Me And My

Giantess Maid

12

I knew you girls will come here...

Can you belive this stupid situation.

Why the fuck does my dad think that this was a good idea... Do you girls have any answers...

Do you... Woah...

Oh... master... don’t be mad at your father.

I'm sure he did in your best interest.

Bullshit.

But don’t you worry honey. We’ve got a plan.

Well I had something
on my mind too
but... I'll hear yours first.

Well It isn't anything too special...

Our hope is on you, master... just ask him if we could just travel with you.

Is it really going to be that simple?

Yes.

Yes.

I bet you two have
a better chance at it.
He does not take
me seriously.

Please... Master...

I bet you can figure something out.

You are the girls here... You can use your charm on him not me.

But you’re his only son.

First of all probably not only.
And trust me I've tried.

Oh.

Well... we still got some time to think about our plan...

Woah...

Meanwhile let's have some fun...
I'm sure the ideas will come easier this way.

Mhm... good idea... come here master!

Mphh...

Mmh...

Mphh...

Soo am...

Ooh yes...

suck

You said we've got a better chance at charming him than you...

MMh... of course...
you're women after all..

But am... what should I tell him...

Maybe... make him guilty that he hasn't granted your wishes before and that's your first ever wish, master?

Miss Abigail... You are a genius. YES!

Natalee you're the best with words... You can totally convince him...

Uuhh... I don't know... isn't it a little risky?

YOU ARE OUR BEST BET!

YOU ARE OUR BEST BET!

Okay Okay... I guess I'll figure something out.

Just don't have too much fun without me okay...

Oh we will root for you... I know you can do it...

Mhmm...

Best we can do is wait right...

I guess...

Just wait and sit around or...

No silly...

Mmh...

Ohh yess...

Moments later...

without me haha!

This is so awesome oh my gosh.
I'm so hyped!

And I can finally move to a different place... I could cry...

Well... this deserves a celebration...
A quick threesome before bed?

Definetly!

Can't say no to that...

Well... I've got a tough choice now...

Moments later...

Which one should I go for...

I'll get to have him first...

Oh really... I don't think so... I'm the one who made the call...

No need to fight ladies...

I've got a plan to satisfy you both.

Just stay in once place...

And just like that...

Can come with me...

I’m a bit dissapointed in myself after I lost control over my emotions yesteday.

Felt like a inner spoilt kid came out of inside me... I actually don't mind this new life I'm living. I love it.

Alright... I’m here sorry being late.

And you girls are dressed very nicely...
I must admit... Love it!

I've never seen you in normal clothes before as well Miss Abigail... this suits you.
