

It's all good. I should have told you sooner, but I was a bit stun-locked when I saw you.

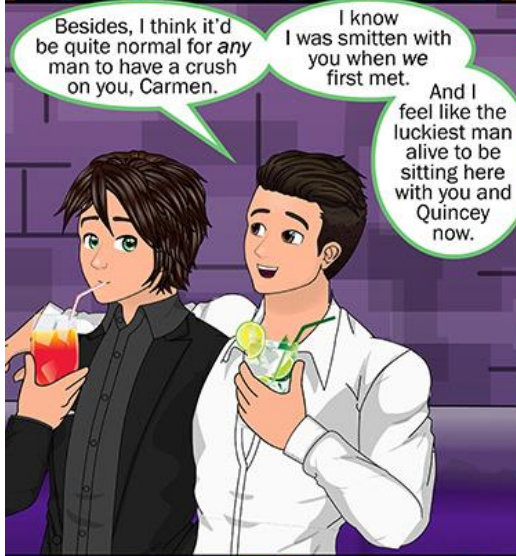

Were you *stun-locked* because I discovered your secret? Or because you still have a crush on me?

Heh, both I guess. But was it that obvious that I have a crush on you?

Just a little. I didn't mind it though, since I always thought you were cute.

Is it alright to say that about your boyfriend, Joss?

Yeah, no offense taken. He is really cute.

Besides, I think it'd be quite normal for any man to have a crush on you, Carmen.

I know I was smitten with you when we first met.

And I feel like the luckiest man alive to be sitting here with you and Quincey now.

Giggle!
I still have a question though. Are you two... in a relationship?
This conversation keeps getting more interesting by the second.

We've been dating for a couple weeks now, but we haven't put a label on anything, yet.

Yeah, it's been a great time ever since I buffed up. And then I met this goofball.

We've been having fun exploring, and being adventurous together.

Y-yup, and we came here tonight hoping to find someone who's as adventurous as we are.

Wait, did they come looking to find a partner for a threesome?

Hmm... maybe it wouldn't be so bad to go home with two handsome men...

Well, lucky for both of you: I've been feeling more adventurous than usual lately.

Really? You were pretty flustered when we last met.

True, I get that way around attractive men some-times.

I didn't come here specifically looking for a potential threesome.

But suddenly, that idea sounds really alluring.

Especially since I've been feeling really horny and pent up lately.

But I've learned lately that to overcome my apprehension, I have to grab life by the horns.

To just go along for ride and see where it takes me.

So far I have no complaints. Because it's led me to the two of you.

I haven't gotten laid as Carmen since I was with Demaryius, weeks ago.

And I've had an even longer dry spell as a man.

So it might be fun to see if I can handle two dudes at the same time.

That's awfully nice of you to say. But... why us? You could have any dude in this club.

Because you two are so cute and friendly.

Not to mention, you've both gotten even hotter since you started "bulking up".

Not to mention, if I went through with this, I'd make twice the progress on removing the curse.

In one night, I'd have gone from sleeping with two dudes to four.

Would the curse even work that way?

Only one way to find out.

In a way, I feel partly responsible for you two looking the way you do.

It's been amazing to watch both of you go from cuties to hotties.

True, you helped to give me the confidence I needed to start dating again. That I was worthy of being loved.

And I've felt a lot better about myself ever since I took your advice, Carmen. I can't thank you enough.

I-in fact, I'd like an opportunity to thank you properly for everything you've done.

Oh? I'm always down for that. But what did you have in mind?

We were thinking of going back to my place for a little Foxflix and chill.

That sounds like a fun evening together. Got room for one more on your couch?

Not my couch, but my bed definitely could fit all three of us.

It would be amazing if you joined us, Carmen.

I'd love to follow your advice, and grab life by the horns.

I appreciate the offer, and there's a couple other things I'd love to grab... which aren't horns.

Now that you're getting me worked up, I've gotta ask...

Have either of you been in a threesome before?

Nope, but I've always wanted to. How about you?

I've been in one, and it was a lot of fun.

I was in a threesome with two chicks back in college. But now I'm salivating at the idea of doing another with two dudes.

Then you're definitely more experienced in this than either of us. Maybe you should take charge?

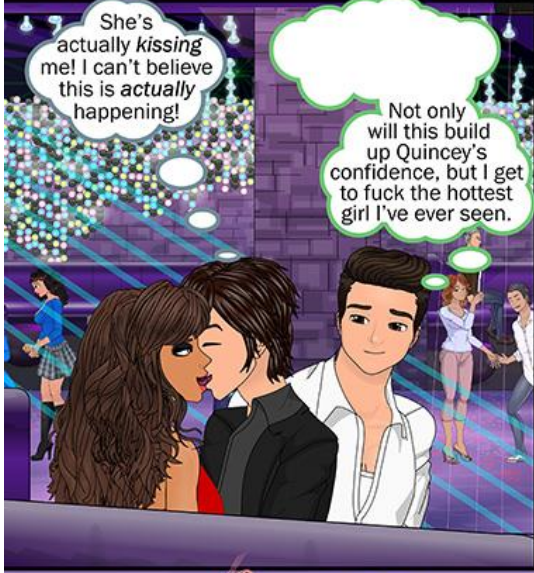

Me? Telling two handsome men what to do? It's every woman's dream.

Here, let me get comfortable between my two studs for now.

There. Isn't that much better? Because I love being right here.

Y-yeah, this is great. Wow, I love the smell of your perfume, Carmen.

And I love the way you blush when you're flustered. Let me help you relax.

She's actually kissing me! I can't believe this is actually happening!

Not only will this build up Quincey's confidence, but I get to fuck the hottest girl I've ever seen.

Mmm, I can't forget about my other lucky man for the night. I'm eager to see how kissing Joss makes Quincey feel.

As horny as this is making me, I'd better do something else.

There you go, Quincey.

MOAN!

If there's one thing I've loved most about being Carmen, it's getting kisses on my neck.

Mmm, they both have such a different approach.

Quincey is so tender and delicate, while Joss is rough and dominant.

Either way, it feels incredible to be worshipped by two men at once.

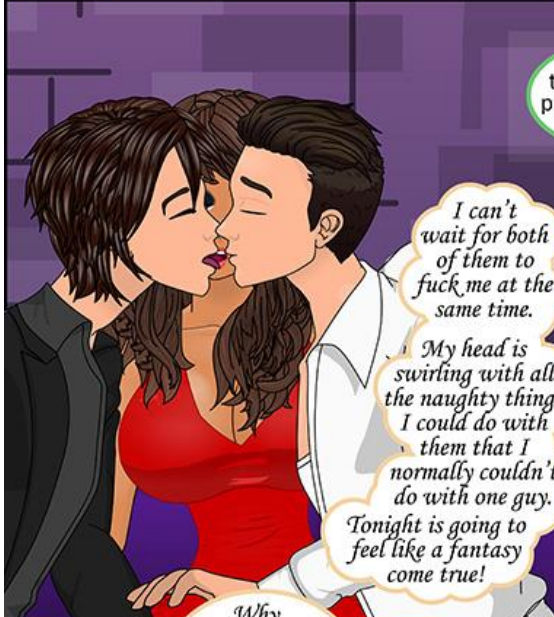

It does surprisingly turn me on to be with both of the men I've witnessed turn into beefcakes at the same time.

One through sili-gel, and one through Alana's magic.

I do feel responsible for Quincey and Joss becoming better versions of themselves.

And tonight, they're all mine.

I can't wait for both of them to fuck me at the same time.

My head is swirling with all the naughty things I could do with them that I normally couldn't do with one guy.

Tonight is going to feel like a fantasy come true!

We'd better take this somewhere more private, before we get a little too crazy, here.

I agree. I want you so badly, Carmen.

I feel so lucky to be with two handsome men who want me so bad.

And I'd hate to keep the two of you waiting.

Why don't we head back to Quincey's place, and get the REAL party started?

By the way, whoever buys my drink will get my first blowjob.

Sounds fair to me. I'll play rock-paper-scissors for it, Quincey.

That's alright, you can have first dibs. I don't want us to compete over Carmen tonight.

Aww, you're both so sweet. I'm gonna enjoy this.

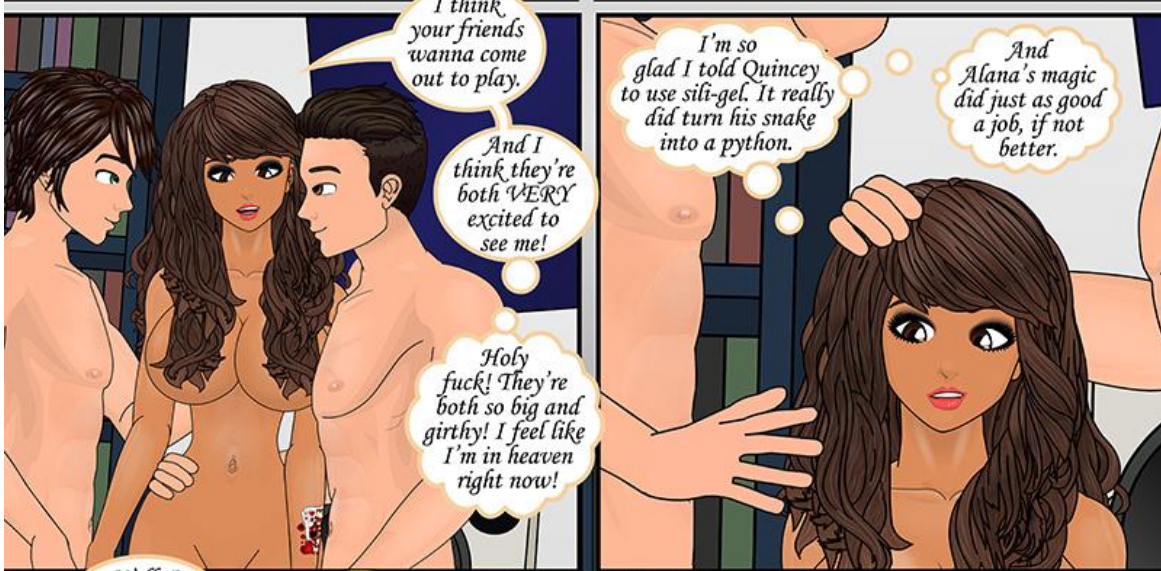

Aww, you two look awfully cute together. Mind if I get in on the action, now?

Absolutely. We were just in awe of your beauty, and wanted to soak it in.

Between Joss going to town on my pussy, Quincey playfully teasing my breasts, and their cocks rubbing against my thighs...

This is a whole new level of pleasure!

I think your friends wanna come out to play.

And I think they're both **VERY** excited to see me!

Holy fuck! They're both so big and girthy! I feel like I'm in heaven right now!

I'm so glad I told Quincey to use sili-gel. It really did turn his snake into a python.

And Alana's magic did just as good a job, if not better.

Well, I did promise that Joss would get first dibs at a blowjob.

But I don't want you to feel left out, Quincey.

So how would you like me to sit on your face for a bit?

Yes! A thousand times, yes! I'd love that.

It feels incredible to combine my two new favorite things: pleasuring a thick cock, and getting eaten out!

I don't even care if it's slutty of me to say that. I love it!

MOAN!

Mmm!!

All of my senses feel like they're being overwhelmed, in the best way possible.

It feels amazing to receive pleasure and give it at the same time!

Mmm, you're doing good, Carmen.

I admire that you're determined to blow me even while you're getting eaten out.

That takes a lot of concentration.

GASP!

Sorry, I need to catch my breath.

Oh, you lasted a lot longer than I expected, down there.

If you'd like, you can help me with Joss. I'll bet he'd love to get double-teamed.

Sure thing. Wanna know what Joss loves the most during a blowjob?

He goes wild when you leave a kiss trail from his head leading down to his balls.

Like this...

Wow, I've never tried that before, but Joss' moans make it sound great.

I definitely wanna try that out!

Oh fuck, Quincey! You really know how to push my buttons!

Ah! Fuck! You were right, Carmen.

I love being double teamed like this. Especially by two eager cuties.

Mmm, even being praised by Joss is getting me wet again. I want him to keep going!

Oh, that's it, Carmen! I love the feeling of you sucking on my balls. Don't stop either, Quincey. I'm getting so close.

I never thought that being praised would turn me on this much.

If anything, being a woman has taught me a lot about what I really like.

I definitely enjoy giving as much as I do receiving, and I love knowing that my man is enjoying himself.

As a man, I was only ever focused on my own pleasure.

But now I'm learning there's a lot of enjoyment to be had from pleasing my partner.

Even Quincey seems to be having fun with this.

Mmm, as amazing as this is, I feel bad being the only one getting head.

Let's switch things up. I feel like eating Carmen's pussy out, now.

I'd never turn down an offer to get eaten out, handsome.

moan...

Oh God, his tongue against my clit is driving me WILD.

But now I don't want Quincey to feel left out. I'd better give him some attention, too.

Damn, she is sopping wet down here. And her juices taste so sweet.

I'm SO glad I decided to go out to the club tonight!

This is the best decision I've made in months!

Oh! Ah!
Mmm, Carmen!
Your tits feel incredible!
I can't believe how
lucky I am!

I can't
hold out much
longer! I'm gonna
cum!

moan...
Me
too, baby! Let's
cum together!

MOAN!!!
Oh fuck!
Yes! YES! I'm
cumming!!

Mmmmm,
fuck yeah! Let
me cum all over
your tits!

Sounds
like you two
enjoyed yourselves.
I feel a little left
out, now.

Oh, I'm
not done with
you yet, Joss.

You made me
cum, so I owe you a
spectacular orgasm
of your own.

So how's
about you bring
that thick cock of
yours over here
and fuck me?

My pussy is
begging to be filled.
I need you so
badly!

I've been
waiting for you to
say that for weeks,
Carmen.

MOAN!
Yeah!
Fuck me, Joss! I
want to feel your
cock deep inside
of me!

You know
what would be
even hotter? If
we got to spit-
roast you.

Yes!
Please! I want
to be fucked
from both
ends!

MOAN!

Slurp!

I can't believe I'm actually getting spitroasted!

I always loved porn like this as Carlos, but I never thought I'd be the woman in this position.

I didn't expect this to make me feel so powerful.

Joss and Quincey are giving this their all. Just to please me.

It feels amazing to be the center of both of their attention!

God, your pussy feels incredible, Carmen. So tight!

moan...

Really? Would it be too much to ask if I could try it out?

Anything you want, baby. It's all yours.

How would you feel about moving up to my ass, Joss?

Are you sure about that? Have you done anal sex before?

Nope, but there's a first time for everything. And I'm the kind of girl who loves to try everything at least once.

MOAN!

That's what I love to hear. Good girl.

Ah! Fuck! Don't stop now, Joss!

I can feel his cock stretching me out!

Oh wow, you were right, Joss! Your pussy feels amazing, Carmen!

You've gotta try her ass, dude!

You'll love it!

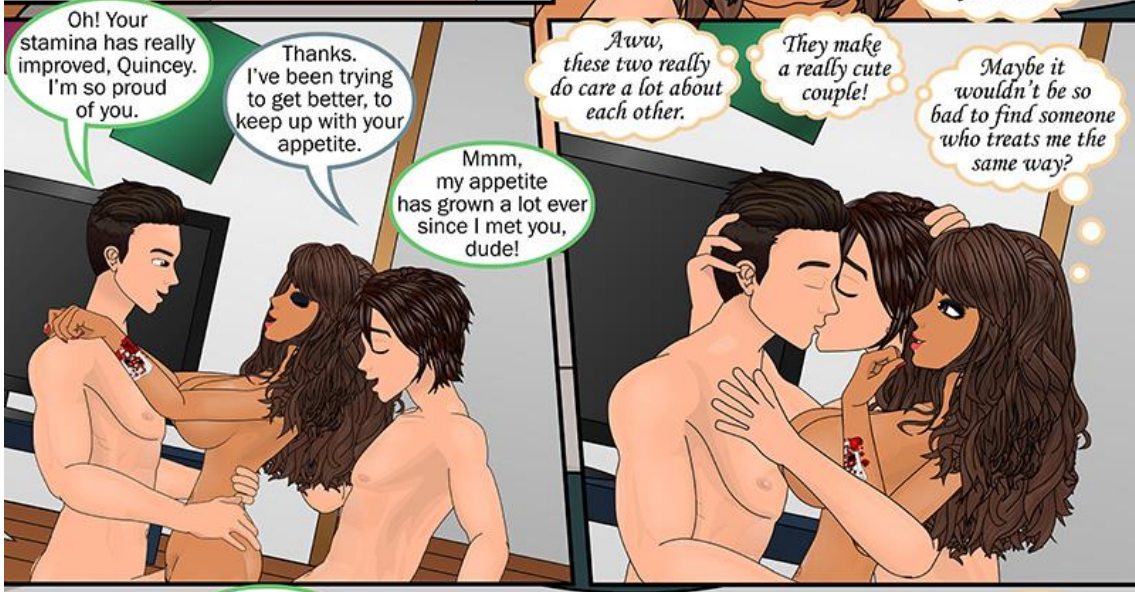

I can feel my whole body quivering, and my pussy and ass pulsating with every thrust!

This is the most intense feeling I've experienced as Carmen yet!

Hell, this puts anything I've felt as Carlos to shame.

Is it wrong of me to say that I actually look forward to fucking five more guys after this?

Oh! Your stamina has really improved, Quincey. I'm so proud of you.

Thanks. I've been trying to get better, to keep up with your appetite.

Mmm, my appetite has grown a lot ever since I met you, dude!

Aww, these two really do care a lot about each other.

They make a really cute couple!

Maybe it wouldn't be so bad to find someone who treats me the same way?

Oh fuck! I can't hold it any longer. I'm gonna cum!

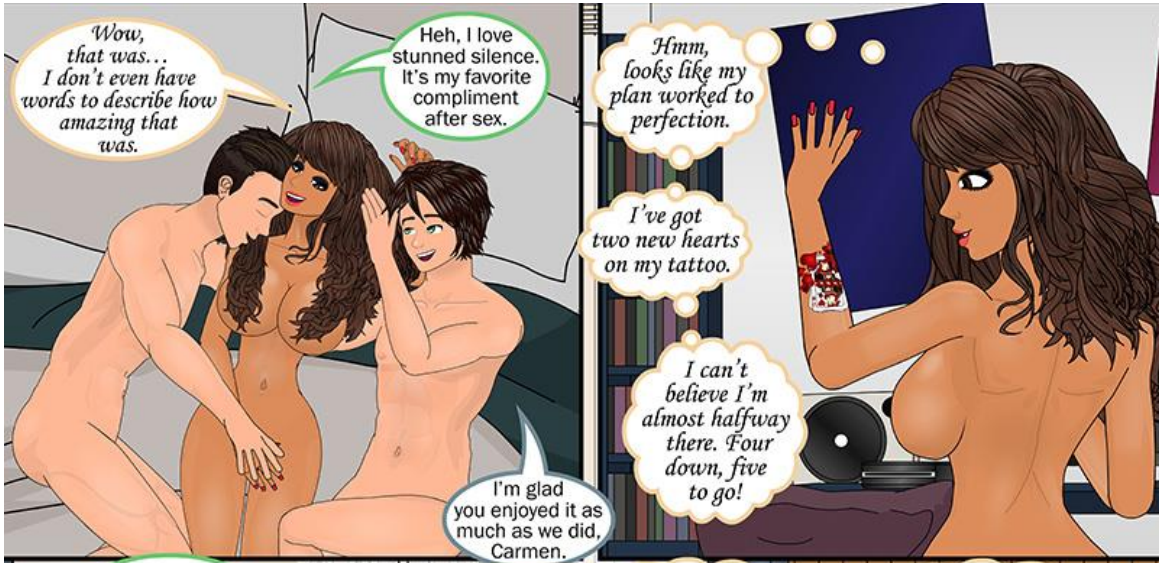

Mmm, me too! Where do you want it, baby?

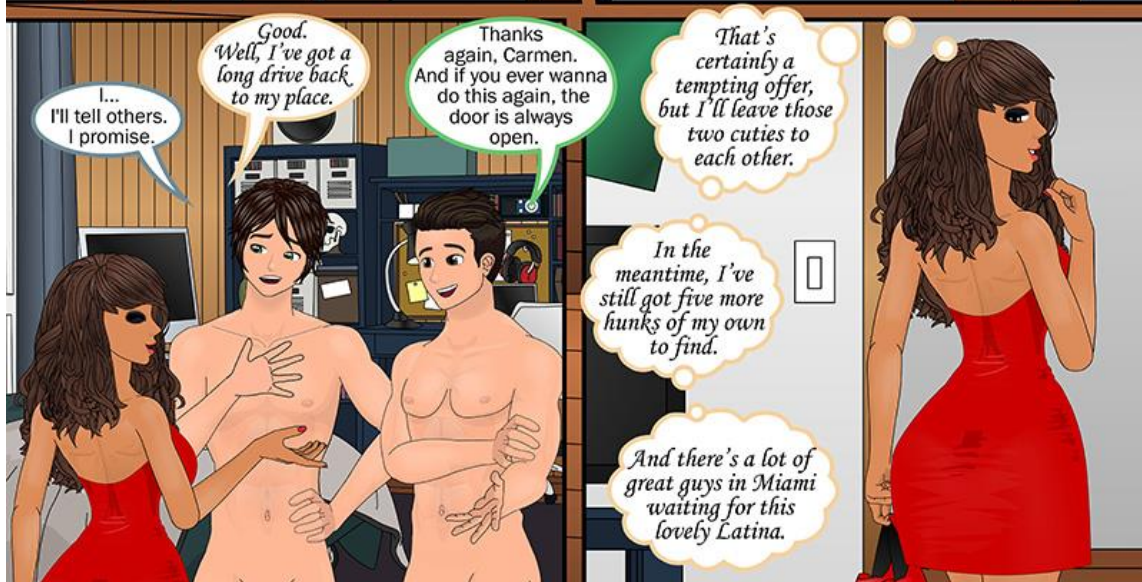

On my back and chest! Cum for me, boys!!

Oh God, yes! YES! I want it all! Give it to me! **MOAN!!!**

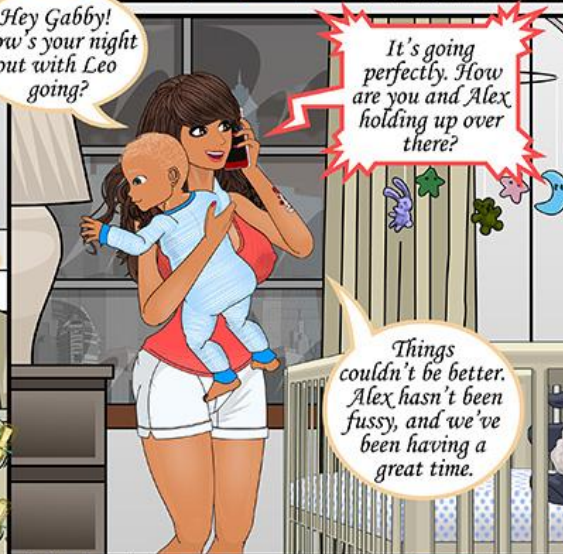

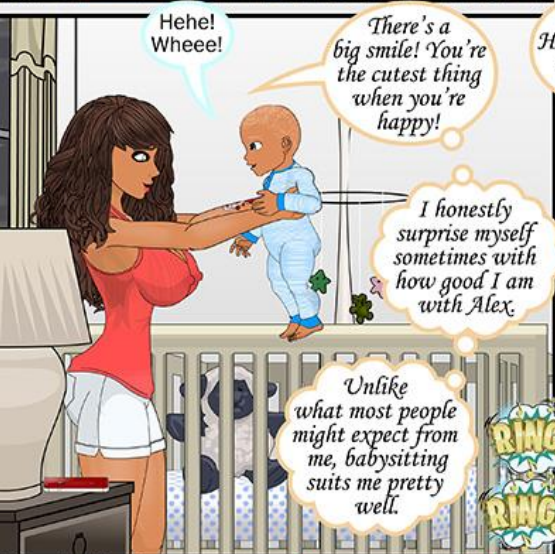

Oh! I'm cumming!!

Ahhh, fuck yeah! That's it!

Chapter 13: Competition
Wednesday, June 18, 2025
8:40 p.m.

Well, you know I'd do anything for you. And especially for Alex.

Except for that!

Oh, Alex! Those aren't for you. Heh, you must be hungry.

Everything alright over there?

Yup, everything's taken care of, now. Alex was just trying to tell me that he's hungry, I guess.

Ah, he tugged at your blouse again? Who can blame him for trying?

Speaking of being hungry, Leo and I are starving.

We'll be home in about an hour, so could you pick up dinner for all of us? We'll pay you back, of course.

Uhh... sure thing. It's just that, this will be the first time I'll be leaving your apartment with Alex.

No worries, Alex loves the cooler night air.

His stroller is in the closet by the front door. Just put him in that, and I bet he'll be asleep within a few minutes.

Alright, I think I can do that. Any preference on what you'd like for dinner?

Oh, there's a Sophie's Sweets across the street.

If you could get Leo and I a couple of BLTs and their soup of the day, that'd be great.

Sure thing. I'll head over as soon as I finish feeding this little angel.

Thank you so much! What would I do without you, girl?

Your life would definitely be way duller without me. I'll see you soon. Love ya!

Twenty minutes later...

I didn't realize Sophie's Sweets was this popular.

Then again, I guess it has been a very popular chain.

Wow, the menu is a lot bigger than I thought. Sandwiches, paninis, even boba tea.

It might not be a bad idea to take a date here one of these days.

Well, look what we have here! I didn't expect to run into you, Carmen.

Alana? What are you doing here?

Relax, princess. I was craving something sweet. I didn't think you'd be the salty one.

Maybe it would make you feel better if you had a gal pal to talk to for a bit?

Fine, you can talk to me while I wait to order. But keep your voice down.

Alex just fell asleep, and I don't want you to wake him up.

Wait, this is Alex? Gabby's son? You're actually babysitting him?

Pfft, this has got to be one of your elaborate schemes, right?

You're probably just using Alex as a way to win over the affection of some sucker, so you can get laid.

Why else would YOU willingly look after a baby?

Because, believe it or not, I've chosen to be Alex's nanny.

I know you have a low opinion of me, but Gabby and Leo have entrusted me with their child. And I'm not going to let them down.

Sure, that's what you say. But you never do anything unless you benefit from doing it.

What's your end goal with this?

There is no end goal this time. Only to help raise this little angel, and make Gabby's life a little easier.

Sure, they're paying me, but I'd do this for free if they asked.

I can't fully explain it, but I love taking care of Alex. It makes me feel so... fulfilled, in a way nothing else does.

Whaa! Ahhh!!

Oh, I'm sorry, Alex. Was I too loud? Shh, it's alright.

La Lechuza. La Lechuza. Todos calladitos como la Lechuza.

Wait, is she for real? I'm not dreaming this up, am I?

Wow, this is not what I expected out of Carlos.

I never thought he'd willingly become a babysitter, much less that he'd be good at it.

I always thought Carlos was too selfish and immature to look after a child.

Well, I'm certainly surprised. You actually are good with children.

Heh, and I'm equally surprised. You gave me a genuine compliment.

Gabby has said that being a woman has helped me to embrace my maternal instincts. And maybe she's right?

And here I thought Carlos would always be a terrible person.

Was I wrong about him?

Has being Carmen made him better? Or has he always had these positive qualities, which I overlooked?

For what it's worth, I'm glad you're happy.

And I'm glad that me turning you into a woman brought out your maternal instincts.

There's the teasing that I expected. You never change, do you?

One thing has definitely changed about you. In fact, three things.

I spy three new hearts on your tattoo since the last time we talked.

Heh, I guess I've made some progress since we last met at the gym.

Feel like sharing any of the juicy details with me?

I bet one of them was Demaryius, wasn't it? You and him were real sweet on each other.

I'd rather not kiss and tell, but... yeah, Demaryius was my second.

Well, you did win him over from me, so I would have hoped you scored with him.

If I didn't know any better, I'd say you're starting to enjoy having sex as a woman.

But hey, at least your rate of progress is increasing.

I'll bet you can't wait until the next guy fucks your brains out, am I right?

It's not like that in the slightest.

I'm only trying to cure myself of this curse as quickly as possible.

Whatever you say, princess. But if you were enjoying yourself, I promise your secret would be safe with me.

Like I'd ever admit that to her.

Besides, I'm not the only one with a secret. Maybe I should tell Alana I know about her Only Fox account?

Greetings, ladies. What can I get you this evening?

Oh sorry, we're ordering separately. She can go first.

Actually, she's mistaken. I'm paying for her food tonight.

That's sweet, but you don't have to do that.

I insist. You paid for my breakfast at BrewStag a while back, so I'm returning the favor.

Wow, that's awfully mature of you, Carmen. You never used to pay for my food before.

Eh, taking care of Alex makes me feel more mature, I guess.

Oh my goodness, what a darling little child you've got there.

He looks so happy, too. You must be an amazing mother!

That's... very kind of you to say. I do my best for my little angel.

Huh? Am I missing something here?

It's a long story. She probably thinks I'm Alex's mother, since he resembles me.

This isn't the first time this has happened.

And rather than explain everything and make it awkward, it's easier to go along with it, and pretend to Alex's mom.

Oh, this is an unexpected curveball that I like.

In that case, I'll help you sell the illusion a little more.

Yeah, isn't Carmen's son the cutest? He got her good looks, for sure.

Man, Carmen really has it all: a loving husband, an adorable son, and a beautiful body.

In fact, I shouldn't say this, but she's expecting another child.

What?!

That's wonderful. Congratulations! Do you hope it's a boy or a girl?

Uh-h... I- I guess I'd prefer a girl! I'd love to have a son and a daughter.

Yeah, and I'll bet you she and her husband don't stop at two. She's told me she wants a BIG family.

And let's just say that her husband can't keep his hands off her.

But that's fine, since you have always wanted to be a mother, right?

I don't know about always. But maybe we shouldn't overshare?

I'm sure you're a great mother, and your husband is a lucky man.

Anyway, what would you like to order?

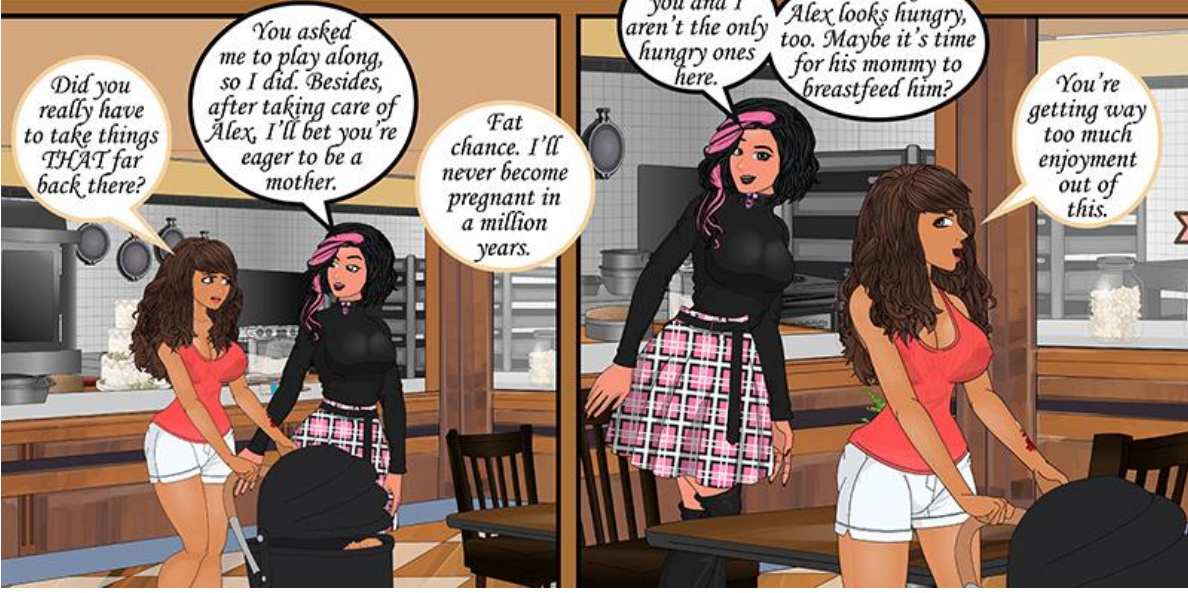

I'll get three BLTs and a large cup of your soup of the day.

And I'll have a slice of your strawberry cheesecake, please.

Perfect. I'll call your number when your order is ready.

Just for that, I'll be sure to ask her about Strawberry Kitty, now.

Did you really have to take things THAT far back there?

You asked me to play along, so I did. Besides, after taking care of Alex, I'll bet you're eager to be a mother.

Fat chance. I'll never become pregnant in a million years.

I'll bet you and I aren't the only hungry ones here.

I think Alex looks hungry, too. Maybe it's time for his mommy to breastfeed him?

You're getting way too much enjoyment out of this.

Can you blame me for enjoying this?

Well, it's not like I enjoy pretending to be something I'm not.

Even though Alex has been trying to get me to breastfeed him.

Well, as much fun as it is to tease you about being a pseudo-mommy, I do have something I wanted to ask you.

Does Gabby know that Carmen is more sexually active, now?

Actually, she doesn't. I haven't told her that I've had sex as Carmen.

In fact, I haven't even told her about how Carmen's tattoo works.

As far as she's concerned, Carmen hasn't had sex with even one dude yet.

And is there a reason you haven't told your best friend the truth?

I'm... too embarrassed to admit to Gabby that I like having sex as a woman.

I care about what she thinks of me, and this might make her think less of me.

I'm surprised she doesn't already think very little of you.

The longer you wait to tell her, the harder it'll be to admit it.

After all, she's your best friend. She'll care about you, no matter what.

But in all seriousness, you probably should tell her the truth sooner, rather than later.

I'll take that into consideration, but I want to wait for the right moment.

And since you asked me a personal question, it's my turn to do the same, Alana.

Or should I say... Strawberry Kitty?

What?! H-how do you know about that!?

Oh my gosh, I've never seen you this red before.

You're really embarrassed about me discovering your Only Fox account, aren't you?

Shut up! Don't say that in public. Someone might hear you!

Aww, what's the matter? Based on the pictures I've seen, I think you're really good at it.

Be proud of who you are, Alana.

God, this is so humiliating. You weren't supposed to find out about that.

Well, after months of you humiliating me, it feels great to finally return the favor by knowing your darkest secret.

Based on your reaction, I guess I'm your first friend to learn about this?

Yeah, none of my friends or family know about it.

Look, I'm willing to discuss this with you, but in private.

I live nearby, so the last thing I want is for someone to overhear us talking about this.

Alright, fine. But I definitely want more details later.

Ten minutes later...

So, you mentioned that you live nearby?

Yeah, I live about two blocks from here. It's a really nice apartment complex.

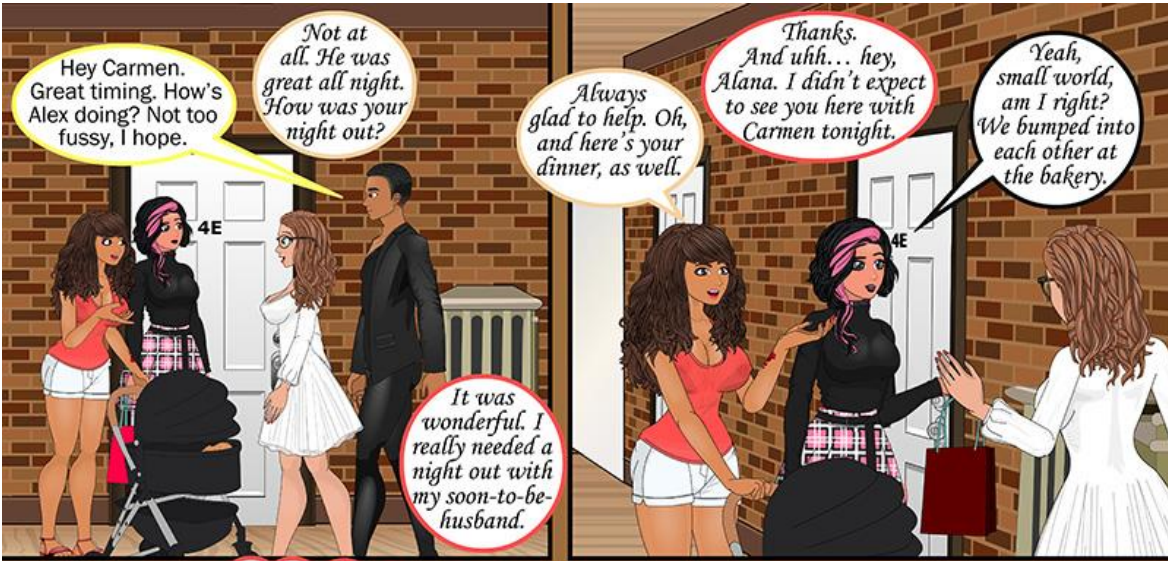

If you want, you can come over when you're done here.

Really? You're inviting me over to your place?

Sure. Why not? You're harmless as Carmen.

I just didn't think you'd invite me back after our breakup. But sure, I'm down to see your place.

Hey Carmen. Great timing. How's Alex doing? Not too fussy, I hope.

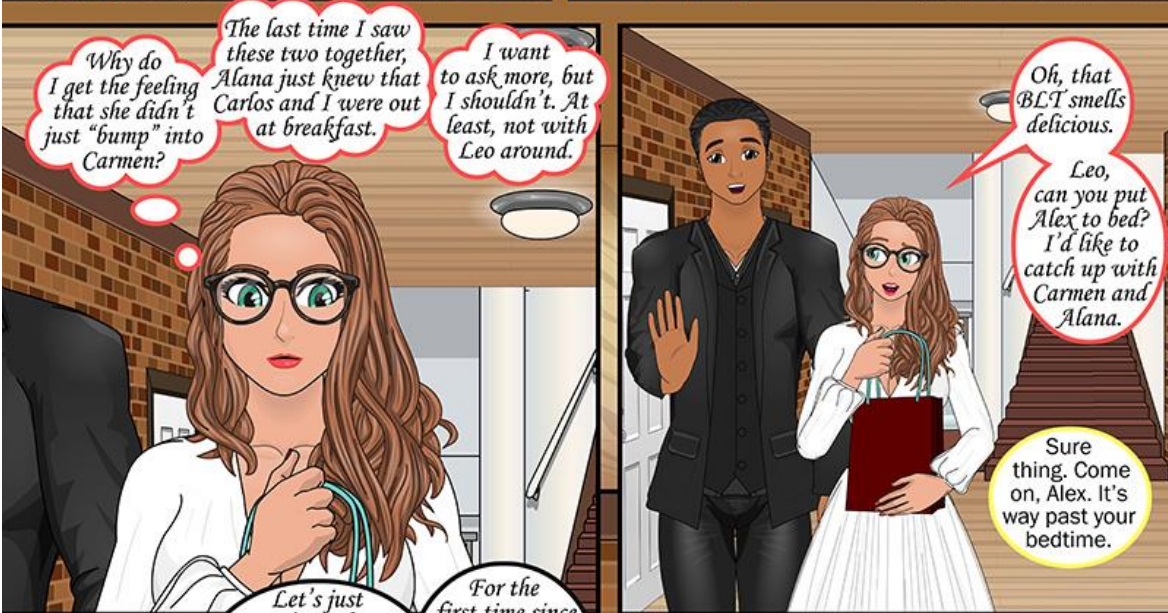

Not at all. He was great all night. How was your night out?

Always glad to help. Oh, and here's your dinner, as well.

Thanks. And uh... hey, Alana. I didn't expect to see you here with Carmen tonight.

Yeah, small world, am I right? We bumped into each other at the bakery.

It was wonderful. I really needed a night out with my soon-to-be-husband.

Why do I get the feeling that she didn't just "bump" into Carmen?

The last time I saw these two together, Alana just knew that Carlos and I were out at breakfast.

I want to ask more, but I shouldn't. At least, not with Leo around.

Oh, that BLT smells delicious.

Leo, can you put Alex to bed? I'd like to catch up with Carmen and Alana.

Sure thing. Come on, Alex. It's way past your bedtime.

Alright, what's really going on here, Alana? I thought you hated Carlos.

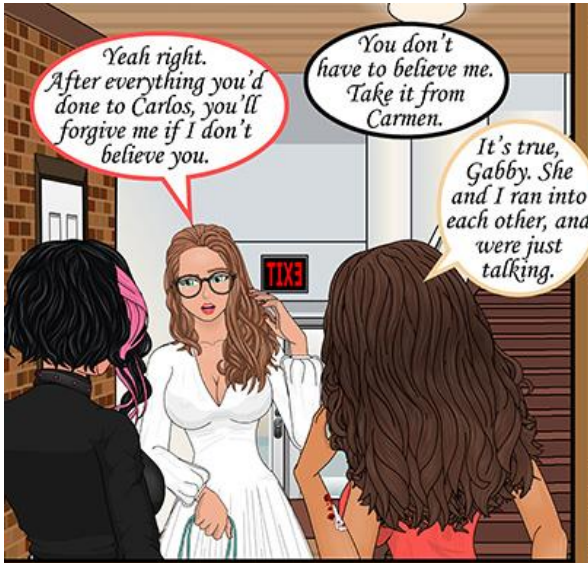

Let's just say I've taken a renewed interest in Carlos tonight. Or at least, Carmen.

For the first time since this started, I think Carmen is finally learning her lesson.

Oh please. You're probably just here to make her life worse with more curses.

I swear I'm not up to anything malicious.

I was just fascinated when I learned Carmen is making progress. I didn't think that would ever happen.

Yeah right. After everything you'd done to Carlos, you'll forgive me if I don't believe you.

You don't have to believe me. Take it from Carmen.

It's true, Gabby. She and I ran into each other, and were just talking.

Yeah, and I was very impressed by what we talked about.

In fact, I think Carmen is about halfway to learning her lesson.

Hehe, I- I guess you've gotta start somewhere.

You have every right to not trust me, Gabby.

But despite what happened between Carlos and me, I've always liked you. You were invariably nice, and so caring.

Well, I guess if Carmen says you didn't do anything, then I believe you.

Good. I hope I can rebuild that trust.

By the way, I hadn't told you yet: congratulations on your son.

Thanks. Just promise me you won't also try to curse him.

I'd hate to get you angry, so you have my word.

Good. Well, I don't want to keep Leo waiting, so I'd better head inside. Are you good to babysit on Monday next week, Carmen?

Sure thing. I'm down to help any time you need me.

Great. And thanks again for taking care of Alex tonight. You're a lifesaver.

See you around, Gabby. And best wishes on your upcoming wedding.

Huh, that did not go how I thought it would. Are Carmen and Alana becoming friends again?

So, are you down to come back to my place, now?

You can eat your dinner there, if you want to.

Yeah, I guess I'm down for that. I'm curious to see how your apartment looks.

It can't be much worse than your old place, with the cracked sink and bad hot water heater.

True. I'm so glad I moved out of that place. It was time for a change of scenery.

Ten minutes later...

So what do you think? I hope it's "witchy" enough for you.

Wow, this is actually a pretty nice place you've got here. Much better than your last apartment.

You must be rolling in money if you can afford the rent.

Well, after we broke up, I decided that I could do a lot better in several aspects of life.

Finding a newer place to live was at the top of my list.

So I guess I should thank you for helping me realize I could do better.

Well, I guess our breakup did lead to some positives, then.

For me, I guess I should admit that turning into Carmen every day does have positives, as well.

My self-esteem has improved a lot, and I've become more considerate.

I was resistant to being a woman for a while, but once I gave this a shot, I realized it can be kinda fun.

And the extra attention I get is a nice bonus.

Sounds like we've both grown a lot. Let's talk more about it over dinner.

So, you said that you felt you could do better than me. Does that include a better boyfriend?

That's one of the things I'm still working on. I've slept with a few guys, but nothing serious yet.

Anyone I would know?

Maybe, but I'd... rather not talk about my own sex life.

I'd much rather hear about your female sex life. I assume it's livelier than your male one?

Absolutely. Honestly, I haven't gotten laid as Carlos since your curse.

It was very frustrating at first, and maybe that's why I had sex as Carmen the first time.

But having sex as Carmen just feels more rewarding than sex as Carlos.

I suddenly enjoy making sure my partner is having a great time. In fact, I've prided myself on it.

I never used to care about that as Carlos. Only about my own pleasure.

That's true. You often did treat women as if they were just your sex toys.

And that's also made me realize how poorly I've acted as Carlos.

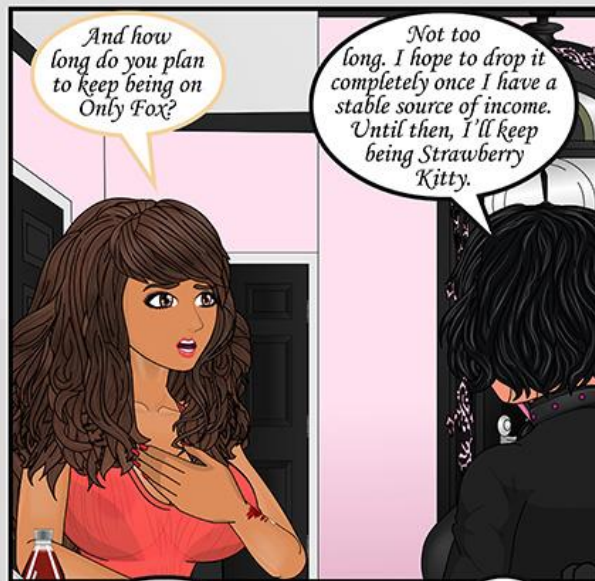

Now that I've seen things from a woman's point-of-view, I realize how uncomfortable I made women.

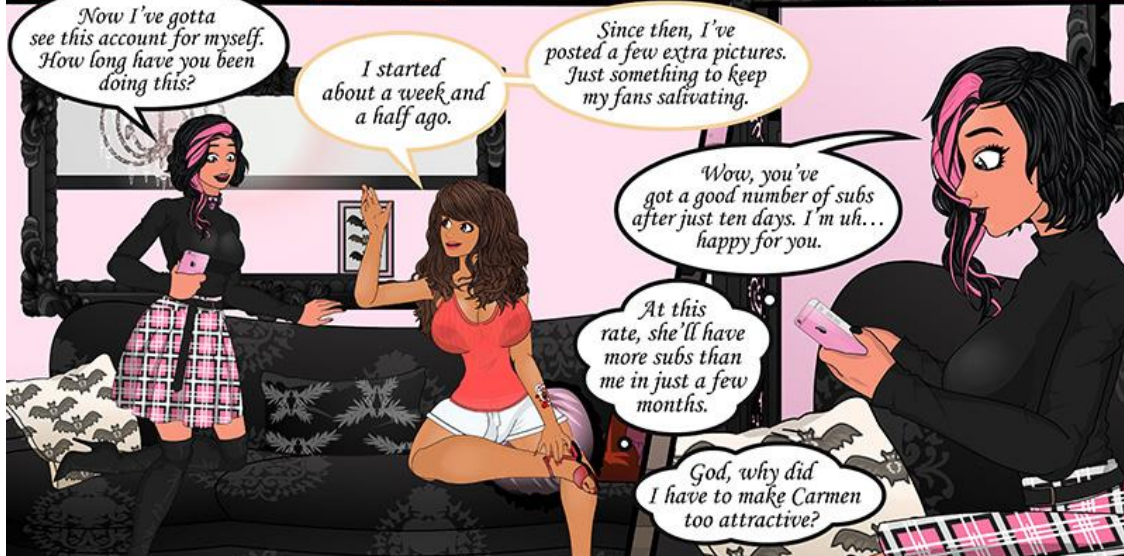

What I thought was charming and alluring seems creepy and cocky, now.

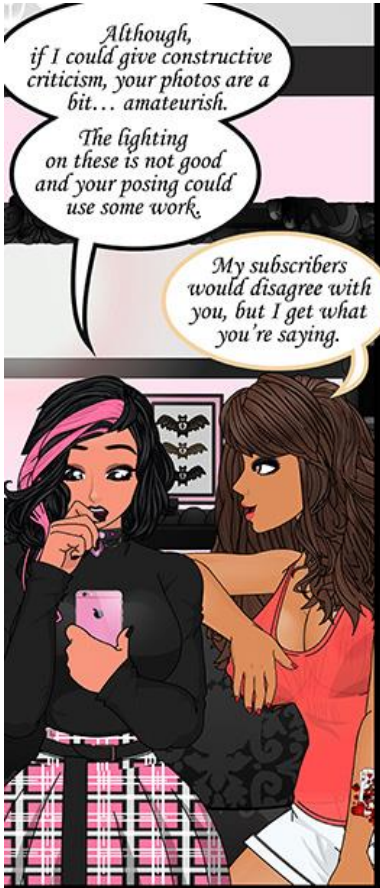

I know this is way too late, but... I'm sorry for the way I treated you, and the other women I was with.

You really do deserve better than me, Alana.

I... don't know what to say. I never expected you to apologize for that.

Although, if I could give constructive criticism, your photos are a bit... amateurish.

The lighting on these is not good and your posing could use some work.

My subscribers would disagree with you, but I get what you're saying.

But that's why I brought up my Only Fox account in the first place.

I was hoping you could give me some tips or suggestions on how to improve my account.

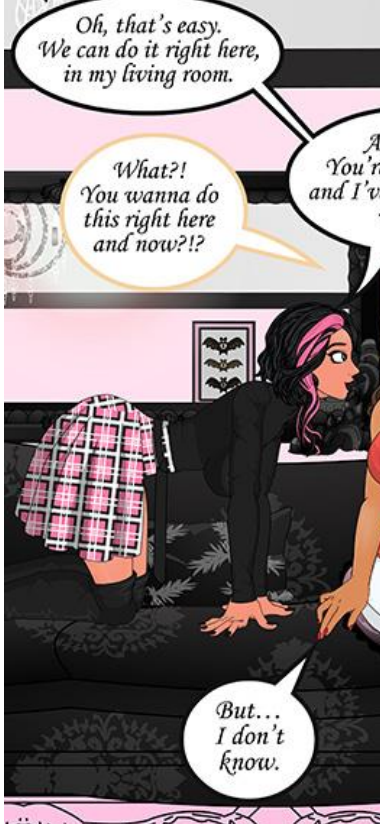

It's kinda difficult to give tips on this without showing you.

Wait! I've got a great idea that'll help us both out!

Let's do a photoshoot. Together!

You want to do a c-combined photoshoot? With me? I-I mean, I'm flattered, but how and when?

Oh, that's easy. We can do it right here, in my living room.

What?! You wanna do this right here and now?!?

Absolutely. You're already here, and I've got everything we need.

But... I don't know.

Come on, a collab would be mutually beneficial for the both of us by growing our audiences.

Besides, this will be a great way for me to give you some pointers.

By the time we're done, you'll be an Only Fox pro and have a bunch of new subscribers.

Well, when you put it like that, I guess I could give it a try.

Great, I'll go grab my camera equipment and some outfits for us to wear.

I even picked out some of my sexiest outfits just for this occasion.

Here we go! This should be everything we need.

Wow, I didn't expect you to go all out. But what's that light stand for?

This bad boy will give our photos a higher quality than just a camera can achieve.

Like I said, your photos were amateurish, lacking proper lighting.

You need to up your game if you want to take this seriously.

Alright, I guess I'll take that as tip number one.

But now I'm curious what outfits you picked out for us to wear.

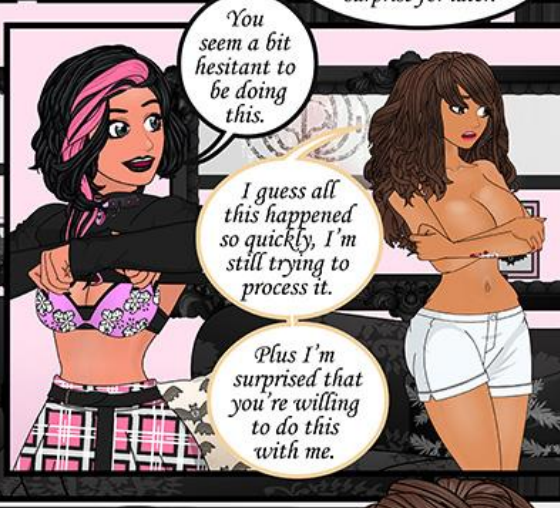

I got a few for us both. A skimpy outfit, some lingerie, and a little surprise for later.

Any chance you could tell me what the surprise outfit is?

If I told you, then it wouldn't be a surprise, would it?

Trust me, you and your fans are going to love it.

You seem a bit hesitant to be doing this.

I guess all this happened so quickly, I'm still trying to process it.

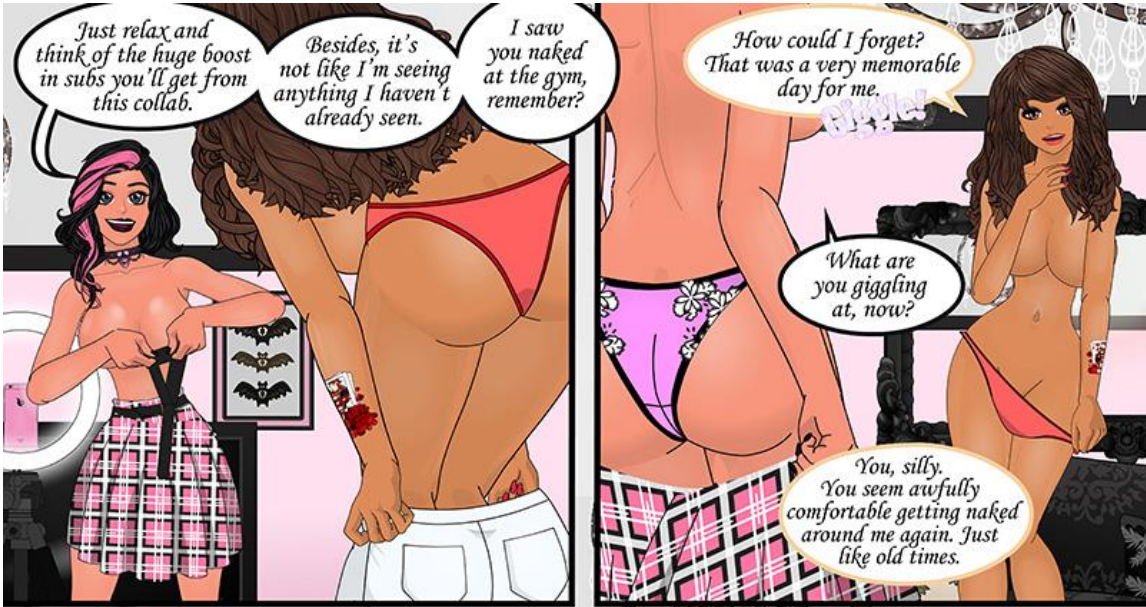

Plus I'm surprised that you're willing to do this with me.

Yeah, I bought more outfits than I should have this month, so my credit card bill is gonna be huge.

I could use the monetary boost from a collab.

Besides, if I see a great opportunity like this one, I'm absolutely gonna seize it.

Just relax and think of the huge boost in subs you'll get from this collab.

Besides, it's not like I'm seeing anything I haven't already seen.

I saw you naked at the gym, remember?

How could I forget? That was a very memorable day for me.

What are you giggling at, now?

You, silly. You seem awfully comfortable getting naked around me again. Just like old times.

First the gym, and now this. If I didn't know any better, I'd say you still find me irresistible.

Wow. Let me guess, you're trying to charm me in the hopes of sleeping with me or getting me to remove your curse early, right?

Well, even though I'm Carmen now, I still think you're awfully cute.

M-maybe? Is that so wrong?

First off, like I've said, I can't remove your curse even if I wanted to.

It might be fun to explore our curiosities together, right?

Second, I'm only getting naked in front of Carmen. Not Carlos.

Heh, some things never change.

I wouldn't dream of stripping for you if you were a man right now.

What we're doing right now is strictly platonic, and only for business reasons.

So... you're friend-zoning me?

I guess so. I like you as Carmen, because I think you've grown into a likeable woman.

Wait, you think I've grown?

Sure. I saw the way you were taking care of Alex tonight. I saw the love in your eyes.

Plus you seemed very sincere when you were talking about how you enjoy giving your male partners the best sexual experience possible.

Quite a change from the alpha male I used to know.

I didn't think you were capable of that level of affection as a man.

Yeah, I don't really like alpha male Carlos anymore, either.

Maybe I put on an alpha male persona as a façade, because I thought it was better than being myself?

Now, I see that I'd rather be me than a cruel womanizer.

And I'm sorry that you had to put up with me like that, Alana.

There. You see what I mean about you growing as a woman?

But seriously, I appreciate your apology. I know you really mean it.

Now, let's have some fun with this photoshoot!

I didn't even think about that.

I'll go first. Watch how I pose, and try to replicate it.

Should I get be taking these pictures of you?

No, silly. I've got this wireless remote connected to my camera. It'll take the pictures for me.

She's even subtly hiding the remote in her hand for the photos.

I guess I do have a lot to learn from her.

Not bad. I swear I've seen you give me that look of seduction before.

Absolutely. Lesson number two: pretend the camera is your lover.

Go on, give it a try, girl. I wanna see you in action, now!

How's this?

A marked improvement over the photos you've posted.

Remember to stick out your chest. Your tits are your best asset, so capitalize on that.

There you go! Now you look like a real Only Fox girl.

You'll drive your fans crazy with pics like these.

Then again, that's probably what you want. I'll bet you love teasing all those men out there, don't you?

It makes you feel powerful. I know that feeling all too well.

I hate to agree with her, but she's right. I do love knowing all those men out there are enamored with me.

Great stuff, you heart-stealing vixen.

I think we're ready to take some photos together.

I have a pose in mind. How about I get on top of you, while you slip your top off?

I like the way you think!

Now you're getting into the spirit of this collab.

Yeah well, you might be doing this for money. But I'm doing this for my fans.

I'd hate to disappoint them.

Oh really? I'll bet you love the idea of getting your audience hard, don't you?

Fair point. Let's focus on lesson number three.

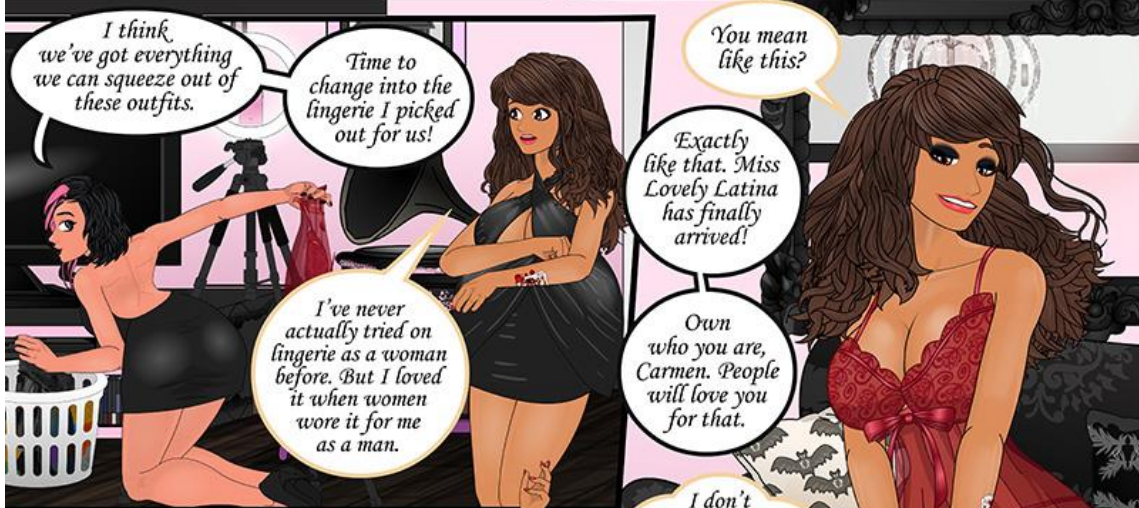

Take spicy but clothed pictures for your public social media.

Then post the lewder and nuder photos for just your Only Fox subs.

You're damn right, I do.

If you think you can get me flustered right now, you'll have to try harder.

That'll keep them coming back for more.

I think we've got everything we can squeeze out of these outfits.

Time to change into the lingerie I picked out for us!

You mean like this?

Exactly like that. Miss Lovely Latina has finally arrived!

I've never actually tried on lingerie as a woman before. But I loved it when women wore it for me as a man.

Own who you are, Carmen. People will love you for that.

I don't know how I feel about Alana giving me advice on being a better woman, but I don't care.

In that case, you'll love the way this piece makes you feel.

Good things happen to me when I embrace being a woman.

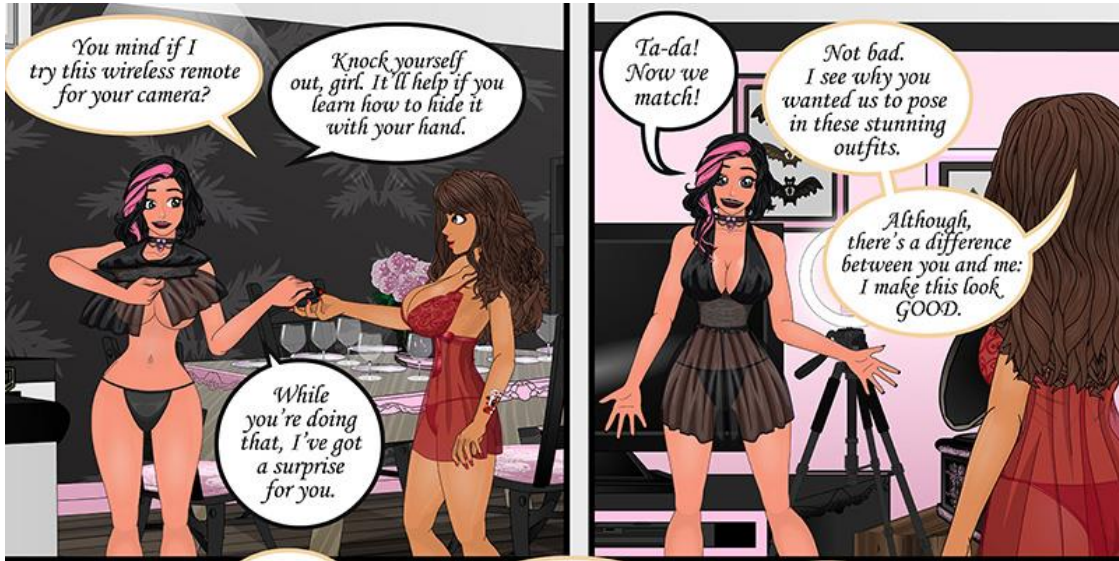

Lesson number four: Picture the sexiest thing a straight man can think of.

Now, emulate that seductress.

And I feel better about myself. So I really should just own it.

For now at least, I AM Carmen Rivera, and proud of it.

I've always wondered what it would be like to have boobs this size.

Plus, this will not only make Carmen more flustered, but it'll pressure her to outshine me.

Which will only lead to better pictures for my Only Fox.

I can't believe how good Alana looks with tits that size.

But for now, I can't let her know how attractive I think she is. I've just gotta focus on outshining her even more.

Well, how does it feel to have boobs as big as your head?

Great, honestly. I feel so much more confident like this.

I see why you love turning heads with these sweater puppies.

Now I know what it's like for my cousin.

I gave you her breast size, and now I'm the same size as her. I see why her boyfriend is so enamored with her.

I might even keep these girls after we're done with this photoshoot.

Oh yeah? How are you going to explain this to your fans?

I don't think any of my fans will ask any questions about this.

Oh, heavens no. But you've been a good sport, so it's time for my surprise.

The last outfit I picked out for us? A pair of bunnysuits!

What?! Why do you even have those?!

Fair point. So... was turning your girls into melons the big surprise you were planning?

Because guys go crazy over this outfit more than any other.

Fair, I do love it when women wear bunnysuits.

But that doesn't explain why you have two of them.

Lesson number five: Never question a witch, Carmen.

Now come on, you're going to look stunning in this, and your Only Fox fans are going to LOVE it.

Fine, I guess I shouldn't look a gift horse in the mouth.

Okay, I see your point about wearing this number.

I look stunning in this. I bet I could even turn on straight women like this.

CLICK!

Wow, for once I actually agree with you.

Okay, now that I know you rock that outfit, I wanna see how I look in it with my bigger girls.

You look fabulous. I gotta get some pictures of you like this!

Alana seems a bit flustered by seeing me like this.

Is she actually turned on right now? I thought she wasn't attracted to me as Carmen.

It's about Demaryius. I'm curious how much you actually slept with him.

Be my guest. I wanna see that as well.

While I do that, I wanted to ask you one more question.

Oh, I only slept with him once. Why do you care?

I might have gone on a few dates with him over the last few weeks.

But as affectionate and caring as he could be, Demaryius could also be rough and passionate.

A gentleman but also a beast in the bedroom. Just the way I like it.

And his cock! Oh man! He's so well-endowed. Even bigger than you.

Absolutely. His cock is so impressively big. I was mesmerized.

Huh, that's not the response from you that I expected.

You thought I'd be embarrassed by having a smaller dick than Demaryius? Nah, I got over that a long time ago.

But now I want more details. Are you two thinking of starting up a real relationship?

I don't know. We've had fun together, but I'm not sure if I'm ready for a relationship right now.

I was honestly thinking of ending things with him pretty soon.

I get that you're uncertain about a relationship after what I put you through, but I think you should give him a chance.

After all, Demaryius is the opposite of who I am as Carlos.

He's kind, honest and will never do anything to hurt you.

Like you said at the gym, you need "a man like him, not a boy like me."

You won't find many men better than Demaryius. So don't miss your chance.

Wow, Carmen. That was really mature. You continue to impress me.

Maybe Demaryius and I would make a cute couple? I'll think it over.

I agree, you two would be great for each other.

And I'm sure that Demaryius would love the new size of your girls.

Heh, you're probably right. I'd love to see the look on his face when these melons are staring back at him.

I appreciate your insight, Carmen. Just for that, you pick the last pose we do for this photoshoot.

Actually, I've got the perfect idea on how to end this collab.

You and I should shoot a video of us kissing!

There's nothing guys love more than two hot women making out.

Our subscribers would go feral if we posted that with these photos.

Hmm, that's an excellent point. I see you're already learning a lot about making good Only Fox content.

But just remember, this kiss doesn't mean anything.

We're only doing this to drive up our subscriber numbers.

Absolutely. It's just an act we're putting on for the camera. I can do that.

Great. Here we go!

Mmm, you're so irresistible. I just wanna kiss you so badly.

Then what are you waiting for, baby?

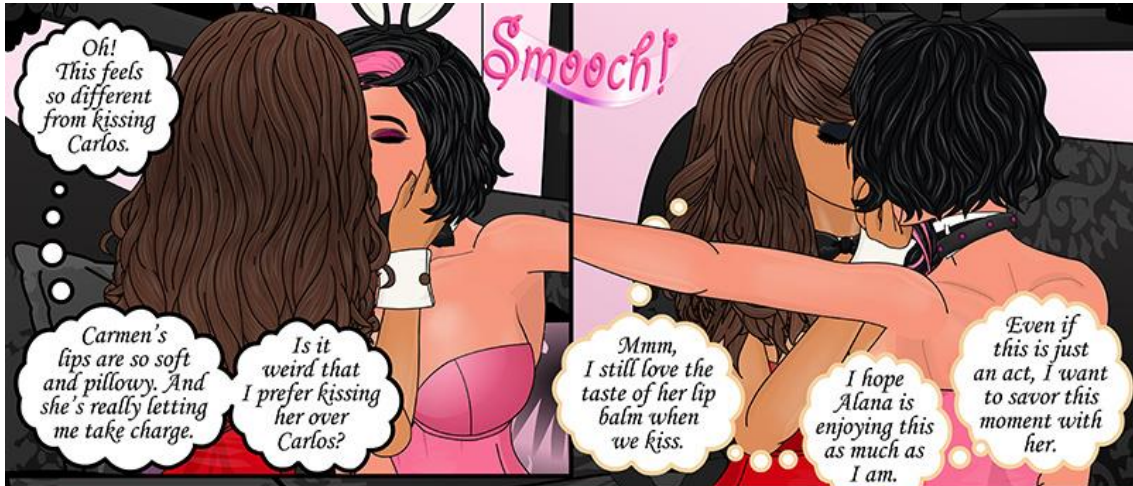

Come and give Momma some sugar.

Smooch!

For this being just an act, Alana is really going all out on this kiss.

I'd better match her passion, to really sell it.

Oh! This feels so different from kissing Carlos.

Carmen's lips are so soft and pillowy. And she's really letting me take charge.

Is it weird that I prefer kissing her over Carlos?

Mmm, I still love the taste of her lip balm when we kiss.

I hope Alana is enjoying this as much as I am.

Even if this is just an act, I want to savor this moment with her.

Wow, was that really an act you were putting on? Because you could have fooled me.

Tell me, was that the first time you've kissed another woman?

It doesn't matter, as long as our subscribers enjoyed watching us kiss.

But hey, I've got more than enough content now to post on both of our accounts.

I'll send you your half of the photos after I finish editing them.

Great! I can't wait to see all the magic we made together.

But uh... what are you going to do with those massive bazongas?

I was thinking of keeping these girls this way for good.

I really like the way they feel, and I'm sure my subscribers will like them too.

Well, thanks again for agreeing to do this collab photoshoot.

I hope it's mutually beneficial for both of us.

Me too. Thanks for being a good sport tonight, Carmen.

And just because you caught me in a good mood...

Smooch! Oh!

What was that for?

That was for being a good sport tonight.

You know, you're not so bad, when you're not being a total jackass.

I could say the same thing about you.

Well, thanks again for everything tonight. It was really eye-opening.

And thank you for offering this. Be sure to text me those photos later. Good night, Alana.

Sleep tight, Carmen. Talk to you later.

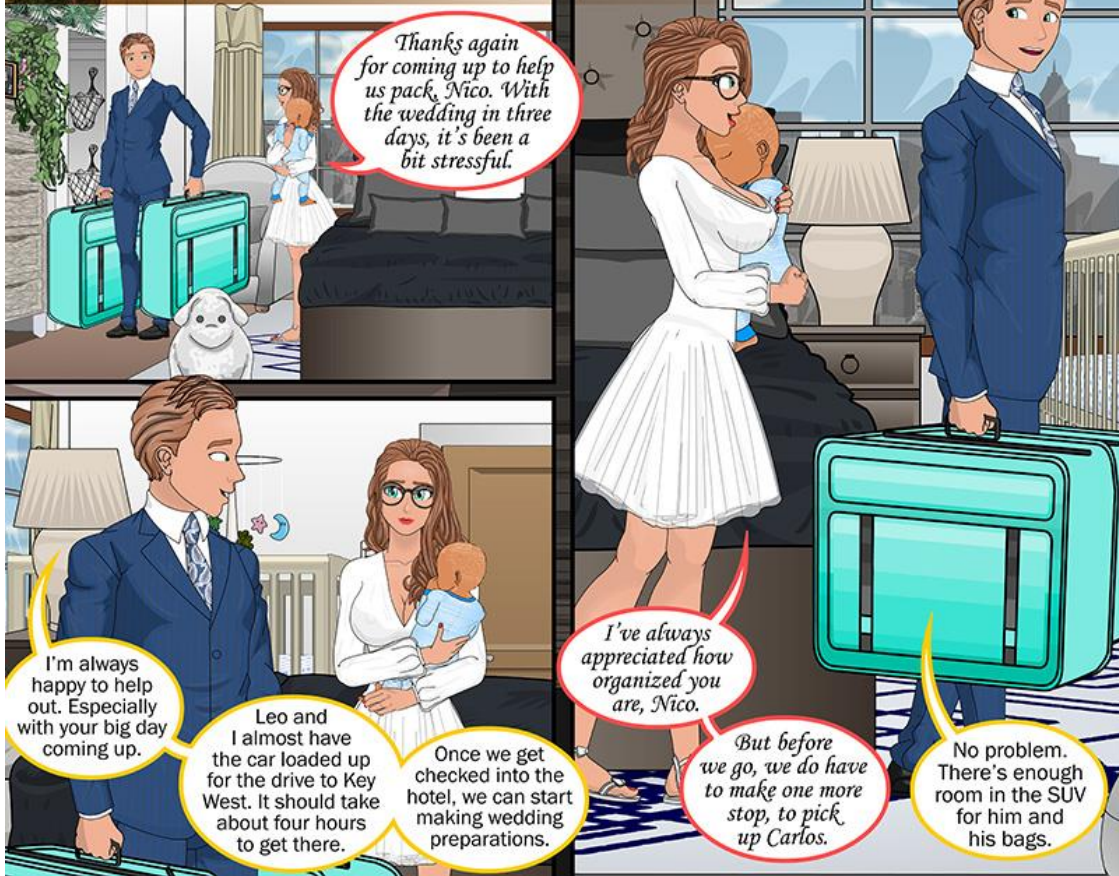

Wow, I didn't expect tonight to go as well as it did.

Not only did it feel great to apologize to Alana, but I got some great Only Fox pictures out of it.

It just feels weird to finally be on Alana's good side again.

Chapter 14: Last-Minute Bridesmaid

Wednesday
July 2, 2025
9:25 A.M.

Thanks again for coming up to help us pack, Nico. With the wedding in three days, it's been a bit stressful.

I'm always happy to help out. Especially with your big day coming up.

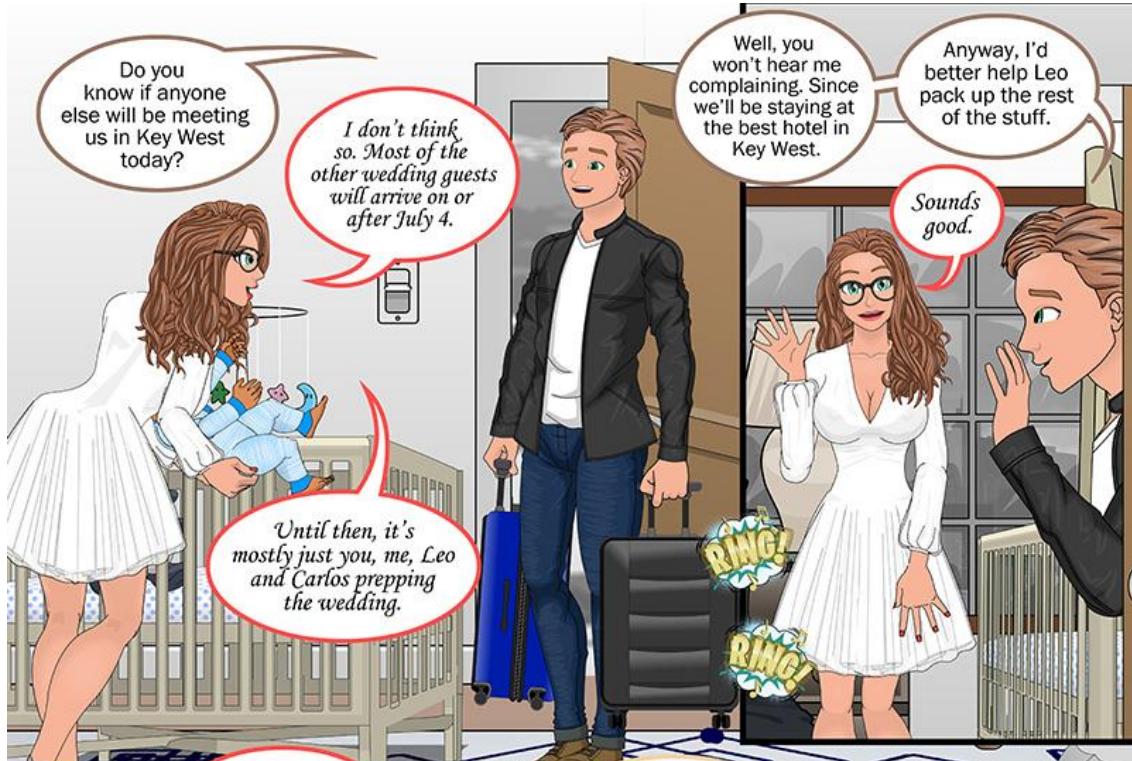

Leo and I almost have the car loaded up for the drive to Key West. It should take about four hours to get there.

Once we get checked into the hotel, we can start making wedding preparations.

I've always appreciated how organized you are, Nico.

But before we go, we do have to make one more stop, to pick up Carlos.

No problem. There's enough room in the SUV for him and his bags.

Do you know if anyone else will be meeting us in Key West today?

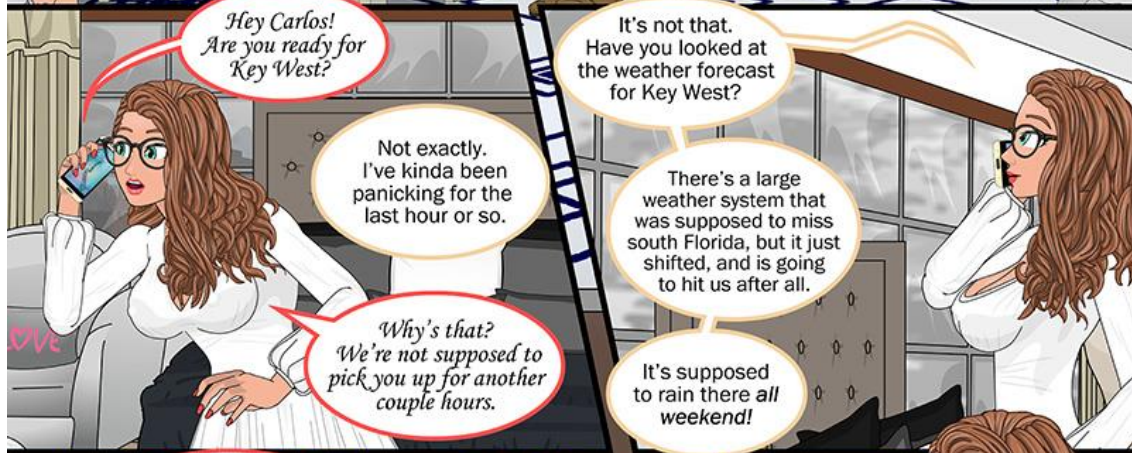

I don't think so. Most of the other wedding guests will arrive on or after July 4.

Well, you won't hear me complaining. Since we'll be staying at the best hotel in Key West.

Anyway, I'd better help Leo pack up the rest of the stuff.

Sounds good.

Until then, it's mostly just you, me, Leo and Carlos prepping the wedding.

Hey Carlos! Are you ready for Key West?

Not exactly. I've kinda been panicking for the last hour or so.

Why's that? We're not supposed to pick you up for another couple hours.

It's not that. Have you looked at the weather forecast for Key West?

There's a large weather system that was supposed to miss south Florida, but it just shifted, and is going to hit us after all.

It's supposed to rain there all weekend!

Yes, I did hear about the rainstorm coming in.

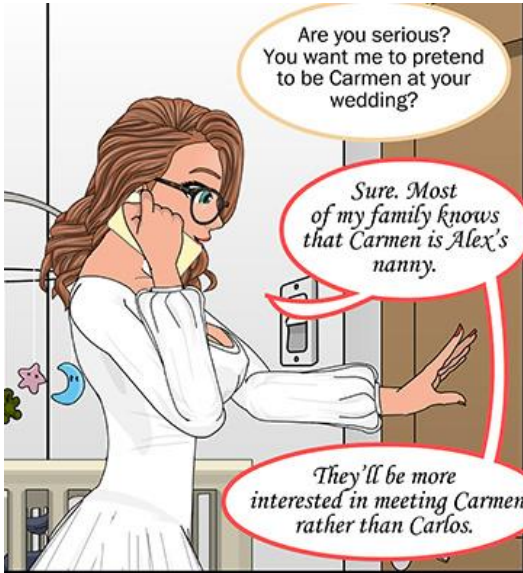

The good news is that it's only supposed to be cloudy on the wedding day, and not rainy.

That is a relief, but what about me? I'll be Carmen for the whole trip.

Maybe I should just stay here?

Absolutely not! You're one of my best friends, and I want you to be a part of my wedding.

We'll just have to pivot our plans: You'll come to the wedding as Carmen!

Are you serious? You want me to pretend to be Carmen at your wedding?

Sure. Most of my family knows that Carmen is Alex's nanny.

They'll be more interested in meeting Carmen rather than Carlos.

I- I don't know... I'm not particularly comfortable with spending the next five days in a row as Carmen.

You've spent the last three months turning into Carmen daily. This shouldn't be too different.

What if I sweetened the deal for you? I could make you one of my bridesmaids.

But... I don't have anything to wear for the wedding as Carmen.

Don't worry, we can shop for a bridesmaid dress tomorrow. My treat.

Well... I'd hate to disappoint you on your big day.

And since there's no other real choice, I guess I'll go to your wedding as a woman.

But let the record show that I'm not thrilled about this choice.

Yeah, sure. So what are we going to tell Leo and Nico?

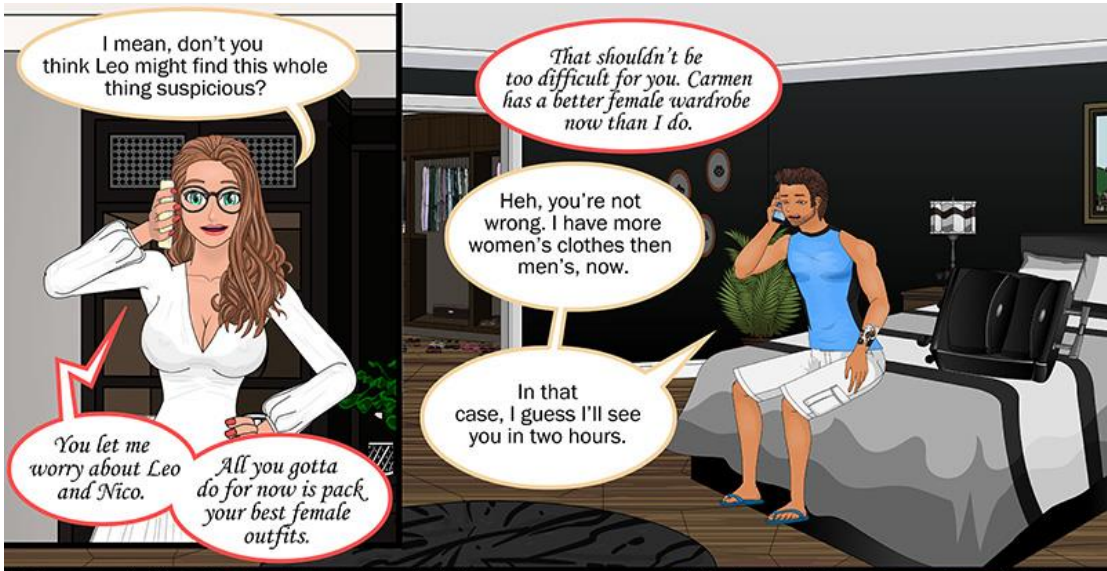

Great! Thank you so much for doing this! You're the best friend I could ask for!

I'll just tell them that there was a change of plans. Carlos got sick, and Carmen's schedule cleared up.

In the meantime, you start packing your bags for Carmen.

We'll still pick you up at your place in about two hours. Hopefully it will have started raining by then.

I guess that works. I just hope Leo and your brother buy our act.

I mean, don't you think Leo might find this whole thing suspicious?

That shouldn't be too difficult for you. Carmen has a better female wardrobe now than I do.

Heh, you're not wrong. I have more women's clothes than men's, now.

In that case, I guess I'll see you in two hours.

You let me worry about Leo and Nico.
All you gotta do for now is pack your best female outfits.

I can't believe this. What a turn of bad luck with this weather!

Now I have to spend the next five days as Carmen.

This will be by far the longest consecutive period of time I've spent as a woman.

I've only ever spent 30 hours at most as Carmen before this trip.

Will I be able to control my feminine urges for that long?
Especially since I'll be spending a lot of time around Gabby's brother.

The last time I hung out with Nico as Carmen, I could barely contain myself.

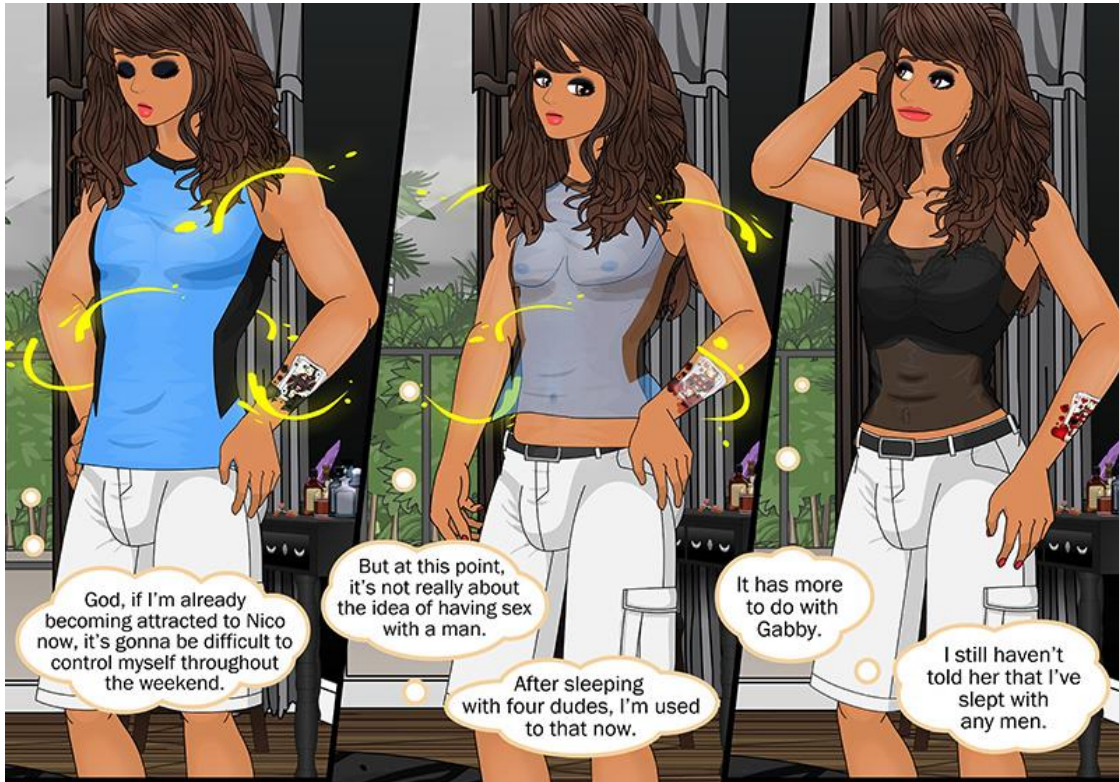

Then again, if anything happened with Nico, would it really be so bad?
Maybe he could be stud number five?

Wait, I'm experiencing Carmen's urges already?

Shit, it's already started raining outside! I'm starting to change.

The storm got here even quicker than I anticipated.
And so did Carmen's thoughts.

God, if I'm already becoming attracted to Nico now, it's gonna be difficult to control myself throughout the weekend.

But at this point, it's not really about the idea of having sex with a man.

After sleeping with four dudes, I'm used to that now.

It has more to do with Gabby.

I still haven't told her that I've slept with any men.

So what would happen if she finds out that I slept with her brother this weekend?

She'd probably think I'm a terrible person for betraying her trust.

She might not want me to babysit Alex anymore.

As much as I want to fuck Nico, I don't want Gabby thinking less of me.

So the proper thing to do this weekend is to be as platonic with Nico as possible.

That's gonna be difficult, since Nico is fine as hell.

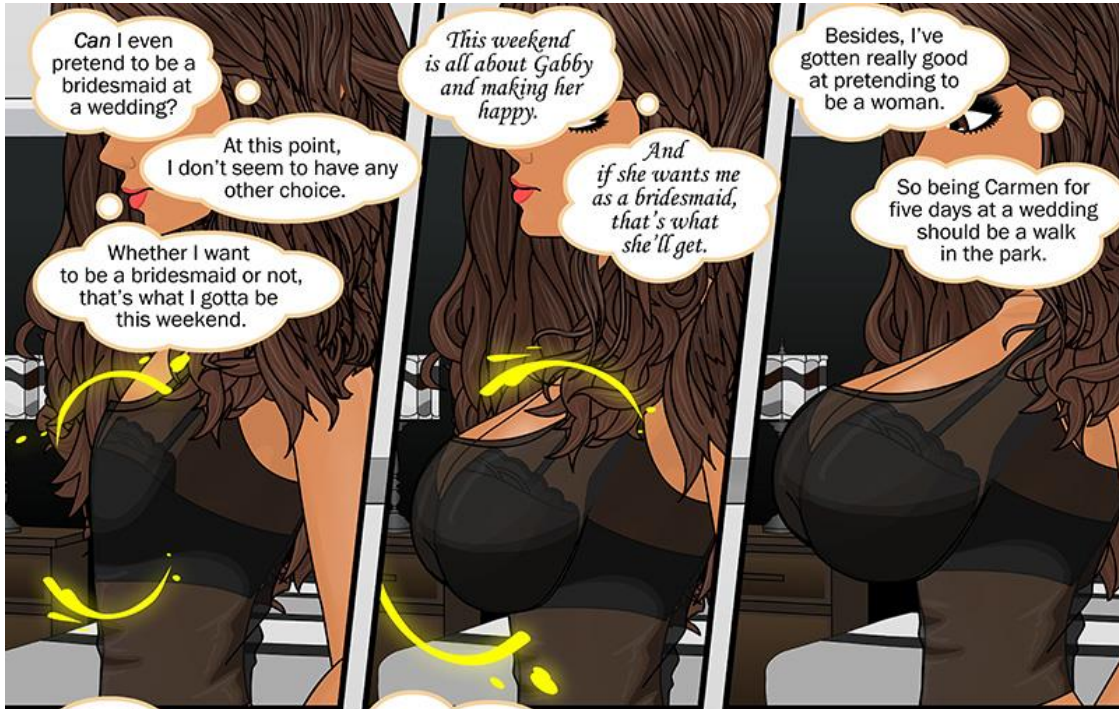

But I think I can control my urges for the next five days.

I just shouldn't be surprised if I fuck the next stud I see when I get back after the trip.

I guess I can live with that.

Now I just gotta worry about being a bridesmaid at Gabby's wedding, instead of a groomsman.

God, that's gonna be embarrassing.

Can I even pretend to be a bridesmaid at a wedding?

At this point, I don't seem to have any other choice.

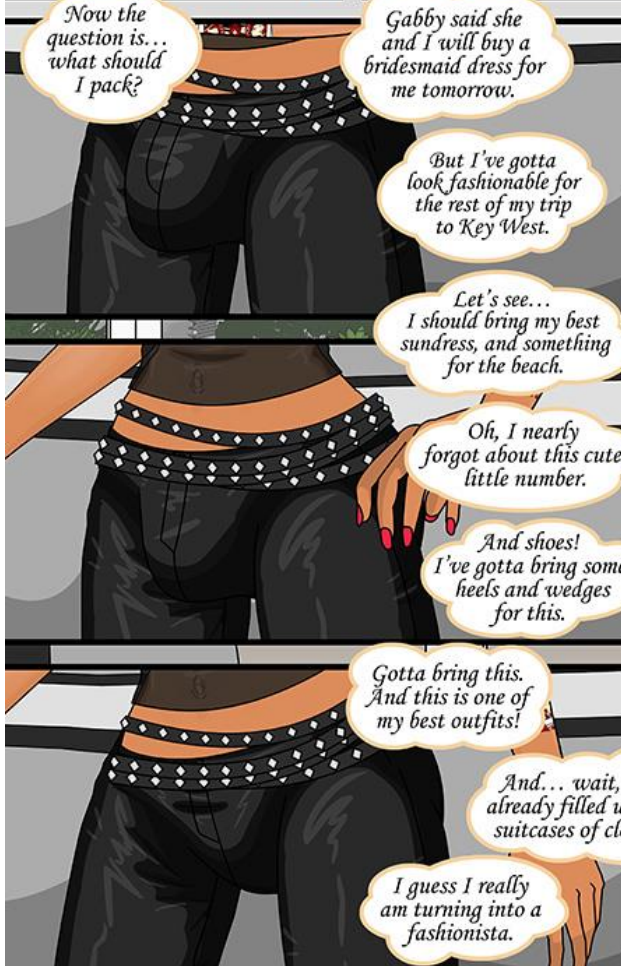

Whether I want to be a bridesmaid or not, that's what I gotta be this weekend.

This weekend is all about Gabby and making her happy.

And if she wants me as a bridesmaid, that's what she'll get.

Besides, I've gotten really good at pretending to be a woman.

So being Carmen for five days at a wedding should be a walk in the park.

Now the question is... what should I pack?

Gabby said she and I will buy a bridesmaid dress for me tomorrow.

But I've gotta look fashionable for the rest of my trip to Key West.

Let's see... I should bring my best sundress, and something for the beach.

Oh, I nearly forgot about this cute little number.

And shoes! I've gotta bring some heels and wedges for this.

Gotta bring this. And this is one of my best outfits!

And... wait, I've already filled up two suitcases of clothes?

I guess I really am turning into a fashionista.

Oh well, I don't mind that at this point.

Giggle!

It just means I'll be in the right mindset to be a bridesmaid.

Maybe I could help Gabby and her friends look their absolute best, too?

Two Hours Later

Alright, we're here.

Great, I'll text Carmen and let her know we're outside.

I can go help her carry her suitcases down, if she needs help.

There she is. Leo, you stay in the car with Alex, Nico and I will help Carmen out.

You got it. Let me know if you need help with anything.

That's very sweet of you, Nico, but she's already on her way down.

I still can't believe she's coming with us. I thought you said she was busy this weekend.

She was, but we're lucky her other plans fell through.

Hey, girl! Thanks again for agreeing to come down to Key West on such short notice.

No problem. I wouldn't miss this for the world.

Let me help you with your bags, Carmen.

It was actually Nico's idea. He paid for the whole thing, wanting us to all travel down to Key West in luxury.

Plus, it was the only way all five of us could fit in one car.

He's not wrong about traveling in luxury. I guess this means I'm sitting up front?

Actually, we're using the front passenger seat to carry some stuff for the wedding. You'll be sitting in the back with Nico.

So, you actually rented an SUV for this trip?

What?! Seriously?!

We're so glad that you're able to join us this weekend, Carmen. Though we were saddened to hear about Carlos.

Yeah, that really sucks that he couldn't come with us.

I appreciate that. Carlos really wanted to be here. But he... caught the flu.

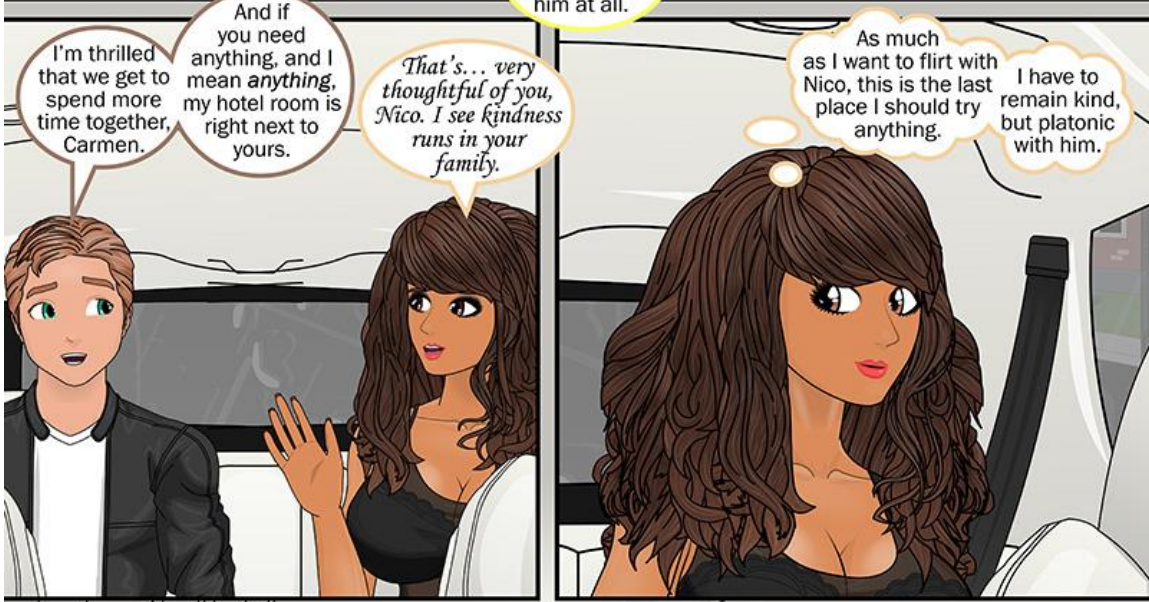

Yeah, it sounded pretty bad. He called me and he sounded terrible.

It's odd, though. When I tried to text Carlos a little bit ago, none of my texts went through.

For some reason, I couldn't reach him at all.

Well, in any case, we're so glad that you're coming down early to help prep for the wedding.

Sure thing. There's no place I'd rather be. I'm glad my schedule cleared up so I could join you in Key West.

I'm thrilled that we get to spend more time together, Carmen.

And if you need anything, and I mean anything, my hotel room is right next to yours.

That's... very thoughtful of you, Nico. I see kindness runs in your family.

As much as I want to flirt with Nico, this is the last place I should try anything.

I have to remain kind, but platonic with him.

HONK!!!

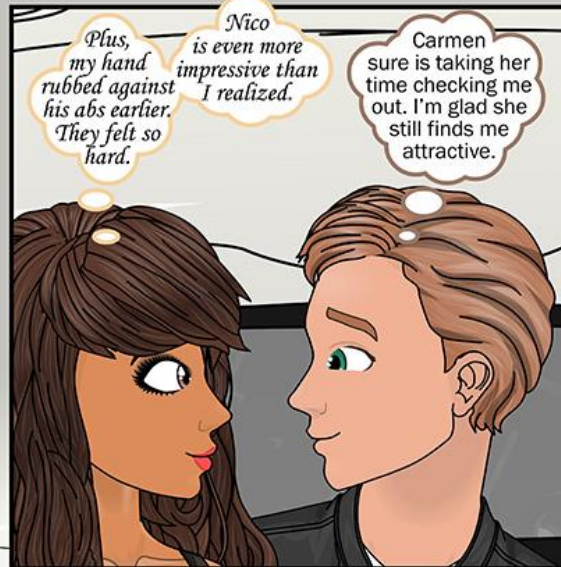

Jesus! This guy is trying to cut me off!

Thud!

Oh God!

Woah, hang on! I've got you, Carmen!

A-as lovely as that sounds, we might not have time for that while we prepare for the wedding.

I'd be willing to make the time for you, Carmen. After all, you should get to have some fun on this trip, too.

Crap! This is exactly what I was trying to avoid. I really don't want to make things awkward for Gabby by hitting on her brother, but...

He's just so charming and handsome!

And is he getting hard? I can definitely feel something pressing into my thigh.

Mmm, he really is packing some heat.

I know I shouldn't like this, but I can't help it.

You do make a good point: I should enjoy myself on this trip.

And I'm definitely enjoying myself right now. You make a great seat.

I'd be happy to help you enjoy this trip in any way I can, Carmen.

Oh God, what am I doing?!

I'm letting my arousal take things way too far.

Keep it together! Focus on Gabby and her wedding this weekend, not my own desires.

Hehe, I don't know what came over me. I guess I got caught up with all the love in the air.

Maybe we should take things a bit slower?

Ugh, this is going to be a long trip...
