Masks Of Mischief

Okay...
Time to see what ideas people came up with

Whoa… That's a lot of suggestions

Lucoa...?
Huh...
Never heard of her

Better do a quick search

Ooooh… So that's Lucoa

Big curves big… distractions… I see why they picked her

Wow… This body's HUGE compared to my own

Could come in handy for… Certain distractions later

Fun test run but let's move on to the next
On to the next condidate... Ooh... Bronya!?

Hmm...
What kind of mischief could I pull with this face

I could pretend to form a sort of love triangle using Bronya Seele and the Trailblazer

Okay okay… Who's next on this list of chaos?

Ahhh Yor Briar…

The sweet, clumsy wife… Who just so happens to be an assassin?

Talk about a prankster's dream combo.

Now for the ideas... I could bump into Trailblazer all shy and cute...

...Then drop the act and threaten to assassinate them if they misbehave

This body's got some real potential

Tempting...
But I've still got more ideas to check out

Ohh...
The next idea is very interesting

Yuuna...?
Ohhh
The ghost girl
from
Yuragi Inn
Another
big bust...
You guys really
have a type
huh?

A cute shy spirit with curves for days...

...I could haunt Trailblazer and they wouldn't know whether to run or stare

Yikes!
This outfit
has little support...
My chest is
almost
falling out
No support
at all...
These things are
bouncing like
crazy

This form... Yeah it might be a bit too risky to use right away
But hey... Not completely off the table I could save it for the perfect moment

Alright let's see who's next on the list...
Hmm... Castorice? Interesting...

Ahhh
so she's one
of the
Crysos Heirs

Sweet
and timid...
But with a
deadly touch?
Ohhh that's juicy

I could just walk up to Trailblazer all shy...
...Then casually mention that one little touch could end them

Next up... Cyrene huh?

The Trailblazer's own companion on Amphoreus... Now that's personal.

Sweet loyal little Cyrene...
...Imagine their face if she suddenly started acting like me

Yup Cyrene has major prank potential
Lets see who is next... Ohh... Cipher

Hehe~ a cat-girl prankster... Sounds a lot like me doesn't it?

Now that could get really confusing for the Trailblazer

Hmm...
Even though we are both pranksters this body is quite different from mine

Cat ears...
A cat tail...
sleek frame...
I can definitely feel the prank potential here

Ears twitching... Tail swishing... Yep this form has personality written all over it

Definitely intrigued... Could be my ultimate trickster disguise

However for now... Lets move on to the next idea

Uraraka...? I've never heard of her before
Lets see... She apparently has... Floating powers? I guess it's more like gravity?

That's... Actually kind of interesting... Could be fun to mess with gravity a bit

Deffinetely potential for this disguise...

Next idea is... Ahh... Saber I know this one thanks to old Oti hosting that grail war

Legendary knight vibes... Hmm... Definitely intimidating

But...
Pretending to be Trailblazer's servant?

Ehh...
Not exactly my style
I don't do subservient very well

Servant... Thats it! Why should I become their servant ...When I can make them submit to me instead

The next idea on the list is also perfect for this exact plan

Well...
Well...
Well... Kafka
I'm sure
you can help
me with
my little
prank

Now this is a perfect ... Yet dangerous disguise

With her looks and her voice... I could convince the Trailblazer to do anything

Lets go put this body to the test

Moments later on the Astral Express

...Himeko?
...You're back already?

Try again sleepy head~

K-Kafka!?
How are you?!
Why are you?!
This doesn't make any sense!

Shhh...
No questions...
I came here...
Just for you

Wait....
Aren't you afraid the others will catch you when they come back?

Not at all~ After all Bladie Silver Wolf and SAM are keeping your friends company

Lets see if he buys it

Tell me...
What is it
you want...
Kafka

It's quite simple... If you want your friends to be safe then do as I say~

Ahh...
Fine!
If it means
my friends
will be okay...
I'll do
whatever
you say

Good boy!
Actually
I have the
perfect first
task for
you

Why don't you get down on all fours and act like the good boy you are

...Fine I'll do it

Woof...
Arrff...
Woof Woof

What a good boy... If you do as I say... I might even give you a reward

Now
please go
prepare a bath
for me...
I need to wash
off some
sweat

I need to make sure the others are okay

Your bath is ready Kafka... Will you let my friends go now

Not so
fast my friend...
Let me get changed
and enjoy
the bath
first

Maybe
I should
ask you
to help
me undress
myself~

Just kidding~ Unless... You want to watch~

Please stop teasing me soo much I'll look away just get in the bath quick

Hehe~
How innocent
you can
turn around...
I'm in
the bath

You know...
My feet
feel a little
bit sore

I want you to massage my feet for me

...If I do this... You will make sure my friends are okay?

Of course you have my word

Thats it
...Don't hold
back...
Press
hard

Ahh...
Thats it
...You have
some very good
hands...
Maybe I should
have you massage
more than
just my feet

I can't believe I'm actually doing this
...But it's to make sure the others are okay

Hey Himiko! Do you think Caelus was super bored without us!?

wait! Is that Himiko and March7?

I'm not sure March but I do know that he has a lively imagination to keep himself company

Kafka...
You Lied...
Huh...
Wait
you are...

Surprised!?
I really
wanted
to play the part
of Kafka for
at least a bit
longer

If you don't mind... Could you give me another foot massage~

Sparkle! I should have known you would be up to your usual antics

I'm not the type of man who would follow your orders willingly

Not that type of man ehhh~

Then lets change that "man" part shall we

Try all you want Sparkle ...I won't listen....

Wait!
...Why is my voice different?

My body
...Also feels
...Different

Wait...
This voice...
This hand...

You turned me into Kafka!?

So this... is what it's like having a female body

Enjoying yourself quite a bit there... Welcome to womanhood "Kafka"

I'm not playing your games Sparkle! Change us both back right now

That is not happening I'm going to enjoy making you submit to me

BY TSF AI

I'll show you the all of the wonders of being a mature woman

To Be Continued?
