

My Mum didn't want that I follow her path of life.

She worked many years as a erotic Dancer...a Stripper if you want.

She thinks that this is sooo slutty...but I like it to be a Slut.

But I'm over 22 years old. I can decide to be what I want. I orderd these Pills and already took five of them.

I think that they start to work. I feel so...uhm... amazing!

I feel how
my breasts
start to
gain weight
...

...
how the skin
start to feel
tight!

Did my Butt
grow too?

It feels...
rounder
somehow!
