I'm glad we can finally move
into our new home!

Mhm, especially after
destroying a whole floor
with just sex...

...you definitely outgrew this
place a while ago already.

Yeah, I guess
I really did...

There is something
however we still
haven't done yet~

Oh and what would that be?

This right here~

kiss

God, she's huge

**Her lips, her tongue,
her head, her desires...**

**I want this
to never end!**

At the new house...

A 3D rendered scene. In the foreground, a massive, dark brown leg and foot are visible, wearing light blue trousers with a wide, folded waistband and light blue shoes with straps. In the background, a small character with short dark hair, wearing a white t-shirt and blue pants, stands on a wooden floor, looking up at the giant leg. The background consists of a light pink wall with a dark brown door and a window.

Well, it's huge isn't it?
What do you think?

My god- It really is!

This... is crazy!

Such high ceilings...

...I can finally stretch again!

**I wonder how long until
I can outgrow this too~**

**Hehe, looks like
she's speechless.**

It's amazing, isn't it?

Ooh you have no idea
how cool this is!

Here let me
show you!

It's best if I just show
you from my perspective!

**So many new
things to outgrow**

Just look at this door!
Finally wide enough for my ass!

It's over 3
doors tall...

Heck I don't even
have to crawl or duck!

And this? Is this a
giant TV screen?

Yep. The worlds
largest in fact!

There is even an
area for my little pets~

You mean
humans right?

Same thing~

Think of it as my own
private dollhouse.

Fun fact, this is a 3 storey
tall bulding complex!

You can still
see it here!

It's just that most
floors were removed.

Oh, even a table on
par with the first floor!

Now I can take a
better look at you~

Mhm, with
a normal sized
one on top.

Mhm, yeah but we are
still waiting on the kitchen
installation.

Welp, guess food
deliveries have to
suffice for now.

I at least hope the bathroom is
ready for your sake "big guy"~

Yeah, this giant door
is your connection to it.

Let's check it out then!

dangle

Hmpf, giant door my ass~

That's 6 meter at best.
I'm already taller than that.

That's what I thought...

**She outgrew the older
interior designs before moving.**

It ain't bad though.

Finally a toilet my ass can sit on.
I could have inserted the old one...

Well and over here is my entrance
with another normal sized bathroom.

Aww this is so cute!

It's like a little mouse hole!
So adorable!

**It's a big room
though...**

...but you know. I can already see
my new favorite change here~

A bed your size?

Obviously~

was gigantic back then.**

Ooh, my little cutie
is still asleep?

**I'll let you sleep for
bit longer then I suppose.**

**Guess I can start
by feeding my pet**

**Maybe treat
something myself...**

**...I'm starving
right now.**

Oh, my pet is also awake!

soon anyway...**

why there is a bear in the living room.

Alright, alright, alright...

**Looking good
with that mask!**

I mean It's useless at hiding the identity of the tallest being...

...but it has It's charm

CREAK

CREAK

Alright, I'm in!

brrgh!!!

Shhhhhh!

I'm here to bust
someone out little guy~

Too bad I can't take
you along as well~

You are just too tall, or
rather I'm not tall enough...

I can't just pick you up
like a small dog or a cat...

...or maybe I can?
Let's just try it.

brrgh!!!

OooooHH

lick

**That night Layla learned
something about the length
of a giraffes tongue...**

MHHH

Hey! Is somebody there?

**Shit... the whole area
must have heard my moan!**

**I'll have to hide but damn
you are the perfect height...**

Aren't you supposed
to be a bit more glorious?

SUBMISSIVE
SQUEL

I thought you are an
apex predator...

THUD

size and power..**

**I guess I'm now the one and only
true apex predator in the world...**

Ain't that right?~

CRACK

Now sit!

Yeah, that is
more like it!

SUBMISSIVE
SQUEL

Here you go!

Just remember to
behave around Ben!

If you don't I'll
be enjoying bear stew.

...you can be barely
considered 1 meal.

Good

He is up!

STOMP

STOMP

Good morning~

...damaged
pavement...

olen with heavy machi

I've made
us breakfast~

Jiggle

...breakfast?

If what I'm looking
at is breakfast...

...then what's
for desert? 0.0

Some massive
cake silly~

...but no, I actually
made you something!

Just let me get
changed real quick!

Sure, tiny~

**Man, she is
so massive...**

**That is no
minigiantess-**

**-she's a fully-
fledged giantess**

You know I'm really
curious what you made....
...it's been a while.

Well, I had a hard time with
it since it's all so miniscule...

It can't be helped
at your size I suppose?

Uh, is it just me...?

...or does this thing
look like a dick?

Hm? No? It's a
cute little squid...

I see...

You don't like it?

Nah, tastes great! Thanks!

PUSH

CREAK

CREAK

I'm glad~

...so what do we
do today?

I'm sorry but no games until
later. I've got an appointment

I guess I'll just
come with you then~

You kinda don't fit
into the building xD

Hmpf, fine! Just don't get hurt
since you are tiny and all...

Don't worry, it
won't take long.

I'll wait until
you are back.

BLARGH

**Hm isn't this
the route to doc?**

I thought she is a bad guy?

**Even though I liked her,
big bro said she is no good!**

**I can punish her
if he wants to!**

Maybe he's just protecting me?

**...but he is tiny and not smart. He should let me do it!*

I can't help if he enters this miniscule building!

**I hope he doesn't
turn around.**

**The trees and buildings are
just too small to hide behind...**

Hm, he went inside...

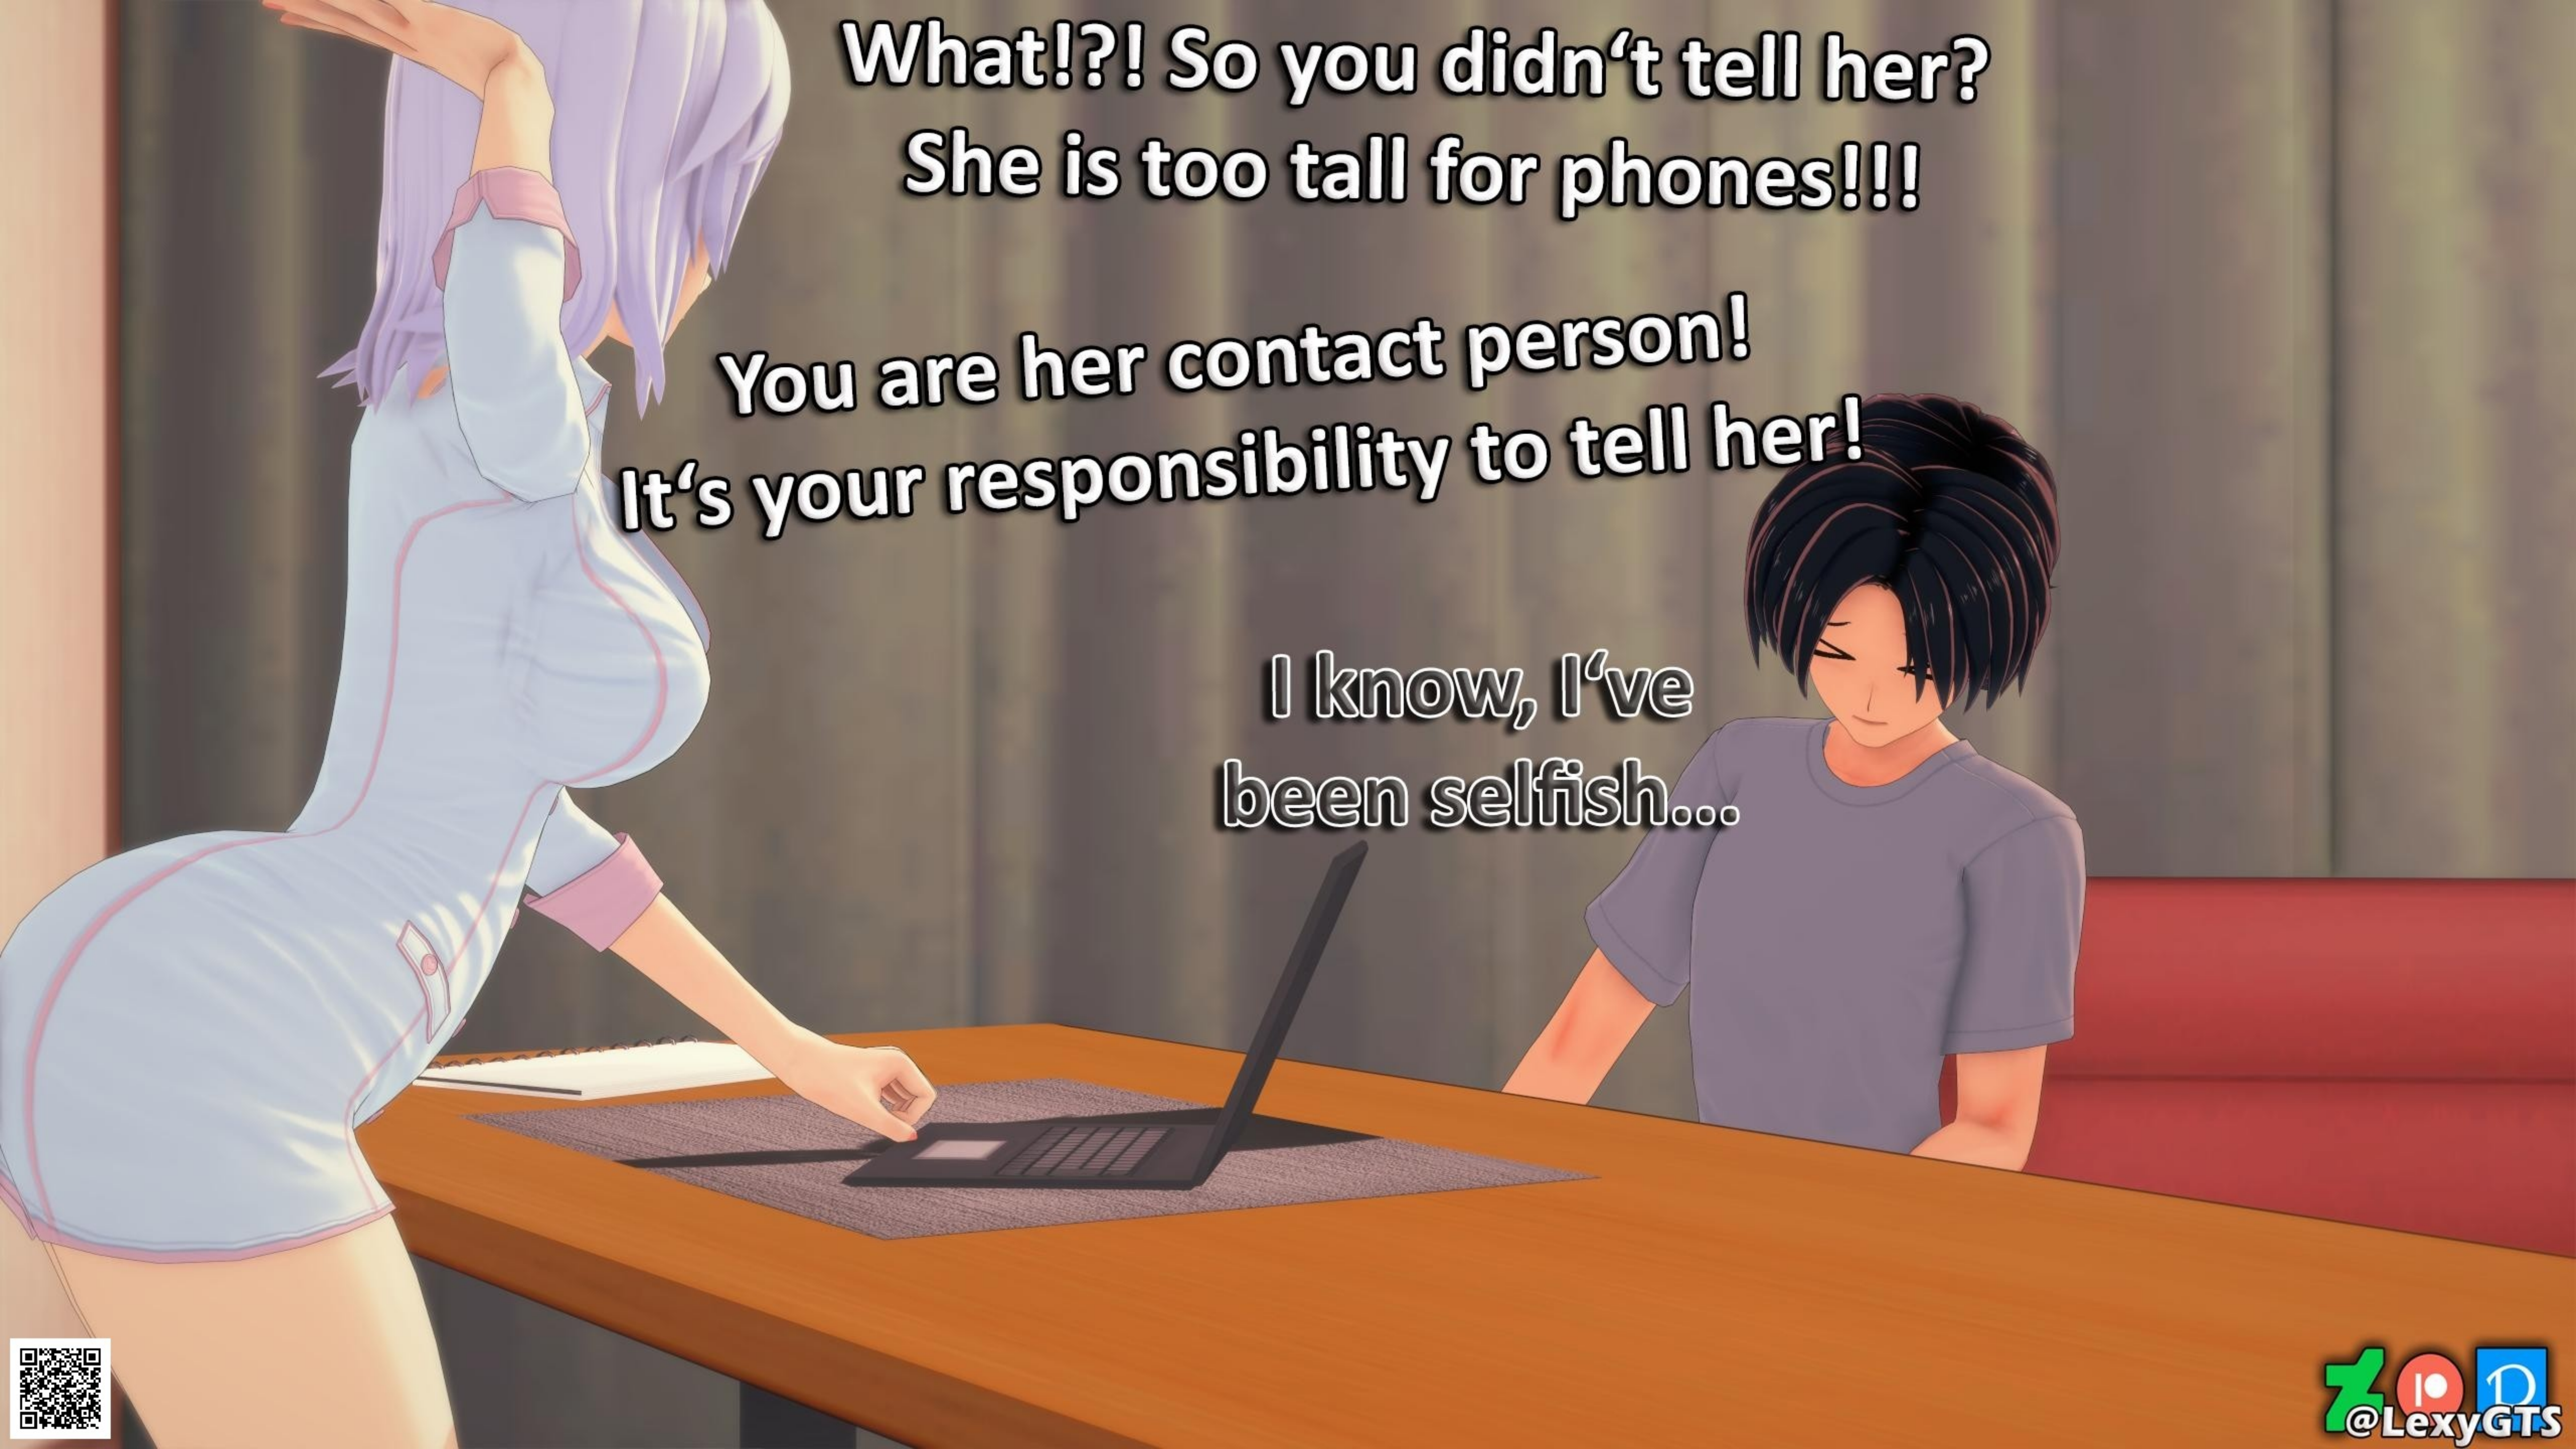

**Let's see,
on this floor..**

**What!?! So you didn't tell her?
She is too tall for phones!!!**

**You are her contact person!
It's your responsibility to tell her!**

**I know, I've
been selfish...**

At first it was because I didn't
want her to stop growing...

...by now I feel like it would
cause the opposite.

...

Just imagine she finds out
her 3 favorite things are linked...

Sex - Growth - Me

I'd be nothing but a dildo
24/7 for the rest of my life...

...

First people would vanish,
then cars, then buildings etc.

So she is a sex addict, huh?
This makes it though...

...

?
