

**Lounge**

*Made by Rubberduckfucker*

*So this is the famous Lounge...  
I hope you boys brought enough  
for everyone.*

*Tonight, the most exclusive VIP  
lounge in town opens its doors  
for one very special guest.  
Alice has arrived... and she  
came ready to play.*

***The air is thick with anticipation.  
Alice steps inside... and instantly knows she's not alone.***

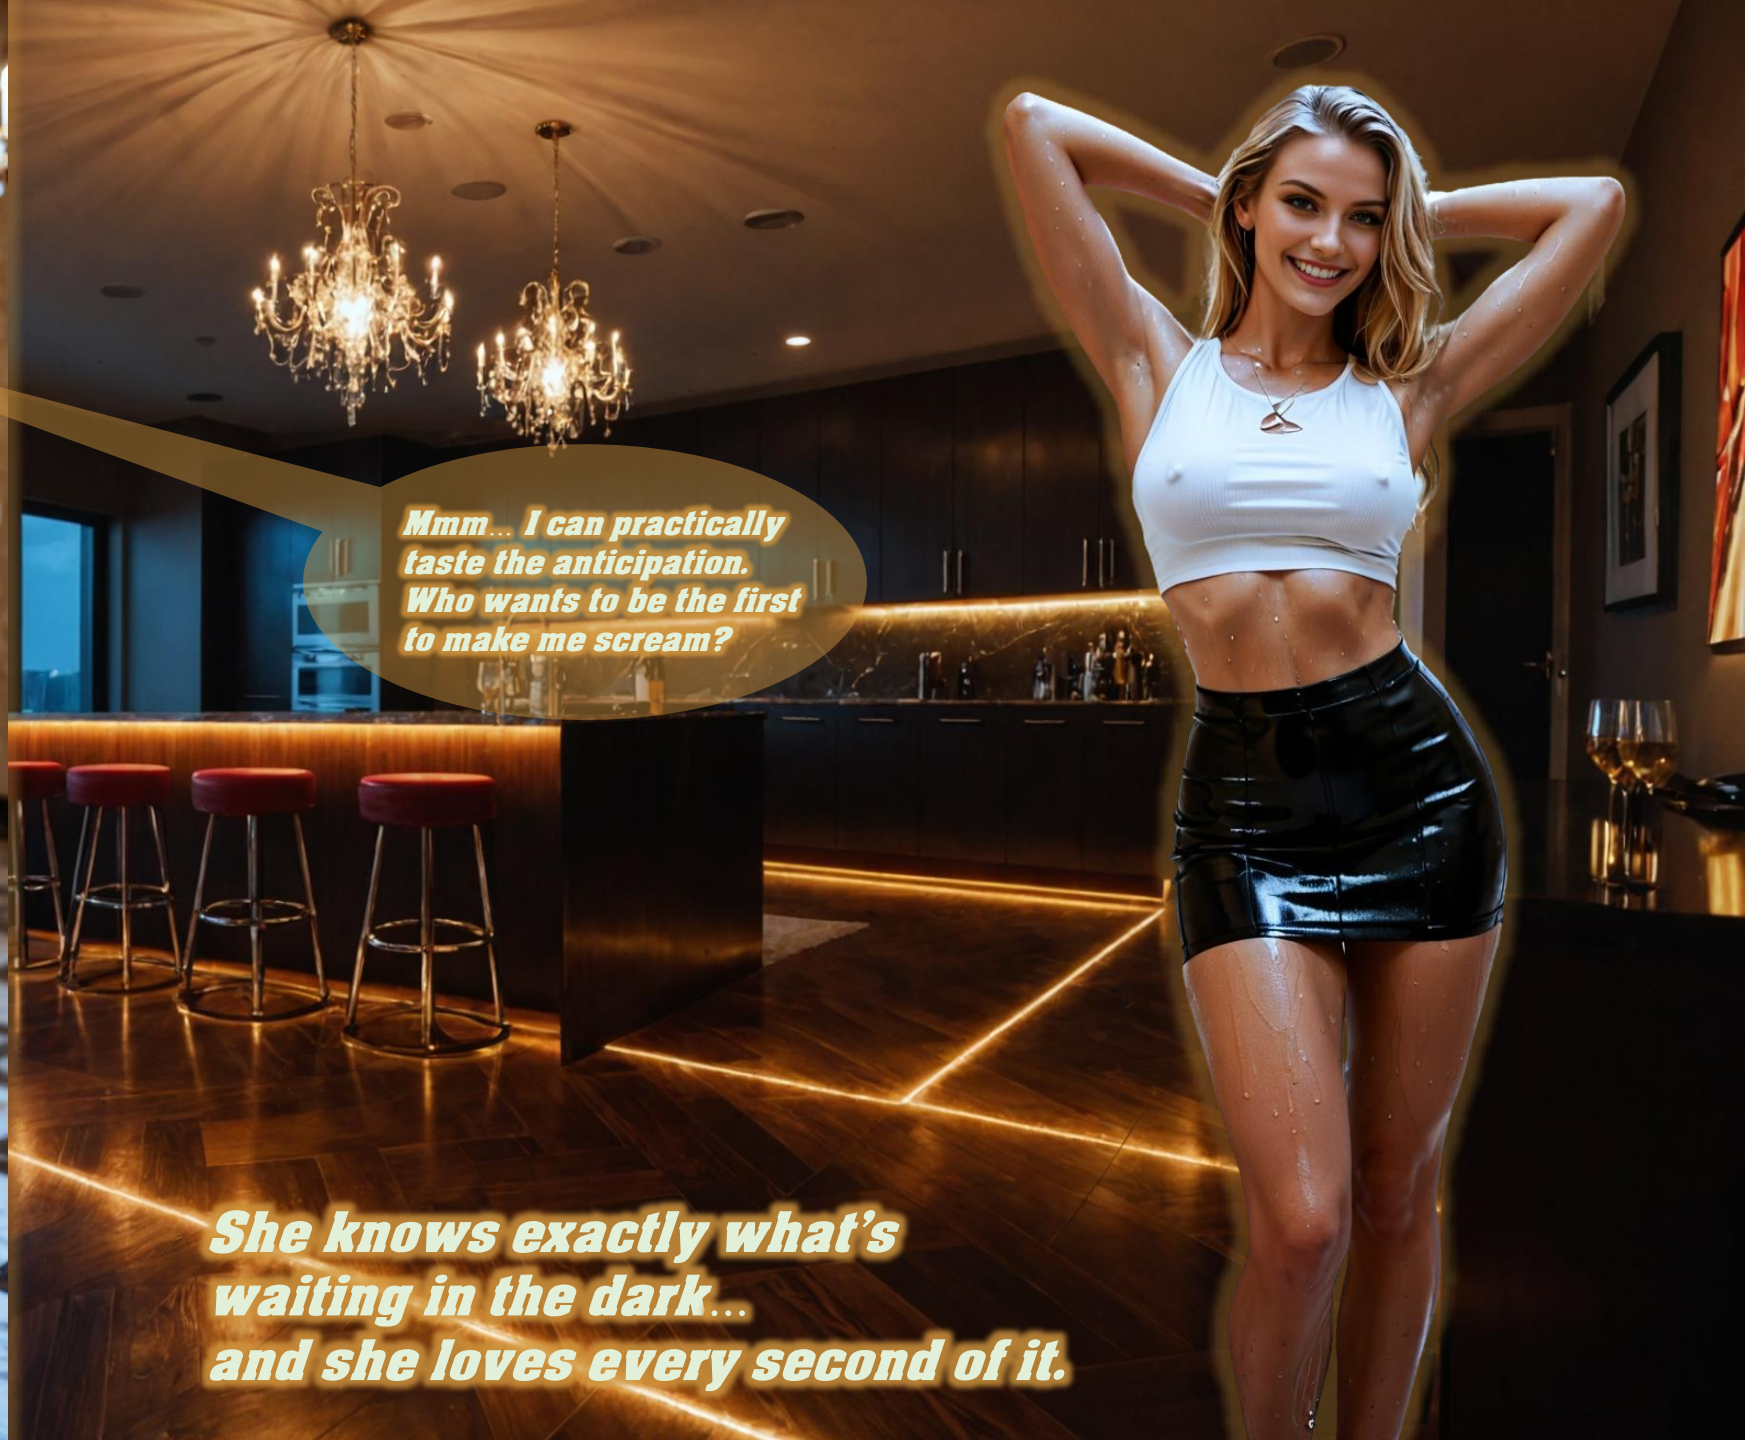

***Mmm... I can already feel all  
those eyes on me.  
Don't be shy, boys... I didn't  
come here to drink alone.***

***The room holds its breath...  
Then Alice breaks the silence.***

***I can smell the  
testosterone in here...  
Six? Seven? Maybe more?  
Come on, don't make me  
count you one by one...  
Show yourselves.***

*Mmm... I can practically  
taste the anticipation.  
Who wants to be the first  
to make me scream?*

*She knows exactly what's  
waiting in the dark...  
and she loves every second of it.*

*In this light, she looks like an angel.  
But angels don't walk into rooms  
dripping with sin.*

*One slow lift of  
the top...  
and the room  
forgets how to  
breathe.*

*She circles them slowly.  
Heels clicking.  
Skin glistening.  
A predator in six-inch stilettos.*

***You three. Front and center.  
Let's see if those cocks are  
as big as your egos.***

*Three is cute...  
but I booked the whole room.  
The rest of you - get over here.  
Now.*

*They obeyed. All of them. Now the real game begins.*

*Six hard cocks and  
one perfect ass.  
Let's see if you're man  
enough to handle what  
you're looking at.*

*Look at that perfect little ass...  
We're gonna ruin it tonight.  
And you're gonna beg for more.*

*She didn't come for  
conversation.  
She came to feed.*

*One down...  
five more to go.  
And she's only  
getting started.*

*She takes the first two like it's nothing...  
and already wants the rest.*

*Four down her throat...  
and she's still smiling.  
This is just the warm-up.*

*She takes them deeper than  
they ever thought possible...  
and still wants more.*

***She owns every inch of them...  
and still wants more.***

***Surrounded. Completely overwhelmed. And loving every second of it.***

*She's not just taking them...  
she's owning them.*

*She ordered the Chef's Special.  
Extra thick, no breaks.*

*Ouch - you're wrecking me... and I love it.*

*Too thick for my ass...  
don't stop the pain.*

*Ahh! You're splitting me wide... fuck, deeper!*

***This big boy's just the start - cram another in my tight ass, boys.***

*Fuck this hole... but my  
ass needs your cocks  
double - who's joining?*

*Skyline's watching... but two  
in my ass? That's the  
penthouse rush - come on.*

***Penthouse perk: Total coverage. Cum on me till I shine - all of you, now.***

*Keep going... I want to disappear under it.*

*More... make me your masterpiece.*

***This is what perfection feels like.***

*I can't see... but I can still taste every drop.*

**The  
End**
