«Boss, is that you?» Alan, an employee at the luxurious ski resort's hotel, asked the busty girl who was on her way to Alan's boss's mansion.

«Of course it is. Who else could know the digital lock password of MY house? At one point, after all those years serving me, you should stop being surprised to see me walk around in different bodies~» The girl replied, both walking toward the mansion.

«I am just checking, to be sure, for your security, sir. Nothing more, I care about you, that's all» Alan replied, walking next to the woman.

«And that's why you are my favourite employee, Alan. And for that...~» The woman added, stopping, before zipping down her coat, flashing her boobs to Alan. «Not bad eh? I found her at the spa, while I was scouting there as Sophia~»

«Wait, don't tell me... Boss, I have already told you, please, stop turning Sophia into a skinsuit... she is very paranoid, since the last time when she found some footage of her having sex with 3 men in a hotel room on the internet. I had tried to explain to her that those were deepfakes and all, but we both know the truth...» Alan sighed.

«Ever since, whenever she wakes up back after you restore her body, with the memory blackout that

follows, she immediately starts to panic and run to security to find out what happened»

«Hehe yeah, I remember that night... ooooooh my, feeling those dicks in every of my holes... hahaha, I came so much as her that night! And realised she is a squirter on top of that~» The woman said, biting her lips.

«Are you even listening to me? HUUUURGH, fine! In theory ,you did nothing wrong, so she will believe she just had a normal blackout once she sees the footages» Alan sighed.

«Where is she, by the way?»

«Oh, right under this other girl. I had no places to swap the skinsuits, so I just wore this new slut over Sophia~» The woman continued to explain, making Alan's eyes widen.

«You can't be serious boss... how long have you been wearing Sophia?» Alan wondered, beginning to stress over how to handle the situation.

«Probably two hours. I lost count of time once I began to wear this woman, and spent the rest of the time at the spa with her other hot friends. You should have seen their face when I began to openly flirt with them, hahaha~»

«Two fucking hours?! Stop messing around and let her go already, or she is going to give me a headache when I will have to comfort her» Alan told his boss, who did nothing but smile gently, pulling down the coat.

«Relax, Alan, it is almost night, which means we have all the time for that. Don't you want to... You know... as usual, when I get a new body... test this one with me?~» The woman smirked, pushing her breasts together for Alan's pleasure.

«You do know that's what my best employee gets... the chance to fuck hot girls every now and then~»

«Hurgh, of course I want to nail you so much. You got so much experience being a woman ever since you began to wear them, that you literally are better than them at anything» Alan sighed, beginning to follow his boss, walking back to the mansion.

«Ooooooh, that's why you came so much and so quickly last time I gave you a blowjob? I always wondered, because it couldn't be the girl, she was average... despite having a very sensitive pussy~» The woman gently laughed.

«So imagine how quickly you can finish with this one, hihi~»

«Yes. Also, boss, I wanted to ask... I have seen the

footage of you as Sophia, having sex with all those dudes, and... you know, her confessing to me about her blackout every time you stop wearing her, made me kinda somehow attracted to her, and I ...» Alan awkwardly tried to explain.

«Don't tell me you want to fuck Sophia? Hahaha, that's funny! Not really surprising tho, I mean SOPhia is cute and all, but I always thought you two were friends~» The woman laughed.

«But sure, after we are done with this one, if you want, you can stay the night at my place, and I will stay as Sophia~»

«You are the best boss» Alan smiled, finally entering the huge house, closing the door after his boss went inside.

«So what do you want to start with? Do we do some research first about her or start with fucking.»

«I am kind of in heat by now if you haven't already understood, so let's fuck~» The woman giggled, taking off her ski suit, ending up in her black underwears.

«What do you want to roleplay this time? Husband and wife? Cheating wife? Daughter on father? Pervert nymphomaniac? I am all ears, just don't take too long deciding, or I will pleasure myself instead~»

«I like the perverted daughter somehow» Alan suggested, making the girl smile widely.

«Alright then daddy, where do we do this?~» The woman asked, removing her last clothes.

«Let's fuck on the chair. You have been a bad, bad girl, ignoring my orders, going out of the mansion without my permission» Alan began to roleplay, grabbing the girl's butt firmly.

«Damn, and you had butt-lifting surgery without telling me? It is only normal, as your father, that I check if this was worth it or not then»

«Please, daddy...don't be too rough... I paid a lot for my ass to be perfect like this... don't destroy it~» The woman said, heading to the living room, sitting on the designated chair.

«Does daddy want to punish me from behind?~»

«No, I want to see your sorry slut face as I fuck you» Alan replied, taking off his clothes, ending up naked soon, his erect penis in his hand.

«Alright, daddy, I...I...hahahaha...sorry Alan.. it is just, you were so serious and I have to play the submissive slut and...hihihi~» The woman laughed.

«You dare laugh at me now? I will show you!» Alan

immediately added, sliding his dick raw inside of the woman, making her moan as she felt his rode enter he private part.

«Not so funny now, is it?»

«Huuuum...sorry, daddy... I didn't want to...I have been bad~» The girl purred gently, her face turning red as the pleasure built in. Her breasts jiggled with each thrust. She grabbed onto the armrests for support.

«That's right. Bad girls get fucked hard.» He picked up the pace, the sound of skin hitting skin filling the room. The chair creaked under them.

«Yes, daddy! Just like that! I'm sorry I was bad!~» The woman gasped, arching her back.

Alan leaned down, his breath hot against her ear. «You're not sorry yet. But you will be.» He reached around, finding her clit. The girl flinched at the sudden contact, a jolt of pleasure shooting through this new body.

«FUCK!~» The woman screamed, bucking her hips. «Daddy, that's... that's... oh god!~»

«Feel that? That's what happens when you're a good girl and let daddy punish you.» He rubbed faster, matching the rhythm of his thrusts.

«Daddy, I'm... I'm gonna... I can't...~» the woman stammered, her words catching in her throat.

«Do it,» Alan growled. «Cum for daddy. Show me how sorry you are.»

The woman's body convulsed, waves of pleasure washing over her. The boss let out a long, loud moan, completely lost in the sensation.

This girl's orgasm was explosive, more intense than anything he'd felt in a long time. Her pussy clenched around Alan's cock, milking him, pulling him deeper inside.

Alan couldn't hold back any longer. With a deep groan, he released himself into her, filling her with his cum.

He collapsed onto her, sweaty and panting, the room quiet save for their heavy breathing.

«Damn» Alan finally said, pulling out and sitting on another chair.

«That was... something»

The woman stretched, a satisfied smile on her face. «She's a good find, right? And her ass really is perfect, don't you think?~»

«You're obsessed with her ass» Alan laughed.

«Can you blame me?~» The girl stood up, admiring the body he was wearing. He ran a hand over the curve of her hip.

«When I saw her at the spa, I couldn't get my eyes off her. I had to try her for her time here. I will live her life, have fun with her friends... maybe get some guys lucky... or you again, if you behave well~»

«Please just try not to put a messy party like last time. You gave some difficult time to the staff who had to clean everything in the presidential suit you basically trashed» Alan said.

«She was a huge party girl... I couldn't fight her nature, hahaha~» The girl laughed, sitting back on the chair.

«Oooops, I feel your cum leaking on my legs... I have to go to the toilets. Once I get back, we can start the little briefing of who she is, so that I can pass as her perfectly~»

«Sure, boss, sure» Alan panted, watching the girl go away, before too going to change.

A few minutes later, she came back, wearing a slutty revealing dress, Alan being already back.

«How do you find it? Nice fit eh?~» The girl said, turning around, showing the full outfit to Alan. «I am so glad I made a wardrobe full of girls' clothes of every size. It comes in handy in those situations~»

«It is indeed a perfect fit boss. It kinda makes me want to fuck her again» Alan smiled.

«Also, I have been meaning to ask... do you intend to share your immortality secret with someone other than me? It would make things a little easier... don't you think?»

«I told you once, Alan, but let me remind you again, in my almost 200-year-old life, I made the mistake of having two confidants. One tried to rob me of the skinsuit gun. Since then, never ever would I allow two to know this~» The girl explained, sitting on a chair, grabbing a cigar, and lighting it up.

«My real body ages normally whenever I am not wearing a skinsuit, while it is kind of frozen in time when I wear someone. So I only allow myself a few minutes between switching skins, and that's how I managed to stay 85 years old for so long now. And at my age... what know what can happen. So to

avoid losing the gun, and my long life, I prefer to keep this secret~»

«I understand boss... just wanted to relieve a burden or something» Alan added, opening the computer, starting to look through all the reservations at the time at the station.

«Let's see... You said she came with friends, right? So we are looking for a girls-only booking... HUUUUUM»

«Yes, as far as I understood, the one booking the trip was called Clara~» The woman specified, puffing on the cigar.

«Oh, right, here, I have found it. Reservation for 5 girls, Clara was the one booking it... and your actual mount is called... Lucie. They all stay for 2 weeks here. Damn, they must have a wealthy daddy!» Alan explained, scrolling through the profiles.

«Hum, Lucie then. I think that's my first time wearing a Lucie~» Lucie said, running her fingers on her cleavage.

«Hot damn, I would love to wear her way longer! Let's say, a couple of years while she is still young and sexy, and then change later. Can you do some research to find out if it is possible?~»

Page 6/10 - by ARIBETH

«Sure boss, I will do that tomorrow if you don't mind. It is already late. Also, I have a request regarding that... Could we like... be a couple in that time if you keep her? This job is amazing, but leaving few to no opportunities to meet anyone, and I am at the age when I could have children» Alan requested, making Lucie smile widely.

«I don't mind, let's do this. I love to live another person's life fully. You are such a lucky bastard, having such a hot girlfriend, and at one point, wife and mother of your children~» Lucie replied.

«I will have just one rule: when it comes to giving birth, you will have to wear her, and do the delivery. I have done it once, back in the time, and I really didn't like going through all of this~»

«The father, wearing the mother, giving birth to their child... If I weren't used to seeing you in a different body once in a while, I would think this is a joke or that you were insane. But sure, it is a deal then» Alan smiled widely, closing the computer and heading to Lucie, stealing her a kiss.

«Just the thought of waking up to those tits everyday, give me a hard one in my pants»

«Hehe, calm down ALan, we don't even know if she is single or something, and if it is possible to keep her~» Lucie laughed, finishing her cigar before

putting it in an ashtray.

«However, it is time for someone else to join the fun, don't you think?~»

«What do you mean?» Alan asked, confused.

He watched Lucie put her fingers in her mouth, and, tearing it open, until Sophia's head popped out of it, giving the weird result of having her head on top of Lucie's body.

«You were the one asking me to be Sophia tonight, am I right?~» The boss said now with Sophia's voice.

«What are your plans with her?~»

«Well, I... might sound a little stupid but, but I came to really like SOphia, and even desire her. But we both know it, she is a complete nutcase, and her protective family wouldn't let her have any relationship... So lately, I've begun to fantasise about... having a relationship with her. And rewatching the video about the last time you used her with those rich clients... seeing her everyday having that in mind... I always get hard» Alan explained awkwardly, looking at his boss, taking off Lucie's skinsuit, slowly appearing as Sophia.

«I... I just want to spend a normal, sweet night with Sophia»

«Alan... are you confessing to me? All that time taking care of me... Awww, you are so sweet Alan~» Sophia gently said after throwing Lucie's skinsuit away, massaging her face gently.

«I feel a little hot... like I am about to blush if you keep on going~»

«Boss, you're talking like her... saying those things... this is too much» Alan replied.

«It feels really as if she were her»

«Boss? I am just Sophia... the girl you took care off everytime your boss stopped wearing her... hehehe... I really like you Alan... ~» She said, coming close to Alan, gently grabbing his dick through the nightrobe he was wearing, and beginning to wank him slowly.

«Alan, I am sorry I caused you so much troubles I... sometimes I have blackouts... and I really like you being there for me... taking care of me... so let me take care a little of you... like this... does it feel good?~»

«Oh my... boss, I... I fucking love you so much» Alan smiled, enjoying wya too much what was happening.

«Boss? I am just Sophia... I told you... And anything for my best employee. Besides... I really like being a girl, you know... doing all of those roleplays with you~» She said, getting closer, pressing her breasts on Alan's chest, her lips very close to his.

«And after this day wandering around the resort as Sophia... having her breasts jiggling under my sight... the clients obviously staring at her ... having a full day of work as her... I want to come home and relax with my favourite... playing the girl he likes~»

Instead of kissing him, she pushed Alan gently, until he sat on the bed nearby.

She released her grip from his dick, and took off the only underwear she had left, ending up fully naked in front of him.

She gently sat on his lap, and lay on him, kissing him passionately.

In the heat, she felt Alan's hands grab her butt, before more gently caressing her hips, going on her legs, as she buried his face between her breasts.

«Alan, I... are you really ready to do this? I mean... we have been colleagues for so long... You took care of me so much... do you think you will be able to see me the same after we do this?~» Sophia purred after they broke the kiss, the boss impersonating her perfectly.

«I do, Sophia. I have seen you in so many troubles, now I see you smiling, happy... I want to see more» Alan replied, completely captivated, having forgotten the reality.

«So let's do this~» Sophia purred, sliding Alan gently all the way into her vagina, purring out of pleasure as she felt him rub her inside.

«Huuuuuum Alan, I feel you inside of me! All those years taking care of me... and we are doing it... I am so happy~»

She started to move, slow at first, Alan's dick going in and out. Her body was so warm. So tight.

She moaned. A soft, sweet sound, her cute smile directed at Alan.

«That... that feels so good, Alan~» she whispered, her lips against his ear.

«I've wanted this for so long~»

He believed her. In that moment, she was Sophia. The girl he'd comforted after blackouts. The girl he'd protected. The girl he secretly craved.

His hands roamed her body. Her back, her waist, the curve of her ass. He squeezed her breast, feeling the weight of it in his palm. He pinched her nipple, and she gasped.

«Yes... just like that Alan~» she breathed.

She rode him faster. The bed squeaked. Her tits bounced with every move. He watched them, hypnotised.

She realised it between two moans and smiled at him.

She stood up, and grabbed her boobs firmly with her hands, resuming moving her hips on his lap.

«Oops, sorry, I forget sometimes I have such big tits~» Sophia purred, jingling her breasts in her hands.

«I will keep them in check, hihi~»

Alan stood up too, his head right at Sophia's breast level.

«And I love it this way, Sophia, with your huge breasts jiggling around» Alan said, smacking Sophia's tits, before grabbing them with his hands.

She put her arms around his neck, and resumed moving her hips gently, purring out of the pleasure as Alan bit her nipples.

«I'm a slut, aren't I, Alan?» she panted.

«Yes» he groaned.

«Only yours!» she cried out, her head falling back.

Her pussy started to squeeze him. She was getting close.

Alan rolled them over. Now he was on top.

«I've wanted to fuck you like this for so long, Sophia» he growled, pounding into her.

«Who... could have thought... my manager was such a pervert all this time... hummmmm... wanting to fuck me like this... dominate me...Aaaaaaw~» Sophia moaned, a malicious, playful smile on her face.

«Were you... Having those thoughts all this time? Did you wanted us to.... oooooow... fuck relesently on the workplace?~»

«Of course... I even wanted to fuck you on my desk in my office... every time you came in to complain and cry!» Alan groaned, pounding harder into her.

«Oooooh... you are so bad Alan! A very bad boy... I want you to fuck me in your office like that... I will be your little office slut... just for you...Aaaaah~» She moaned, grabbing the bedsheet.

«I can't wait to have you... bent over my desk... taking you from behind... your big tits swinging» Alan panted, feeling himself close to finish.

He reached out, squeezing Sophia's boobs hard, making her moan louder when he grabbed them firmly.

He watched her face, twisted with pleasure.

«Alan... I... I am... cumming!~» she screamed, her body shaking, her orgasm rippling through her.

«Me too!» he grunted, thrusting deep one last time, his cum shooting inside her.

They both collapsed, breathless and sweaty. Alan lay next to her, a wide, happy grin on his face.

«I can't believe we finally did it» he said, turning to her.

«That was amazing, Sophia»

«I really loved it too ALan, this was amazing... It has been a long time since I climaxed this hard~» Sophia whispered, snuggling against him. She traced a circle on his chest with her finger, a smirk on her face.

«And I think we can say I become better and better at impersonating my mounts... since it seemed you forgot a thing or two, hihhi~»

LUXURIOUS SKI RESORT

Reality hit Alan all of a sudden, and his smile faltered for a second. He looked at her. It was the boss. The old man in the pretty girl's body.

«You got me. I was completely lost in it. You're just too good at this» He laughed.

«I saw that, hahaha~» she said, kissing his cheek.

«Now, what do you say we get some rest? Tomorrow, we need to let Sophia go, and I need to be Lucie again. And we need to find out if I can keep her~»

«You are right» Alan said, pulling her closer.

«And about the couple thing... I'm serious. I want this»

«Me too, Alan. Me too~» she replied, her voice soft, before she kissed him again.

«But until tomorrow... what do you want us to do while I am Sophia?~» she asked, rubbing her body against his.

«I was thinking... we could go to the spa, relax in the hot tubs... Not the resort spa of course, I can't be seen with Sophia like that. But your private one» Alan suggested.

«That sounds perfect~» Sophia said.

«But there's one little problem... I might want to fuck

you again in the hot tub... hahaha~»

«I wouldn't complain» Alan laughed.

«I would find it funny tho, if it was Sophia who would be assigned to clean your mansion next week... she would have no idea she is cleaning her own love juice»

«In that matter, maybe you can assign her to Lucie's room? Without knowing it, she will be directly serving her boss during Lucie's stays... and after, once I move with you~» Sophia suggested, taking a nightgown and putting it on her.

«But for now... let's relax! All this fucking made me kind of tired. Sex as a woman is exhausting, you know, more than we think~»

«Well, let's head to the spa then, it has been a long time I didn't use yours» Alan smiled, then picking up a nightgown from the same wardrobe.

«You don't mind me taking one of yours? I guess you won't be using them a lot»

«Haha, do as you please. Now, let's get going. And one last thing... it is possible that whenever I am in a hot tub... and my breasts are soaked... I get a little too excited and... well... we will see for the rest~»
