

SEVERAL PEOPLE
HAVE ASKED ME TO
SHARE A FEW MORE DETAILS
ABOUT **LARRY'S** LIFE AS MY
BEAUTIFUL, BUSTY **DAUGHTER**.
IT'S BEEN SEVERAL YEARS SINCE
LORI ARRIVED AT MY DOOR AND
TURNED MY LIFE UPSIDE
DOWN, BUT I HAVE TO SAY
I'VE **NEVER** BEEN
HAPPIER...

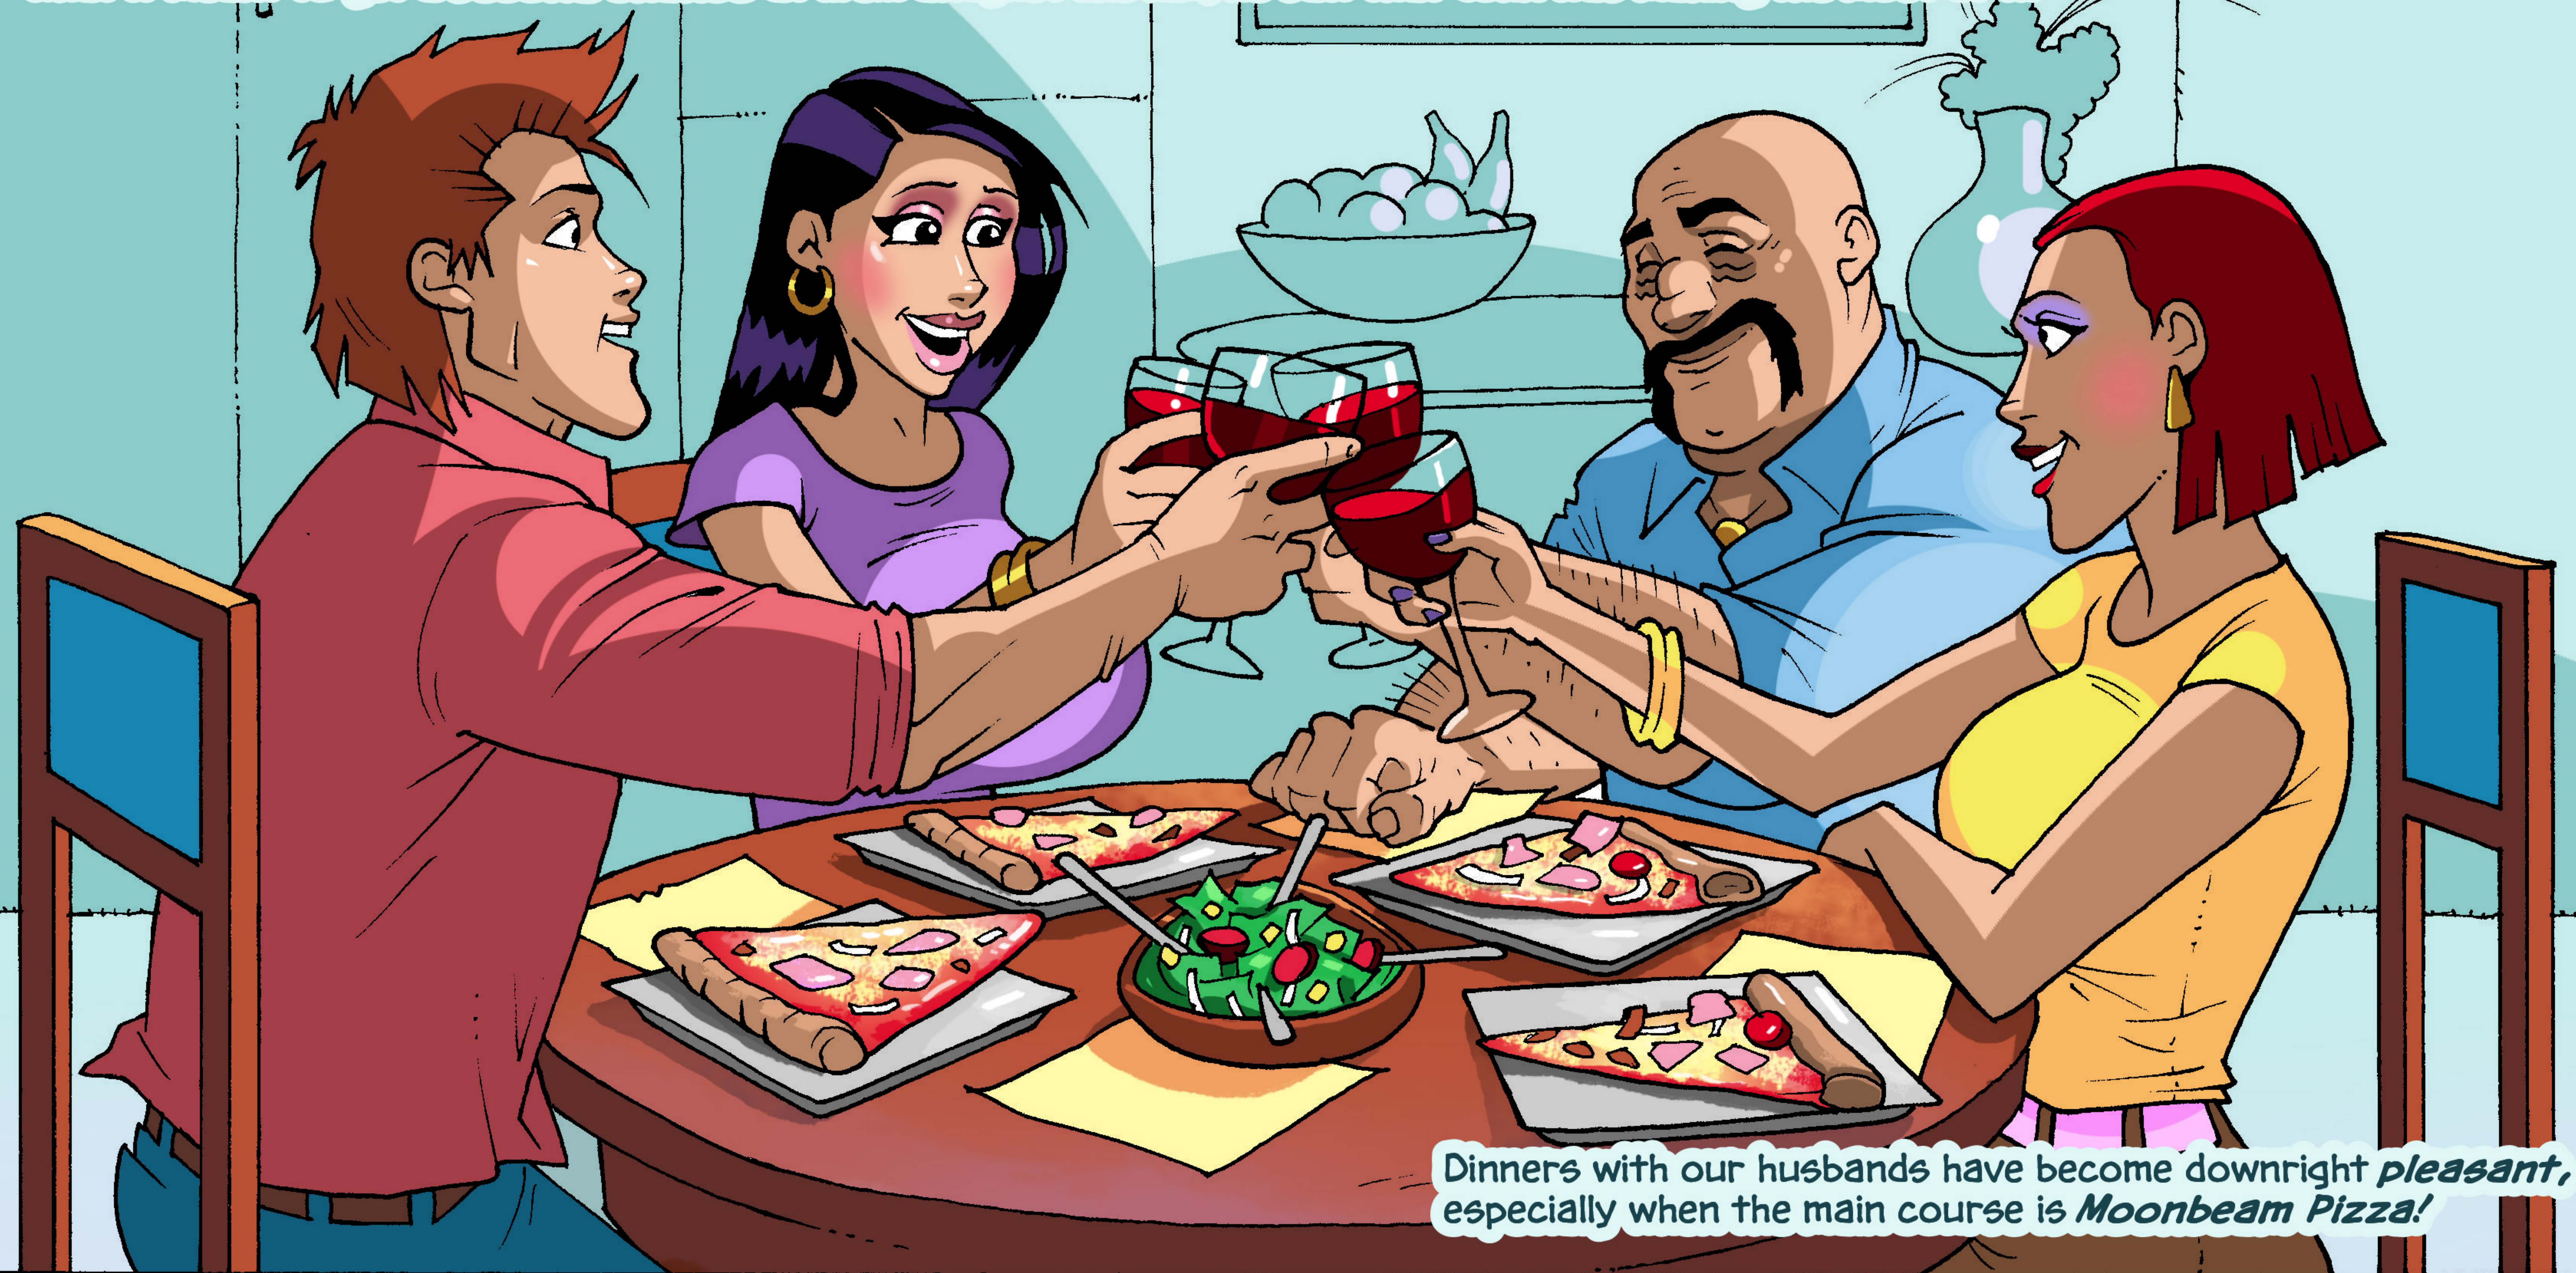

...AND I
THINK THE SAME
CAN BE SAID FOR MY
PRECIOUS GIRL. LARRY IS
THRIVING IN HIS ROLE
AS A YOUNG **WIFE**
AND **MOTHER**.

LARRY NEVER DID
ENROLL IN COLLEGE TO
PURSUE THAT **MARINE BIOLOGY**
DEGREE. HE CLAIMS HE'LL GO
BACK TO SCHOOL ONCE THE
KIDS ARE **OLDER**.

I'M NOT HOLDING
MY **BREATH** ON THAT FRONT, BUT
I'LL NEVER DISCOURAGE LARRY FROM
PURSUING HIS **DREAMS**... AS LONG
AS THEY DON'T INVOLVE
GAMBLING!

I'm happy to say that most of the *tension* between my *daughter* and my *new husband* has faded over time. Larry gradually accepted the fact that John Rocco had changed, turned over a *new leaf*. Larry understood what it meant to get a *second chance* at life... and just like him, he saw that John was making the most of it.

Dinners with our husbands have become downright *pleasant*, especially when the main course is *Moonbeam Pizza*!

Larry initially felt *conflicted* about being *pregnant*. Part of him could *not accept* that this was now his role, that he was a *woman* whose *egg* had been *fertilized* by a man's sperm. He *hated* the way his body was changing. It made him feel out of control.

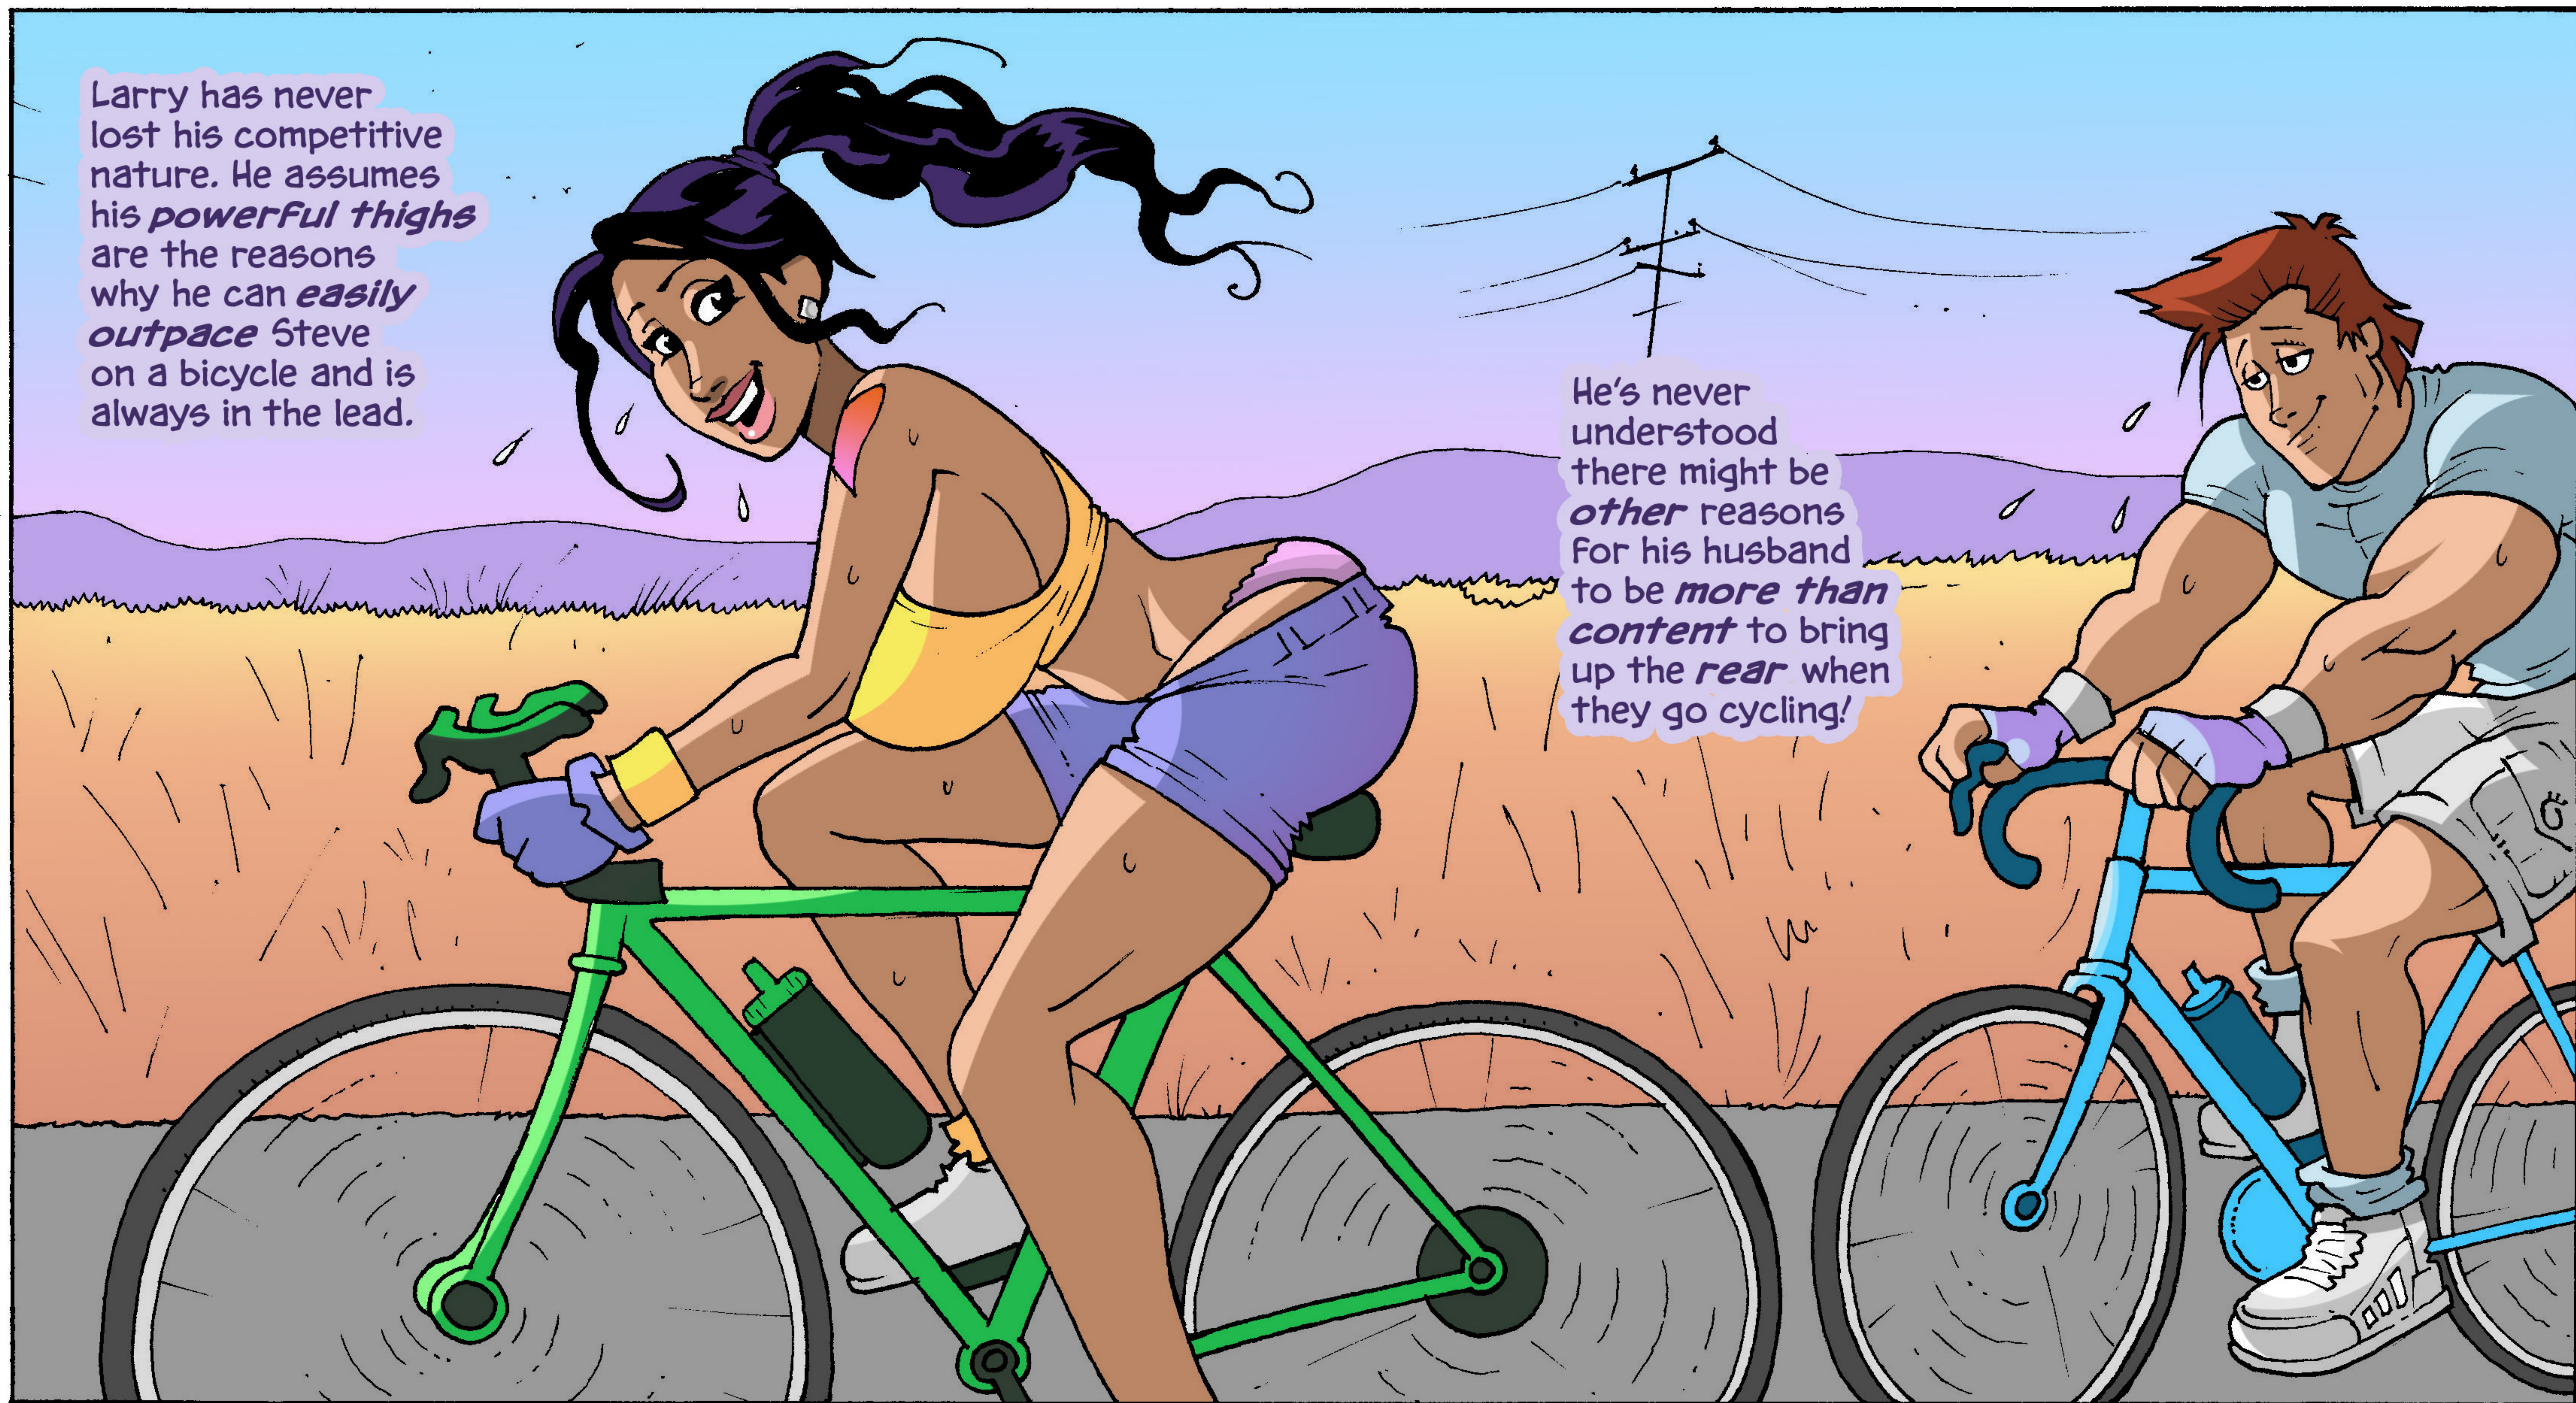

But once the baby *moved* in his belly for the first time, he began to find *joy* in the fact that there was a *life* growing inside him, and was suddenly *proud* to show off his baby bump!

Larry didn't want to know the *gender* of the baby before giving birth, but he did confess to me that he *hoped* it would be a *girl...* and it was.

Larry has never lost his competitive nature. He assumes his *powerful thighs* are the reasons why he can *easily outpace* Steve on a bicycle and is always in the lead.

He's never understood there might be *other* reasons for his husband to be *more than content* to bring up the *rear* when they go cycling!

Larry knows what kind of *present* Steve wants to *unwrap most* at *Christmas* (as well as *any other day* of the year)!

Larry swears he is completely *unaware* of the effect he and Frankie have on *men* whenever they go out, but I'm skeptical that he has *no clue* about the impact these two *lovely ladies* have on the streets of our fair city.

Larry likes to show Steve that he has a *wild* side and doesn't need any *coddling*, but Steve always wants to be sure his woman never gets *too tipsy* and is always capable of making *sound* decisions... even if it means taking one (or two) for the team.

Larry showed off his *wild* side on that very night by leading Steve into an alley behind the dive bar. Steve thought it was a demonstration of *very sound* judgment!

It was the *First* time they had sex *outdoors*, but certainly not the *last*.

Before John Rocco quit transforming *men* into *women*, he had his bodyguard Max transformed into *Maxine* as *punishment* for failing to capture Larry on that momentous day.

Maxine adapted *completely* to her new form, as the other girls had. It wasn't long before she felt that being a *busty woman* was no kind of *punishment at all!*

One thing was for certain, *Maxine* never lost her *bone-crushing* handshake!

John Rocco might come across as a *mighty lion*, but on occasion he acts more like a *big baby*!

I continued to introduce Larry to *new Feminine* experiences, and pretty much *every one* of them met with his approval.

The *priest* who married Larry and Steve seemed to be quite *distracted* while performing the ceremony.

It was apparent to everyone in attendance the *two massive reasons why* this was the case!

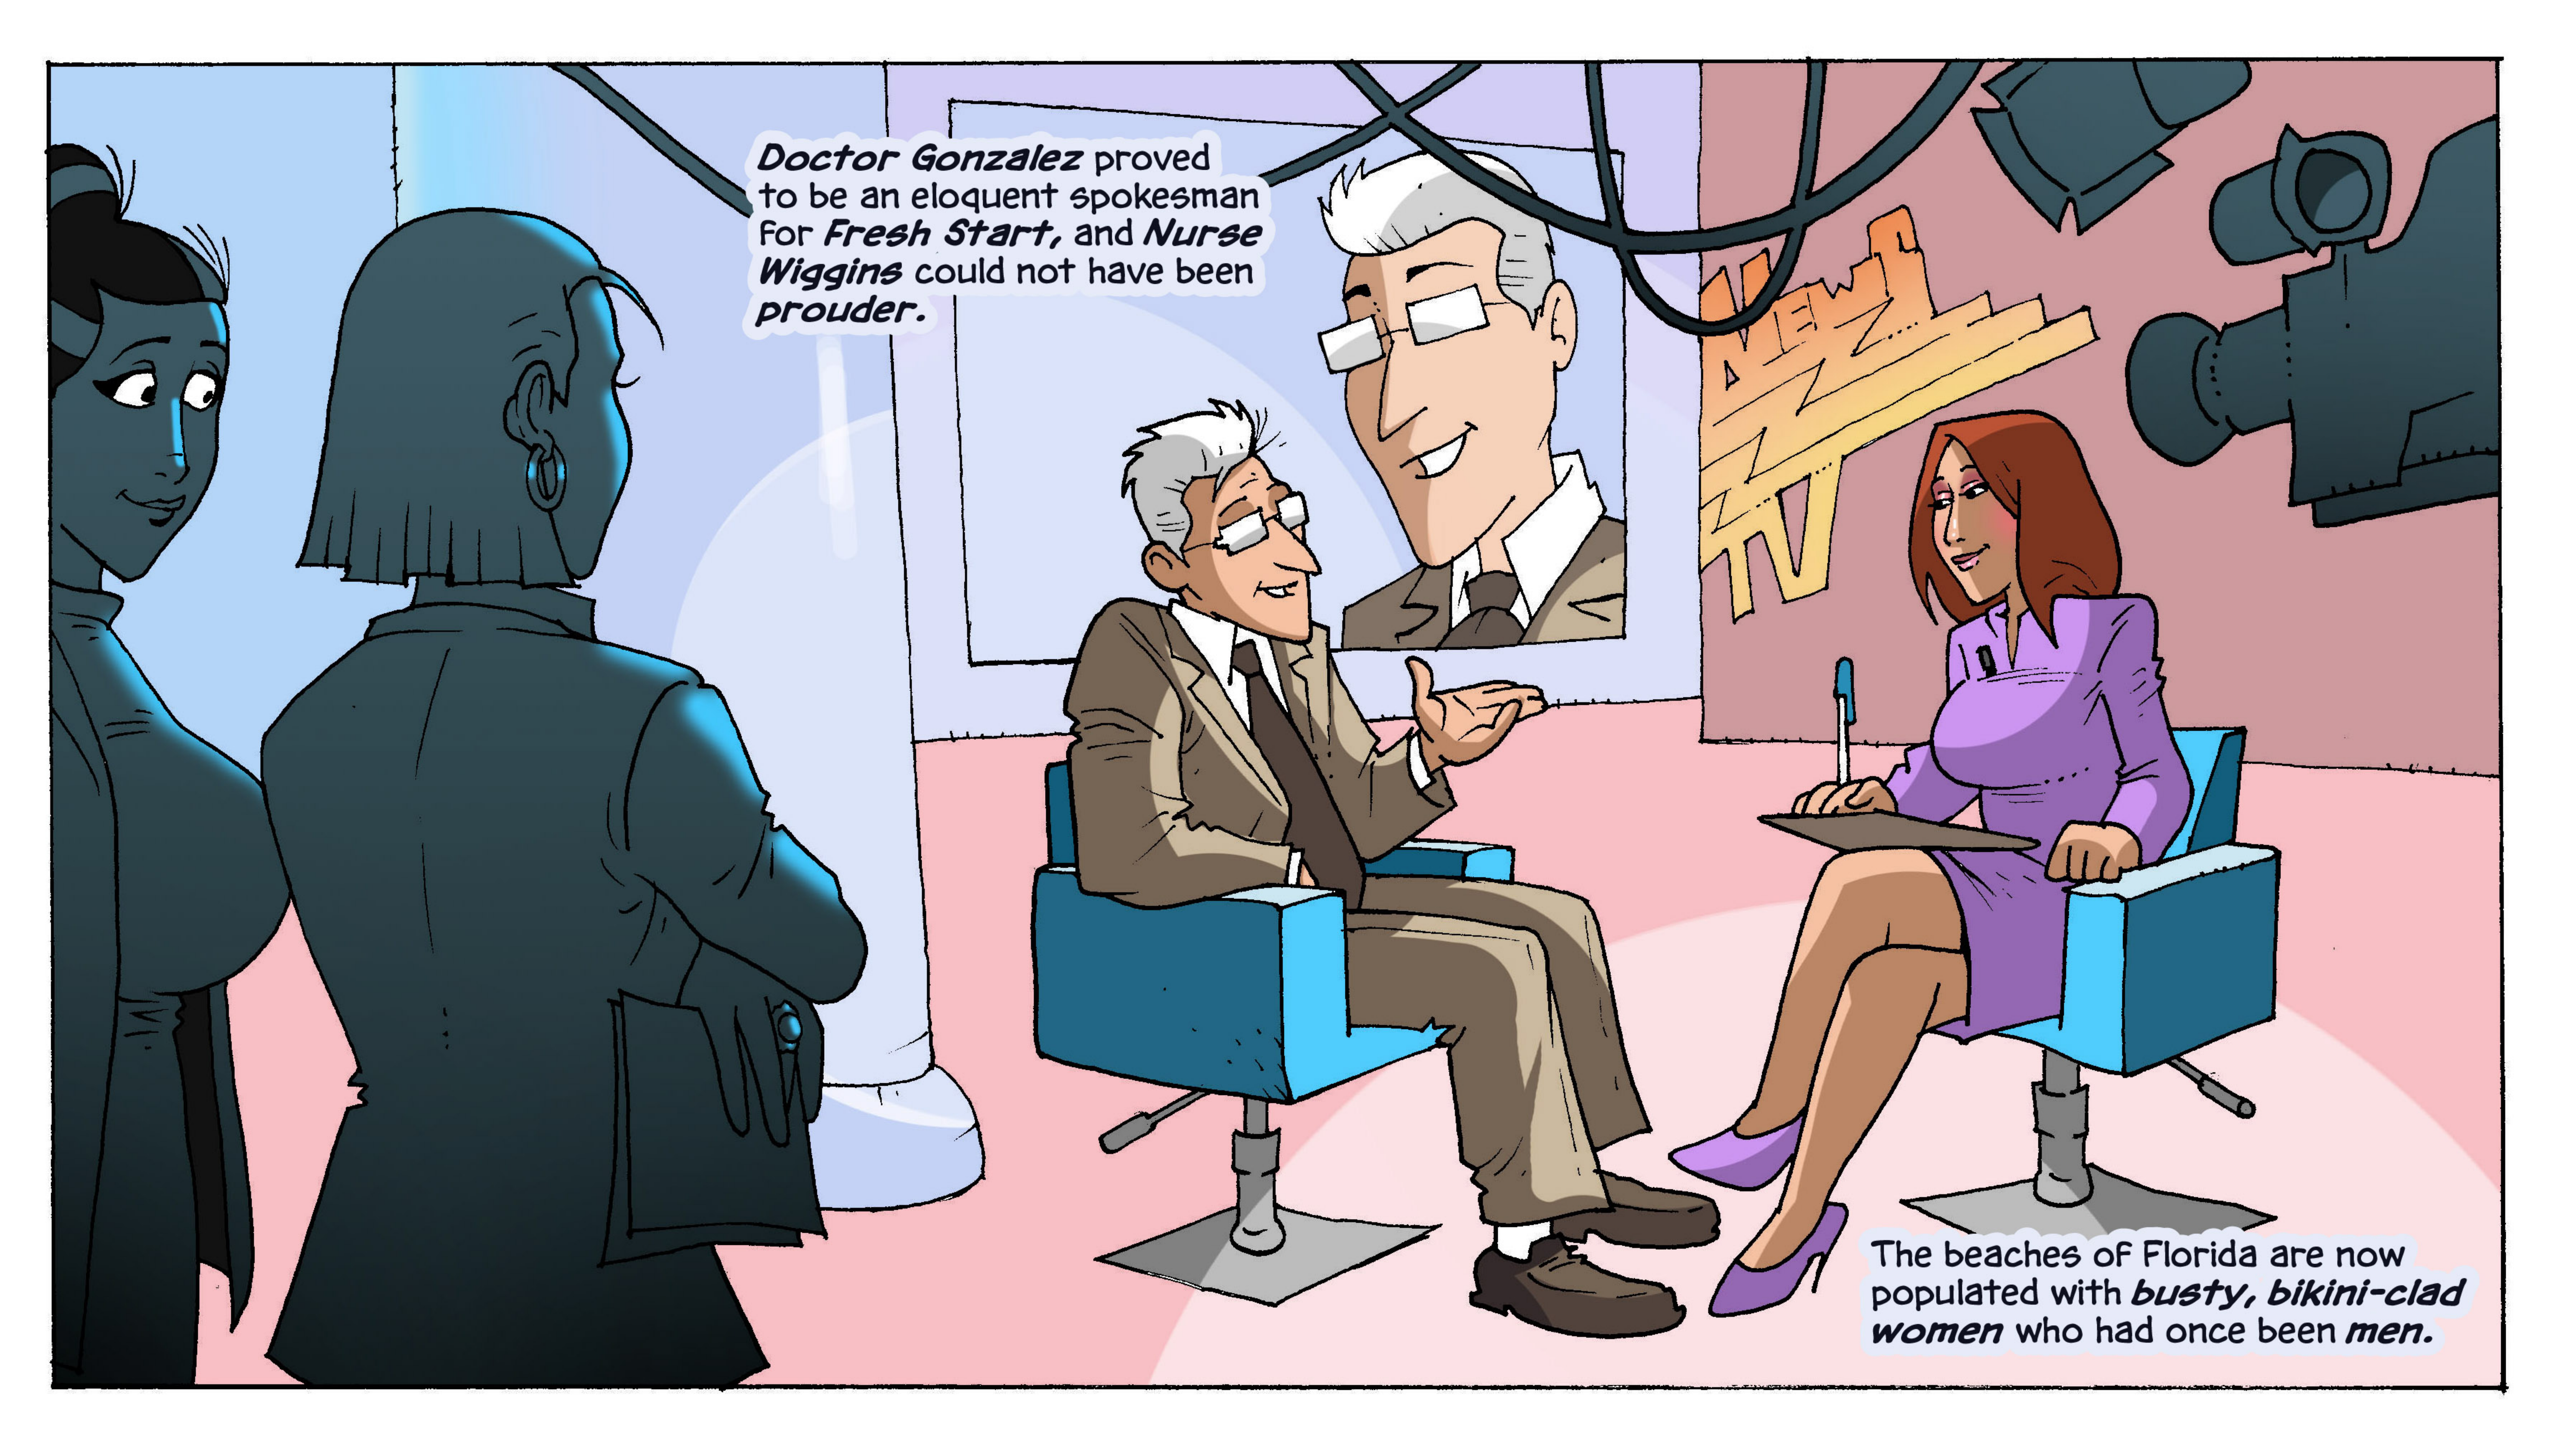

John Rocco isn't
the *only* husband
who sometimes
acts like a *big*
baby!

Larry *never gambles* at casinos anymore. Any wagers he makes these days are just for *laughs*.

And *blowing Steve's mind* while winning a bet is always fun!

Doctor Gonzalez proved to be an eloquent spokesman for *Fresh Start*, and *Nurse Wiggins* could not have been prouder.

The beaches of Florida are now populated with *busty, bikini-clad women* who had once been *men*.

Speaking of *busty, bikini-clad women*, Larry became more and more *comfortable* putting his *bountiful curves* on display as time went on... especially when *Steve* is the one behind the camera.

Steve Galasso sure knows a lot about *Fish...* and Larry never has the heart to correct him when he gets something *wrong*.

Larry took his training with Steve *seriously*.
He's never gotten to kick a guy in the *nuts*, but he
has managed to pick up some awesome *power moves*.

It was quite a blow when I first realized that Larry is now *Far more Flexible* than me. It's sometimes hard to grasp that the *limber young woman* beside me is my former *ex-husband*!

Larry isn't exactly *shy* about showing some *skin*, but he's constantly *astounded* by how much attention he gets when he ventures outside.

A *Friendly* conversation, accompanied by a *smile*, is enough to make practically any man *Fall hard* for my daughter.

When *Steve* isn't around, things can get a little *crazy*!

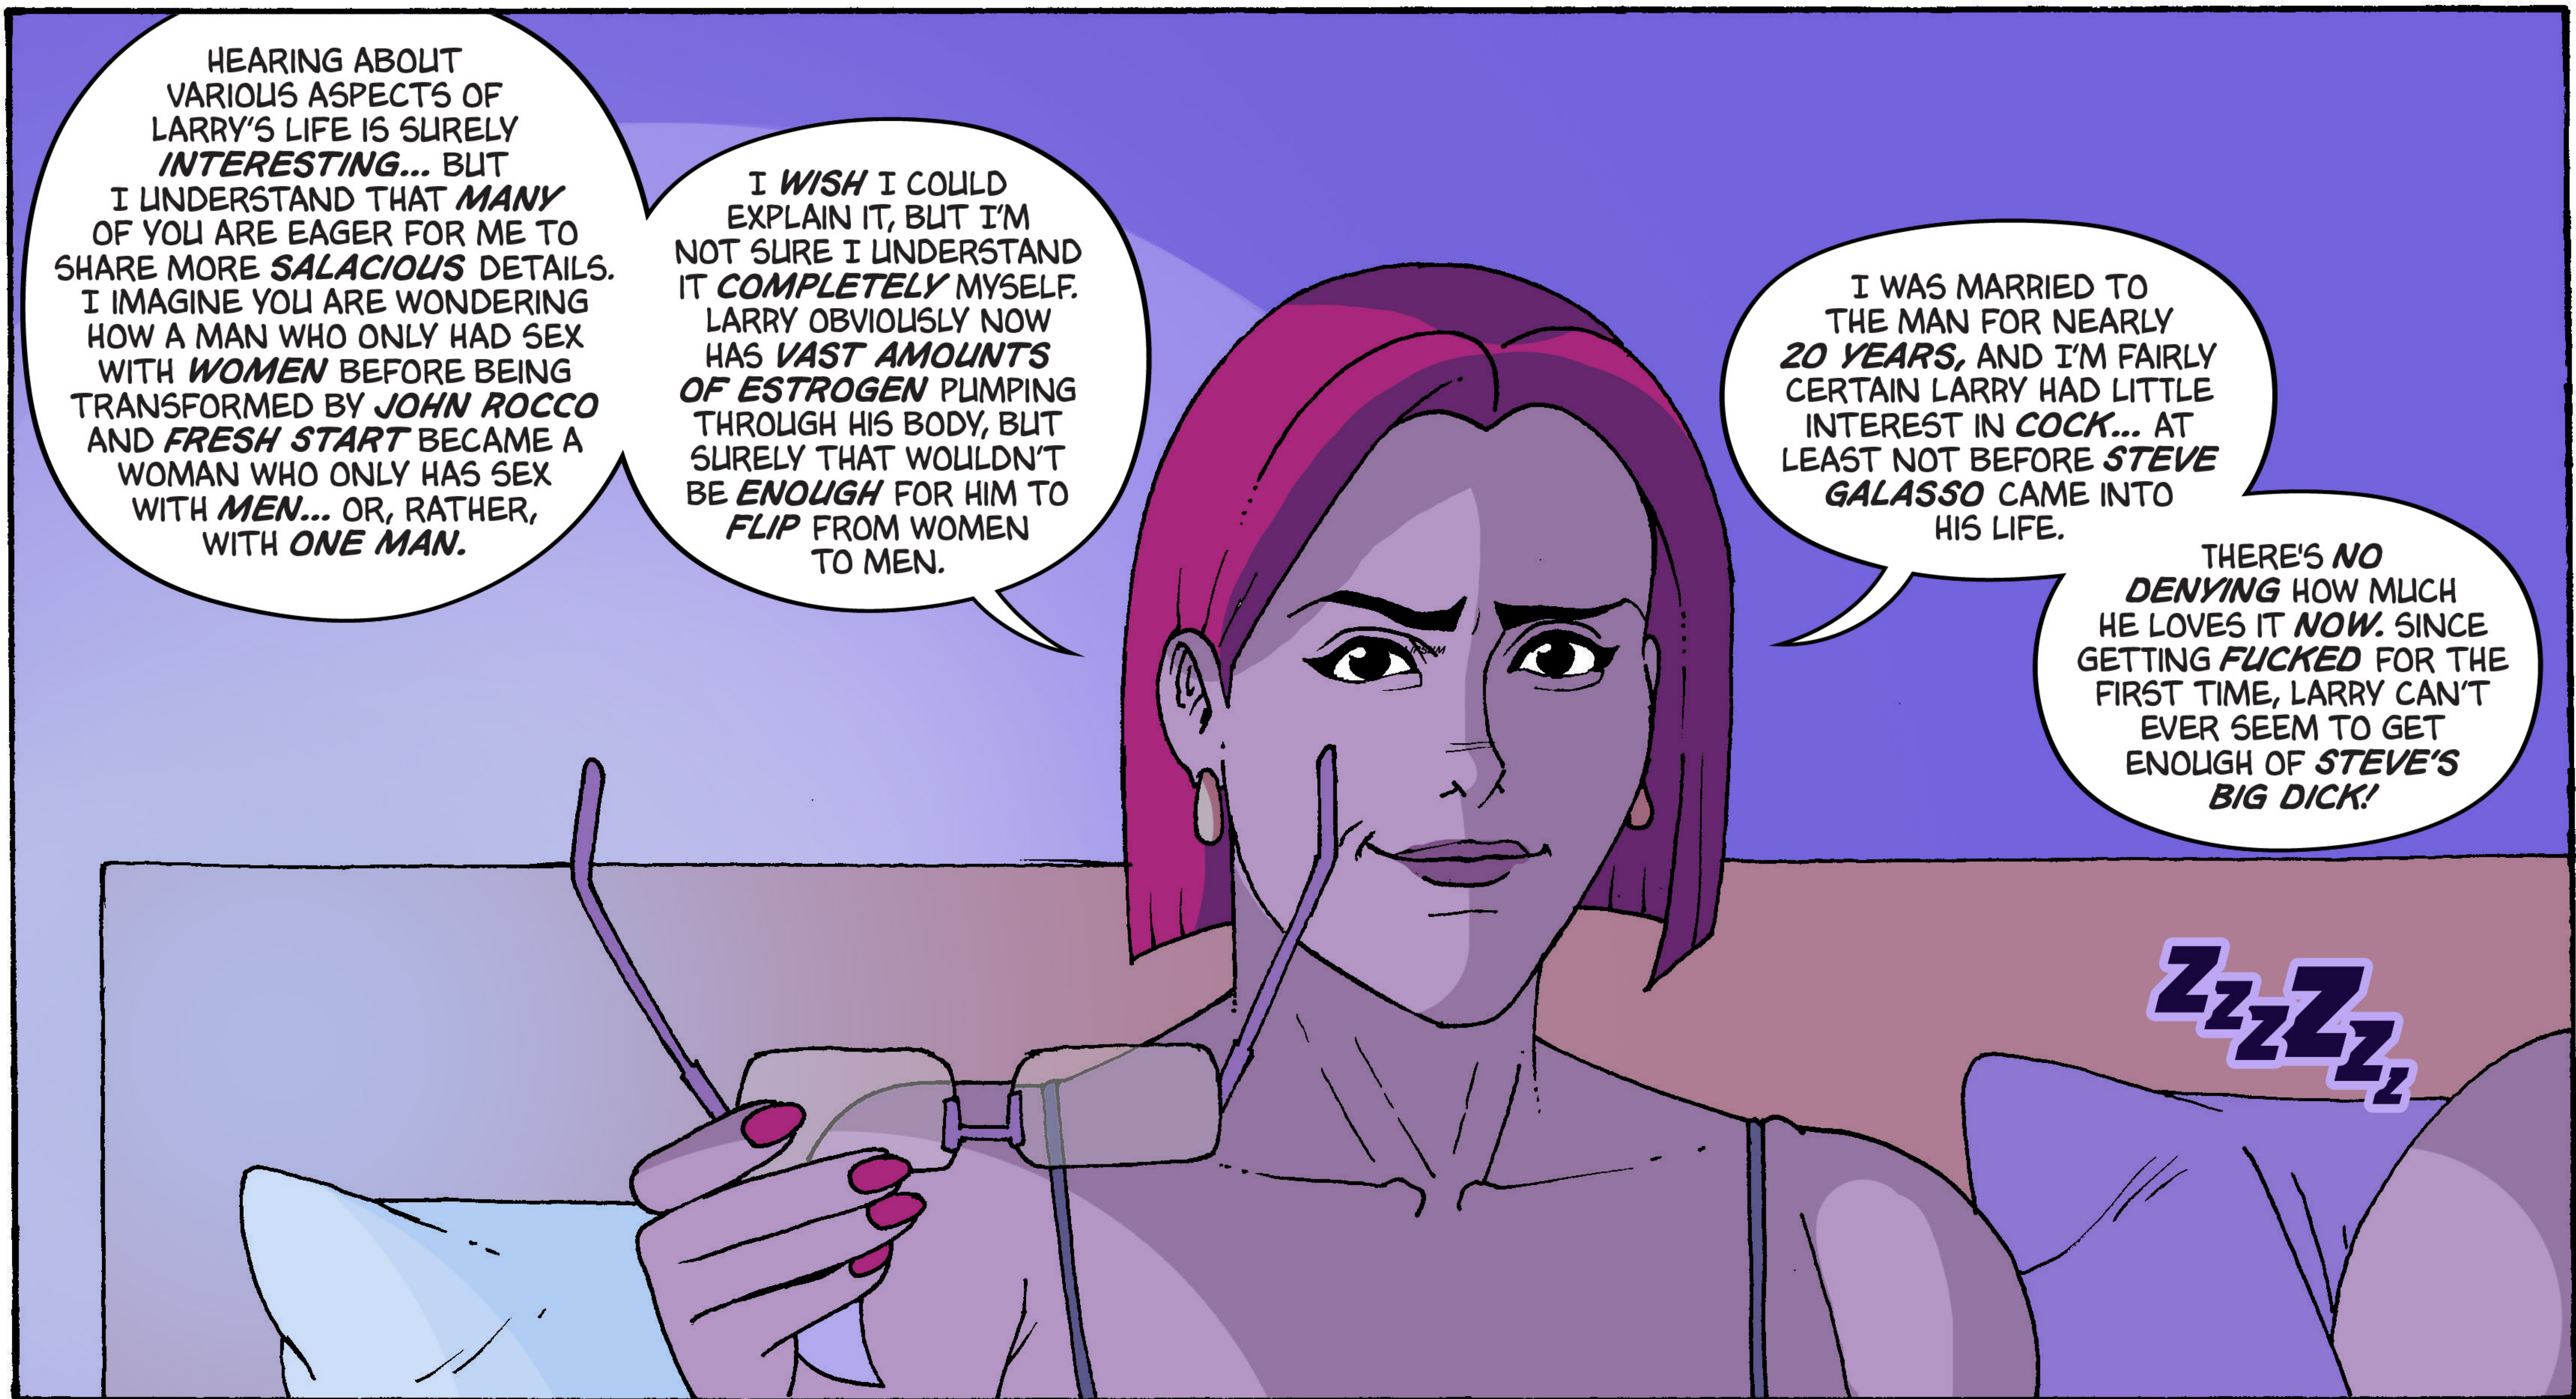

HEARING ABOUT
VARIOUS ASPECTS OF
LARRY'S LIFE IS SURELY
INTERESTING... BUT
I UNDERSTAND THAT *MANY*
OF YOU ARE EAGER FOR ME TO
SHARE MORE *SALACIOUS* DETAILS.
I IMAGINE YOU ARE WONDERING
HOW A MAN WHO ONLY HAD SEX
WITH *WOMEN* BEFORE BEING
TRANSFORMED BY *JOHN ROCCO*
AND *FRESH START* BECAME A
WOMAN WHO ONLY HAS SEX
WITH *MEN...* OR, RATHER,
WITH *ONE MAN*.

I *WISH* I COULD
EXPLAIN IT, BUT I'M
NOT SURE I UNDERSTAND
IT *COMPLETELY* MYSELF.
LARRY OBVIOUSLY NOW
HAS *VAST AMOUNTS*
OF *ESTROGEN* PUMPING
THROUGH HIS BODY, BUT
SURELY THAT WOULDN'T
BE *ENOUGH* FOR HIM TO
FLIP FROM WOMEN
TO MEN.

I WAS MARRIED TO
THE MAN FOR NEARLY
20 YEARS, AND I'M FAIRLY
CERTAIN LARRY HAD LITTLE
INTEREST IN *COCK...* AT
LEAST NOT BEFORE *STEVE*
GALASSO CAME INTO
HIS LIFE.

THERE'S *NO*
DENYING HOW MUCH
HE LOVES IT *NOW*. SINCE
GETTING *FUCKED* FOR THE
FIRST TIME, LARRY CAN'T
EVER SEEM TO GET
ENOUGH OF *STEVE'S*
BIG DICK!

ZzzZz

Larry is aware of *just how much* he has changed. On occasion, the realization of *how different* sex is from what he had known for most of his life hits him *hard*, sometimes right in the *middle of a session* with Steve.

The idea that he could lie on his *back* with his legs spread *wide*, that a *man's penis* could be inside him, completely *Filling* a moist, sensitive opening that had previously *not existed*, that a *hard cock* could now thrust all the way to his *cervix...* it was truly *mind-boggling!*

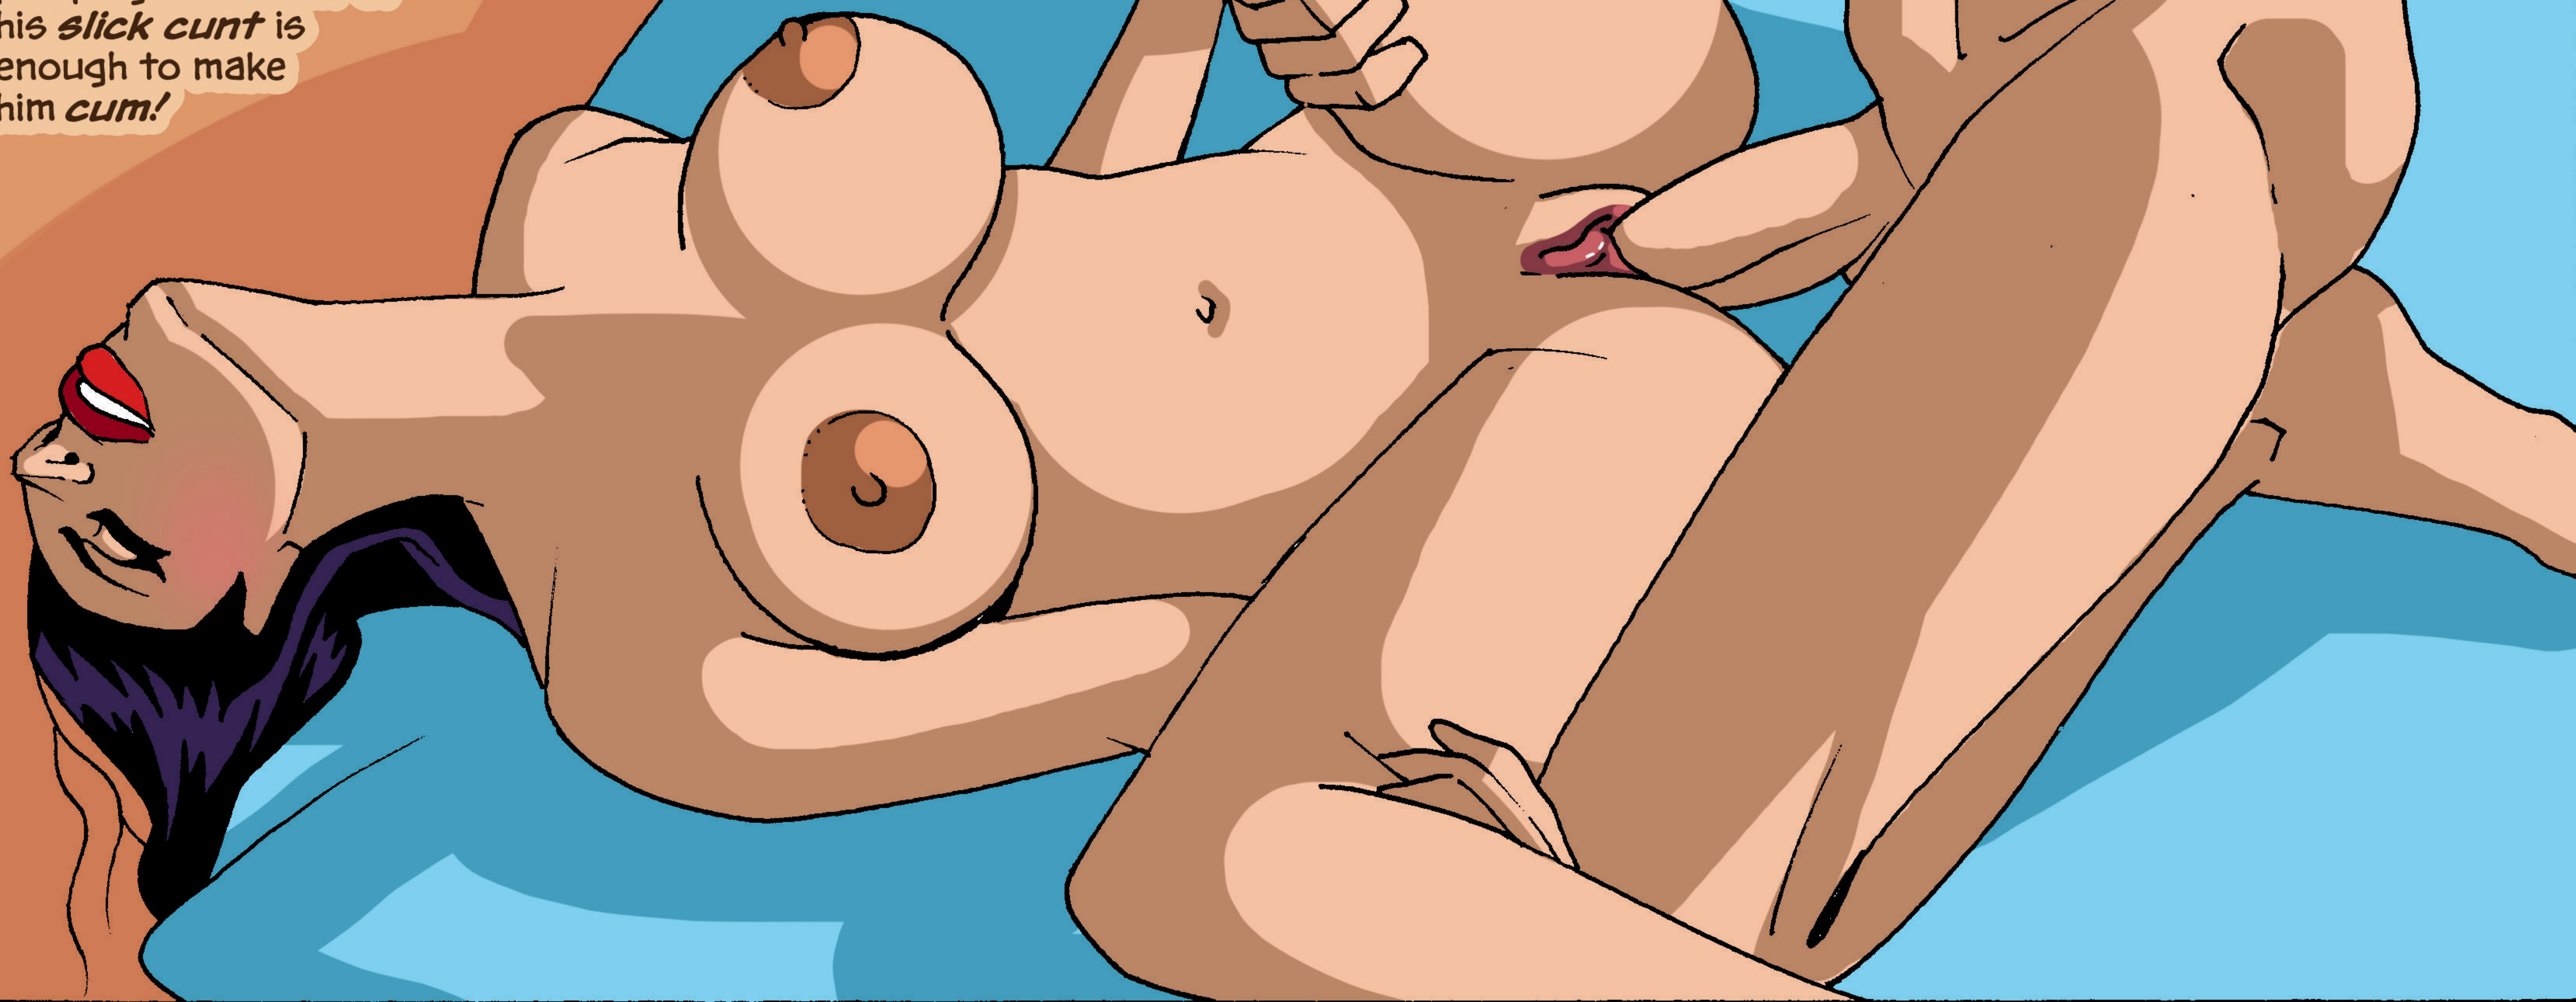

Larry loves *reverse cowgirl*. Turned *away* from Steve, he can focus *completely* on the sensation of that *meaty cock* moving in and out of him. He finds it hits his vaginal walls *differently* from other positions. Being able to control the movement, the pace, and the angle is quite *empowering*.

Facing Steve is also *great* for Larry, because he can *grind his clit* against Steve's pelvis as they fuck, and *kissing* his man as he rides that hefty dick is *super-hot!*

For Larry, one of the *joys* of being a woman is the option to simply lie back and let *his man* do all the work. Larry is one of the fortunate few who can orgasm without *any* clitoral stimulation. Having that *big dick* of Steve's pumping in and out of his *slick cunt* is enough to make him *cum!*

Even after they started ***Fucking***, Larry never imagined that he would ***ever*** want a dick in his ***mouth...*** but the longer he was with Steve, the more he longed to ***pleasure*** his man in ***every way*** he possibly could!

He still couldn't quite ***believe*** what he was doing the ***First time*** he dropped to his knees and ***wrapped his lips*** around Steve's ***engorged member***, but he only hesitated for a ***moment***.

He then proceeded to ***lick*** and ***suck*** diligently until he successfully brought Steve to ***orgasm...*** and Larry was suddenly swallowing ***vast amounts*** of ***cum!***

Larry possessed little knowledge about *uncut dicks* before he met Steve, since he'd been circumcised himself. He quickly learned that Steve *usually* liked him to suck with the *foreskin up...* but not *always*.

Larry *never* imagined that *eating* a big cock might even *turn him on...* but it does.

It's *why* he started giving *blowjobs* to Steve on a *regular basis*.

Larry gets quite *melancholy* whenever Steve is away in *Tallahassee*. He's always refused to use the *toy* I once bought for him, or shop for any *new toys* for himself. I like to tease him by saying that he's clearly *addicted* to his husband's cock and unable to accept any *substitutes*.

Instead of *denying* it, Larry simply gets a *wistful* expression on his face and murmurs that it's *true*.

Larry *loves* staring into *Steve's eyes* as they fuck. He says it makes intercourse that much *hotter...* their connection that much *greater*.

Larry claims sex isn't truly about *genitalia* or *penetration*, but then brags about how *long* Steve can last... that the man can literally *pound his pussy* for hours!

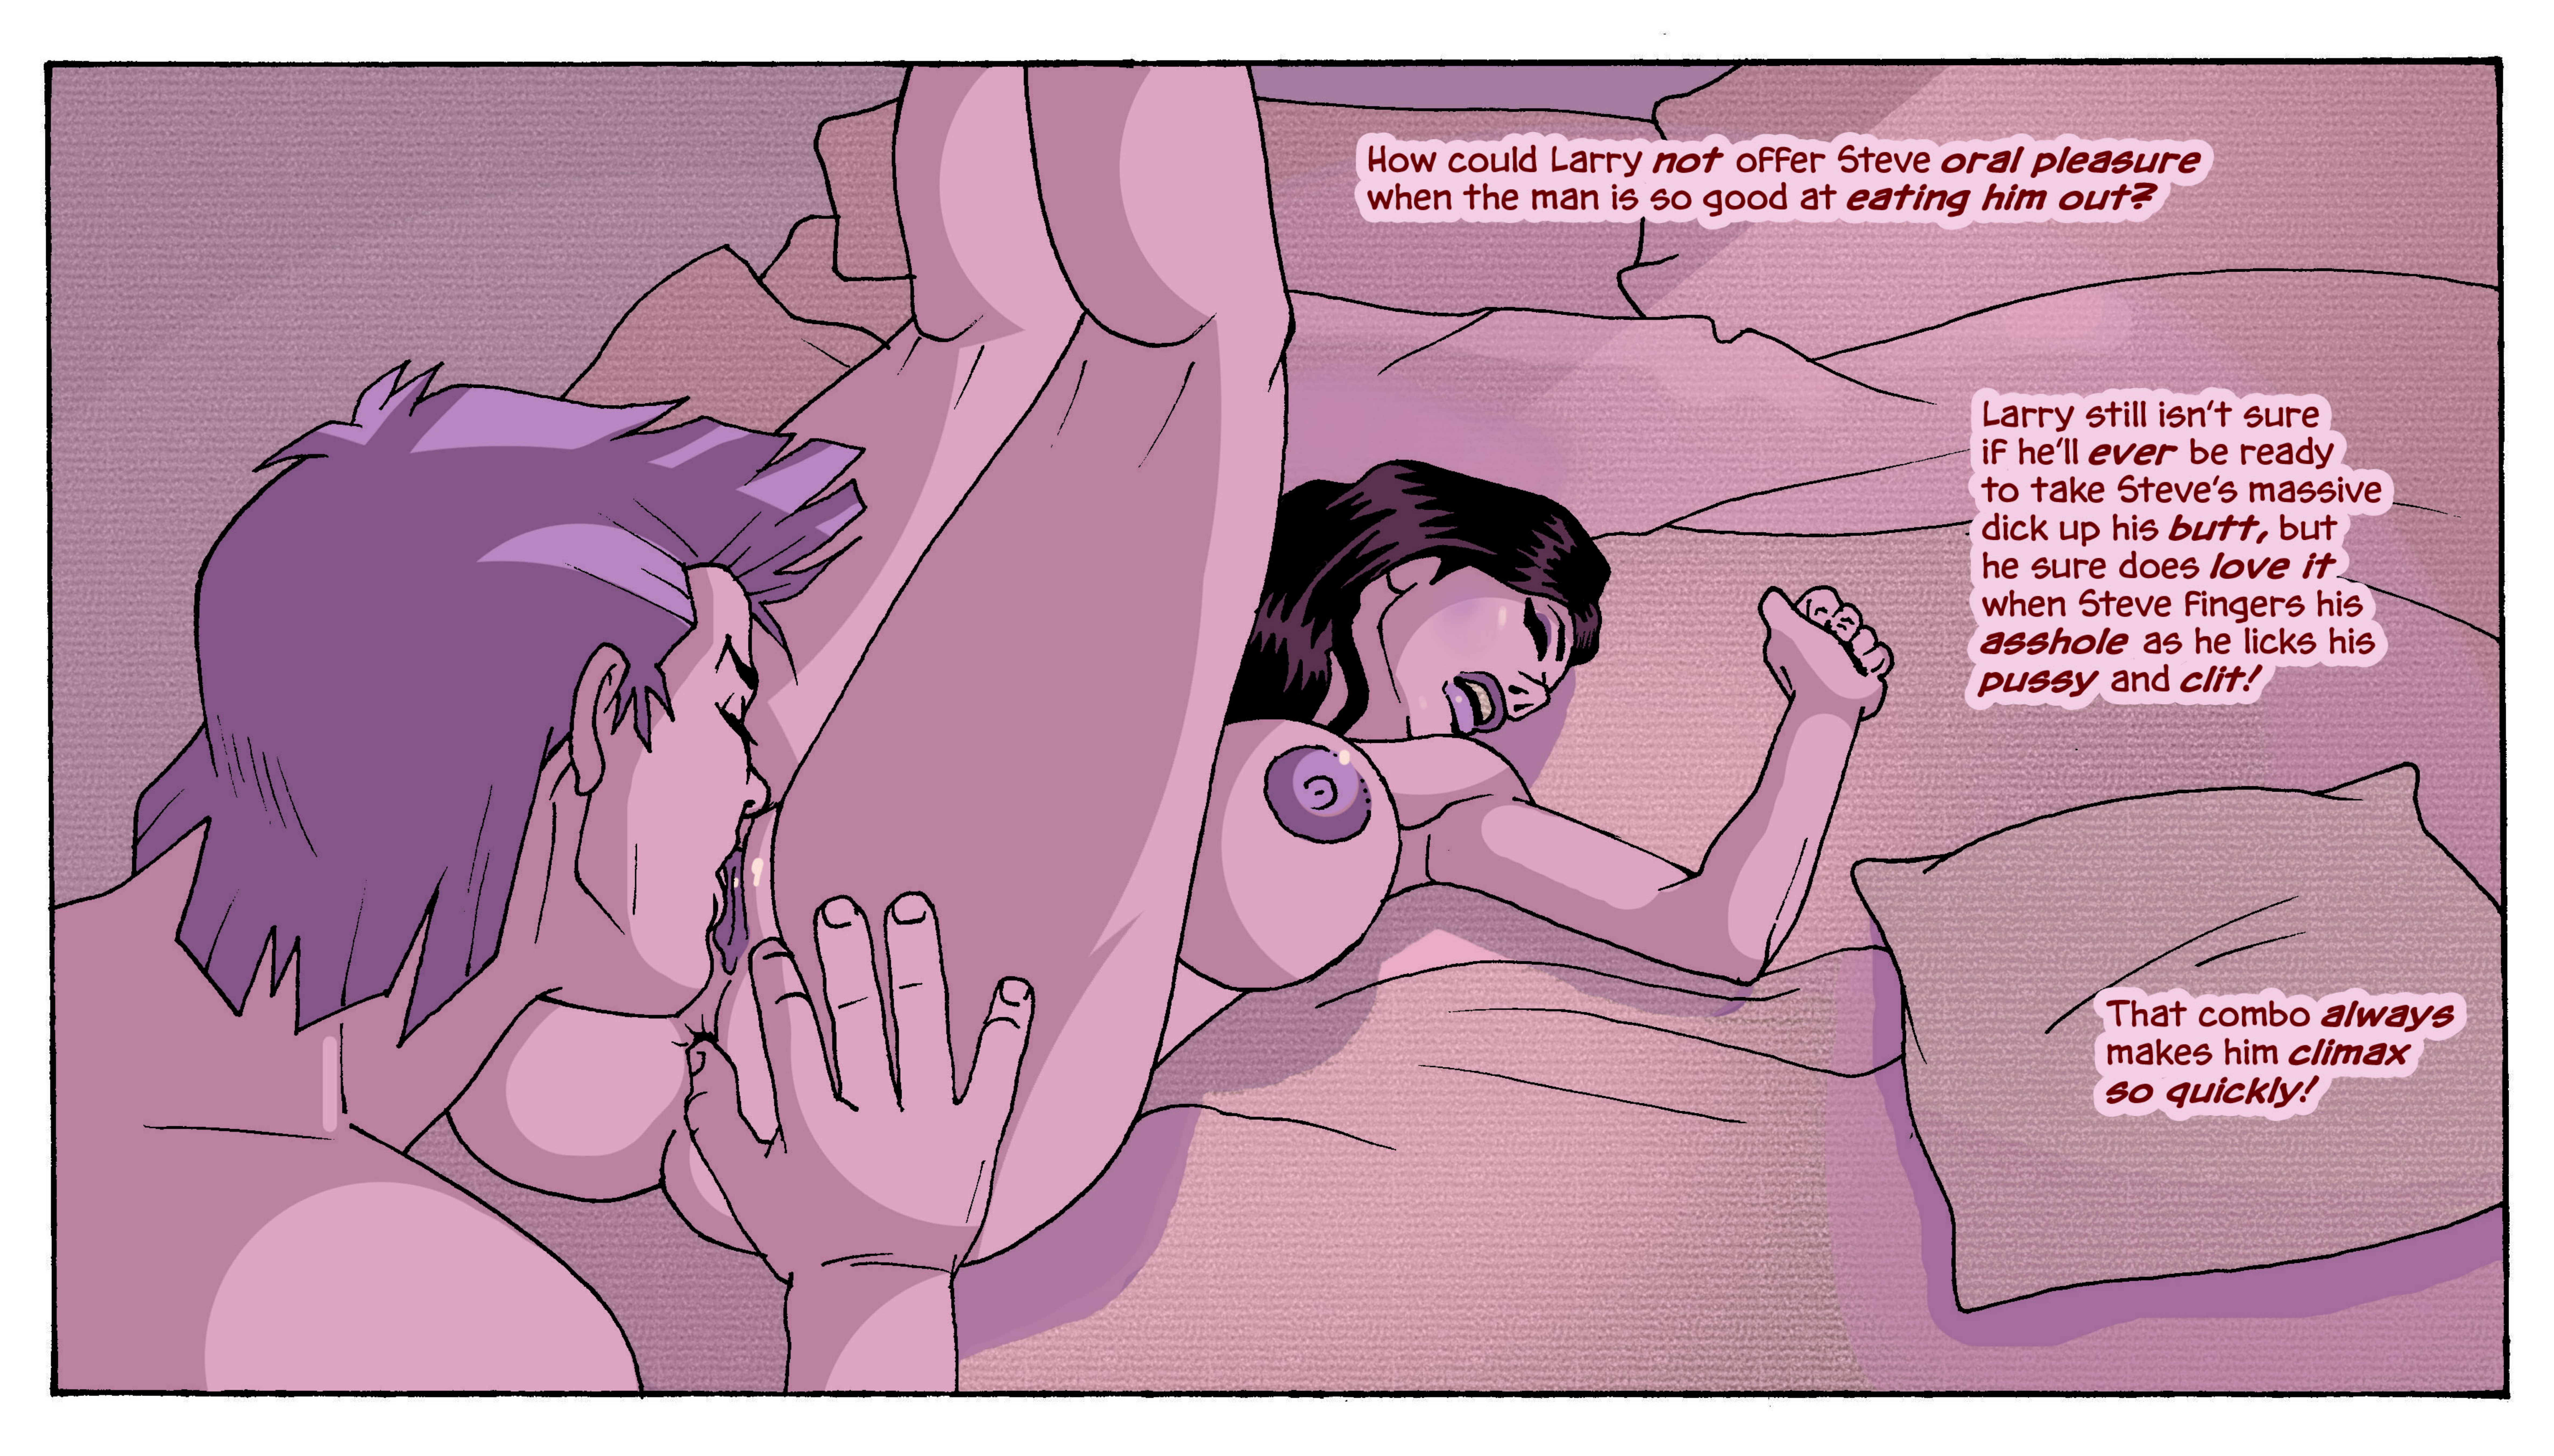

I do my best not to be *too jealous* of *my daughter* as I lie in bed at night, listening to my *husband's snores*.

Larry also loves staring into Steve's *eyes* as he sucks his *cock*. He knows *nothing* is sexier than letting his man see the *desire* in his eyes.

Larry loves to *prance* into a room wearing only *heels* and a *thong*, sink to the floor, and *worship the cock* he has grown to love.

It never takes long before Steve is *moaning* with pleasure... and Larry has become *sopping wet*.

How could Larry *not* offer Steve *oral pleasure* when the man is so good at *eating him out*?

Larry still isn't sure if he'll *ever* be ready to take Steve's massive dick up his *butt*, but he sure does *love it* when Steve fingers his *asshole* as he licks his *pussy* and *clit*!

That combo *always* makes him *climax* so quickly!

Dealing with *cum* was one of the *major* reasons Larry had been hesitant about *sucking cock*, but he's grown accustomed to the taste of *Steve's jism*.

Getting a *facial* from the man he loves has become a source of *pride...* instead of *shame*.

After Larry learned the *pleasures* his vagina and clit had to offer, he began to *Finger himself* on a regular basis.

He has *zero interest* in being with any man other than *Steve* in *real life*, but it's nevertheless fun to *fantasize* about having a *different cock* inside him.

Larry never gives much thought to the fact that he *never* pictures himself with a *woman* while playing with his pussy... only *men*.

Larry is often quite *sore* after a good fucking, but the *pleasure* far outweighs any *discomfort or pain*.

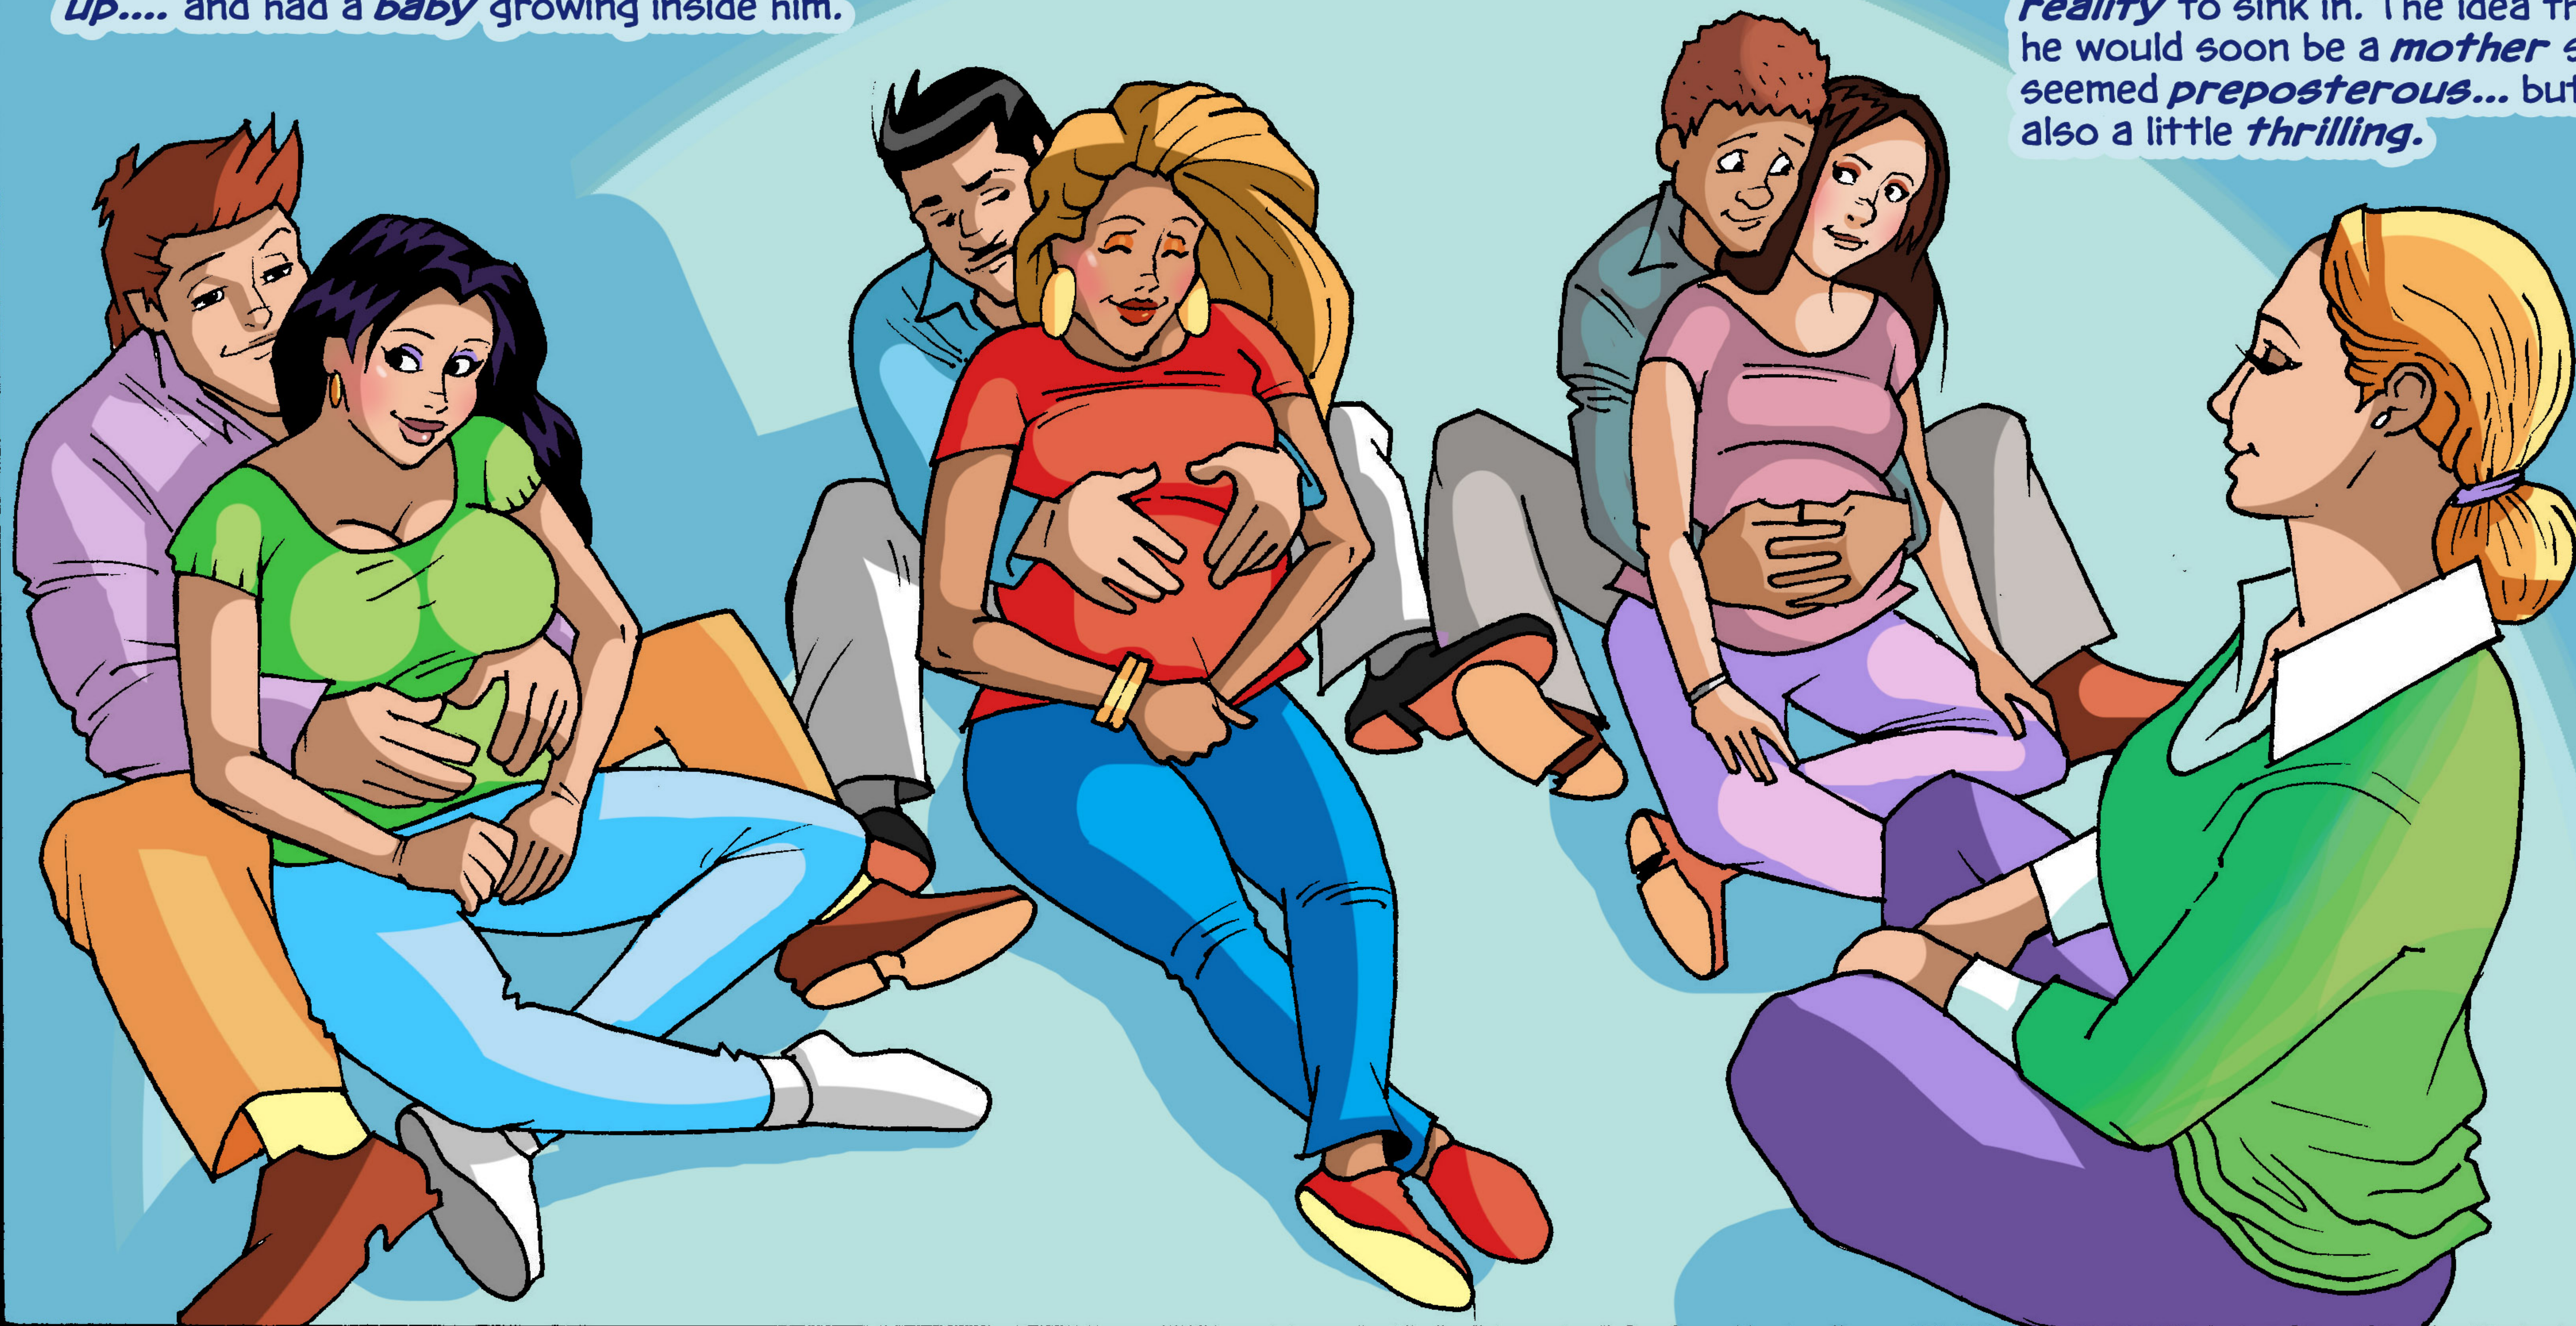

He says that when Steve is *inside* him, it's sometimes hard to tell where *his* body leaves off and *Steve's* begins... as if they are *one person* with *two bodies*.

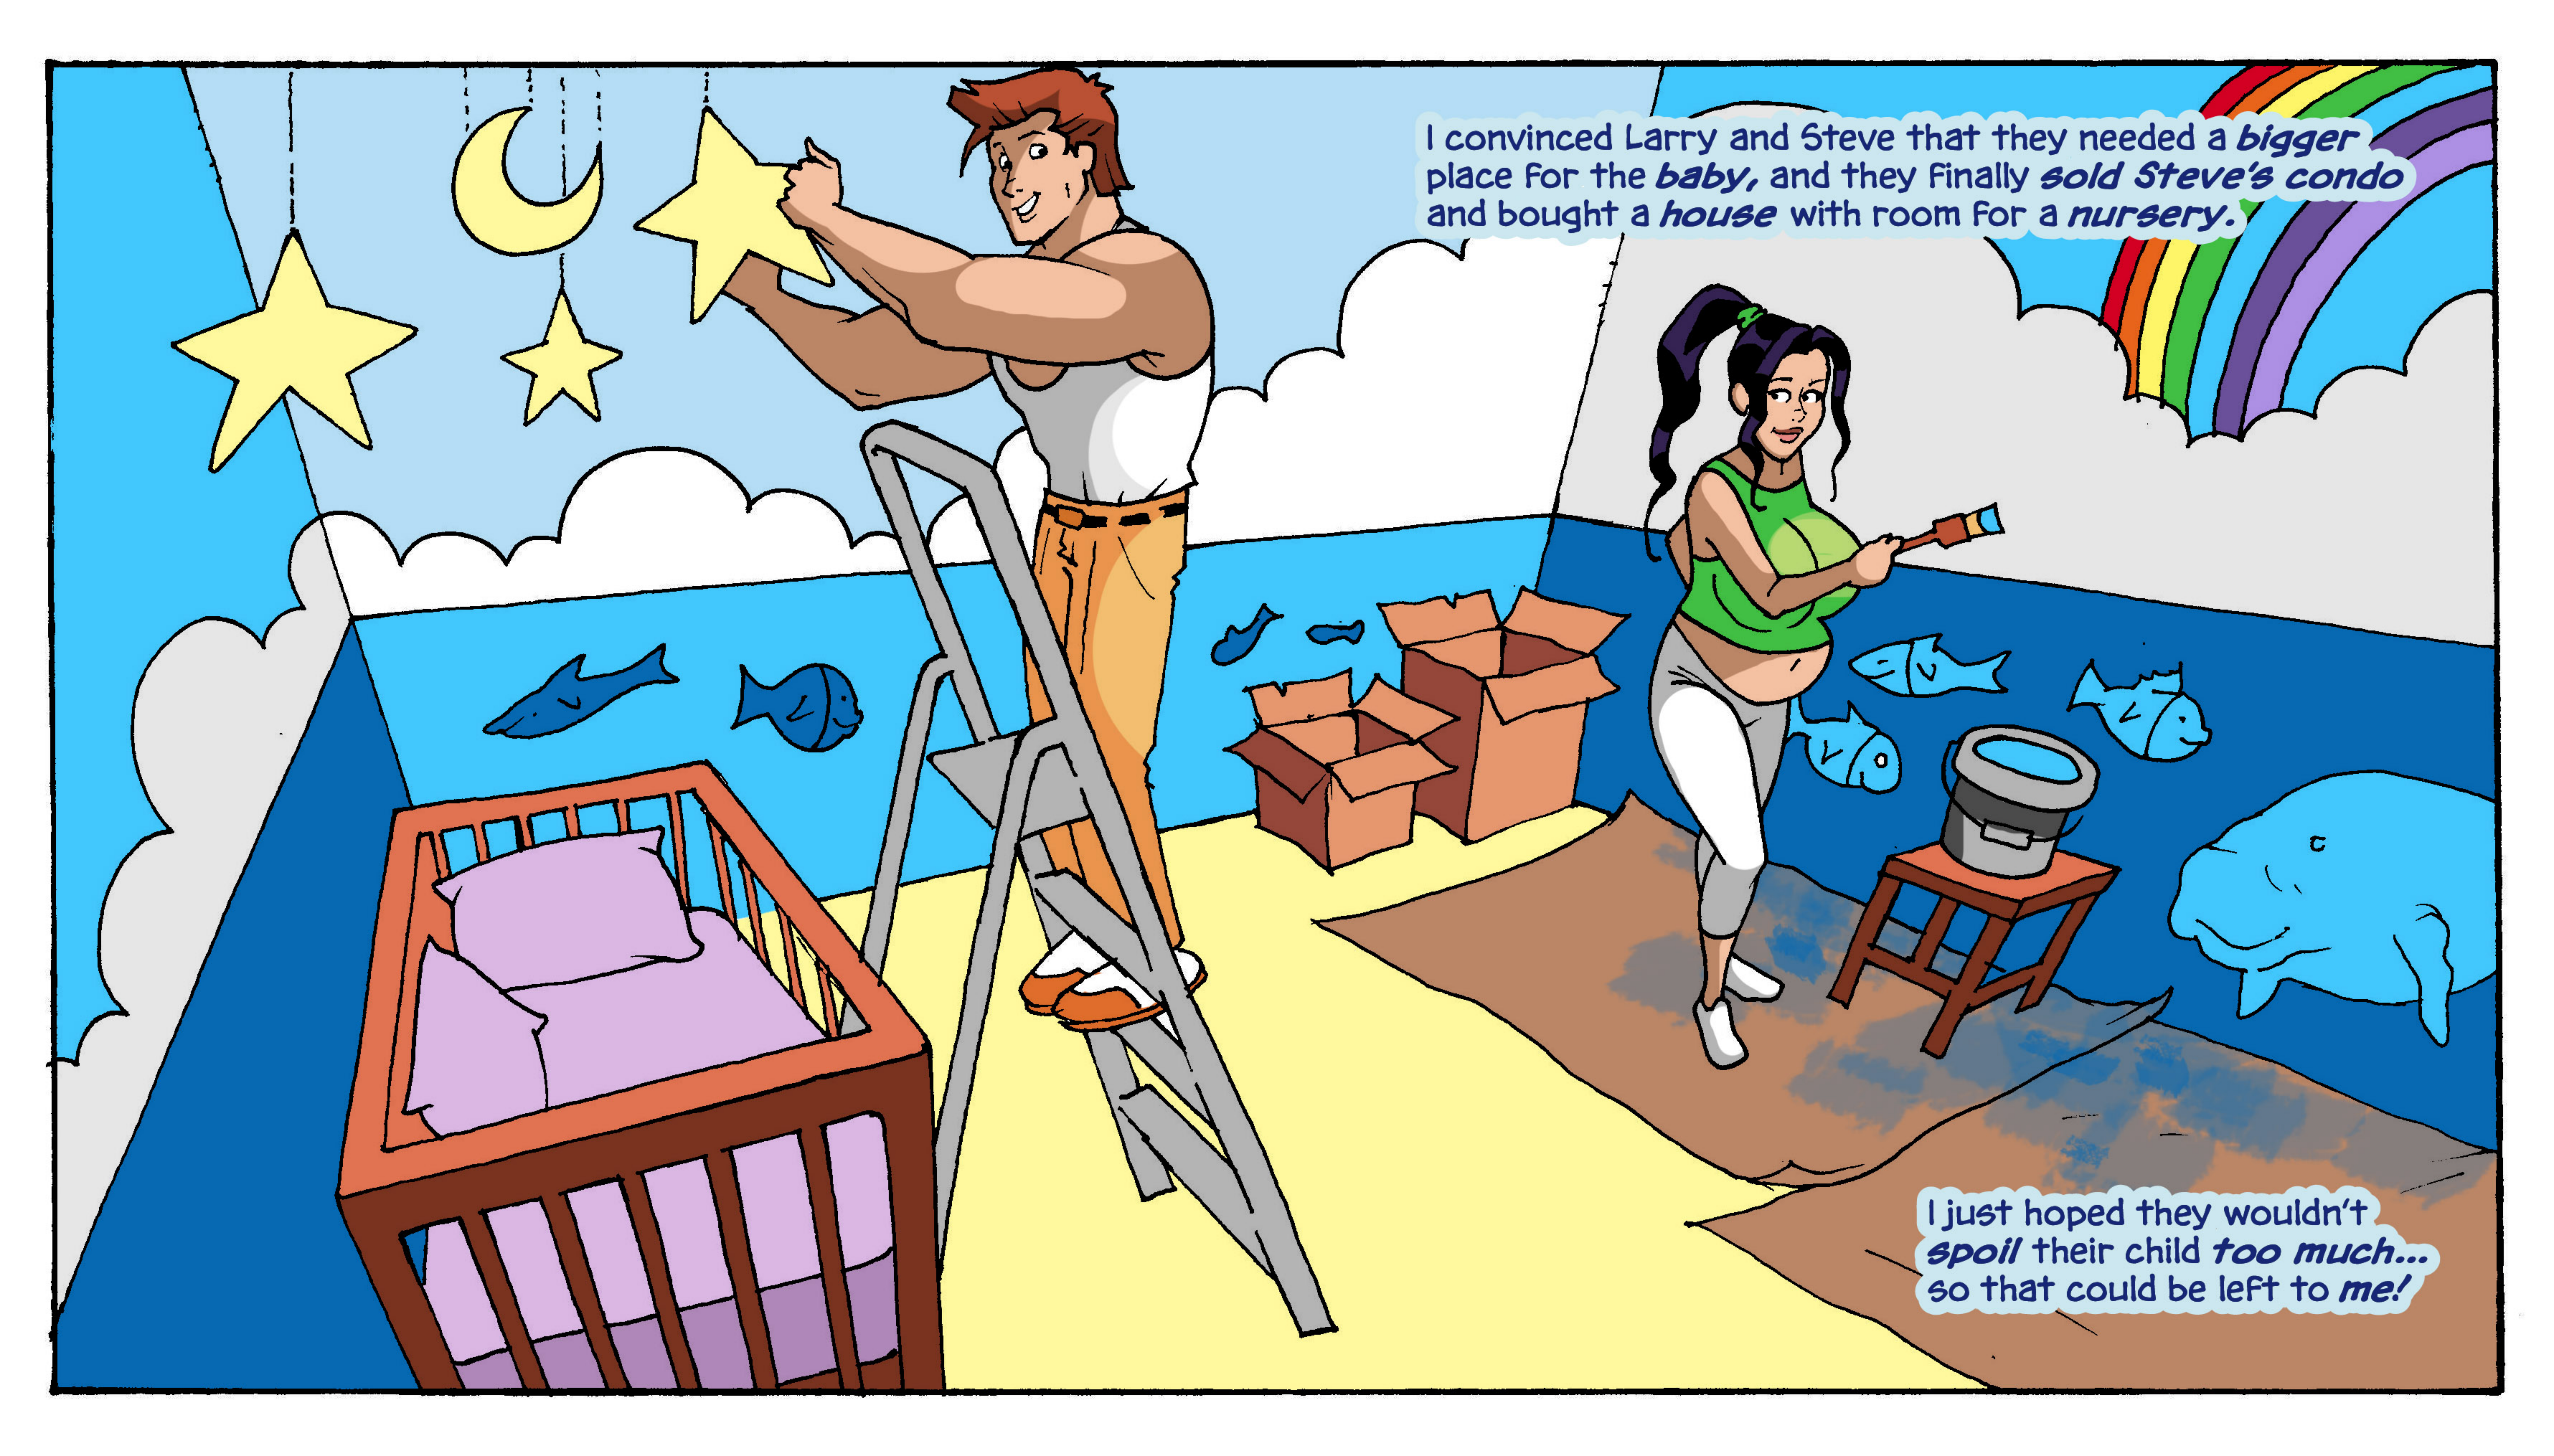

I nod as if I'm familiar with what he's describing, but in truth I *envy* the *connection* they have.

Despite the fact that he'd been *Fucking* Steve practically *every day* without protection, Larry was *stunned* to learn he'd been *knocked up....* and had a *baby* growing inside him.

Being in *childbirth* classes with *other* expectant parents allowed *reality* to sink in. The idea that he would soon be a *mother* still seemed *preposterous...* but also a little *thrilling*.

A cartoon illustration of a man and a pregnant woman decorating a nursery. The man, with brown hair and a white tank top, is standing on a grey step ladder, holding up a large yellow star. The woman, with dark hair in a ponytail and a green tank top, is holding a paintbrush and looking at the wall. The room has a blue wall with a rainbow and clouds, and a yellow floor. There are several open cardboard boxes, a wooden crib with purple bedding, and a small wooden stool with a bucket on it. The scene is whimsical, with fish and a whale swimming in the background.

I convinced Larry and Steve that they needed a *bigger* place for the *baby*, and they finally *sold Steve's condo* and bought a *house* with room for a *nursery*.

I just hoped they wouldn't *spoil* their child *too much*... so that could be left to *me*!

Larry was *worried* that having sex while *pregnant* might *hurt* the baby, but once he learned that Steve's *massive tool* could *not* do any harm, he and his husband continued to fuck on a *regular basis*, almost up to the *night* he *gave birth*.

Larry says that his libido is never as *strong* as when he's *pregnant*. It makes him insanely *frisky*... like a *cat in heat*!

I managed to talk Larry *out* of pursuing *waterbirth* with a *doula* and instead doing it the *sensible way*, in a hospital... but I feared he might *rip Steve's head off* before the baby came.

It was probably the time Larry *most regretted* having turned *Female*, but all that changed after he held his *little girl* in his arms for the *First time*.

Larry was *diligent* about shedding the *baby weight* after his first child was born. He took pride in his looks, and wanted to be certain that Steve would continue to find him not just *beautiful...* but *utterly desirable*.

I think it's safe to say he *succeeded* in those efforts.

Frankie and *Maxine* had major cases of *baby lust* after meeting little *Donna*. Have I mentioned that Larry named his baby girl after *me*?

It wasn't too long before they were *both pregnant...* and by that point Larry also had *another bun* in the oven.

I was *thrilled* to learn I would be a *grandmother* for a *second* time... and then again when *baby number three* followed soon after.

With three children under the age of *five*, it seems *clear* that Larry and Steve are destined to have a rather *large* family!

Larry has *breast-fed* all three of his children. *No Formula* for his little ones, only *mother's milk*!

He looks so *happy* with a *baby* latched onto his *nipple*. With the first two infants, the only reason he *stopped* was because he got pregnant *again*, and his breast milk *dried up*.

I wonder if it will be the same case with *baby number three*?

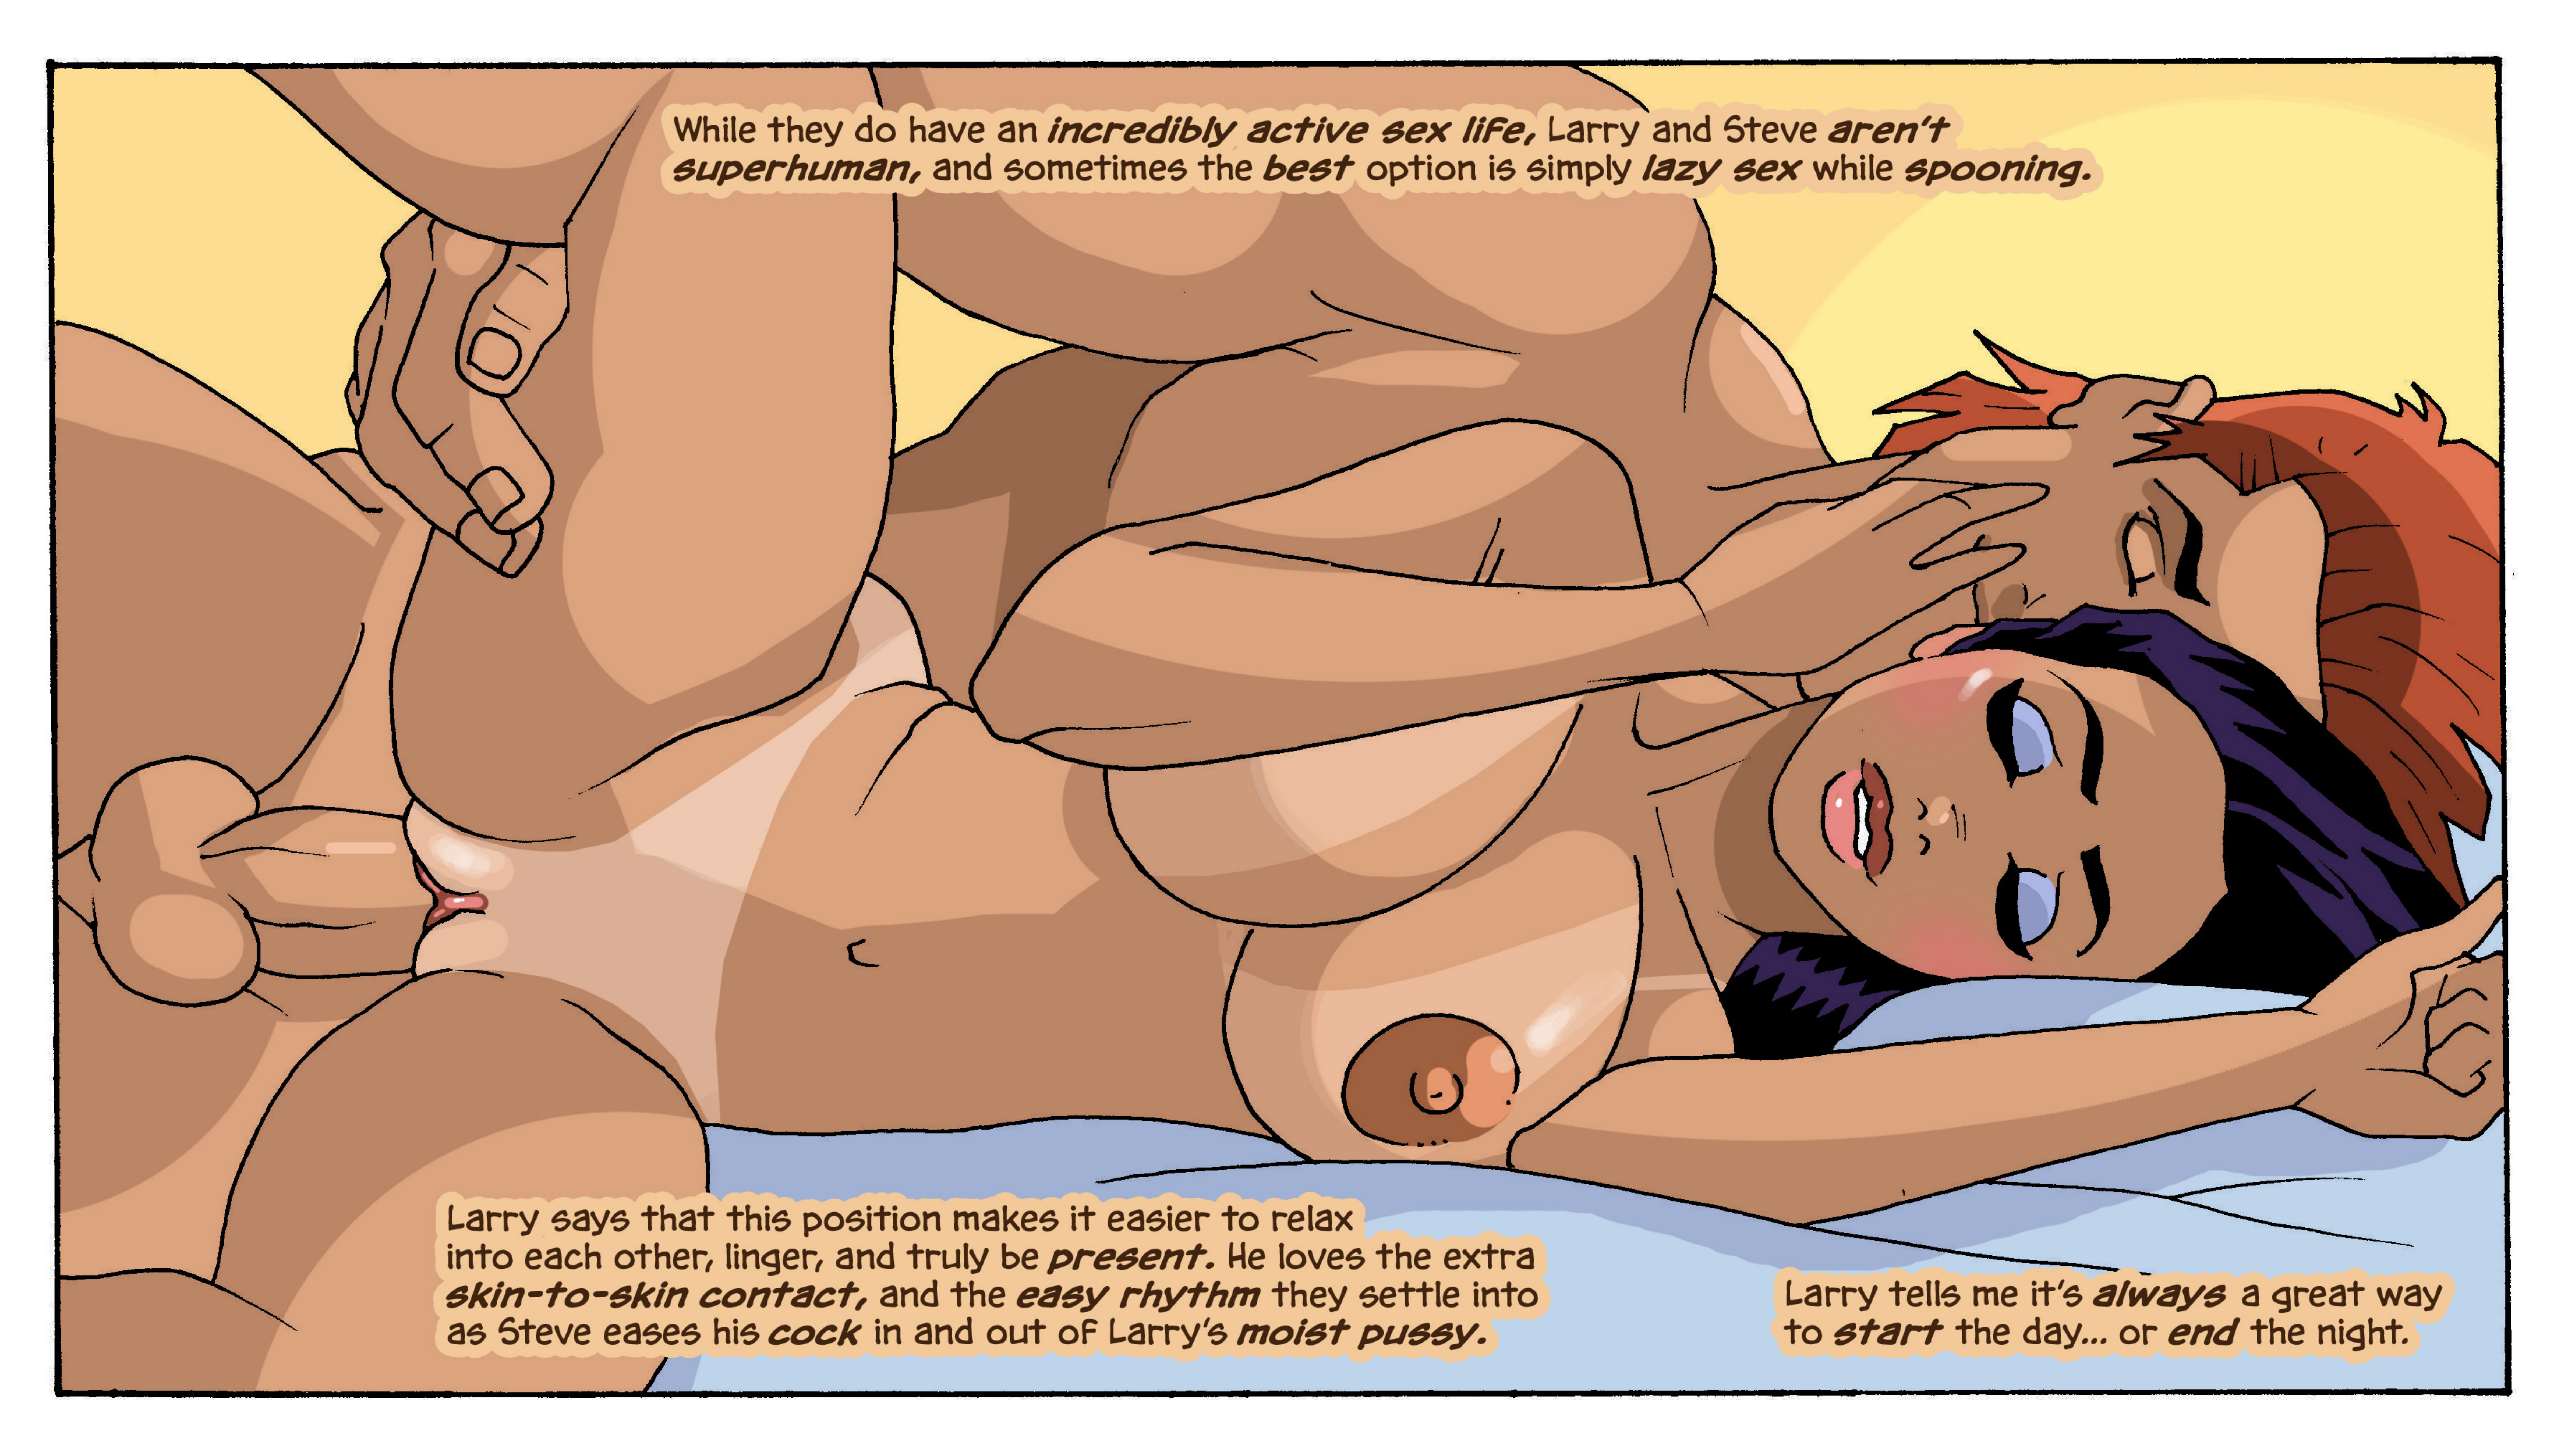

I figured, like *most* couples, the *number of times* Larry and Steve *had sex* would inevitably *decline* as the *months* and *years* went by.

It's what happened with me and *John*. We still *love each other* and have *satisfying sex*, but nowhere near as often as when we *first* got together.

But Larry and Steve continue to *Fuck* practically *every single day...* through all the stress of *marriage, parenthood, and life...* and sometimes *more* than once a day.

While they do have an *incredibly active sex life*, Larry and Steve *aren't superhuman*, and sometimes the *best* option is simply *lazy sex* while *spooning*.

Larry says that this position makes it easier to relax into each other, linger, and truly be *present*. He loves the extra *skin-to-skin contact*, and the *easy rhythm* they settle into as Steve eases his *cock* in and out of Larry's *moist pussy*.

Larry tells me it's *always* a great way to *start* the day... or *end* the night.

Forcing Larry to become my *daughter* was the *best* decision I ever made. My *ex-husband* clearly makes a *far better woman* than he did a *man*.

When I look at him now, with his *prodigious cleavage* on display in a *Form-fitting dress* that shows off *every luscious curve*, knowing the way he can strut *effortlessly* in *high heels*, it's getting harder and *harder* to recall the *sullen, middle-aged man* he used to be. And that's a *good thing*.

I've already told you *Larry's* story, and how I like to use his old *male* name to remind myself of who *he* once was, but maybe it's time I *stop* thinking about *her* that way.

She's now simply *Lori*, my darling *daughter*! I'm delighted to give her as much *help* as she needs with the *little ones...* and she needs *a lot*. But I don't mind. I'm glad to be a *vital* part of her beautiful *Family*.

My *precious girl* has given me the kind of life I never *dreamed possible*. The two of us are *closer than ever*!
