WOODS 10:
LUST AND
LOYALTY**

The city of Stonehearth has stood strong for centuries, ever since Queen Maelyss was defeated and bound.

The faerie queen has not forgotten this humiliation, however, and seeks to retake her lands from the ungrateful mortals.

Her plans are finally coming together.

The first step is for her minions to gain entrance into the city... and she has set her eyes on the commander of the city watch!
