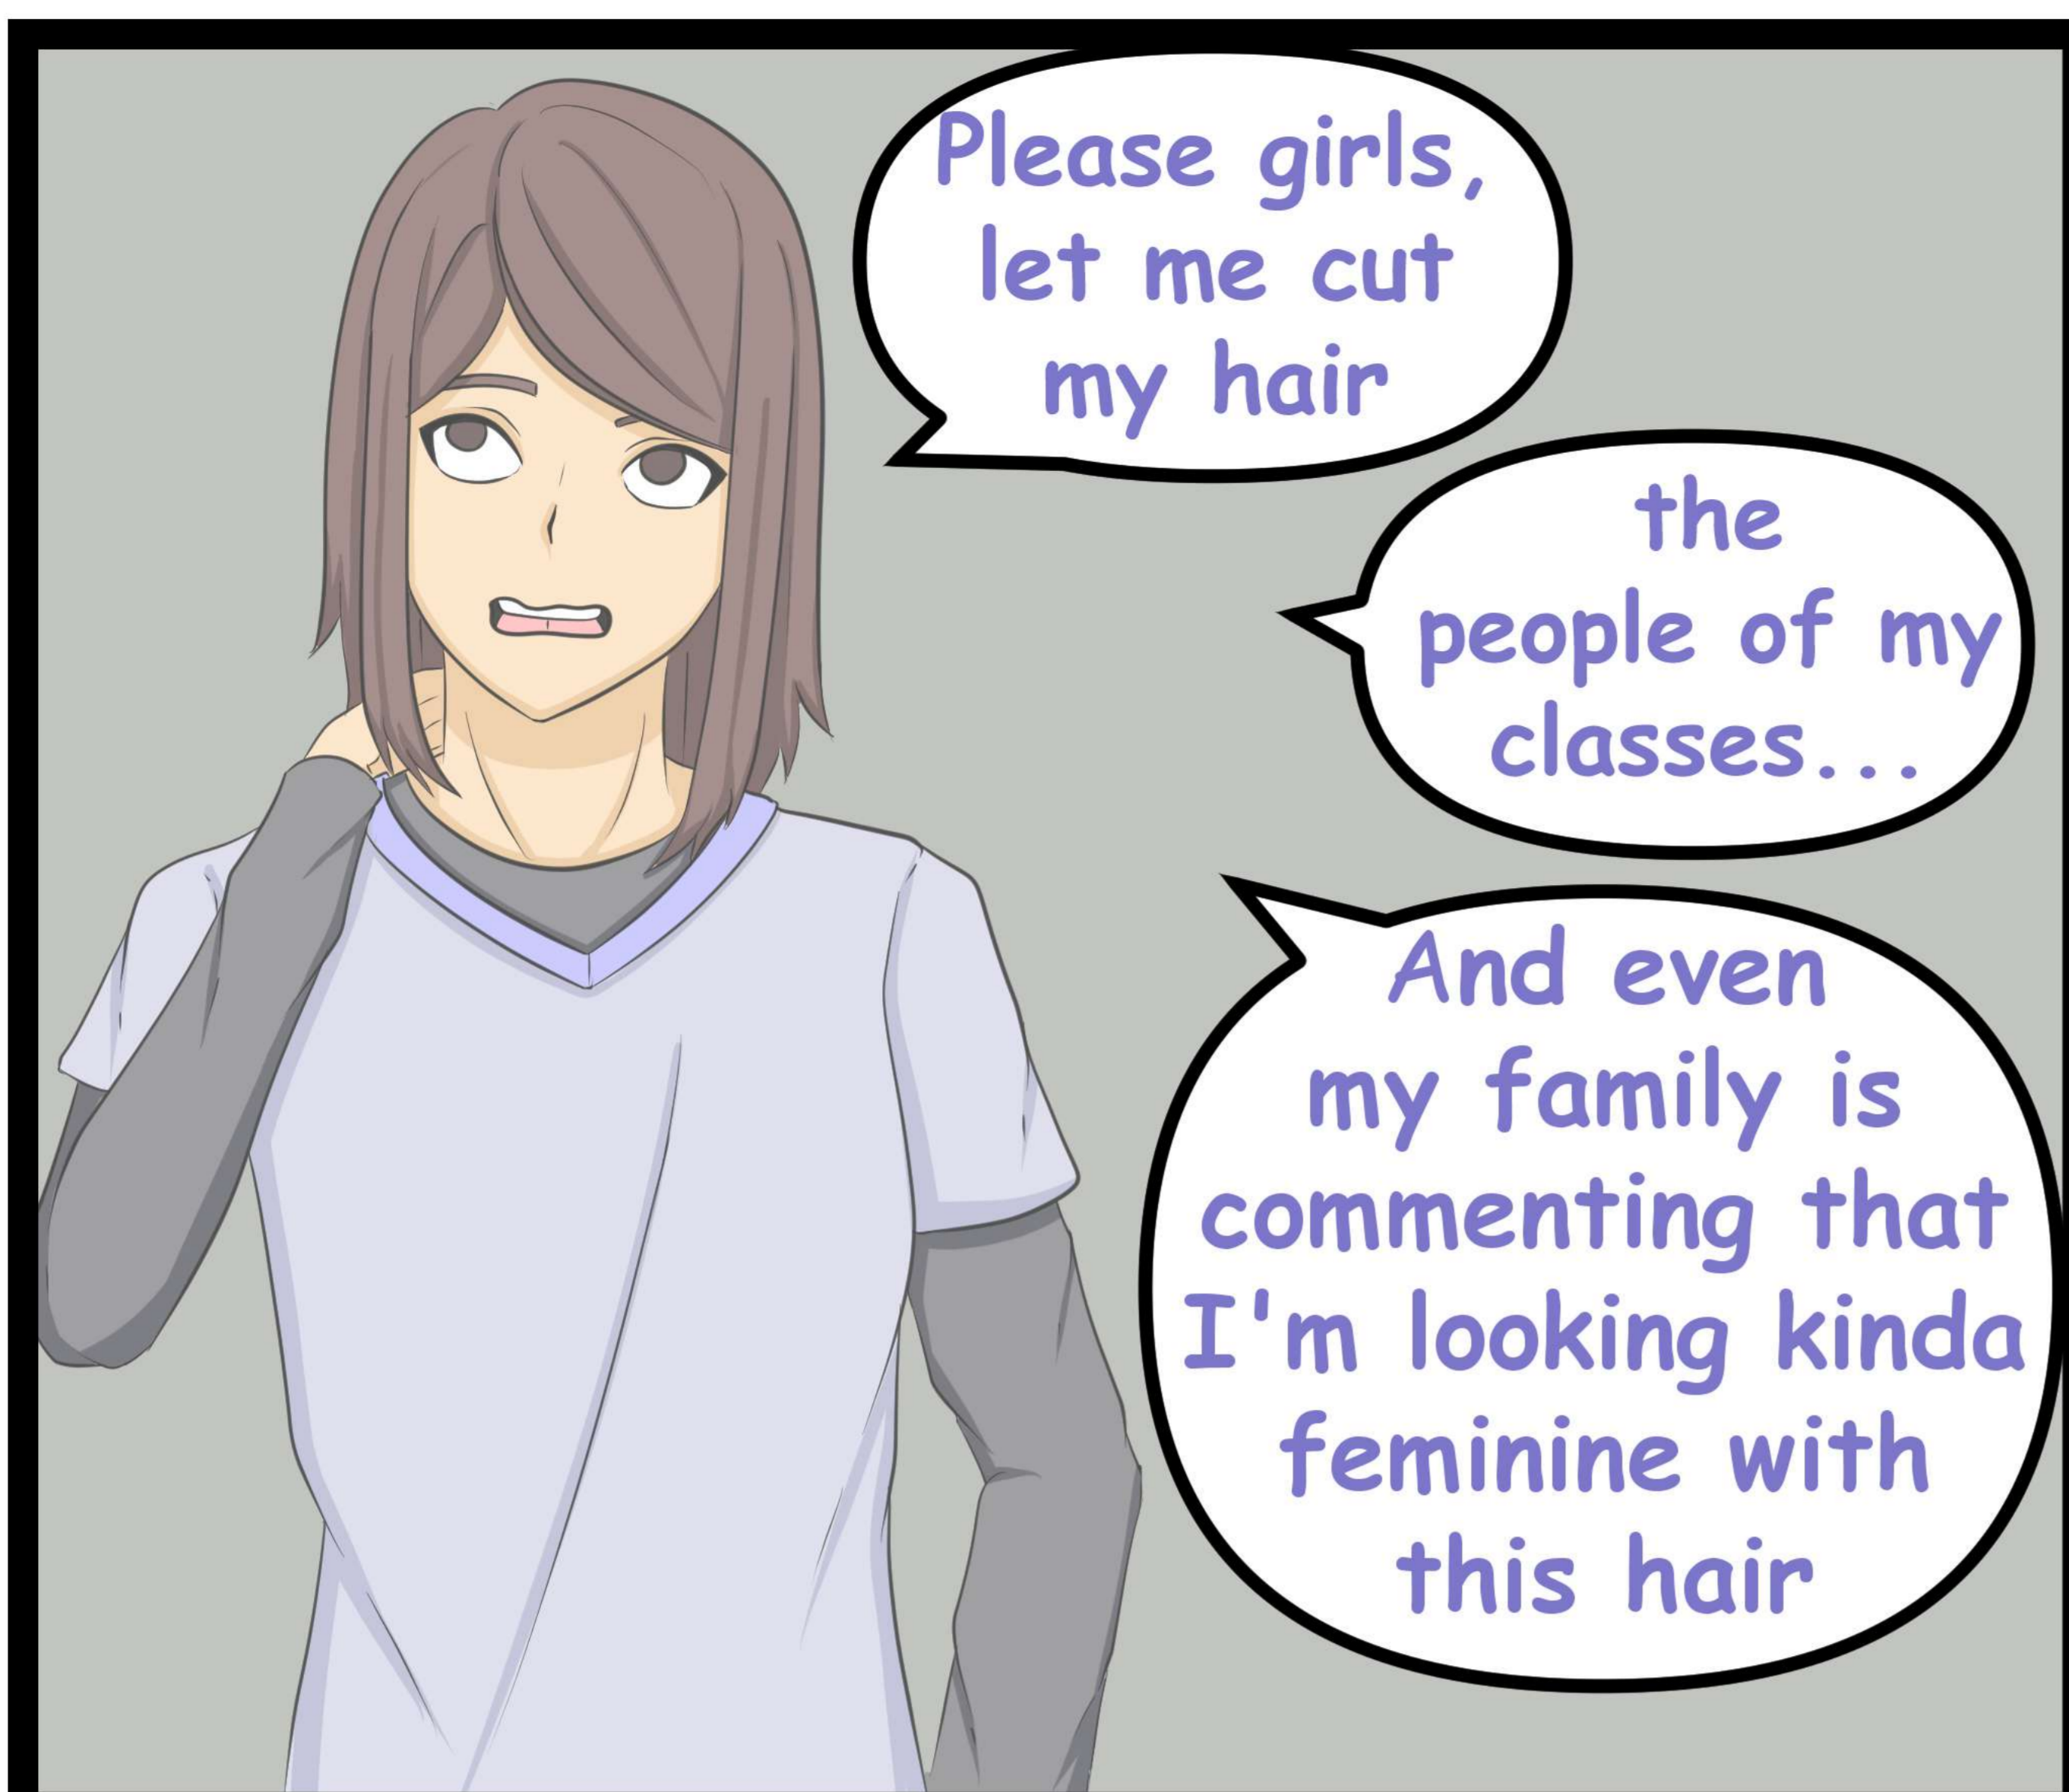

So that was the last time?

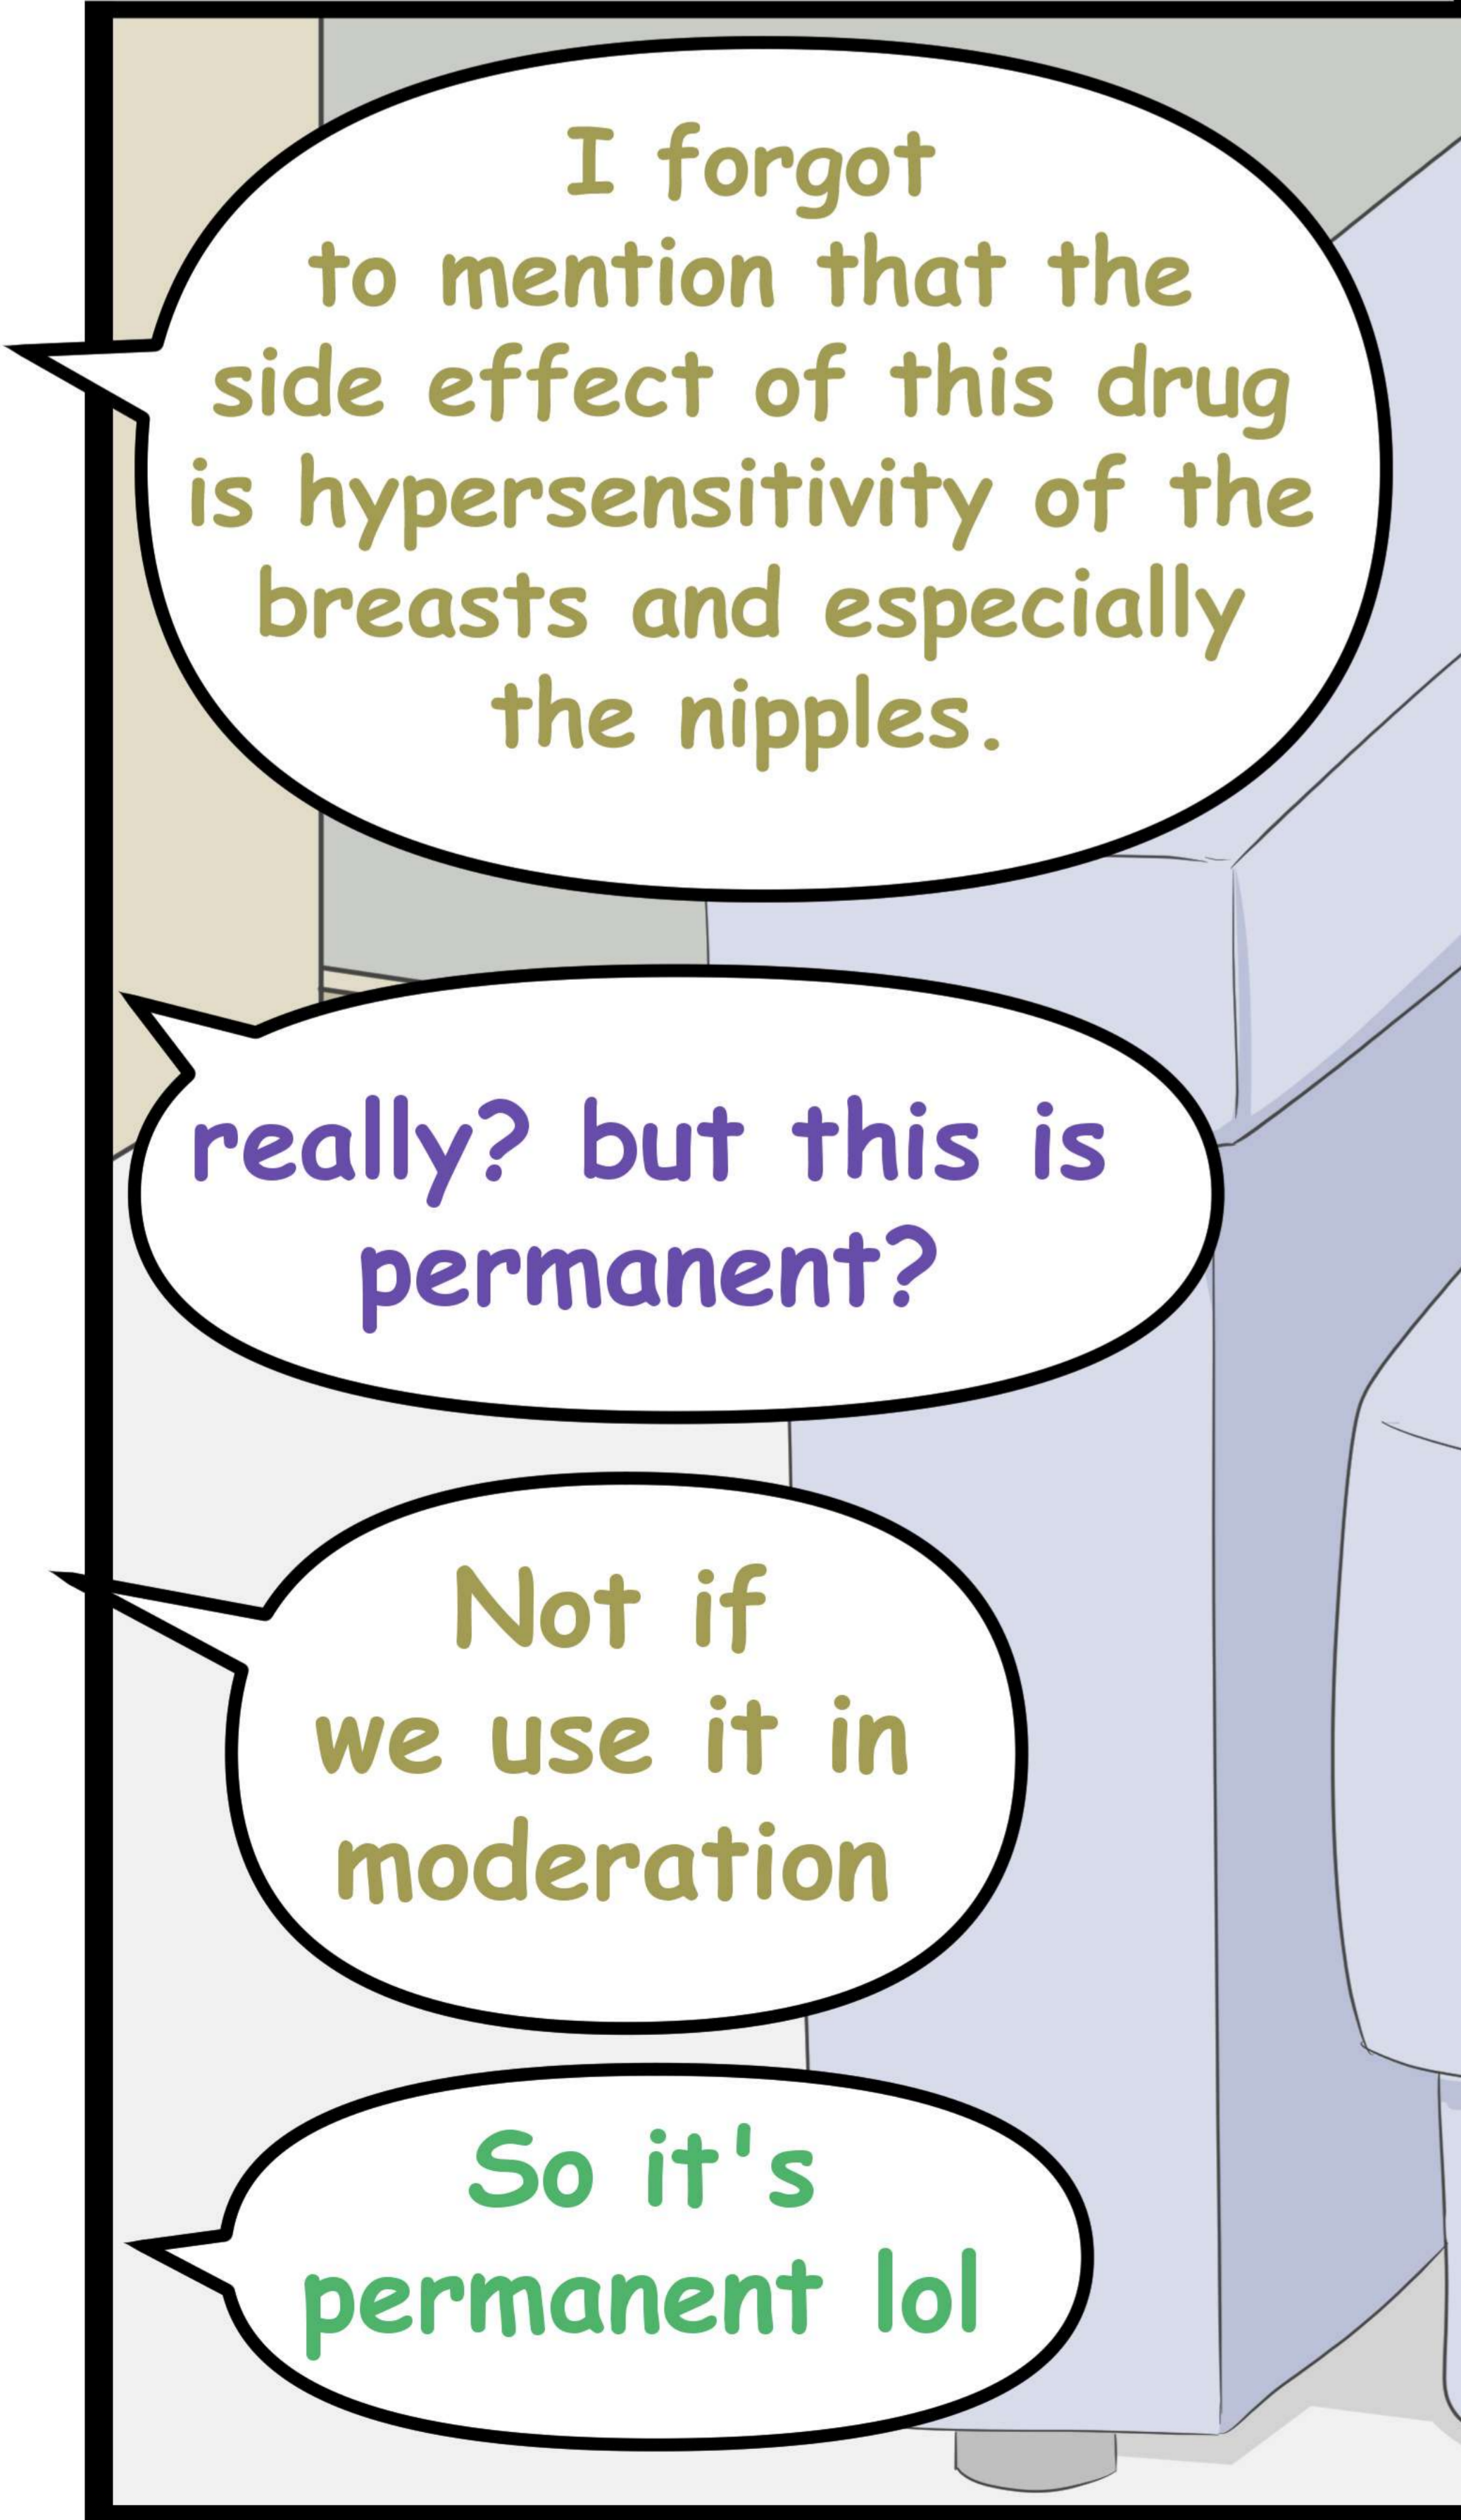

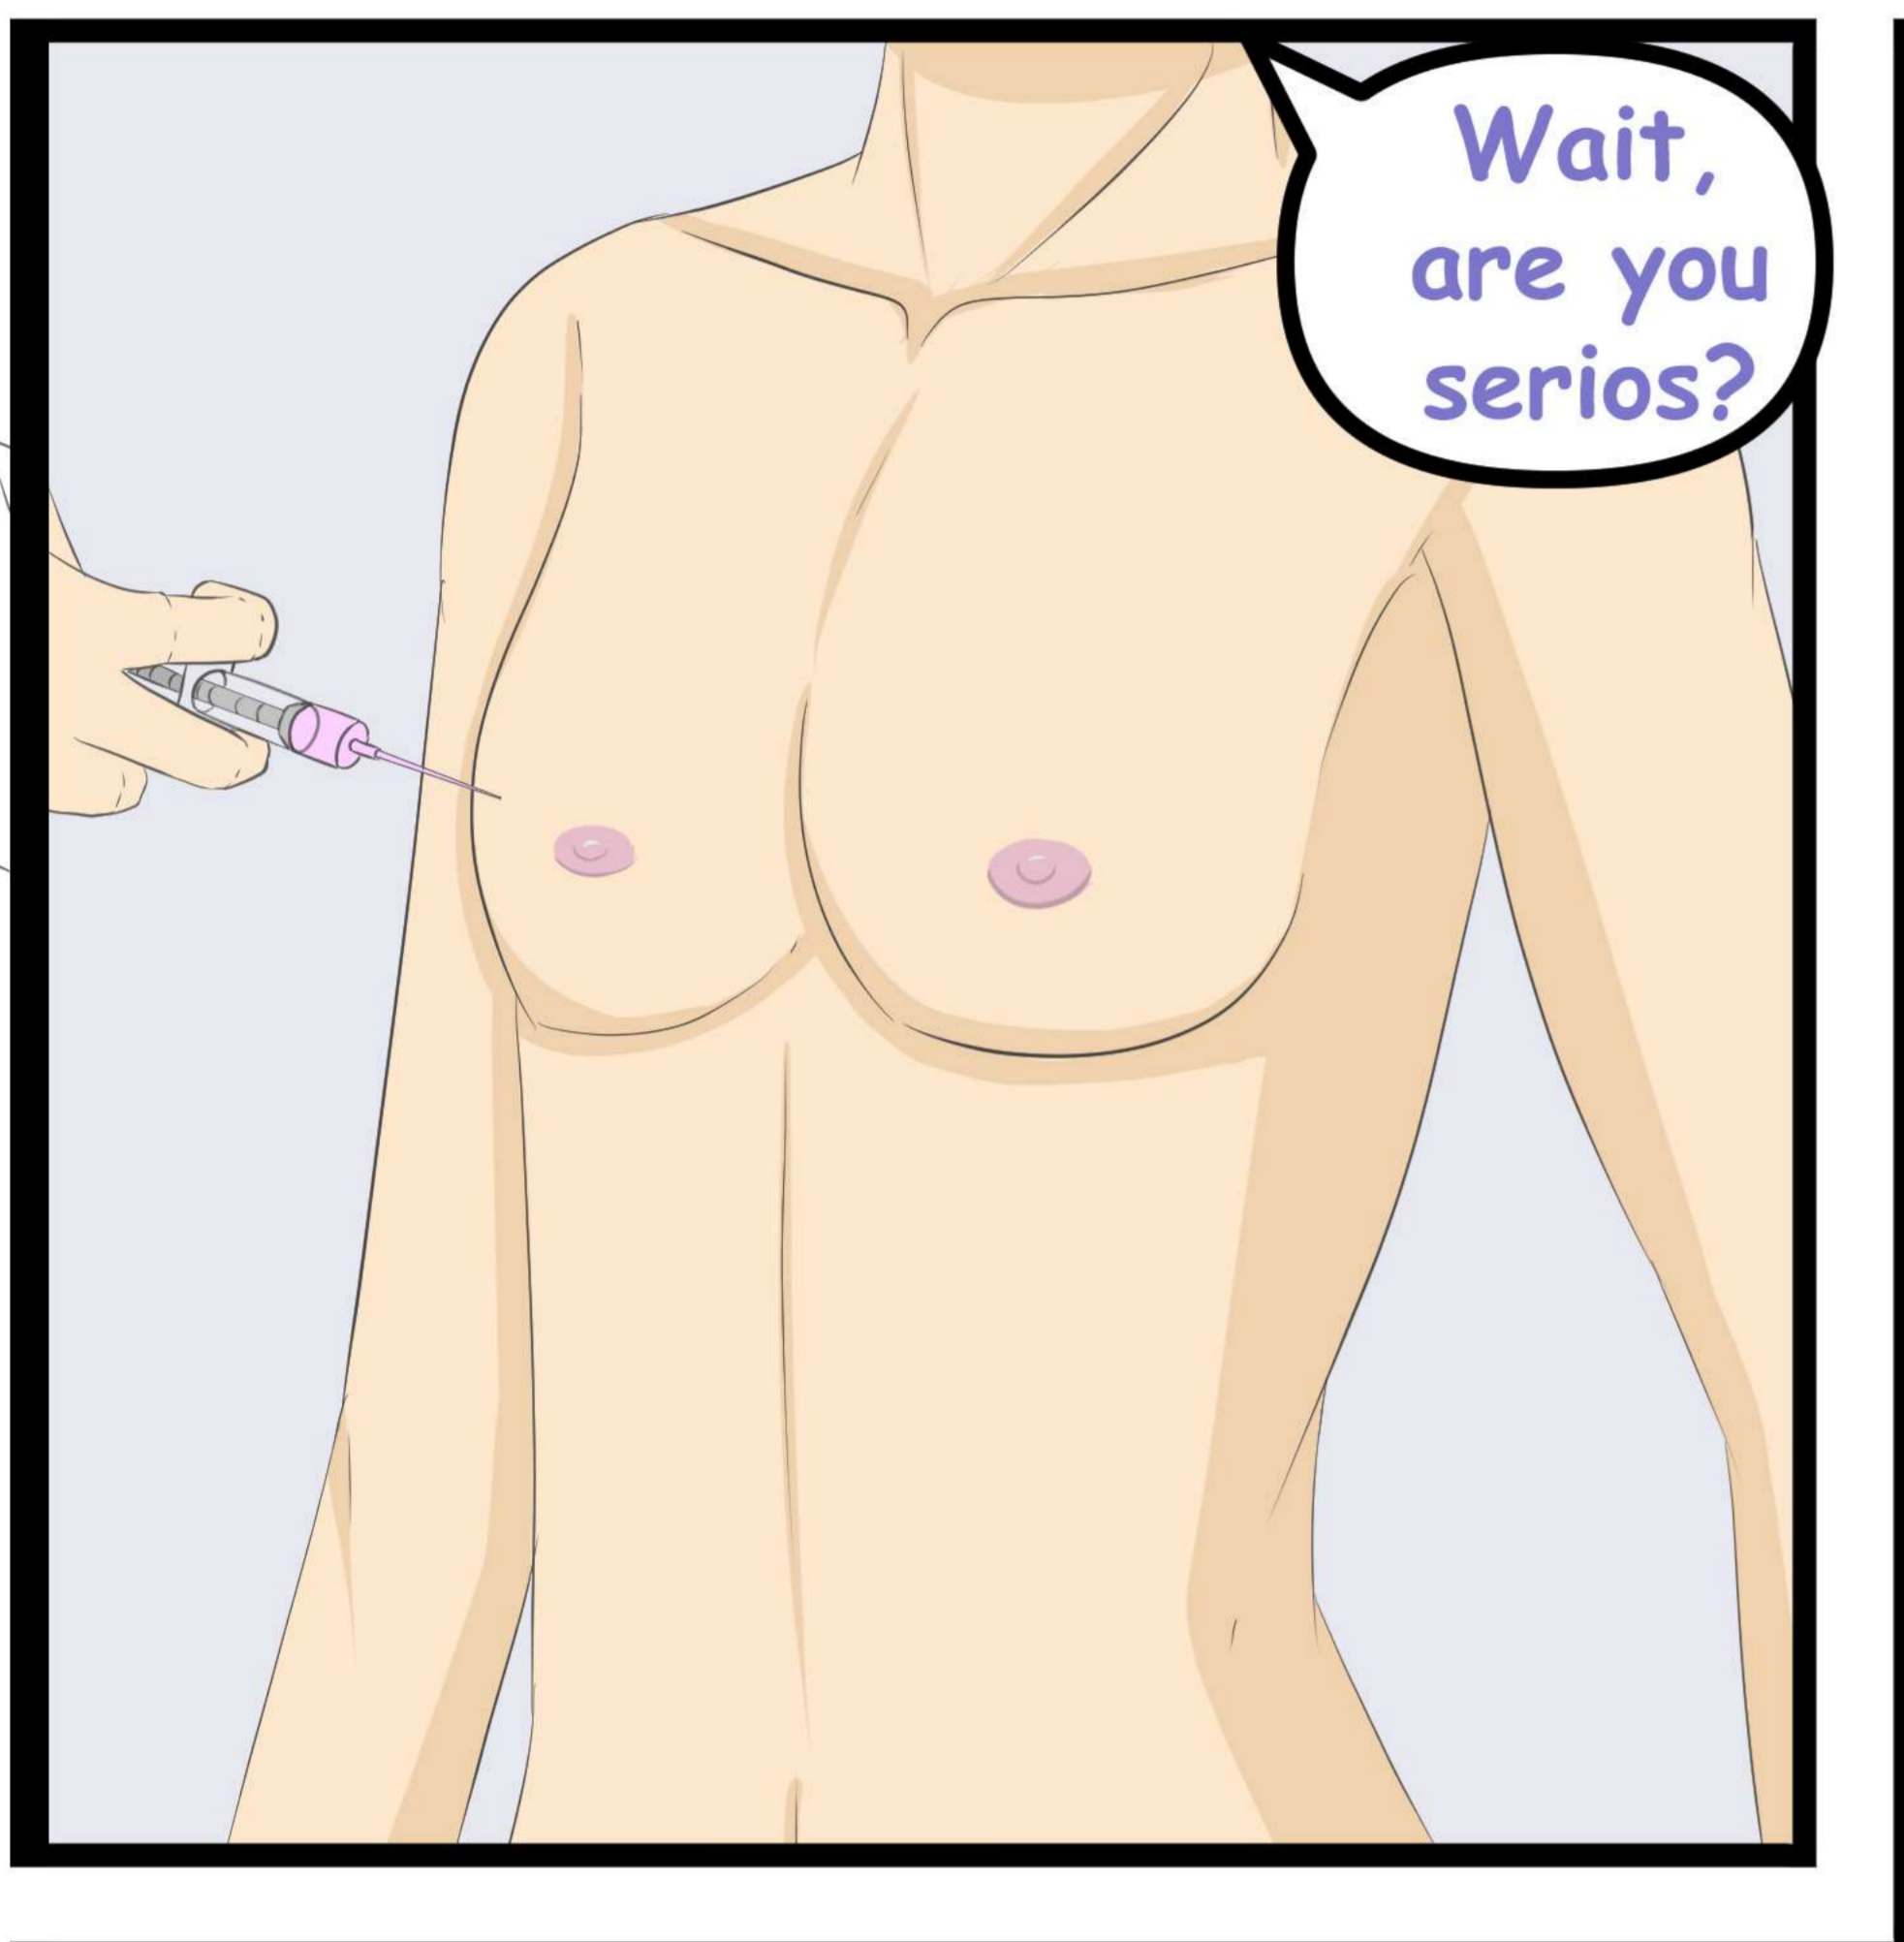

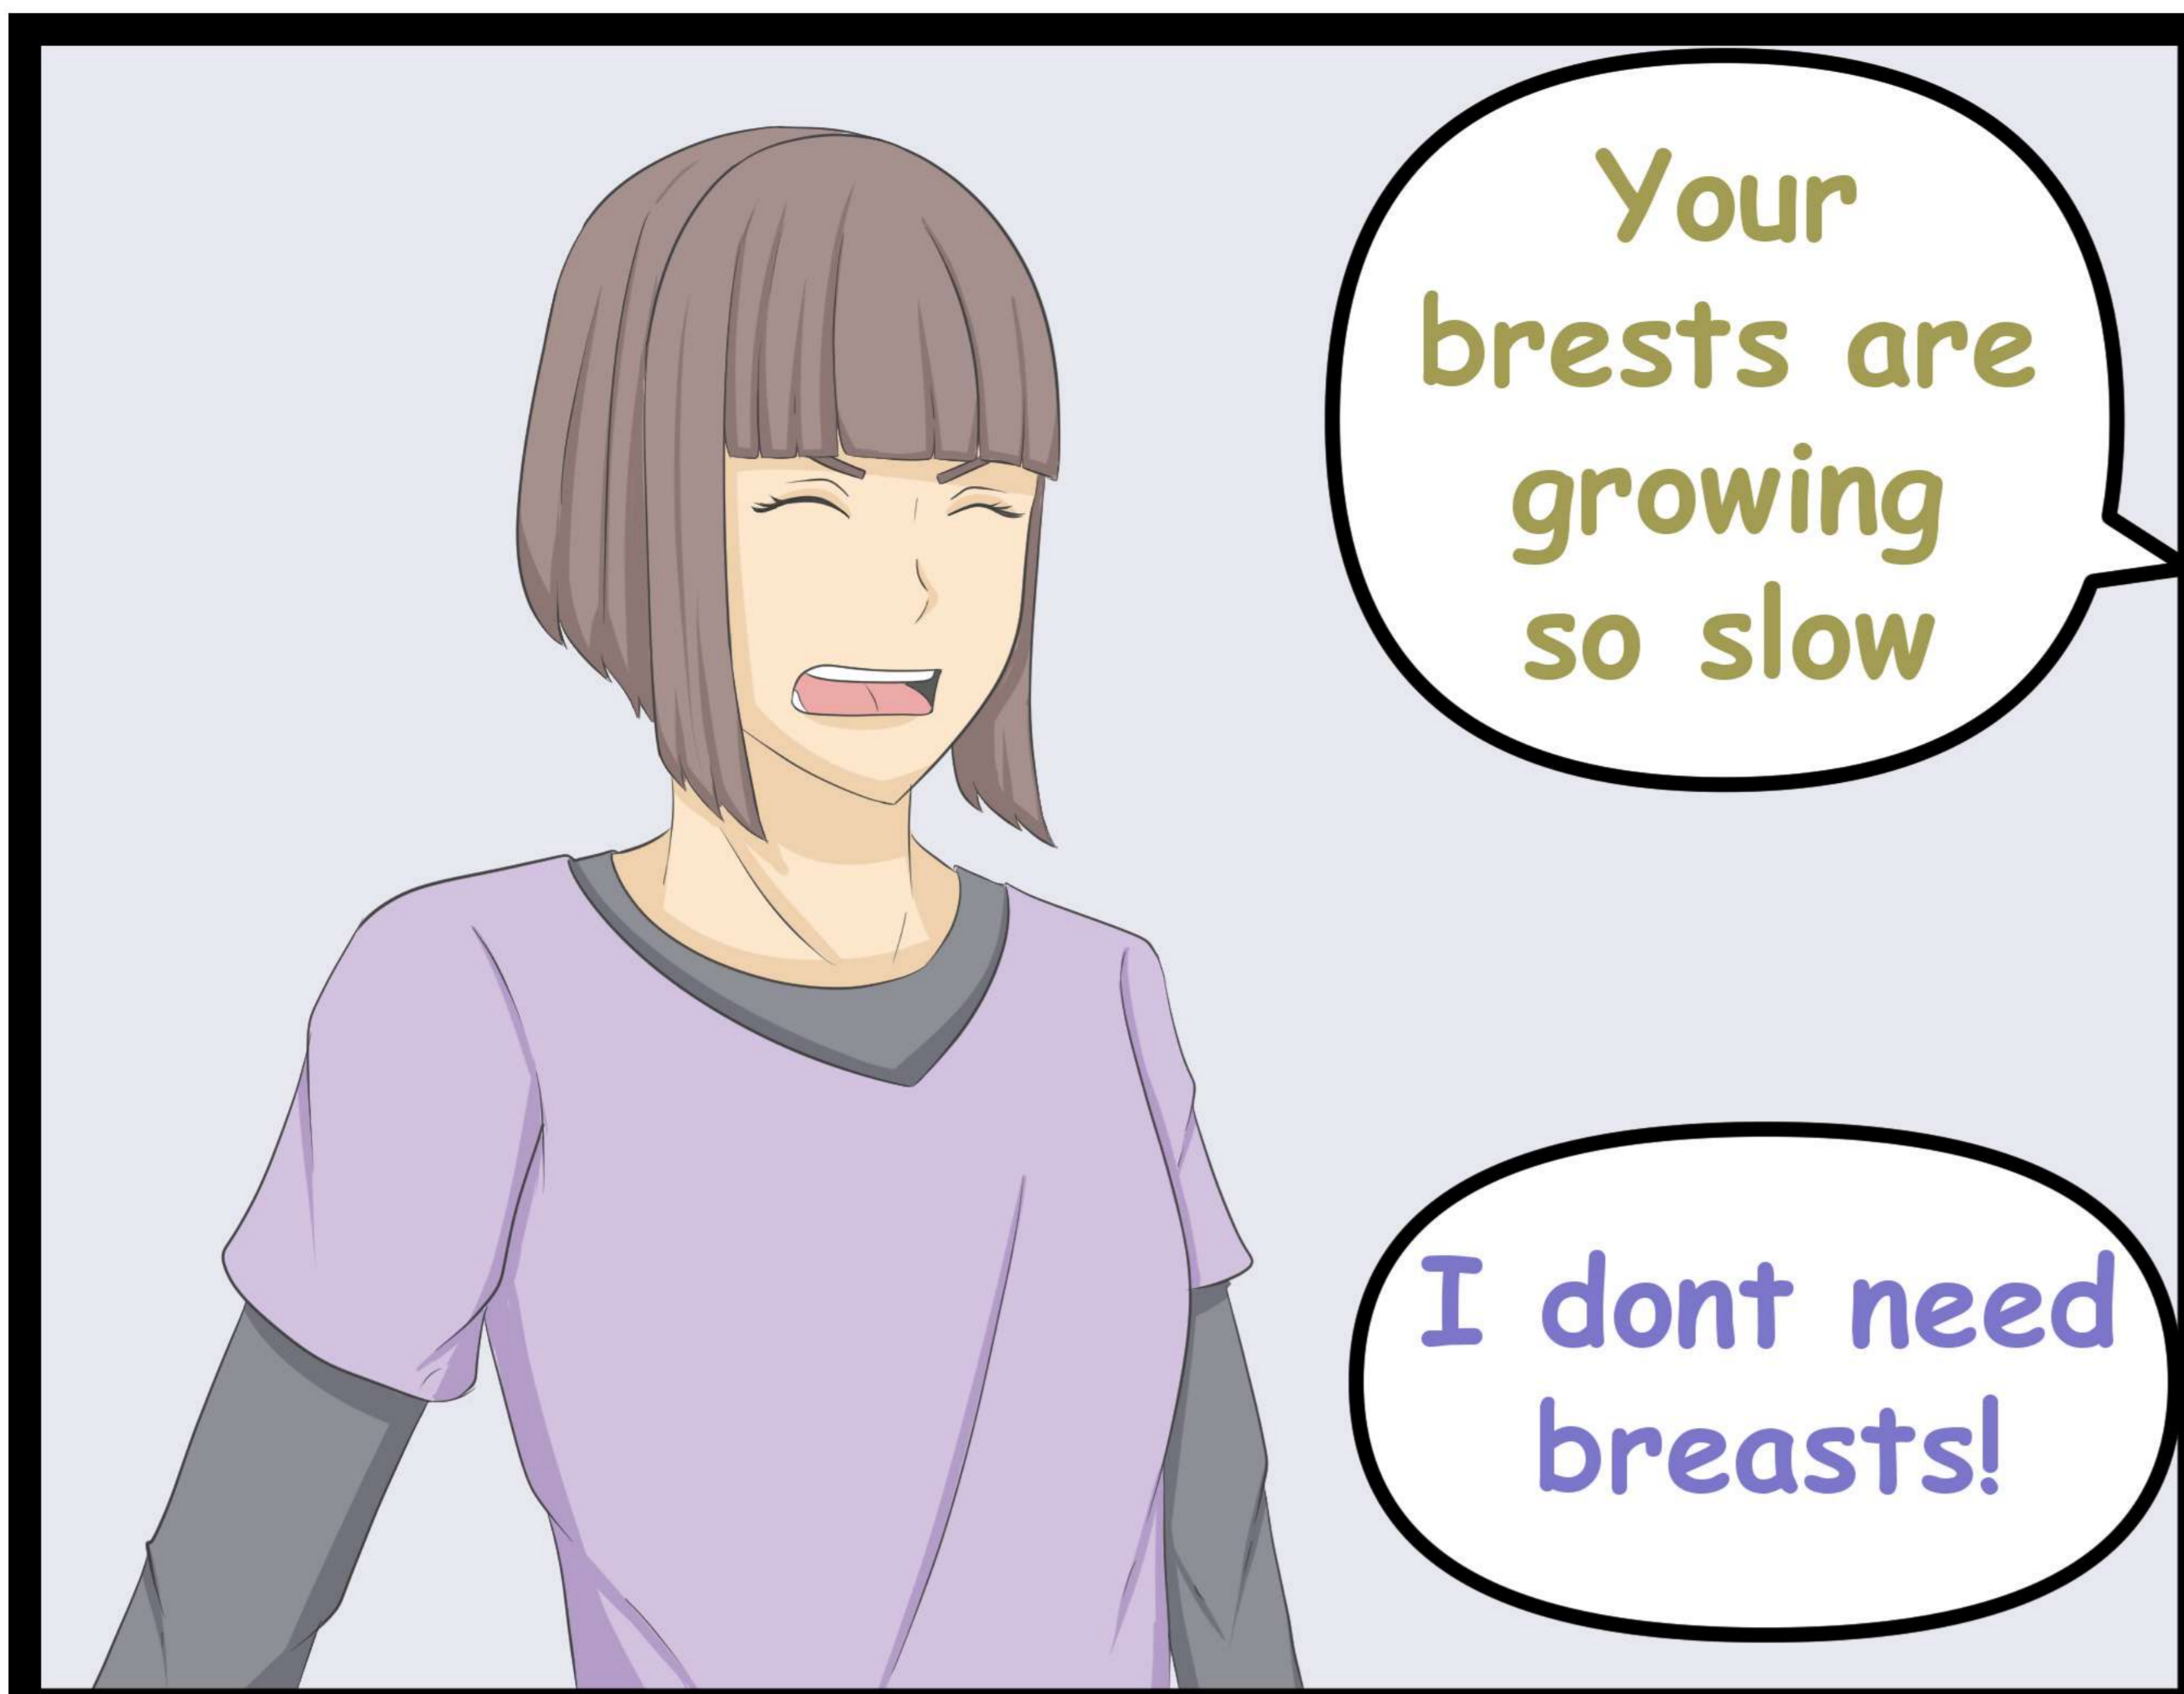

Hahaha, you can be sure that it won't!

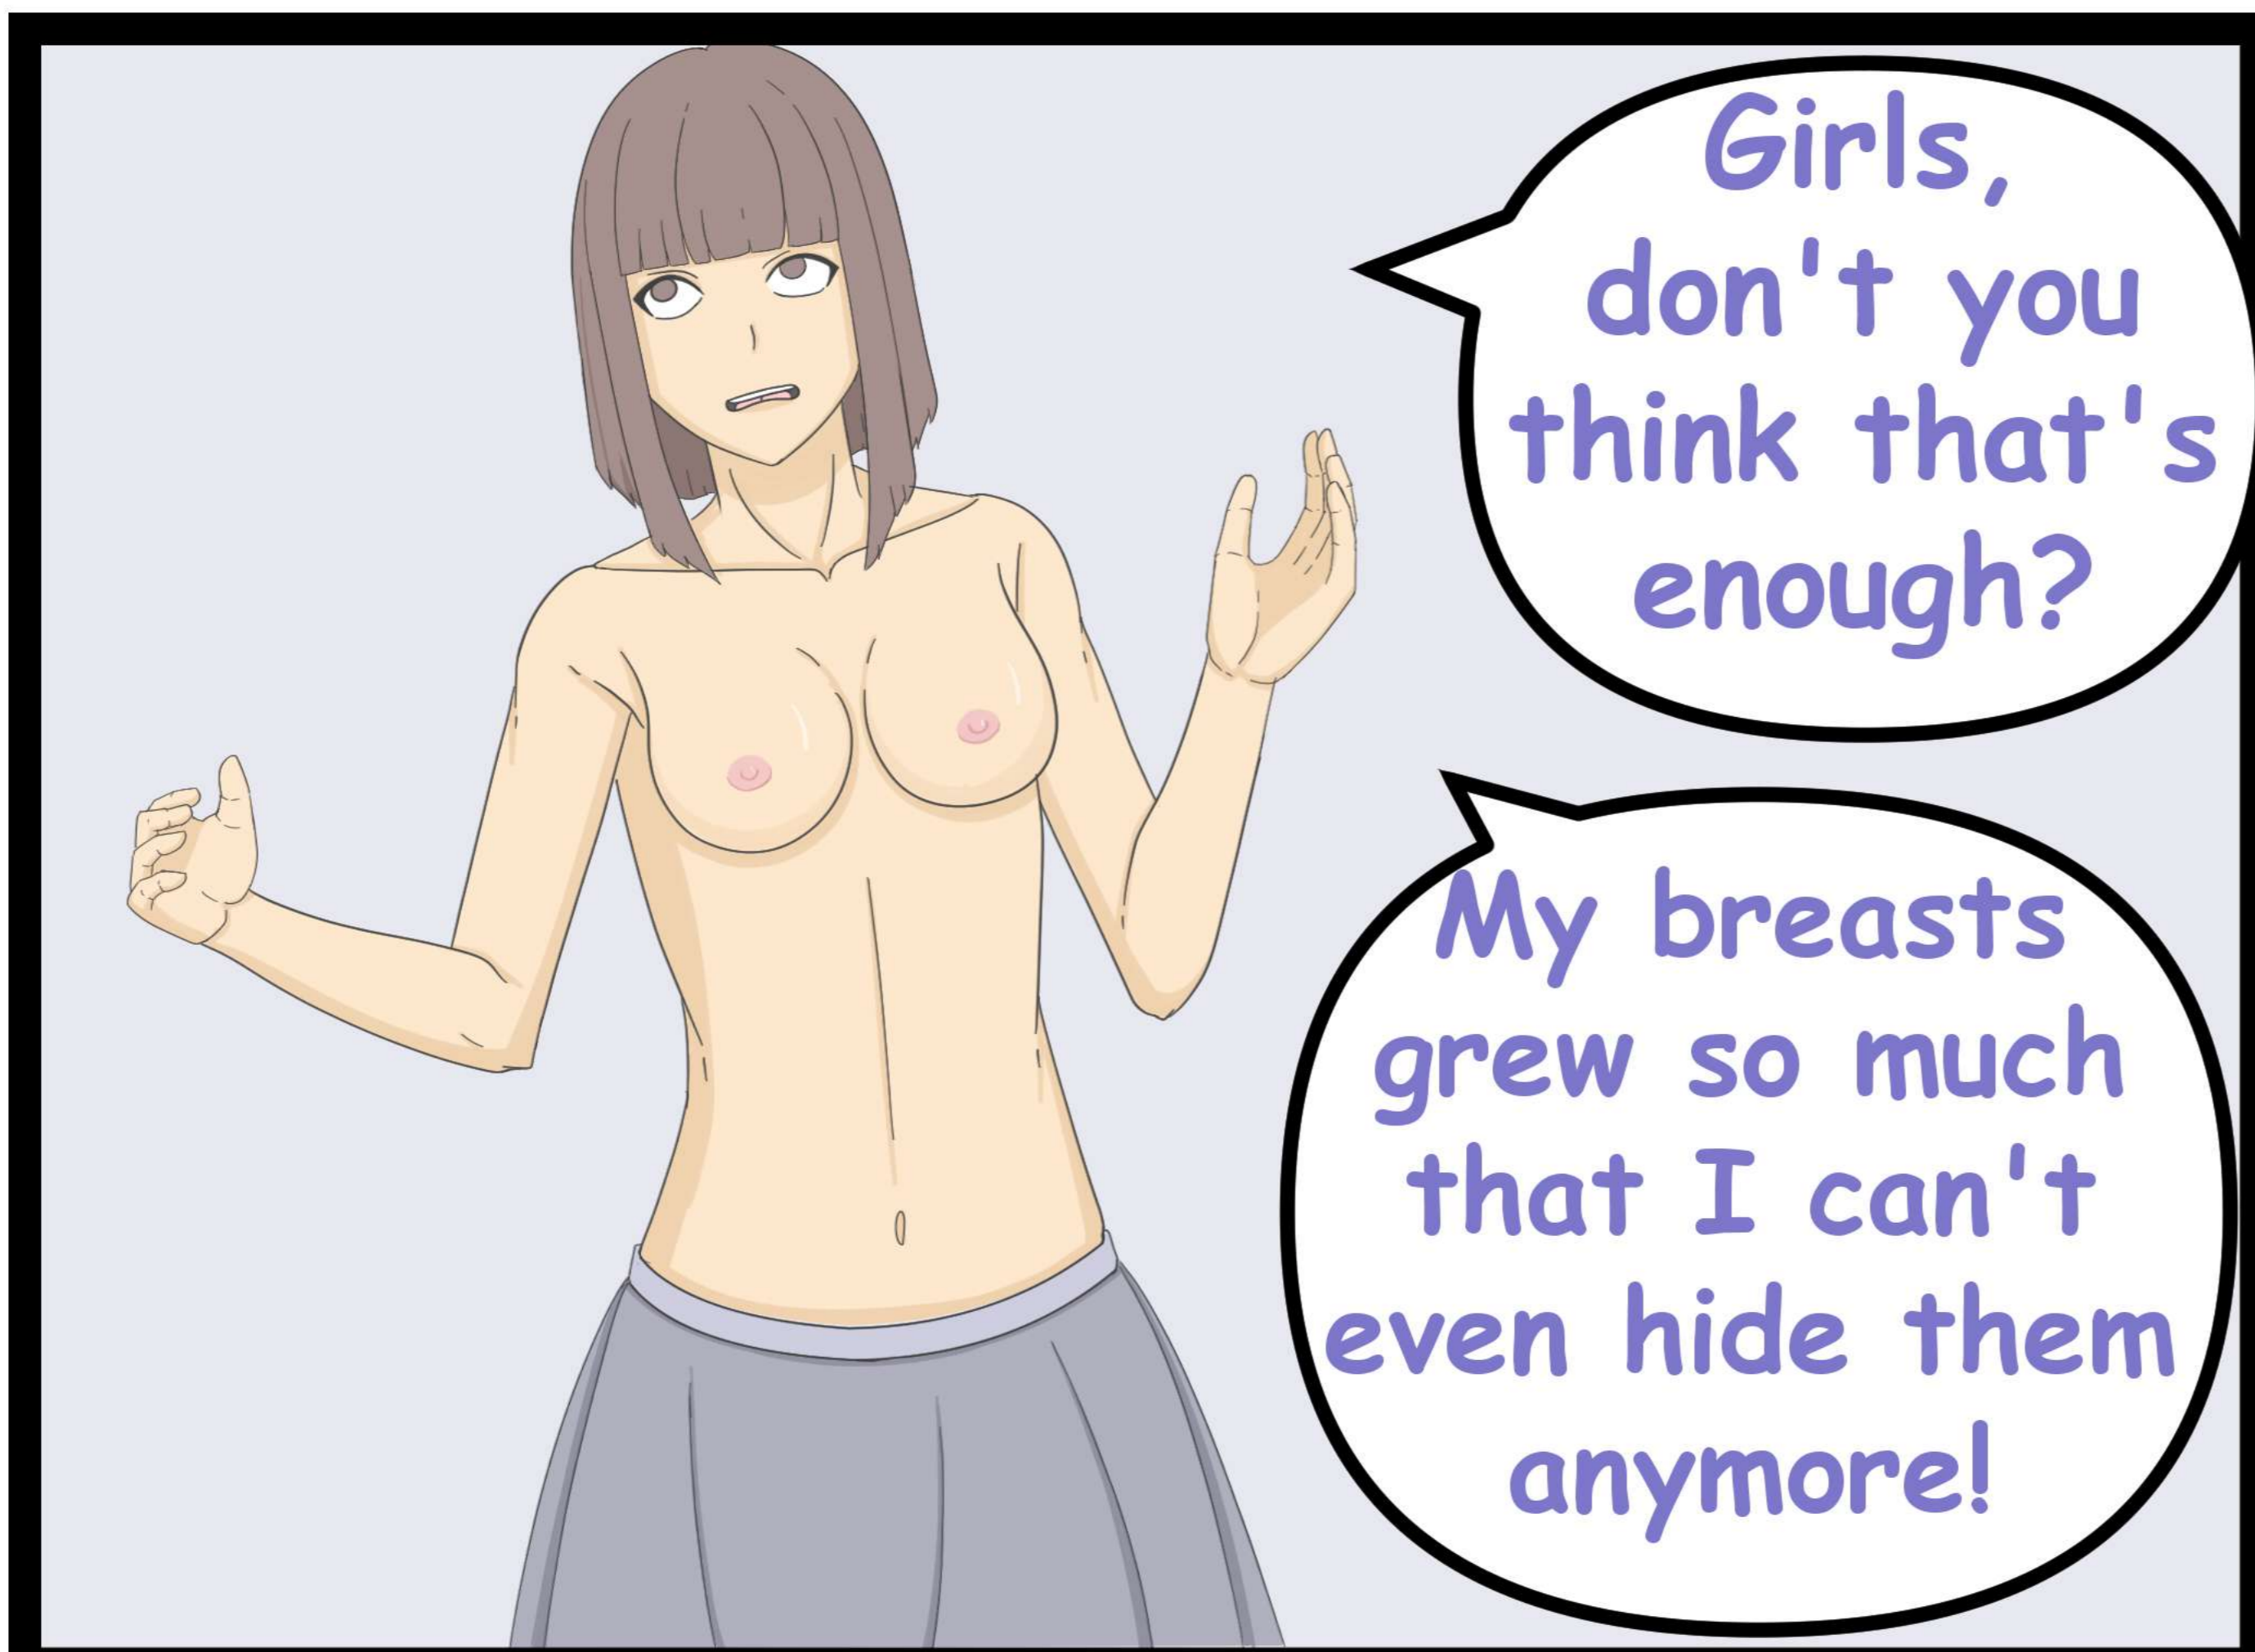

But... I'm already becoming too feminine!

It's still far from being enough to be part of this club!

So from today onwards you will also be taking hormone pills in addition to the injection.

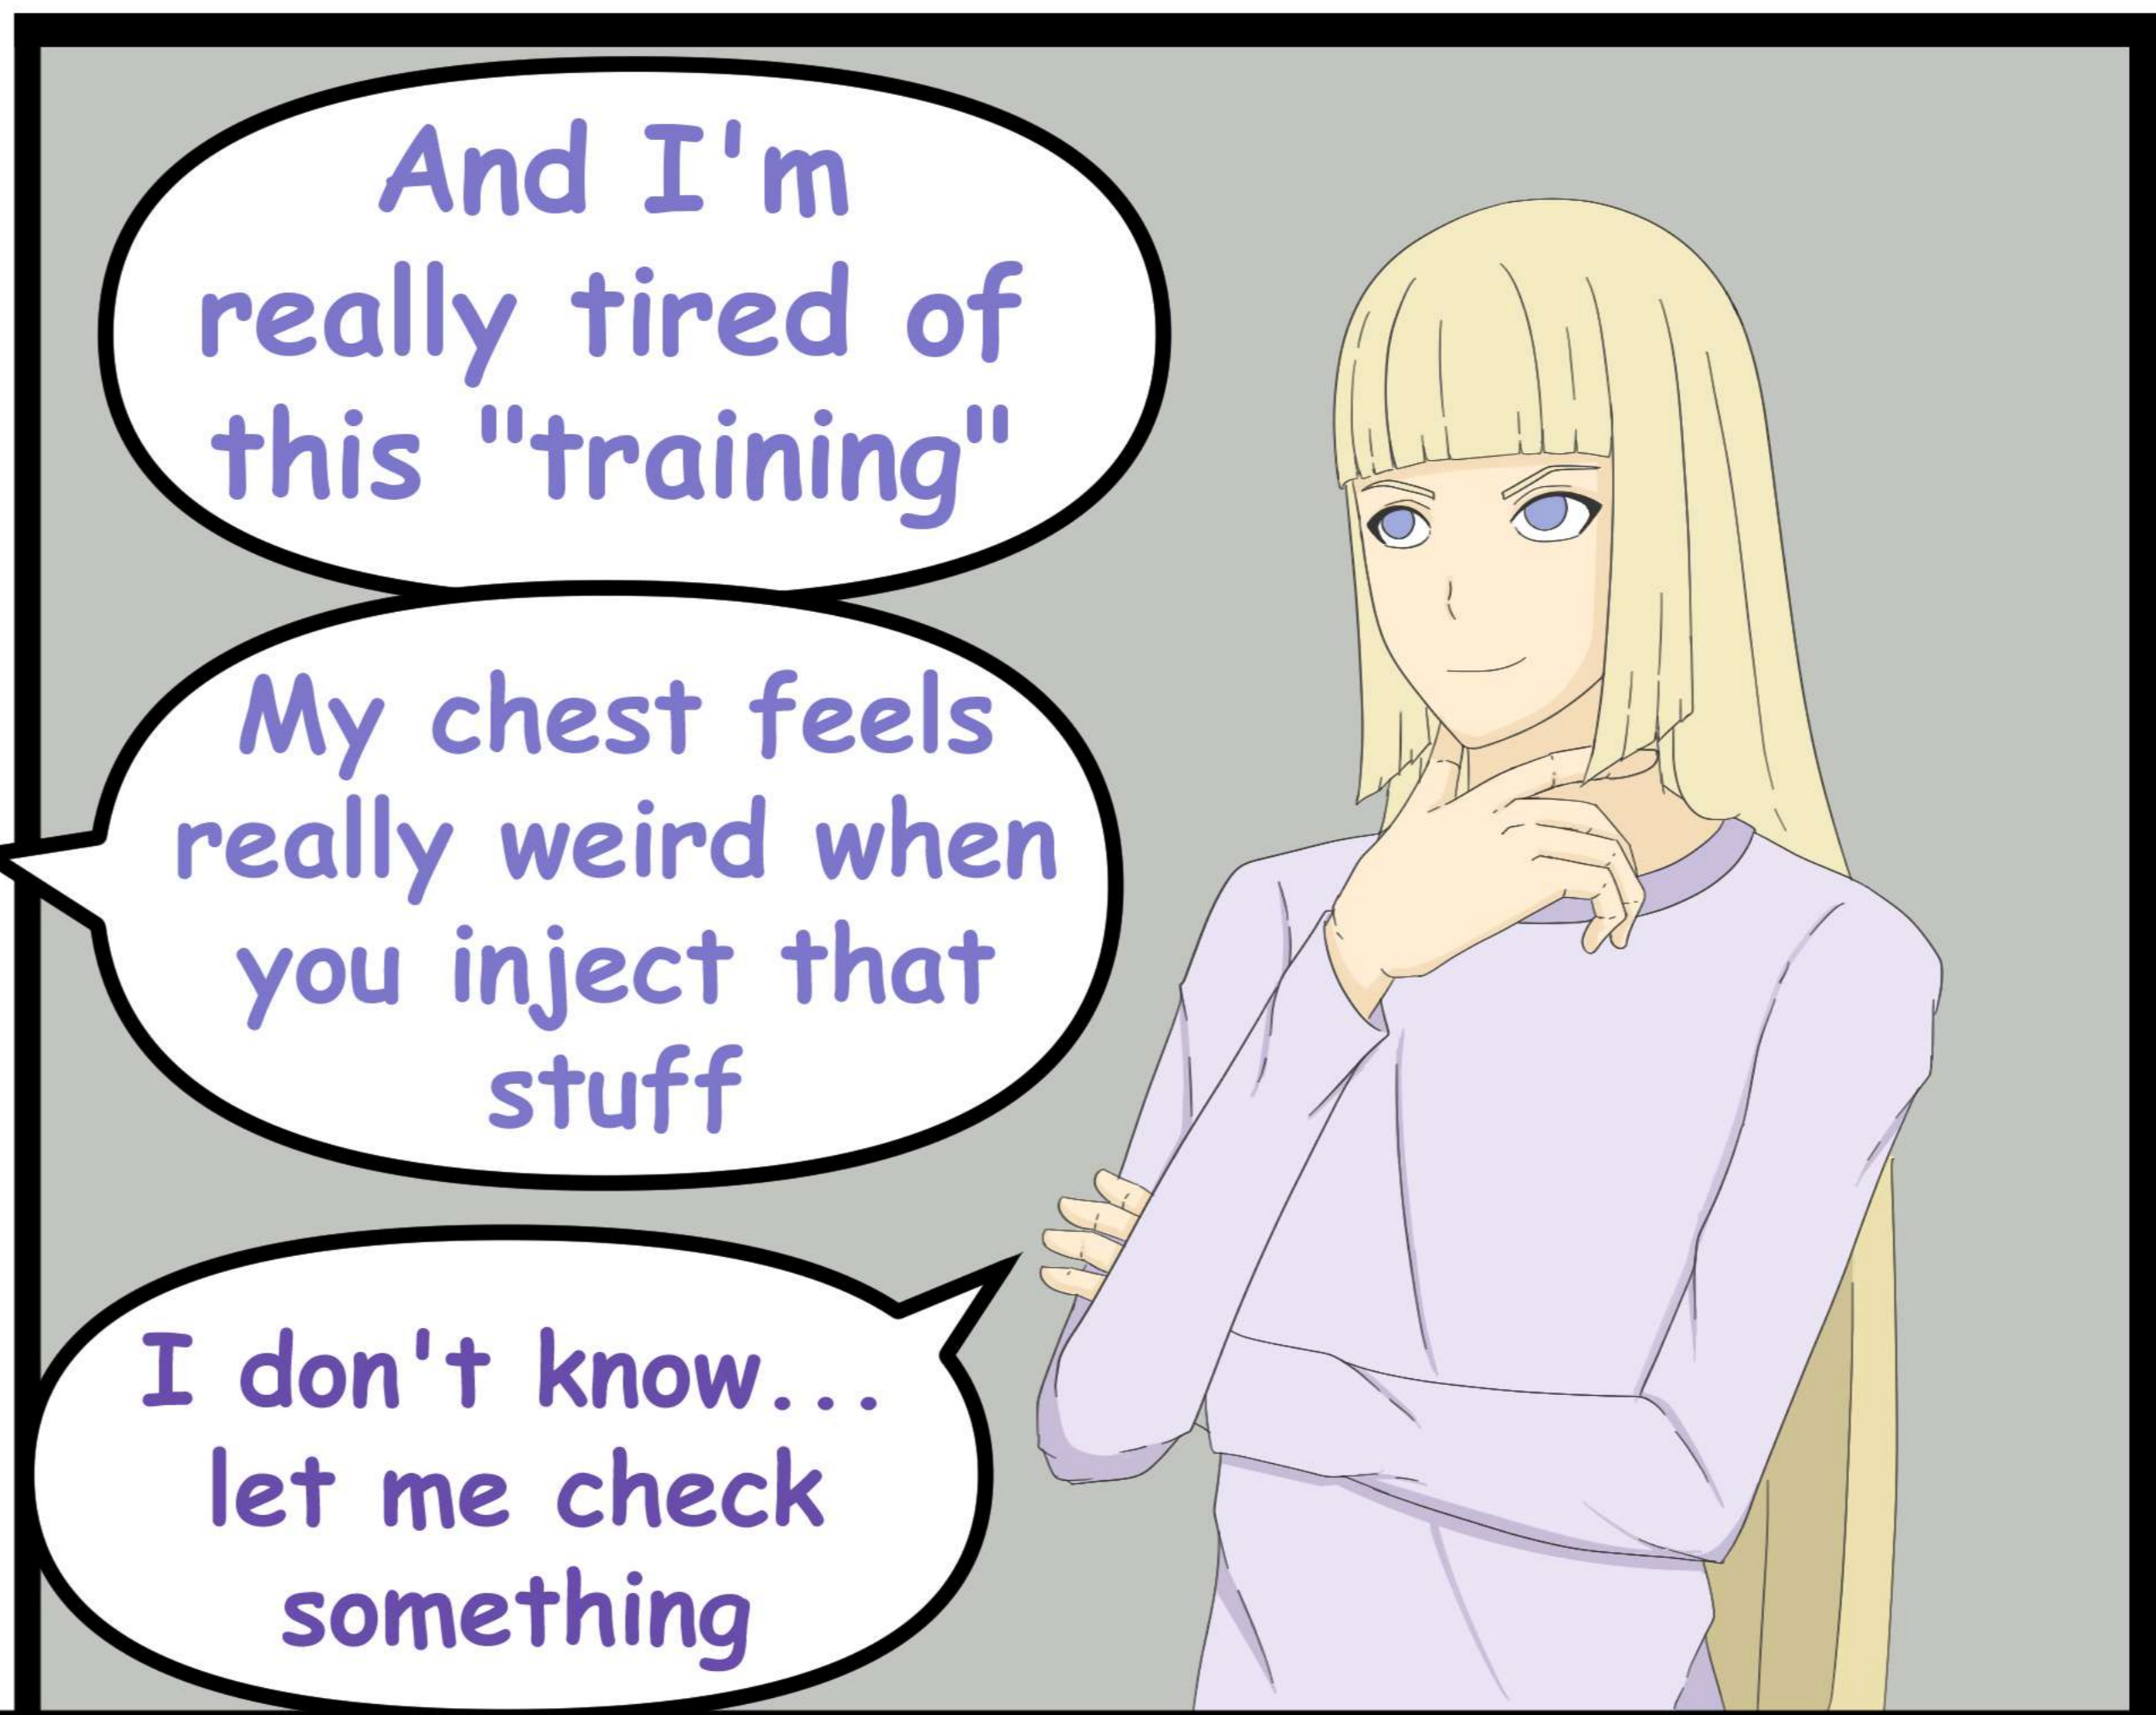

Girls, don't you think that's enough?

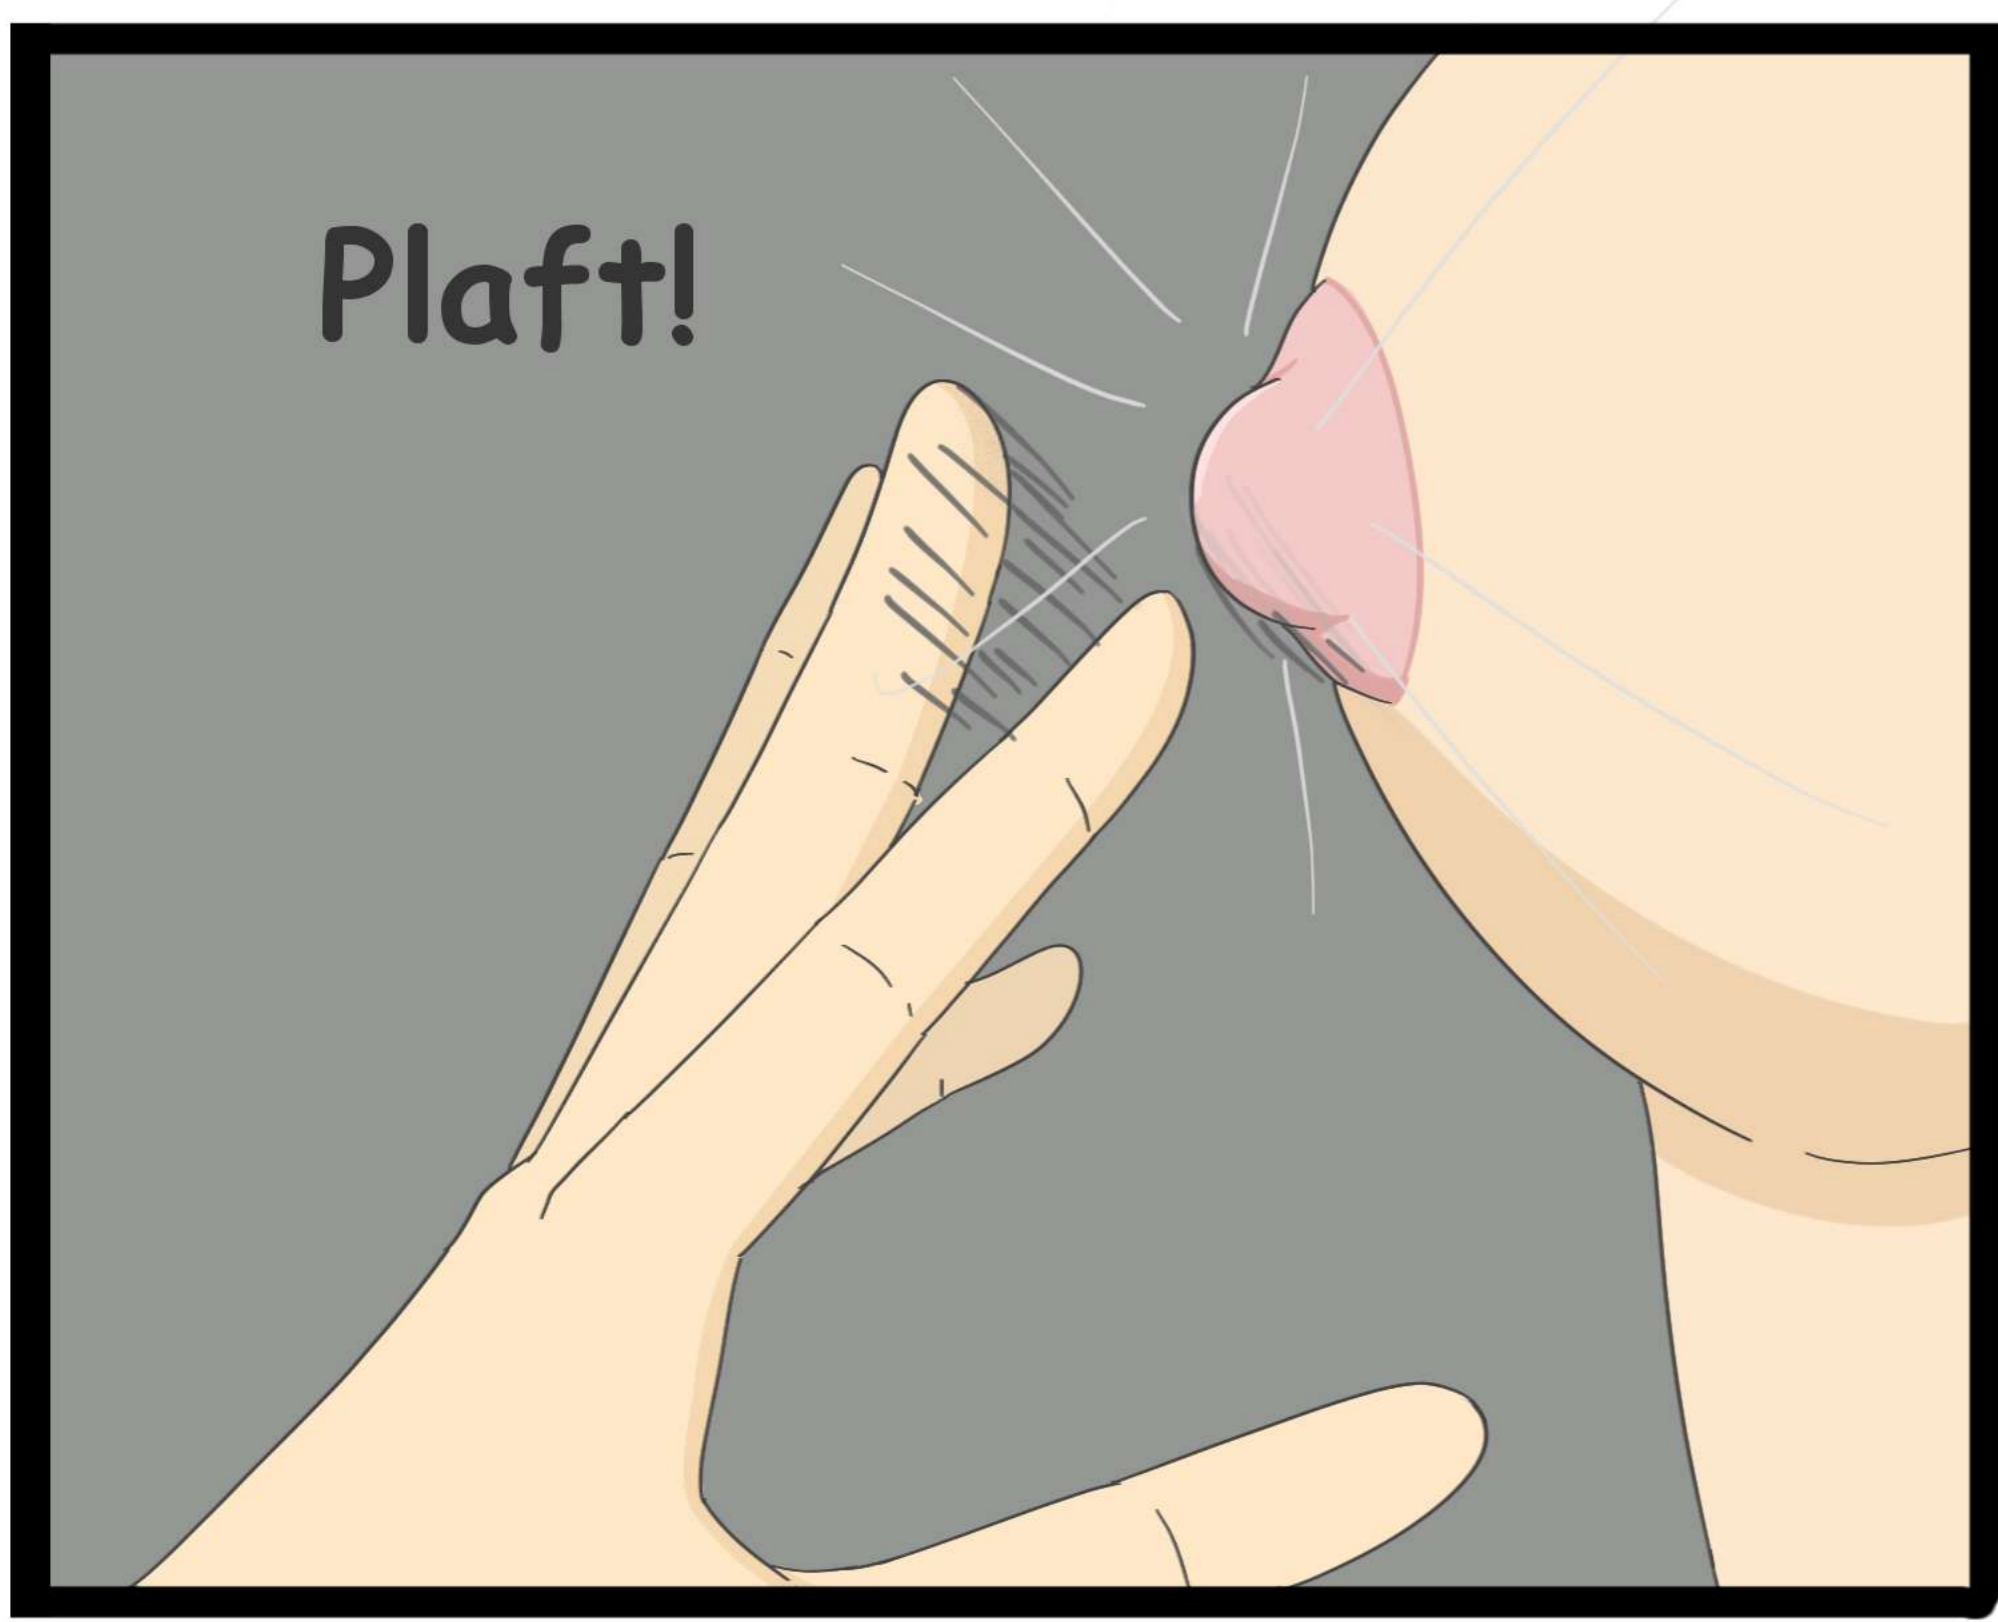

My breasts grew so much that I can't even hide them anymore!

And I'm really tired of this "training"

My chest feels really weird when you inject that stuff

I don't know... let me check something

Plaft!

Wh-what why it feels so good?!

A_H_H_H_H

hahaha, that shit really made it sensitive

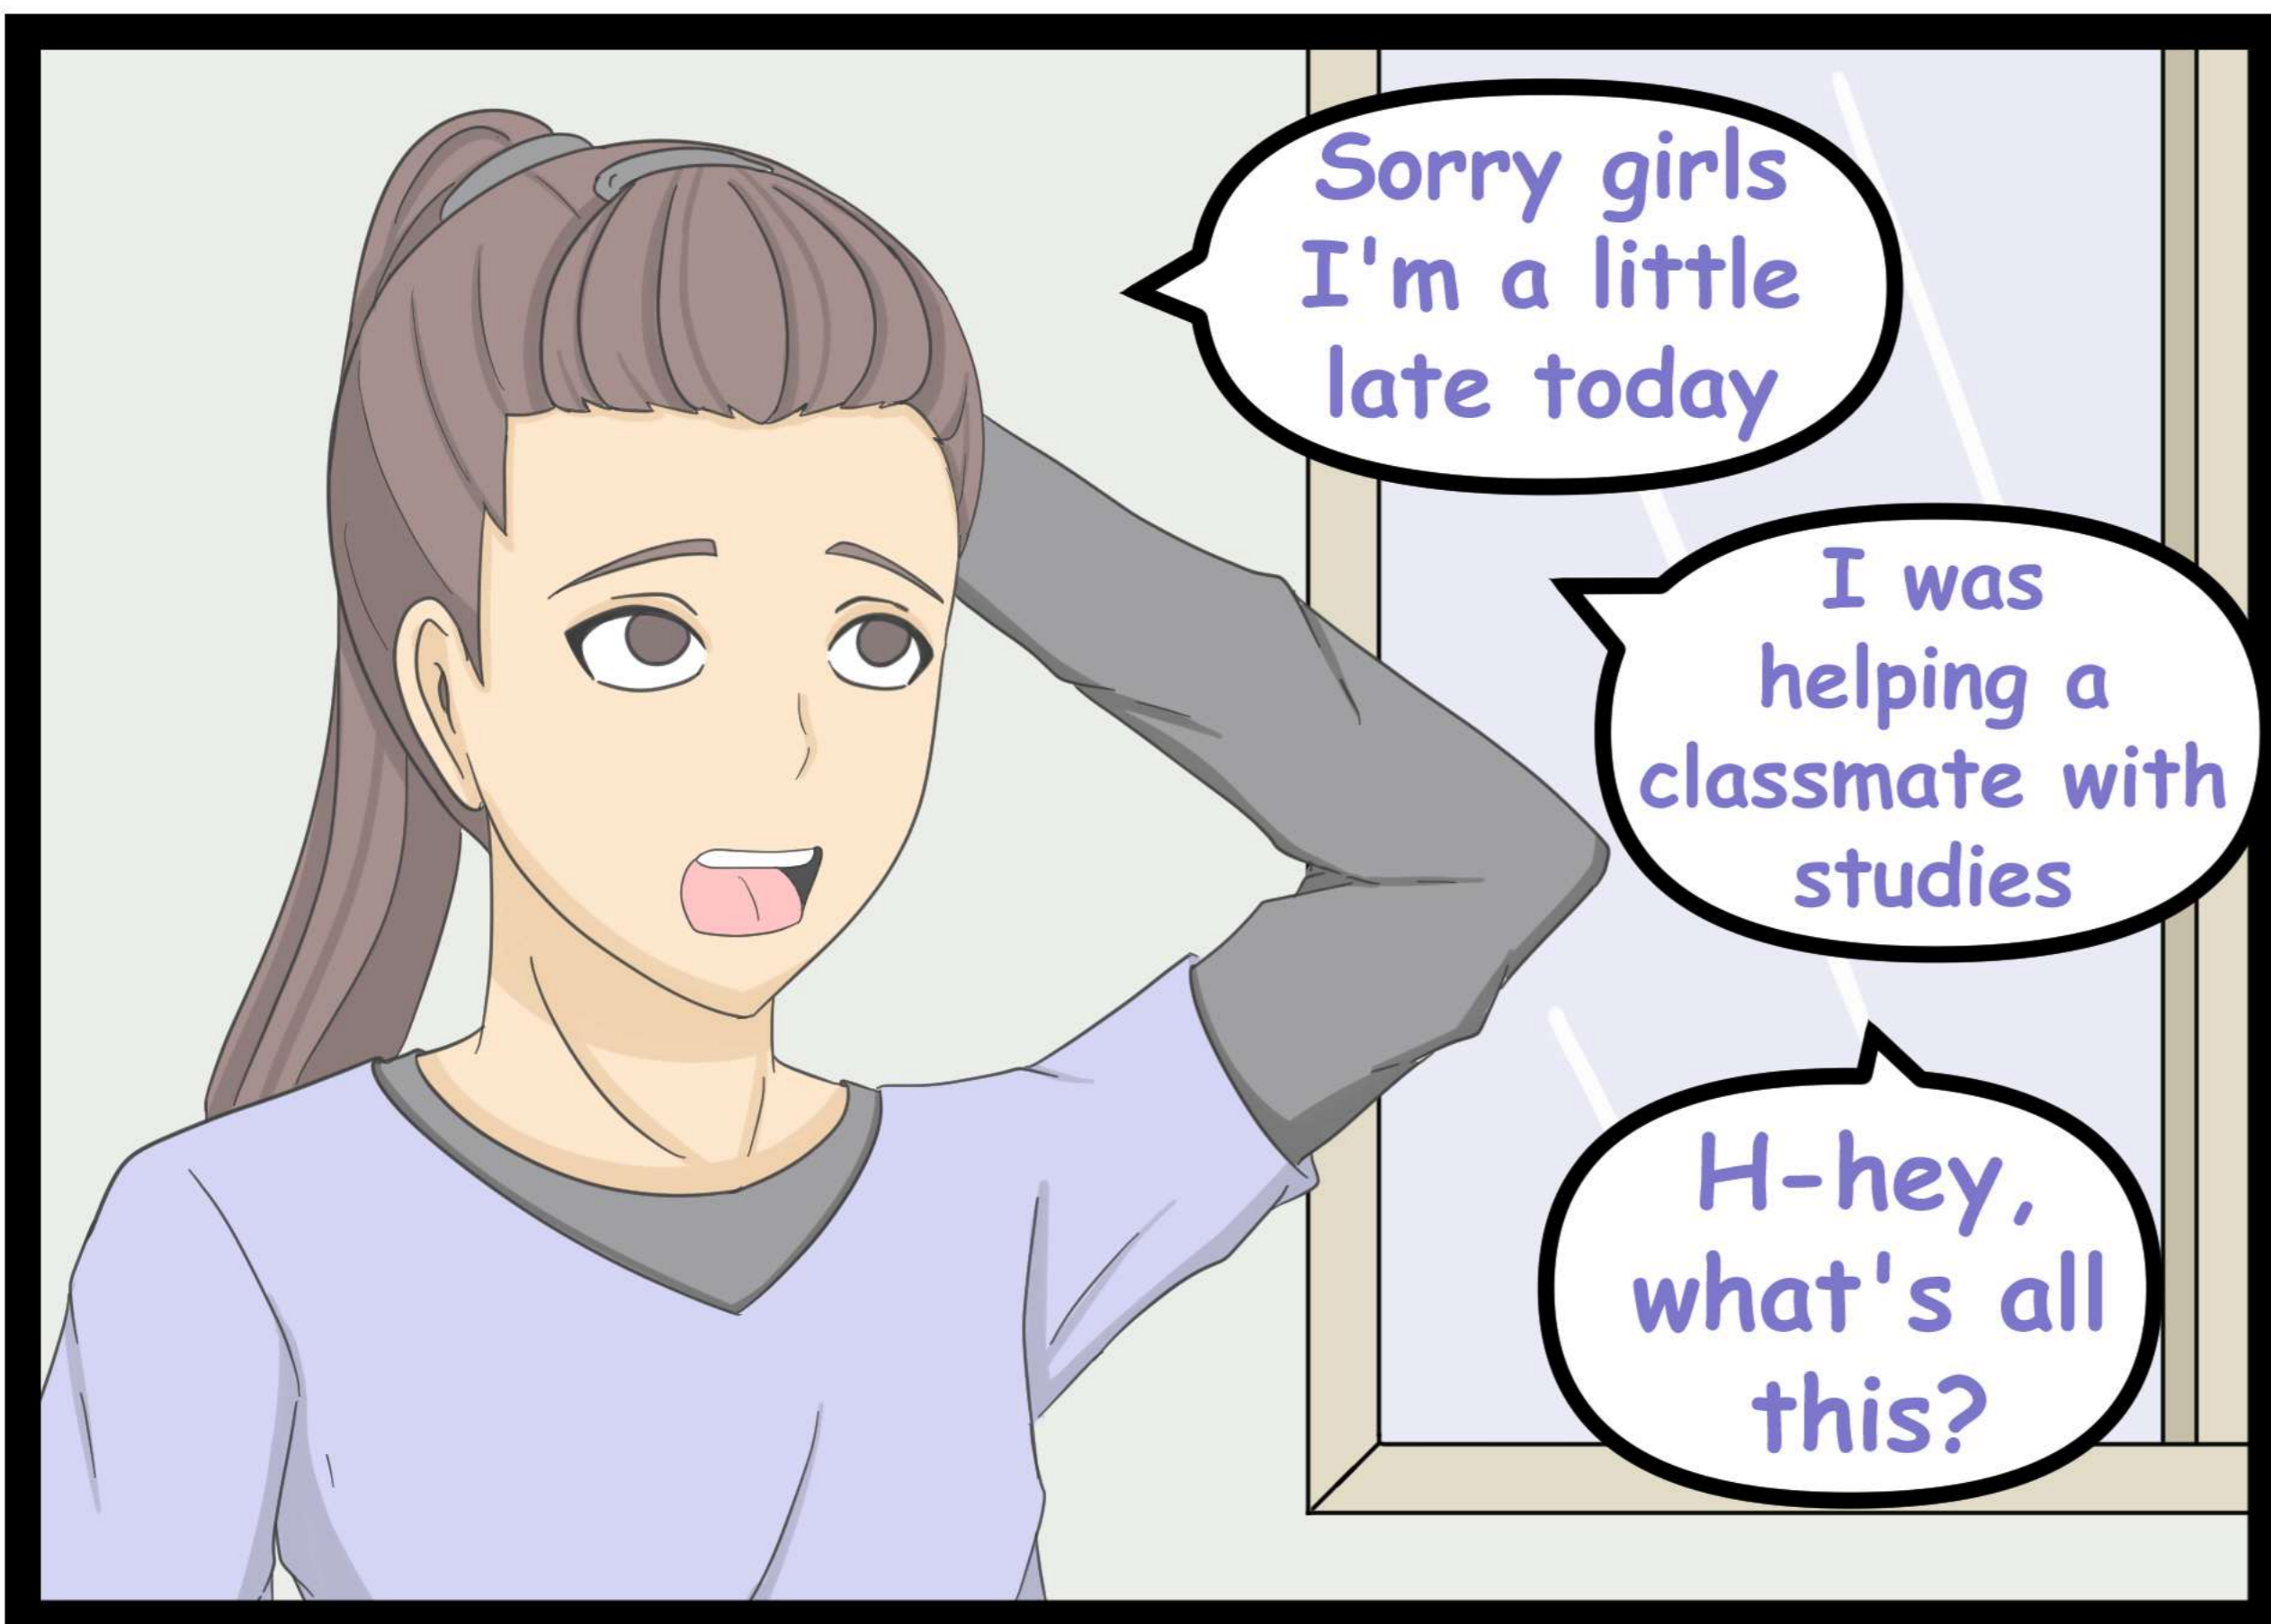

So, what do you think, girls?

I think hormones alone are enough from today onwards

for me his transformation is almost complete

When his hair grows a little more I will make the last change

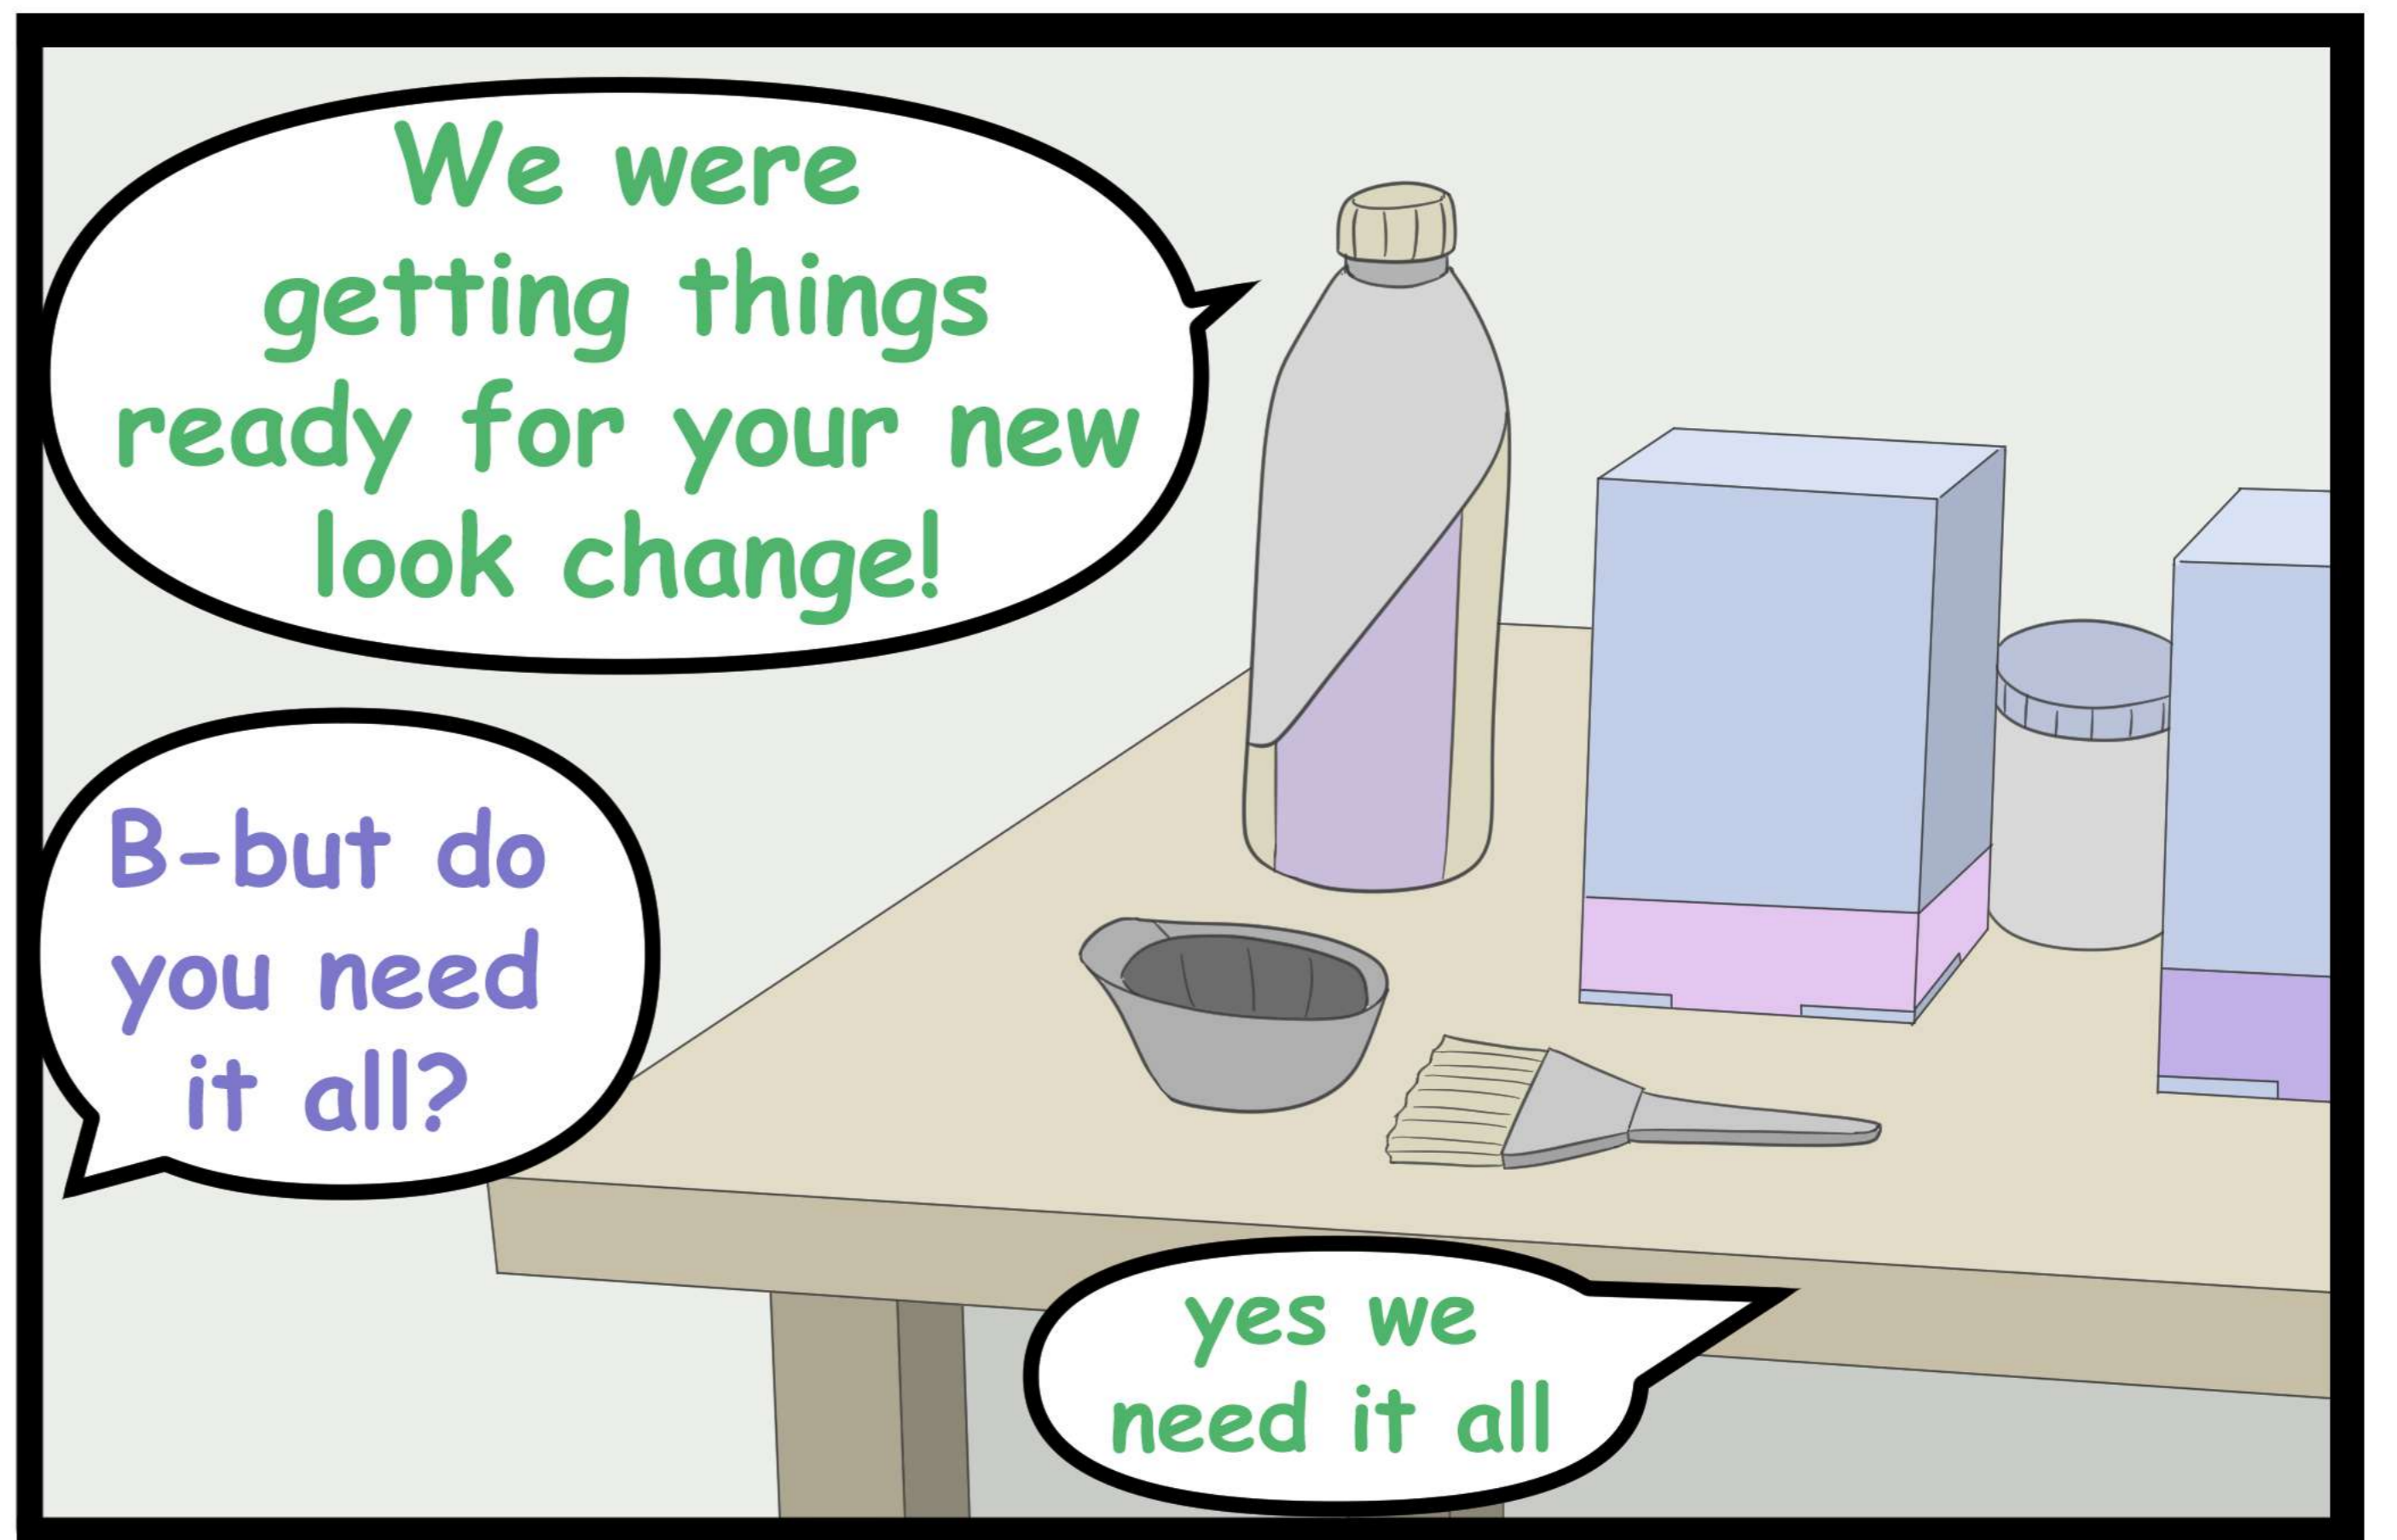

And I have a perfect idea for our last order!

Sorry girls I'm a little late today

I was helping a classmate with studies
