

Milky Business

Artwork - Dinner-Kun | Story - G.V

Zoey went for a walk in the park in search of her mother.

The locals had been asking Zoey if she and her mother lived on a farm, so Zoey got curious and went to take a look to see what all this farm nonsense was about, only to find out that her mother was selling fresh cartons of milk to the locals...

Zoey had left her window open to help cool her room because of the recent heat, but her ears caught odd noises from outside so she went downstairs to investigate, only to find her mother milking herself in the garage... was Arya selling her own milk~?

Zoey soon got hold of one of the cartons through a friend of hers, giving it a delicate taste only for herself to confirm that the milk was indeed her mother's own... but this gave Zoey an idea! Why leave everything up to her mother if she could earn her own money this way?

Zoey went upstairs, having taken one of the buckets from the garage to see if she could share her own milk with the world... massaging, groping and rubbing her blessed chest resulted in a warm stream of her own, fresh cream ... ready to sell

Zoey had asked the principle if she could sell her 'milk from home' to the students during lunchtimes, giving her the opportunity to earn a few extra bucks... the other students not knowing that they were indirectly feeding off Zoey's own pair of sweater puppies~

Over a few weeks Arya her bust had increased in size immensely, her milk production surging through the roof after daily massages and milking, her breasts more than double the size of her beautiful, pristine face... as her business grew bigger, so did her udders

Arya soon noticed the growth of her daughter's bust, commending the plumping up of her bosom with a gentle kiss to her cheek.
"Oh, Zoey... you truly are a wonderful daughter... look how much you've grown, my my"
Arya spoke, coping a feel at the swollen udders of her sweet child.

Arya and Zoey would spend the rest of the day together, naked, in bed... admiring each other's growth and delicious milk... staring into each other's eyes while exchanging sweet little nothings and gropes for hours on end.

Zoey had requested her mother to feed her...
she was so hungry after hours of fondling and snuggling
her mother that it made her hunger for those milk-filled
udders of her mother...
laying down on the bed she fed,
suckling at the thick teat of her beloved parent,
drinking the milk straight from the tap...
so wonderful, so heavenly...

After a long day of mother daughter bonding the two milky Amazons took it upon themselves to share an intimate shower, Arya washing her daughter's body while Zoey made sure that every inch of her mother's body was nice and shiny~

Zoey and Arya agreed to work together,
making their own businesses one,
milking one another in the confines of their
garden for the rest of the day,
filling up bucket after bucket with their mixed cream,
the taste so delightful and the smell...
...intoxicating

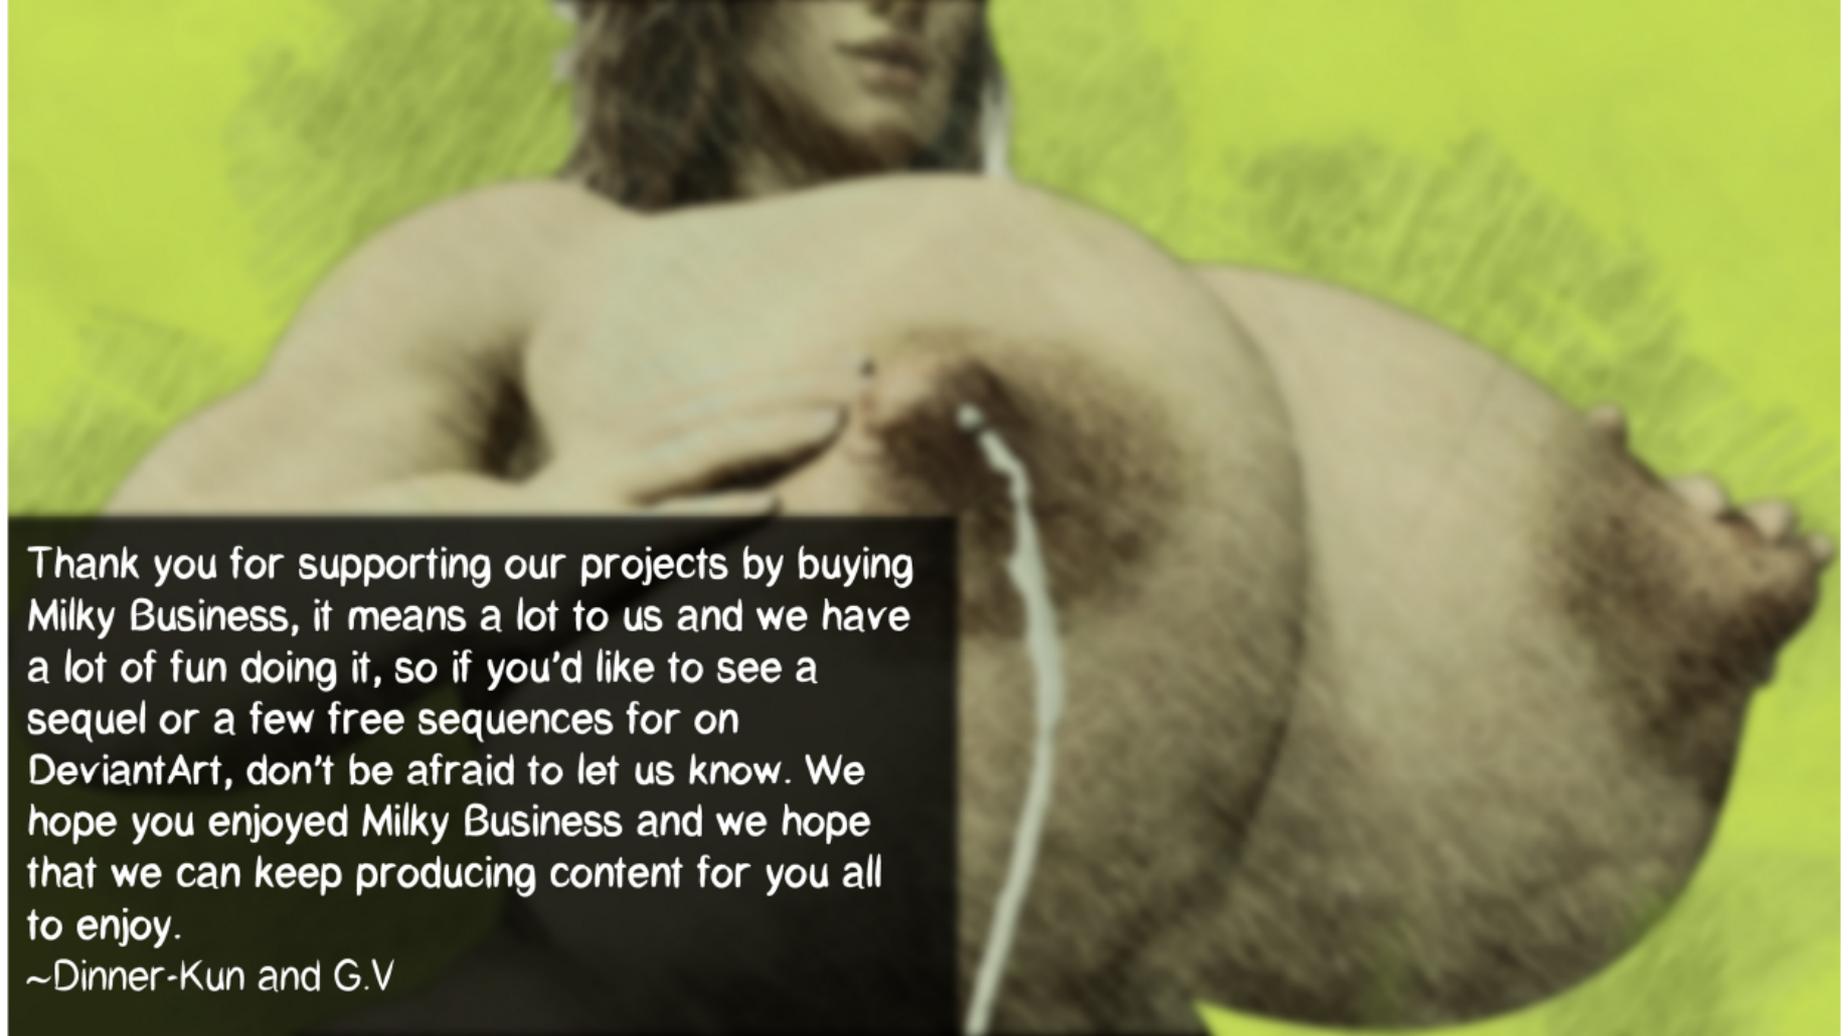

Another day, another dollar.
Zoey and Arya had decided to sell their motherly produce
together, making more and more money
and their breasts and love for one another growing larger
by the week..

THE END.
