Woah!
That's super retro!
It's text-based?

My name is Henry Larsen. I'm a high-school student and a bit of a geek. Like so often I've combed the web for something fun to do and I stumbled upon this "indie game" called MCP or **Master Control Program**. Had a nice slogan: "Become the Master of your own reality". I thought it'd be something like the Sims... but I guess it sucks... Look at that UI... Oh boy...

That night I dreamt of Mrs. Jackson... that teacher was hot! Sue me!

We took the bus together to school.

My stepsister is everything I'm not. She's athletic. She's beautiful. And she is popular.

And obviously, we quarrel a lot. But I still like her.

In class I meet up with my best buddy Jake. He's a big nerd too. Computers are our domain!

Yo.
You look tired man!

Tell me more.

Math? LOL!
Well then, it's good we are having sex ed now.

Yeah. Got some weird dreams tonight.

NO FREAKING WAY!

Argh. I really have no head for math right now!

Ha-ha!...
Very funny.

Jake looks at me as if I said something strange. But that's when Mrs. Jackson came in and the lesson was about to start so I ignored him for now.

So, let's not waste any time, class.
These are female breasts. Also called boobs or tits – mostly by men.

I could not believe what was enfolding in front of my eyes. First Sex-ed? Second, my best friend Jake being called to the front for some hands-on experience!??

NEXT

The situation was so surreal! My best friend was eating out my math teacher who was giving us a sex-ed lesson and nobody deemed it strange...
Come closer, Jake. Can you see it?
Now use your tongue, Jake.
Yes Jake. *Moan*. Just like that.

NEXT

The lesson went by pretty fast. And afterward, it was back to normal school rhythm... But I could not get my head around it.

The App really worked! There is no doubt about it. Nobody would play along like that. Especially not Mrs. Jackson!

I contemplated the rest of the classes... and in the end, I decided I wanted to share my findings with Jake. I simply needed somebody to verify I was not going mad!

And so, I invited Jake, and we took the bus to my place...

It's sex-ed! And I think it's great that Mrs. Jackson approach is... less **DRY** than the other teachers.

I learned a lot today!

Err... No? I did not think it was strange.

NEXT

When we arrived home my sister was just coming out and on her way to the pool. She loves hanging out in the sun... Jake and I ignored her and headed straight for my room.

I have to investigate more tomorrow. This looked like it could be fun. But for now, I better go to bed. I've got Math with Mrs. Jackson right in the morning.

That day I dreamt of making girls boobs bigger. Not my sisters, but those of my classmates... my teacher... it was wild!

What?

Sis...

Your boobs are huge.

I'm not a morning person... I only noticed mid drive... Those were not my sister's boobs...

My stepsister is everything I'm not. She's athletic. She's beautiful. And she is popular. **But she does not have boobs!**

Obviously, me pointing at her boobs did not resolve the situation and she did not talk to me for the rest of the drive... My thoughts drifted back to the MCP...

In class, I met up with my best buddy Jake. He's a big nerd too. Computers are our domain!

Maybe it was just a daydream? Seeing my sis with huge knockers?... Well, whatever. I was going to verify whether this app was truly changing reality or not. If it did nothing, I'd just play it down and we'll play some StarCraft.

It did not take long for Mrs. Jackson to arrive. I wasn't bad at math but my thoughts were not on the topic.

I don't know why I had even bothered with this text-based indie game. Those always promise more than they can offer, aren't they? I've got Math with Mrs. Jackson right in the morning... so, nighty night!

Tonight, I dreamt of a school full of slutty girls... But of course, I woke far too soon...

We took the bus together to school.

My stepsister is everything I'm not. She's athletic. She's beautiful. And she is popular.

We usually quarrel a lot but when I asked about her clothes Bianca just rolled her eyes as if I was the weird one. How weird is that?! I have to admit I'm a bit uncomfortable with my sister dressing like this! People might get ideas!

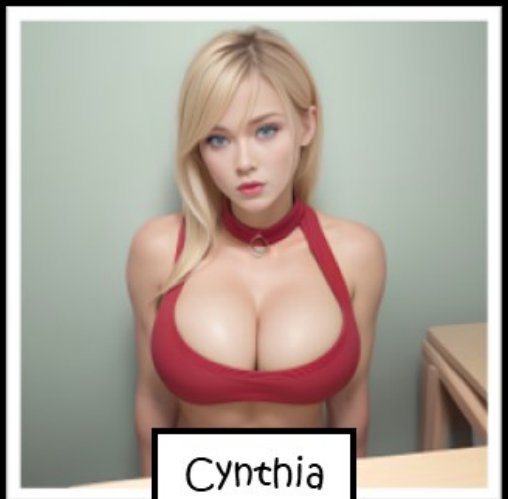

NEXT

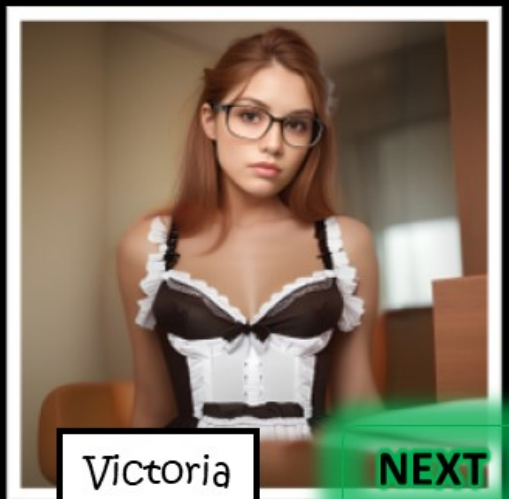

Anyway, our paths split at school and in class I meet up with my best buddy Jake. He's a big nerd too. Computers are our domain!... But when I sit down, I can't believe my eyes... All the girls... are wearing **extremely slutty outfits!**

All the girls wore in skimpy outfits! Barely adequate for a Halloween party... certainly not for school!

I was sure Mrs. Jackson would reprimand the girls for whatever prank they were playing... but instead...
Cute outfits girls! Happy everyone is in line with school order today.
Let's start with the lesson.
NEXT

The lesson went by but I could not concentrate. My eyes kept wandering from one girl to the next. There was just so much too much to look at!

No matter who I asked about it, it was always the same answer...

Are you ok? It's school regulation, man.

The girls learn to focus even while stared at.

And us boys learn to focus despite distraction. It's a win-win.

And then it hit me. The App! The MCP! This is exactly what I had typed in yesterday!

Now... if this was not the most elaborate prank of the century...

That app could change reality!

Fine!
I'll wear it! The

Not so fast. If these notes are correct some bulky dude crashed the entrance during the boss fight?
So, you, first need to find an exit.
Innocent whistling
God, damn it, Rothgar!

It does not take the party long to find a secret passage behind a wooden cupboard. Hopefully, the path behind will lead our group out of this forsaken dungeon...
Sally, perception check, if you please.
Dice Roll
3?
You spot nothing out of the ordinary. The passage seems perfectly safe.
Oh, fuck this!
Elandra?
NEXT

Okay, okay!
This new chainmail-Bikini of mine will take the brunt of this "perfectly safe passage".
I take the lead.
Sally you stay close.
Vanya and Rothgar you follow 5 meters behind.
NEXT

I slowly move forward, my greatsword drawn and at the ready.
Nothing happens...
I keep going... SLOWLY! And fully alert eyes on the walls and the darkness in front!
NEXT

As you move forward you suddenly hear the sound of cracking wood and the scream of your party members behind you!
Oh, fuck!
Err...I mean.. Damned be Baal!
As you turn around you spot a hole in the ground. Sally is still with you, but the heavy Rothgar and Vanya following behind broke through.
NEXT

The surprised Rothgar falls down the hole and crashes into the floor beneath. Vanya lands on top of him. Rothgar takes 2D4 falling damage.

Fifteen!

Rothgar does a salto while falling and bounces of one of the walls landing safely on his feet - catching the falling Vanya princess style.

ROTH GAR!

But you two are still split from the party with no way up.

With no way of uniting the party again, you decide to...

... Just as Sally is about to through down her rope to save them the floor fixes itself up, harder than before... UNBREAKABLE! This was clearly a **magical trap**!

NEXT

Darn!
Stupid magic traps everywhere!

Wait a second!
If it's a magical trap, shouldn't I have sensed it? I did cast detect magic in the boss room. It should still be in effect, right?

Yes... but no.
You were too distracted by the magical aura that engulfs this place.

An aura that seems to come from right around the corner of your current location!

NEXT

With no way to unite your party again you decide to move on in the hopes of finding each other further along the way.

As Vanya curiously follows the magical aura she detects close by...

Woah!
Wait a second! This seems all very fishy. I think I should first analyze this aura... or rather head down into the completely other direction!

I see here on your char sheet that Vanya thirsts for magical power and is very curious...

sigh
I... did write that...

Okay, Rothgar we are going in!

NEXT

As you enter the chamber at the end of the corridor you see a red glowing orb a top a creepy shrine. It's clearly the source of the magical aura.

I try to resist the urge to pick it up.

Dice Roll

As Vanya touches the orb she can feel her mind being invaded by a lust demon that had been trapped inside.

I try to fight it!

NEXT

A hooded figure is waiting for you there. As you get closer you notice it's Lorenzo.

The quest giver who sent us into the dungeon to retrieve this strange crystal we were unable to identify when we wrung it from that last boss?

Correct. I will now roleplay Lorenzo.

Oh, noble heroes. Were you able to retrieve the crystal?

NEXT

Indeed, we have. But it was harder than thought. Two of our companions went missing!
Price has doubled!
Dice Roll
Roll for negotiation.

NEXT

Lorenzo hands you two pouches. You can hear the jingle of coin.

It's three thousand gold coins. Twice the original quest reward.

Now, my Chrystal?

I count it!

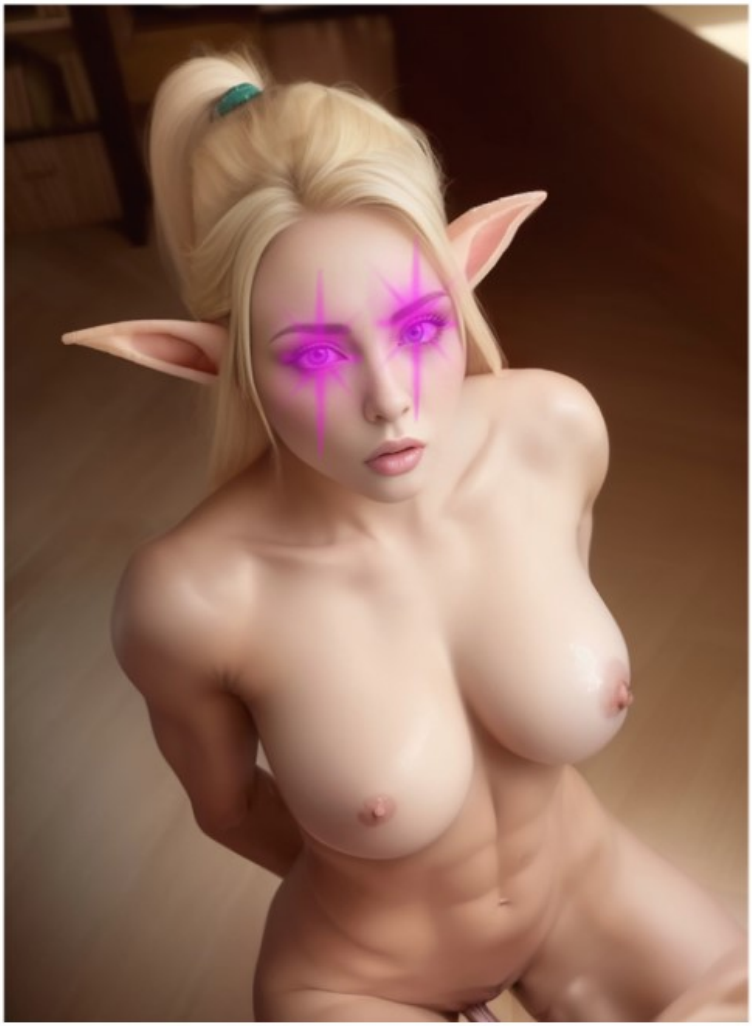

I hand Lorenzo the Crystal and thank him for the deal.

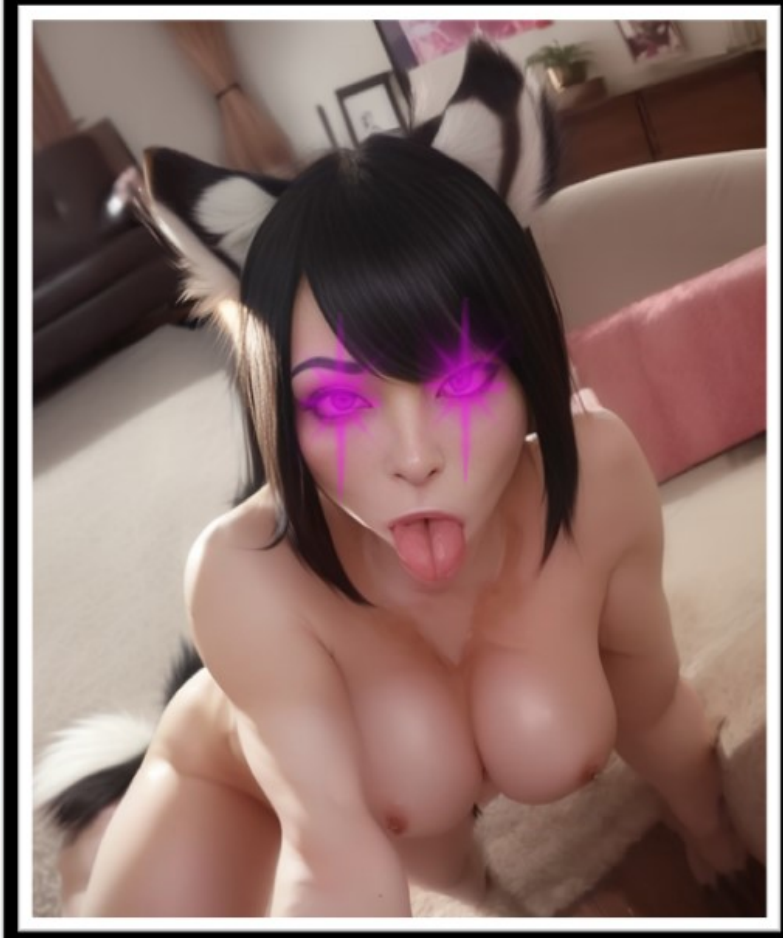

NEXT

O.M.G.!! Three thousand?!
We are rich!
All thanks to my negotiation skills.

Now we just have to get those two out of there and then...
NEXT

While you two think about what to do with all that money Lorenzo puts the Crystal into some sort of wand-like device he produces from under his robe. Once he is done he aims it at you!

Turns out Lorenzo was not just some village elder trying to save his people, but a mighty wizard who tricked you! The crystal was the only thing left he needed to create the **staff of complete domination**. If you had cared to read any of the books or notes throughout this campaign, you would have gotten that easily! Though 3000 gold from some random village elder, really guys? That's super suspicious! Anyway... All of that does not matter to you as feelings of lust and devotion sweep over you. You strip out of your clothes and plead your allegiance to Lorenzo as his devoted harem slaves. I will continue to roleplay Lorenzo...

As I was sitting on the toilet my thoughts drifted to what Jake said. Changing my sister...

I had no sexual interest in her... but... taking that brat down a peg?

She would be the perfect test subject... And bigger tits would suit her...

NEXT

Heck! Jake was right! We should use my sister to try out the limits of the app!

It would be totally hot changing her!

Maybe Jake's even gonna fuck her! God, I'd love to see that!

Maybe he can do my stepmom afterward...

I flushed and got ready to leave the bathroom, looking forward to test the app out on my family.

NEXT

So... Jake. I thought about your proposal... and I think it's great!

You should totally fuck up my sis and turn her into your little fuck bunny.

It's the perfect way to test the app!

You sure? I don't want to intrude or anything. *chuckle*

I'm sure!

Okay, okay. If you insist.

I caught Jake grinning. And I knew exactly why! Yeah dude it was your idea, I know! Duh! One can make up his mind! Best thoughts come in the bathroom after all!

Welp, can't have been important. Cya later.
Okay.
Wait, Bianca! Please stay.
NEXT

We found this app that can change people and we want to try it out on you. That okay with you?

Hm...okay I guess? Hit me.

I can't wait! What is he going to do to her?!

NEXT

I've never seen my sister so submissive! She's total putty in his hands! That so fucking hot!
Just sit down and let me do the magic.
Okay.
NEXT

For this experiment we need you to be naked. Please strip.
Okay.
Brilliant! I'm now going to make your breasts larger. Don't freak out.
NEXT

Oh, my.
It really works.
Who would
have guessed.
I'll keep
expanding
them.
If that's
what you
think is best.
NEXT

Hell no!
Give her really huge knockers!
Beautiful. What do you say Henry? Big enough?
Well. You heard your brother, Bianca. We keep going.
Fine by me.
... This is reversible, right?
NEXT

They are getting kinda too big, don't you think?
Henry?
BIGGER!
NEXT

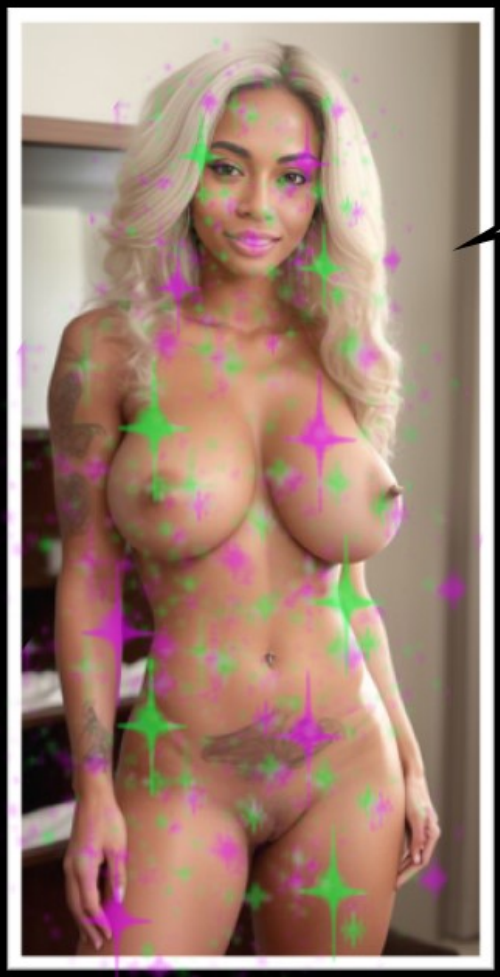

Okay. That looks like a reasonable size. We'll stay with that.
Would you like blonde hair, Bianca?
I...I'd prefer my hair to stay as is.
But I'll change it anyway, okay?
... *sigh* Fine.
NEXT

I was rock hard watching my sister get changed like that. It was the hottest thing I had ever experienced. And it was only starting.
chuckle
Please stand up now. We'd like to admire your whole body for the next step.
Okay.
NEXT

Nice! Very nice, Bianca.
What should we do next, Henry?
Uh, nice idea!
Do you like tattoos, Bianca?
Hm... Give her some ink!
NEXT

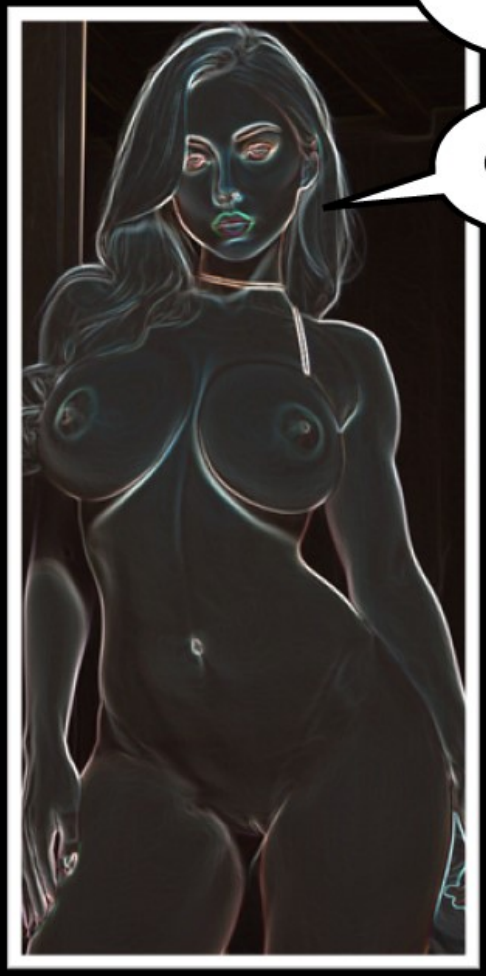

Not really...
Hm, too bad. Please smile anyway.
Okay.
NEXT

Now. Bianca. I will change you completely.
Your ethnicity, your mind, everything. I'll turn you into a stupid, nymphomanic obedient bimbo who's totally in love with me.
That... sounds kinda bad...
Don't you worry. If I don't like the result, I'll restore you.
Oh... Er... ehm... okay, I guess...
NEXT

This feels very strange...

Please bear with it.

Okay.

Er... Hi!

NEXT

How do you feel, Bianca?

I... I feel good!

I LOVE you Jake.

Awesome!

NEXT

So, err... like... you wanna fuck?
Bianca horny.
First, show me how wet you are.

Fuck yeah! Paint that bitch white!
Give me that load, babe!
NEXT

With a few last strokes and licks...

NEXT

And some impressive dirty talk...

I did not know my sister knew such words! *chuckle*

NEXT

Bianca drives Jake over the edge and he covers her tits in sticky white. Seeing my sister covered in his juices made my day!

Wow! What a load!

But I was an opportunist and already thinking ahead as well!

Do my mom next!

NEXT

Thanks to the MCP Jake was ready to again in no time and we searched the house for my step-mom.

NEXT

She had just taken a shower and was wearing her bathrobe.
Hey, boys. Everything alright?
You look excited.
NEXT

But Jake soon had talked her into taking it off and soon my stepmother was standing in front of us in nothing but her birthday suit.
NEXT

You look good!
Jake. You developed some muscles, didn't ya?
And one command later mom was flirting heavily with Jake! Jackpot!
NEXT

When Jake pulled out his meat stick mom was immediately swooned!
What do you think of this Mrs. Larsen.
Ow, wow! I'd love to treat myself to young cock!

Soon she was bouncing up and down on Jakes dick.

NEXT

When he got close Jake decided to finish as he did with my sister. I approved!
On your knees, Mrs. Larsen.
Of course, Jake!
NEXT

Oh, yeah, Jake! Grace this old cougar with your sticky young cum!
NEXT

I was thrilled to see my stepmother finally covered in Jake's sticky load.
NEXT

It was the hottest thing I had ever seen... aside from my sister's cumshot earlier...
NEXT

Both, my mother and sister learned their place in life... on their knees in front of Jake! Obediently listening to all his demands.

After that, some rules around the house were established...

NEXT

Of course, they were forbidden to wear clothes around the house.
NEXT

My stepmother was now the bitch of the house. Crawling on all fours.
Ruff!
NEXT

And last time Jake even let me take her out for a walk. It was hilarious! All the neighbors were looking and laughing.
Arf– Arf!
NEXT

Of course, I'd never lay a finger on either of them. That's for Jake to do...

God, I love watching him fuck and humiliate them. Jake finding this app has been the best thing that has ever happened to me. It showed me who I really am and what I truly want in life...

Well, I can't really see much, can I now?

Morning class!
Calm down, open your books on page 69 and get those boobies out.
It's time for your math lesson!
NEXT

Erika!
How many boobs do you have?
Erika looks down and starts counting them...
One... two... like two, ma'am!
Very good!
Now if you and Cynthia gave a guy a double tit job. How many boobs would be part of that titjob?
One... two... one... two... LikeA LOT?!
NEXT

No sorry Erika. The correct answer is four!
I know it is hard to count farther than your own boobs.
But math is really important!
NEXT

Just consider the following sc... scen... event!
You walk past a shop and see the most aw...awe... cute shoes like ever!
But they are like a hundred bucks!
You know you can get 5$ for a blowy easy.
Now with math, you can calculate that you need to suck off 20 guys to get those shoes!
NEXT

Awesome!
Works the same way, Tiffany.
That sounds super handy teach!
But what if I'm more of a tit job girl?
See, I have a similar problem.
But the shoes I want are like 99.99$
Sorry Tiff. I don't know either. The solution book does not cover that.
NEXT

Yes, Vanessa? Don't tell me you know the answer, Oo!
NEXT

I don't understand the problem, teach.
Can't I just fuck one guy really well and have him buy the shoes for me?
Box? What box?
Excellent solution, Vanessa! Not math, but you get a plus for thinking outside the box.
NEXT

That example just now was higher math. Let's focus on the basics for now.
Let's count to three.
For this purpose, spread your legs and just think of your pussy as another boob, okay?
One... two... THREE! See? It's that easy!
NEXT

But what if my pussy is full cause I'm wearing a vibe?
NEXT

Good question, Hanna!
Henry, will you please come to the front and fuck me?
The class so far was hilarious and I did my best not to break out laughing watching these bimbos study. But now I could not fight the smile that formed on my face as I approached the teacher's desk.
NEXT

Thank you, Henry.
As you can see class, my pussy is currently full.
But! One... two... THREE! I can still count it!
Mrs. Jackson kept on teaching while I kept fucking her. In fact, It did not hold her teaching skills back in the slightest.

NEXT

Class was over but one of the girls approached the front desk.

Sorry, teach? I... I was just wondering. Since boys don't have boobs... how do they count?

I had to hold back laughter, but Mrs. Jackson answered sincerely...

Boys have developed a special technique that lets them use their fingers to count up to TEN!

NEXT

The girl looked at me awestruck. I smiled and nodded.
Bimbo school was a full success. The only question was what or better whom to enjoy next.

But each of them had her own way of moving her body.

Each had her own favorite position.

And her own way to orgasm.
Moan
NEXT

My favorite was Nina Five. First, she was a real screamer then she thanked me sheepishly. That was really cute.
NEXT

After I had fucked each of the Ninas to orgasm, I broke my blonde streak with Jessica – The swim teacher.
NEXT

It felt as if she wanted to prove that a slightly older bimbo could hold her own against all those 18-year-olds. She guided my dick straight into her butthole...
On second thought, she came really fast from that. So maybe she's simply an anal addict...
NEXT

Next up were Li and Lin. Two very competitive Asian sisters.

Seemed to me as if they rode me as a competition.

Afterward they asked me who had the better pussy and technique.

I told them they were equally qualified.

I did not have the heart to tell Li that Lin was a far better fuck...

Jake was still fucking one of the big-boobed ones.
Moan
I went over and waited for the chick riding him to orgasm before I asked him if he was ready – he was.
NEXT

Thanks to the MCP we had total control over our erections and ejaculation.

So, for the money shot, we had all the swim bimbos line up...

And then we let loose!
Sooo much!
NEXT

It was as if I had opened a valve on my cock!
Oh my!
NEXT

One after another the girls got covered in our cum from head to toe!
Thanks for the protein!
NEXT

Of course, we could have stopped any time...
O.M.G.!! I've never seen this much cum!
NEXT

But why would we?
WOW!
NEXT

Jizzing all over these girls? Best idea ever!
giggle
NEXT

It was like a never-ending orgasm!
NEXT

And the girls squealed in delight!
Woohoo! Keep it coming guys!
NEXT

Cause obviously bimbos love cum...
I love your cum, Jake!!
NEXT

And we made sure ours tasted especially good!
O.M.G.!! Henry! Yours tastes like candy!
NEXT

I love the feeling of your sticky cum on my tits!
NEXT

Dutifully we gave each and every one of these girls their load!
Yum!
NEXT

When we finally had covered the last one I sank to the floor. Exhausted from all that orgasmic bliss.
Thanks guys!
NEXT

The girls licked up some of the cum but truth be told, the water was tainted white already from the amount we had pumped out.
But that did not keep the girls from swimming in it. *chuckle*
I need a short break right now... but then... where to next?

Hello, Hexxet here,

This is my third interactive PAI Book and it turned out to be the longest yet. It's basically twice the size than my others and I'm very satisfied with how the endings turned out in this one. Crazy thing about it, the story still feels too short compared to the possibilities the MCP offers. Cause every path could actually open up infinitely more paths as the App's power is limitless and there would be so much more to explore…

Anyway, there are more PAI Books planned in this universe showing the story from different point of views as other characters steal the MCP from Henry ☺

More PAIs and of course my regular 3D Comics can be found on my Patreon and in my shops. Some free PAIs can be found on my homepage.
