

Hey there!
Welcome to "DIY
Domination", with
me, your host,
Mistress Handy!

You know,
many women ask
me, "Handy, where
can I find a good
obedient sissy?"

Well, you know what
they say: "If you
want something
done right, do it
yourself!"

So I hope you
have your makeup
case handy, because
today's episode is
very special!

"I can make you a Sissy!"

First things first,
we're gonna need
a man. You know,
the main ingre-
dient.

Luckily, you can
find one of these
pretty much anywhe-
re, even in your own
house!

Once you find a
good one, here's
what you're going
to do...

I know what you're thinking: "Handy, my man is all hairy and well, just too man like!" Don't worry about that. Just follow my step-by-step instructions.

Step one: hair removal! And it's fun... for you anyway!

Ah, music to my ears!

Sob

Sob

Sob-hoo

Sob

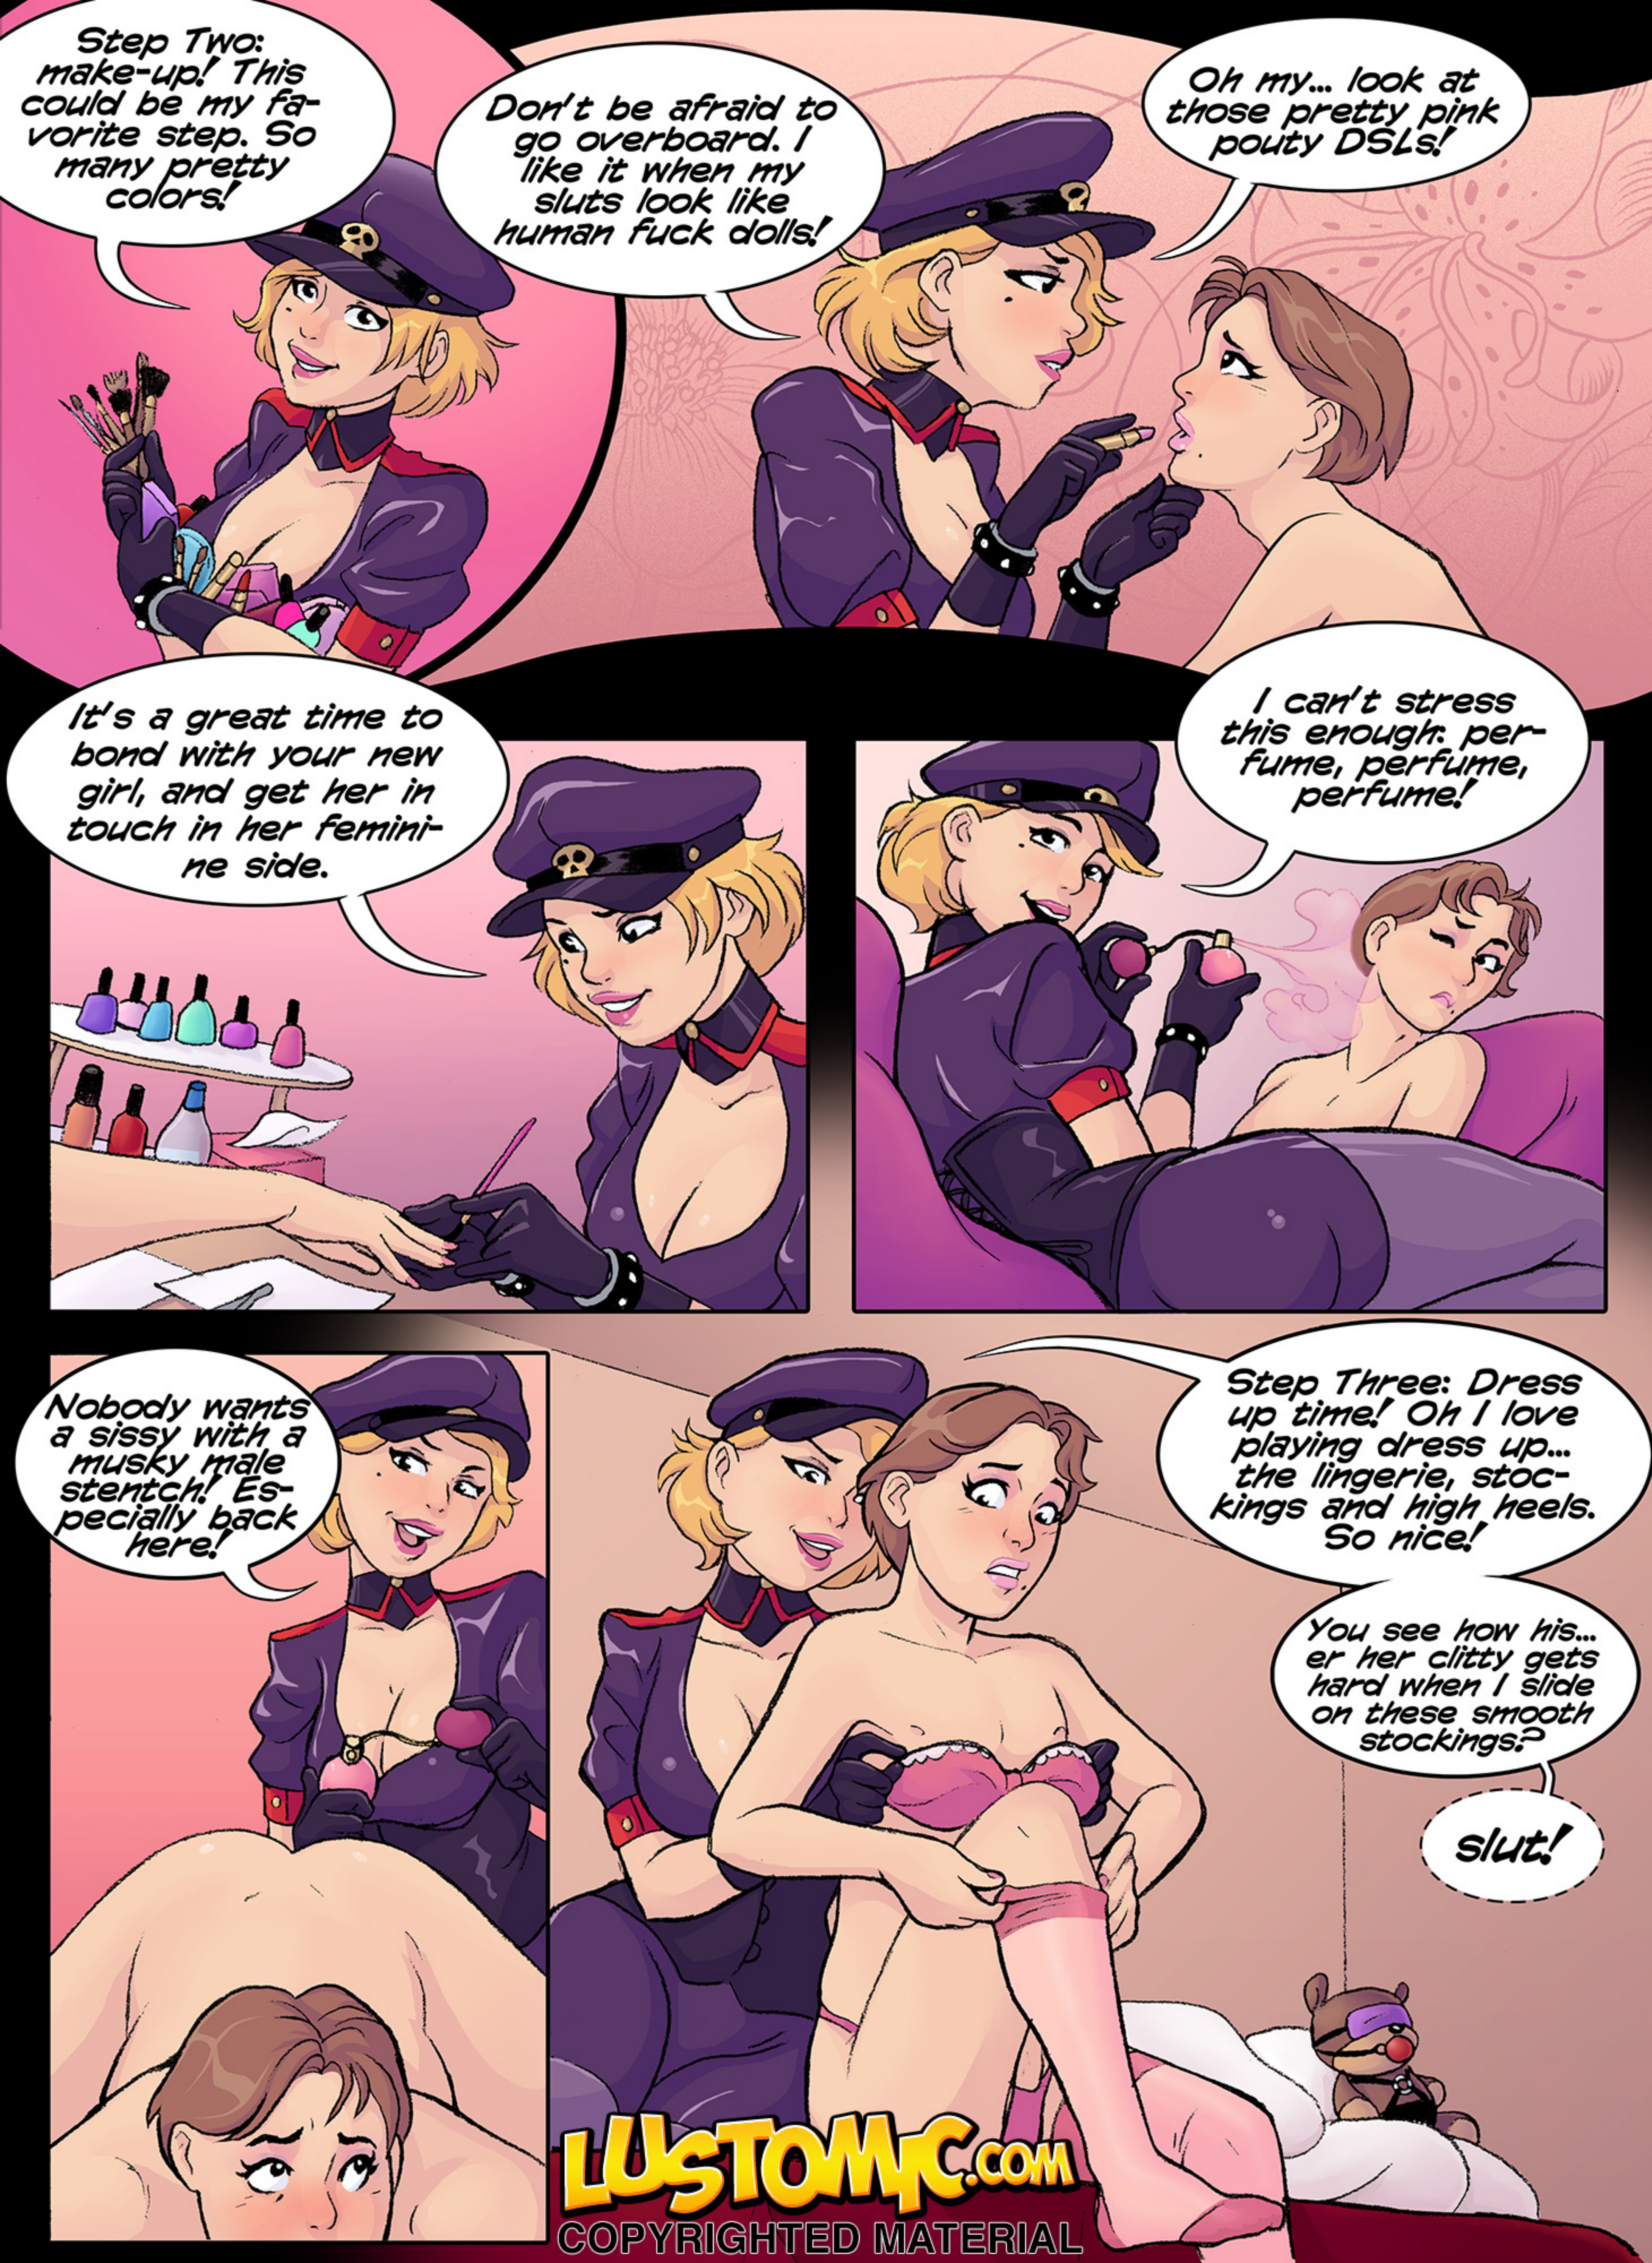

It'll take some time, and be very painful for your new sissy, but it really is the only way to get a perfectly smooth body.

Mhmm... so much better this way... and tastier!

Yummy!

Step Two: make-up! This could be my favorite step. So many pretty colors!

Don't be afraid to go overboard. I like it when my sluts look like human fuck dolls!

Oh my... look at those pretty pink pouty DSLs!

It's a great time to bond with your new girl, and get her in touch in her feminine side.

I can't stress this enough: perfume, perfume, perfume!

Nobody wants a sissy with a musky male stentch! Especially back here!

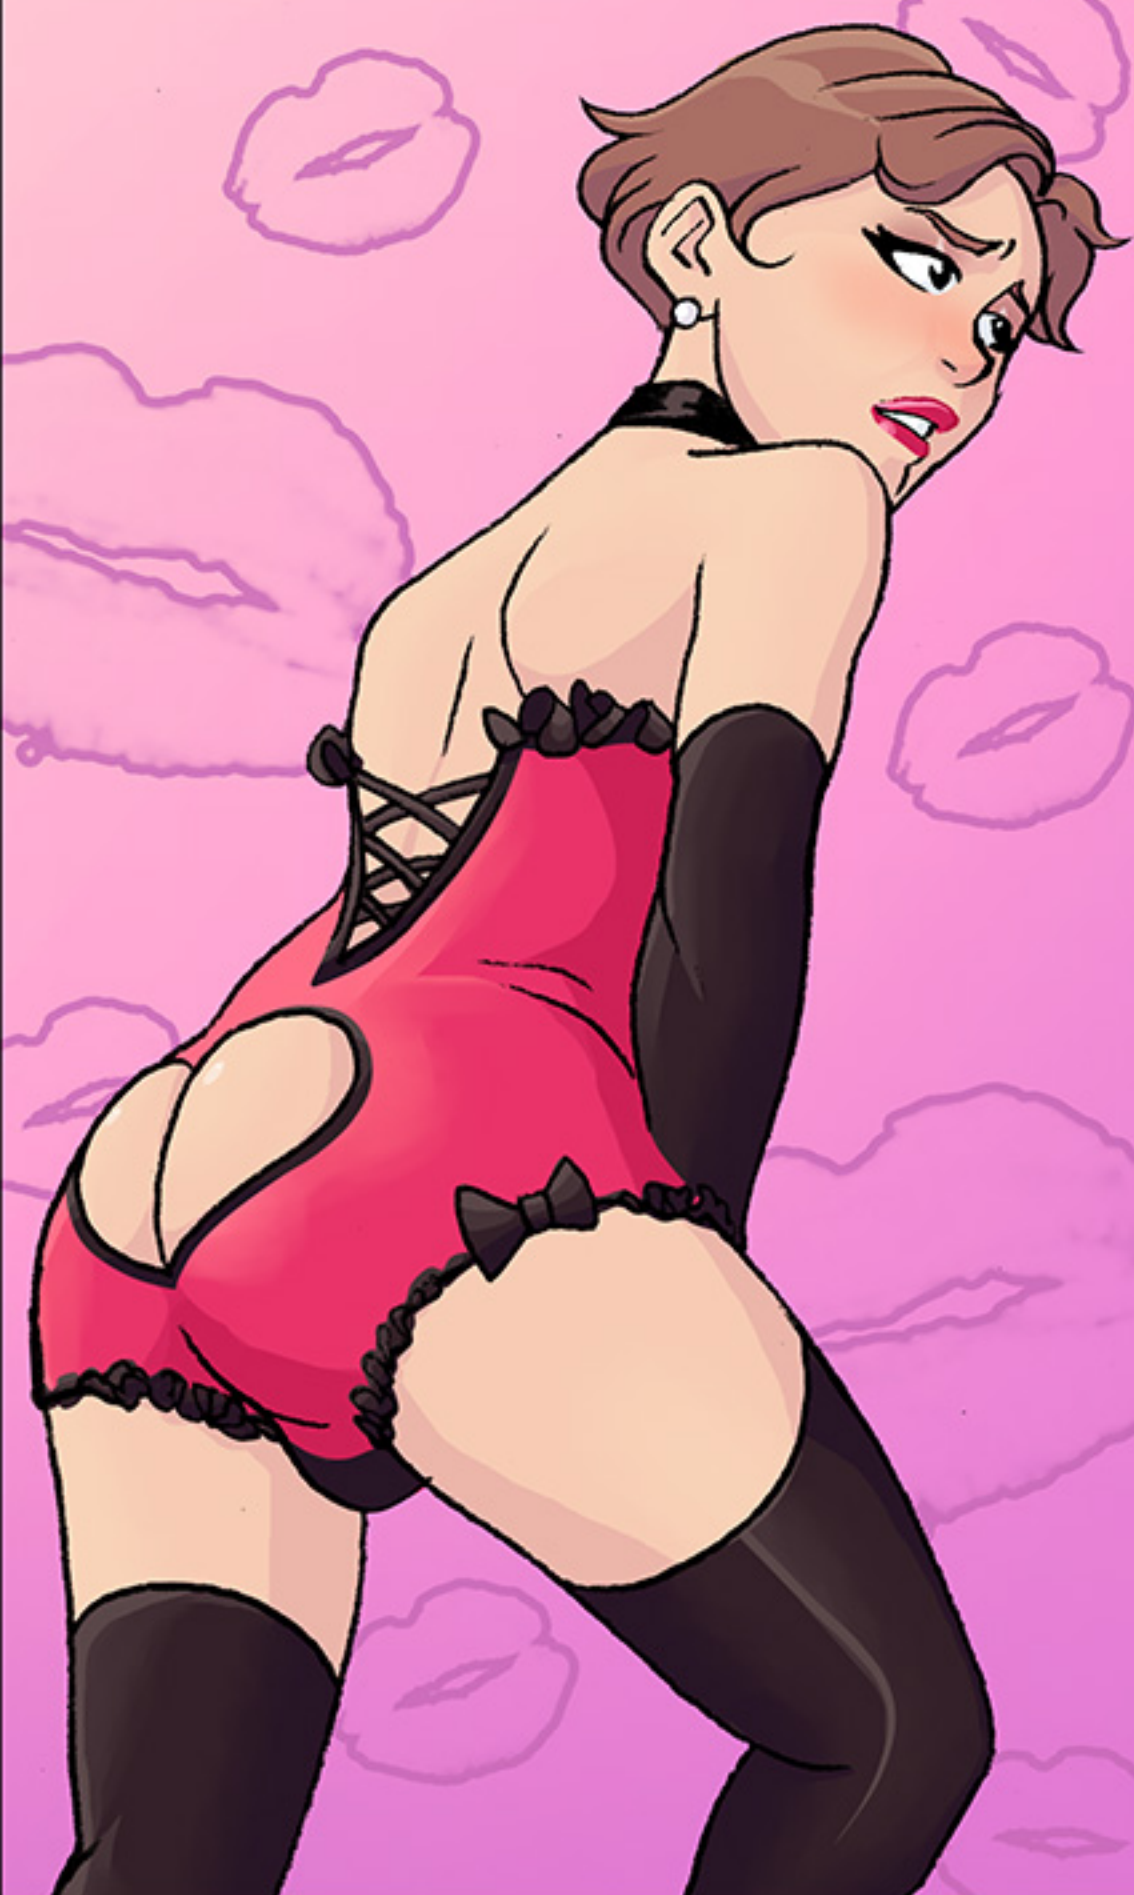

Step Three: Dress up time! Oh I love playing dress up... the lingerie, stockings and high heels. So nice!

You see how his... er her clitty gets hard when I slide on these smooth stockings?

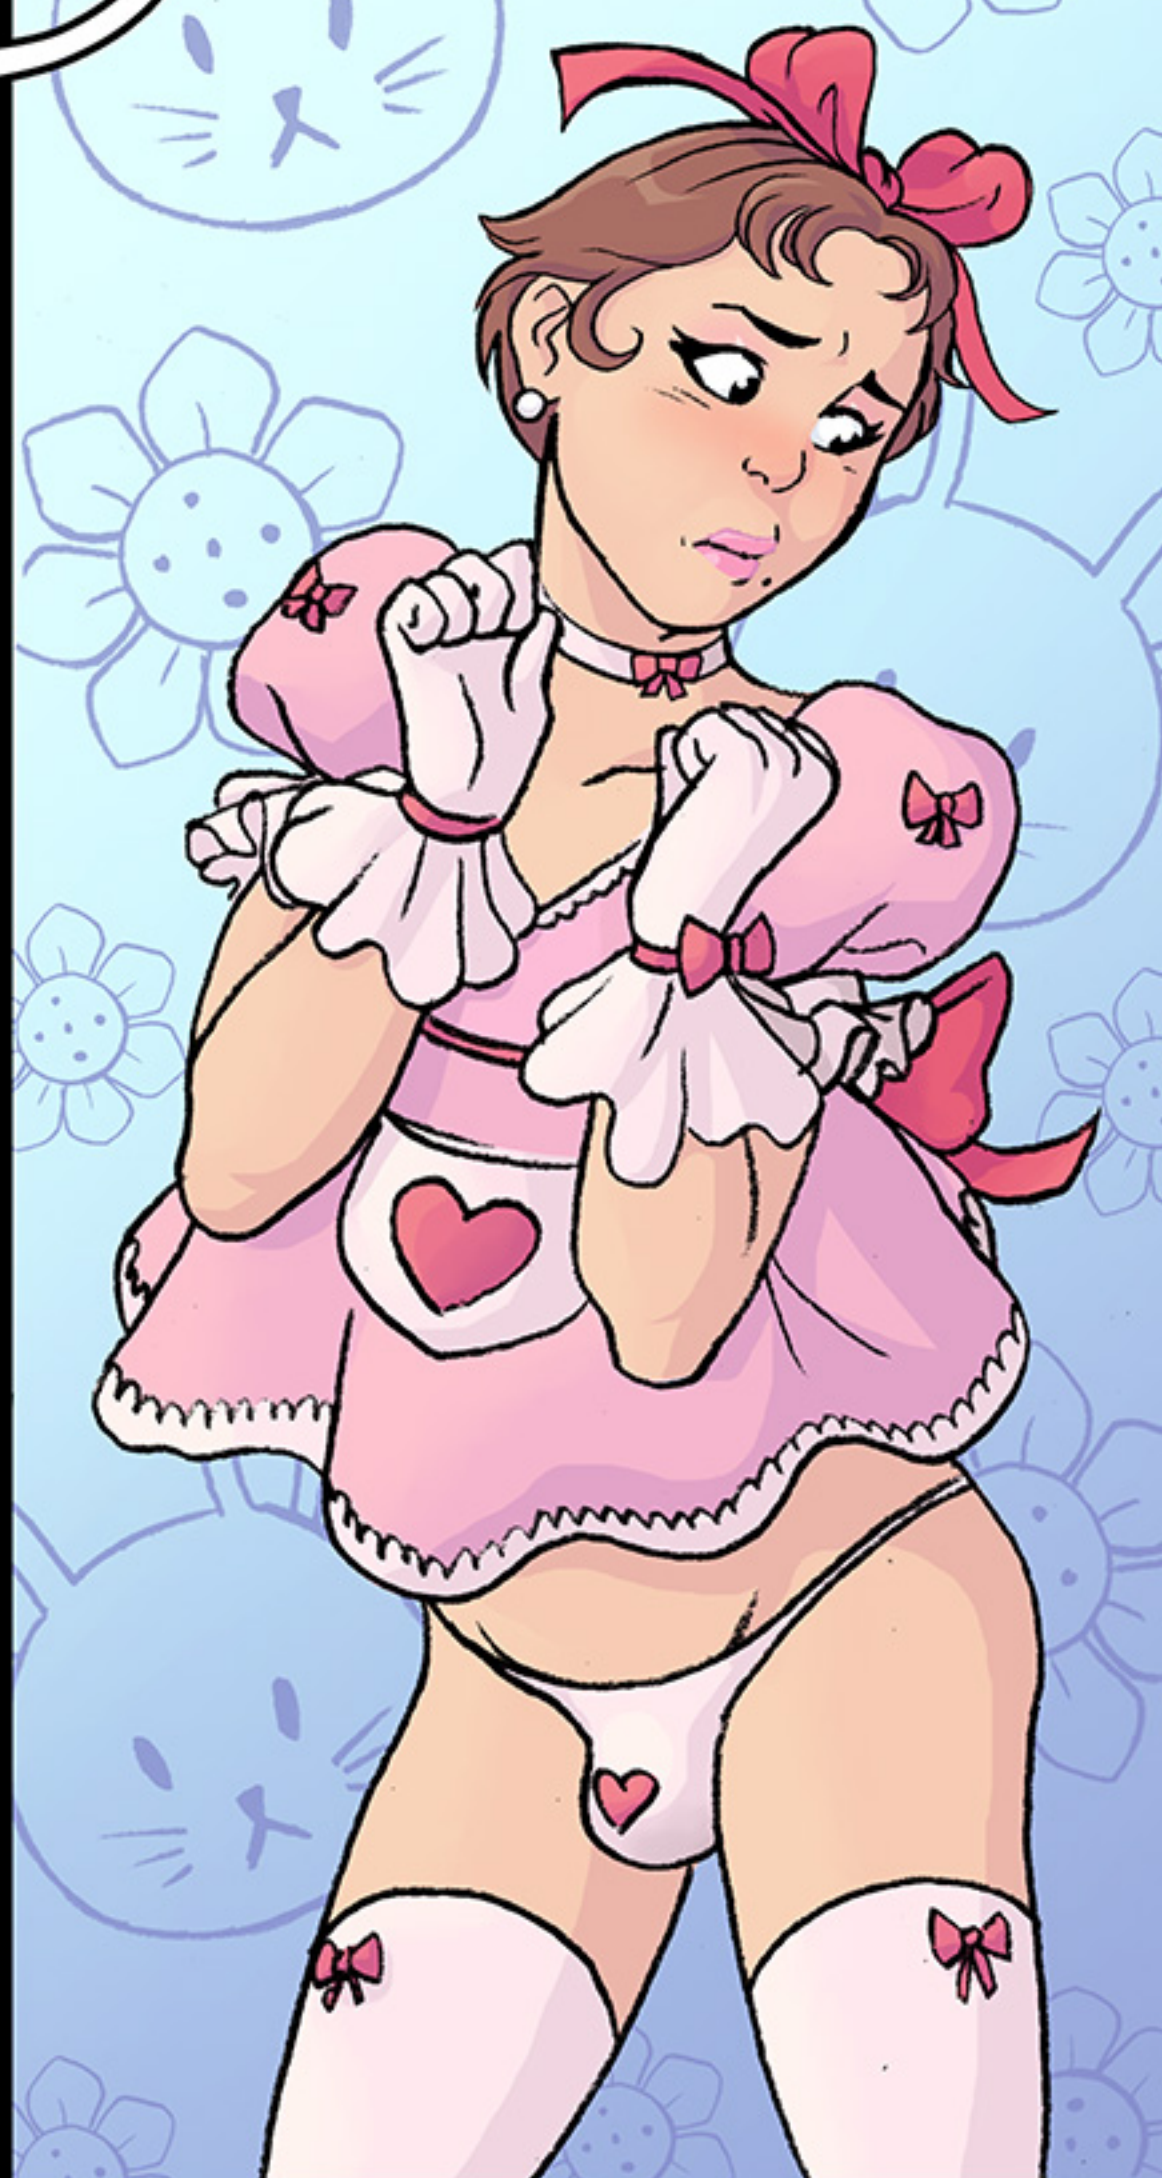

slut!

Treat your sissy like a toy doll. You can dress her up however you'd like!

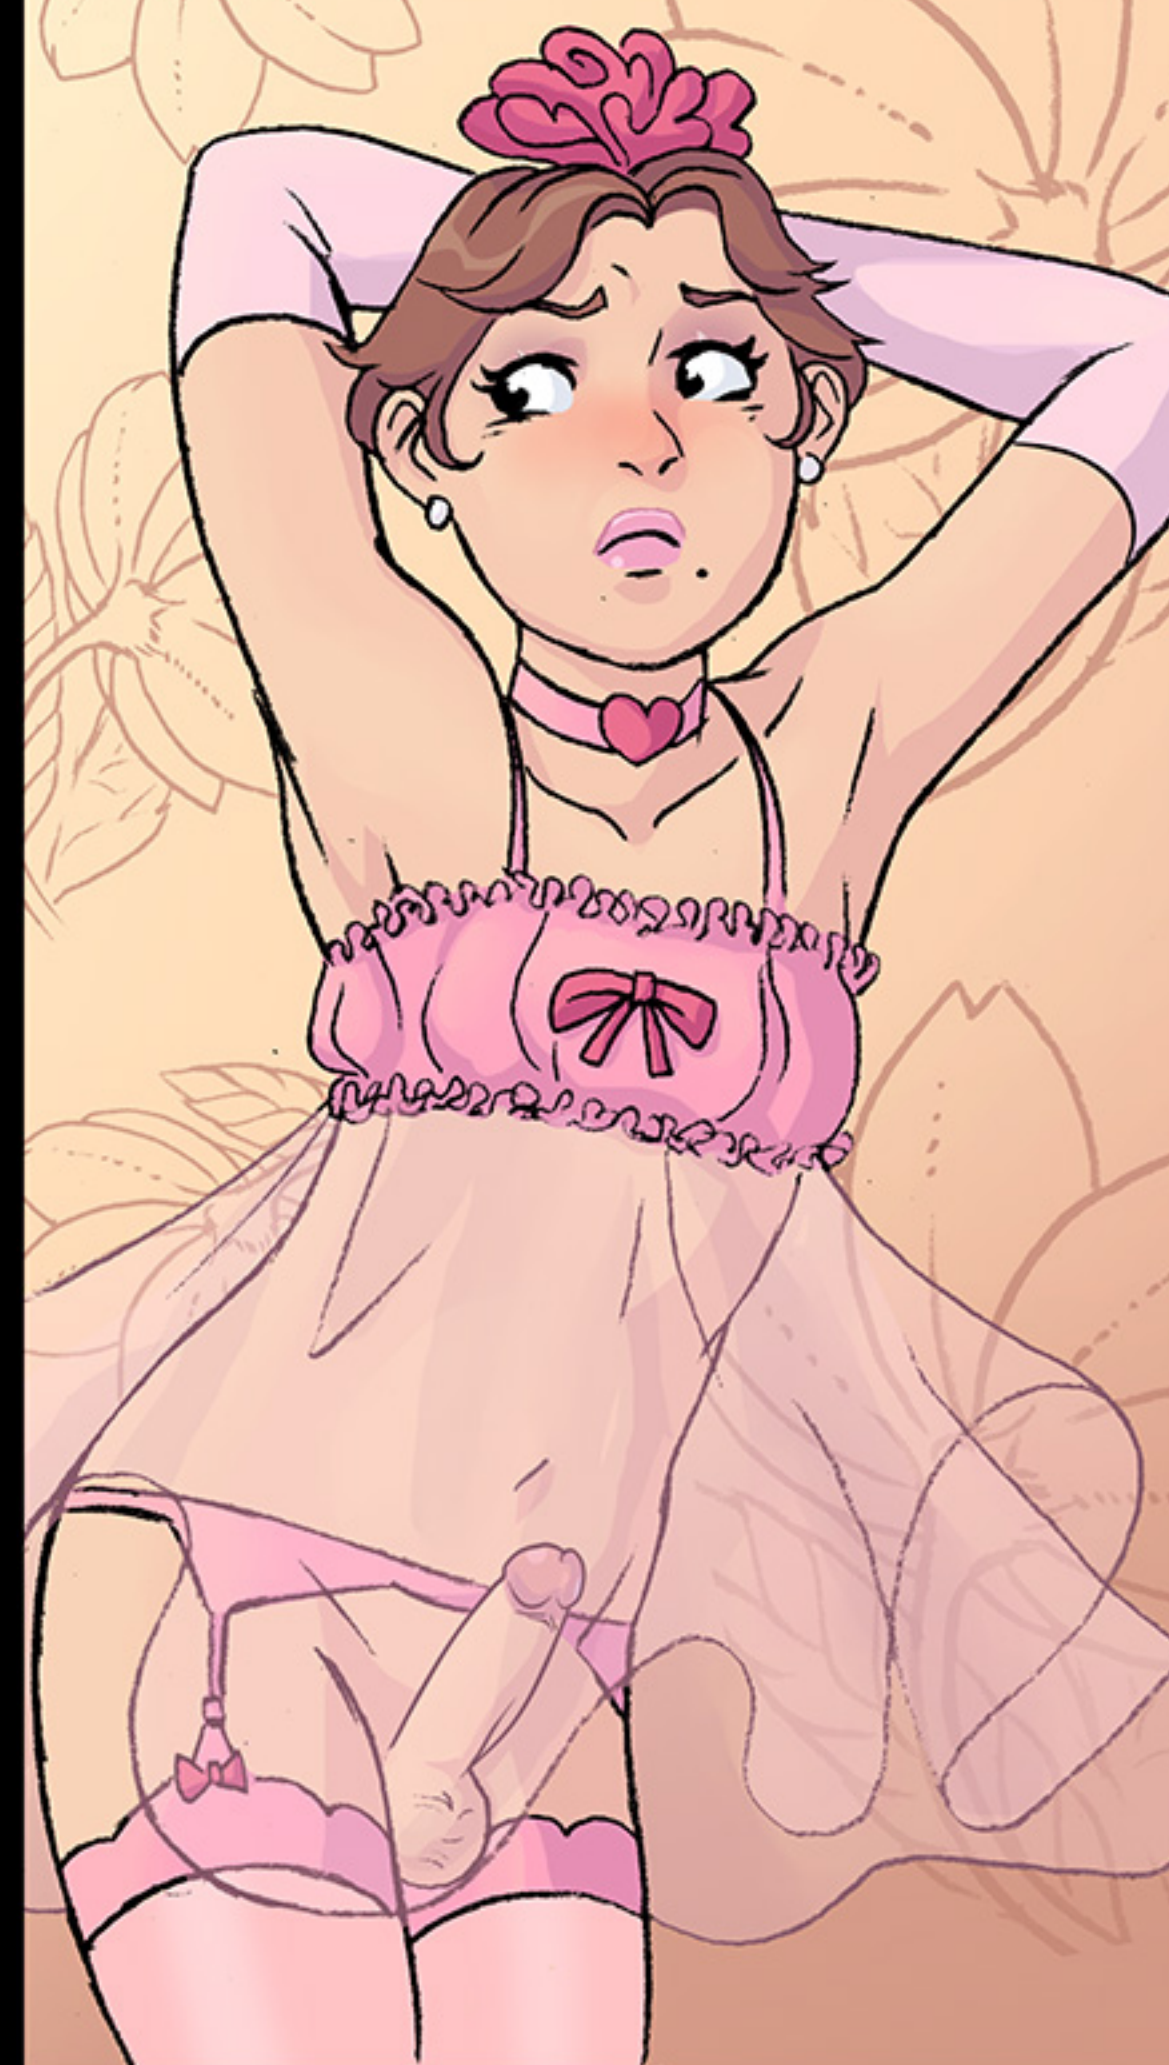

You can make her really slutty...

...or something a little more girly and frilly.

I like to balance out both looks... girly, frilly and slutty!

So now you're probabaly thinking - all done, right?

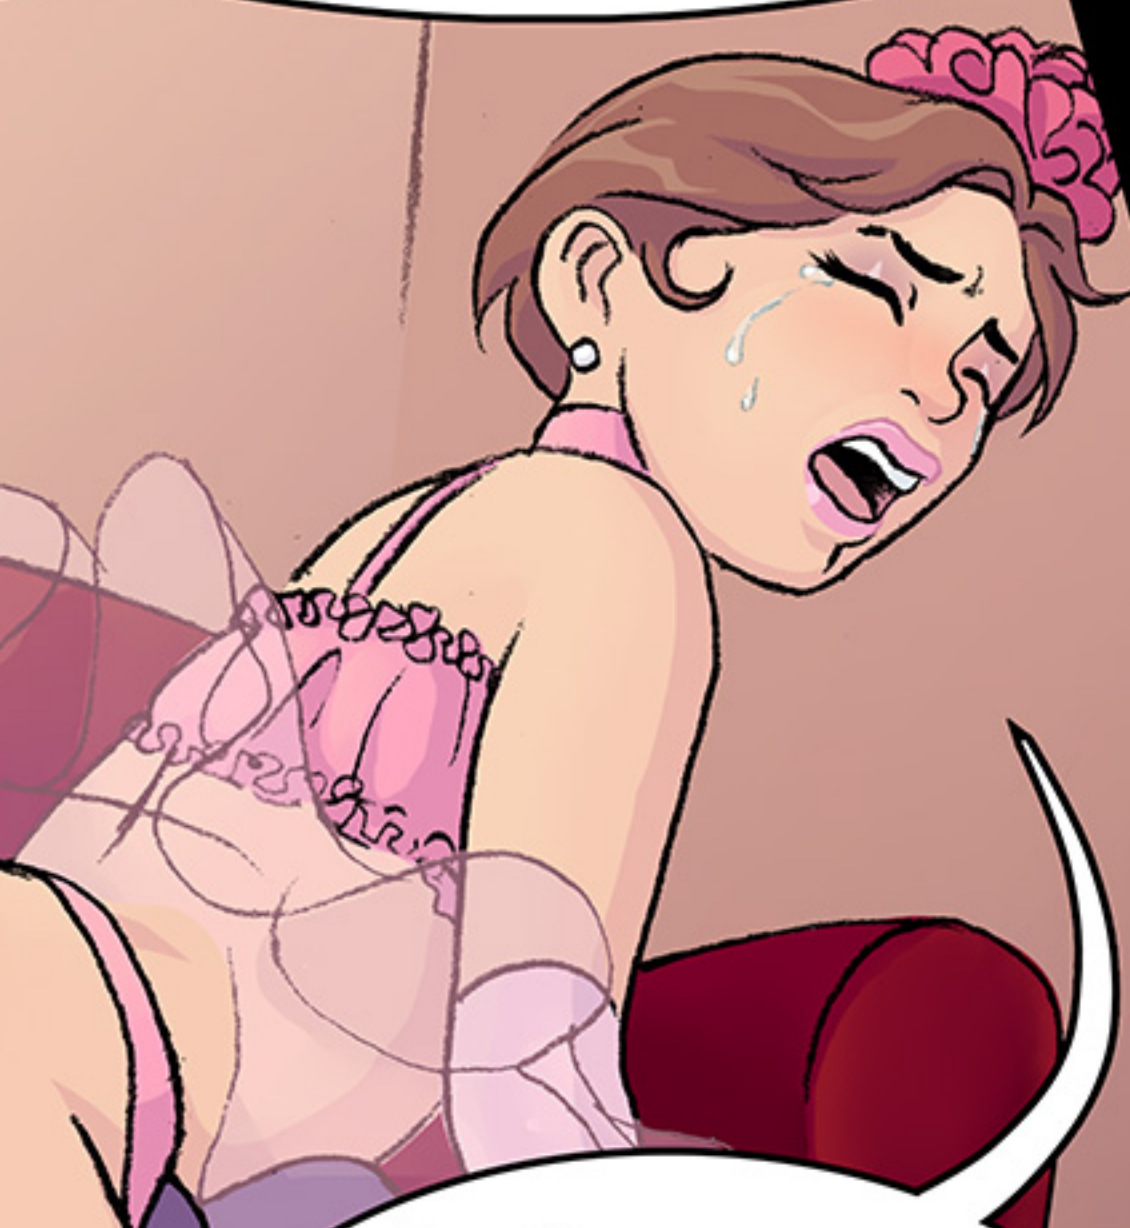

WRONG!

All you have now is a hairless man in make-up and lingerie...

Step Four: Training! This is the longest step, and the most painful for your new girl!

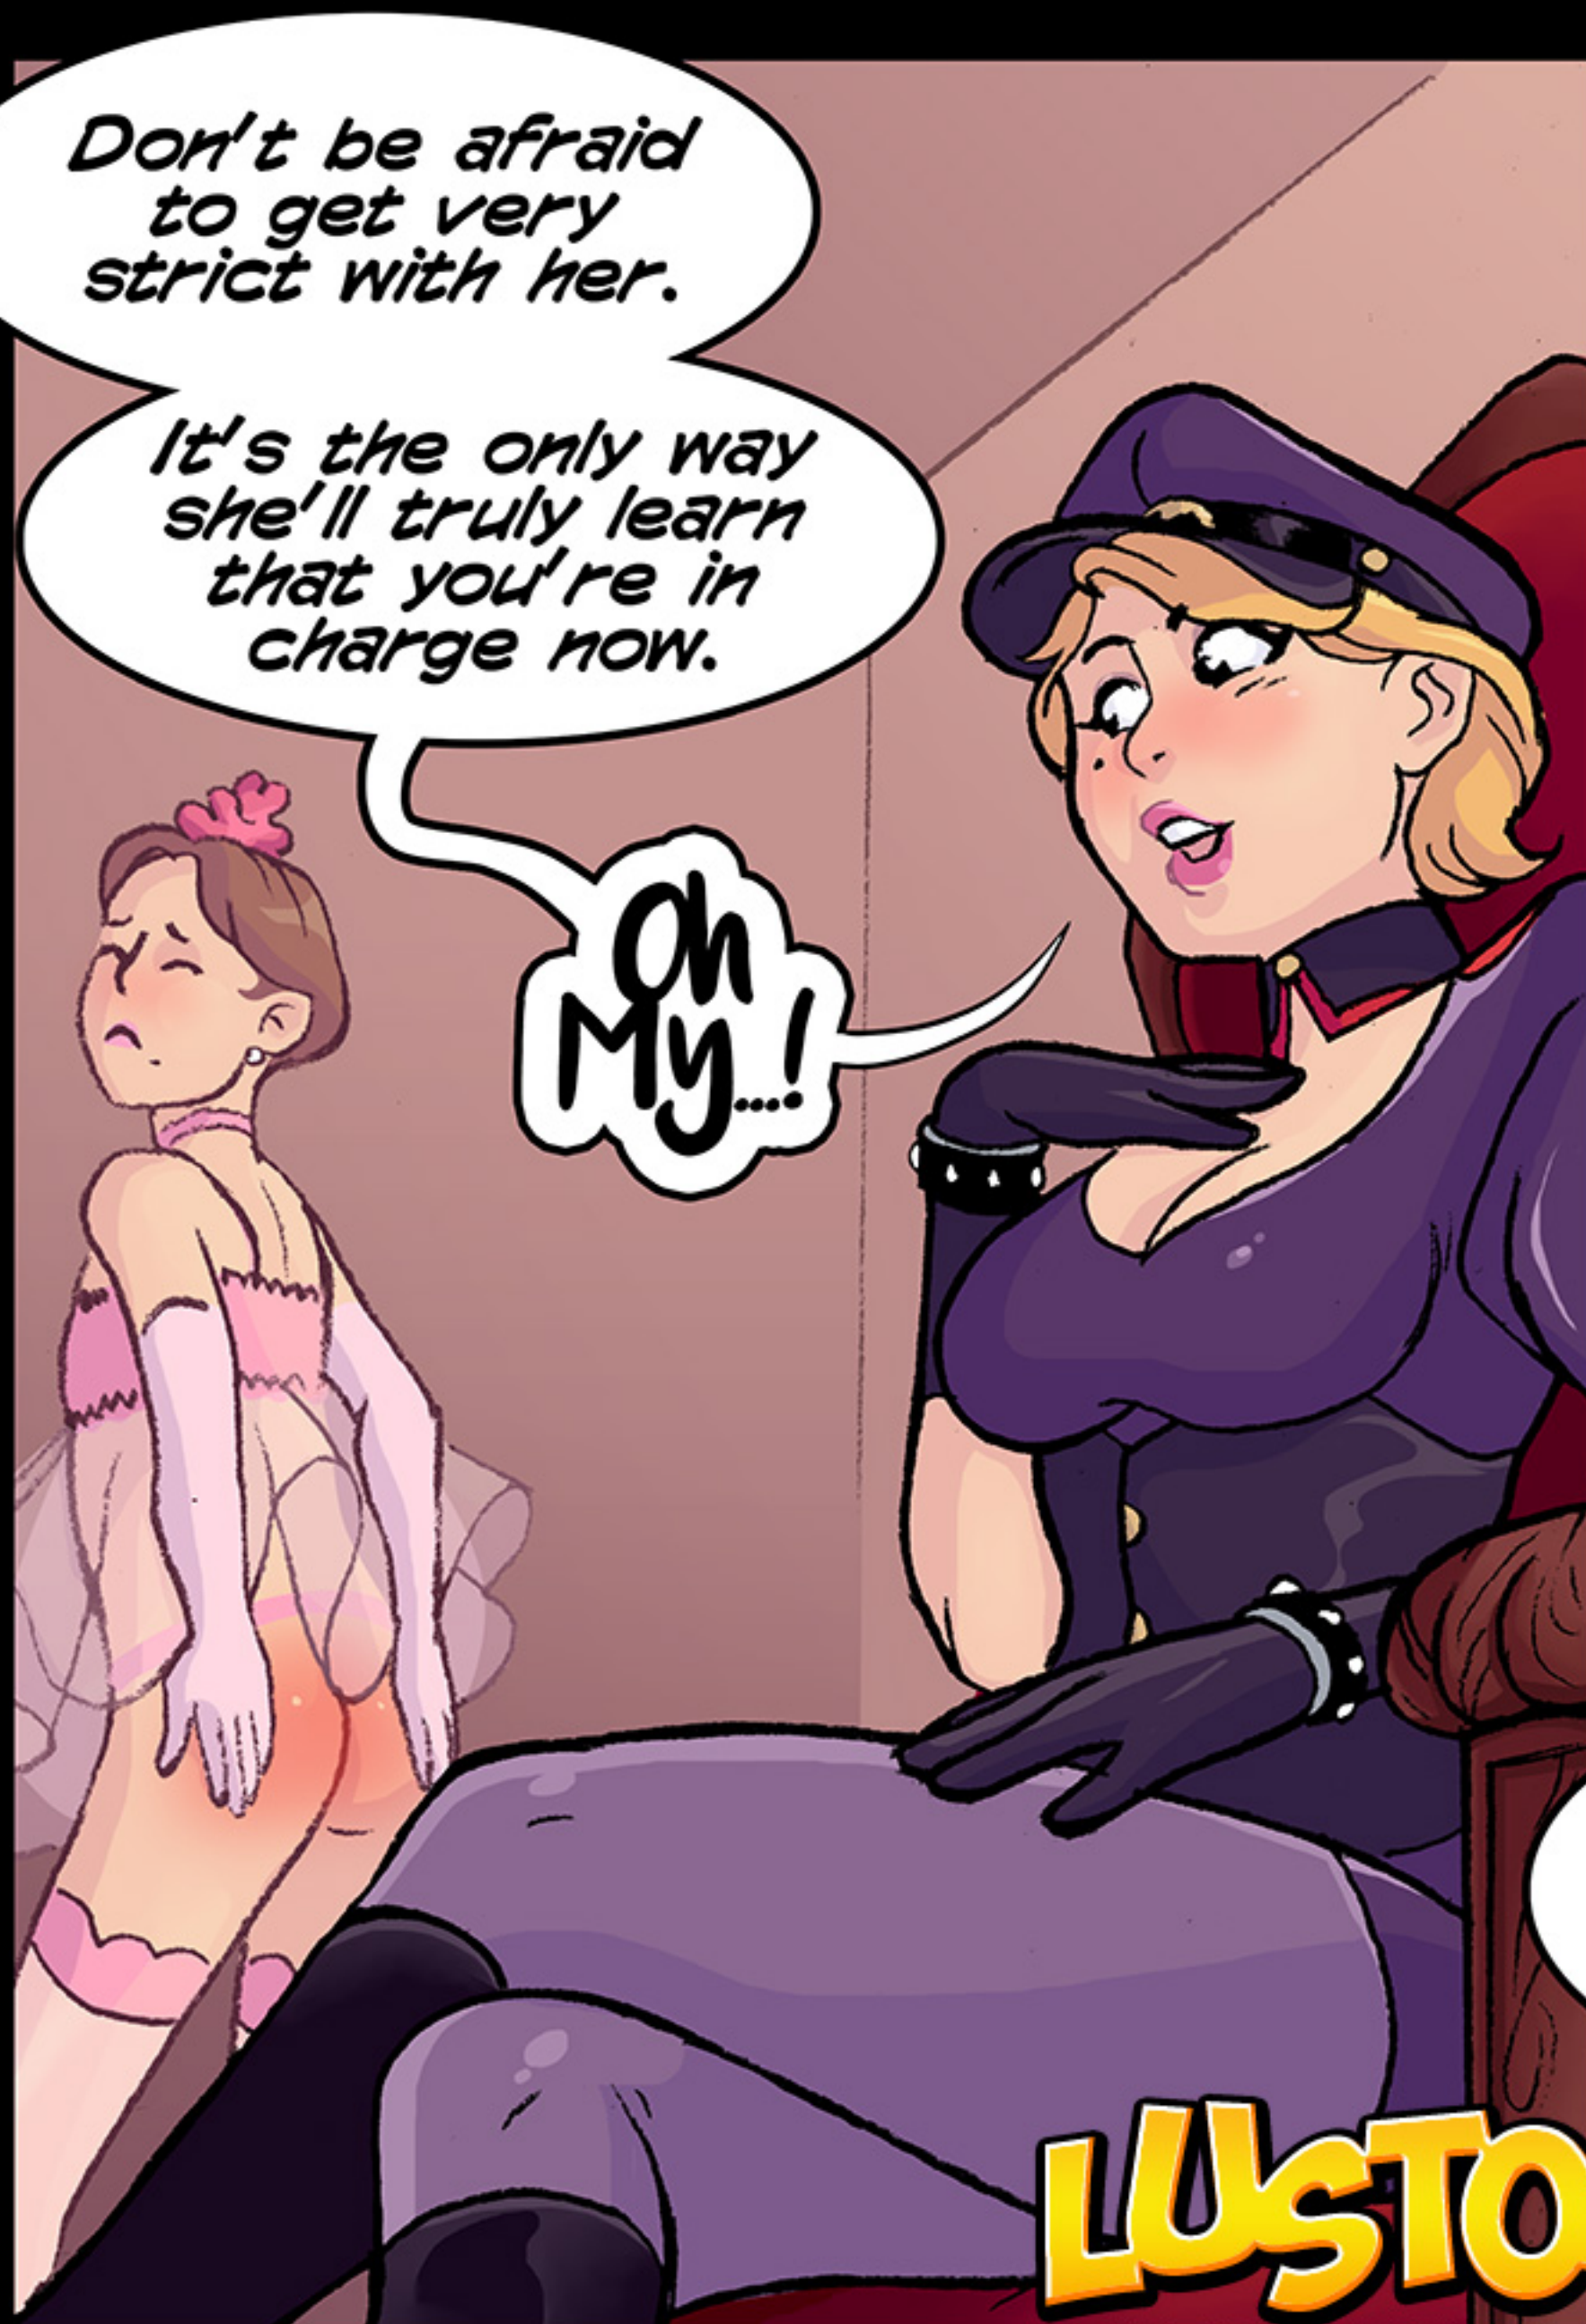

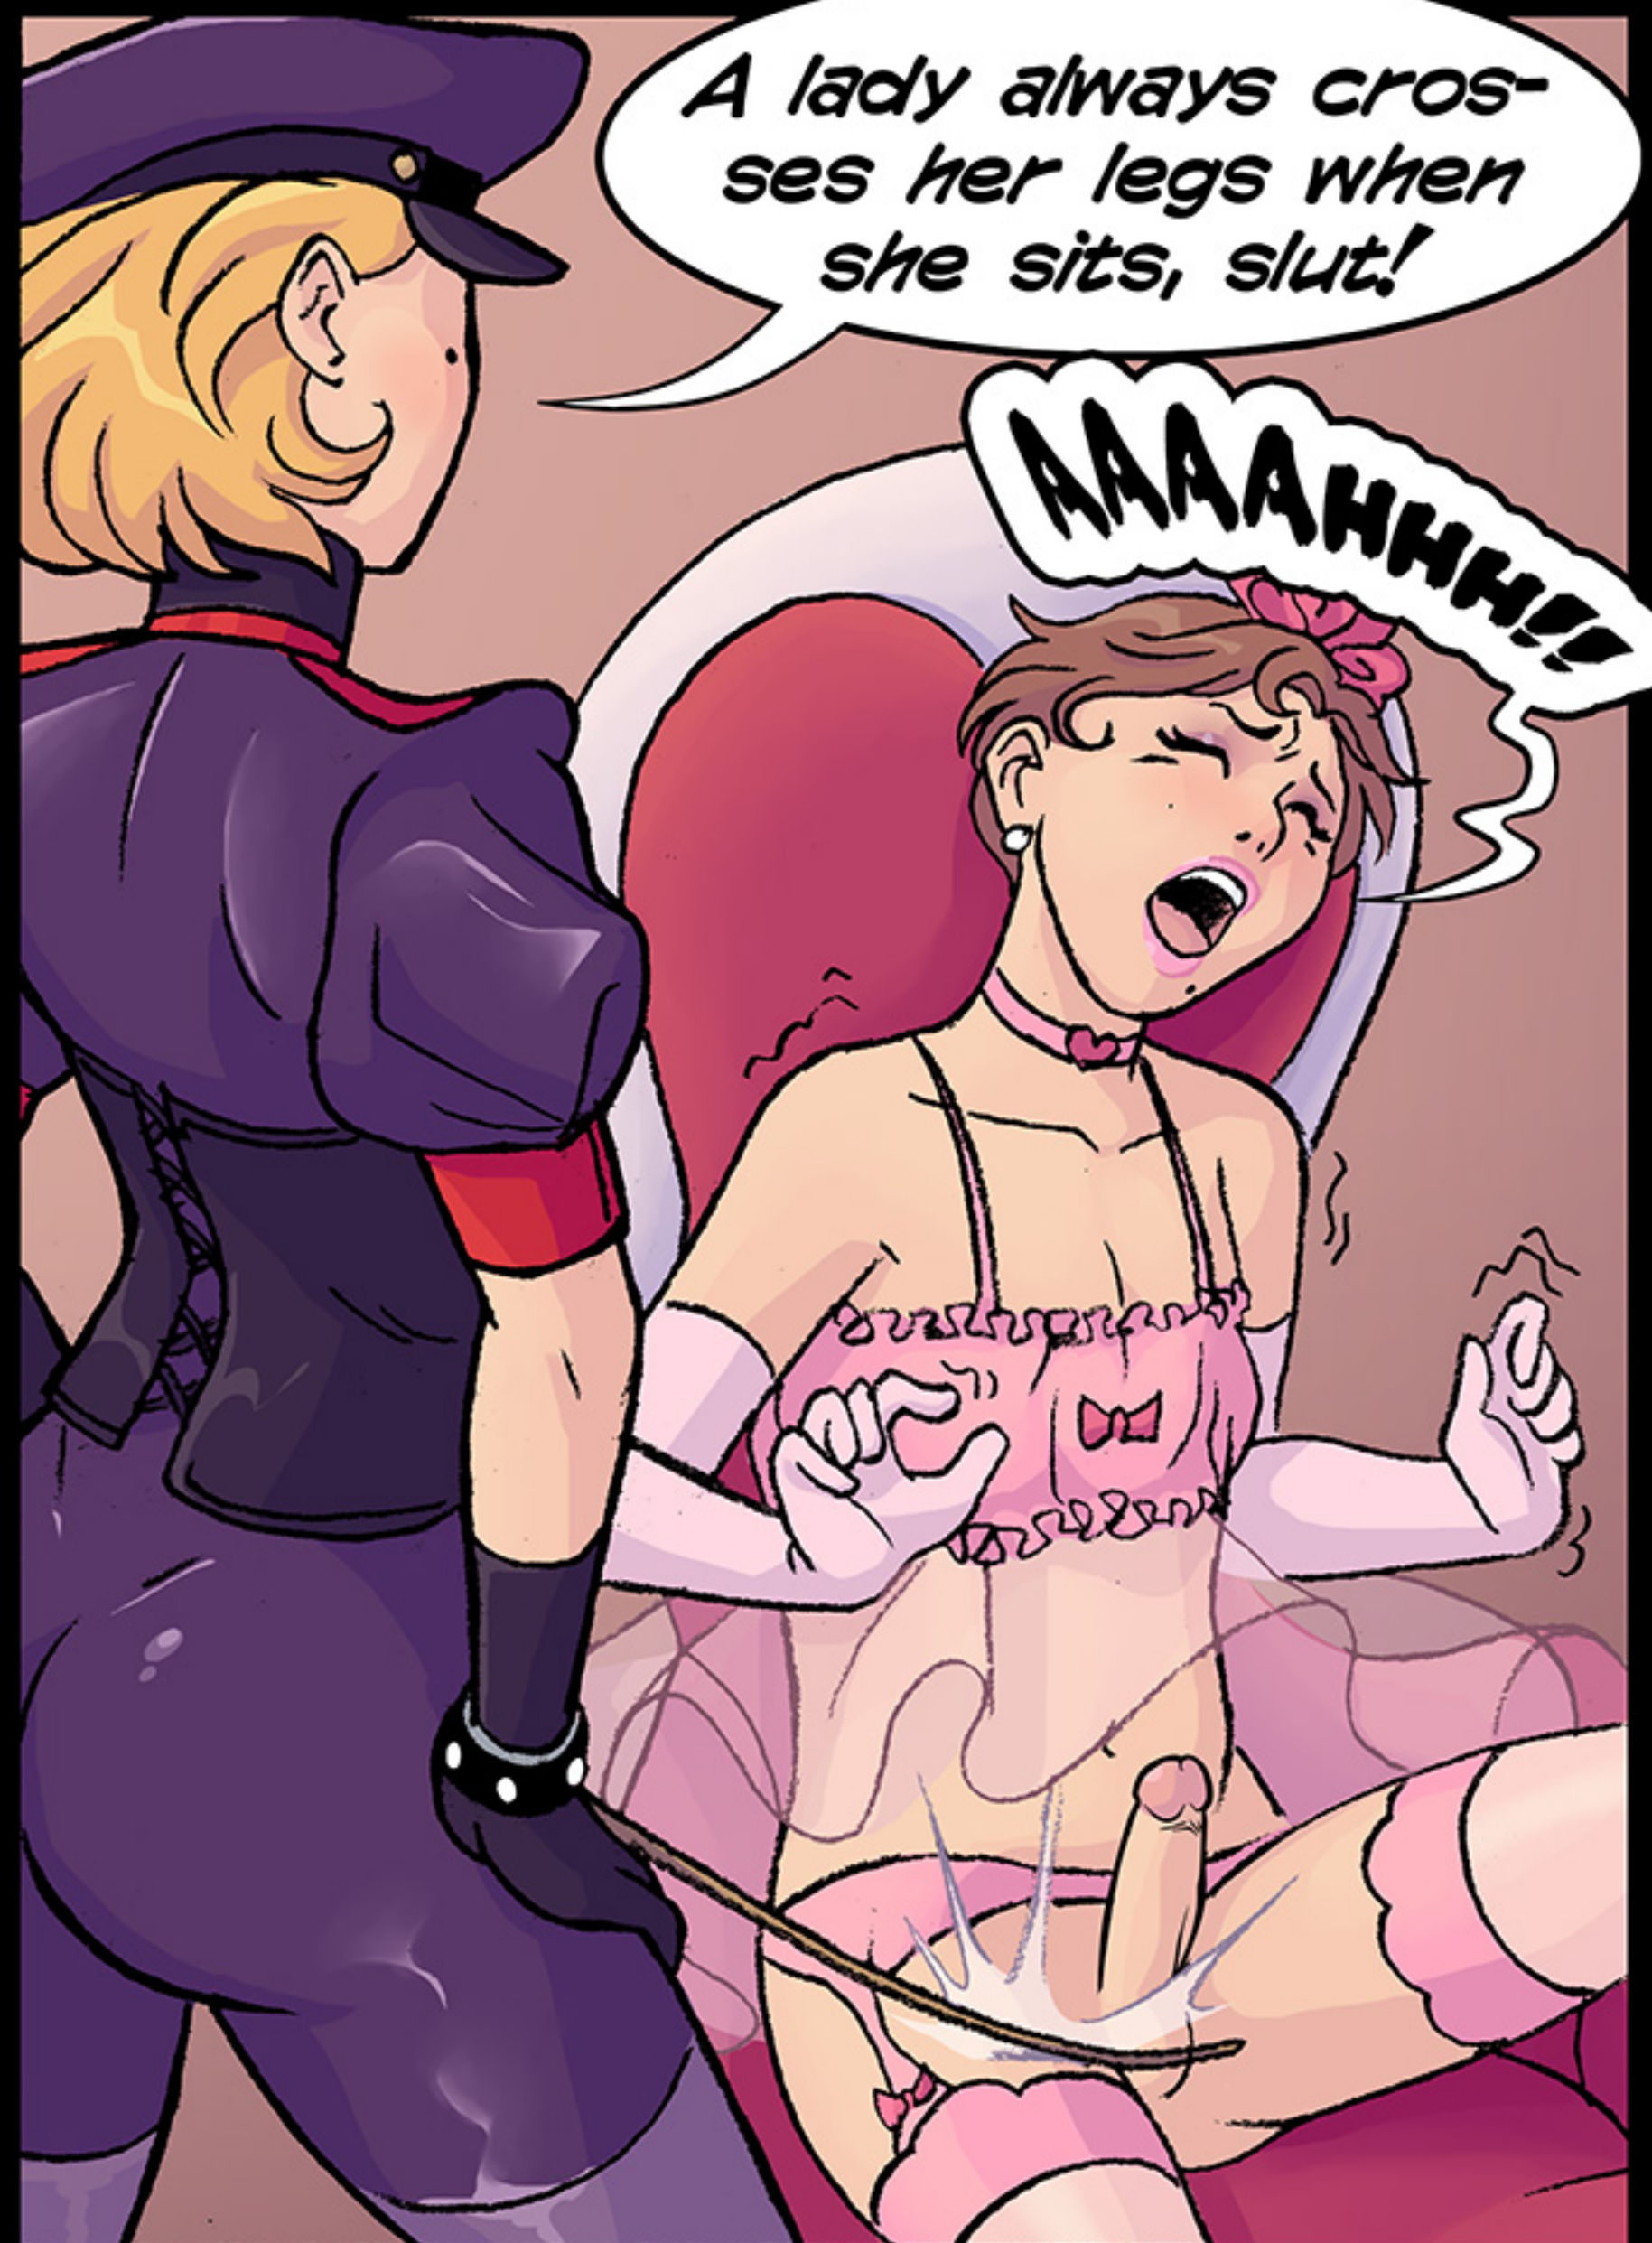

I... I'm sorry, Mistress! I'll never pee standing up again... I promise, Mistress!

It hurts!!!

Sissies love any attention they can get so reward her when appropriate.

It's all about re-shaping her mind as well as her body.

She'll be a good girl just to feel your touch or kiss.

My butt hurts ...

But what sissies really want is...

Their little fuck holes stuffed, pounded and filled with hot cum!

Start with your gloved fingers to open her up.

H-hey... I don't...

Aww, honey, the words "I don't" are no longer part of your vocabulary!

I know it feels good!

She'll pretend not to enjoy it at first.

Once you can slide at least 3 fingers in...

It's time to progress to something larger and more cock like!

I like to match my strap-on to the size of her clitty.

That way she can feel how small it is and learn to crave much bigger dick.

Uhh

The best part about strap-on is...

Using my double sided dildos. One end goes in me and the other...

goes into my sissy's pussy. The harder I fuck her, the more I get off!

Bend over!

You'll need
lots of lube
at first!

Eventually you
won't need any
with some prac-
tice.

This is gonna hurt
a little, darling...

But it'll make
Mistress feel
good!

Mmm
yeah...

She'll quickly
accept her new
role as a plea-
sure pet.

OH BOY!

AAAAHHHHH!!!

T-thank you, Mistress.

This one didn't take long at all to break.

Your mileage may vary so stick with it. They all break eventually!

So, once they've accepted their new life as your sissy slut...

There's so many fun things you can do with your play toy!

Obviously you'll want to make sure she masters the art of pleasing you in any way possi-

She'll need to occupy many hours of the day when you're busy so make her a sissy maid so she can help around the

See thru...
Nice!

Thank
you,
Ma'am!

Is my outfit
ready for tomo-
rrow, slut?

A-almost,
Ma'am. I just
need to iron
your red
blouse.

I trust my
heels have
been shined
as well?

Constant reinforce-
ment is very impor-
tant so she never
forgets she's just a
hole to be fucked. I
like to remind her 3
or 4 times daily.

You could also use her as your secretary at the office. I like to bring her to work during the day and make her be my maid at night.

M-Miss Handy, my coworkers are always pinching my b-bottom!

Well, duh...

Or didn't you get the memo I sent out yesterday? Ha ha ha!

C.E.O

Who needs more bubbly!?

Make her a party favor!

The utter humiliation is priceless so invite as many friends as possible!

SHAKE THAT BOOTY, BABY!

There are endless uses for a good sissy. You'll come up with all sorts of ideas in no time!

Your sissy will need a whole new wardrobe after you discard all her old boy clothes. Take her shopping at the mall and make sure everyone knows what she is!

Excuse me... could you help me find a dress?

Of course! What size do you wear?

Oh, it's not for me!

It's for my sissy boy!

I see...

I love his make-up!

She wants the sexiest dress you have! Right, honey?

Y-yes, Mistress.

Oh my...!

Mistress?!

Heh heh heh!

What do you think about this dress?

It's one of our more popular designs, especially with the younger crowd. Great for showing off her legs!

And BTW... you've got legs, honey. I know a lot of girls that would kill for a set like that!

Mhmm... that dress is perfect!

B-but it's kinda short!

Of course it is!

It'll make all the boys hard just looking at you!

Anyway, it's not that short. I mean at least it hides that little thing you have under there!

Oh my!
Tee-hee!

Way too loose in the

Just begging for a slap on that ass!

AAAAIEEE!

Wait here while I pay for your new clothes, slut...

Nobody wants to see your boner, sweetie.

HA! HA! HA! HA! HA! HA!

Later on...

M-Mistress,
please...

Everyone is
staring at
me!

That's because
you look so fuc-
king hot, darling!

Or maybe it's because
you can't keep your
tiny pee-pee soft!

You're not walking
sexy enough, honey.
Move those hips!

Watch
me...

Like you need an
excuse to stare
at my butt...

You've been such

probably very
hungry from the
diet I have you on
too!
