

*Not so good as
a boyfriend!*

A small clarification! You should read from top to bottom and then from left to right! As in the picture!

Not so good as a boyfriend: Chapter I - Karen

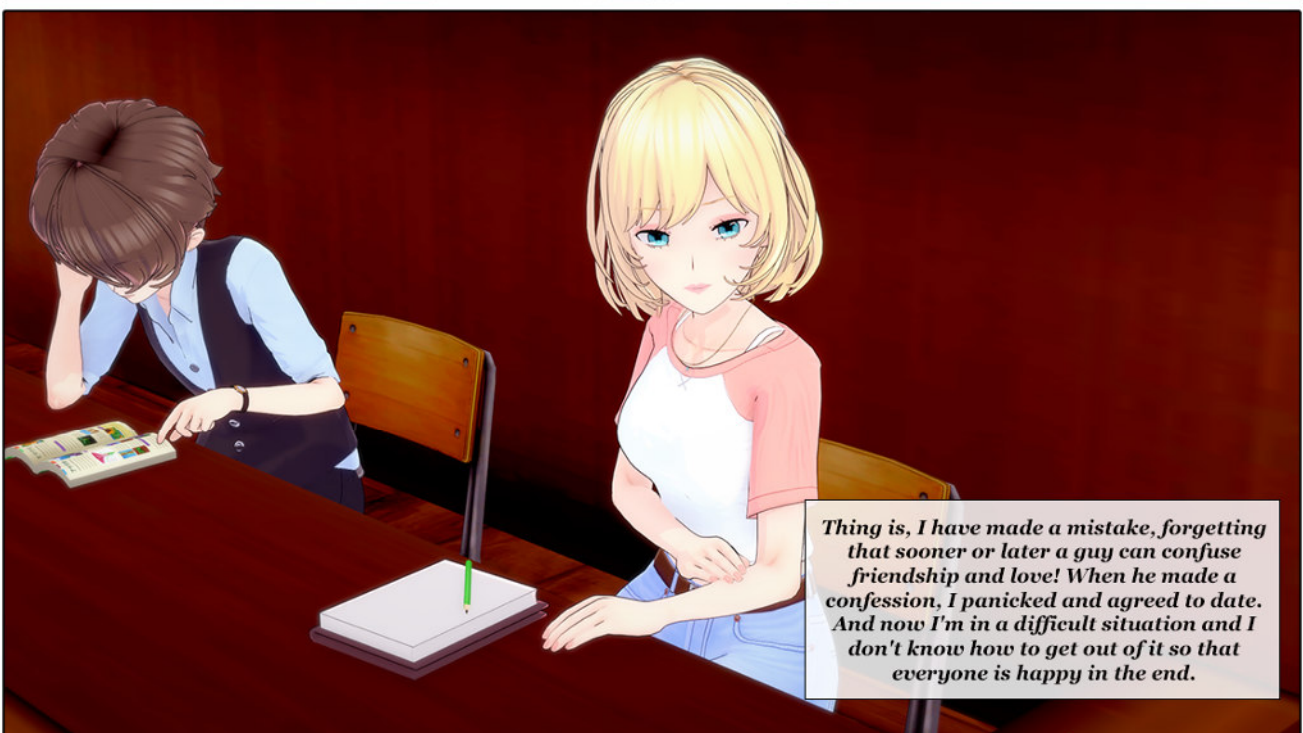

Let me introduce myself: my name is Karen, I am 19 years old and I am in my second year of university. I probably would never have attracted your attention if it wasn't for the problem that happened to me!

Hi! Are you free this Saturday? How about a movie date?

On Saturday? Well, I don't mind!

Meet my problem, his name is Samuel, and we've been best friends since high school. Or, better to say, he was more like a substitute girlfriend for me, since I always found it difficult to get along with girls my age, but now it so happened that he is my boyfriend.

Thing is, I have made a mistake, forgetting that sooner or later a guy can confuse friendship and love! When he made a confession, I panicked and agreed to date. And now I'm in a difficult situation and I don't know how to get out of it so that everyone is happy in the end.

But sometimes what should seem like just a joke changes everything! And now, I think it's time to tell you about how I did something that will forever remain a burden on my soul!

Let's go back to the day when I came up with the idea!

Amazed!

Everything is fine! It's just that a lot of things have piled up with the upcoming finals.

How about you stay over at my place this Friday?

It's a little funny that, despite the fact that he is smarter than me in education, he is bad at human relations!

Karen, you've been kind of absent-minded these days. A you all right?

If you need help, we can study together! Besides, as your boyfriend, I feel responsible!

Friday evening at Karen's place

You're getting better! But I think it's enough for today!

I'm not that smart, I just like to study! Anyway, we still have the whole evening on our hands, so what are we going to do?

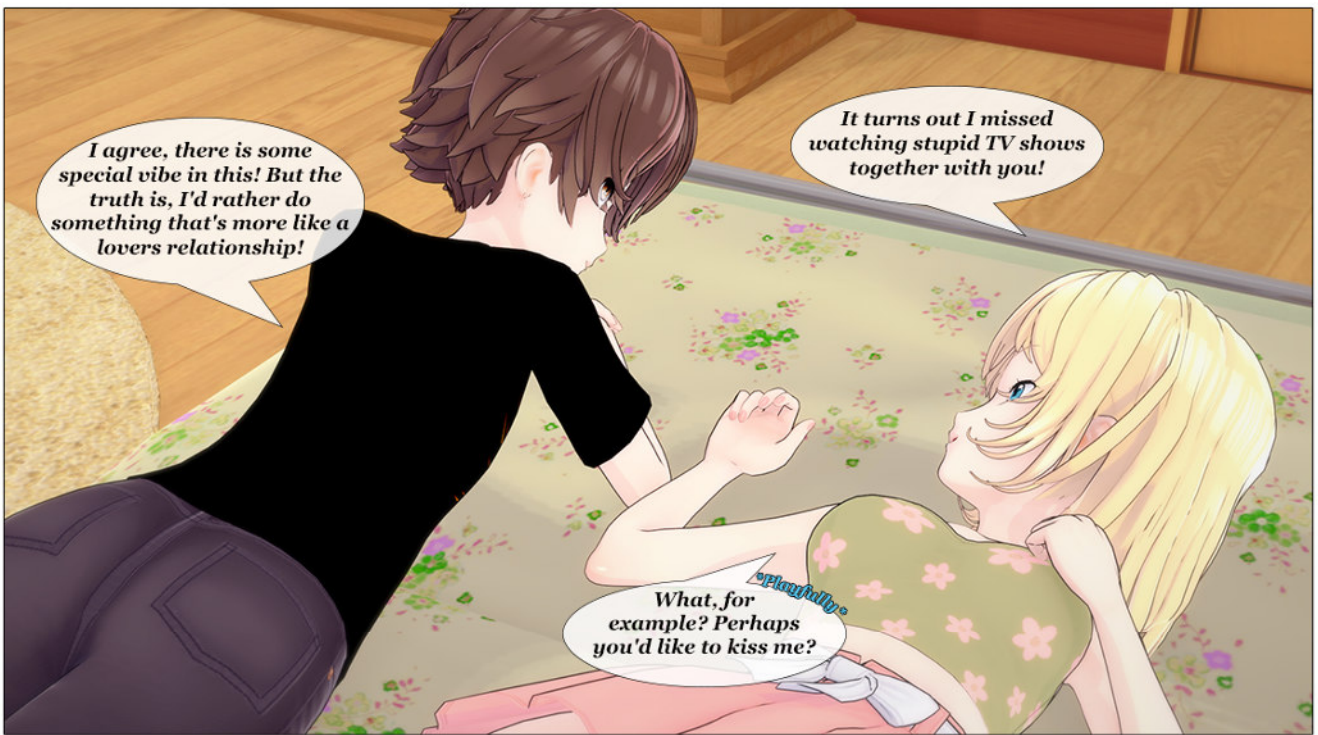

awkward snicker!

Like in the good old days when we were just friends? I'm up to it!

Without your help, I would have been stuck with this for a couple of weeks! It's good to be smart!

We can watch TV like we used to! There's a funny series coming out!

I agree, there is some special vibe in this! But the truth is, I'd rather do something that's more like a lovers relationship!

It turns out I missed watching stupid TV shows together with you!

Playfully
What, for example? Perhaps you'd like to kiss me?

Am I really going to let him kiss me? Yes, he's cute, but I'm not excited at all!

You're so beautiful, Karen!

Soft lips, sweet warm breath, his gentle touch! But all this does not turn me on at all! As I thought, I can't be his girlfriend!

I wish we could just remain friends! And it's even better if he was a girl initially! He's quite effeminate to begin with! Wait, maybe this is my way out!?

Well, what do you say? You look quite pretty to me!

Then how about going a little further?

I won't tell that my face has changed so much, although I can't deny that I look more feminine!

What do you mean?

I have a wig, and I also think it would be fun to finish the look by putting a dress on you!

It's a bit much, although I can't deny that I'm a little curious!

It's like you're mesmerized by your own reflection!

Well, to the last part of your transformation! Because I really want to see you in a dress!

In a sense, I am! It's amazing how the wig and make-up have transformed me!

joyful
Oh my gosh! Sam, you look adorable! Just like a doll!

Of course I do! I wouldn't lie to you!

No! That would be a waste! Besides, you said you'd pretend to be my girlfriend if will not look ridiculous!

doubting
Do you really think so?

I'm glad you're satisfied! But can I change my clothes now, because it's really embarrassing!

OK... but only for today! And please don't tease me too much!

In the morning

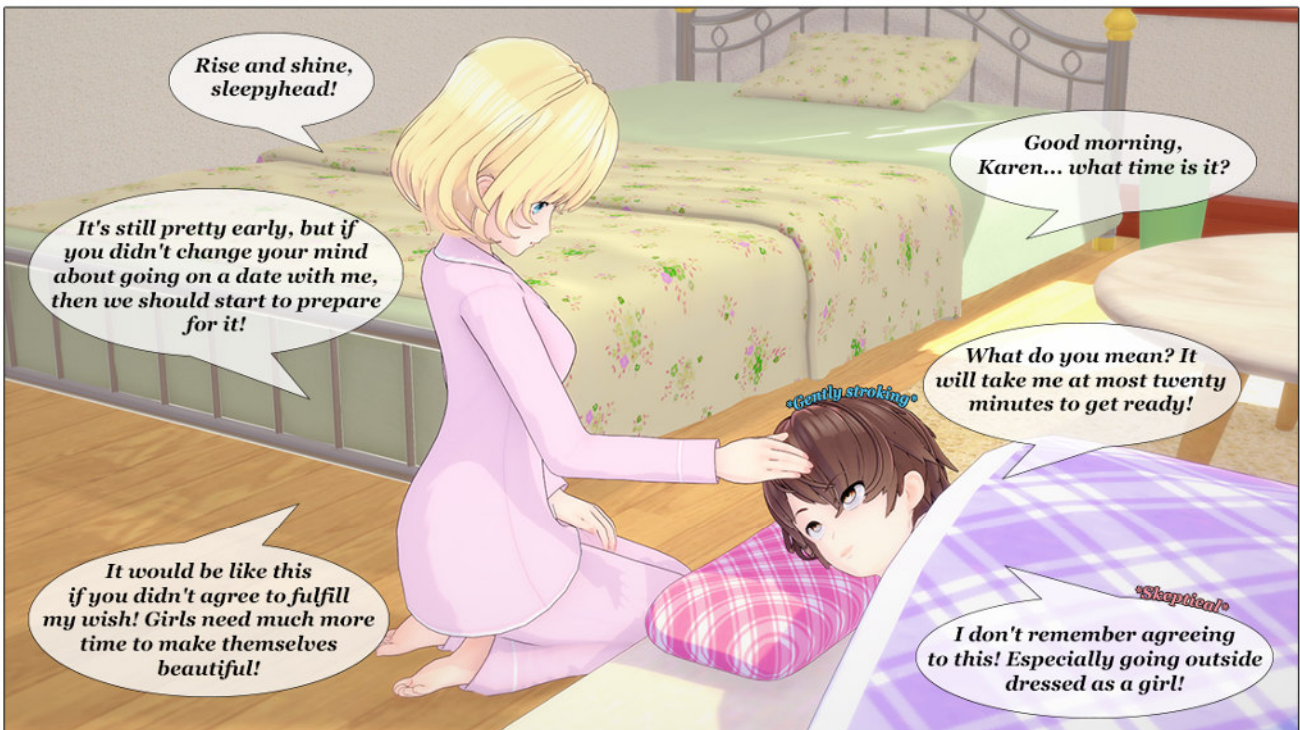

It was quite fun yesterday! So, I think I've made up my mind!

The only question is how to force you into crossdressing!

Should I play dirty by giving you something indecent as a reward?

It might work at first, but in the long run it will only give my boyfriend an effeminate appearance!

Perhaps I should involve a third party, but that would complicate my already imperfect plan!

Rise and shine, sleepyhead!

Good morning, Karen... what time is it?

It's still pretty early, but if you didn't change your mind about going on a date with me, then we should start to prepare for it!

What do you mean? It will take me at most twenty minutes to get ready!

It would be like this if you didn't agree to fulfill my wish! Girls need much more time to make themselves beautiful!

I don't remember agreeing to this! Especially going outside dressed as a girl!

But this is what my original wish was! Pretty please!

What if someone figures out that I'm a guy?

I wouldn't worry about that, you look even nicer in this dress than I do!

Somehow, such compliments do not particularly please me...

How about this, if we spend this weekend as girlfriends, then I promise to do something naughty with you this evening!

blushes
Naughty, do you mean that we're going to have S...

I'm sorry, Sam, know you really want this, but I'm not ready to take this step...

I feel sorry for him, but sex is out of the question!

But there are more innocent things that will bring pleasure to both of us!

But spending the weekend pretending to be your girlfriend..

I promise you won't regret!

displeased
You know, Sam, you look as if I'm going to torture you!

blushes
This is not so far from the truth! I get goosebumps when I think about being seen like this!

If this is so unpleasant for you, we can cancel our date

But I already promised you! A man must keep his word!

By the way, Sam, why are you hiding behind the closet?

Why is that? You've seen me in my undies many times, and it wasn't a problem before!

giggles
Shouldn't you be even more interested in my body now?

His reaction is quite cute, but a guy definitely shouldn't behave like that towards his girlfriend

embarrassed
You're changing clothes, it's not right for me to peek!

We were just friends before, but now I'm your boyfriend!

I'm interested, it's just... Stop teasing me already!

Okay, I'm done changing!

giggling
Oh, thanks for the compliment! But you look much cuter than I do right now!

Well, sometimes I wear them for special occasions. It's just that pants or shorts are much more comfortable, besides, my type is not very feminine!

laughs
A couple of reasons! Girlish style suits you quite well, and also in such clothes there are much more details that will help hide that you are a guy!

You look as beautiful as ever!

Discontentedly
Stop mocking me already! By the way, this raises a question; why don't you ever wear dresses or skirts yourself?

Hmm, and why did you choose these clothes for me?

talking
I kind of wish I hadn't asked such a question!

Just in time! So far, everything is according to plan!

All right, Sam, it's time for us to get going!

Notification here

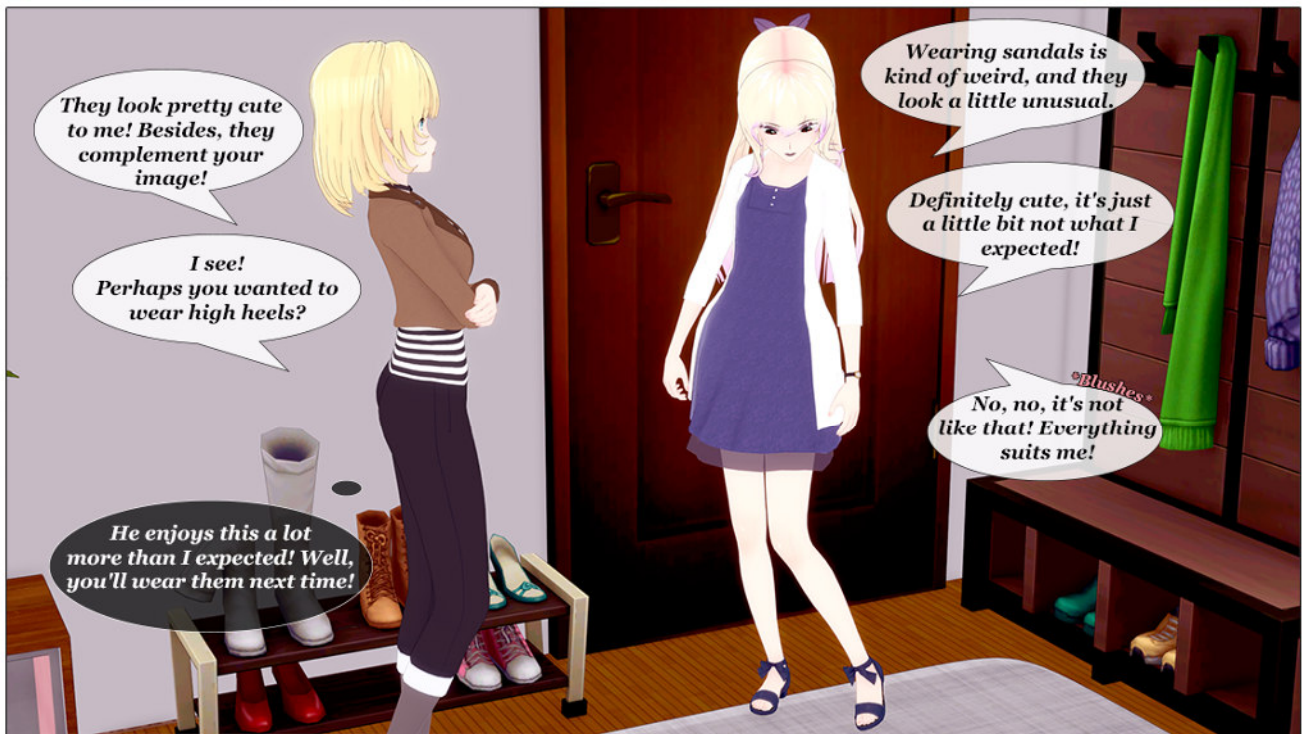

Relax, everything will be fine!

I still can't calm down!

I wish I had your confidence!

Just accept the inevitability, it's too late to back down anyway!

They look pretty cute to me! Besides, they complement your image!

I see! Perhaps you wanted to wear high heels?

He enjoys this a lot more than I expected! Well, you'll wear them next time!

Wearing sandals is kind of weird, and they look a little unusual.

Definitely cute, it's just a little bit not what I expected!

Blushes
No, no, it's not like that! Everything suits me!

Well, hello beauty!

Bump!

Hi?

It was a unexpected but very pleasant collision!

In a high-pitched voice
Sorry, I was a little distracted!

It's Karen's brother, Dan! Why is he here, Isn't he living separately for a long time? Geez, that it's not important right now! Did he not recognize me? What should I do!

Oh, hi, sis!

I'm terribly sorry! I got a little carried away because she's so cute!

Hello to you too, brother! By the way, how long are you planning on groping my friend?

And now you've decided to start flirting with her so brazenly?

Oh, where's my manners! Let me introduce myself, you can call me Dan!

Sam... or rather, Samantha!

Snickerings
Such predictable behavior! Although that's exactly what I was counting on!

It's was a pleasure to meet you! I hope to see you again!

AHEM! I don't want to disturb you two, but we're going to be late for the movie!

In a whisper
Sorry, I'll explain everything to you tomorrow!

In a whisper
Hey, Karen, what the hell, didn't you ask me to come over?

Not all of it, of course, but the part that is needed for my plan!

nervously
Karen, do you think your brother recognized me?

Unlikely! The last time you met was last year, and besides, if he figures out, he would have teased you instead of flirting!

Awkwardly
I don't know, it just happened somehow by itself!

By the way, what was with that squeaky voice when you were so embarrassed?

No way! It will be even more embarrassing!

It made me think that perhaps you should speak with that voice while you're Samantha!

No, but it's not that easy if I have to do it on purpose!

threateningly
More awkward than being found out?

Alright, alright, I'll try!

Pretty please, "Samantha!"

Giggles
Good girl!

After the movie

Agitated
Those special effects, with all that blood! I even got goosebumps all over my skin!

You're usually more engaged too! What's the matter, you didn't like the movie?

Laughing
You definitely love horror movies!

It's not that I didn't like it, I just don't think it's really good for a date..

Did you want to watch something more romantic? It seems like you're starting to forget that we're more on a simple stroll as girlfriends!

Excitedly gesticulating

It's the first time we've been going out together since we started dating... but if you want it to be just a stroll, that's fine!

It's a bit surprising how naturally he manages to behave! He's even got used to the girly timbre of the voice!

Changes topic
You know, it's even a little funny! This thrill of being found out!

I get that this is wrong! But I can also enjoy it, as I will never do it again!

So you're ready for something more, thinking that you won't have to pretend to be a girl again! Hmm, this might work!

I have an idea for something thrill-seeking! How about a short shopping trip?

Why not, it will be fun to choose clothes for you!

Treachorous
It's definitely going to be fun! One correction, we'll be looking clothes for you!

Confused
For me? But I'm dressed like girl... Wait, you're not planning to...

You already look adorable in my old dress! I imagine what a cutie you will be if we pick up something especially for you!

That's! You're not going to force me, are you?

Wait a moment! Is this really necessary?

Not a option! And was it my imagination, or did you mention lingerie?

Karen, I think you're taking this too far!

predatory
Well, my dear Sam, it's time to take your measurements!

How else can I pick up lingerie for you? Or would you rather get the help from a consultant?

It's quite vulgar for an adult girl to walk around without a bra, and your panties also don't really suit for a girl!

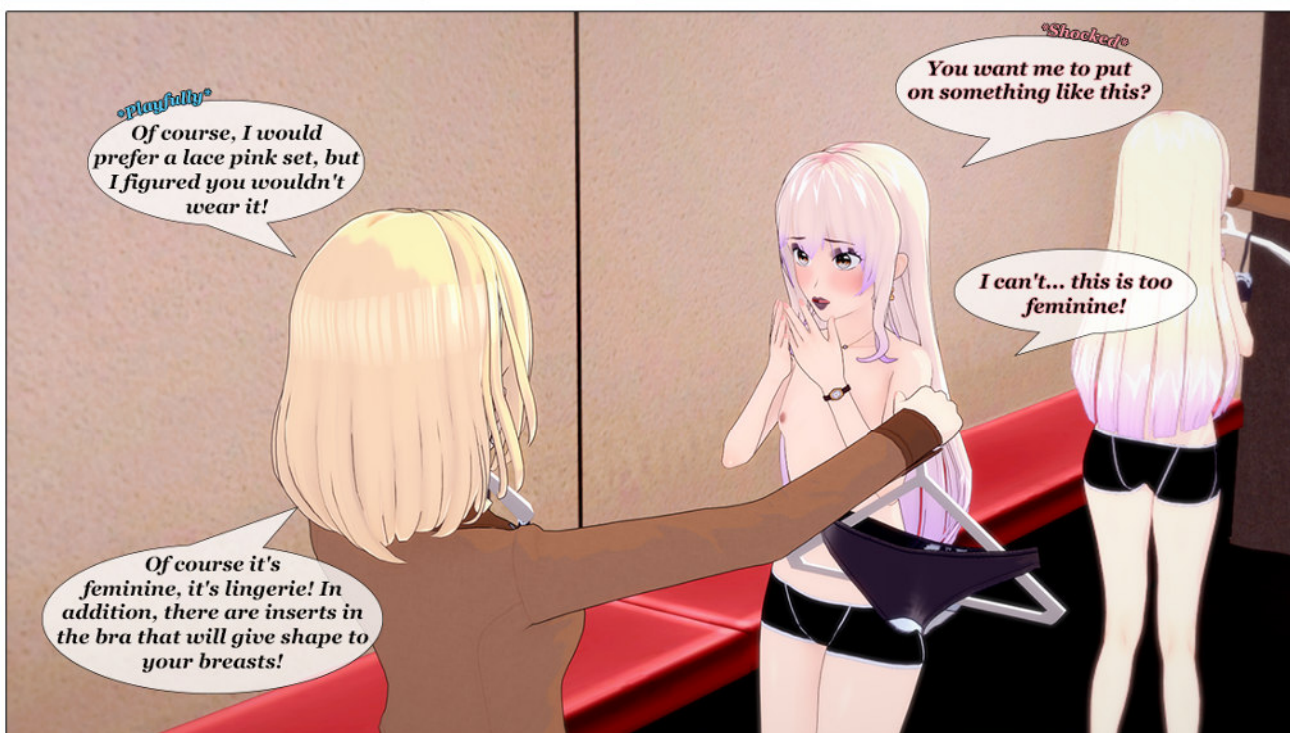

Please don't tease me that much, I'm still your boyfriend!

Your body is surprisingly very slender!

Oh, nope! You're my girlfriend now, and I'm paying you a compliment!

Anyway, now that I have your sizes, I can pick up something!

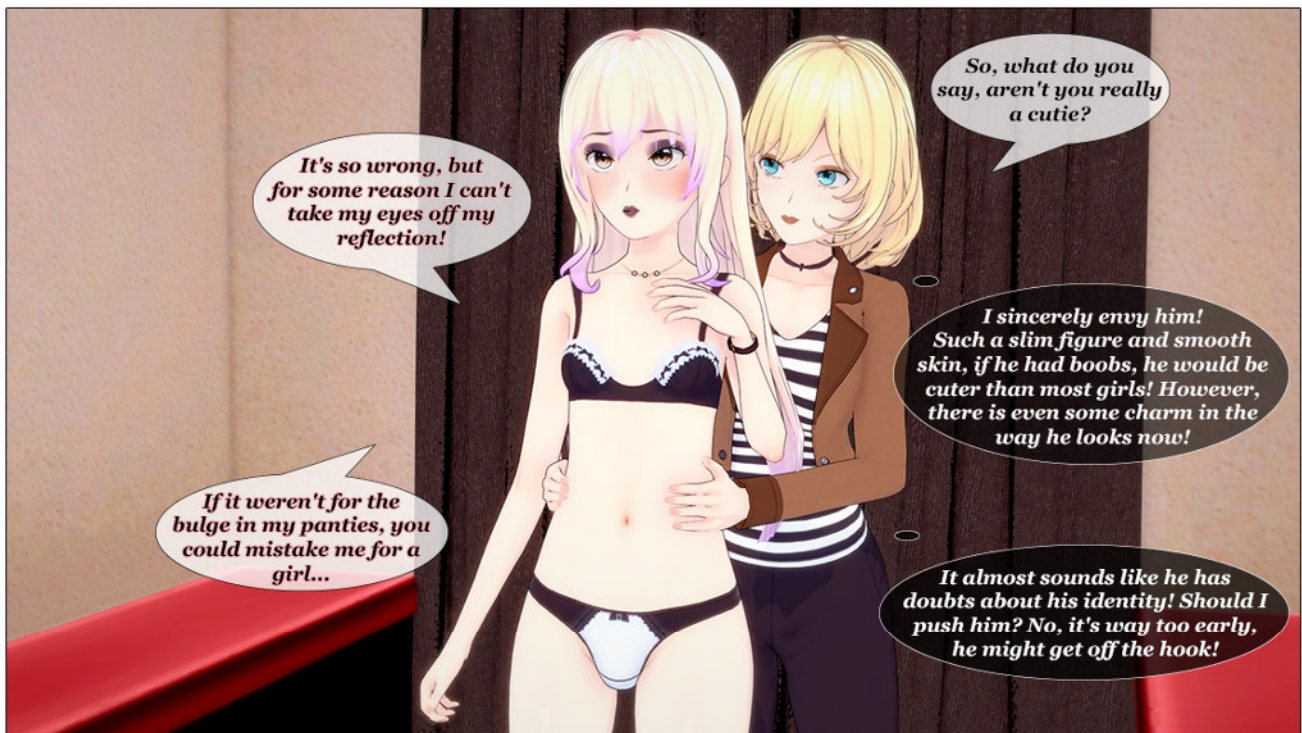

playfully
Of course, I would prefer a lace pink set, but I figured you wouldn't wear it!

Of course it's feminine, it's lingerie! In addition, there are inserts in the bra that will give shape to your breasts!

Shocked
You want me to put on something like this?

I can't... this is too feminine!

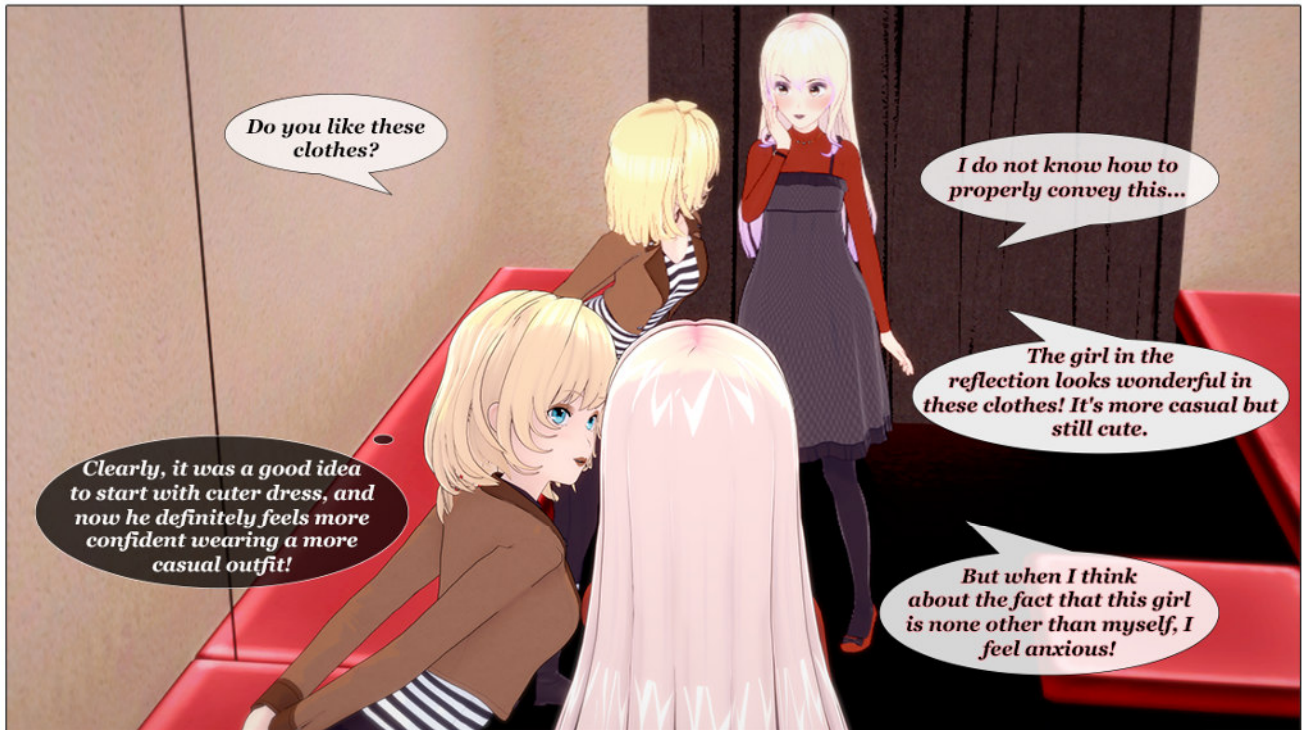

It's so wrong, but for some reason I can't take my eyes off my reflection!

So, what do you say, aren't you really a cutie?

I sincerely envy him! Such a slim figure and smooth skin, if he had boobs, he would be cuter than most girls! However, there is even some charm in the way he looks now!

If it weren't for the bulge in my panties, you could mistake me for a girl...

It almost sounds like he has doubts about his identity! Should I push him? No, it's way too early, he might get off the hook!

Do you like these clothes?

I do not know how to properly convey this...

The girl in the reflection looks wonderful in these clothes! It's more casual but still cute.

Clearly, it was a good idea to start with cuter dress, and now he definitely feels more confident wearing a more casual outfit!

But when I think about the fact that this girl is none other than myself, I feel anxious!

Going? Wait! What about clothes?

All right, let's get going!

Don't worry, I've already paid for them!

But why? Hey, don't drag me so much, I can't walk in heels!

I won't let you get out of this! So put up with it!

Geez, Karen! This is all crazy!!!

Karen, can you honestly tell me why all this was necessary?

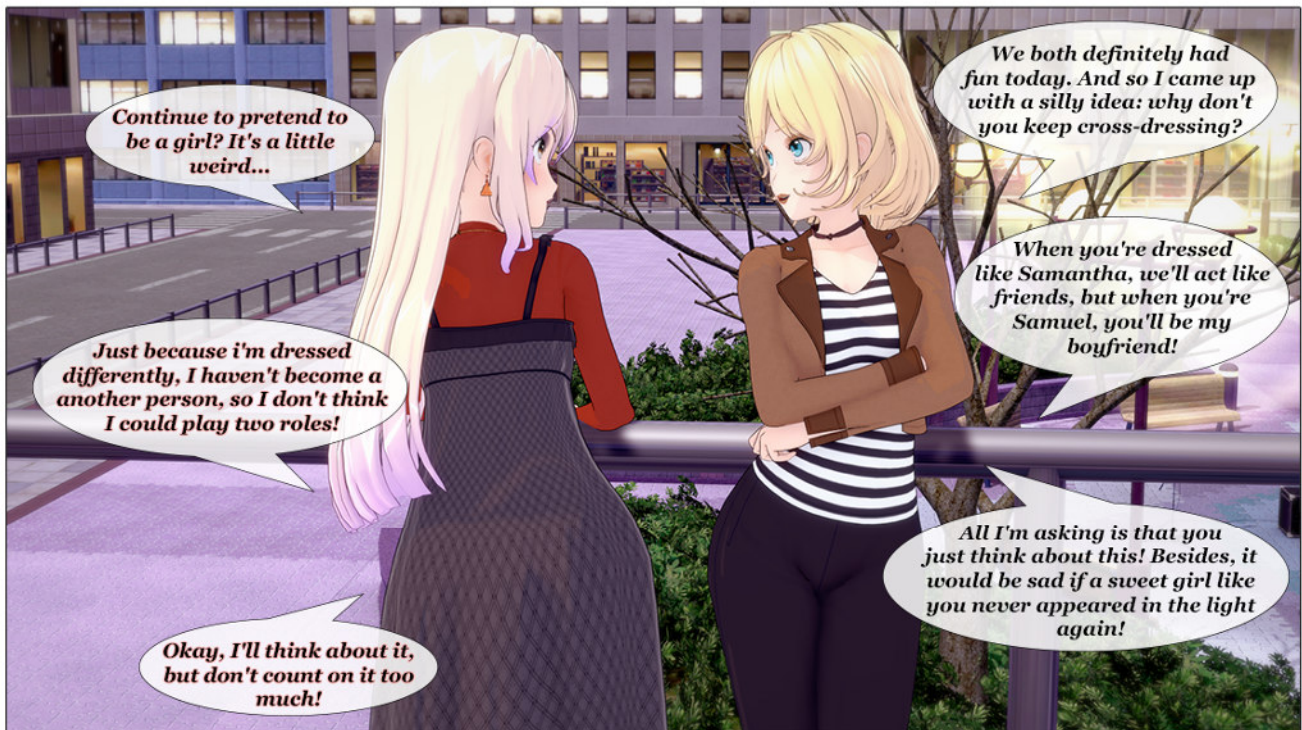

We have been friends for almost 5 years! So yea, I see that you've been acting strangely since you agreed to be my girlfriend! But today, it was the old you!

I don't quite understand how to behave either... but I liked today's date, or rather I enjoyed that you were enjoying yourself!

I just wanted to have fun! Or were you implying that I had some other ulterior motives?

Well, I guess I got caught! You're right, I don't know how to treat you now, and that's why I wanted to spend time like before!

Was I really that obvious, enjoying his cross-dressing?

Continue to pretend to be a girl? It's a little weird...

Just because i'm dressed differently, I haven't become a another person, so I don't think I could play two roles!

Okay, I'll think about it, but don't count on it too much!

We both definitely had fun today. And so I came up with a silly idea: why don't you keep cross-dressing?

When you're dressed like Samantha, we'll act like friends, but when you're Samuel, you'll be my boyfriend!

All I'm asking is that you just think about this! Besides, it would be sad if a sweet girl like you never appeared in the light again!

in a whisper
Stay calm, maybe she won't notice!

in a whisper
Crap, your mom's home...

giggles
Wait a second! This girl resembles someone to me! Sam? Why are you dressed this way?

Hello, sweetie! I see you're with a new friend!

kisses
Hello, Mrs. Beckett! It's hard to explain...

silly chuckles
Mom, it's all because of me, I wanted to tease him a little.

Come here, Sam, I want to get a better look at you!

Sam, why are you averting your gaze? Are you ashamed that you're dressed like a girl?

Assuredly
I do not think so! On the contrary, you look quite lovely!

But it makes me wonder, Sam, perhaps you're seeking approval?

shyly
The way you look at me... Do you think it's disgusting?

Thanks for the compliment! I guess I'm just afraid of what people will think about me...

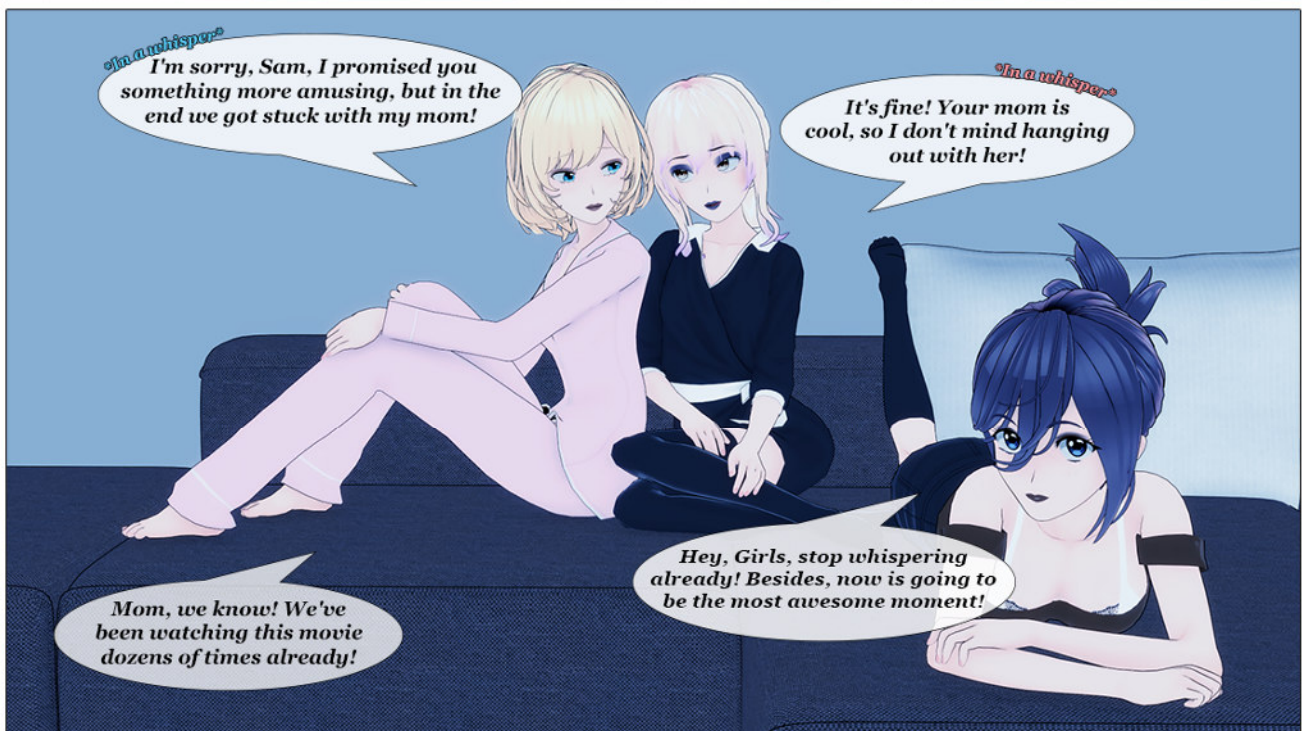

ambly
Sam, you're a really good kid, but worrying too much about other people's opinions won't do you any good! So just be yourself and don't be shy about your wishes!

If you say so! Anyway, you're going to stay the night with us again, right?

You are always welcome in our house! But I have a request, since you're dressed like this today, how about a girls' night out with junk food and romantic movies!?

A bit more confidently
I will try my best! But don't get me wrong, Mrs. Beckett, I'm not planning to continue cross-dressing!

Yes, unless of course it will not cause you problems.

In a whisper
I'm sorry, Sam, I promised you something more amusing, but in the end we got stuck with my mom!

In a whisper
It's fine! Your mom is cool, so I don't mind hanging out with her!

Mom, we know! We've been watching this movie dozens of times already!

Hey, Girls, stop whispering already! Besides, now is going to be the most awesome moment!

Sam, are you asleep?

I'm trying to

Would you like to sleep together with me?

It sounds pretty tempting, but you have something else in mind, don't you?

seductively

Come here and find out yourself!

You don't want that?

Are we really going to do this?

It's just... while I'm dressed like this... and your mom sleeping behind the wall...

Then you'll should try to restrain your moans!

Wait, that sounds wrong somehow!

You're still supposed to act like you are a girl, and that's why I'm going to tease you!

Hey, Karen! Why are you lifting up my bra?

Erotically

Well, let's get started, my sweet Samantha! By the way, could you switch to a feminine voice like during our date?

Because girls like it if their partner caresses their boobs!

Aaahhh!

I like your reaction! And your nipples are so charmingly hardened!

Oh! Karen, this is wrong!

Shhh! Quiet, my girl, we don't want to be caught!

For some reason, I'm enjoying it a lot more than I expected!

And surprisingly, he doesn't resist at all, I didn't expect that he would give in to pleasure so much!

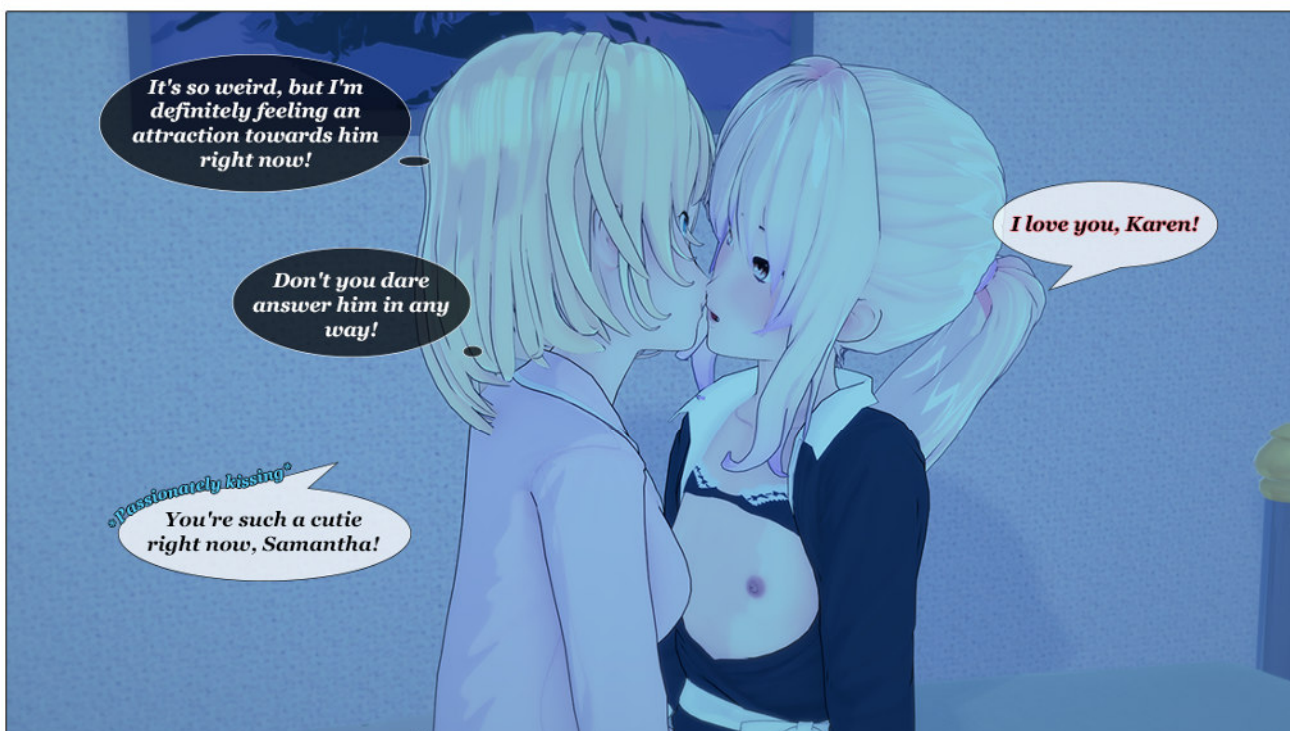

Sweet moans

Pinching
Groping

What the hell am I doing? I shouldn't have gone that far!

Gosh! Karen, it feels so good!

It's so weird, but I'm definitely feeling an attraction towards him right now!

Don't you dare answer him in any way!

I love you, Karen!

passionately kissing
You're such a cutie right now, Samantha!

In the morning

We definitely had an unusual experience, but I'm glad you liked it!

This weekend was really fun! Thank you for fulfilling my whim!

I don't know... Well, see you tomorrow at uni!

Giggles
Does this mean that I can look forward to a repeat?

Bye, Sam!

Indignantly
So, what the hell is going on?

What are you talking about, Mom?

Amused
Don't play dumb! For what reason did you dress up your boyfriend as a girl?

Defensively
I just wanted to have fun! Besides, it seemed to me that you also liked him in such appearance!

Amused
He's definitely a cutie, but that's not the answer to my question! Was it purely your idea, or did he tell you something?

Purely mine! By the way, what could he have told me?

Hmm... I see! You'll get to know everything yourself sooner or later!

Amused
You're probably going to be mad! You know that Sam and I started dating, but...

Anyway, what exactly is you plotting? I can't believe that you were just fooling around!

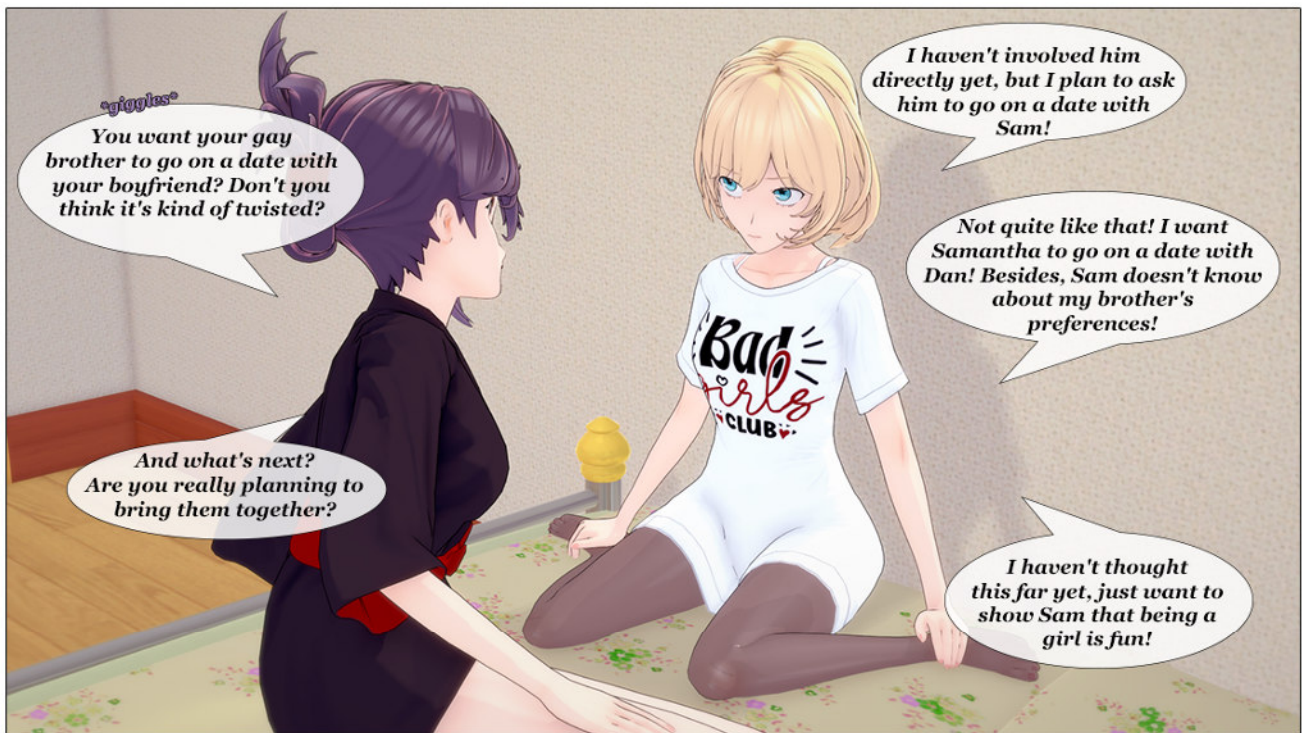

Surprisedly
How did you know!?

But you don't love him as a man?

At first it was really just a prank! Then, I thought it would be great if he enjoyed being girlfriends.

I am your mother, and of course I realize that he is dear to you as a friend, but nothing more! But that doesn't explain why you dressed him up?

Hmm, but what does your brother have to do with this?

giggles
You want your gay brother to go on a date with your boyfriend? Don't you think it's kind of twisted?

I haven't involved him directly yet, but I plan to ask him to go on a date with Sam!

Not quite like that! I want Samantha to go on a date with Dan! Besides, Sam doesn't know about my brother's preferences!

And what's next? Are you really planning to bring them together?

I haven't thought this far yet, just want to show Sam that being a girl is fun!

No! I even think it's going to be amusing! But are you sure you're prepared to let your brother have him?

So, Mom, are you going to stop me?

It's still better than if Sam finds himself another girlfriend who will definitely be hostile towards me!

Perhaps, we will see! In any case, if you need my help, then feel free to reach out to me!

Mom, why did you decide to help me?

Let's just say that I like Sam, so I don't mind him becoming my son or daughter in law!

giggles
It seems to me that you are running ahead with such statements!

I wonder if she's following her intuition, or if it's just a coincidence and she's completely unaware that Sam is an unusual boy!

This approach completely gives you off! So, what do you want, little sister?

playfully
Hello, dear big brother!

It's not like I'm even trying to hide it! About what happened yesterday...

surprisedly
Get to the point, Karen! Why did you ask me to drop by?

You flawlessly played your part!

Did you like my friend Sam? How about going on a date with them?

She's kind of cute, but why would I go on a date with a girl?

laughs
Apparently you couldn't put 1 + 1 together! Did you really not recognize him behind the girly clothes?

surprisedly
Him? Wait, she introduced herself as Sam! Is this a joke? This can't be the same guy you've been friends with since high school!

So, did that catch your interest?

Agitated
Definitely! But it also raises a lot of follow-up questions for me! Why the hell was he dressed like a girl, and why did this date have to be with me?

I want him to experience a date from a girl's point of view, and you are the best choice, as I do not know anyone else who is ready to go on a date with a guy!

So, dear brother, will you help me?

And what is my benefit in all this?

Isn't the fact of dating a cute boy already enough?

Let me remind you that he will be dressed as a girl, which upsets me a little! Besides, since he's your friend, it would be wrong to seduce him!

I don't mind you seducing him at all! But knowing you, it's unlikely that you'll fuck him on the first date!

You know, Karen, it's pretty unsafe to be your friend! But you intrigued me, so I'm in!

Happy!
Excellent! You're the best, brother!

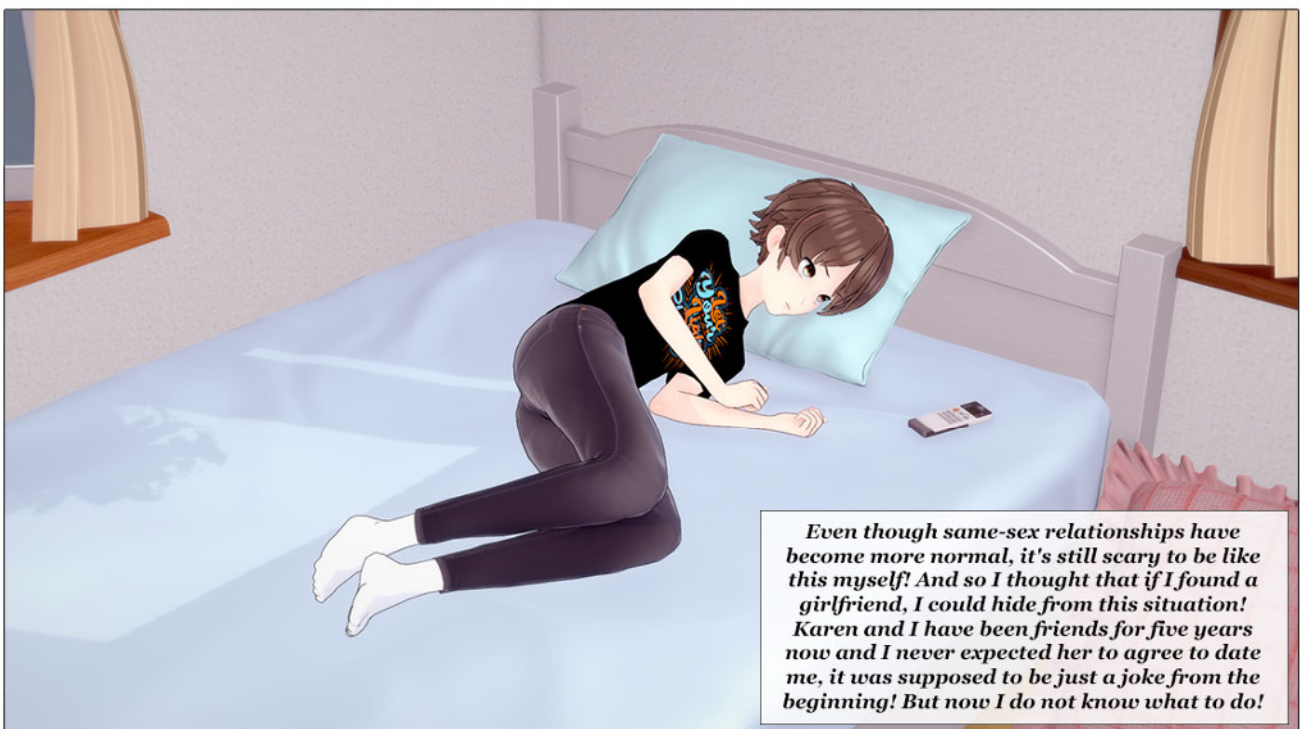

Chapter II - Samuel

You've already get to know my girlfriend Karen, but now it's time to tell the story from my side! So, my name is Samuel, and I'm 19 years old.

About a month ago, a guy from the university asked me out! He was stylish, tall and muscular, in a word, he had all that I was lacking! But he was so handsome that I panicked and replied that he was wrong and that I'm not into guys... But that was a lie, because even though I do like girls, I'm also drawn to guys!

Even though same-sex relationships have become more normal, it's still scary to be like this myself! And so I thought that if I found a girlfriend, I could hide from this situation! Karen and I have been friends for five years now and I never expected her to agree to date me, it was supposed to be just a joke from the beginning! But now I do not know what to do!

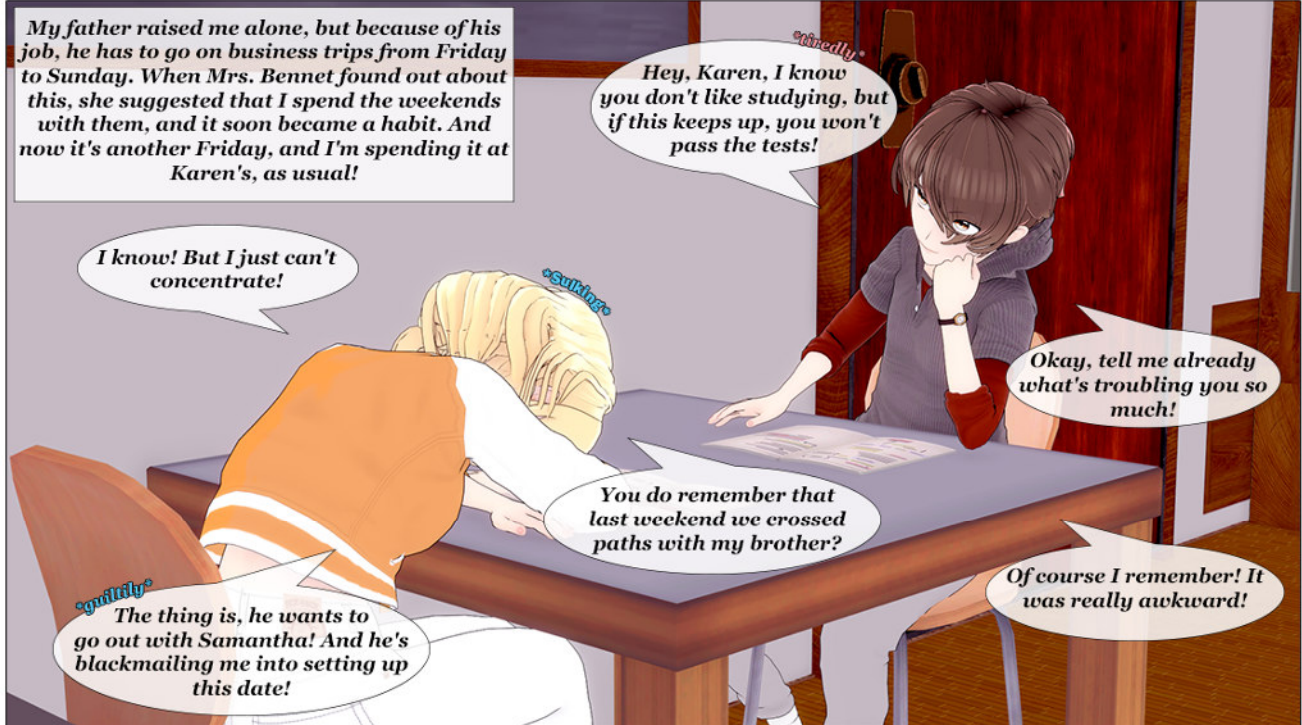

I've never actually thought about it, but I do have rather feminine features...

And yesterday I was really cute when I was cross-dressing... But one thing worries me: dressed in girly clothes, I behaved much more openly and naturally than usual!

And the way Karen caressed my body; it was amazing! Of course, I've played with my nipples before, but this is nothing compared to the sensations from a girl's delicate fingers and lips!

I wonder, if I agree to dress like a girl again, will Karen do even more obscene things with me?

My father raised me alone, but because of his job, he has to go on business trips from Friday to Sunday. When Mrs. Bennet found out about this, she suggested that I spend the weekends with them, and it soon became a habit. And now it's another Friday, and I'm spending it at Karen's, as usual!

Hey, Karen, I know you don't like studying, but if this keeps up, you won't pass the tests!

I know! But I just can't concentrate!

Okay, tell me already what's troubling you so much!

You do remember that last weekend we crossed paths with my brother?

Of course I remember! It was really awkward!

The thing is, he wants to go out with Samantha! And he's blackmailing me into setting up this date!

I did exactly that! But he replied that you were definitely flirting with him.

Just tell him it's impossible!

You blushed shyly and averted your eyes! From the guy's point of view, this is how an innocent girl reacts if she enjoys flirting!

You know I didn't do anything like that! You were there and saw everything!

This was not my intention!

Although, to tell the truth, I was pleased to receive such compliments from him!

No matter how much I think, there are only two options! Either I tell him it was you, or you help me out and go on a date with my brother! Otherwise I'm fucked!

A date with Dan! If I had been offered something like this before, I would certainly have been happy, but now that I'm dating Karen, it's kind of wrong! Besides, I'll have to pretend to be a girl!

This reaction: it looks like he even wants to go on this date!

Strictly
The first option is out of the question! I don't want to be seen as a pervert!

I need to control myself, I can't show that I'm excited!

But then there is only the option with a date! You're not going to abandon me, right?

I don't know, it's one thing when I was with you! But trying to deceive your brother is kind of too much!

Sam, be tough, don't show emotion!

Oh my gosh! I'm about to laugh! If only he knew how his face betrayed his real feelings!

You don't have to deceive him! You can just hang out with him, it doesn't have to be really a date!

Shit, I didn't expect him to begin to specify!

Karen, is your brother really going to use this against you? By the way, what is he blackmailing you with?

It's too embarrassing! But if Mom finds out about this, I'll lose my pocket money!

Maybe this will encourage you to find a part-time job!

angrily
Hey! Whose side are you on! Besides, you don't work part-time either!

I have a scholarship for good grades! Besides, I don't mess up, and therefore my father gives me money!

crossly
Anyway, we've strayed from the subject! Will you help your girlfriend in such a difficult situation?

hopelessly
If there really is no other way out! But don't you think it's a little weird that your boyfriend is going to have a date with your brother?

It's not you who's going on a date, it's my friend Samantha, so it's okay! Besides, it will be beneficial for you to see how men should behave on a date!

What's that supposed to mean?

Well, on our date, you're acted like my friend rather than boyfriend!

I was supposed to play role of your girlfriend, so how else should I have behaved?

How did it happen that I found out about the date only yesterday, and today I'm going on it!

Despite the absurdity of the situation, you seem to get too much pleasure from what's happening!

Anyway, what should I do if Dan starts doing things? How should I react?

Sam, stop fidgeting! I need to gather your hair!

*youfully**
I won't even deny it! I'm preparing my bestie for her first date with a guy! It's fun!

What if Dan decides to hold my hand, or even, even kiss me?

embarrassed
Of course not! We're both guys! I'm just worried...

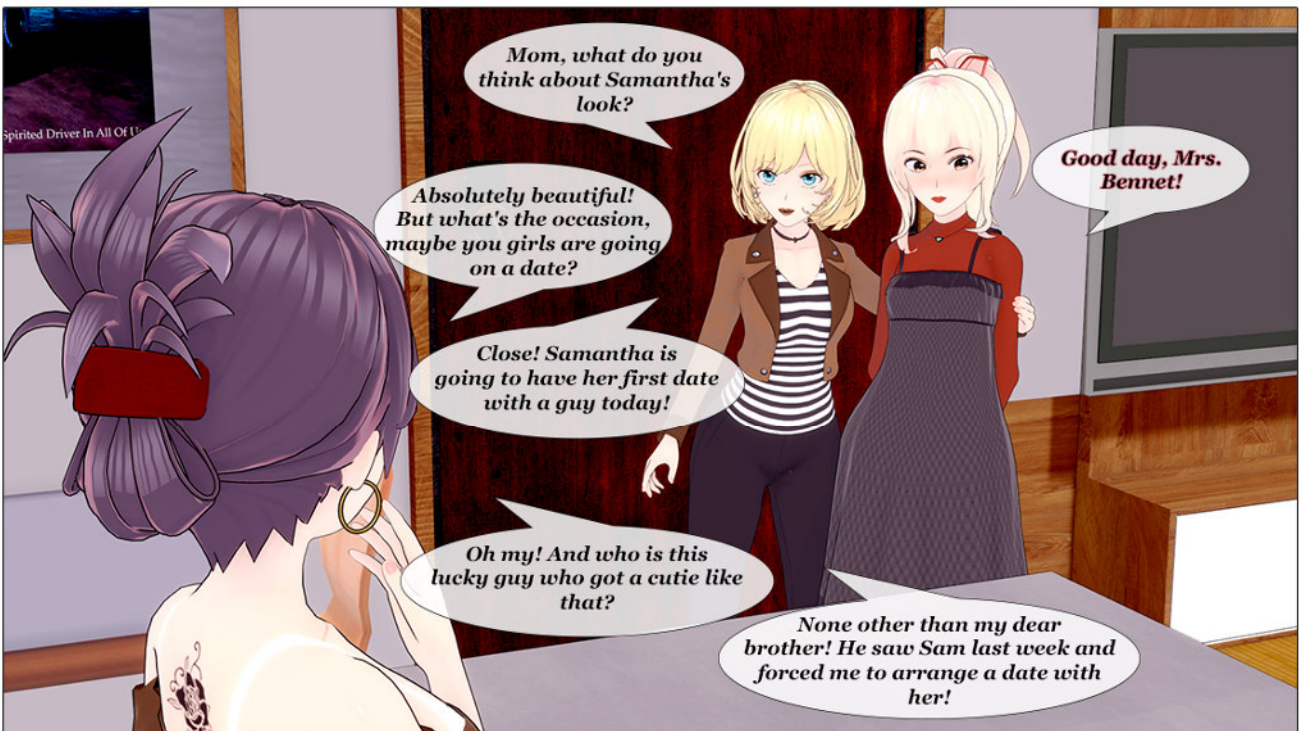

angrily
Are you nuts? How can you propose something like that to your boyfriend?

giggles
Things? What exactly do you mean by that?

laughs
So this is what you want!

playfully
These are absolutely normal things for a date! And I don't mind that you enjoy it to the fullest! Besides, it will be fun to gossip about my brother later!

Not to a boyfriend, but to my friend, to a girl! By the way, you should watch out for your voice!

Mom, what do you think about Samantha's look?

Absolutely beautiful! But what's the occasion, maybe you girls are going on a date?

Close! Samantha is going to have her first date with a guy today!

Oh my! And who is this lucky guy who got a cutie like that?

None other than my dear brother! He saw Sam last week and forced me to arrange a date with her!

Good day, Mrs. Bennet!

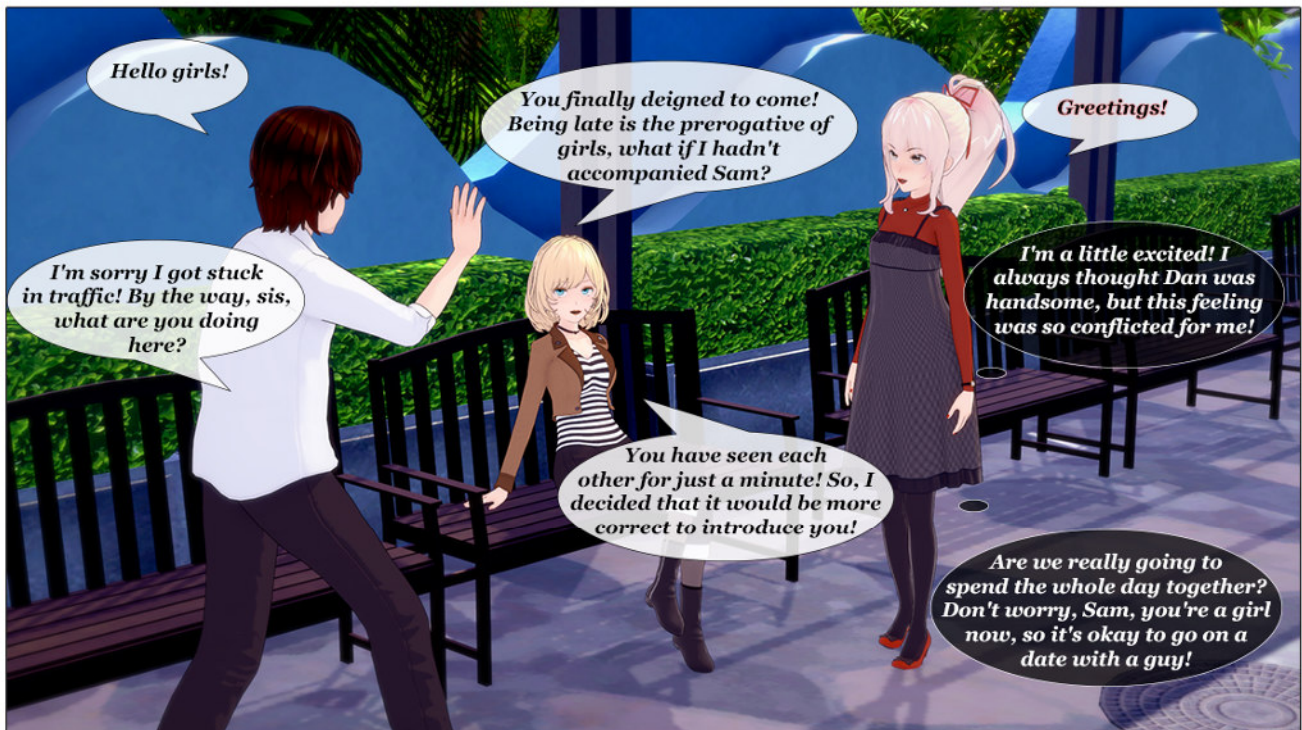

You know, I'm still really worried that Dan will realize that I'm hiding behind the image of Samantha!

What if he gets angry and does something violent?

If he's not a idiot, then it's unlikely that he'll give away that he knows you're a guy!

If that really happens, then just say that I wanted to make fun of him and forced you to dress up as a girl!

My brother is not that much of a jerk, and he won't beat up my friend over a joke like that!

Hello girls!

I'm sorry I got stuck in traffic! By the way, sis, what are you doing here?

You finally deigned to come! Being late is the prerogative of girls, what if I hadn't accompanied Sam?

Greetings!

I'm a little excited! I always thought Dan was handsome, but this feeling was so conflicted for me!

You have seen each other for just a minute! So, I decided that it would be more correct to introduce you!

Are we really going to spend the whole day together? Don't worry, Sam, you're a girl now, so it's okay to go on a date with a guy!

What the heck! He just kissed me on the cheek so casually! Does he really like me?

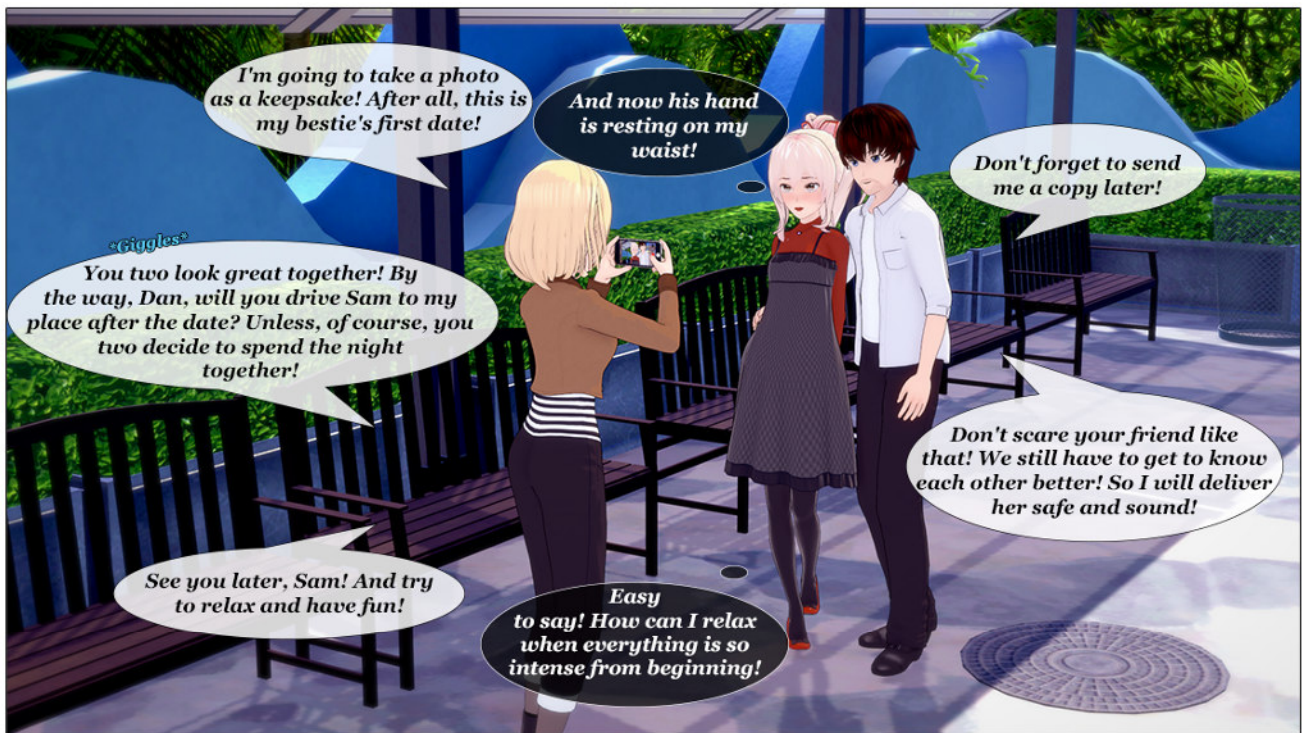

Samantha, you're even more beautiful than last time I saw you!

giggles
Maybe you guys should skip the date part and rent a room right away?

angrily
Karen, what are you saying! This is completely inappropriate!

Sis, don't you think you've fulfilled your part?

playfully
Okay, okay! I'll leave you two alone!

I'm going to take a photo as a keepsake! After all, this is my bestie's first date!

And now his hand is resting on my waist!

Don't forget to send me a copy later!

Giggles
You two look great together! By the way, Dan, will you drive Sam to my place after the date? Unless, of course, you two decide to spend the night together!

Don't scare your friend like that! We still have to get to know each other better! So I will deliver her safe and sound!

See you later, Sam! And try to relax and have fun!

Easy to say! How can I relax when everything is so intense from beginning!

chuckles
Yeah, I think just standing would be really a pointless

Okay, shall we go?

It looks like the hand-holding walk part is going to start right away! In fact, I don't even mind, moreover, as long as I look like a girl, no one will gawk at us!

By the way, Sam, is it true what Karen said before she left?

Which part exactly you asking about?

Is this really your first date?

It sounds like you're doubting it! Yes, I've never been on a date with a guy before!

It's just a little hard to believe that such a pretty girl was deprived with the attention from guys!

I'm quite shy, so I always refused when I was asked out! Although I'm a bit regretful about it!

Perhaps I should consider myself lucky, but nevertheless, why did you agree to go on a date with me?

His hand is so big and warm, I even like this feeling!

Strictly
Well, you pushed Karen, and because of that, she practically begged me to agree! By the way, it's despicable to blackmail your own sister!

Laughs awkwardly
She probably exaggerated a bit! I wouldn't give her too much pressure, besides, she has things to shut me up too!

Let's leave this topic! I'm already here so figuring out the reasons won't change our situation in any way!

You're right! And maybe I should start by showing you my good sides! By the way, you're not so timid! You stood up for your friend quite fiercely!

You know, I'm a little surprised by the choice of a place for a first date.

Don't get me wrong, I've never been here so I'm looking forward to it! It's just that usually on a date people try to establish contact and get to know each other better!

There is a slight difference! Commonly it's a romantic movie and it sets people on the same wavelength, making it easier for subsequent interaction! But by and large, cinema is also not the best option!

Did you not like that I decided to walk around the aquarium with you?

Then according to your logic, going to the cinema is also not the best choice! The couple will be more focused on the movie than on each other!

An interesting thought, especially from someone who is presumed to have never been on a date!

I think that's the main reason why I've been thinking so much about it! You keep waiting and waiting for your first date, but it still doesn't come!

dreamily
To be honest, I don't even know anymore! It always seemed to me that there should be an encounter with a large bouquet of flowers, a candlelit dinner and a walk under the starry sky!

Looks like I've ruined your first perfect date? By the way, what should it be like?

It appears that you are a genuine romantic! You know, in ordinary life, everything always turns out much more simpler!

I know! But you asked about my dream date! Moreover, this is just a stupid wish that not bound to come true!

What if I say it's still possible to do all of this?

Chuckles ironically
Is it because of me, am I not good enough?

It's not going to be the way I imagined anyway!

I can't tell him that in my dreams, I'm supposed to be a guy!

In a sense! You're a good guy, just not the one I'm in love with!

I see. By the way, does this mean you're in love with someone?

There is someone with whom we are quite close, but I'm not sure if our relationship can be called love!

Why is my heart beating so fast?

But how do you plan to pull this off?

In this case, I still have a chance! Sam, would you like me to arrange the date you've been dreaming of?

Your wish is not so difficult, the whole question is how to create the right mood!

tiggles
And I assume you have an idea for that, too?

Could you close your eyes for a second?

I'm kind of curious what he's up to!

Well, okay!

I thought he was going to lead me somewhere! Or he takes out a bouquet of flowers from nowhere! But it looks like he's just standing next to me! I wonder why I had to close my eyes?

Dan, how long do I have to stay like this?

Just a few more seconds!

This is a bit exciting!

That's exactly the point! Okay, Sam, you can open your eyes!

Oh! He's so close! I can even feel his breath! He's really handsome!

Wait, wait, wait! What am I even thinking about! The way he looks at me with his lips slightly parted! Is he going to kiss me?

What shall I do? How am I supposed to react? It's so wrong, he's Karen's brother! But why am I just standing there doing nothing!?

Sam, you're so beautiful, I can't control myself!

Geez! What am I doing!? I even pulled out my tongue! But this feels so good!

His slightly rough palm gently strokes my cheek! His stubble tingles funny when our lips merge!

His lips are so soft! And he uses his tongue so passionately! I could never imagine that kissing with a guy would be so amazing!

Teasingly
Don't be so greedy, we still have the whole evening ahead of us! But I'm glad that I managed to set the mood!

Oh, no! You can't leave me in the halfway!

Damn it, did I say that out loud? But I truly want more!

I thought that my fantasies about such things would remain just fantasies! I'm a guy, and dreaming about a romantic interaction with another guy was like forbidden fruit!

I'm sorry, it was my first kiss with a guy, I think I got a little carried away!

About an hour later

Sam, you've become kind of dispirited, did I do something wrong?

I'm sorry, I didn't expect that kissing with me would affect you so much!

I'd probably say that you put too much importance too this, but maiden's heart is made differently!

No, you're wonderful, it's just that I'm sort of feeling awkward after what we did with you...

We may not be in love, or dating, but you're the first guy I went on a date with and kissed! And it doesn't even matter what happens next, because now it's imprinted in my memories!

Maiden's heart! Such an irony, not only am I dressed like a girl, but my internal feelings such as one!

It's funny, of course, I don't even really try to behave differently, but at the same time, it seems like I'm passing for a girl!

I wonder whether what I did can be considered as cheating? Karen even said herself that she doesn't mind me having fun!

I think I just admitted to myself that I'm having fun! *giggles* The truth is, I've always wanted to try to go on a date with a guy! It's certainly not what I imagined, but by pretending to be a girl, everything is simplified!

It's all right! I've had time to ponder and enjoy the beautiful scenery!

Sorry, Sam, it took a little longer than I expected!

By the way, I found something for you! I hope you will be pleased!

surprised
Oh my gosh! Is it for me?

Am I really receiving a bouquet from a guy?

romantically
Dan, Thank You! They are very beautiful! But you really shouldn't have!

Beautiful flowers for a pretty girl! I should have done it from the very beginning! Besides, you said it was part of your dream date!

I wonder how he would react if he found out that I'm actually a guy?

Excited
So, what are we going to do next?

Candlelit dinner! Alas, I cannot prepare it myself, so we will go to the restaurant!

You know, if you continue like this, I may fall in love with you!

I probably wouldn't mind! But sadly, this is not possible!

Be careful! Because maybe my only goal is to get into your panties!

giggles
Well, you ruined such a moment! Perv!

Hmm, what should I do, act like a girl and come up with some lies, or be honest and tell about myself?

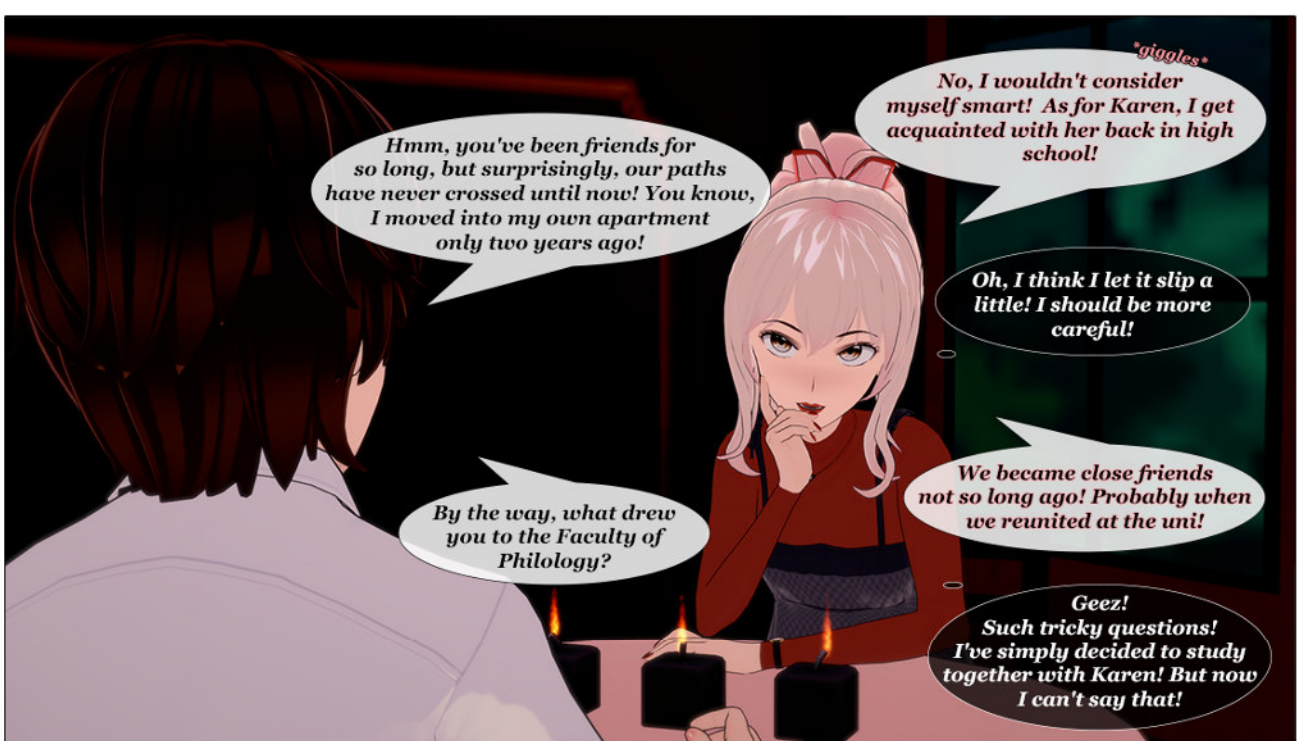

I'm not sure where to start, maybe there is something particular that you would like to know?

So, Sam, you wanted to have a deep conversation! Tell me something about yourself!

I devote most of my time to studying, so you can call me a nerdy person! I draw a little bit, but most of free time I spend hanging out with your sister!

Begin with your hobbies, what do you like to do in your free time?

Laughing
So you're a smart! How long have you been friends with Karen, by the way?

Hmm, you've been friends for so long, but surprisingly, our paths have never crossed until now! You know, I moved into my own apartment only two years ago!

giggles
No, I wouldn't consider myself smart! As for Karen, I get acquainted with her back in high school!

Oh, I think I let it slip a little! I should be more careful!

By the way, what drew you to the Faculty of Philology?

We became close friends not so long ago! Probably when we reunited at the uni!

Geez! Such tricky questions! I've simply decided to study together with Karen! But now I can't say that!

As I said, I'm a bit of a nerd, and that's why I was interested in linguistics, I wanted to dig a little deeper into it!

How fascinating! As for me, I've always preferred to work with my hands! And that's why I decided to become an auto mechanic, by the way, I think I'm good at it!

It won't be a complete lie, I really found it interesting!

I see that modesty is not one of your virtues! But I like self-confident people!

It's not that I like to show off, I'm simply trying to be honest!

laughs
You know, making a girl drunk is a little indecent!

seductively
But you're going to clink a glass of juice with me, aren't you? To this delightful evening!

I just don't think you should deny yourself the pleasure just because I'm driving today!

Delightful indeed! Let's enjoy it to the fullest!

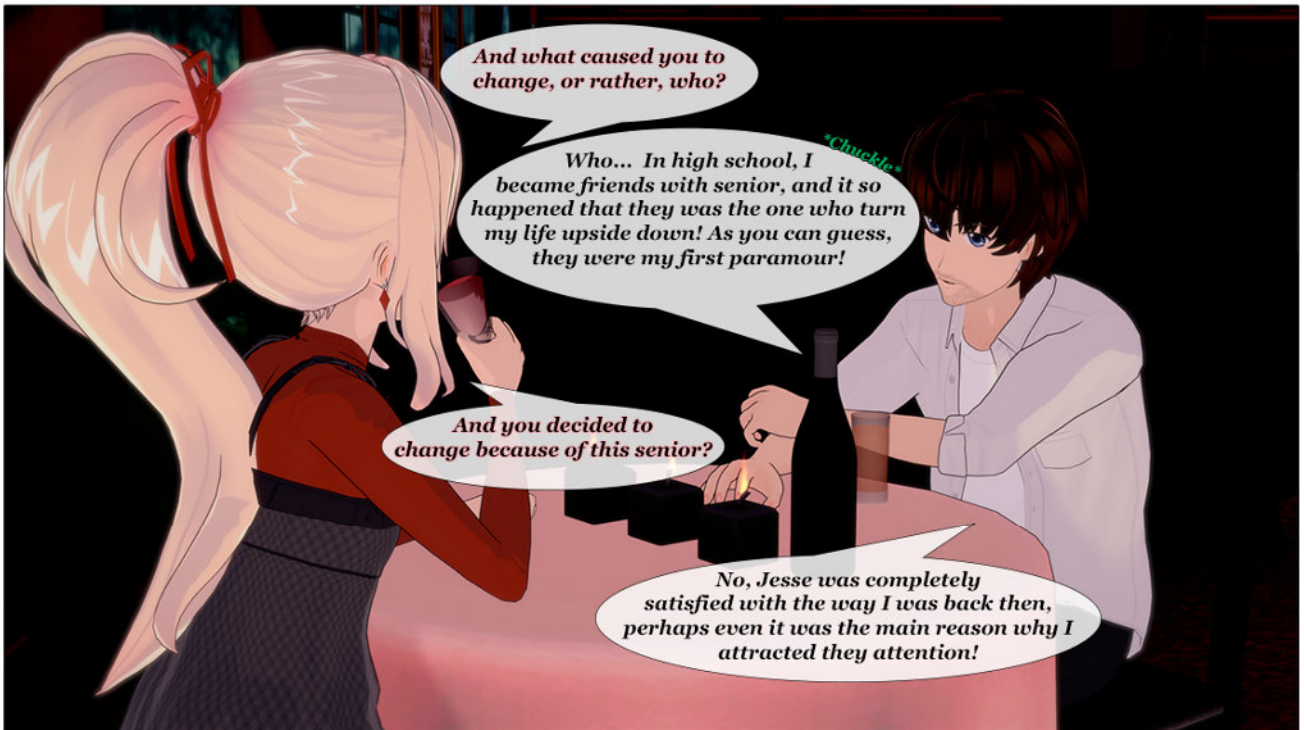

Tell me something about yourself! You know about this being my first date, but how were things going on your side?

Do you really want to know about this?

clink

playfully
You are a handsome man! It would be weird if you hadn't had a relationship before! Besides, I'm not asking for any sexual details!

I haven't been like this before! As a teenager, I was an ugly duckling, besides a real homeboy!

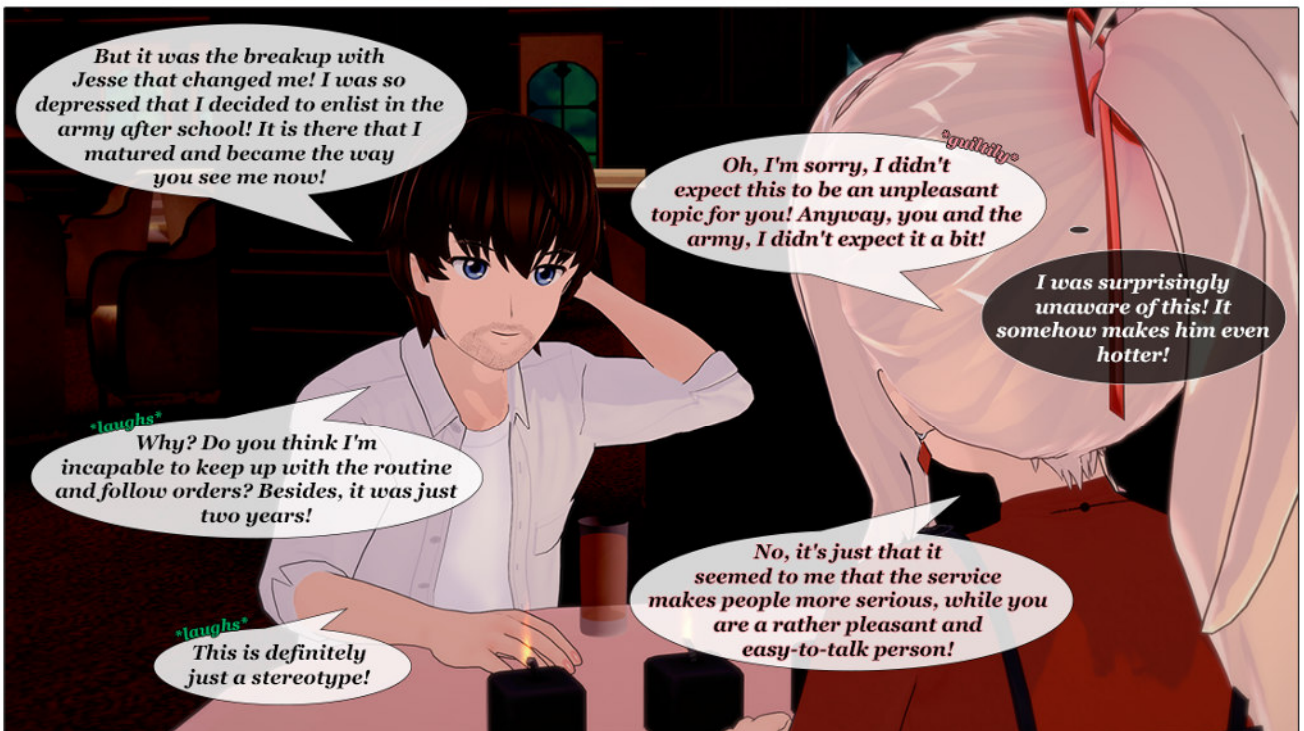

And what caused you to change, or rather, who?

Who... In high school, I became friends with senior, and it so happened that they was the one who turn my life upside down! As you can guess, they were my first paramour!

chuckle

And you decided to change because of this senior?

No, Jesse was completely satisfied with the way I was back then, perhaps even it was the main reason why I attracted they attention!

But it was the breakup with Jesse that changed me! I was so depressed that I decided to enlist in the army after school! It is there that I matured and became the way you see me now!

quietly
Oh, I'm sorry, I didn't expect this to be an unpleasant topic for you! Anyway, you and the army, I didn't expect it a bit!

I was surprisingly unaware of this! It somehow makes him even hotter!

laughs
Why? Do you think I'm incapable to keep up with the routine and follow orders? Besides, it was just two years!

No, it's just that it seemed to me that the service makes people more serious, while you are a rather pleasant and easy-to-talk person!

laughs
This is definitely just a stereotype!

giggles
You actually made the date I dreamed of come true!

Is it wrong that I think it's better than if I went on a date like this with Karen?

I must say that this is probably the most romantic date for me too! Is there anything else you'd like to do?

dreamy
Walk along the coast barefoot, so the cool waves caress our feet! Such a cliché!

There's nothing wrong with that, as long as you enjoy it!

I've found out so many new things about Dan! I didn't expect him to be such an interesting guy!

Do you feel uneasy, or it just makes your heart beat faster?

chuckle
Sam, it seems to me that you are staring at me quite intently!

Apparently alcohol affects your behavior, since you've started acting much more cheeky!

seductively
I won't even deny it! But you didn't answer my question!

Yes, my heart is beating faster! I'm excited to have you so close to me!

Hey, Dan, what is it you're doing?!

Am I truly behaving like this? Well, most likely, yes! I actually want to flirt! It seems that I got overly used to the role of a girl, or are these my real feelings?

I'm hugging a beautiful girl who is so boldly provoking me to do this!

Oops, looks like I've been caught red-handed!

What am I doing! But I don't want to resist! The way Dan snuggles up to me turns me on so much! I can even feel his dick pressing against my buttocks!

Sam, would you mind if I kissed you right now?

Asking about something like that kind of lame! Whither has your persistence gone?

I wish I could really be Samantha! Go much further than just kissing! I wish him to pound me with his dick right now!

Yes! As long as we don't break the bounds of decency!

Maybe I'm like this because I'm a little drunk! But I'm certainly preferring guys over girls, or maybe it's just because it's somehow wrong! Or maybe I'm just a pervert! But I don't care, I'll savor this moment for as long as I can!

Does this mean, *a fleeting kiss on the lips* that I can do whatever *another one* I want with you?

I thought you'd be timid, but I'm so glad I was wrong! You're fun and you're much more interesting than you look at first sight!

It's so amazing to stay in an embrace! It seems that a little more and I will fall in love with this man!

Maybe I really should give in! Let myself get in love! Keep pretending to be Samantha!

No! Alas, this is just a fantasy! I won't be able to hide my true self!

Besides, I'm dating Karen, I can't allow this to get any further! But now, at this moment, I will put aside all doubts!

I will never forget this date! It fulfilled my dreams! But for some reason I'm crying, and there's nothing I can do about it!

sadly
This is not far from the truth...

And that's why it's so sad it's coming to an end!

What is the reason? It seemed to me that our date went wonderfully well.

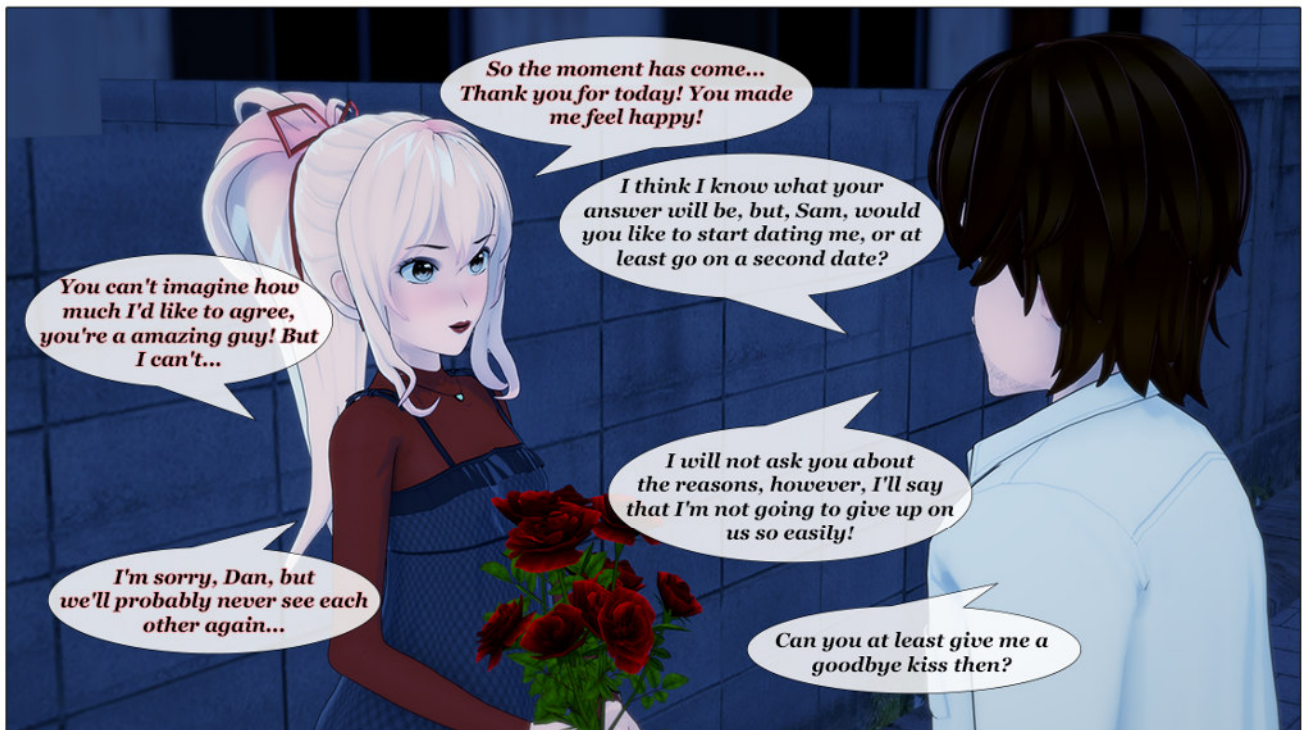

Sam, I have a feeling that you've fallen into melancholy!

I think we've already crossed the line a little bit of what usually happens on a first date!

I can turn the car around and we'll go to my place, where we can have an even more amazing night!

Dan, we both understand that it's not going to be just a conversation, so I think we should stop at this point.

We don't need to have sex, we could just have a drink together and then talk all night!

So the moment has come... Thank you for today! You made me feel happy!

You can't imagine how much I'd like to agree, you're an amazing guy! But I can't...

I think I know what your answer will be, but, Sam, would you like to start dating me, or at least go on a second date?

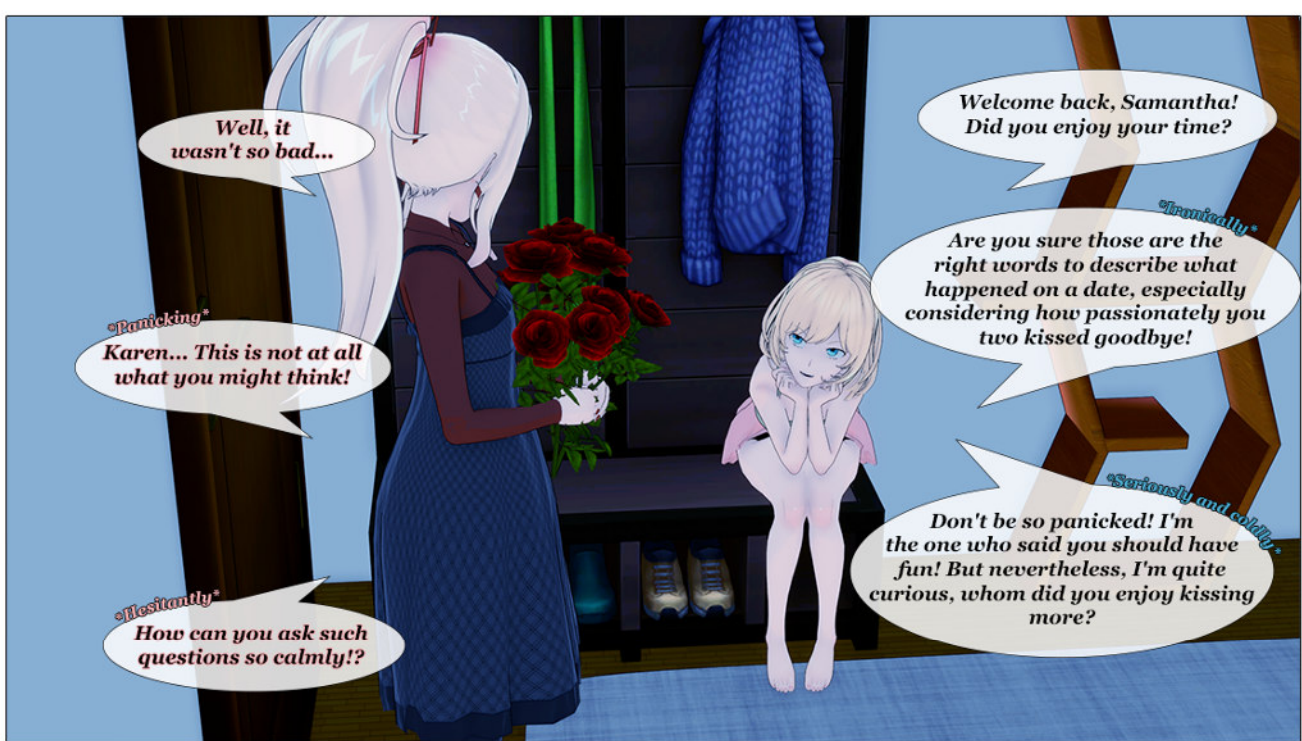

I'm sorry, Dan, but we'll probably never see each other again...

I will not ask you about the reasons, however, I'll say that I'm not going to give up on us so easily!

Can you at least give me a goodbye kiss then?

With a great pleasure!

Well, it wasn't so bad...

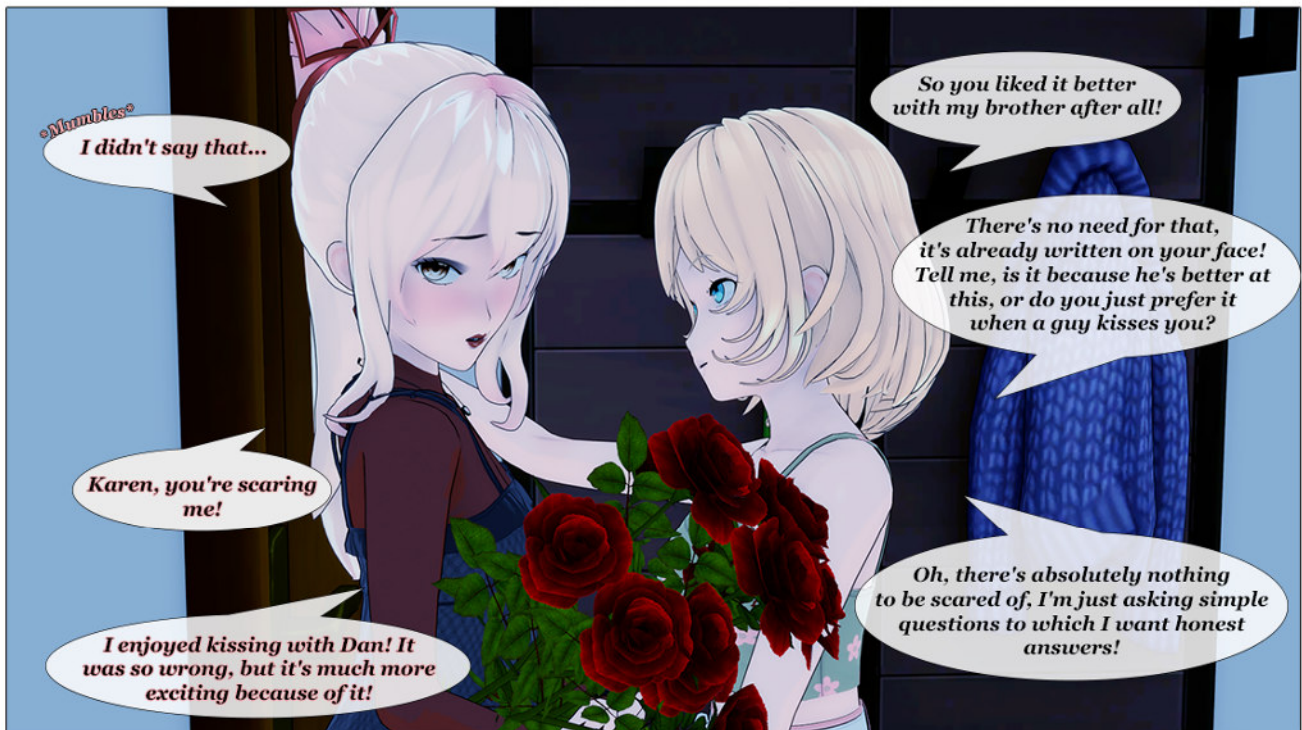

Prickling
Karen... This is not at all what you might think!

Hesitantly
How can you ask such questions so calmly!?

Welcome back, Samantha! Did you enjoy your time?

Tentatively
Are you sure those are the right words to describe what happened on a date, especially considering how passionately you two kissed goodbye!

Seriously and calmly
Don't be so panicked! I'm the one who said you should have fun! But nevertheless, I'm quite curious, whom did you enjoy kissing more?

Mumbles
I didn't say that...

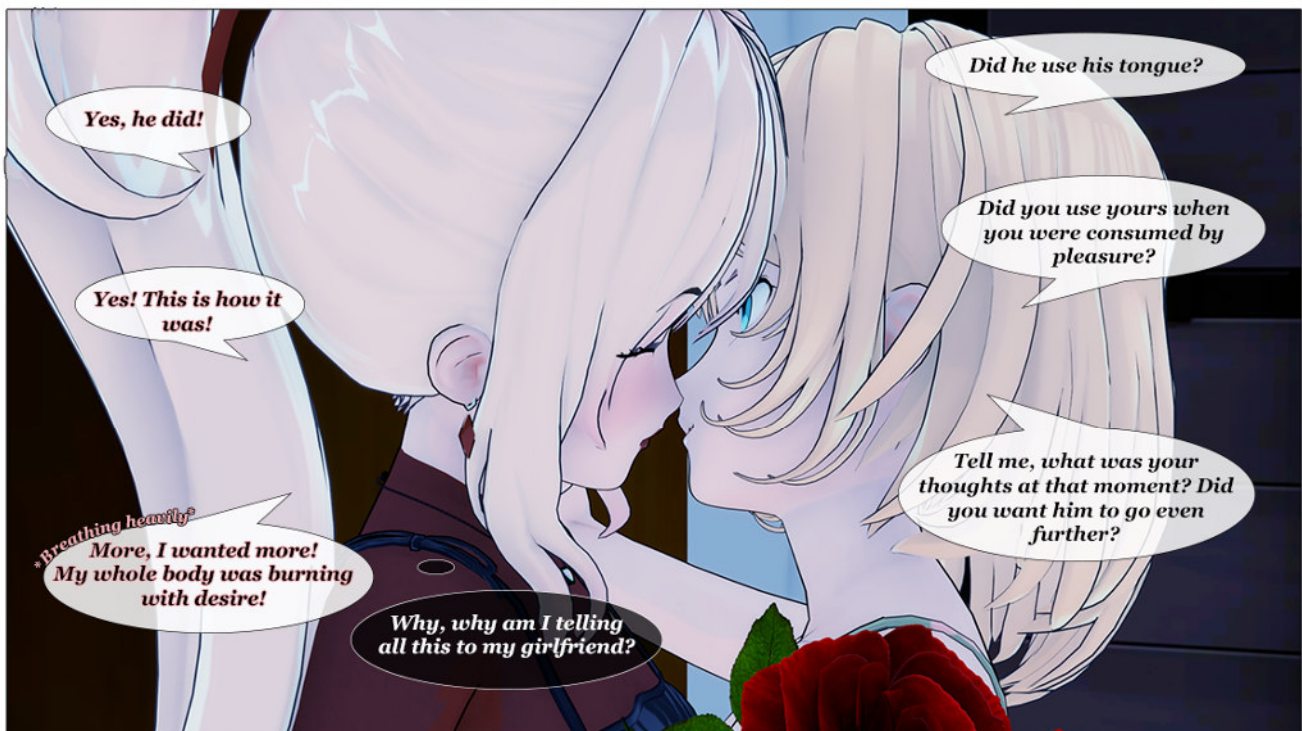

Karen, you're scaring me!

I enjoyed kissing with Dan! It was so wrong, but it's much more exciting because of it!

So you liked it better with my brother after all!

There's no need for that, it's already written on your face! Tell me, is it because he's better at this, or do you just prefer it when a guy kisses you?

Oh, there's absolutely nothing to be scared of, I'm just asking simple questions to which I want honest answers!

Yes, he did!

Yes! This is how it was!

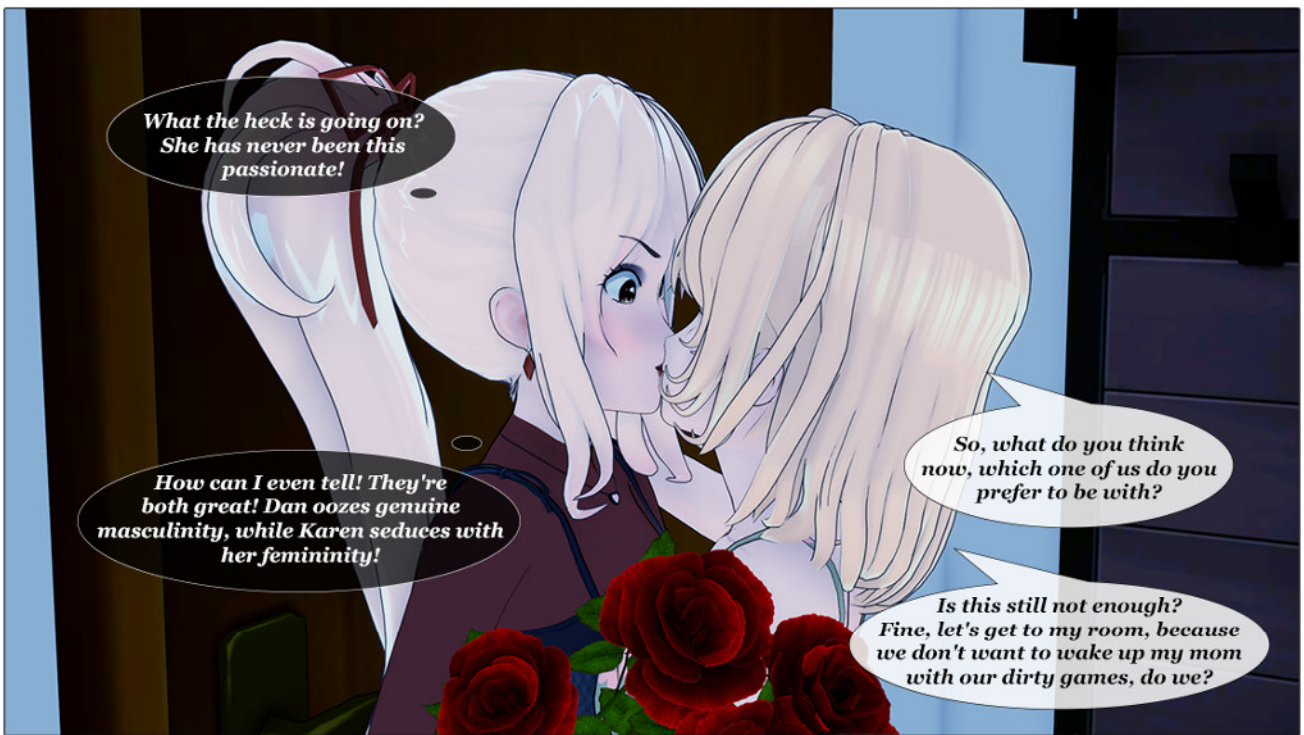

Breathing heavily
More, I wanted more! My whole body was burning with desire!

Why, why am I telling all this to my girlfriend?

Did he use his tongue?

Did you use yours when you were consumed by pleasure?

Tell me, what was your thoughts at that moment? Did you want him to go even further?

What the heck is going on?
She has never been this
passionate!

How can I even tell! They're
both great! Dan oozes genuine
masculinity, while Karen seduces with
her femininity!

So, what do you think
now, which one of us do you
prefer to be with?

Is this still not enough?
Fine, let's get to my room, because
we don't want to wake up my mom
with our dirty games, do we?

I'm still thinking about the
details, but since you wanted
more, i'm going to give it to
you!

Karen, what are you
planning on doing?

Karen! This is all going
way too far!

Karen!
Fine... It's not that I'd prefer
him over you! It's just that the date
was so wonderful that I got carried
away! And yes, maybe I wanted to have
sex with him! But it's impossible
because I'm a guy!

Tell me, Sam, would you
rather have my brother hanging
over you instead of me right
now?

Na-a-a!
Should I remind you that you
have to tell me the truth without
dodging an answer?!

You, a guy?
Don't make me laugh! You
lost the right to be called like that
the moment you wanted to take a
dick! You're just a slut who
wants to be used!

Chapter III - Lust

No, my sweet Sam, after what you did today! After what you wished to do! You can't be my boyfriend anymore!

Why are you saying such mean things!? I'm still your boyfriend!

But don't worry, it doesn't mean that I'm going to break up with you! For some reason, I prefer you so much more this way, and tonight we're going to have lot of fun!

Uncertainly

Little bit of both?

Tell me, Sam, what do you feel right now? Excitement, or maybe envy?

Do you want to grope them, bury your face in them and suck them? Or do you want to grow boobs yourself and have some guy fondle them?

laughing

Are you asking me? But it looks like you're not completely lost, well, you can play with them!

Am I really allowed to do this?

Of course, sweetie, they all yours!

Karen, your boobs are amazing!

Virgin boys are so simple! They are absolutely unable to control their lust, so it becomes so easy to manipulate them! A little more and he won't be able to think straight!

It's kind of funny how carefully he touches me! And I have to say that I even like it! Besides, he has such delicate hands!

How enjoyable this is! I didn't expect my panties to get so wet just by caresses of my dear Sam!

I would love her to lick my pussy right now! But I can't get carried away, today I have to satisfy my girlfriend!

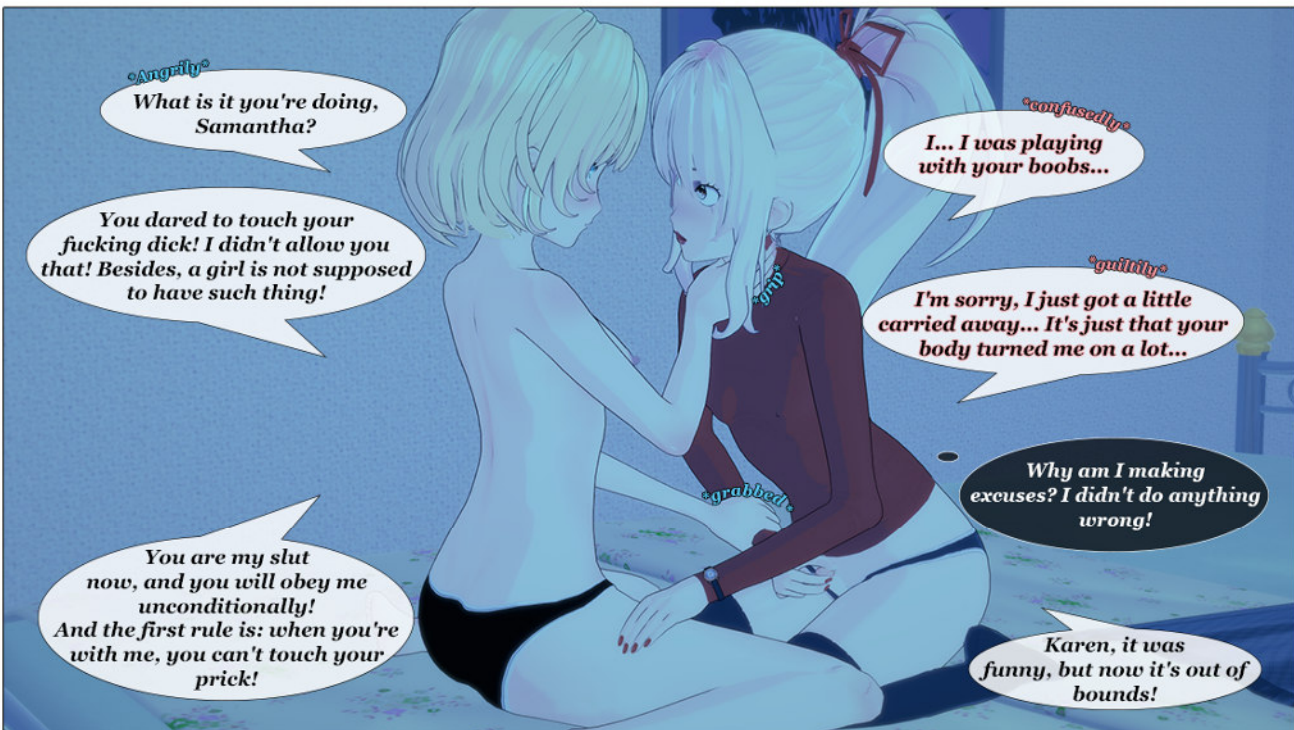

This is a little addictive! But hold on! What are those noises?

"groom"

"moan"

"groom"

"Wank"

Angry
What is it you're doing, Samantha?

confusedly
I... I was playing with your boobs...

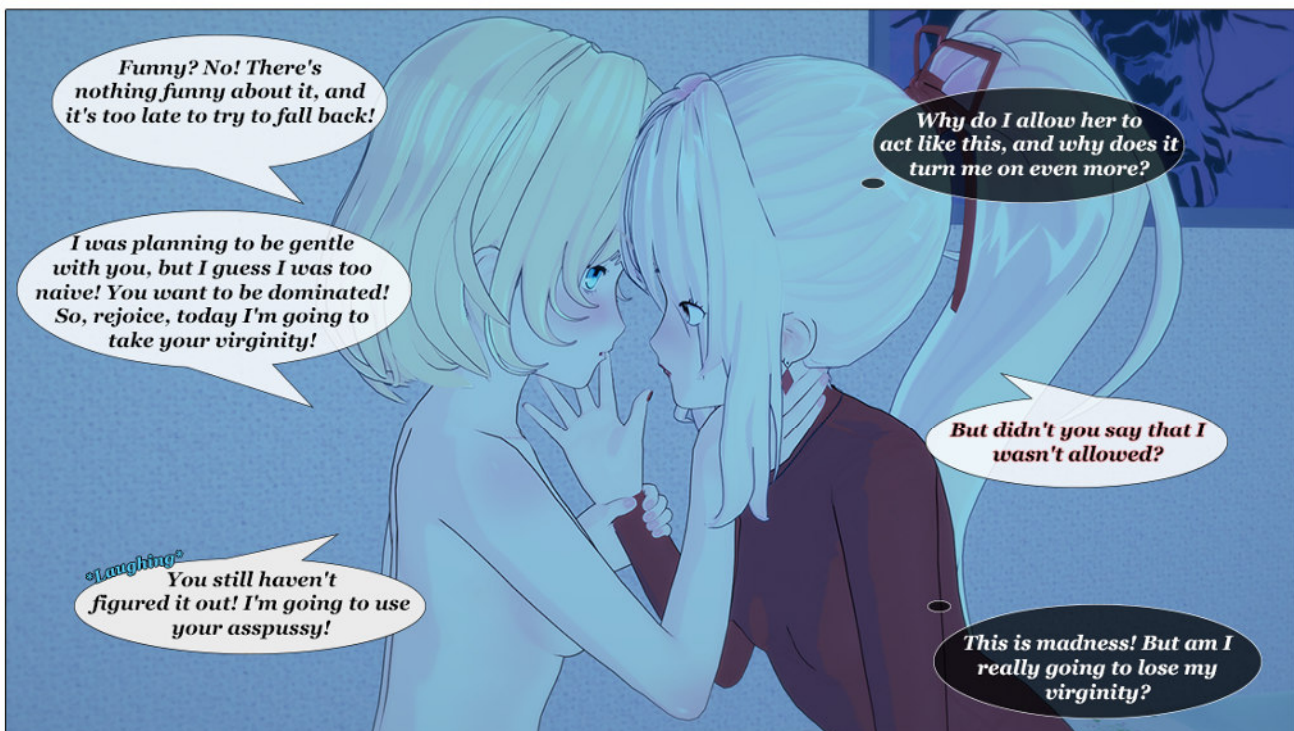

You dared to touch your fucking dick! I didn't allow you that! Besides, a girl is not supposed to have such thing!

guilty
I'm sorry, I just got a little carried away... It's just that your body turned me on a lot...

You are my slut now, and you will obey me unconditionally! And the first rule is: when you're with me, you can't touch your prick!

Why am I making excuses? I didn't do anything wrong!

Karen, it was funny, but now it's out of bounds!

Funny? No! There's nothing funny about it, and it's too late to try to fall back!

Why do I allow her to act like this, and why does it turn me on even more?

I was planning to be gentle with you, but I guess I was too naive! You want to be dominated! So, rejoice, today I'm going to take your virginity!

But didn't you say that I wasn't allowed?

laughing
You still haven't figured it out! I'm going to use your ass pussy!

This is madness! But am I really going to lose my virginity?

All this is so new and weird! I'd would still prefer to give myself to a hot guy! And I don't think I'm drawn to girls!

Just lately, I thought that I prefer guys, but apparently that's not the case! I just enjoy being led!

But I can't deny that dominating Sam gives me pleasure! I want to bring him low!

It will be hard to handle the needs of my body, but for some reason such torments only arouse me more!

It's kind of a perversion, but I want to deprive him of all the manly that are left in him!

Perhaps Karen is right, I should let go of my masculinity and just give myself over to lust!

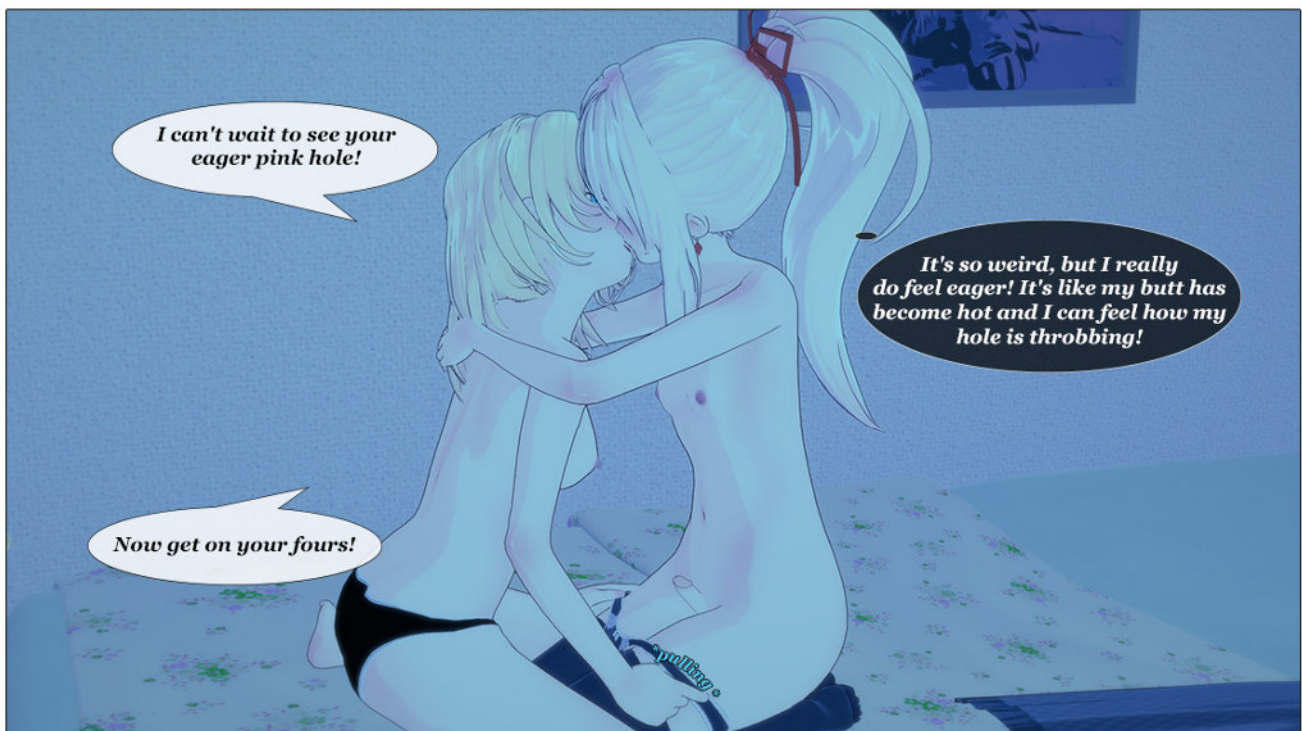

seductively
How about getting rid of those unnecessary clothes?

Yes, mistress!

jiggles
I see you're completely immersed in our little game!

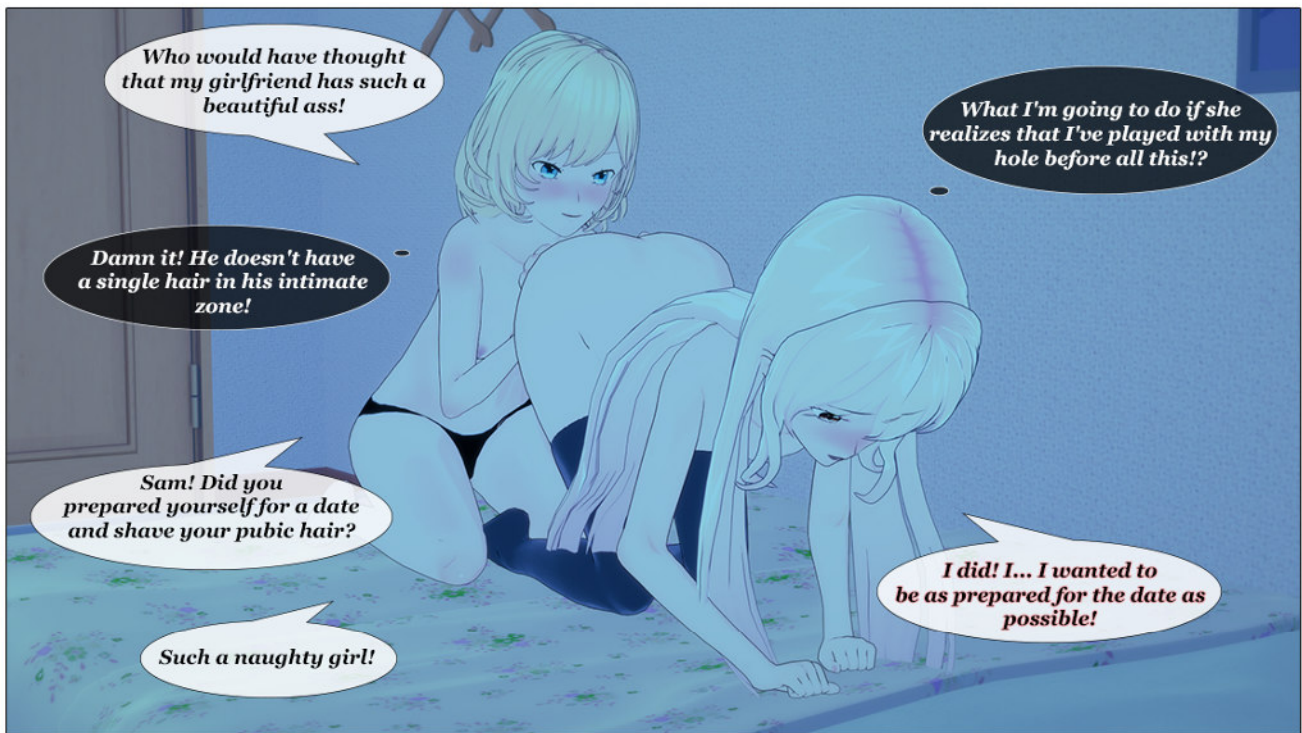

playfully
I kind of like it! But let's not go that far yet!

I can't wait to see your eager pink hole!

It's so weird, but I really do feel eager! It's like my butt has become hot and I can feel how my hole is throbbing!

Now get on your fours!

Who would have thought that my girlfriend has such a beautiful ass!

What I'm going to do if she realizes that I've played with my hole before all this!?

Damn it! He doesn't have a single hair in his intimate zone!

Sam! Did you prepared yourself for a date and shave your pubic hair?

Such a naughty girl!

I did! I... I wanted to be as prepared for the date as possible!

Of course! I not only washed myself, but also did an enema!

Also, does this mean that you've properly cleaned yourself?

Moaning!
Ahh!

Embarrassedly!
Karen, what are you doing?

Preparing your pussy!

Moaning!
Ahh!

But this place... It's kind of dirty!

Why does it feel so amazing when someone licks me down there!?

Giggles!
Dirty? Didn't you just say that you washed your hole thoroughly?

Surprised!
Inside?

Anyway, if you don't relax a little, I won't be able to lubricate your hole from the inside!

Moaning!
Ahh!

I can't! He's so cute! It's so much fun to tease him! No, this is wrong! She's cute!

Oh my gosh! Her tongue delves into my hole! I'm going to go crazy!

But I'm scared!

No, you would never do anything like that... But guys shouldn't feel pleasure from that!

Sam, I won't be able to give you pleasure if you continue to resist it so much!

Scared of what? Do you actually think that I can hurt my dear girlfriend?

What a nonsense! Besides, you're no longer a guy, so you don't have to worry about this!

Not a guy? You're right, I'm your girlfriend right now... Okay, I'll try to relax!

Ohh!

Oh my gosh! Karen's finger went into my hole!

Wow! So warm and soft! I can feel it twitching and sucking on my finger!

It wasn't that bad! But wait, these feelings, I think I'm enjoying the way my ass squeezes around her finger!

This feeling, it's kind of enjoyable! I think I get why some guys want to stick their dick into the ass so much!

I think it's time to move to the next stage!

And now it's interesting! Somehow, the second finger got into her ass pussy quite easily!

Sam, something tells me that you haven't been completely honest with me!

That your supposed to be a virgin hole is actually quite developed!

Moaning with pleasure

Ah! What do you mean? Oh!

servently

Hey Sam, did you just... did you squirted?

Oh, my dear Sam, you don't have to worry about this! I simply forbade you to touch yourself! No one said that you can't come like a girl you are!

But there's a thing that I'm curious about, did you like it?

panting

I'm sorry, Karen, I know I wasn't allowed to, but I just couldn't...

panting
I... I liked it... it was amazing! And things that you did to me, it was incredible!

From now on, I'm going to show you all the delights of being a girl! So we can be together forever as girlfriends and lovers!

That sounds really wonderful!

She showed me pleasure just once, and I'm already prepared to give up everything for just one more time? Am I really that lustful?

It's good that she turned out to be so malleable! But I guess I still have a lot of things to teach her! And we'll definitely need more toys!

snoring softly

Today was probably the most enjoyable day of my life! And I don't just mean sex with Karen! My date with Dan was amazing too!

But all these events... They happened to Samantha! Maybe it would really be better if I became her?

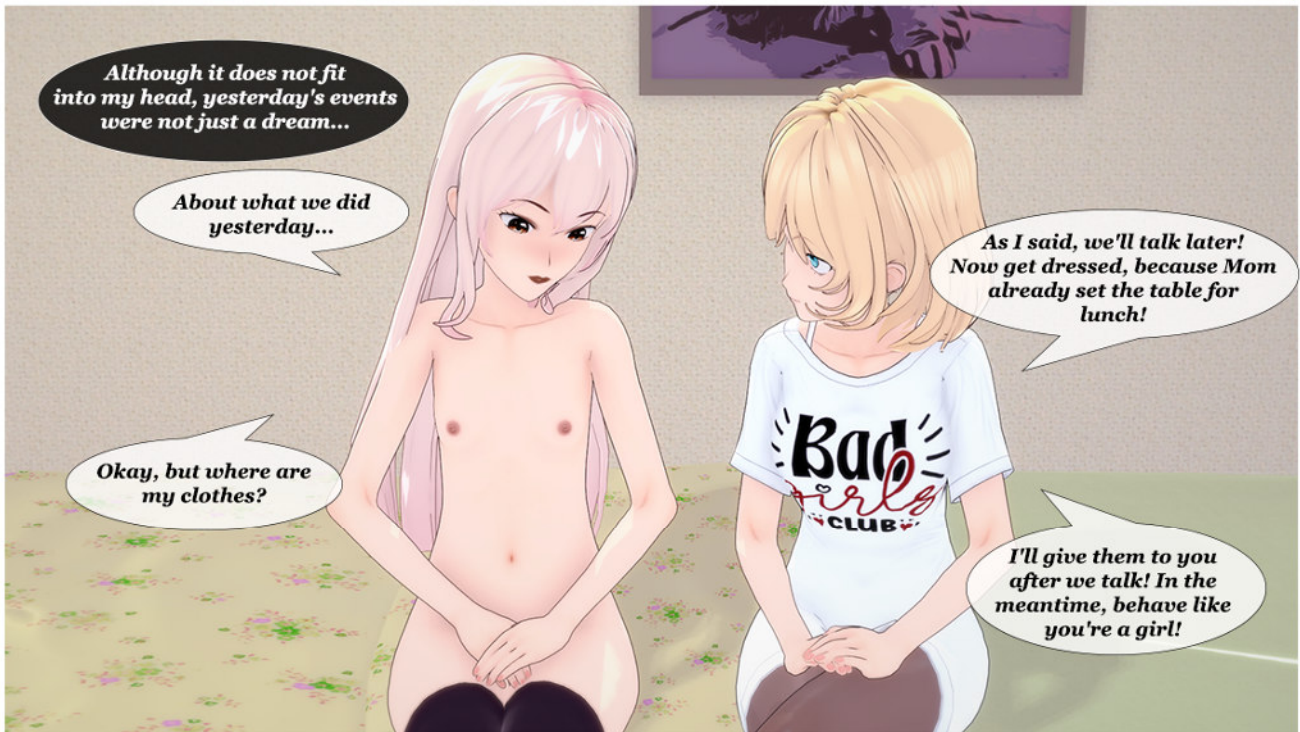

Sam, I know that I probably exhausted you last night, but it's time to get up, it's past noon already!

flapflap

Just ten more minutes!

It's a little sad that she has to become a guy again, but now I can see Samantha as often as I want! And one day maybe she'll remain like this forever!

I'm sorry, my dear, but that's not an option! You should have breakfast, and then we're going to have a long talk!

Although it does not fit into my head, yesterday's events were not just a dream...

About what we did yesterday...

As I said, we'll talk later! Now get dressed, because Mom already set the table for lunch!

Okay, but where are my clothes?

I'll give them to you after we talk! In the meantime, behave like you're a girl!

giggles
Definitely not morning! But, apparently, the date went well!

Good morning, Mrs. Bennet!

hesitantly
Well, something like that...

joyfully
All right, I want more details! But let's eat first!

reflectively
It's so romantic! I really wish I could go back to my youth and experience it all over again!

dreamily
And at the very end of the date, we walked hand in hand along the beach beneath the moonlight!

cheerfully
But I think we've come to the most interesting part! So, what happened next? Perhaps you two were in such a mood that you decided to do something intimate?

shyly
Mrs. Bennett! This becoming quite embarrassing!

excitedly
Come on, stop being so modest! She and Dan kissed! And not just once!

I don't really like where this is going! This is no longer looking like the simple teasing!

chidingly
Not a single girl would resist after such a date! I'm glad you both had fun! But this raises the question, will you go on a second date?

I don't think that's possible in our situation...

Why so? From your words, I got the impression that you really enjoyed each other's company!

Dan is a wonderful guy, so all the more reason not to deceive him further! I'm not the one he thinks I am!

What the hell is she doing? I thought she was on my side!

Sam, darling, this is just my opinion, but you didn't deceive my son! You showed him your sincere feelings! I understand that you're worried about that you're not really a girl, but deciding everything on your own is not the best choice!

snervously
Mom, don't you think you're meddling in other people's business? Besides, it's worth reminding that Sam is my boyfriend!

defiantly
Do I hear you correctly, you said "Boyfriend"? I somehow don't see anyone here who fits this description at all!

furiously
The way he looks right now has nothing to do with the fact that we're dating!

coolly
Don't you think that when you set up the whole date thing, you lost the right to make such statements?

Yes, Sam, give us a moment!

Sam, sweetie, would you be so kind to wait in Karen's room, because my daughter and I is not going to have a very pleasant conversation!

Okay, sure!

Strictly
First of all, watch your tone! I'm still your mother! And secondly, I said it because I thought you were going to help your friend figure out who he is!

aggressively
Didn't you say yourself that you would help me? But your words don't match with your actions!

That's exactly what I'm doing!

Who is it you're trying to fool? Yourself? You're making Sam your plaything!

This is not true! I'm just... just...

You know, dear, I'm not a saint myself! After your father passed away, I did a lot of things that I'm not proud of. And while I won't condemn your sexual experiments, I won't let you corrupt Sam! At least, not till I'm sure he wants this himself!

shamefully
I don't know what you're talking about!

Karen, I'm not deaf! I heard quite well what you were doing last night! It's either fendom, or you're trying to turn him into a sissy!

It's not like he didn't enjoy it...

I'm sure that he did! But you do realize that boys his age are very easy to manipulate using their indefatigable lust? Especially Sam, who doesn't understand his preferences!

So what do you want me to do?

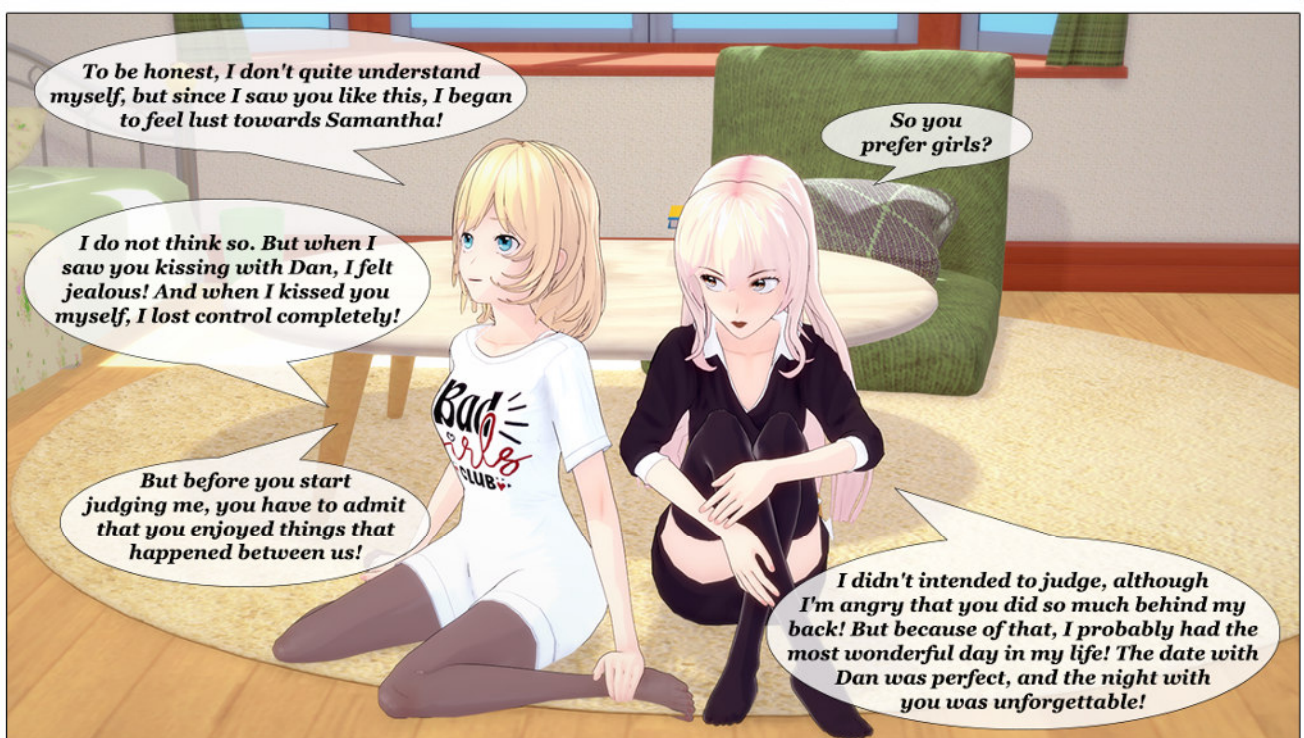

Karen, that thing your mom said about the date... is it true?

Why? Did I do something that made you hate me?

And what about last night? What was it then?

Dan didn't blackmail me, I came up with this as an excuse, and I also set up your first encounter! My goal was to make you experience yourself as a girl!

It's the opposite! I've always loved you, but only as a friend... Also, I've not even seen you as a guy...

To be honest, I don't quite understand myself, but since I saw you like this, I began to feel lust towards Samantha!

So you prefer girls?

I do not think so. But when I saw you kissing with Dan, I felt jealous! And when I kissed you myself, I lost control completely!

But before you start judging me, you have to admit that you enjoyed things that happened between us!

I didn't intended to judge, although I'm angry that you did so much behind my back! But because of that, I probably had the most wonderful day in my life! The date with Dan was perfect, and the night with you was unforgettable!

Honestly, I don't know, but I'd like to hope that it won't ruin our friendship!

But what are we going to do now?

It looks a little silly, but I have to postpone this conversation once again! My mom wants to talk to you over something, and I think it might affect your answer!

Karen, you are the closest person to me after Dad! And I hope that this will never change! But just now I was asking a little bit about something else...

I can even guess what it might be about. Well, we've created a mess, so maybe an adult intervention is the best option.

Yesterday after the date at Dan's apartment

It was supposed to be just an imitation of a date! But everything got out of control!

What the hell happened? I proposed Sam to start dating!

I've never been attracted to women, but for some reason this boy dressed in girly clothes was really adorable and sexy!

At the end of the date, I could barely control myself! I wanted him so badly, like no other man in my entire life!

What do I do now? I should have told him that I know that he's a guy! But sister asked me not to do that...

But if I did, he'd probably freak out! Something tells me that he only opened up because he was pretending to be a girl!

But when we kissed, I felt that he was enjoying it! And it's impossible to fake it so much, so he's attracted to men after all!

The next morning

I didn't sleep all night thinking... And Mom, I need your advice!

Good morning baby! It's unusual that you're calling so early!

Hmm, so you're aware of it? How much do you know about the whole situation?

Is it about your date with Sam?

If you're asking if I know about Samantha's true identity, then yes, I do! Tell me, Dan, did it happen that you fell in love with him?

I'm not one hundred percent sure, but I can't stand that it's going to end like this!

Okay, I'll make sure you get another chance, but what happens next is up to you and him!

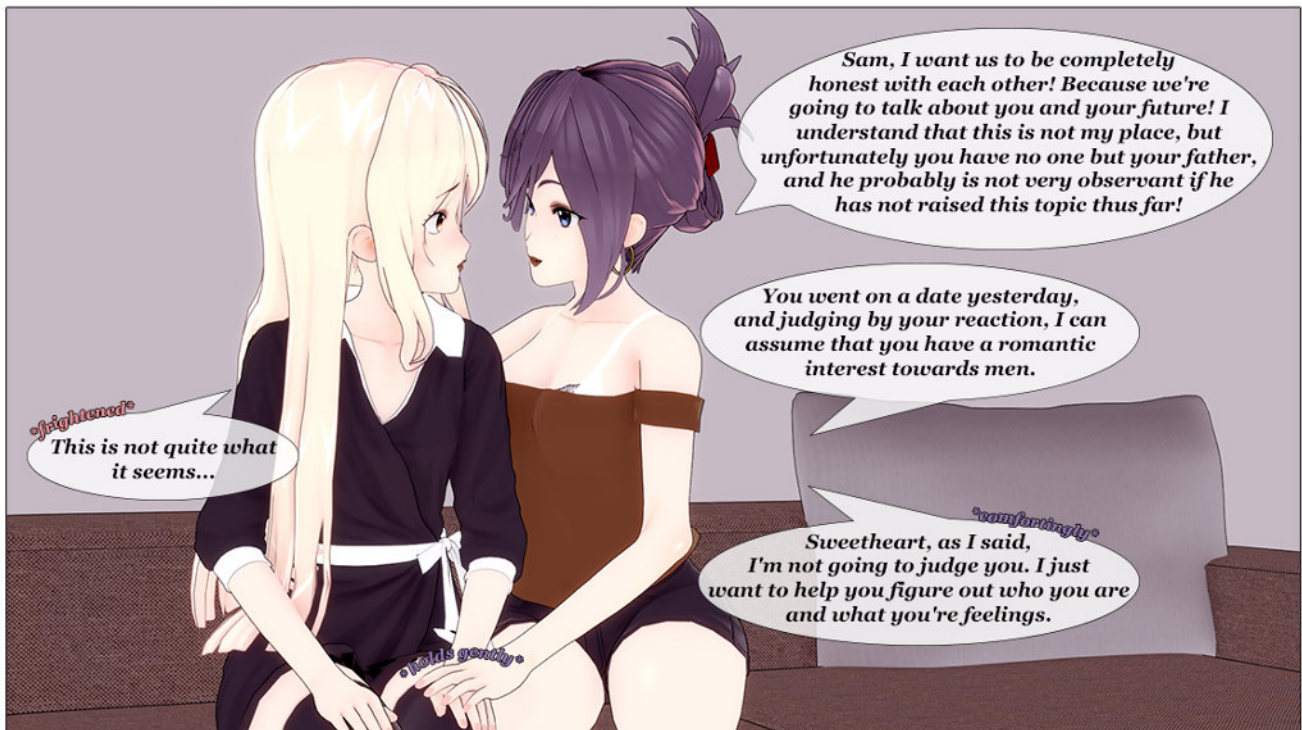

Mrs. Bennet, did you want to talk to me?

timidly
Okay.

Yes, sweetie, come sit beside me!

patting
laughs gently
Don't worry that much! I'm not going to scold or lecture you.

Sam, I want us to be completely honest with each other! Because we're going to talk about you and your future! I understand that this is not my place, but unfortunately you have no one but your father, and he probably is not very observant if he has not raised this topic thus far!

You went on a date yesterday, and judging by your reaction, I can assume that you have a romantic interest towards men.

frightened
This is not quite what it seems...

comfortably
Sweetheart, as I said, I'm not going to judge you. I just want to help you figure out who you are and what you're feelings.

holds gently

When I was in high school, I began to notice that I became interested not only in girls, but also in guys who suddenly began to look more masculine.

sobbing
Even though I kept admiring others girls bodies, but soon there was no longer appear in my fantasies, I was constantly thinking about how I was doing dirty things with guys!

Sam, people can't control who they like, so there's nothing to be ashamed of if for you it's guys.

But this is wrong! I was disgusted with myself! I even decided to stop communicating with guys! If I hadn't made friends with Karen back then, I probably wouldn't have been able to bear it!

holding tightly
Poor child, why didn't you share this with someone? If you didn't want to worry your father, you could at least open up to Karen.

I didn't want her to think that I'm a pervert.

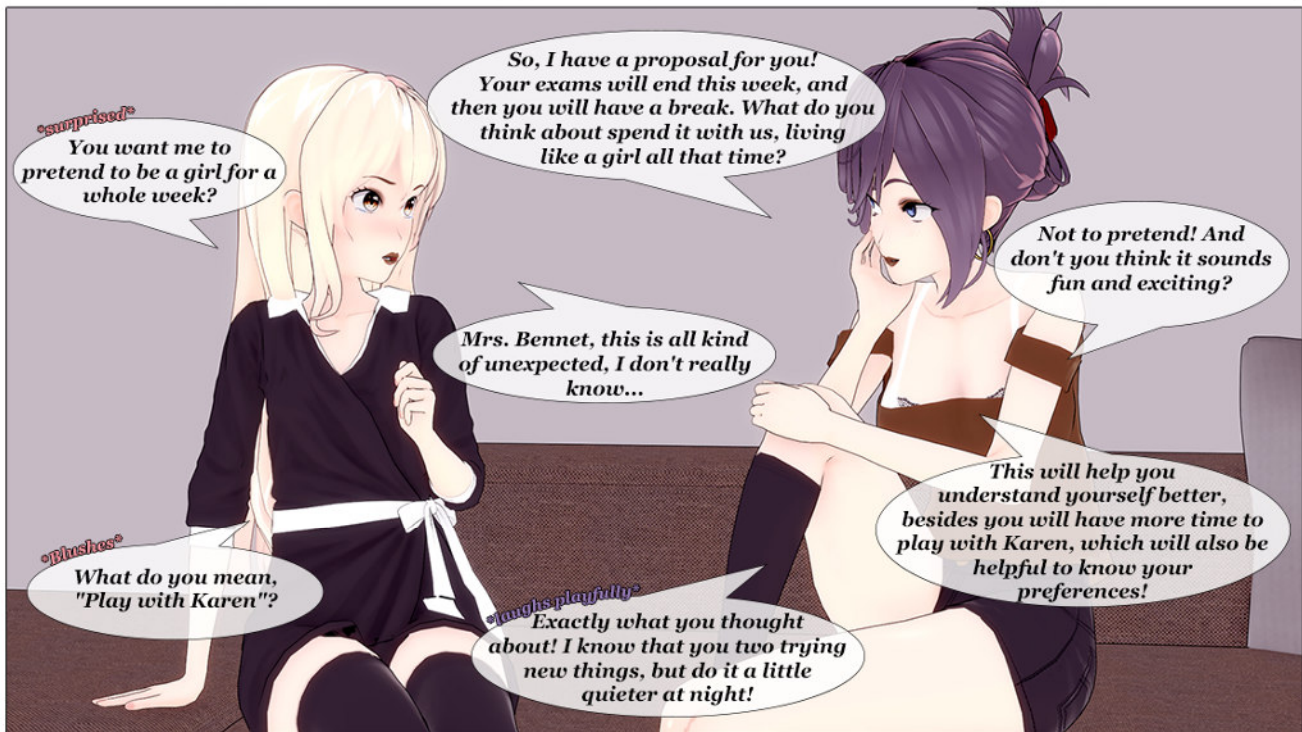

And I love her too! And if I hadn't been hiding the truth, she and I wouldn't be in such a strange situation...

She would never have think that, she loves you and would accept you with the way you are!

Mrs. Bennett, it's not that I actually want to be a girl! It's just when I look like this, I can behave like the real me, without being afraid that people will judge me for not being manly at all!

But then perhaps you'd never have experienced what it's like to be a girl. And something tells me that you're feeling much more comfortable when you don't have to force yourself to act like a guy!

Are you sure that's the way it is? That you're not just bottling up your true feelings again?

surprised
You want me to pretend to be a girl for a whole week?

So, I have a proposal for you! Your exams will end this week, and then you will have a break. What do you think about spend it with us, living like a girl all that time?

Not to pretend! And don't you think it sounds fun and exciting?

Mrs. Bennet, this is all kind of unexpected, I don't really know...

This will help you understand yourself better, besides you will have more time to play with Karen, which will also be helpful to know your preferences!

Blushes
What do you mean, "Play with Karen"?

laughs playfully
Exactly what you thought about! I know that you two trying new things, but do it a little quieter at night!

I'm sorry, Mrs. Bennet.

So, would you like to be Samantha?

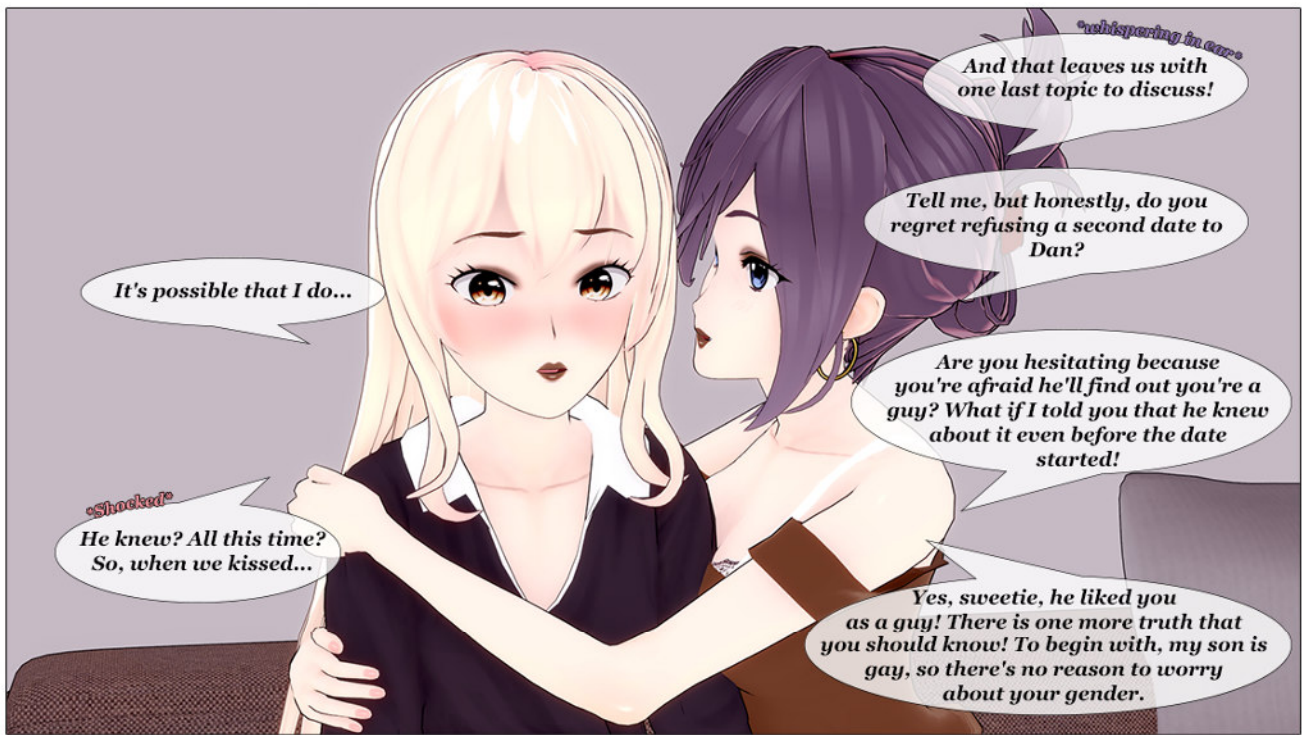

Don't worry about it! Such behavior is expected of youngsters!

Well, it sounds like it could actually be fun! Okay, I think it won't be bad if Samantha stays here for a week!

My girl, I promise you won't regret it! I'll call your dad later and discuss the details with him!

But don't tell him that I'll be...

Of course! You'll should do it yourself when you're ready!

It's possible that I do...

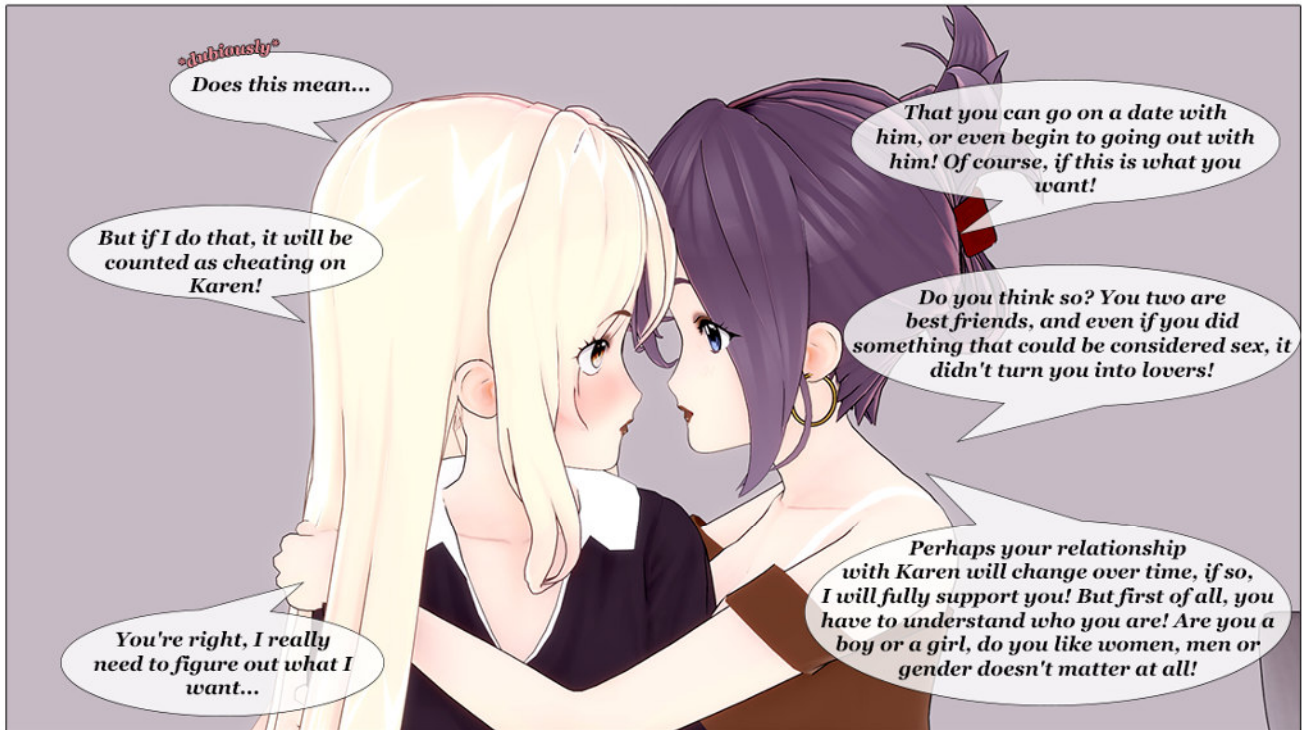

whispering in ear
And that leaves us with one last topic to discuss!

Tell me, but honestly, do you regret refusing a second date to Dan?

Are you hesitating because you're afraid he'll find out you're a guy? What if I told you that he knew about it even before the date started!

Shocked
He knew? All this time? So, when we kissed...

Yes, sweetie, he liked you as a guy! There is one more truth that you should know! To begin with, my son is gay, so there's no reason to worry about your gender.

dubiously
Does this mean...

That you can go on a date with him, or even begin to going out with him! Of course, if this is what you want!

But if I do that, it will be counted as cheating on Karen!

Do you think so? You two are best friends, and even if you did something that could be considered sex, it didn't turn you into lovers!

You're right, I really need to figure out what I want...

Perhaps your relationship with Karen will change over time, if so, I will fully support you! But first of all, you have to understand who you are! Are you a boy or a girl, do you like women, men or gender doesn't matter at all!

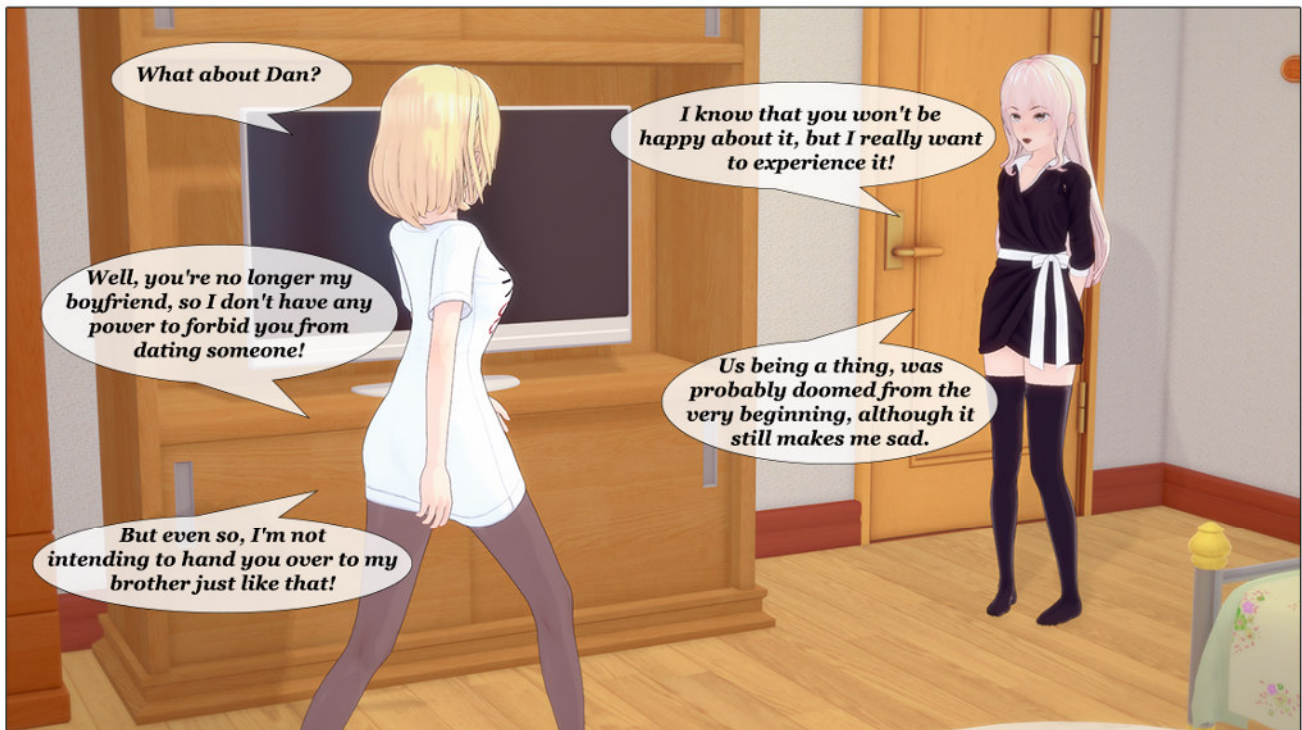

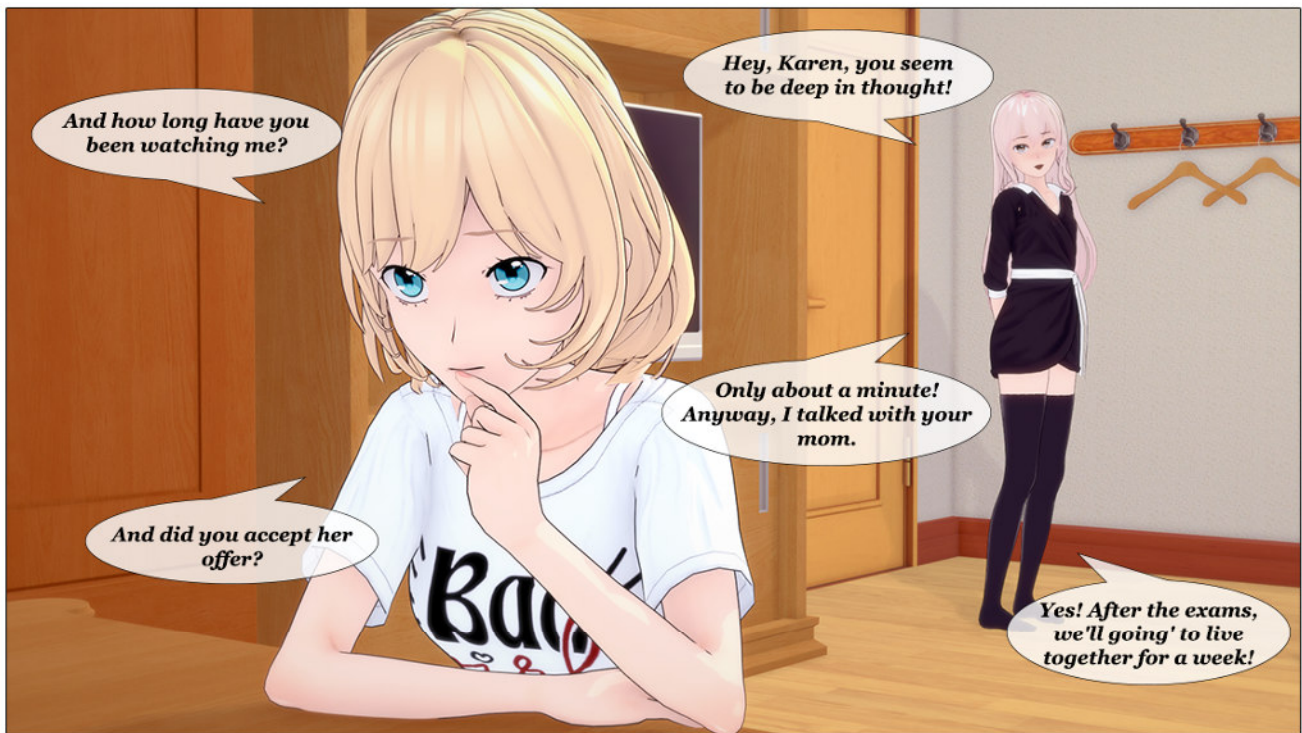

You're welcome, dear! You may always talk with me if things get hard for you! But leaving this topic aside, what should I tell Dan?

Thank you Mrs. Bennet, after talking with you, I feel better!

Laughs
Does this mean that he asked you to help?

He did! And I have to tell you that he was definitely charmed by you!

You can tell him that I will be happy to meet with him again!

Next Friday:
Evening

Chapter IV - Different sides of Sam!

Welcome home,
sweetie!

That's right! You're will be
living here until the end of next
week, so it's better if you thought of
this place as your home!

playfully
By the way, where would
you prefer to stay? In the same
room with Karen, or take the bed
where Dan used to sleep?

Home?

annoyed
She'll stay in my room!

Be jealous to a room in
which my brother has not lived
for a few years? Don't be
ridiculous!

She needs someone around
who will look after her and instruct
her how to act like a girl!

I'm already used to
sharing a room with Karen,
so it's fine!

teasingly
Is that jealousy I'm
hearing?

giggling
So what's the problem
then? Let Samantha
choose for herself!

What do you mean?

In a sense, we are! But
there's nothing serious about it!
She's just having fun trying to
tease me!

Anyway, let's change
your into something else,
because you look horrid in these
men's clothes!

I've always been annoyed
by your style, and now I can
finally influence it!

Karen, is everything okay
with you and your mom?

It looks like you two are
arguing over something!

I get what you mean, but
still, calling my usual clothes
horrid is a bit hurtful!

I will, although I'm not sure if it's really necessary!

You know, you should learn how to put on a bra by yourself!

You sound like it's already been decided!

When your breasts begin to develop, you will be glad that you know how to do it!

From my perspective, this is the only logical solution and I will push you towards it! By the way, you should mind your voice!

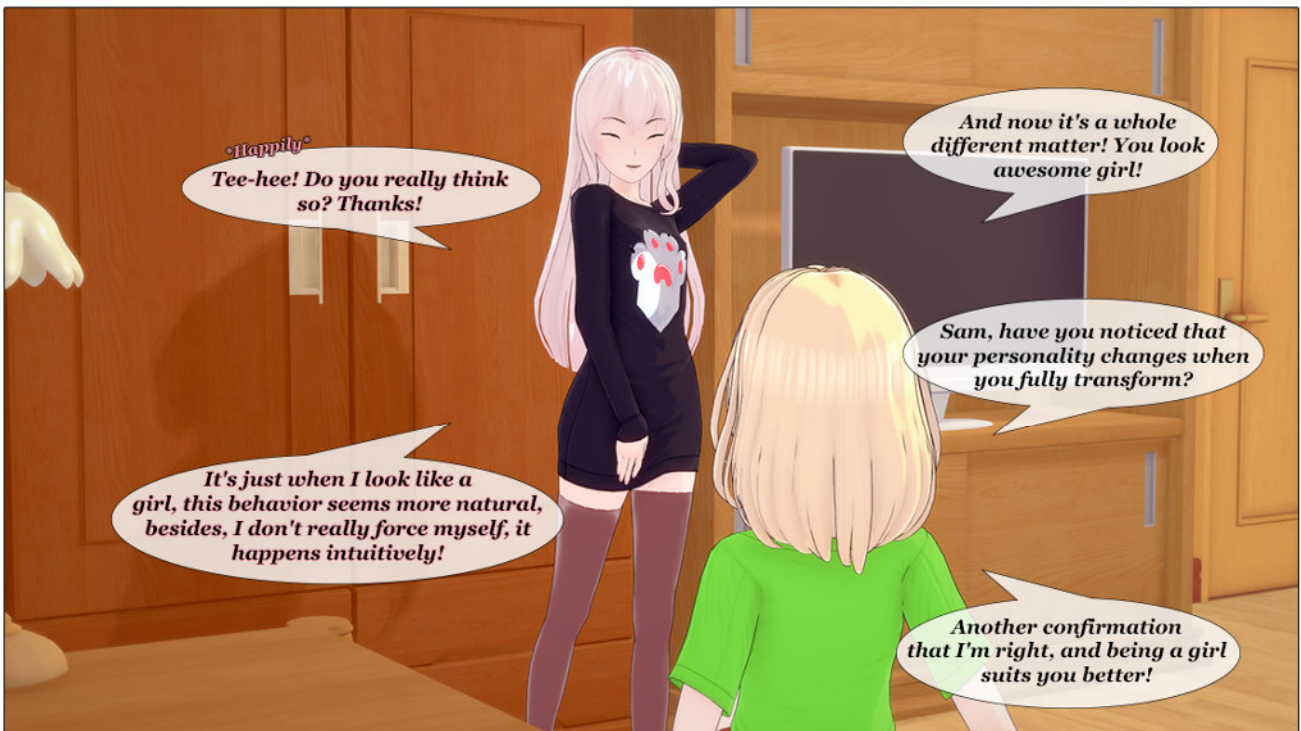

It's still a little weird to wear girly underwear and clothes!

An ordinary long-sleeve, I would not say that it is so girly!

Enthusiastically
It has a different cut, which makes it more form-fitting, and also it has a cute print!

snicker
You sound just like a girl!

And whose fault is that? You've always been the one who forced me to look at fashion magazines!

happily
Tee-hee! Do you really think so? Thanks!

And now it's a whole different matter! You look awesome girl!

It's just when I look like a girl, this behavior seems more natural, besides, I don't really force myself, it happens intuitively!

Sam, have you noticed that your personality changes when you fully transform?

Another confirmation that I'm right, and being a girl suits you better!

A bit later in the living room

Time for what?

Well, Samantha, have you been in touch with Dan?

We chatted a bit, but you're probably asking about date, it's going to be tomorrow at 6 pm!

Great! Then we still have a lot of time!

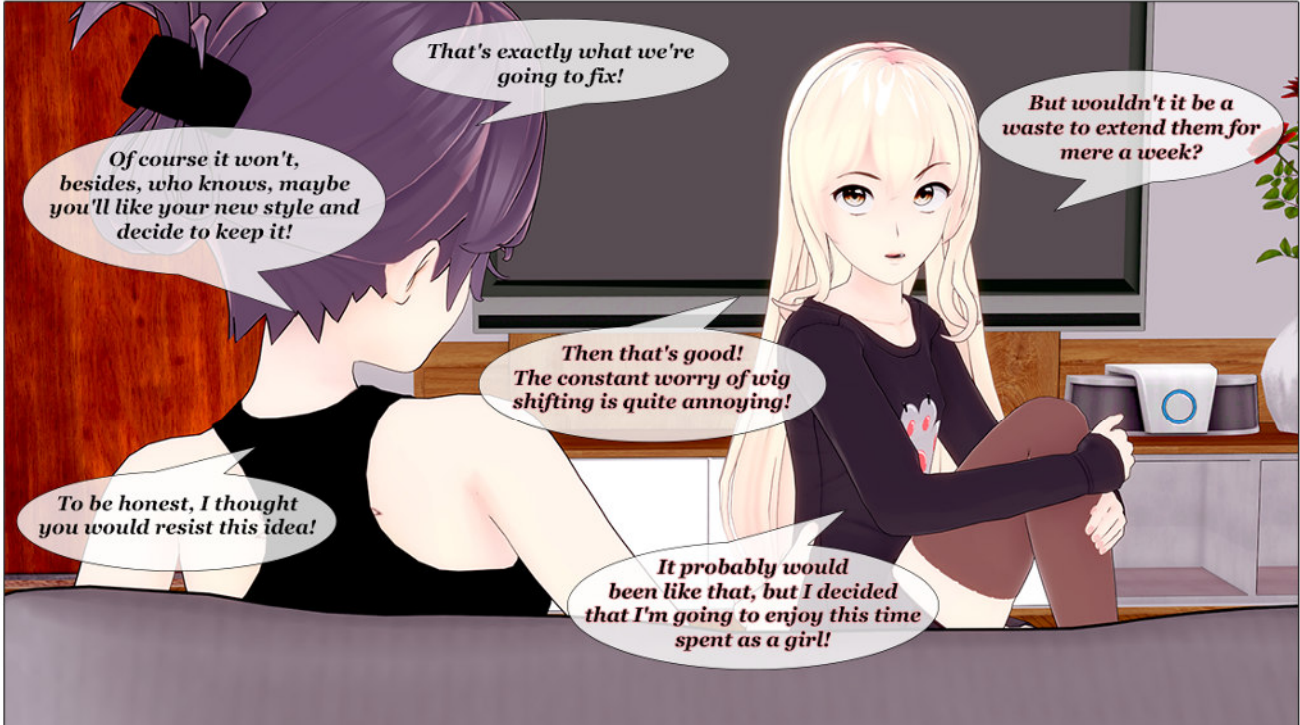

And what about the beauty salon?

It's not a bad idea, she only has one set of underwear, and my old clothes don't really fit her! Besides, she needs a new outfit for a date!

For a little shopping trip! And I'm also thinking of dropping by the beauty salon!

But my hair isn't that long!

I think that spending so much time constantly in a wig would not be too convenient, so it's worth considering a haircut!

That's exactly what we're going to fix!

Of course it won't, besides, who knows, maybe you'll like your new style and decide to keep it!

But wouldn't it be a waste to extend them for mere a week?

To be honest, I thought you would resist this idea!

Then that's good! The constant worry of wig shifting is quite annoying!

It probably would be like that, but I decided that I'm going to enjoy this time spent as a girl!

The following morning

Karen! This not helping at all! Sam, you have pretty feminine features to begin with! Besides, coming to a beauty salon in a wig is much more suspicious than like this!

Do you both really think I don't stand out like this?

giggles
You definitely stand out!

I'm just teasing her! Samantha, you look cute even as a tomboy! So don't worry, no one will ever think that such a pretty girl is actually a guy!

I hope you're right! Otherwise it will be extremely awkward.

It's amusing! He looks like an ordinary Sam, but a ribbon, cute earrings and lipstick make a girl out of him! Or maybe it's all about how he behaves and moves!

Mrs. Bennet, I wanted to say that you look stunning in this dress!

Oh, thanks sweetie!

Are you for real? Flirting with your girlfriend's mother, who is standing next to you?

confused
I'm not flirting! It's just that your mom is really attractive! And, you are also very beautiful today, especially considering how rarely it's for you to wear a skirt!

You really make me blush! Anyway, girls, you haven't forgotten anything, can we get going?

Only if courage to go out in the street with this appearance!

You see, my daughter has a very special date tonight! But she's a little boyish, so we'd like to make her look a little more elegant!

Welcome to our place, how can I help you?

So I'm thinking about hair extensions and romantic makeup, can you help us?

Of course, this is our job! Rest assured that her boyfriend will be absolutely mesmerized by her new look!

It's just a different hairstyle! So why can't even I see the guy in the reflection?

What do you say, miss, are you satisfied with result?

excitedly
Yes! You did a wonderful job, to be honest it exceeded my expectations!

I'm glad you liked it! Good luck with your special date, although such a cutie doesn't need it!

My my! Who would have thought that my sweet daughter could become even more beautiful!

It's hard to argue with that! Anyway, what's the story about her being your daughter?

I know you two are having fun, but compliments like that make me feel awkward!

sincerely
It's worth getting used to them, women often receive compliments, although often they are completely inappropriate!

giggles
And calling her daughter was the first thing that came to mind, but thinking about it now, it's not that far from the truth, considering that both my children have their eye on her!

A little later at the clothing store

What do you say about this outfit?

I don't know... I think you look not feminine enough in it!

And yet, I'm wearing a skirt right now!

I like it, and I kind of feel more secure!

Is this coming from a girl who can't make herself wear a dress?

I like the way it fits you, but Sam, what do you think yourself?

Okay, then let's buy this outfit! Well, let's try on the next one!

whispering
Mom, why are you doing this? I can't believe you really like how Sam is looking in those boyish clothes!

You have a point, but it still seems to me that she should be forced to go beyond her comfort zone!

whispering
It doesn't really matter what I like. And, honey, I have a feeling that you're trying to make a girly girl out of Sam! But if you push her too hard, it will cause the opposite effect!

And that's why we'll buy the next outfit for her, even if she's against it!

embarrassedly
Mrs. Bennet, do I really need something like this?

Of course, sweetie! You're going on a date tonight, and the right lingerie will help you feel more confident and attractive!

whispering
So that was your plan, I approve!

But for someone like me to wear something so erotic... and it hardly hides my thingy...

Such lingerie is precisely designed to accentuate attention! Besides, your boyfriend knows about your peculiarities!

I really envy my brother that he will admire Sam like this tonight!

Oh, about the naughty things you're going to do in them?

Sam, you've been sitting all flushed and thoughtful for a long time!

I'm thinking about all the clothes and underwear that we bought...

She didn't even deny the naughty part!

Why she should? We are all grown-up girls here, and each of us has needs that we should not be shy about!

About that too, but also about why do I need so many clothes?

But let's skip this topic for now. Sam, are you worried that you won't be able to wear these clothes in the future?

I understand that there is a chance that I am going to live like Samantha, and then everything that we bought will not be even close to enough, but if everything turns out differently...

You definitely look like a cute girl right now!

And this is where your main misconception lies! In order to wear these clothes, you don't need to be a girl! You're lucky and unlike ordinary guys, you won't look ridiculous in them!

Do you think so? But wouldn't it still be wrong?

It will only be wrong if you think so yourself! It's impossible to tell from your appearance whether you're a girl or a boy, so people will determine it by the way you dress! So if you feel like wearing a dress, just wear it!

I would certainly prefer him as a girl, but this is also not the worst option!

Of course! If you enjoy it, you shouldn't restrain yourself!

I hadn't really thought about it. So I can crossdress whenever I feel like it?

Evening, shortly before the date

You're almost ready, there's only one small detail left! Still, how do you feel?

If it's not a secret, what exactly is worrying you?

How long will it take you to tell me that you're scared but still really want the date to end with sex?

Thanks to you and your mom, I got all dolled up and probably look as cute as I can!

Honestly, I don't know! I guess I'm still really worried!

And Dan knows who's behind all this, but still goes on a date with me!

I'm not that desperately want this!

So here's my gift for you! I was planned to use it in our games, but I think you'll need it more today!

astonishment
Jeez, Karen, what is this?

Don't play innocent, you know perfectly well what it is!

shaking

And you know perfectly well why you should spend this evening with this thing inside your ass!

persistently
Not just can, but you will! If, of course, you accept the possibility that you will ride my brother's cock tonight!

shocked
No, I can't do that!

Greetings, Mom! It's rare to see you with your hair down!

Her? Mom, I know that Sam is a guy!

I don't quite understand what you mean by that.

Hi, Dan! Well, we had fun with the girls today! Anyway, are you excited about your date with Sam? You know, I picked something special for her, specially for tonight!

I wouldn't be so sure about that! And that's why I want to ask you to be more attentive to her, especially considering that your ex-boyfriends were completely opposite of Sam!

That Sam may choose to live as a girl! And considering that you have always been attracted to men with distinct masculinity, you may lose interest in her!

Baby, you don't have to decide right now. You liked Sam, so go and enjoy her company! Just keep in mind that you shouldn't give her too much expectations.

I'm sorry, I didn't mean to spoil the mood before the date...

That's... I do not know what to say to that.

Oh, it's definitely something to think about.

It's fine! You're right, I like Sam, and that's why we're going to have fun with him tonight! And if everything goes well, we'll figure out the rest later!

shyly
Hi Dan!

In a whisper
That was the worst idea! I can feel it with every move I make!

Hi Bro! Look who I brought you!

Gunned
Wow, Sam, you look fantastic!

In a whisper
You know, if you blush and fidget like that, everyone will realize that something is wrong!

Whispers while giggling
Don't worry, you'll get used to it soon, or not! You anyway will get a unforgettable evening!

Well, shall we go then? We have movie tickets in an hour!

Nothing comes to mind!

simply

Oh, that's what you mean! It's nothing serious!

What? I only added an accessory to complete the look of our girl!

I thought about it, but decided this would be too cruel!

Karen, what have you done this time?

So Sam's strange behavior has nothing to do with your actions?

impatiently

Karen!

I hope it's not what I think! Still, did you by any chance lock his thing in a cage?

confused

Why are you so angry? I merely forced her to put an anal plug in!

It's small! I attended classes with a much bigger plug!

playfully

Oops? Well, it's too late to fix it anyway.

angered
Speak! What have you done?

disappointedly
Goodness, Karen! Sometimes I wonder if you're either completely crazy or just stupid!

Dumb girl! Sam is a boy! So, the plug will not only stretch his butt, but will also rub against his prostate! And this stimulation may be too strong, especially if he hasn't done it before!

Am I imagining it, or are you feeling much less comfortable right now than you did on our last date?

It's not like I was completely honest with you either! But now I don't need to hide that I know that you're a guy, so you don't have to worry that much!

That's the last thing you should worry about! These clothes really suit you! And believe me, I'm not saying this to soothe you, but because I actually like you this way!

I can't tell him that this is mostly because of the butt plug!

Honestly, I'm just worried! Especially after I've lied to you!

In fact, it makes things even more awkward! I'm a guy, but nevertheless dressed in such revealing girly clothes!

So I think I have an idea how to demonstrate this to you! Besides, I've been holding myself back since the moment I saw you!

Now I'm awfully curious to know what your idea is!

Is that convincing enough for you?

seductively
Quite! Although, I think I should taste your arguments a little more!

You're not even trying to hide that you like it!

There is still one thing that bothers me!

I know that you are drawn to men, so why are you interested in me? I'm not manly at all and I rather look like a girl! Besides, now I'm even trying to act like one!

I'm not biting, so feel free to ask!

Just because I'm gay doesn't mean I can't value women's beauty or sexuality, I'm just not interested in them as mates!

This is a bit of a difficult question! I'm trying to figure it out myself!

So I'm the forbidden fruit! To be honest, I expected a bit different response! For example, that you simply liked me!

If I didn't know the truth, then you'd probably just be an ordinary girl in my eyes, but I aware that this is not the case, and therefore I'm looking at the details that give you away as a guy! And I like them! There is something so forbidden about a guy looking indistinguishable from an beautiful girl!

You're right, I initially agreed to a first date because I thought that you are hot!

Let's be fair, it wasn't my personality that attracted you in the first place either!

The fact that we are drawn to each other is already a good start, as it can turn into something more than just a passion!

I guess now it's my turn to ask a question! Even knowing about my preferences, why did you decide to go on a date dressed as a girl? Not that I mind, just curious!

Actually, there are two reasons! Firstly, I am extremely shy about my preferences, so I would hardly dare to go on a date to a public place as two guys!

I understand, I was like that myself at first! Although it wouldn't have occurred to me to dress like a girl to go on a date!

It would be fun to see you in a skirt! But I don't think you'd be able to blend in!

I definitely couldn't! Fun fact: My first boyfriend loved when I wore stockings during sex!

Does this mean that you were...

That's kind of unexpected!

That I was the bottom? Yes, I was, and I'm not ashamed of it! And if you're interested, then I'm fine with both ways of doing it now!

Something tells me that it's awkward for you to talk about sex!

Okay, you haven't told me about the second reason!

Well, your mom suggested that I try to live as a girl. And no matter how scared I am, somewhere deep inside I have doubts about being a guy is suitable for me!

As for me, this is a silly pattern, you can easily act feminine while being a guy, but the decision is still yours!

You know, your mom told me something similar this morning. That I don't need to turn into a girl to do what I'm doing now! And I'm really enjoying dressing up like this and feeling myself cute!

I may change, my body may become rougher, my voice lower, and after that I won't be able to do what I like...

There is no guarantee of that! But if I became a girl, I would have a rounded body, I wouldn't have to strain my voice to speak higher, and nothing would stick out between my legs...Sorry, I shouldn't have bothered you with such thoughts on a date.

But there is another "but"?

You have already been through the age of drastic changes and now you are unlikely to change that much!

I didn't expect the butt plug to be so stimulating! I can already feel my lower belly getting slippery from the abundance of precum!

It's a good that I have a small penis and my panties are tight, otherwise Dan would definitely have noticed that I have a boner!

I definitely can't stand it until the end of the movie, and the date also won't end there!

Ten minutes later

My whole body feels like it's burning!

It's pleasant, but because I have to restrain myself, I'm going crazy!

fidgeting

fidgeting

I want to touch my dick! I want to release this tension!

Ten more minutes

I feel like my dick is going to burst!

I need to take out the plug! But I can't go to the bathroom like this!

If I cum now, I'll mess up the dress, besides, everyone will notice it!

breathing fast

Sam, what's going on? Are you feeling unwell? You're all red and like you can't get a place!

Something like that! Can we leave right now?

Okay! Should I take you to the hospital?

No, I'm fine...

Dan, the truth is that Karen forced me to put an anal plug in... and I can't take it anymore!

Oh, I see... That explains everything!

Did he notice? Of course, it's impossible not to!

Should I tell him the truth?

plaintively

laughing

All right, let's take you to the restroom!

Then just use the ladies' room!

Sam, it's not a time for you to think about details like that!

Geez! Fine, fine, let's get to my car!

I can't go in there looking like this!

This is even worse! What if someone realizes that I'm a guy and sees my boner?

No! I can do this!

Okay, Sam, just bear it for a minute and I'll help you take out this plug!

No, no, no! This can't be happening!

I didn't even touch it! But I came anyway!

throb
shooting

All right, Sam, bend over so that I can remove the plug!

Shocked
I think it's a little late for that...

What do you mean it's late?

Lost
It looks like... I just came inside my panties...

Okay...

Oh, shit... that's... anyway, we should remove that anal plug, otherwise it will continue to stimulate you!

A few minutes later

HAPPY

So, I'm in a Dan's apartment and most likely he wants to have sex with me... But how should I behave in such circumstances?

Come out of the bathroom without clothes, get close to him and kiss? And then he'll take everything into his own hands?

But wouldn't I look like some kind of nympho? But Dan is too courteous, he won't make the first move without being sure that I want it!

Who am I kidding, I'm a coward, I'm no longer even sure that I'm ready to have sex...

Dan's shirt, it smells so good... Will I also be able to enjoy his scent when I'm going to be in his arms?

My feelings are so contradictory! I'm attracted to him, but I'm so afraid of it! I want to lose my virginity, and there is hardly anyone more suitable for this!

But it will make me gay! Why am I so afraid of this? There is already no doubt that I am... so why I'm like this...

Even when I was with Karen, I didn't hesitate to take on the role of someone who was being led, and I loved it! I'm not suited to be a man...

Are you teasing me?

I think now I understand why ordinary men enjoy the sight of a girl wearing their shirt so much!

Not a bit! You actually look very sexy!

Anyway, what do you say about having a drink with me to relax a little?

Laughing awkwardly
I don't think just one glass will help me relax after everything that happened!

We have a long evening ahead of us, and I can get another bottle if you will want!

Before we start, I would like to make sure that we are on the same page.

Judging by that you used a toy, you expected such an outcome yourself!

I'm glad to hear that! Well, let's enjoy each other's company to the fullest!

Did you plan to take me to your place from the very beginning?

I may have fantasized a little bit about what might happen...

But... You're right, I can be myself with you!

By the way, when we're alone, you don't have to force yourself to speak in a fake voice.

I like it much more this way! Such a sweet and seductive voice, I wish it whispered something in my ear!

whispers seductively
So, what do you want me to whisper in your ear? Maybe something dirty?

playfully
I may be a good boy, but right now I want to act like a little slut!

Perhaps! Though I'm not sure that such a sweet boy has a dirty tongue!

You not imagining it! Mine are in the wash, yours are too big, besides they will only get in the way!

Oh-ho-ho!
By the way, Sam, am I imagining it, or you really don't have any panties on?

It looks like my lust is getting over me again! And I want to surrender to these feelings!

I'm curious about what my shirt is hiding on you!

I never thought that lace lingerie on a guy could turn me on so much!

Do you like what you see?!

I'm glad to hear that! But how about you please me and also show me what you're hiding?

You can touch it if you like it!

Your sculpted body is also a masterpiece!

What a sight! Of course, I like big breasts, but the view of muscular, wide male chest arouses me no less!

Oh, I will! I definitely intend to grope it!

Your body is so delicate! I'm in love with it!

Moaning with pleasure

His warm breath tickles my skin before his lips touch my body! I am absolutely delighted with these sensations!

You're getting better at kissing!

Because I like doing it! And with each kiss, I get more and more hooked!

Let me help you get rid of the remaining clothes!

A little? You've definitely chosen the wrong word to describe your dick! For some reason, I can't take off my eyes! It's look impressive!

Don't you think you're staring at my little pal a little too much?

Are you going to sit like you're frozen? Or will you give him a little affection?

Can I really do that?

Of course! If that's what you want!

Yes! I want to feel its power in my hands... not only in my hands...

So this is what a man's penis looks like! Not that I don't know how it supposedly looks, I mean, I have one myself.

But I couldn't even imagine that I would be holding such a big dick in my hands, as in porn!

It's so hard to the touch, and it's also warm and I can feel those veins throbbing! Is it getting bigger? I'm so excited that soon he's going to stretch my ass! Is it really going to fit in?

It definitely responds to my stroking! I didn't expect that jerking off to another guy would be fun!

His cock is getting even more slippery! And this smell that fills my nostrils, I think I actually like it!

For some reason, my mouth is overflowing with saliva! Does this mean that I want to take his cock in my mouth? Girls in porn almost always do this before sex, maybe I should do the same? I don't feel disgusted when I imagine doing so, rather, I get excited!

shyly
I'm sorry I got carried away! So you don't like it when I'm doing this?

Sam, babe, if you play so enthusiastically with my dick, I won't be able to hold back and cum!

I'm savoring each and every moment! It's just, don't you think we should both feel good? I want to have a proper sex with you!

surprised
You, you want to put it inside me?

Isn't that what you want to do?

So, this is it! That's how I'm going to lose my virginity! Will this mean that we will become a couple? Oh! I can feel the tip of his dick pressing against my hole! Well, I'm happy to be his girlfriend!

Your hole is still stretched after that anal plug, a little lube and my dick should get in without any problem!

Wait, did I think of myself as a girl? But...

Try to relax, this is your first time, so it may hurt a little at first, but then the pleasure will come!

Oh, my gosh! His glans slid inside! Geez! This is amazing!

moan

No, Sam, you have to brace yourself! His cock is already inside you! And if you don't stop him right now, it will be too late!

Yes, you are! But we can't continue, we shouldn't do this...

Well, I'm all in you!

Confused
What? Why? Do you feel pain?

No... Well it's a bit painful, but that's not the reason.

It's incredible to feel your dick inside me, and I really want you to start moving! But that would be wrong! Right now I think of myself as your woman! But can you accept me as such?

Sam, this is... I don't...

I already regret that I didn't let him fuck me! I'm such a fool!

Don't answer. I realize that me being a girl will change everything!

Maybe, but the most important thing is that I like you! You as a person!

Besides, I'll always know that you was a guy, even if one day you completely change your body. That's probably the problem, you'll never feel like a full-fledged girl with me.

You may be right, but the truth is, I didn't think that far ahead... It simply felt like we shouldn't be doing this for now! Anyway, I'm sorry that I've ruined everything for the second time today!

You totally did! You know, not many guys would be able to stop after their dick was in such a pretty hole!

Laughing awkwardly

Excitedly
No! That won't be necessary! Besides, someone has to help you relieve sexual tension!

Not quite so! I just think anal sex is something special! Something that only people in a serious relationship should do!

Seductively
But I don't mind kissing, hugging and caressing each other's bodies at all! Moreover, I would really like to feel your dick in my hands again and see how you cum!

So, what are we going to do now, should I drive you home?

I don't quite understand, didn't you just say that you're not ready to have sex with me?

I can't follow your logic! But what the hell, I'm so horny that I will not mind doing something like that!

I'm glad I didn't manage to completely ruin the mood for you!

It's because I'm so aroused that I can't think straight anymore! That's why I'm going to give myself up to pleasure and make sure that we both feel good!

It's hard to resist such a sexy femboy!

Don't you think you've started acting more pushy?

playfully
Wasn't it supposed to be the other way around?

schmelzing
To hell with all the plans! Besides, according to you, I can do whatever I want as long as I don't use your ass pussy!

Yes, these sensations are absolutely amazing! I almost at my limit!

And what's more, the way you squirm in my arms tells me how pleased you are that I'm squeezing your little dick in my hand!

It's wonderful! But something tells me that you're doing it half-heartedly!

So, how's my gratitude feels like?

giggling
Maybe then I should use the other hand as well? As well as something else?

It sounds very intriguing! Will you give me a hint?

Nope! I want to tease you a little! But you will definitely love it!

So, did you enjoy this evening spent with me?

Shouldn't I be the one asking you that question? After all, this is your first time with a man! As for me, I wouldn't mind continuing!

Can this count as the first time? We still didn't do a lot of things!

If you've changed your mind, then I'm ready to go!

Oh! Don't tempt me! I still remember how amazing it was when your cock stretched me!

So you liked it! It's good to know! Well, I won't insist. By the way, we're going to share the couch, do you mind?

Spend the night in your arms? Sounds like a perfect conclusion to our date!

following morning

Are you sure you don't want me to drive you home?

A girl? Does that mean you've already decided who you want to be?

So you're going to pretend in order to make a decision?

Dan, I'm a grown-up girl, I can call myself a taxi!

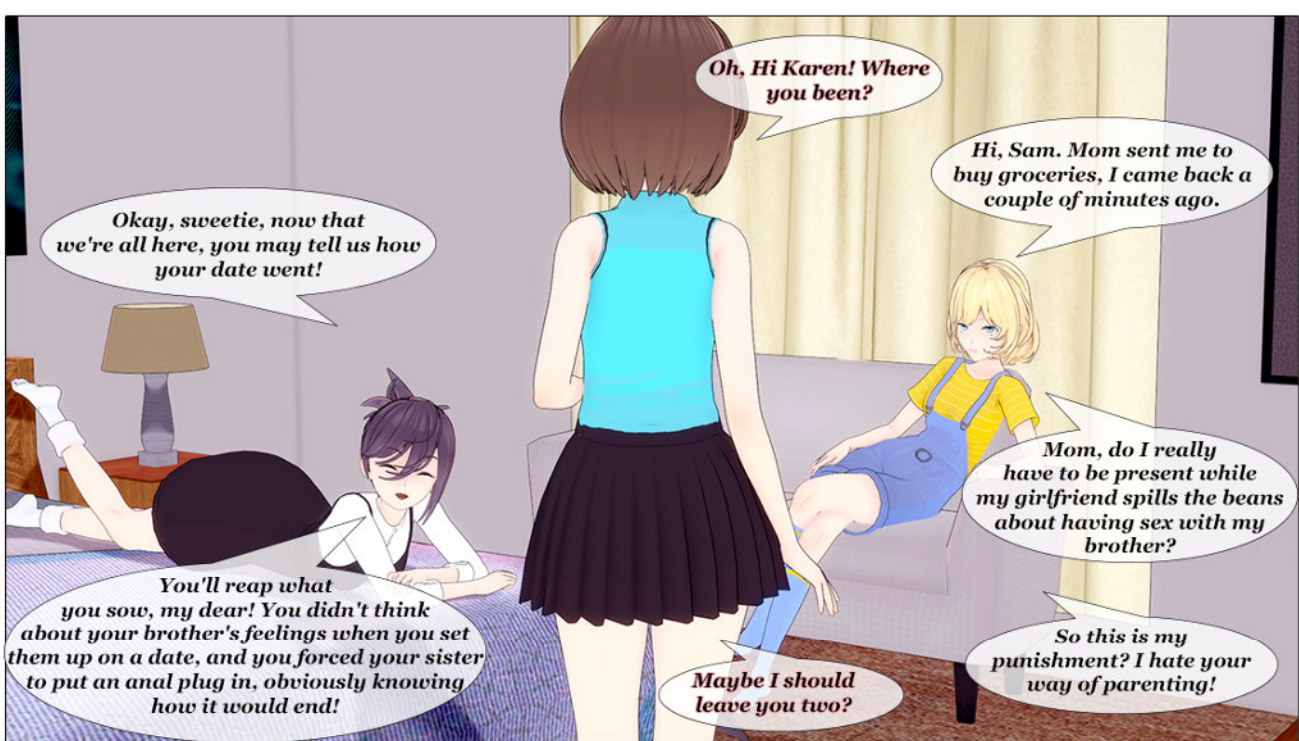

giggles
Looks like you forgot!

It's not like I've already made a final decision! But until the end of next week, I'm Samantha and I'm going to live with your mom and sister!

This is not a pretense! This girl, this is Me, simply another Me!

Okay, sweetie, now that we're all here, you may tell us how your date went!

Oh, Hi Karen! Where you been?

Hi, Sam. Mom sent me to buy groceries, I came back a couple of minutes ago.

Mom, do I really have to be present while my girlfriend spills the beans about having sex with my brother?

You'll reap what you sow, my dear! You didn't think about your brother's feelings when you set them up on a date, and you forced your sister to put an anal plug in, obviously knowing how it would end!

Maybe I should leave you two?

So this is my punishment? I hate your way of parenting!

It's somehow wrong to speak about such things with you...

Okay, Karen, if it annoys you so much, then I won't do it anymore! Back to you, Sam, did you end up having sex with my boy?

Anyway, cut the crap with this sisters thing! I had sex with Samantha and because of that it sounds disgusting, like incest!

We are not so modest, it is pretty normal in our family to talk about sex

Well... We did things that could be considered sex, but I'm not sure that counts as losing virginity...

Don't tell me that he didn't stick his dick in your butt in the end.

You screwed the opportunity to lose virginity with a handsome man? Are you for real?

To tell the truth, I stopped him when he was already completely inside me... I thought that this should only be done with the person you in love with!

irritatedly
I didn't screw up! I was still using my hands and mouth to please your brother!

amazedly
Great! Now when I kiss my girlfriend, I will think about the fact that a dick has been in her mouth! Bleh!

angrily
If that disgusts you so much, then you don't have to kiss me anymore!!!

I've had enough of this shit! I'm going to take another walk!

Karen, wait!

Sam, let her leave. She needs some time to cool off her head.

I shouldn't said those mean things to her. What if she...

Don't worry about it, she wouldn't have been so jealous of Dan to begin with if she was willing to give up on you so easily!

Sam, it's obvious, but tell me, do you have feelings for Karen?

To tell the truth, I've always had feelings for her, ever since we became friends, but I've always quelled them...

And what about Dan?

He's smart, kind and funny! He's good-looking! And I feel special with him! So I think I also very much like him!

Mrs. Bennet, it's wrong that I have feelings for both of them at once, isn't it?

I may surprise you, but no, there's nothing wrong with that.

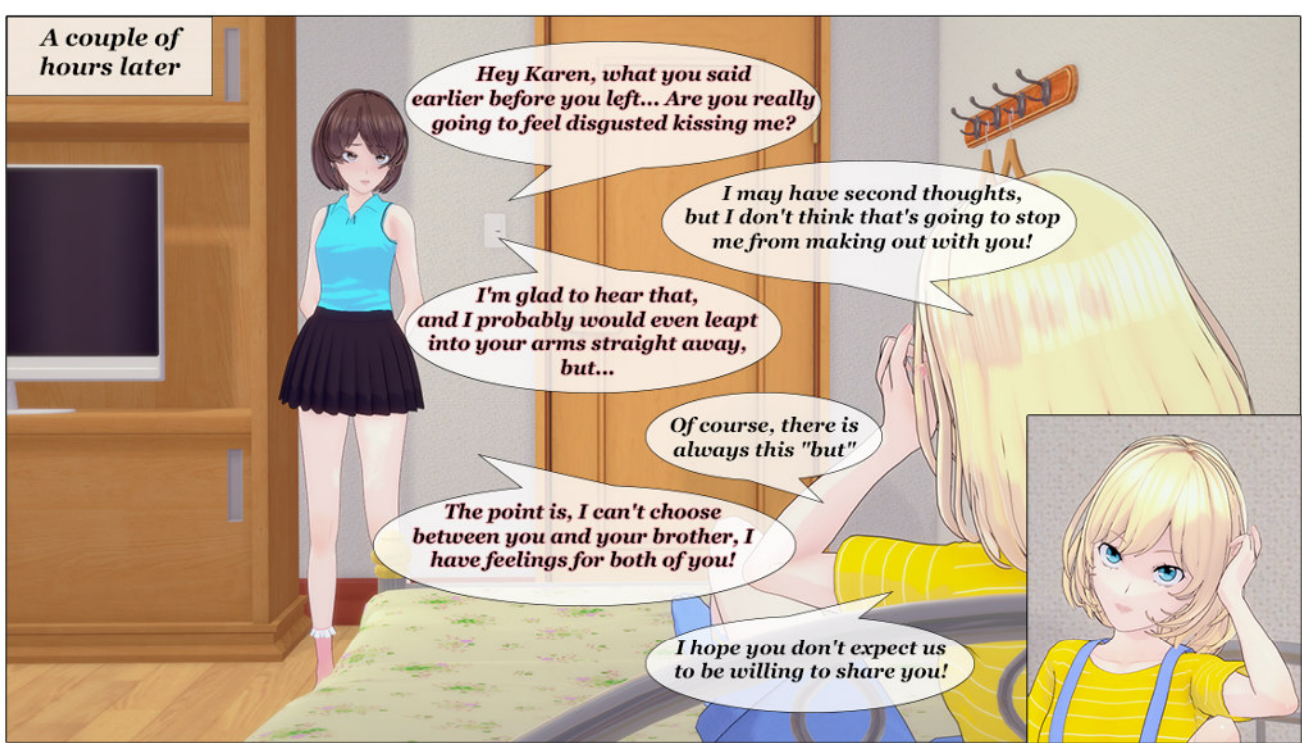

At least if you don't intend to date them simultaneously!

I know that I have to choose, but it's so hard... moreover, Dan wants to have me as a guy, while Karen would prefer me as a girl!

It seems logical, but still somehow wrong, as if I'm going to stay with someone who simply accepts my choice!

Sam, you don't have to adjust, you have to choose who YOU want to be!

A couple of hours later

Hey Karen, what you said earlier before you left... Are you really going to feel disgusted kissing me?

I may have second thoughts, but I don't think that's going to stop me from making out with you!

I'm glad to hear that, and I probably would even leapt into your arms straight away, but...

Of course, there is always this "but"

The point is, I can't choose between you and your brother, I have feelings for both of you!

I hope you don't expect us to be willing to share you!

Who do you take me for? But I'm not going to select one of you, I'm just going to decide if I'm going to be a girl or a guy!

Fair enough. Besides, I'm not interested in you without the opportunity to feminize you!

Quite cynical.

That's who I am, and you know it perfectly well. Besides, if we're going to be lovers, behind the curtains I won't be just your girlfriend, I'm going to be your Mistress!

Not that it surprises me, but when and if I become fully a girl, it may be inappropriate.

We'll figure it out when the time comes, besides, the process of your changings won't happen in one day!

Her face is so close!

And what kind of question is that?

But at the moment there is a more pressing question!

Even though I might not choose to become a girl?

While you're deciding who you're going to be, would Samantha want to have some fun with me?

Then how about we do it after dinner?

All the more reason to enjoy each other's company while you are acting like a girl!

Be ready to hold your moans, because you will definitely like the toys that I bought!

I think this is a very useful skill for a girl! So I'm glad you agreed!

It's silly, but I'm actually happy that you asked me to teach you how to cook!

You do realize that this is a delusion, right? Even in old times, men cooked, although it was mostly meat.

It's a bit surprising. Karen knows how to cook, although she doesn't really like to do it.

You know, it's the first time I've ever taught someone! I always dreamed that I would do something like this with my kids, but it turned out differently.

She's a smart girl, and in the era of the Internet, you can learn anything!

Mrs. Bennet, I couldn't help but notice that your relationship with Karen is a little cold.

And now lower the temperature while continuing to stir.

First of all, how about you stop being so formal! Tamara or Auntie would be much more fitting!

Oh yes, sometimes she acts too boyish!

As for the question, Karen has always been a daddy's girl, and Nolan has always spoiled her, so I had to take upon myself the role of a strict parent! Besides, we have slightly different perspectives on the world, I'm more for femininity, and she doesn't attach any value to it!

And that's what makes her one of the few girls who can satisfy your needs!

Auntie! This is too embarrassing a topic to discuss!

Not at all! It's quite natural theme to have a conversation between women!

Tee-hee! You got such a cute reaction! But Sam, there's absolutely nothing you should be ashamed of!

I probably should thank you, but I'm so embarrassed to realize that you know what we're going to do with your daughter!

By the way, judging by the look on your face when you walked out of Karen's room, the two of you made up!

You're welcome! By the way, do not forget that you have a pot on the stove!

So, I think you'll be happy to hear that tonight I'm meeting with friends and the apartment will be all yours!

The week I spent as a girl turned out to be really intense! The three of us even went to the beach, although I was terribly shy at first! But in the end this was a lot of fun!

It was certainly stupid! I'll be found out! There is no chance that I can pass for a girl in only a swimsuit!

Sam, you have a feminine figure and you know it yourself! The only thing that could give you away is securely fixed, I double-checked it myself!

This one-piece swimsuit looks fantastic on you! So take off that stupid pareo and let's go to play in the water already!

Why are you looking at me so suspiciously and smiling?

Of course, but you sound like you've already made some kind of decision!

Just enjoying the moment! Karen, promise me that no matter what happens, we won't let anything stand in the way of our friendship!

No, it's just that even if we get married someday, I want us to remain besties even if you're going to be my wife!

We spent almost all our time together with Karen. During the day it was not much different from what it was before this whole story, but in the evenings we experimented a lot with our sexuality!

Sam, you're getting better and better, today's dish is simply great!

Auntie, don't over-praise me, I'm too far away from your skills! But cooking is fun, and I enjoy trying to make new things!

Don't you think she'll be a wonderful daughter-in-law for you, Mom?

Or a son! But I will definitely be lucky when you join our family!

It's really too soon to even think about it!

These days have been really special for me, and I've learned a lot about who I am and who I want to be!

It's been two weeks since I spent part of my break at the Bennett house. After that, I went on a short trip with my father, during which we talked about a lot. Our conversation turned out to be better than I expected and my father accepted that I want to be who I really am!
Tonight, I'm meeting with Dan, I promised to give him an answer and that's what I'm going to do!

The final chapter: Not a boyfriend!

Hi Sam, have you been waiting long?

Hi! Barely a ten minutes!

You look as lovely as ever!

Thanks! And Dan, I'm glad you agreed to meet with me!

Just a kiss on the cheek, which is quite expected, considering how politely you talked on the phone.

I'm sorry, Dan, but I can't be your boyfriend!

I felt I should tell you this in person, not just over the phone!

Is that how you want it to end? Yes, there can be no romantic relationship between us now, but that doesn't mean we have to become strangers!

Maybe just a little bit! But do you understand that we will still see each other once you become my sister-in-law?

Sam, how about we go sit in a cafe and you tell me what's going on?

Well, that seems to be it, but before we part ways, I'd like to thank you! The time spent with you has turned out to be important and it helped me make the final decision!

Don't you think that would be too awkward, especially considering that you and I had sex?

You say this with such certainty, but the truth is that I haven't seen Karen for almost two weeks...

So, what's the reason you're avoiding my sister? Did you have a fight or did you change your mind?

We didn't fight, and I didn't change my mind, in fact, on Monday I'm going to a therapist and an endocrinologist that I hope will allow me to start treatment!

At the beginning, I thought of meeting Karen right after that, to proudly declare that I want to be her girlfriend!

But during these two weeks that you were delaying the confession, you start to felt doubts?

I'm scared of falling in love with her! I don't want to be left with a broken heart!

What gave you such thoughts?

I know her for years and she never show any interest in girls! She always been normal straight girl! She never showed any interest in pathetic guy like me, so what changed now? What if this is just sexual desire and it will never turn into love?

I wish I could dispel your worries, say that my sister is not like that, but perhaps you know her better than I do! But tell me one thing, are you turning your life upside down just to be with Karen?

Maybe it looks that way, but becoming a girl has nothing to do with my desire to be with Karen!

That's your answer! You said yourself that you want to be with her! I know that falling in love is always scary, I was there myself! But despite how it end, It's worth experiencing this amazing feeling no matter what outcome is!

You're right! I don't want to ever regret missing out on the opportunity to be with the girl I love!

It's hard to believe that I've changed so much in a year! I can finally enjoy looking at my reflection and be proud of my feminine figure!

I still have a lot before I finish my transition, but now is not the time to think about it! Right now I need to get ready! Today we are celebrating this anniversary with my girlfriend, and I am excited to find out what kind of presents she got for me!

Giggling
It looks good! I'm sure she'll be pleased, as she likes it when I wear lace lingerie!

Damn it! I got too carried away again!

Dad, I'm leaving and I probably won't be back today!

Have a lovely evening, darling, and say hello to your girlfriend!

I will! Bye-Bye!

Hello Auntie Tamara! You look beautiful as ever!

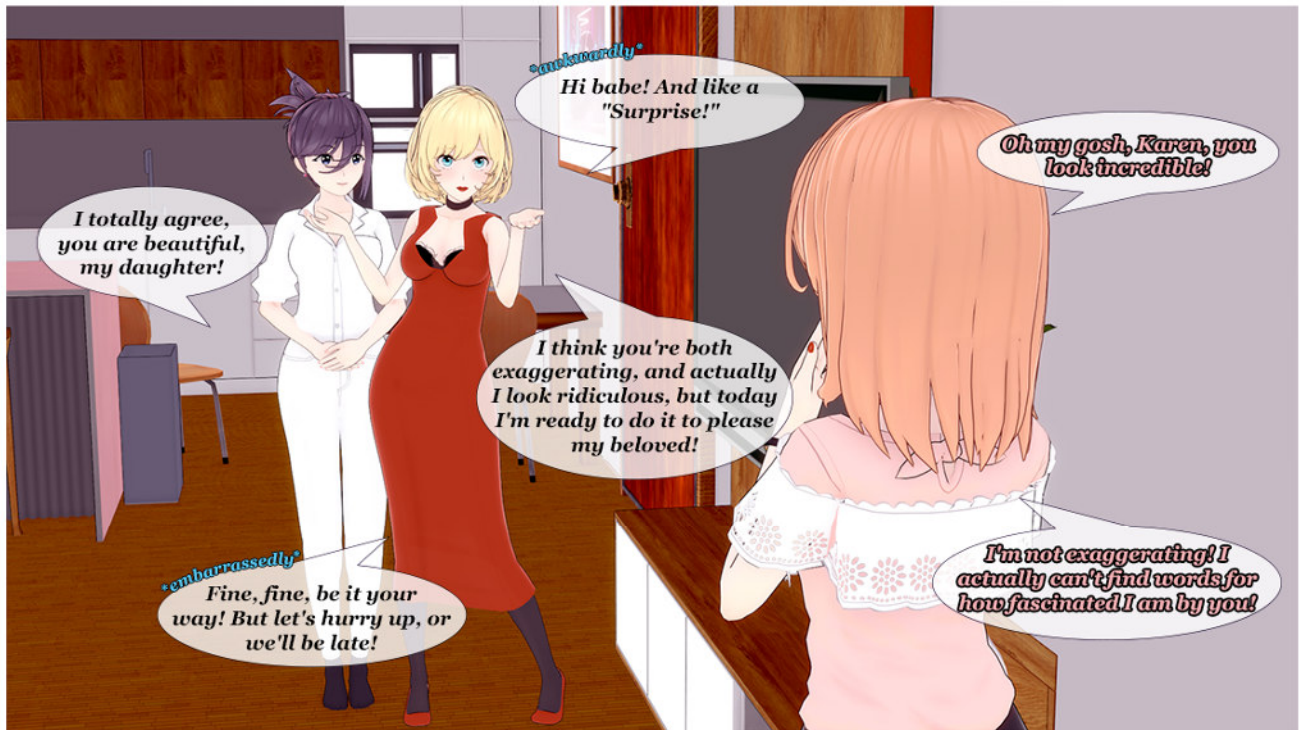

Thanks!
Without your help and advice, I would hardly be where I am now! And it was your encouragement that helped me stop being afraid of my true nature!

Yes! Especially since she said I was in for a surprise!

And you're getting more beautiful each day! So, a year has passed, which I congratulate you on!

I just guided both of you a little bit! So all the credit goes to you and Karen! Speaking of her, you're probably eager to see her?!

Great! I'll go get her, because she's probably burning with embarrassment!

awkwardly
Hi babe! And like a "Surprise!"

I totally agree, you are beautiful, my daughter!

Oh my gosh, Karen, you look incredible!

I think you're both exaggerating, and actually I look ridiculous, but today I'm ready to do it to please my beloved!

embarrassedly
Fine, fine, be it your way! But let's hurry up, or we'll be late!

I'm not exaggerating! I actually can't find words for how fascinated I am by you!

Thank you, Auntie! And I'm sorry that it's just the two of us celebrating.

Oh, girls, you look so great together! Now go and have some fun!

Don't be! I understand that this is not just the year you being a girl, but also the first anniversary of you two as a couple! Besides, we can gather as a family next weekend!

Then see you next week! Bye Auntie!

whispering
Sam, it's time to get off or she'll start talking about wishing for grandchildren!

I can't help myself, you're the most beautiful girl in this bar, and it just so happens that I'm lucky and you're my girlfriend!

Sam, have you noticed that you've been staring at me the whole evening?

You've been on hormones for a whole year, but for some reason you're acting even more as a guy!

Just because I no longer behave timidly and shyly does not mean that I behave in a manly way! I'm just a girl who's head over heels in love with the most beautiful woman in the world!

I'm sorry, I can't resist to tease you! You're so cute when you're embarrassed!

blushing
It's not fair! You know I can't stand it, especially when you talk with that expression on your face!

How did I let the roles change! Fine, you can have fun tonight, after all, it's your celebration!

Karen, it's our celebration! No matter how important it was for me to take the first step, it all pales in comparison to you accepting my confession!

Technically, we started dating a month before that, but I understand that it became true once you did it as Samantha!

I have another surprise for you! So how about we empty our glasses and go somewhere where we'll be alone?

Sounds like a plan! Besides, I've been having a hard time resisting the urge to take off that gorgeous dress of yours for quite some time now!

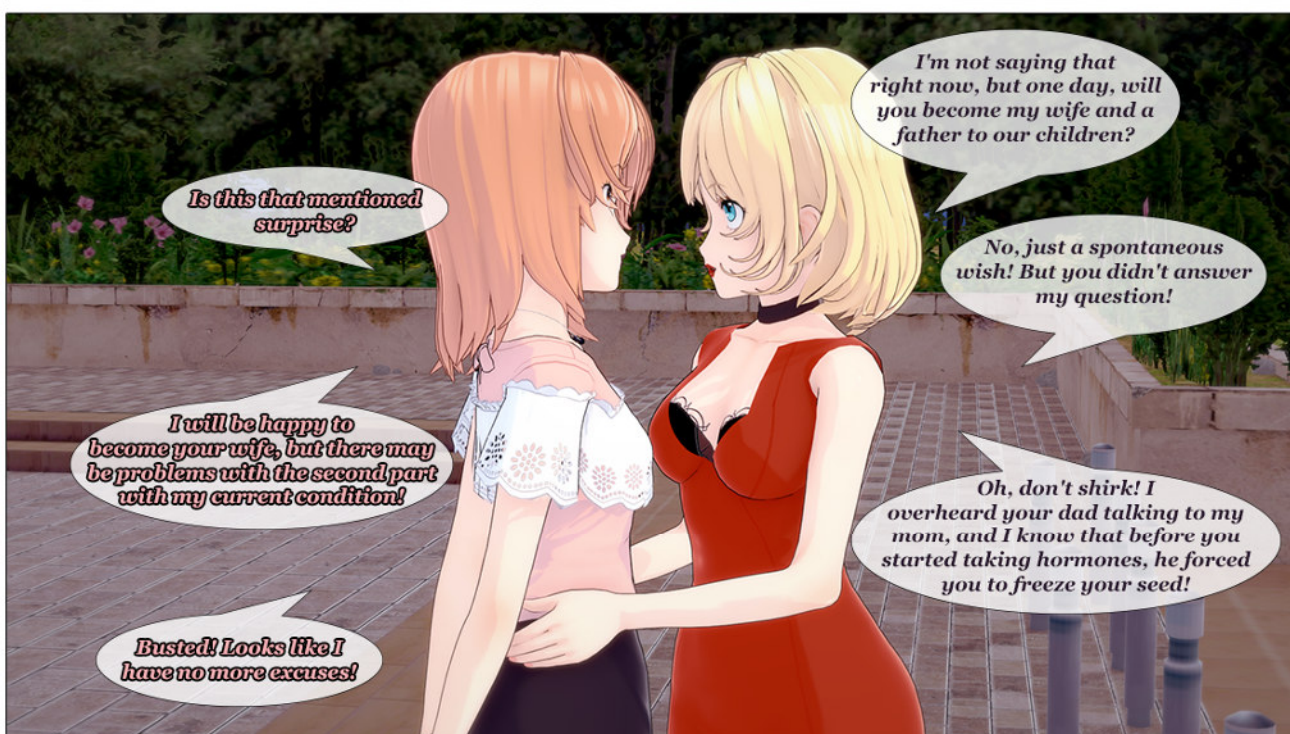

About how I'll graduate from university, start working and be able to build a cozy little nest!

Sam, have you ever thought about the future?

Is there a place for me in your cozy nest?

It won't be cozy if I don't share it with you! Just the two of us in the warmth of our house together!

Just us? So you've never thought about becoming a parent?

Is this that mentioned surprise?

I'm not saying that right now, but one day, will you become my wife and a father to our children?

No, just a spontaneous wish! But you didn't answer my question!

I will be happy to become your wife, but there may be problems with the second part with my current condition!

Oh, don't shirk! I overheard your dad talking to my mom, and I know that before you started taking hormones, he forced you to freeze your seed!

Busted! Looks like I have no more excuses!

And not that I need any! I love you, Karen, and I'll be happy to create a family with you when you're ready!

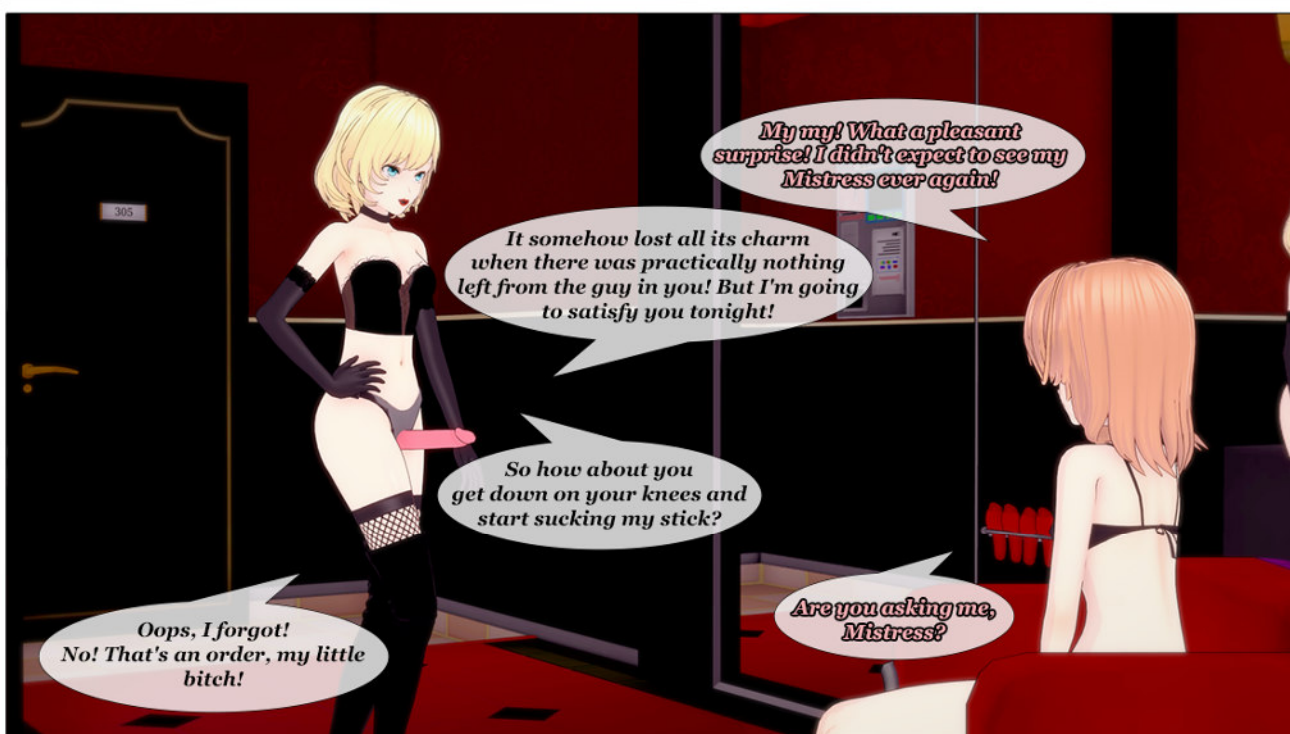

By the way, you're not going to make me wear a white dress on our wedding day!

This is just part of my surprise, and I'm sure you'll like the rest a lot more! So, you can excite your imagination while I go get changed!

So, a room in a love hotel! I won't say that I'm much surprised, but it's a nice change of scenery!

You certainly intrigued me!

My my! What a pleasant surprise! I didn't expect to see my Mistress ever again!

It somehow lost all its charm when there was practically nothing left from the guy in you! But I'm going to satisfy you tonight!

So how about you get down on your knees and start sucking my stick?

*Oops, I forgot!
No! That's an order, my little bitch!*

Are you asking me, Mistress?

Mistress, you are magnificent! To serve you is my best reward!

Are you deaf? I told you to suck! And do it thoroughly so that I can easily fuck your lecherous hole!

I'm not complaining about what our relationship has become, I like comfy nights filled with affection and love!

But I also like it when she's assertive and rough! When she dominates and forces me to obey!

Why did I stop doing this, if just the sight of her sucking a dick excites me and I'm becoming so horny!

Because I wanted to humble and disgrace the guy she once was? Because I was scared when I started seeing her only as a girl?

But apparently I was wrong, she still likes playing the role of my slave, even more than before, and I enjoy it myself!

That's enough, you lubricated my cock pretty well! Now get undressed and be ready for me to destroy your assussy!

Yes, my Mistress! It will be a great pleasure for me!

That's it, baby! Slowly slide down on my rod!

seductively
Good girl! Your assussy has fully taken my dick!

A long moan filled with pleasure!

Geez! It's so huge!

Isn't that the size you prefer?

moaning
Yes, yes! I love being fucked hard with big toys!

Your skin has become so delicate and your boobs have become very rounded! And most importantly, your nipples, they are so sensitive and lewd!

Mistress, can I start moving?

No! You can't! Did you really think that I would let you move the way you want?

But in this pose you will not be able to do it...

Who said I'd fuck you in this position? So shut up, that I can only hear the moans of pleasure while I'm having fun with your boobs!

It looks like this little thing can't harden anymore even when you're that horny! Is it still pleasant to be touched there?

illegible grunts and moans

giggle
Oh, right! I forbade you to speak! Well, answer me!

It's pleasant, too pleasant! Being impaled on a dick made my whole body so much more sensitive!

Good! Show me how badly you like it, moan and squirm!

With a gasping
Mistress, I can't! I'm going crazy! So I'm begging you, I'm begging you to start fucking me!

Harder! Fuck me more harder!

You naughty slut! You'll be punished for such behavior!

Moan

Slap

Moan

How can I not? You're hitting against all my most sensitive spots!

Don't tell me you're going to cum again!

Moan

Spanking

Moan

Squeak

I've trained your submissive hole, so I know which places you like the most!

Oh my! Third time in a row with that shrunken useless prick?!

Forgive me, mistress, for being such a lewd bad girl!

Huffing

Huffing

You haven't done anything to ask to be forgiven for! Besides, this whole performance was my gift to you!

It was the best anniversary celebration imaginable! But do you want to finish it already?

Oh! You still have the energy to be banged again?

Perhaps after a little pause, but this does not mean that we should take a break! I have an idea about something equally pleasant!

Hey!
What the hell do
you think you're
doing?

I'm still your
mistress!

Well, we've completed the
first act of our game, so I don't
have to play by your rules
anymore!

No, you not!
You are my beloved
girlfriend, who pleased me for
more than an hour! So now it's
my turn to make you feel
good!

Jeez! Don't make it
sound so dirty!

Such a wet and
naughty pussy! But it
tastes so good!

But it's true! Did you
ache with desire when you
pounded my ass with a
strap-on?!

I couldn't help but get
turned on when you were
squirming and moaning so
sweetly with a dick in your
assussy!

*sweet
moaning*

shurrp

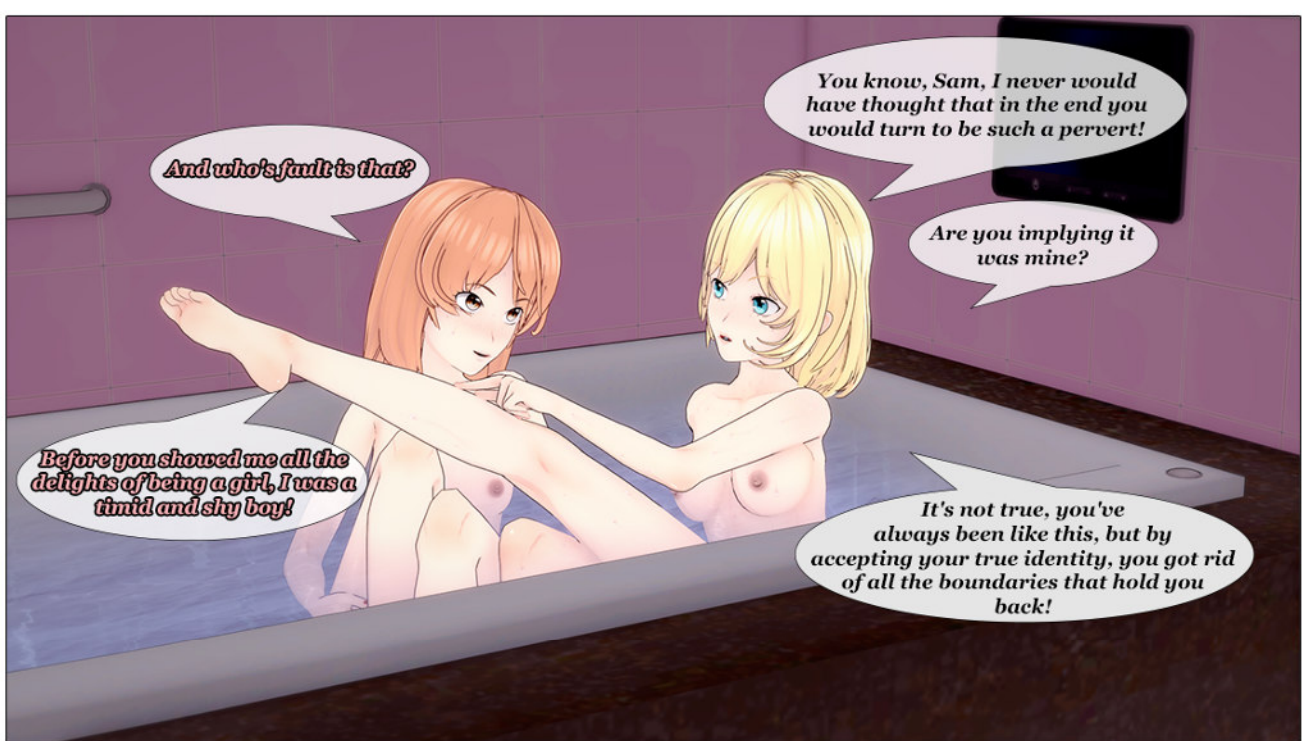

shurrp

Bloody hell! When did you
become so skilled at cunni? I can't
take it anymore, I'm coming
now!

*moans
insanely*

Yes, baby! Let me
savor your juices!

And who's fault is that?

You know, Sam, I never would have thought that in the end you would turn to be such a pervert!

Are you implying it was mine?

Before you showed me all the delights of being a girl, I was a timid and shy boy!

It's not true, you've always been like this, but by accepting your true identity, you got rid of all the boundaries that hold you back!

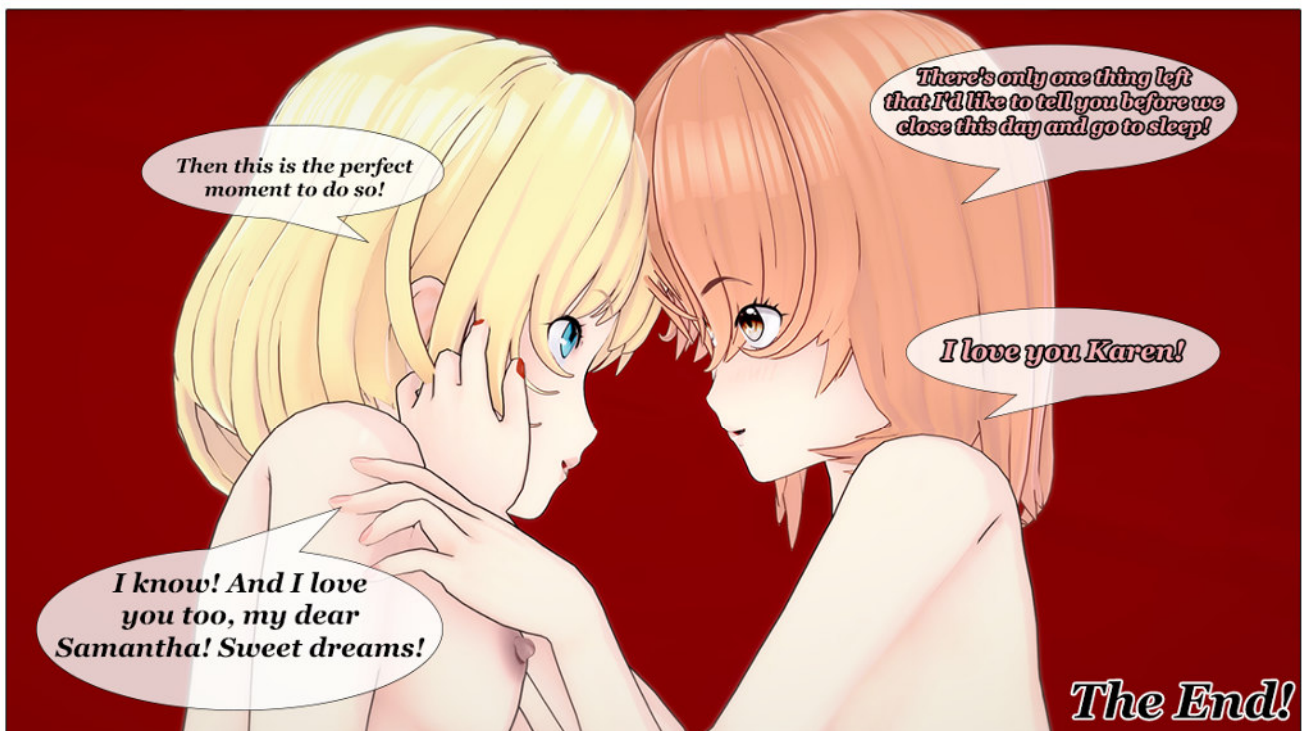

You mean with me as your mistress?

I probably would love to spend time together like this more often!

That too! But I'm about something more general!

I want some kind of craziness, to not become an ordinary lesbian couple!

You and I are definitely not going to be ordinary! But I get what you're talking about, and I'd want that too!

Then this is the perfect moment to do so!

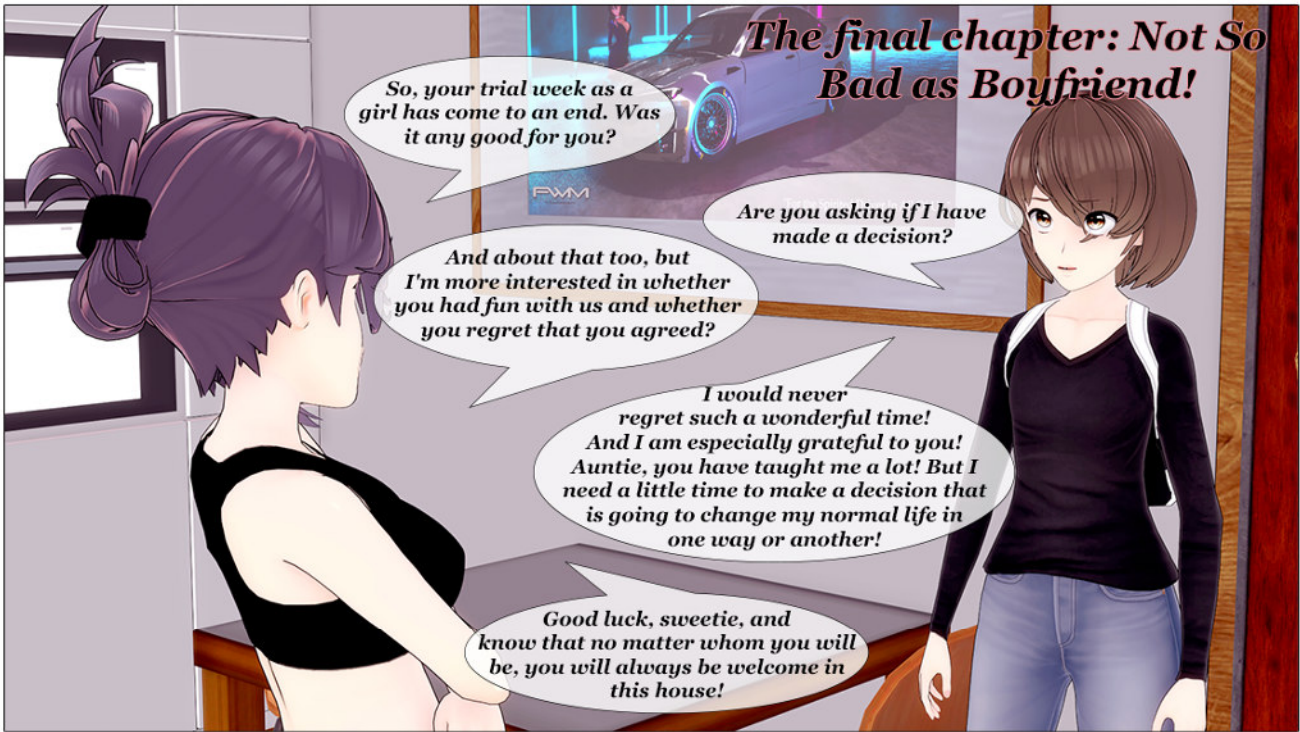

There's only one thing left that I'd like to tell you before we close this day and go to sleep!

I love you Karen!

I know! And I love you too, my dear Samantha! Sweet dreams!

The End!

The final chapter: Not So Bad as Boyfriend!

So, your trial week as a girl has come to an end. Was it any good for you?

Are you asking if I have made a decision?

And about that too, but I'm more interested in whether you had fun with us and whether you regret that you agreed?

I would never regret such a wonderful time! And I am especially grateful to you! Auntie, you have taught me a lot! But I need a little time to make a decision that is going to change my normal life in one way or another!

Good luck, sweetie, and know that no matter whom you will be, you will always be welcome in this house!

Probably because I am... you know, losing is always frustrating.

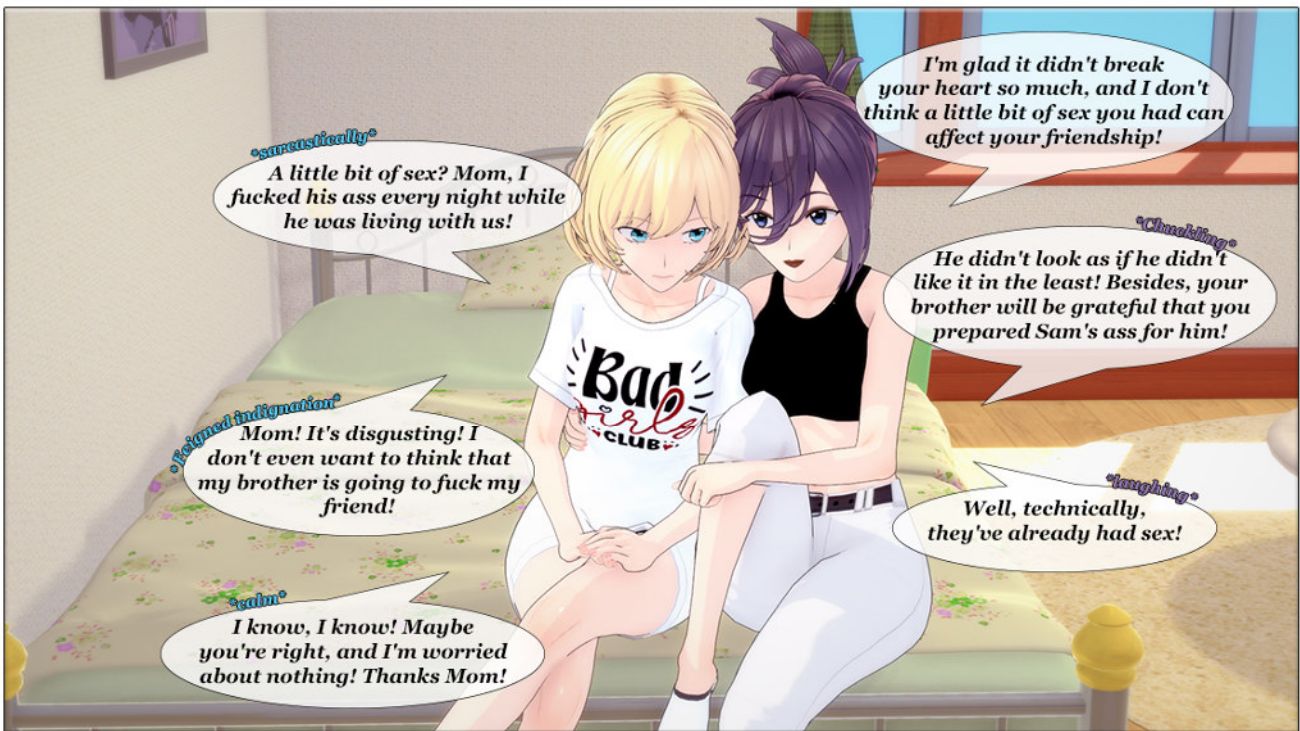

You look sad, my baby girl.

So you think that's the last time we saw Samantha?

He's not becoming a girl! And I'm also very afraid that I went too far in trying to keep him and now the path to friendship is also closed for us!

So you're more worried that he won't be your best friend anymore than that you won't date him?

As much fun as it would be to feminize Sam, but I'll get over it somehow and find myself a boyfriend!

I'm glad it didn't break your heart so much, and I don't think a little bit of sex you had can affect your friendship!

sarcastically
A little bit of sex? Mom, I fucked his ass every night while he was living with us!

Choking
He didn't look as if he didn't like it in the least! Besides, your brother will be grateful that you prepared Sam's ass for him!

Signed indignation
Mom! It's disgusting! I don't even want to think that my brother is going to fuck my friend!

laughing
Well, technically, they've already had sex!

calm
I know, I know! Maybe you're right, and I'm worried about nothing! Thanks Mom!

Two weeks later

Sis... It's quite surprising to see you visiting!

Am I really such a bad sibling that my visit causes so much surprise?

Well, usually it's me who comes to see Mom and you along with it! Anyway, come on in and make yourself at home!

Do you want something to drink?

A bottle of cold beer would have been nice!

So we're going to have a serious talk, alright...

I think you might guess what I want to talk about.

I hope it won't be bragging about you win a Sam...

So I assumed correctly and Sam didn't contact you after the date.

No, she hadn't. I presumed that was because she decided to become a girl!

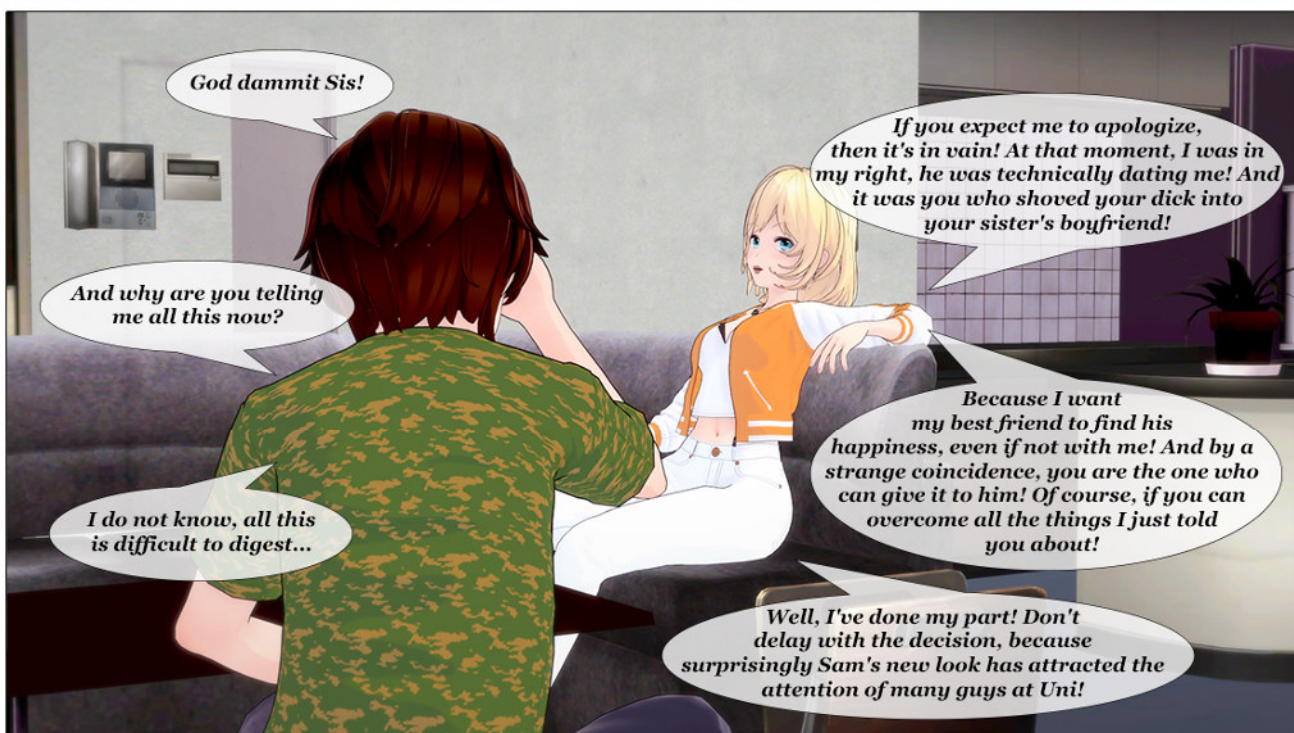

But then why did he decide to hide it from me?

What have you done, Karen?

Well, you presumed totally wrong! Sam won't be a girl!

I have a hunch that this is partly my fault.

Nothing much... I suppose he thinks he's not worthy of you, after I've been fucking his ass with various toys all week...

God dammit Sis!

And why are you telling me all this now?

I do not know, all this is difficult to digest...

If you expect me to apologize, then it's in vain! At that moment, I was in my right, he was technically dating me! And it was you who shoved your dick into your sister's boyfriend!

Because I want my best friend to find his happiness, even if not with me! And by a strange coincidence, you are the one who can give it to him! Of course, if you can overcome all the things I just told you about!

Well, I've done my part! Don't delay with the decision, because surprisingly Sam's new look has attracted the attention of many guys at Uni!

Two more days later

Hi bestie, what are you doing?

Do you want me to help you?

Trying to study! Chemistry has always been the hardest for me!

I'm sure! Besides, it seems to me that they are mistaken when they think that I am a girl!

Are you sure? With the amount of guys hanging around you now, you probably have more fun things to do on the weekend!

Now that you dress like that, it's no wonder!

I can even understand those guys who study in other groups, but our classmates have seen me before!

Maybe, but it would be rather funny!

Maybe they always thought you were a girl? You have a unisex name and you used to look like a tomboy!

Tell me, Sam, are you still firmly convinced that you don't want to become a girl? I mean, you're now behaving and looking like one!

Indignantly
I decided to dress like a girl because I prefer it that way! And I'm not trying to act like a girl, it's just the way I am!

chuckling
Don't worry so much, I'm just teasing you! And I don't care how you look, the important thing is that you are my friend, and I will support you no matter what!

After classes

And hypothetically speaking, would you date any of those guys?

laughing
So you wouldn't mind if the relationship was purely about sex?

Most likely, but it won't happen in the foreseeable future! I don't need a romantic relationship right now...

offended
Karen! Do you think I'm a slut?

giggling
Just a pervert! I'm glad they're not lying around, but still, a real dick will be more pleasant!

shyly
Besides, I'm quite satisfied with the toys you gave me...

Still can't forget about my brother's dick?

giggling
You're saying it like I don't know what it feels like to actually have real thing inside!

Speak of the devil!
Hello brother!

It's not that I can't forget,
it's just funny to imagine it in
the place of a toy!

Surprised
Dan?! What are you
doing here?

seriously
Isn't it obvious? I'm
waiting for someone who was
ghosting me for a while!

Yikes, it looks like you
two need some privacy! See
you later, Sam!

doomed
Karen!!!
You can't just leave me
like that!

I don't think I have any
excuses. I'm sorry, Dan, but I
just couldn't find the words, and
I'm kind of ashamed to look
you in the eye...

Seriously
So, what excuse did you
come up to yourself to break
your promise?

Let me guess, the reason
is that you cheated on me
with my sister?

Indignantly
It wasn't cheating! The
fact that we had sex didn't
automatically make me your
boyfriend!

And here you are
saying that you don't have
excuses! So, if you don't see this as
cheating, then why didn't you call me
after having made your
decision?

Apologetically
Because it's wrong to have
feelings for you after everything I've
done! It's not that I'm ashamed of what
Karen and I did, but she's still your
sister...

You want me to repeat? Fine! The
truth is that I lied to you! I've fallen in love with
you ever since our first date! But I did everything I
could to quell this feeling! I was afraid that we were
both guys, that you were Karen's brother! Are
you happy?

playfully
Did I hear you say
something about feelings?

Not yet!
Sam, will you agree to
date me?

Letting out a chuckle
You're kidding,
aren't you? After all I've
done, you still want me to
become your boyfriend?

Or a girlfriend!
Because judging by your
appearance, it's far more
likely!

Even as a girlfriend? It makes me happy, even though there's no need for you to do that! I'm 100% a guy and I plan to stay that way!

Then what about the way you look right now?

I've been effeminate from the very beginning and that's why I decided to convert it into femininity! I realized that I feel more comfortable in women's clothes and besides, it makes me damn cute, don't you think?

Clinging
Someone has suddenly gained self-confidence?! But you're right, you look very cute and these clothes really suit you!

Seductively
I am really glad to hear that! And now that we're done talking, don't you want to do something else?

Teasingly
Nothing comes to mind, can you give me a hint?

I'm talking about a kiss, dummy! But you know that perfectly well, but for some reason you're trying to tease me!

You said you chose to stay a guy, so why don't you take matters into your own hands?!

So that's how you want to play it! Well, I don't mind it at all!
Passionately kisses

I love your persistence, my boy!

Then how about we head to my house right now?! No one will disturb us until the evening!

Joyful
Ta-dah! Here is my room, my humble corner of comfort! What do you think, is it nice here?

It is! Have you changed the decor in the room to make it fit your new style more?

What do you mean? It has always been like this for as long as I can remember!

I'm sorry, it's just that when I came in here, I just felt like I was in a girl's room...

I've never thought about it, but maybe you're right! Anyway, is it exciting for you to be alone with your girlfriend in her room?!

My girlfriend? Didn't you told that you going to be a guy?

Playfully
That's right, but it doesn't prevent me from being both your boyfriend and girlfriend, depending on the situation!

Playfully
Hey Dan, are you for real staring at my breasts?

Breasts? I'm just surprised that you're wearing a bra, what's the point?

Giggling!
The point is that this is the important piece of a woman's wardrobe! Besides, wearing cute underwear helps me to feel more confident in myself!

Seductively
I had a wonderful idea! Perhaps if I start playing with your chest all the time from now on, it will really grow into breasts!

Laughs
It doesn't work that way!

I'm going to try anyway!

For someone who not supposed to have breasts, your nipples are extremely sensitive and erotic!

Moaning
Mm..hmm..mm!

What enticing moans! You're not even going to deny you like it?

Moaning
Should I? Yes, I have sensitive nipples, and I enjoy when they are caressed!

Ah! Dan, what is it you're doing?

I'm checking if the other part of your boy body is reacting as it should!

It is as hard as your nipples, I can assume that you are very pleased with all this!

I want to touch your body too!

You'll have to wait, my dear! I've waited too long to fully enjoy you!

Your cock is throbbing so much! Don't tell me you're about to cum!

It's simply that the way you squeeze him is way too pleasant! Besides, you've overstimulated me with your caresses!

I may be teasing you, but that doesn't mean you have to hold back! We will never limit ourselves to how many times we cum!

Partially! Although in reality I just want to prolong the pleasure!

Did you decide to take revenge and tease me by using only your tongue?

Laughing
Busted!

Or do you just want to make me cum without really getting down to business?

gittered
Do you like it?

Whoa! This is quite unexpected!

Did you expect me to freak out? I like it when my ass is stimulated while I'm having a blowjob!

And I would like it even more if you inserted your beautiful penis instead of a fingers!

Are you not kidding? You'd like me to fuck you even though I have a tiny dick?

I don't even know what to say...

It may not big as mine, but it's not tiny! You can quite please your beloved!

I won't insist and I won't mind if you decide that this is not for you!

I don't feel disgusted by this idea, but maybe someday later, right now I'd rather ride a dick myself!

Dan, what is it you're doing?

But to do it in this position...

You just said yourself that you want to ride my dick!

If you want to ride on someone, then you have to be on top!

Besides, don't you want to completely control the process of your first time?

I can hardly be called a virgin after all that had happened! Besides, even your dick once was inside of me!

Sobbing
I can't believe this is really happening!

Dummy, I'm crying because I'm happy! Your penis doesn't hurt me at all, on the contrary, every cell of my body is tingling!

Just feeling your dick inside is already amazing! But that's not enough! I want to move, I want you to fill me with your hot thick seed!

Cursing
And now it's inside again!

Sam, you crying, are you in pain?

Then start moving, my love!

Moaning
Geez, a real dick is so much more pleasant!

Mmm! Hmm! It goes so deep!

sweet moans

You're so gorgeous babe!

Squeezing

slap

confusedly
It looks like I'm cumming... and we came at the same time...

It's quite pleasant to feel your seed filling my butt inside...

Just a little bit... I'm sad this wonderful sex didn't last that long.

For some reason you sound disappointed even though you were able to cum from anal sex even without touching your penis!

It's so embarrassing!
My dick can't even harden
anymore and I'm still not
satisfied!

I don't see a problem with
that as long as you're able to
enjoy my rock-hard dick!

slowly moaning

It's hard to imagine that
a couple of months ago I was a
virgin who only needed to jerk off
once a week...

Perhaps it's
because you didn't realize
what exactly brings you this
satisfaction!

And with that, I'm
probably exhausted for today
too...

It's okay! You've already
cum six times today!

I didn't even expect to be
able to do it so many times at my
age!

You sound like an old
man, and you're only in the
mid-twenties!

With your 19 years, I
most likely look like an old
man for you!

Dummy!

giggles
It's so silly, but I just realized
that I didn't tell you the most
important thing!

And what is this
important thing?

Dan, I Love You! Will you
become my boyfriend?

Laughs
So we weren't
boyfriends even though we
had all that sex?

Don't laugh! I
just really wanted to say
those words!

It will be my greatest
pleasure to be and have you as
my boyfriend!

*The remote sound of keys in
the lock of the front door*

Sam, I hope I didn't awaken you... What the hell?!

Surprised! Dad?! *Indignant!* This... Didn't I tell you to knock before coming to my room!!!

Laughing awkwardly! Good evening, Mr. Miles!

Dan?! And what do you think you two are doing?..

Forget I asked... It's pretty damn obvious what exactly you've been doing here... get dressed... I'll be waiting in the living room!

I'm no better myself! At least your dad didn't come in while we were fucking...

I'm sorry, Dan, I got too involved and completely forgot about the time...

I don't think there's any difference... Anyway, do you think Dad was angry?

Maybe, but it was hard to tell from his shocked face...

Not surprising, I didn't tell him that I prefer guys...

It would have come up anyway, it's just really awkward that he found out about us in this way... Let's hope you don't lose a boyfriend right away!

Yeah, let's hope he doesn't kill us both!

Embarrassedly! Dad, I'm sorry. And you know... I'm kind of gay...

It wasn't that hard to guess when you said you were going to dress like a girl! So, how long have you two together?

Awkwardly! Officially, from today, although we had two dates before that.

I hope you at least used contraceptions?

I don't think we did... But Dad, I love him!

How is that related? Well, at least you can't get pregnant...

What do you say, Dan?

That I will love and cherish your son!

Sorry and thanks, Dad!

Well, then... You're both not kids, and I can't stop you from dating, but try not to let me see you both fucking anymore.

The End!

So Sam's story has come to an end, and I hope you enjoyed it at least a little! Also, which ending did you like the most?
