KNOCK KNOCK

Enter.

Yes, Miller. Come in.

You wanted to see me?

Morning boss.

M. K. RIVERS

PRIVATE EYE

We hit a wall big time in one of our investigations.

Two of our agents have already gone missing trying to investigate.

We need an undercover master like you on the job.

Which case would that be, Sir?

Are you familiar with the SGFP mystery?

The federal case? Seagate Federal Penitentiary?

I'm roughly familiar with that one, yes.

I think it was about missing inmates, and a rough way the staff handles things there?

Among other things, yeah.

We suspect some shenanigans pulled by management with the prisoners.

We need you to dig around undercover in there.

I can get started right away.

Do you want me to mingle with the guards?

No, Theo.
I gotta ask a big one of you here.

You have to go in with the inmates.

The inmates? But isn't SGFP a female facility?

Yes, it is.

Please go to the lab and talk to Doc Wansburry. She has something to try out here.

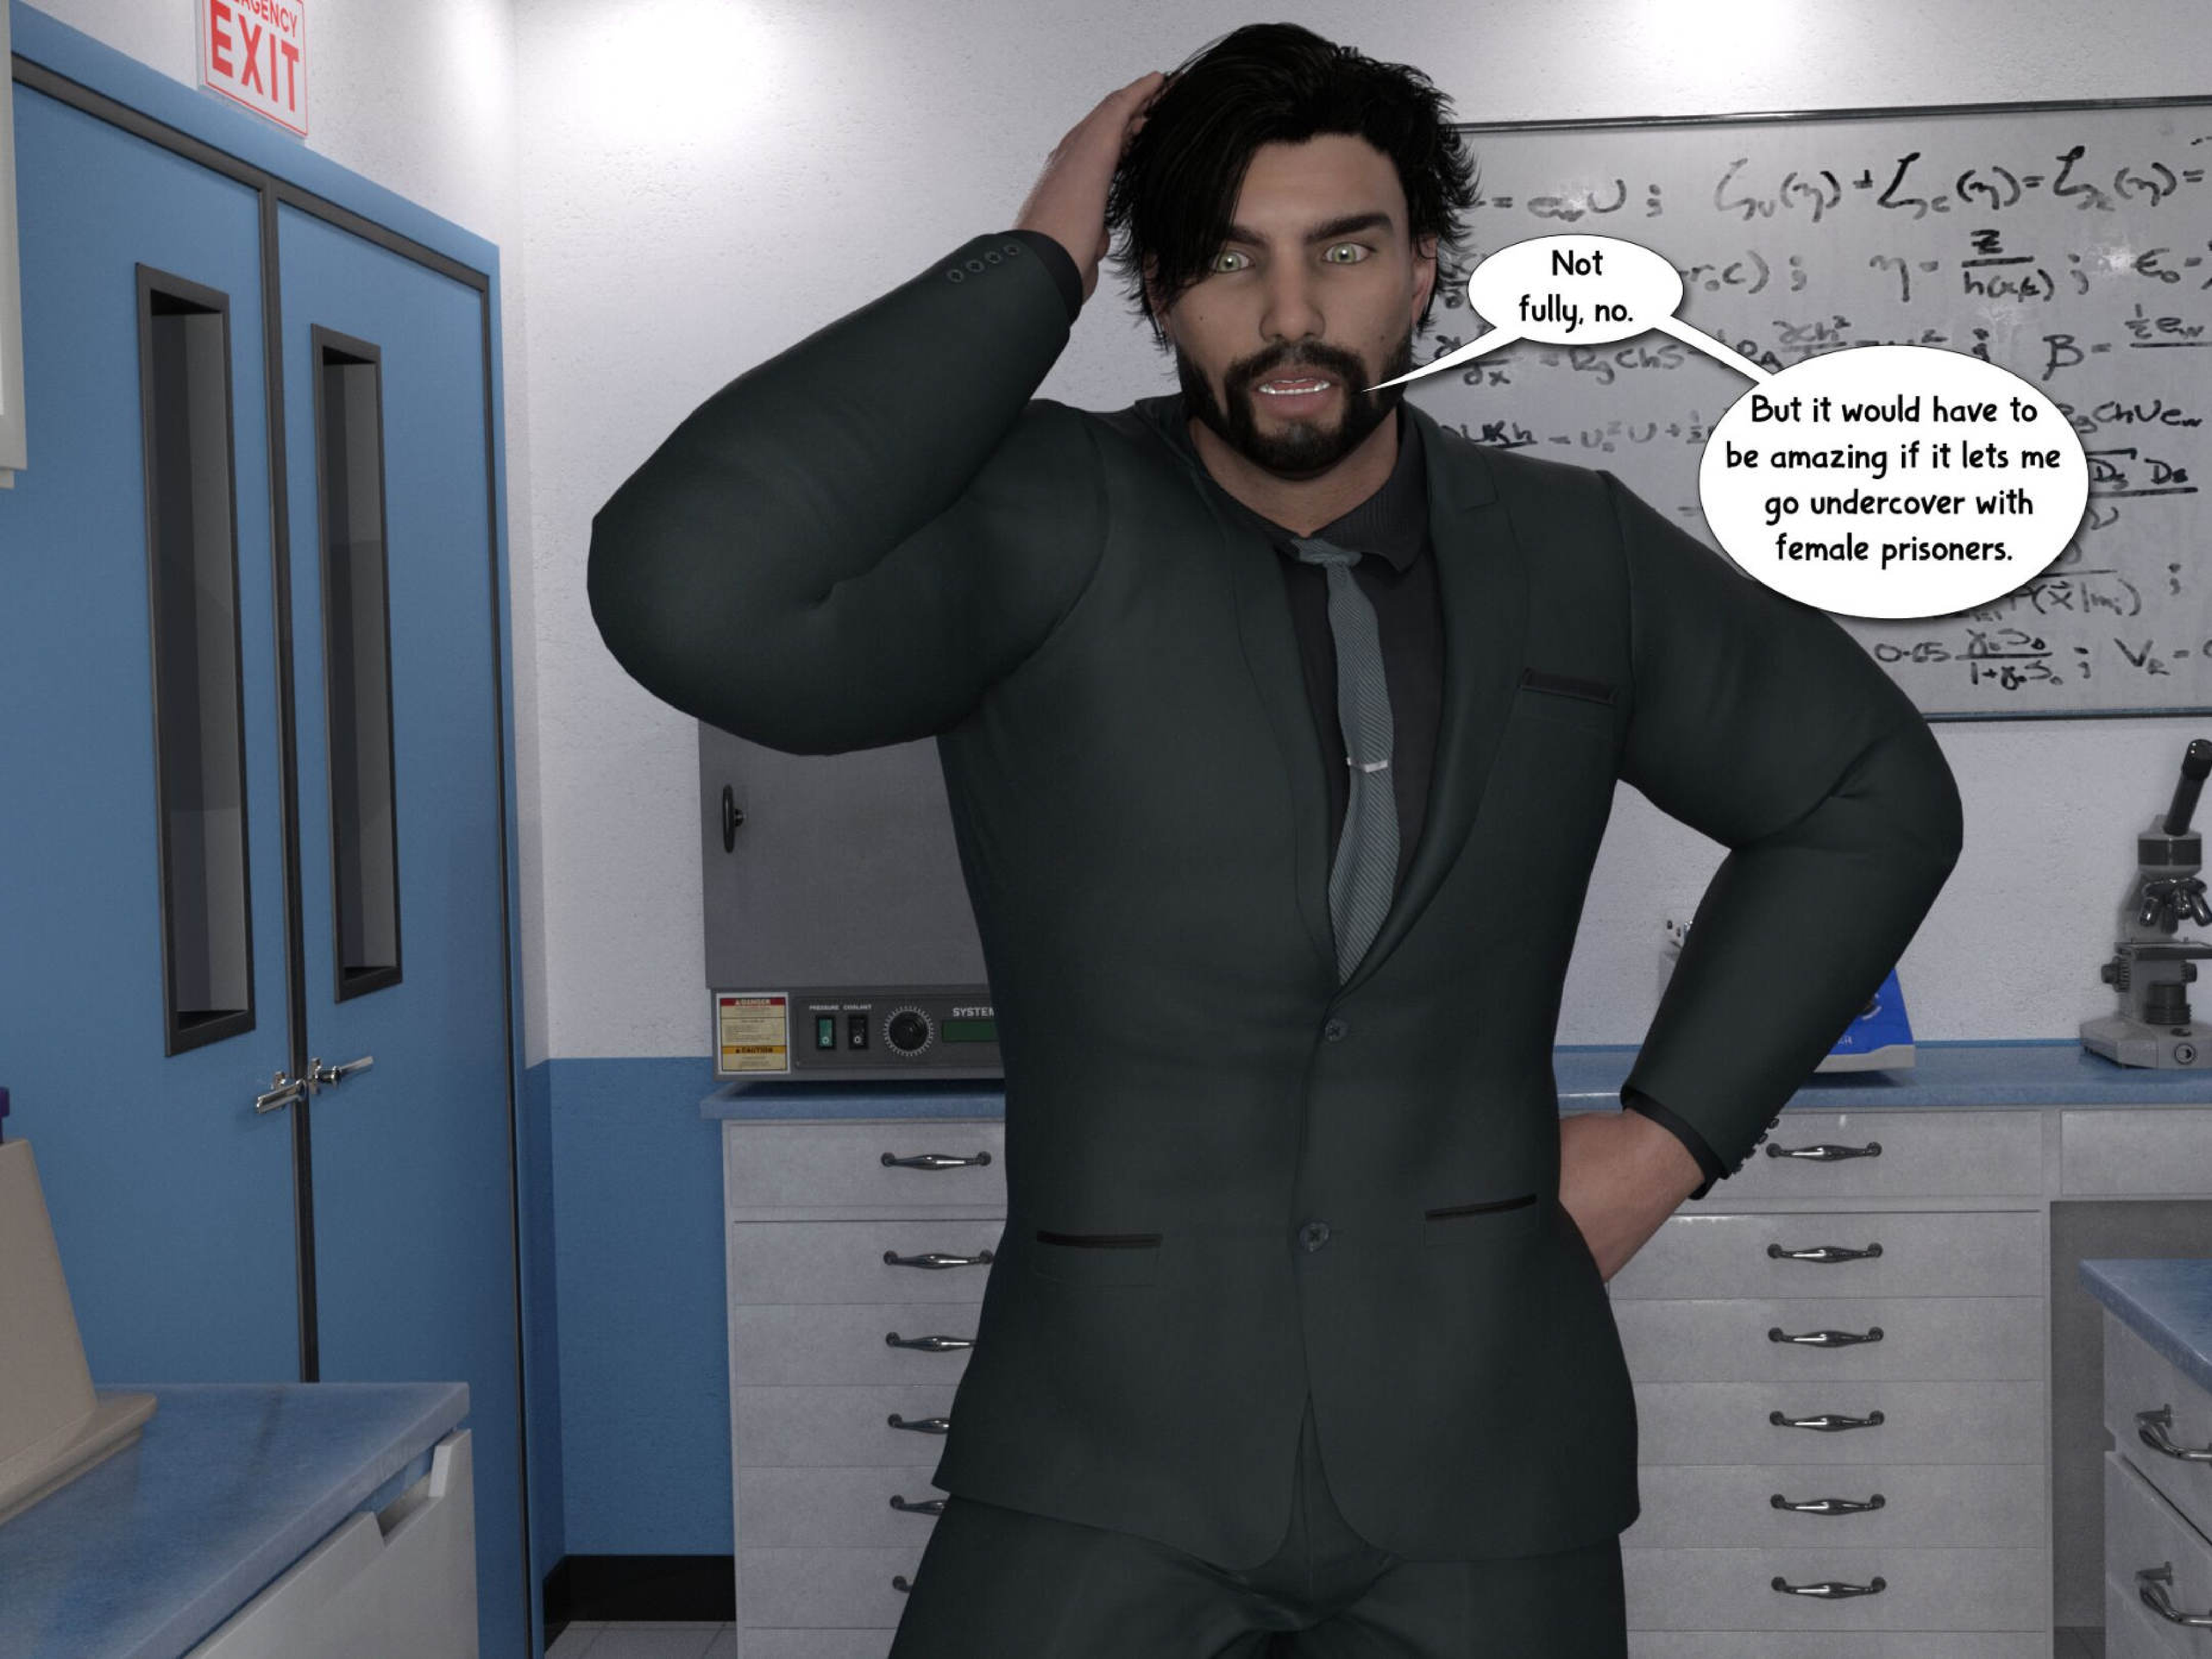
It's a new way to disguise our agents, and I would like you to test that as well.

I.. yes, Sir.

PRIVATE INVESTIGATIONS

Doc Wansburry?
Are you here?

Ah, agent Miller. So good to see you.
Has the captain told you about the procedure?



EXIT
Not fully, no.
But it would have to be amazing if it lets me go undercover with female prisoners.

So what does this entail?

Hang on, let me show you.

So, this is a specialized concoction.

We would inject you with it, and within moments, you form will reshape.

You will come out of the procedure a totally different person, even bridging things as primary sexual organs and such.

You're joking, right?

That's a thing you can do now? Within minutes make me a female?

Is it safe?

Very much so. The procedure is harmless all together.

If you want, we can use it right now and reverse it should you not feel up to the task.

I advice you disrobe for this.

This feels bizarre.

The process itself is a bit intense, but it shouldn't hurt too much once it starts.

Oh god. It tingles all over.

Fuck. Is this how it's supposed to work?

Oh god, it feels like I'm melting.

You're almost there. The process should ease up now.

Holy shit, Doc.
I've got tits.

Actual,
real life tits.

And I can't feel anything hanging down there anymore.

Notice

This is
so weird.
Notice

FUCK.

Doc, oh fuck.
It burns.
Mr Miller?

What is happening?
Doc, I need you...

I WANT TO EAT OUT YOUR PUSSY.

COME HERE.

Oh my.

YOU ARE SO BEAUTIFUL, DOC.

Why, as are you, agent Miller. But should we really...?

NO BUTS. YOU DO WANT IT TOO, DON'T YOU?

I don't think we...
I feel... oh my... so...

Oh god. What's this feeling?

USE ME, AGENT. I'M YOURS.
I WANT ALL OF YOU. PLEASE.

YES. OH YES.
LIKE THAT.

YOUR TURN NOW, DOC.

OH,
FUCK. YOU DO KNOW
HOW TO USE YOUR
TONGUE.

MY, THAT WAS INTENSE.

Doc?
What the fuck did we just do?

A moment later, back in the office.

It was so bizarre. It came out off nowhere.

And the Doctor?
She didn't even put up a fight.
WANTED

I went all horny monster, and was all over her within seconds.

And she went with it.
Didn't push back, and let me have her.

Well, she's looking into things right now.

Are you still up for the task?

Are you serious?
You still want me to do this?

I guess I can adapt to this form and everything.

It's gonna be rough, though.

Like I said initially, we're running out of good options here.
Can you do it?

If the Doc find out what happens, then maybe.

17

RIVERS

TE EYE

Good news, then.

I did figure out the factors, and we can prevent further episodes using some pills.

517

Bad news is, I'll have to come with you on site to produce those pills in the facility.

Doc?
What are you wearing?

Well, Seagate only has a limited emergency medical team on staff.

I'll have to pose as one of those.

Okay then. If the Doctor says it can be dealt with, then we're on.

Grab the file, learn what you can you two.

You have a week until we set out for SGFP.

VATE EYE
I played some games of Poker. Does that help?
Extensively and to their face, I mean.

Oh, brother.
We've got work to
do indeed.

A few days of training later.

Okay, Doc. Let's hear it one more time.

Right, here goes.

I'll be under my actual name, Lynn Wansburry, to make things easier for me to fit in. I'm a MTA specializing in neural disorders.

Other than that, I can use my basic medical knowledge to work in the facility, provided I don't showcase too specialized knowledge in certain fields of medicine.

You're Trish Brinsby, a violent drug user and homicide convict. You've been diagnosed with AIWS, which is why I'm on site to monitor your condition. Any strange occurrences in your behavior, we can explain away with the distorted perception of your condition.

As a medical procedure, you're to see me every other day, so I can record your progress. And since medical consulting isn't allowed to be monitored, we can chat freely during these meetups, and I can relay your findings to the boss.

Great, Doc. We're screwed.

What? Why? I got everything right.

You did, yes.

But you also ticked of every detail on your fingers, and rolled your eyes up your head as you tried to remember them all.

It has to come to you naturally, remember?

Right. Dang it. This is hard.

Let's take a break. Tell me about what you know about my actual condition?

Right, yeah.
So, the transformation argent has hyper stimulated your production on pheromones.

Whenever you experience a heightened state of emotion, there is a chance that system will flare up again, and produce a quantity of 1,000 times more than the normal amount. Which in turn can make anyone succumb to you and your desires.

To counteract this, I've devised these pheromone blockers. If taken twice during a day, these'll inhibit any of your glands to shoot up on producing those.

Sounds easy enough. I should be able to hide these in my bra, no trouble.

In case you do lose them, or miss out on taking them, find a solitary place and remain as emotionally calm as you can.

We can in theory call in a medical emergency, if need be, but that'll cause a series of noticeable events. And as you tell me, we really don't want those.

Yeah, good call Doc. Let's get some coffee, and continue on training.

A few days later.

Welcome.

Welcome to SGFP, my facility.

You'll fit right in here.

I can already tell.

Jezz, who made that creep head of a female prison? Better push back.

Hands of the merchandise, creepo.

Playing hard to get, huh girly? You'll come around. You all do. Guards. Escort her away.

A few moments later.

Okay, gotta take inventory. Director, super suspicious. Already a rough start here. Let's see what else is going on.

Hey, you.
New girl.

You seem like the smart type. How 'bout I help you around a little? Don't wanna fall in with the wrong crowd, would you?

Only a small fee and I can show you everything around here. What say you?

Great, already getting bullied.

Sure,
sounds great. How about
I give you the finger for
your efforts?

Most unfortunate. Girls?

Shit. She has a posse? Didn't see that coming.

I'm screwed. Gotta roll with the punches now.

After a savage beating.

Will you look at that?

Miss
Finger was holding
out on us.

I say we punish her some more.

Get the device.
Oh fuck, now what?

Shit.

BRRRRRRZZZZZ

Later, in a solitary place.

Fuck,
this hurts.

This is so bad. I didn't expect this to happen.

Screw the hair cut, it's the pain that's the worst.

Shit. Is it building? Oh god. Why?

ARRRRRRGHHHHHi

Holy shit.
It's gone? How's that possible?

Is that serum
the Doc gave me still
active inside me?

It can't be, right?
I'd... I'd... shit...

No, no,
no, no, no.

I can't do this.

Why's this happening to me?

Hey, prisoner.

Good there's no one around.

Fuck. A little maybe?

SECURITY

What are you doing here? Lockdown is coming up.

FUCK ME.

Say what now?

YOU HEARD ME.

FUCK ME DIRTY, YOU PIECE OF SHIT.

Central,
this is patrol 6.
Come in. Over.

This is Central.
Report. Over.

I'LL BE TAKING 5. OVER AND OUT.

Oh my fucking god. I've got him in my mouth. What's going on?

And why
do I want more?

Please. I need you. Can you do me?

OH, I WILL.

WE ARE GOING ALL THE WAY.

Fuck. What's this feeling? I'm being split down there. Why's this so intense?

It's hitting me so deep inside me. This is so amazing. I can't believe this.

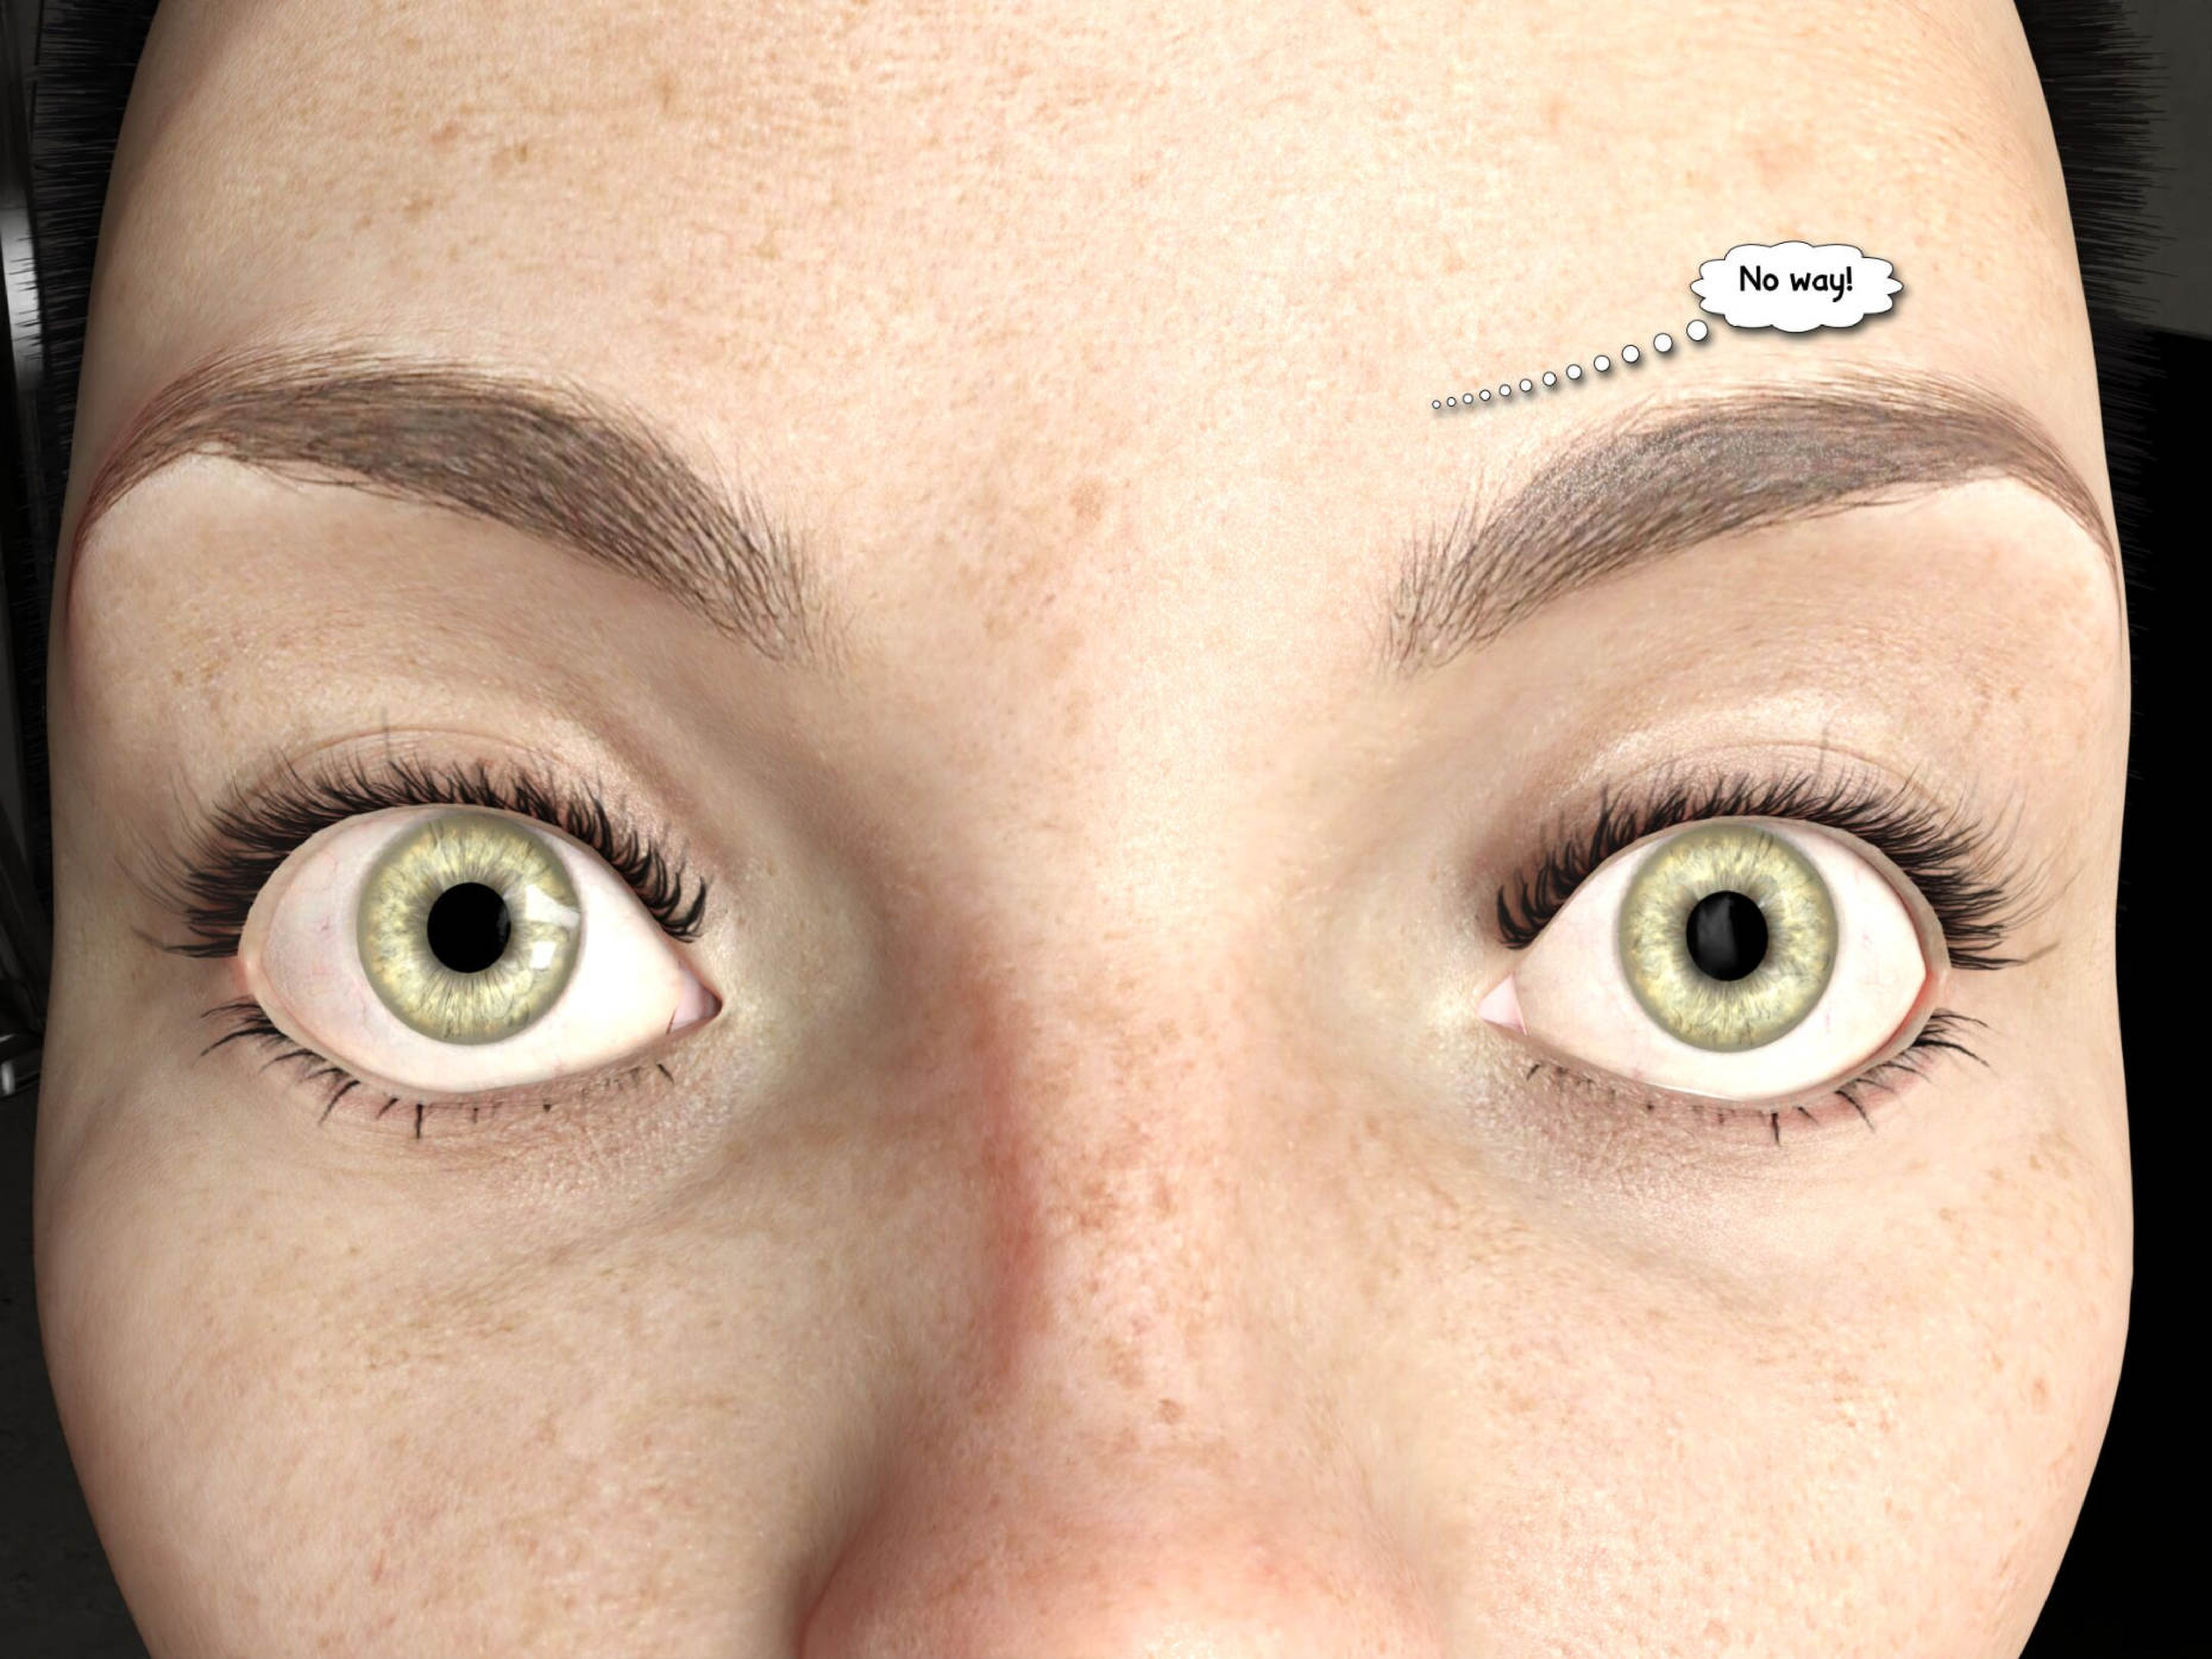
AND YOU FILL ME UP SO MUCH.

FUCK, YOU'RE SO GOOD AT THIS.

I ONLY NEED ONE MORE THING.

ANYTHING.

SMOOCH



No way!

Later

I fucked him, Doc. Hard. Intense. Like a lover.

It's like my body went for it on it's own.

PHILLIPS MEDICAL CENTER
What's happening to me, Doc?
Why do I have these episodes?

To be perfectly honest, I've no clue.
Safe for that one event we had when you transformed, nothing ever happened afterwards.
So I concluded you'd be good to do this.

What do we do now?
How do we move on? Is there anything?

Well, there's one thing.
PHILLIPS MEDICAL CENTER

Greetings Mr Rivers. This is Wansburry. I'm calling the operation off.

Yes, the transformation's more unstable than expected. Please make sure you extract us from SGFP.

Thank you. Goodbye.

Thanks, Doc.
Don't mention it.

It'll take some time for us to get extracted. Will you be okay?

I should be. I got max security after the incident.

That'll likely be solitary confinement.

Still, you be careful, alright?

I'm sorry I brought this onto you.

It's... It's okay, Doc. You also helped me through this.

Why's my heart beating like crazy from this?

BA-BUMM

BA-BUMM

BA-BUMM

Afterwards, in max security.

Whoa.

Get in there, you filthy wench.

No reason to be shoving folks around, shitface.
Goddamned asshole.

Boy, he really hates you.

Sigh. So much for solitary.

What you ever do to him?

I fucked his brains out in the showers.

No kidding?
Yeah, that'll earn you this.
Welcome to Hell inside Hell.

Thanks, I guess. I'd rather not be here.

Me neither.
But I escaped this facility four times already.
That's what got me into here.

Speaking of escape, you didn't have a chance to swipe a key during your fuck fest?

Nah, sorry. I was too busy focusing on another tool of his.

Well, guess
we're stuck with each
other, then.

Looks like that, yeah. Name's Trish, by the way.

I'm Maurina.

Heck.
Maurina Romes. Triple life sentence for drug trafficking and various other misdeeds.

Wow, really? I saw your trial back then. You're quite a celebrity.

Lol,
don't I wish I
wasn't.

Anyways, I'm gonna try and grab some shut eye. Laters.

Sure. I'll be around. Not by choice, but I'll be. Good rest.

Let's hope so, yeah. I really need this.

HEY! HEY!

Oh, my god.
Who're you?

WHO AM I? I'M YOU, YOU IDIOT.

NOW FREE
ME FROM THIS
SHITTY PRISON YOU
PUT ME IN.

FREE
ME!!!!!

AAAAAH
HHHHHH!!!

Shit.
What a
nightmare.

Maurina? What're you doing?

I WANT YOU. YOU SMELL SO GOOD.

Ahh... No...
Maurina. I... I can't...

I CAN'T UNLESS YOU GO FIRST.

YES, I WILL. I'M HAPPY TO.

THEN SHOW ME WHAT YOU CAN DO.

I WILL.

OH, FUCK.

YES. LICK MY SLIT.

YOU'VE BEEN A GOOD SERVANT. HERE'S YOUR REWARD.

THANKS, TRISH.

So good. But I want more.

HOW ABOUT THIS?

YEEES! LIKE THIS! SMACK YOUR PUSSY INTO MINE!

I THINK...
I THINK I'M
CUMING!

ME TOO!

Fuck, Trish. That was intense.
If I'm completely honest, I didn't pick you for that kind of girl.

Trish?
You okay over
there?

Fuck. I
did it again.

Why? What's happening?

Where's all this coming from?

ME.

Who...
who're you?

I TOLD YOU, BOZO. I'M YOU.

NOW MOVE OVER, PIPSQUEAK, AND LET ME RUN THE SHOW.

SO YOU SAY WE COULD ESCAPE FROM HERE IF YOU HAD A KEY?

Sure, the rest of the systems are fooled easily, and once outside, getting away is simple.

Why do you ask?
I HAVE A PLAN.

I'M GONNA GET YOU A KEY.

YO HO, MISTER.

HOW 'BOUT IT, HANDSOME?
YOU UP FOR SOME GOOD TIME?

YES. YES
I AM.

I DO
WANT TO...

TOO BAD.

SECURITY

TWAHK

HE'S OUT.

Wow. Brutal, but efficient.

HERE'S YOUR KEYS. YOU'RE UP.

Right on.
Follow me.

A quick escape run later.

UUUUUHHHHAAAAAAAWWWW
UUUUUHHHHAAAAAAAWWWW
UUUUUHHHHAAAAAAAWWWW

This way. Hurry.

Quite a long escape run later.

Welcome to my place.

BOY, DO YOU KNOW HOW TO TREAT A LADY.

Yeah, it's a total dump.

I used this as storage, mostly. Got an old chem lab in the other building still.

But we
should be safe here
for a few hours.

GOOD. I'M GONNA REST A BIT.

You do that. I'll run a few errands.

Helping us to further escape. See ya in a bit.

So, this is where we are, is it?

You completely stripped me naked.

You fully are me.

Does it feel right? Are you happy?

No. No,
I'm not.

RAAAAAARRRGH!

NOTHING FEELS RIGHT!

Easy there.

Maybe we can figure this out.
For starters, where did you come from?

I don't know.

You don't know?

No. I was just here at some point, and had the strong urge to fight you for, well, being you.

Strange.
Maybe we should stop fighting, and figure this out together?
Together?
Together.
Let's wake up.

Shit, what's this now?

What's going on?

CUMDUMP

COCK WHORE

You may remove the gag, but no funny business with your voice, you hear me?

CUMDUMP
COCK WHORE
You fucking bitch.

You're one eager girl, aren't you?

Snap
out of it!

Poor performance, slut.

You have to do better, or we get rid of the extra one.

Don't you dare threaten her.

That's it.

Fun fact, asshole.

HELP!

Oh god. My stuff's in that box over there.
Grab the injector, and jab it into her.
We need something here. Fast.
CUMDUMP
WHORE FUCK ME

Like this?

Yes.
Perfect.

She will change slightly, but it'll save her.

What was in that thing Doc?
CUMDUMP
I started on a tonic to change you back.
It's not finished, but it'll heal her cells.

Hey there.
You okay?

I think so? I
feel weird.

CUMDUMP
WHORE FOR ME
Yeah, we have some things to explain.
No kidding. What happened to me?

Maybe I should talk to her?

Good idea. You fill her in, I'll secure shitface over here.

WHORE
FUCK ME

You see, it all started when I developed this new formula...

One lengthy explanation later.

Wow, this is fascinating.

So, you're not even a woman?

Well, technically, I am. Theo is not.

Which reminds me, we should do something, cause he is still running around sex crazed in my head.

Right, good call.

I may have an idea about that, and how to split you two.

Do tell.

Firstly, Theo needs some good fucking. Kinda my bad that he does, but that's the best we could do by now.

And second, you two do share a body that is perfectly capable of producing another body one of you could take.

Conveniently, a good fucking would be involved in that as well.

Is this for real? Could it really be that easy?

I don't see why not.

Hand me the rest in that injector.

Considering the whole thing is my doing, I feel like I should help resolve it.

Luckily,
there's just enough left
in that injector.

There we go.

This should do nicely.

Alright,
I'll leave you two
lovebirds to it, and go mix
up an accelerator
cocktail.

Hopefully, I will see you in a bit. Thank you for doing this.

Alright,
big boy. You be a
good girl now.

Oh dear. This is so much more intense than I anticipated.

I WANT.
I NEED. SO MUCH
NEED. PLEASE.
LET ME.

Go for it, Theo. Make sure to take it all.

YES. ALL OF IT.

I WANT IT.

INSIDE ME. IT'S INSIDE ME.

ALL OF IT.

I NEED MORE.
Oh, don't you worry.

SQUEEZE

There is more.

A long and intense fucking later

huff *huff* Doc? What happened?

Did you just fuck me?

Seed planted? Ready for phase two?

Yep, let her have it.

Wait.
Hang on.

What did you do to me?

What's happening?
Relax, Theo, it'll be over soon.

Trish? Is that you?
Yep. And in a moment, I'm coming out, so be ready.

Hrrrrrrrgh

ARRRRRRRRGHHHHHHHH!

My, that's some potent stuff you mixed.

Wanna maybe work for my place?

You serious?

Yes, I am.
I could really need a skilled assistant like you.

Now, if you would watch over Theo. I need to get a new morph dose ready from what's left in raw ingredients with my stuff.

Alright,
breathe and push.
Keep going with the
rhythm.

huff huff

KYAAAAAAARHHHH!

WHY ME?

One excruciating birth process later.

We got her.

Hold her still. This stuff should work.

I restored my genitalia with this as a test.

Not a whole lot I could produce there.

But it should be enough for her to reach adulthood.

Yep. She's almost there already.

This stuff's amazing.

Newborn to full adult in no time.

Hey there, you. Welcome to the world again.

You sense anything odd or strange?
No, I don't.

I'm very alone in my head. It feels great.

Well, then. How about you two go and find us some clothes?
Alone with this sexy one? Don't mind if I do.
Ohhh. Are you threatening my virginity, you fiend?

You okay after all this?

Surprisingly, I am.

I feel really serene not having her inside my head anymore.

Sadly, I don't have enough materials left to turn you back.

Don't worry.

I dealt with dual personality, got fucked hard twice, and just now pushed a new being into this world.

I think I can handle being female for a few more days.

I fact, I feel like I owe you, Doc.
You saved me tonight. Twice.

So, how would you like joining me on a fancy diner date?
Maybe become my girlfriend?

Yes.
Yes, I'd like to very much.

What do we do with him?

Report him.
Bring him in.

Let him
rot on the other
side of bars.

You think anything will stick?

I wager it should.
We should also take a closer look at the rest of the staff.
Seems odd choices for a female prison.

Let's check on how, or more specifically, what the girls are doing.

Hey, you think I could check in some maternity leave with the boss?

If not, I could always fuck another child into you.
