Excerpt:

“Where are you going,” she said teasingly, her warm breath caressing my ear.

“Upstairs to unpack,” I said as my face flushed again and I tried to pull away. To my embarrassment, she was stronger than me and I couldn’t escape her grip.

“I think Fiona and Tiffany got it covered,” she said, nodding to the girls who had turned around. “Why don’t you spend some time with us and get to know the rest of the girls?”

Tiffany grinned and nodded, which I had kind of expected. What I didn’t expect was Fiona to do the same. “Sure,” Fiona said, grinning at me. “Have fun.”

Before I could argue further, Fiona and Tiffany rushed away, giggling and they went up the stairs. That left me at the mercy of Jasmine and the other girls I didn’t really know that well. All while I was dressed up and made to look like a girl.

Fiona was so going to get an ear full later.

“So, Alex,” Jasmine said, pulling me over to the couch and forcing me to sit next to her. She kept an arm wrapped around my shoulder to prevent my escape. On my left, the redhead - Ruby - sat down, further trapping me in place. “How do you like being all dressed up like this?”

Annoyance filled me and I tried for another glare. “What do you think?”

“I think you quite like it,” Jasmine said, reaching out to caress my cheek with a finger. A tingle went up my spine as she did this. “After all, you look so giddy and flushed with excitement.”

“I’m not excited,” I said, trying to keep my voice steady as she continued to move her finger up and down. “I’m just embarrassed. I look ridiculous.”

“That’s not true at all,” she said, looking over me at Ruby. “Doesn’t he look absolutely delicious?”

“Oh, most definitely,” Ruby said, leaning in closer and putting a hand on my smooth, bare thigh. “He looks wonderful.”

I gulped as a mixed scent of roses and vanilla filled my nose from the both of them. “Girls, I think this teasing is getting out of hand,” I stammered out. “Fiona not going to like us getting this close.”

Jasmine just chuckled and cupped my cheek, making me turn to look her in the eyes. “I think Fiona is going to be just fine about this.” She leaned forward and my eyes widened.

Before I could try to move or say anything else, her lips pressed down onto mine. I was so shocked that I didn’t do anything and she took advantage of this and pushed her tongue into my mouth. When I realized what was happening, I attempted to pull away but she easily kept me in place with her arm.

Without the ability to escape, all I could do was try my best to suppress the desire that was building up in me. I loved Fiona and I couldn’t cheat on her. Yet my body betrayed me and started to react.

My cock hardened in my panties and a small tent formed in my shorts. Soon, I lost myself in the pleasure of the kiss and I started to kiss back.

When we finally broke apart, I was left panting heavily as I tried to recover my breath. Before I could, though, Jasmine suddenly moved and pulled me into her lap. I let out a little yelp at this, but that quickly turned into a moan as she grabbed my ass and pulled me close to her body. Her big warm breast pressed against my chest and my little cock was trapped between us. She started to massage my bubbly cheeks.

“Mmm,” she moaned, as her hands continue to play with my ass cheeks. “You got such a nice bubbly ass. Perfect for playing with.”

I opened my mouth to protest, but I was silenced by a quick slap to my ass. Another yelped escape my lips.

Losing a bet to a Futa:

I looked into the mirror with a strange mix of horror and arousal. Standing before me, giving me the same look, was a short young blond woman. She had long flowing hair, pretty blue eyes, a small pouty pink mouth, and a tiny little nose. She was wearing a simple black t-shirt and a pair of jean shorts that showed off her smooth legs.

I raised up one hand to my face and the young woman did the same. "I can't believe this is me," I said in a voice filled with awe and disbelief.

"I sure can," my girlfriend, Fiona, said with a laugh.

Fiona was a tall woman with long black hair, bright amber eyes, and big lovely breasts. She was wearing the same clothes as me, though with a white shirt instead of black, and she looked much better in it than me - at least in my opinion.

Thanks to the mirror, I could see the big teasing grin on her face, as she wrapped her arms around me and pressed her large chest against my back. "I've always said you looked quite feminine and I was right. With just some waxing, some makeup, and some extensions, you make a very cute girl." Her big grin turned thoughtful for a moment and she gave my chest a small pat. "Well except for this. You're a bit too flat chested, maybe I should get you a stuffed bra or something."

I opened my mouth to say something snarky to her, but as I did so, she caught one of my nipples through my shirt and gave it a squeeze. I let out a very un-masculine yelp and squirmed in her

embrace. Instead of letting me go, however, she tightened her hold and continued to play with my nipple.

“Fiona!” I complained when I realized she wasn’t going to let go. “Stop doing that! It feels weird.”

“Are you sure you want me to stop,” Fiona said with a laugh, before reaching downward with her free hand and cupping my crotch. “Cause this right here tells me you quite like having your nipples played with.”

She gave the small bulge on the front of my shorts a soft squeeze and an involuntary moan escaped my lips. This made me even more embarrassed and my face started to heat up.

“Shut up,” I moaned out, as I tried to get away from her teasing hands. “I don’t like it at all.”

“Oh really?” She asked, right into my ear. Her hot breath caused my entire body to shiver slightly. “Then I guess I’ll stop.”

Without another word, she let go of me and backed away. My nipples and cock were free from teasing, but I didn’t feel relieved at all. In fact, I desperately wanted her to come back and finish what she started.

“Since you don’t want to play,” Fiona said teasingly, while she headed out of the walk-in closet. “Why don’t you finish packing so we can head out to the cabin?”

Once she was gone, I stood there in the closet with my hard cock still pressing up against my panties and shorts. My breathing was a bit haggard and I had to resist putting my hand into my panties and finishing myself off.

This is going to be a long week, I think to myself, as I walk out of the closet, trying to ignore my arousal.

The trip to the cabin was a long one, as we had to leave the city and go to the countryside. For the first half of the trip, we spent our time playing road trip games and just talking about random things. But as more time passed, we descended into a comfortable silence.

I looked down at myself and resisted the urge to sigh. Fiona had stopped teasing me about the crossdressing since we'd left the apartment, but I still felt incredibly ridiculous. To think that I would end up like this, all because of a stupid bet I made.

I shook my head and looked out the window. I tried to get my mind off of what I looked like and what was to come, but the memory of my stupidity kept coming back to me.

Just last week, Fiona and I had been at a bar, hanging out with a couple of her friends. One of them was a tall blonde named Jasmine and she was a lesbian. The reason that was important was she was talking about how easy it was for her to get into any woman's panties.

I hadn't believed her at the time and somehow I ended up making a bet with her: If she was able to get a girl of my choosing to go with her to the bathroom and get it on, I would have to do something she asked. If she couldn't and got shot down, then she could have to do something I wanted.

I didn't have anything particular in mind at the time and only took on the bet because I thought she was just being cocky. I also

didn't think that she would ask me to do anything too bad, so even if she did win it wouldn't matter. As it turns out, I was wrong on both parts.

Just a couple of minutes after making the bet with me, she went over to the pretty brunette I picked out, who was hanging out with a large group of people. After only a few minutes of talking, they both went into the bathroom and a long while later, they both came out again.

The brunette was flushed red and had a big smile on her face, while Jasmine was smiling triumphantly and holding something in her hand. After giving the brunette a quick goodbye, she headed back to our table and handed me a pair of very wet black panties.

The memory of how I squeaked and dropped the panties on the table still made me blush. But as it turns out, that was not the end of my night's embarrassment. Once it became apparent that she had won, Jasmine went on to tell me what she wanted me to do.

I had, of course, objected at first, but soon Fiona betrayed me and took Jasmine's side. After that, it was a long night of her and the rest of the girls wearing me down, until I finally promised to go through with the bet.

"We're here."

I blink a bit in confusion before I realized that the car had stopped. I turned to look at Fiona, but she was already getting out of the car.

"Come on, Alex," she said, opening the trunk of the car. "Let's get the stuff and get inside. I can't wait until they see how pretty you look."

I let out a groan of embarrassment but opened the car door. When I got out, I couldn't help but take a moment to appreciate the scenery.

The cabin was far from the city and it was surrounded by nature. To the left of the cabin was a big crystal clear lake that a bunch of other cabins were built around. To the right was a vibrant forest that seemed to be something out of a postcard. It was quite the sight and way better than anything I had even seen in the city.

I took a deep breath and let out a content sigh. The air was also much better quality than in the city. It made me want to move out here into the countryside.

"Come on, Alex," Fiona yelled, taking my attention away from the surroundings. "Just cause you're all dressed up like that, doesn't mean that you don't have to do any heavy lifting."

I rolled my eyes at that comment and made my way over to help her unload our baggage out. A few moments later, Fiona closed the trunk with a satisfying 'thunk' and we made our way to the cabin.

Well, I say cabin but in reality, it was just a large house by the lake. It was a two-story white house with lots of glass windows and a huge second story balcony that seemed to have a Jacuzzi. It was very different from what I had imagined it, but in all honesty, I liked it more than the rustic wooden cabin I imagined when the trip was planned.

"Fiona!" Before Fiona could ring the doorbell of the house, the doors swung open and a tall blonde burst through and caught her in a bear hug. Tiffany - the blonde - was wearing a tight looking black and white summer dress along with a pair of pretty looking sandals. "What took you so long? You're like the last ones here!"

“Well,” Fiona said with a laugh before she pulled back from the hug. “I had to get this one all prettied up before we left.”

As if just noticing me, Tiffany turned to look at me and her eyes widen in surprise. “Oh my god, Alex! You look so cute!” Before I could react, she lunged at me and pulled me into a hug too, her sweet lavender scent filled my nose.

I didn’t really know Tiffany that well so I didn’t really know what to do. In the end, I just stood there stiff, while my face heated up in embarrassment. I tried not to think about the two soft, warm globes being pressed against my chest.

After a hug that felt far too long, Tiffany pulled back and held me at arm's length. She looked me all over and the grin on her face seemed only to get bigger. “I can’t believe how good you look like this.”

I blush at the compliment and pulled away shyly. I had never been the most confident person and my state of dress was making me feel even shyer than normal. “I think you're over exaggerating.”

“Well, she is one to do that,” Fiona said, walking over to me and wrapping an arm around my waist. “But I think she’s right on the money today.”

I blushed a bit more and looked down. Both of them laughed before we decided to head into the house.

“Why don’t I help you with that,” Tiffany said teasingly, as she took the bags I was holding. “A pretty little thing like you shouldn’t have to do any heavy lifting.”

I sighed a bit and just let her take it. I realized that this was going to be my whole trip here and I might as well get used to it.

Also, if she wanted to do some heavy lifting just to tease me, she was welcome to do it.

We made our way into the house and soon we were greeted by three other women who had been in the living room. One was a brunette, one was a redhead, and the last one was another blonde. They were all wearing various summer clothes and were showing off quite a bit of skin.

I narrowed my eyes when I saw the other blonde and she looked back at me with a big grin on her face. "Alex," she said, in a very amused voice as she walked over to me. "You clean up so well. Look how pretty you are. Fiona is a very lucky woman."

"I can't believe you made me do this, Jasmine," I said, with a heated glare. Apparently, it wasn't very effective as she just laughed and patted my cheek.

"Don't be a sore loser, honey," Jasmine said, patting my cheek again before she turned to look at Fiona. "Was he hard?"

My face heated up the moment I heard this. "Jasmine! What the hell!"

She turned back to look at me. The same amused look never leaving her face, making me very annoyed. "What do you mean? I was just asking her if it was hard getting you all dressed up like this."

I opened my mouth to respond, but I was too embarrassed to get any words out. In the end, I just looked away and avoided the eyes of everyone in the room.

Fiona broke the silence after a moment. There was a hint of laughter in her voice. "So where should we put our bags?"

“Upstairs,” Jasmine said, pointing to the hallway with wooden stair. “Second room on the right.”

“Thanks,” Fiona said before she nodded to Tiffany. The two of them started to head to the stairs and I moved to follow. Before I could get far, though, Jasmine stopped me by wrapping her arm around my shoulder.

“Where are you going,” she said teasingly, her warm breath caressing my ear.

“Upstairs to unpack,” I said as my face flushed again and I tried to pull away. To my embarrassment, she was stronger than me and I couldn’t escape her grip.

“I think Fiona and Tiffany got it covered,” she said, nodding to the girls who had turned around. “Why don’t you spend some time with us and get to know the rest of the girls?”

“So, Alex,” Jasmine said, pulling me over to the couch and forcing me to sit next to her. She kept an arm wrapped around my shoulder to prevent my escape. On my left, the redhead - Ruby - sat

Annoyance filled me and I tried for another glare. “What do you think?”

“I think you quite like it,” Jasmine said, reaching out to caress my cheek with a finger. A tingle went up my spine as she did this. “After all, you look so giddy and flushed with excitement.”

“I’m not excited,” I said, trying to keep my voice steady as she continued to move her finger up and down. “I’m just embarrassed. I look ridiculous.”

“That’s not true at all,” she said, looking over me at Ruby. “Doesn’t he look absolutely delicious?”

I let out a little yelp at this, but that quickly turned into a moan as she grabbed my ass and pulled me close to her body. Her big warm breast pressed against my chest and my little cock was trapped between us. She started to massage my bubbly cheeks..

"Mmm," she moaned, as her hands continue to play with my ass cheeks. "You got such a nice bubbly ass. Perfect for playing with."

I opened my mouth to protest, but I was silenced by a quick slap to my ass. Another yelped escape my lips.

"And it's so spankable too," she said, laughing at my reaction.

The other girls around us also chuckled and my embarrassment grew. Ruby even reached over and gave me a light slap on my ass. I turned to glare at her, but a moan escaped my lips as Jasmine gave me a firm squeeze.

She continued to fondle my ass for a bit and all I could do was stop another moan from escaping my lips. Despite my hard cock, I didn't want to give her any more signs that I was enjoying what she was doing. What remained of my pride demanded that I

hate being dressed like this and treated the way she was treating me.

“You're enjoying this aren't you,” she said, pulling me against her again and making my cock rub against her. “You're so hard from just me playing with your cute bum. I bet you'd love to have me in your little asshole.”

My eyes widen at this and panic ran through me. “Jasmine, that's too far!” I said, while the image of her forcing something into my backside filled my mind. I couldn't help but shudder at how much that would hurt.

Jasmine just smiled at this and gave my left ass cheek a very firm squeeze. She then used her right hand to grab the back of my neck and pulled me very close to her face. “Too far?” she asked, amused.

I nodded with panic. “Yes.”

Her smile turned gentler and she nodded. “Don't worry, I won't make you...” The moment she said that relief filled me. “But I think by the end of this, you will be begging me for it.”

I was surprised by her words but before I could reply, she pulled me closer and kissed me again. Her tongue slipped into my mouth and very quickly I lost myself in the kiss. My original resistance was long since gone and all I could think about was her sweet taste, the feeling of her breasts against my chest, and the ache in my cock as it rubbed against her.

That changed, however, when I felt something long and hard start to grow underneath me. I gasped at the feeling and tried to pull away, but she kept me firmly in place. The thing underneath me continued to grow and it pressed hard against my ass. My mind

raced as I realized what it was. Shock ran through me. Was Jasmine just crossdressing like me? Was she trans?

The hard thing finally stopped growing but I felt like I had a big hard sausage resting against my ass. Much to my embarrassment, the feeling made me feel strangely good and I couldn't help but move my bottom a little and rub myself against it.

Jasmine released me from the kiss after a moment and a chuckle escaped her lips. She gave me a very amused look and I blush bright red at what I was doing and stopped.

"See," she said, thrusting her hips forward and rubbing her hard thing against my backside. "You want me inside you, don't you?"

I bit my lips and resisted a moan. "No, I don't," I managed to say, all while fighting the desire to moan and rubbed my ass against her.

"Still lying to yourself, huh?" she asked with a chuckle before she suddenly moved and flipped us. I ended up lying on the couch, with her leaning over me. I could also see that at some point, Ruby and the other girl - Velvet - had moved. They were now behind the couch, looking at me with heated gazes. "Then why don't I show you what you'll be begging me for soon?"

Jasmine pulled back a bit and pulled her short skirt down, revealing that she had been panty less. My eyes widen, not at the lack of underwear, but at the sight of what I had been feeling pressed up against my ass: a big, long, smooth cock that was leaking a clear fluid from its tip. Even more stunning was that fact that under that long, smooth cock was not a pair of balls, but a small delicate slit.

“What?” I asked, feeling both very confused and very aroused.

Instead of responding, Jasmine took the time to pull her skirt over her long slender legs, before throwing them off to the side. She then moved forward so that her thick, dripping cock loomed over my face. At the same time, she quickly grabbed each of my hands and forced them above my head. She then held them in place with one hand, while using her other hand to point her cock at my mouth. “Open wide,” she said, the same grin from before still on her face.

I wanted to tell her off for trying to get me to suck her cock, but I had a feeling the moment I opened my mouth she would try and stick her cock inside. So instead, I just kept my mouth closed and I glared at her in defiance. I also tried to wiggle my hands free but her grip was pretty tight.

Not losing her grin, she just let out a laugh before she pushed her cock against my lips. She didn't try to force my mouth open, but just rubbed her dripping cock head all over my lips. It made me think of when Fiona had been putting lipstick on me, but this was far more degrading. And despite wanting to hate it, my mouth water at the musky, sweet smell and my cock throbbed with need.

“I don't know why you're making this so hard on yourself,” she said, while still rubbing her dripping cock head all over my lips. “You know you want this. Just accept that you're a little sissy that likes crossdressing and sucking futa cock. It's who you are and you shouldn't reject it.”

My glare wavered a little at her words and my cock twitched in my panties. I had been feeling so horny ever since I saw the new me in the mirror, and her cock was causing desires in me I didn't know I had. Maybe she was right.

Jasmine seemed to be able to read my thoughts as she chuckled and pressed her cock harder against my lips. “See, even you can’t deny the truth forever. Just be a good little sissy and open those pretty lips for me. I’ll give you a treat you’ll love so much, you’ll be begging me for it again and again.”

Her degrading words should have angered me. They should have been what drove over the edge, brought me back reality, and make me not want this. Instead, they just made me realize I wanted to be a little sissy for her. That I wanted her to degrade me and use me. To make me her little plaything and for her to shove her big, dripping cock into my little mouth.

I opened my lips and her cock slipped right in. The moment this happened, I finally got to taste what I had been smelling all this time. The wonderful salty-sweet taste filled my mouth and she rested the head of her cock on my tongue. As the juices dripped on my tongue, I couldn’t resist swallowing it and I started sucking on her cock.

“Mmm,” she moaned out, as she gently rocked her hips back and forth. “That’s a good sissy. Put that pretty mouth of yours to work and suck my cock. You know you want me to fill you up with my sweet cum.”

I sucked harder and swallowed some more of her juices. She thrust in and out of my mouth and each time she seemed to go deeper and deeper. Soon she was holding onto my head as she thrust and was hitting the back of my throat making me gag.

“Just swallow when I thrust,” she said in a breathy voice. “I know you can do it. You were born to be a cock loving sissy. Depththroat me.”

I listened to her instruction and swallowed the next time she thrust forward. Her cock pushed down my throat and my nose was tickled by the short blonde hairs of her landing strip. I couldn't breathe because of this, but my cock throbbed with excitement and I felt like I would cum just from having her cock down my throat. The only thing that would have made it better, was if she let go of my arms so I could get myself off.

"Yes!" she moaned out as bottomed out inside of me. "I knew you could do it. Such a good sissy. You'll make so many futas happy with your tight throat."

She held herself deep inside me for a long moment before she pulled out allowing me to breathe through my nose. That only lasted a second and right afterward she thrust forward again and buried herself down my throat. Soon, she started to get into a rhythm and was actually fucking my throat.

It felt like she was using me as a cock sleeve to get herself off and I loved every second of it. The taste, the smell, the feeling of her cock stretching my throat, I loved all of it. I moaned in pleasure as she started to go even faster.

"God that feels so good," she moaned out, while her thrusts got faster. "I don't think I'm going to be able to hold out much longer."

She continued to piston in and out of me and her moans got louder and louder. "Ah, Yes! Get ready for your first load of the day, sissy! I got a big creamy treat for you."

With one final thrust, she pushed herself deep down my throat again let out a scream of pleasure. "Yes!" Her cock pulsed in my throat and then I felt her thick, hot cum shoot down my throat. I swallowed all that she could give me and as her moans of pleasure

started to die down, she pulled her cock out of my throat, leaving just the head to rest in my mouth.

“Mmm,” she moaned out, her voice breathy. “Suck it all up, sissy. I want you to drink every last drop.”

I sucked eagerly as her cock continued to unload more cum into my mouth. Despite how much it seemed like she already shot down my throat, she still had more. The deliciously creamy cum coated my mouth and tongue and all I could taste was her. I loved every second of it and I savoured it all before I swallowed it all up. Not a single drop was left behind.

When she was done, her cock started to shrink a bit, but even then, I didn't stop sucking. I wanted more of her delicious cream in my mouth and I leaned forward to take her entire cock back into me.

She laughed at this but pulled away. “So eager,” she said, her voice teasing even as she got up and off of me.

My throat was quite sore at this point, so instead of complaining about her pulling away, all I could do was let out a small whimper. This just caused her to laugh again. “Don't worry, sissy. I'm not going anywhere, but there still two more cocks for your eager little mouth to suck on.”

As she said this, I remember that we were not in fact alone, and there were two other women in the room. Not only that but they had taken their clothes off and both of them had long dripping cocks sticking out from their crotches. They walked around the couch where they had been watching my little display and stood there looking at me with hungry eyes.

“That’s right,” Jasmine said with a laugh. “Two more cocks for your pretty mouth. Isn’t that just wonderful?”

I turned my gaze to the two long, dripping cock with heavy-lidded gaze before I got off the couch and onto the ground on my knees. As if taking this as their cue, the two of them came over to me and I was surrounded by their cock. Each of their unique musky smells filled my nose and my mouth water in anticipation.

Ruby was the first to act. She placed her hand on my head and gently guided my face to her cock. I eagerly took a hold of it and started stroking the base, while at the same time taking part of her into my mouth. Despite being the shortest out of everyone here, she had the longest cock, even a bit longer than Jasmine’s.

“Mmm,” she moaned out, as I swirled my tongue all over the head of her cock. She was dripping lots of precum and I sucked it all up and swallowed it. She tasted just a tad bit sweeter than Jasmine and I couldn’t wait to see what her cum would taste like.

I pushed myself forward and took more and more of her cock into my mouth. Even though I had only just learned to deepthroat, I was eager to do it again to make Ruby cum. After a bit of gagging, I got her entire cock down my throat and my lips were wrapped around the base of her cock. At the same time, I couldn’t resist pushing my hips forward and rubbing my little cock against her bare legs.

“Oh god,” Ruby moaned in pleasure. “That feels so good. I can’t believe this is really the second cock you’ve ever sucked.”

“Maybe it isn’t,” Velvet said with a chuckle, before grabbing my free hand and placing it on her cock. Getting the message, I did my best to start stroking her. “With his pretty face and slim figure, I bet he gets his pretty mouth filled every time he in a change room.”

I would have tried to deny that, but I was too preoccupied to do so. My orgasm was building as I continued to rub my dick against Ruby's legs, and I also had to focus on deepthroating.

"And what exactly do you think you're doing," Jasmine said suddenly. Her voice came from behind me and I felt a hand slip down my shorts and panties onto my bare cock. I also felt her re-hardened cock pressing up against my ass. "Humping Ruby's leg like a naughty sissy?"

She gently squeezed my cock and I moaned in pleasure as I finally went over the edge. Pleasure exploded from my cock and my body shook as I finally came. My cock spurted multiple times and I coated her hand and my panties with my watery spunk.

Jasmine giggled into my ear and gave it a lick, sending a shiver down my spine. "That was really quick," she said, much to my embarrassment. "It's a good thing you have a pretty mouth and ass. Otherwise, you won't be able to please anyone."

I felt so humiliated, but at the same time, my cock twitched at her words. It turned me on the way she was talking down to me and it also helped that she still hadn't let go of my cock. In fact, she started to stroke my deflated cock making me moan and rousing it back into action.

"Hey don't forget about us," Ruby said, as I moaned and writhed under Jasmine's touch. "You still have two cocks to please."

To emphasize this, Ruby thrust her hips forward and push herself all the way down my throat again. At the same time, Velvet started moving my hand for me, making me stroke her.

Not one to displease, I started paying attention to them again and did my best to get them both off. For Ruby, I started sucking and lavishing the underside of her cock with my tongue. For Velvet, I tighten my grip and did my best to stroke her off.

“Mmm, I’m gonna cum,” Ruby said, after a bit of time. She was thrusting in and out of my throat at a rapid pace. Her previous gentleness was gone and she was fucking my mouth like it was a pussy.

“Ah! Here it cums!” she yelled, as she bucked her hips one more time before her cock started to unload down my throat. I sucked and swallowed as best as I could, while at the same time increasing the speed at which I stroked Velvet off. Jasmine did the same to my own cock and continued to ground her hard cock against my ass.

“Yes!” Velvet moaned and her cock pulsed in my hands. She shot multiple loads on the side of my face and I could feel the warmth as it slowly dripped down cheeks.

I let out a soft moan as Jasmine’s soft fingers continued to work on my cock. Never once did she stop her fervent hand and having cum shot all over me and down my throat was driving me crazy with lust.

With a low moan, my body shook and pleasure washed over me. My cock pulsed in Jasmine’s soft, firm hand and coated it with more of my cum. Even then, she didn’t stop stroking me and my eyes rolled back as she milked me dry.

My body went limp as exhaustion started to take me and I closed my eyes. The only thing keeping me from falling over was Jasmine holding onto me. Ruby pulled her spent cock out of my mouth and Velvet pulled away too. Now, it was just Jasmine gently

playing with my cock, while her own hard cock rubbed against my backside.

“God, what a naughty little sissy,” she said, her warm breath caressing my ear. “Cumming twice and not returning the favor. You’ll have to make it up to me with your ass.”

My mind was still hazy with pleasure so I didn’t really register what she said. All I wanted to do was go to sleep, so I didn’t resist as she gently pushed me forward and laid me face down. I also didn’t pay too much attention when she pulled my shorts and panties down to my ankles. It was only when she pulled my butt cheeks apart did I wake up a bit and realized what she had planned.

“Mmm, you got a really pretty, pink hole right here,” Jasmine said, gently probing my rosebud with a finger. “Let me get it ready.”

My eyes flew open at this, but before I could even try to get away, I felt something wet press against my hole. I gasped as it pushed inside of me, stretching my virgin rosebud and sending tingles to my tired cock. It then continued inside of me, until I let out a loud moan of pleasure.

It touched something deep inside of me and that feeling went straight to my cock. My whole body shuddered at how good it felt and my cock started to leak. Involuntarily, I pushed back against the wet thing, needing more of that amazing feeling.

“Somebody's eager,” Jasmine said, leaning down onto of me and breathing into my ear. Her large breasts squashed down onto my back. “Do you want my cock in you, sissy?”

“Yes!” I moaned out, not even thinking of saying no. The feeling before was just too amazing and I needed more of it.

“Yes what?” she asked in a teasing voice.

“Yes I want your cock in my ass,” I said in a desperate voice while wiggling my butt. “Please fuck my ass!”

She laughed. “I told you, you would be begging for it,” she said before she pressed her hard cock against my asshole. There was a moment resistance before my asshole gave way and she pushed her cock deep inside of me. Instead of taking it slow, she buried herself all the way in at once.

“Ah!” I gasped out. It hurt quite a bit at first, but almost immediately the pleasure overcame the pain. Her cock was pressing hard against that special place inside of me and my little cock was dripping because of it.

“You like that?” Jasmine asked, pushing her hips forward and making me see stars. “You like my cock in your sissy ass?”

“Oh yes,” I moaned out, as a wave of pleasure washed over me, making me shudder. “It feels so good!”

“I’m glad you’re enjoying yourself, sweetie,” a very familiar voice said all of a sudden. My eyes widen at this as I realized who it was and panic started to fill me.

I tried to get up, but Jasmine was on top of me with her cock still in my ass. In the end, all I did was make her hard cock pushed deeper inside of me, making me let out a slutty moan.

As I moaned, Fiona walked into my field of vision with a big smile on her face. She was naked now and her big supple breast bounce as she walked. What really caught my attention though, was what was between her legs. Her pussy. Instead of her normal bare

tight slit, her pussy was now red and gaping with a lot of white cream dripping out of it.

“Fiona?” I asked, staring at her confused but also incredibly aroused. At the same time, Jasmine moved inside of me, making me moan again. She was slowly starting to fuck me now and her big cock felt so good rubbing around inside of me.

“I was unpacking with Tiffany but she got a little excited,” Fiona said with a laugh before she crouched down so that her pussy was right in front of my face. I could smell her sweet scent mixed with the musky aroma of cum. “I couldn’t resist her cock and I ended up letting her fuck me. Then I came down to see how you were doing and I saw how naughty you have been”

Jasmine started to speed up and I couldn’t help but moan again. Fiona moved as I did and pushed her used pussy against my open mouth. “Here’s a yummy treat for you, sweetie. I saw how much you like sucking up cum. From now on, when one of the girls fucks me, I’ll let you suck it up after.”

I eagerly stuck my tongue and licked Fiona’s creamy pussy. I moaned at the wonderful mix of my girlfriend's juices and futa cum and I lapped up all the cum dripping out of her.

“Mmm, that feels so good sweetie.” Fiona moaned as I lapped away. “You really like eating my creamy pussy, don’t you? You should stick your little tongue in deeper and get all of the cream out of me.”

Listening to her words, I pushed my tongue deeper inside her pussy. I scooped up all of the cum in her and swallowed it all of the tasty cream. At the same time, Jasmine was pounding away at my little asshole, going full speed. Each time she slammed into me, I

would see stars as her cock head squashed that thing inside of me and my cock would leak out more cum.

“Yes!” Fiona moaned out, grabbing my head and grinding my face against her pussy. “Ah! Yes! I’m gonna cum, sweetie! Drink all my juices!”

She shook with pleasure and let out a scream. Her juices sprayed out, flooding my mouth and covering my face. I did my best to swallow it all up but she was a real squirter and there was no way I could.

When she was done, she shuddered again and fell backward onto her ass. She looked at me with heavy lidded eyes and stared at me as Jasmine continued to fuck me.

I moaned as Jasmine continued to pound away at me. Despite all my orgasms, the pleasure still built up within me and finally exploded. My cock twitched and throbbed as my body shuddered. My little asshole tightened up and squeezed down hard on her big cock.

Jasmine moaned as my asshole squeezed her and her hips start moving even faster. She was hammering me and I started to see stars. The pleasure I was feeling didn’t die down and instead got stronger and stronger.

“I’m gonna cream in your ass,” Jasmine moaned out loudly, before slamming forward one more time and burying herself deep in my ass. Her cock throbbed and I felt the rush of warmth as her cum filled me.

I moaned at the wonderful feeling and my cock continued to twitch and drip against the floor. I shuddered again and darkness crept at the edges of my vision.

After a long moment, Jasmine collapsed onto me, her soft breasts pushing down onto my back. As I slowly started to fall asleep in a haze of exhaustion and pleasure, she whispered gently into my ear, "Sleep my little sissy and get some rest. You'll need it for the rest of the week."

And then, everything went dark.

Excerpt From “Ambushed by a Futa”

My heart was beating fiercely in my chest as I made my way through campus. I felt like everyone's eyes were on me and that at any moment, someone was going to expose me. Doing my best to not look anyone in the eyes, I sped up a little and made my way into a nearby building. Once I was inside, I made my way into a nearby stairwell in hopes of avoiding anyone.

Once I was sure I was alone, I sighed in relief and slumped against the wall. Looking down at myself I couldn't help but blush a bit. I was wearing a white blouse that showed the outline of my small boobs as well a black and red skirt that went down to mid-thigh. I had on some white socks as well as a pair of black leather shoes.

My cock throbbed against my silky panties as I took in the sight of my own body and I could help but shiver. I had only just started taking those pills and my body was already changing so much. While I was never the most masculine of guys, I definitely had not been this feminine.

At this point, if anyone looked at me it would be impossible to tell I was a guy besides looking at my cock. Even then, it's not like there weren't women with cocks running around. I shivered a bit as I remembered the moment my professor introduced me to futas.

I could still remember the feeling of her big thick cock rubbing against my lips. The taste and smell of her cock was intoxicating and just the memory of drove me crazy. As I continued to think about it I couldn't stand it anymore and I started rubbing my cock through my silky panties.

The feeling of the soft fabric on my smooth small cock was amazing and very quickly my panties were soaked with my precum. After a few more moments of vigorous rubbing, I could feel myself getting close to cumming. Just as I was reaching my peak and my knees were shaking from pleasure, a sharp pain ran through me. I let out a shriek as the pain overwhelmed me and I dropped to the floor shaking.

Thankfully the pain dissipated almost instantly but not before it completely ruined my orgasm. I let out a moan of frustration as I was denied release but then I heard the sound of footsteps. As quickly as I could I tried to get up and get away but my legs didn't cooperate. The moment I started getting up my legs gave way and I landed on my ass.

"Are you okay?" I looked up and I felt my breath catch in my throat.
