**The tallest land animal in the world is the giraffe, that much is common knowledge.**

**Ashley Schmidt**  
**TV Presenter**

**Atleast that is how it  
always used to be,  
but not anymore!**

**What if I told you, the  
tallest land animal is  
actually a human instead?**

**Huh, you don't  
believe me?**

**Let's roll the clip!**

**Today we are at the central  
zoo, home to one of the tallest  
living giraffes in the world.**

*brrgh*

A giraffe with a brown and white patterned coat is standing behind a grey metal fence. The background features lush green trees and a clear blue sky with a few white clouds. The giraffe's head is turned to the right, and its mouth is slightly open.

**Gump**  
**5.2m - 17ft**

He is named "Gump" and  
is a proud 5.2 meters tall.  
(17ft)

The bulls grow up to be  
between 4.5 and 5.5 meters.  
(15ft) (18ft)

**Little does Gump know  
who is about to visit him.**

**Our camera team was  
lucky to film this  
encounter between  
two of nature's giants.**

A person with dark hair, wearing a grey hoodie and black pants, is seen from the side, looking up towards a tree. The tree has green leaves and two thin, light-colored trunks. The ground is paved with dark grey rectangular stones. A large, pink, textured object, possibly a giant's foot or a giant's leg, is visible on the left side of the frame, partially obscuring the person. The scene is set outdoors.

**An encounter with  
someone taller than  
a grown male giraffe.**

brrgh?

???

**The giraffe is confused. He  
has to look up at a human.**

A giraffe with orange and white patterned fur is looking up at a person's hand reaching over a grey metal fence. The person has long dark hair tied in a ponytail with a purple ribbon and is wearing a pink top. The background features a green grassy field, some trees, and a dark, rocky cliff face.

**A human who's shoulders  
he can't even reach?**

**Gump isn't used to that.**

Since when do they  
come at this size?

Aw, so cute!

**To us it's a truly  
marvelous sight.**

**You all probably already  
know who she is...**

**Aren't you  
adorable?!**

**She is hard to  
miss after all...**

**A round of applause for  
our guests today please...**

The tallest human in history  
Layla - adopted "little" sister

Height: 602cm  
(19ft9in)

Weight: 2703kg  
(5959lb)

Age: 19

...Layla Larissa Huel...

...and her big brother...

...Ben Baldwin.

**Two people who's  
height couldn't  
be further apart!**

HI!

Welcome, you two!

Hello!

**I'm glad you could  
make it today.**

**Regarding your humongous size...**

**I'm curious, how  
does it feel to be  
so incredibly tall?**

Hmm, that is a  
good question.

Being a giantess has both  
it's upsides and downsides.

...but being the size  
of a tree is something  
I absolutely love!

People barely come  
up to my knees.

It makes me feel  
powerful on  
every single level.

Obviously it's not  
that I just feel this way.

At the end of the day  
I AM insanely powerful.

This size allows me to do a lot of things.

My brother and I don't  
need a car for example.

We just need me~

Not that I would fit  
in one in the first place.

I doubt I'll ever make my  
drivers license either haha!

Another perk of my small  
tree sized height is respect.

People are a lot  
nicer nowadays.

It's understandable I  
suppose, considering  
what I could do to them.

Yeah, you don't want to  
see her angry with you ^^

What is great about my size is  
also what sucks about it the most.

Everything is so small!

You see, ceilings are almost  
always a problem in buildings.

...and cars aren't the  
only thing I can't fit in.

The bottleneck is  
usually the doorframe.

One of my thighs alone is  
almost the size of a door.

So even if I could fit into a  
room it might fail at the door.

Fail at the door? That is  
one way to look at it...

I'd say the door  
failed at the butt!

Well that sure sounds like  
a **\*massive\*** problem so to speak.

**So would you say the positives  
outweigh the negatives?**

**It doesn't even  
begin to compare.**

Yes I may no longer be  
able to take a fun ride...

...but does it matter when I can  
just become the ride instead?

I absolutely love my height~

...And I'd argue there is still a lot of room for improvement!

**Heh, I see. You clearly  
love your height.**

**Hmm, seeing your magnificent  
size I can't help but wonder...  
Where do you get your clothes?**

**Her clothes are all  
custom made!**

Her height and fame is  
also a blessing in disguise.  
It attracted a few model  
agencies from big brands.

**I see and they all  
want to showcase  
their collection on her?**

**Exactly! All  
while she is  
still studying!**

Oh my...

You seem so much taller  
than I initially thought.

Oof, I expected the  
studio to be taller...

**Are you alright  
miss Huel?**

Does it hurt?

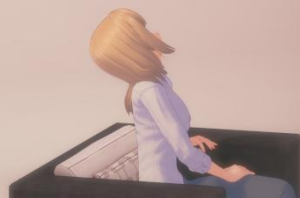

Nah it's fine. I just wanted  
to show off my outfit...

Don't worry, I'm  
used to it.

I see... oh!

Is that necklace also part of the outfit? At that size it must also be custom made.

Ah, this? It's a family  
heirloom. I'm an orphan.

It is the only remaining  
connection with my  
original family.

Oh you  
poor soul!

I was lonely and  
got bullied at first...

...but big brother protected  
me when I was small.

Now I'm the one  
who protects.

**With a size like that you  
can even scare of bears!**

**...which is ironically  
something she also did.**

**Here, watch this!**

That bear is cute!  
Let's keep him!

**Bob - 9ft**  
**A Brown Bear**

What is he doing now?

I think he is playing dead...

Oh no, he must be frightened.  
Come let Layla pet you!

Aww, I really, really  
want to keep him!

**HOW DID YOU GET INTO  
THE BEAR ENCLOSURE!?!**

Huh? I just stepped over the wall...

**Bob is still a dangerous animal!**  
**Get away from him madam!**

Yeah, it is a shame that  
they didn't let me keep him.

**\*She goes around petting  
an apex predator like a dog...\***

**\*I'm both aroused  
and scared to shit...\***

**\*She is unmatched!\***

**\*I need to calm down...\***

**Ahem, you've certainly caused quite a commotion at the zoo!**

**Fences just don't seem  
to exist for you...**

You are a curious  
one, aren't you?

...and a pervert~

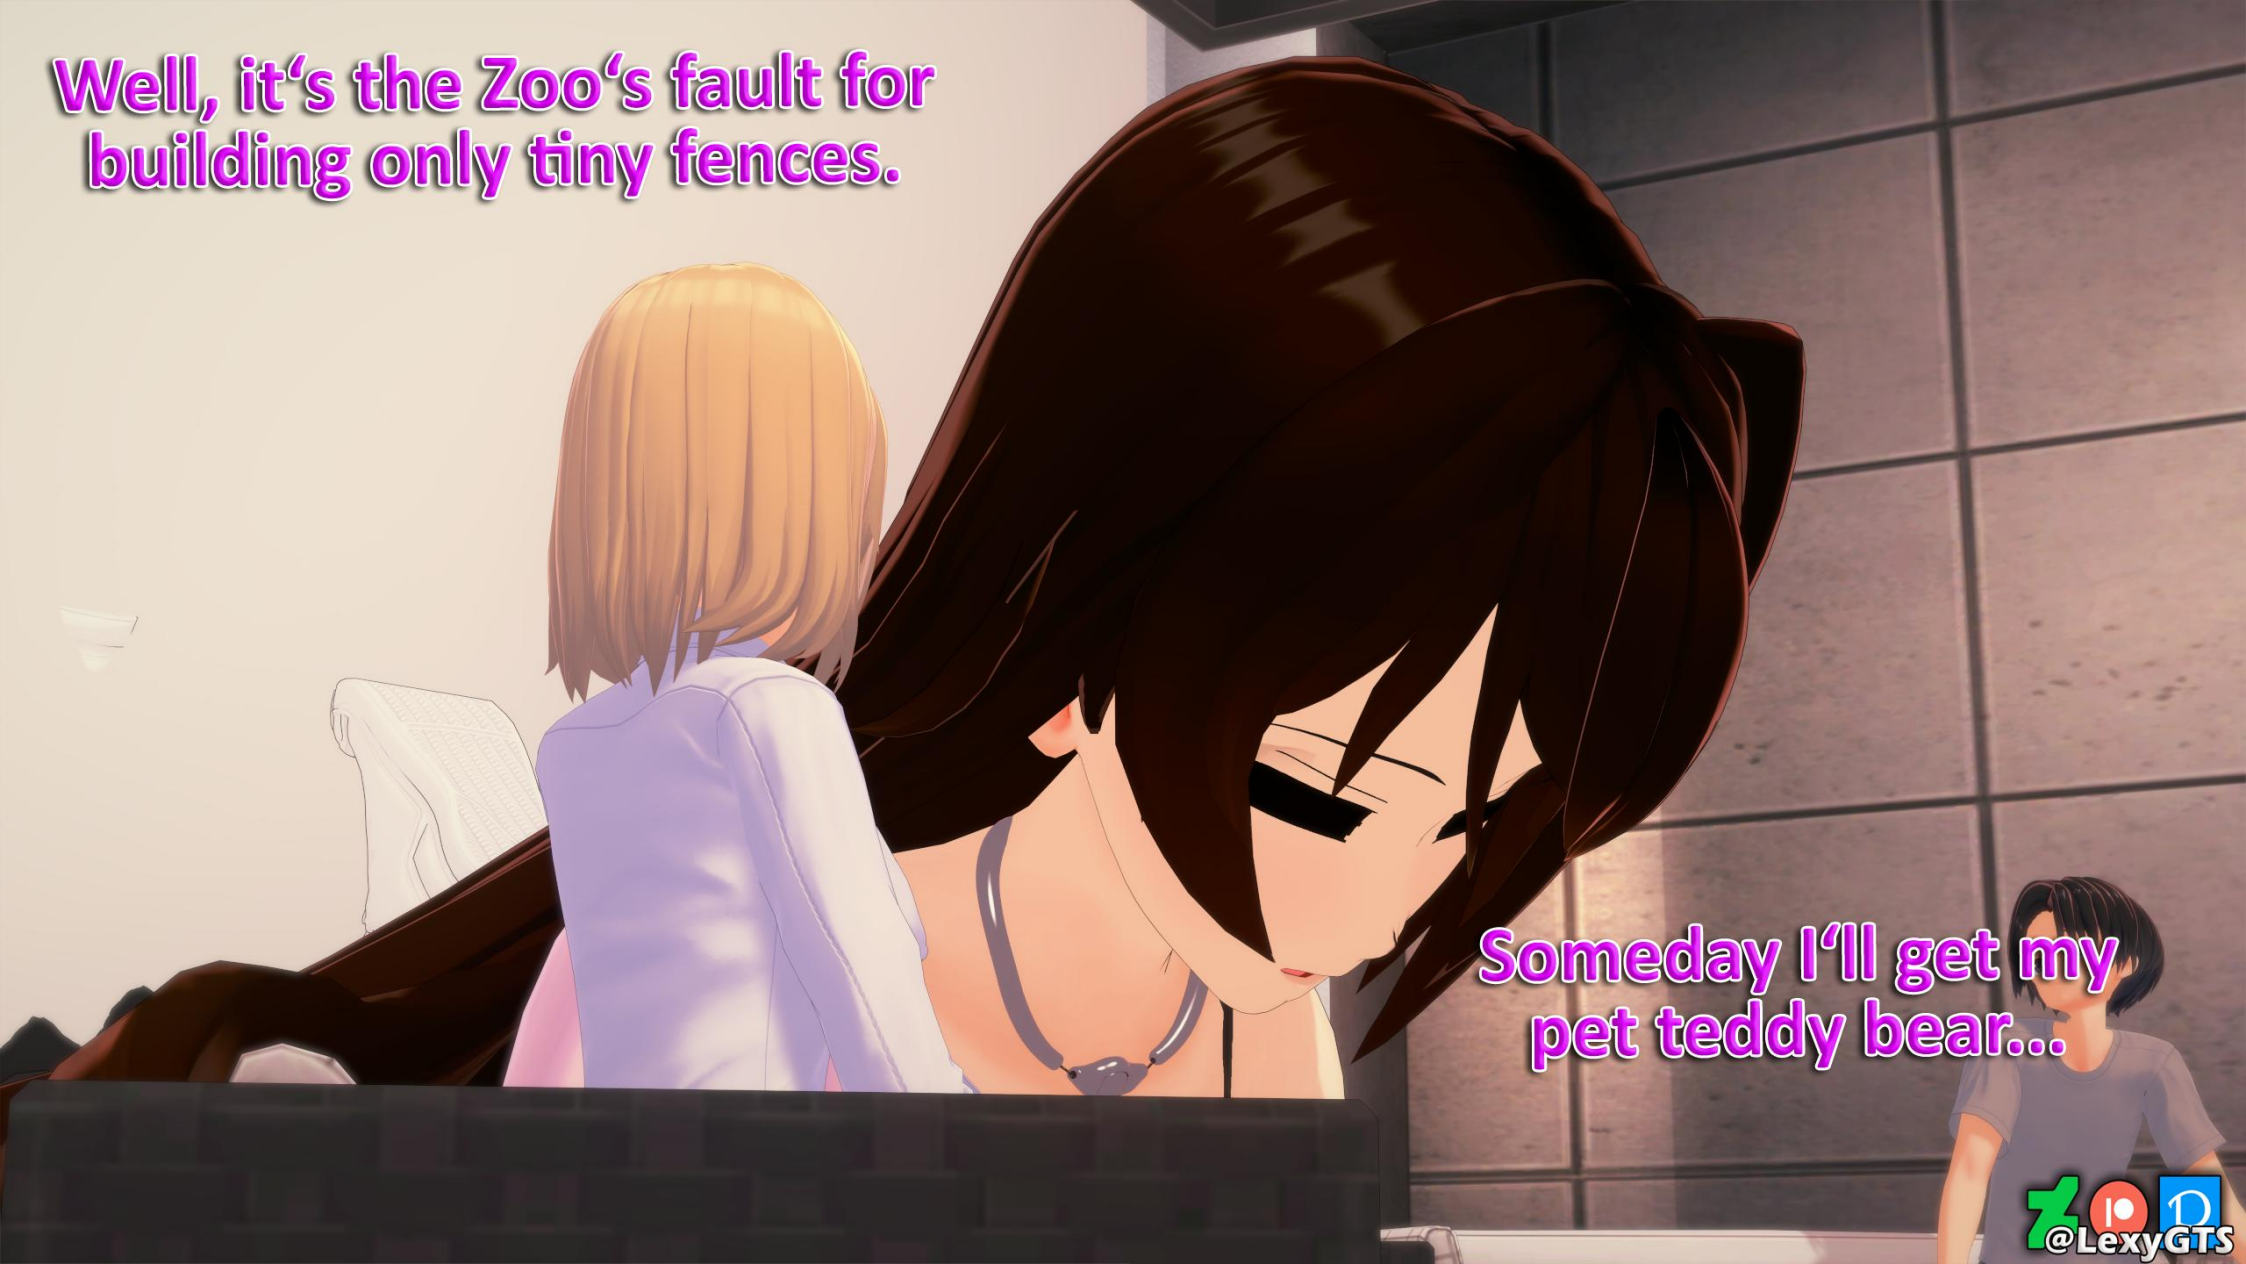

*\*She dwarfs a  
giraffe by now...\**

*\*I can't believe it.\**

Well, it's the Zoo's fault for  
building only tiny fences.

Someday I'll get my  
pet teddy bear...

**I'm sure you are going to get  
a pet for your size eventually!**

**Now we just have one  
viewer question left.**

**What is your  
favorite activity?**

**\*Oh no, that  
expression...\***

That would be ~~sex~~ x.

eh?!

Sorry dear advertisers,  
let's get to the end shall we?

**D-d-during the Interview t-there  
was a v-vote for the audience.**

***It was to try and guess  
your current height!***

Oh? A game about my height?  
I love those games!

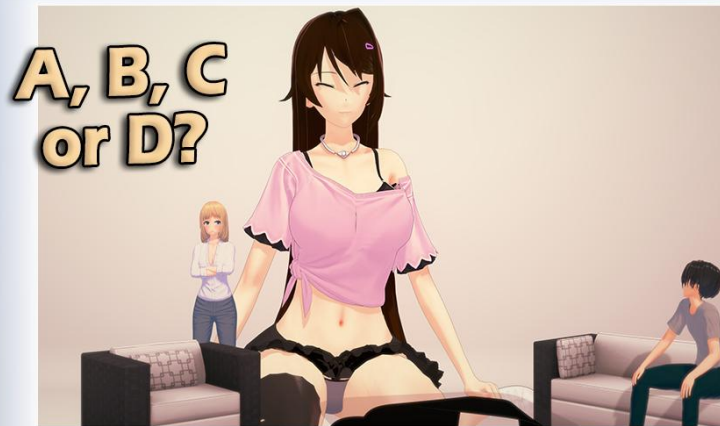

Phew, what a tough day.  
Time for a little bit of TV.

**Dr. Arielle Glossner**  
**Layla's Doctor**

Huh? What? Layla?

**Alright, the audience  
voted for C: 5.92m**  
(19ft5in)

**Unfortunately  
that is wrong!**

**The correct answer was D!  
Layla is 6.02 meters tall!**

**Ahem**

Huh!?!

Answer D is also wrong.  
In fact: all 4 answers are!

Yes, I was that tall back when  
we filmed the zoo trip...

...and it has obviously  
been a while since then.

I'm actually 20ft tall!
