

♥ My Crazy  
**GROWING** 4  
..... Imouto

The tallest human in history  
Layla - the „little“ sister

I'm really curious what  
the doctor is going to say.

**Ben - the „big brother“**  
**Irrelevant self insert**

Hehe~, I'm so excited.

How tall do you  
think I am now?

Let's make some  
guesses beforehand.

Good idea, I'll  
go first then!

Let's say 282cm!  
(9'3")

Hmm, I see. I'll  
go higher then!

I'm gonna guess  
288cm (9'5")

You always go higher  
no matter what!

Of course! Growing is all I  
have ever known. All my  
life I have always been tall.

At this point a couple more  
inches wouldn't hurt, right?

First human to reach 3 meters,  
how does that sound? ~

Sounds good to me!

Has a nice ring to it, right? ~

**A couple of minutes later...**

...at the doctor's office.

Hey Layla, welcome back!

Hello Dr. Glossner!

Ooh... ~ And who is this  
cutie you brought with you?

**Dr. Arielle Glossner**  
**Layla's Doctor**

An anime-style illustration of a young man with short, black, spiky hair and large, expressive purple eyes. He is wearing a plain white t-shirt and is looking towards the right with a slight smile. His right hand is partially visible, reaching out towards the right side of the frame. The background is a warm, orange-toned wall with vertical lines, suggesting a window or a door. On the far right, a portion of a purple curtain is visible.

Hey there, how are you  
doing Dr. Glossner? I am-

L-layla?

STEP

His name is Ben...

...and he is off limits!

gulp

Even for you!

**Ahhhh - you must be her  
adoptive big brother Ben?**

**Your sister talked  
so much about you!**

Did I? Ehehehe...

Yeah, pretty much  
half the time!

And the other half you keep  
on talking about your height ;)

Haha, yep! That definitely  
does sound like her!

Rightfully so...

Seeing you like this...

...you must  
have had another  
huge growth spurt!

SCRATCH

Hehe... I sure di-

BUMP

- ouch

Are you alright?!

Yeah it's no problem.  
It happens every day.

**I swear - at this point I just  
give up on predicting your size...**

For years now, you have outgrown my  
predictions of your final height  
within your next visit...

What can I say? I've  
always been a big girl!

Did you encounter any health problems or anything?

No, I don't think so?  
I feel great!

Can you do some exercises for me?  
I want to check your flexibility. Arms up!

Uhm, higher than this?  
The ceiling is a bit too low...

Ouh, right... Yeah. There was a problem like that.

What now?

Just sit down.

Like so?

Yup, now you  
only do the  
ground exercises  
from last time.

Yeah, that looks good!

Mhm, nice.

Looking good,  
now try the next!

Mhm, on all fours.

Woho, now I feel tiny!

And last but not least,  
leg up!

*She is like a  
predator...*

This one is  
so easy!

Hold that real quick.

I need to confirm something.

Alright, I have confirmation...

Welp, looks like  
I still win ;)

We should stop there.

It seems like you are perfectly fine.

TWITCH

**You don't seem to suffer the usual  
problems really tall people have.**

**Let's take a look at last times results then.  
Your samples have been analyzed.**

**Your blood samples are perfectly normal. Everything is fine.**

**Your bones are also in great health, in fact your  
bonestructure is much stronger and more durable  
than that of a normal human.**

**You truly are an anomaly...**

**Your cognitive ability is also remarkable. An IQ of 143, coupled with the ability to memorize insanely huge amounts of information.**

You don't seem to  
forget any details.

No wonder she always  
remembers so many  
little details and holds  
grudges for so long....

I told you I already know everything  
for this term but you didn't believe me!

Moving on to your weight...

ah -

You used to weigh -

L-Layla?

Don't listen to her!

Two-

-hundred-

-seventeen kg.

Ehehehe...

**Old weight:**  
**217 kg**  
**(478 Lbs)**

**Would you come over here please?  
We need to update your weight.**

Oh god...  
please no!

I have to crouch...

Can you hurry up please?

This place is way too small...

Alright, I have it.

Phew much better.

Yeah, must be really  
cramped on the scale.

By the way, you weigh 303 kg now.

**New weight:  
303 kg  
(668 Lbs)**

akh!

I-I'm finished...

I don't mind. Just  
let me be on top  
from now on.

It's all over...

An anime-style illustration of two women in a room. On the left, a woman with dark hair in a ponytail, wearing a light purple t-shirt and a pink skirt, is seen from the back. On the right, a woman with short purple hair and blue eyes, wearing a light blue button-up dress with pink trim, stands with one hand on her hip and the other gesturing. The background features a window with white shutters and a wooden desk with a notebook and a chair. A text box in the upper right contains the dialogue.

**Now as for your height, I need  
to measure you outside. You  
are too tall for this ceiling.**

YES! SIZE MEASURING!

*That was a rapid  
mood swing...*

Alright, It's been 3 months since  
your last height measurement.

**Old height:**  
**260 cm**  
**(8'6")**

**You were 260cm  
tall back then.**

**That must have been right  
before you moved in then.**

Let's- hng, see...

Do you need  
a lift, doctor?

No- I'm fine...

Just because I've been your  
doc since childhood doesn't  
mean I'm that old!

Now come closer. I  
wanna know how  
tall you are already...

Now straighten your back.

There is no ceiling above you.

Better.

**Ben, please pin the  
end of the tape  
to the ground.**

Sure, I can do that!

Sooo- what does it say?

Did I break another world record? Oh wait- they are all already mine haha!

289...

**New Height:**  
**289 cm**  
**(9'6")**

SQUIRT

**YES! More than we guessed!**  
**That is so cool!**

I bet I'll reach 3 meters in a few months!

If there is one person I can  
imagine getting there than  
it is definitely you at this point.

I mean when you first came to  
me as a child you were almost  
my height already!

**Then your growth really  
accelerated when you  
hit puberty!**

**And in the past 2 years your  
growth accelerated even further.**

**Just when it should have  
stopped for good instead!**

*Hm, since puberty?*

All that size talk got  
me really fired up!

Do you want to  
help me out?

Help? What kind of help?

Let me show you!

**3 Months later...**

*I can't stop thinking  
about it...*

**Just when it should have  
stopped for good instead!**

*What could have changed  
with puberty?...*

*...and why is she growing  
even faster now than before?*

Puberty... puberty... wait a minute!

And since last year we did a whole lot of...

Ah no... that can't be.  
The doctor said 2 years.

We have only been going  
at it for a bit over a year now.

Unless she already practiced beforehand!

Relax, you aren't one of my bullies! I'll go easy on you!

Did she use her natural tall size to force her will on other people ... could it be?

Onii-chan~

**After the doctors visit, Layla did not grow to a height of 3 meters.**

She went completely beyond that...

I'm bored~
